

Ditsy Wife 191

Chapter 191

191 Which woman doesn't want her husband to love her?

"What are you doing?" aunt Gong was unhappy. Do you think I would harm you? Really, Yingluo is already so big, she's about to give birth, right?"

...

"Aunt has never been pregnant? She's not even six months old, why is she giving birth already?" Gong mo felt that there was a trap in her words and was very unhappy.

"Aiya, Cheng Cheng is already so big. I forgot." Little aunt Gong's intention was seen through. She turned around and walked down.

His first aunt followed him and the two of them entered Gong Mo's house together.

When Gong mo saw this, he pulled Sheng nanxuan aside and whispered, ""Let's go take a look."

Sheng nanxuan knew that she was worried about her mother, so he nodded.

As soon as they entered the house, they heard first aunt's voice.

"Sister-in-law, you made a fortune from your trip to the capital. You actually hired a cleaner! Poor people like us don't dare to enjoy this ~"

Her mother took a sheet and shook it in front of her.

First aunt choked and quickly backed away. "Sister-in-law, what are you doing?"

"I was busy making the bed, didn't you see?" Mother Yan's face was stern. what are you guys doing? I just came back and have a lot of things to do. I don't have time to entertain you!"

"What's the point of saying all this as a family?" First aunt smiled and said, "we're here to see if there's anything we can help with.

"Then please help me take out the trash."

First aunt was taken aback and exchanged a glance with youngest aunt.

Little aunt had an idea. She pointed at the cleaner and said, "They'll be leaving in a while, right? Why don't we just let them take him away?"

First aunt said, "you guys just came back, you haven't bought the groceries yet, right?" I've been away for a few months, and I can't even use my daily necessities anymore. Why don't you come over to my place for dinner tonight?"

Her mother looked at her in confusion, as if to say, " You're that good?

hehehe, Zhenzhen, you're a family. Gong Bai even told me to take good care of you. He said that you're getting old and it's inconvenient for Momo to be pregnant.

You're the one who's old! Mother Ling complained in her heart, dissatisfied. I'm only 44 years old, which is 40 years old. I'm a flower!

"Sure, we'll be there in a while." Her mother said with a smile.

we'll be leaving now. We'll go back to cook first. Come back later. with that, first aunt left with little aunt Gong.

Gong mo wanted to say something to mother Zhai, but seeing that the cleaner was still there, he didn't say anything.

After the cleaner left, she asked her mother, " "Are we really going to eldest uncle's house for a meal?"

"Although they went a little overboard, they're still family. Don't tell me that they would dare to poison it?"

you quarreled so badly with them last time, hehe, " Gong mo said in a low voice. She had thought that they would never see each other again.

"When your dad and I just got married, I even got into a fight with your first aunt!" Her mother said indifferently.

"Ah?" Gong mo was shocked.

"Your dad is so angry that he's lifting a stool to fight with your uncle!"

Gong Mo's eyes widened in shock.

"In the end, that useless uncle of yours actually turned around and ran away!" Mother Diana snorted. Hahaha, Yingluo, your father is the best. He knows how to protect me, even if we're family. He's not like your uncle, he's so cowardly. When he ran away, your aunt was so angry that she didn't even fight with me anymore. She turned around and chased your uncle away!"

ppft-" Gong mo burst out laughing.

"Well, people are made from comparison. Which woman didn't want her husband to love her? Comparing your uncle to your father, your aunt is going crazy! That's why I always let her have her way, thinking that she's pitiful and doesn't have a husband to love her. "

ppft ... Gong mo had a hard time holding back his laughter. After a while, he sighed and said, " it's a pity that they're so kind when they're bullying us.

Chapter 192 abandoning a young master is still a young master

"Hehe, that's how a small family is like." Mother Yan's expression was indifferent.

...

Gong mo suddenly calmed down when he thought about how even the Sheng family, a 'wealthy family', was on bad terms with each other.

"They're just bullying us orphans and widows." Zhen's mother said, "in the past, when your father was around, although there were some small conflicts, he was still very kind. So, when your dad is going to be buried, we have to tell them. After all, they are your dad's siblings. We don't care, but what about your dad?"

"I understand," Gong mo said. Moreover, Gong Bai and Tian Cheng were very good people. With them keeping things together, it was destined that they would never be able to cut off this kinship.

The three of them tidied up the house and went to uncle Gong's place. It was six O'clock in the evening when they arrived.

After entering the house, he found that uncle Tong San and little aunt Gong's family were also here.

Uncle Gong, third uncle qu, and his uncle were chatting in the living room. Mother qu greeted them and said to Sheng nanxuan, "You stay here and chat with your uncle and the others. I'll go help out in the kitchen."

She didn't dare to wait, or else first aunt would gossip again.

Momo is pregnant. Go sit in the room. Flare and Chengcheng are both there. Third uncle said with a cigarette between his fingers.

Gong mo nodded. She didn't want to take in second-hand smoke here.

Gong mo wanted to look for Tian Cheng, but he didn't know which room she was in, so he knocked on Gong Gong's door.

A few seconds later, the door opened gently, revealing Tian Cheng's face.

cousin! Tian Cheng looked at her in surprise. cousin Mo Mo!

you're here ~"Gong mo said happily.

"Close the door!" Gong Mao's voice was filled with dissatisfaction.

Tian Cheng jumped in shock. Gong mo looked over and saw Gong Gong sitting on the bed, reading a magazine. Her long legs were so straight that it made people envious.

She hurriedly walked in and closed the door. The air-conditioning was on in the room, so it was warm.

Mo Mo! Tian Cheng tugged at Gong mo. cousin Mo Mo, why don't you tell me my homework? "

Gong mo nodded and followed her to the desk.

Seeing that she was pregnant, Tian Cheng said carefully, " "Be careful," He wanted to ask her about her pregnancy, but he didn't.

Gong Ying threw away the magazine and climbed over from the bed. He smiled and said,"Gong mo, how many months have you been? Is it Sheng Dongxiao or Sheng nanxuan?"

"Why is your mouth so dirty?" Gong mo turned his head and glared at him.

"This is my home!" Gong Mao shouted, implying that he was in charge of his own territory.

nanxuan is outside. If you have the ability, repeat what you just said in front of him and see if he will tear down your house!

“Hehe hehe,” Gong ye sneered, “tear down my house?” Who did he think he was? He’s just an abandoned young master!”

“Abandoning the young is still a young!”

“A Phoenix that has lost its feathers is worse than a chicken ~”

“You ...”

“Aiya, you guys, stop quarreling!” Tian Cheng said anxiously, “we’re a family. Isn’t it good to be harmonious?”

Hmph! Gong Ying turned around and went back to bed. He continued reading his magazine.

“Which question don’t you know how to solve?” Gong mo asked Tian Cheng as he sat down.

Tian Cheng glanced at Gong ze and shook her head.

Gong mo smiled. He knew that she said that so that he wouldn’t be lonely. He patted her head.

After a while, Gong mo was worried about his mother, so he went to the kitchen. When she walked over, she heard first aunt’s voice, “Aiya, why did you use hot water to wash the vegetables? The Qi cost is so expensive!”

“It’s so cold, what should I use if not hot water?” Her mother said, “then you wash it. I’ll cook the vegetables!”

“Use my oil when you’re cooking!”

“Can you eat without oil? You don’t use oil when cooking?”

”

“Forget it, I’ll just go out and discuss Gong Xing with big brother and the others. There are too many people here, I can’t even turn around.”

Chapter 193

193 Not as good-looking as you

Mother Gong and first aunt were not the only ones in the kitchen. Third aunt Gong and little aunt Gong were also there. It was quite crowded.

...

Gong mo covered his mouth and retreated while snickering.

When her mother walked out, she was shocked to see her. She laughed silently and pulled her to the living room.

When Sheng nanxuan saw them coming over, he hurriedly gave up his seat.

“Have you chosen the time?” uncle Gong asked. Where should he be buried?”

“I’ve chosen the time, but I still need to find someone to look at the place.” Said her mother.

“Did you find her?” asked her uncle. Do you need our help?”

“No need.” Her mother smiled and said, ” nanxuan knows people. He has already found one. It won’t be easy to find another one.

I see, Yingluo. uncle Luo San smiled. second brother's matter is important. It doesn't matter if we find another one. There are good and bad Fengshui Masters. If we don't compare them, we won't even know if we've been cheated."

Nanxuan can't be wrong.

that's right, that's right, Zhenzhen. uncle Gong chimed in and scolded third uncle and uncle. you're all confused. Your niece-in-law is the second young master of the Sheng family. Don't you know a few people? "

hehe, hehe, hehe. the other two laughed. Although they knew that Sheng nanxuan had been driven out of the Sheng family, they did not say anything and changed the topic.

Sheng nanxuan smiled and took a sip of tea.

Gong Ying came out of the room. He heard the sound and looked over. He lowered his head after a glance.

Gong Gong was wearing a low-cut sweater, a white vest, a red skirt, and a pair of flesh-colored stockings. At a glance, her long legs looked as if she was wearing nothing.

She walked over gracefully, grabbed a handful of melon seeds from the fruit plate, and walked to the kitchen with an enchanting figure.

Uncle Gong and the other male elders didn't say a word, as if they didn't see it.

Gong mo looked at Sheng nanxuan, who was peeling walnuts with his head lowered. He didn't use the walnut Clip. He pinched it directly with his hand and then took out the walnut meat. Feeling that Gong mo was looking at him, he turned around, grabbed her hand, and put the walnut in her palm.

Gong mo observed his expression. He lowered his head and whispered in her ear, " "Not as good looking as you."

Gong mo blushed and pinched him secretly. He lowered his head and ate his walnut slowly.

The others did not hear Sheng nanxuan's voice. Uncle Gong asked, " What is nanxuan doing now? "

"I'm working at a publishing company,"

publishing, "uncle Gong mumbled," your father-in-law used to be in this line of work too. He even wrote a book.

Hearing this, her mother gently brushed away the invisible dust on her knees.

She didn't tell uncle Gong and the others about the reedition of father Gong's book. The members of the gong family didn't like to read, and they didn't pay attention to the news in this area, so they didn't know that the book had been published.

Uncle Gong and the others didn't understand these things. They only thought that publishing was a great thing and that it would bring a lot of money. If they knew, they would definitely come to ask for money again.

When Mr. Zhai had just left, they kept saying that the widowed mother and her child could not keep their money and wanted to help them look after it. [mom said she had no money, but they refused to believe her. They said, [dad is a writer, so he must be a millionaire]

Mother Zhai was annoyed at the thought of it, and the remaining warmth in her heart was completely wiped away.

Forget it, after Gong hang's burial, she didn't have to pay much attention to these few families.

"Hey, second sister-in-law, do you still have second brother's books?" Third uncle asked.

"The previous sample books are still here." Her mother said, " I'm going to put his manuscript and his ashes in the urn!

“Why aren’t you reprinting? There should be some money left if it was remade. Wasn’t Nan Xuan working at a publishing company? It’s so convenient!”

Chapter 194 kicked over

“I was bored in the past, so I recorded the content on the computer. I’ll see if it’s published. Something from 20 years ago is out of date. Where is the market now?”

...

“Then when it’s out, you must give us a copy!” Her uncle said, “it’s something that second brother left behind. We can keep it as a memento.

Her mother paused. If they had not been so outrageous in the past, she would have given them a set of sample books each as a memento. Forget it now, who knew how cunning they were.

During the meal, the family members gathered around a large round table.

Sheng nanxuan sat beside Gong mo and helped him pick up some food.

Gong Gong sat diagonally across from him. He bit his chopsticks and rolled his eyes. He deliberately dropped the spoon on the ground and bent down to pick it up. She took the opportunity to look at the situation under the table, then crossed her legs to touch Sheng nanxuan’s calf.

Sheng nanxuan paused for a moment, then put a piece of meat from the fish belly into Gong Mo’s bowl with a calm expression.

His aunt smiled. nanxuan really dotes on me. Momo is really blessed!

First aunt said, “Momo is pregnant. She is now being treated like an Empress. How can she not be good to her?”

In other words, if Gong mo wasn’t pregnant, Sheng nanxuan wouldn’t have treated her like this.

Sheng nanxuan smiled. it doesn't matter if Momo is pregnant or not. It's my duty to treat her well.

As he spoke, he felt that Gong ye's actions had gone even more overboard and flirtatious. He kicked upwards. No one else felt it, but Gong ye's entire body fell backward and fell to the ground.

"Ah!" Gong Mao shouted.

"What's wrong with you?" First aunt immediately put down the soup spoon and went to help her.

f * ck! Gong ye lay on the ground, unable to speak in pain. She wanted to glare at Sheng nanxuan, but from her position, she could only see the ceiling and the feet under the table.

She saw Sheng nanxuan holding Gong Mo's hand under the table. She gritted her teeth in hatred!

"How could you be so careless?" First aunt helped her up. are you alright? "

"I'm fine!" Gong Ying stomped his foot and felt his waist hurt even more. He flung his hand and went back to his room.

Everyone looked at her in a daze, not knowing what had happened.

"What's wrong?" Sheng nanxuan asked Gong mo, puzzled.

"Let's eat." Gong mo shook his head and said in a low voice.

They left after dinner and went downstairs. Sheng nanxuan looked up and saw Gong Fei standing at the window, looking at them.

He smiled coldly and wrapped a scarf around Gong mo. Then, he grabbed one of her hands and put it in his pocket. "Come, don't catch a cold."

"It's not that cold." Gong mo said in a low voice.

"But I'm afraid you'll be cold."

Gong mo smiled and held his hand tightly.

Sheng nanxuan held her hand and walked forward slowly. The street lights elongated their shadows.

"Wait for me!" Her mother called out from behind. Now that you have a partner, you don't even want your mother anymore, do you?"

Gong mo immediately stopped and said with a red face, "Who asked you to be so slow?"

"I'm old, okay?"

"Alright, alright, it's my fault." Gong mo hurriedly shook off Sheng nanxuan and held her arm. mom is the youngest. Where did you come from?"

Sheng nanxuan looked at his empty hands and sighed helplessly. Alright, her mother was the most important, so she allowed her to neglect her for her mother.

The next day, Master Tang brought his disciples to Nanjiang. When Sheng nanxuan got the news, he immediately told his mother, "Should we go and watch it today?"

Mother Zhai couldn't wait to settle down as soon as possible. She hurriedly agreed and left with Gong mo in the afternoon.

Sheng nanxuan's men had rented a luxury car to pick her up. Mother Yan thought that it was arranged by Master Tang. The master's service was too thorough. How much did he spend? This dead man, if he was buried and came back alive, he would definitely pay his son-in-law back double!

They led the way and Master Tang looked at the Feng Shui of Nanjiang city as a whole. Finally, they arrived at the highest mountain in Nanjiang.

Chapter 195 evil land

There was a small scenic spot on the mountain. There were many villas on the mountainside. From here, one could see the entire Nanjiang city.

...

"Master, if you can't find a good place in the city, you can go to the countryside." Said her mother.

There were limited places in the city that could be used to bury people. Although they had to choose a place, they could only choose from a few cemeteries. It was different in the countryside. People could be buried anywhere, and the price of buying a small piece of land was cheaper than in a Cemetery.

However, it was not good in the countryside. There was no one to guard the grave, and he was afraid that the black-hearted people would flatten the grave.

the Feng Shui of these few cemeteries in Nanjiang is pretty good. Master Tang stroked his beard. it's a pity that there are so many people. The Fortune that is distributed to each grave is less.

"We don't need any luck," mother Juan said. "It's fine as long as the dead can die with a smile. The living have their own hands and feet, why would they need the blessing of the dead?"

"Hahaha!" Master Tang laughed out loud. Madam, you're quite open-minded. One look and I can tell that you're a blessed person. Mr. Nie only has one daughter, and your daughter is already very lucky. If Mr. Nie adds luck to your descendants, I'm afraid that it'll be too much. So, I dare not point out a good place for you to choose! Mr. NIE's situation is special. Find a peaceful place to bury him first. If you want to move his grave in the future, you can come to me again. I won't ask for any compensation."

“It’s so tacky to talk about remuneration.” Her mother said awkwardly.

Master Tang touched his beard and frowned as he pointed down the mountain, ” “Where is that?”

Sheng nanxuan walked to his side and pointed. “That area?”

“Yes,”

“Is there a problem?”

“It’s a dangerous place.” Master Tang paused and sighed.

it’s where shengshi medicine grows its medicinal herbs.

“What?” Shengshi pharmaceutical? Master Tang looked at him. Wasn’t his surname Sheng?

“It used to be a factory, but shengshi Industrial Park was newly built, so it was abandoned and used to grow medicinal herbs.”

Master Tang looked at the place and didn’t speak. This place looked like it was filled with the deaths of many people and the gathering of many vengeful souls.

Gong mo and his mother walked over, looking a little nervous. “What’s wrong? What fiendish place?”

“I’m fine.” Master Tang said.

“There’s still a place of great danger in Nanjiang? Will there be any impact?” Her mother asked.

“Don’t worry. In this world, yin and yang complemented each other, and if there were good things, there would definitely be bad things. If a place only has good and no bad, then it’s not balanced, and that’s not a good thing.”

Oh, Yingluo. her mother didn’t understand these things, but she was frightened when she heard the word “fierce.” let’s go first. This place is so close, I wonder if it will affect people? Sigh, there are so many villas here. Do those rich people know that the place they live in is inauspicious?”

“It probably won’t affect the higher-ups.” Gong mo said with uncertainty.

those rich people are people with remarkable luck. Maybe we can use their luck to suppress the fierceness. Sheng nanxuan consoled.

Master Tang laughed. this is probably a Feng Shui game set up by the real estate agent. It gathers the rich here and their luck is also gathered. The real estate agent can borrow the luck of those people.

tsk tsk tsk tsk tsk. her mother shook her head. this person is really black-hearted. What if he harms others? ”

“Even if my fortune is damaged, it won’t be a big problem.” Master Tang said lightly, “let’s go. Let’s go to the cemetery to take a look.

.....

The location was set. It was in the cemetery in the suburbs of Nanjiang. Master Tang made a few talismans and told her to put them in the urn, saying that they could summon souls.

mother picked an urn and brought it home. She found a set of clothes from father’s youth and put it in, while the books and manuscripts were placed below. She rummaged through the pile. There were many things she wanted him to bring with him, but the bone ash box was only so big and couldn’t fit them all in.

Chapter 196

196 Malicious speculation

After that, she polished a black silver ring at the bottom of the box and placed it inside.

...

He had given it to her when they got married. He also had one, but he had worn it. Who knew where he had lost it? This one is too lonely, so I'll just follow him.

As for the rest, mother Zhai had also arranged some photos and planned to burn them for him so that he would know about her and Gong Mo's situation!

.....

The funeral was personally hosted by Master Tang. It started drizzling when they set off, but it stopped when they reached the cemetery.

Holding the urn to bury the ashes, mother Zhen couldn't help but start crying.

Gong mo didn't feel sad at first. After all, this was a person who had disappeared for 20 years. This was something he should have done long ago. If there was any sadness, it would have disappeared after twenty years.

The only thing she felt was that she had finally gotten rid of a load on her mind. In the future, her mother would no longer be bound by this person who had disappeared, and she could pursue a new life.

But when her mother started crying, she couldn't help but cry too.

Uncle Gong and the others didn't feel anything. They felt a little embarrassed when they saw them crying but they couldn't squeeze out any tears.

After everything was over, Master Tang left and mother Yan brought the others to the hotel for dinner.

There weren't many people, so they booked two tables of food and a private room.

Her mother had waited for twenty years. After such a ceremony, it seemed to tell her that she didn't have to wait anymore. She couldn't help but feel confused.

In fact, she didn't have to wait for the past 20 years. She just didn't have a goal in life, so she found one for herself.

But now, her goal was gone. Her goal of raising Gong mo was gone too. She didn't know what to do in life anymore.

She sat there in a daze and wiped her tears. Gong mo poured her a cup of tea and patted her back gently.

Gong Bai walked over and said, "second aunt, Wanwan."

"I'm fine," Mother Yan wiped her tears.

Gong Jie walked over and pulled Gong Bai. Gong Bai was puzzled. "What are you doing?"

"I have something to tell you." Gong Fei rolled her eyes and turned to walk away. She glanced at Sheng nanxuan indistinctly.

Gong Bai followed her, and they stood by the window to talk.

Little aunt walked over and put her arm around mother Zhai's shoulder. "Second sister-in-law, don't cry. My second brother used to dote on you so much. If he knew this in the netherworld, he wouldn't be at ease!"

"It's not like second brother's absence just happened today." Third uncle walked over. second sister-in-law, that's enough for you.

“What do you mean?” her mother asked, displeased.

“I don’t mean anything. I’m just trying to comfort you.”

“If you don’t know how to comfort me, then get lost!” Her mother slammed the table.

Third uncle was stunned for a moment. He turned around and walked away, cursing, “I respect you as my second sister-in-law, so I won’t argue with you.”

“Second sister-in-law, don’t lower yourself to his level!” In my opinion, second sister-in-law should have long erected a monument for second brother. Now, it can be considered that one of her worries has been resolved. You are still young, you can find another person to marry!”

“The dishes have all been served, come over and eat.” First aunt’s voice was heard.

Her mother stood up and followed the others to the dining table.

After eating for a while, uncle Gong asked under the influence of alcohol, “second sister-in-law, tell me honestly, are you getting married?”

Hearing this, her mother put down her chopsticks and asked, “Why do you say that, big brother? I’ve just erected a monument for Gong Xing, why are you asking me this?”

“I’m just finding it strange.” Uncle Gong laughed, “second brother has been gone for 20 years and you haven’t even thought about setting up a monument for him. I’ve been in the capital for less than half a year and suddenly thought of this matter. Zhenzhen, I’m thinking, did you find a lover outside? you’re afraid my brother will blame you, so you might as well come back and settle this!”

Chapter 197 breaking up

Her mother was trembling with anger.

...

Gong mo put down his chopsticks and was about to say something when first aunt smiled and said, "Second sister-in-law, we're all one family, why hide things from us? When Momo got married, I told you that she was pregnant, but you said no. What's going on now? Doesn't that prove that I'm right!"

"So what if you're right!" Her mother shouted, "I can't bear to see you guys like this! Will you make a fortune by running us down?"

When first aunt heard this, she snorted and turned her head away.

"Mom, can you stop talking?" Gong Bai frowned.

"What did I do?" His first aunt shouted unhappily, "you only know how to help outsiders! Who is your real mother? I've raised you for nothing!"

"Second aunt is one of us, how can she be an outsider?" Gong Bai looked at her and said, "second aunt is upset about second uncle's burial. Can't you say less?"

"You guys can leave." Mother Zhen said, "yes, Momo and I are outsiders. If it wasn't for Gong hang's burial today, I wouldn't have come looking for you! In his heart, he treated you as family, but you treated us like this. If he knew this in the underworld, he would not be at ease. You're right, I'm getting married and I Have A Lover. But now that things have come to this, I don't need to inform you at the wedding."

After he finished speaking, everyone fell silent.

Gong Bai threw away his bowl and chopsticks and stood up, "enough!" Let's go home!"

"But, Yingluo ..." First aunt wanted to say something.

"Let's go!" Gong Bai roared and slammed his chopsticks on the table. He pointed at her and uncle Gong and said, "if you don't leave today, don't expect me to support you when you're old!"

you ... great aunt was furious.

Sheng nanxuan slammed the table and stood up. He suppressed his anger and asked, "Is it appropriate for you to do this? I'll count to three and I won't argue with you on account of your surname!"

wuwuwu. Gong mo covered his face and started crying on his mother's shoulder. His mother also cried.

Sheng nanxuan's heart ached. He looked at uncle Gong and the others with an even more unfriendly gaze, as if he wanted to eat them up ...

"One!"

Everyone was slightly shocked. They could only hear the cries of Gong mo and mother Zhai in the air.

"What are you doing?" third aunt asked. Second sister-in-law and Momo are from the gong family, we ..."

"Two!" Sheng nanxuan roared and looked at her with a malicious gaze. She was so scared that she could not speak.

Gong Bai's heart skipped a beat. He knew that he had touched Sheng nanxuan's sore spot.

Although he was not sure of Sheng nanxuan's identity, he knew that Sheng nanxuan did not have nothing when he went to look for him at school and saw him with Wu Di.

For a young man like him who had no background, connections were everything. On the other hand, Sheng nanxuan had connections like Wu Di's and a noble background (although it was already a thing of the past). But all of this showed that Sheng nanxuan was still much better than ordinary people like him.

"Let's go!" Gong Bai grabbed his aunt and walked out of the private room.

When the others saw this, they followed unwillingly.

Tian Cheng was the last to leave. Seeing Gong Mo's back, which was trembling with tears, she knew that after today's incident, it would be very awkward when they met again. They might not be able to be sisters anymore.

She felt terrible and wiped her tears as she walked out. Aunt Yi couldn't help but scold her. "What are you crying for? Your father isn't dead!"

can't you guys accumulate some virtue?! Tian Cheng roared.

"Accumulate what good for you?" you useless thing! her uncle cursed.

ah! Tian Cheng screamed. Then, she heard the sound of running.

Startled, Gong mo raised his head immediately.

Chapter 198

198 The crying Tian Cheng

Sheng nanxuan sat beside her and said with a dark face, " "Don't worry about them!"

...

Mother Yan wiped her tears and looked at the table full of food. She smiled bitterly and said, "You don't even know that your family values the dead! Even the day of the burial is so noisy, just ignore them in the future!"

"I know, mother Xuxu. Don't be sad." Gong mo hugged her tightly.

"I'm not sad anymore. If it wasn't for your dad, who would bother with them? But I thought that they would at least send your dad off quietly, but in the end, Yingluo ..."

"I hope dad knows this in the netherworld and complains to Grandpa and Grandma so that they won't be blessed!"

Hmph. mother Zhai held her face and wiped her tears. don't cry. It'll affect the child. Let's eat. If they're not eating, we'll eat slowly!"

Gong mo looked at the dishes on the table and sighed. After they finished eating, Mother Gong left immediately. Gong mo asked doubtfully, " "You're not packing?"

With her frugal personality, why didn't she mention packing? It was too strange!

"I'm not playing anymore, I'll be willful for once!" Her mother picked up her handbag. when people are unhappy, they like to spend money. I'm not happy today, so I'll just waste the money for these two tables of food!

Gong mo didn't know whether to laugh or cry, " "Alright, then."

When the three of them returned home, they could hear sobbing sounds at the bottom of the stairs. When he went up to take a look, he saw a woman squatting in front of his house. Her head was buried in her knees and she was trembling non-stop. Looking at her clothes, it was Tian Cheng.

"Chengcheng?" Gong mo called out.

Tian Cheng raised her head, her eyes swollen from crying. "Second aunt, cousin Yingluo."

She stood up and moved to the side.

Her mother pursed her lips and opened the door with her keys.

Tian Cheng wiped her tears and had no intention of leaving.

Mother Yan was helpless and didn't want to argue with the child. She said, "It's cold outside, come in."

"Thank you, aunt!" Tian Cheng said hurriedly.

"Go and wash your face," mother Zhai said after they entered the house.

Tian Cheng nodded and went to the bathroom.

Her mother shook her head and went to the kitchen to boil a pot of water. The electric kettle boiled water quickly, and it was done in two minutes. She took the water to the living room and poured a few glasses. Tian Cheng also came out after washing her face.

"Have some water." After saying that, she suddenly remembered. you haven't eaten yet, right? "

Hearing this, Gong mo hurriedly said to Sheng nanxuan, " "Go downstairs and buy some food."

"No need," Tian Cheng hurriedly said, " I'm ran ran. I should go.

"That's enough," Her mother pulled her to sit down. you call me second aunt. I can't possibly let you go hungry.

She knew that since Tian Cheng had come here, she must have nowhere else to go. If he went out now, would he go home? It definitely wouldn't. Who knew where she would wander off to? it was easy for a sixteen or seventeen-year-old girl to get into trouble if she went out like this.

Sheng nanxuan was a little unwilling. It was this girl's parents, uncle, and aunt who had made Gong mo and his mother cry together. He hadn't found anyone to vent his anger on yet, and she actually asked him to buy her food?

Gong mo nudged him, and he stood up gloomily. He warned Tian Cheng, " "You're not allowed to make your aunt and cousin angry!"

Tian Cheng was shocked and quickly nodded.

Mother Gong looked at him in confusion. After he left, she asked Gong mo, " what's wrong with nanxuan? "

"I'm fine." Gong mo said awkwardly.

"Is it because you're crying that you feel bad?" her mother asked jokingly after some thought.

"....."

"Ah, it's good that he dotes on you. I don't have to worry."

I'm sorry, ran ran. Tian Cheng wiped her tears. it's my parents 'fault, ran ran.

Chapter 199 he has someone outside

"Your mother doesn't have any bad intentions." Her mother said, "she's just following behind your first aunt and little aunt!

...

"I don't want to go home!" Tian Cheng suddenly said.

Mother Zi and Gong mo were both shocked. Mother Zi hurriedly said, " "Silly child, how could you think that way?"

is it because of what little uncle said about Yingluo? "Gong mo asked in a low voice. Just now at the restaurant, her uncle had called her a useless thing.

"Do you know why he scolded me like that?" Tian Cheng sobbed.

The two of them did not speak. In such a small place, the idea of valuing boys over girls was serious. Many people thought that daughters were money-losing goods.

“Father doesn’t like me.” Tian Cheng covered her face and sobbed. Mom can’t give birth to a younger brother, so he went out to find someone else. Ran ran, I heard that the Vixen outside gave birth to a son for him. He wants to divorce mom!

“What?” Her mother was shocked. She didn’t know about this.

“Mom could only ask eldest uncle and youngest uncle for help. Because of this, mom always helped them bully you, Hanhan, and I asked mom to divorce. Mom said I was unfilial and scolded me! I really don’t want to go back to that home! I know that mom didn’t divorce because of me. If they get divorced and Daddy doesn’t want me, she won’t have money to support me, Yingluo. Daddy got drunk and hit people. If I leave, mommy won’t have to worry about me anymore, Yingluo.”

Gong mo didn’t expect the little Tian Cheng to have such complicated thoughts. He was at a loss for words.

She didn’t know how to persuade him.

On the other hand, mother Zhai had seen a lot of these and didn’t think it was a big deal. As she wiped Tian Cheng’s tears, she said, “How could you have such a silly idea? Your mother did it for you. If you leave, wouldn’t she be even sadder?”

Tian Cheng was startled and cried even more sadly. “She only did it half for me! She only knows how to play cards all day. If she doesn’t use me as an excuse to reject the divorce, what will she do? If I leave, she might not be sad, but hate me. If I leave and dad really divorces her, how is she going to live?”

“There’s a division of property in a divorce!” Her mother said, “your father was the one who cheated on you. Take this evidence to court and you’ll award it to your mother. Your mother will get more money than your father!

Tian Cheng was stunned. but ran ran’s uncle and the others said that dad would bribe those lawyers if he had the money. We won’t get any benefits.

Mother Gong hissed and looked at Gong mo.

Gong mo suddenly realized that Big Uncle Gong and third uncle Gong might be working together to trick little aunt Gong. If they were to file for a divorce, little aunt Gong would be in the right. Tian Cheng's father would definitely not want to take this path. Perhaps he had given uncle Gong and uncle Gong San some benefits so that they could persuade little aunt Gong not to go to court.

Gong Mo's body turned cold. He felt that the human heart was too sinister! This was his own sister and niece, doing this was worse than an animal!

"What's wrong?" Sheng nanxuan returned with a bowl of rice noodles and a bag of snacks.

"Why aren't you saying anything?" He asked.

"I was waiting for you." Gong mo took the rice noodles and placed them in front of Tian Cheng. have something to eat first.

Tian Cheng held the rice noodles and nodded while crying. "Thank you, Yingluo."

Sheng nanxuan sat beside Gong mo and sized up Tian Cheng. A teenage girl who looked like she didn't have any schemes. He turned his head and took out a box of yogurt from his snacks. "Do you want the one you love?"

Chapter 200 method

"Yes, I do!" Gong mo hurriedly nodded.

...

Sheng nanxuan smiled and helped her open it. Then, he scooped a spoonful of soup and fed it to her.

She blushed and was too embarrassed to do this in front of others, so she took it and ate it herself.

Tian Cheng looked at them enviously and said with a smile, ""Cousin-in-law is so good to cousin ~"

When Sheng nanxuan heard this, he gave her a sharp look.

She was shocked and didn't know what she said wrong. She lowered her head and ate the rice noodles.

Gong mo looked at Sheng nanxuan in a daze. Sheng nanxuan lowered his eyes and reached out to touch the tip of her nose. She smiled and continued eating her yogurt.

The look in his eyes just now was so scary. It was as if he wanted to kill Tian Cheng. Thinking of his unknown identity, she did not dare to ask.

"Chengcheng, do you really want your parents to get a divorce?" Gong mo suddenly asked.

Tian Cheng nodded. I don't want to see them fight. I don't want to hear my father scold me! His heart isn't with me and mom, so whatever we do is wrong! Even if I get first place in the exam, I'm still useless in his eyes! I hope that after they divorce, I will study hard and earn a lot of money in the future to be filial to my mother. I want to let him see that my daughter is not a good-for-nothing!"

Gong mo looked at Sheng nanxuan. Sheng nanxuan raised an eyebrow. "Why?"

She held his arm and said coquettishly, "you should know a lawyer or something, right?" Why don't we help Tian Cheng? If she plans to get a divorce, we can introduce her to a reliable lawyer."

Tian Cheng looked at her in surprise. She recalled Sheng nanxuan's previous identity as the young master of a rich family! So what if he cut off all ties with the Sheng family? The people he knew hadn't changed, so he could still find them, right?

She looked at Sheng nanxuan and saw that his expression was still cold. Thinking of the look in his eyes just now, she was very scared. She had no choice but to look at Gong mo. "Cousin, is it really okay?"

"This Yingluo, by right, we shouldn't be involved in this kind of thing. It's better to tear down ten temples than to break a marriage. A couple will fight at the head of the bed and make up at the end of the bed, and the person who is persuaded will only become inhuman."

"This is the logic." Her mother interrupted.

Gong mo glanced at her and sighed at Tian Cheng. "We can only find such a reliable lawyer. We don't care about anything else. The rest is up to aunt. Go back and ask her if she's willing to get a divorce if she has a reliable lawyer and judge who won't let your father bribe her! If you're willing, ask your brother-in-law to introduce a lawyer. Otherwise, we won't be the bad guys anymore!"

"Otherwise, your mother will say that we've led you astray!" Her mother nodded.

"I understand!" Tian Cheng picked up her bowl of rice noodle soup and gulped it down. I'll be leaving now. I'll go back and ask my mother about the situation!

"Wait a moment!" Diana's mother shouted.

Hearing this, Tian Cheng could only sit down, her eyes filled with confusion.

"You're already in your second year of high school, right? If this matter can't be resolved, just bear with it for a while. At most, you can tell your mother that you've moved to live in the school. After you pass the college entrance examination, you can go to a University in another city!"

"But my mom ..."

"She's already an adult. Should she take care of you or you take care of her?" Her mother roared, "you have to be capable first before you can give her a good life in the future! She's been married to your father for almost twenty years, and she knows ten thousand times better than you when it comes to dealing with your father! If she really didn't have a way, the two of you would have been kicked out of the house by your dad. Don't worry!"

Gong mo lowered his head and didn't say anything.

Her mother was indeed more knowledgeable than her. This was called life experience, right?
