

Ditsy Wife 561

Chapter 561 I'm just a bystander

Sheng nanxuan was silent for a few seconds. I don't want mom to take the risk. That's the worst plan of all. Unless Gambino is so powerful that he can destroy the world, there's no need to do it.

...

In fact, he was thinking ...

The real Gambino was in his Prime when he was suppressed. Now that he was awake, his sense of aesthetics should have stopped at that time, right? Even if it didn't stop at that time, it was certain that men liked young and beautiful women, no matter their age. Of course, that was with the exception of those whose hearts already belonged to someone else.

Therefore, unless Gambino had an Oedipus complex, the possibility of him falling in love with Shan Rong was very low.

It's almost the same to call him in love with Gong mo.

cough cough. In Sheng nanxuan's heart, his wife was the best.

Seeing that they were getting more and more outrageous, Gong mo hurriedly changed the topic, "What do we do now? What method should I use?"

"I want to try hypnosis," Sheng nanxuan said, "hypnotize Gambino's personality and make him fall asleep. As long as nothing goes wrong, he will never wake up again."

this Wanwan! Gong mo wasn't a doctor, after all. He wasn't sure if his method would work, so he looked at Yu Qingliu hurriedly.

Yu Qingliu touched her chin and thought, I can try. However, Gambino's vigilance is very high now, and it won't be easy to succeed. We have to be fully prepared, and we also need a powerful hypnotist."

As for the hypnotist, wasn't it Sheng nanxuan? This guy was amazing!

He looked at Sheng nanxuan thoughtfully, but Sheng nanxuan said, "If we're sure to use this method, I'll get someone to help."

"Who?" Gong mo and Yu Qingliu asked in unison.

"Ritch." He looked at Yu Qingliu, "you should have heard of it, right? Ph.D. In psychology. Like Gambino, they were both Italy. He's devoted himself to hypnosis and has been doing this research for the past few decades."

"I know, Yingluo."

Yu Qingliu thought to herself, even if I've studied it for decades, I might not be able to beat you! You're simply a demon!

Although he was complaining in his heart, the words that came out of his mouth were completely different. "You know him?"

"We've had an exchange."

"You didn't hypnotize him, did you?"

Hypnotism could get rid of extra personalities, but it could also turn a good person into a lunatic. If your defense is low, just a glance at you and you will have another personality!

"I don't have that kind of ability." Sheng nanxuan laughed lightly. when I first started studying hypnosis, I didn't know anything. So I went online to search for information and found a related website. I met Richie there. He's the authority in this field."

hehe ... Yu Qingliu laughed coldly. 'found' a related website? "

He emphasized the word “found.” you hacked their website, didn’t you?!

“Does it make a difference to me?” Sheng nanxuan asked matter-of-factly.

Yu Qingliu: “ wuwuwuwu! You didn’t hack into my computer, did you? ”

“I haven’t had time.”

“.....”

cough ... seeing that they were about to quarrel again, Gong mo carefully interjected and asked Sheng nanxuan, “ don’t you know how to hypnotize people? ” You’re still looking for someone?”

“I know how to do it, but I don’t have enough theoretical knowledge. Dad’s situation is special, so I don’t dare to act rashly. I’ll have to ask Ricky, and I’m sure he’ll be able to come up with an appropriate solution.”

“So, we’ll do that for Zhenzhen?” Gong mo nodded.

“What did professor Yu say?” Sheng nanxuan looked at Yu Qingliu.

Yu Qingliu laughed. I’m just a passerby. Just remind me when you need soy sauce!

Chapter 562 Not on your side

Rich was in country M now. When Sheng nanxuan contacted him, he agreed quickly, but he would only be able to come over tomorrow at the earliest.

...

Sheng nanxuan took this time to log on to foreign websites and uploaded some information he brought back from the FARC to expose what they had done.

This move would definitely harm the interests of China, and foreign enemies would definitely take the opportunity to condemn China. However, this kind of thing that went against humanity would not be suppressed just because he was Chinese.

It was precisely because he was Chinese that he had to be exposed. He couldn't wait for things to reach an irredeemable stage and let China Bear an even greater infamy.

Besides, the guilty ones weren't Chinese, nor were they Chinese people, but the people who set up this organization. It was those people who had tarnished the reputation of China and other Chinese people who were unaware of the situation.

It was also those people who had sent the helicopter to track him in an attempt to kill him. If he were to send the information to a Chinese website, it would be deleted very quickly. Therefore, he could only post it on foreign websites.

He had discussed this with Yu Qingliu.

The Yu family had connections in the political world, so Yu Qingliu immediately informed her family to pay attention to the movements above. However, there was still no response at night.

Sheng nanxuan said, 'it's impossible for there to be no movement. From the looks of it, he's not on your side.'

Yu Qingliu furrowed her brows and said, 'Speaking of which, when Qing Qing started this research, my sister-in-law's father was doing well.' However, he failed to run for president and became the Secretary of State after two years of silence. Then he retired. The current Huo Cheng is not in the same party as him.'

'I've already guessed this possibility. The Yu family has always been on his side, right?'

Yu Qingliu gave a soft 'en', clearly understanding what had happened.

She had thought that Yu qinghuan's disappearance was an accident, and that it was just a business battle between the Wu and Sheng families.

However, as the SSC surfaced, he understood that this was a political struggle.

After that, Yu qinghuan went to Nanjiang for an interview. She wanted to find out the truth about the quality of the medicine bottles. Who knew that the truth was far from that simple.

Perhaps Yu qinghuan had discovered the secret of human experimentation. In order to keep her mouth shut, Liu Xuelan and the others had captured her and used her as a test subject.

It was also possible that the FARC had discovered that she was the daughter of the Yu family, so they simply captured her for experiments.

In any case, they didn't want her to return to the capital.

Yu Qingliu heaved a long sigh, "the Yu family has a rule that States not to enter politics." In the end, Yingluo was bullied and kept in the dark because she didn't enter politics! In the end, no matter how rich he was, he had to have power. It's better to be the mountain than to find a backer!"

The marriage with the min family was naturally to make the Yu family's business path smoother, and the min family could also get financial support to make their political path smoother.

However, if his family left for politics and business, everything would be more comprehensive, and things would not end up like this.

Chapter 563 Wrong seniority, right?

Yu Qingliu told his older brother Yu Qingping about his speculations, and Yu Qingping told Yu Zhengming.

...

Yu Zhengming beat his chest and stomped his feet, blaming himself endlessly.

It was his thoughtless consideration that had harmed qinghuan.

“Don’t tell Min Ling, in case she overthinks,” he instructed Yu Qingping.

“I know,” Yu Qingping said.

“Where’s Qingliu? Where did he go? I haven’t seen him for a long time! Tell him to come back quickly!”

someone posted the information about the SSC on a foreign decryption website, and he knew so much about it. Even if he didn’t post it, he was obviously involved. Yu Qingping said worriedly, “I’ve already asked him. He said he’s fine, so I didn’t ask much.

.....

In joy garden, Gong mo and Shan Rong were unaware of the bloody storm between the two parties.

They didn’t care much about these things and didn’t expect such a complicated situation.

Sheng nanxuan didn’t want Gong mo to worry about these things, so he didn’t tell her at all.

Her child was still sick, and it was already hard on her to take care of him. Moreover, there was still Gong hang’s matter, so she couldn’t worry about anything else.

The next day, the child was much better. She was still listless in the morning, but in the afternoon, she became lively and jumped around in the baby walker.

Yu Qingliu excitedly picked him up and let him jump on her body.

“Aren’t you tired?” Shan Rong laughed.

“She’s so cute, I can’t wait to like her!” Yu Qingliu asked Sheng nanxuan, “ why don’t you let him be my godson? ” I think I’m fated with him.”

Sheng nanxuan’s face darkened. Godson? Was the seniority wrong? I’ll be your godson!

Gong mo didn’t say anything and looked at Yu Qingliu with a complicated expression.

Yu Qingliu saw the two’s faces fall and was instantly unhappy. “If you don’t agree, then don’t agree. What’s with the black face?”

Sheng nanxuan could not be bothered with him.

“When do you plan to tell him?” Gong mo asked in a low voice.

“Let’s deal with the current matter first.” Sheng nanxuan replied in a low voice, “otherwise, he will go crazy.

Is it alright for “Yingluo” to mock your uncle like that?

In the evening, rich arrived. After sitting in a plane and car for more than ten hours, he was exhausted.

Anyway, Gambino had not woken up yet. Sheng nanxuan was not in a hurry. He let him rest first and get over his jet lag before talking about business.

Gambino woke up in the middle of the night.

He had been stimulated by all kinds of experiments, and the aftereffects were still there. He felt a little nauseated. Coupled with Yu Qingliu's random injections, he had no strength left.

When he opened his eyes and saw his surroundings, he knew that he was not in the ward. Seeing that Primo was beside him, he said, "Where is this place?"

"BOSS?" Primo was overjoyed.

Fang Yang, who was outside, heard the noise and pushed the door open to take a look. "You're awake? I'll go get professor Yu."

Following that, the others also rushed over one after another. There were Gambino's own people and also Sheng nanxuan's people.

Chapter 564 Are you afraid of death?

Gambino's expression changed drastically when he saw that. He asked Primo fiercely, "Who are they? Where am I?"

...

Could it be that Gong hang had already woken up? She had handed him over to Sheng nanxuan?

Jason was surprised. they are Mr. Sheng's men, " he said, confused. BOSS, you've met them before.

Gambino was stunned. Naturally, he did not dare to say that he had not seen it before.

“You’re awake?” Yu Qingliu walked in, yawning.

Dr. Yu, take a look! Jason said hurriedly. BOSS doesn’t recognize anyone!

Yu Qingliu’s eyes were half-closed, and there was a flash of light in them.

his brain was stimulated. He’s probably still dizzy. It’s normal for him to short-circuit for a while. He lowered his head to examine Gambino.

Gambino said coldly to Primo, “get him out!” Don’t I have a doctor? And where was this place? Take me away immediately!”

Primogenitor and Jason were both in a difficult position.

The two of them actually didn’t like Gambino very much. He was especially unreasonable. In the face of such a person, the two of them didn’t even want to listen to him.

Yu Qingliu laughed. ignore him. I’ll analyze his condition with you guys later. Leave it to me now.

After saying that, he did not care about Gambino’s orders or how much he scolded him. After he was done with his inspection, he called a few people to keep an eye on him and left the room with Primo and Jason.

Primo arranged for a few loyal subordinates to watch over him. He was not afraid that Sheng nanxuan would do something bad.

you guys ... Gambino was extremely angry. whose people are you? Traitor! Do you know what happens to traitors?”

Primo and Jason’s footsteps were a little hesitant.

All these years, those who had betrayed Gambino had all died miserably.

“Why don’t I stay?” Jason said.

Primogenitor glared at him, then suddenly pulled his hand and left.

Hey! Jason was shocked.

Outside, he saw that primogenitor was holding his hand. He quickly shook it off and blushed.

F * ck, f * ck, f * ck-

Why was she holding hands with a man like this?

Primogenitor did not care about what he was thinking. He lowered his voice and said through gritted teeth, “Are you afraid of death?”

Hearing Gambino say that the outcome of traitors had to be left behind, if this was not a fear of death, what was it?

Jason said, “I’m not afraid of death. I just feel that BOSS Yingying is a little different from before.” Between the two of us, one of us should stay by his side and take care of him, right?”

Without waiting for Primo’s reply, Yu Qingliu interrupted, “You guys aren’t that far from him, why can’t you take care of him? I’ll be done in a while, do you want to hear it?”

“Go ahead,” Primo said hurriedly.

Yu Qingliu nodded and sat down on the sofa. She asked the servant to bring her supper and spoke as she ate.

"I've met your BOSS before." He said in all seriousness, " according to my observations during this period of time, I suspect that he has dual personalities. Now, the secondary personality is dominant, and the original personality is hidden. That's why you think he's changed a lot and is a completely different person from before."

Primogenitor and Jason's expressions changed.

now that you've mentioned it, I remember it, Chenchen. Jason glanced at primogenitor, and seeing that he did not stop him, he continued, " I had just started working for the BOSS back then, and I wasn't in the position I am now. Boss had gone to see a psychiatrist before, and it was said that it was because of a personality disorder. In the past, BOSS also warned us not to be afraid if one day his personality changes."

When Yu Qingliu heard this, he understood that Gong Xing had left a way out for him.

Gong hang was worried that Gambino would return, so he naturally had to let the people around him be mentally prepared. He could only explain it when he regained control of his body. Seeing a psychiatrist was probably just a step in the middle of this, just to make it look more realistic.

Chapter 565 During the hypnosis

In this way, his next arrangements went smoothly.

...

Jason and primogenitor were not fools. They must have been smart people to have followed Gambino for so many years. Without any preparation, it would take some effort to make them believe that Gambino had dual personalities.

Now, with Gong hang's warning, Yu Qingliu didn't even need to convince them. She only needed to nod in agreement.

“Then that’s right.” Yu Qingliu said with a serious face, “ I thought I had misdiagnosed her and called Ricky over. Ricky is an expert in psychology, and your BOSS wasn’t awake when he arrived, so I didn’t ask him to do a diagnosis. I wanted to do it tomorrow. Now that we know about his medical history, it’ll be great if you can find his medical record. It’ll be easier to analyze his condition.”

I’ll immediately notify someone to look for him,” Primo said.

Gambino had been to a Psychological Clinic a few times, so he had some impression of it. Therefore, he did not doubt Yu Qingliu’s words and cooperated with her.

In the next two days, Yu Qingliu and Richie started to analyze Gambino’s ” condition “.

Gambino was making a lot of noise, wanting to leave, but Jason and primogenitor had already believed that he had a split personality, and they were all looking forward to finding their former BOSS.

To be honest, they didn’t like their BOSS at all and didn’t want to work for him.

Hence, Gambino naturally could not command his own people.

His body had been modified, but he could not exert any strength now, mostly because he had been electrocuted and injected with drugs in the FARC.

Sheng nanxuan was worried that he would regain his strength, so he and Yu Qingliu used both methods. One used hypnosis and the other injected drugs. Although the effect was not ideal, it temporarily delayed him for two days.

In the past two days, Ritch had come up with the perfect hypnosis plan.

At night, Sheng nanxuan, Richie, and Yu Qingliu hypnotized Gambino.

At this time, no one was allowed to disturb them, so there were only the three of them in the room.

His subordinates were all outside, surrounding the villa tightly.

Because the incident with the FARC was getting more and more intense internationally, Sheng nanxuan and Yu Qingliu were not investigated by anyone. It was obvious that the other party was waiting for an opportunity to make a move. They didn't know when the other party would make trouble, so they naturally had to be careful.

Gong mo and Shan Rong were in the bedroom upstairs. It wasn't time to sleep yet, so they didn't rest. Even when it was time to sleep, he could not fall asleep at this time. He could only hold Hu Zi and wait anxiously, not even in the mood to talk.

Sheng nanxuan had said that the hypnosis would take about half an hour.

Gambino had been given sleeping pills in the afternoon, and now he was woken up from his sleep-naturally, he was woken up in a half-asleep state using their method. If everything went well, he would succeed very quickly. If it didn't go well, he would need to do repeated experiments, which might take several hours.

Gong mo and the others waited for two hours, but there was still no response from downstairs.

Shan Rong was so anxious that she was at a loss. Gong mo went to the stairs a few times to take a look. Seeing that everyone was very quiet downstairs, he knew that Sheng nanxuan had not come out yet.

She pursed her lips, suppressed her worry, and returned to the bedroom.

"Mom, you should go to sleep first." Gong mo saw that it was getting late and couldn't help but advise dan Rong.

Shan Rong said,"how can I sleep?" Let's wait a little longer."

"Yingluo, alright." Gong mo sighed.

In the room downstairs.

Gambino was lying quietly on the bed. Sheng nanxuan was holding a pocket watch in his hand and it was hanging over his face. His forehead was covered in sweat.

Chapter 566 An earthquake

Yu Qingliu and Richie didn't even dare to breathe as they looked at him nervously.

...

Soon, he was about to succeed.

Sheng nanxuan secretly heaved a sigh of relief. He was about to complete the hypnosis, which would take a few minutes.

At this moment, the floor suddenly trembled.

The quaking was so intense that even the windows and the furniture in the room started to shake.

Yu Qingliu and Ritch's expressions changed. They thought of a possibility at the same time and wanted to remind him, but the hypnosis was not over yet, so they didn't dare to disturb him.

The people outside the room were not as calm as they were, and they were already making sounds.

It was an earthquake!

Sheng nanxuan knew that he couldn't wait any longer. He immediately snapped his fingers, threw down his pocket watch, and rushed out of the room.

It was a complete mess outside.

The people on guard were all men, so they weren't too afraid. But they were afraid that something would happen to their BOSS! They all ran over and shouted in panic, "it's an earthquake!

Sheng nanxuan pushed them away and quickly ran upstairs.

Nanxuan! Gong mo ran down the stairs with his child in his arms. He was so scared that he was about to cry.

"It's an earthquake!" Shan Rong shouted. Quickly run!"

Sheng nanxuan strode forward, one hand holding Gong mo and the other holding Shan Rong. He said, "Don't be afraid! I'm here!"

When the two heard this, they were indeed not as afraid.

When they passed by the living room, dan Rong saw that everyone was there and quickly looked towards Gambino's room. "How is he?"

"Don't touch him!" Sheng nanxuan shouted into the room.

Jason and primogenitor, who had been planning to escape with the BOSS, stopped in their tracks.

Then, Sheng nanxuan ran out of the villa with his wife, children, and mother-in-law.

When Yu Qingliu saw this, he hurriedly followed her out for a walk.

Fang Yang also brought his men and ran out for a walk.

Rich saw that everyone was so disloyal, so he didn't care anymore and ran out in a panic.

The ground was still shaking, and the house was still shaking. None of Gambino's men came out, and they stared at each other through the floor-to-ceiling window.

"Why aren't they coming out?" dan Rong asked in a daze.

Sheng nanxuan carried the child and patted Gong Mo's back to comfort him. "Don't worry, this house won't collapse. It's fine even if you don't come out."

Everyone thought, "then why are we running?"

The earthquake stopped after Sheng nanxuan said this.

Everyone still had lingering fears. Just now, the world had simply changed. Now, it was suddenly quiet, and they were a little unaccustomed to it.

After a while, Jason walked to the door and looked at everyone with a complicated expression.

"Let's go in," Sheng nanxuan said.

"What if it shakes again later?" there will definitely be an aftershock, " Gong mo replied.

"We'll be in the living room. If the aftershock comes, we'll run!"

Fang Yang, "BOSS Yingluo, can't you be a man?" His cool, handsome, and domineering image crumbled. However, in the face of a natural disaster, there seemed to be no other way than running.

In fact, Sheng nanxuan wasn't afraid himself, but he was worried that Gong mo would be. He was also afraid that she would be hurt if the house collapsed. Naturally, he had to run away with her. If he was alone, he definitely wouldn't be bothered to move.

Walking into the living room, everyone was facing Gambino's people, and it was very awkward.

That whatever Yingluo

They had fled for their lives and left her behind, so they felt very apologetic.

Jason chuckled and looked at Fang Yang. "He's really fast."

Fang Yang, "aww, this is f * cking embarrassing!"

Primo walked over with a dark face and asked Yu Qingliu and Richie, "Is this your medical ethics? The patient is still inside, and you're running away first?"

The two of them thought, "Yingluo and the others didn't want to, but it's very unsociable if they don't run when they see others run!"

Chapter 567 Respect Yingluo?

Primo returned to his room in a Huff to look at Gambino.

...

I'll go take a look, "rich said.

Sheng nanxuan nodded. He helped Gong mo sit down and asked the servant to get him some water.

Hu Zi had been sleeping, but he was awoken by this.

He twisted his body and stood up from Sheng nanxuan's arms. He leaned on Sheng nanxuan's shoulder and looked at the crowd. His eyes were as wet as a deer's.

Sheng nanxuan patted his back gently. The others did not know what to do.

Those underlings should have left. After all, their boss and Madam were here, and they shouldn't have stayed to disturb them.

However, if they went out now, they might be suspected of escaping for their lives, and everyone would feel embarrassed instead.

Yu Qingliu sat down opposite Sheng nanxuan and mocked, "You're running very fast~"

Sheng nanxuan glanced at him. you're speaking as if you didn't run away.

"I'm a doctor!" Yu Qingliu said righteously, "it's right to Respect Life! You're not even running when there's an earthquake, you're not taking your life seriously!"

Gambino's subordinates:

"Who was the one who said not to touch our BOSS?" Jason sneered.

"If we touch him now, he might become a lunatic." Sheng nanxuan said.

"Hehehe."

Fang Yang coughed lightly. this house is very strong. It can at least withstand level eight. It'll be fine. It's fine even if you don't run.

then why are you guys running?!

Fang Yang thought, 'well, isn't that just a conditional reflection?

it's an earthquake, " Sheng nanxuan said. I'll run to show him some respect.

Everyone was speechless.

.....

At the presidential palace ...

Before the earthquake, Huo Cheng was sitting in the president's office, reading the documents on his desk.

It was evidence that Sheng nanxuan had brought Yu Qingliu and the others into the SSC, as well as evidence that Sheng nanxuan had logged onto an overseas website to upload the SSC information.

Sheng nanxuan's move was to destroy the FARC!

The FARC had invested a huge amount of financial and material resources, even including scientists from many countries to do secret research. They could not afford to destroy it!

Huo Cheng wanted to arrest Sheng nanxuan and shoot him to death!

However, Sheng nanxuan was not an ordinary citizen. He had already developed his own power, so he must be on guard now. We can't use conventional methods to deal with him.

From the beginning of the incident, Huo Cheng had a plan in mind, but there was no perfect way to implement it.

Huo Cheng closed his eyes and held his forehead.

He was nearly fifty years old and had just reached the peak of his political career. He could not be affected by this incident!

Next year was the presidential election, and he wanted to be re-elected. Originally, he had a high chance of winning, but this incident would have a major impact. He might not even be able to make it into the final candidate list. If they went in, it would also make all the voters' votes flow to the Liberal Party.

It was all Sheng nanxuan's fault!

As Huo Cheng was thinking, the floor suddenly shook.

He suddenly opened his eyes and heard a rumbling sound. He realized what had happened, but he didn't move.

"President!" The person outside quickly ran in. Earthquake!"

"What level?" Huo Cheng's expression did not change.

"Uh, Zhenzhen, I'll go and understand the situation now!"

inform all the departments to make emergency and disaster relief preparations. We'll have a meeting in half an hour.

"Yes!"

The rest of the bodyguards stood at the door and looked at him nervously. The ground was still shaking, and it stopped after a while. Huo Cheng looked at the information in front of him and suddenly heaved a sigh of relief.

He remembered that the information mentioned that Gong hang's ashes were stored in a temple in the suburbs.

He stood up and walked out as usual, not afraid of the earthquake at all.

.....

Happy Garden.

Gong mo rested for a while and the fear in his heart slowly disappeared. She took a look at Gambino's room. Only Ricky was inside, and everyone else had come out.

"Can I go in and see him now?" she asked Sheng nanxuan.

"Wait a minute. We'll talk about it after he wakes up and is sure he's fine."

Gong mo nodded hesitantly.

"Do you want to sleep?" Sheng nanxuan asked.

Gong mo shook his head. After the scare just now, she didn't feel sleepy at all.

Chapter 568 Sleeping outside

The child, on the other hand, was a little sleepy. Although he was not asleep, he lay in his arms without making a sound. He only pouted his little mouth and looked around occasionally.

...

Gong mo wanted to tell Dan Rong to go to sleep, but his legs started shaking again.

Shan Rong was shocked and hurriedly looked at her. He had wanted to run, but seeing that she didn't move, he didn't move either.

There were so many people, and no one ran. If he ran, he would lose face!

Gong mo looked at Sheng nanxuan. Sheng nanxuan had wanted to run away with her, but when he saw that she didn't move, he didn't move either.

If they didn't move, no one around them would naturally move.

Yu Qingliu stood up and was ready to rush out, but everyone was so calm. He couldn't help but wonder, "Aren't you guys going to run?"

"Are you going to run?" Sheng nanxuan asked Gong mo.

Gong mo paused and realized that the aftershock had disappeared. He said, "There's no need to run."

"Then go to sleep." He ruffled her hair, speechless.

"Ah? What if he ..."

"Don't worry. I was fine even though it was so powerful just now, so the aftershocks will be even less of a problem. This house is very sturdy!"

"But who would know if Yingying fell asleep?"

Sheng nanxuan thought for a while. then, why don't we sleep outside? "

"Uh, Yingluo, can you?"

“Sure.”

Sheng nanxuan turned around and asked his men to set up the tent.

There were a few tents at home, so they could sleep outside. It was summer now, so he didn't have to worry about catching a cold.

After setting up the tent, Gong mo and Shan Rong went to sleep.

Both of them were worried about Gambino. However, they were not sure if the current Gambino was Gong hang, so they did not go to see him.

After entering the tent, Shan Rong laid down with the child.

She couldn't help but worry, 'will this be bad for the child? He's so young, what if the moisture on the ground enters his body?'

“Don't worry, it's damp-proof down there.” Gong mo looked outside but didn't feel sleepy. go to sleep first. I'll go look for Nan Xuan.

“Alright, then. I'll sleep first so I can get up early tomorrow.”

Gong mo nodded and climbed out of the tent.

Sheng nanxuan was on the phone. When she walked over, he whispered, “It's my cousin.”

Hearing this, Gong mo hurriedly grabbed his phone.

“There's an earthquake. Are you alright?” Gong Bai asked.

"I'm fine. And you?"

"I'm fine too. I'm a little scared of living at home, so I'm sleeping on the floor outside."

Gong mo couldn't help but laugh, "your room is so high up, you do need to live outside." Are you alone?"

Gong Bai paused for a moment and said in embarrassment, "Xinran is also here."

Gong mo didn't make fun of him. The two of them chatted for a while to understand each other's situation before hanging up.

Gong mo was a little worried about Tang Xinxin and called her again.

Tang Xinxin answered the call quickly.

"He's still alive?" Tang Xinxin asked.

"Yup," Gong mo smiled. I'm alive to tell you that I'm safe.

"I'm fine too. You're in Beijing, right? The epicenter of the earthquake was not far from Beijing, so it must have been especially strong there."

"You're not in the capital?" Gong mo asked.

"I'm at work. We were just filming a night scene, so everyone was listless. Now that they've all woken up from the shock, it's a good time to get back to work."

"Then be careful." Gong mo instructed.

“I don’t feel much here, you should be careful.”

After hanging up the phone, Gong mo thought for a while and realized that he didn’t have any other relatives and friends. He turned to Yu Qingliu, who was watching the stars, and asked, “Did director Yu call home to tell you that he’s safe?”

“Oh, I just did. My niece didn’t come home. I think she ran off with a man.” Yu Qingliu’s face was heavy.

Gong mo,””

Chapter 569 Gambino sobered up

alright. Sheng nanxuan took his phone. go to sleep.

...

“I’m going to read the news for a while,” Gong mo said as he snatched the phone back.

“That’s fine.”

There were a few chairs on the ground. Gong mo sat on them and went online to find out about the earthquake.

Sheng nanxuan was afraid that she would catch a cold, so he went back to the house to get a shawl.

Seeing him leave, Gong mo was a little worried and lowered his head after a glance.

After a while, the aftershocks came again. She was shocked and stood up abruptly. Seeing that he did not come out, she hurriedly ran into the villa.

When he reached the door, he came out with a shawl and hugged her. "Are you worried about me?"

"How can I not be worried?" Gong mo said angrily.

Sheng nanxuan's eyes were smiling. He wrapped the shawl around her back and brought her to a chair to sit down."How's the situation?"

"6?Level 5." Gong mo showed him his phone and said, " the epicenter of the earthquake was near Beiming city. Beiming city was the most affected. Beimang was so developed. Although the population density was second only to the capital, the quality of the buildings in the developed places was better. It was estimated that the casualties would not be very heavy. However, at this Zhen-level, many buildings will be damaged, and the economic loss will be greater."

"Yes." Sheng nanxuan nodded and couldn't help but glance at her. you're indeed a reporter. You can see the problem so accurately.

Gong mo curled his lips,"Speaking of which, I haven't even been a reporter for a day!" If he really was a reporter, he would have already rushed to the disaster area."

"I'll be worried if you go to the disaster area."

"Aren't you coming with me?" Gong mo asked with a smile.

Sheng nanxuan was immediately amused. I'm with you, how can I let you escape from my grasp?"

Yu Qingliu, who was not far away, thought,"they don't forget to show off their love even in the middle of an earthquake. What a f * cking dog!"

.....

The earthquake was just as Gong mo had said, there were very few casualties. The relevant departments arranged for rescue work overnight, and the injured were basically light injuries.

However, the television station continued to broadcast the situation on a roll. Gong mo and the rest did not care about this anymore, because Gambino had woken up.

In fact, Gambino had woken up when Gong mo and Shan Rong were sleeping. However, Sheng nanxuan did not inform them.

When they woke up, Gambino had gone to bed again.

“The hypnosis was a success,” Sheng nanxuan said.

Both of them showed a happy expression, and he said, “But at the last moment, due to the earthquake, I took it back in a hurry. I don’t know if there will be any more accidents. Anyway, it was dad when he woke up. I’ll check again when he wakes up. If there’s no problem, after a while, when his body and spirit recover, I’ll use hypnosis to guide him. If Gambino shows signs of waking up, I’ll do it again.”

“Will there be any problems if we do it again?” Gong mo asked worriedly.

“I won’t. I won’t do something I’m not confident in.”

Gong mo heaved a sigh of relief. Anyway, she had extreme trust in Him. Whatever he said, she would do.

After breakfast, Gambino woke up again.

Sheng nanxuan, Yu Qingliu, and Richie went to check together. After confirming that he was really Gong hang, they called everyone in.

Jason and primogenitor bore the brunt of the attacks. Even Gong mo and Shan Rong were not able to outrun them.

“BOSS?” Jason looked at Gambino carefully. you’re teasing me.

Gambino looked at him. His expression was still cold, but the aura on his body was different.

He was cold, but the one a few days ago was violent.

Jason heaved a sigh of relief and looked at Primo.

Primogenitor also heaved a sigh of relief and said respectfully, "Boss, we're relieved that you're fine."

"Very good," he said. Gambino nodded. When he saw Shan Rong and Gong mo, his eyes suddenly lit up.

Chapter 570 What was supposed to come was finally here

When dan Rong saw the look in his eyes, she knew that Gong hang had returned. She walked over happily. "You're awake?"

...

"Thank you for your hard work," Gambino nodded. After saying that, he reached out his hand to her.

Dan Rong looked at the crowd and walked to his side in embarrassment, holding his hand.

Jason took a look and secretly tugged at Primo's sleeve.

Primo glared at him and said to Gambino, "boss, we'll go out first. If you need anything, please tell us."

Gambino nodded slightly. Everyone left one after another, leaving only Shan Rong, Gong mo, and Sheng nanxuan behind.

Oh, there was also a babbling baby.

Gambino looked at Gong mo, not knowing what to say.

This was his daughter, but he had never done anything for her. He did not understand her likes, dislikes, and hobbies. He wanted to talk to her, but he did not know where to start.

He was a little embarrassed and could only look at dan Rong, his hands tightly clenched.

“Are you Gong Xing?” Shan Rong asked worriedly.

“Of course I am,” Gambino laughed. You can test me with the past!”

“Test you? Of course I’m going to test you!” Shan rongxuan glared at him angrily and said worriedly, “Wanwan won’t do this again, right?”

“I don’t think so. He came out when I was injured and unconscious. Once I woke up, he would have no chance. Nanxuan has already informed me of the situation. He will continue to treat her in the future to prevent any future problems.”

“That’s good.” Dan Rong revealed an aggrieved expression. you don’t know what happened when he was around, ran ran.

what happened?” Gambino’s face changed. what happened?”

he caught me in Italy and almost killed me!

“It’s fine, I’m back!” Gambino held her in his arms and comforted her in a low voice.

Gong mo and Sheng nanxuan looked at each other. They were considering whether they should go out and let them chat enough.

Just then, there was a knock on the door.

Shan Rong hurriedly pushed Gambino away and lowered her head to wipe her tears.

“Come in,” Sheng nanxuan said.

“Sorry for the disturbance.” It was Yu Qingliu who came in. I’m here to say goodbye. I haven’t been home in a long time, so I have to go back.”

Oh, I see, Zhenzhen, ” Sheng nanxuan said to Gong mo. I’ll send him off.

“I’ll go too!” Gong mo handed the child over to dan Rong.

no need to trouble yourself. I’ll come again when I have time. Yu Qingliu shot Sheng nanxuan a look.

Sheng nanxuan saw that Fang Yang also wanted to say something but stopped. He guessed that the matter with the FARC had come to find him.

He smiled at Gong mo and said, “then send us to the door.” I have something to deal with at the company, so I’ll go over now and give Dean Yu a ride.”

“When are you coming back?” Gong mo asked.

“I’ll definitely be back before dinner.”

Gong mo nodded and sent them to the outside of the villa. He didn’t return to the house until he saw them get into the car.

Sheng nanxuan watched as she disappeared and asked Yu Qingliu, ” “What’s wrong?”

Yu Qingliu's face was serious, " the presidential palace's agents are at the main entrance.

Sheng nanxuan's eyes flashed and he sighed,"what should come is finally here, Zhenzhen."

"You say it as if you're looking forward to it."

"You have to die sooner or later, the earlier you die, the earlier you can reincarnate!"

"Don't you have any way to deal with it?" Yu Qingliu shouted, " I'm not married yet. I don't have any children. I don't want to die!

Sheng nanxuan glanced at him. you're already so old. Who asked you not to get married? who asked you not to have children? "

"I'm happy to!"

the president would be happy to kill you.

Yu Qingliu was furious,'it's all your fault, okay? It was you who took me to that broken place!"
