

Ditsy Wife 1181

Chapter 1181 Why are you such a coward?

"I know that money means nothing to you, but I can't take advantage of you just because of that," Tong Siyao said. No matter how much money you have, it doesn't come from the wind."

...

"Then where did you get the money?"

"I won't starve to death," Tong Siyao smiled.

Her mother would send her school fees and living expenses in one go every year. She knew that she had a big idea and that it would be easier to make arrangements with more money. Anyway, she would not spend it all at once and must have a plan.

This year, because of her Internship Salary, she had asked her mother to send less money. Her mother said that she needed to find a job and needed more money. She had sent 2000 more than before, so she had more than 10000 Yuan with her.

She had returned ten thousand to Sheng Yiting, and the rest was just enough to pay her tuition fees. As for his living expenses, he could still maintain it for a week at the moment. He had to rely on his part-time job for the rest. He would have to work part-time to support himself for the next year. If he had known earlier, he wouldn't have rejected Aimo's internship offer.

"I'll send it back to you," Sheng Yiting said. you're also bound to my phone number, right? "

"No!" She blurted out.

Sheng Yiting was sure that she was lying. Which college student didn't go shopping?

He did not argue and said indifferently, " "It doesn't matter. Who am I? I can even find out your ancestors 'names. At most, I can transfer the money to your bank card."

“You ...”

“In any case, I was the one who hit you. I should be responsible.”

“The perpetrator has to compensate me!” Tong Siyao said, “ the insurance company will pay for it too. You don’t have to pay for everything. I have to pay you back a part of it, right? ”

“Then this ten thousand is enough.” Sheng Yiting couldn’t win against her, so he had to give in.

“No, I have to pay another 20000.”

“Why are you such a coward?” He could not help but ask.

“How am I a coward? Isn’t this the natural thing to do?” Tong Siyao felt that her arrangement was very reasonable. He was obviously the one who was scared.

“You think you owe me, don’t you?” Sheng Yiting sighed.

“Yes.” She replied in a muffled voice.

“Then why don’t you give yourself to me?”

you ... Tong Siyao was stunned and then said angrily, “ please show some respect! He hung up the phone after saying that.

Hearing the beeping sound, Sheng Yiting thought about it and called back.

Tong Siyao hung up on the first call. After two more calls, she finally picked up and said seriously, "Please don't make such a joke! If you're like this, I'll find a lawyer to solve this dispute, and let the professionals make the judgment!"

"What if I'm not joking?" Sheng Yiting asked.

Tong Siyao was speechless.

After a moment, she said angrily, "You ..."

"I'm sorry," Sheng Yiting sighed.

Tong Siyao was stunned. She felt that something was wrong with him and didn't say anything. She didn't hang up the phone. There must be a reason for his sudden madness, so she waited for his explanation.

"My great-grandfather and great-grandmother have passed away," he said.

"What?" Tong Siyao was shocked. Mr. And Mrs. Yu? "

"Yes."

Tong Siyao was sitting in front of her computer, searching for news on it. "What time?"

"Last night. Great-grandfather was already on his last breath. She thought that he would leave first, but great-grandmother was the one who walked in front. A few minutes later, he also left."

Tong Siyao saw that there was no related news on the internet and guessed that he wouldn't lie to her about his family's death. So, he hadn't announced it to the public yet?

"I'm sorry for your loss." She said.

Sheng Yiting lay on the bed with his eyes closed. they left with no regrets. I'm not sad. I'm just a little sad and can't bear to leave.

Chapter 1182 It's good enough that you are strong

Tong Siyao was silent for a few seconds. I'm sorry. I don't know how to comfort you. she said. To me, it's something to be happy about. Old Mr. Yu and old Madam Yu passed away in their 90s. Longevity is also a kind of gene. His descendants will live a long life if nothing unexpected happens. Isn't this a happy thing?"

...

Sheng Yiting thought helplessly, 'you really don't know how to comfort people.'

Tong Siyao said in a low voice, " my father passed away when I was ten. There were still many things I didn't understand at that time. He said he would come back to celebrate my birthday, but he didn't. My mother was pregnant with my sister. He said that he would definitely come back before my sister was born, but he never came back. I didn't even know how I passed that period of time, Yingluo. He was still so young. Other than feeling reluctant, he also felt that it was not worth it. However, your great-grandfather and the others are different. I know that you can't bear to part with them emotionally. After all, they are your closest family. No one can live forever to the age of old Mr. Yu and old Madam Yu. It's a happy funeral when they die, but who would want to see people they've been with all day leave?"

Sheng Yiting felt that he was comforted this time. She was actually quite good at comforting people.

He was slightly relieved. Yingluo, I'm sorry. Actually, I'm fine. I just can't bear to let you go. I brought up your sad story.

"It's fine." Tong Siyao didn't take it seriously. my dad was a soldier. When I was young, he took me to his comrades and colleagues 'houses to attend memorial service. Three times! They were all very young lives. Some of them were even younger than you when Yingluo passed away. At that time, I was less than ten years old, and I had already attended three such funerals. After that, it was my father's turn. That's why I've been indifferent to life, old age, sickness, and death since a long time ago. It's not that

I'm unmoved, but I don't know what a girl who has never seen death with her own eyes looks like. Please forgive me for not being gentle."

Her voice seemed to come from the wind in the distance. It was the wind of Xiyuan province that brought grass and sand. It was strong, simple and a little rough.

Although it wasn't gentle, it was the most real wind, and wind should be like that.

"It's okay, just be strong," he said.

You may not be gentle, but you are strong enough.

All the girls in the world were gentle, but how many of them were truly strong? That was why she was very special.

Tong Siyao was stunned and hummed in agreement.

Sheng Yiting wanted to comfort her, but he realized that he did not know how to.

He said, "your father and the others ran ran ran, and he, along with his comrades and colleagues, are all people worthy of respect." This country is lucky to have them."

Tong Siyao's eyes were red, and she said with a choked voice, " "It's good enough that someone remembers them."

"Okay, Yueyue, I'll go to bed first." He said.

"Ah?" Tong Siyao was shocked. you didn't sleep last night?!

"Yup,"

“Have a good rest then!” She said hurriedly. The two elders of the Yu family passed away last night. He must have been busy all night, right?

.....

Yu qinghuan had been living in the Yu family.

She had a room in the Yu family, but it had always been empty. Later, it became a guest room.

When Sheng nanxuan and his family stayed at the Yu family’s house, they had stayed there. However, they didn’t stay for long, so the room was almost empty.

Yu qinghuan stayed there for a few days. She was cold to begin with, and no matter how red her clothes were, she still looked like a celestial maiden. Naturally, she did not bring any human aura with her.

After Yu Zhengming and Wu surong’s funeral, she had decided to leave.

When the decision was announced, everyone was in the Yu family’s living room, waiting for the lawyer to read the will.

“Where are you going?” Sheng nanxuan asked hurriedly.

Chapter 1183 will

“Shall we go to your place?” Yu qinghuan smiled at him.

...

Sheng nanxuan was instantly speechless.

To live with such a young and beautiful mother? He felt a lot of pressure!

Sheng Yiting and Sheng shuangxue were even more stressed. Hehe, Yingluo, this is grandma ~

When Yu Qingping heard this, he could not stop her.

She was Sheng nanxuan's mother. It was only right for her to live with Sheng nanxuan.

"Then I'll leave this room for you. You can come back whenever you want," he said.

"There's no need to stay," Yu qinghuan said, " I'm a guest when I come back. I'll change it according to your needs.

"This Wufu!" Yu Qingping looked at Yu Qingliu.

Yu Qingliu didn't know what to say.

The lawyer was about to read out the will. In the past, his parents were still alive, so the two brothers had lived here.

What about the future? It definitely wouldn't.

This villa must have a definite owner.

Moreover, he and Yu Qingping were getting on in years, and it was hard to say when they would have to leave. If they did not separate now, in the future, when they died, the children would also separate.

"Let nature take its course," He said.

Yu Qingping sighed and nodded.

Not long after, the lawyers arrived. There were three of them in total, and all three of them had the same will.

Yu Zhengming's family had a huge business, and although his descendants were very amiable, he had seen many rich and powerful families fighting for property. He also didn't dare to guarantee that everyone would continue to be amiable after his death.

In order to prevent people from colluding with lawyers, he had prepared a few more. He didn't believe that someone could bribe three lawyers at once.

Fortunately, the Yu family was really friendly and had no objections to the contents of the will. He could die with a smile.

Just as Yu Qingliu had expected, this villa was left to Yu Qingping. For the sake of fairness, there was another summer house of similar value left for him, but it was not in the capital.

That house was bigger than this villa. He hadn't been there for many years and was thinking about what he could do with it, such as a private club or a private nursing home.

The Yu Corporation was inherited by Yu xinzhuo, and the others received shares of varying sizes. Yu qinghuan and Sheng nanxuan also had shares.

He didn't know that Yu qinghuan was still alive, and the will stated: If she didn't appear, her share would be split equally between Yu Qingping, Yu Qingliu, and Sheng nanxuan.

Sheng nanxuan couldn't inherit her share completely. Otherwise, it would be too much if he took a small share. He had not done much for the Yu family, and he was afraid that Yu Qingping, who had been giving, would be unhappy.

Now that Yu qinghuan was back, she would naturally inherit it. It was up to her who she wanted to hand it over to.

Even so, it was still unfair to Yu Qingping. However, he was an old man, so it was inevitable that he would be a little biased. Furthermore, Yu xinzhuo had already inherited the Yu Corporation, so Yu Qingping was satisfied.

However, Yu qinghuan tactfully expressed that she was an unregistered citizen, and her identity was always uncertain when she went out. Today, she might be the Yu qinghuan of China, and tomorrow, she might be a passerby of C nation.

Everyone thought, "Yingluo, you're too willful!"

As such, Yu qinghuan decided to give her a portion according to Yu Zhengming's instructions.

She could win as much as she wanted in the casino. She really didn't care about this money!

Yu Qingping and Yu Qingliu didn't want it.

After her disappearance, the Yu family had been able to get to where they were today without any hiccups. Qingyu media was established entirely because of her. No one could understand this kind of karma.

Yu Qingping said, "if you admit that you're mom and dad's child, then accept it." As for your identity, can't nanxuan get you a legal one?"

Chapter 1184 Do you really think I'll stay?

"Let's forget about this." Yu qinghuan said with a smile.

...

Identity? So that he could track him at any time?

After reading Yu Zhengming's will, it was Wu surong's turn.

Although the assets under Wu surong's name were far from Yu Zhengming's, they were still worth hundreds of millions.

One of her Art Gallery was inherited by ding dang, while the rest were inherited by Min Ling. The jewelry was divided into three portions. One was for Yu Xinran, one for Yu Xinya, and one for Gong mo and Sheng shuangxue. The antiques were given to his two sons, and the rest of the art collection was given to Min Ling. He didn't have much savings, so he used it to set up an Art Fund. Among the worthless personal items, everything related to Yu qinghuan was left for Sheng nanxuan. The rest were not mentioned. If anyone wanted to take it as a memento, they could choose for themselves.

Her own paintings were also valuable. Except for a few designated paintings that she gave to Sheng nanxuan (most of them were Yu qinghuan's paintings), the rest were given to Min Ling.

.....

Yu qinghuan didn't take anything with her and went home with Sheng nanxuan.

That boudoir in the Yu family was already a matter of her past life.

Her parents were dead, and she no longer missed the Yu family. Although there were a few valuable pieces of jewelry, they were just worldly possessions.

The only person she was worried about now was Sheng nanxuan.

However, she had never liked Gong mo, who had "stolen" her son. It was also a joke when she said that she would stay with Sheng nanxuan.

When she arrived at the Sheng family's house, she looked around the room.

Gong mo and Sheng Yiting were both nervous, while Sheng shuangxue was curious.

Sheng nanxuan's face was stoic. He did not know how to face his mother.

Yu qinghuan had seen enough. She smiled. this is the first time I've entered your house from the main entrance. I've looked around openly. It feels pretty good.

"Yingluo, do you mean that you've always been a thief?"

It was wrong!

How many times had she been here before?

He asked.

Yu qinghuan shrugged and said,"just once." However, compared to last time, you've changed a lot."

She sat down at the table and knocked on it. "Pour me some tea!"

"Alright!" Sheng shuangxue immediately jumped up and ran to the kitchen.

Although he was the little one at home, he had already started to develop at the age of 11. He could use the kitchen counter with ease without the need for a bench.

She boiled some water and turned around to ask Yu qinghuan, " "M-grandma, what do you want to drink?"

ahem ... Yu qinghuan choked on the way she had addressed her. She felt that addressing her as 'sister fairy' sounded better.

That was why they couldn't stay here, or they would be called crazy!

"Whatever," she waved.

Sheng shuangxue ran back and found the Rose Bath. Then, she carefully brought it over, looking like she was waiting for praise.

Yu qinghuan picked up the cup and took a sip. She nodded and touched her face, " "Not bad! You're capable!"

Sheng shuangxue grinned. She was very proud.

Yu qinghuan stood up and said to Sheng nanxuan, "Alright! I'm leaving!"

"Leave?" Sheng nanxuan was puzzled.

"You really think I'll stay?" She asked.

I'm sorry. Sheng nanxuan really wanted her to stay, but judging from her behavior over the years, it would be strange if she could stay!

"Then where are you going?" he asked.

"The world is so big, I want to see it."

"....."

She turned her head to look out the window and chuckled. "I haven't seen enough of this world."

"Can we keep in touch?"

sure ~”she agreed readily. since you know of my existence, I’ll send you gifts every New Year and festival in the future. By the way, I haven’t sent shuangxue any gifts yet, but I’ve already sent them to Yiting.”

Chapter 1185 Do you want me to find you a father?

Sheng shuangxue glared at Sheng Yiting with hatred.

...

Sheng Yiting asked, ‘when did Yueyue say that?’ He had forgotten.

“Then, why don’t you stay for a meal?” Sheng nanxuan asked.

“Alright!” Yu qinghuan agreed without hesitation.

“Then I’ll go cook.” Gong mo turned around and went to the kitchen.

Yu qinghuan finally had a meal here, so of course she had to cook.

Sheng nanxuan said to Sheng Yiting and Sheng shuangxue, ” “You guys go and make two dishes too.”

The two of them were stunned for a moment before they got up and walked to the kitchen.

“They can do it?” Yu qinghuan laughed.

“I can do it too.” Sheng nanxuan asked, ” mom, What do you like to eat? I’ll make you a few.”

Yu qinghuan took a deep breath and said expectantly, ” “Anything delicious is fine.”

“Yingluo” felt that her mother was a foodie.

“Give me a moment.” He went to the kitchen and told Gong mo to prepare the ingredients so that he could cook his own specialty dishes later.

When he came out, Sheng shuangxue followed him.

“Grandma, do you want some dessert?” Sheng shuangxue asked sweetly. I’ll cook for you.”

“You know how to?” Yu qinghuan asked in surprise.

yes! Sheng shuangxue hurriedly nodded. I might do it!

“Then I want to eat it.”

Sheng shuangxue immediately went to get the flour and put all kinds of tools and materials on the counter.

“How did you escape last time?” Sheng nanxuan asked Yu qinghuan.

“Which time?”

the time when I teased Sheng Dongxi.

Sheng nanxuan was speechless. He felt that his mother had been running away from him every day, to the point that she could not even tell herself apart.

“It’s fine as long as you swim fast enough.” She said calmly.

“Then where did you go to Yingluo after that?”

“I’m walking around.” Yu qinghuan sighed. I’ve only been locked up for over 20 years, but I feel like I can’t make up for it even with 200 years. I just want to keep walking, travel the world, and find back everything I’ve missed out on all those years.

Sheng nanxuan felt uncomfortable and hurriedly said, “Then you go!”

Yu qinghuan raised her eyebrows and asked deliberately, “are you so eager to chase me away?” What if I insist on staying?”

“Alright!” Sheng nanxuan was as straightforward as her. of course I want you to stay. We Yingluo have never lived together.”

“Forget it,” he said. Yu qinghuan politely declined. we weren’t together in the past. Now, I don’t know how to get along with people. It’s better to be free and carefree.

Sheng nanxuan nodded, a little disappointed.

During the meal, Yu qinghuan tried every dish, and Sheng nanxuan told her who made it.

“Your cooking is the best,” she said. “You’ve practiced well ~ do you usually cook?”

“Where? There’s a servant.” Sheng nanxuan smiled. but I like to cook for my family. It would be great if you stayed. You can eat it every day.

“I’ll get tired of it.” Yu qinghuan said, “ you don’t know. I didn’t eat well for more than 20 years. For a long time, I didn’t even eat anything and used nutrient fluids to maintain my body’s needs. That’s why I’m going to eat wherever I go. I swear I’ll taste all the delicacies in the world!”

Sheng nanxuan said helplessly, “then go, Yingluo.”

After the meal, she took away a box of desserts Sheng shuangxue had made. Sheng nanxuan sent her to the hotel where old K was waiting for her.

On the way, Sheng nanxuan asked, "how about you and old K?"

"What?"

"You guys are together?"

"How is that possible? He was just a Lackey, and he couldn't be chased away. Let him follow me, I'll have to collect his corpse sooner or later!"

"Yingluo." Old K would be sad if he knew.

"What's wrong? Do you want me to find you a dad?" Yu qinghuan asked jokingly.

Chapter 1186 I'll naturally return if I think it's necessary

"As long as you're happy," Sheng nanxuan said weakly.

...

He was already at the age of being a grandfather, and a biological creature like a father was really dispensable.

"So you're leaving China next?"

"Of course."

"Before I leave, I should say goodbye to my uncle and the others."

“Alright,” Yu qinghuan replied after a moment of silence. After all, he was someone who had lived with her before. She couldn’t remain indifferent.

.....

Yu Qingping and Yu Qingliu had thought that Yu qinghuan would move in to live with Sheng nanxuan. When they heard that she was leaving, they were naturally reluctant to leave. The two of them stayed for a while, but they didn’t manage to keep her, so they could only let her be.

On the day she left, everyone went to see her off.

Min Ling handed her a big jewelry box. “These are the things in your room. Since you want to leave, I’ve arranged them for you. I’m sure you won’t want the clothes, but these things are Yingluo’s, you’ve worn them before.”

Yu qinghuan opened the box and saw that there were jewelry and some ordinary accessories. However, they were all designs from half a century ago.

The fashion cycle took place every few decades, and these things happened to be the current trend of the retro style. However, after a long time, they were a little old and did not look retro, but antique.

Yu qinghuan didn’t want these things at first. She liked to shop now and bought them wherever she went. She would throw them away after using them a few times. What was the point of bringing them back from the past?

But when she saw those things, the memories of her youth came back, and she suddenly couldn’t bear to leave.

This was evidence that she had been alive for decades.

She took out a pink hair clip with a pink bowtie and clipped it on Sheng shuangxue’s head.

Sheng shuangxue was stunned. Then, she said happily, " "Thank you, grandma!"

"You're such a good girl." Yu qinghuan couldn't help but caress her face. I've seen so many girls, but you're the most obedient.

Sheng shuangxue's face turned red immediately. She looked at her in embarrassment.

She closed the lid and said to everyone, "let's go back." I'll come back when I have time, no need to miss me. "

"What if I need to contact you urgently?" Sheng nanxuan asked hurriedly.

"Just like this time, publish it in the newspapers!" Yu qinghuan said, " I'll go back if I think it's necessary.

Sheng nanxuan choked and waved his hand helplessly.

What she meant was that he would not return if it was not necessary. She didn't know who among these people would make her feel that it was necessary.

.....

Sheng Yiting couldn't argue with Tong Siyao, so he agreed to let her return the money. However, it wasn't as simple as transferring the money to her card. Because it involved a claim, both of them had to go to court with the truck driver.

The truck driver was drunk and ran a red light, so he had to pay a lot of money.

Sheng Yiting had found out about the other party's background. He was rich, but definitely not as rich as him. He originally didn't want to pursue the matter. The traffic police and the insurance company would punish him however they wanted. However, since Tong Siyao insisted on paying for the hospital fees, he had to follow the law.

He had the best lawyer, so he didn't have to worry about anything. However, Tong Siyao was a college student who was studying abroad. It was difficult for her to do this, so he offered to help.

Tong Siyao agreed, and the two met to discuss the details.

On the day of their meeting, Sheng Yiting was a little nervous. He especially tidied up his hair, changed his clothes, put on some perfume, and dressed up nicely.

When she left, she was caught by Gong mo.

No one knew his son better than his mother. Gong mo could tell that he was different from before and asked, " "You're going on a blind date?"

Sheng Yiting choked and asked in a bad mood, " "Have you arranged it for me?"

I didn't arrange anything. You can arrange it yourself, " Gong mo said with a smile. then it can't be called a blind date. It's a date. It's that miss Tong, right?"

Chapter 1187 you will only sink deeper and deeper

Pursing his lips, Sheng Yiting changed his shoes and said, " "It's actually a blind date."

...

He had to see if Tong Siyao liked him.

He was a little attracted to Tong Siyao now, but he didn't like her more. The settlement of the car accident would take some time. The two of them would probably have to meet many times and see how they got along during this period.

He had a premonition that he would only sink deeper and deeper.

They arrived at the coffee shop and waited for ten minutes before Tong Siyao arrived.

He sneaked a glance at his watch and realized that he was five minutes earlier than the agreed time.

This girl was really a coward.

Didn't she know that it was a woman's right to be late? He was actually so punctual. She always felt that she would never be late for a date. This kind of girlfriend would put a lot of pressure on men, right?

"I'm sorry I'm late," Tong Siyao sat down, panting.

"You were early by five minutes."

uh, Yingluo. Tong Siyao was stunned and whispered, "I was later than you, Yingluo.

"There's no point in comparing yourself to others in everything."

He looked at her face as he spoke.

The wound at the corner of her eye had been bandaged, leaving behind a hideous scar.

She didn't seem to care at all. She tied up all her hair, and her forehead was exposed, making the wound stand out.

He almost hurt his eyeball. He didn't dare to imagine how terrible the situation was.

Tong Siyao noticed that he was looking at her. She raised her hand uneasily, wanting to cover her wound.

He quickly looked away and asked, "have you gone for a follow-up?" How's the recovery?"

"It's alright. Dean Yu prescribed me some medicine, and I applied it every day according to her instructions."

Sheng Yiting nodded and pushed the menu to her. "Let's see what you want to drink."

Tong Siyao looked around. where's the lawyer? " she asked.

"It should be soon, you order first."

He hinted to the lawyer to come an hour later, hoping that the lawyer would understand.

Tong Siyao ordered a cup of latte and said apologetically, " "Your relative just passed away, so I shouldn't have troubled you."

"The dead are gone, but the living must continue to work."

Tong Siyao said awkwardly, "I'm too cowardly, right?" I'm sure you've spent a lot of money on your lawyer. The manpower and material resources you've wasted can't be measured with money."

"It's good that you know. Do you still want to run away next time?" He asked on purpose.

Tong Siyao was stunned and felt even more embarrassed. She hesitated for a moment before saying, " "Then, Yueyue, why don't I return the money to you?"

"I can't pay you back directly like you said! If you want to return it, you'll have to let someone decide, how can you have the final say? Or you don't return it. "

“Then I’ll pay the lawyer’s fee!” Tong Siyao said angrily.

“You really can’t afford it.”

That was his father’s company’s lawyer, and he was here to settle the car accident compensation. It was like using a sledgehammer to crack a nut!

Tong Siyao felt depressed when she heard him being so impolite. She lowered her head and didn’t say anything.

When he saw it, his heart ached a little and he quickly said, “It’s fine, don’t take it to heart. He’s going to deal with my half anyway, so you can just take your half as a side-job.”

Tong Siyao pursed her lips. then should I treat him to a meal? ”

Sheng Yiting sighed helplessly. stop being a coward. He’s hired by me. To be exact, he’s hired by my dad. He doesn’t need to care about this. If you insist on treating, then just treat me. ”

Tong Siyao bit her lip, lowered her head, and her eyelashes trembled.

She remembered that he had said on the phone that he would repay her with his body. Was he serious?

Tong Siyao picked up her coffee and took a sip to hide her absent-mindedness.

we only treated half of our guests last time,” Sheng Yiting said. do you want to make up for it today? ”

Chapter 1188 She can be quite cute sometimes

Tong Siyao raised her head and stammered,”O-okay, Zhenzhen.”

...

Sheng Yiting snorted, 'why are you so honest? It was my fault last time, I don't blame you.'

Tong Siyao remembered the scene last time and suddenly felt nervous. She asked, " is Yingluo your girlfriend? "

"Why do you think so?" Sheng Yiting had a strange look in his eyes.

She lowered her head and whispered, "you two are very compatible, Yingluo."

Yingluo didn't want to be a good match for grandma, okay?

She raised her head and asked, "will she misunderstand if you meet me like this?" Otherwise, in the future, I'll ..."

"She's not!" He hurriedly said, " it's just a relative in my family. He's older than me.

ah, Yingluo. Tong Siyao was slightly stunned. is that so? "

"I'm back because of great-grandfather's serious illness." He nodded.

"Oh." She nodded and sipped her coffee.

I don't have a girlfriend, " Sheng Yiting looked at her. I don't have one.

Tong Siyao choked and quickly said, " "You don't have to tell me this."

Sheng Yiting sighed helplessly and took a sip of his coffee. He knew that some things could not be rushed.

He said, "I just wanted to tell you that you don't have to be afraid of being 'a mistress'."

Tong Siyao choked. good, " she said gloomily. you know.

He could not help but laugh.

She was timid, but sometimes she was quite cute.

He suddenly felt an urge to pinch her face and pull her ponytail.

However, with their current relationship, he naturally didn't dare to do so. He could only look at her face and drink the coffee, feeling an unprecedented fragrance.

The lawyer finally arrived after another half an hour.

Sheng Yiting had been talking to Tong Siyao all over the world, and he had managed to get some information about her preferences.

The lawyer smiled apologetically. I'm sorry. I've been too busy. Did you two wait for a long time? "

Tong Siyao quickly shook her head.

The lawyer looked at the long table opposite him and didn't know which side he should sit.

He didn't dare to sit on Tong Siyao's side, nor did he dare to sit on Sheng Yiting's side.

Sheng Yiting could tell that he was in a difficult position, so he pushed his coffee to Tong Siyao.

Tong Siyao looked at him in confusion.

“There’s no more room for lawyer Zhou. Give me your seat.”

Oh, Yingluo. Tong Siyao moved inside.

Sheng Yiting sat down beside her. She straightened her back nervously and held her breath.

Lawyer Zhou took out the materials and explained the details of the case to the two of them efficiently. He explained everything that Tong Siyao didn’t understand in detail, and after he was done, he left in a hurry.

It was too fast, as fast as a tornado. Tong Siyao had a suspicion. Did the lawyer really come? Have you been here? Have you been here?

Sheng Yiting looked at his watch and said, “It’s late, let’s go for dinner?”

“I still want to go back to school.”

“Aren’t you going to eat at school?” He smiled and said, “let’s eat together. Let’s eat somewhere nearby. I’ll send you back after you’re done.”

Tong Siyao quickly shook her head.

Who was he?

He drove a luxury car for her, and if her classmates saw it, they would think that she was a rich young master’s mistress.

“What’s wrong? Worried about my driving skills? Don’t worry, it was someone else’s fault last time. Otherwise, the car accident wouldn’t have happened.”

"I didn't mean it that way." Tong Siyao said awkwardly, "I'm Zhenzhen. I'm going back to have dinner with ye Zi.

then ask her to come along. I'll make a call to book an extra table.

"No, no, no!" Tong Siyao immediately refused.

It's bad enough that he's freeloading on his own, but it's too much to bring ye Zi along!

Sheng Yiting smiled in satisfaction and brought her to a Western restaurant.

Chapter 1189 stop it, little cousin

Western food

...

Tong Siyao was stunned. She couldn't stay calm anymore.

Was he Yingluo chasing her?

Who would treat a girl to Western food? Moreover, they weren't very familiar with each other.

Tong Siyao really wanted to refuse, but he kept saying that she was a coward. They were already at the door, so it would be too pretentious to be a coward.

Forget it!

She would just treat it as a good meal. Who cared what his purpose was? could she just pretend to be stupid? Just treat it as being crazy!

As they approached the Western restaurant, the waiter greeted them with great enthusiasm. "Mr. Sheng--"

"This is miss Tong." Sheng Yiting said.

"Miss Tong, how are you?" The waiter was even more enthusiastic. She must be young master Sheng's girlfriend.

Tong Siyao was a little reserved.

It was a high-end restaurant, and judging from the waiter's attitude, Sheng Yiting was obviously a regular.

Eh? Regular? Could it be that he often went on dates with girls here?

Thinking of this possibility, Tong Siyao was a little angry.

She had thought that he was an outstanding, rich second generation who did not use other people's money. She did not expect that he was also a hedonistic son of a rich family who did evil things.

She must not let him catch up to her!

Yingluo, if he was really chasing her.

Sheng Yiting pulled out a chair for her. "Please," he said.

"Thank you!" Tong Siyao sat down nervously, feeling uncomfortable all over.

Fortunately, she was wearing a dress today. Otherwise, she wouldn't have been able to enter even if she wore a t-shirt and jeans.

Sheng Yiting sat down opposite her and took the menu from the waiter.

Tong Siyao also took a copy. She was shocked when she saw the words and almost couldn't understand them.

He took a closer look and realized that he had learned it before. He secretly heaved a sigh of relief.

She had taken a special class on Western food etiquette before, and occasionally went to eat authentic Western food with her classmates, so it was no problem for her to order food. To prevent any accidents, she always nodded behind Sheng Yiting.

Her heart was bleeding when she saw the price of the dishes. He was afraid that Youyou could only repay him with her body.

She put down the menu and thought, " Maybe he didn't even chase her, and she was just thinking too much? Then how could he return it? Sell his kidney?

Tong Siyao lowered her head and didn't say anything. Sheng Yiting looked at her, and his heart was filled with joy. It was like a pleasant scenery.

Suddenly, he felt a weight on his shoulder. Someone was pressing him down.

yo, a date! a beautiful female voice was heard.

Tong Siyao suddenly looked up and saw a beautiful and elegant woman with her arm around her shoulder. She was smiling, and the diamond chain on her hand was shining.

And he was full of nobility. Compared to him, they were a perfect match.

"Hmph, you're heartless." The beauty glanced at Tong Siyao and sneered. I was wondering why you didn't look for me recently. So you have a new lover? " If you want to break up, then let's break up. You didn't even give me a hundred Yuan, isn't that too much? I've even helped you get an abortion!"

Tong Siyao widened her eyes and looked at Sheng Yiting in disbelief.

Sheng Yiting was unmoved. He sighed. "Little cousin, don't make a fuss. He will take it seriously. Also, don't talk about things like an abortion, I'll tell on you."

His little aunt was naturally Yu Xinya. She was younger than him and was a perfect match for him.

"Little, little aunt?" Tong Siyao's eyes widened and she looked at Yu Xinya in shock.

Yu Xinya pushed Sheng Yiting away and said unhappily, " "Why did you expose me so quickly? I can't help but tease you!"

She extended her hand to Tong Siyao and said,"Hello, I'm Yiting's aunt." You're her girlfriend?"

no, no, no. Tong Siyao hurriedly shook her head. Seeing that she still had her hand out, she immediately shook it and explained, " we're just ordinary friends.

Chapter 1190 won't it be bad if you catch her?

Yu Xinya looked at Sheng Yiting sympathetically, then smiled at her. "We can be a couple in the future~"

...

"Why is my little cousin here?" Sheng Yiting asked hurriedly.

dinner, of course! Yu Xinya gave him a meaningful look. alright, I won't disturb you guys anymore. Bye~"

She waved at Tong Siyao and turned to leave.

Sheng Yiting heaved a sigh of relief and hurriedly said to Tong Siyao, " "She's talking nonsense, don't take it to heart."

Tong Siyao shook her head. Seeing Yu Xinya sitting at the same table with two young women, she guessed that they were her best friends out for dinner.

Just then, her and Sheng Yiting's food was ready.

The waiter laid out the food and helped to open the wine. There was a rose in the middle of the table and an incense lamp was lit.

The ruckus earlier had already diluted the tense atmosphere. This made Tong Siyao a little uncomfortable.

After the waiter left, she lowered her head and cut the steak silently.

her name is Yu Xinya, "Sheng Yiting said. she's the daughter of Dean Yu.

"Argh! So it's her!" Tong Siyao suddenly realized.

Yu Qingliu had personally treated her, and she was grateful. She suddenly felt closer to Yu Xinya.

"Cheers." Sheng Yiting raised his glass.

Tong Siyao was stunned. She put down her fork and knife, clinked her glass with his, and then lowered her head to take a sip.

Sheng Yiting put down his glass and did not persuade her to drink again, lest she thought he had bad intentions.

He asked about the insurance claims.

To her, it wasn't too smooth.

The insurance company naturally hoped to save as much money as possible. How could they compensate her so easily? If she went to handle it herself, even if all the procedures were complete, she would probably have to run until her legs broke and wait for the flowers to wither.

when do you have time? prepare the documents and I'll go with you.

Instead of helping her directly, he chose to accompany her so that they could meet again, get along, eat, and send her back to school.

Tsk, tsk. This way, he would have a few more dates for no reason.

I'm sorry," Tong Siyao said, embarrassed. that's too much trouble.

"You can only pay me back after you've done it!"

"Yingluo, alright." I'll treat him to a meal next time. Although the cost can't be compared to this time, it's still a kind thought.

Tong Siyao sighed in her heart. Would she fall for this back and forth? No one would be able to handle such an outrageous person!

.....

After dinner, Tong Siyao firmly refused Sheng Yiting's offer to send her back to school.

your car is too good," she said. I'm afraid that my classmates will have wild thoughts when they see it.

"So, I have to get a new broken car?" Sheng Yiting was depressed.

Tong Siyao looked at him, confused. you don't have to see me off.

Sheng Yiting choked. He got into the car angrily and slammed the door shut.

"Eh?" Tong Siyao was stunned. She bit her lip gloomily and turned to look at the road.

After a while, she turned around and knocked on the car window.

He rolled down the window to look at her and asked in a bad mood, " "Why?" He didn't want to talk to such an unromantic woman anymore!

"I'm leaving." She said.

"You really don't want me to send you?"

"No need. I'll be there in a while by train."

Sheng Yiting sighed helplessly. sure. I'll see you again.

He drove off after saying that.

Tong Siyao stood in the wind and wondered, " It can't be that he likes me, right? Otherwise, how could he get angry so easily?

She was angry when she didn't catch up to him, but what if she did?

When they returned to the dormitory, ye Zixing asked, you're back so late. Did you go on a date with young master Sheng? "

Tong Siyao looked at her unhappily. we're talking about serious business!
