

## **Fantasy: I Did Not Raise The Divine Beasts Chapter 18**

### Chapter 18

The night sky was as dark as ink, dotted with stars.

Chu Yiren sat in her room. Xiao Changtian's figure was all she could think of.

...

She did not hear a single word of Elder Wang's warning.

"This can't do, I'm going to find him," Chu Yiren felt that since she had feelings for Xiao Changtian, she should go to him.

"Miss, are you crazy?" Elder Wang, who was standing at the side, was shocked.

The person they bumped into in the afternoon was of unknown origin. Even he could not see through that person's cultivation level. He had never heard of such an expert in Dayang Town. What if it was some old monster? Wouldn't he be sending a sheep into a tiger's mouth?

To think the young miss still wanted to meet that person. What if she encountered danger?

"Absolutely not," Elder Wang rejected her sternly and stood in front of Chu Yiren.

"Elder Wang, since you're worried, you can come with me," Chu Yiren knew that since Elder Wang was blocking her way, she would not have a chance to leave. She could only compromise.

Elder Wang's face darkened. Seeing the hope in Chu Yiren's eyes, he pondered for a moment before helplessly agreeing, "Very well."

He was, after all, a cultivator in the first level of the Heavenly Tribulation Realm. Even if the other party was very strong, it shouldn't be a problem for him to escape with the young miss.

Moreover, as an elder of the Beast-taming Sect, his demonic beast was just as powerful.

“Come out, tiger king,” Elder Wang said, and a huge white tiger suddenly appeared, exuding a powerful and terrifying aura.

The third level of the Heavenly Tribulation Realm!

The people of the Beast-taming Sect were the most powerful in the path of beast-taming. He believed that with the cooperation between the tiger king and himself, both Heavenly Tribulation Realm experts, they would be able to escape even if they were facing a ninth level Heavenly Tribulation Realm expert.

Elder Wang brought Chu Yiren with him and the two leaped into a small courtyard.

In the courtyard, Xiao Changtian was sleeping soundly in his room.

Mu Jiuhuang opened his eyes in the guest room. However, with the Black Tortoise and Senior sky-devouring dog around, she could just rest easy.

As for Ye Fan, he was also sleeping. After all, according to the habits of mortals, he should be sleeping now.

The hatchet he used to chop firewood had a layer of faint silver-white light on it, though. The sharp blade of the axe bloomed with an unparalleled sharpness. The light swayed slightly as if it would slash out if the two dared to take another step forward.

“He’s in this room,” With a sweep of her divine will, Chu Yiren found Xiao Changtian’s location. Her face lit up with joy, and she stepped out, preparing to enter the room.

“Pu,” All of a sudden, in the pitch-black sky, two huge shadows appeared!

Chu Yiren was sent flying backward by the aura, which was as deep as the ocean. She spat out a mouthful of blood in mid-air, falling like a kite with a broken string!

“Miss!” Elder Wang was shocked. Under the pressure of the Black Tortoise and sky-devouring dog, he and the tiger king found it hard to breathe. They lay on the ground, unable to move.

Even the ribs in front of his chest made cracking sounds.

He could only watch as Chu Yiren was sent flying, but there was nothing he could do.

At the next moment, the Black Tortoise's cold gaze swept over him, making him feel as if he had fallen into an ice cave. A feeling more terrifying than death welled up in his heart, and he was sent flying.

The next day, Xiao Changtian woke up early in the morning as usual. After a night, he was full of energy. His body was full of vitality!

"Sleeping early and waking up early does make one more energetic," Xiao Changtian smiled lightly. He took the puppy and went out for a walk.

If it was before, he would not have been able to live such a life.

However, ever since he took in a maid and a disciple, the former would feed the green tortoise and the latter would fetch water as well as chop firewood, so it was much easier for him.

The green turtle in the pond was envious as it watched its master take the puppy out.

Then, an aura locked onto Mu Jiuhuang's room.

When she sensed the cold aura, Mu Jiuhuang's expression changed drastically. She hurriedly ran out and smile bashfully, "Senior Black Tortoise, I'm sorry. I was breaking through last night, so I'm late today. But thank you for blocking the heavenly tribulation for me."

At this moment, Mu Jiuhuang's aura seemed to have become more restrained.

Her fair face seemed to have become even more radiant as it was filled with joy from the bottom of her heart.

Just last night, she had comprehended the Earth Dog Fist and had thus broken through to the Greater Vehicle Realm.

At the critical moment when the heavenly tribulation was about to fall, the Black Tortoise and the sky-devouring dog made their moves, sending the heavenly tribulation flying.

It was only last night that Mu Jiuhuang realized how powerful the two were.

Even though she was now in the Greater Vehicle Realm, Mu Jiuhuang still couldn't see through the cultivation of the Black Tortoise and the sky-devouring dog.

In the Beast-taming Sect, blood was flowing like a river, and the ground was covered with the corpses of countless demonic beasts.

"Damn it! Do the heavens want the Beast-taming Sect to be destroyed?" Chu Kuangren, the sect leader of the Beast-taming Sect, had an expression of endless grief and indignation. He could do nothing as he watched his sect disciples die one by one in front of him.

His daughter and Elder Wang had been seriously injured and had flown back to Beast-taming Sect in the early hours of the morning.

If it was before, he would definitely take revenge for his daughter. But now...

"Sigh!" Chu Kuangren could only sigh.

The panda was about to break out of the seal. Its two forearms had already come out from the ground. When the panda fully came out, no one in the Beast-taming Sect would be able to suppress it. It would be a catastrophe.

"Cough, cough, cough..."

At this moment, Chu Yiren and Elder Wang, who had been unconscious due to their severe injuries, woke up. Their eyes were still filled with fear.

After a long while, the two finally came back to their senses.

"Yiren, Elder Wang, what happened to you two?" Seeing that the two of them had woken up, Chu Kuangren hurriedly asked. To think with Elder Wang's strength, there was still someone who could injure them?!

"This..." Both Elder Wang and Chu Yiren hesitated.

The scene last night was too terrifying.

They had seen a phantom of a Black Tortoise that was taller than the sky and a divine dog that seemed to be capable of swallowing the world. They were like the masters of this world. Just thinking about the scene sent chills down their backs.

Luckily, the Black Tortoise and sky-devouring dog didn't kill them. They only gave them a small lesson.

Chu Yiren lowered her head, her beautiful eyes glimmering.

"No wonder the snow wolf king was so scared that it lay on the ground and didn't dare to move. So that divine dog was the legendary sky-devouring dog! That mortal..." Chu Yiren thought of Xiao Changtian, and her face suddenly changed.

That's right, even the puppy he was carrying was a divine dog, so how could that mortal be a real mortal?

"His cultivation realm was too high that I couldn't tell!" Suddenly, Chu Yiren's eyes lit up, and her mind trembled.

"Roar!" At that moment, a huge panda crawled out of the ground under the Beast-taming Sect where it had been sealed.

Its body was black and white. It bared its fangs and brandished its claws. Its aura was explosive, and all the cultivators of the Beast-taming Sect fled in fear.
