

Divine King 1241

Chapter 1241: Tantai Xun Yan

"Actually, the top twenty has nothing much to do with us; we can only watch the excitement. Surviving to the end is what's crucial, like the map of these hundred forbidden islands. It can definitely help you survive until the end. So, how about getting a copy? Just one top-grade Spiritual Pill per copy," Wude quickly pitched.

Xu Nian chuckled slightly; this Wude was definitely out to scam him.

These hundred forbidden islands change randomly, even the mechanisms on the islands change randomly and are completely different from the previous ones.

Wude trying to sell him maps was surely a scam for his pills.

Seeing that Xu Nian had no intention to buy, Wude immediately thought of something else and said: "If you're not interested in maps, I also have information on the top ten beauties of the Cultivation World. If you happen to meet them on forbidden islands, you might even find a match and hit the jackpot."

"Top ten beauties of the Cultivation World?" Xu Nian suddenly found it amusing.

The Cultivation World is so vast; how can there be a selection of the top ten beauties?

This Wude is truly a Divine, employing all means just to make money.

"Yes, but the so-called top ten beauties of the Cultivation World are only among the participants of this competition. After all, the Cultivation World is vast, and the number of mortals is countless, impossible to cover all," Wude explained.

Xu Nian nodded and asked, "How many top-grade Spiritual Pills?"

"Ten!" Wude's eyes turned as he immediately said.

Obviously, he thought asking for one pill previously was too little, so he crazily increased the price this time.

"One, no more than that," Xu Nian said with a smile.

"One is too few; how about eight?" Wude quickly counter-offered.

"I said one, just one. If you don't agree, forget it, I don't care to listen," Xu Nian replied.

Saying this, he turned to leave.

"Alright, one it is! Pay first!" Wude pretended to be helpless.

Xu Nian did not hesitate and directly tossed over a top-grade Spiritual Pill.

Currently, top-grade Spiritual Pills were useless to him, as these were obtained from those he had slain.

Seeing the top-grade Spiritual Pill made Wude instantly happy.

He smiled and said, "The tenth is a Loose Cultivator, named Yen Qingyu, Late Stage Earth Immortal in cultivation, Profound Argumentation Third Level!"

"Late Stage Earth Immortal Realm, Profound Argumentation Third Level? Isn't she looking for trouble by entering the competition?" Xu Nian asked curiously.

Wude laughed: "Not necessarily, Yen Qingyu is an absolute beauty, naturally surrounded by protection. I might say, even if you died, she might not. As for why she's here? Naturally, to find herself a genius spouse."

Xu Nian was speechless.

Unexpected like this, seems he had underestimated the Immortal Order Competition.

Not everyone participates in the Immortal Order Competition for ranking; some might have different motives.

Like Wude, he was there to sell information and make a big profit!

"Ninth, Zhao Qingyi, the oiran of the Heavenly Immortal Building in the Heavenly Dragon Star System, strength at the Earth Immortal Peak, Profound Argumentation Third Level!" Wude said.

"Zhao Qingyi? Oiran? Is she also here to find a spouse?" Xu Nian asked speechlessly.

"No, she's more direct, like me, here for business. Think about the Immortal Order Competition, how many people are watching. If one can enjoy an absolute beauty at this time, wouldn't it make countless people jealous? Then that person would definitely be famous in the Cultivation World," Wude said.

Xu Nian's mouth twitched.

Disporting with an oiran in front of millions of viewers would indeed make one famous in the Cultivation World.

"Wouldn't the oiran be expensive?" Xu Nian pondered and asked.

"More than expensive, she's outrageously priced. She already stated, no matter which island she's allocated, if someone bids one Immortal Pill, she will agree to be with that person! Excited yet? But one Immortal Pill is exceedingly expensive," Wude said.

Xu Nian shook his head helplessly.

Unexpectedly, this Immortal Order Competition was so bizarre; the oiran was literally selling herself with her life.

Isn't she afraid someone would directly kill her?

"Eighth, Tang Honglian, this girl is no simple person, even as a Loose Cultivator, Earth Immortal Peak Realm, Peak of Fourth-level Profound Argumentation, with a little luck she should survive. It's said this girl has a red mole on her chest, extremely alluring and seductive," Wude said with a lecherous smile.

Xu Nian found it amusing; there was no semblance of a monk here.

"Seventh, Su Mengyu, also a Loose Cultivator, but this girl is a ruthless character. She truly ranks seventh because of her impressive bosom, practically two watermelons!" Wude said.

"That's quite ruthless!" Xu Nian laughed and said.

"Sixth, Qiao Xixi, another Loose Cultivator, Earth Immortal Peak Realm strength, Profound Argumentation Fifth Level, ranks sixth because of her eyes, the Star Sea Fragmented Star Eyes, eyes that flicker like shattered stars, exceedingly beautiful and enchanting!" Wude said.

Xu Nian nodded; the Star Sea Fragmented Star Eyes were indeed a unique physique.

"Fifth, Hu Muqing, Demon Clan, Earth Immortal Peak strength, Peak of Fifth-level Profound Argumentation, Nine-Tailed Fox, inherently alluring, extremely coquettish!" Wude said.

Xu Nian remained silent, waiting for Wude to continue.

"Fourth, Zhu Weiyue, a genius girl from the Vermilion Bird Clan, Earth Immortal Peak strength, Profound Argumentation Seventh Level, fiery personality."

"Third, Murong Xue of the Tiancang Sect, strength Late Stage Earth Immortal, Profound Argumentation Sixth Level, makes the list due to her icy demeanor, cold as snow!"

"Second, Hong Xi of the Chaos Sky Sect, strength at Earth Immortal Peak, Profound Argumentation Eighth Level, listed for her overwhelming talent!"

Wude eagerly named these three!

Xu Nian was somewhat surprised, not expecting Murong Xue to rank third.

Even more unexpected was Hong Xi ranking second.

So who is first?

"The true first is not a competitor, but the Reincarnation Sect Master, Tantai Xun Yan, an old woman who's lived for five hundred years!" Wude said.

"Huh?" Xu Nian was quite surprised.

The Reincarnation Sect Master is a woman?

"You've said she's an old woman, and yet she ranks first on the beauty list?" Xu Nian asked curiously.

"This you don't know, Tantai Xun Yan is a top-grade beauty, never having been with any man, yet exudes a mature woman's charm."

"Most crucially, she's a top-grade Furnace, Yin Yang Dual Body; once she dual cultivates with a man, she loses her life, all her cultivation will transfer to the partner."

"You must know she's an expert at the Peak of Primordial Immortal Realm, sleep with her, you become the Peak of Primordial Immortal Realm. So tell me, who else deserves the number one position?" Wude vigorously said, eyes full of longing.

Xu Nian was astonished.

Yin Yang Dual Body?

Such a physique is practically a walking Immortal Pill.

It's remarkable that with this physique, she survived to now and became a Sect Master. Truly astonishing.

Xu Nian shook his head helplessly, thinking Tantai Xun Yan was truly quite pitiful!

A lifetime unable to connect with a man; once it happens, that would be the end of her life!

Chapter 1242: The Tournament Begins

As time passed, more and more people gathered in Emperor City.

Three days later, the population in Emperor City reached fifty million, and even such a tremendously large city appeared rather crowded.

These individuals came from various places across the Nine Great Star Regions of the Cultivation World, and most of them were here to watch the competition.

The huge square at the center of Emperor City was now fully occupied.

The density of people was overwhelming, stretching as far as the eye could see.

Even Xu Nian felt utterly astonished by such a massive audience.

At that moment, Xu Nian and the others were sitting in the guest boxes of the square's spectators' area.

There were no more than ten guest boxes like these combined, only the Four Great Sects and some super forces were qualified to occupy guest boxes.

"Emperor Denor, I'll leave this Sister Xin in your care for now," Xu Nian said to the Denor Emperor.

"Haha, this little girl can follow me, don't worry about it, you go ahead and participate in the battle. Although, I'm not concerned, you have no issues at all in this round." The Denor Emperor laughed and replied.

Xu Nian nodded, assured that Sister Xin's safety was guaranteed under the Denor Emperor's supervision.

And this little girl was much more well-behaved in the presence of the Denor Emperor.

"By the way, didn't they say an Immortal would descend? Why haven't we seen one yet?" Situ Jue asked curiously.

Xu Nian also looked at the Denor Emperor with some confusion; he was pondering the same question.

Although he didn't hold much awe for immortals, he was nonetheless curious about the Immortals descending from the Immortal Realm.

"Immortals won't descend so early; they will arrive during the third round. However, they will observe your battle performances from the Immortal Realm. Those standing out significantly in the first and second rounds may also be chosen by Immortals as disciples," the Denor Emperor explained.

Xu Nian and the others understood immediately.

There are just too many people in the first and second rounds, Immortals are reluctant to descend.

Only those who make it to the third or even fourth round are truly worthy of their attention.

"Next will be the first round of assessments for the Immortal Order Competition. By then, the Emperor Chamber of Commerce will activate the transmission array to the forbidden island. These transmission

arrays will be random teleports; which forbidden island you enter solely relies on luck," Denor Emperor stated.

Xu Nian and the others exchanged glances, each hoping their luck wouldn't be too bad and that they wouldn't encounter some formidable experts.

Otherwise, they might get eliminated in the first round.

Just as Xu Nian and the others were bantering, a strong figure emerged at the center of the square.

It was an elderly man with white hair, slightly hunched, wearing a loose robe.

The overall impression was one of deep old age and decadence, and the aura he exuded was extremely calm, akin to that of an ordinary elderly man.

Yet, upon seeing this elder, Denor Emperor and others displayed respectful expressions.

Xu Nian was somewhat surprised. Who exactly was this elder?

Even the Denor Emperor was so respectful towards him.

"He is the chairman of the Emperor Chamber of Commerce, named Ouyang Mingjue. His strength is unfathomable; rumor has it that he has already comprehended the Law Realm, and forcibly suppressed his cultivation at the Peak of Earth Immortal Realm, hence hasn't ascended to the Immortal Realm," Denor Emperor explained.

Xu Nian, Situ Jue, and Yang Dong were all startled, a master of the Law Realm?

To ascend to the Immortal Realm, two conditions must be met: one is to have cultivation reach Earth Immortal Peak Perfection.

The other is to step into the Law Realm and obtain the recognition of the law.

Even if this elder has comprehended the law, as long as his Earth Immortal Realm hasn't reached perfection, he still cannot ascend to the Immortal Realm.

Such individuals, despite not having as high a realm as those in the Primordial Immortal Realm, possess strength that surpasses the Peak of Primordial Immortal Realm; after all, the power of the law cannot be compensated merely by cultivation.

And these types of people have a particular title, known as the Ultimate Pinnacle!

Xu Nian had only ever heard of the existence of Ultimate Pinnacles but had never seen them before.

Unexpectedly, in this Cultivation World, there really exists an Ultimate Pinnacle.

With the elder's arrival, the entire square fell silent.

The elder's brows revealed a gentle smile as he spoke: "Ladies and gentlemen, welcome to Emperor Star. This Immortal Order Competition is once again hosted by Emperor Chamber of Commerce; having so many talented individuals compete is truly our honor. However, the competition is equally brutal, many talents will fall in the process, participation in Immortal Order Competition still allows for withdrawal, of course, securing a rank would similarly benefit you greatly."

Although the elder's voice wasn't loud, everyone among the millions present could hear him clearly.

Xu Nian was somewhat astonished, he hadn't sensed any Immortal Essence Wave.

However, the elder's voice seemed as if coming from not far in front of him.

Such a technique, Xu Nian was witnessing for the first time.

"Alright, no more idle talk, the rules are simple. All participants in the competition will receive an Identity Token, distributed across a hundred little islands. Your responsibility is to survive on the island, and you have only ten days. After ten days, only a thousand people can survive; if after ten days the count exceeds a thousand, then ranks will be determined by the points to select a thousand, those ranked beyond a thousand will be eradicated by the island's restriction," the elder stated.

"As for how to earn points, it's straightforward; everyone's base point starts at one. Killing each person allows you to acquire the opponent's points, total points remain unchanged overall, additionally points cannot be gifted to others, only kept personally," the elder declared.

At these words, the crowd erupted once again.

This implies that only a thousand people can survive on each island?

These participants will invariably have to battle ferociously within ten days.

"Additionally, you can see your ranking on the back of your token, and the prohibition in the sky over the forbidden island will also display the top thousand rankings, allowing you to constantly choose battles based on your points," the elder smiled as he said.

The hearing talents were all fired up with excitement.

Next, they will engage in a frenzied points plunder fight.

To survive, one must engage in frenzy killing.

Xu Nian's face also showed a faint smile, as these rules are indeed very similar to those of the Slaughter World.

It seems that the Slaughter World intentionally devised such rules akin to the Immortal Order Competition to select more exceptional talents.

Such rules are extremely cruel.

"Well, that's all I'll say, now all talents, enter the transmission array, head to the forbidden island, and zealously battle," the elder's voice resonated.

The next moment, the sky opened a huge vortex.

Xu Nian and the others, seeing the vortex, also showed solemn expressions.

Once they enter the vortex, they will face slaughter.

"Swish!"

Someone led the charge into the vortex.

Immediately after, like locusts scattered in the sky, all talents madly rushed towards the transmission array.

Xu Nian thought it over, then followed suit.

Chapter 1243: Frenzied Slaughter

"Xu Nian, be careful!"

In the square, Mei Ji and others said to the Undying Devouring Sky Beast, Xu Nian.

"Don't worry, I won't die in the first round," the Undying Devouring Sky Beast said with a smile.

After speaking, he leaped into the gigantic vortex.

At the same time, 'Wang Long,' who was sitting at the very edge of the square, was also preparing to move and fly towards the vortex.

Beside him, Wude pulled 'Wang Long' and said, "Don't rush, I've studied this transmission array. Although it seems random, the odds of encountering those powerful ones decrease if you wait longer."

"Oh? What's the reasoning?" 'Wang Long' asked with amusement.

"Uh, just trust me," Wude said, unable to explain further.

'Wang Long' smiled helplessly and then directly dashed out.

When Wude saw Xu Nian leap out, he also showed a look of helplessness and hurriedly chased after him.

As 'Wang Long' rushed into the vortex, he felt a wave of dizziness, and the next moment he appeared over a vast woodland.

Looking around, he realized he was above a massive island.

The island was surrounded by endless oceans, unknown where they led.

The island and the sky above were covered by a formidable restriction.

These restrictions exuded incredibly terrifying waves, so much so that even Xu Nian felt an extremely fearsome sensation.

"Buzz!"

The sky kept changing.

Xu Nian looked up to find a series of names appearing in the sky.

These names were followed by scores.

Some had eight or nine points, but most had two or three.

Clearly, the appearance of these names indicated new deaths.

This time, about a million people were participating in the Immortal Order Competition. On average, with a hundred islands, each island hosted ten thousand people, but only a thousand would survive, meaning nine thousand would be eliminated on each island.

"Such terrifying cruelty!" Xu Nian pondered.

The path of cultivation defies the heavens, and the birth of a strong being is marked by numerous buried corpses.

Xu Nian didn't rush to hunt others; instead, he summoned his Dragon King Cone, preparing to study the Dragon King Cone's Sixth Style.

The Sixth and Seventh Styles were based on the Seventh-Level Dimension Cutting Profound Argumentation.

To execute the Sixth Style, one must comprehend the Seventh Level Profound Argumentation.

Of course, it was also possible to comprehend the argumentation directly through the diagram formed by the Dragon King Cone.

What Xu Nian wanted to do was comprehend the Seventh Level Profound Argumentation through executing the Sixth Style of the Dragon King Cone.

According to what Wude mentioned before, his main self wanted to break into the top twenty, which required mastering the Seventh Level; otherwise, it could be extremely dangerous.

"This Sixth Style, Lotus Formation, forms a Wind Blade Lotus with eighteen Wind Blades, forming a thousand Wind Blade Lotuses. In battle, the Wind Blade Lotuses fill the entire space, and once activated, it would absolutely be world-annihilating," Xu Nian mused to himself.

The power of this Sixth Style was extremely terrifying, and he eagerly anticipated it.

Of course, after reaching the Seventh Level Profound Argumentation, it might also be possible to comprehend the Seventh Style.

The power of the Seventh Style was even more terrifying than the Sixth Style.

"Whoosh!"

However, as Xu Nian was about to find a secluded place to deeply contemplate the Seventh Level Profound Argumentation, a figure flew over. A young man appeared in front of Xu Nian.

After examining Xu Nian and discovering his cultivation was only at the Late Stage Earth Immortal, a hint of mockery flashed in his eyes.

Without a word, he directly drew a sharp sword towards Xu Nian.

This guy appeared to be brutal, launching a killing move immediately.

Moreover, this killing move contained the Third Level Ice Attribute Profound Argumentation Wave.

Xu Nian sneered, and with a thought, a Wind Blade flew out from the Dragon King Cone.

"Whoosh!"

The Wind Blade shot towards the figure.

The young man was taken aback, not expecting Xu Nian to be so formidable.

He quickly retracted his sword to defend.

"Clang!"

However, Xu Nian's Wind Blade pierced through the youth's sword and entered his brow, killing him.

In just a moment, an Earth Immortal Realm was mercilessly killed.

Xu Nian noticed six points instantly added to his token.

"This guy actually killed six, with Third Level Profound Argumentation. It seems he planned to first kill some weaklings to gain more points and then hide, but with Third Level Profound Argumentation, there's no way he could survive to the top thousand," Xu Nian shook his head.

In a place where strength was supreme, surviving on this Forbidden Island depended on one's power.

Relying on opportunism was virtually impossible.

After that, Xu Nian encountered several more cultivators on the road.

Like the previous cultivator, they all attacked upon seeing Xu Nian's cultivation level.

Xu Nian took them down almost instantly.

The highest Profound Argumentation comprehension among these people was only Fifth-level Heaven Realm.

Xu Nian's score, however, rose directly to thirty.

"Ranked 1,600?" Xu Nian observed his score on the token, showing a hint of a smile.

With thirty points, ranked over a thousand, it seemed quite a few had already perished here.

Xu Nian didn't bother hunting more people; instead, he found a secluded cave and hid inside.

Inside the cave, he carefully explored his Dragon King Cone.

This competition was going to last ten days. Within these ten days, he could devote nine to cultivation.

Then, on the last day, he could go hunt targets.

By that time, the remaining survivors would have high point counts.

This way, he only needed to kill a few to easily break into the top thousand.

This also saved him the effort of searching and then laboriously killing.

...

Unlike Xu Nian's main self, the Undying Devouring Sky Beast Avatar was currently engaged in relentless combat.

Each time he killed, he would utilize his Talent Divine Ability, Swallowing Heaven and Earth, to devour the opponent's cultivation.

He was also constantly comprehending the Fourth Level Space Tear Profound Argumentation.

Once Space Tear reached the Fourth Level, his avatar's power could rival a Sixth Level Profound Argumentation expert.

In this way, achieving a top hundred position under Mu Residence Lord would be complete.

The Undying Devouring Sky Beast Avatar's ranking quickly rose with constant killing.

Soon, Xu Nian's score reached a hundred, ranking him in the top teens.

The rapid rank rise of the Undying Devouring Sky Beast Avatar naturally caught the attention of outsiders.

In the outside square, everyone could see the battles unfolding within the Forbidden Island.

On one of the water screens displayed, the figure shown was Xu Nian's Undying Devouring Sky Beast Avatar.

"This guy is so strong, who is he?"

"Yes, judging by his argumentation, it seems to be Space Profound Argumentation. He's actually a Space Controller."

...

Chapter 1244: The Dark Horse in Hiding

"Xu Nian is so strong? He suddenly rose to sixteenth place?" Shi Guangxu looked at the rankings on the water curtain, unable to contain his surprise and said.

"Xu Nian's strength is indeed formidable. For him, these geniuses pose no threat at all. After all, as a Space Controller, he has an innate advantage." The Tianbao Pavilion Master sighed and said.

"Indeed, Space Profound Argumentation—a talent so enviable. This kind of profound argumentation emerges once in several hundred billion." Mu Residence Lord also sighed along.

Even as someone rated as a genius, he was immensely envious of Xu Nian's Space Profound Argumentation.

The prowess displayed by the Undying Devouring Sky Beast Avatar also shocked and envied many in the crowd.

Even the Four Great Sects and the Denor Emperor were amazed.

"Undying Devouring Sky Beast? A Void-type Demon Beast, I didn't expect such a legendary beast to appear in the Cultivation World. Isn't this beast mightier than the Dragon Clan? It's said to feed on True Dragons. No wonder it can master Space Profound Argumentation." The Denor Emperor looked at the figure on the water curtain and couldn't help but comment.

Since the Undying Devouring Sky Beast Avatar had altered its appearance, he didn't realize that the beast on the water curtain was Xu Nian.

Meanwhile, in the VIP chambers of the Reincarnation Sect, a stunningly beautiful mature woman sat elegantly inside.

The breathtaking beauty of her appearance was suffocating, and her voluptuous yet not overly plump figure left an entrancing impression.

"Undying Devouring Sky Beast, the surprises in this Immortal Order Competition are endless. I just wonder what level of comprehension this guy has achieved in Space Profound Argumentation." Tantai Xun Yan mused, a faint smile playing on her exquisite face.

Even though Tantai Xun Yan's age exceeded five hundred, she remained one of the top beauties in the Cultivation World.

Her status and strength only served to evoke an immense urge to conquer her.

Of course, they also knew it was impossible!

After all, Tantai Xun Yan's constitution was exceptionally unique. For a man to earn the chance to unite with her was unlikely in the entire Cultivation World.

Similarly, in the VIP chambers of the Chaos Sky Sect, a middle-aged man looked at the Undying Devouring Sky Beast Avatar with curiosity in his eyes.

"Father, is Space Profound Argumentation really that powerful? Why do I find it unremarkable? If he battles with Sister Hong Xi, he will surely lose." Meng Xiyao asked, puzzled.

She had no interest whatsoever in the man on the water curtain.

She truly wanted to see Xu Nian.

Her father had mentioned that one of the Denor Empire's competitors in this competition was called Xu Nian, and she wondered if it was the same person she met on Tianlan Star.

"Space Profound Argumentation is indeed strong. Your Sister Hong Xi is superior because his control over it is still weak. I estimate it's only at the Third Level of Profound Argumentation. If he could reach the Fifth Level, he could battle your Sister Hong Xi. If he reached the Sixth Level, even she wouldn't be his match." The Chaos Sky Sect Master said.

"That strong?" Meng Xiyao widened her eyes in surprise.

She never thought Space Profound Argumentation could be so powerful.

Sister Hong Xi was a master of the Eighth Level of Profound Argumentation Realm. Could Space Profound Argumentation really prevail with just six levels?

This instantly made her view the man more favorably.

"Father, on which forbidden island is Xu Nian? Can you help me find him?" Meng Xiyao quickly asked.

In the VIP chambers, there was a separate water curtain that could be fully controlled by its occupants, allowing them to view anyone they desired with ease.

The Chaos Sky Sect Master felt a bit helpless.

Ever since his little girl returned from Tianlan Star, she hadn't forgotten about a young man named Xu Nian.

She stubbornly insisted that he bring Xu Nian back to the Chaos Sky Sect.

During that time, he indeed sent people to search for Xu Nian but to no avail.

When Xu Nian finally showed up, it turned out he was already a descendant of the Divine Demon Sect and had a deadly feud with Lin Hao, of the Chaos Sky Sect.

After that, he abandoned the idea of bringing him back to the Chaos Sky Sect.

However, he was surprised to find that Xu Nian's growth was terrifyingly rapid.

In just a few years, he advanced to the Earth Immortal Realm.

"Buzz!"

With a thought, the water curtain began to change.

Then, a figure appeared before the Chaos Sky Sect Master and Meng Xiyao.

Yes, the owner of the figure was indeed Xu Nian.

Of course, he was the Divine Demon Avatar Xu Nian.

"It's him, it's really him, Father. He saved me back then. So he came to participate in the Immortal Order Competition too." Meng Xiyao exclaimed excitedly.

"Yes, he's participating. But with only seven points? His strength is too weak. At this rate, he's likely to die on this forbidden island." The Chaos Sky Sect Master said.

"What should we do, Father? He can't die! Oh, he's on Forbidden Island No. 76, the same island as Sister Hong Xi. Father, can you ask Sister to help him?" Meng Xiyao said anxiously.

The Chaos Sky Sect Master looked helpless, realizing his daughter might have feelings for this guy!

That was no good news.

This guy was a descendant of Divine Demon Sect, bound to clash with the Four Great Sects one day.

Perhaps the Chaos Sky Sect would be involved in that battle too.

"I can't help. The forbidden islands are completely sealed. Even if I wanted to notify your Sister Hong Xi, she couldn't receive it, and it's likely too late. A reasonably strong fellow is already approaching him." The Chaos Sky Sect Master said.

"Who? Who dares to harm him? I'll split him in two!" Meng Xiyao said, gritting her teeth and showing a resentful expression.

Indeed, on the water curtain, a man appeared before Xu Nian.

"It's a loose cultivator, a formidable one. I know him—Profound Argumentation Fifth Level. With such strength, reaching the top thousand is not a problem. Your Xu Nian might die here." The Chaos Sky Sect Master said, feeling a bit relieved.

If he died, his little girl would give up.

At worst, he would avenge her symbolically.

Meng Xiyao bit her lips, feeling unwilling, her eyes reddening as she dared not look at the water curtain anymore.

"What?" Beside her, the Chaos Sky Sect Master suddenly exclaimed in shock.

Meng Xiyao turned her head in surprise towards the water curtain, discovering that Xu Nian was still standing there unharmed.

Whereas the formidable loose cultivator her father spoke of was reduced to a pulp on the ground.

Meng Xiyao immediately burst into happy tears, looking at the figure in the water curtain proudly and said, "I told you my Brother Xu Nian is strong, these little sidekicks are no match for him."

After speaking, she glanced at her father proudly, as if she was showing off.

The Chaos Sky Sect Master frowned, looking at Xu Nian in the water curtain, showing a look of surprise, murmuring to himself: "I didn't expect this guy to be so strong. Profound Argumentation Seventh Level—with such strength, he can enter the top ten of the Immortal Order Competition. Is he planning to astonish everyone at the final moment?"

The Chaos Sky Sect Master looked at Xu Nian, still listed at over five thousand in the rankings, stunned.

Perhaps, besides him, no one else had noticed this dark horse quietly lurking.

Chapter 1245: The Brutal Tournament

Xu Nian's true form, who at this moment is using the alias 'Wang Long', is currently in the mountain cave comprehending the seventh level of Profound Argumentation.

The killings outside seemed to have nothing to do with him.

Initially, he rose to over a thousand in rank, but now he has dropped to over three thousand.

Xu Nian has reached the most critical moment of understanding.

If someone could light up the cave, they would definitely find that within this pitch-black mountain cave, there were extremely sharp knife-edge lotuses floating.

These lotuses floated in the air, yet they were filled with infinite killing intent.

The water curtain on the square outside kept rolling, and to increase the enjoyment of viewing, the Imperial Commerce would select some interesting battles or people to display on it.

Among them appeared the scene of Xu Nian hiding in this mountain cave.

The water curtain was pitch-black, showing only Wang Long's eyes.

"Haha, this might be a fool. Does he think hiding in the cave is safe? He's now over four thousand in rank, won't he still have to die in a few days?"

"I think he's a fool, hiding in the cave, I'm laughing to death. Does he think people will keep falling at his cave's door for him to pick up points?"

...

The whole crowd burst into laughter, each of them thinking this 'Wang Long' is a fool.

Not going out to hunt easier targets to earn points, choosing instead to hide at this time.

As time goes on, the survivors are all very strong, and by then, he won't even be able to kill.

"Thirty-Six Forbidden Islands, isn't this the forbidden island where Zhao Qingyi is located? It is said that Zhao Qingyi has offered, whoever can help her break into the top thousand and give her an Immortal Pill can have a thrilling time with her on this island."

"Yes, if I had that strength, I would definitely try. Damn, with so many people watching, dual cultivating with such an oiran beauty is an opportunity of a lifetime."

"I heard that the loose cultivator Tong Hai has been tempted and wants to try; the Four Great Sect genius disciples don't dare due to face, but Tong Hai is different, he's a loose cultivator, and his argumentation understanding has reached the sixth level, making him one of the top on the Thirty-Six Forbidden Islands."

"It's a real bargain for Tong Hai, though it's also his strength, unlike the guy hiding in the cave, who probably doesn't even have the power to seize the opportunity even if it presented itself."

...

Around them was another burst of sighs.

"This kid is also a peculiar one, hiding in the cave. In the end, he still has to die. It would be better to die spectacularly. But that Zhao Qingyi is too shameless, using such means to grab attention, doesn't the Emperor Chamber of Commerce care?" Shi Guangxu said with a lecherous smile.

"Not at all, Zhao Qingyi is originally an oiran, doing business wherever she pleases. As long as she has the guts, even if she sleeps with everyone on the forbidden island, the Emperor Chamber of Commerce won't care." Tianbao Pavilion Master laughed.

"That's really thrilling, my heart's itching to try seeing what it's like with so many people watching." Shi Guangxu said eagerly.

"Heh, even if you want to, I bet Zhao Qingyi doesn't fancy you. With your strength, you'll be killed the moment you enter the forbidden island." Li Anshan retorted bluntly.

Having gotten familiar with Shi Guangxu, he understood Shi Guangxu's personality.

This guy just needs to be retorted, or he'd surely be insufferable.

"Hmph, one day I'll become powerful enough to make all women submit to me." Shi Guangxu said angrily.

No sooner had he finished speaking than Mei Ji glared over from the side.

Startled, he immediately fell silent.

Xu Nian hiding in the cave was just a joke, making everyone laugh, and soon he was forgotten.

One by one, everyone was looking at the water curtain in astonishment.

At this moment, a figure was displayed on the water curtain.

A young man wielded a single sword, slaying more than a dozen Earth Immortal Peak powerhouses, his clothes unstained by even a speck of dust in the end.

"So strong!"

"Incredibly strong!"

"Is this Jiang Shengtian's strength? This is just too strong!"

...

The crowd was in amazement. Surrounded by more than a dozen people, he killed them all with just one sword.

Such astonishing means simply made their hearts surge.

Yes, this young man was Jiang Shengtian.

At the same time, Jiang Hao of Haotian Sect and Hong Xi of Chaos Sky Sect each displayed their powerful strength.

Every move they made left everyone in awe.

These genius figures would undoubtedly become the brightest stars of the whole Immortal Order Competition.

The Four Great Demon Clans also showcased remarkable strength, each of them ruthlessly killing their opponents.

What surprised everyone the most was still the Desolate Clan youth dressed in beast skin.

No matter who he encountered, he only needed one punch.

One loose cultivator, whose argumentation understanding reached the seven-level profound, died at his hands, someone who everyone regarded highly.

Seventh-level profound powerhouse, defeated in a single move.

Such strength is likely enough to crown the champion of this event.

"Too strong! Are these really people who've only cultivated for less than a hundred years? This is just heaven-defying!"

"Yes, these geniuses have cultivated for less than a hundred years, yet they stand at the peak of the cultivation world. Imagine us old folks who have lived for thousands of years, still struggling on the stairs of profound argumentation!"

...

Some were amazed, and others lamented on the scene.

The performance of these geniuses left them in awe.

As for those fallen geniuses, they were once unmatched in their worlds.

But here, they could only become stepping stones for others.

No one felt sorry for them, nor did anyone applaud them.

Those peerless geniuses who stepped over others' lives gained everyone's support and attention.

One warrior's success over countless bones, that's the true meaning.

Time quickly passed, with only three days left out of ten.

Xu Nian, who had been sitting in the mountain cave, finally condensed the last lotus, with a gleam of sharpness in his eyes.

"Phew, finally broke through to the Dimension Cutting Profound Argumentation seventh level, comprehending the sixth style of the Dragon King Cone." Xu Nian said to himself in delight.

During these seven days, he never stopped comprehending.

In the end, he managed to break through.

"Just in time, with three days left, I'll fight for more points for myself. I wonder how the outside world is doing now." Xu Nian wondered to himself.

He took out the points token in his hand and was surprised to find that his token points had increased again.

"Huh, it's actually risen to sixteen hundredth place, seems like there aren't many people left!" Xu Nian said with a smile.

Then he put away the points token and headed out of the cave.

At this moment, the water curtain outside also switched to the scene of Xu Nian walking out of the mountain cave.

"Huh, this guy actually came out of the cave, why not hide a bit longer, maybe he could really break into the top thousand in the end."

"Haha, he probably can't stand it anymore, wants to come out for some fresh air."

The scene immediately drew a burst of laughter, with everyone looking mockingly at 'Wang Long' on the water curtain, their eyes full of disdain.

Chapter 1246: Wang Long Shows His Might

'Wang Long' walked out of the cave, noticing indeed that fewer people were around.

He even saw the bodies lying not far from the cave entrance.

"It seems a lot of people have died during the seven days of my secluded training!" Xu Nian murmured to himself, observing the surroundings.

He started to wander around, and found traces of battles everywhere.

"Huh, this guy's wandering around leisurely, isn't he afraid of dying? Only three days left, wandering like this is practically inviting others to take him out."

"I think he's just a fool. Who else would hide in a cave for the first seven days and come out to wander in the last three days?"

"Exactly, I wonder whose hands this guy will eventually die at."

"Look, someone is heading over; this kid is probably doomed."

...

The audience in the square burst out laughing mockingly at Xu Nian's appearance.

Now, Xu Nian was nothing but a joke to them.

That's why the water screen in the square often featured his image.

At this moment, the water screen continued to show Xu Nian's scene because everyone noticed that 'Wang Long' had encountered an opponent.

"Whoosh!"

On the Forbidden Island, a figure swept in directly from the distance, appearing in front of Xu Nian.

When the person saw Xu Nian's cultivation level, he furrowed his brow slightly.

"Late Stage Earth Immortal Realm? So weak?" The person seemed a bit surprised by Xu Nian's cultivation, showing a trace of astonishment on his face.

Xu Nian also glanced at the young man in front, but his eyes showed little reaction.

"Isn't this that murderous Zhao Lie? This guy actually ran into him. He's at the Peak of Earth Immortal Realm, with Profound Argumentation reaching Fourth-level. This 'Wang Long' guy won't just fall to his death; he'll probably die miserably!"

"Alas, what goes around comes around. You can dodge for a time but not a lifetime!"

...

Everyone outside felt a sense of sentiment, thinking that this 'Wang Long' joke was about to end.

In a place like the Immortal Order Competition, there's no such thing as luck.

"Kid, I didn't expect you could hide until now, your luck must be pretty good! But your good luck ends, because you've run into me." Zhao Lie said mockingly to Xu Nian.

"Go ahead!" Xu Nian replied calmly.

"Go ahead? You think you're qualified to fight me? How about we play a game before I kill you? Kneel and call me grandpa three times, maybe I'll spare you!" Zhao Lie said mockingly.

The crowd outside also turned playful seeing this scene.

They thought for sure that 'Wang Long' would kneel and call him grandpa.

Xu Nian, however, shook his head helplessly, stepped into the void, transforming his body into a phantom, passing through Zhao Lie.

"So...so fast!"

The audience outside widened their eyes, showing a look of surprise.

Yet, Xu Nian in the water screen didn't turn back, turning into a stream of light, disappearing from sight.

"This...how...is this possible!" Zhao Lie said with a look of shock, as Xu Nian's form vanished into the horizon, finally dropping from the sky.

The water screen zoomed in, and everyone clearly saw a slight wound on Zhao Lie's forehead.

In just an instant, Zhao Lie had his soul pierced through the forehead?

Everyone felt a shock, realizing that this 'Wang Long' wasn't avoiding, but was in secluded training.

His strength was completely disdainful of dealing with these weak ones.

The water screen stayed on Xu Nian and did not switch.

Soon, Xu Nian encountered another opponent, who was stronger than Zhao Lie this time.

It was a master whose Profound Argumentation reached Fifth-level Heaven.

However, this guy ended up just like Zhao Lie, getting instantly killed without having a chance to strike.

This time, everyone was completely shocked.

If Xu Nian succeeded the first time by luck, this second time was genuine strength.

With such strength, he might rank first or second on these Thirty-Six Forbidden Islands!

"This guy hid so deeply; he might be the biggest dark horse in this Immortal Order Competition!"

"Yeah, I was startled when he struck just now, so fast, so strong."

"Moreover, didn't you notice? He didn't even use a weapon, only Sword Point to kill, which means his strength wasn't even half realized. If I'm not mistaken, he's probably a Sixth Level Profound Argumentation master."

"Sixth Level? Definitely seventh!"

The entire square erupted in excitement.

Everyone was staring at the name 'Wang Long'.

They found this 'Wang Long' name rose rapidly, soon reaching the 100th rank.

And in just a moment, five strong adversaries fell at his hands.

Xu Nian's powerful display gained him a slew of fans.

"Wang Long, Wang Long!"

A chorus of cheers erupted in the field.

Xu Nian was unaware that he had become famous outside; at this moment, he encountered an unexpected adversary.

Before him appeared an alluring woman, not only astonishingly beautiful but also with a very voluptuous figure.

The key was her very revealing attire, her fair skin clearly visible.

"Sir, I am Zhao Qingyi, my respects." The captivating woman greeted respectfully.

Xu Nian was taken aback: "You are Zhao Qingyi? The famed Oiran!"

The spectators outside the square were also surprised.

Unreal that 'Wang Long' came across Zhao Qingyi.

Wondering whether he'd make a deal with Zhao Qingyi, who attempted several times before without success.

But this time this 'Wang Long' definitely had the strength to make a deal with Zhao Qingyi.

Could he really be about to make a sensational move in front of everyone?

"Yes, it's the little lady, would honored sir not want to accompany this lady to Mount Wu for a while? Not much, just an Immortal Pill and kill someone for Qingyi." Zhao Qingyi smiled charmingly.

"I'm not interested, you should leave! I don't like killing women!" Xu Nian was about to turn away.

"Sir, don't go, you're so handsome, I really like you, how about you earn points for me, the Immortal Pill isn't needed, how about it?" Zhao Qingyi spoke hastily, eyes seductive.

After speaking she seemed about to leap towards Xu Nian.

The onlookers in the square gasped collectively, such a great opportunity?

Wouldn't 'Wang Long' make a fortune?

Xu Nian, however, furrowed his brows, glancing back at Zhao Qingyi.

"Buzz!"

With a thought, a blade flew out instantly, piercing Zhao Qingyi's forehead.

"This..."

The audience on stage was dumbstruck.

'Wang Long' actually killed Zhao Qingyi?

This guy's crazy!

Not taking such a great advantage and killing so decisively, that's such a resolute heart!

"Wow, he's so cool, from now on this Wang Long is my male god!"

Yet Xu Nian's action directly stirred a commotion among the women on the field, each gazing at Xu Nian with fervor.

At this moment, they realized that Wang Long killed a woman but won the hearts of tens of thousands, even millions of women.

Chapter 1247: Battle Against Hong Xi

Just when "Wang Long" became famous with a single strike.

Xu Nian, the Divine Demon Avatar, also showcased astonishing strength.

Any opponent was killed with a single punch from him.

And the water curtain was now transitioning to Xu Nian's scene.

When they saw who was standing opposite Xu Nian, everyone displayed an extremely shocked expression.

"Damn, isn't that Hong Xi? Xu Nian actually encountered Hong Xi!"

"I really didn't expect this; Xu Nian is definitely a super dark horse. Battling Hong Xi, isn't that rushing to his doom?"

...

The crowd on the field was in endless amazement.

This kind of confrontation between peak powerhouses typically doesn't occur in the first match.

Because many powerhouses know that fighting a similarly strong opponent in the first match not only exposes your strength but might also affect the subsequent matches.

So when they saw Xu Nian and Hong Xi coming face to face, they all displayed an extremely curious look.

Wondering whether these two will really fight.

If they indeed fight, it would be equivalent to entering the finals early.

"Sister Hong Xi, you absolutely must not fight Brother Nian, absolutely not!"

In the VIP room of Chaos Sky Sect, Meng Xiyao prayed anxiously.

The thing she feared most still happened; her Sister Hong Xi and Xu Nian met, which was the last thing she wanted to see.

Yet now, such a thing really happened right before her eyes.

The Chaos Sky Sect Master was also somewhat surprised that Hong Xi encountered Xu Nian.

This battle between the two might shock the entire Immortal Order Competition.

However, according to the Chaos Sky Sect Master, Xu Nian is definitely not Hong Xi's opponent.

At this moment on the Forbidden Island, Xu Nian and Hong Xi were confronting each other in mid-air.

Both were looking at each other vigilantly.

Xu Nian did not intend to battle Hong Xi, but it seems the opponent wasn't willing to let him go.

"Are you Xu Nian, a descendant of the Divine Demon Sect?" Hong Xi said proudly as she spoke.

"Yes, you are Hong Xi from Chaos Sky Sect!" Xu Nian looked at the woman ranked second in beauty by Wude in front of him.

Indeed, this Hong Xi is far more beautiful than Zhao Qingyi whom his original body encountered.

It was precisely because his Divine Demon Avatar encountered Hong Xi that Xu Nian decided to kill Zhao Qingyi without hesitation.

Hong Xi's appearance is stunningly alluring, her figure is also impeccable, but what really ranks her second is her extraordinary talent, along with the noble aura brought by her Divine Phoenix Body.

"Why do I sense a trace of Dragon Clan bloodline aura from you, though it doesn't seem strong; are you from the Dragon Clan?" Hong Xi asked Xu Nian in surprise.

Xu Nian instantly understood why Hong Xi targeted him.

It was because of his original body's Nine Dragons Supreme Body.

Although his Divine Demon Avatar had been regathered, the cells of the Divine Demon Avatar were separated from the Nine Dragons Supreme Body.

So more or less, he carried the aura of the Nine Dragons Supreme Body.

Hong Xi's body of Phoenix naturally could perceive the Dragon Clan aura on Xu Nian.

"I'm not from the Dragon Clan, but I once drank Dragon Blood, so what you mentioned should be related to that." Xu Nian quickly found an excuse and said.

Hong Xi furrowed her brows, apparently not quite believing Xu Nian's words.

But she did not dwell on this matter any further.

"I see you ranked around tenth, your strength should be significant, I wonder if you could battle me?" Hong Xi said, eyes filled with fighting intent.

"You really made up your mind to fight me? Although you are the strongest on this Forbidden Island, killing me is absolutely impossible and killing you is very difficult; but if we truly fight, the end result would be mutual destruction," Xu Nian said.

"If you really have such strength, mutual destruction so be it." Hong Xi coldly snorted, then immediately made her move.

She waved her jade hand, instantly transforming into endless flames.

The terrifying flames carried extreme heat, rushing fiercely towards Xu Nian.

"So strong, with just a casual wave, exudes such power, Hong Xi is really strong!"

"Indeed, although Xu Nian is strong, Hong Xi is stronger, Xu Nian is probably going to suffer."

...

People in the plaza sighed.

Everyone was feeling regret for Xu Nian.

Xu Nian glanced at the sky full of flames, but his eyes showed little fluctuation.

The power of these flames at most was Sixth Level, couldn't hurt him at all.

"Hmph, dreaming that such flames could hurt me!"

Xu Nian coldly snorted and smashed out a punch towards the Void.

With a punch collapse, the flames in the Void were instantly annihilated by Xu Nian's punch.

"So strong!" The crowd around was surprised.

Hong Xi was shocked, clearly not expecting that Xu Nian's strength would be this strong.

Eyes condensed, a massive phoenix formed by flames appeared directly behind her.

"Chirp!"

The Flaming Phoenix let out a high-pitched screech and rushed towards Xu Nian in the next moment.

The Profound Argumentation emanated by this Flaming Phoenix had already reached the Seventh Level fluctuations.

"Seventh Level of Profound Argumentation!" The crowd was utterly shocked.

Xu Nian's eyes instantly became fierce, looking at the Flaming Phoenix, a powerful energy erupted from his hand.

"Boom!"

Another punch!

This punch transformed into a black hole, directly clashing with the Flaming Phoenix.

"Boom!"

A sound of shocking and soul-stirring roar came.

Then a terrifying flame storm swept across the sky.

The other geniuses on the Forbidden Island were all alarmed by the waves of this battle, each one looked at the explosion center in shock.

Who exactly is fighting to cause such a big commotion?

However, they were sure in their hearts that those who could cause such a commotion could easily kill them.

So even if they were curious, they definitely wouldn't watch.

Both Xu Nian and Hong Xi were hit by this flame storm and retreated.

Hong Xi looked at this scene and showed a surprised expression.

Unexpectedly, this Xu Nian would be strong to such an extent, even taking her Seventh-level Attributes attack.

"Buzz!"

Hong Xi then prepared to unleash the Eighth Level.

"You really want to fight me to the death?" Xu Nian spoke at this time.

At this moment, he already didn't want to continue fighting.

If the fight continues, he would have to use his strongest move.

Equally, Hong Xi would have to unleash her Eighth Level Profound Argumentation.

But this way, neither of them would have any cards left for the final battle, only making them more passive.

Hong Xi withdrew her Immortal Essence within, her eyes gradually calming, looking at Xu Nian: "Very well, your strength is indeed very strong, today I will only battle you to this extent, I look forward to fighting you in the final, and hope you won't disappoint me."

Xu Nian smiled slightly, saying: "Alright, during the finals, I definitely won't disappoint you!"

Hong Xi said no more, immediately turned into flames and vanished into the sky.

Chapter 1248: The Barrier Between Two Realms

Xu Nian fought against Hong Xi, although neither of them came out on top.

But his reputation suddenly exploded.

"Another dark horse, this guy is just like Wang Long earlier, suddenly rising up. Why do strong people like to hide their strength at the beginning?"

"You don't understand. These strong people have their pride and naturally disdain to fight with those weaker, but it's unknown whether Xu Nian or Wang Long is stronger."

"Of course, Xu Nian is stronger. Didn't you see he tied with Hong Xi?"

"That's not certain. Wang Long never showed his true strength from the start."

...

The crowd in the square was arguing fiercely at this moment.

Some people thought Xu Nian was strong, while others favored Wang Long.

However, they didn't know that the ones they supported were actually the same person.

In the corner of the square, Shi Guangxu watched Xu Nian on the water screen with a surprised expression.

"Whoa, this guy actually has an avatar, also participating in the Immortal Order Competition?" Shi Guangxu couldn't help but exclaim.

Mei Ji and Li Anshan were also somewhat surprised.

Even Li Tiangang was extremely astonished.

An avatar?

Isn't that an immortal technique only Immortals can master?

This Xu Nian even knows such defying divine skills.

It seems his avatar is quite competent!

Mu Residence Lord simply smiled; he actually knew this long ago.

When the Denor Empire announced the participants for this competition, he knew Xu Nian had an avatar.

"I didn't expect Xu Nian to be this strong, even his avatar is so powerful, how strong would he be if the avatars were fused." Li Anshan couldn't help but marvel.

"This kid hid so deeply. No wonder he changed his appearance and identity earlier, really too cunning." Shi Guangxu also commented with emotion.

Only at this moment did they realize, Xu Nian had such a major secret.

Of course, they did not know, the previous Wang Long was also one of Xu Nian's avatars.

If they knew, who can say what they would think?

In the VIP room of Chaos Sky Sect, Meng Xiyao let out a heavy sigh.

The brother she liked, Xu Nian, and her sister Hong Xi were fighting together.

If they really fought to the death, she might truly cry her heart out.

Luckily, neither was injured in the end.

"Xiyao, do you like this Xu Nian?" Chaos Sky Sect Master frowned slightly and asked.

"Dad, you're talking nonsense. Brother Xu Nian is good-looking, talented, and strong, but in Xiyao's heart, he is just like a brother." Meng Xiyao said shyly.

The Chaos Sky Sect Master was speechless, still saying she doesn't like him after listing so much praise.

"If you really like Xu Nian, once he comes out from the forbidden island, you can try asking him if he is willing to join our Chaos Sky Sect." Chaos Sky Sect Master said.

"Dad, you've finally gotten sensible. But with Brother Xu Nian's current strength, he probably doesn't need any factions." Meng Xiyao said in disappointment.

"That is true, but you can still try. Even if he doesn't agree to join Chaos Sky Sect, he could be the son-in-law of the Chaos Sky Sect Master." Chaos Sky Sect Master joked with a laugh.

"Dad, what are you talking about!" Meng Xiyao stomped her feet in shy annoyance.

The Chaos Sky Sect Master saw this and could only shake his head helplessly.

Originally, he opposed Xu Nian, but then decided to win him over anyway.

Even though Xu Nian has significant ties with the Divine Demon Sect.

In the VIP room of the Reincarnation Sect, Tantai Xun Yan watched Xu Nian on the water screen, her stunning face showing a hint of surprise.

"Xu Nian!" Tantai Xun Yan chewed on this name, seemingly pondering something.

Suddenly, a smile appeared on the corners of her mouth, and her eyes became lively.

"Interesting little fellow, he hid so deeply." Tantai Xun Yan suddenly smiled charmingly, her captivating smile mesmerizing others.

His true self and the Divine Demon Avatar both stood out, but the Undying Devouring Sky Beast is still not considered famous.

Although initially the Undying Devouring Sky Beast Avatar attracted a lot of attention with the identity of a Space Profound Argumentation Controller.

However, as the Undying Devouring Sky Beast Xu Nian gradually fell silent, the crowd in the square slowly forgot him.

If someone observed the Undying Devouring Sky Beast, they would certainly discover he is doing something very unusual.

Sleeping!

Yes, the Undying Devouring Sky Beast is sleeping now.

Of course, he's not really sleeping; his consciousness has entered the Chaos Divine Palace.

Xu Nian arrived in front of the Emperor Ye Tian, looking at the Emperor Ye Tian still sitting cross-legged in the void of the Chaos Divine Palace, feeling warmth in his heart.

Currently, the Emperor Ye Tian is gradually recovering, her Divine Soul in this Chaos Divine Palace, with no worry about soul power loss.

At the same time, this Chaos Divine Palace helps stabilize her Divine Soul.

"Speak quickly if you have something to say, otherwise get lost!" Emperor Ye Tian said, without even opening her eyes.

"Master, how much do you know about Space Profound Argumentation?" Xu Nian thought for a moment and asked.

"Space Profound Argumentation? Not much. If you're hoping for guidance on it from me, you better forget it." Emperor Ye Tian glanced at Xu Nian and said.

"Master, you misunderstood. I'm not asking for guidance on Space Profound Argumentation; I want you to help investigate this forbidden island. I feel like there's something odd about it." Xu Nian said to the Emperor Ye Tian.

Emperor Ye Tian opened her eyes, revealing a curious look.

She immediately began to release her Divine Soul to investigate the outside world.

Quickly, Emperor Ye Tian showed a slightly surprised expression.

"How is it? Did you find anything?" Xu Nian asked curiously.

"Your feeling is correct. This forbidden island is indeed unusual; it is not part of the Cultivation World you reside in but is wedged between the Immortal Realm and the Cultivation World." Emperor Ye Tian said.

"Between the Immortal Realm and the Cultivation World? No wonder I felt the barriers on this forbidden island were odd, turns out it's a two-realm barrier." Xu Nian said with realization.

Never expected this forbidden island to be wedged between the Immortal Realm and Cultivation World.

"So does this mean if one penetrates the barrier, they can reach the Immortal Realm?" Xu Nian's eyes lit up, he suddenly asked.

"Theoretically yes, but practically no." Emperor Ye Tian sneered and said.

"Because without the Fusion Technique Law, once you enter the Immortal Realm, you'll be repelled by its Heaven and Earth Laws, and it might even erase you." Emperor Ye Tian said.

"That powerful? But I heard there are mortals in the Immortal, Demon, and Devil World!" Xu Nian curiously pursued.

"That's different; they are residents of the Three Realms. From the Immortal, Demon, and Devil World to the Divine World, even there are mortals, but they are born in the Divine World with its mark." Emperor Ye Tian said.

Xu Nian nodded with understanding.

"However, since you discovered the gap between the two realms, if you penetrate the barrier, you might gain some other benefits by then." Emperor Ye Tian suddenly said.

"What benefits?" Xu Nian's eyes lit up immediately.

Chapter 1249: The Proper Way to Use the Chaos Divine Palace

"Between the two realms, there is a special substance called Meng! This substance is the most primal origin energy in the entire universe," said Emperor Ye Tian.

"Does absorbing this substance grant you formidable battle power?" Xu Nian asked excitedly.

"No, with your current strength, you cannot absorb this origin energy. Even if you did, it would be harmful rather than beneficial," said Emperor Ye Tian.

"Not even my Undying Devouring Sky Beast's 'Swallowing Heaven and Earth' or my Dan Sea Species Green Lotus can absorb it?" Xu Nian asked curiously.

"No, your Dan Sea Species Green Lotus cannot absorb this substance energy unless it reaches the Third Level. After all, this is the highest level of energy in the universe, surpassing divine power," Emperor Ye Tian shook his head and said.

Xu Nian felt dejected instantly.

What's the point if you can't absorb it?

"Then what is the benefit you mentioned, Master?" Xu Nian hurriedly asked.

"Although you can't absorb this energy substance, you can still use it to do something useful," said Emperor Ye Tian.

"Something useful?" Xu Nian was puzzled.

"Meng has numerous functions. Not only can it be absorbed within the body, but it can also enhance weapons and condense desired materials. However, these are secondary. The truly important function is that it allows your soul to integrate into this universe, enabling you to leave a soul mark on a certain entity within the universe, forming a lifebound object," said Emperor Ye Tian.

"What? A lifebound object? Why form a lifebound object?" Xu Nian asked in confusion.

"Apparently, you really understand nothing. You probably don't know how many people desire such a lifebound object because once formed, you can perceive the universe through it. This enhances your comprehension of the universe much faster and may even allow you to break through one or two levels of Profound Argumentation in a short time," said Emperor Ye Tian.

"Is a lifebound object that powerful?" Xu Nian was astonished.

Comprehending profound argumentation is usually very slow; an instant breakthrough of one or two levels seems impossible?

"Whether you can instantly break through depends on your choice of a lifebound object. A good choice can lead to an instant breakthrough; a poor choice, not so much. This lifebound object can be anything in the universe— a person, a river, a mountain, or even a star and possibly a star domain," said Emperor Ye Tian.

"A star domain can also become a lifebound object?" Xu Nian couldn't help but widen his eyes.

But a star domain is so vast!

"Why not? A star domain is made of material. In theory, even the entire universe could become your lifebound object, provided your soul is strong enough. This is also the true profound argumentation of your 'Dan Sea Species Green Lotus,'" said Emperor Ye Tian.

Xu Nian nodded.

The essence of 'Dan Sea Species Green Lotus' is in creating a new universe.

And this process requires the accumulation of material and energy.

Once completed, the entire universe will be his lifebound object.

"Since that's the case, let me try and see what kind of lifebound object I can integrate into," Xu Nian mused to himself.

As for things like star domains or the universe, he didn't need to think about them at all.

At his current soul level, at most, he could integrate with a star.

"But now the difficulty is, how to break through this barrier? The barrier of the Forbidden Island is not easy to break," Xu Nian said to himself.

Emperor Ye Tian instantly glared at Xu Nian as if looking at an idiot.

"Others might not be able to break it, but with your treasure, the Chaos Divine Palace, how could you not? Plus, your true self, wielding the Star Axe, could completely split this barrier," said Emperor Ye Tian.

Only then did Xu Nian realize he already possessed two divine artifacts.

"The true self draws too much attention and cannot leave the Forbidden Island. Then, let the Undying Devouring Sky Beast Avatar leave instead. But how can the Chaos Divine Palace break through the barrier?" Xu Nian wondered.

He immediately went to find the Dao Tian Rat.

Upon hearing Xu Nian's question, the Dao Tian Rat didn't hesitate and offered a straightforward answer.

Smash!

Yes, just smash it!

The Chaos Divine Palace is an extremely hard object and possesses great power. If wielded by a divine-level expert, it could completely crush a god.

Thus, the Chaos Divine Palace could undoubtedly smash through this barrier.

Upon hearing this answer, Xu Nian was speechless.

He had never considered that the Chaos Divine Palace could also be used offensively.

It seems in the future, if facing an unbeatable opponent, he should just smash them with the Chaos Divine Palace.

For instance, a Primordial Immortal Realm expert could be completely overwhelmed by just throwing the Chaos Divine Palace at them.

After exiting the Chaos Divine Palace, Xu Nian flew toward the edge of the Forbidden Island.

Quickly, he reached the barrier restriction.

Xu Nian did not immediately smash with the Chaos Divine Palace; instead, he tried using Space Nine Kills on the barrier.

However, the nine kills didn't budge the Forbidden Island barrier in the slightest.

Xu Nian's actions drew attention from the outside plaza.

On the water screen appeared the image of the Undying Devouring Sky Beast.

"Hey, what's this guy trying to do? He's attacking the Forbidden Island barrier. Could he be planning an escape?"

"Haha, indeed, perhaps he's trying to break out of the Forbidden Island. Seems like a fool, doesn't he?"

"You better be cautious with calling someone a fool; remember when you called Wang Long a fool before, and he turned out to be a peerless expert?"

"Tsk, we were merely mistaken about Wang Long. But this guy is truly foolish. How can he think he can break this restrictive barrier? I say he's a blockhead."

...

The plaza was abuzz with discussions, with everyone ridiculing the Undying Devouring Sky Beast.

"What exactly is Xu Nian trying to do? Is he attempting to open the restrictive barrier?" Shi Guangxu stared in surprise at the figure on the water screen.

"Seems so. Is there some treasure outside this barrier?" Li Anshan nodded.

"Xu Nian generally doesn't do pointless things. He likely discovered something," said Li Tiangang.

"But this barrier hasn't been broken for a million years. Xu Nian might be disappointed," Mu Residence Lord shook his head.

"That's not necessarily true. This Xu Nian, he has some unpredictable tricks. I've never seen him fail at something he set his mind to. This guy creates miracles like drinking water," Shi Guangxu shook his head, countering.

The Mu Residence Lord smiled but remained silent.

The Undying Devouring Sky Beast, unaware of the attention he garnered, continued testing the barrier.

Yet all his attempts were futile.

Left with no choice, he retrieved the Chaos Divine Palace and aimed it at the barrier.

With a fierce fling from Xu Nian, the barrier was struck and a large hole was blasted open.

At that moment, the audience was left dumbfounded.

Those who previously mocked Xu Nian stood slack-jawed in disbelief.

Every person in the nine VIP rooms stood up, eyes wide with astonishment, staring at the figure on the screen.

What did this guy just do?

Chapter 1250: Universe in a Single Thought

The Undying Devouring Sky Beast Xu Nian used the Chaos Divine Palace to smash open the Forbidden Island barrier, instantly causing the entire plaza to explode with excitement.

Not only them but even the Four Great Sects, the Denor Empire, and the Emperor Chamber of Commerce were all stunned.

They never imagined that someone could break through this Forbidden Island barrier.

And it was even smashed open using something.

"Damn, what did he have in his hand just now that could smash open the Forbidden Island barrier?"

"I didn't see clearly either, just saw a mass that seemed like a tower."

"It was a tower, should be an Immortal Artifact, and a very extraordinary one at that."

"Who exactly is this guy, possessing such a great treasure? If this tower can smash open the Forbidden Island barrier, couldn't it also kill people? If he smashes his way through the Immortal Order Competition, won't many be smashed to death?"

...

The crowd buzzed with discussions, and when the last person spoke, everyone couldn't help but twitch at the corners of their mouths.

They could hardly imagine someone carrying a tower, smashing their way to the championship.

By then, the entire Cultivation World would probably hunt him down furiously.

At this moment, within the nine luxury suites, discussions were also rampant.

Those super strong individuals were all interested in the treasure held by the Undying Devouring Sky Beast.

A treasure that could smash open the Forbidden Island barrier was definitely not just an Immortal Artifact that weaker ones outside referred to.

Therefore, two words instantly popped into their minds: Divine Artifact!

Indeed, the supreme Divine Artifact.

The strength of a person possessing a Divine Artifact is unpredictable.

And judging by appearances, this guy even possesses the space-type Divine Artifact everyone dreams of.

This immediately dispelled any thoughts of seizing it.

With a space-type Divine Artifact, as long as one hides in it, even a thousand years of attacks won't break it.

Moreover, such a space Divine Artifact can't even be moved.

Thus, wanting to seize such a Divine Artifact is simply unthinkable.

Actually, they weren't aware that the Chaos Divine Palace is not a space Divine Artifact but a space-time Divine Artifact.

A Divine Artifact capable of altering the flow of time is far beyond what a space Divine Artifact can compare to.

"How does this kid have such good luck to possess such a Divine Artifact? Quickly investigate this person's identity," the Chaos Sky Palace Hall Master promptly instructed.

The same command echoed in the other eight luxury suites.

Although they couldn't seize the space Divine Artifact, they could recruit him.

Once they recruit the owner of the space Divine Artifact, meaningfully, the artifact is also theirs.

"Three avatars, three different Profound Argumentation, space-type Divine Artifacts, how heaven-defying! Who would have thought such a figure would emerge in our Cultivation World? If these three avatars merge, perhaps the first place in this Immortal Order Competition is uncertain," Tantai Xun Yan remarked in surprise watching the Undying Devouring Sky Beast Xu Nian in the water curtain.

Indeed, he was the only one in the audience who saw through Xu Nian's real identity.

This wasn't due to prior intelligence but because of her Yin Yang Dual Body.

Her physique granted her the power to see through a person's soul origin.

Thus, upon seeing Xu Nian, Wang Long, and the Undying Devouring Sky Beast, she discovered their soul origins were identical.

So, she could easily guess these three were the same person.

Upon witnessing the Undying Devouring Sky Beast take out a space Divine Artifact, she was even more astonished.

These treasures or abilities, even appearing on one person, would make them an extraordinary talent.

But now they all converge on one person, sparking Tantai Xun Yan's intense curiosity.

...

Xu Nian was unaware that his actions had caused a sensation across the entire Cultivation World.

At this moment, he had already passed through a gap, arriving outside the Forbidden Island.

Once he left the Forbidden Island, his figure disappeared from the water curtain.

The water curtain could only display what was inside the Forbidden Island, and now that Xu Nian had left, it was naturally outside its observation range.

At this moment, Xu Nian gazed at the Cosmic Void, discovering a kind of gray energy substance all around.

This substance was very much like what he saw in the gray world, yet different.

This gray substance was more pure, containing even more massive energy.

"Is this Meng?" Xu Nian wondered as he examined the energy substance.

Unexpectedly, it was the universe's origin energy in this form.

Xu Nian tried to absorb some of this origin energy substance but found it impossible.

With no choice, he gave up.

"It seems just like Yetian God Emperor's Master said, with my current strength, I can't absorb this Meng," Xu Nian voiced.

"Could the Chaos Divine Palace absorb it?" Xu Nian's eyes suddenly lit up as he summoned the Chaos Divine Palace.

Indeed, the Chaos Divine Palace began absorbing the Meng little by little!

However, even the Chaos Divine Palace absorbed it extremely slowly, and after a short while, it stopped.

Seeing this, Xu Nian was even more amazed.

Unexpectedly, this Meng was so terrifying that even the Chaos Divine Palace couldn't absorb much.

"Oh well, let's set aside absorption for now and focus on fusing the Lifebound Object!" Xu Nian murmured to himself.

"Boy, immerse yourself in this energy and unleash your soul power. Then, you will soul wander beyond the sky. Whatever resonates with you, plant the Lifebound Mark on it. Whether or what you find depends on your luck," Yetian God Emperor's voice echoed in Xu Nian's mind.

Xu Nian nodded, knowing the search for the Lifebound Object indeed relied on luck.

Soul wander beyond the sky, in an enormous universe!

Where would his soul go?

"Alright, might as well explore the universe a little," Xu Nian mused.

He then submerged into the gray energy.

With his entire body seated within the energy, he closed his eyes, gradually releasing his soul.

According to Yetian God Emperor, once his soul power merges with the Meng's energy, it will draw him to any place in the universe he wishes to go.

Thus, Xu Nian released his soul origin.

A soul body identical in appearance to Xu Nian emerged from his glabella.

As the soul origin flew out, Xu Nian found himself placed in a peculiar time.

The surrounding gray energy seemed alive, enveloping all his soul energy, and in the next moment, Xu Nian felt his eyes illuminated by the gray energy.

At this moment, Xu Nian felt as though he could see any part of the universe.

"Buzz!"

With a thought, Xu Nian's form instantly penetrated the universe, crossing star systems, arriving in the Heavenly Court Gang's main hall on Tianlan Star.

And Xuanyuan Qingling was quietly cultivating in the hall.

Watching the exquisite side profile of Xuanyuan Qingling so close, Xu Nian revealed a hint of surprise.

To think he could actually journey across the universe with just a thought!
