It's fine if she doesn't appreciate it, but she keeps calling me an outsider. PEI Munian's eyes darkened and she pursed her thin lips. She said in a deep voice, "mom, Wanwan is my wife. We are one. If you think Wanwan is an outsider, then I'm an outsider too!

"You,"

Mrs. PEI's face quickly darkened as anger welled up in her. Her heart seemed to hurt again, and her hand subconsciously covered it. I've just been discharged from the hospital. Are you trying to make me go back to the hospital again? You'd better anger me to death so you can do whatever you want, right?"

Seeing this, Mr. PEI quickly reached out to support Mrs. PEI and comforted her. don't be agitated. The doctor said that you can't be agitated anymore. Then, he looked at su Wanwan with a sharp gaze. go away. Don't come here again in the future.

Every time, it was because of her that the atmosphere was stiff and the smell of gunpowder was so strong. Who would like such a daughter-in-law? even if he was not picky about his daughter-in-law, he could not like her anymore.

PEI Munian's Black eyes sank deeper and deeper. Her thin lips moved and she opened her mouth to say something, but su Wanwan pulled the corner of her clothes hard. He looked at her sideways and su Wanwan shook her head lightly.

PEI Munian took a light breath and clenched her fists. dad, mom, have a good rest. I'll come and visit you again next time.

As soon as he finished speaking, he took su Wanwan's hand and turned to leave.

Seeing PEI Munian's attitude, Mrs. PEI was even angrier. She pointed at PEI Munian's back and said to father PEI, "You see, you see, what's the use of raising a son? I've doted on him so much since I was young and loved him so much. Now, he simply treats me as if I don't exist and only cares about that woman, su Wanwan, for fear that she's wronged in the slightest. But now, I'm the one who's wronged and he doesn't seem to see it!"

Okay, okay, don't be angry. You know mu Nian's personality. He won't let go of something he's set his mind on easily. If you go against him like this, you'll only anger yourself and make him protect su Wanwan.

"Do you want me to do nothing and just watch su Wanwan rely on mu Nian to hang around in front of me? I can't take this lying down!"

The more PEI Munian protected su Wanwan, the more she disliked her. PEI Munian was so infatuated with her that she had lost her mind. Who knew what mu Nian would do because of her in the future? She felt uneasy and nervous.

but now that they're like this, it's useless for you to do anything. You'll only make yourself angry and uncomfortable. Don't think about it. Let him be for the time being. When he suffers from su Wanwan, he'll naturally understand that we, as parents, are truly doing this for his own good.

She just couldn't stand her son being hurt by su Wan again and again. A year ago, she ran away from the marriage and left PEI Munian alone in the church. His appearance at that time, his expression at that time, she would remember it for the rest of her life.

No matter what, she would never accept her again!

After PEI Munian and su Wanwan walked out of the main house, PEI Munian immediately let go of her hand and strode forward.

Su Wanwan looked at her hand, then looked up at PEI Munian's back, which was obviously angry, and smiled helplessly.

She raised her feet and hurriedly chased after him. She grabbed his hand and said gently, "Are you angry?"

PEI Munian wanted to shake off her hand, but she clenched it tightly.
