### Chapter 1211: The Dragon King Cone Displays Its Power

"Big brother, this matter was initiated by second brother, we really can't blame them. Now our Ghost Alliance has suffered huge losses, it's really unwise to make them our enemies again," Hong Cheng advised.

The man standing at the front had eyes as cold as ice, seemingly unaffected by Hong Cheng's words.

"They killed second brother, we can't ignore that. No matter who is right or wrong, they killed him, so they must die. Besides, second brother's Dragon King Cone is a treasure that absolutely cannot fall into others' hands, and the information about the Taihao Vein is indeed critical and mustn't be leaked," the leading man spoke solemnly, his voice authoritative and allowing no doubt.

Hong Cheng's brow instantly furrowed.

He really wanted to persuade his big brother not to provoke Xu Nian and the others, but didn't know how to start.

This matter was indeed his second brother's wrongdoing initially, now he also didn't know what to do.

"They're coming out!"

Just as Hong Cheng was troubled, a surrounding cultivator suddenly exclaimed.

The leading man immediately looked toward the cave entrance of the mountain.

Sure enough, two figures emerged from inside. When he saw Lin Ruolan, his eyes lit up.

Such a beautiful woman!

No wonder Wang Tong was moved, even he was somewhat captivated.

As for Xu Nian, he just glanced briefly and then looked away, not paying the slightest attention.

Xu Nian and Lin Ruolan walked out of the cave and saw the sky full of cultivators.

These cultivators surrounded them tightly, it seemed they had no intention of letting them escape.

However, there was not a hint of fear on Xu Nian and Lin Ruolan's faces; instead, there was some amusement.

"You two, having killed my second brother, do you intend to leave just like that?" Zhou Tianming asked Xu Nian and Lin Ruolan from the void.

"So, you're seeking revenge on us?" Xu Nian looked at Zhou Tianming and sneered.

From this stance, Xu Nian immediately saw that Zhou Tianming and that Wang Tong were of the same ilk.

"Actually, I'm here to avenge you. My second brother died at your hands; naturally, I must kill you. Of course, before that, if you voluntarily hand over the Dragon King Cone and cripple your cultivation, I can consider sparing you," Zhou Tianming sneered.

Xu Nian retorted with a laugh of extreme anger, Zhou Tianming was indeed arrogantly ruthless.

To cripple his cultivation before even considering sparing him?

It seemed he didn't regard him at all!

"Then what about her? Why not seek revenge on her?" Xu Nian pointed to Lin Ruolan beside him and asked.

Previously, Lin Ruolan stood by idly. Now faced with so many strong opponents, he couldn't let this character remain uninvolved.

"She didn't lay a hand on my second brother, why would I seek revenge on her? Not only that, I want to invite this Fairy to join our Ghost Alliance and become one of our hierarchs. How does the Fairy feel about that?" Zhou Tianming smiled hypocritically.

Xu Nian instantly burst into laughter.

Zhou Tianming actually invited Lin Ruolan to join the Ghost Alliance?

Probably wanting to get Lin Ruolan, playing a little trick, right!

Lin Ruolan, however, seemed as if she hadn't heard Zhou Tianming at all, her eyes disdainful.

"Looks like she's unwilling to entertain you," Xu Nian said with a cold laugh, stirring the flames.

Zhou Tianming's face instantly turned livid; he had not expected this woman to ignore his words, a flash of malevolence in his eyes.

But soon this malevolence was concealed.

"Hm, whether she entertains me is one thing, but you must die today, hand over the Dragon King Cone, and I might leave you a complete corpse," Zhou Tianming said angrily.

He was now filled with rage, unable to vent it on this woman, he could only take it out on this guy.

"Want the Dragon King Cone? Sure, come take it yourself," Xu Nian said with a wry smile.

"Courting death, charge, kill him!" Zhou Tianming ordered.

Instantly, dozens of strong opponents charged at Xu Nian, each at the Earth Immortal realm.

Among them, there were even late-stage Earth Immortal rank experts, who attacked mercilessly, each launching deadly strikes towards Xu Nian.

Zhou Tianming sneered; faced with so many Earth Immortal realm experts, even he would find it hard to fend them off, he wanted to see how a mere middle-stage Earth Immortal could withstand them.

Xu Nian looked at the Earth Immortal realm experts attacking from all directions, a cold smile on his lips.

"Buzz!"

Xu Nian's thoughts moved, instantly several beams of light shot from his body.

Swift as a ray of light, fiercely sharp to the extreme.

"Splatter!"

Continuous sounds of blood splattering arose.

Only to see the dozens of charging Earth Immortal experts' heads directly pierced by incredibly sharp fine blades.

In a brief moment, none of the dozens of Earth Immortal experts survived.

"What?"

The Ghost Alliance members were all surprised when they saw this scene.

"This is... the Dragon King Cone? This guy has wielded the Dragon King Cone's power?" Zhou Tianming also furrowed his brow; he hadn't expected this kid to actually harness the Dragon King Cone's power.

It seems his control over the Dragon King Cone might even surpass Wang Tong.

Xu Nian smiled faintly, looking at the falling dozens of corpses with unflinching eyes.

What he exhibited just now was only the Dragon King Cone's most basic usage, not one of the one hundred and eight techniques.

Now, his comprehension of Wind Attribute Dimension Cutting Profound Argumentation had reached the fourth level. The Wind Blade's lethality at the fourth-level realm was naturally not something these people could withstand.

Not to mention dozens, even if thousands or tens of thousands here attacked together, Xu Nian had confidence to massacre them all.

With such a treasure like the Dragon King Cone at hand, he truly feared no group battle.

Hong Cheng too was utterly shocked; he could tell that Xu Nian's strength was far greater than before.

In just two days, he'd grown so much stronger.

Moreover, he had an exceptionally fearsome axe.

"Big brother, let's retreat; Xu Nian has grown much stronger, if we keep fighting, our Ghost Alliance will suffer terrible losses," Hong Cheng advised.

"I didn't expect this kid to be so skilled, in that case, I'll take action myself," Zhou Tianming said with a cold snort, preparing to intervene.

"Should've done it sooner, better you meet your end than have your men do it," Xu Nian laughed.

Zhou Tianming instantly flew into a rage, this brat was so arrogant, not even putting him in his eyes.

"Kid, arrogance comes at a price; since you don't regard me, I'll teach you how to behave," Zhou Tianming sneered.

Then a powerful Thunderclap Power surged from his body.

The sky crackled with thunder, as if countless Thunderclap Dragons were coiling.

With the emergence of this power, the surrounding Ghost Alliance members showed expressions of fear.

"The Alliance Leader is going to make a move? This kid's doomed!"

"Yeah, the Alliance Leader's Thunderclap Power is immensely strong; this kid will definitely be blasted to pieces."

Chapter 1212: Lin Ruolan's Instant Kill

Xu Nian looked at the surging thunder around him, a trace of astonishment appearing on his face.

The Thunderclap Power of Zhou Tianming was indeed formidable. Judging by its intensity, it reached at least the Fifth-level of Profound Argumentation.

Currently, Xu Nian had only just comprehended the Third Level of Profound Argumentation in this world. Facing Zhou Tianming, who was at the Fifth-level, might truly be quite challenging.

However, Xu Nian wasn't afraid. This was a perfect opportunity to hone his Dragon King Cone.

"Young man, I originally intended to let you die swiftly, but since you insist on opposing me, don't blame me." Zhou Tianming sneered coldly.

With a grip of his hand, a Thunderclap Spear materialized in the void, gathering in his hand.

The spear emitted a terrifying wave, and if it even grazed an opponent, the horrifying Thunderclap Power would cause irrevocable damage to their body.

"Buzz!"

Xu Nian's mind stirred, and the Dragon King Cone floated before him.

The Wind Blades around the Dragon King Cone instantly unfolded, forming the first form of the Wind Blade Tornado.

"Hmph, even if you possess my second brother's Dragon King Cone, how long have you had it? I'd like to see how you counter my Thunder Spear!" Zhou Tianming snorted coldly as he swiftly charged, spear in hand, toward Xu Nian.

His speed was incredibly fast, as if he were riding the thunder.

"So powerful! This guy is doomed. The alliance leader's Thunder Spear is boundless in power; this lad absolutely cannot withstand it," someone in the crowd exclaimed.

The surrounding people, witnessing this scene, all believed Xu Nian was a goner.

Xu Nian, however, sneered and immediately activated the Wind Blade Tornado.

"Buzz!"

The Wind Blade Tornado swiftly shot out, blasting toward Zhou Tianming's spear.

"Boom!"

The two forces collided, creating a shockwave of energy that shook the heavens.

Everyone around was knocked back, astonishment etched in their eyes.

The Thunderclap Spear exploded, and Zhou Tianming was also sent flying.

A look of surprise appeared on his face, seemingly in disbelief that Xu Nian had shattered his Thunder Spear.

Xu Nian's Dragon King Cone was also thrown back, nearly leaving his control.

Nevertheless, the backlash from the collision of the Thunder Spear's impact still caused Xu Nian some degree of counter-injury.

"Indeed powerful! I must find a way to comprehend the second form," Xu Nian thought to himself.

"I didn't expect you to have such mastery over the Dragon King Cone, surpassing even my brother. Since that's the case, I won't hold back anymore," Zhou Tianming snorted coldly.

In the next moment, three Thunderclap Spears formed before him.

The power of these three Thunderclap Spears only increased, not decreased, compared to the previous one.

"Huh?"

Xu Nian's expression instantly changed, and he directly controlled the Dragon King Cone to split into three.

Yes, the second form of the Dragon King Cone was the Three Dragon Dance in the Blue Sky.

However, Xu Nian was still not proficient in this form and couldn't truly unleash its full power.

But now, there was no other way; he could only fight with all his might.

"Go!"

Zhou Tianming shouted loudly, and the three Thunderclap Spears shot out.

The spears pierced through the air, penetrating the heavens and the earth.

It seemed as though they aimed to pin Xu Nian dead in this void.

His confidence in the Thunderclap Spears was immense; if he couldn't even kill a Middle Stage Earth Immortal, he wouldn't have the face to continue as the Alliance Hierarchy of the Ghost Alliance.

"Block them for me!"

Xu Nian also shouted loudly, urging the Dragon King Cone to strike the three Thunderclap Spears.

"Boom, boom, boom!"

A series of explosions sounded.

The terrifying Thunderclap Storm swept all around in an instant.

The Thunderclap Spears exploded, but Xu Nian's Dragon King Cone was also sent flying.

Xu Nian suffered from the force's backlash, a trace of blood seeping from the corner of his mouth.

"Haha, you think you can block my Thunder Spear, waste that you are? You think you can withstand it? Then I'd like to see how much you can take," Zhou Tianming sneered.

With a thought, twelve Thunderclap Spears hovered before him.

The power of these twelve Thunderclap Spears was the same as before.

"Twelve? My god, the alliance leader is truly showing his might!" Members of the Ghost Alliance exclaimed in surprise, and their eyes toward Zhou Tianming became more reverent.

Hong Cheng sighed in his heart; now that his big brother was using his true strength, there was no way Xu Nian could be an opponent.

"It's over, die now!" Zhou Tianming sneered coldly, then waved his hand, and those Thunderclap Spears shot out once more.

Seeing this scene, Xu Nian felt a sense of helplessness.

It seemed he could only resort to the Star Axe again.

However, just at this moment, a graceful figure stepped lazily forward, blocking Xu Nian.

"Oh? Is that person finally willing to make a move?" Xu Nian was taken aback, then a smile appeared on the corner of his mouth.

Unexpectedly, Lin Ruolan took the initiative to intervene.

Lin Ruolan exuded a wave of black energy, and in the next moment, with a slap of her hand, those Thunderclap Spears exploded instantly.

Then Lin Ruolan took a step forward, and a long sword appeared in her hand.

The black brilliance shone in the sky, yet seemed to devour everything.

"Buzz!"

The speed was fast to the extreme, sweeping past Zhou Tianming.

Zhou Tianming's body instantly froze, his face full of horror.

Xu Nian also showed a look of surprise.

Lin Ruolan was using some powerful secret technique.

This secret technique was terrifying; it must have been a method of utilizing a certain energy.

Even Xu Nian felt a terrifying aura of death from that strike.

Fortunately, he hadn't confronted Lin Ruolan; otherwise, he might not have been a match for her.

"Noisy garbage, wasting Miss Lin's time." Lin Ruolan withdrew her long sword, standing proudly in the void.

The next moment, Zhou Tianming's body shattered into dozens of pieces and fell to the ground.

The whole scene was silent, staring at Lin Ruolan's form like a demon.

Hong Cheng couldn't help but swallow, fear in his eyes.

He once had crossed swords with Lin Ruolan, and in retrospect, it appeared Lin Ruolan had truly held back before.

Xu Nian shook his head helplessly; Lin Ruolan was truly making an example of him.

Perhaps others couldn't see it, but he could tell that deploying this technique wasn't easy for Lin Ruolan.

She likely had little combat power left at this moment.

"If any of you want to make trouble, come and battle," Lin Ruolan turned to the cultivators in the sky, speaking with utter disdain.

The surrounding cultivators shrank back in fear, each showing expressions of trepidation.

"Miss Lin, we don't wish to be enemies with you," Hong Cheng thought about it and couldn't help but speak.

"If you don't want to be our enemy, then scram. Or do I have to invite you out?" Lin Ruolan snorted coldly.

At her words, everyone looked terrified, fleeing for their lives.

Hong Cheng also looked embarrassed, preparing to leave.

"Wait a moment, Alliance Leader Hong. You mentioned before that you'd take me to find outsiders. Can you still take me to see them?" Xu Nian suddenly called after Hong Cheng.

Hong Cheng's expression was complex. Glancing at Lin Ruolan standing aside and seeing she said nothing, he replied, "Alright, I will welcome you both to the Ghost Alliance."

After speaking, Hong Cheng turned into a stream of light and left.

Chapter 1213: Defeating Jin Kui

Just as Xu Nian's true self was in the gray world searching for the people of the Xu Family and Leng Family, the Undying Devouring Sky Beast Avatar had already entered a crucial period of comprehension.

Inside the Chaos Divine Palace, Xu Nian had been comprehending for three whole months.

During these three months, Xu Nian was immersed in the fusion of the Gravity Space Profound Argumentation and the Dimension Cutting Profound Argumentation.

It must be said that fusing two different attribute profound argumentations to form attack techniques is a very difficult thing.

"Buzz!"

At this moment, a peculiar fluctuation radiated around Xu Nian, carrying an extremely sharp aura.

Yet within this sharp aura, there was also an extremely heavy fluctuation.

Strands of airflow dispersed, causing the surrounding space to tremble violently.

"Hmm, did this kid really succeed? He actually managed to fuse the Fifth-level Gravity Space Profound Argumentation with the Sixth-level Dimension Cutting Profound Argumentation," the Dao Tian Rat said with surprise as he looked at the fluctuations radiating around Xu Nian.

The fusion of different attribute profound argumentations is extremely difficult, generally only achieved by those with very high comprehension.

Moreover, the higher the level of profound argumentation, the more difficult this fusion becomes.

Xu Nian's ability to comprehend this in three months shows extremely strong comprehension.

"Buzz!"

The airflow around Xu Nian continued to fluctuate, gradually changing, constantly colliding and intertwining.

As the two powers continued to merge, the aura around Xu Nian grew increasingly terrifying.

The originally earth-yellow and blue forces gradually formed a single black force.

Once this black force emerged, the surrounding space vibrated violently.

"Buzz!"

Xu Nian suddenly opened his eyes and beckoned, causing the black force to condense in his palm.

This black force was extremely frightening, almost like it had substance.

Xu Nian wielded his fingers like a sword and slashed out.

Instantly, the space was torn open, creating an immensely large river.

This river stretched for a full three thousand feet, terrifying to the extreme.

Luckily, this was within the Chaos Divine Palace; otherwise, in this Small World of the Sage Sect, it might have been enough to collapse the Small World.

Xu Nian saw this strike and his face lit up with excitement.

The power of this strike could probably rival the power of the Seventh-level profound argumentation.

Unexpectedly, the fusion of two different attribute profound argumentations resulted in such great power.

"Let this new fusion of forces be called Black God Power," Xu Nian silently said to himself.

In the entire Cultivation World, there are probably very few who can fuse two different attribute powers together.

With this new power, Xu Nian is completely confident to defeat the Metal Puppet.

Thinking of this, Xu Nian immediately vanished from the Chaos Divine Palace and appeared on the third floor of the Inheritance Hall.

"Xu Nian?"

Everyone around saw Xu Nian appear with a concerned expression on their faces.

Xu Nian has been missing for nine days.

They all knew Xu Nian had space-type treasures, so they knew Xu Nian had gone into space treasures to cultivate.

They just didn't know what Xu Nian had comprehended.

"Xu Nian, how about giving up? We can go out together and fight them," Liu Bai Ru suggested after a moment's thought.

"Yes, we've all grown stronger, we can take them on together," Li Anshan quickly followed.

Xu Nian laughed.

"Don't worry, Sister Liu, Brother Li, my strength has improved greatly over these nine days. I am now confident I can defeat this Metal Puppet," Xu Nian said with a smile.

"Confident? Doesn't the Metal Puppet grow stronger with you?" Li Tiangang asked curiously and puzzled.

Xu Nian smiled mysteriously and immediately rushed towards the circle.

Soon, Xu Nian was in the circle.

The Metal Puppet opened its eyes again, eyes sharp.

"Let's do it!" Xu Nian said directly.

The Metal Puppet did not waste any words, instantly rushing out, sending a punch towards Xu Nian.

The punch was extremely fierce, and it was infused with the Fifth-level Gravity Space Profound Argumentation.

Xu Nian smirked, calling upon the Black God Power, and facing the incoming punch from the Metal Puppet, punched back fiercely.

Everyone including Li Tiangang was stunned, Xu Nian actually met the Metal Puppet head-on.

Didn't he know how formidable the Metal Puppet's power was?

"Boom!"

Yet in the next moment, an astonishing scene occurred.

The power of Xu Nian and the Metal Puppet collided, instantly creating violent ripples and airwaves.

The surrounding hall was directly shattered by this fluctuation.

The Metal Puppet was sent flying, stomping out several large pits on the ground.

But Xu Nian remained motionless, extremely domineering.

"How... how is that possible?"

Li Tiangang and others were suddenly surprised, not expecting Xu Nian to encounter the Metal Puppet head-on and even have the upper hand.

What strong power had he mastered?

The Metal Puppet seemed somewhat surprised too, but it was just a puppet; it quickly charged at Xu Nian again.

Xu Nian sneered, stepped into the air, and his figure soared.

"Boom!"

Xu Nian punched directly at the Metal Puppet's abdomen.

"Punch!"

The Metal Puppet was sent flying, crashing into a distant wall, its whole body sunken into the wall.

But what truly shocked everyone was the fist-sized indentation on the Metal Puppet's chest.

"So strong, so domineering,"

Li Tiangang, Liu Bai Ru, and others couldn't help but exclaim.

Xu Nian has become so strong.

In just nine days, it's as if his power jumped to a new level.

Looking at the Metal Puppet, Xu Nian smiled.

The terror of the black force has been witnessed.

But the strength of this force still made Xu Nian's heart tremble.

"This is just the fusion of two different attribute profound argumentations; if there were three, four, it would be even more terrifying. As for my profound argumentation's level, if it increases, this Black God Power might enhance further," Xu Nian silently mused.

This comprehension directly opened a new world for Xu Nian.

"I wonder what inheritance the third layer of the Inheritance Hall holds?" Xu Nian asked curiously to himself.

Just then, the Metal Puppet climbed out from the wall and appeared before Xu Nian.

Xu Nian furrowed his brow, about to strike again.

"Jin Kui, greets the master!"

However, the Metal Puppet did not attack but knelt on one knee.

"Eh? Master?" Xu Nian showed a surprised expression.

"Yes, Master. The third-level inheritance of the Inheritance Hall is me. Jin Kui will always guard the master and follow the master's commands," Jin Kui said.

"The third-level inheritance is you?" Xu Nian's eyes showed a trace of disappointment.

He originally thought there would be some great inheritance, only to find it was just the puppet.

"Maybe the master doesn't know, I have an array core inside me. When within ten miles of the master, my strength equals the master's, possessing the same profound argumentation level as the master," Jin Kui said.

Xu Nian paused, the same level as himself, meaning he had double the combat power?

No, maybe even more than double!

Xu Nian's lips curved into a smile; it seemed the third layer's inheritance was truly not simple.

Chapter 1214: Jin Kui Shows His Power

Outside the Inheritance Hall, Elder Yu Mo and the Hall Master of Mu Residence Killing Hall were currently guarding the entrance.

During this time, they had already scoured all the surrounding halls for inheritances, gaining quite a bit of benefit.

Moreover, both of their cultivations had advanced from the Late Stage Earth Immortal Realm to the Peak of Earth Immortal Realm.

Now their strength had increased significantly compared to a month ago.

"Brother Wei, do you think this kid can obtain the third round of inheritance? It's been almost a month; his formation should be almost undone by now," Elder Yu Mo said with a smile as he glanced in the direction of the Inheritance Hall.

Wei Dong still wore a cold, indifferent expression.

This Inheritance Hall was the core of the Sage Sect, so the third level of inheritance must be extremely unusual.

However, although the Sage Sect's inheritance lasted for so long, no disciple had ever passed the third test. Even though Xu Nian was outstandingly talented, acquiring the inheritance would not be so simple.

"The inheritance at this third level is incredibly difficult. He can't possibly pass the third test in just a month. Even if he is fortunate enough to obtain the inheritance, I am confident I can kill him, and by then the inheritance will still be ours," Wei Dong said calmly, with a tone full of confidence.

He possessed the Secret Technique of Slaughter from the Mu Residence Killing Hall and had now mastered a Blood Burning Secret Technique, with an ace up his sleeve. He couldn't believe Xu Nian could withstand his attack.

Moreover, with the crafty elder like Elder Yu Mo by his side, no matter how extraordinary Xu Nian was, he was no match for them.

Elder Yu Mo nodded, revealing yellowed teeth, and said, "I always felt something strange about this Sage Hall, as if we haven't found the true inheritance here. Yet, we've searched all around and found nothing peculiar."

Wei Dong nodded, pondering over the same issue.

Although they had scoured all the halls and acquired many spirit pills and immortal artifacts,

they felt they hadn't found the core foundation of the Sage Sect.

For the Sage Sect to last all these years, it wouldn't survive solely on a few immortal artifacts and spirit pills.

"These guys are about to come out. Let's deal with them first, then slowly search again," Wei Dong said.

Elder Yu Mo nodded, agreeing with this approach.

"Buzz!"

Just at that moment, the formation in front of them disappeared.

"They're out!"

Elder Yu Mo and Wei Dong immediately looked toward the Inheritance Hall.

Sure enough, several figures walked out from the hall.

They noticed that besides Xu Nian and others, there was also a metal puppet following behind them.

But they paid it no mind; it was just a puppet, how powerful could it be.

"I didn't expect you all to actually come out. I thought you'd keep hiding in there," Elder Yu Mo said with a mocking look at Xu Nian and his companions.

Xu Nian's cultivation was still at the Middle Stage of Earth Immortal Realm, which eased Elder Yu Mo's worry.

He really feared this kid might have suddenly powered up significantly. Although they weren't afraid, they'd prefer to avoid unnecessary trouble.

As for Li Tiangang, Liu Bai Ru, and the others, they weren't worth considering.

Wei Dong's gaze was sharp, his expression cold, with a hint of murderous intent.

"I wouldn't have thought you both to be so patient; it's been a month, yet you're still guarding outside. It seems you're determined to kill us," Xu Nian said with a smile, looking at Elder Yu Mo and Wei Dong.

A month ago, he indeed feared these two.

But now, Xu Nian had strong confidence that he could slay these two old foxes.

After all, he had three bodies, including his original form, each with independent thoughts. As long as one made progress in cultivation, the other two would likewise advance.

This was the power of having multiple forms; it not only provided extra lives but also accelerated insight cultivation.

"Of course, you killed my disciple, and as his master, how can I not avenge him? Boy, if you're willing to kneel and acknowledge me as your master, perhaps I might consider sparing your life," Elder Yu Mo said with a smile after some thought.

"Acknowledging you as a master isn't impossible, but I'm afraid you can't teach me anything new. On the contrary, I, as your disciple, might have to guide you a bit," Xu Nian said with a faint smile.

Liu Bai Ru and Li Tiangang behind him couldn't help but laugh; at this point, Xu Nian indeed had the qualifications to instruct Elder Yu Mo.

"Old man, did you hear that? My brother means you should kneel and acknowledge him as a master, and perhaps he might spare you," Shi Guangxu chimed in, mimicking the tone of Elder Yu Mo.

Elder Yu Mo's eyes flashed with fierceness, coldly snorting, "I didn't expect your tone to become so arrogant after just a month. It seems there has been considerable improvement. In that case, let this old man see what you've got!"

With that, Elder Yu Mo unleashed his Immortal Essence, immediately swinging his cane towards Xu Nian.

The cane was imbued with terrifying power, capable of splitting the heavens and the earth.

But Xu Nian sneered, looking at the swinging cane with a nonchalant expression.

"Courting death!"

Seeing Xu Nian's insolent attitude, Elder Yu Mo increased his strikes, seemingly aiming to kill Xu Nian in one blow.

However, just before the cane could hit Xu Nian, a golden figure charged forth, throwing a punch.

"Boom!"

The cane instantly shattered.

The terrifying shockwave hit Elder Yu Mo like an invisible giant hammer.

"Puff!"

Elder Yu Mo spat out blood, his body flying backward.

Elder Yu Mo scrambled to plant his feet on the ground, trying to stop his backward motion.

Yet the force was too strong, causing him to lose his balance, dragging his face on the ground, leaving a long trail of blood.

"Wow, braking with the face? Impressive, impressive!" Shi Guangxu clapped and cheered at the scene.

Li Tiangang, Liu Bai Ru, and the others couldn't help but laugh out loud.

"Senior, even if you want to become a disciple, there's no need for such formality. I truly can't afford it," Xu Nian said in a teasing manner.

Elder Yu Mo stood up, his face as dark as could be.

His eyes, however, were fixated on the puppet in front of Xu Nian.

He could never have imagined that the puppet he had ignored was so powerful.

Wei Dong also furrowed his brows, his expression serious.

"It seems this puppet is the third level of inheritance. This guy really obtained the third level inheritance, an Immortal Level Puppet, only the Sage Sect could produce something like this," Wei Dong said, eyes filled with contemplation.

"Immortal Level Puppet?" Elder Yu Mo's brows furrowed with disbelief, but his eyes had a gleam of greed.

This puppet was indeed a treasure. If acquired, it would be an enormous gain.

Xu Nian watched their greedy expressions and said with a smile, "It's not truly an Immortal Level Puppet, but it's made of a mid-grade immortal material. As my strength continues to rise, so will the puppet's. It might eventually become an Immortal Level Puppet. So, are you two planning to snatch it?"

Upon hearing this, Elder Yu Mo and Wei Dong's eyes lit up; a puppet that can grow with its master?

This was indeed a rare treasure!

This puppet must be seized!

Chapter 1215: Slaying Two

"Kid, I didn't expect you to actually pass the third hurdle, but in the end, you're still just doing us a favor." Elder Yu Mo sneered.

He looked at the metal puppet with eyes full of greed.

With this metal puppet, it's equivalent to having a bodyguard of equal strength.

And this metal puppet will grow stronger as I grow stronger, even when ascending to the Immortal Realm, this puppet will still be of great use.

"Brother Wei Dong, I'll handle this metal puppet, you take care of Xu Nian. Once we kill him, the metal puppet will be ownerless," Elder Yu Mo said to Wei Dong beside him.

"Alright, I'll deal with Xu Nian, just try to hold on for a bit longer," Wei Dong replied.

"Don't worry, lasting a few incense sticks' time is no problem," Elder Yu Mo laughed.

With that, he moved towards the metal puppet.

Immortal Essence surged within him, seemingly preparing to engage the metal puppet in a delaying battle.

Xu Nian smirked coldly, "A few incense sticks' time? Do you really think Xu Nian is a pushover?"

With a thought, the metal puppet immediately unleashed Dimension Cutting Sixth Level Profound Argumentation Snow.

Forming a sword with two fingers, he struck at the approaching Elder Yu Mo with a Sword Radiance.

The Sword Radiance instantly flashed across the void, like snow slicing through the air.

Elder Yu Mo, who was initially unconcerned, changed his expression drastically and hurried to dodge.

However, the sword came too quickly, slicing Elder Yu Mo in half instantly.

Wei Dong, who had yet to make a move, was taken aback by this scene, his face showing surprise.

Elder Yu Mo is dead?

This metal puppet killed him with just a Finger Sword?

Ridiculous, Elder Yu Mo didn't even have time to use his trump card.

Xu Nian wasn't too surprised; Elder Yu Mo died from his own arrogance.

If he hadn't been so arrogant, while the end would still be death, he wouldn't have died so quickly.

A bad premonition rose in Wei Dong's heart.

Thinking of this, he immediately turned into a shadow, concealing himself in the black void.

Dark Concealment Profound Argumentation!

And it had already reached the Sixth Level of Profound Argumentation.

No wonder this guy could become the Hall Master of the Mu Residence Killing Hall. With just this skill, he could assassinate many Earth Immortal Peak Level experts.

"Buzz!"

At this moment, Xu Nian suddenly felt an extreme sharpness on his back.

The hair on Xu Nian's back bristled instantly.

Without thinking, Xu Nian immediately applied Space Profound Argumentation.

"Buzz!"

Wei Dong, holding an extremely sharp Immortal Blade, directly pierced Xu Nian's head.

"Uh?"

Wei Dong was shocked, his face showing surprise.

Because he realized that his short blade had pierced nothing, as if stabbing the air.

One has to admit, Wei Dong's sense was extremely keen.

He immediately sensed something wrong and was prepared to re-enter the void.

However, though he reacted quickly, Xu Nian was even quicker.

Xu Nian's figure appeared directly where Wei Dong had vanished, Black God Power covering his hand, and immediately he struck with a hand knife.

"Pfft!"

Blood splattered.

Wei Dong's figure was also revealed.

Xu Nian's black hand knife pierced through his chest, and the Black God Power shattered his heart meridian.

"What... what power is this?" Wei Dong exclaimed in shock.

"This is the power I've realized from understanding two different Profound Argumentations. How do you feel about it, elder?" Xu Nian laughed.

Wei Dong's eyes darkened, and suddenly, a strong glow of blood surged from his body.

A terrifying aura burst from Wei Dong's body.

Without hesitation, Xu Nian pulled back his hand and flew backwards.

"Blood Burning Secret Technique!"

Xu Nian was taken aback.

This Wei Dong was very decisive, using the Blood Burning Secret Technique without the slightest hesitation.

"Buzz!"

A sharp Sword Light came stabbing again.

The speed was twice as fast as before, and the power was even more fierce.

Xu Nian's gaze turned sharp, black Scale Armor appearing on his hand.

"Buzz!"

The Immortal Blade scraped against Xu Nian's black Scale Armor, sending sparks flying.

"Buzz!"

Missing with one slash, Wei Dong disappeared again.

Seeing the blood-mark on his hand, Xu Nian's face also showed a serious expression.

Indeed, Wei Dong's strength was terrifying.

With the Blood Burning Secret Technique and Assassination Occult Arts, his attacks were extremely bizarre and impossible to defend against.

"Buzz!"

Suddenly, three silhouettes appeared simultaneously around Xu Nian, each striking out.

Dark Clone Profound Argumentation?

Xu Nian was startled, not expecting that Wei Dong also comprehended the Dark Clone Profound Argumentation.

"Space Nine Kills!"

Without hesitation, Xu Nian unfolded his black wings, using the razor-sharp blade edges to perform Space Nine Kills.

Nine cold gleams flashed in an instant.

All three Wei Dongs shattered, turning into nothingness.

"No, they're all fake?" Xu Nian was taken aback and rushed to dodge.

However, at this moment, Wei Dong's figure appeared ghost-like behind Xu Nian.

In his hand was not the previous Immortal Blade but a Talisman Blade.

Xu Nian felt an extremely dangerous aura from this Talisman Blade.

"Pfft!"

The Talisman Blade cut down, tearing Xu Nian's back along with his wings, exposing a massive bloody wound.

Crucially, the enormous wound wouldn't stop bleeding.

No matter how much Xu Nian used his Immortal Essence to resist, it couldn't heal.

Xu Nian quickly used Instant Teleportation to distance himself from Wei Dong.

This Talisman Blade was too terrifying.

Just now, Xu Nian distinctly felt an exceptionally strong soul power roaming inside him, ultimately dispersing into the air.

This Talisman Blade not only caused indelible damage to the body but also imposed a severe suppression on the soul.

If not for his Original Core being always hidden within the Chaos Divine Palace, preventing this soul power from penetrating its defense, Xu Nian would be dead by now.

"You have no soul?" Wei Dong showed an extremely surprised expression.

Apparently, his previous attack incorporated soul power, so not touching Xu Nian's soul was very surprising to him.

"This Talisman Blade is truly your trump card. Indeed, it's formidable and almost got me," Xu Nian laughed.

The wound on his back kept bleeding, the intense pain causing Xu Nian to frown.

"But it seems your Talisman Blade can only be used once. Let's see if you can withstand my next attack," Xu Nian sneered.

Wei Dong's face darkened.

Having his sure-kill strike fail, he was now in a very difficult predicament.

"Space Nine Kills!"

Xu Nian softly called, his figure transforming into nine cold gleams the next moment.

Wei Dong hurriedly fled into the void.

Yet the cold gleams pierced through the void.

Soon, a scream echoed from the void, followed by some corpse fragments falling to the ground.

Li Tiangang and the others witnessed this scene with faces full of surprise.

Unexpectedly, Elder Yu Mo and Li Tiangang died just like that.

Chapter 1216: Master Is from Ancient Times

Xu Nian annihilated Wei Dong and Elder Yu Mo, then took away their storage rings.

Upon investigation, Xu Nian discovered that the storage rings really contained quite a few good things.

These should be their accumulation over the years and what they had scavenged from this Small World.

Xu Nian only took some healing pills, and gave all the other treasures to Mei Ji, Liu Bai Ru, and others.

Now, the scars on his back still remain, Xu Nian consumed a great deal of Immortal Essence, only managing to stop the bleeding.

However, the wounds on his back will still take a long time to heal, and he can only rely on pills to slowly treat them.

This is still thanks to the powerful body of the Undying Devouring Sky Beast; if it were an ordinary person's body, just that one blade would have split the person in half, even without harming the soul.

"Should we leave now?" Li Tiangang turned his head to Xu Nian and asked.

By now, the Sage Sect's Small World has almost been completely scavenged, and there is nothing good left.

But they couldn't figure it out, this Sage Sect should have deeper roots, could it be that they haven't uncovered them?

Xu Nian was also pondering this point, it was impossible for the Sage Sect to only have this bit of inheritance.

"Jin Kui, you are one of the Sage Sect, you should know where the roots of the Sage Sect lie, do you know if the Sage Sect has other places of inheritance?" Xu Nian thought for a moment and asked.

"Yes, the Sect Master's closed cultivation location, that is the foundation of the entire sect." Jin Kui said.

Suddenly, Xu Nian and the others' eyes lit up.

The Sect Master's closed cultivation location, that must be the true foundation of the Sages.

"Where is the Sect Master's closed cultivation location? Hurry and take us there." Shi Guangxu quickly said.

"I don't know either, only the Sect Master knows the closed cultivation location, I'm just a puppet, although I've developed Spiritual Wisdom, I'm not a true life form." Jin Kui said.

Xu Nian furrowed his brows slightly.

Even Jin Kui doesn't know?

Then where could the Sect Master's closed cultivation location be?

Xu Nian closed his eyes, sensing the surrounding space, hoping to discover layers or hidden paths in the surrounding space, but the result was fruitless.

It must be said, the Sect Master's closed cultivation location is indeed very mysterious.

Li Tiangang and others around were also searching, but they were even more puzzled.

Suddenly, Xu Nian looked up at the sky.

The sky of this Small World does not have a sun, only a bright moon.

This moon is extremely large, occupying almost half the sky.

Thus, this Small World does not seem dark.

"Huh?"

Xu Nian found his gaze attracted by the moon, and on this gigantic moon, Xu Nian noticed a peculiar spot.

This place was a round pit, seemingly just an ordinary meteorite crater.

But Xu Nian discovered a pool of water in this pit.

This was very peculiar.

This is a lifeless planet, how could there be a pool of water?

And beside the pool, there was actually a small wooden cabin.

Xu Nian immediately used Instant Teleportation to disappear from his location.

The next moment, he appeared directly in front of the small wooden cabin.

"So, this is the Sect Master's closed cultivation location." Xu Nian looked at the surrounding scenery and found that it was actually a mountain valley with a picturesque lake scene.

The scenery was a rare beauty.

From here, looking upwards, one could also overlook the entire Sage Sect.

"I wonder what's inside this small wooden cabin?" Xu Nian muttered curiously.

Afterward, he pushed open the wooden cabin door and walked inside.

The furnishings inside the cabin were extremely simple, everything here was just ordinary furniture.

However, on the table in the cabin, there were two items.

A Jade Scroll and a scroll.

Xu Nian picked up the scroll, opened it, and took a look, his face immediately showing a surprised expression.

The scroll surprisingly recorded an Ancient Immortal Technique named Big Dream Three Thousand, a powerful method for cultivating the soul.

Xu Nian was instantly delighted and memorized Big Dream Three Thousand.

Though he had Ten Thousand Divine Hammer Technique, it could only be practiced while forging.

Yet Big Dream Three Thousand could cultivate by sleeping to enhance soul power.

Even though its effect wasn't as potent as Ten Thousand Divine Hammer Technique, it was a decent soul enhancement technique.

Storing away Big Dream Three Thousand, Xu Nian picked up the Jade Scroll.

He placed the Jade Scroll against his forehead, and in an instant, Xu Nian was drawn into a bizarre world.

All around was void, without anything.

Xu Nian stood in this void world, and soon a figure appeared in front of Xu Nian.

It was a heroic middle-aged man, standing tall and mighty.

Upon seeing Xu Nian, the middle-aged man smiled.

"The fact that you arrived here indicates you are connected with me, I am Du Jingtian, the last generation Sect Master of the Sage Sect." The middle-aged man said with a smile.

"Junior Xu Nian, pays respect to the Elder." Xu Nian hurriedly and respectfully said.

The middle-aged man nodded and said, "I have been waiting here for unknown years, I'm ashamed that the Sage Sect declined under my leadership, but the roots of the Sage Sect must not break, so I hope you can help me fulfill my final wish here."

"Elder, please speak!" Xu Nian immediately said.

He knew the middle-aged man in front of him was not the real Du Jingtian, but a strand of Residual Soul.

Possibly, the real Du Jingtian died many years ago.

"My Sage Sect has been passed down for eternity, and until now, only the Divine Demon Sect can rival my sect, but my Sage Sect had a Holy Object that has been lost in the Divine Demon Sect, if possible, I hope you can retrieve the Holy Object from the Divine Demon Sect and pass down the Sage Sect." The middle-aged man said.

"Divine Demon Sect?" Xu Nian showed a surprised expression.

It seems Du Jingtian does not yet know that the Divine Demon Sect had already perished many years ago.

"Elder, what exactly is this Holy Treasure? The Divine Demon Sect perished many years ago, I'm afraid your wish is something I cannot fulfill," Xu Nian said.

"Impossible, the Divine Demon Sect cannot be completely wiped out, everyone may die, but Bai Tianhan will never die, the Holy Object is in Bai Tianhan's hands." The middle-aged man stated with conviction.

Xu Nian's pupils suddenly contracted.

Bai Tianhan?

Isn't that his Master?

Could it be Du Jingtian knows his Master?

How is it possible, isn't Du Jingtian someone from thousands of years ago?

How could he know his Master?

Is it possible his Master comes from thousands of years ago?

A surge of intense doubt flooded Xu Nian's mind.

And what exactly is the Sage Sect's treasure, and why is this middle-aged man so certain the treasure is in his Master's possession?

"Elder, what exactly is the treasure of the Sage Sect?" Xu Nian curiously asked again.

"Unspeakable, in the future you will understand, just find Bai Tianhan, and all mysteries will be unraveled." Du Jingtian said, and finished speaking, his soul vanished without a trace.

Xu Nian's Spiritual Sense also withdrew from the Jade Scroll, his face full of doubt.

Is it possible his Master is an ancient person?

Chapter 1217: The Mu Residence Lord's Invitation

Xu Nian quickly led Li Tiangang and others out of the Small World of the Sage Sect.

According to Du Jingtian, the most valuable item of the Sage Sect is the Treasure, and this Treasure is in the hands of my Master.

Thus, Xu Nian and the others naturally saw no need to stay in the Sage Sect any longer.

After exiting the Small World of the Sage Sect, Xu Nian immediately sensed the presence of Lan Xi.

"Swish!"

Soon, Lan Xi arrived from the Hell Sea.

Xu Nian was surprised to find that Lan Xi's cultivation had already reached the Earth Immortal Realm Middle Stage.

The whole person's demeanor became more domineering and fierce, and the aura of the Void Insect Queen was even more intense.

"Greetings, Master!" Lan Xi said quickly upon seeing Xu Nian.

Li Tiangang and the others beside him were full of astonishment.

They all knew the identity of this woman.

They just didn't expect the Insect Queen, who could destroy an entire Star Domain, to acknowledge Xu Nian as her master.

"Lan Xi, how many Demon Beasts are left in the Hell Sea now?" Xu Nian asked.

Liu Bai Ru had improved so much in a month's time, it must be from devouring many Fierce Beasts from the Hell Sea; otherwise, she couldn't have survived the Heavenly Tribulation and broken through to the Earth Immortal Realm Middle Stage so quickly.

"Reporting to Master, the Fierce Beasts of the Hell Sea have been mostly devoured by my Insect Army, and even if there are any remnants, they are no longer a threat. Master can safely pass through this Hell Sea." Lan Xi said.

Xu Nian had guessed that Lan Xi would devour many Fierce Beasts, but he hadn't expected her to have cleansed the Hell Sea of Fierce Beasts so thoroughly.

It seems he still underestimated the reproductive and nurturing capacity of the Void Insect Clan.

"How many troops does the Insect Clan have now?" Xu Nian pondered and asked.

"A hundred at the Earth Immortal Realm Middle Stage, a thousand at the Early Stage of the Earth Immortal Realm, and eight million below the Earth Immortal Realm." Lan Xi replied.

"Eight million?" Xu Nian couldn't help but widen his eyes.

Li Tiangang and the others beside him were also stunned.

The truly terrifying thing is not the hundred at the Earth Immortal Realm Middle Stage, nor the thousand at the Early Stage Earth Immortal Realm, but the eight million Void Insects below the Earth Immortal Realm.

The number of these Insects is so terrifying that even with overwhelming strength, one can't withstand the onslaught of an army of eight million Void Insects.

"Good, Lan Xi, summon these Void Insects now, and I will collect them all into the Chaos Divine Palace," Xu Nian said to Lan Xi.

"Yes!" Lan Xi responded immediately and began summoning the Insects scattered across various parts of the Hell Sea.

Soon, these Insects gathered together.

Xu Nian directly used the Chaos Divine Palace to take all these Insects into the Chaos Divine Palace.

This way, Xu Nian is equivalent to carrying an army of eight million with him.

Li Tiangang and Liu Bai Ru were also taken aback; thinking back, they realized they couldn't afford to provoke Xu Nian.

This guy not only has a Metal Puppet with strength comparable to his own but also wields an army of eight million Void Insects.

Such power is likely enough to dominate the entire Cultivation World.

"Let's go!"

Having done all this, Jiang Han directly led Li Tiangang and Liu Bai Ru and others to leave.

Now the Hell Sea was empty, with no danger.

They quickly traversed the Hell Sea and arrived at the Tianhen Star Domain.

However, just as Xu Nian and his group were about to proceed to the Tianhen Star Domain, a sedan chair blocking the starry sky stopped them.

The sedan chair was obscured by extremely precious silks, and around it stood four extraordinarily beautiful women.

Most importantly, the cultivation of these four women was all at the Peak of Earth Immortal Realm.

"Uh, Mu Residence Lord?"

Li Tiangang and Liu Bai Ru's faces instantly changed.

Four Peak Earth Immortal Realm beauties carrying a sedan chair; such a manner of travel probably exists only for one person in the entire Tianhen Star Domain: the Mu Residence Lord.

The Mu Residence Lord is the strongest and most mysterious force across the Tianhen Star Domain, with a very substantial status throughout the region.

Xu Nian also furrowed his brows. Could the Mu Residence Lord's appearance now be to settle a score with him?

He had just killed the Hall Master of the Mu Residence Killing Hall, Wei Dong.

"Are you Xu Nian?" A majestic voice came from inside the sedan, seemingly possessing immense penetration power.

Xu Nian was surprised and wanted to see the face of the person inside the sedan.

But he found that the curtain actually had the function of isolating Spiritual Sense.

"Yes, I am Xu Nian." Xu Nian responded simply.

"Buzz!"

At this moment, an invisible fluctuation came through.

The next moment, the white curtain was slowly drawn aside, and a tall figure walked out.

This was a very handsome man, wearing a white robe, spotless.

Most importantly, he seemed to be only in his twenties.

"So this is the Mu Residence Lord?" Xu Nian remarked in surprise.

He didn't expect the Mu Residence Lord to look like this.

It was a bit of a gap from the tough and invincible image he had in mind.

Li Tiangang and Liu Bai Ru were also taken aback as it was their first time seeing the Mu Residence Lord.

Mei Ji slightly furrowed her eyebrows, the Mu Residence Lord had targeted her before.

Seeing the Mu Residence Lord like this, she not only didn't develop a good impression but felt a sense of repulsion.

This Mu Residence Lord was too beautiful, even more so than women, with not a trace of masculinity.

"Seeing you come out, I knew Wei Dong had died at your hands. Originally, I hadn't considered you much. Your performance, however, is quite surprising." The Mu Residence Lord said with a smile.

"So, you're here to avenge him?" Xu Nian's eyes turned vigilant.

Li Tiangang and Liu Bai Ru also frowned, their expressions severe.

If the Mu Residence Lord were to kill them, they might indeed be in grave danger.

"Don't worry, I'm not here to seek revenge. On the contrary, I came to ask for your help." The Mu Residence Lord smiled and said.

"Ask me for help? What do you want from me?" Xu Nian asked in surprise.

"You've probably heard of the grand competition held in the Cultivation World every hundred years, a very significant event called the Immortal Order Competition." The Mu Residence Lord said with a smile.

"Immortal Order Competition?" Xu Nian paused.

Li Tiangang and Liu Bai Ru's pupils did shrink, revealing extremely shocked expressions.

"Do you want me to..." Xu Nian asked in surprise.

"That's right, my purpose here is to invite you to participate in the Immortal Order Competition and fight for my Tianhen Star Domain." The Mu Residence Lord said with a smile.

"Huh?" Xu Nian was taken aback.

The Mu Residence Lord wanted him to participate in the Immortal Order Competition.

His Divine Demon Avatar had already promised the Denor Emperor to represent the Denor Empire in the competition.

Now the Mu Residence Lord was also inviting him, so should he go or not?

"What benefits do I get from going?" Xu Nian thought for a moment and didn't hurry to refuse.

The Mu Residence Lord laughed, saying, "As long as you reach the top ten, I'll give you ten Low Grade Immortal Pills and one Mid-grade Immortal Pill."

"Ten Low Grade Immortal Pills and one Mid-grade Immortal Pill, the Mu Residence Lord is really extravagant." Xu Nian thought to himself.

Soon, he agreed: "Alright, I'll participate in this competition."

The Mu Residence Lord saw Xu Nian agreed and a sinister smile appeared on his lips.

Chapter 1218: Battle Against Luangu

Denor Star System, Slaughter Battlefield, around Tu City.

Xu Nian punched a peak-level Earth Immortal Realm powerful enemy to death, then turned towards Tu City without looking back.

During this period, he had been cultivating in Tu City.

As soon as he ran out of points, he would go out of the city, and at that time, strong challengers would voluntarily come to him.

Their result, however, was to be ruthlessly slain by Xu Nian in the end.

"This is already the seventy-second one," Xu Nian murmured to himself.

Watching the points on his token suddenly increase by over 800,000, his eyes showed no sign of fluctuation.

Over the past half month, he didn't know how many powerful enemies he had killed.

Although the news of him vanquishing the Black and White Double Killers had spread across the Slaughter Battlefield, there were still those who feared nothing and came to challenge him.

However, most of these people only had their Profound Argumentation comprehension at the fourth or fifth level and couldn't withstand a single punch from Xu Nian.

Soon, the name of the Divine Demon rose powerfully once again.

Those who originally planned to target Xu Nian's 8.5 million points had to weigh their strength, questioning if they were truly a match for Xu Nian.

Apart from Xu Nian's own rising reputation, during this period, Xu Nian also heard that Situ Jue was gaining fame over in Gold City as well.

He had frequently reached the point list, with the highest being the thirtieth place.

If Xu Nian guessed correctly, Situ Jue should have broken through to the sixth level of Profound Argumentation.

As for the seventh level of Profound Argumentation, it would be dangerous, but definitely not too far off.

As Situ Jue's reputation soared, Yang Dong's name, Dongyang, remained silent.

For a time, Xu Nian specifically asked people from Fire City, and they hadn't heard of the name Dongyang.

This puzzled Xu Nian, but he dared not underestimate him.

It was evident that Yang Dong was lying in wait, and once he erupted, he would certainly be shocking and brilliant.

"I wonder if this Yang Dong has reached the seventh level of Profound Argumentation," Xu Nian murmured to himself as he continued toward Tu City.

There's still more than a month until the Immortal Order Competition.

In the next month, he must enhance his strength once again.

Otherwise, trying to rank in this gathering of geniuses would be as difficult as reaching the heavens.

"Currently, my Wind Attribute Profound Argumentation has reached the peak of the sixth level, my Snowy move has been honed to perfection, and although my Earth Attribute Gravity Space Profound Argumentation remains at the fifth realm, the Heavy Bomb move has also been perfected. Of course, my greatest gain this month has been my Earth Guardian."

"Currently, my Earth Guardian Profound Argumentation has reached the fifth realm, and the Earth Pulse Protection has already formed nine layers. Under eighteen layers of defense, attacks below the sixth level of Profound Argumentation have no hope of breaching my defense. Even for those at the sixth level, without sufficient Profound Argumentation comprehension, they cannot break through my eighteen-layer Pulse Protection." Xu Nian murmured as he sorted through his achievements in cultivation over the past month.

However, he knew that the advancement of Pulse Protection was actually not very significant.

Resisting attacks below the sixth level doesn't really help much for the upcoming Immortal Order Competition.

Unless his Pulse Protection could reach the sixth level of Profound Argumentation, allowing the defense to stack to eighteen layers — in that case, below the seventh level, there would be no possibility of harming him.

Of course, if he could reach the seventh level, stacking the defense to thirty-six layers, that would be truly monstrous.

By then, even if Xu Nian stood there and let people hit him, few in the entire Immortal Order Competition would be able to shake his defense.

"Hmm?"

Suddenly, just as Xu Nian was about to arrive at the base of Tu City's city tower, his brow furrowed.

His eyes sharply looked forward, seeing a robust middle-aged man standing under the tower.

This man was dressed in simple coarse clothing, with skin as dark as iron, yet his arms and legs appeared as if made of steel, containing terrifying strength.

On this man's body, Xu Nian sensed an incredibly terrifying power.

Xu Nian's gaze instantly became serious, as the person in front gave him a sensation of extreme danger.

On this man's body, Xu Nian sensed an aura of death.

"Isn't that Luangu? Why is he here?"

"Yes, Luangu is ranked fifteenth on the point list, with terrifying strength. It's said that his Profound Argumentation has reached the eighth level. I wonder if it's true?"

"It should be true. It looks like he's here to challenge Liuxing, and this time Liuxing might be in trouble. With Luangu making a move, no matter how invincible Liuxing was before, he is bound to be defeated."

"Luangu's world-shaking divine strength is indeed frightening. No matter how flashy your attacks are, he can break them with brute force. It seems he cultivates the Earth Attribute Power and has pushed the power to its utmost."

...

The surrounding crowd discussed animatedly, looking at the middle-aged man in coarse clothing with eyes filled with fear.

Xu Nian was also somewhat astonished, not expecting this middle-aged man to be Luangu, ranked fifteenth on the point list.

He had heard of this guy before, knowing his horizontal combat skills were very formidable.

It now appeared that the rumors were not false.

Luangu indeed contained explosive power within.

If he wasn't wrong, Luangu used to train in Body Cultivation and only after Tribulation Crossing, shifted to Spirit Cultivation.

But even as a Spirit Cultivator, he still practiced in the manner of Body Cultivation.

This led him to create a path entirely his own.

Of course, this path ultimately remains minimal tricks compared to Jiang Han's Divine Demon Refining Body.

Divine Demon Refining Body is the true method of Body Cultivation.

Luangu opened his eyes and looked at Xu Nian, his gaze calm and without waves, devoid of killing intent or any ridicule.

Yet, precisely because of this, Xu Nian paid even more attention.

This demeanor of Luangu showed he didn't regard Xu Nian at all.

"I am not here for your 8.5 million points, but for your Divine Demon Refining Body Technique. Earlier, I wasn't sure, but now I'm very sure that the technique you cultivate is the Ancient Demon Body Refining Technique," Luangu stated, his eyes fixed on Xu Nian.

Xu Nian was stunned, then smiled.

This Luangu came for his Divine Demon Refining Body.

It seems this guy is truly a Body Cultivator fanatic!

But lunatics are often the most terrifying beings.

"I am a Divine Demon Body Refiner, but I won't give you my Divine Demon Refining Body Technique," Xu Nian said flatly.

"Then I'll fight until you do," Luangu retorted with a cold shout, and in the next moment, his figure stepped into the void with one foot.

"Boom!"

With a loud explosion sound, Luangu's figure appeared directly in front of Xu Nian.

Xu Nian was startled by the explosively amazing speed.

Without thinking, Xu Nian immediately activated his Pulse Protection.

"Boom!"

A loud explosion.

The nine-layered earth-yellow Pulse Protection burst completely with a thud, and Xu Nian was blown back by the terrifying force.

This retreat sent him traveling seven thousand feet!

The surrounding crowd was dumbfounded; Luangu's prowess was truly extraordinary.

It seemed Xu Nian was going to fall!

Chapter 1219: Eighth Level Profound Argumentation

Xu Nian's eyes became extremely sharp, and he shook his swollen arms.

He felt as if his entire arm was about to lose sensation.

Wasn't Luangu's power too overwhelming!

His strength definitely surpassed that of a Divine Demon Body Refiner.

For a Spiritual Cultivator to possess such immense power was truly a rare occurrence.

"Hmph!"

Luangu let out a cold snort, took another step forward, and his figure instantly shot forward.

The distance of eight thousand zhang was covered in just a blink of an eye.

Xu Nian immediately channeled the Fifth-level Earth Power Profound Argumentation, forming an Earth Burst Fist.

A heavy, earth-yellow aura condensed on Xu Nian's arm.

"Boom!"

As Xu Nian punched out, the Power of Earth exploded instantly.

Luangu's fist collided directly with Xu Nian's punch.

Fist clashed against fist, instantly forming an energy lake.

This energy lake continuously expanded outward, creating massive ripples in the space.

The spectators around them were all overturned by this terrifying wave.

After throwing a punch, both of them simultaneously used their other fist.

"Boom!"

Another thunderous explosion rang out.

The earth was directly torn apart, forming a gigantic chasm.

The surrounding onlookers were shocked by the scene.

These two people were too terrifying.

A physical confrontation could cause such a dreadful noise, they truly had no doubt that standing between the two would instantly crush them to pulp from the terrible waves.

Both violently retreated, creating a large distance between them.

"It seems the Divine Demon Refining Body is just so-so. If that's all your strength, you shouldn't live on this world," Luangu said arrogantly.

A strong, demonic aura surged from his body.

Xu Nian furrowed his brows, this Luangu was truly powerful.

It seemed he had to make a sacrifice today.

"Take another punch!"

Luangu let out a cold snort and once again swung his fist at Xu Nian.

This punch struck like a hundred thousand thunders rolling, with an overwhelming momentum.

Xu Nian could feel an immensely vast Profound Argumentation Wave within this punch.

"Seventh-level Earth Power?"

The surrounding people were astonished.

Luangu had unleashed Seventh-level Earth Power.

This punch could possibly kill ten Earth Immortal Peaks in an instant.

How could Xu Nian withstand it?

Xu Nian's expression changed drastically, he immediately channeled Black God Power, and also threw a punch.

"Boom!"

The space collapsed, the entire space shook violently.

Xu Nian's body was instantly sent flying, his whole arm exploded into mist of blood.

His entire arm became a bloody mess, horrific to behold.

But Luangu was not much better off, his entire arm had disappeared.

The surrounding people all spat blood, terrified.

These two were terrifying!

Even watching from the sidelines, they were affected, but what power was that guy using just now?

It could withstand Luangu's punch under Seventh-level Profound Argumentation, and even shattered Luangu's arm.

Xu Nian was also a bit surprised, he didn't expect using Black God Power would only result in both sides being equally damaged with Luangu.

Luangu's strength was dreadfully powerful.

Xu Nian began to channel Divine Demon Power to restore his arm, and everyone watched as Xu Nian's arm regrew at a speed visible to the naked eye.

Luangu was surprised seeing this.

Is this the recovery speed of Divine Demon Refining Body?

Though his arm was also growing back, it was extremely slow.

Despite his Immortal Body Completion, vastly stronger than before.

Yet even so, it still couldn't match the recovery speed of Divine Demon Refining Body.

"Seems like I underestimated you, being able to block my punch shows your Profound Argumentation has reached the Seventh-level Realm," Luangu said.

The surrounding people were astounded.

This shooting star's Profound Argumentation reached the Seventh-level?

Xu Nian awkwardly laughed, his Profound Argumentation hadn't reached the Seventh level.

But the power generated by merging the Sixth Level Dimension Cutting Profound Argumentation and Fifth-level gravity space Profound Argumentation was not inferior to Seventh-level Profound Argumentation.

"But even if you've comprehended the seventh level, today you will die here, for I have already stepped into the eighth level," Luangu took a step forward.

Suddenly, a violent earth attribute force surged from beneath his feet, like an earth dragon continuously drilling into his body.

Making his entire momentum grow increasingly terrifying and violent.

He now seemed like an Earth God, instilling fear.

His robe flapped continuously, exuding powerful dominance even with a severed arm.

"This is Luangu in the Eighth Level Profound Argumentation State, it's terrifying!"

"Yes, the aura is so strong, the Eighth Level Earth Power Profound Argumentation pours power throughout the body, opening the body's nine gates, unleashing immense strength."

"Opening nine gates, Luangu truly is mad, this cultivation method is powerful but brings great harm, if seriously injured, the cost would be immense."

...

The crowd around frantically discussed.

All were shocked by Luangu's current state.

Xu Nian was also surprised, not expecting Luangu to strengthen himself this way.

In this state, he was like a super tyrant.

Even Xu Nian didn't dare take another punch from him.

"Meteor, hand over Divine Demon Refining Body." Luangu's aura surged, shaking all directions, pressing down on Xu Nian as if to suppress him.

Xu Nian's eyes were sharp and filled with gravity.

In Luangu's Eighth Level Profound Argumentation Attribute state, even using Space Nine Kills gave no certainty of victory.

Luangu was now a complete powerhouse, invincible and unmatched.

"The Divine Demon Refining Body is left by my master, not to be spread outside my Divine Demon Sect, care to be my disciple?" Xu Nian laughed.

Though joking verbally, he pondered how to counter Luangu's next attack.

"Since you refuse to hand it over, I'll just kill you and take the memory myself." Luangu snorted coldly, killing intent rising in his eyes.

The next moment, Luangu hovered and punched towards Xu Nian.

Xu Nian's face changed drastically, feeling a terrifying wave surging towards him.

Xu Nian immediately used Black God Power, punching towards the wave.

"Pfft!"

Yet the moment Xu Nian punched, it instantly shattered.

Xu Nian's entire being was sent flying.

"Hmph!"

As Xu Nian flew backward, a cold snort exploded in his ear.

Xu Nian's face instantly changed, he was about to use Spatial Teleportation.

Yet Luangu's figure appeared ghost-like in front of Xu Nian, delivering a direct punch to Xu Nian's abdomen.

"Pfft!"

Xu Nian spat blood, his body flew backward, retreating as much as ten thousand zhang before stabilizing.

Looking at his abdomen again, there was now a huge bloody hole.

Chapter 1220: Xuanwu Makes a Move

The intense pain made Xu Nian's scalp tingle.

This punch was terrifyingly powerful; if it weren't for his Divine Demon Refining Body and having a formidable physique.

He might have already collapsed into a pile of flesh.

Everyone around was also shocked.

This Luangu's power is too frightening; he's simply like a demon king.

His fists seemed capable of shattering everything in the world.

"Didn't die, it seems your Divine Demon Refining Body is still somewhat useful, kid. Are you going to hand it over or not?" Luangu said arrogantly, his gaze wicked.

The energy on his body was as if a giant mountain suspended in the air, ready to crush Xu Nian at any moment.

A solemn expression appeared in Xu Nian's eyes as the blood hole on his chest started to heal again, internal Gang Qi roaring like a giant dragon.

Under the Eighth Level Profound Argumentation, he was no match for Luangu.

It seems he can only find a way to escape into the Soil City.

Xu Nian thought of taking the opportunity to use Instant Teleportation to escape into Soil City.

Due to the inhibitors in Soil City, it's impossible to teleport inside.

He could only teleport to the entrance of the inhibitors, then slip in.

But this would give Luangu time to react, and he might get intercepted.

He has to seize the opportunity.

"Since you're not going to hand it over, I really have to search your memory." Luangu rushed at Xu Nian again.

"It's now!"

Xu Nian immediately executed Instant Teleportation, appearing at Soil City's entrance.

"Haha, you think I don't know your intentions, courting death!" Luangu snorted coldly.

He punched the ground.

The earth instantly shattered, and a giant mountain rose at the entrance, directly blocking Xu Nian's path.

Xu Nian paused briefly, ready to break open the sect gate.

However, Luangu was already rapidly attacking from behind.

Xu Nian felt his scalp tingling, Luangu's approach was too strong, and his fist formation was extremely fierce.

"This Shooting Star is done for!"

The people inside the city tower witnessed this scene and all sighed.

Xu Nian also felt an immense pressure approaching, ready to ignite his Divine Demon Cells for a life-or-death battle.

"Buzz!"

However, at that moment, an earthy aura directly surged around Xu Nian, instantly enveloping him, forming an incredibly hard tortoise shell of earth-yellow color.

"Boom!"

A thunderous explosion.

Luangu's fist struck the hard tortoise shell, causing it to shake violently.

Yet the tortoise shell only trembled, but did not shatter.

"Xuanwu, if I'm taking action, why are you interfering?" Luangu roared, shouting towards the city gate direction.

Xu Nian was astonished, this tortoise shell resembled his Earth Pulse Defense.

But the level of profound argumentation was far higher than his; it had at least reached the Eighth Level Realm of Profound Argumentation.

Otherwise, it wouldn't have been able to resist a punch from Luangu!

"Hahaha, Luangu, an old undying bully a child less than a hundred years old, aren't you even a bit ashamed?"

At this moment, a hearty laugh sounded.

The next moment, the giant mountain blocking the city gate exploded directly.

A towering old man walked out of the city.

"Xuanwu? That's Xuanwu?" Someone on the city tower exclaimed.

"Who is Xuanwu?" Someone was puzzled.

"You don't even know Xuanwu? Must be new here. Xuanwu has always occupied the twelfth place on the leaderboard, but later as his cultivation progressed, his points kept decreasing. Despite that, he's still in the forties on the leaderboard." Someone explained.

Hearing this, others looked astonished.

Xu Nian was also surprised, he didn't expect Xuanwu would come to his aid.

Wind Snow had mentioned earlier that after coming to Soil City, he should look for someone like Xuanwu, who might help with his Earth Guardian.

Now it seems the Xuanwu Wind Snow referred to should be this person.

"Greetings, senior!" Xu Nian hurriedly saluted.

"Kid, not bad, I watched your fight earlier, practicing three types of profound argumentation simultaneously and cultivating to this level, truly a remarkable talent. No wonder Wind Snow praises you so much." Xuanwu said approvingly.

"Senior flatters me." Xu Nian said humbly.

It seems really due to Wind Snow that Xuanwu intervened.

"Don't worry, kid, with me here, Luangu can't harm you." Xuanwu reassured.

Xu Nian also smiled. This way, he wouldn't have to fight desperately.

Otherwise, burning Divine Demon Cells would be extremely damaging to him.

"Old turtle, do you really want to meddle?" Luangu's eyes were sharp, filled with strong anger.

"Yes, I'm keeping this Shooting Star safe. Your fists might be powerful, but my defense isn't weak. If you want to kill me, it's impossible. I advise you to give up." Xuanwu chuckled lightly.

Luangu, hearing this, felt an indescribable frustration, his face was gloomy, and eyes went cold.

What Xuanwu said was true; he really couldn't do anything to Xuanwu.

Both were on the Eighth Level of profound argumentation, both understood the Power of Earth.

However, one focused on strength, the other defense.

Two opposing forces were evenly matched; neither could overwhelm the other.

"Fine, today I'll spare him for your sake. But next time, if I run into him again, I won't let him go. I don't believe, old turtle, you can always be by his side." Luangu said.

He snorted coldly and swiftly left.

When Luangu left, everyone breathed a sigh of relief.

Luangu's momentum was too strong, and his strength too domineering.

In the entire Slaughter World, they belonged to the top-tier existence.

Seeing Luangu leave, Xu Nian also relaxed slightly.

Luangu was intimidating; even though he was angry, he was not his opponent.

In the future, when his power grows, he'll definitely slay this guy.

"Kid, feeling unsatisfied? Then cultivate well. Once your strength surpasses Luangu's, see if he dares to bully you again." Xuanwu recognized Xu Nian's thoughts, and said with a cold smile.

"Senior is right. I will strive to cultivate, and next time, when I see him, I'll crush him." Xu Nian said smilingly.

"Haha, that's the spirit!" Xuanwu laughed heartily, finding Xu Nian's temperament to his taste.

"Senior, what you previously demonstrated was also Pulse Power from the Power of Earth, right?" Xu Nian suddenly thought to ask.

"That's right. I used Pulse Defense from the Power of Earth, and it has reached the Eighth Level. Your previous Pulse Defense exhibiting Nine-Level Pulse is a mark of Fifth-level argumentation." Xuanwu explained.

Xu Nian nodded; this Xuanwu indeed seems to have reached the Eighth Level of Pulse Defense.

"Come, I'll take you to meet someone." Xuanwu said.

"Meet someone?" Xu Nian was a bit surprised.

"You'll know once you go." Xuanwu smiled mysteriously.

Then he turned to walk into Soil City.

Xu Nian was full of doubt but still followed.
