Su Wanwan raised her eyes and looked at Xi Zhiwei.

It had been more than half a month since she wanted to commit suicide. She looked much better than before. Although she was still very thin, she did not collapse like a paper person.

After listening to PEI Munian's story about Xi Zhiwei, her feelings towards her became complicated. She still hated her, but she had once suffered because of PEI Munian. Although she was not very grateful, it was a fact that she had saved PEI Munian's life. However, she had once caused the death of her and PEI Munian's child. It was impossible for her to sympathize with her or to be kind to her.

"I'm fine." Su Wanwan coldly replied and continued to start the car. This time, the car started.

Xi Zhiwei could not help but take a step forward and said, "Sister Wanwan, can we have a talk?"

Talk?

Su Wanwan tugged at the corner of her lips. there shouldn't be anything to talk about between you and me, right? "

I know that I've done a lot of wrong things in the past. I thought that I could interfere in your relationship with brother mu Nian, but I've completely woken up from that night. I know that you're the only one in brother mu Nian's heart. No matter what I do, she will never love me. So, there's no need for me to continue being stubborn, right? "

Su Wanwan quietly listened to her speak, the expression on her face didn't change at all. what exactly do you want to say? "

How she decided was her own business. Why did she have to come and express her feelings in front of her?

sister Wanwan, I just want to apologize to you. I've done so many things to hurt you and put brother mu Nian in a difficult position. I won't do it again. I know you're a good woman and you really love brother mu Nian. I'll make it up to you for the mistakes I've made. I'll persuade Auntie so that she can accept you. Of course, Yingluo, if possible, even if we can't be friends, we can't be like before, okay?"

Su Wanwan didn't expect that Xi Zhiwei actually wanted to shake hands and make peace with her? From the moment they knew each other, they had been at odds with each other until now. Or rather, she was the one who had been finding trouble and picking on them, and now she wanted to express her goodwill with a few words?

She could have ignored her past provocations. Even if she had deliberately misled her a year ago into thinking that she had an ambiguous relationship with PEI Munian, causing her to leave in sadness, she could have also ignored her telling her about the relationship between PEI Munian and senior Xi in University, making her think that PEI Munian did not love her and even hated her.

However, Yingluo's child issue had been stuck in her heart. It was a barrier that could never be removed in this lifetime.

Su Wanwan sneered and was about to speak when a familiar voice suddenly came from the side. if you really think so, that's for the best.

The two of them looked over at the same time and saw that father PEI and PEI Munian had returned and were walking towards them.

Su Wanwan couldn't help but swallow the words that were on the tip of her tongue. She looked at PEI Munian, then turned her gaze to father PEI and respectfully called out, " dad.

Xi Zhiwei also looked over and said softly,"Uncle, brother mu Nian, you're back."

Su Wanwan's eyebrows slightly furrowed. Xi Zhiwei's careless posture always presented the attitude of the female owner, which was annoying.

Father PEI's expression was as indifferent and distant as ever. He responded slightly and walked past them to return to the house. PEI Munian walked to su Wanwan's car.
