

Divine King 1191

Chapter 1191: Who Will Be Emperor

The chill spread, instantly transforming into a surge of cold wave.

"Buzz!"

As Emperor Xing extended a hand, the next moment all the chill rapidly gathered, condensing in his palm.

Then everyone saw Emperor Xing's entire hand transform into ice.

"Such terrifying coldness, with this palm strike, it might freeze everything solid."

The people around were surprised, even though they were tens of miles away, they felt the cold stabbing sensation.

They truly didn't know what it would feel like when this palm strikes.

Xu Nian's face also showed a look of amazement, Emperor Xing's ice palm was indeed extremely terrifying.

At this moment, not only did he feel chills all over his body, but even the Immortal Essence within him stagnated. If struck by this palm, even wearing the Immortal Robe, he might not be able to withstand it.

"Hmph, boy, this palm is called the Ice Immortal Palm. When it strikes, the Immortal Essence within you will instantly freeze, and even if you don't die, you won't have the strength to fight back," Emperor Xing sneered.

The hand glided through the air, freezing everything as it passed.

"Is that so?" Xu Nian smiled.

His gaze towards Emperor Xing was still full of disdain.

Emperor Xing was instantly enraged, this guy actually disregarded him.

"Courting death!"

Emperor Xing shouted and struck towards Xu Nian with his palm.

The chill erupted, freezing everything in its path.

The moisture in the air also condensed into ice, forming ice crystals aimed at Xu Nian.

Xu Nian looked at the palm strike from Emperor Xing and neither dodged nor avoided.

"Is he seeking death? Why doesn't he dodge?"

The surrounding people immediately showed a surprised expression.

Unexpectedly, Xu Nian didn't dodge. If this palm really struck him, he would be finished.

Emperor Xing saw Xu Nian didn't dodge and smirked.

"Perish!"

Emperor Xing struck Xu Nian's chest with his palm.

The white Immortal Robe instantly froze, and the next moment this cold swept through Xu Nian's body, freezing him completely, turning him into ice.

The surrounding people were stunned, followed by sighs.

Is it over?

Xu Nian was ultimately no match for Emperor Xing.

The people from the Ye Family in the distance were also shocked.

Especially Ye Lan and Ye Xuan, their hearts were filled with mixed emotions, not knowing what to say.

"Haha, boy, boasting big words, in the end, you still died at the hands of this Emperor," Emperor Xing looked at the frozen Xu Nian and laughed triumphantly.

In his view, being struck by his Ice Immortal Palm was an absolute death sentence.

After all, his Immortal Essence was frozen, what kind of power could break it?

With the increase in his Profound Argumentation power, his Ice Cold Power would become more terrifying, capable of freezing souls, making it a true killing strike.

"Do you really think your Ice Immortal Palm can hold me?"

At this moment, a loud voice rang out.

Emperor Xing's face suddenly changed, looking shocked towards Xu Nian.

The city's residents were also shocked, Xu Nian wasn't dead?

Ye Lan and Ye Xuan immediately relaxed, smiles appearing on their faces again.

"No... impossible, absolutely impossible," Emperor Xing said incredulously as he looked at Xu Nian, who wasn't dead.

At this moment, the ice sealing Xu Nian was melting at a speed visible to the naked eye, the chilliness rapidly disappearing.

Soon, Xu Nian walked out of the ice, looking playfully at Emperor Xing.

His true form was the Nine Dragon Supreme Body, he had absorbed the Ice Frost Giant Dragon Bloodline, already building a resistance to the Ice Cold Attribute.

The Ice Frost Giant Dragon was the king of ice, this chill could only become Xu Nian's nourishment.

As this chill was absorbed, Xu Nian's Ice Frost Giant Dragon Bloodline became even colder.

"There's nothing impossible, the fact that you can't freeze me only shows your Ice Cold Attribute isn't strong enough," Xu Nian said with a smile.

"No, I want you dead!" Emperor Xing suddenly growled in rage, striking towards Xu Nian again.

Xu Nian sneered, a trace of contempt flashing in his eyes.

"Now that I've seen your Sixth Level Ice Cold Attribute, it's time for you to witness my Sixth Level Profound Argumentation," Xu Nian coldly smiled, then his body transformed into a phantom.

Fingers came together like a sword, one slash passed by.

Like snow drifting, a flash and it was gone.

The advancing Emperor Xing's body instantly stiffened, his face filled with disbelief.

The residents in the distance were also stunned, watching in shock.

Such fast swordsmanship!

So fast they couldn't imagine, and the sharpness of this sword frightened them.

"Dim... Dimension Cutting Sixth Level!"

Emperor Xing said with difficulty, the next moment his body split in two vertically from the brow.

His Mud Ball Palace was also cut open by Xu Nian's sword, even the soul couldn't escape.

Emperor Xing never dreamed that Xu Nian had also crossed into the Profound Argumentation Sixth Level Realm and that he would be defeated by this young man.

The entire Imperial Capital fell into silence, everyone was stunned.

Emperor Xing was dead?

In their minds, an invincible existence had toppled.

Years ago, Xu Nian's battle in the Imperial Capital had already shaken them; today's battle was even more astonishing.

"From today, the name Xu Nian will be deeply rooted in the hearts of everyone in the empire, for centuries, even for thousands of years," the Family Head Ye watched this scene and said with emotion.

Ye Guyun felt the same, his eyes filled with emotion.

"Perhaps it's time for me to leave; on this continent, I can't grow quickly," Ye Guyun muttered to himself.

Having long planned to leave the continent, he finally made the firm decision to head to the Cultivation World.

"Now Emperor Xing is dead, who will become the Emperor of the empire?" The people in the Imperial Capital began to discuss.

They knew Xu Nian would never stay to become the Emperor, or he would have been Emperor years ago.

"Family Head Ye, why don't you take the position of Emperor?" Xu Nian turned to look towards the Ye Family.

Family Head Ye was stunned, never expected Xu Nian would pass the position of Emperor to him.

If he could really control the empire, the Ye Family would surely grow stronger.

But Family Head Ye still suppressed his impulse.

"Mr. Xu's intention, I understand, but the Ye Family intends to retire to the woods, away from worldly affairs; the position of Emperor, the Ye Family is not qualified to take, better to find someone else more suitable," Family Head Ye refused.

"Then how about the Fang Family?" Xu Nian turned towards the Fang Family.

Now, only these two families were left in the Imperial Capital, they were the most suitable candidates.

"Our Fang Family also wants to retire to the woods," a voice came from the direction of Xuantian Mountain.

Xu Nian was suddenly speechless.

The position of Emperor was unwanted.

The citizens of the Imperial Capital were also speechless, since when was the position of Emperor shunned?

"How about letting me be the Emperor!"

At this moment, a cold yet domineering voice rang out, followed by a veiled figure stepping forth.

Xu Nian was stunned, looking at the figure, an amazed expression appeared on his face.

He recognized her, she was Yan Wu's daughter, Yan Ruyu, whom he had subdued years ago.

The former Yan Ruyu was charmingly weak, but now she was filled with a fierce aura of killing, inviting fear, vastly different from before.

Most crucially, her cultivation had reached the Nine-star War Emperor Realm.

This Yan Ruyu had improved so much in just a few years, seems like she encountered a rare opportunity!

"It's her! The Female Killing Emperor?"

Yan Ruyu's appearance instantly shocked the city's residents.

Clearly, Yan Ruyu's reputation was significant, her name was known far and wide.

After all, this female War Emperor had once single-handedly slain more than a dozen War Emperors, her record astonishing, causing alarm.

Even the two major families faced this Female Killing Emperor with solemnity.

But at this moment, the Female Killing Emperor walked gracefully towards Xu Nian, knelt on one knee, and respectfully said, "Maid Yan Ruyu, pays respects to Mr. Xu."

As soon as these words fell, the crowd in the Imperial Capital felt their scalp tingle.

This Female Killing Emperor was merely Xu Nian's maid?

Just how terrifying was Xu Nian?

Chapter 1192: Black and White Double Killers

Yan Ruyu's appearance also took Xu Nian by surprise.

However, Xu Nian truly found that Yan Ruyu was suitable for the majesty of the Emperor.

First, as a woman, she had a gentle and kind side in her bones, and secondly, her years of experience in killing and training had given her the authority and majesty of an emperor.

So Xu Nian directly transferred the position to her.

Yan Ruyu also showcased her skills, quickly administering the empire efficiently, making the entire Imperial Capital operate normally at a swift pace.

Seeing this, Xu Nian felt completely at ease.

With the empire's issues resolved, he could head to Beimo to find the whereabouts of the Beast God and others.

...

Just as Xu Nian himself was about to head to Beimo.

The Divine Demon Avatar, at this moment, also emerged from the Trial Ground with Wind Snow.

After these days of cultivation, the strength of the Divine Demon Avatar had greatly increased.

Not only did the Earth Attribute Gravity Space Profound Argumentation break through to the Profound Argumentation Fifth Level, but the Dimension Cutting Profound Argumentation was also mastered more proficiently, among which the Snowy move was more proficiently mastered, thoroughly reaching the Peak of the Sixth Level Profound Argumentation.

"Brother Meteor, you're truly the most insightful person I've ever met. With your talent, I fear you'll step into the Law Realm and ascend to the Immortal Realm in a matter of decades," Wind Snow sighed in admiration.

These days, constantly sparring with Xu Nian made him deeply realize how fast Xu Nian's rate of improvement was.

Initially, dealing with Xu Nian was a piece of cake.

But as Xu Nian continued to progress, he found winning increasingly difficult.

Ultimately, when Xu Nian used the Snowy move, he found himself at a complete disadvantage.

Moreover, he felt that in a life-and-death duel, the one who would lose would likely be him.

"You're overpraising me, Brother Wind Snow. I was just lucky. I directly had an epiphany on my first entry to the eighth level, but under normal circumstances, it would take me nearly half a month to step into the Sixth Level Profound Argumentation," Xu Nian humbly replied.

He was speaking the truth; this Sixth Level Profound Argumentation was not easy to comprehend.

Even in the Profound Argumentation Tower, it only played a supportive role; whether one could comprehend it depended on personal insight.

This time, Xu Nian managed to break through to the Sixth Level Profound Argumentation without taking the Sky-reaching Pill, definitely because luck was on his side.

"Sometimes luck is also a part of strength; your ability to comprehend is your fortune that no one else can take away," Wind Snow said with a laugh.

Xu Nian smiled, feeling deeply grateful towards Wind Snow.

If it weren't for Wind Snow's help, his epiphany would have been interrupted on the first day, and whether he could break through to the Sixth Level Profound Argumentation would have been uncertain.

Afterwards, in the Trial Ground, Wind Snow generously shared his insights on the Gravity Space Profound Argumentation with Xu Nian, which allowed Xu Nian to quickly break through the Dimension Cutting Profound Argumentation to the Fifth Level.

Moreover, he even created a new move named Heavy Bomb!

At the time Xu Nian created this move, even Wind Snow was stunned.

Because the power of this Heavy Bomb move was unbelievably terrifying, even stronger than moves created with general Sixth Level Attribute Profound Argumentation!

Actually, there was more progress that he hadn't mentioned.

During this time, his Space Tear Profound Argumentation had already broken through to the Realm of Second Level, making his control over Space Nine Kills more formidable.

"Brother Meteor, now that your identity is exposed, many people are bound to come after you. Eighty million points would tempt even those at the top of the points leaderboard, and those capable of ranking on the leaderboard aren't weak. My Seventh Level Profound Argumentation isn't weak, yet I only rank eighty on the leaderboard, so there's no need for you to leave the city recklessly," Wind Snow said with a sigh.

Eighty-five million points!

How could it not be tempting? With so many points, it would be enough to cultivate for a year, maybe even two or three.

For those solely focused on raising their Insight Realm, how could they easily give it up?

"I know, thank you, Brother Wind Snow," Xu Nian smiled as he replied.

Xu Nian was fully aware of these dangers.

But he had no choice; this was a test from the Denor Emperor.

Even if he didn't want to accept it, he had to!

"You're planning to head to Soil City, right? I'll walk with you; at least we'll have some company along the way," Wind Snow said with a chuckle.

Xu Nian nodded; he was indeed planning to go to Soil City to further comprehend the Gravity Space Profound Argumentation and break through to the Sixth Level.

Of course, before that, he still needed to earn enough points.

"Huh?"

But just as Xu Nian and Wind Snow reached the gate of Wind City, they were momentarily stunned.

Because at that moment, a man and a woman were standing at the city gate, eyeing Xu Nian.

"It's them!"

Wind Snow was also taken aback, staring at the man and woman at the gate in surprise.

"Who are they?" Xu Nian asked curiously, noticing the odd black-and-white attire of the pair.

The key point was that the woman was wearing black, while the man was clad in a white robe.

"They're the Black and White Double Killers, ranked sixty-seventh and fifty-sixth on the points leaderboard," Wind Snow said, frowning.

"The Black and White Double Killers? So the one ranked sixty-seventh is the Black Evil?" Xu Nian asked, pointing at the woman in black.

"Wrong, the one ranked sixty-seventh is Bai Sha. Black Evil's strength is above Bai Sha. They are said to be a couple, and they've killed an untold number of people. In the Slaughter Battlefield, except for a few dozen, everyone else is scared stiff upon hearing their names," Wind Snow explained.

Xu Nian also showed a look of astonishment. Are these Black and White Double Killers really that formidable?

And to think the woman, Black Evil, is even stronger; it makes one wonder who's on top between them in other affairs.

"Are you Meteor?" Bai Sha stepped forward, looking at Xu Nian and asking.

As for Black Evil, she wore a cold, disdainful look, not putting Xu Nian in her eyes at all.

"I am Meteor. What do you need from me?" Xu Nian replied with a smile.

"What? You're pretending to be ignorant? Who doesn't know you, Meteor, are worth 85 million points? Naturally, we are here to kill you for those points. Do you dare to leave the city and battle me?" Bai Sha asked with a smile.

"Why should I go out with you?" Xu Nian laughed and asked again.

Bai Sha was speechless for a moment, surprised at Meteor's slyness, completely unaffected by the taunt.

"Black and White Double Killers, for my sake, how about letting this one slide?" Wind Snow stepped forward and proposed.

"For your sake? What are you even? Wind Snow, just in time, let's kill you too and grab your five million points," Black Evil replied dismissively.

Hearing this, Wind Snow's face turned ashen.

This Black Evil didn't regard him at all, especially with many people around watching.

"Meteor if you're a man, duel me outside the city," Bai Sha said angrily.

"I can duel, but what's the point if there's no gain? I see your wife looks nice; how about as a trophy? If I lose, you get the eighty-five million points. But if you lose, then your wife belongs to me. How about that?" Xu Nian teased with a smile.

Upon hearing this, Bai Sha's eyes blazed with killing intent, seething with fury.

The bystanders were even more shocked, all turning their attention to Black Evil.

Black Evil simply sneered repeatedly, her gaze contemptuous.

Chapter 1193: Battle Against Bai Sha

Bai Sha's eyes were filled with intense rage.

This guy actually used his woman as a bet, it was truly an insult to him.

"Fine, if you can truly defeat Bai Sha and also defeat me, then you can do whatever you want with Hei Sha." Hei Sha said with a cold smile.

"Hei Sha you..." Bai Sha immediately said.

However, he was silenced by a glare from Hei Sha.

Once Hei Sha decided on something, Bai Sha truly couldn't change it.

"What now, do you think you're not his match? If you're really that pathetic, what use are you to me?" Hei Sha looked at Bai Sha and said.

Bai Sha, even more enraged, then looked at Xu Nian with eyes full of fury.

Could he be inferior to Liu Xing?

"Young man, you heard it, I accept your bet, let's go outside the city to fight." Bai Sha said to Xu Nian.

After speaking, he turned and walked toward the city outskirts, not afraid that Xu Nian wouldn't follow.

Xu Nian smiled slightly at this, he had merely mentioned it casually, wanting to humiliate Bai Sha.

Unexpectedly, Hei Sha actually agreed to it.

Even if he defeated the Black and White Double Killers, what of it? He definitely wouldn't want Hei Sha as his woman.

Having such a venomous woman by his side, he must be eager to lose his life.

"Liu Xing, be careful, the Black and White Double Killers are very powerful, Bai Sha has already reached the seventh level of Profound Argumentation, and as for Hei Sha, she might have already reached the eighth level. Fighting them, I'm afraid..." Feng Xue hurriedly said.

"Don't worry, big brother, even if I'm not their match, they can't kill me." Xu Nian replied with a smile.

After speaking, he walked toward the city outskirts.

"Is this guy really going out? Is he crazy?"

"Yeah, even though he beat the Great Swordsman, the Black and White Double Killers are much stronger than the Great Swordsman, let alone Hei Sha, I'm afraid Bai Sha could torture him."

"Who knows, maybe he'll perform a miracle again. After all, this guy did kill tens of thousands of Earth Immortal Realm meteorites!"

Upon hearing this, everyone fell silent.

Indeed, this guy is Liu Xing, maybe he can really create a miracle.

But can he really defeat the Black and White Double Killers, is it possible?

Xu Nian followed the Black and White Double Killers outside the city, Hei Sha stood aside, showing no intention to act.

Clearly, she wanted to see if Xu Nian truly had the strength worth her taking action.

"Kid, I didn't expect you to really come out, if so, don't blame Mr. Bai for being impolite." Bai Sha said with disdain, a momentum of Earth Immortal Peak Level burst from his body.

The terrifying aura surged toward the surroundings, causing the people around to feel a strong sense of dread.

"This guy has become even stronger!" Feng Xue said with a frown, the aura of Bai Sha was stronger than when he last saw him.

Probably Liu Xing really was careless this time.

Facing this powerful aura, Xu Nian appeared calm and composed.

This Bai Sha was indeed strong, having reached the Middle Stage of Earth Immortal Peak Level, probably his soul had already half transformed, and his Soul Power was much stronger.

Such a master outside, definitely a deterrent to one party.

But even so, Xu Nian was not afraid at all.

"Go ahead and attack, when I've beaten you, I'll have a good play with your woman." Xu Nian said with a smile.

Upon hearing this, Bai Sha was filled with even more rage, his eyes turned red as he looked at Xu Nian.

"Courting death!"

Bai Sha was furious, the next moment, a powerful Soul Power erupted from his body.

The Soul Power surged like a flood, bombarding towards Xu Nian.

Clearly, he discovered Xu Nian's weakness, which was his low cultivation.

The Soul Attack, that is the most effective method against Middle Stage Earth Immortal Realm.

The Soul Tide surged, transforming into an invisible yet massive palm, aimed fiercely at Xu Nian.

"Such a strong Soul Power, this is Bai Sha's strength, so powerful!" The people around exclaimed.

This powerful soul attack made them feel a huge sense of oppression.

This pressure left them breathless, if this soul giant palm struck them, they would be severely injured even if they survived.

Facing this soul giant palm, Xu Nian also felt immense pressure.

Although the soul of the Divine Demon Refining Body dispersed to every cell in his body, it didn't mean he didn't have a soul. If the soul level were strong enough to immediately extinguish the soul in all his body's cells, he would still be dead.

Of course, this level, Bai Sha hadn't reached yet.

"Ten Thousand Divine Hammer Technique!"

Without thinking, Xu Nian immediately mobilized the Divine Demon Power in his body and used the Ten Thousand Divine Hammer Technique.

Now Xu Nian's mastery of the Ten Thousand Divine Hammer Technique had nearly reached the level of eight thousand hammers.

One hammer, fused with the power of eight thousand hammers.

"Boom!"

Although it couldn't completely crush Bai Sha's attack, it was enough to block Bai Sha's giant palm.

The remaining soul impact collided with Xu Nian, without causing substantial harm to him.

"Huh?"

The people around showed surprised expressions.

Unexpectedly, Xu Nian actually blocked Bai Sha's soul attack.

Bai Sha was also somewhat surprised, although he hadn't practiced any powerful soul attack technique, the power was enough to kill some Late Stage Earth Immortal Realm strongmen.

However, Xu Nian, only at Middle Stage Gang Immortal, could withstand his Spirit Lake attack, how could it not come as a surprise to him.

"Bai Sha, your soul is strong, but you haven't practiced soul attack techniques, so you cannot use your soul against me, show your real strength." Xu Nian said with a smile.

Although saying so, he internally breathed a sigh of relief.

Next time he really meets Earth Immortal Peak strongmen, he indeed needs to be careful, especially against those who know powerful soul attack arts.

Avoid capsizing in a ditch!

"Hmph, even without using Soul Power, I can still kill you, take my first blade." Bai Sha snorted coldly, his hand suddenly had a long sword.

With the appearance of the long sword, a surge of Yin Cold Power immediately emerged.

The blade light was as snowy, one slash turned into a huge white blade, nearly a hundred meters long.

"This is Bai Sha's Snow Shadow Blade Technique! Bai Sha is truly angry, using Snow Shadow Blade Technique right from the start!"

"Yeah, many have died under this blade, looks like it should be Snow Shadow Blade Technique's First Style, Snow Blade!"

...

People around exclaimed, seeing the mighty snowy blade light, they showed astonished expressions.

Xu Nian also showed a hint of surprise at this blade.

Bai Sha actually also comprehended Ice Attribute Profound Argumentation.

However, his direction seemed different from the previous Great Swordsman, he comprehended Ice and Snow Profound Argumentation.

This blade was sharp, bone-chilling, at least a Sixth Level Domain Profound Argumentation.

"Returning Truth!"

Xu Nian's eyes were sharp, the next moment a long sword appeared in his hand.

A sword slashed out, Sword Qi as dreamlike as fantasy.

"Boom!"

Sword Qi and Blade Qi clashed and intertwined instantly, a fierce roaring sound erupted.

Sword Qi and Blade Qi burst forth, like a storm.

Xu Nian immediately activated Fourth-level Earth Guardian, forming protection.

"Boom!"

Blade Qi and Sword Qi collided on the Earth Guardian, constantly sparking brilliantly.

"Blocked it?"

The people around showed surprised expressions, unexpectedly Liu Xing actually blocked Bai Sha's attack.

"The game has just begun!"

Bai Sha sneered, the next moment his form vanished completely, like Snowy in the air.

Xu Nian immediately felt as though facing a great enemy!

Chapter 1194: Slaying Bai Sha

Xu Nian stood as if facing a great enemy, his eyes sharp.

This fellow actually utilized Wind Snow to conceal his figure, making it completely hidden in the air.

And silently approached his opponent, delivering a lethal blow.

This move was very similar to the Dark Concealment Profound Argumentation within the Dark Profound Argumentation but was slightly less effective.

"Buzz!"

Just as Xu Nian remained alert, he suddenly sensed a space fluctuation from behind.

Without thinking, Xu Nian immediately turned around and struck out with a sword.

The sword light was fierce, carrying the mighty Divine Demon Power.

"Clang!"

Xu Nian's sharp sword clashed against Bai Sha's blade, creating an incredibly bright and resounding sound.

The resulting shock waves reverberated all around, causing those nearby low-level cultivators to bleed from their ears and noses.

Xu Nian was also forced back several dozen steps by the counter shock from this slash before he stopped.

When he noticed the huge gash on his Top-grade Spirit Sword, a surprised look appeared on his face.

"Haha, you actually fight me with a worthless item? Do you really think you can defeat me using Spiritual Artifacts? You're too daring in your imagination." Bai Sha laughed heartily, his eyes filled with strong mockery.

Xu Nian's brow furrowed slightly, his eyes carried a touch of fierceness.

His Divine Demon Avatar truly didn't have an Immortal Artifact; his Immortal Artifact and Divine Artifact were both on his true self and the Undying Devouring Sky Beast.

It seems now that his Divine Demon Avatar indeed lacked a substantial weapon to wield.

"Even if I only have Spiritual Artifacts, I can still defeat you!" Xu Nian smiled and said.

"Arrogant fool, seeking death!" Bai Sha angered, immediately launched another attack, charging towards Xu Nian.

With a slash, the blade light appeared suddenly, like a flash of Bright Sun.

"Ah, Profound Argumentation Seventh Level?"

Xu Nian was suddenly startled, for Bai Sha's attack had already reached the Seven-level Realm of Profound Argumentation.

In this slash, Xu Nian felt an extremely terrifying chill.

Xu Nian dared not relax even the slightest, and immediately employed the Snowy he had recently comprehended.

A snowy sword.

The sword light was like snowflakes drifting down, but the sharpness was truly intimidating.

"Clang!"

Blade and sword clashed, the surrounding space was instantly torn apart.

"Bang!"

The Spirit Sword in Xu Nian's hand exploded directly, shattering into countless fragments.

His form was further forced back by this strong Sword Qi.

"Haha, your weapon is destroyed, what else will you fight with?" Bai Sha laughed, standing in the Void, full of strong disdain.

In the distance, Black Evil also showed a mocking gaze, filled with contempt.

The people on the city walls sighed.

It seems this battle was lost for this Meteor.

Even with a weapon, this Meteor was no match for Bai Sha, now without a weapon, isn't he even worse?

Not to mention, there's an even stronger Black Evil nearby.

Wind Snow also slightly frowned, with eyes showing regret.

Clearly, in his view, Xu Nian had already performed to the extreme.

Black Evil is too strong, Meteor ultimately is not his match.

Xu Nian looked at the broken sword in his hand, a bitter smile appeared on his face.

Lacking a suitable weapon really is not viable.

But even so, Xu Nian wouldn't be easily defeated like this?

"Just a shattered sword weapon, you didn't even manage to hurt me, how can you say I'm defeated?" Xu Nian smiled and said.

This statement left the surrounding spectators astounded.

Indeed, from the start of the battle till now, this Meteor hadn't taken any injury, yet Bai Sha even used the Seven-level Profound Argumentation.

Bai Sha also frowned, realizing this point.

"Humph, since you won't give up, then I will fulfill it for you. Snow Shadow Blade Technique Third Style, Blizzard One Slash!" Bai Sha shouted vigorously, slashing out with his Battle Saber.

A fierce blizzard arose instantly around.

This blizzard was formed by countless white icy Sword Qi.

Where it passed, everything was ground into fragments, even space was torn into a huge crack.

"So strong! This is Bai Sha's strongest move, Blizzard One Slash?"

The surrounding people exclaimed one after another, this move was enough to annihilate many Peak Earth Immortal Realm powerhouses.

"Die!" Bai Sha's face twisted as if he saw Xu Nian dying under this slash.

The Sword Qi approached, cold wind bone-chilling.

Xu Nian's eyes were solemn, observing the pervasive Sword Qi, strong battle intent erupted in his eyes.

"Slash!"

Xu Nian shouted and struck out with a Finger Sword.

In an instant, an invisible Sword Qi burst forth.

Directly splitting that blizzard Sword Qi in half.

"What?"

The surrounding people were shocked.

This Meteor actually dispersed Bai Sha's Sword Qi with a single Finger Sword?

Bai Sha also showed a look of astonishment, evidently unable to believe it was real.

Black Evil was stunned, watching Xu Nian's sword, showed a contemplative expression.

"It seems he held back during sparring with me, the Space Tear Profound Argumentation, exactly how many types of Profound Argumentation has he comprehended?" Wind Snow watched, shocked yet aware.

Unexpectedly Meteor didn't use full force when sparring with him earlier.

Space Profound Argumentation, this guy really is deeply discreet.

Bai Sha's face turned ashen, his strongest move was broken.

Does it not signify he has already lost!

"I refuse, I absolutely refuse." Bai Sha roared, frantically charging at Xu Nian.

Xu Nian watched Bai Sha charging, his eyes undisturbed.

In the next moment, Xu Nian stepped forward.

Instantly appeared beside Bai Sha.

Bai Sha's expression was aghast, stiffly turning his gaze towards Xu Nian.

In his view appeared a contemptuous smiling face.

Bai Sha immediately realized something was wrong, hurriedly trying to retreat.

"Stop!"

From the side, Black Evil also raged, his form transformed into a black ghost light darting out.

Speed so fast like lightning, fearful.

Yet, he was ultimately a beat late.

Xu Nian's fingers formed a sword, Sword Qi burst, like a flash of brilliancy, swiftly passed Bai Sha's brow.

"Courting death!"

Black Evil roared angrily, his form appeared beside Xu Nian, slapped towards Xu Nian.

Yet Xu Nian's form again transformed into an illusion, disappearing from the spot.

Reappeared ten miles away.

"Bai Sha!"

Black Evil quickly embraced Bai Sha, but by now Bai Sha was already lifeless.

Xu Nian's Space Nine Kills, directly pierced Bai Sha's brow, extinguishing his soul.

The surrounding people showed a stunned expression, Bai Sha was actually slain?

That moment had been too quick, quick enough they hadn't seen clearly, everything was already over.

They really couldn't imagine, this Meteor was strong to this extent.

Meteor descended to the ground, turned to gaze at Black Evil.

Black Evil's form landed at this moment, on Bai Sha in his hand, black flames started to burn strongly, just in moments, Bai Sha turned to ashes.

Yet Black Evil's gaze was overflowing with killing intent, staring at Xu Nian with extremely red eyes.

"Not good, Black Evil's enraged!"

All around people changed their expressions, secretly sighed for the worst.

Xu Nian also curiously glanced at this Black Evil, discovering black flames began to burn on him, like black lotuses blooming, giving an extremely evil feeling.

...

Chapter 1195: All Men Are Ants

"What is this flame? Why do I feel a sense of creepiness?"

"Could it be the Red Lotus Karma Fire?"

"Nonsense, the Red Lotus Karma Fire is red. The flame on this Black Evil is obviously black. How could it be the Red Lotus Karma Fire?"

...

The crowd around whispered among themselves, looking at the black flame rising from Black Evil, their expressions filled with fear.

This black flame gives them a very uneasy feeling, its power extremely terrifying.

Even a slight touch would instantly turn into flying ash.

They really can't imagine what a scene it would be to duel Black Evil.

Black Evil is too strong and the black flame is too terrifying.

The black flame burned fiercely, the surrounding temperature soared, reaching a very frightening degree.

Even the nearby city walls were severely affected, beginning to melt gradually, and the ground beneath turned pitch-black, forming deep pits that gradually spread.

"Such terrifying flames, what kind of flame is this?" Xu Nian whispered in surprise.

This black flame also gave him a strong sense of threat, especially the black lotus formed by the flame, which made Xu Nian feel a threat of death.

"This is the Hell Netherworld Fire, an extremely powerful fire from the Demon Realm. Even the Heavenly Demons of the Demon Realm are afraid of it. Xu Nian, you better be careful. This flame can burn everything in the world. Your Divine Demon Refining Body is useless before it," Wind Snow conveyed to Xu Nian.

Xu Nian was stunned, Hell Netherworld Fire.

No wonder it's so terrifying. It turns out this flame comes from the Demon Realm?

But how can this flame be controlled by Black Evil?

"I told you to stop, but you killed Bai Sha. Do you know that those who defy my orders end up miserably?" Black Evil glared angrily, walking in mid-air, with black flame lotuses rising under her feet, turning the space all around into scorched blackness.

The powerful momentum pressed towards Xu Nian fiercely, forcing one to fear.

"An air of a queen?"

Xu Nian sneered inwardly.

It seems Black Evil is indeed strong and domineering, just judging by her tone, it's clear how overbearing she usually is.

"Defying your orders? Why should I listen to your orders? You provoked me first, I merely retaliated normally. If you're looking for revenge, then bring it on," Xu Nian coldly smiled, showing no fear toward Black Evil's anger.

Xu Nian always takes softness, not hardness; how could he be intimidated by a woman?

"Quite sharp-tongued. Bai Sha's death means little to me, but you killed him before me, which is a blow to my pride. I give you two choices; either submit to me as a male slave or I'll make you wish you were dead," Black Evil declared condescendingly, her tone still arrogant.

"Male slave?" Xu Nian laughed.

It's the first time he's seen such a strong-willed woman.

"Hmph, you think it's funny? In my eyes, you men are just playthings. Someday, I, Black Evil, will reach the Great Tao's peak and make all men in the world submit beneath me, forcing you all to crawl on the ground, adopt shameful poses, and taste the feeling of humiliation," Black Evil scoffed mockingly, her eyes filled with disdain.

This declaration filled the surrounding men with rage.

Black Evil is too arrogant; she actually wants all men to submit.

But when they felt Black Evil's momentum, they could only suppress their anger within.

Xu Nian was also taken aback.

This Black Evil is simply a psychopath!

He really doesn't know how Bai Sha managed before; he must've been bullied a lot, right?

Thinking about it, Xu Nian couldn't help but feel pity for Bai Sha.

"I previously said once I defeat you, I'll make you mine, but now it seems, a woman like you, I wouldn't dare to want. I've always preferred the gentle and dependent type," Xu Nian joked with a smile.

"Hmph, gentle and dependent types are merely foolish women. I, Black Evil, can't be compared to those fools. Moreover, with your strength, there's no way you can defeat me. By then, it'll be you bowing and submitting, not me!" Black Evil snorted.

Then a metal long whip appeared in her hand.

"Whip!"

With a crack!

The space shattered directly, forming spatial rifts.

The black metal long whip flickered with snow-white sharp spikes, shocking and intimidating.

"A long whip as a weapon; it matches your personality perfectly!" Xu Nian shook his head helplessly.

A woman like Black Evil should be taught a lesson once.

So she won't continue being arrogant and wreak havoc in the world.

However, Xu Nian also regarded Black Evil with great importance.

Earlier, Bai Sha's strength was already this strong, and Black Evil's strength is clearly much greater than Bai Sha.

Dealing with him wouldn't be easy.

"Less chatter, kneel to me!" Black Evil yelled, swinging the long whip, directly lifting a phantom, aiming harshly at Xu Nian's legs.

The long whip swung, instantly extended, stretching over tens of miles.

The space shattered everywhere it passed, like paper.

Xu Nian's eyes instantly turned fierce, the Divine Demon Power within him surged.

Xu Nian did not dodge or evade, directly reaching out to grasp the long whip.

"Clang!"

His palm touched the long whip, instantly sparking brilliantly.

The metal blades on the long whip stabbed into Xu Nian's palm, leaving deep white marks.

"Buzz!"

Ultimately, Xu Nian still managed to grasp the long whip, both sides stood firm in the void.

"What, he actually caught Black Evil's long whip with his hands? Are his hands made of metal?"

The crowd exclaimed in surprise, not expecting Xu Nian's physical body to be this powerful.

Black Evil was also taken aback but soon sneered.

"Divine Demon Refining Body unparalleled in the world, truly impressive. But my long whip isn't something you can grasp!" Black Evil mocked, then shook the whip in her hand.

The long whip instantly extended, moving like a snake, aiming fiercely at Xu Nian.

This long whip contained extremely formidable power, massive strength.

Xu Nian's face changed immediately, quickly letting go of the whip, retreating rapidly.

"Fool!"

Black Evil laughed coldly, swinging her whip again.

The whip moved swiftly, directly striking Xu Nian's chest.

In an instant, the skin tore.

Xu Nian's figure also flew backward like a meteorite, flying nearly ten miles before falling.

"Boom!"

He slammed into the ground, creating a huge pit.

"So strong, too strong!"

"Black Evil is as domineering as ever; this strength far exceeds ordinary Earth Immortal Peak strong people."

...

The crowd exclaimed.

Xu Nian lay in the pit, eyes showing a surprised expression.

Black Evil hadn't used Profound Argumentation; how could her strength be this strong?

The strength was equivalent to his Peak of Gang Immortal power, yet he was only at the middle-stage Gang Immortal.

Black Evil retracted her whip, looking in Xu Nian's direction as he fell, she walked in mid-air, her posture swaying, her gaze full of disdain.

She mumbled, "Men are all ants! You're no exception!"

Chapter 1196: Divine Demon True Body

Black Evil stood in mid-air, the black robe surging.

The full figure stood in mid-air, curves alluring, and the captivating face was as cold as frost.

But the expression of looking down on the world on her face made all the men retreat in their hearts.

This woman is too overbearing!

So much so that her sharpness overshadowed all men, with none daring to approach.

Even the former Bai Sha was merely her plaything, unable to move a finger against her.

With her pride, how could she be touched by someone she sees as trash?

The Xu Nian before her was nothing but trash in her eyes as well.

And trash can only become playthings!

"Cough, cough!"

Xu Nian coughed twice, clutching his chest as he stood up again, his body slowly rising into the air, confronting Black Evil again.

Black Evil was in no hurry to make a move; she enjoyed seeing the despair in her prey's eyes.

She wanted to completely destroy a prey's mind, so her inner arrogance would be satisfied.

Looking at Black Evil's arrogant manner, Xu Nian could only sigh in his heart.

No wonder Black Evil was so arrogant, it seemed she had inherited from a powerful figure in the demon realm.

The terrifying power from a moment ago seemed to be a method of gathering power.

Compressing the Immortal Essence within beforehand to explode instantly, forming a horrifying and explosive force.

This secret technique was quite common, but the one Black Evil mastered was clearly far stronger than those other similar secret techniques.

Otherwise, even if Black Evil's cultivation was two levels higher than his, she absolutely couldn't surpass him in power.

"This is troublesome; trying to suppress this female demon really won't be easy," Xu Nian thought troubled.

Now Black Evil surpassed him in power, and her Insight Cultivation definitely towered over his.

Trying to defeat Black Evil seemed almost impossible.

Even deploying Space Nine Kills might not kill Black Evil!

"You are not my opponent, kneel and surrender; this is your last chance for survival. I always know how to spare the fragile, if you submit, I won't kill you," Black Evil said arrogantly, her eyes full of pity.

Spare the fragile?

Xu Nian smiled angrily, unexpectedly becoming the delicate jade in this woman's words.

He could be sure that Black Evil was definitely the most arrogant woman he had ever seen.

Xu Nian's greatest desire now was to subdue Black Evil and whip her hard a couple of times so she'd call out for daddy!

Of course, doing this would be extremely difficult?

"Didn't you hear what I said?" Black Evil noticed Xu Nian's indifference and instantly flicked her long whip.

The space shattered, and a black flame surged on the long whip, making the already terrifying whip even more formidable.

Xu Nian's eyes also turned extremely serious; Black Evil's prowess was indeed the greatest he had seen thus far.

From afar, Wind Snow also shook his head helplessly; even he had to retreat from Black Evil's strength.

Throughout the Slaughter Battlefield, Black Evil reigned as an unmatched queen, intimidating all directions.

Even those ranked high on the leaderboard preferred not to provoke her.

This comet being targeted by Black Evil could only be considered unfortunate!

"Looks like it's a fight to the death!" Xu Nian muttered to himself.

Black Evil was far from an ordinary Earth Immortal Peak Strong Person; she had unique experiences, and just her mastery of terrifying flames and power control secret techniques was enough to let her look down on the heroes, not to mention her yet-to-be-used Profound Argumentation.

"Want me to submit? Impossible, unless I die in battle, so go ahead and kill me if you can."

A massive battle intent surged in Xu Nian's eyes, the Divine Demon Power on his body began to roll and boil, and his originally 1.8-meter body began to swell to as much as five hundred feet.

The gigantic form was like a mighty giant mountain.

The surging Divine Demon Power was like dragons coiling around, awe-inspiring.

"Damn, is this the true Divine Demon Refining Body? The body grows this big? One slap, wouldn't it turn into sludge?"

In Wind City, those watching were all shocked by the scene.

Unexpectedly, Xu Nian manifested the Divine Demon True Body.

The Divine Demon True Body differs from the Dharma Manifestation Heaven and Earth; Dharma Manifestation Heaven and Earth can only grow bigger, but doesn't change power and speed.

But the Divine Demon True Body restores the true appearance of the Divine Demon, fully releasing the suppressed power within, hence both power and speed surge, like an original seal being suddenly lifted.

This is the real terror of Divine Demon Refining Body, Divine Demon True Body!

"Humph, what's the use in growing bigger? An ant is still an ant!" Black Evil stood arrogantly, waving the long whip in her hand.

Like Heaven and Earth Creation, it whipped toward Xu Nian's massive flesh.

It seemed intent on splitting Xu Nian's vast body in two, with the raging black flames carrying a terrifying heat that melted everything.

"Humph!"

Xu Nian's eyes were sharp as he looked at the incoming long whip, his form instantly disappeared from the original spot.

"Buzz!"

The long whip tore through space, ripping open a huge spatial rift.

However, Xu Nian's form vanished.

"Buzz!"

Suddenly, a finger pierced through the sky, seemingly aiming to crush everything.

"Such strong oppression, what a terrifying finger!"

The people of Wind City showed astonished expressions, their faces full of fear.

Black Evil's face also changed; she felt the oppression from the finger.

The Immortal Essence within her erupted instantly, forming a massive force, and she directly slapped at the huge finger pressing from above.

"Boom!"

Heaven and earth shattered, the earth shook.

The ground beneath Black Evil exploded with a roar, the earth caved in.

Dust billowed like a storm sweeping around.

Black Evil's form was shaken back by the terrifying power from the finger.

Yet Black Evil wasn't a pushover, she tread the void, the space cracked inch by inch, forcing her form to stop before she fell into Earth Immortal.

However, her black robe shattered a sleeve, revealing a snow-white slender arm.

Her black hair, originally bound behind, completely unraveled and danced wildly, an absolute stunner.

Black Evil's expression turned furious, a sweetness in her throat, her gaze at Xu Nian filled with boundless killing intent.

"Is this the power of Heavy Bomb Finger? Truly has the might of Sixth Level Profound Argumentation! It actually forces Black Evil this far." Wind Snow atop Wind City watched the scene, feeling deeply.

What Xu Nian had unleashed was his recently realized finger, Heavy Bomb Finger.

Even with just Profound Argumentation Fifth Level, its power wasn't inferior to typical Sixth Level Profound Argumentation.

Even Black Evil, using black flame and power secret technique, suffered a considerable loss.

"Hmm!"

Black Evil suddenly trembled, unable to suppress the blood and ended up spitting it out.

Unexpectedly, that finger still contained powerful Dark Force!

In that instant, a massive force burst within her body at a point, directly injuring her internal organs.

She had promptly forcefully suppressed it; otherwise, her entire body would have been destroyed!

"Take another finger of mine!"

At this moment, a huge finger poked fiercely in the void, fingertip power overwhelming.

"Get lost!"

Black Evil's eyes instantly became sharp, her anger soaring.

Her long whip pierced like a long spear, instantly clashing with Xu Nian's fingertip.

"Boom!"

The power exploded, Xu Nian's finger was directly repelled, even his entire form was shaken out of the space layer, appearing in everyone's view.

Black Evil's anger surged, the black flame lotus in her palm gradually grew larger, eventually transforming into a massive mountain-sized form, burning the sky and boiling the sea!

Everyone was stunned, eyes wide open.

"Today I'll burn you to ashes!"

Black Evil shouted angrily, and the next moment she urged the Black Lotus to suppress Xu Nian.

Chapter 1197: Space Tear

The giant Black Fire Lotus pressed towards Xu Nian.

The terrifying temperature was heart-wrenching.

Xu Nian also felt a scorching heat hit him, even his incredibly strong body felt incredibly dangerous.

This Hell Netherworld Fire was indeed exceptionally terrifying.

Moreover, the flames were mixed with the Red Lotus Karma Fire Profound Argumentation at the peak of the Seventh-level.

Burning all sins in the world, the temperature was terrifying.

"I originally didn't want to kill you, but you forced me like this, so don't blame me, ant, go die!" Black Evil roared.

The Black Fire Lotus instantly pressed down, suppressing Xu Nian.

Xu Nian looked at the flames pressing down from above, and madness surged in his eyes.

"Buzz!"

Xu Nian instantly activated his Earth Guardian, forming a Fourth-level Earth Pulse Defense.

However, the flames were extremely terrifying, and with the Fire Lotus constantly rotating, it formed a powerful crushing force.

Soon Xu Nian's Earth Guardian became shaky, ready to break at any moment.

"This meteor is probably going to die, Black Evil is really angry, few can withstand it in this Slaughter Battlefield."

"Yeah, but being able to make Black Evil cough blood, his skills are pretty terrifying too."

...

The people of Wind City saw this scene and sighed inwardly.

The Black Lotus suppresses, this meteor is definitely not escaping.

The surrounding space is twisted, he can't even execute Space Profound Argumentation.

Wind Snow also frowned slightly, hesitating in his heart.

However, as he was about to take a step, he was stared back by Black Evil from afar.

Helpless, he had to withdraw his hand, retreating.

Even if he took action, it would be adding another death, Xu Nian and he were just passing acquaintances, without deep friendship.

Xu Nian wasn't concerned about this at the moment, nor did he hope for Wind Snow to take action.

At this moment, he was trying his best to resist the terrifying crushing of the black flames.

To be honest, this giant lotus formed from black flames was indeed exceptionally terrifying.

Xu Nian felt his skin almost melting as if being burnt, with immense pain.

The Earth Guardian formed couldn't hold for more than a few moments.

Once the Earth Guardian breaks, his body would suffer a devastating blow.

This Fire Lotus could definitely burn his body's cells and soul to extinction.

"Your strength is good, originally I wanted to keep you as a male pet, but you don't know how lucky you are, so then I can only send you to hell." Black Evil's expression remained arrogant, looking at Xu Nian without the slightest hint of pity.

The voice was extremely solemn, as if reading the final verdict.

Xu Nian sneered, a strong anger arose within him.

He, Xu Nian, would never become someone else's male pet?

"Hmph, Black Evil, do you really think I only have this amount of strength?" Xu Nian snorted coldly, then swallowed the Sky-reaching Pill.

The Sky-reaching Pill entered, instantly dissolved in medicine power, Xu Nian entered into a magical state.

"Want a breakthrough in the battle? Even if you breakthrough, what then? The only road left for you is death." Black Evil sneered, seeing through Xu Nian's final desperate fight.

His palm slammed down, and the giant black lotus sank once more.

"Boom!"

Xu Nian's Earth Guardian instantly exploded, turning into dust.

In the next moment, Xu Nian was wrapped by the Black Fire Lotus, the terrifying flames shredding his body's cells.

Even Xu Nian's Divine Demon Avatar couldn't resist the terrifying flames.

Xu Nian's body gradually melted, his hand disappeared, his legs were gradually burned.

Seeing this scene, people all around shook their heads and sighed, it's over!

Wind Snow also had a face filled with mourning!

Black Evil sneered coldly, ants are ultimately ants.

However, Xu Nian at this moment was immersed in insight, he was comprehending Space Nine Kills!

The Third Level Space Tear Profound Argumentation within Space Nine Kills.

He had obtained the inheritance until now, and still couldn't comprehend it.

Now he wanted to use this life and death moment to break through this limit.

The Inheritance Memory kept flashing in his mind, and the Space Tear Profound Argumentation was gradually worked out by Xu Nian.

Of course, Xu Nian's body was also gradually disappearing, the Black Fire Lotus was shredding his body, already melted more than half of his body.

People all around wore faces of sighs.

This meteor ultimately died after all.

With this, Black Evil was about to rise to the top, gaining eighty-five million points, when Black Evil emerges, the strength might be enough to ascend to the Immortal Realm.

"Hear this, as long as I'm alive one day, all you men are slaves beneath me, I'll forever be riding above you." Black Evil shouted towards Wind City.

The voice was extremely loud.

The people inside Wind City were furious, but didn't dare express the slightest grievance.

They saw Black Evil's strength, if they really angered this madwoman, they would be courting death.

"Riding above others is nothing, if you're capable, ride above me."

Just then, a light chuckle was heard.

Black Evil turned sharply, finding Xu Nian, who was left with less than half his body, sneering coldly and looking at him.

"Buzz!"

Black Evil was about to sneer in disdain, but suddenly felt a terrifying space power coming, next moment, his Black Fire Lotus was instantly torn apart.

The black space rush surged, directly swallowing the Black Fire clean.

Xu Nian's figure returned to its original size, the burned flesh growing at a visible speed.

"How...how is this possible? Not even Hell Netherworld Fire can burn him?"

The people in the city all showed astonished expressions, surprised that the meteor wasn't dead.

Black Evil also frowned, his eyes heavy.

Xu Nian walked through the air, a new robe appearing on his body, looking at Black Evil with a gaze filled with provocation.

"Hmph, so what if you withstood my Black Fire Lotus, try my Black Fire Dragon." Black Evil roared.

In an instant, a massive Black Fire Dragon emerged behind him.

"Roar!"

The Fire Dragon roared, shaking the heavens and earth like a True Dragon.

Xu Nian sneered contemptuously, in the next instant, a beam of white light flashed through the air rapidly.

Then Black Evil and the Fire Dragon both froze in place.

"Boom!"

The Fire Dragon collapsed, Black Evil also had a face of stupefaction, a trace of blood appeared on his neck.

"This..."

Everyone in Wind City was petrified on the spot, looking at Black Evil's direction, filled with shock.

Black Evil was also tremendously shocked, glancing towards behind.

Behind him, a figure stood.

This figure wasn't anyone else, but Xu Nian.

Black Evil wanted to turn around and attack, but just now Xu Nian's Space Nine Kills had severed his neck, his body was yet uncontrolled.

"Slap!"

Xu Nian slapped Black Evil's butt directly, the sound of the slap echoed through the heavens.

The surrounding people were shocked.

This guy actually slapped Black Evil's butt?

This was probably what all men wanted to do but dared not!

Thinking of Black Evil cursing them, their hearts felt immensely relieved.

Black Evil at the moment was also red-eyed, furious.

This guy dared to slap her butt?

"You seek death!" Black Evil was furious, immediately tried to heal the neck wound.

"Slap!"

Another slap landed on Black Evil's butt, this time Black Evil clearly felt the sensation of the slap.

This made her heart filled with shame and anger!

However, Xu Nian's next words made her blow smoke out of her seven apertures.

"Nice feeling!" Xu Nian smiled slightly, teased.

Black Evil was furious, Hell Netherworld Fire surged.

Xu Nian coldly laughed, directly tore the space, pulling Black Evil into it.

Black Evil was swept into space turbulence, instantly disappeared without a trace.

Everyone around was dumbfounded, Black Evil died?

Chapter 1198: Wrath Soaring to the Heavens

The people on Wind City were stunned for several seconds before they came to their senses.

That Black Evil was swept into spatial turbulence, surely won't survive.

Even for an Earth Immortal Peak Level expert, the chance of surviving being swept into spatial turbulence is very slim.

Wind Snow stood among the crowd, feeling mixed emotions, never thinking that Xu Nian would unexpectedly break through, reaching the Space Tear Profound Argumentation Third Level Realms.

It's undeniable that this Space Profound Argumentation is indeed terrifying. No wonder when encountering a Space Controller, major powers would go wild trying to seize them.

This is only the Profound Argumentation Third Level, and yet it possesses such power.

At this moment, Xu Nian also breathed a sigh of relief.

If it wasn't for the last breakthrough to the Space Tear Profound Argumentation Third Level, he really wouldn't have been a match for that Black Evil.

In the end, he won by surprise.

If Black Evil had reacted, in a direct confrontation, he might not have won.

The reason he didn't directly kill Black Evil was because he wasn't completely sure he could kill her.

Although Xu Nian had cut her neck, he could feel Black Evil's soul was close to Great Success, and there was also an Immortal Artifact in her Mud Ball Palace.

If that slash hit the Mud Ball Palace, it might not have worked or could have even backfired.

It's better to sever her neck, making her lose mobility, humiliating her a bit for more satisfaction.

It's undeniable, the feel of those previous two strikes was indeed quite nice!

Exiling into spatial turbulence, even if she survives, she might not be able to find him in the future.

"Finally resolved that crazy woman, but it's a pity about her points. If I could get her points, I could cultivate for half a month," Xu Nian thought to himself.

However, he got Bai Sha's points, which allowed him to cultivate for seven or eight days.

After all, Bai Sha's points were nearly five million.

"Little brother Meteor, are you okay?" Wind Snow flew from afar and asked.

"I'm fine, just a bit drained, nothing else. That crazy hag is really formidable, nearly overturned in a ditch," Xu Nian said with a smile.

"Little brother Meteor, I'm sorry; I didn't help you..." Wind Snow thought for a moment and spoke.

"No need to apologize, Brother. You saw the situation earlier; I wanted to duel them. If you intervened, it would have been inappropriate," Xu Nian said with a smile.

He bore no resentment towards Wind Snow's spectating.

After all, Wind Snow was not related to him, so others had no reason to assist him.

Wind Snow smiled, though with a hint of regret.

If he had helped, perhaps his relationship with Meteor would have been better.

"Where are you planning to go next? Still going to Soil City?" Wind Snow asked.

"Yes, I'm going to make a trip to Soil City, to elevate Gravity Space Profound Argumentation to the Sixth Level Realm, and casually enhance my Earth Power Profound Argumentation. Through the fight earlier, I've realized my defense is still a weakness, so I want to boost Earth Power's Earth Guardian," Xu Nian said with a smile.

During the battle with Black Evil earlier, his Earth Guardian only lasted a moment.

If Earth Guardian reached the Profound Argumentation Fifth Level, or even Sixth Level, he wouldn't have been burned half to death.

"Earth Power? Little brother Meteor, although what I say might not be accurate, I still want to mention, cultivating multiple Profound Argumentations simultaneously will severely slow your cultivation progress. Focus on one might yield faster breakthroughs," Wind Snow couldn't help but suggest.

Xu Nian had already demonstrated no fewer than five types of Profound Argumentations from the beginning until now.

Earth Power, Gravity Space, Dimension Cutting, Space Folding, and Space Tear.

Among them, Dimension Cutting Profound Argumentation is the highest, reaching the Sixth Level Realm.

Next is Gravity Space, Earth Profound Argumentation Fifth Level.

Earth Power Fourth Level.

Space Tear Third Level.

Finally, Space Folding Second Level.

Five Profound Argumentations, Wind Snow really couldn't imagine how one could cultivate so many kinds of Profound Argumentations at once.

He didn't actually know; Xu Nian had also comprehended Space Solidification Profound Argumentation and Wind Extreme Movement Profound Argumentation.

Though Wind Extreme Movement and Space Solidification were only at the First Level Realm.

Of course, there were also several that had just crossed the Profound Argumentation Threshold, like Thunderbolt Speed, Star Purification, and Dark Avatar.

Counting them, Xu Nian comprehended too many Profound Argumentations.

His main cultivation currently is still only two: Dimension Cutting and Gravity Space.

All other Space Profound Argumentations are understood by the Undying Devouring Sky Beast Avatar.

With Xu Nian having three avatars, he could multitask without worrying about wasting time.

Of course, these are things Xu Nian wouldn't explain to Wind Snow.

"Brother Wind Snow, are you planning to go with me?" Xu Nian asked.

"No, after thinking it over, I plan to stay in Wind City to continue comprehending Wind Extreme Movement. Going with you to Soil City might drag you down," Wind Snow replied.

Xu Nian nodded, not insisting.

He knew Wind Snow felt awkward not helping him earlier, and embarrassed to proceed together.

He's also afraid that encountering stronger enemies, whether he helps or not would be a difficulty, so it's better not to travel together.

Xu Nian thought this idea was reasonable.

"By the way, Brother Xu, you said you wanted to cultivate Earth Guardian for defenses. In Soil City, you could find my good friend Xuanwu. He cultivates Earth Power, with a focus on Pulse Protection. He may give you some advice." Wind Snow said.

"Xuanwu? He sure must be confident in his defenses. Okay, I'll remember that, Brother Wind Snow, I'll be off now. Let's meet again if we have the chance." Xu Nian said.

"Take care!" Wind Snow solemnly replied.

Xu Nian smiled, then transformed into a stream of light, disappearing on the spot.

Watching Xu Nian disappear, Wind Snow's eyes showed a trace of regret.

...

Just when Xu Nian left Wind City, heading to Soil City.

In the Tianhan Star System, on a fringe planet, a figure tore through space, emerging from the spatial crack.

The figure was extremely battered, multiple injuries, with a graceful figure barely covered.

Fortunately, this planet was barren and uninhabited; otherwise, her attire alone would drive many insane.

The woman lay on the ground, her exquisite face full of rage.

At this moment, her Immortal Essence was exhausted, almost unable to move.

Nevertheless, her gaze was filled with intense anger.

"Meteor, don't let me see you again, or I will make sure you beg for life, can't beg for death!" She howled skyward, her voice shaking the heavens and earth.

After venting her inner rage, she began focusing on cultivation, terrifying black flames rising.

Horrifying Spiritual Energy, like a whale swallowing, was rapidly absorbed into her body, transforming into Immortal Essence.

If Xu Nian were here, he would certainly recognize that this person was the very Black Evil he had just exiled.

Chapter 1199: Emperor Ye Tian's Guidance

Sage Hall, within the third level of the Inheritance Hall.

The Undying Devouring Sky Beast Avatar is currently in a fierce battle with the Metal Puppet.

The entire interior of the hall is devastated, with sword marks and Sword Qi everywhere.

There are several sword marks of varying depths on the Metal Puppet's body, all of which were made by Xu Nian.

"Clang!"

Xu Nian throws a punch, colliding with the Metal Puppet's fist, resulting in a deafening boom.

Both Xu Nian and the puppet are knocked apart, landing at the edge of the arena.

The arena beneath them cracks under their feet.

He has battled this Metal Puppet countless times, and with each battle, his strength increases rapidly.

Of course, as his strength increases, the Metal Puppet's strength also increases significantly.

But as Xu Nian grows stronger, the gap between him and the Metal Puppet gradually narrows.

"Space Nine Kills, Instant Kill!" Xu Nian's eyes sharpen, and his figure vanishes from the spot. In the next moment, Li Tiangang and others see several extremely sharp space Sword Qi flashes.

Several sword marks appear on the Metal Puppet's body.

However, this sharp Sword Qi only leaves a few marks on the Metal Puppet, unable to cause substantial damage.

The Metal Puppet seizes the moment and instantaneously appears behind Xu Nian.

A punch is delivered!

"Boom!"

In the next moment, Xu Nian is sent flying.

"Pfft!"

Xu Nian spits out a mouthful of blood once more.

This Metal Puppet possessing all his profound argumentations is indeed an incredibly monstrous thing.

In this way, he holds no advantage in combat.

Of course, it's not to say there's no way to win; to defeat the opponent, certain tactics must be employed.

As long as the tactics are applied appropriately, victory is possible.

This trial essentially tests the examinee's tactical abilities.

Many people only focus on strengthening their power, neglecting the importance of tactics.

In cases where the power gap is not large, the use of tactics can exert a stronger effect.

"Xu Nian, why don't we just give up?" Mei Ji came over, feeling a bit distressed seeing Xu Nian injured again.

This is already the one thousand eight hundredth time Xu Nian has been injured. Over ten days, Xu Nian ends up severely injured every time.

Even though Li Tiangang and Li Anshan on the side look, it's hard to bear.

"No worries, although this puppet has spiritual wisdom, it's not true intelligence. I have gradually grasped its combat patterns, and soon I will be confident in defeating it," Xu Nian responded with difficulty.

That last punch directly broke his spine, and all the ribs in his chest were shattered.

His breathing is currently extremely difficult, and he can only gradually recover through Immortal Essence.

Currently, among his three bodies, the Divine Demon Refining Body recovers the fastest.

The Undying Devouring Sky Beast and his real self naturally fall short of the Divine Demon Refining Body in terms of recovery from injury, so such injuries could only be nurtured with Immortal Essence.

Of course, if Xu Nian could condense an Immortal Body, his recovery speed would also enhance.

"Then be careful!" Mei Ji comforted.

"Don't worry, I've improved significantly in strength, even if I go out, I might still handle those two guys, but I want to try this challenge a bit longer." Xu Nian laughed.

He now has immense improvement in understanding profound arguments, and he is confident in dealing with those outside opponents as well.

Right now, he just wants to pass this challenge to see what benefits Sage Sect's third challenge might have.

Hearing this, Mei Ji stopped speaking and returned to cultivation.

Seeing Xu Nian work so hard, he too needed to work diligently.

As Xu Nian worked hard to recover from his injuries, he discovered that with each physical restoration, his Immortal Body hammering speed improved significantly.

Originally, hammering one arm would take ten days, but now it can be done in just a day.

Over ten days, his Immortal Body has been more than half hammered, probably soon, his Immortal Body will achieve Great Success.

Xu Nian entered cultivation, but his mind once again ventured into the Chaos Divine Palace.

"How come you have time to be here today?" Daotian Rat saw Xu Nian in the Chaos Divine Palace and teased him with a smile.

"Senior Daotian Rat, do you know any powerful tactics?" Xu Nian asked eagerly.

During this period, he has been pondering ways to solve the third challenge, thinking endlessly, yet finding no solutions, hence seeking Daotian Rat's help.

"Tactics? One force subdues ten skills. If your strength is strong enough, why fear the Metal Puppet?" Daotian Rat replied disdainfully.

"But the key is that my cultivation doesn't improve overnight, please just tell me if there's a way to overcome the Metal Puppet." Xu Nian straightforwardly stated.

He had long become accustomed to Daotian Rat's high-minded personality but often useless suggestions.

"Tactics? It's just the combination of attack methods, which I'm not adept at. You should ask your Master about it, she excels in this. You being her disciple and not knowing this is simply disgraceful." Daotian Rat sneered.

"Master's strength?" Xu Nian asked in surprise.

"Do you not know yet that your mentor Emperor Ye Tian has another nickname as the Martial God Emperor? Her mastery over law fusion and coordination reaches a pinnacle level, even your Green Emperor Teacher admires her for it." Daotian Rat explained.

Martial God Emperor?

Xu Nian was greatly surprised, not expecting Emperor Ye Tian to have such an accolade.

It seems he knows too little about Emperor Ye Tian's past.

Thinking of this, Xu Nian immediately vanished from where he stood, appearing in the space where Emperor Ye Tian resided.

"Greetings, Master!" Xu Nian hurriedly and respectfully greeted.

"I know your purpose. The so-called tactics are your mastery and the linking and coordination between moves. For example, your Instant Teleportation and Space Nine Kills can be perfectly merged to form an Instant Kill technique. Have you thought that your Space Profound Argumentation and Dimension Cutting Profound Argumentation could cooperate, or your Gravity Space and Space Profound Argumentation could cooperate, or your Gravity Space Argumentation and Dimension Cutting Argumentation could cooperate?" Emperor Ye Tian opened her eyes and looked at Xu Nian.

"Eh?"

Xu Nian was stunned!

He hadn't thought of this before.

He had been focusing on combining and linking similar attribute profound argumentations, but hadn't considered that different argumentations could also be combined and linked.

If Dimension Cutting and Space Tear are fused, what kind of effect would be produced?

He really hadn't thought about it!

"I've said what needs to be said, the rest you must ponder yourself. Get out!" Emperor Ye Tian directly issued an expulsion order.

Xu Nian was helpless and had to leave the Chaos Divine Palace.

But he also understood that Emperor Ye Tian had taught all she could, the rest was up to him to comprehend.

Combining different attribute techniques?

Xu Nian fell into deep thought!

Chapter 1200: Yan Ruyu's Request

Tianhen Continent, within the deepest chambers of the Tianhen Empire's palace.

At this moment, Xu Nian himself is utilizing Ice Jade Marrow to perform the cleansing ritual for Yan Ruyu.

After a long cleansing ritual lasting ten hours, Yan Ruyu's cultivation skyrocketed.

She directly broke through the boundaries of the Battle Emperor realm, reaching the Pseudo Purple Mansion Level of the Supreme Battle Emperor Realm.

In addition, both Yan Ruyu's appearance and temperament underwent significant changes.

Originally considered an upper-class beauty, Yan Ruyu became more refined after the cleansing ritual.

Her skin is as soft and fair as white jade, her face more delicate, and her curvaceous figure even closer to perfection.

Of course, the most notable transformation is her temperament, which now carries an ethereal quality alongside her original majestic aura.

She exudes a sense of being untouchable and lofty.

"Thank you, sir, for the grace of recreating me," Yan Ruyu said, kneeling gratefully.

In front of others, she is the formidable Female Killing Emperor.

But in front of Xu Nian, she remains the humble maidservant.

Years ago, when he and her father Yan Wu departed, they encountered numerous hardships, leading to her father's death in a disaster, while she survived by luck.

Afterward, relying on the resources Xu Nian provided, she rose strongly, step by step, to her current position.

It can be said that everything she achieved was exchanged with her life.

Over the years, if she had not become decisive and ruthless, as a weak woman in this world, she would have long become someone else's plaything.

"Arise, I have heard of your challenges these years; seeing you reminds me of myself," Xu Nian said with a smile.

Seeing this woman wrapped in massacre, Xu Nian's heart truly ached for her.

He understood more than anyone how fragile Yan Ruyu truly was.

The torment she endured to become what she was now was beyond words.

"Sir, you're joking, how could I measure up to you? Meeting you this time brings me such happiness. The gratitude for you saving my life has supported me all this way; it's a kindness I couldn't repay in this lifetime," Yan Ruyu stated resolutely.

With a dismissive smile, Xu Nian did not expect Yan Ruyu to repay him.

Watching her grow into her own strength filled Xu Nian's heart with joy.

Deep down, he still saw Yan Ruyu as he would a sister.

Yan Ruyu noticed Xu Nian's expression and frowned slightly: "Is there something you need to attend to upon returning to the continent, sir?"

"There are certain matters; my cultivation has reached the Earth Immortal Realm, and I may soon ascend to the Immortal Realm. Thus, I wish to conclude my earthly affairs and visit my mother," Xu Nian expressed with a contemplative look.

This time he returned, besides bringing Murong Xue to recall memories of the seal, he also wished to see his mother once more.

As he stated, his cultivation had reached the Earth Immortal Realm and he might soon ascend to the Immortal Realm.

He did not want to ascend without seeing his mother.

Yan Ruyu hesitated, finally biting her lip, seeming to make a decision: "Sir, I am aware of your extraordinary talent, that you will certainly ascend to the Immortal Realm. After this departure, I don't know when we might meet again. I have one request, sir."

"What is it? I will do it if I can," Xu Nian turned to Yan Ruyu.

"I wish to bear your child," Yan Ruyu stated firmly, and with that, she removed her robe, revealing her graceful snow-white body.

The breathtaking curves were fully displayed before Xu Nian.

Xu Nian suddenly felt his mind buzzing, as a flame of desire ignited fiercely within him.

"Bear a child?"

If not for Yan Ruyu's actions, Xu Nian might have thought he misheard.

Yan Ruyu's request was actually to bear his child?

"No!" Xu Nian quickly turned away, dared not look again.

Although Yan Ruyu's allure was not comparable to Murong Xue or Leng Yanran, she was now a full-fledged beauty after her cultivation.

Moreover, despite his cultivation, Xu Nian had only once had an unintended encounter with Leng Yanran and had never had such an experience with a woman.

Thus, facing Yan Ruyu's temptation, of such high cultivation, he couldn't remain indifferent.

Yan Ruyu's gaze was unwavering, showing no trace of embarrassment.

The events over these years taught her to pursue what she desired firmly, or risk regret for a lifetime, discarding the traditional shyness owned by ordinary women.

"Sir, I know I am not worthy of your favor, but this is my greatest wish. The years have passed, holding onto this wish kept me alive. Over these years, I never let another man touch me, hoping one day to be your own wholly and to bear a son or daughter for you, twins preferably," Yan Ruyu said.

Xu Nian was utterly astonished.

Such directness from Yan Ruyu left him at a loss.

"Sir, rest assured, this would be the only time. Should I become pregnant, it would be best; if not, it would be merely bad luck and I won't trouble you further, bringing no bother," Yan Ruyu added.

With that, she stepped forward and embraced Xu Nian.

Xu Nian was shocked!

When a woman acts upon her own decision, it is indeed terrifying.

"Ru Yu, there's no need for this," Xu Nian hurriedly pushed Yan Ruyu away.

"Sir, fulfill my wish. If not, my Tao Heart might develop an obstruction, halting my cultivation," Yan Ruyu pressed Xu Nian into the dragon seat.

She then sat upon him.

Xu Nian was stunned; Yan Ruyu was indeed too straightforward.

The smooth sensation almost overwhelmed Xu Nian.

"Ru Yu..."

"Sir, there's no need to say more. It's all of my own free will, I know you wouldn't willingly hurt me, but for me, this is the ultimate result, allow me to serve you well," Yan Ruyu interrupted Xu Nian.

As Xu Nian was about to speak, Yan Ruyu cut him off.

The next moment, Yan Ruyu undressed Xu Nian.

With words said, Xu Nian knew he had nothing more to say.

Further indecision would appear hypocritical.

Thus, Xu Nian ceased to resist, allowing Yan Ruyu her freedom.

The palace was peaceful.

Xu Nian and Yan Ruyu indulged freely.

Long thereafter, the two finally separated.
