994 You want to fight a bloody battle?(2)

Su Wanwan's Black eyes looked at PEI Munian. The corners of her lips rose slightly and a smile appeared in her eyes. when did you come back? "

I came a little later than you. I dropped dad off and dropped by to see mom.

PEI Munian turned to look at Xi Zhiwei. Although her eyes were calm, she still asked, " are you feeling better? "

After that night, she did stop making a fuss and received proper treatment from the doctor. She took her medicine on time, ate her meals, and rested.

If she could really get over it now, that would be the best thing.

yes, I'm much better now. Brother mu Nian, you don't have to worry. I was too insensible in the past and caused you trouble. I don't know how I was during that time, but I was like a crazy demon. Now, I'm receiving psychological treatment from Dr. Chen every day, and she has really opened up the knot in my heart. I'm much more relaxed now.

"This is good." PEI Munian nodded. After thinking for a while, she said, " elder Lin will be here soon. He will help you recuperate. He has created many miracles, so he will definitely be able to cure you.

"Sure, I'll be waiting for him."

PEI Munian did not say anything more. She opened the car door and said, " Wanwan, come down first. Come in with me to see mom, then we'll leave together.

"Yes."

Su Wanwan turned off the car engine, pulled out the key, unfastened the seat belt, picked up her bag and got out of the car. PEI Munian's hand was placed on top of her head to prevent her from hitting the car. She protected her and got out of the car. After closing the door, she held her slender waist and took her to the main house.

Xi Zhiwei stood there and watched PEI Munian's every move. Her lips curved into a faint smile and her eyes were dark and gloomy. She watched as their figures gradually disappeared into the distance and her hands that hung by her sides slowly clenched into fists.

It was not until they had disappeared through the door that Xi Zhiwei retracted her gaze. She inadvertently saw the car in front of her and her eyes flashed.

—

When PEI Munian and su Wanwan entered, Mrs. PEI was brewing tea in the living room. As expected, the rest she said earlier was just an excuse.

Su Wanwan lowered her eyes.

Although she knew that it was understandable that Mrs. PEI hated her, she was not giving her a chance now. She was more or less depressed. After all, as long as she could not accept her again, PEI Munian's relationship with her parents would be strained because of her. Moreover, his inheritance rights were still not in his hands. He was busy with the PEI family's enterprise now only to share the burden with his parents. All the power was still in his father's hands.

"Mom," she said.

PEI Munian called out softly. Mrs. PEI looked up and her lips curled up. "you're back? " Come over and sit."

But just as her words fell, she saw su Wan beside PEI Munian and the curve of her lips fell again. Why is this woman like a ghost that can't leave? He had already asked her to leave, but she was still staying here.

PEI Munian held su Wanwan's hand and was about to walk over to the sofa when Mrs. PEI said coldly, "Mu Nian, I asked you to come here alone. I didn't ask you to bring outsiders."

During this time, even if he was afraid that su Wanwan would be wronged and didn't let her go to the hospital alone to visit Mrs. PEI, she still took time to go over regularly. Even when faced with her cold face, she never complained.

It was fine if she did not appreciate it, but she kept calling her an outsider. PEI Munian's eyes darkened slightly as she pursed her thin lips and spoke in a deep voice.
