Chapter 1121: If You Have the Guts, Come and Take It

The surrounding crowd also showed expressions of shock.

The soul outburst of a Late Stage Earth Immortal Realm expert is enough to annihilate hundreds or thousands of Transcendence Tribulation Stage experts.

However, Xu Nian had just broken through the Earth Immortal Realm, and logically, his soul strength shouldn't be that strong.

But now the soul attack of a Late Stage Earth Immortal Realm expert had no effect, which couldn't help but surprise them.

A matchless body, formidable strength, and such strong soul defense, just how monstrous is this guy?

At this moment, the two Late Stage Earth Immortal Realm experts also had extremely grim expressions.

The reason they dared to attack Xu Nian so recklessly was precisely because they were certain that Xu Nian's soul strength wasn't high.

And as Late Stage Earth Immortals, their souls had been tempered to the point where they could deliver a fatal blow even to Peak of Middle Stage Earth Immortal Realm experts.

Yet now, their soul attack had no effect, putting them in a very embarrassing situation.

"Hmph, you actually have a soul defensive type Immortal Artifact, no wonder you dared to act so recklessly," said the Late Stage Earth Immortal Realm expert, his eyes becoming incredibly fervent.

In his view, a cultivator who had just stepped into the Earth Immortal Realm being able to withstand his soul attack definitely had a soul type Immortal Artifact.

As soon as he spoke, the crowd around was instantly surprised.

Soul defensive type Immortal Artifact?

That's a treasure far more precious than ordinary Immortal Artifacts!

Just how many treasures does this guy have?

The other leading Late Stage Earth Immortal Realm expert's eyes also became fervent.

A soul defensive type Immortal Artifact; if he could obtain such a treasure, he wouldn't fear even encountering a Peak Earth Immortal Realm expert.

He might even survive encounters with Primordial Immortal Realm experts.

Such a treasure is completely a life-saving talisman.

"Kill him, we must kill him and snatch all the treasures," the leading Late Stage Earth Immortal Realm expert thought to himself, looking at Xu Nian with even more fervor.

"Soul defensive type Immortal Artifact? I don't know the level of my Wordless Heavenly Scripture, but it should have reached Immortal Artifact quality," thought Xu Nian to himself.

Looking at the two Late Stage Earth Immortal Realm experts in front of him, he sneered: "That's right, I do have a soul defensive type Immortal Artifact, and not only that, I have many treasures in my hands, even powerful Immortal Techniques, and even Divine Techniques. If you want them, you can have them, as long as you can kill me, they're all yours."

"Divine Techniques?"

The eyes of the two Late Stage Earth Immortal Realm experts immediately became incredibly fervent.

To them, Immortal Techniques might not be considered too precious, but Divine Techniques possess a deadly allure.

After all, cultivating Divine Techniques means reaching the Divine-level Realm, which naturally arouses their greed.

It's not just them; even those hidden experts are beginning to stir.

"Is this guy crazy? Provoking these people like this, isn't he afraid of inviting even greater disaster?" Hong Xiang couldn't help but say from afar.

Bai Lingxue also shook her head.

This Xu Nian certainly acts arrogantly.

Just the words "Divine Technique" are enough to cause a bloody storm throughout the Cultivation World.

Even the Four Great Sects might not be able to produce a powerful Divine Technique.

"This guy's actions have always been unconventional; maybe he has his own ideas, but to say he really has a Divine Technique, I actually believe it. Otherwise, what kind of cultivation technique allows a Transcendence Tribulation Stage to kill an Earth Immortal Realm expert?" Bai Lingxue said with emotion.

Xu Nian's previous performance was too conspicuous.

To kill two Earth Immortal Realm experts at the Transcendence Tribulation Stage, even a Middle Stage Earth Immortal Realm expert.

Other Transcendence Tribulation Stage experts wouldn't have such abundant True Qi.

But Xu Nian did it, so his cultivation technique must be extraordinarily powerful; only the legendary Divine Art could have such miraculous effects.

In truth, she didn't know that the True Qi generated by Divine Art is abundant, but it couldn't possibly reach Xu Nian's level.

After all, Xu Nian's cultivation technique surpasses the existence of Divine Art.

"Kid, it seems the treasures on you are indeed plentiful, and in that case, don't blame us. Li Yu, what are you waiting for? You and I should act together, and the treasures we get last will be divided equally. Didn't this guy just condense an avatar? I'll deal with his avatar, and you deal with his true body. I refuse to believe his avatar also has a soul defensive type Immortal Artifact," said the Late Stage Earth Immortal Realm expert to the leading Late Stage Earth Immortal Realm expert beside him.

"Alright, Zhang Shan, let's act together! Kill his avatar, and his true body will surely backfire," said the Late Stage Earth Immortal Realm expert named Li Yu.

Upon hearing this, Zhang Shan's face immediately twisted into a sinister smile, as he turned to Xu Nian's Divine Demon Avatar, a curved blade appearing in his hand.

This curved blade is an Immortal Artifact, its blade cold as frost, exuding a strong scent of blood.

It seems to be stained with countless fresh blood.

Meanwhile, Li Yu also turned into a shadow, appearing in front of Xu Nian's true body, seemingly wanting to prevent Xu Nian's true body from escaping.

"These two guys are preparing to team up against Xu Nian, how shameless!" Zhao Yanyun angrily said.

Late Stage Earth Immortal Realm experts dealing with Early Stage Earth Immortal Realm ones.

Is already a shameful thing to do.

Now these two actually want to team up against Xu Nian, if that's not shameless, what is?

Leng Yanran, Murong Xue, Xuanyuan Qingling, and others were all filled with anger.

"Shameless!"

"Shameless!"

Members of the Heavenly Court Gang also shouted in anger, glaring furiously.

However, Li Yu and Zhang Shan only sneered disdainfully.

They were accustomed to killing and looting; why would they care about such a reputation?

Once they obtain those treasures and Divine Techniques, they would be able to act unrestrained throughout the Cultivation World.

"Kid, don't blame us for being ruthless; a person without sin, but a person with a treasure is culpable. Blame only your own lack of strength," Zhang Shan sneered, speaking to Xu Nian's avatar.

Li Yu also sneered, "Don't worry; we'll go easy on you and leave you a whole corpse."

Xu Nian looked at the two of them, sneering continuously.

"You talk too much; it's natural to kill and loot, but people like you without strength and too much talk deserve to be killed by me," Xu Nian sneered, looking at the two as if looking at dead people.

Upon hearing this, Li Yu and Zhang Shan were furious and immediately launched an attack towards Xu Nian.

Xu Nian's true body engaged in battle with Li Yu.

While the Divine Demon Avatar confronted Zhang Shan.

"Seeking death!" Zhang Shan shouted, his soul power erupting, directly striking towards the Divine Demon Avatar.

In his view, the Divine Demon Avatar without a soul defensive Immortal Artifact couldn't possibly resist his attack.

However, when his soul power hit the Mud Ball Palace of the Divine Demon Avatar, he discovered that Xu Nian's Divine Demon Avatar's Mud Ball Palace was empty.

"This... how is this possible? How can your Mud Ball Palace have no soul?" Zhang Shan's face was filled with immense horror.

How could a person's Mud Ball Palace be without a soul?

Even an avatar shouldn't be without a soul!

The surrounding crowd was also shocked.

The Mud Ball Palace without a soul, how is this possible?

Chapter 1122: Remnants of the Divine Demon Sect

The Divine Demon Avatar looked at the crowd's astonished expressions, a smile appearing on his face.

The souls of his Divine Demon Avatars had already merged into every part of his body.

This Soul Attack by Zhang Shan against his Mud Ball Palace naturally couldn't have the slightest effect.

Now, to launch a Soul Attack against him, one would have to destroy every single cell in his body at once, otherwise, it would be impossible to completely annihilate Xu Nian.

Of course, with Zhang Shan's strength, it was simply impossible to do this in an instant.

Only Earth Immortal Peak Strong People, whose souls have completely transformed into Immortal Souls, could instantly destroy all the soul cells in his body.

This is the true perverse characteristic of Divine Demon Refining Body.

"I said your Soul Attack is useless against me. Next, let me see just how strong a Late Stage Earth Immortal Realm powerhouse is," the Divine Demon Avatar sneered and then charged directly at Zhang Shan.

The Divine Demon Avatar didn't use any weapons, relying entirely on his fists to kill.

His attacks were bold and domineering beyond compare.

Even with Zhang Shan's Immortal Essence unleashed, utilizing the Profound Argumentation Domain,

his curved blade transformed into countless afterimages, cleaving towards the Divine Demon Avatar.

However, the Divine Demon Avatar was not afraid of his blade, meeting it directly with his fists, clashing hard.

Because Xu Nian's Divine Demon Gang Qi was extremely strong, and his body was exceptionally formidable.

One punch, and the power was terrifying.

Zhang Shan's curved blade was repeatedly repelled by Xu Nian's fists.

The Immortal Essence he gathered was also shattered by Xu Nian's fists.

Overwhelming strength prevails over ten finesse!

Zhang Shan's attacks couldn't harm Xu Nian at all, and he was completely suppressed by Xu Nian, having no power to fight back.

"Boom!"

Xu Nian punched out, directly hitting Zhang Shan's chest.

Zhang Shan spat out blood wildly, his body flying backwards.

The distant crowd was extremely shocked.

Was Xu Nian's avatar really this strong?

Even a Late Stage Earth Immortal Realm powerhouse wasn't his match?

The Divine Demon Avatar sneered, "A Late Stage Earth Immortal is just so-so, and with such strength you want to rob me, aren't you too arrogant!"

Xu Nian's words, like a ringing bell, resounded around.

The surrounding crowd was filled with admiration.

How on earth does this guy cultivate?

How can he be so formidable, even at the Early Stage Earth Immortal Realm?

Zhang Shan was both angry and unwilling.

He just couldn't understand, how Xu Nian's avatar could have no soul?

"Can't figure out why I have no soul? Because my avatar doesn't cultivate Spirit Cultivation, but Body Cultivation. The Body Cultivation lineage cut off its legacy till now, and Gang Immortals have vanished from the Cultivation World, but today I will let the whole world know, Gang Immortals are not extinct, and today my Divine Demon Sect will also return to the Cultivation World," the Divine Demon Avatar's voice boomed like a grand bell, echoing across the continent.

His tone was domineering and majestic, shaking all directions.

The surrounding crowd widened their eyes.

Gang Immortal?

Divine Demon Sect?

Is Xu Nian a remnant of the Divine Demon Sect?

No wonder he split off an avatar; turns out he practices Spirit Body Dual Cultivation.

Now this avatar should be at the early-stage Gang Immortal rather than the Early Stage Earth Immortal Realm.

I've long heard that the Gang Immortals are formidable, crushing same-level Earth Immortal Realm powerhouses, and today it seems to be true.

Even Zhang Shan couldn't help but widen his eyes, his heart astonished.

So Xu Nian's avatar practices Body Cultivation?

A descendant of the Divine Demon Sect?

This guy must be crazy to dare admit he's from the Divine Demon Sect?

Isn't he afraid of the Four Great Sects coming for him?

Among the Heavenly Court Gang crowd, Murong Xue's brows furrowed slightly.

Xu Nian's identity as a descendant of the Divine Demon Sect also surprised her.

As an elite disciple of Tiancang Sect, how could she not know about the existence of the Divine Demon Sect.

Now Xu Nian himself reveals his identity.

Then the Tiancang Sect, no, the Four Great Sects and the entire Cultivation World will not spare him.

Next, Xu Nian will face endless pursuit.

"Haha, Xu Nian, didn't expect you to court death yourself, don't you know the Divine Demon Sect is taboo throughout the Cultivation World? Today you've revealed your identity, the Four Great Sects won't let you go, so just wait for death!" Zhang Shan laughed wildly, his voice manic and excited.

Through the previous battle, he already knew he couldn't kill Xu Nian.

Now that he knows Xu Nian is a descendant of the Divine Demon Sect, he naturally feels utmost relief.

Xu Nian chuckled softly, his eyes playfully looking at Zhang Shan.

"Since I dared to say these words, I'm naturally not afraid of the Four Great Sects. My life or death remains unknown, but you will surely die today." Xu Nian smiled devilishly, his grin like a death sentence for Zhang Shan.

Upon hearing this, Zhang Shan's face changed instantly.

In the next moment, he prepared to flee.

However, how could Xu Nian let his wish come true, transforming into a long rainbow, appearing directly in front of Zhang Shan.

"Die!"

Then he punched out.

Zhang Shan, shocked, was just about to lift his knife to block.

Yet Xu Nian's fist was even faster; before the curved blade could fall,

Xu Nian's fist had already smashed into Zhang Shan's head.

In the next moment, Zhang Shan's head burst like a watermelon.

Zhang Shan died on the spot!

Now, Xu Nian's soul and Gang Qi had merged into a new power long ago.

One punch, its power vastly greater than before.

Zhang Shan was merely ordinary among the Late Stage Earth Immortal Realm.

How could he withstand Xu Nian's punch.

The crowd saw Zhang Shan being blasted to death, now though they had foreseen it, witnessing it was still incredibly shocking.

Looking at the other side, Li Yu at this moment also felt like spitting blood in depression.

He heard about Xu Nian's identity as a descendant of the Divine Demon Sect too.

Since Zhang Shan fought with an avatar who was a Gang Immortal, then his real opponent must be a Spirit Cultivator.

But when fighting with Xu Nian, he didn't even need to defend.

His attacks slashed at Xu Nian's clothes, not even leaving a scratch.

Even more detestable, Xu Nian had reached Fourth-level Heaven in Wind Attribute Dimension Cutting Profound Argumentation.

Every sword strike was incomparably strong.

While his Light Attribute was also in the Fourth-level Domain, in terms of sharpness it was no match for Xu Nian's attacks.

Plus, Xu Nian didn't need to defend, every strike was a killing move.

He was utterly suppressed, having no power to fight back.

Originally he thought this guy's True Essence would run out, going for a war of attrition with him.

But unexpectedly, Xu Nian's True Essence was even more abundant than his Immortal Essence, after hundreds of moves, he could not hold on, while Xu Nian seemed unfazed.

Now seeing Zhang Shan killed, Li Yu also had the intent to retreat.

"It should end!"

But just at this moment, he heard a cold voice in his ear.

In the next second, Li Yu felt a chill at his back.

Looking in front, where was Xu Nian's shadow anymore.

Li Yu's heart was terrified, his neck stiffly turned.

As he turned, an extreme Sword Radiance flashed before his eyes.

In the next moment, Li Yu's gaze became dull.

He muttered, "Instant... Instant Teleportation!"

Only at this moment did Li Yu realize, the hundreds of moves just now were Xu Nian toying with him.

With deep unwillingness, his figure split in two.

The whole scene was dead silent.

Even those Peak of Earth Immortal Realm powerhouses lurking in the shadows who were eager to move fell silent.

Chapter 1123: Journey with Seven Women

The storm was suppressed by Xu Nian with thunderous methods, and those pinnacle Earth Immortal powerhouses who were initially restless finally stifled their impulses.

They weighed the options in their hearts and realized that even if they exerted all their strength, they might not be able to kill Xu Nian.

After all, Xu Nian had a defensive Immortal Artifact, a soul defensive Immortal Artifact, the terrifying ability to instant teleport, and a very hard-to-kill Divine Demon Avatar.

With so many abnormal skills, killing him would be far too laborious.

The powerhouses retreated, and the storm thus subsided.

The members of the Heavenly Court Gang were immediately excited, cheering madly. Xu Nian's strength made their blood boil.

Now Xu Nian has become their supreme leader, the person they admire the most in their hearts.

At this moment, they felt deeply proud to be a part of the Heavenly Court Gang.

It wasn't just them; even many cultivators on the Tianlan Continent were impressed by Xu Nian's domineering display and chose to join the Heavenly Court Gang.

As a result, the influence of the Heavenly Court Gang grew to an unprecedented level.

The membership of the Heavenly Court Gang on Tianlan Star alone reached two hundred thousand.

Two hundred thousand cultivators—just the thought of it was terrifying.

Inside the grand hall where the Heavenly Court Gang resided, everyone was gathered there.

"Congratulations to the Gang Leader for successfully crossing the tribulation and stepping into the realm of Earth Immortal," Wu Gang and others said excitedly.

The others were also excited; Xu Nian's strength had just left an indelible impression on them.

At this moment, Xu Nian was dressed in a white robe, full of vigor and spirit.

As for the Divine Demon Avatar, he had already absorbed it into his own body.

"Thank you all for your hard work during this time. I have some Spirit Stones and pills here, as well as the body of a True Dragon. Wu Gang, distribute them to the brothers as a reward." Xu Nian waved his hand, and a storage ring appeared in Wu Gang's hand.

It contained all the wealth of the four Earth Immortals that Xu Nian had just killed, and Xu Nian had already inspected it.

The Spirit Pills and Spirit Stones in those four's possession were indeed quite plentiful, with no fewer than ten billion top-grade Spirit Stones combined.

More than he had obtained after raiding the entire Tianxing Sect.

Wu Gang took the storage ring, his expression extremely excited.

Of course, his excitement wasn't due to the Spirit Pills and Spirit Stones, but the body of the True Dragon.

This was a True Dragon!

A legendary being comparable to the Heavenly Immortal Realm.

Although its bloodline had already been drained by Xu Nian, its flesh still contained immense energy.

Consuming it would surely be beneficial.

Even if it had no effect on cultivation, eating the meat of a True Dragon would give them bragging rights for a lifetime.

"Thank you, Gang Leader!" Wu Gang and the others said excitedly.

The next moment, they led the crowd out of the grand hall.

Thus, only a few women and Xu Nian were left inside the hall.

"Xu Nian, are you really a member of the Divine Demon Sect?" Murong Xue hesitated for a moment and said.

"Yes, my life was saved by my Master, Bai Tianhan. I promised him to expand the Divine Demon Sect," Xu Nian said with a nod.

Murong Xue frowned slightly and said, "Then are you aware of the impact revealing your identity might have?"

"I am aware."

Xu Nian nodded and then said, "But if they dare to come, I don't mind slaughtering them all."

Actually, Xu Nian had thought it through thoroughly. Since he dared to reveal his identity, he was ready for a complete break from the Four Great Sects.

Besides, even if he didn't reveal his identity, the Four Great Sects wouldn't let him go.

After all, in the Boundary Land, Xu Nian had already disgraced the Four Great Sects.

Of course, the most critical thing was that it was time for the Divine Demon Sect to rise, and now he had a certain ability to protect himself.

"Don't underestimate the Four Great Sects; they have many powerhouses within. If they strike, even a Peak of Primordial Immortal powerhouse is doomed to die," Murong Xue said.

Xu Nian was somewhat surprised; even a Peak of Primordial Immortal powerhouse was doomed to die.

It seemed he had indeed underestimated the Four Great Sects.

"Xu Nian, what do you plan to do next?" Leng Yanran suddenly stepped forward and asked.

"I plan to take Murong Xue back to the Tianhen Continent for a visit," Xu Nian thought for a moment and said.

Leng Yanran hesitated upon hearing this.

"I want to go too, can you take me along?" Zhao Yanyun said straightforwardly.

"Sure!" Xu Nian thought for a moment and said.

"Then take Sister Yanran and Sister Xiaoxiao along, too!" Zhao Yanyun quickly said, seeing Leng Yanran's hesitation at the side and seizing the opportunity.

"Oh? If Yanran wants to go, of course, she can come too, but as for Han Xiaoxiao, she is still in seclusion, I'm afraid..." Xu Nian thought for a moment and said.

"Who said I am in seclusion? I have long been out, it's just that certain someone didn't see me." Han Xiaoxiao walked in from outside the hall.

To Xu Nian's surprise, Bai Lingxue and Hong Xiang followed her in.

"So you're going too?" Although surprised by Bai Lingxue and Hong Xiang's arrival, Xu Nian didn't inquire further but asked Han Xiaoxiao instead.

"Why not go? Not only will I go, but they will also go with me." Han Xiaoxiao pointed to Hong Xiang and Bai Lingxue beside her.

Xu Nian was dumbfounded.

He planned to take Murong Xue back to try and restore her memory.

What business did they have in coming along?

"Xu Nian, don't misunderstand, I want to go back to the island and visit my Master," Hong Xiang explained.

"Right, I also want to pay respects to the Grandmaster," Bai Lingxue said.

Upon hearing this, Xu Nian naturally couldn't refuse.

"Can I come along too?" At this moment, a voice rang out.

Xu Nian froze again because the speaker was Xuanyuan Qingling.

Xuanyuan Qingling wasn't from the Tianhen Continent, so she had no reason to go back. Her proactive request naturally surprised Xu Nian.

"I heard there is a massive Immortal Treasure in the deep sea of the Tianhen Continent, and I want to take a look," Xuanyuan Qingling thought for a moment and said.

"Alright! Let's all go together then!" Xu Nian agreed.

Finally, he turned his head to look at his sister, Xu Xin.

Xu Xin glanced at the several women beside Xu Nian, then shook her head, "I won't go back. Just send my regards to our mother."

Xu Nian smiled bitterly and nodded.

Thus, those returning to the Tianhen Continent were decided upon.

Besides him, there were Leng Yanran, Zhao Yanyun, Murong Xue, Han Xiaoxiao, Hong Xiang, Bai Lingxue, and Xuanyuan Qingling—seven women in total.

All seven were exceptionally beautiful.

He couldn't imagine the scene they'd make appearing together.

Of course, the Tianhen Continent wasn't particularly dangerous; even if there were dangers, they could protect themselves with their strength.

Otherwise, even if Xu Nian were beaten to death, he wouldn't take so many women back at once.

The next morning, Xu Nian set off with the seven women for the Tianhen Continent.

Everywhere they passed, they invariably attracted countless eyes.

After all, these seven women gathered together were simply too explosive.

Xu Nian felt helpless; traveling with the seven women, he was under immense pressure.

Since Xuanyuan Qingling was also leaving this time, although the Heavenly Court Gang didn't need Xu Nian to manage it directly, someone had to remain there to hold the fort.

Thus, Xu Nian secretly left his Divine Demon Avatar behind, just in case.

Chapter 1124: The Upheaval of Dark God Island

Xu Nian, accompanied by seven women, quickly arrived at the edge of the Forbidden Sea.

Looking at the thunder-filled barrier of the Forbidden Sea, his eyes were full of emotion.

He recalled how in those days, he breached the barrier of the Forbidden Sea and stepped into the Cultivation World when he was merely at the Zifu Realm.

Now, years have passed, and he has already reached the Earth Immortal Realm.

The barrier, once overwhelmingly powerful to him, no longer posed any threat.

"Beyond this thunder barrier lies the domain of the Forbidden Sea. At that time, your cultivation will be suppressed, limited to that of the Supreme Battle Emperor. However, even so, your strength will still surpass many," Xu Nian said to the seven women.

In reality, he was speaking to Xuanyuan Qingling, Murong Xue, Bai Lingxue, and Han Xiaoxiao.

The other three women were from the Tianhen Continent, so they naturally knew the characteristics of this forbidden barrier.

The four women nodded, their eyes filled with anticipation.

Although the continent they were headed to was called the Lost Land, it was a place that had nurtured a genius like Xu Nian.

This indicated that the continent was not as worthless as the rumors suggested.

"Let's go!"

Xu Nian said to the seven women.

Then he led the way towards the barrier.

Among the seven women, Zhao Yanyun and Leng Yanran were the weakest in terms of strength.

Yet even the weakest possessed Harmonization-level cultivation, so this barrier was no hindrance to them.

"Buzz!"

Xu Nian passed through the barrier, the thunder striking his body.

It was like a mere tickle, causing no harm whatsoever.

While the other women used True Essence to resist, he did not employ any defense at all.

Soon, the group of eight successfully traversed the forbidden barrier.

Upon crossing the forbidden barrier, Xu Nian immediately felt a power of law exerting upon him.

It suppressed his cultivation to the Supreme Battle Emperor Realm.

However, his prowess in the Supreme Battle Emperor Realm was incredibly formidable, an almost invincible presence.

After all, only his cultivation was suppressed; he could freely utilize the Realm of Profound Argumentation and other skills.

"Such barren spiritual energy, and it's extremely violent too; no wonder this place is called the Lost Land," Han Xiaoxiao remarked, feeling the suppression of her cultivation and assessing the surrounding spiritual energy.

The other six women, except for Zhao Yanyun, Leng Yanran, and Hong Xiang, were mentally prepared for this.

The other four found it quite uncomfortable, even after Xu Nian's reminder.

"The spiritual energy may be barren, but it is not violent on the mainland; its violent nature here is solely due to its depth within the Forbidden Sea," Xu Nian explained again.

The four women nodded, beginning to slowly adapt to their suppressed cultivation state.

Their strengths were not low, so naturally, they could adapt quickly.

"Let's go! We shall first visit Dark God Island and meet the Dark God Island Master!" Xu Nian said to the group of women.

The women all nodded in agreement.

Especially Hong Xiang and Bai Lingxue.

Their return was mainly to see the Dark God Island Master.

If possible, they wished to invite him back to the Heavenly Array Sect to rebuild its strength.

The flying speed of Xu Nian and the seven women was swift, and they soon traversed the vast Forbidden Sea, reaching the near seas of the Tianhen Continent.

"Ahead lies the territory of Dark God Island," Xu Nian pointed to a small black dot in the distance.

They were now only a hundred miles away from this black dot.

Given Xu Nian's mastery of the Space Shuttle Profound Argumentation, he could now perform instant teleportation anywhere within a hundred miles.

Should he wish, he could instantly reach Dark God Island.

The seven women gazed at the island ahead with eager eyes as well.

Especially Hong Xiang, Zhao Yanyun, and Leng Yanran, who had spent a long time on Dark God Island.

Returning now evoked a sense of familiarity.

Xu Nian also smiled continually, feeling an overwhelming sense of familiarity.

Suddenly, Xu Nian's expression changed.

"What's the matter?" Xuanyuan Qingling, attuned to Xu Nian, was the first to notice his change in expression.

"Something seems to have happened to Dark God Island. I'll go take a look first," Xu Nian said, and the next moment, he vanished into thin air.

The expressions of the seven women also turned cold instantly, indicating that this visit would not be as smooth as expected.

After all, for Xu Nian to react in such a manner meant Dark God Island had encountered significant trouble.

"Buzz!"

Above the island, Xu Nian appeared out of nowhere.

He looked down at the island, his brows furrowing instantly.

The Spirit Gathering Array that once enveloped the entire island was now absent.

The island's vegetation had also disappeared, leaving the island in complete disarray.

Clearly, Dark God Island had recently been through a major battle.

Xu Nian frowned tightly. Earlier, when he used his spiritual sense to sweep the island, he had noticed something amiss.

Upon closer inspection, it was confirmed.

Now, utilizing his spiritual sense throughout the island, Xu Nian found no sign of anyone.

The original disciples of Dark God Island and the Dark God Island Master were nowhere to be seen.

"What's going on? Who in the entire Tianhen Continent could defeat the Dark God Island Master?" Xu Nian pondered with a furrowed brow.

The Dark God Island Master's power had reached the Peak of Tribulation Crossing.

Even if his realm was suppressed, he was at the Pseudo Tribulation Level of a Supreme Battle Emperor.

Moreover, being a top-grade Array Master, even a strong Earth Immortal Realm cultivator would struggle to harm him.

Yet now, Dark God Island lay in ruins.

"Whiz, whiz, whiz!"

Seven streams of light flew over.

The seven women appeared above Dark God Island, surprised as they surveyed the ruins below.

"What happened here? Where is my master?" Hong Xiang asked impatiently.

"I've already used my spiritual sense to probe a thousand-mile radius of the sea and found no trace of the island master. Besides, there are obvious signs of a fight on the island; those who fought were quite powerful. If I'm not mistaken, it seems the island master had a conflict with someone, but the destruction on the island is not severe, indicating the opponent was very strong, and the island master was not his match," Xu Nian analyzed as he examined the surroundings.

Hong Xiang and others grew tense upon hearing this: "Then my master..."

"However, there is no corpse on the island, so I guess the island master is still alive—either escaped or captured. The likelihood of his escape is high," Xu Nian reassured.

In truth, it wasn't just reassurance; after all, the island master's strength was quite formidable.

Hong Xiang slightly relaxed upon hearing this.

Still, she was nervous, pondering who could possess such power to force her master to abandon Dark God Island.

"Alright then, wait here on the island for a while; I will visit the Four Great Sea Clans and see if they know anything," Xu Nian said to the seven women.

The seven women nodded in agreement.

"Be careful!" Xuanyuan Qingling and others advised.

Xu Nian nodded, disappearing the next moment.

The seven women then began to rebuild Dark God Island, striving to restore it to its original state.

Chapter 1125: Storm Shark Emperor

Xu Nian used instant teleportation to appear directly in the depths of the ocean.

Based on his memory, he quickly determined that this was the territory of the Shark Clan.

Back then, Xu Nian had helped Lie Tian kill the original Shark Emperor and supported him to rise to the throne.

If nothing unexpected happened, the current Shark Emperor should still be Lie Tian.

Under Xu Nian's spiritual sense, he quickly identified the location of the Shark Clan's underground palace.

With a thought, Xu Nian once again used instant teleportation.

The next moment, Xu Nian appeared at the gate of the Shark Emperor's underground palace.

"Who goes there!"

Two Shark Clan members stared at the suddenly appearing Xu Nian, first surprised, then blocking him with steel tridents.

"Let Lie Tian come see me." Xu Nian said casually to the two Shark Clan members.

These two were only at Battle General Level strength.

Killing them would be effortless for Xu Nian.

So he couldn't be bothered to argue with them.

"We don't have anyone named Lie Tian here; leave if you know what's good for you. This isn't a place you should be." One of them yelled.

The other Shark Clan member, however, looked puzzled.

Lie Tian, that name sounds familiar.

Seemed like he'd heard it somewhere before.

Xu Nian paused, then seemed to realize something, "Bring your Shark Emperor to see me."

The members of the Shark Emperor's group might not know the name of their Shark Emperor, so when Xu Nian said Lie Tian, they naturally didn't know who he meant.

But when he said that, the faces of the two Shark Clan members changed.

This guy came looking for their Shark Emperor?

No, he's looking for the Sky Splitting Shark Emperor!

Doesn't he know that the Sky Splitting Shark Emperor is already...

The two Shark Clan members exchanged a glance, seeming to come to a decision.

The one who had shouted at Xu Nian earlier yelled again, "Our Shark Emperor isn't someone you can see, you'd better scram if you know what's good for you!"

"Yes, you should leave; our Storm Shark Emperor is resting, and if you disturb him, you'll pay with your life." The other member hesitantly added.

"Storm Shark Emperor?" Xu Nian heard these words and saw the expressions of the two Shark Clan members, immediately understanding that something had happened to Lie Tian.

Without a second thought, he waved his sleeve, sending the two flying over a hundred miles away.

Xu Nian did not harm them, only sent them flying.

After all, these two had been advising him to leave, clearly out of concern for his safety.

Having sent them flying, Xu Nian headed straight for the Shark Clan's main hall.

"Who goes there!"

Along the way, many Shark Clan powerhouses tried to block Xu Nian.

Each was effortlessly sent flying with a wave of Xu Nian's hand.

These Shark Clan powerhouses were merely of Demon Emperor Realm, unable to resist Xu Nian.

"Supreme Battle Emperor!"

The Shark Clan strongmen were shocked, marveling at this youth's power.

Xu Nian made his way unimpeded, directly arriving in the grand hall of the Shark Clan's underground palace.

At this moment, many powerful individuals were gathered in the Shark Clan's grand hall, including several of Supreme Demon Emperor Level.

Yet these Supreme Demon Emperors were entirely ignored by Xu Nian.

His gaze fell upon a middle-aged man in a golden dragon robe sitting above the hall.

This man wore a golden robe and had two long whiskers.

A cluster of golden scales adorned his forehead, his sharp gaze intimidating.

In his arms sat a beautiful woman.

This woman's face showed defiance and hatred.

She was clearly being coerced.

Xu Nian recognized this woman; she was the former Shark Empress who had been involved with Lie Tian.

Xu Nian instantly saw that the Shark Empress's cultivation had been sealed.

He was filled with emotion; before, Lie Tian had cuckolded the previous Shark Emperor, and now the same fate had befallen him.

Though this Shark Empress likely wasn't a willing participant, it's clear she had been forced.

As for this new Shark Emperor, Xu Nian was a bit surprised.

This Shark Emperor's capability wasn't low, having reached the Pseudo Tribulation Level of the Supreme Battle Emperor Realm.

Such cultivation meant without the world's restrictions, he would be a true Tribulation Crossing Realm expert.

The Tianhen Continent's ocean, with its scarce spiritual energy, would find a Pseudo Heavenly Phenomenon already impressive, yet the Storm Shark Emperor reached Pseudo Tribulation, truly rare.

While Xu Nian assessed the Shark Emperor, the Storm Shark Emperor noticed Xu Nian but could not discern his cultivation, merely assuming he was a mere Supreme Battle Emperor, thus looking down on him.

The Shark Empress seemed surprised, her eyes lighting up briefly before dimming again.

She naturally recognized Xu Nian.

She had witnessed Xu Nian kill the former Shark Emperor, a scene etched into her memory.

Her brief hope was that Xu Nian, having a close relationship with Lie Tian, might save his life.

But considering Storm's prowess, she dismissed the thought.

Now, she only wished Xu Nian would leave quickly and not lose his life in vain.

"Human, who are you?" the Storm Shark Emperor asked contemptuously.

"Who I am is none of your concern; I should be asking who you are?" Xu Nian coldly replied to the emperor on his lofty throne.

"Haha, who I am? You don't know me yet dare to come here?" The Storm Shark Emperor laughed.

The Supreme Battle Emperors in the hall laughed along.

They looked at Xu Nian as if he were already dead.

"Human, it's been years since I've tasted human flesh. It's my birthday today; you're just right for a feast. You asked who I am? Let me tell you, I am the emperor of the Shark Clan, known as Storm!" the Shark Emperor sneered.

The nine Supreme Battle Emperors in the hall also sneered.

"Shark Clan's Emperor? Isn't Lie Tian the Shark Emperor?" Xu Nian feigned ignorance.

"You must leave! Lie Tian has been imprisoned by him; you can't defeat him, go quickly!" The Shark Empress cried out.

"Bitch!" The Storm Shark Emperor raged, slapping the Shark Empress across the face.

Xu Nian instantly grasped the situation.

It turned out Lie Tian wasn't dead, only imprisoned.

This, indeed, was good news.

"Hmph, since you're here, don't think of leaving alive. Nine protectors, capture him for me, alive," the Storm Shark Emperor ordered.

"Yes!" The nine Supreme Battle Emperors shouted, encircling Xu Nian.

Xu Nian saw this and smiled slightly.

To think these nine, not even at Pseudo Tribulation, could stop him; they underestimated him.

But Xu Nian was curious.

When he visited the Shark Clan before, there weren't this many Supreme Battle Emperors.

In just a few years, their number had increased dramatically.

And they were all unfamiliar faces, where did these people come from?

Seeing this, the Shark Empress sighed inwardly.

Wasn't this guy clever?

How could he be so foolish now?

Even after her warning, he still wouldn't leave.

Now, escape seemed impossible.

"Is this our fate?" The Shark Empress despaired.

Soon, her expression froze, eyes wide in shock.

Xu Nian strolled leisurely, the nine Supreme Battle Emperors unable to approach, crushed into pulp as if struck by a force.

Chapter 1126: Lord Zhong Mo

The Shark Empress could hardly believe her eyes.

What is going on?

How did these nine Supreme Battle Emperors suddenly become meat paste?

These are experts at the Supreme Battle Emperor Level!

Among them, four were even at the Pseudo Heavenly Phenomenon Level.

In the past, they were on the same cultivation level as the Four Emperors.

But now they've inexplicably turned into meat paste, how is this possible?

The Shark Emperor, who had been sitting high on the dragon throne, also suddenly stood up, looking at Xu Nian with intense shock.

"Profound Argumentation... are you from the Cultivation World?" the Storm Shark Emperor asked in surprise.

Although the Supreme Battle Emperor can be divided into Pseudo Purple Mansion, Pseudo Void, Pseudo Harmony, Pseudo Heavenly Phenomenon, Pseudo Tribulation.

But their bodies have never undergone the baptism of True Essence, and their physical strength remains at the Battle Emperor Realm.

Moreover, they have never practiced Profound Argumentation.

They haven't even touched the threshold of Profound Argumentation, and some haven't even heard of what Profound Argumentation is.

Such Supreme Battle Emperors, in front of Xu Nian, are not even as good as a real Zifu Realm.

Even with Xu Nian's cultivation being suppressed, it remains the same.

"So, it seems you know quite a bit, being able to tell I'm from the Cultivation World. Very well, let me ask you something, and if you can answer me truthfully, I will spare your life," Xu Nian said, looking at the Storm Shark Emperor.

The eyes of the Storm Shark Emperor showed indecision as if hesitating.

Beside him, the Shark Empress looked as though she wanted to speak but stopped, feeling unwilling.

"Hmph, so what if you're from the Cultivation World? I am an expert at the Pseudo Tribulation Level," the Storm Shark Emperor snorted coldly.

Feeling extremely dissatisfied.

He is an expert at the Pseudo Tribulation Level. If he really made a move, he doesn't believe he's not a match for this guy.

"Is Pseudo Tribulation very strong?" Xu Nian sneered.

In the next moment, the Space Folding Profound Argumentation was employed.

Directly pulling the Storm Shark Emperor over horizontally.

The Storm Shark Emperor only felt a blur in front of his eyes, and then the next moment he was before this human.

"You... what on earth did you do?" the Storm Shark Emperor struggled desperately, yet he found that he couldn't move at all.

At this moment, he felt like he was being squeezed between two mountains, even breathing was extremely difficult.

Xu Nian looked at the Storm Shark Emperor with amusement in his eyes.

The Shark Empress beside him also showed a face of shock.

The powerful Storm Shark Emperor actually had no strength to fight back in front of Xu Nian?

In just a few short years, Xu Nian had become so powerful?

However, in her heart, she felt immense joy.

With this, her husband could be saved, her daughter could be saved.

"Do you still think you're strong now? I won't lie, killing you is as easy as crushing an ant," Xu Nian said with a cold smile to the Storm Shark Emperor.

The Storm Shark Emperor's face showed anger, and his eyes were filled with strong unwillingness.

However, the more he resented, the more pressure he felt on his body.

At this moment, he felt like his internal organs were being squeezed out.

"You can't kill me. If you kill me, Lord Zhong Mo won't let you go," the Storm Shark Emperor howled in pain.

Upon hearing the name Zhong Mo, the Shark Empress instinctively shrank her pupils, revealing fear in her eyes.

Xu Nian naturally noticed this detail and immediately asked, "Lord Zhong Mo? Who is he?"

"Lord Zhong Mo is the overlord of this Forbidden Sea. The Four Great Sea Clans have already submitted to him. In the near future, he will attack the East Sea, and even the entire Tianhen Continent," the Storm Shark Emperor said proudly.

"Overlord of the Forbidden Sea?" Xu Nian was taken aback.

The so-called Forbidden Sea is the sea area where the Four Great Sea Clans are located.

And the coastal area of Tianhen Continent became the East Sea.

Back then, Xu Nian killed the Sea Demon King of the East Sea, unified the entire East Sea, and even established the Dragon God Palace.

However, the area of the East Sea is still too small; compared to the Forbidden Sea, it is no larger than a palm.

Now that Zhong Mo has become the overlord of the Forbidden Sea, it is conceivable that his strength must be formidable.

The key point is, Xu Nian suspected the annihilation of Dark God Island might be related to Zhong Mo.

"Zhong Mo's true form is a Taotie, incredibly powerful. Now the Four Great Sea Clans are under his control. My husband refused to submit, so he supported this Storm, elevating his strength to the Pseudo Tribulation Level. My husband was simply no match for him. Not only that, but the nine Supreme Battle Emperors you just killed were also created by Zhong Mo," the Shark Empress finally spoke.

"Creating Supreme Battle Emperors?" Xu Nian was a bit amazed.

He didn't expect Zhong Mo to be an Ancient Divine Beast Taotie.

But where did this guy come from, and why did he suddenly appear in this Forbidden Sea?

"Hmph, Lord Zhong Mo's divine skills are not something you can comprehend. He came from the Divine Domain; even in the Cultivation World, few can be his match," the Storm Shark Emperor coldly snorted.

Xu Nian shook his head, thinking that this statement was too exaggerated.

How big is the Cultivation World?

The Storm Shark Emperor probably couldn't even imagine it.

The Nine Great Star Regions are vast, with countless hidden experts cultivating silently.

Even the Sect Masters of the Four Great Sects wouldn't dare claim to be invincible in the world.

"Was Dark God Island attacked by Zhong Mo?" Xu Nian asked the Shark Empress.

"Yes, not long ago, Zhong Mo, to solidify his position in the Forbidden Sea, attacked Dark God Island. The Dark God Island Master was defeated by him and has now retreated to the continent," the Shark Empress said.

Her movement hadn't been restricted, so she had gathered quite a bit of intelligence.

"Wretch, it's not your place to speak here," the Storm Shark Emperor roared furiously.

Seeing this, Xu Nian waved his sleeve, directly releasing the seal on the Shark Empress.

"He's yours now. Kill or spare him, it's up to you," Xu Nian said to the Shark Empress.

Upon hearing this, the Shark Empress immediately summoned a sharp sword.

In the next moment, without hesitation, she pierced the Storm Shark Emperor's heart with it.

"No..." the Storm Shark Emperor howled.

The Shark Empress's eyes turned sharp, filled with immense hatred, as she stabbed once again.

This time, the sword went straight through the Storm Shark Emperor's forehead.

Without even being able to counterattack, the Storm Shark Emperor was mercilessly slain.

After killing the Storm Shark Emperor, the Shark Empress seemed to be released from a burden.

But soon, she remembered something and hurriedly rushed out of the hall.

When she returned, a middle-aged man was already beside her.

Behind them, there was an incomparably cute little girl.

Back then, when Xu Nian was around, the Shark Empress was already pregnant.

Little did he expect that by now, her daughter was already so big.

As for the middle-aged man, he was the imprisoned Lie Tian.

"Lie Tian greets his benefactor, thanking him for saving my life," Lie Tian said upon seeing Xu Nian, hurriedly bowing down.

The Shark Empress also quickly followed suit in kneeling, along with their young daughter.

Chapter 1127: From the Dark Abyss

"Stand up!" Xu Nian said directly.

With that, he raised his hand and Lie Tian was lifted up by an invisible force.

Feeling this force, Lie Tian was full of surprise.

Previously, he had heard from the Shark Empress that Xu Nian had slain the Storm Shark Emperor.

Such immense power, he had been skeptical yet now...

Just this action alone made him feel Xu Nian's strength.

"Big brother, you look so handsome!" At this moment, a childish voice rang out.

Xu Nian looked at the little girl who was like a porcelain doll and smiled.

This little one was the daughter of the Sky Splitting Shark Emperor, named Yuanyuan.

"Yuanyuan, do not be rude. You should call him uncle, not brother," Lie Tian immediately reprimanded.

"It's alright, Yuanyuan is just speaking the truth," Xu Nian said with a smile.

Lie Tian gave a wry smile.

Who compliments themselves like that?

But it made him feel closer to Xu Nian.

The Shark Empress also had a face full of smiles.

Now that Xu Nian had saved her whole family, her heart was filled with immense gratitude.

Seeing Xu Nian caring for her daughter like this made her even happier.

"Big brother, since this is our first meeting, shouldn't you give a meeting gift?" Yuanyuan said mischievously.

Upon hearing this, Xu Nian couldn't help but laugh.

This little girl was quite clever.

"Yuanyuan, don't cause trouble!" Lie Tian reprimanded again.

He feared that Yuanyuan's words might anger Xu Nian.

"Alright, of course there should be a meeting gift. However, uncle was in a hurry this time and didn't prepare anything specific, so how about this?" Xu Nian smiled, and a crystal-like ceramic doll appeared in his hand.

This doll was carved by Xu Nian just now using top-grade Spirit Stones.

"What a beautiful doll, I love it!" Yuanyuan happily took the doll and couldn't stop playing with it.

"This is... a top-grade Spirit Stone? I can't accept this, absolutely not." Lie Tian recognized the material of the doll in Xu Nian's hand and exclaimed in shock.

On Tianhen Continent, Spirit Stones were incredibly precious.

Let alone a top-grade Spirit Stone.

So when Lie Tian saw the top-grade Spirit Stone, he naturally thought it was valuable.

The Shark Empress was also full of surprise.

"It's fine, I have plenty of top-grade Spirit Stones, piled up like mountains. Giving one to Yuanyuan is nothing. The key is this Spirit Stone contains a top-grade Array, which can protect her in a critical moment," Xu Nian said with a smile.

He originally didn't want to say this, but he feared that the Sky Splitting Shark Emperor and others wouldn't know, so he decided to explain.

The Sky Splitting Shark Emperor and Shark Empress were both shocked.

A top-grade Array?

How powerful must that be?

Such an array could withstand the attacks of a true Earth Immortal Realm master.

Unexpectedly, Xu Nian gifted such a precious treasure to Yuanyuan, leaving them absolutely astounded.

In reality, they had no idea that Xu Nian had casually sketched the array inside.

If they knew, who knows what they would think.

After playing with Yuanyuan for a while, the Shark Empress took Yuanyuan and left.

In the entire grand hall, only Xu Nian and the Sky Splitting Shark Emperor remained.

"Not bad, you've reached the Pseudo Harmony Realm in the Supreme Battle Emperor Realm. It seems you haven't been idle these years," Xu Nian said with a smile.

When he first met Lie Tian, he was only in the Pseudo Void Realm.

Although he had only advanced one level.

This level of elevation was very difficult to achieve.

Generally, it takes at least ten to dozens of years.

After all, their level corresponds to the big realm of the Cultivation World.

Even if reached in the Cultivation World, it requires a considerable amount of time to consolidate, as it's not mere cultivation.

So for Lie Tian to ascend to the Pseudo Harmony Realm within a few years is truly not an easy task.

"My lord, you overpraise me. Compared to you, my small progress is nothing," Lie Tian humbly smiled and said.

Of course, these words came from his heart.

Compared to Xu Nian's progress, he really couldn't measure up.

Xu Nian smiled and didn't explain further, instead asked, "What's the deal with Zhong Mo? Do you know what level his cultivation is?"

Upon hearing the name Zhong Mo, Lie Tian immediately became serious, a trace of fear flashing in his eyes.

"I'm not sure about the specifics, but it's said that Zhong Mo escaped from the Dark Abyss in the depths of the Forbidden Sea. His strength is terrifying, even the Dark God Island Master is no match for him at all," Lie Tian said.

Xu Nian was stunned.

Zhong Mo was actually that powerful?

The Dark God Island Master isn't even a match for him?

Doesn't that mean his strength is at least in the Pseudo Earth Immortal Realm?

Besides other matters, Xu Nian knew very well that the Dark God Island Master, though at the Pseudo Tribulation level and a Supreme Battle Emperor, was truly at the Tribulation Crossing Realm repressed level, meaning he had comprehended the Profound Argumentation.

And he had already stepped into the Domain Realm.

As for how many levels reached, Xu Nian didn't know, but it should be more than the First Level.

In addition, the Dark God Island Master was a Top-grade Array Master.

Such strength wasn't a match for even Zhong Mo's single move, which was truly shocking to Xu Nian.

But what shocked Xu Nian the most was that this guy actually came from the depths of the Forbidden Sea.

That meant he escaped from the Immortal Treasure.

Unexpectedly, there were living beings within the Immortal Treasure. So, does that mean there are other strong beings within it?

"Have the Four Sea Demon Clans already submitted to him?" Xu Nian asked.

"Yes, except for me, the other three Demon Emperors have already submitted. But you can't blame them, as Zhong Mo is indeed too strong, and his methods extremely cruel. Whoever didn't submit to him was brutally killed," the Sky Splitting Shark Emperor said angrily.

Clearly, he strongly disapproved of Zhong Mo's actions.

"Do you know where Zhong Mo is now?" Xu Nian asked.

"Yes, this guy established a palace on the edge of the Dark Abyss, named the Divine Palace, where he resides. The Four Sea Demon Emperors must pay tribute with ten beauties every month, or they'll face extremely severe punishment," the Sky Splitting Shark Emperor replied.

Upon hearing this, Xu Nian expanded his Spiritual Sense towards the Dark Abyss.

Indeed, he soon discovered a huge palace near the Dark Abyss.

This palace was even protected by an extremely formidable Array.

Even Xu Nian's Spiritual Sense Power couldn't penetrate it.

"It seems Zhong Mo is indeed very strong!" Xu Nian thought to himself.

He then turned to the Sky Splitting Shark Emperor and said, "I'm going to meet Zhong Mo. Do you dare to come with me?"

The Sky Splitting Shark Emperor was taken aback but quickly firmed up and said, "Why not? At worst, it's just a death!"

Xu Nian smiled slightly, then grabbed the Sky Splitting Shark Emperor and disappeared from the spot.

The Sky Splitting Shark Emperor felt a dizzying whirl, and in the next moment, found himself standing in front of the Divine Palace.

"Is... is this the legendary Instant Teleportation?" The Sky Splitting Shark Emperor said, utterly shocked.

Chapter 1128: Battle Against Zhong Mo

Xu Nian looked at the bewildered expression on the Sky Splitting Shark Emperor's face and couldn't help but smile.

It wasn't just him; even the Earth Immortal Experts in the Cultivation World would be astonished by his Instant Teleportation.

Within a hundred miles, he could arrive in the blink of an eye. Such a technique was simply defying the heavens.

In the future, as Xu Nian's understanding of Space Profound Argumentation deepens, the distance of his teleportation would only grow further.

Don't even mention teleporting from here to the Imperial Capital of Tianhen Continent, it's not impossible to teleport from Tianlan Star to another planet.

Of course, the farther the teleportation, the greater the energy consumption.

"Is this the Demon God Palace?" Xu Nian pointed at the enormous palace in front of him and asked.

They were already at the edge of the Dark Abyss, and at this moment, he could clearly feel the oppressive force emanating from it.

Deep within this Dark Abyss lies the Immortal Treasure Land.

This guy building a palace at the edge of the Dark Abyss suggests he might indeed originate from it.

"That's right, this is the Demon God Palace. Zhong Mo calls himself the Demon God, and it was under his orders that the Four Sea Demon Emperors built this palace," the Sky Splitting Shark Emperor quickly nodded and said.

Looking at the Demon God Palace, his eyes turned complicated.

Thinking of the might of Zhong Mo, he still felt somewhat insecure.

Even though his trust in Xu Nian was unconditional, Zhong Mo was undoubtedly powerful.

Xu Nian ignored Lie Tian and flew towards the Demon God Palace.

Soon, he sensed a powerful barrier blocking his path.

"It's indeed a Top-grade Array!" Xu Nian observed the barrier in front of him, a hint of surprise on his face.

The array covering the Demon God Palace turned out to be a Top-grade Defense Array.

Such an array was something even the Dark God Island Master couldn't set up.

Almost no one on Tianlan Star could set up such an array.

However, for Xu Nian, this was not a major difficulty.

"Master, the array covering the Demon God Palace is very strong. Without Zhong Mo's permission, no one can enter," Lie Tian said.

There were once many Sea Demon powerhouses dissatisfied with Zhong Mo's rule who wanted to band together against him.

But in the end, they couldn't even pass through the gates of the Demon God Palace.

"Don't worry, the array is indeed powerful, but it's not without flaws." Xu Nian smiled, quickly finding the Array Breaking Method.

Though its defense was incredibly strong, the array wasn't without weaknesses.

To maintain a balance for such a massive Defense Array required immense energy.

Moreover, this energy is circulated, and inevitably, a circulation gap appears.

Once you find this gap, the Defense Array would naturally collapse.

Of course, this gap is generally extremely concealed, and without a high level of array mastery, it might take ten years to discover it.

After all, this gap could be quite small, perhaps just a single point.

But for Xu Nian, this was a trivial matter.

"Buzz!"

Xu Nian activated the Azure Dragon's Eye.

The entire circulation of Spiritual Energy within the Defense Array was presented before his eyes.

Xu Nian scrutinized every detail carefully.

Finding the place where Spiritual Energy was weakest would reveal the gap in this Defense Array.

"Found it!"

A quarter of an hour later, Xu Nian's face lit up with joy.

After his observations, he had located the gap in the array.

Next, just one sword strike would suffice to break it.

"Follow me! Once inside, protect yourself. I will engage in combat with Zhong Mo, and if the situation turns dire, leave on your own, don't worry about me," Xu Nian instructed Lie Tian.

After a series of observations, Xu Nian had already determined that Zhong Mo's strength was formidable.

Therefore, Xu Nian did not have absolute confidence in defeating Zhong Mo.

Since Lie Tian followed, he naturally wanted to ensure his safety.

Lie Tian nodded.

Xu Nian's words were like an imperial decree; he dared not disobey.

Xu Nian said no more and went before the gap.

"Buzz!"

The King Jing Sword appeared in his hand.

In the next moment, Xu Nian thrust his sword.

This strike had no embellishment but contained a terrifyingly sharp Sword Intent.

At the side, Lie Tian was shocked, feeling an immensely powerful danger from this simple strike.

If he were to face this sword, he was certain he wouldn't have the slightest chance of escaping.

"Boom!"

Xu Nian's sword tip struck the Defense Array.

It was as if a drop of water suddenly dripped into the sea.

In the next moment, the entire array began to tremble violently.

Countless cracks appeared, and finally, with a loud bang, it completely collapsed.

The Defense Array was thus broken.

"Who goes there!"

Just as Xu Nian had broken through the Defense Array, an angry shout came from inside the palace.

This roar carried such a strong impact that all the surrounding seawater surged towards Xu Nian and the others.

Xu Nian stood steady as a mountain and slashed down with his palm.

In an instant, the surging seawater's momentum was neutralized.

"Swoosh!"

A red figure appeared in front of Xu Nian.

The person was clad in a red robe, with long red hair and large earrings dangling from his ears.

His appearance was extremely exotic, and his eyes stared at Xu Nian like a poisonous snake.

While observing Xu Nian, Xu Nian was also assessing him.

The two locked eyes, their auras clashing.

"Such power, even a Peak of Earth Immortal Realm powerhouse," Xu Nian was a bit surprised.

He hadn't expected Zhong Mo to be a powerhouse at the Peak of Earth Immortal Realm.

Such power, even on Tianlan Star, not to mention the Tianhen Star Domain, was formidable.

Unexpectedly, such a powerhouse was willing to remain in this Forbidden Sea.

The red-robed man's eyes heated as he looked at Xu Nian.

He had evidently discerned the particularity of Xu Nian's bloodline, his eyes brimming with greed.

Lie Tian was extremely shocked, having intended to warn Xu Nian that the man was indeed Zhong Mo.

However, at this moment, he couldn't speak at all.

The pressure from the auras of Xu Nian and Zhong Mo was so overwhelming that even using all his might, he could barely withstand it.

Helpless, he had to retreat to the ocean area a hundred miles away.

The auras of Xu Nian and Zhong Mo formed two underwater whirlwinds, colliding against each other.

The surrounding sea rocks and Demon God Palace structures were crushed into powder.

The guards of the Demon God Palace, terrified, fled, escaping beyond a hundred miles.

Of course, some couldn't escape in time and were crushed into pulp by the two formidable auras.

One could say that the Demon God Palace had now turned into a grinding arena.

Suddenly, killing intent soared.

Xu Nian and Zhong Mo, who had been staring each other down, instantly moved.

The next moment, the two engaged in a direct battle.

Both fought barehanded.

Their speed was so rapid that everyone around felt dizzy.

The Sky Splitting Shark Emperor was utterly astounded; even he could barely glimpse the afterimages they left behind, but couldn't keep up with their real bodies.

"Strong! Incredibly strong!"

The Sky Splitting Shark Emperor marveled with intense excitement, his entire body trembling.

Chapter 1129: Zhong Mo's Power

Earth-shattering.

Sea water surging.

The entire seabed trembles.

In the Forbidden Sea, all sea demons in the waters were alarmed by this commotion.

The three great Demon Emperors were also filled with doubt, all rushing towards the Demon God Palace.

What could be causing such a massive disturbance, what is fighting?

Could it be Lord Zhong Mo practicing martial arts?

Xu Nian was now locked in an intense battle with Zhong Mo.

His fists and palms exuded a fierce momentum, attacking Zhong Mo relentlessly.

Zhong Mo's speed was incredible, able to swiftly block and counter every move of Xu Nian.

The True Essence formed by their fight directly dispersed the surrounding seawater.

Forming a vacuum area.

One must understand, this deep beneath the sea, the water pressure is terrifyingly immense.

Yet, the aura from their battle can disperse the seawater, showing just how strong these two are.

"Boom!"

A punch collided, akin to a comet impact.

The light from their True Essence illuminated the entire seabed, with energy ripples spreading out.

The seismic waves shattered the mantle underfoot, and magma flowed.

"This..."

The surrounding guards of the Demon God Palace were dumbfounded.

The Demon God Lord's prowess was already amazing.

But who was this young man?

To actually fight the Demon God Lord to a standstill?

At this moment, the Sky Splitting Shark Emperor's shock was unparalleled.

The battle between these two had revolutionized his understanding.

He knew Xu Nian was strong, but not this strong.

Before him, these two seemed like towering mountains, leaving him in awe.

While he felt like an ant that either of them could crush with ease.

"Boom!"

True Essence exploded.

The two withdrew from each other.

Xu Nian retreated hundreds of yards, watching Zhong Mo with a serious expression.

"Such a strong physical body, although my Body Cultivation has been separated from my true form, my body has been tempered with energy metal and strengthened by the Nine Dragon Supreme Bloodline, but still, I'm far inferior to him." Xu Nian mused inwardly.

In the previous battle, it seemed as if he and Zhong Mo were evenly matched.

But in reality, Zhong Mo's strength clearly surpassed his.

If not for the fact that this Demon God's cultivation was suppressed, unable to unleash true power.

Xu Nian would likely have already been defeated.

Although both were suppressed, having cultivated the Dan Sea Species Green Lotus gave Xu Nian a significant advantage in True Essence.

This was why Xu Nian could hold his ground against Zhong Mo.

But this was only earlier, if the fight continued, he would probably lose.

Because neither used their Profound Argumentation in the earlier fight.

It was evident that Zhong Mo's comprehension of Profound Argumentation surpassed Xu Nian's.

"Your strength is quite impressive, to possess such power at the Early Stage Earth Immortal Realm, those Late Stage Earth Immortal Realm strong people outside are no match for you." Zhong Mo said to Xu Nian with a smile.

"I never expected, in the small Forbidden Sea, to find an Earth Immortal Peak Strong People." Xu Nian responded with a smile.

Zhong Mo gave a wicked smile, his eyes full of amusement.

Hearing their conversation, everyone around stared wide-eyed.

The arriving three Sea Demon Emperors were also in shock.

Wasn't that Xu Nian?

They all recognized him; when he left, he was at the Battle Emperor Realm.

But now he possessed Earth Immortal Realm strength?

How could this be possible?

Was it really Xu Nian who fought with Lord Zhong Mo earlier?

The Sky Splitting Shark Emperor was also astonished, not expecting Xu Nian to be an Earth Immortal Realm strong person.

This was only a few short years?

He had crossed so many levels.

Although it's rumored that Cultivation in the Cultivation World is faster than in the Forbidden Land, reaching the Earth Immortal Realm from the Zifu Realm typically takes decades, sometimes centuries or even thousands of years.

Yet Xu Nian accomplished it in just a few years, how could he not be astounded?

"Human, your physique is impressive, the Nine Dragon Supreme Body, if you were born in the Immortal Realm, you would definitely enter a powerful force and be nurtured by it, but being born in the Cultivation World means you could only be overlooked, but now your bloodline will become my garment, once I devour you, I can evolve from a Taotie into an Ancient Taotie King, and the Dragon Clan will be under my feet." Zhong Mo sneered, his eyes on Xu Nian filled with fervor.

From the moment he saw Xu Nian, he had already decided to keep him as his delicacy.

Xu Nian's brows furrowed, it seemed he must go through a great battle today.

"To want to consume me, I'm afraid you're not qualified," Xu Nian retorted with a cold smile, arrogance in his gaze.

This Zhong Mo's true form was an Ancient Taotie.

One of the legendary four fierce beasts.

And the Ancient Taotie King, that was truly just a legend.

It's said that when the bloodline concentration of Ancient Divine Beasts or Ancient Fierce Beasts reaches an extremely high point.

The bloodline will transform, becoming the Supreme King of the entire Demon Clan.

Just like the Undying Devouring Sky Beast, it is the supreme king of the Void Clan.

In terms of bloodline concentration, even the nine great dragon clans can't compare to it.

This Taotie wishes to devour him to complete its evolution, how could Xu Nian let him succeed?

"Hmph, whether or not you're qualified isn't for you to decide, do you really think stopping a few of my moves means you can contend with me? Today I will show you the power of a Taotie." Zhong Mo snorted coldly, his eyes flashing with anger.

The next moment, Xu Nian saw the surrounding seawater being controlled by Zhong Mo's True Essence, directly condensing into red ice crystals.

These ice crystals contained immensely powerful energy, seemingly capable of piercing the heavens and shattering the Void.

Seeing this, Xu Nian's expression changed.

"Ice Attribute Profound Argumentation, Absolute Frost, Fifth Level?" Xu Nian thought to himself, sensing trouble.

He did not expect Zhong Mo to reach the Fifth-level Realm in Ice Attribute Profound Argumentation.

While his Dimension Cutting only lingered at the edge of the Third Level, barely approaching the Fourth-level.

With two levels difference, Xu Nian was absolutely no match for him.

"Die!"

Zhong Mo shouted loudly.

Immediately, countless ice crystals around transformed into numerous sharp swords, attacking Xu Nian.

The ice crystals filled the sky, making it impossible to dodge.

The power they wielded tore even the space apart.

If hit even once, it would mean certain death.

"Go!"

Without a second thought, Xu Nian used Instant Teleportation to appear before Lie Tian.

The next moment, he grabbed Lie Tian and used Instant Teleportation again to escape.

Zhong Mo's ice crystals smashed into the distant ground.

Instantly tearing a five-hundred-mile radius of land into a magma ocean.

Everyone around was left stunned.

Zhong Mo frowned slightly, a trace of surprise on his face: "Space Folding Profound Argumentation? Didn't expect you to be a Space Controller, but rest assured, I will find you. My Taotie never allows its prized delicacies to escape."

Chapter 1130: Another Unexpected Incident

Inside the Shark Clan Palace, Xu Nian and the Sky Splitting Shark Emperor appeared out of thin air.

There was really no way around it; this Zhong Mo was indeed too powerful, not someone Xu Nian could contend with.

If they were to continue fighting, he'd have to use the Star Axe.

But even then, Xu Nian wasn't entirely confident he could kill him.

At most, both would end up seriously wounded.

Moreover, if they clashed again next time, Zhong Mo would be more prepared.

"We can't stay here for now. Take your family and hide in the East Sea," Xu Nian said to Lie Tian.

"Alright!" Lie Tian agreed decisively.

He had witnessed the battle just now.

Zhong Mo was indeed exceptionally powerful; Xu Nian being able to escape unharmed was already remarkable.

Seeing Lie Tian agree, Xu Nian said no more.

He once again used Instant Teleportation to hurry back to Dark God Island.

Xu Nian intended to temporarily return to Tianhen Continent and not engage Zhong Mo.

With his current strength, he was simply no match for him.

"How was it, Xu Nian?" As soon as Xu Nian returned, the seven women immediately surrounded him.

"An Earth Immortal Peak Level Ancient Fierce Beast Taotie emerged from the Dark Abyss. I just fought him and wasn't his match. His Ice Attribute Profound Argumentation has reached Domain Fifth Level, so I had to retreat," Xu Nian shook his head and said.

Upon hearing this, the seven women were amazed.

An Earth Immortal Peak Level Ancient Fierce Beast Taotie?

No wonder the Dark God Island Master left the island.

Who could deal with an Earth Immortal Peak Level Ancient Fierce Beast?

"What do we do now?" Hong Xiang couldn't help but ask.

She originally came to see her Master, but now that her Master was absent, she didn't know what to do.

"Let's head back to Tianhen Continent for now. I think the island master probably went there too," Xu Nian said.

Hong Xiang and the others nodded.

Then Xu Nian led the seven women towards Tianhen Continent.

Xu Nian sped along the way without stopping.

He was afraid Zhong Mo might block his way.

He wasn't worried for himself, but he didn't want Leng Yanran and the others to be at risk.

"Buzz!"

Soon, Xu Nian and his group passed through the barrier, entering the East Sea region.

Back then in the East Sea, Xu Nian killed the Sea Demon King and established the Sea Demon Palace.

He wondered how things were now?

Xu Nian couldn't be bothered to go down, so he sent a message to the White Flood Dragon King directly.

When he left back then, he had entrusted the Dragon God Palace to the White Flood Dragon King.

As soon as he received Xu Nian's message, there was no way the White Flood Dragon King wouldn't come.

"Whoosh!"

Soon, a figure shot up from the sea surface.

The newcomer, upon seeing Xu Nian, was initially taken aback but hurriedly approached and knelt down.

"Subordinate greets the Hall Master!" The White Flood Dragon King was filled with both surprise and excitement.

He knew Xu Nian had gone to the Cultivation World, but he never expected Xu Nian to return.

"Stand up!" Xu Nian said with a smile upon seeing the White Flood Dragon King.

Back then, this White Flood Dragon King was loyal to him, and he had already made up his mind.

If the White Flood Dragon King performed well, he would set him free this time.

"Hall Master, why did you suddenly return?" The White Flood Dragon King hesitated for a moment and asked.

But his gaze towards Xu Nian was filled with hesitation and conflict.

Xu Nian immediately noticed that the White Flood Dragon King seemed to be hiding something.

So he glanced at him and discovered that the White Flood Dragon King was still at the level of Nine-star Demon Emperor.

This bewildered Xu Nian.

The White Flood Dragon King had decent talent, and when Xu Nian left, he had left some resources for him.

By right, the White Flood Dragon King should have already broken through to Supreme Battle Emperor, at the very least Pseudo Purple Mansion Level.

How could he still be at the level of Nine-star Demon Emperor?

"White Flood Dragon King, what happened? Tell me truthfully. If I find out you're hiding anything, you know the consequences," Xu Nian said.

The White Flood Dragon King trembled, recalling Xu Nian's methods.

Even after a few years, Xu Nian's authority was deeply ingrained in his mind.

Reluctantly, the White Flood Dragon King sighed, "Your Highness is unaware. Three years ago, three formidable figures arrived from the Forbidden Sea. They were incredibly strong, I was no match for them, and had to flee. For three years I've been in hiding, evading their pursuit. Now, the entire Dragon God Palace is under their control. I am incapable and beg the Hall Master's punishment."

Xu Nian's brows furrowed upon hearing this.

Powerful figures from the Forbidden Sea?

"You didn't ask Ice Blue and the others to return for help?" Xu Nian asked again.

Back then, Xu Nian assigned Ice Blue to guard the Imperial Capital and assist Xu Xin in managing the empire.

Regarding empire matters, Xu Xin hadn't detailed much.

She only mentioned that four years ago, she had passed the imperial throne to a promising youth from the Xu Family, and went to Dark God Island for cultivation.

Xu Nian wasn't concerned about the imperial throne, so he hadn't paid much attention to it.

But with strong figures like Ice Blue and others present, he believed his mother should be safe.

"Hall Master, you might not know, but Ice Blue might be struggling herself. Those three figures, one occupied the Dragon God Palace, while the other two went to Tianhen Continent. It's said the Imperial Capital was taken by one of them, and the other remains unaccounted for," the White Flood Dragon King explained.

Xu Nian's expression changed instantly, the Imperial Capital had fallen?

And his mother?

"The Imperial Capital fell? The Beast God didn't intervene?" Xu Nian asked with furrowed brows.

"He did, but the Beast God was defeated! However, please rest assured, Hall Master, your mother was taken by the Beast God back then. She should be with him now and presumably safe. But as for their current location, I don't know," the White Flood Dragon King replied hurriedly.

Xu Nian sighed in relief upon hearing this.

If anything had happened to his mother, he didn't know what actions he might take.

He might have even gone on a continental slaughter.

"Are those three figures very strong? What exactly is their strength?" Xu Nian pondered and asked.

Even the Beast God wasn't a match?

"Extremely strong, definitely surpassing the Pseudo Tribulation level Supreme Battle Emperor," the White Flood Dragon King answered.

Earth Immortal Realm!

Xu Nian quickly reached a conclusion in his mind.

He couldn't imagine how the Lost Land could suddenly have so many Earth Immortal Realm experts.

The appearance of Zhong Mo was one thing.

Now there were three more, which truly bewildered Xu Nian.

But according to the White Flood Dragon King, those three arrived even before Zhong Mo.

Could it be they also escaped from the Dark Abyss?

If that's the case, could something have happened to the Dark Abyss, causing it to open early?

Suddenly, Xu Nian's expression changed, followed by a smile on his face.

"I was about to come to find you, but you came straight to me," Xu Nian smiled slightly, looking towards the distant sea.

Soon, several figures emerged on the sea surface.

Among them, the two leading figures, Xu Nian recognized, were the other two of the Four Demon Emperors he had once controlled.
