Chapter 71

this place is called "Happy Garden"

"Oh Yingluo, I just felt that everything that should be there should be there, so I bought it. There's an astronomical telescope upstairs. If you like, you can take pictures of the stars."

...

"I think you're just rich and willful, Yingluo!" Gong mo looked at him in surprise.

People without money didn't need to buy a camera as long as they had a camera on their phone. How could he do this? She even had an astronomical telescope! She was going to use it when there was a lunar eclipse or a meteor shower!

I suddenly feel that it's not bad to marry a rich husband, Yingluo.

Gong mo selected the camera and said excitedly, "Then I'll go out for a walk ~"

She couldn't wait to take a picture of the beautiful scenery around the villa!

"I'll go with you." Sheng nanxuan looked into the cabinet. aren't you going to take two more shots? "

"Enough!" can I borrow it again? " Gong mo asked nervously.

Sheng nanxuan rolled his eyes at her. I've already said that we're husband and wife. What's mine is yours. If you want to use it, just take it. You don't have to borrow it from me.

I still have to say something, "Gong mo said in a low voice. in the future, I can travel to Africa and South America. The scenery there is so beautiful. I must bring a few more shots in case of emergency!

“It’s not a problem to bring all of them. We have a plane anyway.”

“Xuanji tycoon, I want to admire your garden first.”

Haha, haha, haha! Sheng nanxuan laughed. this is indeed a garden. I’ve named it ‘joy garden’.

“Happy Garden?” Gong mo was puzzled. happy? Why did you choose it this way?”

“It’s my mother’s name.”

Gong mo was stunned and didn’t know what to say. He only replied with a low “Oh.”

After they left the villa, Gong mo looked at him and asked, ” “Is your mother alright?”

Naturally, he was not referring to Mrs. Sheng. He was referring to his birth mother.

“She passed away when I was born.”

Oh! Gong mo suddenly felt that he shouldn’t have asked.

She just felt that since they were already husband and wife, she should express her concern when he mentioned this. Who knew that this wasn’t a suitable topic to talk about.

“I’m fine. You don’t have to feel bad.” Sheng nanxuan laughed and said, “you’re making me feel guilty.

Gong mo looked at him pitifully and didn’t speak.

“Where should we start?” he asked.

“Let’s do it here,” Gong mo lowered his head and started adjusting his camera.

Long-range, close-up, panoramic, and close-up shots were all busy.

Not long after, Sheng nanxuan suddenly whispered in her ear, ” “It’s time for lunch after this.”

“Lunch?” it’s already noon? “Gong mo was shocked.

“Yes, time really flies. After the sun sets, we’ll go horse riding, and then the horse will be your model.”

“How about you?” Gong mo blurted.

Sheng nanxuan was stunned. He raised his eyebrows and looked at her suggestively.

“I just feel that only horses are too boring,” she said awkwardly, her face red.

“Then I’ll be your model too.”

forget it, Yingluo. Your model is too expensive. I can’t afford it.

“It’s okay, just a kiss will do.”

Gong mo glared at him.

He lowered his head and pretended to kiss her. She took a step back, turned around, and ran back into the villa.

Sheng nanxuan smiled, shook his head, and followed.

When she entered the dining room, Gong mo was already sitting at the table.

He sat down and asked, "is there anything you'd like to eat?" This is your home and you're the owner. If you want anything, just ask the servants to buy it for you."

Chapter 72

72 We are moving to the city

"I want to buy it myself." Gong mo said.

...

"What?" Sheng nanxuan was stunned.

"That's what I wanted to talk to you about," Gong mo explained. I've been in the capital for a few days now, but I haven't gone out yet."

Sheng nanxuan smiled. I see. But it's impossible for you to go out.

"Why?" Gong mo was shocked. Was he going to put her under house arrest?

"Do you know where we are?" He asked.

She thought for a moment, not understanding why he asked this. He was asking about the exact location, right? How did she know where she was? It was her first time in the capital and she had not left the house before, so she did not know much about the place.

"Happy Garden?" she asked tentatively. This answer was equivalent to no answer.

"This place is very far from the city center." He said, " there aren't many living facilities around. It'll be a little troublesome if you want to go out and shop. Besides, this place isn't bustling. There's nothing worth visiting.

Gong mo finally understood. This kind of villa must have been built in the suburbs. The surroundings of the villa area were usually very quiet. It would be good enough if there was a multi-purpose shopping mall. And here, Sheng nanxuan occupied a piece of land by himself. There was probably no one around for a long time, so he would have to walk a long way to buy things.

“This place is for vacation. I don’t usually stay here.” Sheng nanxuan said, “ when you’re well-rested, we’ll move to the city. It’ll be more convenient for you to have a prenatal examination then.

“Alright,” he said. She would definitely not hesitate when it came to the child. when are we going, then?
” I need to make some preparations.”

“Prepare what?” Sheng nanxuan laughed and asked, “ I’ll get someone to prepare it. You can just bring yourself.

“.....”

“By the way, what kind of house do you want to live in? An elevator, a high-rise building, or something else?”

“Can I choose this?” Gong mo was stunned.

“Nonsense.” Even if he didn’t have such a house under his name, as long as she mentioned it, he could immediately buy it.

anything is fine, Zhenzhen, ” Gong mo mumbled. as long as we have a house to live in.

Originally, she thought that there would be no house to live in the capital, and the two would have to work hard to find a house and spend time in a small rental house.

In the end, things were far beyond her expectations.

Gong mo sighed worriedly. He suddenly lost his appetite.

“What’s the matter?” Sheng nanxuan asked.

you ... Gong mo looked at him hesitantly. you got your money legally, right? ”

“What if it’s illegal?” Sheng nanxuan smiled. if I get caught, do you want to go to jail with me? ”

Gong mo leaned on the table and said, ” don’t break the law! I just want to live a peaceful life, I don’t want my mom to worry about Yingluo.”

“Don’t worry. Even if I break the law, no one will arrest me.”

Hearing “Yueyue’s” words, she was even more worried and didn’t want to eat anymore!

.....

In the afternoon, it was almost five o’clock when Gong mo got up.

He had actually napped for more than three hours!

“Baby, you’ll be a God of sleep in the future, right?” Gong mo touched his stomach.

She felt a little hungry and went downstairs to eat.

In addition to three meals a day, there was an extra meal in the morning, afternoon, and evening. All kinds of desserts, fruit salads, and everything was delicious. She felt that she would become fat soon!

Gong mo was sitting on the sofa, watching the news on the TV while eating pumpkin patties and drinking fruit juice.

When Sheng nanxuan walked in wearing a straw hat, she almost spat out the juice in her mouth.

He was wearing a straw hat, a light blue shirt, jeans, and riding boots. He was holding a leather whip in his hand, like a Western Cowboy.

Chapter 73

73 Wild charm

His forehead was covered in sweat, and so were his neck and chest muscles. His healthy skin glowed under the sweat, and a wild charm came from him!

...

Not only was he handsome, but he was also very cool. He exuded a masculine charm from head to toe, and he was so sexy that it could drive people crazy.

Gong mo felt that if he had met him earlier, he would have fallen in love with him at first sight. It was a pity that Yingluo was so heartbroken that she didn't dare to believe in love easily.

When he walked in front of her, she felt a wave of heat from his body. It seemed like the sun was very strong outside.

"You're up?" Sheng nanxuan put down the whip.

"You went riding?" Gong mo asked.

"Yes."

The servant brought a glass of soda water. Sheng nanxuan drank it all in one go and asked Gong mo, "Do you want to go out for a walk? The moonlight is outside."

"But Yingluo, isn't it dangerous for me to ride a horse now?" Gong mo looked at his stomach hesitantly.

"I won't let you ride me. If you want to ride, I'll be the one leading you. At most, you'll walk a few steps, you won't run."

"Then let's take a few steps!" I've never ridden a horse before, " Gong mo said expectantly.

"Go and change your clothes." Sheng nanxuan said, " wear a hat. It's still a little hot.

"Alright," he said. Gong mo ran upstairs happily.

She didn't have a hat, but Sheng nanxuan had asked someone to prepare many clothes for her, including all kinds of hats.

She had already prepared these things before she came to the capital. The clothes that she had brought with her looked like beggar's clothes in the closet. However, she usually wore her own clothes and rarely wore the ones he had prepared.

She had seen those clothes, and none of them were branded. He was so rich, it was impossible that he couldn't afford branded goods, so there was only one possibility-those were all handmade custom-made goods that were more expensive than branded goods!

Gong mo had changed into a t-shirt and jeans, and was wearing a fresh and beautiful straw hat. When she went out, she saw Sheng nanxuan standing at the door with a camera.

Sheng nanxuan's eyes lit up when he saw her, and a hint of surprise flashed in his eyes. He quickly raised his camera and took a picture of her.

"You're not allowed to shoot!" Gong mo said hurriedly.

"It's already been filmed."

"If you're afraid, then delete it!"

"If you take the initiative to kiss me, I'll delete it."

Gong mo said,"hehe." No matter what, she's the one at a disadvantage. She turned her head and walked downstairs in a Huff.

Sheng nanxuan smiled and followed her with his camera.

Walking out of the villa, Gong mo saw a snow-white Horse wagging its tail in the courtyard. She was stunned and couldn't take her eyes off him-he was so handsome! It was so beautiful!

She ran over, but just as she took two steps, the horse suddenly turned around and neighed at her.

She was shocked and quickly stopped, afraid that it would attack her. She turned around and ran back. Just then, Sheng nanxuan came out, and she bumped into his arms.

Sheng nanxuan hugged her and lowered his head to ask suggestively, " "Are you throwing yourself into my arms?"

Gong mo pushed him away and ignored him.

He laughed happily and walked to moonlight. He reached out to stroke its back and reached out to her. "Come."

Gong mo walked over hesitantly. He grabbed her hand and touched the moonlight."He's very hot-tempered, and no one can touch him except me."

"Ah?" Gong mo was shocked. Didn't that mean that she would be sent flying?

She immediately pulled back. Sheng nanxuan grabbed her and said in amusement, " "What are you afraid of? With me here, it won't kick you. Do you want to try?"

Gong mo slowly stretched out his hand and nervously touched moonlight's hair with his fingers.

It did not object.

Gong mo heaved a sigh of relief.

Chapter 74 horse riding

"I didn't lie to you, did I?" Sheng nanxuan said.

...

Gong mo nodded and touched the moonlight happily. He pressed his palm on its back to feel its body temperature.

Moonlight wagged his tail and raised his head. He comfortably shook his head and turned to look at her.

"It likes you very much," Sheng nanxuan said.

"Really?"

"Of course." Sheng nanxuan suddenly picked her up and put her on the horse.

"Ah!" Gong mo was shocked. He nervously tried to grab onto something, but he ended up grabbing onto the reins with one hand and moonlight's hair with the other. She quickly loosened her fur and grabbed the reins with both hands.

Sheng nanxuan stepped on the stirrups and got on the horse from behind her. He hugged her in front of his chest. "Don't be afraid." After saying that, moonlight shook the reins and started to walk forward.

It walked very slowly, so Gong mo got used to it in a short time. He didn't feel nervous or afraid at all.

They gradually left the villa and walked on the wide grass. The surroundings were green, and the wind carried the smell of sunlight and grass, making people feel fascinated.

"Is there only one horse here?" Gong mo asked after a while.

"There will be more in the future." Sheng nanxuan said, "pick the horses carefully. I've already placed an order. The good ones will be sent over. Raise a few more in the future so that the children can ride them when they grow up.

Gong Mo's face turned red when he heard him mention the child. She suddenly recalled their current position. They were actually so close to each other, and she felt even more uncomfortable.

She sat on the horse's back absentmindedly. After a while, the moonlight made a turn on the road, and she looked up and saw the villa. From a distance, the green field had a different kind of beauty.

She hurriedly said to Sheng nanxuan, 'the camera! Give me the camera!"

Sheng nanxuan handed over the camera hanging on the horse's back and pulled the reins to stop the horse.

Gong mo picked up his camera, adjusted the lens, and took many pictures. Then he pointed to a position in front of him and said, "Switch to that side!"

Sheng nanxuan obediently let moonlight walk over. Gong mo took two more pictures and then turned to look at him. He said embarrassedly, "I want to go down for a walk."

Just as Sheng nanxuan was about to help her down, he suddenly felt that he should not waste such a good opportunity! "Give me a kiss and I'll let you down," she said.

Gong Mo's eyes widened as he stared at him in disbelief.

"What?" Sheng nanxuan raised his eyebrows.

"I can go down by myself!"

Gong mo turned his head and looked at the ground. It didn't seem to be very high, but wouldn't Qianqian be injured if she jumped down like this? It was fine to fall normally, but now that she was pregnant, she definitely couldn't fall.

The horse suddenly started to shake!

"Ah!"

Gong mo shrieked and wrapped her arms around Sheng nanxuan's neck. Sheng nanxuan immediately hugged her and comforted her. "Don't be afraid, don't be afraid, Yingluo."

The horse began to spin around in circles. Gong mo felt dizzy and screamed, " "Make it stop!"

"I have no choice." Sheng nanxuan said innocently.

Gong mo was stunned. He raised his head and clutched Gu Yu's shirt tightly to stabilize his body. "You're doing this on purpose!"

"No, I didn't,"

"You must have done it on purpose!" Gong mo said angrily.

Sheng nanxuan pulled the reins, and the moonlight slowly stopped.

Gong mo glared at him and wanted to jump off the horse. However, he was a little afraid and said fiercely, " "Quickly let me down!"

“You haven’t kissed me yet.”

“I won’t kiss you.”

“Even so, I won’t help you down.”

you ... Gong Moyan glared at him angrily.

Chapter 75

75 Are you angry?

Sheng nanxuan had his arm around her waist. She was angry and afraid at the moment and did not feel it at all.

...

He said, “ if you want to go down, there are only two ways. Either you kiss me, or I kiss you for a minute. I’ll kiss you with my tongue. Which one do you want? ”

Gong mo was even more furious, ‘Sheng nanxuan! You’re a hooligan!’”

“How can kissing your own wife be considered being a hooligan?”

you ... Gong mo choked.

Sheng nanxuan suddenly thought of something and said seriously, “ “You’re pregnant. You can’t make love in the first three months. But three months later, Yingluo wifey, do you think we should have a good chat to make up for the past few months?”

“Don’t you dare!” Gong mo shouted and tried to push him away. But she was no match for his strength. Not only could she not push him away, but he also hugged her even tighter. She could only struggle.

The movement of the two people on the horse's back stimulated moonlight so much that he began to spin in circles again.

stop! she screamed again. make it stop!

"Then I can only kiss you."

no! Gong mo shouted. I'll kiss you!

Sheng nanxuan smiled triumphantly and looked at her expectantly.

She hesitated for a while before raising her head to kiss him on the cheek. Then she quickly backed away and shouted angrily, "Let me down!"

Sheng nanxuan got off the horse and reached out to carry her.

As soon as Gong mo landed on the ground, he pushed him away and strode forward.

Sheng nanxuan looked at her and saw that she had no intention of stopping. It seemed that she was not going to take any more photos and was going straight back to the villa.

He chased after her and reached out to pull her, but she shook him off.

"Angry?" he asked helplessly.

Gong mo walked towards the house even faster. A gust of wind blew over and the hat on her head, which had already come loose, fell to the ground.

She looked back and was about to pick it up when she saw Sheng nanxuan standing behind her. She did not want to be caught by him, so she abandoned her hat.

Sheng nanxuan picked up his hat and followed her. He sighed softly. How was he going to coax her? He wouldn't, Yingluo.

He turned around and saw moonlight leisurely eating grass on the grass. He whistled at it.

Moonlight raised his head and ran over happily. When it ran to Sheng nanxuan, Sheng nanxuan pulled on its reins and stopped it. Then, he led it to chase Gong mo.

"You're going back?" Sheng nanxuan asked in a fawning manner, " get on the horse. It's tiring to walk like this.

"I don't want to ride your horse anymore!" Gong mo shouted. Liar! Hooligan! He specialized in taking advantage of her!

"You can't not ride it, you don't have your own horse." Sheng nanxuan coaxed her helplessly. Alright, alright, Wanwan, I was wrong. I shouldn't have taken advantage of you like this, okay? Although we're married and have a child, we're still not close. We should take it slow."

"Who wants to take it slow with you!"

Sheng nanxuan paused and said seriously, "you don't think we're just a couple in name, do you?" I'm a normal man, I have needs."

Gong mo was stunned. He was so angry that he couldn't say a word. He grabbed the camera in his hand and threw it at him."You only know about these things!"

Yingluo couldn't be blamed on him! She didn't know how delicious she was, but she couldn't forget Yingluo after eating her once. Unfortunately, she was pregnant now, Yingluo.

Aiyingluo looked at the current situation. When she was three months pregnant, their relationship might not have much progress and they would definitely not be able to touch her.

It was really heart-wrenching to torture his little brother.

Seeing that Gong mo continued to walk forward, he was afraid that she would hurt the fetus, so he led the horse over and said, "How about this, you ride the horse and I'll hold it. I won't get on the horse, okay?"

Chapter 76 moving

Gong mo paused and turned around to look at him and moonlight. This could be considered, but could his words be trusted? Besides, she was a little scared to ride alone.

...

She shook her head. I don't want to. I don't know how to ride it. I'm afraid I'll fall.

"Then wait a moment, I'll call a car over." Sheng nanxuan handed her the hat.

She took it, turned around, and put it on her head. Looking at the beautiful scenery in front of her, she couldn't help but want to take photos. She turned back to look at him and saw that he was holding his phone on the horse's back. She silently reached out to grab the camera in his hand.

Sheng nanxuan felt it and turned around. She immediately let go and turned her head away, pretending to look at the scenery.

Sheng nanxuan smiled and handed the camera over. "Help me carry it, I'll make a call."

"Alright," he said. Gong mo took the phone and watched him walk to the side. He turned on the camera silently and started to take pictures.

Sheng nanxuan turned around and smiled, his eyes full of love. Such a cute wife, yet she was only angry for three minutes. How could he not love her?

.....

A few days later, Sheng nanxuan and Gong mo moved to the city.

Gong mo didn't want to live in a cold and cheerless environment, so he didn't want to live in a villa. Sheng nanxuan also felt that it wasn't good to live in a noisy place, so he chose a high-rise residential area that had just been built.

The facilities in the community were first-class. It was very close to the best maternity hospital in the capital, and the safety facilities and supporting facilities were very good. Most of the residents were young people, but there were also some elderly people. Every afternoon, people would walk their dogs in the garden of the community, children would play, and the elderly would square dance.

Gong mo thought that this place was not bad. In the future, when mother Zhai came, there would be a place for her to square dance.

Sheng nanxuan: "wuwuwuwu. He's thought about so much. In the end, he only wants mommy to be able to square dance?"

They didn't take a helicopter to get there from Happy Garden. Instead, they took a car.

When they got out of the car, Gong mo wanted to pick up her luggage, but Sheng nanxuan stopped her. "Let them handle it. We'll go up first.

"Alright," he said. Gong mo followed him.

Their house was on the 9th floor, and they arrived in the blink of an eye by taking the elevator.

When they reached the door, Sheng nanxuan took out the key. "You do it."

Gong mo took the key and opened the door. The living room was bright, clean, and elegantly decorated.

This place was different from Happy Garden. Happy Garden had a warm, idyllic style, while this place had a sense of fashion. Gong mo liked it very much and couldn't wait to enter. To her, this would be her home in the future. Of course, it would be better if it suited her aesthetic.

this kitchen ... Gong mo stood in the middle of the dining room and asked, " why is it an open-concept kitchen? " Although it's very beautiful, there will be oil and smoke when cooking."

"It's a half-open concept." Sheng nanxuan walked over and pulled out a door from the partition in the middle of the kitchen. you can stir-fry vegetables in here.

"That's great!" Gong mo smiled. This way, he could make both Chinese and Western food!

"The bedroom is this way." Sheng nanxuan took her to the bedroom.

The master bedroom came with a matching bathroom and cloakroom, as well as two guest rooms.

After taking a look at the bedroom, Gong mo found that the house was at least 200 square meters wide. There were still a few rooms that he had not seen.

Of the remaining rooms, one was Sheng nanxuan's study, and the other was her study.

"I know you like to read. What do you think of this room? It's specially prepared for you." Sheng nanxuan pushed the door open.

Gong mo walked in and saw a room of about 20 square meters. There was a set of desks and bookshelves in the room. There was a beautiful round glass table and a hammock on the balcony.

Chapter 77

77 High-tech

it's so beautiful! Gong mo exclaimed.

...

"It's good that you like it," Sheng nanxuan pulled her to the bookshelf. look at this.

As he spoke, he opened an inconspicuous secret door on the wall, revealing a high-end metal door inside. He opened the small metal door. There were two drawers inside, which looked like a safe.

"This is for you to lock your important things." After Sheng nanxuan finished speaking, he closed the door and pressed a button on the door. A glass-like object on the door flashed and an electronic screen appeared.

Gong Mo's eyes widened in surprise. He felt like this was something from a sci-fi world.

"Set a password here. The password can be a number, a fingerprint, or even an Iris."

it's so high-tech! Gong mo exclaimed.

Sheng nanxuan smiled and said,"it's always safer to lock things." I'll teach you how to use it. When you have something to lock, you can reset the password."

"Oh, Yingluo, good." She didn't seem to have anything that needed to be locked. They were all worthless! However, she still studied it seriously. What if she needed it? This was called planning ahead!

After they were done with the study, Sheng nanxuan took her to the gym. There were almost all kinds of equipment in the gym, and one of the walls was even a big screen that could play teaching videos.

"You can train yourself occasionally." Sheng nanxuan said.

"Do you exercise every day?" Gong mo asked, puzzled.

He had such a good figure. He had muscles, but not exaggerated. He looked thin when he wore clothes and chubby when he took them off. He must have been sweating like rain for a long time.

of course, “Sheng nanxuan said. where do you think my good figure came from?”

Wufu didn’t boast like this! “Do you have a good figure?” Gong mo asked. I’ve never seen Yingluo before.”

Sheng nanxuan was stunned. When he rode into the house that day, her eyes were fixed on him. He actually dared to deny it!

He chuckled and pretended to take off his clothes.”You don’t know? Then you can take a look now!”

“Hey, what are you doing?” I’m going to see how they’re doing, ” Gong mo said as he turned around and ran outside.

Fang Yang and the chauffeur had already moved all the luggage into the living room. There were not many things in the first place. They were all personal items. Sheng nanxuan had already asked people to move or buy many other things in.

Sheng nanxuan’s things were needed for work, so Fang Yang moved them into his study. Gong mo had a box of clothes that he had brought from Nanjiang. She asked someone to carry them into the bedroom and started to tidy them up.

She put all her clothes into the cloakroom and the suitcases into the storage room. There was only a high school record left. She thought about it and realized that the high-tech safe was useful.

After she was done, she walked into the guest room. Fang Yang and the rest had already left. Sheng nanxuan was pouring water in the kitchen. When he saw her coming out, he immediately said, ” “I’ve asked Fang Yang to arrange for a housekeeper. The room is so spacious, and I need someone to clean it. The nanny would not stay here and would come over at a fixed time. As for cooking, you can do it if you like. If you don’t want to, call the chef. The phone number is in the phone book behind the door.”

Gong mo nodded.

"I'll arrange a personal assistant for you." Sheng nanxuan continued, " you're not familiar with this place. If you go shopping by yourself, let her accompany you. You can ask her to do anything.

Gong mo hesitated for a moment but still nodded.

Sheng nanxuan put down his cup and walked to her side. He took out his wallet and took out two cards- an ordinary bank card and a black credit card.

Chapter 78

78 We will always be together

Black credit card?

...

It was a symbol of the Rich's status. After all, the person who took out such a card had all three.

"I applied for it with your ID card. Swipe it however you like." Sheng nanxuan stuffed the card into her hand.

Gong mo was stunned. He was about to refuse, but after hearing his words, he changed his mind and asked, " "When did you get my ID card?"

"When we were in Nanjiang, didn't you say that you wanted to book plane tickets?"

In the end, they didn't even book a plane ticket, so he went to apply for a card for her with his ID card?

"You can swipe it if you want to or don't if you don't want to. You don't have to return it to me." Sheng nanxuan could tell that she was unwilling to accept it. isn't it only right for a wife to use her husband's money? " he said.

"My ran ran didn't say she didn't want it." Gong mo clenched his card tightly and lowered his head. He wasn't used to his father's kindness.

She glanced at the beautiful living room, turned around, and walked to the balcony. Outside was the garden of the community. The plants in the garden were lush and beautiful.

Sheng nanxuan suddenly appeared behind her and reached out to hug her. She froze slightly, not used to being so close to him.

He lowered his head to kiss her ear and asked, "Do you like this place?"

Gong mo nodded. He reached out his hand and tried to pry Gu Yusheng's hands off his waist, but Gu Yusheng tightened his grip. She had no choice but to give up and put her hands on the railing.

Sheng nanxuan smiled and kissed her neck again.

She shrank her neck and was a little angry.

He immediately let go of her, walked to her side, and asked, "This house is under my name. Do you want to change it to yours?"

"No, there's no need for that, right?" Gong mo was taken aback.

He gave her a card and a room. If it weren't for the marriage certificate, she would have suspected that she was a sugar daddy.

When Sheng nanxuan heard her answer, he turned to look at her and said with satisfaction, "You're right, we'll always be together, so what does it matter who owns the house? It's all ours anyway."

Gong mo looked at him in confusion. Why was he so good to her? it was as if Yingluo cared about her.

"Sheng nanxuan, have we known each other for a long time?" she could not help but ask.

Sheng nanxuan turned to look outside and sighed. "She's married and has a child. It's been a long time indeed."

Yingluo's answer ... Did she know him before or not? Gong mo remembered the handkerchief and asked hurriedly, "You gave me a handkerchief last time, and you said to return it to its owner?"

Sheng nanxuan gave her a sidelong glance. Is he looking for another master? You've misheard."

"Yingluo, forget it!" She stopped asking!

The next morning, when Gong mo got up, Sheng nanxuan was no longer in bed. She didn't investigate where he went because she was very uncomfortable and her whole stomach was filled with disgust!

She wanted to vomit!

Gong mo got up and rushed to the toilet.

She had only moved here for less than a day and was not familiar with the terrain, so she almost hit the wall. It wasn't easy to find the door. She felt like she was going to puke, so she rushed to the toilet.

Oh, Yingying is so annoying! Why did you buy such a big house? He ran for a long time!

She leaned against the sink and vomited for a long time, but she didn't vomit anything, only a little saliva.

She leaned against the wall weakly and suddenly realized two things-first, the morning sickness had started, help! Secondly, wasn't there a bathroom in the bedroom? why did she have to run so far?

Her movements alerted Sheng nanxuan.

Sheng nanxuan heard her voice and rushed over immediately. He reached out to help her up. "What's wrong with you?"

Chapter 79

79 Vomiting during pregnancy

Gong mo leaned against him and touched his sweaty palms. Her ear was right next to his heart, and she could hear his strong heartbeat and heavy breathing.

...

She raised her head and saw that he was wearing a black singlet. The singlet was completely drenched, and countless beads of sweat were flowing down from his face, neck, and chest. Even his eyebrows were dripping.

She understood. He was in the gym just now.

"What happened? Did you eat something bad?" Sheng nanxuan asked nervously.

Gong mo shook his head and felt that his stomach was a little uncomfortable. He retched a few more times by the pool and then turned back and said, "I'm vomiting from pregnancy, Qingqing."

"Vomiting!" Sheng nanxuan also remembered this and said it almost at the same time as her.

What should I do with morning sickness? He had never been pregnant!

He quickly asked, "how are you now?" Is it important? What do you want to eat? I'll go prepare it for you."

"Then I'll go brush my teeth. I'm craving for some hot and sour noodles," Gong mo nodded.

"Yingluo," is it alright to have such a strong taste so early in the morning? But it didn't matter anymore. Mother Ling had said that when vomiting was serious, one would vomit even if they drank water! In comparison, being able to eat was a blessing!

Sheng nanxuan sent her to the master bedroom's bathroom and immediately called the chef to make hot and sour noodles. Then he called the doctor and asked what to do if she was vomiting.

The chef was some distance away from them. By the time he arrived, Gong mo had already finished washing up and changed his clothes.

Sheng nanxuan hurriedly went to help her up and said to the chef, "Quickly go and make the hot and sour noodles! Move to this neighborhood tomorrow, and I'll be there whenever I call!"

Gong mo suddenly poked his arm. He lowered his head and said, "What's wrong?"

"I suddenly don't feel like eating hot and sour noodles anymore." Gong mo said in embarrassment.

"Wanwan," a pregnant woman! You win! "What do you want to eat?" Sheng nanxuan asked.

"Congee with preserved egg and lean meat, and a box of chives."

congee with pork and century egg! Sheng nanxuan immediately called out to the chef. a box of chives!

Gong mo glanced at the chef apologetically. She smelled the sweat on Sheng nanxuan's body and wrinkled her nose. "Go take a shower and change your clothes. By the way, what do you want to eat?"

"I'm fine with anything, I'll just eat what's left of yours."

"Yingluo," don't say it so pitifully, billionaire.

Sheng nanxuan went back to his room to change his clothes while Gong mo went into the kitchen.

The chef was a chubby middle-aged man. He smiled at her amiably. Good morning, Madam. Do you want to have a drink? ”

“I can do it myself!” I’m sorry to trouble you so early in the morning, ” Gong mo said hurriedly. Don’t take it to heart, he was so loud just now.”

I don’t dare, I don’t dare, ” the chef hurriedly said. the BOSS pays us very well, and he’s not picky usually. It’s only right that he’s loud occasionally.

Hearing this, Gong mo felt that he didn’t need to comfort him. With Sheng nanxuan’s nouveau riche character, the salary he gave her would probably be an astronomical figure. In this case, it was indeed nothing to be bothered about if he was only shouted at twice.

When Sheng nanxuan came out, she had just filled a glass of fruit juice and asked, ” “What do you want to drink? Do you want coffee?”

“No, give me the juice.” Sheng nanxuan picked up the newspaper and was about to sit down. He suddenly thought that he shouldn’t let a pregnant woman be busy. He threw the newspaper aside and walked to her side, taking over the work from her. you go and rest. I’ll do it.

“Will you?”

Qianqian indeed wouldn’t. “Then teach me,” Sheng nanxuan said humbly.

Gong mo smiled and taught him step by step. He then asked, ” “Don’t you usually drink coffee?”

you can’t drink it. I’m thinking for you. I don’t want you to get greedy when you smell the fragrance.

Chapter 80

80 Baby, you have to be obedient, okay?

Gong mo recalled the aroma of coffee. He was drooling. She swallowed her saliva,”I suddenly feel like drinking it, Yingluo.”

...

Sheng nanxuan was stunned. Is there anyone that could be so fast? Speak of the Devil and the devil will come!

Gong mo looked at him pitifully and said, "why don't you make a cup?" Let me smell it. "

"You wish!" Sheng nanxuan rolled his eyes at her.

Suddenly, the smell of hot oil came from the kitchen. Then, there was a series of crackling sounds-the leek box was in the pot!

Wu Wu Wu Wu. Gong mo covered his mouth, turned around, and ran to the bathroom.

Sheng nanxuan reacted and hurriedly chased after her.

blargh ... Gong mo lay on the sink and vomited.

After she vomited, her face turned pale. Sheng nanxuan helped her out. is it because of the smell of oil and smoke? "he asked. it smells bad. Don't go to the living room, go back to your room Yingluo."

Seeing her weak appearance, his heart ached more and more. He couldn't help but curse, " "Does this chef know how to cook?"

Gong mo shook his head with tears in his eyes, " "It's not his fault, Yingluo."

"Don't say anymore." Sheng nanxuan picked her up in his arms.

Gong mo was slightly surprised. He raised his head and saw Gu Yu's stiff chin. His body exuded a pleasant masculine scent, and she was so close to him that she could almost feel his blood flowing.

"You rest for a while." He walked into the bedroom and placed her on the bed. He pulled up the blanket and covered her lower body. I'll bring it to you when it's done.

"I'm fine." Gong mo said weakly.

"You don't even have the strength to talk." Sheng nanxuan rolled his eyes at her disapprovingly. be good and lie down first.

Gong mo had no choice but to lie down. After thinking for a while, he picked up his mobile phone and went online to see if there was any way to reduce his morning sickness.

After a while, Sheng nanxuan came in with a bowl of congee with pork and century egg. "The porridge is ready, but it's still a little hot. Do you still want to eat the leek box?"

Gong mo nodded.

"What about the hot and sour noodles? I've asked the chef to make it. "

"You can have some too," Gong mo chuckled.

Sheng nanxuan reached out and flicked her forehead. "He looks like a foodie."

"Ah Yingluo, that's none of my business! It's the one in my stomach that wants to eat!" Gong mo wouldn't admit that he was a foodie.

When Sheng nanxuan heard that, he looked down at her stomach and suddenly stopped talking.

"What's the matter?" Gong mo asked nervously.

Sheng nanxuan reached out and placed his hand on her stomach. Then, he lowered his head to listen for any movements inside.

"It can't move yet!" Gong mo couldn't help but laugh.

"If you can't move, then just listen." Sheng nanxuan said to his stomach, " baby, you have to be obedient, okay? Don't let mommy suffer! Otherwise, when you come out, I'm going to spank your butt!"

Gong mo snorted and pushed him away, "how can you be like this?" He's so fierce that he's too scared to come out. What should we do?"

"Time's Up, he has no choice but to come out!" Sheng nanxuan smiled and stood up. have some porridge first. Be careful, it's hot. I'll go get you a box of chives. He left after he finished speaking.

Gong mo picked up the bowl of porridge and had just taken two bites when he came in with a box of hot and sour noodles and leek. She smelled the hot and sour noodles and suddenly wanted to eat it. "I'll eat some noodles first."

"It's hot, I'll feed you."

"No need, no need, I can do it myself!" Gong mo said hurriedly. She couldn't imagine him feeding her. It would be awkward, right?

Gong mo had finished his hot and sour noodles before he knew it. Sheng nanxuan asked, " "Do you want anything else?"

I can't eat any more porridge, "Gong mo said. I'll have a box of chives.
