

Ditsy Wife 1411

Chapter 1411: the power of the devil

"I've already eaten." His face was filled with sorrow.

"Then let's go." Xin Rong said, "forget about being an assistant. He's so handsome, I'm afraid I can't control myself."

As a woman who had just had her first taste of sex, she had a great curiosity and a desire to practice!

However, as the heir of the Gambino family, Simon was so silly when he spoke, and he was probably very fierce when he spoke. She had better not anger him at this time.

Such a cute guy, he had to take good care of him! For the time being, he would not consider opening a harem.

let's go, let's go! Simon waved at the two and pulled Xin Rong into his new sports car.

Xin Rong chuckled. The more he looked at him, the cuter he became. He had almost forgotten that he was the heir to the Gambino family.

"Where to?" Simon started the car and asked.

"The company. Sister Qian got a few more scripts, I'm going to take a look."

"Aren't you going to film the drama about Wanwan, the one about solving a case?" I'm really sorry for my cousin. I can't even remember the name of the book she wrote.

"It's not my turn yet." Xin Rong said, " I'll only join the crew next month.

Simon nodded and suddenly looked at her. He asked carefully, " "Why don't I invest in a show for you? You're the female lead?"

"I'll see when I see a good script."

"Alright!" Simon was immediately excited.

The fact that his goddess had agreed to his request meant that he had a different status in her heart! Otherwise, with her Valiance, why would she rely on others?

When they arrived at the Huan mo building, Simon asked Xin Rong,"I'll go in with you."

"This is not a Dragon's pool or a Tiger's Den." Xin Rong said.

well, I thought you didn't have an assistant. Simon's eyes lit up. If you're afraid that you can't control yourself, then I'll be your assistant. It's fine if you can't control yourself."

Xin Rong rubbed his chin and thought for a moment before nodding. She was definitely the most valuable assistant in the world! It would be a waste not to use it!

When she agreed, Simon jumped out of the car excitedly, ran over to help her open the door, and asked her to get out. "Queen, please

Xin Rong smiled and looked at him with curved eyes. As he got out of the car, he kissed him on the cheek.

Simon was stunned and looked up at her.

"Do you want to meet tonight?" she asked softly.

Simon reacted and hurriedly said, "let's make an appointment!" I've already changed my hotel, do you want to come to my place tonight?"

"Sure," Xin Rong let go of his hand and walked into the building.

He walked into her office and saw Chen Mei and mifei sitting on the sofa. They looked excited as if something good had happened.

Xin Rong raised an eyebrow and looked at Lei Xi.

they took the subway when they came back yesterday, " she said with a smile.

some netizens took a picture of them and posted it on the internet. They're very popular now.

Xin Rong, Chen Mei, and Mi Fei looked over.

Both of them laughed. Chen Mei couldn't hide the smugness in her eyes, but Mi Fei was a little embarrassed.

Xin Rong guessed that if she hadn't spent time with them yesterday, Mi Fei would've been a hundred times more pleased with herself than Chen Mei. In that case, no one would notice the smugness in Chen Mei's eyes. They would only think that her pet was not frightened and knew the big picture.

These two people, one was playing the good cop, the other was playing the good cop.

Mi Fei pursed her lips and lowered her head, no longer looking at Xin Rong. Yesterday, she had rejected being Xin Rong's assistant, so she felt a little awkward.

Lei Xi said to Xin Rong, "since they have this opportunity, I naturally have to help them." I'll talk to them first, you can wait for me in the lounge.."

Chapter 1412: I wanted to do it myself

Xin Rong nodded and threw the bag to Simon. "Xiao-Yan-Zi, keep up!"

"What Xiao-Yan-Zi?" Simon was stunned and ran over to protest. "If you don't like to call me by my Chinese name, you can call me Simon."

"That's so strange." Xin Rong's eyes darted around and she threw him a flirtatious look. She leaned closer and said in a seductive voice, "what's our relationship? The others are called Simon, and I'm also called Simon. It doesn't show anything special about me. Why don't you let me call you second fire?"

Xin Rong sat up a little and looked at him with a meaningful smile.

Simon was enraged by her smile and pounced on her like a Wolf.

She had just pulled the clothes off when someone suddenly knocked on the door.

Simon was stunned and turned his head to look.

The doorknob was twisted a few times, and Lacy's voice was heard. "Xin Rong?" he asked.

Simon, "hehe."

Xin Rong covered his mouth and laughed.

She had heard her footsteps earlier, which was why she had smiled so meaningfully.

Lei Xi turned around and left. Xin Rong guessed that she would call, so he muted his phone and asked Simon, “Fight?”

“What do you think?” Simon gritted his teeth.

Lei Xi couldn’t get through to Xin Rong’s phone, so she had no choice but to return to her office.

She had given a few scripts to Chen Mei and Mi Fei, all of which were idol dramas. Xin Rong didn’t like them, but idol dramas could earn popularity, so she had wanted to give them to them.

It was just that the two of them were too new, so the production team might not want them. Now that they had become famous on the internet, it was a good opportunity.

The two of them were reading scripts in the office. When she walked out of the door and was about to push it open, she heard Chen Mei say, “You see? Although he hadn’t become Xin Rong’s assistant, it was still a blessing in disguise. Weren’t the benefits here now? Otherwise, if you were to be her assistant, how would we have time to promote and hype together? She might even stop you from acting in the movie. “Your sixth sense is accurate, right?” mife laughed.

Chen Mei also smiled, “anyway, we’ll always be together! We’re the nation’s best sisters, so we should act like we’re best sisters!”

In the photos on the internet, Mi Fei was holding Chen Mei’s shoulder and Chen Mei was leaning on her shoulder with tears. Both of them were beautiful, and the scene was naturally pleasing to the eye.

In the beginning, the people who posted the photos thought they were lilies, and everyone thought it was the aura of a Lily.

However, after Tracy arranged for public relations and the Internet Water Army to create hype, she would gradually develop in the direction of “the nation’s best sister.”

Because Chen Mei and Mi Fei weren't in a relationship, if they hyped up "lilies," it would be difficult for them to end up with different boyfriends in the future.

Upon hearing their conversation, Tracy sighed softly in her heart and turned to the pantry.

After more than ten minutes, Chen Mei came to find her. She immediately went to talk to the two.

After half an hour, the two of them left. She called Xin Rong again.

This time, Xin Rong accepted it.

"Where are you, my ancestor?" she asked. "In the lounge," Xin Rong replied lazily.

Tracy,"Whoosh!"

I'll go!

Don't think that I can't tell what's going on with this voice!

what?! Tracy was furious. you guys have been in the lounge this whole time?

"

Xin Rong coughed,"cough cough."

"You better take care of yourself!" come to my office! she threatened.

She didn't want to watch their battle!

Xin Rong put down his phone and looked at Simon with an aggrieved expression.

Simon leaned over and kissed her on the face. "What's wrong? Did she scold you? I'll help you fire her."

"Get lost!" Xin Rong kicked him. Lei Xi isn't bad. Don't give her trouble.

yes, yes, yes, Yingluo," Simon said hurriedly, kissing her face back and forth.

that's enough. Xin Rong turned his head. Yingluo, help me put on my clothes.

I'm going to sister Qian's office.

"Zha!"

"And you still say you're not Xiao Yanzi?" Xin Rong chuckled.

Simon paused and said with a straight face, "that's what eunuchs call themselves!" Am I a eunuch?"

"I've just checked, No." Xin Rong's face was serious. then I'll call you second fire.

Simon: "Yingluo. it's all mom's fault for naming him" Shan Yan

"!

Xin Rong walked lazily into Lei Xi's office.

Tracy gritted her teeth. She could not bear to watch.

What kind of artist was this? He wasn't even famous yet, but he was already suffering from all the Big Shot's problems!

"Wait for me outside." Xin Rong said to Simon.

Simon laughed in joy and waited outside obediently.

After the door closed, Lei Xi looked at Xin Rong in a new light. you're good your sugar daddy can be manipulated by you like this.

"Who said he's a sugar daddy?" Xin Rong leaned back on the sofa.

he's my assistant.

"Assistant?"

"Uh-huh -"

"Who would believe you!" Lei Xi pulled a long face.

Xin Rong smiled and sat up straight. "That lounge will be my personal lounge from now on, okay?"

Stunned, she finally said, "What tier are you at now? You don't even have an assistant position, and you want an exclusive lounge? You want to earn it yourself!"

Xin Rong furrowed his brows, a little unhappy. "But I don't want anyone to touch the things I've used, Yingluo."

you ... Lacy was furious. you still have the nerve to say that? Don't you have some principles? This is the company, why did you bring him here?"

"Why do I need to have principles?"

you're so cocky, " she said after a pause. you can reject his request when the time is right.

"Why should I refuse?" Xin Rong chuckled. I wanted to do it. "

"I don't care about you anymore!" Tracy shouted.. He didn't want to care anymore! I want to change my artiste!"

Chapter 1413: It's fine as long as I'm happy

Xin Rong nodded and threw the bag to Simon. "Xiao-Yan-Zi, keep up!"

"What Xiao-Yan-Zi?" Simon was stunned and ran over to protest. If you don't like to call me by my Chinese name, you can call me Simon."

Alright, alright, Yingluo. Xin Rong hurriedly stood up and pressed her down on the sofa. which Big Shot doesn't have some quirks? I'll definitely be a movie queen in the future. When I'm famous, it'll be a great story when people talk about me being so arrogant!"

"Then you have to be famous first!"

"Give me the script." Xin Rong clapped his hands.

Tracy threw a book at her. "This one! It's up to you to act!"

Xin Rong flipped through it. It was a super bad female supporting character, but the female lead was very Mary Sue and white Lotus. The bad female supporting character that was given to her would harm the female protagonist in all kinds of ways every day.

Xin Rong flipped to the last page to see how the bad Supporting Actress died. If she was the scriptwriter, she would definitely not let the bad Supporting

Actress die. Instead, she would let the bad Supporting Actress kill the White Lotus female protagonist. However, in all the movies and television shows in the world, bad people would not have good endings.

As long as she died in an imposing manner, she would accept it.

At first glance, this female supporting character didn't die in a domineering manner, but she didn't come to her senses until death, nor did she regret it. When she died, she still hated the female lead and despised her. "I'll take this!" Xin Rong slammed the table.

"This is a bad guy!"

"So what if I'm a bad person?"

"You've been in this circle for almost two years. Don't you understand?" If you play the bad guy, the fans will think you're a bad guy too. How will you be popular then?"

"Who would want that kind of illusory thing? "It's fine as long as I'm happy acting -"
Xin Rong said disdainfully.

She was here to play. If she was restrained here and compromised there, what was the point?

Tracy was helpless. At least this supporting role was the third female lead position. So be it if she took it.

Finally, she suddenly remembered,“Oh right, the movie you acted in last time,” dream of marriage,”I asked the director to give you a guest title.”

Xin Rong was already quite famous and had acted as the second female lead before. It would be too unfair if he just played a supporting role. He added a ‘guest performance’ to prevent his status from being affected.

“Alright do as you see fit!” Xin Rong didn’t care about this.

What was the manager doing with it? It was to do this! She naturally believed in him.

As for himself, he just had to act well.

The next day, Xin Rong went to audition for this bad Supporting Actress.

This was a Xianxia drama called “the legend of a hundred spirits. it was originally a web novel called“ a hundred spirits.

bailing “ meant that everything in the world had a spirit, and the female protagonist’s name happened to be “ bailing “. She could understand the language of all things.

However, the original novel was full of loopholes, and the spiritual energy and settings in the middle were wasted. As a result, Al mo media bought the copyright to modify the game. Tian Cheng personally modified the huge framework and created the game, legend of the hundred spirits, that was popular all over the country.

The current TV series was an adaptation of a game.

Because of Elfy's definition, whether it was a game or a TV show, it was full of all kinds of sophisticated things and had extremely high requirements for special effects.

However, with the advanced technology in China, special effects were not a problem.

Xin Rong was auditioning for the "dead water red Pond" Princess, a new character in the game.

A great evil demon had stolen the most important treasure of the upper realm, escaped to the dead water Kingdom, and established himself as King. Ever since he was there, the dead water gradually became full of vitality and demons grew. The red algae at the bottom of the water was also personally transformed by him into a human form. He named her "Princess" and named her "red pool."

The great demon was the biggest villain BOSS in the movie, and red pool was his most powerful minion!

Hongtan was devilish and vicious. He believed that his father was the ruler of heaven and earth, and that he would inherit everything from him and become the second ruler. Hence, she despised everything and did not put anyone in her eyes..

Chapter 1414: She was still a little excited

The director auditioned for more than ten actors, but he couldn't find that feeling.

A lot of people had exaggerated this role too much!

A small number of them could master the coquettish part, but they couldn't master the domineering look that looked down on everything. Those who could act domineering were all old actors. They didn't have good looks and didn't fit the setting of 'flirtatious'.

Xin Rong was very confident.

She didn't know how to be gentle, but she was born with a domineering air.

In fact, what Hong tan wanted wasn't dominance, but confidence, a kind of blind confidence. She was so confident that she had nothing in her eyes, so she naturally looked domineering.

Xin Rong felt that if the director didn't like his role, then the director must be too blind!

As an all-rounded assistant who could "do anything," Simon naturally accompanied Xin Rong to the audition.

After Xin Rong entered, he sat outside and waited.

There was still a group of actors waiting for their auditions outside. When Xin

Rong had been around, no one had dared to strike up a conversation with Simon. Now that Xin Rong had left, someone impatiently rushed over and asked, "Are you an actor too?"

The watch he was wearing was worth millions. The clothes were haute-couture, and each set was at least a few hundred thousand Yuan. He must be a rich man! If he could get close to her, his future career would be smoother.

"I'm an assistant," Simon said.

Yingluo! f * ck! The standards for assistants were so high now? A mixed-blood handsome man, and a nouveau riche! He didn't even make a draft when lying!

Simon looked at the door in front of him and waited patiently.

After ten minutes, Xin Rong came out. Everyone looked over and only one thought crossed their minds. I'd like to see what kind of monster you are! He actually dared to use a tall, rich, and handsome man as an assistant!

Simon jumped over and asked with concern, "How is it?"

"Who else but me?" Xin Rong smiled confidently.

She was just following the script seriously, and the director immediately nodded.

"Then let's go eat." Simon followed her obediently.

When everyone saw him, they felt that he really did look like a little assistant trying to please his boss. They were very depressed and wondered if his outfit was real or fake.

"When will the shooting start?" Simon asked after they entered the elevator.

"I'll join the crew in two days."

"Will it clash with the detective drama?"

probably, Yingluo," Xin Rong said. but I don't have many scenes in 'the mystery City'. I'll just go there when I'm done. With my acting skills, I can get it done in minutes. At most, it will take one or two days. If there's a conflict between the two sides, let Tracy handle it.

Xin Rong placed a lot of importance on this film. This was equivalent to her first time acting in real life. Moreover, although the original actress had played the second female lead in this drama, she did not have as many scenes as the third female lead.

No matter how one looked at it, this was both a challenge and an opportunity for her.

Since the host didn't cause any trouble in the entertainment industry, she would start from here!

Moreover, she really liked this role. In addition, she looked beautiful in Chinese historical dramas, so she was a little excited.

In the middle of lunch, Simon received a call, and his expression immediately changed.

Xin Rong saw that something big had happened and asked, "What's wrong?"

Simon put down his phone and said solemnly, " "Something big has happened. I see that you're of mixed blood, what's your nationality?"

what happened? " Xin Rong was stunned and became nervous. I'm from Emily. What happened? '

Since he was asking about nationality, it should be an international event, right?

Could it be that there's a coup in China to deal with foreign friends? He was a foreigner, but with his relationship with Sheng nanxuan, it was not strange for him to know what the higher-ups were doing. But it was because of Sheng nanxuan that there was no coup!

Therefore, he couldn't figure out this matter..

Chapter 1415: Yao Lei is in trouble again

"I know, Yingluo," Xin Rong muttered as he thought quickly. Who did it? what was their purpose? If he were to be investigated, would his 'reincarnation' be discovered? If he contacted Neo now, would he give himself away?

Seeing her dazed expression, Simon thought she was afraid. No matter how powerful she is, she's just a girl, Yingluo.

His heart ached as he patted her hand. don't be afraid. It's just a formality. I'm still here. I'm a distinguished guest who has attended the state banquet, so I'll be fine.

Xin Rong looked at him and suddenly smiled.

Her smile was very real, very calm, and she didn't seem to be afraid at all.

Simon was stunned, "what the hell!" How could she not be afraid?

He suddenly remembered that her actions were too fearless, which showed that she had a strong mental capacity. Could there really be something wrong with Yingluo?

Xin Rong raised a hand to touch his face. He snapped back to his senses and looked at her.

"Are you suspecting me?" she smiled.

"Yingluo didn't."

"It's normal to be suspicious. I'm so powerful, of course I'm not an ordinary person."

"However, I'm very touched that you can think of protecting me at this time. If I'm really in danger, I'll be even more touched if you save me Yingluo." She was so touched that she would marry him and make him repay her with his body!

Xin Rong had received news of the plane in advance. She took out her phone and went online, but she did not see any news. After dinner, he told Simon that he was going home.

Simon was informed because Sheng nanxuan wanted to use the Gambino family's channels to secretly investigate. Simon had to deal with related matters, so he didn't force her.

When Xin Rong got home, he immediately turned on his computer.

At this time, martial law must be imposed everywhere, including the internet.

She wanted to hack into the Chinese system to see the specific information, but she didn't dare to. What if there were experts defending at this time? wouldn't they be walking right into a trap?

She sent a message to neo and asked about their situation in Hollywood.

They had money, so nothing was a problem. Angel successfully squeezed into Hollywood and began her acting career. With money, famous producers, famous directors, and famous actors would all become the green leaves for her!

When Xin Rong returned, he turned on the TV and was exchanging experiences with Angel when he heard the news on the TV. After a passenger airliner carrying more than 200 people took off from Xizha airport, it was quickly hijacked and flew West out of China. At present, the plane had been lost contact. It was unknown if it was still in the air or who was behind it.

The flight number was announced on the news, and neo quickly "blackened the list of people on the plane.

Xin Rong looked and saw neo thoughtfully circle out a name for her.

"F * ck!" Xin Rong looked.

It was actually Yao Lei!

Xin Rong narrowed his eyes and began to think, “could it be the people of bewilderment Fog Island?”
Why?

Chapter 1416: You can't bully people like tms

Yao Lei had already returned to China. It would not be good for anyone to cause such a big commotion.

When Yao Lei was gone, wouldn't there be no hope?

It didn't make sense for him to think that he wouldn't let China live a good life even if he couldn't have it. Yao Lei had returned to China for some time. Even if he had anything good in his hands, he must have given it to China.

Xin Rong filtered through all the information in his mind and quickly organized and calculated. He stopped at the " Yao Yiyi " barrier.

She opened her eyes and heaved a sigh of relief.

It seemed that the matter was still here.

The Yao Yiyi she saw was the Yao Yiyi in disguise. However, Yao Lei was different. What he saw might very well be Yao Yiyi's true appearance.

With Yao Lei's disappearance, he could bring along any news related to Yao Yiyi.

However, it's been so long since Yao Lei came back. Didn't he tell China about this fake daughter?

Or perhaps he had already said it, but " Yao Yiyi " and the power behind her didn't know?

It was wrong!

Since he had caused such a huge ruckus to chase Yao Lei away, it meant that ' Yao Yiyi ' knew that he didn't say anything. But, how did he know?

Xin Rong's heart skipped a beat,"someone from the inside?" Someone who could directly contact the higher-ups of China?

However, the previous imprisonment of Yao Lei should have been a cooperation between J country and M country. Could it be that Hua was involved?

That's wrong! It shouldn't be like this. There must be some other reason. He had to make Yao Lei disappear, or else that Yao Yiyi would be exposed.

Xin Rong rubbed his forehead. She didn't want to play anymore. She shouldn't bully people like this!

They had been fighting for so long, why should she have to sacrifice her life?

Since she had already gotten one, she would never get a second one!

Xin Rong reminded neo and the others to be careful. After all, they were the ones who saved Yao Lei previously, so they were afraid that China would come looking for them again.

As for other things, Xin Rong didn't want to care. She wanted to act well.

The red pool princess's attire was mainly red and black. Red represented her charm, while black represented her side of the devil and also reflected her inner viciousness.

Her face makeup was very strong, and the corners of her eyes were long and narrow. There were red patterns between her eyebrows and her forehead, which looked like slender watergrass.

It was said that when she was underwater, the “water grass” would move with the waves. Xin Rong imagined the scene and shuddered. It felt a little creepy.

After taking a few makeup photos, they officially started acting.

The production team had applied for a Weibo account and had professionals managing it. On the day of filming, they posted a group photo and announced the list of actors.

Xin Rong hadn’t used Weibo before, but when the production team asked everyone to repost it, she still reposted it obediently-the original Xin Rong was just that obedient.

After repost, she began to look at ‘her’ previous Weibo.

In the past, Xin Rong was so boring. Almost all of it was about work. There were a few selfies that Zhang Kaiwen had forced her to take, saying that this would help her gather popularity.

Xin Rong shrugged and started to browse the front page.

The main page was basically filled with discussions about the plane crash. There were also many interesting things that Xin Rong read with great interest.

She didn’t have any scenes today, so she stayed on the set and scrolled through Weibo.

There were messages appearing on the upper right corner of the screen. She clicked on them and found that they were comments from netizens. Many of them were scolding her, saying that she was not suitable to play the role of the princess of red pool.

Princess Hongtan might be bad, but the female lead in the original novel was too Mary Sue, and many people did not like her.. The sudden appearance of the princess of the red pool madly abusing the

female lead caused a portion of the people to cheer and become her supporters, and then evolved into brainless fans!

Chapter 1417: The Ministry of Foreign Affairs invited me for tea

There was also a group of gamers.

The red Pond Princess was a BOSS in the game and could torture the players to death, but she was beautiful! Moreover, she was loyal to her father, daring to love and hate-when she liked the male lead, she gave her heart to him, and when she didn't like him, she dug out his heart and lungs-she was simply a Big Sick girl, and many people liked her very much.

And there was something called doujin in this world!

Red pool was very scary, hateful, and hateful in the game, but a group of doujin painters and doujin writers created her outside of the game, developing countless cute points.

She was the most popular character in the doujin world of the entire game, even the male and female leads had to stand aside!

In short, the symbol of the red Pond had a large number of fans, and they were all very loyal!

As a result, when they found out that Xin Rong was acting as Princess Hongtan, the fans broke down and were furious.

Xin Rong had never acted in such a role before. At the start, her acting skills were basically non-existent. Although she slowly improved, everyone agreed that she couldn't take on this role.

There was also another group of people, who were fans of the male and female leads, who also came to scold her. You're acting as this b * tch Hong tan, so it looks like you're also a b * tch! Don't you dare bully my Elfy!

Hey! Can't you guys separate art from reality? If you're sick, go take your medicine!

[it must be an unspoken rule!] You don't have any acting skills, what right do you have to act as my queen! Aren't you afraid that the Queen will climb out of the water and eat you!]

Hehe, I've almost eaten her. However, this Queen will show you what a real Queen is!

[do you have a relationship with Chini? Can you sing? Chini's voice should be inherited, right? [if that's the case, it's such a waste to act.]

Eh? Chini had retired for more than 20 years, but she still had fans?

Xin Rong cleared his throat and wanted to start singing, but he stopped after a moment.

She had almost never sung before, so she didn't want to challenge this problem.

Turning off the comments, she continued to scroll through the front page, and the latest news of the plane appeared on the home page-wreckage of the plane was found in Emilia.

Xin Rong's heart skipped a beat and he suddenly had a bad feeling. Should he be prepared to go to the Ministry of Foreign Affairs or the National Security Bureau for tea?

Xin Rong was depressed.

Was it so difficult for her to act in peace? Even a plane falling from the sky would affect her.

Sigh, he's too handsome, there's no helping it!

Just as he was thinking, an ordinary-looking stranger walked over.

She looked at him in confusion.

He showed her his id and handed her a stamped document. miss Xin, there's no need to panic. The Ministry of Foreign Affairs is investigating the living conditions of foreigners in China. You can come with me when you have time.

The document was a temporary invitation letter sent by the Ministry of

Foreign Affairs. It had a formal seal and was considered a courtesy. Those who had a guilty conscience would definitely not dare to go, but if they were "good people," they would most likely go happily.

She left some instructions with the crew and left with him.

Everyone thought that the person who took her away was an employee of Star

Entertainment, so they didn't take it to heart.

"Can I make a phone call?" Xin Rong asked after they got into the car. "Sure," the man nodded.

Xin Rong's mouth twitched. His phone was probably being monitored. Helplessly, she sent a message to Simon. The Ministry of Foreign Affairs invited me to have tea.

When she arrived at the Ministry of Foreign Affairs, there was a special person to receive her and ask about her basic information and recent movements. When Xin Rong heard the other party ask her what she was going to country Y for at the beginning of the year, he guessed that she had been invited to have tea. This was also a factor..

Chapter 1418: It's good that he cares about her

If he had never left China, he would not be so suspicious. Who knew what she had done in country Y? did she come into contact with the people who hijacked the plane or did something bad?

Xin rongdu said honestly. She had a clear conscience, and Simon should be here soon.

The person who asked was very polite. After all, she was an international friend. It would be good if she did something bad, but if she didn't, it wouldn't be good if they fell out.

When she asked about her family, Simon came.

Xin Rong's back was facing the door. He heard the door open and someone panting heavily.

She turned around and saw Simon walking over in a hurry. He asked with concern, "Are you alright?"

"I'm fine," Xin Rong smiled. didn't you take the elevator? "

I got into an accident in front, " Simon said with a straight face. I ran over.

Xin Rong's gaze softened. He was not touched, but satisfied. It was good that he had her in his heart.

She wrapped her arms around his neck and kissed him on the cheek. "Is this okay?"

Simon paused and said shyly, "Almost."

Xin Rong wanted to kiss him again, but the sound of coughing came from around him.

She took a look and saw that he was still in the Ministry of Foreign Affairs of China. One of them was from Emilia, while the other was from Italy. This was too much!

Xin Rong let go of him with a muffled laugh and sat down to continue the “interrogation.”

Simon said, “isn’t this information all registered?” What’s the point of asking? If there’s anything, come and find me!”

The staff member of this chaoyan was in a difficult position. We know who you are, but you’re a relative of the Sheng family, not a Sheng, and not a Chinese. You can’t do this!

“I’m fine. You can accompany me.” they didn’t ask you? ” Xin Rong asked.

“Do they dare to?” Simon raised his eyebrows.

“Yueyue, please do not look down on the authority of our country,” the staff member beside her said.

The two coughed. To act atrociously in someone else’s territory, this was courting death!

Many of Xin Rong’s answers were unclear. For example, he said, Birthplace.

She knew, but the original Xin Rong didn’t, so he didn’t answer.

Also, she couldn’t tell where she went to study in primary school.

She guessed that these people would also investigate Cindy. Cindy had always been at the Cancer Center in Caesar, so it wasn’t hard to find her.

Xin Rong suddenly remembered that Yingluo had never taken the initiative to call Sindy.

After leaving the Ministry of Foreign Affairs, Simon said remorsefully, "It's all my fault that I've been too busy recently and wasn't by your side, that's why I let you waste your time."

"It doesn't matter. With you by my side, I had to make this trip." "But Yingluo, I can stay with you. That way, you won't be afraid."

"I'm not afraid."

Simon turned around and scratched the wall in frustration.

Xin Rong couldn't help but laugh. He first called Cindy's doctor.

Cindy didn't use her phone, so she could only find her through the doctor.

Simon heard her call the doctor and turned to look at her.

Upon hearing Cindy's voice, Xin Rong was stunned. He opened his mouth but couldn't make a sound.

"Rongrong?" Cindy called her two more times. Her voice was hoarse and unpleasant to hear at first, but it was full of gentleness.

Xin Rong called out

After she shouted, tears fell from the corners of her eyes.

Xin Rong reached out to wipe it away, feeling even more sorrowful.

This sadness didn't belong to her. It belonged to the real Xin Rong.

She suddenly felt that she had let him down. She had taken his body and did not even care about his mother.

"I'm sorry, Yingluo, I haven't contacted you in a long time," she cried.

it's alright, Yingluo," Cindy said. I'm fine. I had a patient to chat with and my body was recovering. You don't have to work too hard. I'm thinking that Yingluo should wait until I'm better, so I'll be discharged.."

Chapter 1419: As her man, he was really useless

there's no place to stay. Where are you going after you're discharged? " Xin Rong blurted.

They had originally rented a house in Xizha city, but when Cindy fell sick, the house was naturally no longer rented.

"I can rent a house. It's so cheap, Yingluo."

"It's almost done." Xin Rong said, " it's better for you to be in the hospital. I've been getting a lot of film contracts recently, so don't worry about the money. When you're better, you won't be staying in the hospital anymore. You'll be transferred to a sanatorium. The air in the sanatorium is fresh and the environment is beautiful."

The important thing was that there was no smell of disinfectant, no birth, aging, sickness, and death, so it would not make people despair.

Cindy was silent for a while. I don't want you to waste your time in that circle.

"I know what you're worried about. The company I'm working for is the biggest entertainment company in the country. They treat their artistes really well,

Yingluo! "

“Are they stars?”

“How did you know?” Xin Rong pretended to be surprised.

“Yueyue saw it on the entertainment news.”

After a few more words, Xin Rong hung up. He turned around and saw Simon following behind him. He could not help but laugh.

“Is it Auntie?” Simon laughed.

“Yup,”

“She’s in the hospital?”

Xin Rong looked at him in surprise, “you didn’t investigate me?” My mom got cancer, and I entered the entertainment industry to earn money for her medical expenses.”

Simon paused, not knowing how to answer. After a long time, he finally said, “Why would I investigate you? Which hospital is Auntie in? I know a good doctor, I can send her!”

“China has the best doctors in the world. Do they need you?” Xin Rong snorted.

“I happen to know the best doctor in China!”

Oh then you can arrange it yourself -“Xin Rong turned around and crossed the road. your car crashed. Are we going to walk back?”

“Ahem, I’ll get someone to drive the car over.” Simon looked at her. is your Qianqian alright?”

Xin Rong paused and touched his face. He understood that he was referring to his crying.

"I'm fine," she shook her head. A person's feelings needed to be vented at the right time. It's normal to cry a few tears while chatting with my mom."

He didn't know what to say! You think she's sad and she's telling you the theory? as her man, you're really useless!

Chen Mei and mifei suddenly had a lot of work to do after a few photos were exposed on the internet. They were even recommended by Yu Lin to act as a pair of sisters in the first case of "Mystery city's suspected cases. although they were supporting roles, they still had more than ten minutes of dialogue.

Mi Fei was still bothered by Yu Lin's provocation to her and Chen Mei, so she was very guarded and didn't want to report to the crew. But she couldn't stop Chen Mei from dragging her. She could only go and comfort herself, " It would be a waste not to take the opportunity Yu Lin gave him. He should use her to become famous!

While the two of them were killing, Yu Lin treated them to a meal.

Mi Fei didn't want to agree, but Chen Mei had already nodded.

Yu Lin had spent some time with the two of them and realized that although Mi Fei looked mean, she wasn't. On the other hand, Chen Mei was harboring evil intentions and was easier to persuade, so he recommended another role to Chen Mei.

Chen Mei was so grateful to her that she couldn't wait to be her Lackey. Naturally, she would do whatever she said.

During the meal, Chen Mei expressed her loyalty to her, I really can't bear to part with sister Yu, "

"Xin Rong will also be coming to the set in a few days," Yu Lin said with a smile.

You're the same manager, so you can come and visit us at the set. We can even meet then."

Chen Mei paused.. Who would want to visit Xin Rong?

Chapter 1420: war of words

After she finished complaining, her heart was clear and she immediately said, ""If you want to visit someone, you should visit sister Yu!" you're so sweet -"Yu Lin laughed.

sister Yu is biased,"Mi Fei asked with a smile. am I not sweet-tongued?"

"You're sweet too, okay?" Yu Lin looked at her.

After a while, Yu Lin sighed and said, Xin Rong found a powerful sugar daddy. You're the same manager as her, so I wonder when you'll be able to make a name for yourself.

"Who's her sugar daddy?" Mi Fei was confused.

Yu Lin was puzzled, "you guys haven't seen it before?" Didn't they say that person often goes to the company?"

Chen Mei snorted, "that mixed-blood?" It does seem like he has a powerful background."

"But didn't they say that Yingluo is her assistant?" Mifei whispered.

"Which assistant drives a luxury car, wears a luxury watch, and dresses in high-end clothes?"

“But if he’s a sugar daddy, he can’t just follow her around, can he? He’s just like a mayfly, a loyal dog, and a pretty boy!” Mi Fei’s imagination suddenly ran wild.

could it be that Xin Rong is keeping him? ” That’s why he’s so obedient!”

Yu Lin was speechless, “where did Xin Rong get the money to keep a mistress?” He’s been in the industry for almost two years. If he was that good, he would’ve been able to do whatever he wanted.” Would he still be forced to jump off a building by Su Yi Sheng?

“I don’t know,” Chen Mei paused.

Mi Fei sighed softly. but that mixed-blood really doesn’t look like the sugar daddy. I’ve never seen a Chenchen like the sugar daddy.

Yu Lin suddenly sneered.

Xin Rong was also of mixed blood. Could the two of them be siblings? Otherwise, how could they be together so coincidentally?

Could it be that the man was actually an empty shell and had conspired with Xin Rong to trick people?

A tiger skin flag would scare off many people. Didn’t even Su Yi Sheng retreat now?

But how did they trick commander CEng?

Yu Lin couldn’t understand, so she told Su Yi Sheng the news she had heard.

we can’t be careless about this, “su Yisheng said. you can test her bottom line bit by bit and see how much she’s worth!

yes. Yu Lin nodded and suddenly said, "I noticed that a lot of her fans don't seem to be satisfied with her work in the 'hundred spirits' production team.

Su Yisheng's eyes flickered, and he gently nodded.

The next day, a Weibo post appeared on the internet. There were nine screenshots, all of Xin Rong's previous roles.

She didn't know what the person who posted on Weibo was up to, but he specifically pointed out the flaws in her acting and asked, " "With such acting skills, how can he be worthy of playing Hong tan? He had heard that a certain someone had a powerful background and a large group of financial backers. Not only did she win over red pool from legend of a hundred heroes, but she also won over rose from Mystery City! Hehe, this Baobao has a total of two goddesses in my life, and they were both defiled by one person!"

The netizens 'comments were:

10 Yes, yes, yes! When I saw the list of the main actors and actresses that Elfy just announced, I felt terrible! To be honest, Elfy is a Mary Sue, and I don't care who plays her! The male lead is an idiot, I don't care who plays him! I only care about my goddess. I can be disappointed in other things, but not in the red pool! The red pool was the last resort!

20 F * ck! Rose was also harmed by this disaster? What was his background?

30 10401g -T-#1g! Can you change the roles?

40 No one can play out the red pool and rose in my heart. It doesn't matter. I won't react even if another man plays it.

50 What did the red Pond and the Rose have in common? Although they are both Queens, I don't think they have anything in common!

60 Hongtan only looked beautiful, but she was actually cold. After all, she was a Water-type beauty. However, rose Qianqian was really afraid that this guy would act as a vulgar social butterfly! He would rather not have Rose's part in the movie than let her be ruined by others..
