

## Ditsy Wife 991

Chapter 991 We're Gong Bai's elders!

All the adults around him had the same mindset since young. They believed that once a woman was pregnant, she would not be able to escape from their palms. It was embarrassing to be pregnant and not get married!

...

But it really wasn't like this outside!

Women these days were getting more and more powerful, especially women like Yu Xinran. Her family was so rich and she had never been wronged since she was young. Why would she let someone take advantage of her for a child? At most, they could raise it themselves, it wasn't like they couldn't afford it!

Gong Jin didn't want to waste his breath on them. If he retorted, they would argue with him!

"No matter what, since you said that you're here for a vacation and to see me, you have to put on an act. I'm living in a small place now. If you don't like to sleep on the sofa or on the floor, I'll book a hotel for you!"

"Then Yingluo will be so troublesome." His third aunt asked, "doesn't Gong Bai have a place to stay? We can stay with your Big Uncle and the others at his place."

"There's only an empty room at his place. It used to be where sister Ye Fei lived, and it's filled with her things. At most, sister Feifei will let uncle and Auntie live there. Do you think she will let you live there? You guys can go over there, but you can only sleep on the sofa! But I'd advise you not to go. Cousin doesn't have money for his wedding, and he's very annoyed. He might even borrow money from you."

"He's lacking money? The Yu family is so rich!"

"No matter how rich they are, they still belong to the Yu family!" Gong Jin shouted.

Although he also hoped that the Yu family would throw money at him so that he could benefit from it, Gong Bai would not accept it if he had any backbone!

“Aren’t we one family after marriage? You’re still fussing over those things.” Third aunt was very unhappy.

it’s a deal, ” Gong Jin said. I’ll book a hotel for you.

“We’re Gong Bai’s elders!” isn’t she going to entertain that Yu something Qianqian? ” third aunt asked.

“Wuwuwuwuwu.” What right did they have to entertain him? I didn’t invite you here again!

“They must have a house, we can ...”

“I still have work to do! This way first! I’m hanging up!” Gong Jin immediately hung up the phone, feeling very annoyed.

Gong Jingang took a breath and his phone rang again.

He picked up his phone gloomily and saw that it was a call from Gong ye. He immediately picked it up with a smile. “Cousin ...”

“Where are you? Come and pick me up.”

“Alright, I’ll be there immediately!” Gong Jin agreed in a hurry and hung up the phone with a depressed look.

Gong ye was always bossing him around. He hugged her thigh and felt that he didn’t get any benefits at all. He had been reduced to a follower! He was also a part-time driver!

Dancing grass! That’s not right!

This was different from what they had agreed on! Didn't he say that he would follow her to be a big star and a top manager?

He was an Outstanding Youth who had graduated from University, but he was doing the work of a farmer!

Gong Jin suddenly wanted to quit his job!

However, at the thought that Gong Bai was going to marry Yu Xinran soon, he gritted his teeth and decided to bear with it!

While they were preparing for the wedding, he would try to get into Yu Xinran's good books. After they got married, he would pretend to be good and ask Yu Xinran to arrange a good job for him. Then, he would be able to leave Gong ye.

.....

The next day, Gong Jin and Gong Bai went to pick them up at the airport. Gong Ying said that she had to catch up on sleep after filming a night scene last night and refused to go, so Gong Jin drove her car there.

On the way, he asked Gong Bai, "the car can't fit the four of them, can it?"

"We can take a taxi." Gong Bai said weakly.

alright, " Gong Jin nodded. then, cousin, take a taxi. I'll send my parents to the hotel.

"Yes."

After picking them up, third aunt heard that they were going to take Gong Jin's car and said loudly, "Yo, son, you've only been in Beijing for a short time and you've already bought a car! You're so capable!"

Chapter 992 She doesn't even have this much courtesy?

Uncle Gong and Hu Yinghong's faces immediately darkened. Didn't that mean that his Gong Bai was useless? He had been in Beijing for so many years, but he had never bought a car!

...

"It's sister Feifei's car," Gong Jin said, embarrassed.

When Hu Yinghong heard this, she beamed and said, "it's FEI Yan's car?" Then I want to sit! I want to take flare's car!"

"Then what should we do, Yueyue?" Third aunt asked.

"You guys can take a taxi!" Hu Yinghong's face turned serious, expressing her dissatisfaction with third aunt's earlier actions.

but it's gong Jin who is driving, " the third aunt said with a smile. we wanted to talk to Gong Jin on the way.

"Gong Bai can also drive, right?" Hu Yinghong asked the silent Gong Bai.

"Why don't we all take this bus together?" Gong Bai asked expressionlessly.

uh hehe. uncle Gong looked into the carriage and said, " "Then let's go together! I think it's quite big and should be enough for a seat. Don't waste your time on taking a taxi."

“Alright!” Gong Bai reached out his hand to Gong Jin. give me the key. I’ll open it.

Gong Jin handed over the key and quickly occupied the passenger seat. The four old men could only squeeze in the back.

The four of them weren’t fat, so it wasn’t crowded. After sitting for a while, they found that they were quite comfortable and began to chat happily.

“The capital is so prosperous!” Third aunt said, “it’s different from our Nanjiang.

that’s only natural ~” Hu Yinghong said proudly, as if she had become a citizen of Beijing.

Third aunt asked Gong Bai, “you’ve been in the capital for so many years. You must have saved a lot of money, right?” You’re going to marry a rich young lady soon, so you don’t have to worry about anything in the future!”

yes, yes, Zhenzhen, ” third uncle said. unlike our Gong Jin, who is still in the industry!

“After Gong Bai and miss Yu get married, you can ask miss Yu to introduce a friend to Gong Jin!” Third aunt suggested.

Gong Jin broke out in a cold sweat. Although he had also had such a beautiful dream, he was too embarrassed to say it!

He shouted in a low voice, “you guys be quiet!” Uncle and Auntie didn’t say a word, but I heard you guys chattering.”

The two of them felt embarrassed after being lectured by him, and they immediately stopped talking.

Gong Bai was in a bad mood, so he didn’t say anything and slowly accelerated the car.

There was a moment of silence in the carriage. Hu Yinghong felt flustered and hurriedly asked Gong Bai, " "Why didn't Xinran come?"

"She's pregnant, it's not convenient for her to go out."

"How can you be so delicate?" Hu Yinghong furrowed her brows. this rich girl is really troublesome! When I was pregnant with you, what kind of household chores didn't I do? If it were any other time, it would be fine. Now that you're getting married and we've come all the way here, she doesn't even have any manners? Even if you're pregnant, you can't be without your in-laws!"

Gong Bai stomped the accelerator hard, giving Hu Yinghong and the others a fright. They shouted in panic, " "How could he be so fast? Stop! Quickly stop! Gong Bai ..."

"Is the brake broken?" Gong Jin pretended to ask, " it's over. We're going to die!

ah! Hu Yinghong and third aunt started screaming.

Uncle Gong and uncle zou San knew that it was Gong Bai who was up to no good, but they didn't dare to speak as the car was moving too fast.

If it weren't for the speed limit on the road, Gong Bai would have maintained this speed!

After the car slowed down, Hu Yinghong and third aunt finally heaved a sigh of relief.

Uncle Gong wanted to scold Gong Bai, but he knew that he was angry.

He coughed and asked,"when are we going to the Yu family to propose marriage?"

"You guys rest for today. I'll tell you the details tomorrow. We'll go when you're ready." Gong Bai said.

## Chapter 993 Where will you live after you and Xinran get married?

When the car arrived downstairs, he said to Gong Jin, "The car is for you. Send third uncle and third aunt to the hotel."

...

The four people behind him were stunned. Hu Yinghong hurriedly said, "third uncle and third aunt are already here. They'll go over to your place to take a look first. It won't be too late to send them over after dinner, right?"

yes, yes, Yingluo," third aunt said. I want to go to the toilet.

"Let's go up then." Gong Bai furrowed his eyebrows.

After he went upstairs, he let the few of them rest and called Yu Xinran.

"Have uncle and Auntie arrived?" Yu Xinran asked.

"Yes, I am. My third uncle and third aunt are also here."

Yu Xinran was stunned for a moment, then smiled. sure! It seems like your family values it a lot.

Gong Bai smiled, knowing that she was saving him some face.

When proposing marriage to the bride's family, the more people the man sent, the more it showed that he valued the woman.

But his family was different!

It wasn't like Yu Xinran had never seen his family's temperament. Moreover, they didn't mention third uncle and third aunt when they were discussing it.

"Do you want to eat together later? I'll come find you." Yu Xinran said.

"No need," He didn't want her to come into contact with these annoying things.

Yu Xinran smiled and said, "it's alright. This is just proper courtesy." Besides, we still need to communicate the details of the proposal clearly, in case my family can't reach a consensus."

"Alright, I'll go pick you up."

"There's no need to trouble yourself, you're so busy. Let's arrange a place, I'll get the driver to send me there."

"Alright," he said.

Gong Bai guessed that she would be polite to her family before resorting to force.

She had never been a pushover. If Hu Yinghong and the others didn't know their place, she might fall out with them.

When he returned to the living room, he saw Hu Yinghong and the others eating fruits. They were looking at Gong Bai's rental apartment and discussing. "How much does it cost to buy a house like this?"

The four elders almost had a heart attack when they heard Gong Jin's words. The four of them wouldn't even have enough money in their entire lives! The real estate prices in the capital were really high!

When Hu Yinghong saw Gong Bai come out, she asked anxiously, "Where are you going to live after you and Xinran get married?"

“Their family will provide a dowry house. They won’t let Xinran have no place to live.” In short, he did not have a nest.

A man without a nest should know his place! Don’t cause him any trouble at home!

However, it was clear that no one understood what he was trying to say.

Hu Yinghong heaved a sigh of relief. that’s good, that’s good!

Previously, she had been thinking of buying a suite for Gong Bai in the capital, but she didn’t expect that Gong Bai had settled it himself! Her son was amazing!

let’s go for dinner later. Xinran will be here too. Gong Bai looked at them and said, “ I’ll tell you first to be polite to her. She was the daughter of a wealthy family and had always been flattered. We’re getting married soon, I don’t want any accidents to happen.”

“Don’t worry!” Hu Yinghong said.

Gong Bai nodded,“you’d better not make me worry!” as for the engagement, I’ve discussed it with the Yu family. The betrothal gifts will be given according to my financial situation, but I don’t want to be too shabby, so I borrowed from others and prepared about a million Yuan for the betrothal gifts. Xinran’s dowry will naturally be many times more than the betrothal gift.”

“How many houses do you want as dowry?” Hu Yinghong asked with concern.

Gong Bai furrowed his eyebrows and said with patience,“One set.”

“Only one set of dowry?” Hu Yinghong was displeased. their family is so rich. They should have two more sets as dowry!

don’t talk about two sets. He’s the richest man in the country. Even 20 sets would be fine, right? ” Third aunt said.

“Whose name should I put on the house?” Uncle Gong also asked.

Chapter 994 Are these rich people sick?

“Do you want me to marry into your family?” Gong Bai swept his cold eyebrows at them.

...

Hu Yinghong was stunned. marry into his family?!

The Yu family wanted him to marry into their family?

That won't do!

Her son was hers! She still wanted to hold her grandson! How could she treat him like a daughter and marry him off?

“Since you're not marrying into their family, why do you want to live in their house?” Gong Bai asked coldly.

Uncle Gong and Hu Yinghong were stunned. Their faces turned red, then white, and they were unable to speak.

Gong Bai stood up and said in exhaustion, “You can say these things in front of me, but in front of Xinran and the Yu family, just say them. I'll tell you what to do and what to say. Just do as I say and don't act on your own accord, so as not to add to my troubles!”

Hu Yinghong heard his disdainful tone and called out in dissatisfaction, “Am I still your mother?”

“If you’re my mother, you’ll think better of me! You’re happy that I can’t get married?”

When Hu Yinghong heard this, she reproached, “why would it not work?” You fool! She was already pregnant, what could she do if she didn’t get married? She’s so rich, she might divorce you after the child is born and give you nothing! If you don’t take advantage of her now and get some benefits out of her, you’ll regret it one day! You should raise more conditions now, or you won’t marry her and let her embarrass herself with a big belly!”

Gong Bai trembled with anger. He grabbed a cup and threw it to the ground as he shouted, “I really want to sever all ties with you!”

“Cousin! “Don’t worry, don’t worry!” Gong Jin hurriedly advised.

Hu Yinghong was also angry. I’m doing this for your own good! Do you even have a conscience?”

“For my own good? Then go ask Xinran if she’ll agree to it if she doesn’t satisfy your conditions!”

“Good! I’ll go ask!” Hu Yinghong refused to believe that that kind of family could afford to lose face like this!

“Don’t you dare!” Gong Bai shouted.

He would not let Xinran’s mood be affected by them.

He sat down and said ruthlessly, “don’t think of Xinran with your thoughts!” Her grandfather, father, and brother are all protecting her. They said that if I can’t let her live a comfortable life, I’ll call off the marriage!”

“W-what?” Hu Yinghong’s eyes widened. she’s already pregnant!

“So what if I’m pregnant? They can raise it themselves!”

“Aren’t they afraid of losing face?”

“They’re only afraid that Xinran isn’t living well, but they’re not afraid of losing face!”

Hu Yinghong gritted her teeth and said, ‘are these rich people crazy? You’re so protective of a money-losing baby!’”

Gong Bai leaned back on the sofa powerlessly. After a while, he said, “Forget it. You guys can eat by yourselves. When you’ve come to your senses, I’ll bring you to the Yu family to ask for your hand in marriage.”

With that, he left the house with a dark face.

Hu Yinghong and Big Uncle Gong were dumbfounded. Third uncle and third aunt looked at Gong Jin.

Gong Jin said, “then, Zhenzhen, shall I take you to dinner?” I’ll give sister Ye Fei a call, she knows a lot of good places!”

Gong ye was richer than him, so he naturally had to ask Gong ye to pay the bill! In addition, Gong Ying was doing well now, so he should be happy to show off in front of his parents.

.....

Gong Bai rushed to the restaurant where he had agreed to meet Yu Xinran. Yu Xinran stood up and asked in confusion when she saw that he was alone, “What happened to uncle and Auntie Wanwan?”

“They’re not coming.” Gong Bai helped her to sit down and asked, “how’s your appetite today?”

Yu Xinran said embarrassedly, “much better, much better than before.” I’m really worried that I’ll grow up to be a fatty.”

“That’s good. You’re pregnant, so you should eat more than before. If you can’t eat, you’ll be more worried.”

Chapter 995 Let’s live our days well

but I felt a little nauseous this morning. Yu Xinran frowned. little uncle said that I might start to vomit. If the situation is serious, I might not want to eat anything.

...

Gong Bai was shocked and terrified, “no way!” Then what should we do?”

Yu Xinran smiled and said, “alright, don’t worry.” Maybe it won’t be like that? Even if that was the case, it was normal. Countless pregnant women have been through this. You don’t have to worry.”

“How can I not be worried?” how torturous! Gong Bai said worriedly.

“Don’t say anymore. Let’s order.”

“Alright. If you can eat, then eat more. Otherwise, if you really want to vomit and can’t eat what you want, it’ll be a waste of time.”

Yu Xinran frowned and pressed her chest. now that you’ve mentioned it, I suddenly feel uncomfortable, Yingluo.

no way! Gong Bai was frightened.

Yu Xinran laughed and gave him a menu. “I’m just joking! Silly Daddy!”

Gong Bai scratched his head. This was the first time he had been called silly by her. Why did he feel so sweet? Did he really become stupid?

After the dishes were served, she sighed, "I wanted to let uncle and Auntie try the signature dish here, Yingying."

Gong Bai's body stiffened, and he picked up some food for her.

"Did something happen?" she asked.

"Don't take it to heart if they say anything bad," Gong Bai said to her after a pause.

"You quarreled with them?" Yu Xinran was shocked and reproached her, " don't quarrel with them because of me! They will be unhappy with me!"

"If we give in to them, they'll take advantage of us. I don't want you to suffer. I'm going to settle everything before we get married, so that they won't bully you just because they're your parents! I'm their son, it's easier to communicate with them if there's anything." Gong Bai held her hand and said, " if I can't even solve the problem with my parents, how can I make you happy in the future? "

Yu Xinran looked at him and remembered what Min Ling had said-when you marry someone, you will actually marry his family. Especially the relationship between mother-in-law and daughter-in-law, if it was not handled well, the happiness would be reduced by half.

Originally, Min Ling wasn't worried about her relationship with her mother-in-law. Firstly, Min Ling and Wu surong had a good relationship. She had been influenced since she was young and learned a little. Secondly, the Yu family was rich while the gong family was poor. How could they dare to speak loudly?

They didn't expect that there were things in this world that were beyond their knowledge!

If the poor party dared to speak loudly, it was likely that it would be useless for her to learn the way Min Ling and Wu surong got along!

Yu Xinran wasn't someone who was willing to suffer. Especially when the whole family said that she could rely on them and that if she was unhappy, she could go home and let them take care of her. What was she afraid of?

She was pregnant, so she didn't want Hu Yinghong to affect her mood.

"What if they really said something bad to me and I can't help but refute them?" she asked Gong Bai.

Gong Bai thought for a moment and said, "I know you know what to do." You can let them know how powerful you are so that they won't make things difficult for you. It's better that you're happy and at ease. Leave the rest to me! We'll play the good cop and the bad cop, and live our days well."

Yu Xinran nodded. that's what you said. Don't say that I'm unfilial in the future!

"You're much more filial than I am, but I'm the unfilial one." Gong Bai smiled bitterly. As the saying goes, a son doesn't complain about his mother's ugliness, and a son doesn't speak of his father's mistakes, but I'm a coward."

"Alright, I'm done!" Yu Xinran held his hand. you've had a harder time than anyone else. Don't blame yourself anymore.

Chapter 996 What are you going to use to raise conditions?

"Don't you think I did something wrong?" He asked.

...

He kept feeling like he had done something wrong.

He should be able to find a better solution to his relationship with his family. However, he had no patience for them and had never been willing to give it his all.

“You’re not wrong!” Yu Xinran said, “ you didn’t ignore them or abuse them. You just think differently from them. Don’t blame yourself for this.

Gong Bai nodded and held her in his arms. “It’s so good to have you, Xinran Xuanji.”

.....

Gong Jin brought Hu Yinghong, Big Uncle Gong, third uncle, and third aunt into a private room in the restaurant. Gong ze was already waiting inside.

Gong Gong now looked like a big star wherever he went. Naturally, he was bright and beautiful at the moment. He had makeup that was photogenic, sunglasses on his head, and his eyebrows and eyes were noble and elegant-of course, it was a disguise.

However, such an image was still useful in scaring people who had not seen the world.

When third aunt saw her, she didn’t dare to greet her.

“Have a seat. I’ve already ordered,” Gong Ying put down his phone.

Everyone sat down, and third uncle and third aunt felt a little uncomfortable. Hu Yinghong sized up Gong ye and proudly said, “ my daughter is really getting more and more beautiful!

“Why didn’t big brother come?” Gong Jie asked with a smile.

Hu Yinghong’s face fell as she complained to her about what had happened just now. She was very dissatisfied with Gong Bai and Yu Xinran. “You have a wife and forgot your mother! She’s making Gong Bai go against me even before we’re married. When she marries me, she’ll drive me to sleep on the street, won’t she?”

Gong Jie felt that this was wrong and asked doubtfully, “ “You’re in Nanjiang, how can she chase you away? Do you want to come to the capital?”

“You and Gong Bai were here, so of course I had to come! It just so happens that Gong Bai has settled down and is about to give birth. I can take care of the child.”

“That’s possible, but don’t mention this idea now. Even if Yu Xinran gives birth, how are you going to take care of her? The cheapest maternity matron they hire is tens of thousands a month. If you don’t want the money, you’ll even complain that you’re not doing well!”

Gong Jie had always been straightforward with her. If he had any dissatisfaction, he would say it directly.

Between her and Gong Bai, one of them would say anything he wanted, while the other was reasonable but unwilling to say anything. In any case, no one was willing to analyze things and reason with Hu Yinghong!

Gong ze’s words were in line with Hu Yinghong’s values. Even if they were against her, she would still listen!

After hearing Gong Jie’s words, she asked, “what do we do now?” I’m going to raise this as a condition when we discuss the marriage!”

She knew that young people nowadays didn’t like to live with old people. A rich lady like Yu Xinran would definitely think that she was unpresentable and wouldn’t agree to it.

“Conditions?” Gong Ying was shocked. What are you going to use to raise your conditions?”

“She ... Isn’t she pregnant?”

“Forget it! She’s miss Yu, and there are so many people lining up to marry her. Even if she’s carrying a child from another family, her suitors will come one after another. Don’t think of her as the kind of woman whose family can’t compare to ours!”

Hu Yinghong sucked in a breath of cold air. She couldn’t bear to part with her original plan.

No matter how powerful her family was, she was still a woman. Didn't she, Gong Bai, still get pregnant? If she didn't marry him obediently, did she still want to overturn the heavens?

"Just bear with it for now." Gong Jie's expression twisted as he recalled how Yu Xinran had dared to slap him. She really didn't give him any face! If they dared to create trouble in the marriage, they would definitely not be able to gain any benefits!

Hu Yinghong gritted her teeth. If it weren't for her family background, I wouldn't have agreed to your brother's marriage. Now, you want me to put up with it? "I've never liked her from the start!"

#### Chapter 997 Cooperate with Gong Bai

Gong Jin, who was eating opposite him, thought, "he is not only from a good family." It was simply too good!

...

If he met such a person, he would wake up laughing and be like a pug every day to make the other party laugh. How would he dare to be as arrogant as first aunt? Did he really think that she would accept her fate just because she had a child?

"Promise your brother first, or else what will you do if this marriage can't be discussed?" Yu Xinran is a rich young lady, and she has someone to back her up, so let's just bear with it. After they got married, she and her brother would not be impulsive enough to get a divorce. By then, you could do whatever you wanted! Even if you have any opinions now, don't say it in front of big brother! In order to avoid any more trouble, we have to put on a show and settle the marriage first!"

Hu Yinghong was even more displeased. She had originally thought that since Yu Xinran was pregnant and had no choice but to get married, she could take the opportunity to extort some benefits. If the Yu family didn't agree, she would drag it out! The child was growing day by day in her stomach, and the Yu family definitely couldn't afford to delay. When the time came, she would win!

The Yu family was afraid that they wouldn't take responsibility and wanted to marry Yu Xinran over. Why was it the other way around?

Hu Yinghong couldn't understand, and she was so angry that she couldn't eat. If a rich man was so outrageous, wouldn't Gong Bai be unable to lift his head in the future?

Seeing that she was still very stubborn, Gong Fei was afraid that she would ruin the marriage. At that time, she would not be able to hold onto the Yu family's thigh!

She gave uncle Gong a look and the two of them persuaded him together.

Gong Jin also wanted to ride on the Yu family's coattails, so he brought his third uncle and third aunt to help.

After much persuasion, they finally managed to persuade Hu Yinghong.

Uncle Gong, his third uncle, and his third aunt were enlightened. They decided to cooperate with Gong Bai so that he could marry Yu Xinran successfully.

As for after marrying Xuanji

She was already a part of the Yu family, so they could do something, right?

.....

After Hu Yinghong returned, she told Gong Bai that everything would go according to his plan.

Gong Bai didn't know why she suddenly figured it out, but he didn't want to ask. He just wanted her to cooperate with him and complete the marriage proposal.

If it wasn't for the fact that parents had to be present to propose marriage, he really didn't want to inform them of his marriage! The Yu family probably didn't want to either!

The next day, he brought the two of them to have dinner with Yu Xinran. Third uncle and third aunt also wanted to go, but he rejected them.

Third uncle and third aunt were very dissatisfied, but they had no choice but to ask Gong Jin to take them sightseeing.

Before Gong Bai set off, he had repeatedly warned Hu Yinghong and uncle Gong, and in the end, nothing happened.

Yu Xinran had seen the two of them before and knew their temperament. Now that they had suddenly become so "harmonious," she couldn't help but feel suspicious. However, she didn't ask, thinking that Gong Bai had probably communicated with them.

No matter what, she was pregnant now and didn't want anyone to cause her trouble. If the two elders of the Gong family didn't cause trouble for her, she would be more filial to them.

That afternoon, Gong Bai brought Hu Yinghong and uncle Gong to propose marriage.

The Yu family had been dissatisfied with Gong Bai before, but now that they were getting married, they tried to focus on his merits so that everyone would be happy. Getting married wasn't like making enemies. Besides, they wanted Yu Xinran's well-being, so they naturally wouldn't make things difficult for Gong Bai.

They knew Gong Bai didn't have money, so they only hoped that he was sincere. They were full of anticipation when they met Gong Bai's parents. If the in-laws were friendly, regardless of whether he was rich or not, they would accept it if they could chat with him and treat Yu Xinran well.

As soon as the two sides met, the Yu family frowned.

Chapter 998 This is an unlucky day

They were in the circle of the rich and powerful, so they were naturally good at judging people.

...

Who in their circle didn't have some schemes? If one hid too deeply and couldn't see through it, then that person was a schemer. If he couldn't see through it, then he was blind.

Gong Bai's parents always showed their emotions on their faces, and their expressions and mannerisms were embarrassing.

The Yu family had originally planned to welcome them warmly and treat them with courtesy, but now, they had become polite. If the other party didn't recognize their identity, then don't blame them for showing their might!

The Yu family was already preparing for the wedding, so the marriage proposal was just a formality. The parents of both parties would meet, and there was nothing else to discuss.

However, he still had to put on an act.

Min Ling smiled and asked, "the wedding date is on New Year's Day. Do you have any objections?"

Hu Yinghong sat stiffly on the sofa with her back straight and a dignified posture. After entering the house, she was dazzled by the Yu family's wealth and felt uncomfortable. At this time, there was finally something serious to divert her attention. She coughed and asked politely, "Are there no other days?"

Hearing that, the members of the Yu family were all upset and glanced at Gong Bai in dissatisfaction.

Yu Xinran also looked at him in confusion. Wasn't he fine during lunch? Could it be that he didn't reach a consensus with them?

"Mom!" Gong Bai hurriedly tugged at Hu Yinghong, trying to stop her.

Hu Yinghong looked at him in dissatisfaction and flung him away.

“In-law, are you not satisfied with this day?” Min Ling sneered.

“I’ve looked for someone to read it. This is an inauspicious day!” Hu Yinghong hurriedly said.

“Mom!” Gong Bai shouted in a low voice. The Yu family had already planned all these things, so how could she say anything? Couldn’t he just say “okay” directly?

“Don’t be anxious, Gong Bai. Let me have a good talk with your mom,” Min Ling said with a kind smile.

Gong Bai shivered. Was Min Ling angry?

Not only him, but the other members of the Yu family were also shocked.

Yu Qingliu subconsciously hugged ding dang, afraid that her sister-in-law would get angry.

Hu Yinghong didn’t notice anything amiss! When she saw Min Ling smile, she thought that Min Ling really wanted to discuss it with her.

Min Ling leaned back on the sofa and looked at her in a daze. “In-law, what do you think is ominous about this day?”

Hu Yinghong felt a sense of pressure. She felt that Min Ling’s current sitting posture was rather impolite, as if she was treating her like a lowly person.

She opened her mouth and was about to say something when Gong Bai stopped her in a low voice. “Mom, don’t say anymore.”

Hu Yinghong glared at him. She couldn't understand why this son of hers would always side with outsiders!

She smiled at Min Ling and said, " I know. Xinran is pregnant. You're anxious and afraid that it won't look good if your belly gets big. That's why you chose such a date. It's neither forward nor backward. But ..."

"Pa!" Min Ling smashed the fountain pen in her hand on the coffee table.

Hu Yinghong was stunned, and fear welled up in her heart. She didn't dare to speak anymore.

The expressions of the other members of the Yu family also turned pale.

No, it wasn't that he had calmed down, he was angry.

Yu Xinran was expressionless, while Gong Bai's face was ashen.

"Don't be angry, in-law!" Uncle Gong quickly tried to smooth things over. This one in my house ..."

"Shut up!" Min Ling roared, " if you don't want to get married, just say it! There's no need to waste time on this!"

mom, Wanwan. Yu Xinran was afraid that she would be angry and hurt her body, so she reached out and stroked her back.

Min Ling was so angry that her entire body was trembling. She glared at Hu Yinghong."What do you mean by not looking good with a big belly? Your Gong Bai has done such a disgraceful thing, and you still have the face to say it!"

Hu Yinghong pursed her lips and thought, " It's your daughter who doesn't love herself!

## Chapter 999 If there's anything in the future, let Gong Bai come

Yu Qingping reached out to hold Min Ling's hand and caressed it a few times to comfort her. He then said to uncle Gong and Hu Yinghong, "There's something you don't understand. The gong family can only cooperate with you on this marriage. I didn't call you here to discuss the details with you. I'm just informing you to do as I say. The betrothal gift you gave is only worth one million Yuan. Gong Bai is poor, and my Xinran's net worth is tens of millions Yuan, not including her dowry. What right do you have to ask for more?"

...

Hu Yinghong and Big Uncle Gong were dumbstruck, unable to say a word.

"If you don't want to get married, then get lost!" Yu Xinzhuo stood up and roared, "our family won't serve you! My sister is already suffering enough, stop being so long-winded!"

"Yes, yes, yes, Yingluo, I understand!" Hu Yinghong was scared silly. She hurriedly turned around, afraid that this marriage would really be called off.

She ... She was just testing the waters and wanted to see if the Yu family was easy to bully. She didn't expect the Yu family to really fall out with her.

She smiled apologetically and said, "I'm doing this for the children's good." I'm afraid that they won't have a happy marriage."

"They'll be happy if you don't find trouble with them!" Yu Zhengming said with a cold face.

Hu Yinghong didn't dare to act rashly when she saw that the elder had spoken.

"Then, then we'll do as you say!" Uncle Gong hurriedly said, "we, we'll just listen to you. We'll do as you say!"

Yu Qingping let go of Min Ling's hand and picked up the list of dowries on the coffee table. He picked up the pen that Min Ling had thrown out and started to write on the list.

“Since you guys aren’t going to be polite, then I won’t be polite either.” He said, why should the Yu family prepare these? If a family a hundred times richer than yours were to marry my daughter, I don’t know how many betrothal gifts they would offer! You guys are good, you dare to talk too much after giving me that little thing? We weren’t difficult people to get along with, but you forced us to! Make a betrothal gift according to this list, otherwise, Zhenzhen.”

Yu Qingping paused for a moment and sneered. “There’s no” otherwise.”I have to do it.”

He threw the altered list of dowries over.

Hu Yinghong hurriedly picked it up and took a look. She almost fainted.

“In-law, you’ve urged me. I’m in the wrong, alright?” she said with a crying face. Our family, where, where can we afford this?”

“Weren’t you unhappy with the wedding date just now?” Wu surong suppressed her anger and said, “ if it wasn’t for Gong mo, I would have kicked you out long ago! Who Do You Think You Are? You want to negotiate with my family? Are you the richest man in the world? I won’t even serve the world’s richest man!”

Gong mo, ” uncle Gong mumbled. He remembered that Sheng nanxuan was the grandson of the Yu family.

He had thought that Gong Bai and Yu Xinran’s marriage was due to Gong Bai’s own ability. He didn’t expect that the Yu family had to give Gong mo face.

you’re just fooling around like this. Min Ling sneered and didn’t bother to say anything more.

She had a little more confidence in Gong Bai’s character because she saw that Gong mo and dan Rong were good people. Otherwise, Yu Xinran would have broken up with Gong Bai Long ago, and he wouldn’t have had the chance to have a shotgun wedding!

“That’s enough,” Yu Zhengming said, “ let’s leave this matter at that. In the future, let Gong Bai deal with anything. Don’t waste time on these useless things.”

Gong Bai silently took the list from Hu Yinghong’s hand.

“No!” Hu Yinghong shouted. This ... This is going to cost us our lives!”

“Why would I want your lives?” Yu xinzhuo sneered and glanced at Gong Bai sarcastically. as long as he can put down his pride, Gong mo and Sheng nanxuan will lend her any amount of money. Even if we ask for ten times or a hundred times the betrothal gifts, he can do it. ”

Chapter 1000 There’s nothing left for you guys

“Xinzhuo, send the guest off!” Min Ling stood up and said to Yu Xinran, “ send me upstairs.

...

Yu Xinran took a look at Gong Bai and helped Min Ling to go upstairs.

Gong Bai stood up and bowed to the crowd.”I’m sorry, Yingluo.”

“Let’s go!” Yu xinzhuo chased him away.

I’m sorry, Zhenzhen, ” Gong Bai said again, “ I won’t let Xinran suffer any grievances in the future.

hehe hehe. Yu xinzhuo sneered. if you let her suffer now, what future do you have to talk about? ” We won’t believe your promise. If there’s any trouble around her, I’ll help her clean it up myself. As for you guys ...”

He looked at Hu Yinghong and uncle Gong. there won’t be much for the two of you to do in the future. When the time comes, you can just come and attend the wedding.

Yu xinzhuo couldn't wait to ask Lu Yang to come and snatch the bride!

However, Yu Xinran said that she didn't like it.

He really wanted to open her head and see what was inside! What was wrong with Lu Yang?

.....

When Gong Bai returned home, he was so angry that he smashed the coffee table and shouted at Hu Yinghong and uncle Gong, "Didn't you agree to it? What are you guys doing?"

"Don't be angry, mom's doing this for your own good," Hu Yinghong tried to calm him down. You, if you're not happy, we're not getting married!"

"Where Are the Children?" Gong Bai asked her.

She was stunned and said hesitantly, "I want children too, but they're too much of a bully-"

"Enough!" Gong Bai shouted, "I'll buy plane tickets for you and send you back tomorrow.

When Hu Yinghong heard this, she immediately shouted, "how can we-"

Ignoring them, Gong Bai turned around and entered his bedroom.

Hu Yinghong wanted to chase after him and argue with him, but uncle Gong hurriedly pulled her back. "He's in a fit of anger. Let's go find flare."

Hu Yinghong nodded. that's right! That's right! Zhenzhen is looking for Feiyan!

They were going to stay at Gong Jie's place. Gong Bai couldn't possibly chase them away, right?

.....

After Gong Bai booked his flight ticket, he came out and saw Hu Yinghong and uncle Gong sneakily walking out with their suitcases.

He laughed in his heart. These two people had done something wrong and were planning to run away? Where were they going now? I didn't even buy a plane ticket, so I can't board the plane at the airport now.

Wait a minute!

Gong Bai suddenly remembered ... Gong Kuang!

Gong Jie was also their child. They could still go to Gong Jie!

Even without Gong ze, Gong Jin was now in the capital. Relatives could stay with him, so they didn't have to stay with him.

"Stop!" He shouted hurriedly. Where are you guys going?"

Hu Yinghong jumped in shock and turned around to look at him.

He walked over and saw Gong ye sitting on the sofa in the living room.

As expected!

Gong Bai trembled with anger. He could not wait to pack them up and send them back to Nanjiang, but they wanted to hide at Gong Gong's place? And then find an opportunity to continue stirring up trouble?

Gong Ying stood up. my parents said that it's not convenient for you to stay here. I've been very busy recently. They can take care of me if they come to my place.

"They should be returning to Nanjiang!"

"How can we do that?" Gong Ying's eyes widened. I'm almost done. I was planning to take mom and dad to see the scenery! You're getting married, so go do your thing. I'll take care of them!"

that's right, that's right! Hu Yinghong hurriedly agreed.

"Let them stay! I won't be able to get married!" Gong Bai roared.

"I don't care!" They're my parents, and you're stopping me from being filial?"

alright! Gong Bai pointed at the door and said, " you guys can leave now! Don't come to me if you have any problems!"

Gong Ying turned around and walked out of the door.

Hu Yinghong and uncle Gong hurriedly dragged their luggage and followed behind.
