

## Ditsy Wife 461

### Chapter 461 Operation

Gambino had already been sent to the hospital. Sheng nanxuan and Gong mo left shengshi pharmaceuticals and rushed over.

...

On the way, Gong mo held Sheng nanxuan's hand and looked up at him.

He thought she was still afraid and consoled her, "I'm fine now."

Gong mo leaned on his shoulder and said softly, "He's my dad."

Sheng nanxuan was stunned. He thought that Shan Rong had agreed to Gambino's pursuit, but her tone seemed to have a deeper meaning.

"Did your mother agree to it?" he asked, puzzled.

Gong mo shook his head and whispered in his ear, "The one living in his body is my father, Gong Xing."

Sheng nanxuan was shocked. He knew that it must have been a problem with the experiment back then! In that case, Gong hang was also in the laboratory back then? Had he seen it before?

It was a long story, but he didn't want too many people to know about it, so he didn't discuss it with her in the car. He just patted her shoulder and said, "Don't worry, he'll be fine."

The two of them rushed to the hospital, and Gambino was still in the operating room.

When his subordinates saw Gong mo, their expressions turned ugly and they were obviously reproaching him. However, Gambino had been pursuing Shan Rong recently. They knew that Gambino

was doing this willingly. Moreover, Sheng nanxuan was very powerful, so they did not dare to really take revenge.

“Are doctors reliable?” Sheng nanxuan asked Fang Yang.

“It should be fine.”

Fang Yang was not sure. After all, this was not a big city. Although the doctor’s skills and experience were good, they were definitely not as good as the experts from the big hospitals in Beijing.

“Get a few experts over immediately.” Sheng nanxuan ordered.

“Should I call mom over?” Gong mo asked.

“Mom?” Sheng nanxuan was shocked. she came too? ”

“I have no choice. I was worried about you, so I came over first. The child kept crying, so I had to ask mom to bring him over.”

“Mom also knows?” He asked in a low voice, referring to the fact that Gambino was Gong Xing.

“Only mom and I know,” Gong mo nodded.

Sheng nanxuan nodded. why don’t we inform her after the operation? she won’t be worried.

“Then I’ll give her a call first and tell her that you’re fine. Otherwise, she’ll keep worrying.”

When he made the call, Gong mo lied and said that he was on his way back to the hotel.

Dan Rong was afraid that she would lie to her, so she even called Sheng nanxuan to talk to her. However, she did not expect that it would be Gambino who was in trouble, so she did not ask.

An hour later, they still hadn't returned. She then called Gong mo and asked, " "I'm about to starve to death. You guys went to eat by yourselves?"

Gong mo looked at the light of the operating room and saw that it was still on.

Back then, Gambino had been injured on his left shoulder. He had lost so much blood that his lungs might have been injured. If the bullet had gone any deeper, it might have hurt his heart.

This surgery would probably take a long time.

"That cricket Gambino was injured, so we brought him to the hospital," she said guiltily.

"What did you say?!" Shan Rong was stunned.

"He's injured. We're in the hospital now."

which hospital? " Shan Rong asked anxiously, afraid that Gambino had suffered serious injuries and that his life was hanging by a thread.

Previously, she was unwilling to accept that he was Gong hang. But now, if Yingluo were to die, Gong hang would really be gone!

If he was here, he would tell her about the past. She did not care if he had really changed his head or if he had found out about her past to lie to her. As long as he could reminisce about the past with her, she would treat Gong hang as if he was still alive!

When dan Rong rushed to the hospital with her child, Gong hang was still in the operating room.

Everyone was hungry, but no one asked to eat. They all waited worriedly.

After waiting for about an hour, the surgery was finally completed.

Gambino had injured his lungs and heart. Fortunately, he had been rescued in time, or he would not have survived. She was immediately sent to the intensive care unit after she left the operating room.

#### Chapter 462 Big news from the Sheng family

He was not out of danger yet, and the doctors could not guarantee what would happen next. Facing Gambino's group of subordinates, they were all scared out of their wits. They all gathered their spirits to deal with them, and the entire hospital was in a mess!

...

Sheng nanxuan had originally thought that if the situation was suitable, he would transfer Gambino back to the capital for treatment. Now that the critical period had not passed, he naturally did not dare to.

When night fell, Fang Yang brought a group of experts over, including Yu Qingliu.

After Yu Qingliu looked at it, she didn't recommend it either. "The critical period is not over yet. He needs to be under 24-hour observation and can't leave the hospital."

After hearing his words, everyone could only wait, wait for Gambino to be out of danger.

At this moment, there was no point in staying in the hospital. Gambino had enough men. Sheng nanxuan only left two people to pass the message and then brought everyone back to the hotel.

After returning, Zeng Shuai reported, "the police have just sealed up the R & d Center of shengshi medicine. They're investigating the situation on the second floor."

Hearing this, Sheng nanxuan immediately called for Yu Qingliu.

Yu Qingliu had just booked a room in the hotel and went back to her room.

After she was invited over, she saw that Sheng nanxuan was the only one in the living room. “Why are you looking for me?” he asked, confused.

there’s big news about the Sheng family. Will the Yu family do it? ”

“Ah?”

“If you guys don’t do it, I’ll do it myself.”

then you can make it yourself ~”Yu Qingliu felt that he was up to no good and didn’t want to play with him.

Sheng nanxuan said helplessly ,’I haven’t started the newspaper over there. I can’t do it. It wasn’t impossible to wait, but now that the police were there, it wouldn’t be right if they didn’t seize this opportunity. Didn’t your family investigate this before? someone was even arrested.”

“Hey!” Yu Qingliu was furious. mind your words!

The one who was trapped inside was his sister, who was seven years older than him. She had carried him since he was young, and their relationship was very good! He would get angry with whoever dared to talk nonsense about her!

“OK?”Sheng nanxuan nodded. how about this? since you don’t care about Qingyu media, why don’t you ask them? ” If you’re going to do it, let me know as soon as possible. Otherwise, I’ll have to contact another newspaper company.”

Yu Qingliu looked at him, and he smiled.

Yu Qingliu frowned slightly. He felt that this kid's smile was familiar. This kind of feeling made him unable to hate him!

"Do it!" He said, "I'll get someone to come over immediately!"

"Arrange for more reporters. It's best if your Qingyu media takes the lead and summons all the other media outlets."

"Summon them all? Is the news really that big?"

"Trust me, I can call the whole world over."

what? " Yu Qingliu was taken aback. tell me, what happened? "

"Let's put it this way. Shengshi pharmaceuticals made illegal drugs and developed illegal products. The laboratory usually uses white mice for research. They use a large number of animals. You can talk to those environmental organizations about this. Shengshi medicine has an herb garden where the animals are buried after the experiments. When the reporters come, they'll dig up the bones and use them as evidence--"

"Just like this?" Yu Qingliu frowned. it's just enough to make the animal rights activists excited for a while. Others won't think much of it. It's loud, but the rain is small.

"This is just a gimmick." Sheng nanxuan said, "no matter what big event it is, there must be a fuse, right? Get someone to report that shengshi pharmaceuticals is using animals for experiments now. First, make the topic of discussion heated up. In two days, the police will be pressured to dig up the bones. You can bring reporters to record the entire process and confirm this matter. Then, you can continue to report other violations of their rules."

Chapter 463 I have so much to say to you

"Then I'll get someone to make the arrangements!" Yu Qingliu said.

...

He hated the Sheng family. Even if Sheng nanxuan was plotting against him, he would be happy to do it.

Because Yu qinghuan's disappearance was a heartache for the entire Yu family!

When he reached the door, he suddenly turned around and asked, " "You're also surnamed Sheng? You're trying to trick your father like this?"

"You should have heard about me and him, right?"

"But it shouldn't be to the extent that you want to cheat your father, right?"

they've already turned against each other. This isn't just cheating! Sheng nanxuan shrugged indifferently.

"....."

Sheng nanxuan could not help but laugh. you'll find out.

"Then I'll wait." Yu Qingliu opened the door and left.

Sheng nanxuan got up and went back to his room. After a long day, Gong mo was exhausted. He fell asleep on the bed with the child in his arms.

He helplessly carried the child away and gently put him aside.

Gong mo hadn't fallen asleep yet, so he woke her up with a little movement.

She sat up and yawned. She looked at the child and asked, " "I fell asleep?"

"If you're asleep, then sleep." Sheng nanxuan kissed her.

She smiled and wrapped her arms around his neck. I don't want to sleep. I have so much to say to you.

"Then we'll talk about it slowly." He knew that she wanted to reminisce about the past and tell him about their high school days.

Gong mo leaned on his shoulder and rubbed against him like a kitten.

Sheng nanxuan looked at the child and whispered, "Let's send the child to the confinement nanny."

"You'll go?"

"Of course, I'll go." Sheng nanxuan pinched her nose and stood up with a smile. He picked up the child and left.

Gong mo sat on the bed and couldn't help but laugh.

She looked out of the window. It was already dark, and the neon lights in the distance flickered, and she could see the winding river.

She recalled that night five years ago, just like yesterday.

If they had gotten together back then, it would have been very sweet, right? What a pity, Yingluo

Suddenly, she thought of Gambino. She stood up and went to dan Rong's room.

There were a total of three bedrooms in this suite, and the remaining two were just enough for Shan Rong and the nanny to share.

When Gong mo walked out of the room, Sheng nanxuan came back and asked, " "What's wrong?"

"I'll go see mom."

"Alright, I'll go too."

The two of them walked to Shan Rong's room and knocked on the door. Shan Rong quickly came over to open the door.

When she saw them, she asked in confusion, "why aren't you sleeping?" It's been a long day, hurry up and sleep."

uh, hehe. Gong mo looked at her. aren't you awake as well? "

"I can't sleep." Shan Rong was stunned and sighed.

"You miss dad?"

Shan Rong sighed softly and touched her head. "Go to sleep. Mom is fine."

"Let's go see him tomorrow morning," Gong mo nodded after some thought.

alright. Shan Rong was silent for a moment before nodding. go to sleep. After that, he returned to his room and closed the door.

Today's incident was like a roller coaster ride. It had given her too much stimulation, and she needed to digest it.

Gong mo and Sheng nanxuan looked at each other. Sheng nanxuan then carried her back to their room.

what happened today has overturned my worldview for the past 23 years, " Gong mo couldn't help but sigh.

Sheng nanxuan hugged her and lowered his head to kiss her on the cheek."Don't be afraid, I'm still me."

I'm sorry, " Gong mo said guiltily. I shouldn't have been afraid of you.

For the past five years, she had forgotten about it, but he had suffered it all by himself. They had missed out on five years. Just thinking about it made their hearts ache!

"It doesn't matter. It's my fault, I scared you."

"You don't know either, right?"

"If you know, I won't take you there."

Gong mo laughed and threw himself into his arms,"I knew it!" You're so good to me, why would you scare me on purpose!"

#### Chapter 464 First impression

"Did I treat you well?" He asked in a low voice.

...

sure ~"Gong mo laughed. you bring me snacks every day. If I tell you to go east, you won't dare to go west! Speaking of which, Yingluo, when did you start to like me?"

"It's probably love at first sight ~"

"I can't even remember the first time we met," Gong mo chuckled.

"It's the first time, Yingluo." Sheng nanxuan hugged her and slowly recalled. that day was the first day of high school. You had a ponytail with a pink bow on it. You were so cute.

Gong mo snorted.

"What are you laughing at?" he asked, displeased.

you remember it so clearly~" she looked at him jokingly.

"Of course I remember your matters." Sheng nanxuan said, "the weather was very hot. I don't know what you did before, but there was a wet patch on your back. You're probably feeling a little uncomfortable, so when you straighten your back, I can't help but pay attention to you."

"It seems like when I came back from raising the flag, the person behind me poured the water in his hand on my back." Gong mo frowned and said, "it was so embarrassing! I'm afraid that people will see what I'm wearing inside."

ppfft-" Sheng nanxuan laughed. don't worry. Your back is straight enough, you can't see at all."

Gong mo glared at him and said, " "You're very disappointed, right?"

"No, I didn't! He was very fortunate! Because of this, no one else will notice."

Gong Mo's face turned red and he lowered his head.

"I just looked at your back like that and sized up your entire back. then, you suddenly turned around and teased me. Sheng nanxuan smiled. maybe I was too focused on it and you found out.

"Is that so?" She could no longer remember.

and then I remembered your face. Sheng nanxuan looked down at her and drew her eyebrows with his hand. as beautiful as you are now.

Gong mo couldn't help but laugh.

"What was your first impression of me?"

"Oh, Yingluo is probably handsome." Gong mo said.

"You're too perfunctory!"

"How do you perfunctorily say that? You're handsome! Isn't it only right to have such a first impression?"

"I don't want a" should." I want you to be more specific. What's the first thing you can remember about me?"

"Late?" Gong mo asked.

Sheng nanxuan,"Yingluo."

"Leave early?" Gong mo asked.

Sheng nanxuan,"Yingluo."

"You always sleep in class?"

Sheng nanxuan,"Yingluo."

"You failed the exam?"

"I'll be more specific!" Sheng nanxuan said gloomily.

Gong mo thought for a moment and said,"I think ran ran saw you coming out with a cigarette when she went to the toilet one day."

Sheng nanxuan: " Yingluo, forget it. Let's just go to sleep.

Why was his wife's first impression of him a dark past?

Fall!

If she had known, she would have been more obedient, worked harder, and had more positive energy.

What if his wife laughed at him with these in the future?

.....

In the morning, Gong mo opened his eyes and found Sheng nanxuan awake and looking at his phone.

She wrapped her arms around his neck and gave him a kiss on the cheek.

Sheng nanxuan put down his phone and smiled. you're suddenly very clingy to me.

Gong mojiao looked at him in shock and pinched his ear."Because I want to make up for the years I missed."

When Sheng nanxuan heard this, he grabbed her hand and kissed it. He looked at her gently. "The past can not be pursued, what's past is past, always thinking about it will only make you feel uncomfortable. We still have a lifetime ahead of us, so let's just treat these few years as a way to avoid disaster."

Chapter 465 Will you be alright?

pfft-" Gong mo laughed. alright~whatever you say~what time is it now? " Hurry up and get up, we still have to go to the hospital."

...

"Don't rush, take it slowly. The child is probably hungry, so I'll carry him in to get some milk." He jumped out of bed with a smile, put on the bathrobe provided by the hotel, and left the room.

Gong mo stretched lazily and picked up his phone. It was already nine O 'clock.

She couldn't help but sigh. It was too late!

She put down her phone and Sheng nanxuan came in. He carried the child and turned to the outside. "Come in,"

Gong mo was stunned. He hid behind the blanket and saw he Yue walking in with a suitcase.

"Madam." He Yue greeted her and didn't dare to look at her. She put down her suitcase and went out.

Gong mo looked at Sheng nanxuan in confusion. Sheng nanxuan said, " I asked her to pack our clothes and come over."

Then, he Yue came in with two more suitcases. It seemed that she had packed a lot of things.

"Do you want me to hang it up now?" she asked as she put down the box.

ah! Hu Zi wriggled in Gong Mo's arms. He obviously wanted to eat something.

find a set of my and nanxuan's clothes and iron them. We'll tidy up the rest later, "Gong mo said.

He Yue nodded and randomly opened a box. She took out two sets of clothes. "Is this okay?"

"Sure," Gong mo nodded.

"Then I'll go out first." He Yue left the room with her head lowered.

Gong mo began to feed the children. Sheng nanxuan opened the box and found a set of their undergarments.

Gong mo hadn't washed up yet. It was already half an hour later when he finished cleaning up and walked out of the room.

Shan Rong was dressed neatly and was reading the newspaper on the sofa. When she saw them, she said, "Quickly eat. It's already past breakfast time in the restaurant. I've called room service for you. They just delivered it and it's still warm."

"Oh, Yingluo, Thank you, Mom." Gong mo awkwardly walked towards the small dining room.

Shan Rong knew that they had gone through a lot of danger yesterday and were definitely exhausted, so she could not blame them for waking up late.

She walked over with the newspaper and sat beside them, placing the newspaper in front of them.

The two of them looked down and saw the words in the middle of the newspaper: Shengshi medicine was investigated and suspected of developing illegal drugs.

Gong mo was stunned. He looked up at Sheng nanxuan. "This is a Kasaya."

Seeing that it was a newspaper published by Qing Yu media, Sheng nanxuan asked Shan Rong, "Where did the newspaper come from?"

"Dean Yu came over to look for you this morning. Since you didn't wake up, he went back. He probably forgot to take the newspaper with him." Shan Rong said.

"Oh." Sheng nanxuan knew that Yu Qingliu had specially come to deliver the newspapers.

Gong mo and dan Rong knew about the laboratory anyway, so he didn't hide it from them. I asked him to do it. He will reveal the secret of the Sheng family using humans for experiments.

Shan Rong was slightly stunned and agreed, of course, we should let everyone know about such an outrageous thing and let them receive their punishment!

"Will you be alright?" Gong mo looked at Sheng nanxuan.

Sheng nanxuan touched her head. "Don't worry."

Gong mo said worriedly, "I know you're not on the same side as them and you've already cut off all ties with them." But the people outside didn't think so! Your surname is Sheng after all, the people outside must think that you were involved in those things."

"I was only a few years old before shengshi pharmaceutical changed their factory, so I definitely couldn't have participated. the R & d Center probably doesn't conduct such experiments anymore. Even if they did, I just graduated from University last year, and I've been in Beijing for four years, so I didn't have the chance to participate. Don't you worry!"

Chapter 466 Still not out of danger

"That's good." Gong mo nodded. you're clearly the victim. It'd be a huge loss if you were to get yourself into trouble!

...

"Don't worry." Sheng nanxuan smiled and scooped up some porridge from his bowl to feed her. here, eat more.

Gong Mo's face turned red. Just as he was about to eat, Shan Rong called out, "Are you guys done? If you're done, then hurry up and eat. After you're done, we'll go to the hospital for an injury examination!"

Sheng nanxuan was stunned. Gong mo quickly pushed his hand back and lowered his head to eat his food.

really, I woke up early in the morning to wait for you guys. If I had known earlier, I would have gone by myself! At the side, dan Rong said unhappily, " if I were to go by myself, I'd be able to make two round trips!

While eating, Gong mo secretly glanced at her and muttered, " "You're still concerned about him, Yingluo?"

Shan Rong was startled and felt a little embarrassed. She twisted her words and said,"Didn't he get injured while trying to save you? You're so heartless, waking up so late at night. You can only make me worry for you. Who asked me to be your mother!"

"Alright, it's my fault." Gong mo also felt that he had done a bad job and couldn't help but reflect on himself.

"You're worried about him too, he won't blame you." Sheng nanxuan whispered.

Gong mo glanced at him and nodded slowly.

After dinner, the three of them went to the hospital.

Gambino was still in critical condition and showed no signs of waking up.

His subordinates had called in a few more expert surgeons from abroad. These people were not as good as Yu Qingliu, but Yu Qingliu was added by Sheng nanxuan. These were the people they called in themselves, so they trusted him more.

However, in the face of Gambino's current situation, those people were similarly helpless. They could only observe his various physical indicators and wait for him to wake up.

Gong mo and dan Rong waited outside the ward for a long time. They wanted to do something, but they couldn't do anything. In Gambino's current condition, only the doctors and nurses could touch him.

Gambino's men crowded outside the ward. No one was willing to leave, and there were many of them. The others would be in the way if they stayed any longer. Gong mo and dan Rong stayed for a while before leaving before lunch.

Sheng nanxuan took them to dinner. When he got into the car and saw that they were all worried, he comforted them. I've arranged for someone to be in the hospital. If there's any news, they'll inform us.

oh, oh, oh. Shan Rong sighed. I can't help it. There's no other way.

"He'll be fine," Gong mo said as he held her hand.

"He's not out of danger yet!" Shan Rong could not help but wipe her tears. I still don't know if he's telling the truth or not. My heart is hanging by a thread. If he were to die like this, who would I remember in the future? I definitely can't forget him, but what if he's lying to me? What if he's not your dad?"

"Mom, don't let your thoughts run wild." Gong mo said, "he will be fine. When he's fine, you can ask him again. He'll definitely tell you."

"I hope so, Yingluo. I hope he'll get well soon." Dan Rong was quiet for a while before holding her hand. it'd be good if he was your father. You've never had a father to care for you and protect you since you were young. If Yingluo is, you'll have no regrets if he puts in more effort for you."

"He's already done his best," Gong mo said in a low voice. He's still in danger."

Shan Rong was stunned and pulled her in front of her. "This is his heart for you."

Sheng nanxuan glanced at them but did not disturb them.

Gambino ran ran ran shouldn't be so unlucky, right? He had just told her the secret and had not reunited with his family yet, and now he was leaving?

It wouldn't.

Heaven helps the worthy!

The last time he had cancer, he was able to change his body to live again. What was a small bullet to him?

## Chapter 467 A conspiracy

Gong mo and the others returned to the hotel and saw Yu Qingliu and Yu Xinran in the lobby.

...

The two of them walked over, and Yu Qingliu said, "I went to the room to look for you. You weren't there. I've been waiting here for a while! Didn't you guys leave the hospital first? I thought you guys had returned long ago!"

"I'm eating out." Sheng nanxuan said, "let's talk upstairs."

Yu Qingliu nodded and walked towards the elevator with him.

“Why are you here?” Gong Mowen asked Yu Xinran.

“Bring some people over for an interview.”

Oh ... Gong mo suddenly realized that it was about shengshi medicine.

This morning’s newspaper only reported that the police had discovered the R & d Center’s basement and suspected that glory world pharmaceutical was doing something illegal.

There were no reporters at the press conference yesterday, and the police somehow leaked the news.

Although they didn’t block the news, that was because they didn’t expect it to be reported in the newspapers!

Many employees had seen it at that time, so it was possible that the employees had leaked it.

However, if it was an employee, it would be a big deal if the local Nanjiang newspapers knew about it. How did Qing Yu media know about it?

The chief of the police station recalled Deputy Mayor ding’s instructions yesterday. He guessed that the Sheng family must have offended some Big Shot, and could only cooperate with the development of the matter.

That afternoon, several reporters from small newspapers went to shengshi medicine and the police station to interview. The next day, these newspapers reported the same news at the same time: Shengshi medicine was suspected of using animals for experiments.

Then, Qingyu media arranged for the Internet Water Army to stir up the emotions of the animal rights activists.

In the next few days, reports continued to be published, saying that shengshi medical company had buried a large number of animal corpses in the original factory.

The animal protection Association began to organize demonstrations at the entrance of shengshi pharmaceutical, waving flags and shouting, and pressuring the police station to excavate the old factory area to find evidence of shengshi pharmaceutical using animals for experiments!

.....

“A conspiracy!”

In the Sheng family’s Villa, Liu Xuelan threw the newspaper on the ground, screaming.

She and Sheng Zhongtian had been paying close attention to the development of the situation these few days.

In the beginning, they didn’t understand what was going on. They weren’t sure who was behind the scenes and didn’t know the purpose of the report.

But now they knew!

It was Sheng nanxuan!

He wanted to expose the secret of using humans for experiments!

What animal?

What the hell was that?

How could animals compare to humans?

When the ground was dug up and everyone saw that the bones were of humans, it would definitely shock the country and the world!

“We can’t let them dig!” Liu Xuelan shouted, “we’ll be dead if we dig it out!”

“Of course I know!” Sheng Zhongtian said anxiously, “but what do we do now? I went to the mayor and the director, but they weren’t willing to help!”

“Why would they help? They’ve all been bribed by Sheng nanxuan!” Liu Xuelan slammed her fist on the table and said through gritted teeth, “this little bastard! I told you not to keep him, but you said that he’s your child too and that you’re soft-hearted!”

“What’s the point of saying all this now?” Sheng Zhongtian shouted, “when Wu Huan was pregnant, I told her to abort the child. You were the one who insisted on using a pregnant woman as an experiment, so she gave birth to the child! She had already given birth, could she still strangle her? It’s already outrageous to use so many people for experiments. If I don’t even let my own son off, I’m afraid I’ll be punished by the heavens!”

“You blame me?”

“Of course it’s your fault!” Sheng Zhongtian said unhappily, “you were the one who accepted this experiment! Now, no one can save us!”

Chapter 468 Let them run

“Who said that? And also Dr. Carter.” Liu Xuelan gritted her teeth and said fiercely, “no! He didn’t want anything here! Let’s hurry and pick up Dong ye from the hospital. We need to leave before those people come! Otherwise, once those things are dug out, we’ll definitely go to jail and we’ll have nothing!”

...

“Didn’t Dr. Carter want nanxuan? Now that we can’t capture nanxuan, how are we going to find him?”

“We still have money!” Liu Xuelan said, “don’t blame me for bringing you this disaster back then. If it wasn’t for me, glory world pharmaceutical wouldn’t be where it is today. Where do you have so much wealth? At least we still have some money in our hands. Carter’s experiments need financial support. Even if he had a very powerful financial backer, who would complain about the lack of money? He might not welcome us if we bring money with us.”

“What should we do after we give him the money?”

is money more important or life more important?! Liu Xuelan shouted, “and Dong Yi’s leg! The doctors here were all a bunch of good-for-nothings who said that he would never be able to stand up again! But it’s different with Carter. He has the best doctors in the world and he might be able to cure Dong Yi!”

“Then, Yingluo, when are we going?” Although shengzhongtian was reluctant to part with money, he cherished his life even more, and he was even more reluctant to see his son, who had been carrying on the family line, in trouble.

“Now! Immediately!”

.....

Gambino was finally out of danger!

When Gong mo and Shan Rong received the news, they rushed to the hospital under Sheng nanxuan’s lead.

Gambino had just finished all the tests and was sent to the VIP Ward.

When Shan Rong walked into the ward, Gambino’s subordinates did not stop her. Who asked her to be Gambino’s sweetheart?

She walked to the side of the bed and saw Gambino with his eyes closed. "Are you alright now?"

The doctors from the hospital, as well as the doctors who had been temporarily hired from both the country and the world, were all in the ward.

Yu Qingliu, who was the most skilled in medicine, said, "although he's out of the critical period, he hasn't woken up yet. He didn't show any signs of waking up for the past few days, so we need to see him again." It's normal that he didn't wake up a few days ago, but if he doesn't wake up today, it'll be a big problem."

"What do you mean?" Shan Rong was shocked.

let's wait and see. We can't even tell now. It's not worth it to be scared for nothing.

When Shan Rong heard this, she felt even more uneasy and scolded, "Since it's not worth it, you shouldn't have said it in the first place. Who can rest assured now?"

Yu Qingliu paused and hurriedly apologized, " "Alright, alright, I'm sorry! It's my fault! Don't take it to heart, you'll be fine."

As they were talking, Fang Yang, who was outside the ward, received a call. He came in and said to Sheng nanxuan, " "Shengzhongtian and the other two have run away!"

"What?" Gambino's subordinates were all shocked.

Jason, who was leading the group, said angrily, "you've injured our BOSS so badly, and you still want to run?!" you guys ... he pointed at a few people. go and chase them. If you catch them, execute them on the spot!

"Hold on!" Sheng nanxuan stopped them. we can't touch them now. Let them run.

“What do you mean by that?” Jason was furious. He pulled out a gun and pointed it at him. I knew there was something wrong with you! You’re the son of the murderer!”

ah! the doctors in the hospital screamed in fear.

Yu Qingliu came over to stop him,”stop it!” Don’t mess around! Everyone, let’s talk things out. Don’t scare the honest man!”

“If you guys want to make a scene, go outside!” Shan Rong called out, not afraid at all.

What Gambino had suffered was a gunshot wound, so what was she afraid of? Moreover, this person was Gambino’s man. She didn’t believe that he would really dare to shoot.

Chapter 469 Put the gun down

As long as he didn’t shoot, wouldn’t it be like a toy? It was just to scare children!

...

Dan Rong was a feisty person to begin with, so even if she were to shoot, she would not be afraid. Her man could actually come to life with a foreigner. What kind of storms had she not seen?

She said,”the person on the bed just got out of danger, and you’re here making a scene!” What if the bullet missed and hit him again?”

As soon as he finished speaking, Fang Yang suddenly moved. He pulled out a gun from his body and pointed it at Gambino, who was on the bed. He said to Jason, ” “Put down the gun!”

Shan Rong was shocked and her eyes widened. What the hell, did he take her words for farts? She had just said that the bullet had missed, but he had directly pointed it at her!

you ... Jason was also shocked. He turned his gun to Fang Yang, but suddenly remembered that Sheng nanxuan was the real BOSS behind the scenes. He pointed at Sheng nanxuan and said to Fang Yang, "you let him go first!

"Whoever takes it first will put it first!" Fang Yang said sternly.

Jason was stunned. He pointed at Sheng nanxuan and did not move.

The ward suddenly quieted down, and the atmosphere was tense.

After a few seconds of silence, Gong mo suddenly shouted at Fang Yang, "Put it down! Why do you have a gun?"

After she finished speaking, she remembered that he always listened to Sheng nanxuan. She immediately asked Sheng nanxuan, "You've brought your men?"

Previously, Sheng nanxuan was against his men carrying guns. He wasn't from the underworld, so why did he bring a gun?

However, what had happened a few days ago had changed his mind.

If he had brought a gun with him, he might have saved Gong mo on the highway and none of this would have happened.

Even if they couldn't be saved, they would have guns in shengshi medical's laboratory. Liu Xuelan probably wouldn't have the chance to shoot them.

Therefore, two days ago, he asked Fang Yang to order a batch of firearms and prepare to arm his own forces.

However, the firearms had not arrived yet, but Fang Yang had obtained one through other channels, and it would come in handy today.

The result:

When Gong mo roared, Sheng nanxuan knew that things had gone wrong.

It seemed that Gong mo didn't like it. If Gong mo didn't like him, he definitely didn't do it!

He looked confused and pretended to be innocent. "I don't know."

Fang Yang thought, 'Oh, I'm so unlucky!' You were the one who told me to bring it! You betrayed your subordinates to please your wife, where is your conscience as a BOSS?

Gong mo naturally did not believe that Sheng nanxuan was innocent. Did she not know him?

Before the hypnosis was lifted, she had known him for less than a year, but she already knew him well enough. Moreover, she had recalled the past and understood him better!

He was a scoundrel!

He was a big hoodwinker!

However, she knew that he loved her and treated her well. Even if he lied, it must be for her own good. Therefore, even if she had doubts in her heart, she would definitely support him immediately!

Hence, she did not say a word but looked at Fang Yang. "Put it down!"

Fang Yang was the scapegoat for his BOSS and felt very wronged. He refused to let it go. "He's pointing at the BOSS! If I let him go, the BOSS will be in danger!"

Gong mo looked at the situation and didn't dare to yell at Jason. After all, they weren't familiar with each other."But you can't point your finger at my mom!"

Fang Yang looked over and saw Shan Rong sitting by the bed.

He cried out in grievance,"I didn't point at the old lady!" I mean ..."

"That won't do either! If your hand had trembled, wouldn't you have hit my mom?"

"Put it down," Sheng nanxuan said.

He saw his subordinate's grievance and decided to raise his salary to comfort him.

Fang Yang glanced at him and understood the meaning in his eyes. He felt even more depressed. What's the use of raising your salary! I've never been short of money since I've followed you!

Chapter 470 It's not impossible to repay with your body

He glared at Jason and put the gun away.

...

Jason looked at everyone-the one by the bed was the BOSS's sweetheart and Sheng nanxuan's mother-in-law. If she hurt Sheng nanxuan, she would be the one at a disadvantage when BOSS woke up and Shan Rong complained.

He was even more depressed than Fang Yang.

Fang Yang had only put away his gun after being ordered, but he had put it away directly. This grievance was really indescribable!

He glared at Sheng nanxuan. what do you mean by letting them go? ” he asked.

Sheng nanxuan put his hands behind his back and said calmly, ” “According to your boss, there is a mastermind behind shengzhongtian. Now that they had no other choice, they would definitely seek refuge with that person. So we can only let them go and follow the clues to find that person.”

Jason frowned and thought for a while, then said to his men, ” “Arrange for someone to follow them and report their movements at all times!”

Sheng nanxuan glanced at Fang Yang. Fang Yang knew that he had the same intention and immediately turned around to make arrangements.

Yu Qingliu wiped his sweat and said to Sheng nanxuan in exasperation, ” “Don’t show your guns in the future! Do you think you’re from the underworld?”

Sheng nanxuan glanced at him and thought, ” Do you think you’re scolding your son?

they’ve all run away, “he said calmly. hurry up and inform your niece to take action. It’s just in time to give them the charge of running away for fear of punishment!

Hearing this, Yu Qingliu quickly left the ward. Just as she left, she came back and called the other doctors, ” “Don’t worry about them, go and rest!”

The group of doctors ran away as if they were escaping-the hospital had gangsters, and they really couldn’t afford to be hurt!

Sheng nanxuan facepalmed, speechless.

Jason arranged for his men to leave the ward, leaving only the two of them inside.

Shan Rong turned her head around angrily and looked at Gambino. What a bunch of troublemakers. The injured had not even woken up yet, and they were in the mood to make a scene!

Gong mo walked to her side and looked at Gambino worriedly.

She held Gong Mo's hand and said, "I'll stay here to take care of him."

"What ... What if he lied to you?" Gong mo asked hesitantly.

Dan Rong paused and sighed, "so be it." Lying is also to lie to my heart! Besides, he did this to save you. You are my life! He saved my life, so I'm willing to give my body to him."

"Mother!"

"Alright! If it were someone else, they definitely wouldn't be so good to us. Besides, I didn't really hate him in the past. I just thought that since he's a foreigner, I wouldn't be able to see you and take care of you after I left the country with him."

mom ... Gong mo hugged her and started crying.

In the end, everything that dan Rong did was for her!

"Why are you crying?" Shan Rong pretended to reprimand him. it's inauspicious to cry in the hospital!

Hearing this, Gong mo immediately wiped his tears and said with a smile, " "Then I won't cry! Gambino is out of the critical stage and should wake up soon. We should be happy. It's an injury, not a terminal illness. It'll be fine after some rest."

"Yes," Shan Rong also laughed. Suddenly, she thought of something and hurriedly said, " quickly get someone to go back to our house to pack up! He was injured, how could he eat the food in the hospital? I have to make soup for him!"

Gong mo was stunned, "go home?" Would it be too much trouble? If Big Uncle and the others find out about this, they'll definitely come and bother you again."

"Who's afraid of him?" Shan Rong looked at Gambino. when he wakes up, I still have to bring him back.

Gong mo was enlightened. If this was really her father, he would definitely want to go back to that house to take a look, right?

"I'll get someone to clean it up," she nodded.
