980 My responsibility is to get married (6)

Xi Zhiwei's overbearing attitude made PEI Munian frown. A trace of impatience appeared in her eyes and her voice became deeper. I've told you more than once that I won't marry you. Even before, it was just an agreement. The only person I love is su Wan. I won't marry another woman. It's unfair to you. You won't be happy if you marry someone who doesn't love you. Wei Wei, you'll eventually find someone who truly loves you, and that person will be the best person for you."

A promise?

What promise?

Su Wanwan was confused when she heard this, but her heart was already shocked. No matter what the agreement was, the marriage news between PEI Munian and Xi Zhiwei was fake, right?

Even if she had not come back to cause trouble, PEI Munian would not have married Xi Zhiwei. That was why he had kept the divorce agreement and had not gone to register it.

This man seemed to have many things that touched and shocked her. She used to think that she loved him more, but his love was unknown and silent. She also used to think that she was more persistent, but his determination was much more than she imagined.

"I don't care If you love me or not, I love you. Brother mu Nian, I don't believe that you don't know that I've liked you since I was young. I've always looked at you, missed you, and protected you by your side. I only hope that you can turn back and look at me. Not only did she cause brother's death, but she also always hurt you. Why are you all so blind? you only see her and can't see the person who's just right for you. Su Wan has already caused brother's death. If you're with him, you'll also be killed by her! Only I, only I truly love you and treat you well. Why don't you understand?"

"Enough!"

PEI Munian seemed to have lost her patience and retracted her hand. I understand that you're making a fuss every two or three days. I can give you whatever you want. If you want to be famous, I can let you be famous in the entertainment industry. If you want money, I can give you money so that you don't have to worry about food and clothing for the rest of your life. However, my marriage and love already belong to someone else, so I can't tolerate you. I can be responsible for your life, but I can't be responsible for your feelings. The one who doesn't understand is you!

During this period of time, no matter how much of a fuss she made, PEI Munian was always gentle and patient with her. Even if she made a fuss in the middle of the night and the Doctor called him, he would immediately pick up and comfort her. She didn't expect him to say such harsh words to her again today.

In a trance, Xi Zhiwei's Black eyes inadvertently looked behind PEI Munian. Not far away, there seemed to be a figure standing there. She narrowed her eyes and carefully identified it. That figure seemed to be su Wanwan?

It was as if a heavy hammer fiercely hit her heart. She widened her eyes in disbelief. PEI Munian actually brought su Wan over? He promised her that he would never tell anyone about her illness. That was why

she was willing to accept treatment. She deliberately used this to make someone call PEI Munian in the middle of the night. This would cause su Wan to misunderstand and be suspicious. This way, they would fall out and push PEI Munian to her side.

She thought that when PEI Munian and su Wanwan returned home tonight, they would definitely have a big fight. Maybe PEI Munian would be tired of it and she could take advantage of it.

Why wasn't Yingluo like this?

"You actually brought su Wanwan here? Brother mu Nian, you promised me that you wouldn't let her know about me. How can you be so cowardly?"
