

URBAN ROMANTIC DIVINE DOCTOR

Chapter 12, Do You Want to Have a Sister-in-Law?

Xu Wendong was utterly embarrassed; he hadn't expected Lin Yiren to notice his change, making him wish he could dig a pit with his toes and hide in it.

Because he also knew how ridiculous his thoughts were. Even though they weren't unethical, they were still a betrayal of his cousin and the greatest disrespect to his sister-in-law.

Lin Yiren turned slightly, smiling at Xu Wendong, "Who do you think has a better figure, Ruirui or me?"

Xu Wendong struggled to suppress his inner tension and unease, saying, "Both Sister Ruirui and my sister-in-law have great figures, both are peerless beauties."

"Do you want to have my sister-in-law?" Lin Yiren asked a question she regretted because she hadn't thought she'd say something so shameless.

Xu Wendong was so scared that his face turned wax yellow, and he quickly said, "You are my sister-in-law; I can't have such dirty thoughts, not even if you kill me."

Lin Yiren's lips curved into a charming smile, "But your body betrayed you. If you don't have such dirty thoughts, then why do you have a reaction?"

Xu Wendong's face was full of shame, unable to respond.

Lin Yiren's teasing grew stronger; she extended a slender finger, lightly tracing it over her body, "If I tell your brother about your inappropriate thoughts, do you think he'd be angry? Would you brothers turn against each other?"

Xu Wendong shivered instantly, the fire in his heart vanished without a trace, his face turned extremely pale, and he looked at Lin Yiren nervously, tears glistening in his eyes, "Sister-in-law, I am worse than an animal; I shouldn't have inappropriate thoughts about you. Please don't tell my brother about today, alright?"

He was picked up by his grandfather, with no father or mother, and no one in the village played with him; he was constantly bullied.

Only his cousin, Xu Wenjian, treated him as a brother, playing with him and even beating up those who bullied him multiple times.

To Xu Wendong, although he and his cousin had no blood relationship, it was better than being brothers.

Therefore.

He genuinely didn't wish for his brother to turn against him; that would be more painful than killing him.

Seeing Xu Wendong's face full of panic and unease, Lin Yiren felt a strong sense of control, she laughed lightly, "I can keep today's matter a secret, but you need to tell me what exactly happened between you and Ruirui last night."

"I'll talk, I'll talk!" Xu Wendong immediately recounted what happened last night, even though it involved privacy with Huang Ruirui, it was very unethical to say, but at this moment, he couldn't help it.

"It turned out just as I thought." Knowing Xu Wendong was still a virgin, Lin Yiren's face showed an alluring smile, because upon hearing that the garbage bag in the bathroom was changed by her best friend, a big question arose in her mind.

For instance, why did her best friend change the garbage bag in the bathroom for no reason?

She wasn't the kind of woman to do it voluntarily, she was even so lazy that she was unwilling to get up to pour herself a glass of water, let alone change the garbage bag in the bathroom.

Apparently, she was trying hard to cover something.

As it turned out, just like Lin Yiren thought, she was on her period last night and didn't eat Xu Wendong up.

This made Lin Yiren very excited; she wanted to take Xu Wendong to fill her heart's regret.

"Isn't it true that if I keep this secret, you would unconditionally follow my orders?" Lin Yiren posed with a high and cold demeanor.

She used the word "command," which made her feel like a queen, high above, enjoying the feeling of controlling Xu Wendong.

"As long as my sister-in-law doesn't tell my brother what happened before, I'll obey whatever you ask me to do." Xu Wendong's face was full of tension, but his heart was filled with helplessness and even a bit of suffocation.

Clearly, it was his sister-in-law who asked him for a massage, and having a physical reaction during the massage wasn't something he could control, as no one could resist the charm and allure of such a beautiful young woman.

But she used this as a reason to blackmail him.

It was indeed excessive!

But, being under someone else's roof and having his fatal leverage held by his sister-in-law, what could he do?

"In that case, help me massage my abdomen!" Lin Yiren revealed a satisfied smile; as long as Xu Wendong was obedient to her command, she could do many things.

The next moment, she moved her body, slipping off the strap of her dress and casually throwing it onto the floor, adding a bit of chaos.

Xu Wendong felt his scalp tingling; Lin Yiren had been only wearing a white strap dress before, and while massaging, it slipped to her waist, but it covered the desirable place.

But now, she was only wearing a white thong, with everything else unreservedly before him. Even with this piece of cloth, it couldn't hide the desirable place.

More importantly, Xu Wendong discovered that Lin Yiren turned out to be the rare White Tiger.

"Haven't you seen a woman before? What are you staring at in a daze?" Lin Yiren blushed and gave a reproachful remark, heartily agreeing with her best friend's words from yesterday, that abandoning morality brought a deeper level of pleasure from so-called nastiness.

Although nothing outrageous happened between her and Xu Wendong, the joy in it made her uncontrollably fascinated.

At this moment.

Xu Wendong dared not have any inappropriate thoughts, after all, since Lin Yiren had him under control because he moved with inappropriate thoughts, he was now completely afraid of this woman.

Both in awe and fear, he nervously said, "Sister-in-law, why do you want a massage on your abdomen? Is it uncomfortable?"

"Uterine coldness, an old problem." Lin Yiren answered softly with her eyes closed, feeling a bit heavy-hearted, as her inability to conceive resulted from congenital uterine coldness.

Although she had taken many medicines, they had yielded no results.

Of course, congenital uterine coldness also had other symptoms, like cold hands and feet throughout the year, inability to consume cold food, and for Lin Yiren, who loved milk tea, it was not a trivial torment.

Xu Wendong said, "Uterine coldness can be congenital or acquired; if it is acquired, it can be cured through massage, otherwise congenital uterine coldness will be quite challenging."

Lin Yiren slowly opened her eyes, smiling with a hint of teasing, "I heard curing congenital uterine coldness is not difficult; you just need to find a virgin boy to inject, using his Yang Energy to cure congenital uterine coldness. I wonder if this is true or false?"

Seeing her naughty eyes, Xu Wendong instinctively lowered his head, not daring to meet her gaze, "There is indeed such a saying among the people, but everyone's condition is different, this method might not be one hundred percent effective."

Lin Yiren blushed, showing a captivating smile, "So, there is still a certain probability it could cure. In that case, I command you to give me an injection!"
