Chapter 1101: Beset on All Sides

"Elder Mo, you really don't want to intervene?" Murong Xue looked coldly at the elder in front of her, a strong chill rising in her heart.

"Murong, it's not that I don't want to help, it's that I really have no way to do so. You know the strength of Yen Zhanting, I'm not his match at all. Besides, Xu Nian killed Fang Long of the Chaos Sky Sect, we have no reason to stop him. Xu Nian has no ties to us, Murong, why are you insisting on helping him?" Mo Sang said with a pretend flattering posture.

Yet inwardly, he was sneering.

Although he is an elder of the Tiancang Sect and has cultivation at the peak of the Earth Immortal Realm,

his status in the sect is not high, far inferior to elite disciples like Jiang Shengtian.

And Murong Xue is the woman Jiang Shengtian has his eyes on, now Murong Xue wants him to help an outsider, a man she has an ambiguous relationship with.

If he really intervenes and Jiang Shengtian finds out, he would probably have a miserable end.

He would only do something so thankless if he were a fool.

Of course, he would never say these words to Murong Xue.

Murong Xue's brows furrowed slightly, she couldn't see through Mo Sang's thoughts.

Precisely because she saw through it, she became even angrier.

"You really won't intervene?" Murong Xue asked coldly again.

"No intervention! Murong..." Mo Sang shook his head and was about to lecture her.

However, Murong Xue just turned her head and walked away.

Seeing this, Mo Sang didn't say anything more, but a hint of mockery flashed in his eyes.

"Elder Mo, are you just going to let Junior Sister Murong leave like that, isn't it a bit improper? If she stands up to protect that Xu Nian, wouldn't the Chaos Sky Sect hurt her?" Su Zhan, who had been silent beside him, spoke.

It was he who spread the word about Xu Nian killing Fang Long.

He also informed Mo Sang about Xu Nian and Murong Xue's deep relationship.

So when Murong Xue suggested Mo Sang to intervene, Mo Sang already had an answer.

"Relax, the Chaos Sky Sect won't hurt Murong Xue, after all, Jiang Shengtian has already entered the Ancient Pavilion, when he comes out, the Chaos Sky Sect wouldn't dare to take her lightly." Mo Sang said.

Su Zhan nodded in deep agreement, a hint of envy flashing in his eyes as well.

The Ancient Pavilion is the supreme place of the Tiancang Sect, which hasn't been opened for thousands of years.

Unexpectedly, Senior Brother Jiang Shengtian actually went in there, truly worthy of being the number one among the younger generation in the cultivation world.

"Hmph, Xu Nian, you're doomed, Junior Sister Murong isn't someone you can covet." Su Zhan sneered inwardly, a strong killing intent flashing in his eyes.

...

Just as Murong Xue left the Tiancang Sect's camp.

Feng Cheng was also having a quarrel with his master.

"Master, do you really want to save Xu Nian? She's an extraordinary genius figure, and she also saved your disciple's life, I can't just watch and do nothing." Feng Cheng said excitedly.

Upon learning that the Chaos Sky Sect wanted to kill Xu Nian, he immediately left the boundary domain.

He wanted his master to intervene and stop this.

However, his master seemed to have no intention of acting.

"Nonsense, since you've already obtained the token, then don't meddle in others' affairs. How can our Reincarnation Sect become enemies with the Chaos Sky Sect for a stranger, and according to you, Xu Nian also offended the Haotian Sect, so this makes it even more impossible for us to offend them." Su Heng said.

He was Feng Cheng's master and also the leading elder of this trip to the boundary domain.

Upon hearing his disciple's words, he developed a slight interest in Xu Nian.

But if it was just for this slight interest, it wasn't enough for him to act.

So he directly refused Feng Cheng's request.

"But, the only reason I got the token was entirely because of Xu Nian's effort, Master, do you really want to watch and do nothing?" Feng Cheng said with some resentment.

"Hmph, since he did you a favor, you can recover his body for him, besides, it's not our turn to act, if the Denor Empire protects him, then he'll be fine, if the Denor Empire doesn't, why should we act?" Su Heng snorted coldly.

Feng Cheng frowned tightly, not expecting his master to be so realistic.

"Since you won't act, then I'll go myself, even if it means death, I want to die with Xu Nian." Feng Cheng shouldered his metallic staff and was about to turn and leave.

"Brat, with your strength you dare to go and embarrass me, get back here." Su Heng roared angrily.

However, Feng Cheng was resolute, striding away without any intention of stopping.

"Rebellious, rebellious, even if you die, I won't save you." Su Heng cursed furiously, his heart filled with immense anger.

Meanwhile, Feng Cheng transformed into a fleeting shadow, disappearing into the void.

...

"Hmph, Xu Nian, I wonder how long you can keep being arrogant, you caused me to lose my lifebound weapon and made my cultivation fall, no matter what this time, I must leave you with no burial ground." Lin Hao looked at the exit of the boundary domain, his eyes squinting as killing intent burst forth.

"Lin Hao, is your cultivation alright? This time your cultivation fall is quite detrimental to our Haotian Sect, are you confident of recovery?" an elder beside Lin Hao asked.

This elder had a head of red hair, although looking somewhat old, his eyes were extraordinarily sharp.

"Elder Yan, give me a few months, I will definitely return to the peak, but before that, I must kill that Xu Nian, take back my weapon, and wash away my shame." Lin Hao clenched his fists, speaking with anger in his eyes.

"Rest assured, the Chaos Sky Sect has already sealed the entrance, once Xu Nian dares to appear, he will be like a bird with broken wings, I will also be watching on the side, even if he wants to escape, it's impossible." Yan Hong said.

Upon hearing this, Lin Hao revealed a mocking smile on his lips.

This Xu Nian indeed seems to be courting death, not only did he offend him, he even dared to offend the Chaos Sky Sect.

Besides Mo Sang of the Chaos Sky Sect, his own sect's Elder Yan is also at the peak of the Earth Immortal Realm.

Even stronger than Mo Sang, with this Xu Nian who is not yet even at the Earth Immortal Realm, no matter how special his methods, how could he survive at the hands of two Earth Immortal Peak powerhouses?

"Hmph, Xu Nian, I now anticipate even more the look on your face when you kneel and beg for mercy, then I will make you understand just how tragic the end is for offending me, Lin Hao." Lin Hao's eyes filled with murderous intent, his gaze toward the entrance turning icy.

Nearby, Yan Hong remained silent, but was also curious at heart.

Rumor has it that Xu Nian only has the cultivation of Peak of Tribulation Crossing, yet he slaughtered the True Dragon of Shendang Mountain?

He might not even be able to do that if he went himself.

A Tribulation Crossing Peak actually accomplished that.

Then his body must harbor great secrets.

If he obtained such secrets, perhaps he could break through the shackles of the Peak of the Earth Immortal Realm and reach the level of a Primordial Immortal.

Might even ascend directly to the Immortal Realm!

Chapter 1102: Xu Nian's Confidence

As soon as Xu Nian arrived at the entrance of the boundary region, he was blocked by Chu Xiong and the others.

It turned out that Chu Xiong and the others had not left but were waiting for him at the exit of the boundary region.

"Brother Xu, I've already told the captain about your situation. The captain would like to rescue you too, but distance creates challenges, and it would take him at least a month to get here, so he's also helpless," Chu Xiong said helplessly.

Xu Nian's predicament happened too suddenly.

Even if the Blue Gold Army wanted to rescue him, it would be too late.

"But don't worry, Senior Brother Lu Feng and I intend to stay with you until the end," Chu Xiong patted Xu Nian on the shoulder and continued.

Xu Nian smiled slightly, warmth spreading in his heart.

It was enough for him that Chu Xiong waited here to deliver the news personally.

As for whether they would take action, Xu Nian did not mind, for those who wanted to kill him were at Earth Immortal Peak.

Even if Chu Xiong and Lu Feng joined forces, they might not be able to assist him.

"What's the situation outside?" Xu Nian asked.

"An elder of the Chaos Sky Sect is currently guarding the exit. He possesses great strength, having reached Earth Immortal Peak, and it's said his Profound Argumentation has reached the fourth level. In addition to him, there are two Middle Stage Earth Immortal disciples and three Early Stage Earth Immortal disciples," Chu Xiong replied.

Xu Nian nodded.

The situation was more or less what he had imagined.

As far as the disciples were concerned, they posed no threat to him; the only worry was that Earth Immortal Peak level elder.

Without wielding the Star Axe, that Earth Immortal Peak powerhouse could easily kill him.

After all, the realm difference was too significant.

"And what about the Haotian Sect?" Xu Nian continued to inquire.

"The Haotian Sect hasn't shown up proactively, but if you go out, I'm sure they won't let you off either, especially since Lin Hao is there, and their elder is also an Earth Immortal Peak powerhouse," Lu Feng replied.

Xu Nian's eyebrows furrowed; two Earth Immortal Peaks.

The situation was indeed more severe than he initially thought.

As for the Reincarnation Sect and the Tiancang Sect, perhaps the Reincarnation Sect wouldn't intervene, but the Tiancang Sect may very well seize the opportunity.

If that happened, Xu Nian faced not two but potentially three Earth Immortal Peaks.

"I didn't expect that a small Tribulation Crossing cultivator like me would attract so many from the Earth Immortal Realm to hunt me down. They really hold me in high regard," Xu Nian chuckled coldly.

A strong killing intent surged in his eyes.

He already had deep-seated grudges with the Four Great Sects, and while he wasn't actively seeking them out, they had come for him.

In that case, they needed to know that Xu Nian wasn't someone to be easily trifled with.

"Xu Nian, don't rush out now, hide in the boundary region for a month, and then you won't need to fear those guys once the captain arrives," Chu Xiong advised him.

However, Xu Nian shook his head.

Those old folks wouldn't wait that long.

If things dragged out, they would invade the boundary region.

They might even remove the Immortal Sword and seal him within the boundary region.

That would be a real disaster for Xu Nian; with his strength, he couldn't break the barrier of this Small World.

Therefore, he had to go out.

Realizing this, Chu Xiong's eyebrows also tightened.

"Then we'll go out and fight them!" Lu Feng said angrily.

"Yes, fight them! We in the Blue Gold Army are not to be trifled with," Chu Xiong added passionately.

His eyes were full of rage.

But Xu Nian laughed: "Thank you, brothers, but this matter doesn't concern you, no need for you to take action, I can handle it myself."

"Handle it yourself? But they have two Earth Immortal Peaks and several from the Earth Immortal Realm, how will you manage?" Chu Xiong queried with a furrowed brow.

He felt that Xu Nian was courting death to avoid implicating them.

But as members of the Blue Gold Army, how could they abandon a brother?

"Right, Xu Nian, if you just die here, we would lose face in the Blue Gold Army. We should face it together," Lu Feng said loyally.

Evidently displeased with Xu Nian's words.

The smile on Xu Nian's face grew wider as he looked at the somewhat angry Chu Xiong and Lu Feng and said, "Rest assured, brothers, it's not me who will die today, but them. If anyone dares to block me today, I'll kill them."

This statement left Chu Xiong and Lu Feng dumbfounded.

Had they misheard?

Xu Nian actually made such a domineering declaration, when facing two or three Earth Immortal Peak powerhouses.

What confidence did he have to confront them?

Noticing their disbelief, Xu Nian didn't offer further explanation but simply smiled and said, "Just watch from the sidelines, brothers, if anything happens to me, it won't be too late for you to get involved then."

Chu Xiong and Lu Feng were skeptical, unsure of what confidence Xu Nian had in facing two Earth Immortal Peaks.

Yet recalling that Xu Nian had recently slain a True Dragon, they decided against saying more.

What if Xu Nian could indeed succeed?

After all, this guy was known for performing miracles.

Still, they couldn't figure out how someone not yet of the Earth Immortal Realm could contend against two Earth Immortal Peaks.

"Let's go!"

Xu Nian waved, heading straight towards the exit.

Chu Xiong and Lu Feng followed without further words.

As Xu Nian exited the boundary region, he encountered Murong Xue and Feng Cheng approaching.

Seeing Xu Nian, they were about to speak but were stopped by him.

"I know what you want to say, just watch by the side, rest assured, the one who can kill me hasn't been born yet," Xu Nian said with a smile.

Murong Xue and Feng Cheng were taken aback, not expecting such words from Xu Nian.

They then looked at Chu Xiong and Lu Feng.

Both shook their heads, indicating they didn't know anything.

Yet they chose to trust Xu Nian.

Even though they felt Xu Nian had no chance.

"Be careful!" Murong Xue said worriedly.

Xu Nian nodded, then proceeded ahead.

By this time, Chaos Sky Sect and Haotian Sect members had encircled them.

In the distance were spectators from the Tiancang Sect and the Reincarnation Sect, as well as several unidentified powerful factions.

Xu Nian scanned the crowd and finally settled his gaze on the Reincarnation Sect members ahead.

Especially that elder, Xu Nian glanced over, indeed an Earth Immortal Realm Peak Level powerhouse.

The strength was impressive!

The Chaos Sky Sect members' eyes looking at Xu Nian turned mocking and mocking.

Clearly, they all knew that this young man was the target of their encirclement today.

No one expected this young man to actually dare to come out and face death.

"Boy, are you Xu Nian? Didn't expect you to dare to step out, I thought you would continue being a turtle hiding in its shell," a disciple of the Chaos Sky Sect mocked.

This garnered laughter from the surrounding crowd.

They looked at Xu Nian as if he were already dead.

Seeing this, Xu Nian's lips curled into a light smile, his eyes turning playful.

Chapter 1103: Everyone Here Is Trash

"What exactly are you, to dare speak to me this way?" Xu Nian shouted at the arrogant disciple of the Chaos Sky Sect before him.

The crowd was in an uproar upon hearing this.

Who does Xu Nian think he is?

Does he not even know his own standing?

The other guy is, after all, an elite disciple of the Four Great Sects, with a significant position even within the entire Cultivation World.

In comparison, aren't you just a minor character?

The Chaos Sky Sect disciple was also filled with anger; just a mere ant, yet daring to be so arrogant before him.

Even among all the disciples of the Chaos Sky Sect, he could rank in the top ten.

Even some ordinary Elders treated him with great respect.

Leaders of some small and medium sects would bow before him, yet this guy dared to ask what he was, how could he not be angry?

"Hmph, I am Pang Fei, an elite disciple of the Chaos Sky Sect, at the Middle Stage Earth Immortal level. I serve as the Hall Master of the Disciplinary Hall in the sect. How can a mere ant like you compare? You used cunning means to kill my senior brother Fang Long, disgraced our Chaos Sky Sect, and even now you show no remorse, still so arrogant. I think you're courting death." Pang Fei roared angrily, his voice containing Immortal Essence, shaking the surroundings.

His tone was full of judgment, seeing Xu Nian as a dead man already.

Beside him, Chu Xiong's eyes also flared up with anger.

No matter what, Xu Nian was part of their Blue Gold Army, and this guy looked down on Xu Nian; it was undoubtedly a slap in the face of their Blue Gold Army.

Xu Nian was not angry at all, instead, he spoke even more arrogantly: "Being an elite disciple of the Chaos Sky Sect is something amazing? In my eyes, the Chaos Sky Sect is nothing but garbage."

The whole place exploded instantly.

Is this guy insane?

Dare to say that the Chaos Sky Sect is garbage in front of the Four Great Sects.

This was undoubtedly saying that all of those present here are garbage.

Sure enough, the moment Xu Nian finished his words, everyone's face was filled with anger.

The disciples of the Chaos Sky Sect, their eyes were bloodshot, they looked like they wanted to kill Xu Nian immediately.

Even the Elder Yan Li of the Chaos Sky Sect had a frosty expression.

This was truly an arrogant and boundless brat, if he were not killed today, where would the face of the Chaos Sky Sect be?

Seeing the incredibly angry disciples of the Chaos Sky Sect, Chu Xiong and the others were also puzzled.

Why was Xu Nian stirring up trouble at this time?

Wasn't this making the Chaos Sky Sect disciples want to kill him even more, and by doing so, he offended the other three sects too, wasn't this hastening his own death?

But Feng Cheng on the side had stars in his eyes, full of admiration for Xu Nian.

To dare say the Four Great Sects are garbage, there were few in the Cultivation World.

The key was that when Xu Nian said this, he made it not sound like he was bluffing, but really badass.

If not for his Master's gaze watching him, he really wanted to clap and cheer.

Looking at the incredibly angry faces before him, Xu Nian's face showed a smile.

"What, you're not convinced? Since we've come this far, I'm not afraid to reveal my true identity to you." Xu Nian said with a smile.

"True identity?" Everyone around was stunned.

Could it be that Xu Nian had a significant background?

But even if he had a strong backing, could it surpass the Four Great Sects?

Upon hearing Xu Nian's words, the people of the Chaos Sky Sect also sneered.

"Oh? You have another identity? Then why don't you say it, I'd like to know what identity could rival our Chaos Sky Sect." The disciple named Pang Fei chuckled and said.

The disciples around him instantly laughed along, their eyes full of ridicule.

Xu Nian, hearing this, had an even brighter smile on his face.

He continued, "Then you better listen carefully, I am a disciple of Qingtian God Emperor, the future heir of Qingtian Hall."

"Pfft!"

Pang Fei and the others burst into laughter.

The Chaos Sky Sect disciples on the side also laughed heartily.

As if they had heard a great joke.

A disciple of Qingtian God Emperor?

The future heir of Qingtian Hall?

Could you make your story a bit more believable?

God Emperor?

If you said Immortal Emperor, we might believe a little, but God Emperor, who are you fooling?

How could you, such an ant, have access to Qingtian God Emperor?

Chu Xiong and Lu Feng beside them were also stunned.

The identity Xu Nian mentioned, even they felt a bit embarrassed.

After all, the God Emperor was too elusive, even an Immortal Emperor felt out of reach, let alone a God Emperor that only existed in legends.

"Wow, Xu kid, oh no, Boss Xu, I didn't expect you to have such an identity, no wonder you're so badass." However, Feng Cheng believed Xu Nian's words, saying with a flattering face.

Xu Nian was speechless?

You believe that?

Even though what he said was true, it was after all too elusive.

If it were me, I wouldn't believe it either, yet you do?

Murong Xue also had a serious look on her face, which surprised Xu Nian.

He didn't expect Murong Xue to also believe his words.

"Haha, kid, are you here to make jokes? If you're a disciple of Qingtian God Emperor, then I'm the grandfather of Qingtian God Emperor." Pang Fei laughed out loud and said.

The people around also sneered.

"Boom!"

As he said this, a sudden thunderclap exploded in the sky.

A blue lightning bolt descended from the sky, striking directly onto Pang Fei's body.

"Bang!"

Pang Fei's body exploded, instantly turning to ash.

Everyone around was dumbfounded.

Even Yan Li, who stood beside Pang Fei, was in a daze.

This bolt of lightning came so suddenly, so much so he didn't have time to react.

But what terrified him even more was the reason for the Heavenly Thunder's descent.

Could it really be related to this Xu Nian in front of him?

The people around also looked at Xu Nian, their eyes full of shock.

Could this guy really be a disciple of Qingtian God Emperor?

Even Chu Xiong and Lu Feng were stunned.

Disciple of the God Emperor?

Was it because Pang Fei angered the God Emperor that the God Emperor sent Heavenly Thunder to annihilate the disrespectful Pang Fei?

Seeing this scene, a smile appeared on Xu Nian's face.

His plan had succeeded.

What Qingtian God Emperor, what Qingtian Hall?

Of course, he made them up.

Though he had two God Emperor masters, one was Emperor Ye Tian, the other the Green Emperor; there was no Qingtian God Emperor in the Divine World, nor any Qingtian Hall.

And that Heavenly Thunder just now, it was merely triggered by Wentian Demon Sovereign.

Wentian Demon Sovereign had absorbed the True Dragon Immortal Soul, and now his soul had recovered significantly.

Nevermind a Middle Stage Earth Immortal; even an Earth Immortal Peak was just a joke before him.

Though as of now, Wentian Demon Sovereign had not completely absorbed the True Dragon Immortal Soul, once fully absorbed, he would be undefeatable under the Heavenly Immortal.

For now, he could at most rival a Basic-level Origin Immortal level powerhouse.

But even so, facing this crisis was more than enough to resolve it.

Chapter 1104: Do You Feel Fear?

"Is he... really the Divine Emperor's disciple?"

Those around were immensely shocked, looking at Xu Nian with eyes full of doubt and envy.

If this Xu Nian is truly the Divine Emperor's disciple, killing him would bring about a catastrophic disaster.

Not only Chaos Sky Sect but even their sects in the Immortal Realm would suffer.

Divine Emperor!

He is a supreme existence even in the Divine World.

Lin Hao stood among the crowd, with strong doubt in his eyes.

This Xu Nian is the Divine Emperor's disciple?

How is that possible?

But if not, how could one explain the scene just now?

"Now, do you believe my words? Pang Fei was disrespectful to my master, inciting the Heavenly Dao's wrath. It is entirely his own doing. Doesn't he know my master's Divine Sense perceives the Six Realms?" Xu Nian snorted coldly, his tone quite arrogant.

Indeed, some names of the Divine Emperor and Divine Sovereign should not be casually mentioned.

If anyone insults the Divine Emperor or Divine Sovereign, they will instantly know and obliterate them using the Heavenly Dao Laws.

Of course, generally, even the Divine Emperor and Divine Sovereign wouldn't bother with ants.

But if they truly anger the Divine Emperor or Divine Sovereign, it's not impossible.

Xu Nian's two Divine Emperor masters, one is dead, the other has turned into a Residual Soul within his avatar.

Even if they know, they probably can't mobilize the Heavenly Dao.

And that Heavenly Thunder just now wasn't from the Heavenly Dao, just a rudimentary use of the laws.

This is something Wentian Demon Sovereign can achieve.

The Demon Sovereign realm is the same level as the Immortal Sovereign, so Wentian Demon Sovereign only masters the laws, not the Heavenly Dao.

But even so, it was enough to intimidate those present.

Now, these people have become skeptical about Xu Nian's identity.

Even those disciples of the Chaos Sky Sect dare not speak up, unwilling to be the leading bird.

Yen Li of Chaos Sky Sect saw the situation was not good and immediately stepped forward to Xu Nian, "Boy, you might fool others, but not this old man. If that was truly a Heavenly Punishment sent by the Divine Emperor, why was its power so small?"

Yen Li was standing next to Pang Fei earlier, so he genuinely felt the power of the Heavenly Punishment.

Though the Heavenly Thunder killed Pang Fei, its power was similar to a strike from a Peak of Earth Immortal Realm strong person.

And true Heavenly Punishment would not be so weak.

If his guess is correct, there must be a powerful backing behind Xu Nian, or he used some special means.

This remark sparked skepticism among the crowd.

The power of this Heavenly Thunder was not small, but if it were sent by the Divine Emperor, it seemed a bit weak.

Xu Nian, however, laughed at this moment, speaking to Wentian Demon Sovereign in his heart, "Senior Wentian, that old man says your Heavenly Thunder is weak, shouldn't you strike him dead?"

"Hmph, an old fool dares to question my Heavenly Thunder, just wait for it!" Wentian Demon Sovereign's angry voice indeed sounded.

"Crack!"

Sure enough, the sky was torn apart again.

A bolt of Heavenly Thunder descended and struck directly towards Yen Li.

The thunder was extremely rapid, and its power was enormous.

Yen Li was startled and hurriedly mobilized his Immortal Essence to resist.

"Boom!"

However, the Heavenly Thunder struck his Immortal Essence, instantly shattering it.

Then Yen Li spat blood wildly, his body flew backwards, leaving his chest scorched black.

Those around were greatly astonished.

Could it be...

Is this the Divine Emperor displeased by Yen Li's doubt, sending thunder to punish him?

Lin Hao and others seeing this scene, all frowned tightly.

From afar, Su Zhan also slightly frowned, one of those eager for Xu Nian's death.

Seeing this situation now, they were both angry and jealous inside.

What did this guy do to be favored by a God Emperor Level powerhouse?

"Cough, cough!"

Just as everyone thought Xu Nian was truly protected by the Divine Emperor, Yen Li, who was struck by the thunder, coughed a few times and stood up again.

"Haha, everyone, don't be fooled by him, this isn't any Heavenly Dao Thunder Punishment. If it was, I would've died already. If I'm not mistaken, someone is helping him from behind. May that senior please show yourself," Yen Li laughed loudly.

Although he's seriously injured, he saw through Xu Nian's trick.

Trying to use the name of the Divine Emperor to intimidate them, how could they be so easily deceived?

If there is a powerful backing, they might still be able to handle it.

At these words, those around immediately came to their senses.

Right, if it were truly Heavenly Thunder from the Divine Emperor, Yen Li shouldn't have survived.

Thinking of this, they looked around, seemingly trying to find the expert who intervened.

Chu Xiong and others also breathed a sigh of relief.

So there is a hidden powerhouse aiding, they really thought the Divine Emperor intervened?

Otherwise, it would be too shocking.

They just don't know the extent of this expert's power, can he save Xu Nian?

But seeing his earlier skill, the power should not be weak, otherwise how could he make Yen Li cough up blood?

"My master hasn't killed you because he has a benevolent heart, disinclined to bother with you ants. If you don't believe, feel free to continue provoking and see if you survive," Xu Nian sneered at Yen Li.

He never intended to deceive these powerhouses for long.

After all, they're not fools, a Divine Emperor has the majesty of a Divine Emperor.

The Heavenly Thunder just now lacked the majesty of a Divine Emperor, and it couldn't truly intimidate these guys.

"Hmph, you ignorant brat, stop your nonsense. Since the one behind you won't appear, I'll force him out," Yen Li snorted coldly.

In the next moment, his eyes brightened.

Xu Nian felt darkness before his eyes, and in that instant, the world turned dark.

Everything around vanished, as did everyone else without a trace.

Yet Yen Li remained, and not only that, he became incomparably huge, towering hundreds of feet high, looking down at Xu Nian.

At this moment, Xu Nian truly felt a terrifying chill, as if a fear of death was about to swallow him whole.

Especially Yen Li's gigantic figure before him, which brought immense pressure.

"Is this the Earth Immortal Peak Level Soul Domain?" Xu Nian muttered to himself.

He had long heard that Earth Immortal Peak powerhouses could condense their own Soul Domain, dragging the opponent's soul into their domain in an instant, annihilating them.

Clearly, he is now under the control of Yen Li's Soul Domain.

"Ignorant brat, do you know fear?" The giant shadow in the sky asked imposingly.

As if the ruler of this world.

And Xu Nian's figure seemed like duckweed in the wind, swaying with every word.

As if it might be overturned at any moment.

However, Xu Nian's eyes remained incredibly firm, forcibly suppressing the fear inside, he said to Yen Li's giant shadow, "I do not! What is there for me to fear from a mere Earth Immortal Peak?"

"You're courting death!" The giant shadow in the sky bellowed, and a wave of soul pressure pressed down on Xu Nian.

Xu Nian's soul trembled, nearly shattered.

Yet Xu Nian's lips curled into a cold smile, "The one courting death is not me, but you. Don't believe me? Look behind you."

Yen Li's giant shadow sneered at first, but soon his smile froze, his entire soul shivering.

Turning around, he saw a face that covered the entire void, staring at him.

At this moment, Yen Li was almost scared out of his wits.

Chapter 1105: Xu Nian the Badass

Yen Li was truly scared to death.

This was his Soul Domain, and without his permission, no second person should be able to enter.

Even an Early-stage Primordial Immortal expert might not necessarily be able to break into his Soul Domain, at most they could only destroy his soul.

Yet the existence before him managed to break in without him even being aware—what kind of powerful presence was this?

The most crucial thing was, under the soul presence of this powerhouse, his soul felt an unbearable shiver.

"This... this is a super-powerful existence!" Yen Li immediately made a judgment in his heart.

He couldn't assess the power level of the figure before him because it was beyond his understanding.

Although Wentian Demon Sovereign's soul strength was only at an Early-stage Primordial Immortal Level, his Soul Origin was of the Demon Lord realm.

This suppression by the origin could not be compensated by strength.

"Se... Senior, you... you are...?" Yen Li asked anxiously.

As he gazed at the giant face in the sky, he felt like an ant.

"Hmph, you're not qualified to know the name of this old man." Wentian Demon Sovereign let out a cold snort and in the next moment opened his enormous mouth, swallowing towards Yen Li.

Yen Li was shocked and tried to resist hurriedly.

However, his soul was suppressed, and eventually, his entire Soul Origin was swallowed by Wentian Demon Sovereign.

With Yen Li's Soul Origin devoured, his Soul Space collapsed in an instant.

Xu Nian's body trembled, and his soul returned to his body.

He looked up ahead to find Yen Li standing rigidly in place, his eyes already vacant.

With his soul devoured, Yen Li now was just a shell.

However, thinking about how dangerous it was just now, if it hadn't been for Wentian Demon Sovereign's protection, he might not have been able to protect his origin.

Even though his Soul Origin was protected by the Wordless Heavenly Scripture, truly engaging in battle, Xu Nian did not believe he wouldn't be severely wounded.

Earth Immortal Peak powerhouses were too terrifying!

Even Late Stage Earth Immortal strong individuals, if their Soul Immortal Palace was reformed, were extremely dangerous figures.

"It seems your Chaos Sky Sect is nothing more, you're all rubbish." Xu Nian laughed mockingly.

Upon hearing this, several disciples of the Chaos Sky Sect were filled with unimaginable anger.

"Xu Nian, don't be arrogant, don't think that with a powerful person guarding you, you can be so arrogant. Once Elder Yen Li crushes that powerhouse, let's see what you'll rely on." The remaining Middle Stage Earth Immortal disciple pointed angrily at Xu Nian.

The other disciples nodded in agreement, their gazes toward Xu Nian filled with fury.

In their view, the reason Xu Nian was so arrogant was that he had a powerhouse backing him at the Earth Immortal Peak Level.

As long as they found that person, even just delaying them, the Haotian Sect would take action to kill Xu Nian.

Now their Elder Yen Li was searching for that individual.

"Haha, Elder Yen Li? Your Elder Yen Li is already dead, haven't you noticed?" Xu Nian laughed heartily.

As these words were spoken, everyone around was shocked, looking toward Yen Li, and in the next moment, their expressions turned horrified.

"Wha... what are you talking about..." That disciple instinctively wanted to refute, but when his gaze glanced at Elder Yen Li beside him, his eyes also became glazed.

At this moment, Yen Li's body had no soul fluctuation or aura.

"El... Elder?" That disciple reached out and tentatively touched Yen Li.

"Boom!"

Yen Li's body fell straight to the ground, making a sound of impact.

That sound of impact made everyone around suddenly feel their hearts skip a beat.

Yen Li was dead...

He died so silently?

How on earth did he die?

What kind of existence could extinguish him in an instant?

The surrounding crowd was in utter shock, each involuntarily looking at Xu Nian.

They knew that Yen Li's death was surely related to Xu Nian.

Could it be the powerhouse behind him took action?

Even other Elders from the Three Great Sects furrowed their brows, eyes slightly narrowed.

Yen Li's strength was about the same as theirs, and even if they were stronger than Yen Li, it wouldn't be by much.

If someone could silently kill Yen Li, that person could naturally kill them too.

Thinking of this, they felt a sense of unease, chills running up their spine.

Their eyes involuntarily scanned the surroundings, feeling a constant prickle on their backs.

Chu Xiong and Lu Feng were also stunned.

What kind of method did Xu Nian use?

First, he killed a disciple of the Chaos Sky Sect, and now he silently killed this Chaos Sky Sect Elder.

This was a powerhouse of Earth Immortal Peak Level.

To be killed so stealthily, what on earth was this guy, a human or a ghost?

"Good, good, Boss Xu, you're truly amazing, I'm so impressed." Feng Cheng shouted excitedly.

His heart was now filled with excitement.

Although he didn't know how Yen Li died.

But it must have been due to Xu Nian's means.

However, just as he shouted, everyone around looked toward him.

Especially his master, whose gaze was like that of a killer.

Frightening him into silence.

Murong Xue was also in shock, originally worried for Xu Nian.

Unexpectedly, Xu Nian had such a powerful protector behind him.

To be able to kill an Earth Immortal Peak-level so quietly, it must indeed be a Primordial Immortal level existence.

Xu Nian looked at the shocked gazes of those around, a continuous smile on his face.

He directly stepped toward the direction of the Chaos Sky Sect.

Seeing Xu Nian approaching, those Chaos Sky Sect disciples were startled, involuntarily retreating.

Their Elder had been killed, if they acted, wouldn't they also be courting death?

"I said the Chaos Sky Sect is rubbish, do you admit it now?" Xu Nian asked playfully in front of the Middle Stage Earth Immortal disciple.

The disciple immediately felt a lump in his throat, not knowing how to answer.

Xu Nian's smile made him feel a chill down his spine.

"Rest assured, I won't kill you. If the Chaos Sky Sect wants to trouble me, just come ahead. I'm waiting, but now I have new scores to settle." Xu Nian said with a smile.

Then he cast his gaze toward the direction of the Haotian Sect.

Lin Hao of the Haotian Sect felt a twinge, could Xu Nian be looking for trouble with him?

"Xu Nian, what do you want to do? I haven't even sought trouble with you, do you mean to trouble me?" Lin Hao said angrily.

This Xu Nian actually wanted to trouble him, truly audacious.

But if Xu Nian really took action, he wouldn't know what to do.

Looking at the Elder beside him, the Elder was also furrowing his brows, not wanting to make a move.

With Yen Li silently killed, who would dare make a move now?

"Hehe, I don't intend to trouble you. If you don't trouble me, I naturally won't target you. But if you dare to make a move, I won't mind killing all of you." Xu Nian said with a smile.

Lin Hao gritted his teeth, filled with endless anger.

This guy was simply pushing his luck.

But Xu Nian ignored Lin Hao, turning instead towards the direction of the Tiancang Sect, shouting, "Su Zhan, get out here!"

Su Zhan in the crowd trembled, looking at Xu Nian in disbelief.

He never imagined that Xu Nian would actually seek trouble with him.

Chapter 1106: Just That Arrogant

Su Zhan was truly taken aback.

He did not expect Xu Nian to confront him.

Although the news of Xu Nian killing Fang Long was intentionally spread by him.

But he didn't think Xu Nian would hold him accountable for it, so he had been watching from the sidelines.

From then until now, he had been anticipating Xu Nian being slain or crushed underfoot.

But none of that came to pass; instead, Xu Nian turned the tide and shocked everyone.

Even more unexpected, Xu Nian actually dared to trouble him proactively.

Indeed, now it's no longer them looking for trouble with Xu Nian, but Xu Nian coming to trouble them.

Even Chu Xiong was somewhat shocked, not expecting such a turn of events.

Initially, they thought Xu Nian couldn't survive the siege by the Chaos Sky Sect. Now, not only did Xu Nian survive, but he also killed the Sect's elder and started seeking trouble with the Tiancang Sect.

This move completely upended their understanding.

If he weren't afraid of damaging his image, he might have shouted like Feng Cheng: Xu Nian is awesome.

"Xu Nian, what are you going to do?" Su Zhan did not come out; instead, he deliberately hid beside Mo Sang.

He only possessed Early Stage Earth Immortal strength; if Xu Nian truly intended to kill him, he really couldn't stop it.

Now, the only one who could save him was Mo Sang.

He didn't believe that Xu Nian really dared to commit a massacre.

"The news of me killing Fang Long, that was intentionally spread by you, right? Did you forget the warning I gave you before?" Xu Nian looked at the anxious Su Zhan with a cold smile, questioning him.

Xu Nian has always been this way: if others don't offend him, all is well, but anyone who offends him must die.

This Su Zhan deliberately spread the news, clearly intending to harm him.

In that case, he must not be spared.

"So what if I did? You did kill Fang Long, are you afraid of people talking about it?" Su Zhan retorted righteously.

He simply disliked Xu Nian, this guy had the nerve to get close to Junior Sister Murong.

Junior Sister Murong was his goddess; even if he couldn't have her, this country bumpkin certainly didn't deserve her.

Besides, with Mo Sang around, he didn't believe Xu Nian really dared to kill him.

"So I've not wronged you then? Will you end your own life, or should I do it?" Xu Nian looked at Su Zhan and said, his tone carrying a hint of killing intent.

Su Zhan furrowed his brow, his gaze at Xu Nian flickering slightly.

Because Xu Nian's gaze was so sharp, it stirred some apprehension in his heart.

"Presumptuous! Do you think you can kill anyone in the Tiancang Sect at will? Xu Nian, don't think just because someone helps you in the dark, you can consider yourself invincible. Our Tiancang Sect is not yours to trample over like a small ant." Mo Sang shouted, glaring angrily at Xu Nian.

In fact, he had long wanted to kill Xu Nian.

It wasn't because he had a vendetta against Xu Nian, nor was it for the face of the Tiancang Sect, but to curry favor with Jiang Shengtian.

If he truly killed Xu Nian, Jiang Shengtian would surely reward him.

So seeing Xu Nian about to act against Su Zhan, he felt the time was ripe.

"Old fool, you want to meddle?" Xu Nian said, looking at Mo Sang.

Mo Sang was instantly furious, what did this guy call him?

Old fool?

This guy was excessively arrogant.

"Boy, do you know who you're speaking to? Are you courting death?" Mo Sang said with a sullen face.

"Of course I know who I'm speaking to. Didn't you just want to kill me? Go ahead, do it then. Why put on a show here? If you kill me, you'll please your master, and he might happily toss you a bone." Xu Nian said with a cold smile.

At these words, Mo Sang truly exploded.

This guy was indirectly calling him a dog.

All around, people laughed.

These smiles in Mo Sang's eyes were ridicule, which made his hatred for Xu Nian grow even stronger.

Beside him, Su Zhan was very pleased.

Initially worried that Mo Sang wouldn't act, seeing Xu Nian provoke him like this set his mind at ease.

In this way, even if Xu Nian doesn't die, he would at least be severely harmed.

"Hmph! I want to see if there's really a master backing you, or if you're just bluffing. Prepare to die!" Mo Sang shouted, his aura suddenly bursting out.

The might of an Earth Immortal Peak directly pressed towards Xu Nian.

"Elder Mo..." Murong Xue, who was beside, was about to step out.

But she was stopped by Xu Nian.

"Don't worry, I'm fine. But if I slaughter these guys, you won't mind, right?" Xu Nian said gently, looking at Murong Xue.

Murong Xue slightly furrowed her delicate brows but ultimately said nothing and retreated to her original place.

This attitude was clear enough, kill if you want, it has nothing to do with me.

Seeing Murong Xue unfazed, Xu Nian had no more worries in his heart.

Looking at Mo Sang ahead, he smiled and said, "Old dog, make your move!"

Mo Sang's heart was filled with fury; this brat was simply too arrogant.

If he didn't kill him today, where would Mo Sang's face go?

Where would the face of the Tiancang Sect go?

Thinking of this, the killing intent in his eyes grew even stronger.

His figure turned into a shadow and charged at Xu Nian.

Everyone around kept a close watch on all of this.

Especially the two other Earth Immortal Peak strong people, they were eager to see if there really was a master behind Xu Nian.

"Prepare to die!"

Mo Sang shouted loudly, a palm aimed at Xu Nian.

His palm surged with powerful Immortal Essence Wave, containing an immense Dark Profound Argumentation.

This palm, even Earth Immortal Peak strong people wouldn't dare underestimate.

Moreover, Mo Sang's speed was extremely fast, in an instant, he was in front of Xu Nian.

In the next moment, the palm was about to strike Xu Nian's chest.

Everyone around was surprised?

No master appeared?

Could it be that everything earlier was just an act by Xu Nian?

From afar, Su Zhan's heart sneered, filled with joy.

"Xu Nian, you're doomed!" In Su Zhan's view, without the protection of a master, Xu Nian was bound to die.

But Xu Nian's followers, including Chu Xiong and Lu Feng, had furrowed brows.

Could it be that Xu Nian was really going to die?

Murong Xue was also extremely anxious, gripping the sword hilt tightly in her hand.

Her heart was full of worry!

"Snap!"

Just when everyone thought Xu Nian was about to be struck to death.

A crisp sound echoed.

Then something happened that left everyone present utterly stunned.

Mo Sang's entire body seemed to be hit by a tremendous force, directly flying backwards.

And his left side was completely deformed, with a clear handprint on his face.

"This... how is this possible?"

Everyone around was too shocked to speak.

Even the two Earth Immortal Peak strong people were wide-eyed in disbelief.

Mo Sang was actually slapped flying by Xu Nian?

Standing in the distance, Su Zhan's eyes were wide open, his whole body petrified, unable to believe his eyes.

Yet when he saw Xu Nian's hand still raised in the air, he couldn't help but swallow hard.

An unprecedented fear enveloped his entire being.

Chapter 1107: Slaying Su Zhan

Mo Sang was slapped away, completely beyond everyone's expectations.

In their view, Xu Nian couldn't possibly be a match for Mo Sang.

Unless someone behind Xu Nian took action, they might be able to suppress Mo Sang.

But now, they didn't even see a hair of the person behind Xu Nian, yet Mo Sang was slapped away by Xu Nian.

This was truly beyond everyone's expectations.

Chu Xiong and Lu Feng looked on, dumbfounded, subconsciously swallowing hard.

Feng Cheng was even more at a loss for words to describe the excitement in his heart.

The arena fell into a deathly silence.

"Boom!"

Only when Mo Sang's body crashed into a distant rock did this eerie silence break.

"Cough cough!"

Mo Sang spat out a mouthful of blood and stood up from the ground.

At this moment, his entire face was completely deformed, the entire left side of his face burning with pain.

This made him feel an unprecedented humiliation.

He, a dignified Earth Immortal Peak, was actually slapped away by a kid at the Peak of Tribulation Crossing Stage.

If he hadn't experienced it himself, he wouldn't believe it even if you killed him.

This grudge must be avenged, otherwise, he won't have the face to continue mingling in the Cultivation World.

However, the boy before him was indeed very strange, at that moment, he felt an unprecedented force envelop him.

It made the soul feel like it was shivering.

This feeling was as if he encountered a super powerhouse.

Even when facing the Sect Master, he had never felt such fear.

"Kid, if I'm not mistaken, the powerhouse helping you is probably within your body, right?" Mo Sang said.

As soon as these words came out, everyone instantly looked at Xu Nian.

That person was within Xu Nian's body, what did that mean?

The opponent wasn't a real physical entity, but merely a wisp of a soul.

However, just a wisp of a soul managed to beat Mo Sang with no way to fight back, how strong was this person when they were alive?

Xu Nian heard Mo Sang's words and also showed a smile on his face.

It seemed that Mo Sang wasn't stupid, on the contrary, very clever, he guessed the source of his power just by enduring one strike.

"That's right, there's a senior within my body, he comes from the Immortal, Demon, and Devil World, he was a peerless powerhouse when alive, are you afraid?" Xu Nian smiled and looked at Mo Sang.

With these words, Mo Sang's expression changed.

The surrounding people also changed their expressions.

An immortal soul from the Immortal, Demon, and Devil World?

How could such a powerhouse descend to the Lower Realm?

Yet it's really not excluded from possibility.

Once there was a wounded immortal soul from the Immortal, Demon, and Devil World that accidentally rushed into the Cultivation World, and ended up seizing the body of a young boy.

And that young boy rose to prominence, embarking on a heaven-defying path.

But that boy is no longer who he once was.

None of them thought that Xu Nian actually had such an immortal soul within him.

Doesn't he fear death or being possessed?

Or maybe he has already been possessed?

After all, the strength he showcased earlier was extraordinary.

Xu Nian looked at everyone's faces and knew what they were thinking.

He smiled slightly, looked at Mo Sang and said: "Old thing, I'll give you a chance, kneel down and kowtow three times now, and I'll spare your life, otherwise you'll end up like Yen Li today, becoming a dead soul."

Mo Sang heard this, and was immediately furious, gritting his teeth.

A surge of strong anger rose in his heart.

This is humiliation.

Blatant humiliation.

Making him, a dignified Earth Immortal Peak powerhouse, kneel, where would his face go afterwards?

But if he didn't kneel, he really was a bit afraid of that wisp of immortal soul within Xu Nian.

After all, he had already experienced the opponent's strength earlier, and indeed wasn't something he could resist.

"Are you kneeling or not kneeling!"

Xu Nian stared directly at Mo Sang, a strong dark aura surged from Xu Nian's body.

At this moment, it seemed as if Xu Nian's body was burning with black flames.

Especially those eyes, giving an intense oppressive feeling, Xu Nian at this moment seemed to have transformed into an absolute Heavenly Demon.

Mo Sang felt a chill in his heart, as if he had fallen into an abyss.

Under this intense oppressive aura, he actually couldn't help but want to kneel.

"Thud!"

Mo Sang knelt down, his knees hitting the ground with a resounding noise.

The surrounding people were all shocked.

Especially Su Zhan, whose eyes were filled with strong disbelief.

Elder Mo's kneeling was directly like kneeling in his heart, extinguishing his last thread of hope.

Xu Nian saw this, and the corner of his mouth revealed a cold smile.

The Wentian Demon Sovereign's aura was indeed strong, under his oppressive aura, what counted as an Earth Immortal Peak?

Xu Nian moved forward, walking towards Su Zhan's direction.

During the process, Xu Nian passed by Mo Sang but didn't even glance at him.

As if ignoring him.

Mo Sang wanted to stand up but found that his body seemed to be pressed by an invisible hand, unable to get up.

He knew it wasn't his body being suppressed, but his soul.

A powerful soul was like a giant mountain pressing on his soul.

The surrounding people were dumbfounded, no one spoke.

Lin Hao and others in the distance were also shocked speechless.

At this moment, Lin Hao subconsciously swallowed hard.

In his heart, he was somewhat grateful he hadn't come out to provoke Xu Nian earlier.

Otherwise, the one kneeling on the ground now, oh no, the one facing death now, would probably be him.

Su Zhan watched Xu Nian walk towards him, his face twisted with ferocity.

"Xu Nian, Jiang Shengtian surely won't let you go, even with expert aid, one day he'll tear you apart, Junior Sister Murong will never be someone an ant like you could climb to." Su Zhan screamed madly.

He knew he couldn't escape anymore.

He wanted to curse this Xu Nian before him, even if dead, he would wait for him in hell.

"Is that so? I don't know if Jiang Shengtian will kill me, but I know you will undoubtedly die today." Xu Nian coldly laughed, and a King Jing Sword appeared in his hand.

Seeing this, Su Zhan's eyes surged with intense madness.

"Xu Nian, I'll fight you to the death, let's die together!" Su Zhan's face twisted, and he was about to self-destruct.

The surrounding people were shocked.

The self-destruction of an Early Stage Earth Immortal powerhouse could potentially harm them.

Yet Xu Nian remained unchanged in expression, his smile growing more intense.

"Before me, you don't even have the qualification to self-destruct!"

With that, Xu Nian's figure vanished from sight.

"Pfft!"

A Sword Radiance flashed out of thin air, directly slicing Su Zhan into two halves.

Su Zhan didn't even have time to self-destruct, his whole body already stiffened.

The surrounding people were again dumbfounded, was this the Space Profound Argumentation?

Amid everyone's astonished gaze, Xu Nian turned and walked away, never looking at Mo Sang the entire time.

Mo Sang's expression was complex, revealing ferocity!

Chapter 1108: Lan Xi's Heavenly Tribulation

Just as Xu Nian was on a rampage, his Undying Devouring Sky Beast Avatar had already joined up with Liu Bai Ru and the others.

In addition, Li Tiangang and Li Anshan from Tianbao Pavilion also gathered around.

"Sister Liu, are you alright?" Xu Nian asked, looking at Liu Bai Ru, who was pale.

In this Hell Sea, without enough Spirit Stones or Pills, it's basically very difficult to recover one's Cultivation.

Without Immortal Essence, their injuries naturally recover slowly.

At their level, ordinary Spirit Pills and Spirit Stones are already hard to have any effect on them.

Only top-grade Spirit Pills and Spirit Stones would be useful.

But such Spirit Stones and Pills are naturally precious, so even with their formidable strength, they can't store too many.

"I'm fine, it's the damn father and son of the Lin family. How dare they ambush me? Once I recover, I'll slaughter them," Liu Bai Ru said angrily.

"Uh, Aunt, no need. The father and son of the Lin family have already been slaughtered by me personally," Shi Guangxu said calmly, not blushing or skipping a beat as he spoke, as if he was stating a very simple matter.

"Slaughtered by you?" Liu Bai Ru was stunned, looking at Shi Guangxu in disbelief.

Li Tiangang and Li Anshan on the side also looked at Shi Guangxu in surprise, their eyes full of doubt.

It seemed to say, what is your strength, that you have the ability to kill the father and son of the Lin family?

Liu Bai Ru was also extremely doubtful.

"Really, it was really me who killed them, although I only landed the final blow," Shi Guangxu said helplessly, seeing the skeptical looks all around.

He initially wanted to show off a bit, but these people simply wouldn't believe it.

With Shi Guangxu's words, Liu Bai Ru turned to Xu Nian.

In her view, among the three present, only Xu Nian could accomplish it.

"Sister Liu, it was indeed me. The father and son of the Lin family bullied you again and again. I couldn't stand it any longer, so I acted. Plus, their goal was to eliminate our Tiande Sect and Tianbao Pavilion. They've already allied with the Guihai Family and Mu Residence," Xu Nian said with a smile.

Even though Liu Bai Ru was mentally prepared, she was still a little surprised at Xu Nian's words.

"Lin Shanhai had a puppet with strength comparable to the Late Stage Earth Immortal. How did you do it?" Liu Bai Ru asked again.

Li Tiangang and Li Anshan also looked at Xu Nian in surprise, clearly realizing that this young man in front of them was not as simple as he seemed.

"That puppet was also destroyed by me. Though it was said to be comparable to the Late Stage Earth Immortal, in reality, it wasn't much stronger than the Middle Stage Earth Immortal," Xu Nian said with a smile.

The puppet's strength wasn't high, because it lacked combat consciousness and even more so did not have Profound Argumentation. No matter how strong its body was, its strength couldn't go far.

However, Liu Bai Ru was a little surprised; she knew the puppet's strength better than anyone because she had fought with it.

Even if that puppet hadn't reached the Late Stage Earth Immortal Realm, it wasn't something that a Peak Middle Stage Earth Immortal powerhouse could handle.

If Xu Nian could defeat the puppet, it meant his strength was at least comparable to a Late Stage Earth Immortal powerhouse.

"You're saying the Mountain Sea Sect is colluding with Mu Residence and the Guihai Family? Is that true?" Li Tiangang asked with a frown.

As an old fox, he naturally sensed the danger in it.

If it was really as Xu Nian said, then the situation for their Tianbao Pavilion became a bit precarious.

"That's right, godfather, this Guihai Family and Mu Residence intend to use this opportunity to destroy our Tianbao Pavilion. Mu Residence aims to unify the entire Tianhen Star Domain," Mei Ji also added.

She also sensed the danger in this.

If Mu Residence wanted to unify the entire Tianhen Star Domain, what was the biggest threat?

Of course, it's their Tianbao Pavilion.

If they swallowed Tianbao Pavilion, not only would they have abundant resources, but no forces in the entire Tianhen Star Domain would dare oppose them.

"Well, Mu Residence Lord has quite the ambition. To think of unifying Tianhen Star Domain, it's not as simple as he thinks. Tianhen Star Domain may not be strong, but there are still many powerhouses among the loose cultivators, even some Primordial Immortal realm old folks might come out. Can Mu Residence truly bear it?" Li Tiangang snorted coldly.

As he said, Mu Residence's strength may be strong, but wanting to unify the entire Star Domain is easier said than done.

Unless Mu Residence Lord's strength could reach the Primordial Immortal realm.

"I fear that this search for the Ancient Sage Sect is for the Mu Residence Lord to find opportunities for a breakthrough," Xu Nian said.

If he guessed correctly, Mu Residence Lord's strength should already be at the Peak Earth Immortal realm.

It's just that he hasn't completely broken through and is probably stuck at some bottleneck.

So he wants to send people to the Ancient Sage Sect to find opportunities for a breakthrough.

"It should be so. In any case, we must stop Mu Residence. Mu Residence Lord is highly ambitious. If he really breaks through, the entire Tianhen Star Domain is destined for chaos," Li Tiangang, the Tianbao Pavilion Master, said.

Xu Nian nodded.

But he didn't care much about this.

However, regarding Mu Residence Lord, Xu Nian instinctively felt a sense of danger.

After all, Mu Residence had once sent assassins to kill him.

"Seems like I have to find a way to cross the tribulation. As long as my main body crosses the Heavenly Tribulation, my avatar can naturally also break through," Xu Nian, the Undying Devouring Sky Beast, mused to himself.

Xu Nian's main body and avatar are one, so whether it's the main body or the avatar crossing the tribulation, only one tribulation needs to be completed.

Of course, if the main body fails the tribulation or the avatar fails the tribulation, both the main body and the avatar would perish.

Currently, the situation of the Undying Devouring Sky Beast Avatar is not conducive to crossing the tribulation, so only the main body can find a suitable place for it.

Once the main body successfully crosses the tribulation, his avatar can immediately break through to the Earth Immortal Realm.

By then, his strength will have greater room for improvement.

"Let's go!"

With Li Tiangang's command, Xu Nian and the others headed to the other side of this Hell Sea.

And just after Xu Nian and the others left,

a graceful figure appeared at the place where Xu Nian and the others had just been.

This graceful figure had a pair of transparent wings on her back, with a golden hue shimmering on them.

That's right, this figure was Lan Xi.

It wasn't that Lan Xi was abandoned, but she chose to stay on her own accord.

The fierce beasts here were very suitable for her Void Insect Clan to survive.

And the most crucial point was that as her Insect Clan absorbed more energy, her tribulation crossing date unexpectedly advanced.

It probably won't be long before she'll face the Heavenly Tribulation.

Once she crosses the tribulation, she will have the ability to create an Earth Immortal Realm Insect Clan army.

And with countless fierce beasts in the Hell Sea providing energy, she could completely create an army of Earth Immortal Realm beings.

By then, the Void Insect Clan would become truly terrifying.

This was also the scene Xu Nian had always anticipated.

Chapter 1109: The Mysterious Coffin

"Uh, my Heavenly Tribulation is in ten days?"

On Tianlan Star, within the headquarters of the Heavenly Court Gang.

Xu Nian suddenly opened his eyes wide.

Just now, he suddenly sensed the Heavenly Tribulation.

His Heavenly Tribulation would descend in ten days.

This surprised him greatly, as most people's Heavenly Tribulation usually comes several months or even years in advance.

But for him, it was only ten days early.

In other words, he only had ten days left to prepare for the Heavenly Tribulation.

Ever since the battle at the realm's entrance, Xu Nian had returned to Tianlan Star with Murong Xue.

The original headquarters of the Tianxing Sect had now become the base for the Heavenly Court Gang.

The Heavenly Court Gang replaced the Tianxing Sect, becoming the number one sect on Tianlan Star.

Moreover, this battle fought by Xu Nian established the authority of the Heavenly Court Gang.

No more sects dared to cause trouble for the Heavenly Court Gang, after all, even the Four Great Sects suffered a loss.

As for Murong Xue, she followed him because she wanted to see Tianhen Continent, and Xu Nian had promised to accompany her.

Furthermore, with the women Xu Nian had saved, it could be said that the women related to Xu Nian were all gathered together.

Thus, the atmosphere within the entire Heavenly Court Gang was quite awkward.

Xuanyuan Qingling, unsure whether to avoid the awkwardness or truly busy, was constantly managing the affairs of the Heavenly Court Gang.

Zhao Yanyun and Leng Yanran both chose to retreat and cultivate.

Xu Xin, being Xu Nian's sister, also felt very awkward, so she chose to retreat too.

After learning the date of his Tribulation Crossing, there was not a single person to share it with.

This left him speechless.

"Master!"

However, just when Xu Nian thought there was no one to talk to, a golden head popped out from his back.

"Uh, King Yanluo?" Xu Nian was taken aback; wasn't this golden head the very skeleton he once saved?

Unexpectedly, it had silently appeared here without him noticing at all.

The key part was that this fellow could actually talk now.

By now, King Yanluo's entire body had turned golden, still in skeletal form.

But in its eye sockets, there were no longer two flames, but a pair of moist big eyes.

Xu Nian also noticed that King Yanluo's strength had increased significantly.

It seemed to have reached the Middle Stage Earth Immortal level.

How could it become so powerful in just a few short years?

"Master, you have finally returned, I've been looking for you for a long time." King Yanluo looked longingly at Xu Nian, its big eyes blinking adorably.

"King Yanluo, how did you cultivate? How come your strength has increased so much?" Xu Nian asked curiously.

He had been cultivating for so long, but had only reached the Peak of Tribulation Crossing.

This King Yanluo suddenly ascended to such a high realm, which meant it had encountered significant fortuitous events.

"After you fled that day, master, I went underground. I wanted to find you, but I couldn't sense any of your aura, so I could only wait on Tianlan Star for your return." Little Yan spoke.

It was still just as small, like a child in their teens.

"And then?" Xu Nian continued to ask.

"Later, I discovered a large tomb underground. The tomb contained a coffin, and there were many skeletons around it, each very powerful. The weakest seemed to be in the Transcendence Tribulation Stage, so I devoured those skeletons." Little Yan said.

Xu Nian was stunned.

Was this King Yanluo trespassing into the tomb of some strong being?

This luck was extraordinary.

"And after that?" Xu Nian continued to ask.

"After that, I just fell asleep. When I woke up, I found myself stronger, so I wanted to avenge you and find you, but I realized our initial enemies were already dead, and I could sense your aura, so I rushed in." Little Yan said.

Xu Nian's mouth twitched.

So, King Yanluo had been sleeping through the years.

Sleeps and wakes up as a Middle Stage Earth Immortal?

"Didn't you experience a Tribulation Crossing?" Xu Nian suddenly realized the issue and quickly asked.

"Tribulation Crossing? No!" King Yanluo shook its head, looking utterly clueless.

Xu Nian was astonished; how could it become a Middle Stage Earth Immortal without a Tribulation Crossing?

"Boy, what's so strange about it? It's essentially a dead thing and shouldn't exist in this world. However, its luck isn't shallow, and it's starting to reform its physical body. Its Heavenly Tribulation likely won't descend until its body is completely reformed," the voice of Wentian Demon Sovereign echoed in Xu Nian's mind.

Xu Nian suddenly understood.

So, that's what it was.

However, King Yanluo's future Heavenly Tribulation would undoubtedly be fierce.

Because, essentially, it's a dead entity, not tolerated by the Heavenly Dao.

"By the way, Little Yan, you mentioned you found a coffin. Do you know who the person inside it is?" Xu Nian suddenly thought of something and asked.

"No idea; the person inside the coffin is terrifying. I dare not go near." King Yanluo shook its head, showing a fearful expression.

"Terrifying? With your current strength, you still feel scared?" Xu Nian asked, frowning.

"Yes, very terrifying." King Yanluo nodded said.

Xu Nian frowned slightly, his eyes showing a contemplative look.

The corpse that could still terrify King Yanluo might have been exceptionally strong in life.

"Master, the person in that coffin seems not dead. It's more like they're asleep; their strength is very formidable, unlike anything encountered before," King Yanluo spoke again.

Upon hearing this, Xu Nian was even more surprised.

Not dead, then why are they in the coffin?

"Can you take me to see it?" Curious, Xu Nian quickly asked King Yanluo.

"Master, you'd better not go; that person is very dangerous." King Yanluo warned again.

"Don't worry, I won't necessarily touch the coffin; I'll only look from afar, it won't be a problem," Xu Nian reassured.

King Yanluo hesitated for a long time before saying, "Alright, but master, make sure not to get close to the coffin."

Xu Nian nodded.

His curiosity about the person inside the coffin grew stronger.

If it could make King Yanluo so fearful, it implied formidable strength.

"I'll go with you too!"

At that moment, Murong Xue entered.

Apparently, Murong Xue had overheard their conversation.

Xu Nian hesitated for a moment, then nodded, "Alright!"

Therefore, Xu Nian said farewell to Xuanyuan Qingling and left the Heavenly Court Gang.

Leng Yanran and the others were still in retreat, so Xu Nian understandably didn't have the chance to inform them.

Just like that, Xu Nian and Murong Xue, led by King Yanluo, flew towards the north.

Eventually, based on King Yanluo's information, Xu Nian determined the location of the coffin should be in the Extreme North Ice Field of the Extreme North.

Chapter 1110: Wentian Demon Sovereign's Fear

The Extreme North Ice Field is the coldest place on the entirety of Tianlan Star.

The temperature here has dropped to a terrifying degree.

Almost no living creature exists upon this ice field.

Moreover, there are dreadful astral winds raging over this ice field, fierce as if they could tear the sky apart.

The ice field is littered with numerous space cracks.

Once you fall into a space crack, even an Earth Immortal Peak Strong Person wouldn't dare to say they could survive.

Thus, the Extreme North Ice Field has always been regarded as a major fearsome land.

Xu Nian never expected that the Netherworld King would dig a hole all the way here.

Even more surprising was the existence of a tomb of a powerful person in this Extreme North Ice Field.

Xu Nian looked at the cold astral winds around him, but there was no wave in his eyes.

He turned his head to Murong Xue beside him and said, "Stay close to me, and don't move around carelessly."

Murong Xue nodded, knowing that Xu Nian was a Space Controller.

These space cracks posed no threat to him at all.

Therefore, Xu Nian telling her to follow him was entirely for her protection.

"Netherworld King, where exactly is this tomb you discovered?" Xu Nian asked the Netherworld King.

"Master, it's just ahead, but it is eight thousand meters underground," the Netherworld King said with lively eyes.

"Let's go!"

Xu Nian grabbed the Netherworld King and flew forward with Murong Xue.

"Right here, underground!" Soon, the Netherworld King pointed to an area on the ice field.

Xu Nian frowned slightly, as the ice field was covered with ten-thousand-year-old ice.

These layers of ice were not easy to break through.

Thus, reaching the tomb below would not be easy.

"Master, rest assured, I have a way to penetrate this Xuan Ice," the Netherworld King said directly.

With that, a cluster of black flames surged from his hand bones.

These black flames were extremely eerie because Xu Nian did not feel any heat, but instead, an unprecedented cold.

The flames seemed like Netherworld Fire, giving him chills.

"This is Netherworld Fire. Xu Nian, the skull you have tamed is extraordinary; it might really become a Netherworld King in the future," the voice of Wentian Demon Sovereign echoed in Xu Nian's mind.

Xu Nian was also surprised.

Netherworld Fire, something he had read about in an ancient book.

This fire only exists in hell.

In fact, hell is a real existence, and it belongs to the same level of world as the Immortal, Demon, and Devil World, also called the Netherworld.

But no one knows where hell is.

Because typically only the dead can enter hell.

Xu Nian wondered if something like the Netherworld King, if it ascends, would ascend to the Netherworld.

Or, it should indeed ascend to the Netherworld.

Then Xu Nian saw the Netherworld King wielding the flames, striking at the ten-thousand-year-old ice underground.

The moment the flames touched the ice, it melted away.

Xu Nian was quite surprised that this Netherworld Fire had such strong power.

Under the lead of the Netherworld King, Xu Nian and his companions soon reached eight thousand meters underground.

Underground, Xu Nian saw an underground palace.

The surface of this underground palace was covered with powerful array patterns, exuding a terrifying killing intent.

As a Top-grade Array Master, Xu Nian could clearly feel the terror of these array patterns.

He could confirm that these array patterns had surpassed the level of a Top-grade Array Master and reached the level of an Immortal Array.

However, these array patterns had not been activated; otherwise, even if Wentian Demon Sovereign were here, Xu Nian might not have been protected.

The Netherworld King was lucky as this underground palace had been damaged.

He happened to sneak in through a gap in the array patterns, thus not triggering them.

Xu Nian carefully followed behind the Netherworld King, entering the underground palace.

Upon entering the underground palace, Xu Nian was increasingly surprised.

On the walls of this underground palace, there were numerous engravings of immortal techniques and immortal laws.

These immortal laws were extremely profound, mostly involving the laws.

As soon as Xu Nian delved into them, he felt a splitting headache.

He was too frightened to continue watching.

This underground palace was not large or grand.

It was pretty much like an ordinary palace.

Moreover, its furnishings were very simple, aside from the engravings on the surrounding walls, there was only a massive coffin in the center of the palace.

Around the coffin lay many corpses.

Although these corpses had been dead for thousands of years, Xu Nian could still confirm that these corpses were all strong people above the Earth Immortal Realm when alive.

Xu Nian gazed at the central coffin. From the moment he stepped into this underground palace, he felt a chill down his spine.

He always felt like a pair of eyes were watching him from start to end.

Yet his Spiritual Sense could not penetrate this coffin, but he could feel an extremely dangerous aura emanating from it.

The Netherworld King once said that the thing in the coffin is alive.

At this moment, Xu Nian somewhat believed it.

Because, to make him feel danger, it couldn't possibly be a lifeless object.

"Senior Wentian, can you help me see what exactly is inside this coffin?" Xu Nian transmitted his voice to Wentian Demon Sovereign.

"Kid, you want me to help with everything. I'm almost your servant now," Wentian Demon Sovereign said irritably.

"Senior Wentian, please help me. I feel like there's something in that coffin watching me. Please help me see what's inside," Xu Nian pleaded urgently.

"Alright, one last time," Wentian Demon Sovereign's voice sounded as his Immortal Consciousness spread out next.

But after waiting a long time, Xu Nian still didn't hear Wentian Demon Sovereign's voice.

"Senior Wentian, what exactly is in this coffin?" Xu Nian couldn't help transmitting his voice to ask.

"Kid, you have big trouble. Someone has left something terrifying here. If it awakens, it will surely bring catastrophe," the voice of Wentian Demon Sovereign sounded in Xu Nian's mind, but his tone carried a tremble.

Xu Nian was stunned. Wentian Demon Sovereign was afraid?

How could this be?

Wentian Demon Sovereign is a Demon Sovereign-level master, so what kind of existence could instill fear in him?

"Senior, what exactly is in there?" Xu Nian was even more curious.

"Don't ask, you just need to know, never get close to it. If it wakes up, Tianlan Star will be destroyed," Wentian Demon Sovereign's serious voice sounded.

Xu Nian was stunned. He had never seen Wentian Demon Sovereign so serious.

"What should I do now?" Xu Nian asked after a moment's silence.

"Leave this place and never return. This thing is more terrifying than the Void Insect Clan you control. In the Immortal, Demon, and Devil World, it's something everyone fears," Wentian Demon Sovereign voiced.

Xu Nian was bewildered.

Could this thing cause the Immortal, Demon, and Devil World to fear?

What on earth is in there?

Why wouldn't Wentian Demon Sovereign say?
