

Divine King 1311

Chapter 1311: Stunning the Whole Arena

Amidst the lively bustle, atop the arena.

Two breathtaking figures stood facing one another.

One wore a white dress, ethereal and transcendent.

Emitting a chilling aura.

The other wore a light green long dress, equally graceful, with a stern face.

Murderous intent swirling deep within her eyes, ready to kill gods or immortals alike.

"You are Xu Nian's person, I won't kill you."

Hong Xi, donned in a light green long dress, said coldly.

The doctrine of the Killing Scripture is that the sword must claim a life once drawn.

So, for Hong Xi to refrain from killing Murong Xue was already a significant concession.

"The battle is undecided, yet you're so confident; a bit inappropriate, isn't it?" Murong Xue's pride was instantly provoked by Hong Xi's words.

The three-foot sword in her hand rotated, a cold light covering the ground.

"In that case, there's no choice but to fight." Hong Xi didn't waste words.

With a flash of her figure, she became a fleeting shadow, appearing directly before Murong Xue.

"Falling Flower Palm."

Hong Xi softly called, striking out with a palm.

Immortal Essence Waves surged like a flood.

Surrounding spectators showed expressions of surprise.

This Hong Xi was indeed formidable, utilizing the Chaos Sky Sect's ultimate technique at the start.

The Falling Flower Palm is considered a powerful skill in the Chaos Sky Sect.

This palm contains extremely strong force exertion skills.

Once delivered, even an Earth Immortal Peak Strong Person could barely withstand it.

"Profound Xuan Ice Palm!"

However, Murong Xue wasn't to be underestimated.

She countered with a palm reversal.

Immortal Essence Waves burst instantly.

The two forces were evenly matched.

Both Hong Xi and Murong Xue were shaken back several dozen feet.

"Oh, this Murong Xue is actually on par with Hong Xi, and her cultivation has surprisingly reached the Earth Immortal Peak."

"Yes, Murong Xue's Immortal Essence seems quite special too, possessing extremely strong Yin Evil Qi, which amplifies her attack power to not be lesser than Hong Xi."

"Innate Yin Evil Body, such a domineering constitution, one mistake could lead to eternal doom, yet the Tiancang Sect managed to cultivate such a physique."

...

Some powerhouses were surprised to see Hong Xi and Murong Xue evenly matched.

Especially noting the Yin Evil Qi in Murong Xue's Immortal Essence, their brows furrowed involuntarily.

Xu Nian's face was equally cold.

Murong Xue's Innate Yin Evil Body was an extremely unstable factor.

If there were a way in the future, he still needed to help her improve her physique.

"Boom!"

At that moment, Hong Xi and Murong fought together again.

Both displayed their sects' cultivation combat skills.

The result was a stalemate once more.

This left everyone amazed at Murong Xue's strength.

No one expected the Tiancang Sect, aside from Jiang Shengtian, to produce such a prodigy.

"Murong Xue is this powerful, even Sister Hong Xi can only draw with her?" Meng Xiyao said with displeasure, puffing her cheeks.

She had also seen Xu Nian and Murong Xue's embrace earlier.

Naturally, she was filled with hostility toward Murong Xue.

Seeing Murong Xue hold her own against Hong Xi, she was extremely displeased.

"Don't worry, your Sister Hong Xi hasn't used her true strength, but Murong Xue's talent is indeed impressive, too bad she's in the Tiancang Sect," said the Chaos Sky Sect Master with a sigh.

Murong Xue had already shown her immense talent.

After all, everyone saw her performance in the competition.

Meng Xiyao listened to her father's words, her gaze towards Murong Xue becoming extremely complicated.

"So Brother Xu Nian likes this kind of woman. No, I need to become stronger too," Meng Xiyao said.

The Chaos Sky Sect Master was instantly amused.

His daughter never focused on cultivation, yet now wanted to strive harder for a man.

He truly didn't know whether to be happy or sad.

"It seems your power is just this, it's time to end it."

Hong Xi said coldly, then drew out her weapon, and thrust forward with a sword.

The sword light was imbued with an extremely sharp killing intent.

The sword qi was so fierce it made everyone's scalp tingle.

"What a terrifying sword, if this Emperor Star weren't protected, it would definitely be split in two."

"Yes, even with protection, it would likely become precarious."

...

The surrounding audience was all on edge.

Too terrifying!

Xu Nian's brow was also tightly knit.

This sword from Hong Xi could already threaten an early-stage Primordial Immortal.

He wondered if Murong Xue could withstand it?

Yet there was not a trace of panic on Murong Xue's face as she watched the cleaving Sword Radiance.

Her eyes were proud.

The sword in her hand emitted an immensely powerful icy aura.

The entire Emperor Star seemed to plunge into the land of Nine Nether all at once.

Some powerhouses not at Earth Immortal Realm levels shivered.

So cold!

How could Murong Xue's Sword Intent be so icy?

"Nine Nether Falling Nine Heavens!"

Murong Xue shouted aloud.

The sword in her hand slashed down directly.

In an instant, a Sword Radiance soared horizontally.

Like Nine Heavens falling into Nine Nether, a terrifying chill swept across the entire arena, pouncing toward Hong Xi.

Where it went, everything turned into extremely cold ice.

"Boom!"

The two Sword Radiances collided, exploding like a comet impact.

The sword light shattered, and snow sprinkled across the heavens.

Both were hurled away by the Sword Qi Storm.

"Pu!"

A trickle of blood oozed from the corner of Murong Xue's mouth, her face a bit pale.

However, Hong Xi didn't fare much better, retreating several dozen steps, clutching her chest, her face somewhat pale.

Clearly, she was also lightly wounded.

The surrounding crowd showed expressions of surprise.

The earlier explosive Sword Qi Storm could have obliterated a Late Stage Earth Immortal.

"Murong Xue is so strong, there's no way I could withstand that sword," a middle-aged Earth Immortal Peak strong person remarked with awe.

He was a famed Sword Dao expert.

Yet confronted with Murong Xue's sword, he felt a strong sense of death looming.

Xu Nian also had to admit, Murong Xue's sword was incredibly formidable.

"I concede!"

Just when everyone thought the two would continue fighting.

Murong Xue suddenly stood up and said.

The words left the entire arena in surprise.

Murong Xue conceded?

If that was her limit with that sword, then it seemed so.

On the contrary, Hong Xi probably had more tricks up her sleeves.

Even so, Murong Xue's ability had already amazed everyone.

"This time your Fuyao Sect has snagged two good seedlings," Qingmu said to Nether Hai with a smile.

"Indeed, compared to Jiang Shengtian, Murong Xue may fall a bit short, but with proper training, she might become an Upper Immortal Sect disciple of the Fuyao Sect," Nether Hai replied.

Qingmu nodded.

The Fuyao Sect divides its disciples into the Upper Immortal Sect and Low Immortal Sect.

There is a significant gap between them.

Upper Immortal Sect disciples clearly hold a higher status than the Low Immortal Sect.

Xu Nian, seeing Murong Xue concede, also breathed a slight sigh of relief.

Even though Murong Xue lost, at least she wouldn't be in further danger.

As for her ranking, as long as she proved her prowess, Immortal Realm experts would still take notice.

No need to fight to the death.

"In this match, Hong Xi wins," the President of the Emperor Chamber of Commerce announced.

Hong Xi turned to look at Murong Xue.

"Thank you, your ability is indeed not weak. To defeat you, I would have to bring out my true capabilities," Hong Xi remarked.

Murong Xue's sudden concession also allowed her to retain her true strength.

Which, for Hong Xi, was also a good thing.

Of course, she knew Murong Xue was helping her.

"You don't need to thank me; my strength is simply inferior to yours, and there's no need to continue fighting," Murong Xue said, then glided to the audience seats.

Hong Xi didn't hesitate, heading directly to the stands.

"Now, let's welcome the competitors for the second match," announced the President of the Emperor Chamber of Commerce.

As his voice fell.

Two figures floated onto the arena.

One was Shen Tu, and the other was a Loose Cultivator named Yuan Chen.

This Yuan Chen had also displayed strong capabilities before.

Now faced with Shen Tu, it was uncertain if he could force Shen Tu to show his true power.

Chapter 1312: Shen Tu's Strength

"Yuan Chen has been performing steadily before, who would have thought he unknowingly reached the top ten."

"You don't know, Yuan Chen is actually quite formidable, and he has been concealing his strength, showcasing only a little in each match. In reality, he is also a Ninth Level Profound Argumentation Master."

"Ninth Level of Profound Argumentation? Did he comprehend the Fire Attribute Red Lotus Karma Fire?"

"Ninth Level Attribute of Red Lotus Karma Fire, this guy is hiding deeply indeed."

"Besides the Red Lotus Karma Fire, this guy's Spear Technique is also extremely remarkable. Even if Shen Tu wins this battle, it won't be easy."

...

The surrounding audience began to discuss.

With these words, everyone realized that Yuan Chen is indeed impressive.

Xu Nian listened silently, although he did not speak.

However, he knew that everyone in the top ten is no ordinary person.

Yet Jiang Shengtian showed a disdainful expression on his face.

They are merely stepping stones for him.

The higher they are praised, the higher he will stand when he steps on them.

His goal is to be accepted as a disciple by the Immortal Emperor, how could these people catch his eye?

At this moment, Shen Tu's face showed no expression, looking at Yuan Chen before him, his gaze was as cold and sharp as ever.

"Let's begin,!"

Shen Tu couldn't be bothered with superfluous words, coldly ordered.

"I was hoping you would say that!"

Yuan Chen was also a man of few words, stepping forward with a sudden burst of momentum.

The Earth Immortal Peak pressure showcased powerfully.

It was enough to show that his Cultivation was extremely refined.

Within this concentrated momentum, there was a terrifying fiery aura.

"Such a strong Red Lotus Karma Fire aura, it burns all karma and cannot be extinguished, this Red Lotus Karma Fire is truly terrifying." A strong figure in the crowd marveled.

"Hmm!"

Shen Tu let out a shout, stepping onto the stage.

His figure instantly transformed into lightning, within a blink, arrived in front of Yuan Chen.

"Thunder Heaven Fist!"

Shen Tu shouted, throwing a punch.

Lightning exploded, as if pulling down Divine Thunder from the void.

The Profound Argumentation contained within the fist made one's scalp tingle.

The surrounding crowd gasped in shock.

Shen Tu was still Shen Tu.

His actions were as decisive and straightforward as ever.

Even Yun Chen was slightly surprised, but quickly regained composure.

After all, he was also experienced in combat.

"Yama Inquiry!"

Almost without Gathering Momentum, Yuan Chen was already facing Shen Tu's punch.

The force of Red Lotus Karma Fire, equally fierce and dominant.

"Boom!"

A deafening explosion.

Lightning and fire collided, as if heaven and earth were shattering.

A terrifying blast erupted right between them.

The resulting wave also sent the two of them flying.

Bam!

Shen Tu steadied himself in the void, retreating ten steps, breaking the void with each step.

Only then did he stabilize his figure.

Of course, Yuan Chen fared worse, retreating dozens of yards, his Long Spear pointing at the Defensive Array.

Only then did he dissipate the counter-recoil force.

"Seems like your strength is quite ordinary, let's get to the killing moves directly." Shen Tu arrogantly said.

That punch earlier, he only used thirty percent of his strength.

"Fine!"

Yuan Chen wasn't pretentious, a flash of Killing Intent appeared in his eyes.

The next moment, his Long Spear shook violently.

A terrifying red flame suddenly surged from the spear tip.

"Red Lotus Tyrant Spear!"

Yuan Chen shouted.

The Long Spear thrust out, instantly transforming into a fiery lotus, striking towards Shen Tu.

The fearsome Red Lotus Karma Fire emanated an extremely terrifying temperature.

Once touched, it couldn't be extinguished.

The surrounding people gasped in shock.

The power of this spear was on par with Murong Xue's sword earlier.

However, Shen Tu's gaze remained undisturbed.

Facing the fiery lotus aiming to destroy him, his eyes suddenly sharpened.

A fist punched out.

The fiery lotus exploded open.

"What?"

Shock spread through the surrounding crowd.

This Shen Tu actually exploded the fiery lotus with one punch?

Yuan Chen too was startled.

But before he could react.

Shen Tu was already in front of him.

"So fast..." Yuan Chen was shocked, hurriedly attempting to defend.

But Shen Tu's moves exceeded his expectations.

A fist directly smashed into his chest.

Immediately blasting Yuan Chen out, crashing onto the Defensive Light Shield, then falling out of the field.

At this moment, Yuan Chen was completely paralyzed, unable to move.

"Ninth Level Profound Argumentation of Lightning Speed?"

The surrounding crowd was amazed.

Who would have thought Shen Tu not only reached the Ninth Level in Thunderclap Sky Explosion, but his Lightning Speed also reached the Ninth Level.

Moreover, his thunder seemed to carry powerful paralysis effects.

It could be said, Yuan Chen's loss was entirely justified.

"This is probably not Shen Tu's full strength." Xu Nian thought.

Since Shen Tu's goal is first place.

Before the final match, it's impossible to use his true strength.

"So strong!"

The surrounding crowd exclaimed.

Shen Tu's strength is not ordinary powerful.

"Second match, Shen Tu wins." The chairman of Emperor Chamber of Commerce announced.

In the audience, the Clan Leader of the Desolate Clan showed little reaction.

To him, it seemed these were all expected outcomes.

Shen Tu glanced at his stern-faced father, a hint of disappointment flashed in his eyes, he finally turned into light and swept towards the stands.

"Third match, begins!"

With the chairman of Emperor Chamber of Commerce's announcement.

A silhouette appeared on the stage like Instant Teleportation.

"Is it Jiang Shengtian?"

"Didn't expect him to be the third one to appear, wonder who his opponent will be?"

...

The audience showed surprise as Jiang Shengtian entered.

After all, they witnessed Jiang Shengtian's breakthrough to the Law Realm.

Each gaze towards Jiang Shengtian was filled with admiration.

Jiang Shengtian is so young, yet he reached the Law Realm.

Wanting to ascend is merely a matter of course for him.

So, many young women in the stands looked at Jiang Shengtian with extreme admiration.

So handsome!

Jiang Shengtian stood proudly, looking down on the world.

"I concede!"

But just as the crowd awaited Jiang Shengtian's battle.

A figure stood out, directly conceding.

The opponent was also a Loose Cultivator.

He originally didn't intend to contest for first place, but did not expect to encounter Jiang Shengtian in the first match of the finals.

Knowing he couldn't win, he simply conceded to preserve strength.

The surrounding crowd was not surprised, instead cheered.

"Wow, Jiang Shengtian is so handsome, so powerful." A Female Cultivator shouted excitedly.

Jiang Shengtian's lips curled into a disdainful smile, his figure flashed back to the stands.

In his view, this outcome was also expected.

After all, who in this Immortal Order Competition could be his opponent?

"Third match, Jiang Shengtian wins, now let's have the fourth match participants enter the stage."
Emperor Chamber of Commerce chairman announced.

Undying Devouring Sky Beast Avatar Xu Nian didn't hesitate, swiftly leaping to the stage.

Chapter 1313: Top Five Showdown

"Whoosh!"

Soon, a figure swiftly appeared on the stage.

The newcomer was a loose cultivator.

He was also a peak Earth Immortal-level expert.

His insight cultivation seemed to be at the peak of the Eighth Level.

Such strength would probably be considered bottom-tier among the top ten.

"Although I'm not your match, I still wish to fight." The newcomer said, looking at the Undying Devouring Sky Beast Avatar.

"Attack! Use your strongest technique." Xu Nian, the Undying Devouring Sky Beast, didn't waste words and spoke directly.

"Alright!" The loose cultivator's eyes immediately focused.

In the next moment, his figure flashed and split into eight avatars.

"Dark Avatar?" The Undying Devouring Sky Beast Avatar showed a hint of a smile.

Unexpectedly, this loose cultivator actually cultivated the Dark Avatar.

"Netherworld Slash!"

The eight avatars simultaneously moved forward, each holding a battle saber.

Their speed was extremely fast, seemingly like ghosts speeding through the night.

However, the Undying Devouring Sky Beast showed a hint of a smile.

In the next moment, his figure disappeared from the original spot.

"Huh?"

The eight avatars lost their target and revealed a look of confusion.

Searching all around for the figure of Xu Nian, the Undying Devouring Sky Beast.

Appearing eerily at the edge of the stage, the Undying Devouring Sky Beast struck the Void with a punch.

"Boom!"

A figure instantly flew out of the Void.

It turned out this guy not only could perform the Dark Clone Profound Argumentation but also the Dark Concealment.

Just now, he concealed his true form in darkness and then used avatars for the attack.

So no matter how Xu Nian, the Undying Devouring Sky Beast, attacked, this guy could remain undefeated.

However, he ultimately underestimated Xu Nian.

Xu Nian's Space Profound Argumentation had reached the eighth level.

The slightest spatial fluctuation over the entire stage was under his control.

So this guy's Dark Concealment was entirely ineffective.

"Puff!"

The guy fell outside the stage and fainted.

"Fourth round, the Undying Devouring Sky Beast wins." The president of the Emperor Chamber of Commerce announced.

Everyone around looked astonished.

It ended so quickly?

The Undying Devouring Sky Beast then returned to the stand and summoned the Divine Demon Avatar.

In the following fifth round, Xu Nian's opponent was also a loose cultivator.

The result was that he couldn't withstand even a single punch from Xu Nian and was directly defeated.

Xu Nian didn't even use Profound Argumentation or Immortal Essence.

Thus, the first round of the fourth match ended just like that.

Next up were the battles for the last five positions.

After several rounds of competition, the final rankings for the last five were determined.

Murong Xue directly won first place among the last five, placing sixth overall.

After determining the last five, it was time for the top five to compete.

Like the last five, those who drew blank slips would sit out.

The rest would engage in pair battles.

The two losers would then battle again, and the winner would fight the one who sat out.

If the one who sat out won, they would smoothly advance to the top three.

If the one who sat out lost, the winner would be ranked third.

The one who sat out and the other loser would compete for fourth and fifth.

So the next battle would be the fight from five to three.

"Oh, I drew a blank." The Undying Devouring Sky Beast drew a blank slip, showing a hint of surprise.

The Divine Demon Avatar drew number one.

"I am also number one." Shen Tu said to Xu Nian.

With this, Hong Xi would naturally face Jiang Shengtian.

"Seems your luck is good, even now you haven't met me." Jiang Shengtian sneered at Xu Nian.

"Don't worry, there'll be a chance." Xu Nian sneered disdainfully.

"Hope so!" Jiang Shengtian replied, his gaze full of contempt.

"Now, please, all those who drew number one enter the stage," announced the president of the Emperor Chamber of Commerce.

Upon hearing this, the Divine Demon Avatar swiftly moved to the stage.

Shen Tu also transformed into a shadow, appearing on the stage.

"Huh? Xu Nian faces Shen Tu?"

The crowd instantly grew excited.

"Xu Nian, defeat him!"

"Xu Nian, I love you!"

...

The arena suddenly burst into cheers.

Some spectators supporting Xu Nian shouted vigorously, encouraging him.

The female spectators, in particular, were extremely excited.

Xu Nian's earlier performance had completely won them over.

Of course, there were also those supporting Shen Tu.

"Go, Brother Nian." Meng Xiyao shouted with them.

The Chaos Sky Sect Master shook his head helplessly.

"This Xu Nian is likely not Shen Tu's match, after all Shen Tu's two major Thunder Attributes have reached the ninth level, while Xu Nian, despite showcasing numerous Attribute Profound

Argumentations, has only reached the ninth level in his Wind Attribute," the Chaos Sky Sect Master remarked.

Hong Xi remained silent.

But in his heart, he felt Xu Nian might not necessarily lose.

"Master Tantai, do you think Shen Tu or your brother is stronger?" The president of the Emperor Chamber of Commerce smiled and asked.

"Of course, my brother." Tantai Xun Yan smiled.

"Oh? Master Tantai is so certain? Why don't we make a bet? I have high hopes for Shen Tu," the president of the Emperor Chamber of Commerce suggested with a smile.

"Alright, ten drops of Immortal Marrow, how about it? Dare to bet?" Tantai Xun Yan immediately replied.

"Isn't that too much to bet?" The president of the Emperor Chamber of Commerce hesitated.

Ten drops of Immortal Marrow would be a huge fortune.

"If you're afraid, then never mind." Tantai Xun Yan mocked.

"Fine, I'll bet," the president of the Emperor Chamber of Commerce said through gritted teeth.

He had seen Xu Nian's strength, which had already reached its limit.

Now it seemed almost impossible for him to defeat Shen Tu.

However, upon hearing this, Tantai Xun Yan revealed a charming smile.

"Hopefully the president won't cry later!" Tantai Xun Yan laughed.

"The same goes for Master Tantai," replied the president of the Emperor Chamber of Commerce with a smile.

Meanwhile, in the Tiancang Sect's rest area.

Jiang Shengtian glanced at Xu Nian on the stage and then at Murong Xue beside him, who was visibly anxious, with an extremely cold sneer.

"You should hope that he loses, otherwise if he truly faces me, he might not even keep his life." Jiang Shengtian said with a sneer.

"Even if facing you, Xu Nian might not necessarily lose, you're a bit too confident," Murong Xue retorted coldly.

"Haha, 'might not necessarily lose'? Are you kidding?" Jiang Shengtian laughed heartily.

Murong Xue's face turned grave.

Though she spoke, her confidence was still weak inside.

After all, Jiang Shengtian was already in the Law Realm.

To defeat him, Xu Nian would have to perform a miracle.

Otherwise, he really wouldn't be Jiang Shengtian's opponent.

"Jiang Shengtian, if you kill Xu Nian, I will fight you to the end." Murong Xue finally declared steadfastly.

"Fight to the end? You're worthy? I initially thought of making you willingly mine, but now it seems you're a stubborn wretch. Since it's like this, after killing Xu Nian, I'll show you the consequences of offending me," Jiang Shengtian sneered, his gaze filled with intense hostility.

Murong Xue frowned deeply.

Her eyes were filled with disgust.

Compared to Xu Nian, Jiang Shengtian was nothing but a complete hypocrite.

Fortunately, she did not agree to him, or she wouldn't know what fate awaited her.

Chapter 1314: The Might of Xu Nian's Physical Body

At the moment when everyone was filled with anticipation.

The atmosphere in the arena became even more tense.

"Xu Nian, I've always looked forward to a battle with you, and I finally have my chance." Shen Tu said as he looked at the Divine Demon Avatar.

"Now that you've encountered me, your goal of first place in the Immortal Order Competition ends here." The Divine Demon Avatar Xu Nian smiled and said.

He genuinely admired Shen Tu.

Although Shen Tu always gave off a stern and unapproachable aura.

Xu Nian could sense that his true nature wasn't bad.

In contrast, Shen Tu's desire to gain his father's approval reminded Xu Nian of his younger self.

Nonetheless, he wouldn't hold back in this match.

"So, you're quite confident?" Shen Tu laughed.

"Haha, without this confidence, how could I kill Jiang Shengtian later?" Xu Nian laughed heartily.

His voice was extremely loud.

With these words, the entire arena exploded in shock.

Kill Jiang Shengtian?

This guy's boast is too big, isn't it?

Even if he can kill him, just daring to publicly declare the intent to kill Jiang Shengtian is chilling to the crowd.

Jiang Shengtian stood in the stands, his fists clenched, his eyes filled with anger.

A jumping clown!

You better pray you don't meet me, otherwise, I'll beat you so bad even your mother won't recognize you.

Tiancang Sect Master Fu Shengtian's eyes also flashed a hint of coldness.

This guy really doesn't take our Tiancang Sect seriously.

"Haha, it seems you're truly confident. In that case, let's fight." Shen Tu laughed loudly.

His eyes burst with intense battle intent.

Since participating in the Immortal Order Competition, for the first time, he genuinely desired a fight.

Previous battles were merely to win, but this one was truly for himself.

"Boom!"

Shen Tu's aura suddenly erupted, the Earth Immortal Peak essence rolled out like torrents, sweeping the entire arena.

"Such a strong aura, the Desolate Clan seems to possess a powerful bloodline, their Ancient Bloodline is nearly invincible, this Shen Tu is clearly at Earth Immortal Peak, yet his aura is no weaker than that of an Early-stage Primordial Immortal."

"Indeed, but judging from the aura, it seems Xu Nian is going to lose."

...

The crowd discussed.

At this moment, Shen Tu's Ancient Bloodline bursting forth was extremely domineering.

In the Earth Immortal Realm, an absolutely unbeatable existence.

Hardly anyone thought highly of Xu Nian.

Xu Nian smiled softly, took a step forward, and suddenly his aura erupted, directly suppressing Shen Tu's aura.

"What, Early-stage Primordial Immortal?"

In the audience, everyone was shocked.

Even Murong Xue immediately stood up from her seat, her delicate face filled with astonishment.

Xu Nian reached the Primordial Immortal Realm?

"Damn, when did this guy reach Early-stage Primordial Immortal, Tantai Sect Master, did you know about this beforehand, is that why you dared to bet with me?" Emperor Chamber of Commerce President looked at Tantai Xun Yan in surprise.

"You've wronged me, I didn't know my dear younger brother had already broken through, I'm equally surprised by his breakthrough to Early-stage Primordial Immortal." Tantai Xun Yan smiled and said.

Looking at Xu Nian with eyes of Supreme, there was a hint of surprise in them.

Her previous belief in Xu Nian's victory was purely because Xu Nian wasn't the type to sit idly by.

Since he dared to go on stage, it showed he had absolute confidence.

Emperor Chamber of Commerce President felt helpless, he knew Tantai Xun Yan wasn't lying.

"But even if Xu Nian is Early-stage Primordial Immortal, he might not be Shen Tu's match, after all the Ancient Bloodline is extremely powerful." Emperor Chamber of Commerce President said.

Tantai Xun Yan smiled without speaking.

The Divine Demon Body's Early-stage Primordial Immortal is not something an average Primordial Immortal can compare to.

So what about the Ancient Bloodline?

"Wow, Brother Nian actually reached Primordial Immortal Realm, he was at Earth Immortal Peak just a few days ago, how did he break through to Primordial Immortal so quickly." Meng Xiyao exclaimed excitedly.

Hong Xi was equally surprised.

"This kid's Early-stage Primordial Immortal is extremely refined, it seems he's almost at the peak of Early-stage Primordial Immortal." Chaos Sky Sect Master exclaimed.

"The wave of Immortal Marrow, did this kid consume Immortal Marrow?"

At this moment, the three Immortals sitting in the main seats were shocked.

They weren't surprised at Xu Nian's cultivation breakthrough to Primordial Immortal, but rather at the wave of Immortal Marrow emanating from Xu Nian in the Primordial Immortal Realm.

The Divine Demon Avatar also needed to condense the Immortal Embryo, though his Immortal Embryo was his own physical body.

But a Primordial Immortal daring to consume Immortal Marrow was almost inconceivable to them.

"So you've already broken through to Primordial Immortal Realm, very well, this makes it interesting."

Shen Tu's face revealed a smile, his eyes filled with even more battle intent.

Inside his body, the bloodline rolled like thunder, his entire aura became extremely wild.

"Boom!"

Shen Tu flashed and appeared in front of Xu Nian.

With a punch, heaven collapsed and earth shattered.

After all, Shen Tu was of the Desolate Clan, possessing an extremely powerful Ancient Bloodline, his physical strength was formidable.

"It's said that once the Ancient comes forth, it dominates eternally, this Ancient Body is truly terrifying."

Someone in the audience exclaimed.

Xu Nian faced Shen Tu's Ancient punch, but his lips curled into a faint smile.

Ancient Body?

Could it possibly be stronger than his Divine Demon Body?

Without wasting words, Xu Nian punched casually in response.

"Boom!"

Their fists collided.

Like two comets crashing.

Xu Nian's form remained unmoved, while Shen Tu was sent flying dozens of feet away.

"Damn! Shen Tu's Ancient Body isn't a match for Xu Nian's, how strong must Xu Nian's physical body be?"

"Remember, Xu Nian possesses a Divine Demon Body, against it, the Ancient Body is nothing."

"Wasn't Divine Demon Sect destroyed long ago? How can Xu Nian still cultivate the Divine Demon Technique?"

"You forgot there's still a peerless master from Divine Demon Sect alive in the world, Xu Nian must be that person's disciple."

"Divine Demon Sect, who would've thought Xu Nian is a remnant of the Ancient Demon Sect."

"Shh, watch your words, what remnant and what not."

...

The crowd was awestruck.

"Ugh!"

Blood trickled from Shen Tu's lips, his face showed shock.

He possessed the Ancient Bloodline, his physical body unrivaled.

Yet today, he lost in physique to Xu Nian.

"Your physical body is already comparable to an Immortal Artifact, right?" Shen Tu said faintly.

"Exactly, my physical body is comparable to a Low Grade Immortal Artifact." Xu Nian admitted candidly.

With these words, the arena burst into uproar.

A physical body comparable to a Low Grade Immortal Artifact.

Isn't that too exaggerated?

Even the three Immortals sitting on the elevated seats showed a hint of envy.

In the Immortal Realm, acquiring an Immortal Artifact is extremely difficult.

Yet Xu Nian, not even crossing into the Heavenly Immortal ranks, already had a physique comparable to an Immortal Artifact.

If this spreads to the Immortal Realm, countless people would be infuriated.

"Haha, it seems Divine Demon Refining Body is indeed powerful, very well, today I'll see for myself how strong Divine Demon Refining Body truly is." Shen Tu shouted.

Then his body was enveloped by lightning.

And then he transformed into a flash of lightning charging towards Xu Nian.

Xu Nian's lips curved slightly, and his form transformed into an afterimage.

Then the crowd saw two beams of light repeatedly clashing above the arena.

Those whose strength hadn't reached the Earth Immortal realm couldn't even see the traces of the two, only heard constant thunderclaps echoing from the arena.

"So fast!"

The spectators were utterly astonished.

Eyes filled with disbelief.

Chapter 1315: Fusion Profound Argumentation

"Bang!"

A sound of explosion.

Finally, a figure fell out, landing heavily on the arena.

The body was in a sorry state, evidently hurt severely.

"It's Shen Tu!"

Someone screamed in the crowd.

Looking at Xu Nian again, his figure stood proudly in the air.

He was not hurt at all.

Everyone seeing this scene gasped.

Shen Tu actually got beaten?

The people outside the field, including Hong Xi, were also shocked.

The physical battle between the two just now was really thrilling.

But in the end, Xu Nian was still superior.

Shen Tu was not Xu Nian's opponent.

"This kid seems to be quite powerful. If we meet him, we must kill him to avoid future troubles."

The Tiancang Sect Master, Fu Shengtian, said.

"Don't worry, it's just that his body is a bit strong, but in front of my Law Realm, it's nothing but emptiness." Jiang Shengtian said disdainfully.

Law is the true kingly way.

No matter how strong the body is, it can't withstand the attack from his Law Realm.

"Your body strength is already comparable to a Top-grade Spiritual Artifact, although very strong, it's still a bit inferior to my Divine Demon Body." Xu Nian said, looking at Shen Tu who stood up again.

Just now, Shen Tu received his eighteen punches solidly.

Being able to stand here now was already quite good.

If it were other cultivators, their bodies would have been reduced to pulp long ago.

"The Divine Demon Body is indeed strong. I am convinced, but my strongest aspect is not the physical body." Shen Tu stood up again.

His eyes were incredibly sharp.

"If you have skills, then show them all." Xu Nian smiled.

"Alright!"

Shen Tu shouted.

In the next moment, the world changed color.

Rolling dark clouds gathered in the sky, a bolt of lightning descended from the heavens.

Directly striking Shen Tu's body.

This lightning was actually purple.

Purple lightning intertwined, instantly raising Shen Tu's aura.

"Heavenly Thunder Technique First Level, Ten Thousand Thunder True Body."

Shen Tu shouted.

His aura suddenly surged, breaking through the threshold of the Earth Immortal Peak Realm, reaching the Primordial Immortal Realm.

Shen Tu's entire body seemed to be covered in a layer of thunderous armor.

His eyes were also surrounded by lightning.

"Purple Sky Thunder God Spear!"

Shen Tu clasped his palm, catching a lightning out of thin air, which instantly transformed into a spear.

Shen Tu suddenly threw.

The terrifying Thunder Spear shot towards Xu Nian.

Its speed, like a meteor.

"Fusion Attribute?"

Xu Nian was stunned. Not only did the Thunderclap Spear contain the Thunderclap Sky Explosion Profound Argumentation, but it also contained the Thunderclap Destruction Profound Argumentation.

Both were Ninth Level.

Plus the Thunderclap Speed Shen Tu had previously comprehended.

Three major Profound Argumentations, all Ninth Level.

"Whoa, three major Profound Argumentations, all Ninth Level?"

The surrounding people were shocked, showing extremely shocked expressions.

Shen Tu had actually comprehended all three major Profound Argumentations.

So this was his real trump card.

Xu Nian watched the spear speeding towards him.

Struck back, directly using Earth Guardian.

In the next moment, Earth Attribute shine intertwined.

Power of Earth surrounded, transforming into a shield.

"Boom!"

The Thunderclap Spear hit the shield.

The terrifying Thunderclap Power exploded instantly, blasting the shield to pieces.

The impact forced Xu Nian back to the edge of the Defensive Light Shield.

Even Xu Nian felt a sweet sensation in his throat.

The attack formed by the fusion of two major Profound Argumentations was indeed frighteningly strong.

"Earth Attribute Power of Earth? Xu Nian's comprehended attribute is also not low, already reaching the Eighth Level."

The surrounding people marveled.

They suddenly felt as if comprehending Attribute Profound Argumentation seemed very easy.

How could they simply pull out an Attribute Profound Argumentation with such ease, and when they did, it was either Eight or Ninth Level.

It was really hurtful.

"How is it, the power of my Fusion Attribute Profound Argumentation isn't bad, right? And this is just the fusion of two attributes; I can even fuse three attributes, but I can't control the power of three attributes fusion. If you die from this move, don't blame me." Shen Tu's eyes flashed with arrogance.

This moment, he displayed endless dominance.

Even Shen Tu himself had never been so unrestrained.

At this moment on the viewing stage, the Clan Leader of the Desolate Clan was displeased.

In his view, Shen Tu's trump card should be reserved for the duel with Jiang Shengtian, rather than wasted on this Xu Nian.

"Lightning for the bow, Great Tao for the arrow, Xu Nian, if you can withstand this arrow, I will admit defeat directly."

Shen Tu shouted.

In his hand, purple lightning intertwined, transforming directly into a giant bow.

While an arrow infused with three major Thunderclap Attribute Profound Argumentations appeared in Shen Tu's hand.

Buzz!

A heart-pounding fluctuation radiated from the long arrow.

At this moment, the world was filled with extremely terrifying thunderclap fluctuations.

This wave carried a strong aura of destruction.

On the viewing stage, Hong Xi's brow furrowed.

This arrow, he might not be able to take.

At this moment Murong Xue's fist tightened, her eyes filled with deep concern.

Xu Nian gazed at this arrow, without a hint of contempt in his eyes.

And certainly, not a bit of fear.

"It seems if I don't show some real skills today, I won't get past this." Xu Nian lightly smiled.

Suddenly, an incredibly powerful Divine Demon wave erupted from his eyes.

Heaven and earth burst.

A figure tore out from the void.

A thousand feet tall, standing in the land, topping heaven and earth.

"Divine Demon True Body, is this the legendary Divine Demon True Body? What a terrifying feeling, why standing before it, my legs are shaking?"

"Not just your legs shaking, my whole body's trembling."

...

The audience around watching that Divine Demon True Body like a dark giant mountain, each and every one showed looks of fear.

Even the three Immortals on stage had changed their expressions slightly.

Divine Demon True Body?

Even in the Immortal Realm, such a sight hadn't been seen for many years.

"Good, Thunder God's Arrow!"

Shen Tu laughed heartily, directly drawing open the giant bow.

One arrow shot out, heaven and earth burst.

The void shattering inch by inch.

Where the long arrow passed, space formed a great ravine.

As fast as the inverse streaming stars in the heavens.

The audience's hearts jumped to their throats.

Unsure if Xu Nian could block this arrow.

"Star-picking Hand!"

Xu Nian shouted loudly.

Deploying Divine Demon Divine Skills Star-picking Hand.

The Divine Demon True Body moved in an instant, reaching out a giant palm, carrying endless power, striking at the Thunder God's Arrow.

"Boom!"

A sound enough to tear eardrums resounded.

Heaven and earth burst.

The terrifying storm directly tore the Defensive Light Shield.

Void collapsed, forming a giant space crack.

Swallowing terrifying energy.

"Eh?"

When the three Immortals saw this, they immediately collaborated to deploy and condense a new Defensive Light Shield.

Only then did the audience survive.

Otherwise, this terrifying wave would be enough to shock half the people on stage to death.

The surrounding people were dumbfounded.

Was this destructive power really the battle between the younger generation's genius?

"Poof!"

Shen Tu spit a mouthful of blood, falling directly outside of the arena.

Of course, Xu Nian was also not much better, a trace of blood seeped from the corner of his mouth.

Looking at Shen Tu lying outside the field, he laughed: "I concede!"

Shen Tu lay on the ground, giving a self-deprecating laugh.

Suddenly felt incomparably relaxed.

He lost!

Chapter 1316: The Final Battle

The audience was utterly stunned.

The attack formed by the fusion of three Ninth Level Thunderclap Profound Argumentations actually failed.

How powerful is this Divine Demon True Body?

"President, it seems you've lost, don't forget the ten drops of Immortal Marrow," Tantai Xun Yan said with a smile, looking at the president of the Emperor Chamber of Commerce.

The president of the Emperor Chamber of Commerce had a bitter expression.

Who would have thought that Xu Nian actually won.

Being able to defeat Shen Tu, who fused three Profound Argumentations, suggests Xu Nian's power is far beyond what they imagined.

"Shengtian, it seems Xu Nian's strength is formidable; you shouldn't be complacent if you face him," the Tiancang Sect Master reminded.

"Rest assured, if I had faced that attack, Shen Tu would already be a corpse," Jiang Shengtian spoke arrogantly.

Without entering the Law Realm, all are mere ants.

Both Shen Tu and Xu Nian are stepping stones for him.

"I announce that Xu Nian is the victor of this match, congratulations to Xu Nian for advancing to the top three."

The president of the Emperor Chamber of Commerce stood up to announce.

With those words, the whole place erupted.

"Wow, Brother Nian is really amazing, making it to the top three," Meng Xiyao said excitedly.

The Chaos Sky Sect Master looked helpless.

A grown girl cannot be kept!

"I didn't expect Xu Nian to break into the top three, and with just an avatar, it's incredible."

Both Situ Jue and Yang Dong from the Denor Empire were filled with emotion.

Both of them had stopped within the top hundred; Xu Nian making it to the top three was simply astonishing to them.

"Indeed formidable, I'm afraid this guy will take two spots in the top three," said the Denor Emperor.

After all, the Undying Devouring Sky Beast is Xu Nian's avatar.

If Xu Nian's Divine Demon Avatar is already so strong, his Undying Devouring Sky Beast shouldn't be much weaker.

"Simply unbelievable," Yang Dong lamented.

"However, his opponent Jiang Shengtian isn't weak, and it seems he has deep grudges against Jiang Shengtian," Situ Jue commented.

At these words, the three fell silent.

Xu Nian battling Jiang Shengtian; who knows who will win or lose.

"Next, let's welcome the second group of contestants," announced the president of the Emperor Chamber of Commerce.

Whoosh!

A graceful silhouette descended.

It was none other than the stunning Hong Xi.

At this moment, Hong Xi's gaze was sharp, her aura impressive.

She had the demeanor of a sword immortal of her generation.

"Hong Xi versus Jiang Shengtian, she might lose this round."

"But Hong Xi managing to come this far is already impressive."

...

People all around discussed.

Unquestionably, everyone believed Hong Xi was not a match for Jiang Shengtian.

However, Hong Xi's expression at this moment was neither happy nor sad.

Her toes lightly touched the ground, her figure floating, as if the goddess of Nine Heavens descended, holding an immortal sword, its edge sharp.

Even without drawing the sword, it still sent shivers down everyone's spine.

"You're not conceding?" Jiang Shengtian stepped through the air.

Every step echoed loudly, shaking all directions.

Like a god descending from the Heavenly Palace, intimidating all around.

"You're in the Law Realm, but not truly invincible. I know I'm not your match, but I'd still like to request a sword from you," Hong Xi's gaze remained unchanged, with only consistent Sword Intent in her eyes.

"Haha, feel free to attack," Jiang Shengtian stood with his hands behind his back, showing no intention of raising his sword.

Hong Xi shook her head, opting not to speak.

The sword in her hand danced, an extremely sharp Sword Intent instantly tore through the air.

The Sword Radiance cut through the sky, reaching Jiang Shengtian in an instant.

This sword had reached the pinnacle of the Wind Attribute Dimension Cutting Profound Argumentation, just a step away from the Law Realm.

Added with Hong Xi's cultivation technique augmenting Killing Intent, this sword could slay an early-stage Primordial Immortal.

"What a swift sword,"

People marveled.

No wonder those who enter the top five are not mediocre.

"Hong Xi lost!"

Yet Xu Nian murmured to himself.

Although this move is strong, injuring Jiang Shengtian would be difficult.

Sure enough, Jiang Shengtian had a hint of mockery in his eyes.

He swiftly extended a hand, forming a sword with his fingers, and pointed out a sword.

Hong Xi's Sword Radiance instantly shattered.

Then, Jiang Shengtian pointed out again.

Instantly, thousands of Sword Shadows filled the sky.

These terrifying Sword Shadows, with their tips pointed, converged at a single point.

Heading directly towards Hong Xi.

Hong Xi's face drastically changed; these Sword Radiances were extremely terrifying.

Each was emanating incredibly fierce Sword Qi.

Hong Xi immediately mobilized her full strength to resist.

"Poof!"

Though she exerted all her effort to block the sword.

Her immortal sword was also knocked flying.

She fell far away, blood oozing from the corner of her mouth.

Too strong.

Can Jiang Shengtian casually hurt Hong Xi with just one sword?

Everyone around was also immensely shocked.

Is this the Law Realm?

Killing someone with a mere flick.

Indeed, the gap between Law Realm and Ninth Level of Profound Argumentation is immense.

"Brother Nether Hai, it seems your Fuyao Sect will have another talented junior," Qingmu laughed.

"Haha, Brother Qingmu, you flatter me. However, after reaching Heavenly Immortal, each level is like climbing a massive mountain; he still has a long journey ahead. How many geniuses have fallen in the Immortal Realm?" Nether Hai replied with a laugh.

Qingmu nodded in agreement.

These mortals regard the Cultivation World as perilous, not knowing how harsher and more dangerous the Immortal, Demon, and Devil World is.

"Humph, this guy is really detestable, knowing full well that Sister Hong Xi isn't his match, yet he struck with such force," Meng Xiyao said angrily.

The sword Jiang Shengtian earlier obviously had wounded Hong Xi's meridians and internal organs.

At this moment, Hong Xi utterly lacked the power to continue fighting.

"I concede!" Hong Xi said, clutching her chest.

Jiang Shengtian sneered contemptuously, stepping away again.

The entire process was extremely arrogant.

Seeing this, Xu Nian frowned slightly too.

This Jiang Shengtian is indeed arrogant to the extreme.

His earlier sword was clearly intended to make a warning to Hong Xi.

To make a warning to the entire venue.

Also to make a warning to him.

Sure enough, Jiang Shengtian, upon descending onto the stands, cast a challenging glance at Xu Nian.

Xu Nian's heart held disdain.

When the showdown arrives, he will make Jiang Shengtian pay for his actions.

The contest for third place soon commenced.

This match would be between Hong Xi and Shen Tu.

But Hong Xi, injured by Jiang Shengtian, chose to concede.

Next came the match between Shen Tu and the Undying Devouring Sky Beast.

To everyone's surprise, Shen Tu also chose to concede.

Thus, Shen Tu ranked fourth, Hong Xi ranked fifth.

The Undying Devouring Sky Beast advanced smoothly into the top three.

Shock echoed through the whole venue.

The top three spots, Xu Nian alone actually occupied two of them.

Isn't that exaggerated?

But people realized one crucial point.

Xu Nian's two avatars are both going to face Jiang Shengtian.

Given Jiang Shengtian's hatred towards Xu Nian, he might aim to slay both of his avatars.

Wouldn't that be tragic?

After all, Jiang Shengtian's earlier displayed strength is terrifying.

No one believed that Xu Nian's two avatars could battle Jiang Shengtian.

Unless the two avatars combined, but that's absolutely not allowed in the rules of the Immortal Order Competition.

"Next, will be the showdown among the top three; two drawn will face off," said the president of the Emperor Chamber of Commerce.

"No need, I'll face him directly in a match, winner takes all," the Undying Devouring Sky Beast Xu Nian stood out to say.

After saying that, he boldly leapt onto the stage.

Chapter 1317: Emperor Sword Technique

Xu Nian's proposal shocked the entire audience.

"Is he trying to avoid risk?"

"It seems like he's planning to sacrifice this Undying Devouring Sky Beast Avatar to protect the Divine Demon Avatar."

"Not necessarily, what if he truly has the confidence to defeat Jiang Shengtian?"

"Are you kidding? If he truly had confidence, why wouldn't he use the Divine Demon Avatar? The Divine Demon Avatar is already at the early stage of the Primordial Immortal Realm, with a stronger physique. Using the Undying Devouring Sky Beast Avatar at the peak of the Earth Immortal Realm now clearly indicates he's intending to sacrifice this avatar to preserve his dignity."

...

The crowd analyzed thoroughly.

Many felt the analysis made sense.

After all, the Undying Devouring Sky Beast Avatar seemed significantly weaker than the Divine Demon Avatar.

"Sister Hong Xi, do you think Brother Nian really isn't a match for Jiang Shengtian?" Meng Xiyao asked, her face full of reluctance.

"Probably. Jiang Shengtian's strength is formidable. I probably didn't even force out half of his power just now," Hong Xi said, her eyes melancholic.

Meng Xiyao's brows furrowed, her eyes showing concern.

Though Xu Nian might only lose an avatar,

the loss of an avatar would be a painful experience for Xu Nian.

"Undying Devouring Sky Beast, your proposal is against the rules unless your Divine Demon Avatar voluntarily forfeits," said the president of the Emperor Chamber of Commerce.

"Alright, I forfeit," the Divine Demon Avatar immediately stepped forward and said.

Upon hearing this, the entire audience was even more convinced Xu Nian truly intended to sacrifice the pawn to protect the king.

"Haha, Xu Nian, I didn't expect you to be so cowardly, choosing to admit defeat so quickly?" Jiang Shengtian laughed loudly, his eyes full of ridicule.

"Come out," Xu Nian couldn't be bothered to argue with him.

Today, he would settle both new and old grudges with Jiang Shengtian.

"Since you're so eager to meet King Yan, let me send you on your way," Jiang Shengtian snorted coldly, his figure appearing on the stage.

The entire audience instantly became excited.

This would be a thrilling showdown.

"I just wonder if this Undying Devouring Sky Beast is truly undying; otherwise, Xu Nian will suffer greatly," the president of the Emperor Chamber of Commerce said with a smile.

"President, isn't it too early to say that? What if a miracle happens?" Tantai Xun Yan chuckled.

"Oh, why don't we make another bet?" the president laughed.

"I won't bet with you," Tantai Xun Yan said with a smile.

The president was left speechless.

This woman was indeed incredibly astute.

It seemed even she felt Xu Nian's chances were slim.

"Jiang Shengtian, you killed many of my Heavenly Court Gang brothers and attacked Murong Xue. It's time to end this," Xu Nian's Undying Devouring Sky Beast burst forth with intense killing intent.

"Haha, what a joke, they're just ants. Dead is dead. I'm not far from the day of ascension, but before I ascend, I'll show you how miserable it is to offend me, Jiang Shengtian."

Jiang Shengtian sneered coldly, his eyes filled with disdain.

"Is that so? Then let me see how powerful your Law Realm truly is," Xu Nian sneered.

"Insensible fool, widen your eyes and watch," Jiang Shengtian snorted.

The next moment, his figure turned into a blur and disappeared.

Xu Nian's eyes narrowed immediately.

He punched towards the left.

"Boom!"

Xu Nian's fist struck Jiang Shengtian's incoming hand.

A terrifying essence burst forth, forming a terrifying Immortal Essence Storm.

The distance between them instantly widened.

The Undying Devouring Sky Beast was pushed back dozens of yards, while Jiang Shengtian only took two steps back.

His figure flashed, once again lunging at Xu Nian.

It was the same palm strike, but this time its power was double that of the previous strike.

This strike contained not the Light Attribute from breaking through the Law Realm, but the Thunderclap Attribute.

The Thunderclap Sky Explosion Profound Argumentation, Ninth Level, one palm strike, containing extremely powerful and violent thunder.

The surrounding crowd was astonished.

Jiang Shengtian's Thunderclap Profound Argumentation was infinitely approaching the Law Realm.

Turns out, the Eighth Level Profound Argumentation during the tower challenge was just him hiding his strength.

"Gravity Space Ninth Level, Infinite Gravity!"

Xu Nian shouted, terrifying Gravity Space Profound Argumentation converging on his fist.

"Boom!"

One punch sent heaven and earth shattering.

The space fractured inch by inch.

Both were propelled back by the counterforce.

The Undying Devouring Sky Beast Xu Nian's mouth seeped a trace of blood.

Jiang Shengtian's figure flashed, landing in the rear without injury.

"Haha, is your strength at its limit? You think you can kill me like this?" Jiang Shengtian laughed loudly.

The spectators shook their heads.

Jiang Shengtian hadn't even used the Light Law yet and could still overpower the Undying Devouring Sky Beast Xu Nian.

What did Xu Nian have to fight him?

"Xu Nian!" Murong Xue clenched her fist, eyes filled with intense worry.

Yet Xu Nian laughed.

"You should use the Light Law now; if you don't, you won't have another chance," Xu Nian said with a smile.

A King Jing Sword appeared in his hand.

"Haha, you'd need to be qualified for that," Jiang Shengtian laughed loudly.

Xu Nian sneered.

His eyes suddenly turned sharp, with a sword in hand emitting an incomparably fierce Sword Radiance.

Then Xu Nian stabbed, already in front of Jiang Shengtian.

Jiang Shengtian was shocked, hurriedly defending.

But Xu Nian's sword was too fast, instantly piercing his abdomen.

Directly piercing through his abdomen.

"What?"

The surrounding crowd was terrified.

Xu Nian actually pierced Jiang Shengtian's abdomen with a sword?

Just now, the sword was so fast, even Jiang Shengtian couldn't react.

"Courting death!"

Jiang Shengtian finally became enraged.

His form burst forth with immensely powerful Immortal Essence Waves.

A wave of incredibly strong Light Law burst from him, instantly blasting Xu Nian away.

The Light Law erupted.

Strange law patterns appeared around Jiang Shengtian.

The powerful law waves made everyone present fearful.

"Is this... Is this the Power of Laws? How terrifying!"

The crowd was shocked and terrified.

Under this Power of Laws, they felt extremely insignificant.

These horrifying law waves could annihilate them instantly.

Hong Xi and Murong Xue all showed signs of shock.

This Power of Laws was indeed terrifying!

The Undying Devouring Sky Beast Xu Nian was also repeatedly startled at this point.

Is this the Power of Laws?

"Xu Nian, you forced me, being the first to die under my Light Law should be enough to make you proud."

Jiang Shengtian's hair flew wildly, his eyes bursting with intense radiance.

A long sword in hand seemed to be shrouded in dazzling light.

At this moment, he looked like a god descending, divine radiance covering the earth.

"First Style of Light Scripture, Holy Judgment!"

His voice, like a divine judgment, looked at Xu Nian, eyes indifferent.

Raising his sword high, light reached the sky.

"It's still uncertain who will live and who will die, Jiang Shengtian, do you truly believe the Law Realm is invincible? Today I'll slay Immortals as a mortal, Emperor Sword Technique!"

Xu Nian shouted.

A hundred Emperor Seals all came forth.

As the Emperor Seals emerged, the entire space trembled violently.

"What?"

The Three Immortals simultaneously stood up from their seats.

The power contained within these hundred Emperor Seals even made them feel apprehensive.

What kind of move is Xu Nian going to use?

The spectators were also shocked.

An overwhelming fear grew within their hearts.

They knew this sword from Xu Nian would be unmatched before and after.

Chapter 1318: The Immortal Takes a Disciple

Jiang Shengtian saw the Emperor Seal around Xu Nian, and instinctively felt a dangerous aura in his heart.

But soon, the dangerous aura was replaced by his pride.

A sword technique without any Profound Argumentation, could it possibly contend with his Law Realm?

"Holy Judgment!"

With a loud shout, Jiang Shengtian thrust his sharp sword.

The giant sword shadow beneath the Heavenly Dome instantly transformed into a dazzling Light Sword, directly striking towards Xu Nian.

The power of this sword was enough to pierce through the entire Star Domain.

People around were all shocked beyond belief.

The Law Realm was truly terrifying.

Of course, Xu Nian was not idle either, wielding the King Jing Sword.

Sword Qi erupted, Emperor Might descended.

Slices of Emperor Seals continuously merged into the King Jing Sword.

With each merged Emperor Seal, the aura of the King Jing Sword surged more fiercely.

When dozens were merged in, the aura of the King Jing Sword had reached an extremely terrifying level.

"Buzz!"

A hundred Emperor Seals fully merged into the King Jing Sword.

The ripple unleashed by the entire King Jing Sword caused the whole space to tremble.

"Emperor Sword Technique, Emperor's Annihilation!"

Xu Nian shouted loudly.

His long sword thrust out as well.

The sharp Sword Qi instantly emerged, forming an immensely large Sword Qi.

"Boom!"

The Sword Qi broke through the air, colliding with the Light Sword.

Creating an enormous impact.

"Boom!"

The world crumbled.

The entire Emperor Star shook violently.

The surrounding Defensive Light Shield shattered instantly.

"Quick, reinforce the shield!"

Qingmu shouted.

Immediately deploying Immortal Essence.

Three Immortals acted simultaneously, reinforcing the defensive array.

Yet even so, the Defensive Light Shield was still on the brink of collapse.

"Damn it!"

Everyone was dumbfounded.

Even the Four Great Sect Masters were surprised, not to mention the cultivators watching.

Jiang Shengtian's expression also changed drastically.

His strongest strike was actually blocked?

How is this possible?

Jiang Shengtian couldn't accept this scene.

"Humph!"

Xu Nian snorted coldly.

Immortal Essence surged within him once again.

In the next moment, the light of the King Jing Sword surged again.

"Crack!"

The Light Sword created by Jiang Shengtian exploded instantaneously.

"Psst!"

Emperor Sword Qi instantly shattered the Light Sword, the Sword Qi Rainbow directly piercing Jiang Shengtian's abdomen.

"No..."

Jiang Shengtian's blood instantly stained the arena red.

A massive blood hole appeared in his abdomen.

The Zifu inside him had been pierced, leaving him unable to gather strength.

Everyone around was utterly shocked.

Jiang Shengtian actually lost?

How is this possible?

Even Jiang Shengtian of the Law Realm was defeated?

"Impossible, it's absolutely impossible." Jiang Shengtian's hair was disheveled, looking frantic.

He couldn't accept any of this.

How could he lose to an ant?

On the stand, Murong Xue was also shocked, her eyes filled with disbelief.

Xu Nian won?

He defeated Jiang Shengtian?

Shen Tu, Hong Xi, and the other contestants were also incredibly shocked.

Looking at Xu Nian on the stage, standing proudly with his sword, bloodstained.

There even arose a sense of admiration in their eyes.

"No, I can't lose, how could I lose to an ant like you, I will kill you." Jiang Shengtian roared.

His long sword swung, trying to slash at Xu Nian.

"Jiang Shengtian, my Heavenly Court Gang demands retribution for the tens of thousands of lives today." Xu Nian's eyes were extremely cold.

The King Jing Sword in his hand erupted with intense ripples.

Preparing to strike down.

"Stop!"

On the stands, Tiancang Sect Master Fu Shengtian shouted loudly, ready to intervene.

However, Xu Nian did not heed Fu Shengtian.

With a swing of his sharp sword, a Sword Qi as thin as a cicada's wing instantly shot out.

Though thin as a cicada's wing, its power was extraordinarily terrifying.

With this slash, Jiang Shengtian would surely die.

"Enough!"

Just then, a figure appeared instantly in front of Jiang Shengtian, with a palm that instantly shattered Xu Nian's Sword Qi.

"Fuyao Sect Immortal?"

Everyone looked at the suddenly appearing Immortal, showing an astonished expression.

The one who intervened was Immortal Meng Hai, one of the three descendents from the Mortal World.

"What does this mean, Immortal?" Xu Nian's icy gaze turned to the Fuyao Sect Immortal.

"Humph, I concede on his behalf, the battle ends now, do you have an objection?" Meng Hai snorted coldly, an extremely cold gaze directed at Xu Nian.

A gaze that radiated an unquestionable force.

"In the Immortal Order Competition, as long as he doesn't voluntarily concede, the match isn't over. This rule is set by many Immortal Emperors of the Immortal Realm, is the Immortal intending to openly defy it?" Xu Nian's eyes also filled with a hint of anger.

Jiang Shengtian, he must kill!

Yet now Meng Hai intervened, clearly intending to save Jiang Shengtian.

"Courting death, giving me such a heavy accusation, do you really think I dare not kill you?" Meng Hai was enraged.

Then flipped his hand, delivering a palm.

The palm carried terrifying Law Waves.

"Puh!"

Xu Nian was instantly sent flying, vomiting blood, his chest feeling as if it were exploding with pain.

"So strong!"

Everyone sucked in a cold breath.

Clearly, they realized just how powerful this Immortal was.

"Late-stage Heavenly Immortal, indeed very strong, such a casual palm isn't something we can withstand." The President of the Emperor Chamber of Commerce shook his head.

Though they were at the Peak of Primordial Immortal.

They hadn't broken through the Law Realm, nor had they condensed an Immortal Embryo.

In terms of battle strength, they could at most compare to the Early Stage of Heavenly Immortal.

Perhaps even less than the Early Stage of Heavenly Immortal.

So even if they wanted to intervene, it was impossible.

"Dad, please help Brother Nian." Meng Xiyao hurriedly grabbed the Chaos Sky Sect Master's arm.

The Chaos Sky Sect Master shook his head helplessly.

Even if he wanted to help, he was powerless.

Moreover, he couldn't offend an Immortal over Xu Nian.

"Don't think that because you won first in the Immortal Order Competition, I won't dare kill you. Before an Immortal, you're ultimately an ant." Meng Hai snorted coldly, his gaze extremely disdainful.

After reaching the Immortal Realm, each minor realm difference is immensely vast.

Thus, the hierarchical division in the Immortal Realm is stricter.

Late-stage Heavenly Immortal holds a high status over the Early Stage of Heavenly Immortal.

Xu Nian clenched his fists, his gaze furious.

This Meng Hai was indeed powerful, even his gaze made Xu Nian's Tao Heart tremble.

He guessed that this was probably the Immortal's Might.

"Meng Hai, if you kill Xu Nian, my Shendang Mountain will be irreconcilable with you."

However, at this moment, a figure flickered, appearing directly in front of Xu Nian.

This figure was Jiang Yao!

"Huh?"

The audience looked surprised.

Shendang Mountain?

It seems Xu Nian is going to be recruited as a disciple by Shendang Mountain!

Jiang Shengtian's eyes also narrowed.

"Buzz!"

Just then, a golden light descended from the sky.

A humanoid phantom appeared in the air.

"I am Qinghua Golden Immortal, the Great Elder of Fuyao Sect. Jiang Shengtian, would you like to join my sect and become my disciple?"

At this moment, the phantom in the sky spoke.

The entire scene erupted in astonishment.

A Golden Immortal of the Fuyao Sect?

Chapter 1319: Taichu Immortal Emperor

Immortals are divided into: Heavenly Immortal, Profound Immortal, Luoxian, Golden Immortal, Immortal King, Immortal Sovereign, Immortal Emperor.

The hierarchy of immortals is strict, and advancing even a single realm is very difficult.

So don't mention Golden Immortal, even Luoxian, and Profound Immortal, have high status in the Immortal Realm.

In the Immortal Realm, being taken as a disciple by a Golden Immortal is already a very challenging matter.

"This is my master? Would you be willing to accept him as your teacher? My master is an elder of the Fuyao Sect, once you join his discipleship, you can go directly to the Upper Immortal Sect," Nether Hai said.

"I am willing!"

"Disciple pays respect to Master!"

Jiang Shengtian immediately kneeled on one knee.

He knew that since Master Qinghua had intervened, it meant that only Fuyao Sect had agreed to take him in as a disciple.

So if he didn't acknowledge him as his Master, he would offend him instead.

On the contrary, if he joined him first, he could seek other opportunities in the future.

"Very well, from today onwards you will be my disciple. If anyone dares to harm you, feel free to seek help from me or your fellow disciples. Furthermore, I see you have reached the Law Realm, thus, would you like to come to the Immortal Realm now?"

Master Qinghua's voice sounded.

It was dignified.

The people around were all in shock.

This intends to directly guide Jiang Shengtian into the Immortal Realm!

"I respectfully follow Master's arrangements," Jiang Shengtian hesitated briefly.

Then nodded.

At the next moment, a ray of golden light descended, directly enveloping Jiang Shengtian.

Soon the wound on Jiang Shengtian's abdomen was healing at a speed visible to the naked eye.

Not only the surface but also the Zifu was being restored.

Jiang Shengtian's aura continuously rose, even reaching the peak instantly.

Eventually, he directly broke through to the Heavenly Immortal Realm.

"Buzz!"

Another ray of golden light descended from the sky.

This golden light was the Guiding Golden Light.

The people around were filled with amazement.

Is Jiang Shengtian about to ascend?

So quickly?

Xu Nian frowned deeply.

He initially wanted to kill Jiang Shengtian.

Unexpectedly now he had to give up.

"Xu Nian, wait for me. If you can come to the Immortal Realm, I will definitely kill you."

Jiang Shengtian's voice echoed in the sky.

Then Jiang Shengtian's figure disappeared along with the golden light.

Everyone was in astonishment.

As Jiang Shengtian vanished, the shadow in the sky also faded away.

"Buzz!"

Another ray of Immortal Light descended.

This Immortal Light directly fell upon Hong Xi.

"Hong Xi, would you be willing to join my discipleship and be my disciple?" A loud voice came from the sky.

This was a Golden Immortal from Chaos Sky Sect.

"Disciple is willing!" Hong Xi said.

"Very good, then as Master, I shall bestow upon you a Low Grade Immortal Artifact Qing Ying Sword, and twenty drops of Immortal Marrow, but these rewards shall be collected from me in the Immortal Realm," said the Golden Immortal from Chaos Sky Sect.

"Thank you, Master!" Hong Xi nodded.

"Shen Tu, I am Elder Yu Dian from the Immortal Sovereign Hall, would you like to join my discipleship?"

Simultaneously, another voice rang out.

"Disciple is willing!" said Shen Tu.

"Good, I will be waiting in the Immortal Realm for your ascension," the voice in the sky faded away shortly after speaking.

The people watching expressed envy.

All those ranked in the top ten were taken as disciples by powerful figures of the Immortal Realm.

The bottom five are evidently less favored than Shen Tu and the others.

Those taken as disciples were only strong from the Luoxian Realm.

Even some ranked between ten and twenty were chosen by Profound Immortal Realm experts as disciples.

For a moment, only Xu Nian and Murong Xue remained among the top ten.

Logically, Murong Xue should also be taken as a disciple by a Fuyao Sect expert.

The person accepting discipleship should be at least from the Luoxian Realm, but it seems no Fuyao Sect expert wants to take her as a disciple.

As for Xu Nian, there were no signs at all.

But Xu Nian was not anxious.

Having a Master or not didn't matter much to him.

What he truly worried about was Murong Xue.

If Murong Xue went to Fuyao Sect, she would encounter Jiang Shengtian again.

At that time, it would be another big problem.

"Buzz!"

However, just then, a ray of Immortal Light fell.

Enveloping Murong Xue.

"Hm, is Murong Xue about to be taken as a disciple? Which Fuyao Sect expert will it be?"

The audience was curious.

Xu Nian was also somewhat perplexed.

"I am Yaochi Qiluo Immortal King, Murong Xue, would you like to join my discipleship?"

At this moment, a voice sounded.

Filled with overpowering pressure.

"Oh my, Turquoise Pool? An Immortal King no less?"

Everyone was astonished.

Murong Xue was chosen by someone from Turquoise Pool?

Moreover, it was an Immortal King!

Xu Nian was also shocked.

Murong Xue was chosen by Turquoise Pool?

Logically speaking, Turquoise Pool shouldn't openly snatch disciples from Tiancang Sect.

But if the person is considerably strong, it is possible.

Evidently, Immortal Queen Qiluo is very formidable.

"Disciple is willing!"

Murong Xue quickly bowed respectfully.

"Very well! I will be waiting in the Immortal Realm for you," Immortal Queen Qiluo's voice was extremely domineering.

Finished speaking, she vanished.

However, simultaneously, another ray of Immortal Light struck Murong Xue.

The next moment, Murong Xue's cultivation was directly elevated to Early-stage Primordial Immortal.

The people around were astounded.

The Immortal King truly has impressive power, with just a ray of Immortal Light, Murong Xue's cultivation was brought up to the Early-stage Primordial Immortal.

"Esteemed Immortal King, can you help Murong Xue unlock the memory seal?" Xu Nian hurriedly stepped forward and spoke.

However, Xu Nian's words fell, yet there was no response.

Xu Nian frowned slightly.

This Immortal King could easily undo the seal, yet chooses not to.

"Young one, this fellow wants to leave this matter for you to handle," Wentian Demon Sovereign's voice sounded in Xu Nian's mind.

With these words, Xu Nian instantly understood.

The Immortal King is testing his feelings for Murong Xue.

Fine, if it's so, then I shall resolve it myself.

"All the top twenty have mostly been taken as disciples, why hasn't there been any movement for Xu Nian?"

People around were discussing.

As the discipleship seemed to be ending.

Yet no Immortal Light fell on Xu Nian.

Could it be that Xu Nian, who won first place in the Immortal Order Competition, is not being chosen by any Immortal Realm expert?

Xu Nian also looked towards Jiang Yao beside him.

"I have already communicated with Master, but there has been no reply," Jiang Yao appeared helpless at this moment.

Previously, her Master had also communicated, expressing intention to take Xu Nian as a disciple, asking for Xu Nian's willingness.

But now, her Master surprisingly did not show up.

How could Jiang Yao not be puzzled by this?

"Buzz!"

Just when everyone thought Xu Nian wouldn't be taken as a disciple.

A ray of Immortal Light fell.

This Immortal Light was extremely intense.

Intense enough to shock everyone.

Simultaneously, an immensely terrifying pressure bore down from the Heavenly Dome.

A gigantic head shadow appeared in the sky.

"Oh my, Taichu Immortal Emperor, kid, I'm leaving, don't call for me," Wentian Demon Sovereign said.

After speaking, Xu Nian couldn't feel any fluctuation from him.

Apparently, Wentian Demon Sovereign was frightened.

The people around were also profoundly shocked, each bowed down, faces filled with reverence.

An Immortal Emperor is descending?

Is this Immortal Emperor here to take Xu Nian as a disciple?

"Greetings, Ancestor!" Jiang Yao also immediately kneeled, her face showing a horrified expression.

The founder of their Shendang Mountain had come personally?

This... how could this be?

"Xu Nian, would you like to join my discipleship? I am Taichu Immortal Emperor!"

The shadow in the sky spoke, the whole space shook violently.

As if it could collapse at any moment.

Qingmu and Nether Hai, witnessing this scene, were even more frightened.

Especially Nether Hai, in his eyes was regret.

Taichu Immortal Emperor?

This is one of the nine Supreme experts of the Immortal Realm!

A ruler of a region in the Immortal Realm!

What kind of incredible luck did Xu Nian stumble upon?

Xu Nian was also somewhat surprised.

Judging from the expressions of Jiang Yao and others, and Wentian Demon Sovereign's reaction, it seems Taichu Immortal Emperor is exceedingly formidable.

Chapter 1320: Another Storm Arises

"Greetings, Master!"

Xu Nian did not hesitate and chose to become an apprentice immediately.

It's important to know that becoming the apprentice of an Immortal Emperor is a rare opportunity.

Although he had Wentian Demon Sovereign and Emperor Ye Tian as his mentors, both of them--
Wentian Demon Sovereign and Emperor Ye Tian--

were soul bodies and could not assist him in certain areas.

Furthermore, Wentian Demon Sovereign belonged to the Demon Path, which differed from his cultivation path.

"Very well, you will be the 108th informal disciple of mine, the Taichu Immortal Emperor. Once you reach the Immortal Realm, bring this token to Shendang Mountain to find me." The Taichu Immortal Emperor's voice echoed again.

In a flash of light, a token flew into Xu Nian's hand.

"Thank you, Master!"

Xu Nian quickly paid his respects.

The Taichu Immortal Emperor didn't respond and vanished into the void.

The sky returned to the previous blue and white, and everyone breathed a sigh of relief.

Earlier, when the Taichu Immortal Emperor's dharma manifestation appeared, it felt like a gigantic rock was looming over the Cultivation World.

The Taichu Immortal Emperor's power made people's hearts grow cold.

"Congratulations, Master Great-Uncle." Jiang Yao said with a complex expression.

Originally, she thought Xu Nian would become a fellow disciple, but unexpectedly he directly entered the Taichu Immortal Emperor's sect.

That was the ancestor of Shendang Mountain, one of the nine supreme figures of the Immortal Realm.

"Master Great-Uncle?" Xu Nian was also astonished.

"My master is the twelfth-generation disciple of Emperor Wujiang, who is the senior brother of the Taichu Immortal Emperor, so I should naturally address you as Master Great-Uncle," Jiang Yao earnestly explained.

Xu Nian understood.

This means, if he joins Shendang Mountain, his status should be very high.

"Brother Xu Nian, congratulations on becoming the Taichu Immortal Emperor's close disciple." Qingmu and Nether Hai approached.

Xu Nian instinctively frowned.

Just now, Nether Hai wanted to kill him, viewing him as an ant.

Unexpectedly, he now came forward to congratulate him.

It seems the Taichu Immortal Emperor's influence is indeed extraordinary.

"I didn't know Brother Xu Nian had such a fortune earlier, I apologize for any offense and hope for your forgiveness," Nether Hai added.

"Forgiveness? I dare not assume that, you are an immortal," Xu Nian replied coldly.

Nether Hai's face suddenly changed, a flicker of anger in his eyes.

However, the anger was only fleeting.

For an immortal to proactively apologize to a mortal, it was already very gracious.

Unexpectedly, this fellow did not appreciate it?

Did he really think that entering the Immortal Emperor's sect allowed him to be arrogant?

"Xu Nian, don't be ungrateful. In the Immortal Realm, geniuses abound, even if you enter the sect of an Immortal Emperor, there may be times you face danger, especially since you're just an informal disciple. Even if you're killed, the Immortal Emperor may not care," Nether Hai snorted coldly.

The Immortal Realm is harsh.

Generally, Immortal Emperors do not care about the life or death of informal disciples.

For them, if an informal disciple is killed, it only shows their lack of skill in cultivation.

But direct disciples are different; usually, no one dares to touch an Immortal Emperor's direct disciple.

Of course, even as informal disciples, in the Immortal Realm they still hold considerable status, and generally, no one will actively kill an informal disciple of an Immortal Emperor.

After all, you don't know if the Immortal Emperor will intervene.

"Whether I get killed or not is none of your concern, but I can certainly assure you, next time if you try to stop me from killing Jiang Shengtian, I will certainly kill you," Xu Nian said angrily.

"You..." Nether Hai was immediately enraged.

"Alright, forget it, Brother Xu Nian, if that's the case, let's meet in the Immortal Realm later," Qingmu laughed.

After saying that, he left with Nether Hai.

Although Nether Hai was angry, he was not so mad as to consider killing Xu Nian.

After all, since Xu Nian had just been accepted as a disciple, killing him now would be a direct affront to the Taichu Immortal Emperor.

At that time, not waiting for the Immortal Emperor to act, Fuyao Sect would act to kill him to quell the Taichu Immortal Emperor's anger.

"Brother, you really opened my eyes."

Tantai Xun Yan laughed.

"Thanks to Sister Tantai for the help," Xu Nian gratefully said.

Earlier, if not for Tantai Xun Yan helping to block the Four Divine Beasts Clan, he would have inevitably gotten into a fight with them.

Indeed, Tantai Xun Yan was very helpful to him.

"No need to be polite, brother. When you enter the Immortal Realm, I will rely on you to take care of me," Tantai Xun Yan laughed.

"Haha, I'll definitely look for you then," Xu Nian laughed.

"Then I'll wait for you in the Immortal Realm, brother." Tantai Xun Yan laughed.

In half a month, she would ascend to the Immortal Realm.

So, she did not have much time left here.

Xu Nian clearly realized this as well.

"Take care, Sister Tantai," Xu Nian earnestly said.

Tantai Xun Yan smiled slightly and disappeared into the void.

Then, the Denor Emperor and the president of the Emperor Chamber of Commerce came forward to offer their congratulations.

After Xu Nian handled their greetings one by one, he returned to his residence.

"Wentian Demon Sovereign, who exactly is this Taichu Immortal Emperor? Why do you fear him so?"

Xu Nian asked promptly.

"Kid, this time you were really lucky, having been accepted by the Taichu Immortal Emperor. In the Immortal Realm, and even across the Immortal, Demon, and Devil World, the Taichu Immortal Emperor is a renowned figure, ranking in the top three in the Immortal Realm," Wentian Demon Sovereign said.

"So powerful?" Xu Nian was amazed.

Unexpectedly, the Taichu Immortal Emperor was such a formidable force.

"Moreover, most importantly, his cultivation method is somewhat similar to yours. He is among the few who have mastered the complete Shattering Void Law," Wentian Demon Sovereign added.

"Shattering Void?" Xu Nian was astonished.

Isn't this the law comprehended after the Dimension Cutting breakthrough?

Could an Immortal Emperor be someone who possesses a complete law?

"Kid, there are very few in the entire Immortal, Demon, and Devil World who can master a complete law. Those who do are all the pinnacle figures of these Three Realms. I, back in the day, was still a long way from Law Perfection before becoming a Demon Lord in one realm," Wentian Demon Sovereign explained.

Xu Nian was shocked.

It seems that cultivation in the Immortal, Demon, and Devil World is far more difficult than he imagined.

Thinking this, Xu Nian was filled with anticipation.

The cultivation in the Immortal Realm would surely be extremely interesting.

However, before ascending to the Immortal Realm, he still had matters in the Cultivation World to address.

Plus, Fu Shengtian was not yet dead, and Murong Xue's memory had not yet recovered.

"Something bad happened, Murong Xue is in trouble."

Just as Xu Nian was preparing to find Fu Shengtian.

Shi Guangxu rushed over.

"What happened to Murong Xue?" Xu Nian was suddenly shocked.

"She was captured by the Four Divine Beasts Clan. I just saw it myself, on the neighboring planet," Shi Guangxu said.

"Four Divine Beasts Clan? They seek death!" Xu Nian's eyes flashed with extreme anger.

"Don't be reckless. I feel this matter is not so simple; there may be involvement from the Tiancang Sect Master, or perhaps even that immortal from Fuyao Sect," Shi Guangxu advised.

"No matter how many there are, anyone who dares to touch Murong Xue must die!" Xu Nian was furious.

He immediately dashed toward the starry sky Shi Guangxu mentioned.

Shi Guangxu shook his head repeatedly.

It seems a big incident is about to happen!
