Chapter 1021: Heading to Tianlan Star

"Now you should tell me Xue'er's whereabouts." Xu Nian returned in front of Chen Linfeng, looking at him and said.

Chen Linfeng then came out of his daze, looking at Xu Nian with a complex expression.

Back then, Xu Nian was still beneath him, but now Xu Nian had far surpassed him.

He even killed Liu Changtian.

He knew Xu Nian wouldn't let him go; this guy dared to kill Liu Changtian, so what's there to fear in taking action against him?

"Xu Nian, even if I tell you Junior Sister Murong's whereabouts, so what? She is ultimately not yours. Not to mention her memory hasn't recovered, even if it recovers, Jiang Shengtian won't easily let you take her away, and Jiang Shengtian's power is beyond your imagination." Chen Linfeng suddenly smiled and said.

Thinking about this guy facing an opponent like Jiang Shengtian, he felt much more balanced at heart.

Currently, Xu Nian is still way behind Jiang Shengtian.

"Stop talking nonsense; tell or not." Xu Nian snorted coldly and said.

"I can tell you; Junior Sister Murong went to Ning King Star. Yes, the very Ning King Star next to your Tianlan Star. Not only she is there, but many geniuses from the Four Great Sects are there. Going there is basically seeking death!" Chen Linfeng sneered and said.

"Ning King Star? Thank you!" Xu Nian muttered.

The next moment, he turned directly, and Chen Linfeng behind him immediately suffered a terrifying pressure, being directly crushed into a pulp.

Chen Linfeng only realized before his death that this guy had been hiding his strength all along.

Too terrifying!

Gravity Compression!

In that instant just now, he felt the gravity coming at him from all directions, and his body couldn't withstand it, ultimately turning into pulp.

Aside, Xie Haixing and Wang Yuhuan were dumbfounded.

They simply couldn't understand how Xu Nian accomplished this, Chen Linfeng was directly mashed into pulp.

"Does your Gravity Space Domain reach the second level?" Xuanyuan Qingling came over, asking.

"Third level!" Xu Nian smiled and said.

The second level of the Gravity Space Domain can only compress in two directions, but the one he just performed obviously compressed in four directions.

This kind of power is definitely much stronger than simply two directions.

Xuanyuan Qingling, hearing Xu Nian's response, was momentarily stunned.

But internally, she was in turmoil; what kind of cultivation speed does this guy have?

Two kinds of Profound Argumentation stepping into the domain realm is already something.

One of them even stepped into the third level of the domain.

If the deceased Liu Changtian knew this, he probably wouldn't rest in peace?

"What are you planning next?" Xuanyuan Qingling asked.

"Once you settle here, I plan to return to Tianlan Star to resolve things over there; I'll leave this place to you for now," Xu Nian said.

Xuanyuan Qingling nodded, "Don't worry, I'll handle things here."

"These are Liu Changtian and Chen Linfeng's storage rings. I checked them just now; there's quite a lot of good stuff inside. Distribute some to them, and keep the rest for yourself, it should help you break through to the Peak of Tribulation Crossing." Xu Nian said to Xuanyuan Qingling.

Xuanyuan Qingling nodded.

"By the way, recently Tianlan Star seems a bit turbulent, apparently experiencing a massive change, be cautious when you return this time." Xuanyuan Qingling seemed to remember something.

"What's going on?" Xu Nian hurriedly asked.

"I'm not very sure; my former subordinates in Rashamon City sent me the information. It's said that the Young Sect Master of Tianxin Sect killed his way to the Spirit Rhinoceros Sword Sect over a few women, and apparently, the Spirit Rhinoceros Sword Sect was destroyed." Xuanyuan Qingling said.

"How could the Spirit Rhinoceros Sword Sect be destroyed? Even if Tianxin Sect is strong, they couldn't possibly wipe out the Spirit Rhinoceros Sword Sect, right?" Xu Nian showed a surprised expression.

"Not sure about the specifics, but it's said Tianxin Sect seems to have received support from some external force, and the inheritor of the Spirit Rhinoceros Sword Sect, Han Xiaoxiao, along with those women are missing. Now, Tianlan Star is extremely chaotic." Xuanyuan Qingling said gravely.

Xu Nian frowned tightly.

Han Xiaoxiao went missing?

Didn't Han Xiaoxiao receive the legacy of Bai Xi Sword Immortal?

Her strength should be quite formidable; how could someone annihilate her sect?

And who are those women Xuanyuan Qingling mentioned?

Tianxin Sect actually destroyed Lingxi Sect for the sake of a few women?

Who on earth granted Tianxin Sect such immense power?

"It seems that going to Tianxin Sect to save people this time won't be as smooth as imagined," Xu Nian muttered to himself.

He originally thought, with his strength on Tianlan Star, he was absolutely a sweeping presence.

But now it seems, it's not that easy.

"No matter what, whatever contingencies there are, I'll figure it out once I reach Tianlan Star," Xu Nian muttered to himself.

"And before, Xu Yu sent me a message saying that he and Leng Yanran came to the Cultivation World together. I wonder if they are still on Tianlan Star." Xu Nian pondered.

Xu Nian hadn't seen Xu Yu and Leng Yanran for a long time.

He still missed them a lot in his heart.

After all, Xu Yu and Hei Yu were brothers who went through life and death with him, and Leng Yanran and the others were both his half-Master and close companions.

"Hope they are all safe and sound!" Xu Nian thought to himself.

In the following days, Xu Nian stayed at Heartless Lake.

After a big battle, much of Heartless Lake's beauty was damaged.

However, after Xu Nian's restoration, it returned to its original state.

As for Shao Chengfeng who was leading the way before, he had long slipped away seeing the situation wasn't right.

Xu Nian was also too lazy to care about him, a mere Peak of Tribulation Crossing. As long as this guy didn't cause him trouble, he didn't bother to find him.

Thus, Heartless Lake became the first base for the Heavenly Court Gang in the Tianhen Star Domain.

Xuanyuan Qingling also drew quite a number of personnel from the Heavenly Court Gang.

Very quickly, a stronghold was established at Heartless Lake.

Without the strength of the Earth Immortal Realm, trying to forcefully break through is essentially a dead end.

After Xuanyuan Qingling received the pill from Ouyang Yun, her cultivation broke through from the Heavenly Phenomenon Realm to the Transcendence Tribulation Stage.

Upon breaking through, her combat power directly matched the Late Stage Tribulation Crossing.

After all, she had already reached the domain realm in comprehension.

As for Wang Yuhuan and Xie Haixing, they were wholeheartedly cultivating, preparing for the impending heavenly tribulation.

Seeing everything on track, Xu Nian also planned to leave, heading towards Tianlan Star.

"Be careful with everything. If needed, immediately establish an Array Map, and we'll provide support at once." Xuanyuan Qingling looked at Xu Nian and said.

During this period, Xu Nian also refined a few Transmission Array Maps.

He could establish a new base for the Heavenly Court Gang upon finding a suitable location.

Tianlan Star is Xu Nian's next target.

As for Ning King Star, Xu Nian didn't intend to go there for the time being.

Finish things on Tianlan Star first; then, it's not too late to go!

"Alright, I will!" Xu Nian nodded and replied, then once again stepped into the transmission array heading to Tianlan Star.

Chapter 1022: Furious

"Buzz!"

A beam of light descended from the sky, landing directly on the Transmission Array on Mingyan Mountain.

Zhao Tian, as the manager of the Transmission Array, felt somewhat depressed at this moment.

Tianlan Star is an extremely remote Cultivation planet in the Tianhen Star Domain, with only a few visitors in a year.

But in recent days, this Transmission Array has been frequently activated.

And every person who arrived was very powerful.

Zhao Tian didn't dare to neglect; for someone at the Cave Void Realm like him, being able to oversee the Transmission Array here was already an impressive feat.

If he offended these powerful people and was casually killed, that would be truly tragic.

"Huh, it's actually a young man; judging by his bone age, he seems very young," Zhao Tian murmured in surprise.

Although this young man appeared to be young, he still didn't dare to underestimate him in the slightest.

If he was a genius from a major power, he couldn't afford to provoke him.

As for this young man's cultivation, Zhao Tian couldn't see through it, meaning his strength was above Zhao Tian's.

"Finally, I'm back." Xu Nian mumbled to himself, sensing the familiar atmosphere.

Back then, he was forced to leave Tianlan Star, and his strength was just at the Cave Void Realm, not much different from this guardian.

Now, years have passed, and he has crossed into the Middle Stage of the Transcendence Tribulation.

Returning again, he intends to reclaim all the humiliation he once suffered.

"Tianxing Sect, your death date has arrived." A fierce killing intent erupted in Xu Nian's eyes.

Beside him, Zhao Tian's back instantly turned cold, his face flushed red, staring at Xu Nian, not daring to make a sound.

What an astonishingly terrifying killing intent?

How could it be so strong?

Just this killing intent alone rendered him completely immobile.

He was certain that the young man before him, seemingly even younger than himself, could kill him with just a lift of a finger.

No, he wouldn't even need to lift a finger; just a breath could tear him apart.

"This must be a prodigy from an enormous power, extremely terrifying, capable of gathering such intense killing intent, definitely someone who climbed out of a sea of bloodshed." Zhao Tian muttered to himself.

His gaze towards Xu Nian grew even more reverent.

Xu Nian seemed to realize his loss of composure and retracted the killing intent in his heart.

He had cultivated the secret technique given to him by Emperor Ye Tian, the Ten Thousand Divine Beheading Technique.

This secret technique, although not often useful in regular times, had a subtle but profound influence on Xu Nian.

Through prolonged accumulation of slaughter, Xu Nian's killing intent had consolidated to a certain level.

Once suddenly unleashed in battle, it could not only augment his offensive power but also impose a certain level of suppression on his opponents.

Like this Cave Void Realm guardian in front of him, who was rendered powerless under the explosion of his killing intent.

"Better to first get an understanding of the situation here." Xu Nian murmured to himself.

After speaking, he then walked towards the guardian.

Zhao Tian was startled when he saw Xu Nian approaching, and with a solemn expression, he said, "My name is Zhao Tian, greetings, sir!"

Upon saying this, Zhao Tian knelt on one knee, saluting Xu Nian.

With a movement of Xu Nian's mind, Zhao Tian's kneeling posture was instantly blocked by an invisible force.

Zhao Tian's heart was even more shocked; being able to effortlessly stop his movements, at least required a Transcendence Tribulation level of cultivation.

Perhaps even higher.

Such a young expert at the Transcendence Tribulation Stage was extremely rare even in the Tianhen Star Domain.

"You're called Zhao Tian, right? Tell me about the recent situation on Tianlan Star," Xu Nian said straightforwardly.

"Sir, which aspect do you wish to know about?" Zhao Tian hurriedly asked respectfully.

"Tell me about the Three Great Sects," Xu Nian said.

"Sir, it's no longer the Three Great Sects but two, or you could say there's only one Great Sect left. The Spirit Rhinoceros Sword Sect was destroyed, and the Heavenly Array Sect was severely damaged. They have now activated the Mountain Protection Array and gone into complete seclusion. Without the Mountain Protection Array, the Heavenly Array Sect might have been wiped out as well. Now, only the Tianxing Sect dominates," Zhao Tian said, his tone tinged with emotion.

The ordeal of the two major sects also made him feel incredulous.

Xu Nian was somewhat astonished, even though he had already received some information from Xuanyuan Qingling.

However, he was still somewhat surprised.

Could Tianxing Sect really have the strength to eliminate two major sects?

Did they truly destroy the Spirit Rhinoceros Sword Sect entirely?

"Was the destruction of Spirit Rhinoceros Sword Sect Tianxing Sect's doing? Are they really that powerful?" Xu Nian asked in astonishment.

"Yes, it was Tianxing Sect. Sir, you may not know, but a few months ago, Tianxing Sect suddenly had three Earth Immortal-level experts appear. Under their guidance, they marched directly to Spirit Rhinoceros Sword Sect and slaughtered everyone there. Even the sect became ruins," Zhao Tian suddenly said softly.

"Earth Immortal? And three of them?" Xu Nian asked in surprise.

As far as he knew, there were no Earth Immortal-level beings on Tianlan Star before.

Even those at the Peak of the Heavenly Phenomenon Realm were considered strong, and even the hidden elders were merely at the Transcendence Tribulation Stage.

How could Tianxing Sect suddenly produce three Earth Immortals?

Even if their sect had hermits breaking through, three simultaneously couldn't have been possible, could it?

"There seems to be something fishy about this matter," Xu Nian thought silently, heart pondering.

"I heard that the reason Tianxing Sect destroyed Spirit Rhinoceros Sword Sect was because the Young Sect Master of Tianxing Sect took a fancy to a few women?" Xu Nian continued asking.

"It seems sir, your information is quite accurate. Indeed, the Young Sect Master of Tianxing Sect fancied three women, but was obstructed by Han Xiaoxiao, the successor of Spirit Rhinoceros Sword Sect's master, who then took them back to the sect. Holding a grudge, the Young Sect Master of Tianxing Sect had his sect pressure Spirit Rhinoceros Sword Sect into marrying Han Xiaoxiao and the trio to him. However, unexpectedly, Han Xiaoxiao called the Young Sect Master out before the wedding and cut off his manhood. Enraged, the Sect Master of Tianxing Sect attacked Spirit Rhinoceros Sword Sect, ultimately leading to its complete destruction," Zhao Tian explained.

Xu Nian remained silent, but his heart was filled with countless emotions.

He didn't expect Han Xiaoxiao to be so fierce and unyielding.

"So what happened to Han Xiaoxiao and those three women afterward?" Xu Nian continued asking.

"Alas, it's a pity. It's said Han Xiaoxiao and those three women disappeared. Either killed or captured by Tianxing Sect. Allegedly, those three women were as beautiful as heavenly beings, not at all inferior to the four great beauties of Tianlan Continent, especially that one called Leng Yanran, who was truly stunning," Zhao Tian said.

"What was that woman called?" Xu Nian suddenly stared at Zhao Tian fiercely.

Zhao Tian was instantly startled, feeling as if he had suddenly fallen into a Dark Abyss.

"Sir... sir, that woman was named Leng Yanran, do you know her?" Zhao Tian replied nervously.

"Were the other two women called Zhao Yanyun and Xu Xin?" Xu Nian quickly asked, his gaze fierce as if he would devour someone.

"Yes, sir, do you really know them?" Zhao Tian asked in surprise.

Xu Nian's eyes instantly turned blood red.

In the next moment, the entire ground exploded instantly.

"Tianxing Sect, I, Xu Nian, will not rest until you're annihilated!"

Xu Nian shouted with all his might, then soared into the sky, transforming into a stream of light and disappearing.

Zhao Tian was utterly terrified, floating in midair, staring at the shattered mountain, unable to help but swallow a gulp of saliva.

To shatter a mountain solely with one's aura, what kind of power is this?

And the name Xu Nian, it seems somewhat familiar?

He couldn't recall where he had heard it. Why couldn't he remember?

Chapter 1023: Encounter with the Bull Demon King Again

Xu Nian flew wildly all the way and soon arrived at the location of the Spirit Rhinoceros Sword Sect's mountain gate.

He did not immediately confront the Heavenly Heart Sect, as he had not yet fully understood the situation.

He wanted to check out the Spirit Rhinoceros Sword Sect to see if he could find any traces.

But when he arrived at the Spirit Rhinoceros Sword Sect, he found that its mountain gate had been completely destroyed.

The once splendid and prosperous mountain gate had now become a desolate scene, with buildings mostly collapsed into ruins.

Without hesitation, Xu Nian immediately rushed towards the depths of the mountain gate.

However, the depths of the mountain gate were no different, and even the Sword King Pavilion, the forbidden area of the Spirit Rhinoceros Sword Sect, had collapsed and ceased to exist.

Xu Nian saw the desolate mountain gate and frowned deeply.

Unexpectedly, the Spirit Rhinoceros Sword Sect had really been destroyed.

Could it be that there isn't a single living person here?

"You forced me, old bull, so I'm going to fight you to the death!" Just then, a roar suddenly came from afar.

Followed by a burst of violent energy fluctuation.

Xu Nian's eyes instantly lit up, and his figure turned into a phantom as he rushed toward the source of the sound.

This voice was very familiar. If his guess was correct, it should be the Bull Demon King.

"Buzz!"

In an instant, Xu Nian arrived, and sure enough, he found several cultivators surrounding a bull-headed man in the depths of the Spirit Rhinoceros Sword Sect's rear mountain.

Xu Nian immediately recognized that this bull-headed man was indeed the Bull Demon King.

What surprised Xu Nian was that the Bull Demon King's cultivation had actually improved significantly, reaching the Peak of Cave Void Realm.

Among those besieging him, there were five people in total; two were at the Peak of Cave Void Realm, and the other three were at the Late Stage Cave Void.

At this moment, the Bull Demon King was being beaten by these five people without the strength to fight back, covered in wounds and blood all over.

The Bull Demon King was also in a berserk state, ready to use his forbidden killer move for a desperate fight.

"Hmph, Bull Demon King, you can't escape. Today is the day you'll die," said one of the Peak Cave Void Realm individuals.

"I'm old bull, afraid of neither heaven nor earth. When have I ever feared you bastards? Today, even if I die in battle, I won't let you get what you want," said the Bull Demon King, holding a steel fork with an air of dominance.

"Still talking tough. Since you want to die, don't blame us for being rude," said the leading man immediately.

He then directly gave the order.

The four people behind him rushed toward the Bull Demon King, each unleashing their killing moves.

The Bull Demon King's gaze was also resolute, ready to strike in the next moment.

Yet just then, those four rushing forward seemed to be crushed by an invisible force, instantly turning into a pulp.

The Bull Demon King was stunned!

The leading man was also stunned!

What is going on?

The leading man cried out in his heart.

In the next moment, he saw a man dressed in white slowly coming from a distance.

Walking on air, his steps were slow.

But the leading man was shocked to find that his body couldn't move.

"Tribulation Crossing Stage expert?" the man thought in horror.

He never expected a Tribulation Crossing Stage expert to appear.

And when the Bull Demon King saw Xu Nian's appearance, his face immediately showed an excited expression.

An expression like he was about to cry with joy.

Xu Nian smiled at him, then coldly looked at the leading man.

"Sir, I am Yu Hai of the Heavenly Heart Sect, on a mission to capture a wanted criminal. I don't know what offended you, but I ask for your forgiveness," the leading man said urgently as Xu Nian looked toward him.

"You're from the Heavenly Heart Sect?" Xu Nian asked.

The leading man, hearing this, instantly lit up.

He thought that the man in front of him had felt fear hearing the name of the Heavenly Heart Sect.

Hastily, he said: "Yes, I am from the Heavenly Heart Sect, you must have heard of our deeds. It was our Heavenly Heart Sect that destroyed the Spirit Rhinoceros Sword Sect, so sir, you best not interfere. Otherwise, it won't bode well for you in explaining to the sect."

This statement seemed polite on the surface but carried a sense of threat.

He believed that the man would surely give him face and let him go.

Xu Nian heard this and laughed, his eyes shining with cold light.

Beside him, the Bull Demon King also chuckled, looking at this man with a sympathetic gaze.

"Sir, as long as you don't interfere or capture the Bull Demon King, I will introduce you to the Sect Master, allowing you to join our Heavenly Heart Sect," Yu Hai said hurriedly, unsure of Xu Nian's smiling intentions.

He believed that the man in front of him would be tempted at the prospect of joining the Heavenly Heart Sect, as joining it was the dream of every cultivator on Tianlan Star right now.

"Is joining your Heavenly Heart Sect an honorary thing?" Xu Nian asked with a cold smile.

With this statement, Yu Hai's face changed.

What was happening?

Could it be that this man didn't want to join the Heavenly Heart Sect?

"Haha, Yu Hai, you probably don't know who this is, right?" the Bull Demon King laughed out loud.

"Who are you?" Hearing the Bull Demon King's words, Yu Hai realized he might have made a huge mistake, and quickly asked.

"Don't be afraid to tell you, he is my leader, the very Xu Nian you people from the Heavenly Heart Sect have been trying to deal with. Do you think he would join the Heavenly Heart Sect?" the Bull Demon King replied coldly.

Yu Hai's face instantly changed dramatically.

Xu Nian?

This guy is Xu Nian?

Didn't they say this guy had disappeared for years?

How could he suddenly appear here?

And how did he suddenly become so strong?

Despair immediately grew in Yu Hai's heart.

If this young man in front of him was really Xu Nian, then his previous words were likely nothing more than a joke.

"Xu Nian, do you really want to be an enemy of my Heavenly Heart Sect?" Yu Hai said anxiously, wanting to escape, yet his body could not move an inch.

His fear increased even more.

"Enemy of your Heavenly Heart Sect? Do you think the Heavenly Heart Sect deserves it? Let me tell you, not long from now I will personally visit your Heavenly Heart Sect, and then I'll make sure everyone on the Tianlan Continent knows the Heavenly Heart Sect will disappear from this continent," Xu Nian said proudly, with a strong sense of killing intent in his tone.

"Arrogant, even if you've grown stronger, our Heavenly Heart Sect has three Earth Immortals, which you can never shake," Yu Hai shouted, knowing he couldn't escape.

Xu Nian's eyes were filled with disdain, and then he began to activate the Gravity Space Domain.

The next moment, Yu Hai felt a terrifying pressure coming from all directions.

"No!"

Yu Hai only had time to let out a scream before he was crushed into a pulp.

Throughout, Xu Nian stood with his hands behind his back.

Before dying, Yu Hai had only one thought.

What kind of terrifying power is this? Could he really be capable of annihilating the Heavenly Heart Sect?

The Bull Demon King beside him was also shocked, filled with amazement.

But when he looked at Xu Nian, he was overwhelmed with joy and gave Xu Nian a big bull hug.

"Boss, you finally came; I missed you to death," the Bull Demon King said excitedly.

Xu Nian's face also showed a smile, meeting the Bull Demon King here was a comfort to his heart.

Chapter 1024: Targeting the Tianxing Sect

"Bull Demon King, how did you end up here, and why were you being chased by the Tianxin Sect?" Xu Nian asked after using the Divine Demon Power to stabilize the Bull Demon King's injuries.

Since the Bull Demon King was here, Xu Nian surmised that Xu Yu and Black Wind must have also arrived on the Tianlan Continent.

However, they were nowhere to be seen. If Xu Nian was not mistaken, something unexpected must have happened.

"Boss, you might not know this, but the Young Sect Master of the Tianxin Sect recently tried to make a move against my sister-in-law. Luckily, Han Xiaoxiao from the Spirit Rhinoceros Sword Sect intervened, preventing him from succeeding. However, the Spirit Rhinoceros Sword Sect was decimated as a result,

with thousands in the entire sect slaughtered. It was a bloodbath, and both sister-in-laws, Sister Xu Xin, and Han Xiaoxiao disappeared in that battle." The Bull Demon King hurriedly explained.

Xu Nian's eyebrows furrowed.

Disappeared?

Where could they have gone?

"And what about Little Yu and Black Wind? They were supposed to be with Yanran and the others, right?" Xu Nian asked again.

"They were captured by the Tianxin Sect. The people from Tianxin Sect are extremely vile and wanted to tame them because they are Divine Beasts. That's why I kept causing trouble at the Tianxin Sect, hoping to get information about Xu Yu and Black Wind. But this time, they found out, and I fled all the way here before finally being cornered. If it weren't for my lack of strength, I'd have flattened them for daring to bully my brothers. It's suicidal," the Bull Demon King cursed angrily.

"You'll get your chance," Xu Nian replied, eyes burning with intense killing intent.

Upon hearing this, the Bull Demon King reacted with great joy and hastily said, "Boss, are you going to attack the Tianxin Sect? If so, I'll go with you and show them what happens when they mess with our brothers."

"We will definitely go, but not just yet. Attacking Tianxin Sect with just the two of us is letting them off too easily. I want the whole Tianlan Continent to know the consequences of coveting Xu Nian's woman and bullying his brothers," Xu Nian declared with rising killing intent, having made up his mind.

This time, he planned to make a significant move.

The Bull Demon King looked puzzled.

Besides them, who else could there be?

Could Boss be expecting more people? Who would they be?

"Take care of your injuries first. In three days, we will attack the Tianxin Sect. I want the entire Tianlan Continent to tremble," Xu Nian said sharply.

The Bull Demon King listened, blood boiling and heart pounding with excitement.

Though he didn't know Xu Nian's plan, he instinctively trusted him.

"By the way, Boss, the Tianxin Sect has three Earth Immortals, which might be difficult to handle. Are we really going to attack them?" After the excitement faded, the Bull Demon King regained some composure and looked at Xu Nian, asking.

"Do they have Earth Immortals at the Middle Stage?" Xu Nian inquired.

"No, all of them are at the Early Stage Earth Immortal level," the Bull Demon King responded.

"Then it's not a problem. As long as they aren't at the Middle Stage, they are mere ants," Xu Nian waved dismissively.

The Bull Demon King was taken aback.

He was thoroughly shocked.

Only someone like his boss could dismiss weaker Earth Immortals as ants.

Had anyone else said it, the Bull Demon King would have thought they were bluffing. But coming from his boss, it was unquestionably badass.

That reassured him.

He began to look forward to the scene of them attacking the Tianxin Sect in three days.

The Bull Demon King went off to heal, while Xu Nian took out a Communication Spirit Talisman. After sending a few messages, he began setting up a formation.

Time quickly passed, and three days later...

The Bull Demon King's injuries were completely healed.

Not only that, but his cultivation had even broken through to the early-stage Harmonization Realm.

This pleased the Bull Demon King immensely.

After experiencing his newfound power, he turned his gaze to Xu Nian.

His boss had been sitting there for three days, occasionally writing and drawing in the air.

He knew his boss was constructing a formation, but he didn't know what kind of formation it was.

Could his boss be planning to use the formation against the Tianxin Sect?

Just as the Bull Demon King was wondering, Xu Nian completed the final stroke of the array map.

With that last stroke, the entire array pattern was finished.

The complex array patterns began to shrink, ultimately condensing into Xu Nian's palm.

"Boss, is this some powerful formation that can kill Earth Immortal experts?" the Bull Demon King hurriedly stepped forward to ask.

Xu Nian shook his head with a smile, responding, "This isn't a Killing Array, just a large Transmission Array!"

"Not a Killing Array?" The Bull Demon King was momentarily disappointed.

What's the use of a Transmission Array?

Xu Nian seemed to understand the Bull Demon King's thoughts and chuckled, "Just watch and see!"

He then began to channel True Essence to activate the array patterns in his hand.

The next moment, the patterns in Xu Nian's palm flew out.

They began to expand, growing into an enormous array pattern.

The array pattern was an astounding ten miles wide.

The Bull Demon King's face was filled with astonishment. Why did his boss build such a large Transmission Array?

But in the next moment, he was completely stunned.

Because a beam of light descended from the sky, and in the next, thousands of people appeared before him.

Without exception, they were all cultivators.

And all of them were incredibly powerful, with the lowest among them being in the Cave Void Realm, and none less than the Zifu Realm.

There were also many in the Unity Realm Stage, and even some at the Transcendence Tribulation Stage.

"Boss, these are the people you said would go with us to the Tianxin Sect?" The Bull Demon King asked wide-eyed.

His boss was truly amazing to even have such a group of followers.

However, Xu Nian shook his head with a smile.

The Bull Demon King was stunned.

What did this mean?

They weren't going with them? Then why were they here?

Seeing the Bull Demon King's puzzled expression, Xu Nian smiled helplessly and said, "What I meant was that these aren't the only ones going with us to the Tianxin Sect!"

The Bull Demon King was stunned once more.

What did this mean?

As the Bull Demon King stood there bewildered, a second beam of light soared into the sky.

Then came a third, and a fourth.

Each beam brought with it five thousand people.

The Bull Demon King's eyes widened even more, how many people was that?

And all of them were powerful cultivators. Where did all these strong individuals come from?

After a total of twenty beams descended, the transmission array pattern finally vanished.

The Bull Demon King couldn't help but swallow hard.

My god, the number of cultivators here must be around a hundred thousand!

And every one of them was at least in the Cave Void Realm. There were many in the Unity Realm Stage and Heavenly Phenomenon Realm, and even dozens at the Transcendence Tribulation Stage.

Where did all these people come from?

What was his boss's connection to them?

"Heavenly Court Gang members, greet the Gang Leader!"

As the Bull Demon King stood in shock, the one hundred thousand cultivators uniformly knelt on one knee and shouted in unison.

Their voices thundered across the continent, their aura shaking the heavens.

And without exception, they all faced toward Xu Nian.

"Gang... Gang Leader? Boss, you..." The Bull Demon King was so shocked he couldn't complete his sentence.

Xu Nian merely smiled slightly, saying, "These are the members of the Heavenly Court Gang I founded."

The Bull Demon King was left dumbfounded.

The force that Boss established?

With so many powerful individuals?

The Bull Demon King even began to wonder if his eyes were playing tricks on him.

Xu Nian didn't pay any more attention to the Bull Demon King. Instead, he looked at the one hundred thousand gang members and said, "Everyone, someone has bullied my brother Xu Nian. What should we do about it?"

"Kill!" The one hundred thousand gang members shouted in unison.

Their cries shook the heavens and the earth, causing the entire Tianlan Continent to tremble.

The Bull Demon King's face turned pale. How could he withstand the aura of one hundred thousand cultivators?

If it weren't for Xu Nian's support, he might not even be able to stand right now.

"Good, then you shall follow me and destroy the Tianxin Sect today," Xu Nian's voice was as deep as a mountain, and the next moment, he soared into the sky.

Behind him, the one hundred thousand gang members also took to the skies in an instant, following closely behind Xu Nian.

They blotted out the sky and covered the sun.

Their momentum was like a mighty dragon crossing a river, shocking those around.

At this moment, cultivators all over the Tianlan Continent began to tremble.

Chapter 1025: The Expanding Tianxing Sect

One hundred thousand cultivators swept across the sky, their momentum converging into one unified force.

The entire earth trembled.

All the cultivators began to feel uneasy, able to sense the intense killing intent emanating from this group of airborne cultivators.

The killing intent was so strong that they could distinctly smell the scent of blood.

These people must have crawled freely through pools of blood, hence their killing intent was so overwhelming.

The most crucial point was that there were too many of these cultivators, seemingly appearing out of thin air.

Even if the Tianxin Sect, the foremost sect of Tianlan Star, gathered all its disciples, they wouldn't amount to even ten thousand.

Compared to these cultivators before them, they were nothing but ants.

"It seems Tianlan Star is about to change,"

"Indeed, who knows from where or to where this Heavenly Army comes, yet it's enough to sweep across the entire continent."

...

The cultivators below couldn't help but lament.

The feeling this group of cultivators gave them was truly terrifying.

Not only was their aura powerful, but their numbers were extremely formidable.

Moreover, they had a vague suspicion because this force was heading straight for the location of the Tianxin Sect's headquarters.

The bolder cultivators quietly followed behind this Heavenly Army.

The more timid ones followed from afar, tracking them toward the direction of the Tianxin Sect.

The Bull Demon King was currently following Xu Nian, occasionally glancing back at the hundred thousand troops behind him.

This was an army of cultivators!

Unexpectedly, the Bull Demon King had the chance to lead an army of a hundred thousand cultivators.

Though he felt a bit like a fox borrowing the might of a tiger, he was still full of swagger.

Looking at the awe in the eyes of these ants below, the Bull Demon King felt as if he might just ascend to the heavens.

What of the Tianxin Sect?

He could easily destroy their sect until not a blade of grass remained.

The hundred thousand troops swept through the air, quickly causing a sensation across the entire Tianlan Continent.

Many cultivators were startled, rushing to follow and see where this remarkable army was headed.

Who was so unfortunate to provoke such a terrifying force, leading them to mobilize a hundred thousand troops to attack?

...

As Xu Nian led the hundred thousand troops toward Tianxin Sect, the sect was thoroughly shaken.

An elder from the sect, panicked and chaotic, flew in from outside the hall, rushing into the Tianxin Sect's main hall, the Tianxin Hall.

At this moment, the Sect Master, Yang Tianba, was conversing with two Supreme Elders.

Besides them, there was a young man in the hall.

This young man was none other than the Young Sect Master, Yang Shaocheng.

At this moment, Yang Shaocheng was playing with a delicate dagger in his hand.

Although the injury to his lower body had healed, the fury in his heart hadn't diminished.

That woman, Han Xiaoxiao, had used such sinister means against him, also causing him to lose three beauties.

If he did not take revenge, he would never dispel the hatred in his heart.

"Hmph, Han Xiaoxiao, do not let me catch you, otherwise I will make you a complete whore, and as for those three women, dare not to obey me, I will make you regret it," Yang Shaocheng muttered angrily to himself.

Now not only had his injuries healed, but his cultivation had greatly increased.

Currently, he had reached the Early-stage Tribulation Crossing, unmatched by anyone of the younger generation on this continent.

He was entirely at the top of the genius rankings.

"And Sun Yuxiang, that vixen, seems quite alluring, yet dare not let me touch her, trying to whet my appetite, huh? Tonight I will take you by force, to cool the anger in my heart," Yang Shaocheng muttered once more to himself.

Thinking of this, Yang Shaocheng glanced at his father sitting at the main seat, a flash of impatience crossing his eyes.

His father had been deliberating for days, yet still hadn't come to a decision.

If it were him, he would have long chosen to submit to that person.

Now the Tianxin Sect could achieve such changes, securing the place as the foremost sect, thanks to the support of that person.

If they directly submitted, the benefits would only be greater in the future.

At that time, the entire Tianlan Star would belong to their Tianxin Sect.

Yet his father's indecision left him very upset.

"No... it's terrible, Sect Master!"

But at this moment, a voice shouted from outside the hall, followed by a panicked elder rushing in from outside.

"Elder Situ, what's the matter, why so flustered?" Yang Tianba looked toward Situ Lingfeng before him, speaking somewhat displeased.

Now the Tianxin Sect was the foremost sect of Tianlan Star; a foremost sect must have the demeanor of a sect.

Such panic, what kind of behavior was it?

"Something terrible has happened, someone is attacking our Tianxin Sect," Situ Lingfeng panted, said hurriedly.

"Pfft, I thought it was something major. Currently, on the Tianlan Continent, we, the Tianxin Sect, are the foremost sect; who would dare to attack us? If anyone dares, we will destroy them. Why panic?" Yang Shaocheng said disdainfully.

Yang Tianba and two Supreme Elders also nodded, although they found Yang Shaocheng frivolous, now the Tianxin Sect was not the Tianxin Sect of the past.

On this continent, they truly feared no one.

"Master, it's not... the key is they're not alone, and there's quite a number of them," Situ Lingfeng explained hurriedly.

"Quite a number? So what, can more surpass the number in our Tianxin Sect? We have nine thousand disciples, a single shout can shake the entire continent. Elder Situ, are you getting old and timid?" Yang Shaocheng said with utmost disdain.

Situ Lingfeng showed urgency but did not know how to articulate it.

Just as he was organizing his language to recount again, he heard Yang Tianba, sitting at the main seat, say, "Shaocheng, do not be disrespectful to Elder Situ, yet Elder Situ, do not panic, for we, the Tianxin Sect, have three Earth Immortals presiding; even across the Tianhen Star Domain, few would dare provoke us."

Speaking these words, Yang Tianba was exceedingly confident.

Situ Lingfeng was almost driven mad.

Since the Tianxin Sect secured the position as the foremost sect, their Sect Master began inflating with pride.

He didn't even ask who the opposition was, already dismissing them.

Tianxin Sect was bound for annihilation!

Perhaps today would be the day of the Tianxin Sect's demise.

"Yang Shaocheng, come out and die!"

But just as everyone in the hall dismissed Situ Lingfeng's words...

A loud shout came from outside the hall.

Everyone in the hall was stunned and rushed outside.

When they reached outside, everyone was completely dumbstruck.

Including the Yangs' father and son, they were all staring blankly at the sky.

Above the entire Tianxin Sect, the sky was filled with cultivators, blocking out the sun, densely packed.

"Yang Shaocheng, come out and die!"

At that moment, all the cultivators in the sky shouted in unison, their voice filled with incomparable True Essence.

The sound was earth-shattering, Yang Shaocheng immediately covered his ears, showing an expression of pain.

The walls behind him in the hall began to crack, eventually collapsing with a bang into ruins.

A strong fear surged through Yang Shaocheng's heart.

Chapter 1026: Rare Beyond Compare

Yang Shaocheng looked at the densely packed cultivators in the sky, feeling anxious and uneasy.

How many cultivators are there?

At least eighty or ninety thousand, and each of them quite imposing.

Among them, there are over a dozen whose aura surpasses his.

The most crucial thing is, these people seem to be coming for him.

Thinking about being targeted by such a massive cultivator army, Yang Shaocheng felt his scalp tingle.

"Father!" Yang Shaocheng couldn't help but look at his father, Yang Tianba.

At this moment, Yang Tianba also frowned, looking at the sky full of cultivators. There was no panic in his eyes, but a hint of relief flickered.

"There are no Earth Immortal level experts. I don't know if none came, or there just aren't any. If there aren't, then there's nothing to fear. With the strength of our Tianxin School's three Earth Immortal Realm experts, it will be futile no matter how many cultivators come," Yang Tianba said.

The other two Supreme Elders also nodded in agreement.

If the opponent truly has no Earth Immortal level experts, as long as the enemy leader is slain, their army of a hundred thousand cultivators can be effortlessly routed.

Upon hearing his father's words, Yang Shaocheng immediately gained confidence.

No Earth Immortal Realm?

Then what is there to fear?

Their Tianxin School has three Earth Immortal experts, no amount of cultivators matters without a top-level expert.

Thinking of this, Yang Shaocheng's face immediately showed a smug expression.

Situ Lingfeng, on the other hand, said nothing, feeling for some reason that things weren't that simple.

If the opponents have come to them, they must be confident.

"Who is your leader, dare to come out and speak?" Yang Tianba shouted to the heavenly dome.

As he spoke, the aura of the Earth Immortal Realm erupted.

The people of Tianxin School, who were initially too scared to speak by the Heavenly Court Gang's aura, finally regained their composure.

Among the Heavenly Court Gang, Bull Demon King, Xuanyuan Qingling, Wu Gang, Tie Chui, and Wang Yuhuan stood behind Xu Nian.

Despite the three Earth Immortals before them, they felt no fear.

There is only one reason: they have a monstrous Gang Leader.

"Are you Yang Shaocheng?"

At this moment, Xu Nian's gaze also fell on Yang Shaocheng and his father, precisely on Yang Shaocheng.

As for the three Earth Immortals, he completely disregarded them.

Yang Shaocheng felt a chill as Xu Nian's gaze fell upon him.

The eyes of this young man seemed like two incomparably sharp swords stabbing into his heart, making him feel very uncomfortable.

However, thinking of his father and the two Supreme Elders by his side, his courage instantly grew.

"That's right, I am Yang Shaocheng, who are you?" Yang Shaocheng shouted immediately.

Upon hearing this, Xu Nian's eyes flashed with a fierce glint.

Yang Shaocheng subconsciously took a step back.

His gaze was terrifying.

Yang Tianba also frowned, stepping forward to block in front of Yang Shaocheng, looking at Xu Nian and shouting sternly, "Sir, we have never met, isn't it inappropriate for you to lead such a large army against us?"

"Inappropriate?" Xu Nian's eyes were full of mockery.

The people behind him, like Tie Chui, also looked disdainfully.

"Does one need a reason to kill? Today, I will completely destroy your Tianxin School," Xu Nian said disdainfully.

"Such arrogance!" Yang Tianba snorted coldly, thinking the young man in front of him was extremely arrogant.

"Heavenly Court Gang, listen to my orders, kill until Tianxin School is left barren."

Just as Yang Tianba felt furious, Xu Nian gave the order without hesitation.

The next moment, the army of a hundred thousand cultivators rushed uncontrollably towards Tianxin School.

They killed on sight, without a bit of hesitation.

Immediately, wave after wave of screams rang out.

In just a moment, hundreds of Tianxin School disciples were slain.

"Stop!" Yang Tianba roared in anger and then rushed towards Xu Nian.

To stop Tianxin School's calamity, he had to kill the young man before him.

Otherwise, in no time, the disciples of Tianxin School would be slaughtered completely.

Feeling the overwhelming aura of Yang Tianba rushing towards him, the corner of Xu Nian's mouth curled into a cold smile.

He had long anticipated this situation. Yang Tianba would surely want to kill him, the leader.

But this guy ultimately underestimated his strength.

He was not an ordinary Middle Stage Tribulation Crossing.

"Prepare to die!" Yang Tianba attacked with extreme ferocity, immediately using powerful True Essence.

A palm struck towards Xu Nian.

Normally, even a Peak Tribulation Crossing expert could not withstand such a palm.

Yet the Middle Stage Tribulation Crossing before him was undoubtedly going to die.

However, in the next moment, he realized he was wrong, very wrong.

He struck with a palm, and instead of dodging, the opponent punched out.

The True Essence fluctuation contained in the fist was no less than his own.

The most critical thing was that under the effect of Profound Argumentation, the True Essence was extremely concentrated, exuding a terrifying aura.

"Boom!"

Yang Tianba wanted to pull back, but it was too late. With a loud noise,

the next moment, everyone saw Yang Tianba's arm being shattered by Xu Nian's punch, turning into a cloud of blood mist, his body falling like a meteorite to the ground.

It made a thunderous sound, leaving a large crater on the ground.

Yang Tiancheng, who still had a sarcastic smile at the corner of his mouth, suddenly had his smile frozen.

Even the two Earth Immortal Realm Supreme Elders were dumbfounded.

Their Sect Master was defeated?

An Early Stage Earth Immortal's arm was torn off by a Middle Stage Tribulation Crossing expert.

What kind of terrifying strength was this?

At this moment, those from Tianxin School who still had hope felt despair.

How could there be someone so strong?

Middle Stage Tribulation Crossing overpowering Early Stage Earth Immortal?

How was that possible?

The most shocked was Yang Shaocheng, he was completely dazed.

His father was defeated?

How was that possible?

Just as the Bull Demon King pierced a Tianxin School disciple with a steel fork, he saw this scene and was astonished.

Soon after, he was filled with intense excitement.

So strong!

Incredibly strong!

Not expecting his leader to be this powerful.

Middle Stage Tribulation Crossing overpowering Early Stage Earth Immortal, only his leader could achieve such a miracle.

"Elders, go, this young man is peculiar, surround and kill him," Yang Tianba commanded, having climbed from the ground, his arm condensing under the urging of True Essence.

Upon hearing this, the two Supreme Elders instantly darted forward to attack Xu Nian.

Having witnessed Xu Nian's strength, he knew the young man before him was extraordinary and could not be underestimated.

Therefore, they launched lethal attacks from the start.

On another side, Yang Tianba also completed condensing his arm and charged once more towards Xu Nian.

Three Earth Immortals, surrounding and attacking a single Middle Stage Tribulation Crossing.

This incredible scene could be described as unprecedented.

Chapter 1027: My Name is Xu Nian

The three Earth Immortals launched their deadly moves against Xu Nian.

The disciples of the Tianxing Sect were all shocked.

This guy is really that powerful, making the three Earth Immortals join forces?

However, the next moment, they were stunned.

The three Earth Immortal experts couldn't crush this young man, instead, it was a draw.

Yang Shaocheng was also stunned, never expecting that his father and two Supreme Elders together couldn't kill this young man.

Instead, it ended in a standstill.

Is this still a Middle Stage Tribulation Crossing expert?

Yang Shaocheng felt both shocked and hopeless.

The wailing of the Tianxing Sect disciples kept ringing in his ears.

This made Yang Shaocheng incredibly angry.

Why?

When did I offend such an enemy?

Why did he bring a army of a hundred thousand cultivators to attack their Tianxing Sect?

Yang Shaocheng felt very unwilling.

Meanwhile, Xu Nian was being attacked by three Earth Immortal experts.

But there was not a trace of seriousness on Xu Nian's face; instead, it carried a mocking smile.

The three Earth Immortal experts of the Tianxing Sect had clearly just broken through to the Earth Immortal Realm.

Moreover, they hadn't comprehended the realm of domain.

Such Basic Earth Immortals posed no threat to Xu Nian at all.

Just like now, Yang Tianba and two Supreme Elders kept launching deadly moves.

However, these attacks of the Great Success Realm couldn't even break through Xu Nian's skin defense.

The hits on Xu Nian's body only brought a slight pain.

Meanwhile, Xu Nian effortlessly dealt with the three Earth Immortals with his fists.

The ripples of the Power of Earth contained in his fists made the three Earth Immortal experts feel uncomfortable.

"Is this all your power? If so, then today the Tianxing Sect will be erased from this continent." Xu Nian said arrogantly.

Yang Tianba and the other two felt extremely frustrated.

The three of them teaming up against a Middle Stage Tribulation Crossing was already humiliating.

Yet now, they hadn't inflicted the slightest harm on the opponent.

He couldn't understand how there could be such a monster.

"Who the hell are you? When did my Tianxing Sect ever offend you?" Yang Tianba shouted angrily.

"Oh, you want to know? Well, once you're all down, I'll let you die knowing exactly why." Xu Nian snorted coldly.

Yang Tianba felt incredibly angry.

This guy was simply bullying them too much.

Xu Nian's eyes held a strong arrogance; back when the Tianxing Sect bullied him, did they ever consider his feelings?

"Time to send you on your way." Xu Nian laughed coldly.

He then directly summoned the King Jing Sword.

In an instant, he exploded, slashing out a sword.

One of the Supreme Elders couldn't dodge in time and was directly cut into two pieces by the sword.

"Supreme Second Elder!"

"Second brother!"

Yang Tianba and another Supreme Elder exclaimed in shock.

But the Supreme Second Elder already had a vacant look, dropped directly to the ground with no hint of life.

Yang Tianba and another Supreme Elder were incredibly shocked.

This guy actually killed an Earth Immortal?

Below, Yang Shaocheng was also completely stunned.

Xu Nian stood proudly with his sword, looking disdainfully at the remaining two Earth Immortals.

He had killed a plenty of Earth Immortal Realm experts, more than this Supreme Elder.

Thus, killing an Early Stage Earth Immortal was simpler than drinking water.

"Next, it's your turn." Xu Nian turned his gaze toward the other two.

Yang Tianba and another Supreme Elder also had serious expressions.

Especially the other Supreme Elder, whose eyes were fiercely red.

"I'll kill you!" The other Supreme Elder roared, and the True Essence on his body began to surge wildly.

He went directly into a frenzy state.

But Xu Nian sneered.

Such low-level secret techniques had no effect on him.

Then he directly slashed out a sword.

The sword cleaved out like ten thousand sword shadows, directly cutting the charging Supreme Elder into countless pieces.

The Supreme Elder hadn't even had time to make a move before being killed.

The surroundings fell silent.

Yang Shaocheng was even more desperate, kneeling in place.

The Tianxing Sect was finished!

Truly finished!

This time, even if they could survive, their Tianxing Sect would likely be heavily damaged.

"Why, where did I offend you? You are so ruthless." Yang Shaocheng shouted loudly at Xu Nian in the sky.

The people of the Tianxing Sect felt utterly hopeless.

In just a moment, the Tianxing Sect had already lost nearly five thousand disciples.

It wouldn't be long before all the disciples of the Tianxing Sect were slaughtered.

When they saw two Supreme Elders killed, their mental pillars collapsed completely.

Yang Tianba also had a heavy brow.

This time it was truly a catastrophe for their Tianxing Sect.

"My lord, I don't know how our Tianxing Sect offended you. If we did, we'll certainly offer our apologies. We can compensate you with anything you desire. You may not know, our Tianxing Sect has already become an affiliate sect of the Haotian Sect." Yang Tianba said.

"Haotian Sect?" Xu Nian let out a slight smile.

Was this a threat?

Did they think that by bringing up one of the Four Great Sects, the Haotian Sect, he would be afraid?

"Yes, we are now people of the Haotian Sect. If you destroy us, the Haotian Sect will not let you off." Yang Shaocheng immediately reacted to this and threatened Xu Nian.

Upon hearing this, Xu Nian's mouth curled into a cold smile.

Yang Tianba's threat was subtle, but Yang Shaocheng's threat seemed idiotic.

"Don't you want to know who I am and why I'm troubling your Tianxing Sect? In that case, I'll fulfill your wish." Xu Nian snorted coldly.

He then waved his hand, causing the Heavenly Court Gang disciples who were fighting to stop and retreat behind Xu Nian.

Those of the Heavenly Court Gang suffered hardly any losses; after all, they were all battle-hardened.

"Please enlighten us, my lord!" Yang Tianba said.

Xu Nian smiled slightly and signaled to the Bull Demon King beside him.

The Bull Demon King immediately understood Xu Nian's intent, stepped forward, and said with great vigor, "If you aren't afraid of dying, then know that our boss is named Xu Nian!"

"Xu Nian?"

The disciples of the Tianxing Sect showed puzzled expressions.

Who is Xu Nian?

Why haven't they heard of him?

Yang Shaocheng and Yang Tianba lightly furrowed their brows, showing a contemplative look.

The name Xu Nian sounded familiar, yet they couldn't recall why.

"Can't remember, huh? Let me remind you," Xu Nian said with a smile.

"Five years ago, your sect, along with three Great Sect elders, once besieged a youth and a Xuanwu. The Xuanwu was imprisoned by your sect, but the youth escaped using a Transmission Array." Xu Nian explained.

Upon hearing this, Yang Tianba's pupils shrank.

He knew about that event.

He had never given it much thought, but hadn't expected that the youth from those days had returned, and become so powerful.

Chapter 1028: The Destruction of the Tianxing Sect

"Who would have thought that you're the Xu Nian from back then? In this matter, our Tianxing Sect was indeed at fault. I apologize on behalf of the Tianxing Sect. Now that you've killed so many of our people, shouldn't we call it even? Of course, we will also release your friend Xuanwu."

Xu Nian smiled but said nothing.

Indeed, this world respects strength. Back then, he was hunted by the Tianxing Sect, escaping like a stray dog.

Now he had returned to the Tianxing Sect, crushing them with overwhelming strength, forcing their submission.

If he didn't have such strength, would the Tianxing Sect even pay him any mind?

"Fine, I can let this matter go and spare your Tianxing Sect disciples, but Yang Tianba and Yang Shaocheng must die," Xu Nian said loudly, his voice resonating in all directions.

"Why? What did I do to offend you that warrants such treatment?" Yang Shaocheng glared at Xu Nian, eyes wide with rage.

He didn't even know this young man, yet this guy had targeted him from the start.

This made him very displeased.

"Mr. Xu, isn't this too much? Our Tianxing Sect has already shown courtesy. Why are you being so aggressive?" Yang Tianba said angrily.

"Too much? I don't think so," Xu Nian replied disdainfully.

Yang Tianba and Yang Shaocheng immediately looked enraged.

Xu Nian's gaze was sharp as a sword, staring directly at Yang Shaocheng.

In the next moment, with a flash of his figure, he appeared right in front of Yang Shaocheng.

Yang Shaocheng was shocked by the speed of the opponent.

The next moment, he started to back away hurriedly.

However, Xu Nian moved like lightning, grasping Yang Shaocheng's neck, lifting him like a chick.

Being only at the early-stage of Tribulation Crossing, Yang Shaocheng had no power to resist in front of Xu Nian.

"Cheng'er!" Yang Tianba was also shocked, about to make a move to rescue.

Xu Nian sneered and casually waved his sleeve.

A surge of Gravity Space Profound Argumentation was unleashed.

The next moment, everyone saw Yang Tianba being struck as if by a giant hammer, spewing blood and being hurled backward.

"Father..."

Seeing this, Yang Shaocheng was filled with despair.

The disciples of the Tianxing Sect were equally astonished.

Just how powerful was this guy, making an Earth Immortal expert seem so weak before him?

The members of the Heavenly Court Gang were also greatly shocked.

Had their Gang Leader really become this powerful?

Xuanyuan Qingling's eyes also sparkled, reflecting inwardly: Is this the power of the Third Level Domain Realm?

"Why, even if my father's actions in the past were wrong, they have nothing to do with me. Why do you want to kill me?" Yang Shaocheng yelled at Xu Nian.

"It seems you still don't understand your mistake. Very well, I'll let you die knowing," Xu Nian sneered.

Yang Shaocheng frowned, feeling a sense of foreboding.

But he couldn't figure out how he had offended this man in front of him.

"A few months ago, did you meet three women and two young men at sea?" Xu Nian asked with a cold smile.

Yang Shaocheng's pupils contracted.

Could it be...

"You're right; among those three women, two are my wives, another is my biological sister, and those two young men are my brothers," Xu Nian said.

Yang Shaocheng instantly felt as if he had fallen into an abyss, utterly despairing.

Now he finally understood why this guy had come for him.

He had messed with the man's close relatives and brothers, how could he possibly let him go easily?

"Mr. Xu, please spare me. I truly didn't know they were your relatives. If I'd known, even if you gave me ten lives, I'd not dare to do it. I beg you, spare me," Yang Shaocheng pleaded desperately, quickly reacting.

Now, the three Earth Immortals couldn't even be his match.

Being only an early-stage Tribulation Crosser, how could he escape?

The only option now was to plead for mercy, hoping Xu Nian would spare his life.

"Do you know where those three women are now?" Xu Nian asked.

Hearing this, Yang Shaocheng's face turned dark.

"Uh... I don't know. We attacked the Tianxing Sect to capture them, but unexpectedly Han Xiaoxiao led them to shatter the void and escape, so I don't know where they went," Yang Shaocheng said timidly.

"Shattering the void?" Xu Nian asked in surprise.

"Yes, Han Xiaoxiao somehow shattered the void, taking those three women away," Yang Shaocheng rapidly nodded, scared that Xu Nian might kill him in anger.

"Where are my two brothers now?" Xu Nian asked sharply, eyeing Yang Shaocheng again.

"I know, I know, they are now imprisoned in the Heavenly Prison of our Tianxing Sect. I can send someone to take you there," Yang Shaocheng quickly offered.

Xu Nian gestured to Bull Demon King and Xuanyuan Qingling to follow the Tianxing Sect members to the Heavenly Prison.

Before long, they returned.

Along with them were Xu Yu, Black Wind, and Xuan Hong.

The three were surprised to see Xu Nian.

Upon seeing the hundred thousand cultivators behind Xu Nian, they were too shocked to speak.

"Well, Black-Feathered Bird, Dumb Dog, didn't I tell you? You said I exaggerated, now you believe how awesome the boss is, right?" Bull Demon King said with a smug face, seeing Xu Yu, Black Wind, and Xuan Hong in shock.

Xu Yu and Black Wind rolled their eyes at him, thinking it's the boss who is awesome, why are you proud?

Xu Nian felt a lot more at ease seeing Xu Yu and the others safe and sound.

"Mr. Xu, no, Mr. Xu, now can you release me? Your brothers are all fine," Yang Shaocheng said with a flattering look towards Xu Nian.

"Brother, we can't let this guy go. This guy almost killed Sister-in-law Yanran. If Sister Xiaoxiao hadn't intervened in time, she'd be dead by now," Black Wind said at this moment.

Yang Shaocheng's face turned extremely dark upon hearing this.

Just as he was about to explain, a terrifying pressure surged from all directions, compressing him into a mass of flesh before he could speak.

The Tianxing Sect disciples were stunned, looking agape.

"Boss, that damn Sect Master ran away," Bull Demon King suddenly shouted, pointing at Yang Tianba in the distance.

Xu Nian looked in the direction Bull Demon King pointed.

Sure enough, he saw Yang Tianba trying to escape into the void.

Xu Nian chuckled, releasing the King Jing Sword from his hand.

Instantly, it transformed into a sky-shocking sword energy.

Wherever the sword energy reached, the void shattered.

Yang Tianba, still attempting to flee, was pierced through the head by this sword light.

In the next moment, his body turned to dust, entirely annihilated.

The disciples of the Tianxing Sect were all dumbfounded, looking dazed.

Instant kill!

Wasn't this guy's power too overwhelming!

Xu Nian sneered, directly announcing, "Transmit my order: annihilate all the elders of Tianxing Sect. Any Tianxing Sect disciple who surrenders will not be killed!"

Upon these words, instantly, those Tianxing Sect elders were penetrated through the head by dozens of Heavenly Court Gang members, killed on the spot.

The Tianxing Sect disciples all chose to kneel, not daring to have any thoughts of resistance.

Chapter 1029 Sun Yuxiang

All of the Tianxing Sect's high-ranking members were slain.

Most of the disciples of the Tianxing Sect were already killed, while a few chose to surrender and give up. The entire Tianxing Sect was completely annihilated.

After briefly surveying the mountain gate of the Tianxing Sect, Xu Nian decided to use this mountain gate as the base for the Heavenly Court Gang on the Tianlan Continent.

This matter, he directly handed over to Wu Gang to handle.

Soon, the entire mountain gate of the Tianxing Sect was completely renewed.

Not only was it more magnificent than the former Tianxing Sect, but it was also even more grand and imposing.

As for the members of the Heavenly Court Gang, Xu Nian instructed Wu Gang to leave five thousand people, while the rest were all to return to Silver Wolf Star.

After all, Silver Wolf Star was their main base, where there were invaluable metal mines.

This time, the one hundred thousand troops were not the entire membership of the Heavenly Court Gang. After development, the Heavenly Court Gang now had a total of one hundred fifty thousand cultivators.

Leaving behind fifty thousand troops was considered barely enough to maintain the operation of the mines.

However, over time, these metal mine resources might be seized.

As for the side of Heartless Lake, Xu Nian handed over five hundred people to Xie Haixing and Wang Siyu.

Let them handle it themselves, presumably after this battle.

They will know what to do and will definitely find a way to develop the Heartless Lake as a stronghold.

As for Xuanyuan Qingling, Xu Nian did not let him return to Silver Wolf Star to hold the fort.

Currently, Lan Qi had already broken through to the Peak of Tribulation Crossing, so temporarily guarding Silver Wolf Star should be no problem.

Moreover, with the Transmission Array in place, even if any issues arise, Xu Nian can instantly teleport there to support.

In this way, the combat power of the Heavenly Court Gang on Tianlan Star is actually the strongest, as after all, both major experts are at the Tianxing Sect.

"Big brother, we couldn't protect sister-in-law and Sister Xu Xin." Xu Yu approached Xu Nian with guilt and said.

Xu Nian shook his head and said, "It's not your fault. You only just entered the cultivation world not long ago, and your current strength hasn't developed yet. Facing the Tianxing Sect, it was inevitable."

However, upon hearing Xu Nian's words, both Xu Yu and Black Wind's expressions did not ease; instead, they became more solemn.

As of now, their strength was indeed too weak.

They simply couldn't assist Xu Nian in the slightest, which made them feel very guilty.

Their big brother had already advanced far beyond them.

"Big brother, Old Second and I have discussed, and we plan to head to the Denor Star System. We just had a talk with Tie Chui, it's full of slaughter there, a good place for training." Black Wind quickly said.

"Yes, we want to go to Slaughter Star." The Bull Demon King chimed in.

They had just spoken with Tie Chui and learned of the experiences Xu Nian had been through these years.

Whether it was the struggle in the Denor Star System or the brutality of Slaughter Star, both fascinated them deeply.

"Do you really want to go?" Xu Nian frowned slightly.

Currently, he also had a lot of resources in his hands. Even if Xu Yu and the others stayed safely in the Heavenly Court Gang to cultivate, it would be enough to support them breaking through to the Transcendence Tribulation Stage.

However, safe cultivation could not create true strongmen.

Only through genuine combat could a person become truly powerful.

Xu Yu and Black Wind both nodded seriously.

"I, Old Bull, too!" The Bull Demon King also said with extreme seriousness.

Seeing the three so determined, Xu Nian nodded and said, "Alright, I will arrange for someone to take you there now. But remember, once you are in danger, return to Silver Wolf Star or send word to me directly. I hope you become strong, but I want you to live well even more."

Both Xu Yu and Black Wind nodded, feeling mixed emotions.

The Bull Demon King was almost moved to the point of hugging Xu Nian's leg.

Then Xu Yu, Black Wind, and the Bull Demon King departed through the Transmission Array under Xu Nian's arrangements.

The four brothers' brief reunion ended with separation.

Though unwilling, Xu Nian could only do it this way.

As for Xuan Hong, Xu Nian gave him a Top-Grade Spirit Pill.

With this Top-Grade Spirit Pill, his long-accumulated Peak of Heavenly Phenomenon should be able to smoothly break through to the Transcendence Tribulation Stage.

Once he breaks through to the Transcendence Tribulation Stage, relying on Xuan Hong's formidable defense, he would have no trouble facing middle-stage Tribulation Crossing experts.

With the arrangements of Wu Gang and Xuanyuan Qingling, the Heavenly Court Gang gradually returned to normal operations.

Once again, Xu Nian played the role of a hands-off leader.

But this time, Xu Nian was not idle.

He inquired everywhere about the whereabouts of Han Xiaoxiao and Leng Yanran.

However, Xu Nian could not be sure if Han Xiaoxiao and the others were still on this planet.

Because Yang Shaocheng had mentioned before that Han Xiaoxiao used some secret treasure to shatter the void and leave with them.

This method of shattering the void, where exactly it led, only Han Xiaoxiao might know.

"Report to the gang leader, someone seeks an audience outside, a woman named Sun Yuxiang who claims to know the whereabouts of those the leader is looking for."

At this moment, a guard rushed in from outside the hall, respectfully speaking to Xu Nian.

Xu Nian and Xuanyuan Qingling exchanged glances, both appearing a bit surprised.

This Sun Yuxiang was one of the four great beauties of the Tianlan Continent, known for her enchanting allure.

It's said that no man had ever successfully won her over, yet many were captivated by her divine soul.

Xu Nian had little fondness for such a woman. She was so alluring yet untouched, which implied a deep scheming nature.

Being a disciple of the Tianxing Sect, even someone like Yang Shaocheng couldn't capture her, showing how cunning she was.

However, since she claimed to know the whereabouts of Leng Yanran and the others, Xu Nian couldn't ignore her.

"Let her in!" Xu Nian instructed.

"Yes!"

The guard responded.

Soon, a woman clad in seductive attire walked gracefully from outside the hall.

She wore a red silk gown, accentuating her water-snake-like waist to perfection.

Moreover, her figure was extraordinarily magnificent.

The long skirt's slit revealed her slender, fair legs.

As she walked, the slight swaying stirred the emotions of many male cultivators.

Xu Nian was also somewhat astonished.

This Sun Yuxiang, though not possessing an allure body like Mei Ji, exuded a sensuality that was hard to resist.

If he guessed correctly, Sun Yuxiang should have cultivated some kind of Charming Skill.

Moreover, her cultivation level was quite high, reaching the Middle Stage of Tribulation Crossing.

Even at the Peak of Tribulation Crossing, it might be challenging to resist her charm.

"This humble woman, Sun Yuxiang, greets the gang leader!" Sun Yuxiang said coquettishly, her voice soft and alluring, causing the guards on either side to waver in spirit.

Xu Nian was quite unaffected, his strong mind quickly dismissing the charm.

Xuanyuan Qingling's brows slightly furrowed, her eyes showing hostility.

"You say you know the whereabouts of Han Xiaoxiao and the others, so tell me, where are they now?" Xu Nian asked.

Sun Yuxiang, however, smiled enchantingly and turned her gaze toward Xuanyuan Qingling beside her.

Xuanyuan Qingling's eyes instantly filled with anger.

This woman wanted her to leave?

Xu Nian also frowned, about to scold her, but then saw Xuanyuan Qingling get up and turn to leave.

Xu Nian, seeing this, understood that Xuanyuan Qingling was considering his situation.

Sun Yuxiang, seeing Xuanyuan Qingling leave, wore a smile of satisfaction.

With a beauty like Xuanyuan Qingling present, how could Sun Yuxiang win the heart of the Heavenly Court Gang leader?

Chapter 1030 Teasing Sun Yuxiang

As soon as Xuanyuan Qingling left, Sun Yuxiang struck a seductive pose.

The glimpse of pure white made Xu Nian feel a little dazzled.

Xu Nian swallowed a mouthful of saliva, forcibly suppressing the evil fire already stirring in his heart.

Damn, this Sun Yuxiang really is an incorrigible wicked woman.

She hasn't even started speaking, yet she's already trying to seduce me.

Isn't she afraid I'll justly punish her on the spot?

Of course, Xu Nian wouldn't do such a thing. First, he felt disdain; second, he didn't have much interest in Sun Yuxiang.

"Can you tell me now, where are Han Xiaoxiao and the others?" Xu Nian asked.

With a charming smile, Sun Yuxiang approached Xu Nian in an alluring gait.

Xu Nian frowned slightly but didn't stop her.

He wanted to see what trick Sun Yuxiang was trying to play.

Sun Yuxiang circled around Xu Nian after reaching him.

The faint fragrance emanating from her body surrounded him.

Moments later, Sun Yuxiang extended a jade-like hand to caress Xu Nian's chest.

"Xu Gang Leader is truly a rare genius. Your battle with my Tianxing Sect exhilarated me immensely. I admire you so terribly," Sun Yuxiang's words tingled to the bone, and her expression was enchantingly beautiful.

"Oh? Admire me so?" Xu Nian smiled slightly in response.

"Of course, witnessing such a talent like you makes my heart itch. Moreover, you're so handsome, infinitely better than Yang Shaocheng. I'd love to marry you immediately," Sun Yuxiang leaned against Xu Nian with a charming look.

Xu Nian smiled slightly and wrapped his arm around Sun Yuxiang's slim waist.

Sun Yuxiang trembled noticeably, not expecting Xu Nian to be so bold.

However, she didn't struggle but instead, pounded Xu Nian's chest playfully, saying coquettishly, "Gang Leader, you're so naughty!"

Xu Nian sneered coldly, "This is naughty? I'm much naughtier when I sleep!"

Saying this, Xu Nian's hands became unruly.

Sun Yuxiang immediately reacted, trying to break free from Xu Nian's hands and dodge away.

However, this time, she couldn't get her way.

Sun Yuxiang found her body mysteriously immobile, no matter how she struggled, unable to escape Xu Nian's grasp.

This discovery terrified Sun Yuxiang.

Every time she used her Charming Skill, almost every man fell head over heels for her.

Moreover, the fragrance on her body was specially concocted to blend into True Essence.

Even if one didn't inhale it, it would seep through the skin and enter the body, causing the opponent to lose combat effectiveness.

Yet now, not only did Xu Nian maintain his combat ability, but he rendered her immobile.

Seeing Xu Nian's cunning smile, Sun Yuxiang knew she had fallen for his trick.

"A great Charming Technique indeed, it does have some prowess—most people at the Peak of Tribulation Crossing would be affected, but it's useless on me," Xu Nian lifted Sun Yuxiang's fair chin with a finger and laughed as he assessed.

Sun Yuxiang was truly panicking; though famous across the continent for her allure, she had never given herself to any man.

Now immobilized, if Xu Nian wanted to do anything to her, it would be effortless.

"Gang Leader, I wonder how I offended you. I'm willing to apologize, please let me go, okay?" Sun Yuxiang pleaded pitifully.

Her pitiful look was extremely moving, tugging at one's heartstrings.

But Xu Nian knew she was acting.

"No, you haven't offended me. Quite the opposite, I should thank you because we'll have a wonderful time together," Xu Nian grinned mischievously, as his fingers began to wander down her neck.

At this, Sun Yuxiang was immediately flustered.

Xu Nian sneered internally, after all, a woman is just a woman.

Trying to seduce him, didn't she know that his Dan Sea Species Green Lotus can absorb anything?

"What, you don't want to? Didn't you just say your heart was itching and you wished to marry me?" Xu Nian continued to tease with a smile.

"I did say that, but isn't it too fast? Gang Leader, can you give me some time?" Sun Yuxiang hurriedly said.

Xu Nian merely smiled, continuing to tease one of the four great beauties in front of him.

Sun Yuxiang's face began to redden, her body tingling.

This guy really...

He really made a move!

"No worries, I'll help you get used to it," Xu Nian continued to grin wickedly.

Sun Yuxiang burst into tears, realizing her body was becoming unresponsive.

If this continued, even if Xu Nian lifted her restrictions, she might pounce on him willingly.

After all, practicing the Charming Skill came with severe backlash.

"I was wrong, I was really wrong, Gang Leader, please stop!" Sun Yuxiang cried pleadingly.

Seeing this, Xu Nian knew that was enough, so he let go and lifted her body's restrictions.

Sun Yuxiang collapsed to the ground, gasping for breath.

After a long while, when she raised her head to look at Xu Nian, her gaze was filled with complexity and fear.

This man's mind was terrifyingly deep.

He had known her intentions all along; his actions were solely meant to force her submission.

He never intended to truly harm her.

To Sun Yuxiang, such a man was more terrifying than a venomous snake.

She was left with a sense of respectful distance.

"Speak, where are Han Xiaoxiao and the others? I'll give you one last chance. If you don't tell me, I don't mind taking you to Mount Wu." Xu Nian asked with a sly smile.

Sun Yuxiang's face froze, struggling for a moment before saying, "They're in the Realm Domain."

"Realm Domain? What's that?" Xu Nian asked in surprise.

"It's a newly discovered Small World, possibly opened by an ancient power, with its entrance on Ning King Star. All the Four Great Sects have sent geniuses there, and Han Xiaoxiao broke into it while shattering the void," Sun Yuxiang explained with a deep breath.

Xu Nian frowned slightly.

Ning King Star?

Isn't that where Murong Xue is?

Could Murong Xue also be after this Small World?

"Gang Leader might not know, there was initially no entrance to this Small World. Several months ago, an Immortal Sword flew from somewhere, piercing through the barriers of the Small World and creating an entrance, which led to the world's discovery," Sun Yuxiang continued.

Hearing this, Xu Nian was even more surprised.

The entrance to the Small World was opened by a flying Immortal Sword?

Could there be a connection somehow?

"Alright, I've told you everything. Does the Gang Leader plan to head to Ning King Star?" Sun Yuxiang asked, her gaze carrying a hint of apprehension as she looked at Xu Nian.

"So that's your goal, you want me to take you to the Realm Domain?" Xu Nian suddenly laughed.

It was only then that he understood Sun Yuxiang's purpose for coming.

Surprised at his words, Sun Yuxiang could only nod, with a tinge of regret.

Had she known the young man before her was so deep-minded, she would never have come.

"Alright, I agree to take you there. We'll set off tomorrow," Xu Nian said with a smile before turning and leaving the hall.

Leaving Sun Yuxiang behind with a complex expression.
