

Ditsy Wife 121

Chapter 121

a strong declaration

“Maybe your father met a benefactor and is still alive!” Mother Zhen said. When he comes back, how can he not have a house to live in?”

...

Gong mo didn't know how to persuade her.

Cancer was a terminal illness! There was nothing they could do now, let alone in the past.

However, her father's body had never been found, so her mother stubbornly held on to this dream.

Alright, alright, I won't talk to you anymore. You should go to bed early!

“Then-about coming to the capital ...”

“I'm not going!” Her mother stubbornly said, “I have to guard this house. What if your uncle and the others tear it down when I leave?”

the property ownership certificate is in your hands. No one would dare to open it without your consent.

“I don't care. Besides, what if nanxuan doesn't agree to me going?”

“Then I'll ask him!” Gong mo said, “if he agrees, come over immediately! Do you really want to stay at home every day and let them bother you? Don't you miss me? don't you want to see your grandson? I miss your cooking. Why don't you come over and cook for me?”

“Aiyo, are you treating me like a nanny?”

“I’m treating you like a nanny. Are you coming?”

Her mother hesitated. In fact, she missed Gong mo. She had never been separated from Gong mo for so long before. She really wanted to see if Gong mo was doing well!

She said, ‘if nanxuan agrees, I’ll come. You’re going to spend the rest of your life with him. If he doesn’t agree, don’t force him. He’s raising you and the child alone now, so he’s under a lot of pressure. If I go again ...”

Alright, alright. I’ll go and ask. Don’t worry.

Gong Mo’s ears were about to get calluses from hearing this. Her mother was really worried about her married life. She was afraid that she would not be able to handle her relationship with Sheng nanxuan.

Yes, she really couldn’t handle it well.

Sheng nanxuan kept trying to kiss her. She hated it!

They were only kissing now, but when the baby was three months old, wouldn’t it be ...

Oh, what could be avoided?

.....

Gong mo told Sheng nanxuan that he wanted to ask his mother to come to the capital. Sheng nanxuan agreed without hesitation.

since mom doesn’t want to sell the house, then we won’t sell it. We don’t lack money anyway. He said, “ she kept the house for you. Those things were all for you. You have your own assets, so your heart is at ease. If I abandon you, you’ll have a way out.”

Gong mo felt a little uncomfortable after hearing his thorough analysis. "Will you abandon me then?" she asked on purpose.

Sheng nanxuan hugged her. I'll abandon the whole world. I won't abandon you. So, don't even think about leaving me!

Such a domineering declaration made Gong Mo's heart tremble. "I'll tell mom that you've agreed," she said, pushing him away.

"Should we send someone to pick her up?"

"Don't!" I'm telling you, you're not allowed to scare her! Gong mo shouted.

"Yingluo, alright." Sheng nanxuan spread his hands helplessly.

He also felt that it was better to take things one step at a time. At least let his mother accept the fact that he wasn't a pauper, then fly a private jet and prove that he wasn't just rich!

.....

The next day, Sheng nanxuan received a call from Fang Yang.

"Yu xinzhuo is at the bar. He wants to see you," Fang Yang said.

Fang Yang was Sheng nanxuan's personal assistant and the owner of the dark night bar on the surface. When he was not running errands for Sheng nanxuan, he would stay in the dark night bar and wait for uninvited guests who came to ask for help.

Today, Yu xinzhuo, the eldest son of the richest family in China, arrived.

"I had dinner with him yesterday." Sheng nanxuan could not help but laugh.

Chapter 122

122 Aren't you the mysterious person in the legends?

"Ah?" Fang Yang was stunned. Hadn't BOSS been dealing with the Yu family recently? Why are we eating together again?

...

Sheng nanxuan knew that he had misunderstood. He laughed and said, I met him on the road, but he insisted on inviting me. I guess he saw me beside you when he bought the land in the suburbs last time and wanted to get to know you through me so that he could meet the legendary mysterious person.

Fang Yang was speechless, 'aren't you the mysterious person in the legends?

if Yu xinzhuo knew that the person he wanted to see was right in front of him, I wonder what his expression would be like. Fang Yang said.

"Arrange a time for him to meet me." Sheng nanxuan chuckled.

"Alright. When will the boss be free?"

"No rush. Help me with something first." Sheng nanxuan said, "Gong Mo's mother is coming to the capital. Go and pick her up. Don't let her know my identity.

"Understood." He understood. He was afraid of scaring the old lady!

When she was in Nanjiang, a certain someone had pretended to be poor for so long and suddenly became a rich man. The old lady might have a heart attack!

He promised not to say a word. When the old lady found out, he would let Big Boss explain himself!

.....

Fang Yang went to Nanjiang that afternoon.

Her mother was packing up at home.

She had never thought of not coming back. In her opinion, although Sheng nanxuan was her son-in-law, she was not his biological mother. His tolerance must be limited, and she could not stay in his house forever.

She would come back when Gong mo gave birth to the baby and the baby was a little older, so she had to keep the things at home well. She would need them when she came back.

Of course, she still had to bring many things to the capital city. She was afraid that Gong mo would be greedy for Nanjiang's specialties.

When the doorbell rang, she jumped in shock, thinking that either Mrs. Sheng or uncle Gong had arrived.

She had asked for train tickets in the morning, but it was the start of the school term in autumn, and the tickets had long been sold out.

She was hesitating whether she should slowly clean up the house, transfer the store, and leave when she had a train ticket.

Now, it seemed that he had to spend more money to buy plane tickets! Otherwise, he wouldn't know how to get rid of these people who came every day.

Mother Luo tiptoed to the door and looked through the peephole. It was Sheng nanxuan's friend.

She quickly opened the door and Fang Yang smiled. Auntie, you're home!

“Hey, I’m here. Come in.” Her mother said hurriedly.

Fang Yang walked in and saw that there were many boxes in the living room. It looked like they were packing things.

it’s a little messy in the house, don’t mind it, “said her mother. have a seat first. I’ll get you some tea.

don’t! Don’t! Fang Yang shouted. How could he dare to ask boss’s mother-in-law to pour him tea?

He pulled his mother and said, “sit down!” I’ll pour it for you! I saw you packing your things. You must be tired. I’ll pour you some tea.”

“Eh?” Before her mother could react, he had already scurried into the kitchen.

Her mother hurried over and couldn’t help but smile when she saw that he couldn’t find a kettle or a teacup. “You’re a guest, go and sit.” Then, he picked up the cup and the kettle skillfully.

When Fang Yang saw this, he quickly snatched it over, poured some tea, and helped her out.

Her mother was helpless and thought, “there aren’t many young people who are so polite.”

After they sat down, her mother asked, “why did you come to Nanjiang?” Don’t you live in the capital too?”

“I’ve been on a business trip recently and I’m going back. Nan Xuan suddenly told me that you were going to the capital and asked me to pick you up. Let’s go together so we can look out for each other on the way.”

Chapter 123

123 For example, kissing me

“Ah?” Her mother was stunned. This was an unexpected surprise.

...

She had never traveled so far before and was a little scared. It would be good if someone familiar came with her.

“Are you packing your luggage? Since I’m here, I’ll help you!” Fang Yang said.

“Then I’ll have to trouble you!” Mother Gong smiled and suddenly remembered that Gong mo hadn’t told her about this. Could she have met a scammer?

Although they were friends with Sheng nanxuan, it was still necessary to be careful.

She rolled her eyes and saw that Fang Yang had rolled up his sleeves and was about to make a move. She quickly pointed at the box on the ground. “Can you help me seal these? there’s tape there. Then, you can move them into that room and put them on the bed.”

“Alright!” Fang Yang could not wait for her to command him! With a contribution, he could go back and claim credit from the BOSS.

After Fang Yang took action, mother Zhai went to her bedroom to call Gong mo.

“What?!” Gong mo was shocked when he received the call. Fang Yang is coming to pick you up!”

Didn’t she tell Sheng nanxuan not to send anyone?

“What?” Her mother was also shocked. you didn’t know? ”

As expected, he had encountered a scammer!

Don’t tell me he’s going to kill me for my goods?

uh, hehe, "Gong mo had an idea and explained," Nan Xuan hasn't gotten off work yet. He probably called Fang Yang when he was at work. Wait a minute, I'll call him and ask him!"

Okay, okay, okay, hurry up, Yingluo. He's in the house now. It'll be troublesome if he's a bad person.

"Xuxu's mother, your imagination is really big." don't worry. He's not a bad person," Gong mo replied.

Sheng nanxuan was so powerful. If Fang Yang dared to do anything, he would definitely not live to see tomorrow's sun.

Gong mo put down the phone and went to the study to look for Sheng nanxuan. Sheng nanxuan was helping her translate the novel.

Ehh!

Seeing this, Gong Mo's anger dissipated.

Such an amazing man was actually willing to translate a novel for her. Even if it was for the sake of the child, she would be a little touched. She couldn't blame him even if she wanted to.

She walked over. Sheng nanxuan looked up and asked in confusion, "Who made you angry?"

"It's you." Gong mo pouted. Didn't I tell you not to send anyone to pick up my mother?"

"You knew?"

Sheng nanxuan did not ask her how she knew. With his intelligence, he could naturally guess what was going on.

don't worry, " he consoled, " Fang Yang knows what he's doing. He won't let mom suspect him. Aren't you worried about mom going out alone? We'll be at ease if Fang Yang goes to pick her up."

"This Yingluo ..." It turned out that he was even more thoughtful than her. thank you for encouraging me, " Gong mo said, embarrassed. I'll go and tell mom.

"Do you want to give me a thank you gift before you leave?" Sheng nanxuan called out to her.

"What thank you gift?"

"For example, kiss me~"

Gong mo was stunned and turned around angrily. "Stop it!"

This person really can't change his ****!

.....

Fang Yang helped her pack her things as quickly as possible and also helped her find the person who would take over the children's clothing store-of course, it was him who arranged it. At the same time, this person was his informer in Nanjiang to monitor the movements of the Sheng family!

Using this method to plant a spy, it could be considered a secret. At the same time, he could help mother Zi look after the house in case uncle Gong and the others had any bad intentions.

On the first night, Gong mo called her and told her that her mother had decided to go to the capital.

The next afternoon, Fang Yang went to Nanjiang to help her pack her things.

On the morning of the third day, he sold a children's clothing store and booked his plane tickets.

On the afternoon of the fourth day, mother Zi arrived in Beijing.

When mother Zhai got off the plane, she couldn't believe it! He had actually arrived in the capital!

From the time he decided to come to Beijing to his actual arrival in Beijing, it was less than 72 hours! She had never been so fast before!

Chapter 124

124 Mother Zhen's doubts

Mother Zi and Fang Yang pushed their luggage out of the airport. Gong mo and Sheng nanxuan were standing at the door.

...

mom ... Gong mo hurriedly ran over and hugged her.

Her mother patted her head, full of relief. She was relieved to see her in person.

Mother Yan looked at her carefully and said with a sad face, "Why do I feel like you've lost weight?"

"Did I?" it's good to be slimmer, " Gong mo said with a smile. you'll look ugly if you put on weight.

"Nonsense! You're pregnant. If you don't put on some weight, what if the child doesn't have enough nutrition?"

but the doctor said I'm fine. It's not like I'm fat. It's not easy to give birth to a baby if I'm too fat.

alright, alright, alright, Yingluo, you're right. I'm relieved. Her mother looked up at Sheng nanxuan. you're here too? " Sorry to trouble you, Yingluo."

"I should." Sheng nanxuan smiled. mom, let's go home first.

"Alright," he said. Mother Zhai walked out with a smile. When she saw him and Gong mo standing on her left and right, she felt very satisfied.

Fang Yang had already pushed his luggage out. When they arrived, the luggage was already in the car.

Gong mo was a little worried when he saw the car. This was a private car. If mother Ling asked, how were they going to answer?

However, mother Zi chatted with them as she walked. When she reached the car, Sheng nanxuan had already opened the door. Mother Zi got into the car without even noticing.

Gong mo heaved a sigh of relief when she didn't ask.

After getting in the car, mother Zhai didn't say much. She looked at the scenery outside from time to time.

After all, this was the capital, the largest and most prosperous city in the country. It was her first time here, so she was naturally full of curiosity.

In the past, she had never thought that she would come here. She thought that she would be able to stay in Nanjiang in peace for the rest of her life. Who knew that there would be a day like this?

The car was parked in the underground parking lot of the community. After getting out of the car, she looked around curiously. When she saw Sheng nanxuan and Fang Yang taking their luggage from the car, she was even more curious-why didn't they take a taxi?

She thought that he might have borrowed the car from a friend.

After they had taken all their luggage, Fang Yang said, "Then I'll go back first."

Sheng nanxuan grunted in agreement. He picked up mother Yan's luggage and slung it over his back. He also dragged two more luggages.

"Fang Yang, aren't you going up to have a seat?" mother Diana asked, puzzled.

"I still have something to do, I'll come another day!" Fang Yang said with a smile and got into the car behind.

The other car also drove away slowly. They were at the entrance of the building, and the car could not be parked there. The driver had to drive it to Sheng nanxuan's private garage.

Her mother looked at her in confusion and felt that it was strange. However, she didn't ask and followed Gong mo into the building.

When they were in the elevator, mother Zi realized that the elevator was of excellent quality. In addition, there was such a large garage downstairs. The cars inside were obviously not ordinary prices, so the house must be very good. The rent for a good house must be expensive, right? How could they afford it?

Worried, mother Zhai walked into Sheng nanxuan and Gong Mo's house. She was immediately shocked by the exquisitely decorated interior.

"Mom, take a rest. Let's go out for dinner." Sheng nanxuan put down his luggage.

"Why are you going out?" Her mother came back to her senses and said hurriedly, "it's expensive outside. Let's eat at home. I'll just eat whatever I want."

Gong mo stole a glance at Sheng nanxuan.

Sheng nanxuan smiled and said, "it's mom's first meal in Beijing. I'll definitely treat you to a good meal." Besides, it's too late to do it now. We can't let mom wait on an empty stomach, can we?"

Chapter 125

125 How can a person who only knows how to enjoy himself be reliable?

Gong mo held mother Zhai's arm and advised, " that's right. Nanxuan has already made a reservation. Don't reject it. I'll take you to your room and put down your luggage!"

...

"Alright," he said.

Her mother looked around. She didn't expect them to live in such a good house and felt a little uncomfortable.

Her room was a little far from the master bedroom, but like the master bedroom, it also had a bathroom, just not as big as the master bedroom. However, it was much bigger than the master bedroom in the gong family's house!

When mother Yan went over, she passed by a long corridor. There were five rooms around her!

How big was this house!

Sheng nanxuan put down his luggage and saw that his mother was looking around the room in a daze. He knew that she was already suspicious.

"I'll wait for you outside. Call me if you need any help," he told Gong mo.

Gong mo nodded. Seeing that he had left, he turned around and said to his mother, " Mom, there's a bathroom in the room. Do you want to take a shower? You must have sweated on the way here, right?"

"Why are you giving me the master bedroom?" mother Zhai asked.

"It's not the master bedroom. There are two bedrooms in this house that have bathrooms."

“This house is so big!” Her mother asked anxiously, “ how much does it cost a month? You’re co-renting with someone?”

eh? “Gong mo lowered his head. why did you bring so much luggage?” If you’re not going to shower, let’s go eat first and clean up when we get back.”

“I’ll wash my face,” mother Yan said. I didn’t sweat on the way. Fang Yang was really kind. He was the one carrying the luggage and I didn’t have to exert any strength at all. The taxi to the airport was also paid by him, and he insisted that I pay. Anyway, I didn’t put in any effort on the way. There was air conditioning in the car, the airport, and the plane. How could I sweat? This friend of nanxuan’s is really not bad. He actually left without having lunch. You have to thank him properly.”

“I know!” wash your face first, then. I’ve prepared a towel for you. It’s inside, ” Gong mo said with a smile.

Mother Ling walked into the bathroom and saw that the faucet was shining like pure silver. The White sink was as clean as Jade, like the highest-grade porcelain.

As the saying goes, you get what you pay for. She could tell that these things were good with just a touch, so they definitely wouldn’t be cheap.

Sigh, it’s so uncomfortable to wash my face in such a good place.

After washing her face, she changed her clothes.

After she left, she looked around the living room and could not help but ask Sheng nanxuan, ” “Why did you rent such a good house?”

Gong mo had never lived such a comfortable life since he was a child. This must be his idea, right?

Mother Zhen remembered that he was born in Nanjiang’s richest family, so he must have enjoyed it since he was young. Could it be that he couldn’t live a hard life, so he continued to live a life of luxury and waste?

That won't do! How could a person who only knew how to enjoy himself be reliable? Momo can't follow him!

Sheng nanxuan did not know that she had thought so much that she did not want him to be her son-in-law!

If he knew, he would definitely cry!

He had been building up a good impression in Nanjiang for so long, how could he let it go to waste?

However, it was a good thing that he didn't know about it. Otherwise, he would be very depressed.

He glanced at Gong mo. They had already discussed the house. If they insisted on renting it, it would definitely not work. Mother Zhai would scold them for being a wastrel.

He thought that she had already said it in the room. He didn't expect that she was still waiting for him to say it.

"I didn't rent it, I bought it." Sheng nanxuan said.

"What?" Her mother was shocked. who bought it? "

Chapter 126

126 Mother, stop nagging

"I bought it." Sheng nanxuan smiled. when I was in college, my father gave me a lot of money a month. I couldn't spend all of it, so I used it to invest in the stock market and earned money from this house."

...

Oh, I see. mother Zhai heaved a sigh of relief. She said as she walked out, " you scared me to death. I thought you would rent such a good house. How expensive would that be? " But this house is really not bad. You guys have some confidence now and don't have so much pressure."

Sheng nanxuan laughed in agreement. He walked to the elevator. After the elevator door opened, he reached out to block the door and let mother Zhai and Gong mo enter first.

"Are you still investing in the stock market now?" asked her mother as the elevator went down.

"No, I'm afraid of losing money."

"That's good!" Mother Zhai smiled happily. the stock market is like that. You can earn a lot, but you can also lose a lot if you're not careful. Now that we're married and about to have a child, it's better to make a safer investment."

"Mom, stop nagging." Gong mo said softly, " Nan Xuan is an adult. The house he earns is worth more than our entire family. He definitely knows more than us.

Her mother was stunned for a moment before she smiled. that's right, that's right. Ran ran, look at me. I'm so old and muddled. I just love to worry about nothing!

She had almost forgotten that young people were all prideful. If she kept saying that she wanted to take it away, Sheng nanxuan would definitely be unhappy.

However, Sheng nanxuan said, " mom really cares about us. How is she worried for nothing? " I love to hear Mom talk about life. As the saying goes,"don't listen to the old man's words, and you'll suffer losses in front of you." Mom has crossed the bridge more than I have walked on the road. What you say is the truth. I'll listen to you more so that I don't take the wrong path. "

"Aiya, don't flatter me!" Her mother laughed. I'm glad you don't blame me for speaking out of turn!

.....

When they got home after dinner, her mother started to pack her luggage.

She had brought a lot of Nanjiang's specialties and many baby clothes ...

this is for when she was just born. This is for three months, eight months, one year old, and two years old Yingluo.

"Why did you bring so many?" Gong mo asked.

"Aren't they all from the shop?" Her mother said, " I thought that you were about to give birth, so I got the best goods the last time I went to stock up. These are the best. Don't worry, there won't be a problem if you let the child wear them!"

Gong mo was touched as he held the clothes."Thank you, Mom!"

"Is there a need to thank me?" Her mother rolled her eyes at her. this is my intention as a grandmother.

Gong mo carried the clothes and said, " I've bought a lot of things for the child. Why don't you go and take a look? "

"Sure, where is it?"

it's next to nanxuan's and my room. I plan on using it as a nursery in the future.

Walking into the baby's room, mother Zhen saw the pink baby cot in the middle of the room at first glance.

"Why is it pink in color?" She asked, " is it a daughter? "

"I don't know yet." Gong mo opened the wardrobe and placed the clothes that mother Zhai had brought in neatly.

“Then why did you buy the pink one? Wouldn’t it be a waste of money to be born as a boy? Furthermore, what if Nan Xuan liked his son? This is not a good sign.”

what? ” Gong mo laughed. he said that he likes daughters. If he gives birth to a son, he’ll use this bed. Fortunately, he didn’t buy a blue one. Otherwise, it would be a waste of money to give birth to a daughter. He would definitely buy a new one for his daughter and not make do with this.”

Hmph! her mother said softly, ” just listen to his sweet words! His mouth is covered in honey, I’m really afraid that he’ll lie to you one day!”

Chapter 127

127 It’s usually done by Nan Xuan

“Didn’t you like what he said?”

...

“Who doesn’t like to hear praise?” Zhen’s mother said righteously, ” but even good words can’t deceive my heart! If he dares to treat you badly, I’ll teach him a lesson!”

Gong mo was speechless and thought to himself, how are you going to deal with him? With his abilities, if he doesn’t treat me well, we’ll only be at a disadvantage.

At this thought, Gong mo frowned slightly. She and her mother had nothing. There was nothing for Sheng nanxuan to scheme against. He would not lie to her, would he?

After packing her luggage, mother Zhai took the ingredients she brought from home and prepared to make dinner.

“Let me do it!” Gong mo said. You’ve just arrived, how can I let you cook? I didn’t call you here to cook!”

“Didn’t you ask me to be your nanny?”

“I didn’t say that.”

“You said the same thing a few days ago!”

Gong mo thought for a moment and realized that he really did say that. He said helplessly, “I was just joking! You can leave it, I’ll do it!”

“Alright, alright, let’s go together.” Her mother said, “you’re pregnant now. How can I bear to let you do it alone?”

So the two of them started to cook.

Steaming rice, washing vegetables, and cutting vegetables. Everything was fine.

When it came to cooking, the problem came!

As soon as Gong mo smelled the oil and smoke, he began to retch. He vomited non-stop and soon felt weak all over.

“What’s wrong with you?” Her mother was so anxious that she helped her out of the kitchen. you go out first! I told you I’d do it, but you just had to show off. How can you go into the kitchen with such a big reaction?”

Mother Zhai helped her all the way back to the bedroom. On the way, Sheng nanxuan heard some noise and came out of the study.

“What’s wrong?” Sheng nanxuan asked hurriedly. He ran over and hugged Gong mo. Seeing that her face had turned pale, he was extremely worried. you’re vomiting?”

Gong mo nodded his head.

Sheng nanxuan smelled the smell of oil and smoke in the air. He quickly picked her up and walked into the bedroom.

Mother Zhai followed him in and saw him taking care of Gong mo carefully. She couldn't help but feel warm in her heart and said, "Look after her for a while, I'll go get her a glass of water."

"I'll have to trouble you, mom." Sheng nanxuan covered Gong mo with the blanket and asked, "Didn't I tell you not to go into the kitchen?"

"Mom insisted on cooking. I can't let her cook alone, can I?" Gong mo said weakly.

Sheng nanxuan was helpless. If she wanted to hide her own financial situation from her mother, the chef could not appear. What should he do? He didn't know how to cook. Gong mo wouldn't always avoid the kitchen, right? it would be easy to give himself away.

Mother Zhen came in with a glass of water. Sheng nanxuan hurriedly took it and carefully fed it to Gong mo.

"It's that serious?" her mother asked. How do you usually cook?"

uh, hehe. Gong mo was taken aback before an idea struck him. it's usually done by nanxuan.

Nanxuan knows how to cook? " Mother Yan looked at Sheng nanxuan in surprise.

Sheng nanxuan nodded calmly and silently accepted this setting. However, it was a little awkward.

He didn't know how! Did he have to learn it at the last minute? Otherwise, what would he do if his mother suddenly asked him to show off?

he'll make the dishes for me before he goes to work in the morning. I'll heat them up and eat them at noon. Gong mo said, " although it's still a little suffocating when the dishes are heated, it's much better than directly stir-frying them.

“That would be so troublesome!” Her mother asked, “ why didn’t you say so earlier? If you had said so earlier, I would have come earlier. I can’t do anything else, but I can cook for you! How could a dish that had been heated up be as delicious as a freshly cooked dish? You’re a pregnant woman, how can you fool me like this? Besides, nanxuan has to work and cook for you. How tiring is that?”

Chapter 128

128 Where do you work?

“That’s because we have no choice,” Gong mo lowered his head and said in a low voice.

...

“Then leave it to me from now on. Just tell me what you guys want to eat!” Her mother said, “ alright, you should rest first. I’ll continue to cook.

The two of them watched her leave. Then, Sheng nanxuan looked at Gong mo and asked in a low voice, “ I can cook?”

Gong mo spread his hands helplessly, “I have no choice.” I can’t even enter the kitchen. Otherwise, how are we going to eat for the next few months? I’m telling you, you can’t let my mom know that you have a chef!”

“But you’re pregnant now. You can’t keep eating your mother’s cooking, right?”

“Did my mother not do a good job?” Gong mo was furious. What did he mean? It was as if he despised it!

“I didn’t mean it that way. But the chef has a nutritionist license. He knows how to match the nutrients and how to take care of a pregnant woman like you. I think it’s better to let mom know the truth slowly so that she can take better care of you.”

“What do you mean by that?” Gong mo was unhappy. I’ve been eating my mother’s cooking since I was young, but I grew up well!

Sheng nanxuan paused and was silent for a moment before saying, " "Alright, do as you wish. Mom's cooking is delicious, but it's just that ..."

"But what?" Gong mo looked at him aggressively.

Once mother Zhai was involved, she would immediately become a Porcupine.

Sheng nanxuan helplessly patted her head and kissed her on the lips. "But I don't want mom to work so hard. He had brought her over to let her enjoy life. You don't want her to be tired, do you? In the past, there were servants to clean the house. Now that they could not call for servants, it was definitely her mother who cleaned the house. It's so spacious, how tired is she?"

Hearing his sincere words, Gong mo knew that he didn't mean to despise mother Zhai. His expression gradually improved. "We'll have to take it one step at a time and let her accept it slowly,"

"Yes." Sheng nanxuan lowered his head and kissed her again. Suddenly, he remembered that three months seemed to be full of love.

.....

In the morning, when Gong mo and Sheng nanxuan got up, they found that mother Zhai was making breakfast.

The two of them walked into the kitchen. When mother Yan saw them, she exclaimed, "Why are you up so early?"

"It's getting late." you're the one who's early, " Gong mo said.

"I've always been like this. You know that. By the way, Nan Xuan has to go to work, right? It's Monday today, don't be late."

Ehh!

The two of them were stunned for a moment, then looked at each other and silently agreed.

When they were eating, mother Yan put food in Sheng nanxuan's bowl. "Eat more, you'll be more energetic at work." Then, she gave Gong mo a slice of the boiled egg. you have to eat more eggs, okay? "

"I know." Gong mo said in a low voice.

By the way, nanxuan, where do you work? "

Sheng nanxuan was stunned. Where did he work? Stay at home! But he definitely couldn't tell mother Yan that!

Gong mo looked at him and winked at him. He then said with a fake smile, "I'm asking where you work, Yingluo."

I'm an actuary at a real estate company. Sheng nanxuan smiled. This was the job that Fang Yang had arranged for him. However, he was busy translating Gong Mo's novel and did not go.

"An actuary?" Mother Gong thought for a moment before asking Gong mo, " does your cousin make this too? I remember it was Yingluo."

"Is that so?" Ever since Gong Bai left the country, Gong mo hadn't contacted him, so she didn't know.

"But he's at the insurance company." Her mother asked, " is there such a position in the insurance company? I heard from your uncle that his position is different from that of a salesman. In any case, he's very good."

Chapter 129

"They'll definitely exaggerate in front of you." Gong mo smiled faintly.

...

"That's right," Her mother pursed her lips. they can't wait to praise me to the heavens, so that they can be so smug in front of me!

accountants usually work in insurance companies," said Sheng nanxuan. but other big companies usually have their own accountants as well.

"Is that so, Yingluo? I don't even understand." Her mother laughed and said, " but it's work. Everyone does what they know. There's no distinction between good and bad.

Sheng nanxuan finished his meal and put down his bowl and chopsticks. you guys enjoy your meal. I'm going to work. After saying that, he walked towards his room.

Gong mo also put down his bowl and said to his mother, " "I'll go take a look."

She ran into the room and saw that Sheng nanxuan had changed into a suit. She could not help but ask, " "Are you really going to work?"

"How do you explain staying at home? I'm going to deal with some things. Take mom out for a walk when you're free."

Sheng nanxuan went to the study to get his briefcase. Gong mo sent him to the door. It was her first time doing something like this, so she was not used to it. What would the wife do when the husband went to work in other couples?

Sheng nanxuan changed his shoes and suddenly turned to look at her. He bent down to kiss her on the cheek and whispered, " "Bye-bye!"

Gong mo mumbled, "I'm paying my respects to Zhenzhen."

Sheng nanxuan smiled, opened the door and left.

Gong mo turned around and blushed when he saw his mother looking at him ambiguously.

His mother chuckled and waved at her. "Come here quickly."

"What?" Gong mo walked over and asked awkwardly. Laughing like that, so frivolous.

"You two haven't done that in the past two months, have you?" asked her mother.

Gong mo was speechless. He said awkwardly, "No!"

"That's good," mother Yan nodded in satisfaction. However, it's almost three months, so the ban can be lifted."

"Aiya, what did you say?" Gong mo lowered his head. I think it's better not to do that just in case.

"What nonsense are you saying? You're so silly!" Her mother said, "men are greedy. If you don't let him touch you, he won't be satisfied and will have an affair. What if he doesn't?"

"Uh, hehe."

"Your mother has been through this!" Her mother sighed in all seriousness. when your father and I just got married, there were always a few times a week. I really can't get rid of them!

There's no need to mention "Yingluo," right? She didn't want to know how her parents were doing in bed!

you're already three months pregnant. He's been holding it in for three months. If you tell him to hold it in again, what if he can't help but mess around?"

"Has dad ever done anything reckless?" Gong mo asked in a low voice.

“He won’t!” Mother Ling patted her on the head. Aiyaya, if only your dad was still around. How could nanxuan marry you so easily? You actually got pregnant first! Even if your father is a pen-wielding man with low combat strength, he will definitely beat him up until he cries for his parents!”

Gong mo looked at her quietly and suddenly asked, ” “Mom, do you want to find another partner?”

Her mother’s face darkened and she said with a straight face,”I’m already in my forties, what’s there to look for? In the past, he wanted to find one because he was afraid that he didn’t have the ability and couldn’t give you good food and drink. You’re married now, so you don’t have to think about this.”

“Don’t you think about yourself?” Gong Mo’s heart ached for her and he cried, ” you’ve always been alone. Yingluo can’t be alone in the future, right? You don’t even have a companion, Yingluo.”

“Why am I alone? Don’t I still have you? What, you’re not going to support me? Are you going to kick me out?”

of course not! Gong mo sobbed. I’ll take care of you! But I’m afraid you’ll be lonely.”

Chapter 130

130 Compensate me?

“If you don’t chase me away, I won’t be lonely anymore.” Her mother said, ” in the future, I’ll cook for you, take care of our children, go square dancing, and meet a few new friends. Won’t life continue then?
”

...

mom! Gong mo buried himself in her arms and cried.

She just felt guilty and heartbroken that her mother had never lived a life of her own and had given her all her life for her. Even if her mother was no longer young, she still hoped that her mother could have a wonderful Life. She would no longer live for her, but for herself.

“Why are you crying?” His mother pushed her away. don’t cry, it’ll affect the child! If you cry the moment I arrive and Nan Xuan finds out, he’ll blame me.”

he won’t! Gong mo wiped away his tears.

“Hmph, he will! He loves you so much!”

.....

Sheng nanxuan went to work, but he did not leave the building he lived in. He went straight downstairs to find the chef.

In order to prevent his mother from finding out that he and Gong mo were lying to her, he decided to learn a few good dishes. Anyway, he learned how to cook this dish for Gong mo, so he didn’t lose anything.

He couldn’t help but look forward to seeing Gong mo eat the food he had prepared.

If he had known that this would happen, he would have maxed out his culinary skills in the next few years and never let Gong mo eat other people’s cooking again! How wonderful it would be to eat his cooking ~

Well, it’s not too late to start now.

Sheng nanxuan decided that it was not enough to learn a few dishes. He would learn as much as he could! I’m going to cook for my daughter in the future ~ if it’s a son, then forget it, let him learn it himself!

At 5:30 in the afternoon, Sheng nanxuan went home with his briefcase.

His mother was already preparing dinner in the kitchen. He walked over and greeted her, “Mom, I’m back.”

“You’re back?” Her mother smiled. you’ve worked hard. Take a rest and I’ll call you when it’s time to eat. By the way, Momo is in the study.”

“Alright,” he said. Sheng nanxuan smiled. He loosened his tie and went to the study to find Gong mo.

As soon as he approached Gong mo, Gong mo wrinkled his nose and asked, “You’re back? Why do you smell like oil and smoke?”

“You can smell it?” Sheng nanxuan put down his briefcase and sniffed his clothes. He had clearly taken off his coat when he was cooking.

“What did you do?” Gong mo asked in confusion.

“I’m learning how to cook at the chef’s place downstairs.”

Gong Mo’s eyes widened in shock.

Sheng nanxuan smiled lovingly and kissed the tip of her nose. “Didn’t you say that I’ll cook for you every day? I can’t quit just because mom is here, right? I’m going to learn a few moves so that I can show off in front of mom to avoid being exposed.”

“This Lao Ai is giving you too much trouble,” Gong mo looked at him, touched.

How could such an amazing person like him cook? In the end, it was all for her sake.

“If you feel like you owe me, why don’t you compensate me?” Sheng nanxuan looked at her with a smile.

Gong mo rolled his eyes at him and said, “kiss you?” Good!”

After she finished speaking, she kissed him on the cheek.

Sheng nanxuan was stunned. He did not expect her to be so straightforward today. He was so happy that he picked her up and spun her around in the room.

ah! Gong mo shrieked. what are you doing? " Let me down!"

Sheng nanxuan placed her on the desk, lowered his head, and smiled. I've made such a huge sacrifice for you. I'm even willing to cook for you. How can a kiss be enough? "

"You want three?" Gong mo glared at him.

"No," he shook his head. I want to love."

love ... Gong mo choked. love your head!

"It seems like you understand." Sheng nanxuan wrapped his arms around her waist and moved his hand to her lower abdomen. the child is almost three months old. I won't forget.
