

Divine King 1381

Chapter 1381: Fuyao Sect

Xu Nian never expected that he would meet him here.

Yes, the young man among the couple was indeed the same Ming Hai from Fuyao Sect.

At this moment, Ming Hai had already reached the early stage of the Profound Immortal Realm.

However, the woman's cultivation was much higher, having reached the middle stage of Luoxian.

"What a narrow path for enemies," Xu Nian chuckled lightly in his heart.

Back in the Cultivation World, Ming Hai had repeatedly tried to kill him.

Xu Nian had never forgotten this enmity.

He just didn't expect Ming Hai would also be dragged into this Immortal Extinguishing Mountain.

"Martial Uncle, what should we do? Are we never getting out of here?" Ming Hai was extremely anxious at this moment.

He had heard about the horrors of Xianjue Mountain.

Even an Immortal King who enters cannot think of leaving, let alone a Profound Immortal like him?

The young woman standing next to him frowned slightly, but her facial expression remained calm.

Xu Nian studied the woman.

He found that she was extremely beautiful, emanating a cool and aloof aura from head to toe.

However, from her eyes, he could see she was definitely not a simple character.

"Martial Uncle, what should we do?" Ming Hai became even more anxious when the woman didn't respond.

"Shut up. Instead of complaining here, why not think of a solution," the woman immediately scolded.

Ming Hai quieted down after being reprimanded by the woman.

However, his gaze around still showed a sense of despair.

The woman then began to survey the surroundings.

Xu Nian was in no hurry to reveal himself.

He chose to stay hidden and observe the two.

There was plenty of time; no need to be hasty.

"Buzz!"

At this moment, an energy storm erupted once again.

Xu Nian immediately got ready.

Through Xu Nian's research, he discovered that the Earth Attribute Law could withstand these terrifying energy fluctuations.

So Xu Nian directly activated the Black Hole Law, forming a powerful gravity field around himself.

"Boom!"

The energy wave struck the gravity field.

Instantly, most of it was neutralized.

When it reached Xu Nian, it was just within the range he could handle.

Xu Nian had studied this carefully.

At a certain distance, he could use this method to fend off such powerful energy waves, without having to hide in the misty forest every time.

However, the young couple wasn't so fortunate.

"Pfft!"

Both spat blood violently, being knocked away.

The woman seemed to be more severely injured.

Because, in that instant, she chose to protect Ming Hai, shielding him from most of the energy.

This lucky chance allowed Ming Hai to survive.

"Martial Uncle, are you alright?" Ming Hai immediately ran to the woman's side.

"I'm fine, I won't die yet, but this energy storm is truly terrifying. If it happens again, I'll be dead for sure," the woman looked toward the depths of the mountain range with a look of horror on her face.

"What should we do now?" Ming Hai was somewhat flustered.

If not even his Martial Uncle could withstand it, how could he, a mere Profound Immortal?

If it weren't for his Martial Uncle's intervention just now, he would be a dead man by now.

The woman shook her head, at a loss for what to do.

Xu Nian stood aside, sneering coldly.

This scene was exactly as he had anticipated.

Neither a Luoxian nor anyone else could withstand this terrifying energy storm.

"Do you two need help?" Xu Nian asked with a smile as he walked out.

"It's you! How are you here?" Ming Hai looked at Xu Nian in shock.

He never imagined he would encounter Xu Nian here.

The woman, on the other hand, began to scrutinize Xu Nian with surprise.

"Why can't I be here, Senior Ming Hai?" Xu Nian replied with a cold smile.

"Hmph, it seems you got caught up in this for the Immortal Crystal Stones, right? With your cultivation, coming in here is a dead end," Ming Hai said with a sneering smile.

His eyes were filled with disdain as he looked at Xu Nian.

How long had it been since Xu Nian ascended?

Even if taken in as a named disciple by an Immortal Emperor, how much progress could he possibly have made in such a short time?

"You know him?" The woman felt there was something unusual about Xu Nian, and asked Ming Hai.

"Of course. Wasn't I dispatched by the sect to participate in the Immortal Order Competition in the Lower Realm? This guy here defeated our sect's genius Jiang Shengtian and won first place in the competition, ultimately taken in as a named disciple by Shendang Mountain's Taichu Immortal Emperor," Ming Hai replied with a disdainful laugh.

"It's him?" The woman was slightly surprised.

She didn't expect Xu Nian to have such a background.

"Yes, it seems he hasn't ascended for long and hasn't reached Shendang Mountain, otherwise, he wouldn't be here. Unfortunately, he'll never get out again," Ming Hai sneered.

The woman remained silent, focusing instead on closely scrutinizing Xu Nian.

Yet surprisingly, she couldn't discern Xu Nian's cultivation level.

"I think you may have forgotten something. Senior Ming Hai, I have three avatars. What you see before you is just one of them, while, senior, it seems you have no avatars," Xu Nian said with a smile.

With this, Ming Hai's expression turned livid.

He'd completely forgotten about that.

Of all things, this guy actually had three avatars.

"An avatar? Can you communicate with your true body outside?" asked the woman anxiously.

"No, once I entered the misty forest, my soul was isolated," Xu Nian replied with a smile.

He didn't feel any ill will towards the woman before him.

After all, not everyone in Fuyao Sect was a bad person.

"I'm Qin Ling, a disciple of Fuyao Sect," the woman introduced herself to Xu Nian.

"Xu Nian, a disciple of Shendang Mountain, though I haven't reported in yet," Xu Nian said with a smile.

"Why did you enter Xianjue Mountain?" Qin Ling asked.

"I came in searching for Taiqing Holy Water," Xu Nian answered.

"You came in voluntarily? Have you found it?" Qin Ling was somewhat surprised.

Both she and Ming Hai got unintentionally swept into it.

Who would have thought that the young man before them had actively chosen to come in?

Was he not afraid of being stuck here forever?

"No, the Taiqing Holy Water should be in a crevice deep within the mountains where there are large amounts of Immortal Crystal Stones, but unfortunately, energy storms erupt every fifteen minutes, making it impossible to explore further," Xu Nian explained.

Over the past six months, he had tried numerous times.

Every time he had just reached the deep canyon...

He would be driven back by the terrifying energy.

He simply couldn't progress further.

"With your strength, there's no way you'd reach the core of Xianjue Mountain," Ming Hai sneered with scorn.

Qin Ling shot a glare at Ming Hai.

Xu Nian had clearly come in before them, yet managed to survive till now...

This meant that Xu Nian's strength was at least above hers.

It was ridiculous that Ming Hai couldn't see this.

Xu Nian chuckled lightly, seemingly unfazed by Ming Hai's disdain.

"Let me give you a piece of advice: the Earth Attribute Law can fend off the energy storms. If you don't have the Earth Attribute, you'd better retreat into the misty forest before the storm hits," Xu Nian advised with a smile.

For the time being, he wasn't inclined to have these two die.

After all, being alone here was quite dull.

Chapter 1382: Showdown with Nether Hai

The next energy storm.

Qin Ling and Nether Hai avoided a disaster using the method Xu Nian taught them.

"So this is how you survived, this blue mist has a soul-attacking effect but can block this strange energy storm. I wondered how someone with your cultivation could survive," Nether Hai mocked Xu Nian.

Xu Nian was extremely disdainful and did not refute.

It seems Nether Hai is even more foolish than he imagined.

"Xu Nian, have you investigated the source of this energy storm?" Qin Ling asked.

She always felt Xu Nian was extraordinary, but couldn't pinpoint exactly what made him so.

"I've investigated, but there are no specific results yet. However, I did discover that the Earth Attribute Law can resist this energy storm. This storm should be related to the Earth Attribute Law," Xu Nian said with a smile.

He didn't mind sharing his findings with the two in front of him.

Because neither of them were cultivators of the Earth Attribute Law.

"Earth Attribute Law?"

Sure enough, both Qin Ling and Nether Hai furrowed their brows.

Neither of them were cultivators of the Earth Attribute Law.

Qin Ling was Wind Attribute.

While Nether Hai was Thunder Attribute.

Neither had cultivated any Earth Attribute.

This made them a bit uneasy for a moment.

"You say the Earth Attribute Law can resist the energy storm, just like that?" Nether Hai was a bit incredulous.

If the Earth Attribute can resist, perhaps the Wind and Thunder Attributes can also resist.

Qin Ling, however, did not doubt much.

Because he had previously used the Wind Attribute Law to try and block it, to no avail.

The wind shield formed by his Wind Attribute Law was directly penetrated by that energy storm.

This energy storm is peculiar, it can ignore all physical barriers.

It acts directly on the body's interior.

It could be said to be quite bizarre.

"Xu Nian, are you saying this energy storm is related to the Earth Attribute Law?" Qin Ling speculated.

"It should be so, but the law seems very special, I can't see through the laws here at all," Xu Nian said.

He attempted to investigate the energy patterns within the energy storm.

Trying to analyze it to grasp the essence of this energy storm.

The result was failure.

He had tried for a long time to understand the rules contained in this energy storm, but found no clue.

"Pfft, with your understanding of the Earth Attribute Law, how could you comprehend the laws here?" Nether Hai said disdainfully.

Xu Nian smiled.

Looked at Nether Hai with a gaze as if looking at an idiot.

"Nether Hai, do you have some grudge against Xu Nian?" Qin Ling also noticed Nether Hai's hostility and quickly asked.

"Grudge?" Nether Hai let out a snicker.

"Is he even worthy?" Nether Hai said disdainfully.

Upon hearing this, the smile on Xu Nian's face grew wider.

Qin Ling frowned.

"Senior Nether Hai, how about we have a spar?" Xu Nian said with a smile.

"Spar? You're seeking death? If it weren't for the fact that we're already in danger, I'd have killed you by now," Nether Hai said very disdainfully.

Even if Xu Nian is a genius, it still takes time for cultivation.

"Senior Nether Hai, are you so confident?" Xu Nian sneered.

He called him "senior" only to mock him.

"Confident? You think just because you defeated Jiang Shengtian, you consider yourself invincible? Even Jiang Shengtian now isn't someone you can contend with, Jiang Shengtian has already entered the Profound Immortal Realm, killing you would be as easy as flipping his hand," Nether Hai said with a sneer.

In his view, Jiang Shengtian had the support of a sect.

While Xu Nian was still considered a loose cultivator.

How could the resources of a loose cultivator compare to the disciples of the Nine Great Sects?

"In that case, I request a lesson from Senior Nether Hai," Xu Nian said with a smile.

"Fine, since you're so insistent, I don't mind teaching you a lesson," Nether Hai snorted coldly.

He had wanted to take action for a long time.

It's just that with Qin Ling around, it wasn't convenient for him to make a move.

Now that Xu Nian asked for it, why not?

Qin Ling didn't intervene, he also wanted to take this opportunity to see Xu Nian's true strength.

"Make your move," Xu Nian said with a smile.

Nether Hai's eyes narrowed and he immediately struck, throwing a punch containing the profound argumentation of Thunderclap Law.

However, Nether Hai's law was only third-grade.

In front of Xu Nian, it was simply not worth mentioning.

Plus, his cultivation was not as good as Xu Nian's from the start.

"Boom!"

Xu Nian threw a punch with lightning speed.

One punch thrown out.

"Bang!"

Nether Hai's entire arm instantly exploded.

"Ah!"

Nether Hai let out a miserable cry.

"Impossible, absolutely impossible."

Nether Hai looked at Xu Nian in disbelief.

He couldn't believe his punch was actually blocked by Xu Nian.

Even more unexpected was that Xu Nian's punch shattered his arm.

"You actually relied solely on physical strength, without using a trace of immortal essence?" Qin Ling was also shocked.

Relying purely on physical strength to crush Nether Hai.

What a terrifying physique!

"Senior Nether Hai, sorry, I seem to have used a bit too much force, but I only used thirty percent of my strength, how could you just fall?" Xu Nian said with a smile.

Nether Hai instantly felt like killing.

Simply intolerable.

"I'll fight you to the death," Nether Hai roared.

His immortal essence within swelled with an explosion, mid-stage Profound Immortal level pressure immediately bore down on Xu Nian.

Yet his pressure had no effect on Xu Nian whatsoever.

"Is that all you've got?"

Xu Nian sneered.

Then he no longer held back, and Luoxian's pressure exploded immediately.

The next moment, a horrifying pressure pressed down on Nether Hai.

"Boom!"

Nether Hai was directly driven to his knees.

In the end, his entire body was firmly pinned to the ground, unable to move.

"Lo...Luoxian?"

Nether Hai's eyes were wide, unable to believe that Xu Nian's cultivation had actually reached the Luoxian Realm.

Jiang Shengtian had just barely entered the Profound Immortal Realm.

Yet even so, he was celebrated by his sect as a genius.

But now Xu Nian had already stepped into the Luoxian Realm.

Is this guy even human?

Qin Ling was also shocked beyond words.

Although she had long guessed that Xu Nian's cultivation wouldn't be low.

When Xu Nian showed his true cultivation, she was still shocked.

"Buzz!"

Just then, energy fluctuations erupted again from the depths of the valley.

Xu Nian saw this and not only did he not evade.

Instead, he confronted it.

The next moment, Black Hole Law burst forth.

Xu Nian threw a punch.

The terrifying punch force formed by the Black Hole Law exploded instantly.

That energy wave was actually repelled by Xu Nian with pure force.

"A... a first-grade law?"

Qin Ling's mind trembled.

Looking at Xu Nian in disbelief.

A first-grade law?

When Nether Hai heard Qin Ling's words, he was shuddering with fear.

Xu Nian had comprehended a first-grade law?

In less than a century, he reached the Luoxian Realm and mastered a first-grade law?

With Xu Nian's talent, he might be at the pinnacle in the entire Immortal Realm, right?

And yet this guy still called him "senior"?

Thinking about this made Nether Hai feel as if he had swallowed a fly.

Chapter 1383: Shrinking Ground

Nether Hai never expected that Xu Nian's power was so strong.

Luoxian Realm cultivation, First-grade Law.

How terrifying is this power?

How long has it been since Xu Nian ascended, and yet he is already so terrifying.

If given time to grow, wouldn't he become an existence akin to an Immortal King, Immortal Sovereign, or even Immortal Emperor in the future?

Even Jiang Shengtian only comprehended the Second Grade Law within their sect.

And in the entire Fuyao Sect, those who could comprehend the First-grade Law were definitely no more than three.

It's conceivable how frightening it is that Xu Nian could reach such cultivation.

"Senior Nether Hai, how's my power?" Xu Nian asked with a smile.

"No... I wouldn't dare, Xu Nian... No, Senior Xu, you are indeed my senior," Nether Hai quickly replied.

Though extremely unwilling, Xu Nian's strength could indeed kill him with ease.

He finally understood that Xu Nian calling him senior was actually to disgust him.

Although Qin Ling guessed Xu Nian's strength had reached the Luoxian Realm, she was still somewhat surprised when Xu Nian truly displayed it.

Moreover, it was Xu Nian's talent in comprehension that was truly impressive.

Xu Nian looked at Nether Hai's humble appearance, a cold smile appearing at the corner of his mouth.

In the past, Nether Hai never took him seriously, even when he achieved first place in the Immortal Order Competition.

In his eyes, he was merely a mortal.

But now, that once high and mighty Immortal was already powerless before him.

"In the Cultivation World, didn't you intend to kill me before?" Xu Nian asked with a cold smile.

Nether Hai broke into a sweat upon hearing this.

In the Mortal World, he indeed intended to kill Xu Nian.

If Xu Nian wanted revenge now, he would surely die, and not even Qin Ling could stop it.

"Senior Xu, Immortal Xu, I really didn't mean it," Nether Hai hastily pleaded for mercy.

"Xu Nian, although I don't know the grudge between you and Nether Hai, could you spare him?" Qin Ling also pleaded.

"I can spare him, but I want him to do something for me," Xu Nian said with a cold smile.

Now that Nether Hai was trapped in Xianjue Mountain, even without Xu Nian taking action, he probably wouldn't live long.

So whether Xu Nian killed him or not was the same.

"What is it? I'll definitely do it if I can!" Nether Hai's eyes lit up as he promptly said.

Xu Nian smiled slightly.

"Alright, then collect at least a hundred Immortal Crystal Stones for me, and I'll spare you," Xu Nian said with a smile.

Immortal Crystal Stones could rapidly enhance his cultivation.

Given the opportunity, he couldn't waste it.

But intercepting those swiftly flying Immortal Crystal Stones wasn't an easy task.

"A hundred?" Nether Hai was stunned.

Catching even one of those Immortal Crystal Stones was difficult, aiming for a hundred was as hard as climbing to heaven.

"Either die or work, your choice," Xu Nian sneered.

Nether Hai's heart was filled with anger.

This damn guy, he wanted him to work for free!

But he had no choice. With Xu Nian's strength, no one could stop him.

"Alright, I'll work!" Nether Hai said helplessly.

He could only brace himself to do it.

"I'll give you a year," Xu Nian said with a smile.

"A year?" Nether Hai was speechless.

Collecting a hundred Immortal Crystal Stones in a year would be as difficult as ascending to heaven.

Qin Ling said nothing, knowing it was already generous for Xu Nian to spare Nether Hai's life.

In the following time, Xu Nian focused most of his energy on comprehending the Earth Attribute.

Every while, Nether Hai would bring him an Immortal Crystal Stone.

And Xu Nian's rapid absorption significantly increased his strength.

However, breaking through to the Luoxian Realm Middle Stage still required time.

After all, reaching the Luoxian Realm, the amount of Immortal Essence required for a breakthrough was immense.

Otherwise, those Immortals wouldn't need hundreds or even thousands of years to progress one level.

A year passed quickly.

During that year, Nether Hai was covered in bruises.

To intercept those Immortal Crystal Stones, he almost exhausted all his Immortal Artifacts.

He was even injured multiple times by the terrifying energy storm.

But to survive, he had no choice.

Yet, after a year, he hadn't collected even eighty of them.

Thus, he had to continue working for Xu Nian.

And after absorbing eighty Immortal Crystal Stones, Xu Nian finally broke through to the Luoxian Realm Middle Stage.

Of course, this wasn't the important part; the important thing was that Xu Nian's control over the Earth Attribute became clearer.

Especially with every energy storm that came.

Xu Nian would carefully observe the energy storm.

He eventually discovered that this energy also seemed to be a kind of Earth Attribute energy, but with peculiar energy fluctuations.

Not only that, but Xu Nian also found that these energy fluctuations seemed capable of directly destroying the body's origin cells, causing the cells to collapse.

According to Xu Nian's idea, if he could integrate this energy into his Black Hole Law,

then the power unleashed by his Black Hole Law could definitely reach another level.

"It seems that to truly comprehend these energy fluctuations, I'll have to enter the core," Xu Nian thought to himself.

He already planned to explore that core area.

"Xu Nian, why do I feel that your power has improved a lot this year?" Qin Ling approached and asked in surprise.

This year, she had been searching for a way out.

But ultimately failed each time.

She discovered Xu Nian had been cultivating this entire year.

And it seemed Xu Nian had become even more inscrutable.

She couldn't believe that a year's cultivation could lead to such drastic changes.

"Actually, it's nothing, just a bit deeper understanding, but I'm still a bit away from the Middle Stage," Xu Nian smiled bitterly.

The comprehension of the law was truly too difficult.

"What do you plan to do next? Do you intend to cultivate here until ascension?" Qin Ling asked, frowning.

"I plan to explore the core area; I feel only there can the secrets of Xianjue Mountain be unraveled," Xu Nian said.

Qin Ling nodded in agreement.

This year, she found the same point while searching for a way out.

No matter how she tried, she couldn't escape the mist.

It seemed some power was pulling her, keeping her at a standstill.

If she couldn't grasp this power, she would never be able to leave.

"But the closer you get to the center, the harder it is to withstand the energy storm," Qin Ling said.

"Yes, that's why I've been studying speed," Xu Nian said with a smile.

After speaking, Xu Nian took a step forward.

With one step, he was already a thousand feet away.

With another step, he was at the edge of Xianjue Mountain Valley.

"Shrinking Ground?" Qin Ling exclaimed in surprise.

She hadn't expected Xu Nian to master such a Divine Skill.

With such a skill, Xu Nian could almost come and go freely within Xianjue Mountain.

Chapter 1384: Fused as One

Xu Nian jumped into the mountain valley without hesitation.

The valley's depth was far deeper than he had imagined.

Xu Nian descended a full three hundred zhang in height.

All around him were densely packed Immortal Crystal Stones, embedded in the mountain walls, some merely the size of a fist, while others were up to several meters in diameter.

Not only that, Xu Nian looked downward.

He discovered that below the valley, there were also piles of these Immortal Crystal Stones, forming small mountains, the number of which reached into the trillions.

Xu Nian landed in the valley, gawking at the Crystal Stones piled like mountain ranges around him.

In the outside world, Immortal Crystal Stones were fought over fiercely, yet here they were piled up into mountains.

The valley was expansive, with many areas blocked by these Immortal Crystal stone peaks.

"What is so peculiar about this valley that there would be so many Immortal Crystal Stones?"

Xu Nian looked at the Immortal Crystal stone peaks around him, his expression confused.

There were just too many Immortal Crystal Stones, to a terrifying extent.

"Huh, my Shrinking Ground has actually failed."

Xu Nian suddenly showed an expression of surprise.

Just now, he attempted to use Shrinking Ground to explore further within the valley.

However, he found that within this valley, the law rules he had mastery over for Shrinking Ground were nowhere to be found.

Not only this, but even his Black Hole Law had become extremely weak here.

"What's going on? Why can't I find the rules of my Earth Law here?" Xu Nian said in amazement.

"It must be something that has altered the law rules here, thus rendering my Earth Law ineffective. Initially, when above, this feeling wasn't as evident, but now that I've descended into the abyss, I can truly feel it," Xu Nian speculated.

He no longer deliberated and sprinted rapidly towards the depths of the abyss.

As Xu Nian progressed, he finally reached the core of this abyss.

However, the scene before him left him utterly stunned.

"Is this the Taichu Core?" exclaimed Xu Nian.

In a deep pit in front of him, a sphere floated, resembling half a Stone.

This sphere emitted a dazzling glow.

Furthermore, it exuded peculiar law waves.

It seemed to repel the surrounding laws.

Xu Nian was certain the previous energy fluctuations had emanated from this sphere.

This was the initial core of the universe.

This is what the universe looked like when it first formed.

Which means, if this Taichu Core were to be infused with powerful energy, a new universe could still form.

However, it's evident that this Taichu Core had already begun to decline.

No longer absorbing energy, but rather expelling it.

This also explained the massive quantity of Immortal Crystal Stones surrounding the area.

"Who would have thought there would be a Taichu Core hidden here? Was it naturally formed or man-made? If it was man-made, that's truly terrifying," Xu Nian said in shock.

To evolve a universe to this step was already incredibly defiant of nature.

The Dan Sea Species Green Lotus that Xu Nian cultivated was actually a process of universe evolution.

Yet he was still far from forming a Taichu Core.

"If I attempt to merge this Taichu Core with my Divine Demon Avatar, I wonder what effect it would produce," Xu Nian mused.

This was indeed the Taichu Core.

Although already in its decline phase,

the energy within it remained immensely terrifying.

Most importantly, the power of laws within it was completely different from this universe's law rules.

If I manage to master and utilize this Taichu Core's law power, my attack power could become extraordinary.

Thinking of this, Xu Nian no longer hesitated and moved directly toward the Taichu Core.

The Taichu Core seemed to sense Xu Nian's intent, beginning to produce a strong repulsion.

Xu Nian sneered, immediately invoking the Black Hole Law.

A massive black hole appeared right behind him.

Swallowing the energies that the Taichu Core erupted.

Thus, Xu Nian pressed forward with difficulty.

As he advanced, his body gradually turned to dust in this energy.

Blood and flesh disappeared, leaving only bones.

Yet Xu Nian continued onward, and ultimately his fingers touched the Taichu Core.

At the exact moment his fingers grazed the Taichu Core.

The Taichu Core burst open with endless energy.

"Boom!"

A world-shattering energy explosion erupted.

Xu Nian was utterly reduced to ashes amid this explosion.

The entire valley was swept by this terrifying energy.

Fortunately, the impact of this energy did not harm lifeless entities.

But Qin Ling and Nether Hai nearly died in this storm.

"What's happening? Why is this energy so terrifying?" exclaimed Nether Hai.

If not for Qin Ling's earlier offering of the Sect elder's talisman of protection.

Even if they hid in the Misty Forest, they would have surely perished.

Meanwhile, outside, the Xianjue Mountain range's area expanded by double due to the energy storm's eruption.

Many powerful individuals seeking to capture Immortal Crystal Stones were drawn into the mist.

...

While all this was happening,

At the true core depth of Xianjue Mountain.

Xu Nian's form floated, ethereal, in the air.

"I'm not dead? How is this possible? But why has all my flesh and blood vanished?"

Xu Nian looked at his form.

He realized his body was no longer one of flesh and blood.

Nor was it a soul state.

It appeared more like a form of energy.

"Could it be that I've completely merged with the Taichu Core?" Xu Nian wondered.

For he realized that the energy Light Ball had vanished as well.

At this moment, he could clearly perceive the unique laws contained around him.

Moreover, following his intent, he could even manipulate these laws.

"Such powerful law waves; indeed, this is the energy law contained in the Taichu Core, so intriguing," Xu Nian remarked joyfully.

He was almost certain that he had merged with the Taichu Core.

"I wonder what my physical body would be like if I reconstitute it now?"

With this thought, Xu Nian began attempting to form a new physical body.

Following Xu Nian's intention, he watched as energy surged from his being.

Subsequently, a perfect body of blood and flesh appeared in the void.

"Such a powerful body, its strength exceeds my previous physical body by a significant margin; now, this body might well rival a top-grade Immortal Artifact," Xu Nian marveled.

But this wasn't the greatest boon.

The true advantage was finding that he could control the law waves of Xianjue Mountain.

In other words, the space vortexes previously present no longer posed any obstruction to him.

He could even unleash such space vortexes himself.

With himself as the center, within a ten-kilometer radius, no one could escape.

Chapter 1385: Slaying Nether Hai

"Master Qin, could it be that Xu Nian is already dead?"

Nether Hai looked toward the deepest abyss of Immortal Extinguishing Valley with a gloating expression.

He knew that the sudden intensification of energy waves from within the deep valley must be related to Xu Nian.

Such powerful energy waves, let alone inside the abyss, would mean certain death even in the valley.

Being within the abyss, under such a massive surge of energy, Xu Nian's body would be completely obliterated.

"I'm not sure, but Nether Hai, let me remind you, it's best not to oppose Xu Nian anymore, dismiss such thoughts." Qin Ling scolded sternly.

"Master Qin, for a year, I went through great pains intercepting those Immortal Crystal Stones for him. You have no idea how much I've suffered. If I don't avenge this, I can never be at peace. Yes, I can't defeat him, but if he is arrogant enough to die inside, he can blame no one else." Nether Hai snorted coldly.

The hatred he held for Xu Nian couldn't simply vanish.

The previous submissiveness was merely out of fear of Xu Nian's power.

If given the chance, he would still kill Xu Nian without hesitation.

Qin Ling sighed and shook his head at Nether Hai's words.

Nether Hai's hatred for Xu Nian was too deep to be swayed by any persuasion.

He only hoped that Nether Hai wouldn't regret his decisions later on.

"In my view, Xu Nian is dead. Even if it's just an avatar of his, losing one is a great blow to his true self. Haha, what genius? Still ended up a dead man." Nether Hai laughed triumphantly.

Completely forgetting how he had previously pleaded in front of Xu Nian.

"Do you really wish for my death that much?"

Yet, at that moment, a cold voice emerged.

Nether Hai's body suddenly stiffened, a chill instantly running down his spine.

He turned rigidly, only to see that Xu Nian had somehow already stood behind him.

"You... You're not dead?" Nether Hai cried out in fear.

At that moment, he felt like suffocating.

Qin Ling was equally shocked, staring at Xu Nian.

She had not noticed when Xu Nian appeared here.

Even at the Peak of Luoxian Realm, it shouldn't be possible to silently appear within a few meters of her without detection.

How did Xu Nian manage that?

"Who said I was dead?" Xu Nian sneered at Nether Hai.

He had heard the entire conversation between Nether Hai and Qin Ling.

Initially, he was willing to spare Nether Hai's life, but now it was impossible.

"Xu... Senior Xu, I... I didn't really wish for your death, I..." Nether Hai stammered in panic.

But his explanation was incoherent.

Xu Nian sneered, extended his hand, and struck at Nether Hai through the void.

The next moment, a vast energy erupted.

Instantly obliterating Nether Hai into dust.

"No..."

Nether Hai let out an indescribably tragic cry, but ultimately vanished completely from this world.

"This..."

Qin Ling's eyes widened in astonishment.

The energy wave contained in Xu Nian's strike just now was identical to the one that erupted in the valley of Xianjue Mountain.

Most importantly, Xu Nian's cultivation seemed to have reached the Peak of Luoxian.

"Could it be that he has mastered the secret of Xianjue Mountain?" Qin Ling wondered to herself.

However, Xu Nian paid no attention to Qin Ling's thoughts.

At this moment, he was immersed in the Heaven and Earth Laws he had just invoked.

"The Heaven and Earth Laws of this Taichu Universe are indeed formidable, equivalent to a First-grade Law in level, and comparable to a mid-level degree in mastery, even though I haven't fully grasped them yet. If I master it well in the future, it can even reach a high-level degree."

Xu Nian felt the control he had over the Taichu Universe, a smile of excitement appearing at the corner of his mouth.

"Let's call it Taichu Law," Xu Nian thought to himself.

Now, Xianjue Mountain could no longer confine him.

The laws here entirely emanated from him as the center.

He could make the laws here disappear entirely if he wished.

However, Xu Nian ultimately decided not to let the law power here vanish.

Because if the law power here disappeared, strong practitioners would notice, come to investigate, and if they traced it back to him, it would be troublesome.

"Fairy Qin, I killed Nether Hai, I hope you don't mind," Xu Nian said to Qin Ling.

Qin Ling shook her head.

"The fate that befell Nether Hai today was entirely of his own making. I know you once wanted to spare him, but he didn't cherish that chance," Qin Ling sighed.

Xu Nian chuckled.

Seeing that Qin Ling was as he thought, reasonable, he didn't mind leading her out.

"Fairy Qin, would you like to leave?" Xu Nian asked with a smile.

"Huh?" Qin Ling was taken aback.

"I've already found a way out. If Fairy Qin is willing, you can leave with me," Xu Nian smiled.

"Really?" Qin Ling exclaimed in delight.

For over a year, she had been searching for a way out, but all efforts ended in failure.

So when Xu Nian said he could take her out, it was as if a holy light shone upon Xu Nian.

"But before we leave, there's something we need to do first," Xu Nian suddenly smiled.

"Do what?" Qin Ling was puzzled.

"Follow me, you'll know soon," Xu Nian said with a smile.

The next moment, the two were inside the abyss.

Qin Ling was overwhelmed with shock at the sight of the towering peaks of Xianjue Mountain ahead.

To see so many Immortal Crystal Stones, how many could there be?

"Dig as much as you can, but don't tell anyone about this," Xu Nian said with a smile.

"Really, we can dig freely?" Qin Ling was immensely shocked.

"Yes, dig to your heart's content!" Xu Nian chuckled.

Qin Ling looked stunned.

She knew the reason she could safely reach the depths of Xianjue Mountain was entirely because of Xu Nian.

And now, Xu Nian was even sharing these Immortal Crystal Stones with her.

This immense fortune made her feel surreal.

While she stood dazed, Xu Nian had already started digging.

She saw how Xu Nian skillfully controlled the Dragon King Cone, extracting those Immortal Crystal Stones from the cliffs, seemingly placing them inside his storage ring.

Each dig resulted in several tons.

And so, Qin Ling also started digging without hesitation.

She never expected that the Immortal Crystal Stones, for which people outside struggled for days or even weeks to obtain a small amount, could now be obtained by digging.

About a day later, Xu Nian and Qin Ling finally stopped.

There was simply too much.

They had excavated plenty, yet it was still just a fraction of the entire abyss.

The Immortal Crystal Stones they gathered would certainly suffice for cultivation over tens of thousands of years.

"It's time to leave, you exit the abyss first, I'll join you shortly," Xu Nian instructed Qin Ling.

Qin Ling didn't hesitate and didn't question what Xu Nian intended to do.

She immediately left.

She understood, some things weren't meant to be asked.

Knowing would bring her no benefit.

After Qin Ling left, Xu Nian began to activate the Taichu Core within his body.

Created a Law Imprint within the valley.

As long as the Law Imprint remained, the place would continue to produce an energy wave every fifteen minutes, just as before.

However, the energy waves wouldn't come from the Taichu Core anymore.

Instead, they would originate from the Immortal Crystal Stones within the abyss.

"This Law Imprint should sustain Xianjue Mountain for several hundred years. After several centuries when Xianjue Mountain's mist disappears, no one will tie it back to me."

Xu Nian chuckled softly.

"It's finally time to fetch the Taiqing Holy Water," Xu Nian said to himself.

With that, his eyes settled on the mysterious forest outside.

...

Chapter 1386: Leaving Xianjue Mountain

Xu Nian naturally did not forget to search for the Taiqing Holy Water.

However, earlier, he had excavated many Immortal Crystal Stones without finding any trace of the Taiqing Holy Water.

This made him once doubt whether there was any Taiqing Holy Water within Xianjue Mountain.

But just now, when he was concentrating on forming the Law Imprint, he discovered a blue mist emerging from deep underground.

This immediately reminded Xu Nian of the mist on the outskirts of the forest.

The changes in the Heaven and Earth Laws, Xu Nian had already figured out, were caused by the Taichu Core.

But where did this blue mist come from?

This question had always lingered in Xu Nian's mind.

But just now, he finally had an answer.

This so-called blue mist was actually transformed from the Taiqing Holy Water.

As long as he could find the source of these mists, he could locate the Taiqing Holy Water.

And now Xu Nian had found it.

Right inside the body of Xianjue Mountain.

Thus, Xu Nian stepped out decisively, his figure directly penetrating the mountain wall, entering the interior of the mountain.

If Qin Ling were here, she would certainly be utterly astonished.

Because the mountain wall was undamaged, yet Xu Nian could directly penetrate it, entering the mountain's interior.

In her eyes, this was absolutely impossible to achieve.

"I didn't expect that after my physical body merged with the Taichu Core, it could transform into an energy form, allowing me to directly penetrate the mountain wall; otherwise, entering the mountain's interior would truly be difficult," Xu Nian said, looking at the large cavern at the mountain's center, a smile of delight on his face.

Unexpectedly, the interior of Xianjue Mountain was hollow.

And in the center of the mountain, there was a lake as blue as agate.

The lake was approximately over six hundred square meters, with a depth of about three meters.

Above the lake, blue mist lingered.

This blue mist had a strong attack on the soul.

"It seems that within this lake lies the Taiqing Holy Water, the extremely scarce Taiqing Holy Water from the outside world, existing here in a lake form." Xu Nian couldn't help but exclaim.

It was indeed due to this Taiqing Holy Water and the Taichu Core that together formed such a mysterious and strange terrain of Xianjue Mountain.

Otherwise, relying solely on the Taichu Core, it couldn't have completely trapped these powerful beings of the Immortal Realm.

"I just don't know why there is so much Taiqing Holy Water, but never mind, some things don't need to be thoroughly investigated," Xu Nian thought to himself.

He then began to collect the Taiqing Holy Water.

This Taiqing Holy Water was obviously very aggressive towards the soul.

Of course, it could also serve as a potent soul elixir, depending on how it was used.

In the end, Xu Nian took away a third of the entire lake, not completely depleting the Taiqing Holy Water within the lake.

Just as he thought, the mist of Xianjue Mountain really originated from the Taiqing Holy Water.

If all the holy water were taken, the mist would dissipate as well.

Moreover, a third was already a lot, enough for his use for a long time.

"Let's go!"

After finishing all this, Xu Nian returned to the surface, finding Qin Ling.

"Can we really go out?"

Qin Ling was still a little uneasy.

"Just follow me," Xu Nian said with a smile.

He then headed into the heart of the Misty Forest.

Though a bit skeptical, Qin Ling chose to trust Xu Nian.

The two of them entered the Misty Forest, walking ahead.

Xu Nian could clearly sense the evolution of the laws within this Misty Forest.

Because of the existence of the Taichu Core, the terrain and even the space here formed a vortex.

So no matter how you walked, as long as you couldn't break free from this vortex's power, you'd never be able to get out.

But now, Xu Nian had mastered the Taichu Core.

This space vortex was completely unaffected for him.

"Hold onto me! Don't get lost," Xu Nian said to Qin Ling.

Qin Ling hesitated a bit but decided to hold onto Xu Nian's coat hem.

At this moment, Qin Ling seemed like a little girl, quietly following Xu Nian.

With the operation of the Taichu Core within Xu Nian's body, it enveloped both of them.

Soon, they easily walked through the space vortex.

Passing through the Misty Forest, they appeared outside.

"Uh, did we really come out?" Qin Ling saw the scene outside and was immediately overjoyed.

She could hardly believe that she could actually come out from the interior of Xianjue Mountain.

In the Immortal Realm, this was absolutely unprecedented.

Yet now, Xu Nian had accomplished it.

"Xu Nian, you are truly a remarkable person, even Xianjue Mountain couldn't trap you," Qin Ling exclaimed with astonishment.

Xu Nian smiled, "Fairy Qin, let's part ways here, I have other matters to attend to."

"Where are you going?" Qin Ling was startled; she hadn't expected Xu Nian to part with her so soon.

For some reason, she felt a slight sense of reluctance in her heart.

"I plan to head towards Shendang Mountain, let's meet again if fate allows, and I hope you'll keep the matter of Xianjue Mountain confidential," Xu Nian said with a smile.

After speaking, he paid no more attention to Qin Ling, took a step, and his figure disappeared from the spot.

"Xu..." Qin Ling seemed to want to say something.

But Xu Nian had already vanished from sight, so she could only look in the direction Xu Nian left with disappointment and said, "Don't worry, I'll definitely keep it a secret."

...

After the Divine Demon Avatar parted with Qin Ling, it quickly headed toward the direction of the true self.

For more than a year, the true self had been cultivating on the outskirts of Xianjue Mountain.

Li Tian and those two men had already left.

While Xu Nian's true self stayed at the outskirts, occasionally picking up some Immortal Crystal Stones that shot out from within the mountains.

"Xu Nian, how have your recent gains been?"

A young man dressed in plain clothes said to Xu Nian's true self.

"Not bad, found three this month," Xu Nian replied with a smile.

This month, he had some good luck and picked up seven Immortal Crystal Stones.

Normally, it might not even be possible to find one in a month.

Especially during last month's sudden outburst, he managed to snatch six at once.

"Seven, that's quite lucky for you, I only found three, but that's already considered good; many were swallowed by that last mist expansion, drawn into the mists, and never came out again," the young man laughed.

He was called Chen Shan, an Immortal of the Luoxian Middle Stage level.

One year ago, Xu Nian had met him.

Because Xu Nian had helped him once before, his relationship with Xu Nian was quite good.

At this moment, hearing that Xu Nian had picked up seven Immortal Crystal Stones, he felt happy for him.

"Oh, with so many Immortal Crystal Stones, why not lend them to me for a while?"

At this time, a sneering voice was heard.

Chen Shan, upon seeing the newcomers, immediately frowned.

Three men appeared in front, walking from the distance.

Upon seeing these three, Xu Nian's gaze also turned sharp.

Especially the man wrapped in iron chains on the left, who was the one who had previously robbed Chen Shan of his Immortal Crystal Stones.

He was named Xiong Yun, a late-stage Luoxian Realm.

As for the other two, they seemed to be his two brothers, Xiong Feng and Xiong Hai.

This Xiong Hai appeared to be a master of the Luoxian Realm Peak Level.

"Brother Xu, I'll hold them off for a moment, and you find a chance to leave," Chen Shan said to Xu Nian.

Xu Nian did not speak.

Leave?

It might not be that simple!

Chapter 1387: Extreme Point Annihilation Divine Slash

Two at the Late Stage of Luoxian Realm, one at the Peak of Luoxian Realm.

This lineup is definitely not something Xu Nian can contend with.

Back then, just Xiong Yun alone severely injured Chen Shan.

If it hadn't been for Xu Nian stepping in to save him in time, Chen Shan likely would have died already.

Now, unexpectedly, Chen Shan has come knocking at the door again.

And he brought his two brothers.

"Chen Shan, you won't escape today, and as for you, brat, if your speed hadn't saved you last time, do you think you could have rescued him from me? You must die today too," Xiong Yun said with a cold snort.

"Third brother, just these two? One at the Middle Stage of Luoxian Realm, and one only at the Early Stage? How could such weaklings escape you?" Xiong Feng said with a light laugh.

He looked at Xu Nian and Chen Shan with extreme disdain in his eyes.

"Second brother, you don't understand, that kid has a Top-grade Flying Immortal Artifact in his hand, I couldn't catch up," Xiong Yun said.

"Top-grade Flying Immortal Artifact? Interesting," Xiong Feng said with a hint of greed.

Flying Immortal Artifacts are considered rare and precious among Immortal Artifacts.

So upon hearing about the Flying Immortal Artifact, Xiong Feng's interest was piqued.

"Big brother, this kid seems to have quite a few treasures, he's definitely a fat sheep," Xiong Yun said again to Xiong Hai.

The man leading the group had a scar on his face, looking at Xu Nian with cold eyes full of killing intent.

"Xiong Yun, what exactly do you want? If there's any grievance, direct it at me, it has nothing to do with Xu Nian," Chen Shan said to Xiong Yun with a cold scold.

"What do I want? Chen Shan, are you naive or stupid? Our three brothers in action, do you think I'd let you go, today neither you nor this guy behind you will escape," Xiong Yun said disdainfully.

"Boy, I heard you have seven Immortal Crystal Stones and a Top-grade Flying Immortal Artifact, if you hand them over, perhaps I can plead with my brother to spare your life," Xiong Feng said as well.

His eyes full of amusement.

"And if I don't hand them over?" Xu Nian asked with a light smile.

"If you don't, it will be miserable, I'll break your legs, cripple your cultivation, and throw you into Xianjue Mountain," Xiong Feng said with a cold smile.

"That certainly does sound miserable," Xu Nian nodded.

"It's good that you know fear, then hurry up and hand over the treasures," Xiong Feng said.

"Sorry, I still choose not to. If you really want them, you can come and take them, but whether you can or not depends on your skills," Xu Nian said with a cold smile.

"Enough talking, let's do it," Xiong Hai, who had been silent, finally spoke.

"Yes, big brother!" Xiong Feng and Xiong Yun immediately nodded.

Then the two of them walked towards Xu Nian and Chen Shan.

"Brother Xu, you go quickly, I'll hold them off," Chen Shan shouted immediately.

However, Xu Nian shook his head, then patted Chen Shan on the shoulder, taking the initiative to step forward.

Chen Shan was taken aback.

What does Xu Nian mean?

"Boy, are you planning to contend with us?" Xiong Feng sneered.

Just an Early Stage Luoxian Realm, and still wants to defeat them?

"Don't be careless!" Xiong Hai reminded.

"Big brother, don't worry, I've seen this kid's strength, just an ordinary Early Stage Luoxian Realm," Xiong Yun said indifferently.

Xiong Feng also smiled, eyes full of disdain.

"Why don't you three come at me together, I might as well see the results of my year-long cultivation," Xu Nian said to the Xiong brothers, then a Top-grade Immortal Sword appeared in his hand.

"Second brother, what did he say? Let the three of us attack together? Did I hear wrong?" Xiong Yun said with an amused expression.

"You heard right, I heard it too, didn't expect this boy to be so arrogant and conceited," Xiong Feng's eyes also became extremely mocking.

Xiong Hai also frowned.

Although he felt the young man before him might not be simple, he still thought this level of arrogance was too much.

Chen Shan also looked shocked.

In his view, Xu Nian's strength might not even compare to his.

He couldn't handle even one of the three, but Xu Nian said he wants to face all three?

This is simply wildly arrogant.

"Hmph, since you're seeking death, I'll grant it," Xiong Yun snorted coldly.

Then he directly charged at Xu Nian.

He punched out, his fist containing extremely strong Luoxian Power, and infused with the powerful Earth Attribute Great Strength Principle.

With one punch, the power was incredibly amazing.

However, Xu Nian merely smiled coldly.

With a flick of his Immortal Sword, it instantly stabbed out.

With a stab of the sword, incredibly fast.

Instantly pierced through Xiong Yun's forehead.

Extreme Point Blade, instant kill!

"Third brother!" Xiong Feng and Xiong Hai were immediately shocked.

But it was already too late.

Xiong Yun never imagined he would die at the hands of an Early Stage Luoxian Realm.

Chen Shan was also shocked.

Xiong Yun was killed in one strike by Xu Nian?

"First-grade Law?"

Xiong Hai, indeed well-informed, immediately recognized the difference in the law Xu Nian displayed.

"Xiong Feng, don't be careless!" Xiong Hai suddenly thought of something, urgently reminding.

Xiong Feng was stunned.

Immediately felt something was wrong.

But by the time he reacted, Xu Nian was already in front of him.

A sword stabbed forward, extremely fast.

Without hesitation, Xiong Feng directly summoned his Top-Grade Immortal Armor for defense.

"Splat!"

However, Xu Nian's sword pierced through the armor as if through tofu, directly piercing Xiong Feng's abdomen, breaking through his Immortal Embryo.

Xu Nian stirred his sword, instantly destroying Xiong Feng's Immortal Embryo.

"No..." Xiong Hai roared in anger.

Seeing his two brothers being killed, of course, he was furious.

He exploded with the cultivation at the Peak of Luoxian Realm, a terrifying aura emanating from his body.

"I want you dead!"

Xiong Hai shouted, instantly charging in.

With a long spear stabbing out, like a dragon surging out to sea, carrying the Water Attribute Water Dropping Stone Through Law, possessing extremely strong penetration intention.

However, Xu Nian was not afraid at all and directly stabbed out with a sword.

Extreme Point Principle unleashed.

Clashing directly with Xiong Hai's dragon attack.

"Buzz!"

Two extremely penetrating laws collided, instantly forming a terrifying impact.

"Boom!"

The force exploded, instantly sweeping away thousands of miles.

"So...so strong," Chen Shan was amazed.

At this moment, he finally realized how strong the Xu Nian he had spent a year with was.

Xiong Hai was also extremely surprised.

Unexpectedly, the young man in front of him was so strong.

"It seems we really underestimated you," Xiong Hai snorted coldly.

"I said to let you three come at me together, but you didn't listen," Xu Nian said with a smile.

"Hmph, though you're strong, you're not strong enough to be arrogant, today you must die, Dragon King arises!" Xiong Hai shouted.

Then he stabbed out with his spear, terrifying Power of Laws exploding.

The terrifying impact destroyed everything in its path.

"So strong, this Xiong Hai's mastery of laws is nearly at Mid-level, this time Xu Nian might not be able to handle it," Chen Shan said in surprise.

Xu Nian was also a bit surprised.

But soon he smiled.

"Buzz!"

An extremely sharp aura emanated from him.

Extreme Point Principle!

Extreme Point Annihilation Divine Slash!

Xu Nian slashed with the sword.

In an instant, the world split open.

Xiong Hai, along with his spear, was obliterated.

"Holy shit!"

Chen Shan was so shocked.

In that moment, he realized that the Xu Nian he had known for the past year was far stronger than him.

That strike, at the very least, harnessed the strength of a Golden Immortal.

.....

Chapter 1388: Immortal King Powerhouse

"Xu Nian, you're really amazing, I didn't expect you to be this strong."

Chen Shan walked up to Xu Nian in shock and looked at the gorge beside them, his face full of disbelief.

"No, it's just that this year, I've had a breakthrough in the laws, so I could defeat him, otherwise it would have been quite troublesome." Xu Nian said with a smile.

This year, his true self hasn't been idle either.

Apart from enhancing his cultivation, the rest of the time has been spent pondering the Extreme Point Principle.

Eventually, a breakthrough was made, reaching the Basic Peak, and he comprehended the sword move, Extreme Point Annihilation Divine Slash.

This move is no longer a sword stab, but a sword slash.

The power of the sword move can directly threaten strong experts at the Golden Immortal Realm Early Stage Level.

"First-grade Law, that's terrifying." Chen Shan couldn't help but exclaim.

"Whoosh!"

Just at that moment!

A sound of something tearing through the air once again came from a distance.

Chen Shan instantly became extremely cautious.

Then he saw a figure arrive in an instant.

"No need to be nervous, it's my avatar." Xu Nian smiled.

From the moment the Divine Demon Avatar left Xianjue Mountain, he felt it.

And instantly knew the experiences of the Divine Demon Avatar inside Xianjue Mountain.

He just didn't expect that the Divine Demon Avatar would gain such a great opportunity inside the mountain.

"Avatar? Luoxian Realm Middle Stage? Doesn't that mean the avatar is stronger than the true self?" Chen Shan couldn't help but be shocked.

People hiding in the shadows, attracted by Xu Nian's earlier battle, also showed expressions of shock.

Xu Nian's strength made them feel terrified.

The Divine Demon Avatar nodded toward Xu Nian and then directly merged into Xu Nian's true body.

"It's time to leave." Xu Nian murmured to himself.

Now that the Taiqing Holy Water has been found, there's no need to stay in the Dragon Snow Immortal Domain.

Next, after saying a few words to Chen Shan, Xu Nian separated from him.

In a remote place, Xu Nian directly entered the Chaos Divine Palace.

Upon entering, Xu Nian went straight to Han Xiaoxiao.

At this moment, Han Xiaoxiao was still in a comatose state, her soul having been mostly corroded by poison.

"I wonder if this Taiqing Holy Water can wake her up." Xu Nian murmured to himself.

He then began to take out the Taiqing Holy Water.

Starting to cleanse Han Xiaoxiao's soul.

Sure enough, as the Taiqing Holy Water touched Han Xiaoxiao's soul, it began to dispel the Soul Capturing Powder within.

Seeing this scene, Xu Nian was overjoyed.

He continued to cleanse Han Xiaoxiao with the Taiqing Holy Water.

With the flow of time, very soon, Xu Nian thoroughly expelled the poison of the Soul Capturing Powder from Han Xiaoxiao's soul.

But soon Xu Nian frowned.

Because he found that Han Xiaoxiao still hadn't awakened.

Even though the poison of the Soul Capturing Powder had been removed.

Yet Han Xiaoxiao still showed no signs of waking up.

"Master, what's going on?" Xu Nian hurriedly called out to Emperor Ye Tian.

Emperor Ye Tian's figure appeared in front of Xu Nian.

She looked at the still unconscious Han Xiaoxiao, frowning slightly.

"Master, what's going on? Wasn't the Taiqing Holy Water supposed to save her?" Xu Nian frowned.

He found that Han Xiaoxiao's soul strength seemed to be weakening.

This made him instantly nervous.

"If I guessed correctly, her soul might have undergone a mutation." Emperor Ye Tian thought for a moment and said.

"Mutation?" Xu Nian looked puzzled.

"Yes, soul mutation, soul mutations have occurred in the Divine World before, just as the physical
bloodline can mutate, the soul can also undergo mutation." Emperor Ye Tian said.

"Is this mutation good or bad?" Xu Nian asked urgently.

"Mutations can be good or bad, what condition her soul mutation will lead to is currently uncertain, only
when she awakens will we know." Emperor Ye Tian said.

"Will this soul mutation be dangerous?" Xu Nian continued to ask.

"It will be, very dangerous, it's a matter of life and death, whether she can pull through depends on her own fate." Emperor Ye Tian said.

Hearing this, Xu Nian furrowed his brow even deeper.

Doesn't it mean Han Xiaoxiao is in grave danger?

At this moment, Xu Nian found Han Xiaoxiao's soul seemed like a flickering candle in the wind, ready to extinguish at any moment.

"You might as well leave her here with me for now." Emperor Ye Tian said.

Xu Nian nodded.

Had no choice but to place Han Xiaoxiao on the second level of the Chaos Divine Palace, keeping her close to Emperor Ye Tian.

While he himself left the Chaos Divine Palace.

"It's time to head to Shendang Mountain." Xu Nian murmured to himself.

"Whoosh!"

But just at this moment, Xu Nian suddenly felt a terrifying aura lock onto him.

Then a figure gracefully landed before him.

"Golden Immortal Peak Level expert? No, it's an Immortal King Level master, this is the power of an Immortal King." Xu Nian looked at the newcomer, his heart immediately made the judgment.

The man before him gave him a terrifying feeling.

He could sense the opponent could kill him effortlessly if he wished.

"So strong! Even though he's just standing there, it makes me feel like there's nowhere to hide, and I don't dare to meet his gaze." Xu Nian was amazed.

And this is merely an Immortal King.

If it were an Immortal Sovereign or Emperor, it would be even more terrifying.

"Senior!"

Xu Nian greeted respectfully, not daring to show any neglect.

The man glanced at Xu Nian and asked in a serious tone: "Luoxian Realm Early Stage? But the immortal essence in your body rivals the Luoxian Realm Peak, kid, you are quite extraordinary!"

Xu Nian's heart skipped a beat.

Didn't expect the other to instantly see through his cultivation and recognize his remarkable immortal essence.

However, the opponent didn't seem to harbor any malicious intent, continuing to say: "You don't need to worry, I have no intention of coveting your cultivation technique, I'm here to ask if you've seen a young and beautiful woman passing by here?"

"A woman? I haven't!" Xu Nian shook his head.

Indeed, he hadn't seen any woman.

The Immortal King strongman stared at Xu Nian, seemingly trying to see if he was lying.

After all, if someone from the Luoxian Realm lied, they couldn't escape his eyes.

"If you see this woman, remember to crush this Jade Pendant, I'll reward you heavily at that time." The Immortal King strongman said.

Having said that, he showed a silhouette of a woman and handed Xu Nian a Jade Pendant.

Looking at the silhouette of the woman, Xu Nian found he indeed hadn't encountered her.

Though gazing at her features, he noticed she was quite beautiful.

No less attractive than Luo Bing.

"Alright, Senior!" Xu Nian promptly responded.

"Hmph, kid, if you are concealing anything, the consequence will be a dead-end for you." The Immortal King strongman snorted coldly.

He then transformed into a stream of light and vanished from the spot.

Seeing the Immortal King leave, Xu Nian let out a sigh of relief.

Although the Immortal King hadn't deliberately unleashed pressure, it was like a giant mountain weighing on him.

"Looks like my path of cultivation still has a long way to go, merely an Immortal King leaves me with no power to resist." Xu Nian murmured to himself.

Having spoken, he prepared to continue his journey.

Chapter 1389: So She's Actually My Senior Sister?

The Immortal King left, and Xu Nian continued on his journey.

However, he hadn't traveled far.

He was drawn by the sounds of battle in the distance.

In the distance, four men at the Golden Immortal Early Stage were besieging a wounded woman.

The woman's strength seemed to be at the Golden Immortal Middle Stage, but due to her severe injuries,

she appeared to be struggling against the assault from the four Golden Immortal Early Stage fighters.

Of course, this wasn't the key point. The key was that this woman was the same one shown to him earlier in the Immortal King's phantom image.

"Who exactly is this woman? Why is she being hunted by so many people, even the Immortal King is after her." Xu Nian thought to himself.

Why was Xu Nian certain the Immortal King sought this woman to kill her, rather than to rescue her?

It was because, at the end of their encounter, the Immortal King had threatened him with a tone that clearly carried a hint of killing intent.

If someone is searching for her, one usually wouldn't have such strong murderous intent.

So it was evident that the Immortal King sought to kill the woman.

"You can't escape, just surrender peacefully." The leading Black Robe man among the four men said.

"Hmph, you Ten Thousand Thunder Sect people are really shameless. Even if I die, I won't let you have your way." The woman snorted coldly.

"Shameless? The victorious become kings, the defeated become bandits. Lin Hengxin, if you're sensible, hand over the Immortal Emperor Blood Crystal, and we can leave you a complete corpse." The leading man snorted coldly.

"Immortal Emperor Blood Crystal?" Xu Nian was somewhat shocked upon hearing this.

The so-called Immortal Emperor Blood Crystal is a crystal formed by an Immortal Emperor using all their cultivation.

This kind of Blood Crystal generally contains not only the energy of an Immortal Emperor but also their insights into the principles.

An Immortal Emperor who is nearing the end of their lifespan and does not wish their inheritance to disappear completely would choose this method to pass it down.

In the Immortal Realm, an Immortal Emperor Blood Crystal is considered priceless.

Possessing an Immortal Emperor Blood Crystal means the potential to create an Immortal Emperor.

To the Nine Great Forces, an Immortal Emperor is also invaluable.

No wonder these people want to ambush this woman; it's because she holds an Immortal Emperor Blood Crystal.

In this context, the Immortal King's pursuit is also quite reasonable.

"I already said the Immortal Emperor Blood Crystal is not on me, and if you kill me, Shendang Mountain will not spare you." The woman's eyes were cold.

"Haha, Lin Hengxin, although you are a disciple of the Shendang Mountain Taichu Immortal Emperor, you are just a nominal disciple. Do you really think the Taichu Immortal Emperor would intervene for you?" The leading man sneered disdainfully.

"Shendang Mountain? A nominal disciple of the Taichu Immortal Emperor? This woman is actually my senior sister?" Xu Nian was somewhat surprised.

He hadn't expected that the woman before him came from the same sect.

And both of them were nominal disciples of the Taichu Immortal Emperor.

This made Xu Nian, who originally didn't want to meddle, hesitate.

After all, they came from the same sect, and leaving her to die would be unjustifiable.

Moreover, if his Master found out about this in the future, he wouldn't be able to explain himself.

After all, Immortal Emperors possess the ability to comprehend the universe.

"Enough talk, since you're unwilling, we'll have to capture you and use Soul Search. Attack together!"

The four Golden Immortals simultaneously attacked the woman.

The woman, already severely injured, was clearly unable to cope with the assaults from the four.

She was repeatedly hit by their sharp swords, and even suffered a Thunder Fist to the back, causing her to cough up blood uncontrollably.

"Don't give her a chance to breathe, take her down completely."

The four Golden Immortal Early Stage fighters used the Thunderclap Law to attack in turns, not giving the woman a chance to circulate her Immortal Essence.

Beating her to the point of being defenseless.

The woman was now at the end of her strength, ready to collapse at any moment.

"Am I going to die here? Even if I die, I cannot let them obtain the Immortal Emperor Blood Crystal." Her eyes burned with madness.

She then prepared to self-detonate her Immortal Essence.

"Senior sister, don't act rashly, I'm coming to save you."

Just then, a voice resounded in her mind.

She was stunned.

Senior sister?

Whose voice was this?

Moreover, this is the Dragon Snow Immortal Domain, where one's Immortal Consciousness can't leave the body for even a hundred meters, so how was this Soul Transmission done?

"Buzz!"

Before she could react.

A peculiar blue mist spread all around.

The four Golden Immortal Realm fighters were then ensnared by a vortex formed by this blue mist.

"Is this the blue mist from Xianjue Mountain?" The woman was astonished.

"What's going on? Where did this blue mist come from?"

"Why can't we walk out of this blue mist?"

"What on earth is happening?"

...

Inside the vortex of blue mist came the cries of the four Golden Immortal Realm fighters.

They were completely trapped in this vortex and couldn't escape.

This scene astounded the woman even more.

"Senior sister, are you okay?" Xu Nian appeared in front of the woman once he saw that the four Golden Immortal Realm fighters were trapped by his Taichu Law-formed mist vortex.

Indeed, what he used earlier was the unique law controlled by the Divine Demon Avatar with the Taichu Core from Xianjue Mountain.

In other words, Xu Nian had temporarily created a miniature Xianjue Mountain geography.

"Who are you...?" The woman looked at Xu Nian in surprise.

She seemed to have never seen this young man before.

However, the young man before her kept calling her senior sister.

"Senior sister, I'll explain later. We need to leave now, or the Immortal King will arrive shortly." Xu Nian quickly said.

He then grabbed Lin Hengxin and used the Shrinking Ground Principle to disappear from the spot.

Shortly after they vanished, a figure appeared where Xu Nian and the others had been.

This person exuded an overwhelming aura, clearly the same Immortal King Xu Nian had encountered before.

Seeing the four trapped Golden Immortal Early Stage fighters below, the Immortal King frowned slightly.

He then formed a thunderbolt.

"Boom!"

With a thunderous roar,

the blue mist vortex dispersed completely under the assault of this terrifying thunderbolt.

The four Golden Immortal Early Stage fighters finally saw daylight again.

"Masters!"

Seeing the Immortal King, the four Golden Immortal Early Stage fighters immediately greeted him respectfully.

"What happened?"

The Immortal King asked coldly.

"Master, we were about to capture Lin Hengxin, but suddenly, a blue mist appeared, trapping us inside. No matter how we tried, we couldn't escape." The leading Golden Immortal Early Stage fighter hurriedly explained.

"Blue mist? This mist is similar to Xianjue Mountain's mist. Did any of you see anyone else?" The Immortal King asked curiously.

All four Golden Immortals shook their heads.

They hadn't seen any other figures.

The Immortal King frowned instantly.

Who on earth managed to rescue Lin Hengxin?

"Find her, make sure you find her, and prevent her from escaping Dragon Snow Immortal Domain." The Immortal King ordered immediately.

The four Golden Immortals shuddered and promptly obeyed the order.

They then began searching all around.

Chapter 1390: Treating Senior Sister's Injuries

Just as the experts from the Ten Thousand Thunder Sect were searching everywhere for Xu Nian and the woman's whereabouts.

Xu Nian and the woman were already in an ancient forest within the Dragon Blood Immortal Domain.

The woman leaned against a large tree, her eyes warily sizing up Xu Nian.

She was certain that she indeed had never met Xu Nian before.

"Who exactly are you? Why do you address me as Senior Sister?" Lin Hengxin asked.

Upon hearing her question, Xu Nian chuckled and said, "My name is Xu Nian. I am also a registered disciple of the Taichu Immortal Emperor, but I haven't gone to report at Shendang Mountain yet, so it's natural for you not to recognize me, Senior Sister."

After speaking, Xu Nian took out a token.

The token had the characters "Taichu" inscribed on it.

It was the token given to him when the Taichu Immortal Emperor accepted him as a disciple.

Upon seeing this token, Lin Hengxin immediately understood the situation.

"Did you just ascend?" Lin Hengxin inquired.

"Yes, I previously participated in the Immortal Order Competition in the cultivation world, where I became the disciple of the Taichu Immortal Emperor. Earlier, I overheard those people saying you are a registered disciple of the Taichu Immortal Emperor, which is how I learned of your identity, Senior Sister," Xu Nian replied with a smile.

Lin Hengxin nodded.

Her gaze towards Xu Nian became affectionate.

"If that's the case, you are indeed my Junior Brother. I didn't expect to be so lucky to be saved by an Immortal Emperor," Lin Hengxin smiled.

But just as she smiled, the wounds on her body caused her brows to furrow tightly.

"Senior Sister, where are you hurt?" Xu Nian hurriedly asked.

At the moment, Xu Nian could clearly sense the chaotic state of Lin Hengxin's immortal essence within her.

Such severe chaos could only result from extremely serious injuries.

"The injuries on my body are minor, but the extreme heavenly thunder qi from that Immortal King of the Ten Thousand Thunder Sect invaded my body. The thunder cannot be dispelled, so my injuries cannot heal. I'm afraid I can't last beyond tomorrow," Lin Hengxin said.

Xu Nian frowned.

Extreme heavenly thunder?

"Not even the power of your Golden Immortal can dispel it?" Xu Nian asked in surprise.

"Extreme heavenly thunder is one of the most terrifying and tyrannical thunders within the Thunderclap Law. Once it invades, unless one's strength completely surpasses this thunder immortal essence, it's very difficult to shake it off. In fact, my immortal essence has already become its nourishment and is being devoured. Without an Immortal King level expert to help me dispel it, it's utterly hopeless," Lin Hengxin sighed.

At this moment, the thunder was rampaging in her body, leaving her no chance to recover from her injuries.

Whenever her immortal essence approached her wounds, it was consumed.

"Such a tyrannical thunder?" Xu Nian was a bit surprised.

He hadn't expected the Ten Thousand Thunder Sect to be so formidable.

"Senior Sister, may I give it a try?" Xu Nian thought for a moment and suggested.

"It's useless. You're only at the early stage of the Luoxian Realm. Recklessly trying won't save me and might even cause a backlash from this extreme heavenly thunder," Lin Hengxin shook her head.

Even as a Golden Immortal, she was helpless, let alone Xu Nian from the Luoxian Realm early stage?

Before her death, meeting a fellow disciple had already satisfied her.

"Senior Sister, my cultivation technique is rather unique. Why not let me try it? If it fails, I'll withdraw in time, and it won't harm me," Xu Nian quickly urged.

"Do you really want to try?" Lin Hengxin showed a hint of surprise on her pretty face.

She hadn't expected the young man before her to be so persistent.

"Yes, Senior Sister, maybe I can really dispel the extreme heavenly thunder inside you," Xu Nian replied with a smile.

"Alright, if you insist on trying, go ahead," Lin Hengxin no longer refused.

She forced herself to sit up straight.

Xu Nian sat behind Lin Hengxin, placing his hands on her back.

The next moment, Xu Nian could feel the raging thunder inside Lin Hengxin's body.

"Roar!"

The thunder roared like a giant dragon, letting out a fierce growl.

It seemed to be demonstrating against the intrusion of Xu Nian's immortal essence.

"Such tyrannical thunder. To think that Senior Sister's Golden Immortal power has already been mostly devoured. Without the strength of an Immortal King, this terrifying thunder cannot be dispelled," Xu Nian mused to himself.

"Junior Brother, give it up. The terror of this thunder is something you can't withstand," Lin Hengxin wasn't disappointed because she hadn't pinned any hope on this attempt.

She only agreed because she didn't want to dampen Xu Nian's good intention.

"Not necessarily!" Xu Nian smiled slightly.

He began using his immortal essence as bait, drawing the extreme heavenly thunder from Lin Hengxin's body.

"Junior Brother, what are you doing? Stop! You'll die if you continue," Lin Hengxin yelled in alarm upon sensing Xu Nian's intention.

Xu Nian was actually trying to draw this terrifying thunder into his own body.

"Senior Sister, don't worry, I'll be fine," Xu Nian reassured immediately.

He had just tried it and discovered that his Dan Sea Species Green Lotus Technique could absorb the thunder's power.

So, Xu Nian made a decisive decision to draw this thunder into his own body for absorption.

Yet, Lin Hengxin didn't believe it.

Xu Nian was risking his life to save her.

And there was a real possibility that both of them would end up perishing.

"Stop it!" Lin Hengxin struggled immediately.

But she found herself unable to move. Her body had been immobilized by Xu Nian.

So all she could do was watch as Xu Nian drew the terrifying thunder into his own body.

The thunder flowed through the meridians in his arms, surging into Xu Nian's body.

As the thunder entered his body, an intensely excruciating pain surged.

This pain was enough to make Xu Nian pass out.

Despite the fact that Xu Nian's physical body was incredibly strong, he still struggled to handle the extreme heavenly thunder.

However, Xu Nian disregarded everything and fully activated the Dan Sea Species Green Lotus to frantically absorb the thunder.

"Roar!"

The thunder seemed to sense the threat from Xu Nian, letting out a deafening roar.

Then it wanted to retreat back into Lin Hengxin's body.

"Dream on!"

Xu Nian directly blocked the way out, leaving Lin Hengxin's side.

"Boom! Boom! Boom!"

The thunder rampaged inside Xu Nian's body destructively.

The thunder originally issued by an Immortal King was now incredibly powerful after nurturing inside Lin Hengxin's body for so long.

So for a while, Xu Nian struggled to fully absorb it.

"Junior Brother!"

Lin Hengxin was now free. Without the threat of extreme heavenly thunder, her injuries began to heal rapidly.

But seeing Xu Nian in such pain at this moment, tears nearly flooded her eyes.

She had never imagined that a Junior Brother she met by chance would choose to sacrifice himself to save her.

"Junior Brother, why do it? Granted, Senior Sister is a bit pretty, but you don't need to sacrifice yourself. Well, as compensation, I'll kiss you," Lin Hengxin sighed wryly.

Saying that, she kissed Xu Nian's lips.

Fully focused on absorbing the thunder, Xu Nian suddenly felt his lips become soft and moist.

What's happening?

Xu Nian opened his eyes wide in shock, staring dumbfoundedly at the stunning face right in front of him.
