

Ditsy Wife 1281

Chapter 1281: Live together? in your dreams!

Tong Siyao choked and pushed him away.

...

He took two steps forward and looked at her.

She snorted and followed him in, fuming.

A few minutes later, the two of them entered a house. Sheng Yiting hugged her from behind and stuffed the key into her hand. "I'll be living here from now on. If you want to find me, just come over."

Tong Siyao held the key and asked with a dark face, "Are you going to provide for me?"

"Of course not." He rubbed his face against hers. we're lovers. Isn't it normal for you to have the key to my place? If you can move in and live with me, that would be the best." you wish! Tong Siyao laughed and pouted.

Sheng Yiting kissed her happily and pulled her into the living room. you should rest first. I'll make you dinner.

In the Sheng family, there were only three people at the dinner table.

Sheng shuangxue asked, 'brother, are you not coming back? Why hasn't he come back for dinner recently?'

"Dating is a must," don't bother about him. He's helping you to woo sister-in-law, Gong mo said.

Humph! Sheng shuangxue pouted in dissatisfaction. She didn't care about her sister-in-law.

"I heard that he had his house cleaned up," Sheng nanxuan said to Gong mo.

Gong mo was stunned, "no wonder I feel like I'm missing something from him." Could Yingluo be living with Siyao?

"I don't think so. He wanted to ask for her consent. You girls are not that easy to fool!"

"That's still on the way," Gong mo couldn't help but laugh.

"What do you mean?" Sheng shuangxue was shocked. Brother won't be coming back in the future?

sister-in-law.

Sheng Yiting went to pick Tong Siyao up from work almost every day. He wanted to take her to his place after dinner.

How could Tong Siyao be willing? He didn't have his own things, so it was inconvenient for him to change his clothes.

Sheng Yiting bought a set of her things and a few sets of clothes for her to use.

This made Tong Siyao angry.

She didn't like him spending money on her and felt that she was really his mistress.

She decided to ignore him and play with ye Zi after work.

Sheng Yiting had no choice but to apologize to her. He would not be so crazy in the future and spend the night with her every few days to give her some space.

After a period of time, the two of them got used to it.

He still picked her up from work every day and spent the night at his place two or three times a week.

Not long after, Tong Siyao's colleagues all knew that she had a rich boyfriend. Even people from other companies in the office building knew.

Tong Siyao was a little scared. If they knew that that person was Huan Mo's Crown Prince, she didn't know what would happen.

Thinking of this, she was suddenly stunned, everyone should have seen the Crown Prince before, right? Outsiders might not have seen it, but how could the people working in Huan mo building not have? Sheng Yiting worked from nine to five like any other employee.

No, with his routine, no one should know his identity. Before this, she had thought that he might have hidden his identity and started from the bottom.

Speaking of which, they had been dating for half a year, but she still didn't know what he was doing.

After work, she asked him, "where do you work?" I've never seen you in the building.

"I don't work at my dad's company," Sheng Yiting smiled. It looks like you don't care about me. You don't even know this."

"You didn't say anything! Of course, I thought you were working at Huan mo.. Who asked you to be the Crown Prince?"

Chapter 1282: Are you under a lot of pressure to be Madam President?

Sheng Yiting took out an identification card from his briefcase and said, "I work in the Congress. I'm a member of Parliament."

...

Tong Siyao was about to take it, but she froze and looked at him in surprise.

"You didn't expect this, did you?" he laughed.

Tong Siyao was stunned. She quickly nodded and took the ID card.

Sheng Yiting started the car, and she remained silent beside him.

"What's wrong?" Sheng Yiting asked, puzzled. Why aren't you saying anything?

"I'm Yingluo, I'm quite surprised." Tong Siyao picked up his briefcase and put the ID back. I've been thinking that you went to pick me up so many times, but the employees of Huan mo didn't recognize your car and didn't know that the person in the car was their Crown Prince. Could it be that you hid your identity and became a low-level employee?

"Haha, Yingluo's idea is not bad."

Tong Siyao pursed her lips and smiled. She took out her phone and played with it, not saying a word.

After they arrived at the restaurant, she ordered some food, but she was a little absent-minded.

"What's wrong with you today?" Sheng Yiting asked, puzzled. You're so sick, did Yingluo do that?"

Tong Siyao didn't say anything. After the dishes were served, she asked, ' "You're working in the Congress, are you going for a political career? Where do you want to go in the future?"

"What do you think?" he blinked.

what? " Tong Siyao looked at him. you're not going to be the president, are you?

That was for sure!

The current presidential candidate was largely decided by Sheng nanxuan. If he could, Sheng nanxuan would definitely support him. To Sheng nanxuan, nepotism was not a problem as long as he did not let the fertile water flow into other people's fields.

"If I had the ability, I would do it," he said humbly.

Tong Siyao paused and didn't say anything. She was a little confused.

She hated politicians and wanted to stay away from them for the rest of her life. She didn't even want the lowest-level civil servant when she chose a man!

In the end, Sheng Yiting told her that he was going to be the president in the future.

Back then, it was that President who was so belligerent that he killed her father!

She knew that she shouldn't have vented her anger on them, and she shouldn't have killed everyone with a stick, but she had the right to hate them! Just like how he hated cockroaches and rats, it was understandable for him to hate certain people.

And she hated politicians!

“What’s wrong?” Sheng Yiting asked worriedly. When he saw her expression, he laughed. is it because you’re stressed about becoming the president’s wife in the future?

Tong Siyao came back to her senses and glared at him, “ Quickly eat!’

Sheng Yiting was taken aback, but he nodded.

After the meal, she was in a much better mood, but still different from usual.

“What’s wrong with you?” Sheng Yiting was worried. Something’s not right after you found out where I work. You don’t like me going down the political path?”

“No, I didn’t!” Tong Siyao quickly denied it. She didn’t expect him to see through her thoughts so quickly. She thought for a while and said, “ I just thought it was too sudden. If you really want to go down the political path, how can I keep up with you? I don’t seem to have any political awareness.”

Sheng Yiting heaved a sigh of relief. He thought something big had happened.

He held her in his arms and comforted her, ‘ “I’m fine. I’ve only just started on this path too. Let’s work hard together.”

Tong Siyao smiled and hugged him tightly, “good Yingluo.”

She closed her eyes, not knowing what to do, but for now, this was the only answer to make him feel at ease.

If she had known that he worked in Congress when she first met him, she would not have considered dating him at all.

But now that they were together, and she liked him so much, how could she give up on him for such a ridiculous reason?

Chapter 1283: No matter how busy you are at work, you have to create passion

She hated people in the political world, but it was all because of Tong Yuan's death. In fact, Tong Yuan's death was definitely due to the wrong decision made by some people. However, politics had always been all about games, and it could only be said that the people on the other side who didn't want to fight lost.

...

So, there was no reason for her to hate them.

It was just that she couldn't accept Tong Yuan's death, so she stubbornly found a place to vent her hatred.

He should have changed, she thought. She couldn't hurt Sheng Yiting for such an inexplicable reason.

Tong Siyao spent a lot of time adjusting her state of mind and emotions. During that time, she did not tell Sheng Yiting what she was thinking.

Sheng Yiting could clearly feel that she was in low spirits recently and was not enthusiastic about him.

Could it be that Yingluo did something wrong?

She didn't answer when he asked her, which made him even more nervous. Sometimes, he couldn't help but be impatient.

He carefully thought about what happened before and after she changed her face and realized that it started when he worked overtime.

Because of the election, he had been getting busier and busier. He didn't spend as much time with her as before. Was it because of this?

Sheng Yiting felt helpless. She had always been independent. How did she become so weak?

It was wrong! She wasn't a clingy person, so she shouldn't be angry about this,

However, she could be quite clingy sometimes. For example, when they had just started dating, when they had just had sex.

It seemed that after a while, her enthusiasm had cooled down.

He counted on his fingers and realized that she had been passionate for two months when they were dating. It had been more than two months since Yingying had sex for the first time. Was she cooling down?

So that was how it was!

Sheng Yiting would never allow such a thing to happen!

No matter how busy she was at work, she had to make time to create passion. He didn't want her to cool down. Otherwise, if the temperature continued to drop, wouldn't it drop to zero?

Sheng Yiting looked at the time. It was her birthday next week, so he had to decorate the place.

A week later, Tong Siyao's mood was almost adjusted. Sheng Yiting could feel that her enthusiasm for him had returned a little. In addition to the birthday program, it should be even more lively, right?

On Tong Siyao's birthday, she asked Ye Zi to have dinner with her.

Ye Zi was now working as an entertainment reporter for an entertainment

magazine. She was very busy every day. In the morning, she had to write articles in the office, and at night, she had to go to nightclubs and hotels to dig up scandals about public figures.

Tong Siyao and Sheng Yiting waited in the dining room for a while before she rushed over with her camera.

I'm sorry, I'm sorry, Wanwan, " ye Zi said. I'm late.

"It's fine." we just ordered, " Tong Siyao said. you came just in time.

Ye Zi glanced at Sheng Yiting and smiled. "Actually, it's better if I didn't come. I don't want to disturb you."

"It's good that you know." Sheng Yiting said.

Tong Siyao frowned and patted him. She said to ye Zi, " "Just ignore him!" of course! ye Zi nodded. I'm definitely going to be the third wheel today.

Sheng Yiting sneered and took out his phone to play.

Ye Zi threw a peanut into her mouth and asked, " young master Sheng, when are you going to create some scandals and let my career shine?

Sheng Yiting looked up at her and pointed at Tong Siyao. "You want a scandal?

This place."

"She's a scandal?" ye Zi blinked.

"It's good that you know." He said, " if there's really a scandal, don't forget to explain that she's my real girlfriend. Ye Zi looked at Tong Siyao. Tong Siyao said seriously, "No!"

Ye Zi sighed in disappointment..

Chapter 1284: I want to give you a surprise

if you're denied the chance to interview someone in the future, you can ask me for help. Sheng Yiting smiled.

...

Ye Zi cupped her hands and bowed to him, " "Then I'll remember your words.

Don't go back on your word in the future."

"With Yaoyao around, how can I go back on my word?"

"Yaoyao?" Ye Zi pretended to vomit. you guys are so nauseating! But your Yaoyao has been staying out all night recently, so you really dont dare to go back on your word."

Sheng Yiting looked at Tong Siyao suggestively, and Tong Siyao blushed. When she saw the waiter carrying the dishes over, she said to ye Zi,""Here's the food. Take a look and see if it suits your appetite. If you dont like it, add more."

Ye Zi smiled slyly. fine since you've bribed me with delicious food, I'll only eat and not say anything. With only a mouth, I'm really lacking in clone techniques!

After the dinner with ye Zi, Sheng Yiting left with Tong Siyao.

Tong Siyao drank two glasses of wine and felt a little dizzy. After getting into the car, she closed her eyes and leaned back in her seat.

She had not opened her eyes when Sheng Yiting stopped the car.

He thought she had fallen asleep, so he tried to call her, " "Yaoyao?"

MMH, " Tong Siyao mumbled.

Sheng Yiting knew that she was still awake. He got out of the car and opened the door for her. "We're here, come."

He took her hand, and she got out of the car with her eyes closed, leaning on his shoulder.

He couldn't help but smile and kiss her on the cheek. "Little lazy pig." you're the one-" Tong Siyao opened her eyes in shock.

This was not where he lived.

Sheng Yiting smiled without a word and held her hand as they walked in.

This was the tallest building in the capital, with more than 90 floors. There were business offices, hotels, and sightseeing places inside.

Sheng Yiting led her into the elevator and turned around with his back to the door.

"What?" Tong Siyao was confused.

good girl. Sheng Yiting covered her eyes with his hand and kissed her on the cheek. close your eyes first. I want to give you a surprise.

Tong Siyao was helpless. She was not interested in surprises, but since her boyfriend was so thoughtful, she had to cooperate.

She obediently closed her eyes. I did.

Sheng Yiting released his hand and saw that her phone was indeed closed. He then pressed the floor number.

The elevator moved slightly and began to rise, but nothing else happened After a while, Tong Siyao asked in confusion, "Have we arrived?"

"Don't worry, I won't sell you off." Sheng Yiting said.

Tong Siyao's heart skipped a beat and she muttered, "That might not be true." "What did you just say?"

"I've read a novel before. On the female lead's birthday, she was tricked into a hotel by her beloved boyfriend. Just like what we're doing now, the boyfriend said he wanted to give her a surprise, and the two of them went into the room. In the end, the boyfriend ran away, and the female lead was violated by someone else."

Sheng Yiting broke out in a cold sweat and said, "what kind of novels are you reading?!"

Tong Siyao chuckled, her eyes still closed. She reached out to pull him and said in a sweet voice, "I'm not afraid. I don't care who you are or how much I like you. If you dare to treat me like that, I'll call the police. I don't believe that you can do whatever you want."

you won't be sad if I let you down, will you?" Sheng Yiting asked after a few seconds of silence.

"You let me down. I'm already very miserable, why should I be sad? If you don't care about me, won't I be sad for nothing? If I'm sad when you like me, you'll be sad too. That's the only way to be useful."

"Yes." Sheng Yiting covered her eyes with his hands again.

"Have we arrived?" she asked.

"We're almost there,"

"That long? Don't tell me you're going to the top floor?"

"If I push you down from the top floor, will you be afraid?"

Chapter 1285: You're not willing?

Tong Siyao was shocked and said, "how can I not be scared?" I'll be so sad." "Didn't you say you wouldn't be sad?" Sheng Yiting could not help but laugh.

...

but, ran ran, " Tong Siyao said in a low voice. I like you so much. How can I not be sad?

Sheng Yiting kissed her neck and sucked hard.

Tong Siyao gasped and fell in front of him.

He said, "if I let you down, you should be like what you said. You shouldn't be sad. You shouldn't be sad. You should seek revenge from me." I really like you now, do you know that? No one is allowed to bully

you, including myself. So, if I change in the future, the future me will be the current me's enemy. You should be blunt to him and leave him no room for emotions. But Yingluo, my dear wife, I will love you this much for the rest of my life, and my heart will never change." Tong Siyao moved and wanted to turn around to look at him.

He pressed her head tightly with his hand that covered her eyes. The floor shook slightly at this moment, and with a ding, the elevator arrived.

Sheng Yiting kissed her ear and covered her eyes with his hands. be careful.

He took her out of the elevator. Tong Siyao took two steps in fear and said, "Don't be like this, it's not smooth when you walk. You hold my hand in front, I won't open my eyes. I only opened my eyes when you told me to."

"Alright," he said. Sheng Yiting let go of her and held her hand as they walked forward.

She couldn't sense her surroundings, and she couldn't even tell the direction, so she just followed him.

When she reached a place, she seemed to hear the sound of a door closing. She guessed that she had reached her room.

Her heart skipped a beat and her face turned red.

Could it be that he had booked a room in the hotel, decorated it with flowers and wine, and wanted to indulge with her for a night?

Thinking of this, Tong Siyao became anxious. She still had to go to work tomorrow. How could she get up if she indulged herself?

At this moment, the ground began to move.

She heaved a sigh of relief. It seemed like she had entered the elevator again.

However, it was inevitable to indulge in the dark night.

Thinking of his gentleness and passion, she suddenly looked forward to it again, and her breathing became a little unsteady.

“It’s done.” open your eyes, baby, ” Sheng Yiting said suddenly.

Tong Siyao opened her eyes and screamed in fear.

Sheng Yiting quickly hugged her and comforted her. “Don’t be afraid, I’m with you.”

“This Yingying really won’t fall down?” Tong Siyao asked, worried.

“Even if we fall down, we’ll still be together. Are you not willing?”

“Oh my God, I haven’t lived long enough.” Tong Siyao’s face was bitter. I still have a lot of things to do. I can’t bear to die now. If I’ve lived long enough and you’re still willing to die with me, that’ll be great. I’m just afraid that by then, you won’t like me anymore.”

“Nonsense!” Sheng Yiting pulled a long face.

“How is that nonsense? Feelings can go from nothing to something, and they can also go from nothing.”

“Are you ready to go from having to nothing?” Sheng Yiting asked seriously, a little displeased.

Tong Siyao was stunned. She threw herself into his arms and hugged him tightly.”Of course I hope there will always be, more and more mayflies.”

“Then don’t think about those unnecessary things.” He sighed softly and helplessly.

This girlfriend of his was not as romantic as other girls. She was often unromantic and was simply like a man!

Tong Siyao raised her head and asked worriedly, "You're angry? I'm sorry, I'm just like that. It's not that I don't like you, it's just my personality." "Of course I know." He kissed her. If I were you, I'd be so angry that I'd die..

Chapter 1286: are you feeling more at ease

Tong Siyao looked at him innocently.

...

"Sometimes, you really don't know how to flirt," he said.

Tong Siyao snorted and turned her head away. If you have the ability, then go find Xie Feng!

"But sometimes, she's quite cute." Sheng Yiting laughed and deliberately looked down at her suggestively. just looking at me makes me want to do it.

"Aiya!" Tong Siyao hit him shyly and turned around to look around.

They were standing in a small room with transparent glass, and this room was completely suspended in the sky. It was on the top floor of the tallest building in the capital!

At a glance, she could see half of Beijing. Tong Siyao's legs couldn't help but go weak.

He was also standing on glass, and when he looked down, he could see the high-rise buildings below. He felt as if he was in the clouds, and he did not feel like he was standing on solid ground at all, afraid that he would fall and break into pieces the next second.

She bit her lip and turned around to hug him tightly after a while.

“Are you afraid?” Sheng Yiting burst out laughing.

“You’re still talking?” Tong Siyao raised her head fiercely. Her voice couldn’t help but tremble. It’s all your fault! What are you doing? It’s so scary, Yingluo.”

“Don’t be afraid.” Sheng Yiting said, I can see farther from here. Don’t look at your feet, look in front.”

Tong Siyao timidly raised her head and looked ahead.

The higher you stand, the further you can see. It was a wise saying. She had no idea where the end of the world was.

It’s a good thing there’s no fog today, she couldn’t help but laugh. Otherwise, I wouldn’t be able to see anything.

Sheng Yiting smiled and hugged her from behind. ‘You’re not afraid?’

“How can I not be afraid?” Tong Siyao complained. She reached out to grab his wrist, slowly looked down, and moved her feet.

“Don’t look.” Sheng Yiting said hurriedly.

It’s okay, Zhenzhen. Tong Siyao calmed herself down and smiled. It’s not that scary with you by my side.

“Yeah, I don’t dare to come when I’m alone.” Tong Siyao was shocked and asked in disbelief, “You’re afraid too?”

“It’s too high,” He didn’t hide anything.

“Then why did you bring me here?” She pouted.

“When two people are together, they will become fearless and can challenge things that one person can’t do.”

Tong Siyao’s face turned red and she leaned into his arms.

At this moment, they seemed to be the only two people in the world. If he really died, it would be fine. Wasn’t it just death? What was there to be afraid of? It was good that he was still here.

The glass box moved slowly. Tong Siyao raised her head and said in surprise, “It’s going in circles around the building?”

“Yup,”

“Won’t we be able to see the entire capital?” Tong Siyao was even more surprised. it’s a good sightseeing design, but it’s too dangerous. There must be people who don’t dare to come.

“Maybe he’ll find a partner and rush over?” Sheng Yiting said with a smile.

Tong Siyao was stunned. She nodded. that’s true.

“Take a seat.” Sheng Yiting said.

There was a glass table in front of them with roses, champagne, and a few Western dishes.

The two of them sat down. Tong Siyao couldn't help but look down. Her feet trembled, and she quickly pulled on his sleeve.

Sheng Yiting was pouring wine and almost spilled it.

He looked at her in confusion, and she said aggrievedly, "It's not as safe as other places."

Sheng Yiting held her hand and asked, "Does this feel more grounded?"

Tong Siyao nodded. She took a bite of the heart-shaped chocolate and gave the rest to him.

He bit the chocolate and took the opportunity to bite her finger.

Tong Siyao felt her fingertips heat up and immediately pulled back. She glared at him with a red face.

He smiled and passed the champagne to her.. He clinked his glass with hers and said, "cheers! "

Chapter 1287: I had a Lion as a pet

Sheng nanxuan received a call from the presidential palace and rushed over.

...

When she arrived at the office, in addition to the president, the people from the intelligence Bureau and the Ministry of Defense were also there.

Everyone sat around the Round Table, and the LED screen on the table displayed an electronic map.

One of them pointed to a point on the map and said to Sheng nanxuan, "According to the information we've received, Yao Lei is currently being held on this Island. This Island belongs to Country M, but our intelligence personnel only came to this island after joining the military department of country j. We suspect that J-country's military department is just a cover, and that they're colluding with M country."

"The island is divided into two parts. One is a military base, and the other is a sanatorium built for Yao Lei. The people inside lied to Yao Lei that it was a sanatorium in China and wanted him to hand over the aircraft carrier blueprint and everything in his head!"

"We can't attack this position by force, or it'll be an invasion! Even if you want to outwit them, you can't send our own people. Otherwise, once we're discovered, it'll easily cause international disputes."

"What are your plans?" Sheng nanxuan asked.

"Mercenaries." The Minister of Defense said, although it's a little embarrassing for a country to ask for mercenaries 'help, this is the best way. Mercenaries don't work for the government. They work for money, as long as we spend money. Even if M Nation and J nation find out, even if they guess that we're the instigator, there's no evidence." then let's find a reliable mercenary team, Sheng nanxuan said. I'll leave this to you. Don't be stingy with the money. You must save Yao Lei safe and sound.

After Sheng nanxuan left, the president said, we must choose the best mercenary team. I will talk to their person-in-charge personally.

the best mercenary team now is a team of six people, led by a woman, Yingluo. the Minister of Defense clicked on the screen on the Round Table, and a woman's photo and information appeared.

The woman was of the West Asian race. She had long flaxen-colored hair, wheat-colored skin that was shining, and muscles that were faintly visible under her tight skin.

Her eyes were unruly, her appearance was cold, and her beauty was breathtakingly beautiful. However, the 'achievements' shown in the data were frightening.

This was a rose that bloomed in blood. The more blood it bathed in, the more thorns it would grow.

‘Codenamed Queen, real name unknown, ranked number one in the mercenary world, raised a Lion as a pet, and is the nemesis of the boss of the dark shadow, King. He has five teammates who went through life and death with him, two of whom are Chinese.’

The photos flashed by one by one, revealing five of Queen’s comrades, four men and one woman. The woman was Caucasian and had an alluring look, completely different from Queen’s. She was like a stunner. As for the remaining four men, one was a West Asian like Queen, one looked like a mixed Chinese and white, and the other two looked like Chinese, probably because their nationality was Chinese.

The president looked at their information and frowned slightly.

These few people were quite good-looking. Were they really mercenaries who had fought a bloody battle and not artistes from the entertainment industry?

‘Contact them,’ he said after a moment of silence.

In the jungles of South America, far away from the city, there were all kinds of animals and plants. If a person were to enter this place, every step they took could cost them their lives.

A brightly colored snake was lying on a branch, sticking out its tongue lazily. A figure flashed in front of it. It suddenly straightened its neck and hissed, ready to attack.

A few more figures flashed by. It targeted one of them and rushed over. Just as it got close, there was a flash of light and its body flew back..

Chapter 1288: I’ll take 30 billion

A little blood splattered, and the snake's body fell back onto the branch, hanging there. The snake's head had already flown off somewhere.

...

The people who passed by had all disappeared.

Not long after, gunshots were heard from the forest.

After a few gunshots, everything returned to normal.

Near a small wooden house, Queen hid behind a stone and held the headset on her head. "Silver Fox, get ready to rescue them. Chameleons, cover them. Wolf King, blow up this place! Neo and Angel, look out for a way out!" okay. everyone's relaxed voice came from the headphones.

Queen raised her gun and aimed ahead.

After a while, an enemy appeared in his line of sight.

She kept her gun on the other party until she heard Silver Wolf's voice. "Done!"

She pulled the trigger and killed the enemy.

In the next second, gunshots were heard.

Queen flipped over the rock and walked towards the cabin.

The others also appeared, and everyone was successful in every endeavor.

Their eyes were red from killing, and they forced the enemy to retreat step by

Amidst the gunshots, Neo's voice came from the earpiece, I ' "There's business,"

"It's going to be the new year in a few months. Can't we start work next year? After I'm done with this, I'm going back to see Shisi." Queen said lightly.

I want to get a boyfriend Angel yawned lazily.

Silver Fox said with a smile, "you can come to me"

"You can also come to me," the wolf King said calmly.

Angel tutted, obviously not interested.

"Are you looking for me?" the chameleon asked in horror. That won't do, I only like men."

"Three billion!" Neo suddenly said.

The few of them were stunned. Then, Silver Fox whistled and said excitedly, "Then the six of us can each get 500 million?"

"That depends on the currency." Queen said lazily.

"HNY." Neo said.

Queen was taken aback and raised an eyebrow. "A buyer from China?"

"Yes."

there aren't many people in China who can afford this price, the Queen said as she stroked the gun, thinking of the man known as the night God. According to reliable sources, he had the final say in who the President of China was.

"The National Treasury will pay." Neo said.

hehe, hehe, Queen laughed. tell them, I'll take it for 30 billion!

Everyone fell silent. Then, the wolf King sighed. "You're too ruthless!"

"Ruthless?" Queen said coldly, if it weren't for the money, I wouldn't have gone to China in my life.

In a Natural Park in Africa.

Several expensive off-road cars stopped at the entrance. Queen and the other five jumped out of the cars one after another and walked into the park.

The staff members were very familiar with them, especially Queen. Miss Judy, he said to Queen, No. 14 has a good appetite today. He just had dinner and was sunbathing on the grass.

"How much longer can it live?" Judy sighed.

we can't be sure about that. Its age is almost at the highest recorded age.

Judy nodded, got on the grass-covered carriage, and drove towards the grassland.

Soon, they saw a Lion lying in front of them.

The lion raised its head and looked at them. After a moment, it stood up and stared straight in their direction.

Judy smiled. This was fourteen, the fourteen who had entered old age.

Unknowingly, he had accompanied her for more than twenty years.

“Stop,” he said. Judy said.

Her grass-action vehicle stopped, and the other vehicles behind it also stopped.

As soon as she got out of the car, No. 14, who was in front of her, let out a long hiss and ran towards her.

She walked over with a smile. Fourteen ran a few steps, slowed down, and staggered over.

She ran over, knelt on the ground, and hugged it. It rubbed against her arm with a gentle expression..

Chapter 1289: Stop after this job

Hi! Angel, who had an angelic face and a devilish body, walked up from behind and greeted it.

...

It suddenly arched its body, ready to attack. Its eyes were full of hostility, and its mouth made a Hulu Hulu sound.

Oh Angel took a step back, feeling hurt. fourteen doesn't like me.

Silver Fox and the rest had to stop. Silver Fox said, "It's the perfume on your body that's too strong."

Fourteen only listened to the Queen. Although she would not bite them to death, she had never liked them.

However, fourteen was in the prime of his life and had gone through life and death with them. There were a few times when they were only able to survive thanks to fourteen.

Although fourteen didn't like them usually, he still cared about them at critical moments. Therefore, they had special feelings for him.

Judy hugged fourteen and stroked his messy fur. "I'll stay with you for a few days, then we'll go to China. Do you remember China? Back then, master and I went there together. In the end, I came back, but he came back with his ashes."

Judy closed her eyes. She had always been fierce, but now she showed a rare weakness. In her life, the people and things that she had always been concerned about were her master and the fairy who had saved her from the dark shadow.

However, the fairy had already disappeared, her master had left, and fourteen had also aged.

He hoped that the brothers behind him who had gone through life and death could have a good end.

She smiled and patted fourteen's head, "Maybe I'll only return with ashes this time."

"Judy!" His teammates behind him were shocked.

The Chinese man with the codename neo said, "Don't say such inauspicious things!"

"I have an idea," Judy said as she stood up and looked at them.

“What?” The five of them asked in unison. Fourteen also raised his head to look at her.

She said, ‘I if we succeed, we can each get five billion. We can’t spend it all in this life. Why don’t we stop here? ‘I In any case, I’m not young anymore, it’s time for me to live a peaceful life.”

In their line of work, they lived off their youth. Although they could barely work until they were old, they wouldn’t really do this for their entire lives.

She was already in her thirties. Instead of continuing to fight and kill, she might as well change to a life she had never lived before.

Alright, alright. the chameleon frowned. but can we talk about this after we finish? It feels like I’m raising a flag if I say it now.”

In TV shows, movies, and novels, those who said stop after finishing this job all died on the way to the job.

Judy laughed. alright, let’s take fourteen to little fourteen!

Little fourteen was the son of fourteen. There was once when fourteen was injured. Judy thought that since fourteen had never pursued wealth and was indifferent to fame and fortune, she should leave him an heir. Hence, he had it find a lioness and give birth to a nest of Cubs. There were three children in a nest, but only little fourteen survived.

Little fourteen was now seven years old.

Lions could only live for 20 or 30 years at most. When Judy thought of sending away Shishi and sending him off in the future, she felt that giving birth to him was asking for trouble.

If he didn’t let fourteen give birth to little fourteen, he could avoid a life and death separation.

Judy and her teammates entered China several times, and she was the last one to arrive.

On the day of her arrival, the disguised chameleon and several Chinese agents in plain clothes came to pick her up.

When they arrived at the hotel, the agent asked, "I wonder when Miss Li can meet our president?"

Chapter 1290: Give him to us alive

"I'm looking at you." Judy said.

...

She had used a fake identity this time. Her surname was li on her passport, so everyone called her Miss Li.

They knew that her and her teammates' identities were fake, but there was nothing they could do.

Although mercenaries weren't like killers, who would change their identities every time they went to a place, they would still prepare a few identities in case of emergencies. This time, they had clearly done it on purpose

However, their code names would never change.

For example, Judy's codename was Queen. The mercenary world, the assassin world, and even the intelligence organizations of various countries all marked her as Queen and used this name to create information files for her.

Judy rested in the hotel for two days. On the morning of the third day, while she was still sleeping, Angel pulled her blanket away. "Your Majesty, get up!" Judy opened her eyes and saw Angel's big breasts hanging over her head.

Angel's name was Angel, and her code name was Angel. She had an angelic face, a devilish figure, and the most eye-catching thing about her was her big breasts. She looked pure and flirtatious when she dressed up, and Judy thought she was far inferior to her.

She reached out and pressed her hand on Angel's chest, pushing her away. Angel clutched her chest and screamed. you're taking advantage of me?!

"What is it?" Judy got up lazily. the President of China is here, Angel said softly. he wants to discuss the details of the business with us.

Judy took a deep breath. 30 billion! she said. I feel so refreshed.

She changed her clothes and walked out of the room, only to see a few strangers in the living room.

This group of people was proficient in many languages. Chinese was popular all over the world, so they usually communicated in Chinese. Now, it was natural for them to use Chinese to talk to each other.

After the introduction, the other party was the president and Defense Minister of China.

Judy couldn't help but wonder what kind of mission it was.

After sitting down, the Minister of Defense took out a map. "This is the mission location-" that's right. Judy's eyes narrowed. that's M Nation territory.

"You know?" The defense minister was surprised.

This was a military location in country M. It wasn't on the ordinary maps of Country M, and China had spent a lot of effort to figure it out.

Judy leaned back on the sofa and started filing her nails. "If I don't have any ability, how can I be a Queen?"

The Minister of Defense smiled and took out a detailed map of the island.

The details were not absolute. It was collected by the intelligence personnel and marked the general layout of the island, as well as the general route from the outside to the location where Yao Lei was being held.

It was better to have a rough route than nothing. He believed that if Queen and the others were on land, they would definitely have their own ways to find the right place.

“Your mission is to save a person called Yao Lei.” The Minister of Defense took out a photo of Yao Lei when he was young. this is how he used to look like. I wonder how much he has changed.

“I’ll make the judgment.” The chameleon was an expert at disguising himself. If someone disguised themselves as Yao Lei, he would be able to tell.

Yao Lei Judy asked. what’s his relationship with the aircraft carrier?

I think you’ve already guessed it, the president said. you have to hand him over to us alive.

Judy pursed her lips and thought for a while, then said, this mission is very dangerous. If we don’t handle it well, al]. six of us will die there.

“How much more do you want to add?”

Judy wagged her index finger. I don’t want the money. I’m afraid I won’t be able to finish spending it. If we’re all dead, just collect our bodies. If there’s anyone alive, you guys won’t be needed..”
