976 The responsibility I want is to get married (2)

Wanwan, I have to go over tonight, but Wanwan, you're coming with me.

You want to go to Yingying with me?

These few simple words had a shocking effect. She had never thought that PEI Munian would be willing to bring her along. Did this mean that he no longer planned to hide it from her and wanted her to face it together?

"Niannian Yingluo."

Su Wanwan couldn't help but call out to him. Her voice carried an irrepressible excitement. The despair and dead silence just now disappeared without a trace in an instant.

but Wanwan, you have to promise me that no matter what you see, you won't say a word and just quietly follow behind me, understand? "

No matter what he saw?

Su Wanwan could hear the heaviness in PEI Munian's words. Countless thoughts quickly flashed in her mind, but they were all unable to take shape. She quickly nodded. I know, I won't add to your trouble.

PEI Munian sighed softly and rubbed su Wanwan's hair with her big palm. "Quickly change your clothes."

There were some things that he didn't want her to know and didn't want her to participate in. He wanted to repay the debt he owed himself and not let su Wanwan get involved and carry his debt, his woman. He only wanted to pamper her in his hands.

However, Yingluo's method was a little lacking. He couldn't give her a sense of security and even hurt her.

Everything he did was to prevent her from getting hurt. Since that was the case, there was no need for him to do that.

"Alright, I'll change immediately."

Su Wanwan didn't notice the complicated look in PEI Munian's eyes. She turned around and walked to the closet, took out her clothes from inside, and put them on nimbly.

She didn't have time to comb her hair, so she simply combed it with her fingers a few times, then grabbed it all and tied it into a ponytail.

After rushing into the bathroom and washing her face, she carried her small bag and walked out of the bedroom with PEI Munian.

The car sped all the way. Su Wanwan glanced sideways at PEI Munian. The neon lights outside the car window shone in and illuminated his face. She could see his face getting more and more serious.

Before he left, he received another phone call. He didn't know what happened on the other side, but his face quickly sank and became dark.

Su Wanwan opened her mouth. She really wanted to ask what had happened, but she was afraid that it would affect PEI Munian's driving, so she held back. Anyway, she would know what had happened when they got there.

However, when she thought about the text that Xi Zhiwei had sent, she still felt that Wanwan might have deliberately caused some trouble for PEI Munian to go over.

Since PEI Munian was bringing her along, should she give up?

When they arrived at the apartment building, the car came to a sudden stop. The tires screeched as they slid on the ground. PEI Munian quickly unbuckled her seat belt, pushed the door open, and ran into the apartment.

Su Wanwan also quickly got out of the car and followed him.

After entering the elevator, PEI Munian didn't press the fifth floor but the top floor. Su Wanwan was a little surprised and lifted her eyes. What was PEI Munian doing on the top floor?

Don't tell me he ran

PEI Munian's sudden voice interrupted her thoughts and she repeated what he had said earlier. Wanwan, remember, no matter what happens, don't say anything. Just watch quietly, understand? "

Su Wanwan also vaguely realized the seriousness of the matter. She clenched her hands slightly and replied, "I know."
