

## **Divine King 1351**

Chapter 1351: Tianjian Immortal Domain

"How about it? Brother Xu, you saw the power of this Immortal Talisman, didn't you?"

Li Tian said with a smile.

"Indeed terrifying." Xu Nian nodded.

"That's right, as I told you, I never engage in combat with others using laws or anything like that. I just throw Immortal Artifacts and Talismans. If I run out of those, then there's nothing more to say, I just turn around and leave," Li Tian said with a laugh.

Xu Nian understood.

This Li Tian is a true Duo Bao Taoist.

Unless absolutely necessary, he probably wouldn't engage in a direct confrontation.

The treasures in his hands are frighteningly numerous.

This kind of person is actually extremely fearsome.

Because you never know what kind of trump card he might still have.

"It seems I should also stockpile some more Immortal Artifacts and Talismans in the future," Xu Nian mused to himself.

Having more Talismans also means having more means of survival.

While Xu Nian was pondering this.

Li Tian had already begun to loot the storage rings from the four bandits.

"Really a bunch of paupers, only three Low Grade Immortal Artifacts, one Mid-grade Immortal Artifact, and over a thousand Low Grade Immortal Yuan Stones, not even a single Immortal Talisman." Li Tian said disdainfully.

"Brother Xu, do you want these four storage rings? If you do, they're all yours," Li Tian turned to Xu Nian.

"Eh? All for me?" Xu Nian was a bit surprised.

"Yes, they are more or less unnecessary for me. These ordinary Immortal Artifacts, I have no less than a hundred in my hand, keeping them is pointless. As for Low Grade Immortal Yuan Stones, I have them piled up like a mountain," Li Tian said.

Xu Nian was speechless.

This Li Tian really is rich and generous.

"Then thank you, Brother Li." Xu Nian nodded, accepting the four storage rings.

Come to think of it, Li Tian could spend thirty Top-grade Immortal Essence Stones to invite him for support, so he obviously didn't care about these.

So the two set off once again.

On the way, Xu Nian kept chatting with Li Tian.

It's undeniable, this Li Tian knows a lot about the Immortal Realm.

Xu Nian gained a lot of information about the Immortal Realm from him.

Information that couldn't be obtained from ordinary cultivators.

For instance, the disciples of the Nine Great Forces number in the billions, with a strict hierarchy, most are Profound Immortals, followed by Heavenly Immortals, and the Luoxian Realm has likely less than one percent representation.

The higher realms possibly even fewer.

For example, powerhouses above the Luoxian level almost rarely show up in the Immortal Realm; they mostly engage in secluded cultivation in their residences.

One seclusion could last a century, or even a millennium.

From this information, Xu Nian could also conclude one thing.

That is, this Li Tian comes from one of the Nine Great Immortal Domains, with a significant status and position.

As for which force he came from, it was not mentioned, and Xu Nian naturally did not inquire further.

Time passed by in a flash, and it was half a year later.

After half a year, Xu Nian and Li Tian finally arrived at the first city where the Tianjian Immortal Domain was located.

Tianjian City!

"Once you enter here, you'll be in Tianjian City. After going in, there's a large area that belongs to the Immortal Domain, and this area is at least ten times larger than the area we've traveled through before," Li Tian said with a smile.

"At least ten times larger?" Xu Nian looked surprised.

Is the Immortal Domain really that vast?

The area they previously traversed took a full six months of flying with Flying Immortal Artifacts, and virtually without stopping.

This distance is already equivalent to the distance between two major Star Domains in the Cultivation World.

And now the Immortal Domain turns out to be ten times the distance they've traveled.

Given such a length, just how big is this Immortal Domain?

Xu Nian looked at the Immortal Domain, surrounded by an invisible light barrier.

This light barrier soared into the Heavenly Dome, with no end in sight.

Dividing the inside and outside into two worlds.

"Don't be surprised, each Immortal Domain barrier was crafted by dozens of Immortal Emperor powerhouses together in the past, and cannot be broken. Within the Immortal Domain, you can enjoy the pure Immortal Qi for cultivation, completely different from the outside world," Li Tian said with a smile.

"Are Immortal Domains mainly composed of cities?" Xu Nian continued to ask.

"Within the Immortal Domain, there are hundreds and thousands of cities, but they are not the main body of the Immortal Domain. These cities are scattered around the periphery of the Immortal Domain, and the interior of the Immortal Domain is where the Sects of the Nine Great Forces are located. The sect disciples are spread throughout, and can be described in terms of vast territories. The deeper you go, the more powerful cultivators there are," Li Tian said with a smile.

Xu Nian was incredibly amazed.

The Nine Great Immortal Sects are indeed terrifyingly powerful.

This one Immortal Domain is much larger than a Star Domain in the Cultivation World.

"Let's go, the person we need to meet this time is in Tianjian City," Li Tian said with a smile.

"Halt, ten Mid-grade Immortal Origin Stones per person." The Tianjian City guard said sternly.

Mid-stage Profound Immortal?

Xu Nian looked surprised. The guards of Tianjian City are actually at the Profound Immortal Level?

And it costs ten Mid-grade Immortal Origin Stones just to enter?

"Two hundred Mid-grade Immortal Origin Stones."

Li Tian didn't show any hint of surprise and tossed a Storage Bag over.

The guard looked at Xu Nian and Li Tian, then handed each of them a Token.

"Brother Li, isn't it supposed to be twenty Mid-grade Immortal Origin Stones? Why did you give so many?" Xu Nian asked in surprise.

"That's the rule of the Immortal Domain. Otherwise, did you think staying in the Immortal Domain was free? Ten Mid-grade Immortal Origin Stones covers one day. I gave two hundred for a stay of ten days," Li Tian said with a smile.

"One hundred Mid-grade Immortal Origin Stones for just ten days?" Xu Nian looked shocked.

"Of course, otherwise did you think you could freely absorb the Immortal Qi here? Plus, this doesn't even count the lodging cost. In the city of the Nine Great Immortal Domains, there's a curfew at night, so you must find an inn to stay in, or you'll be driven out. See these Tokens we have? They allow us to stay in an inn for ten days, but the room fee still costs extra," Li Tian said with a smile.

"What if we want to stay long-term?" Xu Nian asked in surprise.

"There are two ways: one is to become a disciple of the Tianjian Sect, then you can stay at an inn for free, or you could buy a residence in the city of the Immortal Domain to gain long-term residency rights. Each residence can accommodate a certain number of people, but these places are exorbitantly priced, and even a small residence probably costs over a thousand Top-grade Immortal Essence Stones," Li Tian said with a smile.

Xu Nian was speechless.

The Immortal Domain is truly outrageous?

No wonder many people choose not to cultivate in the Immortal Domain; the cost of cultivation is just too high.

"So, does this mean the interior of the Immortal Domain is inaccessible?" Xu Nian speculated.

"You guessed it, that's an area only Tianjian Sect disciples can access. Outsiders can only operate within the perimeter cities," Li Tian said with a smile.

Xu Nian nodded.

No wonder everyone fights to join the Nine Great Forces.

In the Immortal Realm, without joining the Nine Great Forces, achieving anything in cultivation is truly a difficult task.

Originally, Xu Nian thought he was quite wealthy, but after hearing Li Tian, he instantly felt like a pauper.

"Brother Xu, I just communicated with the people we're trading with, and they'll only arrive in five days. Let's find a place to stay first, then visit the Immortal Treasure Pavilion and the market. We might find some treasures," Li Tian said with a smile.

Xu Nian nodded, following Li Tian.

Heeding his arrangement!

Chapter 1352: Exchanging Immortal Talisman

Xu Nian followed Li Tian to a guesthouse.

The two quickly settled in.

The guesthouse wasn't cheap but not expensive either; one Mid-grade Immortal Essence Stone for a night.

Compared to the city entrance fee, this was much cheaper.

After settling in, they headed directly to the marketplace.

This marketplace was similar to the one in Giant Sword City, with many loose cultivators setting up stalls.

The only difference here was that there were more stalls, the variety was richer, and the goods were more precious.

Here, there were almost no items for cultivators; mostly things used by immortals.

"Come take a look, this Black Cloud Shield is a Mid-grade Immortal Shield, extremely tough, even Top-Grade Immortal Artifacts can't break it. It also has a restriction that can reflect some attacks."

"Heh, my Red Dragon Spear is more powerful. Any Mid-grade Immortal Shield in front of my Red Dragon Spear is like a piece of paper; it pierces through easily, and it contains powerful Nine-flavor Flames True Fire!"

...

The surrounding vendors were madly boasting about their goods.

Although these Immortal Artifacts were as graded as described, their quality wasn't as impressive as they boasted.

Anyone with a little understanding of Immortal Artifacts wouldn't be fooled by them.

Of course, there were also some loose cultivators sitting there, saying nothing.

Unless asked for the price, they wouldn't even bother responding.

"Brother Xu, what do you think of these goods?" Li Tian asked with a smile.

"They're varied, but hardly any fine items." Xu Nian shook his head.

"Haha, Brother Xu indeed has keen senses; these indeed don't contain many precious treasures, occasionally one might snag a valuable item, but the chances are very slim." Li Tian laughed.

"Brother Li, this Tianjian City should have an Immortal Treasure Pavilion, right? Why don't we go there and take a look?" Xu Nian asked.

"Alright!" Li Tian nodded.

Thus, the two went to Tianbao Pavilion once more.

Li Tian took out a token, and the nearby manager's eyes immediately lit up.

"Young Master, please come inside." The manager said warmly.

"He's my friend, he's with me." Li Tian smiled, pointing to Xu Nian.

"Ah, you are a friend of a distinguished guest. Pardon my earlier negligence," the manager quickly responded respectfully to Xu Nian.

Xu Nian was somewhat surprised.

Just what was Li Tian's identity?

The Immortal Treasure Pavilion manager treated him with such hospitality?

He had just witnessed this manager being indifferent to a mid-stage Profound Immortal powerhouse.

"Thank you, manager," Xu Nian replied promptly.

The manager smiled, glanced at Xu Nian, and developed a bit of goodwill towards him.

Being friends with this young master and yet so humble suggests an extraordinary background.

"Manager Li, this time be sure to bring out some good stuff, don't try to fool me like last time." Li Tian said with a laugh.

After saying that, he walked into the Immortal Treasure Pavilion on his own.

"Young Master Li, you're putting me on the spot; with your discerning eye, our shop scarcely has treasures worthy of you." Manager Li said with a bitter smile.

The person in front had expensive tastes, demanding Top-grade Immortal Artifacts and Immortal Pills. Even for rare items like Immortal Talismans and Immortal Arrays, they also wanted top-quality ones.

Though their Immortal Treasure Pavilion wasn't small, producing Top-grade Immortal Talismans, which could threaten Golden Immortals, wasn't possible.

"Haha, I won't trouble you. I'm mainly accompanying Brother Xu this time. Brother Xu, whatever you need, just say it." Li Tian said, smiling.

"Yes, Mr. Xu, whatever you need, just let us know. We have Immortal Pills, Immortal Elixirs, Immortal Artifacts, Immortal Treasures, Immortal Talismans, Immortal Arrays, Immortal Techniques, Immortal Laws, as long as it's not like Young Master Li asking for top-grade immorés." Manager Li said with a smile, looking at Xu Nian.

Xu Nian's eyes suddenly brightened upon hearing this.

"Manager Li, do you have Taiqing Holy Water here?" Xu Nian asked.

"Pfft!"

Manager Li instantly spat out his drink.

What?

Taiqing Holy Water?

Did he hear wrongly?

Even Li Tian beside him looked curiously at Xu Nian, showing an expression of surprise.

"What's wrong? Is this item very precious?" Xu Nian asked.

Upon hearing this, Li Tian couldn't help but roll his eyes.

Manager Li also wore an awkward expression.

"It seems Mr. Xu doesn't know the preciousness of Taiqing Holy Water. Are you aware of the value of Immortal Marrow?" Manager Li countered.

"Yes, a drop of First-grade Immortal Marrow is equal to one Kunlun Immortal Liquid, equivalent to a thousand pieces of Top-grade Immortal Essence Stones," Xu Nian replied.

"Correct, one drop of First-grade Immortal Marrow equals a thousand pieces of Top-grade Immortal Essence Stones. Two-grade can exchange for ten thousand top-grade immortal essence stones, three-grade for a hundred thousand, four-grade for a million, five-grade for ten million, six-grade for a hundred million measures, and Taiqing Holy Water's value is equivalent to sixth-grade Immortal Marrow." Manager Li said.

Xu Nian's brows instantly furrowed.

Is the value of Taiqing Holy Water equal to sixth-grade Immortal Marrow?

Does that mean one drop requires a billion Top-grade Immortal Essence Stones?

The total wealth he possesses, combined with what Li Tian gave him, amounts to only sixty pieces.

What a vast disparity!

"Does your pavilion have this item? I can't buy it now, but I will earn Immortal Essence Stones," Xu Nian said urgently.

"Of course not. Forget our Tianjian Sect; the entire Tianjian Immortal Domain may not possibly have someone with it. It's too precious." Manager Li replied.

Li Tian gave it some thought but remained silent.

Xu Nian showed a face of disappointment.

But he quickly came to terms; he knew that finding Taiqing Holy Water wouldn't be possible that soon.

"Manager Li, do you have Flying Immortal Artifacts here?" Xu Nian asked with a smile.

"We do, but we don't have top-grade flying Immortal Artifacts, though there's one Top-grade." Manager Li replied with a smile.

"Then hurry and bring it out." Li Tian said with a smile.

"Someone, bring out the Five Elements Plate." Manager Li immediately instructed the beautiful maid next to him.

Shortly, the beautiful maid brought a valuable box.

Manager Li opened the box, and an exquisitely refined Five Elements Plate appeared before Xu Nian and Li Tian.

"This Flying Immortal Artifact is called the Five Elements Plate, which serves as both Flight and Defensive, and Attack Artifact simultaneously. It's a rare multifunctional Top-Grade Immortal Artifact. In flight, it can achieve Luoxian Realm Peak Level when fully activated, with defense capable of withstanding peak Profound Immortal's full attack. As for the attack, the edges around are extremely sharp; once activated, the power is also impressive." Manager Li introduced.

"Certainly considered the finest among Top-Grade Immortal Artifacts." Li Tian remarked affirmatively.

Xu Nian nodded approvingly.

Its flight speed comparable to a full-power flight-speed of Luoxian Peak Level; this flight speed is exceptional.

"What's the price?" Li Tian inquired.

"Thirty million Low-grade Immortal Essence Stones, equivalent to thirty pieces of Top-grade Immortal Essence Stones." Manager Li said with a smile.

"Thirty million Low-grade Immortal Essence Stones isn't much, but also quite a bit. Manager Li, can it be a little cheaper?" Li Tian asked with a smile.

"This way, since Young Master Li asked, I'll accept twenty-five pieces of Top-grade Immortal Essence Stones." Manager Li said with a smile.

"Thank you, Manager Li. Do you have any Top-Grade Immortal Talismans?" Xu Nian asked.

"Of course, but Top-grade Immortal Talismans usually cost ten times the price of an Immortal Artifact, meaning a Top-grade Immortal Talisman matches the price of a Top-grade Immortal Artifact. Can Mr. Xu accept this price?" Manager Li asked.

"Ten times?" Xu Nian expressed surprise.

Li Tian nodded beside him.

This is how the entire Immortal Realm operates.

"Then this should be exchanged, right?" Xu Nian reluctantly replied.

He had to bring out an Immortal Saber.

This was one of the few six Immortal Artifacts from the Immortal Treasure from Tianlan Star he acquired.

"An Immortal Saber? A top-grade?" Manager Li's eyes instantly lit up, showing a shocked expression.

This Top-grade Immortal Saber could rival their pavilion treasure.

Li Tian was also surprised.

Chapter 1353: Turmoil in the Secret Market

A few hours later.

Xu Nian and Li Tian walked out of the Immortal Treasure Pavilion.

Xu Nian purchased a Five Elements Plate and exchanged a Top-grade Immortal Artifact for two Top-Grade Immortal Talismans.

One Top-grade Intermediate Wind Blade Talisman, one Top-grade Upper-class Golden Light Talisman.

Both Immortal Talismans are attack types.

Xu Nian has also gained two life-saving cards.

If used appropriately, these two talismans can kill even those in the Luoxian Realm.

Of course, it's impossible to foolishly use them right in front of the opponent, otherwise, there might not even be a chance to attack them.

"Brother Xu, I didn't expect you were so willing to spend, that Immortal Saber was clearly a fine piece among the Top-grade Immortal Artifacts, I would have bought it from you if I had known earlier." Li Tian joked.

"Brother Li is joking. Brother Li's treasures are probably no less than mine. I'm exchanging talismans to have more means to protect myself, otherwise keeping a Top-grade Immortal Artifact is useless," Xu Nian replied with a smile.

Li Tian nodded.

For immortals, Immortal Artifacts only have a certain amplification effect.

Unless some special types of Immortal Artifacts can have heaven-defying impacts.

Otherwise, personal strength is still necessary.

"I wonder if Brother Xu ever thought about visiting the secret market? There are many treasures there, though some have unclear origins." Li Tian smiled.

"Secret market?" Xu Nian was somewhat surprised.

He became curious about the secret market.

"Yes, the so-called secret market is a secret trading market, where everyone changes their appearance and alters their aura, no one recognizes anyone, and the traded treasures naturally have some questionable origins but are all very practical," Li Tian explained with a smile.

"Indeed, I should see it for myself," Xu Nian immediately replied with a smile.

Li Tian smiled slightly.

Then he led Xu Nian to a secluded stele in the west of the city.

He threw two Mid-grade Immortal Origin Stones at the stele, and they directly penetrated it.

Soon, two tokens were thrown from the other side of the stele.

Xu Nian's face was filled with surprise.

"These tokens are proof of identity to enter the secret market. It requires a Mid-grade Immortal Origin Stone to enter the market," Li Tian explained.

Xu Nian nodded.

Then he followed Li Tian towards a doorway next to the stele.

Passing through the doorway, the scenery changed dramatically.

A long and wide street appeared before them.

On the street, there were crowds coming and going, although most people's auras were restrained.

At this moment, Xu Nian and Li Tian had also changed their appearance and aura.

Without using Immortal Essence, basically, no one could recognize their identity.

"This is the secret market, and those who trade here are mostly Profound Immortals, as well as Luoxian, Golden Immortals occasionally appear though the chances are low," Li Tian explained.

Xu Nian was shocked internally.

There are Luoxian here?

And possibly meeting Golden Immortals?

This secret market seems incredibly powerful!

Wondering who is behind it all.

Xu Nian glanced at the stalls around him, more peaceful than the outside hustle.

Most of the vendors quietly sat cross-legged nearby, ignoring the passing pedestrians.

No one dared to cause trouble here.

According to Li Tian, there were once Luoxian Realm experts who disturbed others here, but a mysterious figure in black suddenly appeared and killed them in an instant.

Hence, the force behind the secret market is even more terrifying than imagined.

Xu Nian's gaze started wandering around.

Upon seeing it, Xu Nian was immediately astonished.

Things sold in this secret market are indeed more precious than those outside.

Some Mid-grade Immortal Artifacts, even Top-Grade Immortal Artifacts, Mid-grade Immortal Talismans, etc., were just casually placed on stalls.

And there were quite a lot of them.

Next, Xu Nian and Li Tian strolled around, and Li Tian, who hadn't made a move, finally acted.

He bought ten Mid-grade Immortal Talismans, four Top-Grade Immortal Talismans, and two Top-Grade Immortal Arrays.

Truly rich and powerful.

Xu Nian, however, didn't make further purchases.

He didn't need Mid-grade Immortal Talismans; he had a Mid-grade Sword Array and an Immortal Level Puppet.

Below the Luoxian, no one could hurt him.

Mid-grade Immortal Talismans were meaningless to him.

As for Top-Grade Immortal Talismans, he couldn't afford them without selling another Top-grade Immortal Artifact.

But Xu Nian didn't do so because he wasn't very familiar with Li Tian yet.

If he took out another Top-grade Immortal Artifact, it would certainly arouse the other's suspicion.

Matters regarding the Immortal Treasure must be approached cautiously.

"Boy, go to the stall on the left and buy that purple stone in the corner."

Suddenly, the voice of Emperor Ye Tian echoed in his mind.

"Huh? A stone?" Xu Nian looked at the stone.

He noticed the stone was crystal-clear purple, with purple liquid seemingly flowing inside.

A not-weak Immortal Essence Wave emanating from it.

Other than that, nothing special.

"This is called the Purple Blood Crystal, transformed from the essence blood of the Purple Lightning Proud Dragon, ranked second among the Nine Great Ancestor Dragons. If you absorb this bloodline, not only will your strength be enhanced, but your Dragon Energy can undergo a tremendous transformation," Emperor Ye Tian explained.

"The essence blood of the Purple Lightning Proud Dragon?" Xu Nian was shocked internally.

Since he broke through to the Heavenly Immortal, ordinary Dragon Clan bloodlines were no longer useful to him.

Now he could directly obtain the Ancestor Dragon Bloodline.

That would be an immense help to him.

Moreover, it's a Dragon Clan bloodline he hadn't absorbed before.

This way, his Dragon Energy can again become functional.

In the future, when the Nine Dragons Supreme Body reaches Great Success, it will definitely be an unparalleled existence.

Buy it!

Definitely buy it!

Xu Nian directly walked to that stall and picked up the Purple Blood Crystal.

"Immortal Master, how much for this stone?" Xu Nian asked.

"Ten Top-grade Immortal Essence Stones." The seller was a middle-aged man with a very cold demeanor, giving Xu Nian no room for bargaining.

Apparently, he wasn't ignorant about the item.

Even though he didn't know what it was, just the Immortal Essence Wave from it wasn't less than a Top-grade Immortal Essence Stone, so the price was naturally high.

"Brother Xu, are you buying this?" Li Tian curiously looked at Xu Nian.

"Yes, it's somewhat useful to me," Xu Nian replied.

Li Tian nodded without asking further.

Xu Nian directly took out ten Top-grade Immortal Essence Stones and threw them to the cold middle-aged man.

"Wait, I want this stone, I'm offering fifteen Immortal Essence Stones."

Just as Xu Nian was about to pay, a voice interrupted his action.

A woman tossed fifteen Top-grade Immortal Essence Stones over.

Xu Nian frowned and looked at the newcomer.

The woman had a decent appearance but exuded a cold and proud aura.

As for her Cultivation, it was unclear.

Behind her was a very indifferent middle-aged man.

The middle-aged man gave Xu Nian a terrifying feeling.

Xu Nian was certain the middle-aged man was at least of the Luoxian Realm, potentially a Golden Immortal.

This greatly displeased Xu Nian.

But presently, he couldn't afford to offend such experts.

"Forget it!" Xu Nian stood up, ready to leave.

"Do you still want to buy it, ten Top-grade Immortal Essence Stones, if you buy it, the stone is yours."

At this moment, the stall owner suddenly spoke to Xu Nian.

This surprised Xu Nian!

"You!"

The woman immediately glared at the stall owner.

The stall owner wasn't intimidated, coldly saying, "That's the rule in the secret market, first come, first served."

Chapter 1354: Purple Lightning Proud Dragon Bloodline

Xu Nian was a bit surprised, but there was still a trace of joy in his heart.

He was naturally unwilling to give up this Purple Crystal Stone.

Now hearing the stall owner say this, he without hesitation handed over ten Top-grade Spirit Stones, exchanging them for that Purple Crystal Stone.

"Stop, sell that Purple Crystal Stone in your hand to me, I'll give you twenty Top-grade Immortal Essence Stones." The woman blocked Xu Nian's path, speaking in a commanding tone.

"I'm not selling." Xu Nian firmly refused.

This is the Purple Lightning Proud Dragon's essence blood, for him, its value is far more than just twenty Top-grade Immortal Essence Stones.

An Ancestor Dragon Bloodline can enhance his cultivation talent.

"Twenty is not enough? I'll offer thirty." The woman continued arrogantly.

"I won't sell it for any amount." Xu Nian frowned.

After speaking, he prepared to leave again.

"Stop, don't refuse a toast only to be forced to drink a forfeit, fifty Top-grade Immortal Essence Stones, that's my bottom line, otherwise, it's very possible that stepping out of Tianjian City will be a dead end for you." The woman said coldly.

Xu Nian tightly furrowed his brows.

Turned and walked away.

"I don't care what your identity is, this thing is useful to me, no matter how much you offer, I won't sell." Xu Nian said.

Previously, he chose to compromise, not wanting to waste more words with the woman.

But now that this thing was already in his hands.

He naturally couldn't let go of it.

"Very well, I will remember you. Dare to refuse me, I'll make you regret it." The arrogant woman said coldly.

Xu Nian did not look back and returned to the inn with Li Tian.

"Brother Xu, why weren't you willing to part with that stone for that woman?" Li Tian asked with a smile.

"Brother Li, to be honest, this stone does indeed have a certain use for me. Perhaps for others, it may not be worth fifty Top-grade Immortal Essence Stones, but for me, I wouldn't sell it for even a hundred Immortal Essence Stones." Xu Nian said.

Li Tian nodded and did not ask further.

After all, everyone has their own secrets, just like he does.

"Brother Xu, then you must be careful, if I'm not mistaken, that woman should be from the Tianjian Sect, and her status is not low. Although she conceals it well, her sharp aura cannot be hidden." Li Tian laughed.

"Tianjian Sect?" Xu Nian frowned.

Looks like he guessed correctly.

This woman is indeed quite an extraordinary character.

"The attendant by her side is a Luoxian Realm expert?" Xu Nian asked.

"Yes, Peak of Luoxian, a terrifying existence with one foot stepping into the Golden Immortal level." Li Tian nodded.

Xu Nian was surprised.

To have a Luoxian Realm expert as an attendant, that person must have an extremely extraordinary identity.

Moreover, the woman's own strength is probably already at the Peak of the Profound Immortal level.

"Thank you, Brother Li, for the warning." Xu Nian expressed gratitude.

"No need to mention it, since Brother Xu already knows, I won't disturb you anymore. Let's meet again in five days." Li Tian said with a laugh.

Xu Nian nodded.

It seems Li Tian is really smart, knowing he plans to close off for cultivation.

Indeed, Xu Nian intends to take these few days to devour the Purple Lightning Proud Dragon Essence Blood.

After Li Tian took his leave, Xu Nian set up a restriction in his room.

Then directly entered the second layer of the Chaos Divine Palace.

The flow rate of this second layer is a hundred times that of the outside world.

Meaning Xu Nian has five hundred days of time.

This time is enough for him to absorb the Purple Lightning Proud Dragon Essence Blood.

Xu Nian first used a Top-grade Immortal Artifact to split open the Crystal Stone.

As the Crystal Stone split open, a dense Dragon Clan aura burst out.

Violet essence blood transformed into a violet Thunder Dragon flying wildly in the Chaos Divine Palace, extremely fast.

Not at all inferior to the full-flight speed of a Luoxian Realm expert.

"This should be the essence blood of a Golden Immortal level Purple Lightning Proud Dragon, and should be the maximum you can absorb."

The figure of Emperor Ye Tian appeared by Xu Nian's side.

Xu Nian's eyes were scorching hot.

Controlling the Space Power of the Chaos Divine Palace, he directly bound the violet essence blood.

Then sat cross-legged, adjusted to the optimal state, and started to devour the essence blood.

Once the essence blood entered his body, a surge of overwhelming Thunderclap Power instantly permeated Xu Nian's entire body.

Making Xu Nian's body go numb.

The terrifying power frantically rampaged throughout Xu Nian's body.

A force even directly rushed towards the Dantian.

Seemingly wanting to destroy Xu Nian's Immortal Embryo.

Wherever it passed, the meridians were torn apart.

The intense pain caused Xu Nian to occasionally grunt.

"Silence for me!"

Xu Nian shouted.

Controlling the true essence within to press against the power of the violet essence blood.

The two forces continuously clashed, using Xu Nian's body as a battlefield.

Making Xu Nian suffer immensely.

Fortunately, after a month-long struggle, Xu Nian finally managed to control the force.

Then utilized this Bloodline Power to open one of the Nine Dragons Meridians within his body.

This process was also very long.

Ultimately, after more than a hundred days of opening it.

Xu Nian finally successfully opened that meridian.

A surge of overwhelming violet Qi blood circulated throughout his body, converging into Xu Nian's meridians and Dantian.

At this moment, Xu Nian's physical strength and cultivation were rapidly improving.

The energy contained within the essence blood of a Golden Immortal is incredibly terrifying, far from beneath the Immortal Embryo of the Peak of Profound Immortal level.

The Chaos Green Lotus Seed within Xu Nian's Dantian was also frantically devouring this power.

After a month's absorption.

The Chaos Green Lotus Seed grew another inch.

"Buzz!"

The aura on Xu Nian's body was instantly greatly enhanced, immeasurably vast.

Mid-stage Profound Immortal?

"Did I break through again?" Xu Nian was delighted in his heart.

This Purple Lightning Proud Dragon Essence Blood, actually elevated his cultivation by a rank.

Truly unbelievable.

But what made Xu Nian happiest was the additional strand of violet Qi in his Ancestor Dragon Bloodline.

At this moment, the Ancestor Dragon Bloodline already had seven kinds of Bloodline Qi.

Among them, this violet Qi was the thickest and strongest.

"I wonder what kind of Dragon Transformation will occur when I activate this Ancestor Dragon Qi." Xu Nian contemplated to himself.

Immediately, he began to attempt, activating the Ancestor Dragon Bloodline.

The seven kinds of Ancestor Qi fused, instantly rushing into Xu Nian's bloodline.

In the next moment, Xu Nian's body began to undergo earth-shattering changes.

Exquisitely beautiful violet dragon scales began to grow on his body.

The dragon scales were indestructible.

Comparable to a Top-grade Immortal Artifact.

Besides this, huge wings grew from Xu Nian's back.

Amidst the wings, violet thunder clung.

Those sharp dragon claws seemed to easily tear through Mid-grade Immortal Armor.

"Such a powerful Dragon Transformation State, far stronger than before, and my speed has increased several-fold." Xu Nian said, delighted by his current state.

At this moment, his strength was likely comparable to the Luoxian Early Stage.

Even without Dragon Transformation, his strength was already comparable to an immortal at the Peak of Profound Immortal Realm.

Of course, there's still some distance from a Sword Immortal at the Peak of Profound Immortal level.

After Dragon Transformation, he should be able to defeat them.

Next, Xu Nian did not rush to leave the Chaos Divine Palace.

Instead, he began to get familiar with his own power.

Even after devouring the Qingxuan Sect Master's Immortal Embryo, Xu Nian finally chose to leave.

At this moment, his cultivation had already reached the pinnacle of Mid-stage Profound Immortal.

One could say, Xu Nian's strength had taken yet another significant leap forward.

Chapter 1355: Drunken Immortal Building

When Xu Nian walked out of the Chaos Divine Palace, five days had passed in the outside world.

"Oh, Brother Xu, did your cultivation break through?"

Li Tian saw that Xu Nian's cultivation had unexpectedly reached the Mid-stage Profound Immortal and immediately showed a look of surprise.

Fortunately, he didn't know that Xu Nian had just broken through to the Early-stage Profound Immortal not long ago.

If he had known, he would have been scared to death.

After all, in the Immortal Realm, it usually takes a normal immortal at least ten years to progress from Early-stage Profound Immortal to Mid-stage Profound Immortal.

And that's under the condition of having a sufficient supply of pills and Immortal Essence Stones.

Of course, some geniuses from powerful backgrounds can achieve breakthroughs in a short time using Immortal Liquid and Immortal Marrow.

But such cases are few.

"Yes, I was lucky enough to break through," Xu Nian said with a smile.

He didn't explain much more.

Li Tian didn't delve into it, assuming that Xu Nian had accumulated for several years and finally managed to break through.

"Let's go, Brother Xu, the people for our transaction have arrived, let's head to the Drunken Immortal Building," Li Tian suddenly said with a mysterious smile.

"Drunken Immortal Building? Is it a restaurant?" Xu Nian asked with some surprise.

Because the smile on Li Tian's face seemed rather sinister.

"Haha, Brother Xu, you sure are smart. This Drunken Immortal Building is not a restaurant; it's a place of romantic encounters, and the fairies inside are extraordinarily beautiful," Li Tian said with a wicked grin.

Xu Nian looked helpless.

He didn't expect there to be places similar to brothels in the Immortal Realm.

Except, here the women were not ordinary mortal women; they were fairies whose cultivation had reached the Heavenly Immortal level.

Even immortals cannot escape worldly desires, it seems.

"Brother Xu, you have to admit, the women of the Drunken Immortal Building are something else. The Heavenly Immortal women here are delightful, but if you can be with a Profound Immortal, the experience is incomparable. It's said that their Oiran is at the Luoxian Realm, and spending a night with her is beyond the realm of ordinary pleasure," Li Tian's expression became more and more mischievous.

Xu Nian was taken aback.

The Luoxian Realm?

"Can a Profound Immortal go to a brothel and sleep with a Luoxian?" Xu Nian asked.

"Of course, as long as you're willing to pay the price. Of course, a Luoxian's price is likely sky-high," Li Tian said, already tipsy before drinking.

Xu Nian was both amused and exasperated.

Indeed!

If a Heavenly Immortal or Profound Immortal went to a brothel and got service from a Luoxian.

That feeling indeed cannot be matched by those of lower cultivation.

To put it simply, it's about satisfying a man's desire to conquer.

The higher a woman's cultivation, the stronger the feeling of conquest.

After breaking through to the Heavenly Immortal Realm, one could be reborn and consolidate an Immortal Body.

There isn't a single woman who looks bad.

Therefore, the gap in temperament brought about by the level of cultivation becomes the standard for distinguishing these women.

"Let's go. If the transaction goes well today, I'm not sure about a Luoxian, but I can certainly afford a Profound Immortal," Li Tian said, patting his chest.

Xu Nian shook his head, amused.

Nevertheless, he followed Li Tian to the Drunken Immortal Building.

The Drunken Immortal Building was much more impressive than brothels in the Mortal World. It wasn't just a closed building with rooms.

Instead, it was a series of small houses built around a lake.

The surface of the lake was vast and boundless.

From time to time, fairies danced gracefully on the lake.

The sound of silken bamboo instruments was endless, and the fragrance of alcohol filled the air.

It was just like the legendary Heavenly Palace.

"What do you think, Brother Xu, wasn't it worth coming here?" Li Tian and Xu Nian were led to a small house.

The two sat facing each other.

Xu Nian smiled, looking at the fairies on the lake.

These fairies would dance on the lake upon their appearance; if a guest took a liking to one, they would send a Qiankun Bag flying out.

If the fairy accepted the Qiankun Bag, she would fly to the guest's house.

If she declined, she would return the Qiankun Bag and continue dancing, waiting for the next bidding guest.

"It's just starting now, and those coming out are Heavenly Immortals. Wait a bit for the Profound Immortals to appear, Brother Xu. Want to pick one? My treat," Li Tian laughed.

"Uh? Brother Li, didn't you say to wait until the transaction is successful before choosing?" Xu Nian asked curiously.

"Oh, come on, do you think I'm that stingy?" Li Tian retorted immediately.

Xu Nian chuckled.

This Li Tian probably couldn't hold back himself.

Soon, it was the Profound Immortals' turn to appear.

Only to see an absolutely stunning woman in a blue immortal skirt gliding out, dancing gracefully.

She even caused the lake water to swirl around her.

As she danced, the water transformed into brilliant petals blooming.

"Mid-stage Profound Immortal?" Xu Nian was a bit surprised.

Is there really a woman at the Profound Immortal Realm willing to do such things?

In the so-called Qingxuan Sect, a Profound Immortal Realm cultivator is already an elder.

"This one is good, Water Attribute, perfect," Li Tian laughed immediately.

Then he threw out a Qiankun Bag.

Along with him, several others from different small houses did the same.

"So they have preferences by attribute too?" Xu Nian asked curiously.

"Of course. A Water Attribute, soft and gentle. If you encounter a Fire Attribute, the temper is likely to be fiery, and you might not be able to handle it," Li Tian laughed.

Xu Nian was taken aback.

So there were these subtleties too.

Xu Nian watched the woman in the center of the lake.

She gathered all the Qiankun Bags in front of her and checked them one by one.

Then she returned the others, keeping only one Qiankun Bag.

Finally, she flew towards Li Tian.

No mistake, the one she chose was indeed Li Tian's Qiankun Bag.

Xu Nian was somewhat curious about how much Li Tian had offered.

"Lan Xin'er greets the two young masters," the woman lightly bowed and greeted the pair.

"No need for formalities," Li Tian said with a smile.

Then he turned to Xu Nian, "Brother Xu, want me to let you have her?"

"No, no, a gentleman does not take what others fancy," Xu Nian smiled.

"Haha, then Brother Xu just wait a bit longer, and you can pick freely later," Li Tian laughed, then waved at Lan Xin'er.

Lan Xin'er, being quite clever, sat down beside Li Tian and began pouring wine for him.

Li Tian, without any reservation, put his arm around Lan Xin'er's slender waist and drank merrily.

Xu Nian felt a bit awkward.

Then more Profound Immortal Realm women made their appearance.

These women were all stunningly beautiful, with exceptional temperaments.

Attracting quite a fierce competition among the guests around.

Li Tian asked several times, but Xu Nian showed no sign of interest.

After all, he truly didn't feel moved.

Soon, more than a dozen Profound Immortal women were all chosen.

"Ladies and gentlemen, next, one of our building's oirans, Fairy Mu Yan, will make her appearance. You all know that Fairy Mu Yan has always been about performing, not accompanying, but tonight is different. Fairy Mu Yan will choose one esteemed guest to serve for free for one night. This is Fairy Mu Yan's first time receiving a guest, let's see who will win her favor," the voice of the brothel's madam announced.

With these words, the whole place seemed to explode.

Fairy Mu Yan serving for free for a night?

This was a huge opportunity!

It's known that someone once offered a thousand top-grade Immortal Essence Stones for her but couldn't succeed.

But now she's going to serve for free?

Even Li Tian beside him was shocked, looking eager and ready to try his luck.

Xu Nian was both amused and helpless.

Seeing all the excited customers, his eyes wide open.

A Luoxian Realm fairy serving for free for a night, indeed an irresistible allure.

Chapter 1356: Whom Will the Flower Choose

"Ladies and gentlemen, please welcome Fairy Mu Yan to the stage."

With the bawd's call.

The entire room erupted in cheers.

Then a figure appeared, walking step by step across the lake's surface.

Her jade-like feet were incredibly smooth, each step on the water's surface causing a lotus to bloom, exceptionally beautiful and enchanting.

"Damn, the Wood Attribute Law? That's amazing!" Li Tian exclaimed.

"Oh? What's so special about the Wood Attribute Law?" Xu Nian asked with a smile.

This Li Tian's research into the attributes of women was indeed very deep.

"Brother Xu, you wouldn't understand. The Wood Attribute represents vitality, and it's extremely rare. Women with this attribute tend to exude the fragrance of a hundred flowers, they're the best of the best." Li Tian replied with a smile.

Xu Nian couldn't help but laugh.

However, looking at the woman in the lake, he admitted she was quite breathtaking.

Indeed, the woman's natural beauty in the lake was impeccable, a face that could overthrow a kingdom.

Her figure was astonishing, with a willow-thin waist and long jade-like legs, a perfectly proportioned body.

What surprised Xu Nian the most was her aura.

With each step, the scene of blooming flowers all around her, her entire presence exuded the breath of nature's revival.

Like a Fairy Maiden of a hundred flowers, uniquely magnificent.

Xu Nian couldn't see through her cultivation, which clearly indicated her strength had reached the Luoxian Realm.

"Ah, truly worthy of being Fairy Mu Yan, such beauty and aura, truly deserving of being the oiran."

"Indeed, and it's her first time receiving guests, and she's even doing it for free. Whoever gets lucky today!"

"The first time receiving guests naturally requires choosing someone she likes. This is the rule of the Drunken Immortal Building, and also a sign of respect to these women."

...

Everyone was discussing it animatedly.

Hearing this, Xu Nian felt a surge of emotions.

It turned out the Drunken Immortal Building had such a rule, indicating that these women weren't forced, but volunteered.

All around, the guests sat in their private booths, hoping that Fairy Mu Yan would look their way.

"This young woman, Mu Yan, greets the honored guests." Mu Yan slightly bowed.

"Fairy Mu Yan, you're too kind. What is the standard for your selection?" an impatient voice emerged from the crowd.

Mu Yan smiled gently, saying, "Honored guests, since today is my first time receiving guests, the selection standard will not be determined by price. I have here a Mist Shadow Immortal Grass, and you may all try to catch it. Whoever manages to catch it, I will accompany them tonight."

"Mist Shadow Immortal Grass? Is it that simple?" someone immediately asked.

"Simple? Don't you know what Mist Shadow Immortal Grass is? It's also known as Mist Shadow Ghost Grass, capable of creating countless clones, even a Golden Immortal might not distinguish its true form. Catching it is easier said than done!" someone immediately refuted.

"Fairy Mu Yan, may we use Immortal Artifacts, Immortal Talismans, or Formations?" Li Tian asked with a grin.

"You may, as long as the gentleman is willing." Mu Yan replied confidently with a smile.

"I may not have much else, but I do have an abundance of treasures." Li Tian laughed.

Mu Yan smiled softly and did not respond further to Li Tian.

Li Tian appeared eager to try.

Xu Nian, however, calmly sipped his tea, without any intent to catch the Immortal Grass.

"If that's the case, let's begin." With a wave of her hand, Mu Yan released a bound Immortal Grass onto the lake surface.

As Mu Yan released her Immortal Essence, the Immortal Grass immediately became lively.

It transformed into a swift stream of light, darting crazily around the area.

If not for the restrictions set up earlier, it would have already dashed out.

Initially, the guests were reserved, not moving their bodies, but instead trying to use their Immortal Essence to restrain the Immortal Grass.

However, the Immortal Grass was too fast and agile, easily avoiding their Immortal Essence constraints.

So the guests dispensed with any reservations and unleashed their Immortal Artifacts.

Immortal Cauldrons and Immortal Gourds—all sorts of strange Immortal Treasures appeared in the air.

Continually attacking the Immortal Grass.

However, each time they attacked, the Immortal Grass merely flickered into dozens of figures.

Their attacks at best hit its clones, never managing to capture its true form.

Some even directly jumped in to catch it, even using Flying Immortal Artifacts.

Yet they still couldn't match the Immortal Grass's speed.

Li Tian did not hesitate and threw two Mid-grade Immortal Talismans.

Unfortunately, they both missed.

Which left him a little disappointed.

As for Top Grade Immortal Talismans, even he was reluctant to spend them on this.

Xu Nian did not participate in the scramble.

He continued to sip his tea, watching the spectacle unfold.

Fairy Mu Yan stood on the lake, observing the immortals in pursuit, while her eyes wandered around.

Very soon, she noticed Xu Nian sitting calmly.

Though many were sitting, most had their eyes locked onto the Immortal Grass, seeking the optimal timing to act.

Only Xu Nian, with an air of casual amusement, stood out.

This piqued Mu Yan's curiosity.

The competition continued fiercely.

As the Immortal Grass darted across Xu Nian's vicinity, it suddenly stopped, then unexpectedly dashed into Xu Nian's embrace.

This scene caught everyone by surprise.

What was the Immortal Grass trying to do?

Even Xu Nian was a bit astonished.

He tried to mobilize his Immortal Essence to fend off the Immortal Grass.

Nonetheless, he was still a step too slow, as the Immortal Grass had already nestled into his arms.

Beside him, Mu Yan was momentarily shocked at this scene, then appeared lost in thought.

"Kid, hand over the Immortal Grass."

Someone landed in front of Xu Nian, threatening him.

"Hmph, I'd like to see who dares touch my Brother Xu Nian." Li Tian snorted coldly, then took out a golden token.

The moment this token appeared, the other party's expression shifted dramatically.

"Apologies!"

With a quick apology, he turned and left.

The spectators who had initially expected an imminent fight looked on curiously.

What could that man have seen to be so scared off?

Xu Nian was equally taken aback.

"Congratulations, Brother Xu, on winning the oiran!" Li Tian laughed, offering his congratulations.

"Uh? I didn't exactly grab it; it came to me on its own." Xu Nian said, looking at the small Immortal Grass creature nuzzling in his arms, both amused and bewildered.

What was going on here?

"Since the young master has obtained the Immortal Grass, then tonight I shall belong to the young master. Does the young master dislike me?" Mu Yan floated over.

"Not at all..." Xu Nian replied.

"Good!" However, before Xu Nian could finish, Mu Yan had already spun around and collapsed directly into Xu Nian's arms.

Xu Nian hurriedly caught her, looking at the beauty before him, wearing an awkward expression.

"Haha, I always knew Brother Xu was extraordinary. Indeed, having a brother who wins the favor of the oiran will be something I boast about for a long time." Li Tian laughed heartily.

Upon hearing this, Xu Nian looked even more helpless.

"Master, have a drink, I offer you a toast." Mu Yan smiled, picking up a glass of wine and bringing it to Xu Nian's lips.

Xu Nian, helplessly, had to drink the wine.

Considering the person lying in his arms was at the Luoxian Realm.

If she wanted to kill him, it would be easy as pie.

Chapter 1357: The Tianjian Sect Eldest Young Master

"Young master seems quite tense?"

Mu Yan sat down next to Xu Nian, looking at him with enchanting eyes like hooks.

She seemed very interested in Xu Nian.

"Haha, Brother Xu, could it be that you've never been with a woman?" Li Tian teased with a laugh from across.

Xu Nian was both amused and annoyed.

How could he never have been with a woman? It's just that encountering an oiran at the Luoxian Realm level made him a bit cautious.

"Don't worry, young master, tonight I'm just a woman in front of you, not some fairy from the Luoxian Realm." Mu Yan smiled enchantingly, leaning directly into Xu Nian's arms.

Xu Nian immediately came into contact with her smooth, delicate skin.

One must admit, Mu Yan was indeed a rare beauty.

Coupled with her Luoxian Realm aura, any man would have thoughts of conquest.

However, Xu Nian still felt something was amiss.

Of course, it wasn't that he was indifferent, after all, a fleeting moment of indulgence is just that — fleeting. What else is there?

But the fact that Mu Yan agreed to receive a guest and sought him out seemed a bit strange.

So Xu Nian thought it wise to be cautious.

"Brother Li, why haven't the guests you invited arrived?" Xu Nian changed the subject.

"Haha, Brother Xu, don't worry, they'll be here soon." Li Tian laughed heartily.

Sure enough, it wasn't long before a young man walked over.

The newcomer had an appearance of carefree arrogance.

He was obviously a scion of a powerful faction.

The other side's strength was not low; they were all Sword Immortals at the peak of the Profound Immortal level.

"Li Tian, I didn't expect you to actually come, and at the Drunken Immortal Building no less. It seems you're quite well-off these days," the leading youth laughed, his eyes tinged with disdain.

Naturally, his gaze also swept over Xu Nian intentionally or unintentionally, finally settling on Mu Yan.

His eyes lit up, clearly amazed.

"Haha, if I didn't have money, how would I dare to make deals with you?" Li Tian laughed heartily, unfazed by the other's aura.

"Enough nonsense, do you want this top-grade Immortal Talisman or not? A hundred drops of Immortal Marrow, take it or leave it," the other said directly.

"A hundred drops of Immortal Marrow? Jin Yu, that's too high a price," Li Tian sneered.

A hundred drops of Immortal Marrow is equivalent to a hundred thousand top-grade Immortal Essence Stones.

That could buy a large mansion in Tianjian City.

Generally, the price of top-grade Immortal Artifacts is only a few hundred top-grade Immortal Essence Stones.

The price of a top-grade Immortal Talisman is ten times that of top-grade Immortal Artifacts, at most a few thousand, or tens of thousands.

A hundred thousand is really too high.

Upon hearing this price, Mu Yan also showed an astonished expression.

"This is the top of the top-grade Immortal Talismans and extremely rare, so the price cannot be measured by the ordinary ten times value of top-grade Immortal Artifacts, thus a hundred drops of Immortal Marrow is quite fair," Jin Yu said with a sneer.

"Fifty drops!" Li Tian countered.

"Ninety!"

"Sixty!"

"Eighty!"

"Seventy!"

"Deal!"

Li Tian finally secured the top-grade Immortal Talisman for seventy drops of Immortal Marrow.

Seventy drops of First Rank Immortal Marrow, which is seven thousand top-grade Immortal Essence Stones.

The price can be considered quite high.

Immortal Marrow is the best cultivation resource for immortals, and its cultivation effect is many times better than that of top-grade Spirit Stones.

So in the Immortal Realm, Immortal Marrow can also be used as currency for transactions.

Xu Nian previously had more than a hundred drops of Immortal Marrow, but they had all been consumed by it.

Now he found that the First Rank Immortal Marrow was no longer useful to him, as the Chaos Green Lotus was truly extraordinary.

"Jin Yu, after taking so much Immortal Marrow, shouldn't you treat us?" Li Tian joked.

"Hmph, already selling you a top-grade Immortal Talisman for seventy drops of First Rank Immortal Marrow is a loss, and you want me to treat?" Jin Yu snorted coldly.

"Haha, I knew you were stingy. Come, let me introduce you. This is my brother Xu Nian. How about it, my brother Xu Nian managed to win the oiran, Fairy Mu Yan, tonight," Li Tian introduced with a smile.

"Oh? I was curious just now, who had the capability to win Fairy Mu Yan. May I ask which faction Brother Xu is from? Under which master are you studying?" Jin Yu asked politely.

"I am merely a loose cultivator, temporarily without a master," Xu Nian smiled.

He concealed the fact that he had been accepted as a disciple by the Immortal Emperor of Shendang Mountain.

After all, he had not yet reported to Shendang Mountain.

"A loose cultivator?" Jin Yu was a bit surprised and then turned to Li Tian.

"Haha, Brother Xu Nian is indeed a loose cultivator, but Brother Xu Nian is very powerful. When I first saw him, I felt he was extraordinary," Li Tian laughed.

"Oh? Did you use your hometown's Observation Qi Technique?" Jin Yu asked in surprise.

Observation Qi Technique?

Xu Nian was also a bit surprised.

So Li Tian approached him not simply to put up a front, but for other reasons.

Of course, this was something he had long suspected.

After all, walking along the way, Xu Nian found that with Li Tian's mysterious identity, there was no need for someone to protect him.

"Haha, you guessed right, Brother Xu. Now that it's out, I won't hide it from you. I used the Observation Qi Technique on you, which is a secret technique from our hometown for observing others' fortune. Do you know what I saw?" Li Tian laughed.

These words made everyone curious about Li Tian.

Even Mu Yan and the fairy beside Li Tian showed expressions of curiosity.

"Red Qi?" Jin Yu guessed.

Li Tian shook his head: "Purple Gold Energy!"

"What? Purple Gold Energy?" Jin Yu immediately inhaled sharply.

Mu Yan was also shocked, giving Xu Nian a deep look.

Xu Nian was puzzled.

What does Purple Gold Energy mean?

What does Red Qi signify?

"Brother Xu may not know, our family's Observation Qi Technique is divided into six types: black qi, blue qi, red qi, purple qi, gold qi, and purple gold qi."

The further they are, the higher the person's future achievements.

Our ancestors once observed an Immortal Emperor, who only had purple qi above his head.

Even the once-in-a-millennium peerless genius Immortal Emperor only had a wisp of gold qi born from purple qi.

But you have pure Purple Gold Energy.

This is a miracle that has never appeared in the history of our family.

So from the beginning, I intended to befriend you."

Xu Nian understood.

This was the reason Li Tian befriended him from the start.

"I am Jin Yu from the Tianjian Sect, my father is the Sect Leader of Tianjian Sect. May I ask if Brother Xu would like to join our Tianjian Sect?" Jin Yu asked at once.

"Hmph, Jin Yu, you have quite a plan. Brother Xu, if you join the Tianjian Sect, why not join my family's faction instead?" Li Tian said immediately.

Xu Nian couldn't help but laugh.

He just didn't expect that the person in front of him, Jin Yu, was actually the son of the Sect Leader of Tianjian Sect.

With such an identity, even in the Immortal Realm, he could walk horizontally.

"I apologize to both of you. I have actually already joined a faction, but I haven't reported to the faction yet, so I said I'm without any affiliations," Xu Nian replied.

"That's really a pity, but Brother Xu, I've definitely made you a friend. In the future, if you encounter any difficulties, feel free to tell me. This is my Communication Immortal Talisman seal," Jin Yu said with a smile.

"Alright, thank you, Brother Jin," Xu Nian smiled.

Being able to befriend the son of the Sect Leader of Tianjian Sect, he was naturally more than happy.

After some conversation, Jin Yu left.

And Li Tian also took the fairy to the next room.

Xu Nian was left to himself.

Chapter 1358: Mu Yan's Thoughts

"Mr. Xu, shall I serve you to bed?"

Mu Yan said with a smile.

After speaking, she walked to Xu Nian's side and began to untie his belt.

"Wait a moment, Fairy Mu Yan, I have a question for you." Xu Nian quickly took a step back and asked.

"Please ask, young master." Mu Yan smiled and said, while undoing her hairpin.

Her long, black, and beautiful hair flowed down, indescribably alluring.

Xu Nian couldn't help but swallow a mouthful of saliva.

Looking at the beautiful woman in front of him, he said, "Fairy Mu Yan, you intentionally chose me, didn't you? I wonder why?"

"I found you handsome and grew fond of you, so naturally, I chose you," Mu Yan replied with a smile.

But Xu Nian shook his head. He wouldn't believe such nonsense.

Having reached the Immortal Realm, outward appearances had lost their importance.

How could Mu Yan be attracted to him merely because of his looks?

Seeing Xu Nian's disbelief, Mu Yan chuckled and said, "Since that's the case, let me tell you the truth. It's the spiritual grass that chose you. You carry an overwhelmingly abundant vitality that we wood attribute cultivators regard as a treasure. So, when the spiritual grass saw you, it was drawn to you, and naturally, I am too."

"Abundant vitality?" Xu Nian suddenly thought of something.

Could it be because of the Seven-colored Bodhi Tree and that ancient tree in his Chaos Divine Palace?

Speaking of that ancient tree, Xu Nian hadn't attended to it since his ascension.

Now that he's on the second floor of the Chaos Divine Palace, he's successfully broken through to the Heavenly Immortal Realm, reaching its middle stage.

It could be said that Xu Nian is his benefactor.

And the Seven-colored Bodhi Tree has yet to develop spiritual wisdom; such divine trees don't mature overnight.

However, Xu Nian has cultivated beneath the Seven-colored Bodhi Tree for years, and gradually, he absorbed the intense life force of the divine tree.

Ordinary people can't detect it, but some immortal herbs and wood attribute cultivators can sense it.

"It seems I guessed correctly. Actually, my intentions aren't malicious. I'm cultivating the 'Grass and Wood Three-Life Technique'. This cultivation technique is extremely difficult to master and often hits bottlenecks. To break these bottlenecks, one needs to absorb a rich vitality, and the method of Dual Cultivation is the best way to absorb such wood attribute vitality. Naturally, absorbing the life force will have no effect on you, so please rest assured," Mu Yan said with a smile.

"Just because of wood attribute vitality?" Xu Nian asked, somewhat amused.

"Yes, immortal herbs and trees containing powerful vitality are extremely rare in the Immortal Realm, and even those are usually within the Nine Great Immortal Domains. As loose cultivators, it's quite difficult for us to obtain any," Mu Yan replied.

Xu Nian nodded slightly.

Mu Yan's words indeed made some sense.

For a Luoxian Realm expert like Mu Yan, the vitality required is enormous. Even top-grade immortal medicines might not fulfill her needs.

Thus, her method for achieving a breakthrough in her cultivation technique is understandable.

After reaching the Heavenly Immortal Realm, matters between men and women become less preoccupied, with the focus being on the pursuit of the Great Tao and eternal life.

"In that case, Fairy Mu Yan, there's no need for such measures. I have something here that might resolve your troubles." Upon saying this, Xu Nian produced a Seven-colored Bodhi Leaf.

The leaf, like glass, radiated intense vitality, with divine light flickering on its surface.

"Is this... the legendary divine tree... a Seven-colored Bodhi Leaf?"

Mu Yan gasped, her mouth wide open in shock, never expecting Xu Nian to possess such a precious treasure.

Such a leaf, let alone a top-grade immortal artifact, its value certainly rivals that of a top-grade immortal talisman.

Not to mention, the attribute on it for enlightenment alone would drive countless immortals wild.

It's too precious!

"Young master intends to give me this treasure?" Mu Yan asked in astonishment.

"Yes, since it's so useful to you, I'll give it to you," Xu Nian replied with a smile.

To him, it's just a leaf.

Although the Seven-colored Bodhi Tree isn't large, there are at least ten thousand leaves.

Previously, he even transformed those leaves into tea leaves to brew tea.

If Mu Yan knew, she would probably curse Xu Nian for wasting such treasures.

"Thank you so much, young master." Mu Yan said in shock.

Initially, she thought she'd merely absorb some of Xu Nian's life force, but now she actually received a leaf from a divine tree.

Thinking of this, Mu Yan sat down cross-legged without hesitation and began absorbing the vitality of the Seven-colored Divine Tree leaf.

As her cultivation technique circulated, the Seven-colored Bodhi Leaf transformed into endless vitality, enveloping Mu Yan.

Vital energy flowed and circulated around Mu Yan, emitting endless vigor.

The overwhelming vitality made Mu Yan feel an unprecedented sense of euphoria.

It took four full hours for Mu Yan to emerge from her cultivation.

Her cultivation had directly advanced from the Luoxian Realm Early Stage to the Middle Stage.

"I've broken through, this is wonderful," Mu Yan exclaimed excitedly.

Xu Nian smiled slightly.

He wasn't a benevolent person; he simply didn't want Mu Yan absorbing his life's vitality.

While absorbing it wouldn't affect him much, having that life force would bring him some benefits.

"Thank you, young master, for the precious gift. I have nothing to repay you with except my body,"

Fairy Mu Yan's eyes turned fervent as she looked at Xu Nian.

From their meeting last night to now, she increasingly felt that the young man before her was unfathomable.

Even though his cultivation might be significantly lower than hers.

One possessing Purple Gold Energy and the leaves of a divine tree must hold numerous secrets.

What startled Mu Yan the most was, even after her breakthrough to the Luoxian Middle Stage, she still felt the calmness in the young man's eyes as he looked at her.

If a conflict arose, she might not gain any advantage.

Thus, Mu Yan gave rise to the thought of befriending him.

Missing this opportunity might be something she'd regret forever.

"No need, Fairy Mu Yan. If you need more, I have three more leaves here, all for you," Xu Nian said with a smile.

He then took out three more leaves.

Mu Yan was once again astonished.

There were actually three more? And he was giving them away so casually?

This only strengthened Mu Yan's resolve.

"Young master, you are the first guest I've received. Naturally, I won't let this chance be wasted. The sky is almost bright, so let's go to bed. Rest assured, I won't absorb any of your life force," Mu Yan said with a smile.

Upon saying this, a hint of green flashed in her eyes.

In the next moment, Xu Nian began to feel a bit hot.

"This is..." Xu Nian was somewhat shocked.

"It's the specially prepared Love Flower Poison. Rest assured, once you sleep, the poison will dissipate," Mu Yan replied with a smile.

With that, she directly used her immortal essence to confine Xu Nian.

Then she removed her clothing, revealing her fair skin.

Finally, Mu Yan led Xu Nian to the bed.

Under Mu Yan's guidance, the Love Flower Poison fully erupted.

Xu Nian naturally couldn't withstand it, finally embracing Mu Yan fully.

After a torrential episode,

Mu Yan, the Luoxian Realm fairy, rested weakly, leaning against Xu Nian.

Chapter 1359: Dragon Snow Immortal Domain

"How was your sleep last night, Brother Xu Nian?"

As soon as Xu Nian stepped out of the private box, he found Li Tian already standing outside the room with a mischievous smile on his face.

Xu Nian smiled helplessly and changed the subject, "Brother Li, what are your plans next?"

"Haha, I'm planning to visit the Dragon Snow Immortal Domain. Brother Xu Nian, aren't you looking for the Taiqing Holy Water? Why not join me? If there's a place most likely to produce Taiqing Holy Water, it has to be the Dragon Snow Immortal Domain," laughed Li Tian.

"Dragon Snow Immortal Domain? What kind of place is that?" Xu Nian asked curiously.

"The Dragon Snow Immortal Domain is a famous forbidden zone in the Immortal Realm, situated in a crevice between the Tianjian Immortal Domain and Tianzun Mountain. It used to be a battlefield between immortals and demons where countless treasures were left behind. Typically, cultivators with a bit of bravery would venture there to test their luck. But it's also extremely perilous, with many Luoxian, Golden Immortal, and even Immortal King Level experts appearing there, as well as some ancient fierce beasts," Li Tian explained.

"Does Taiqing Holy Water really exist there?" Xu Nian asked in surprise.

"Someone obtained it from there once, but whether it still exists now, it's hard to say. If Brother Xu has the courage, you can try your luck," Li Tian suggested.

Xu Nian thought for a moment, then nodded.

No matter what, he must find Taiqing Holy Water to save Han Xiaoxiao.

So even a glimmer of hope is worth a try.

Since it once appeared there, it's worth risking an adventure.

"Alright, then I'll go to the Dragon Snow Immortal Domain with Brother Li Tian," Xu Nian agreed.

"Haha, I knew I wasn't wrong about you, Brother Xu, you have courage," Li Tian laughed.

Just then, Mu Yan walked out of the private box.

She had changed into a new dress.

Li Tian raised his eyebrows and instinctively stepped aside.

Leaving Xu Nian and Mu Yan alone.

"Mr. Xu, I heard you plan to go to the Dragon Snow Immortal Domain?" asked Mu Yan the fairy.

"Yes, I'm going to the Dragon Snow Immortal Domain to search for Taiqing Holy Water. Brother Li Tian said it might be there," Xu Nian replied gently to the woman who shared a night of intimacy with him.

Although last night Mu Yan forcibly insisted on dual cultivation with him, once sober, he didn't spare her either.

Thus, he felt somewhat differently about Mu Yan.

Of course, in terms of emotions, it hadn't reached that point yet.

"Then you must be careful, Mr. Xu. The Dragon Snow Immortal Domain is fraught with danger. Brother Li Tian has special status and a powerful treasure for protection, but you should be extra cautious and avoid impulsiveness," Mu Yan advised.

"Thank you for the reminder, Fairy Mu Yan." Xu Nian nodded.

"You can simply call me Mu Yan, Mr. Xu. Moreover, after last night's events, I'll withdraw from the Drunken Immortal Building and no longer entertain guests. I'll focus on my cultivation. If you ever think of Mu Yan, you can find me in Cold Smoke City," Mu Yan smiled.

"Alright!" Xu Nian thought for a moment and nodded.

Mu Yan slightly bowed and then bid farewell.

Xu Nian didn't say much either.

With this departure, he wasn't sure when they would meet again.

As for whether Mu Yan would actually leave the Drunken Immortal Building, that's not something Xu Nian could inquire about.

...

Just as Xu Nian and Li Tian were preparing to go to the Dragon Snow Immortal Domain.

In a cave mansion at the edge of the Tianjian Immortal Domain.

An elder sat with authority inside, his face somber.

In front of him stood three middle-aged men, visibly anxious.

"Did you find the person I asked you to?"

The elder asked coldly.

"Elder, the person vanished after leaving Giant Sword City. We haven't been able to track his whereabouts," one of the middle-aged men said anxiously.

"Fools, all of you are useless," the elder erupted in fury.

The full might of the Luoxian Realm erupted at this moment.

His grandson was killed like this, yet they couldn't even find the murderer, how could he not be angry?

"Elder, disciple may have a method, though I'm not sure if it's feasible," one of the men stepped forward and spoke.

"Speak," the elder demanded harshly.

"Isn't Elder Yun from the sect proficient in divination? We could ask him to cast a spell and divine the whereabouts of that person," the man suggested.

"That old coot charges a fortune, but to avenge my grandson, there's no choice," the elder muttered thoughtfully.

With that, he headed directly to where Elder Yun was in the sect.

"Dragon Snow Immortal Domain?" Two days later, the elder left Elder Yun's residence.

He spent ten drops of Immortal Marrow just to get this divination.

Eventually, he learned that the killer of his grandson was in the Dragon Snow Immortal Domain.

The elder didn't hesitate, heading straight for the Dragon Snow Immortal Domain.

Of course, before leaving, he called upon an old confidant.

This time, he intended to kill this person himself, to appease his grandson's spirit in heaven.

Xu Nian was unaware that he was being targeted by two Luoxian experts.

At this moment, after several transmission arrays, he finally arrived at the so-called Dragon Snow Immortal Domain.

Looking at the desolate yet ancient land beside him, Xu Nian felt a bit astonished.

This land exudes an incredibly murderous aura.

Bloodiness!

Heavy!

Like the cries of ancient immortals.

According to Li Tian, every piece of land here was once stained with the blood of immortals or the demon clan, even Immortal Emperors and Demon Emperors have perished here.

That's why the sky over this world is gray and foggy, with a giant bloody moon hanging in the sky.

"This here is the outer edge of the Dragon Snow Immortal Domain, we are now at just one of its entrances. Here, Immortal Essence cannot be absorbed from the outside world and must rely on Immortal Stones, Immortal Liquid, or Immortal Marrow. Of course, the most critical thing is that here, Immortal Consciousness cannot extend too far," Li Tian explained.

"Immortal Consciousness can't extend too far?" Xu Nian exclaimed.

Quickly he tried to release his Immortal Consciousness.

But when Xu Nian discovered his Immortal Consciousness being severed by an invisible force after leaving him 100 meters, he was shocked.

"The place is infused with much Immortal Soul Power, so Immortal Consciousness faces obstruction. Forcing it to extend might lead to backlash from surrounding Immortal Soul Power, resulting in injury," Li Tian laughed.

Xu Nian nodded.

He had just felt it.

His Immortal Consciousness was severed by a force.

If he forcefully continued extending it, that force would attack his soul's body.

It's true that it's easy to be assaulted by this Immortal Soul Power.

"However, there is a fruit here called the Immortal Soul Fruit. Consuming it can enhance one's soul power. Brother Xu knows that cultivation enhancement requires the soul power to advance first. If cultivation breakthroughs surpass the limit of soul power, the Tao Heart might collapse, leading to doom by fire deviation," Li Tian grinned.

"So Brother Li came here precisely for this Immortal Soul Fruit?" Xu Nian joked.

As if he guessed Li Tian's intention.

"Yes, this Immortal Soul Fruit is indeed one of my objectives, but a more significant goal is to retrieve a lost precious treasure my family left here," Li Tian's face suddenly turned serious.

"Precious treasure?" Xu Nian expressed surprise.

"Yes, it's a very formidable Divine Artifact," Li Tian declared.

Divine Artifact?

Xu Nian was shocked.

Chapter 1360: Divine Wind Valley Dead Zone

"Brother Xu, you may not know, but our ancestor once received the inheritance from a powerful figure in the Divine World, acquiring a very powerful Divine Artifact named the Earth God Staff, which is a formidable Earth Attribute Divine Artifact. Unfortunately, it was lost in that celestial war."

Li Tian said.

Earth God Staff?

Could it be that Li Tian comes from the Earth Immortal Sect?

Xu Nian speculated in his heart.

However, Xu Nian didn't ask more questions, as among the Nine Great Immortal Domains, only the Earth Immortal Sect primarily focuses on Earth Attribute cultivation.

"Brother Xu, let's go now, heading towards Beiwang Mountain of the Dragon Snow Mountain Range. That's where that person once obtained the Taiqing Holy Water, but it takes nearly half a year to fly there from here." Li Tian said.

"Half a year? Even with a Flying Immortal Artifact, it takes that long?" Xu Nian asked in surprise.

"Yes, here we can only fly at low altitude. Flying high is akin to courting death. The cultivators here are fierce, and Hunting Immortals and Thief Immortals are particularly numerous, making anyone flying high an easy target since one can only rely on naked eye judgment here." Li Tian explained.

Xu Nian nodded.

The Immortal Realm is extremely harsh. Cultivation Resources here are far more precious than in the Mortal World.

Thus, the two of them drove their respective Flying Immortal Artifacts, heading in the direction Li Tian indicated.

It didn't take long before Xu Nian and Li Tian reached a valley.

The forbidden power of this valley seemed even more formidable.

Xu Nian's Immortal Consciousness could only extend ten meters away.

Upon entering the valley, Xu Nian immediately felt a powerful Soul Power permeating the surroundings.

The valley seemed filled with ancient souls' howls, sending chills down one's spine.

Within the valley, many places were punctuated with broken swords and blades.

There were also some skeletons weathered by sand and stones.

Typically, the bodies of Immortals remain imperishable for thousands of years.

But this isn't always the case.

Some Immortal Worms and Immortal Ants would still gnaw away at these bodies.

Over time, even these bodies would decay.

"These are the ancestors who participated in the celestial war, and their weapons have decayed." Li Tian remarked with emotion.

Xu Nian picked up a broken sword.

The broken sword dissolved with the wind.

Time had eroded them; even sturdy Immortal Artifacts succumbed to this fate.

"Most of the weapons here have been swept clean, leaving only some perilous areas still retaining treasures intact." Li Tian said.

"Perilous areas?" Xu Nian asked, slightly surprised.

"Yes, perilous areas. In the Dragon Snow Immortal Domain, there are many perilous areas. Do you see the lingering Immortal Soul Power around? Some places have them clustered, forming terrifying soul fields that consume one's own Soul Power if stepped into. Some places have residual Sword Qi from ancient battles; stepping in would shred you into pieces by the lingering Sword Qi of a hundred thousand years. Some are territories of Fierce Beasts, and without absolute strength, entering means becoming their meal." Li Tian explained.

Xu Nian immediately felt that the Dragon Snow Immortal Domain was filled with immense dangers.

It seemed that this Dragon Snow Immortal Domain was indeed not a place easy to venture into.

"Whoosh, whoosh, whoosh!"

At this moment, several breaking wind sounds came from afar.

Then, three figures landed in front of Xu Nian and Li Tian.

All newcomers appeared young, their eyes sharp and full of murderous intent.

Xu Nian and Li Tian also became vigilant.

"Gentlemen, we plan to venture into the perilous Divine Wind Valley, do you have any interest in joining us?" the leading man said.

This person's cultivation is not low, having already reached the Peak of Profound Immortal.

And the cultivation of the two men behind him had also reached Late-stage Profound Immortal.

"Divine Wind Valley's perilous area? That's the former battleground of the Divine Wind Sect, many Immortal Kings fell there. That place is filled with terrifying Wind Blade Sword Qi and Demon Clan miasma for years. Even Luoxian or Golden Immortals dare not tread there, you might just be courting death." Li Tian sneered.

"It seems that this Brother Tao is knowledgeable. Since that's the case, we won't hide it from you. We have a total of ten people, led by an early-stage Luoxian Realm expert from the Immortal Sovereign Hall, who possesses a top-tier Immortal Treasure called the Golden Light Pearl, capable of resisting the Demon Clan miasma and Wind Blade Sword Qi."

"The reason we're inviting you is that Divine Wind Valley houses a large number of Vajra Bees, and we need to form a twelve-person Immortal Golden Immortal Formation. Are you two willing to join? If so, we promise to give you twenty percent of the obtained treasures afterward." the leading man said, looking at Xu Nian and Li Tian.

"Alright, I agree," Li Tian thought for a moment and said.

Xu Nian didn't refuse either.

Since Li Tian agreed, it indicated that Divine Wind Valley was worth visiting.

"Brother Xu, the Divine Wind Valley is known as a rather famous perilous area within the Dragon Snow Immortal Domain, seldom visited before. The treasures inside should be numerous; perhaps there is the Taiqing Holy Water you need. However, don't get your hopes up too high." Li Tian sent a voice transmission.

"Alright, I also want to see what these perilous areas in the Dragon Snow Immortal Domain are like. As for finding the Holy Water, it can't be rushed. Yet, whether these people are trustworthy is also a concern." Xu Nian transmitted back.

"Haha, trust? That's naturally impossible to fully grant. But since the Immortal Sovereign Hall is leading, they wouldn't resort to killing for treasures, as such rumors would severely tarnish their reputation. Moreover, being able to produce a treasure like the Golden Light Pearl suggests the person in the Immortal Sovereign Hall isn't of low status." Li Tian laughed.

Xu Nian understood.

The other party is a person of status, naturally exercising caution in their actions.

"Alright, then follow us, you two." the three said.

After that, they took Xu Nian and Li Tian flying east.

After flying several hundred miles, Xu Nian and Li Tian saw seven individuals gathered at the entrance of a massive valley.

These seven individuals varied in form, with both men and women, young and old.

Soon, an elderly man with hair and beard as white as snow, standing in the center of the crowd, caught Xu Nian's attention.

This was the early-stage Luoxian Realm expert mentioned, and, surprisingly, he was also a Sword Immortal.

The others around him were very respectful towards the old man.

Beside the old man stood a green-clothed woman. Her appearance was ordinary, her cultivation also mediocre. Although she was also a Sword Immortal, her cultivation was only at the early-stage Profound Immortal level, the lowest among the group.

However, for some unknown reason, Xu Nian instinctively sensed a dangerous aura from this woman.

This feeling came from intuition, with nothing traceable.

And, although the old man seemed to stand as the leader, in reality, he was positioned in front of the woman, protecting her from any potential threats.

Among others, two were extraordinarily muscular twins, both carrying Battle Hammers, with cultivation at the Peak of Profound Immortal.

Another was a seductive woman, strong as well, reaching the Peak of Profound Immortal.

As for the other two, they were slightly weaker, at Late-stage Profound Immortal.

Add in the three who brought Xu Nian and Li Tian.

These people seemed not to be an original team but temporarily assembled.

"Lei Bing, are these the people you found? A mid-stage Profound Immortal and a late-stage Profound Immortal, not much to speak of." The seductive woman glanced at Xu Nian and Li Tian, sneering.

The cold-looking man who brought Xu Nian and Li Tian immediately glared at the seductive woman: "If you're so capable, go find someone yourself. It's already fortunate to have found suitable people, and besides, didn't Elder Yu say anyone above the Profound Immortal Realm would do?"

"Hmph, but you shouldn't find such weak ones. What if they hold us back?" The woman persisted.

"Alright, these two will do." The old man spoke.

His word was final.

Xu Nian and Li Tian exchanged smiles.

They didn't say anything, realizing that this team, just as they thought, wasn't very united.

...
