

Divine King 1411

Chapter 1411: Abyss Blade Demon

The Abyss Demon before him also had a humanoid form.

Its entire body was covered in extremely hard red scale armor.

Two long sharp horns grew atop its head.

A pair of long blades extended from its arms.

These blades were incredibly sharp, resembling two frightening sword edges.

"This Abyss Demon is just an ordinary Abyss Blade Demon from the Abyss Clan. The disciple only needs to hold out for 15 minutes against it to complete the initial trial. If you can kill it, you will earn initial points," the Artifact Spirit's avatar said.

Xu Nian was somewhat astonished.

This Abyss Blade Demon turned out to be the most ordinary race within the Abyss Clan?

If there are even stronger races, wouldn't that be even more terrifying?

Even though Xu Nian had comprehended the Domain Perfection of the Extreme Point Penetration Law, he still wasn't completely confident of defeating this Abyss Blade Demon.

"Human!"

The Abyss Blade Demon also noticed Xu Nian at this moment, its scarlet eyes turning incredibly fierce.

A dreadful abyssal aura.

Cold!

Dominating!

Even Xu Nian, at the Golden Immortal Realm, felt a chill.

Xu Nian quickly conjured a top-grade Immortal Sword.

In the Sky-reaching Stele Space, he could use his thoughts to form any weapon he wished, divine artifacts excluded.

Additionally, Xu Nian's cultivation and body were identical to his original form.

Thus, Xu Nian felt no discomfort at all.

"Trial begins!" the Artifact Spirit announced.

In the next moment, the Abyss Blade Demon flickered and disappeared directly before Xu Nian.

"So fast!"

Xu Nian was suddenly startled.

He didn't even see how the Abyss Blade Demon vanished.

"Buzz!"

Suddenly, Xu Nian felt a terrifying chill surge against his back.

Without thinking, Xu Nian immediately turned and slashed with his sword.

"Clang!"

The slash, imbued with the power of the Extreme Point Penetration Law, clashed with the blade of the Abyss Blade Demon, emitting an incredibly clear collision sound.

In the next moment, Xu Nian was blasted backward.

The terrifying force made his arms and chest ache severely.

"What a terrifying power!" Xu Nian was utterly shocked.

His physical body was already comparable to a mid-grade Immortal Artifact.

The previous sword strike contained the power of the law.

However, even so, he was still knocked back by the Abyss Blade Demon's attack.

"The power of the Abyss Blade Demon is so strong, is this the so-called Abyss Power?" Xu Nian wondered in surprise.

"Buzz!"

While he was in a daze, a terrifying chill attacked again.

He saw a rapid blade carrying an unbelievably menacing force slash directly towards him.

Xu Nian immediately activated the Shrinking Ground Principle, stepping back to evade the attack.

"Buzz!"

The sharp blade tore through the void, creating a massive spatial rift.

"So powerful!" Xu Nian was amazed.

In the following moments, the Abyss Blade Demon attacked frantically while Xu Nian continuously dodged.

"Domain open!"

Xu Nian immediately deployed the Black Hole Domain.

However, this Abyss Blade Demon seemed unaffected, slicing an rift even through his Black Hole Domain.

"Huh? Such strong attack power, it can even break my Black Hole Domain?" Xu Nian was thoroughly surprised.

Since the Abyss Blade Demon lived in darkness, it wasn't afraid of the dark at all.

Also, since it didn't use laws, the domain's effect on it naturally reduced to the extreme.

"Die!"

The Abyss Blade Demon attacked, its blade slashing through the air, forming a terrifying sword light.

Xu Nian furrowed his brows, holding nothing back as he unleashed the Extreme Point Penetration Law Domain.

Once the domain appeared, the Extreme Point Penetration Law instantly spread throughout the space.

Xu Nian stabbed out with one sword, unleashing ten thousand swords.

"Splat!"

The Abyss Blade Demon turned to dust under this sword.

Xu Nian watched the disappearing Abyss Blade Demon, panting heavily.

He had just used all his Immortal Essence to unleash his strongest sword, Ten Thousand Swords Piercing Heart.

Only then did he manage to slay the Abyss Blade Demon.

And he almost lost his ability to fight.

"Congratulations to Disciple Xu Nian for completing the initial trial. You have now qualified to participate in the Sky-reaching Stele Trial and can enter the Sky-reaching World at any time. Since you killed the Abyss Blade Demon, your points have increased to one hundred. I hope you work hard," the Artifact Spirit's avatar said.

In the next moment, Xu Nian's soul consciousness returned to his body.

Xu Nian knew he had completed the trial.

Next, he just needed to let his soul consciousness infiltrate the Token to directly enter the Sky-reaching World for the trial.

But Xu Nian wasn't in a hurry.

The previous battle had been a huge blow to him.

He had initially thought that with his two first-grade laws, along with the domain perfection, he could easily slay an Abyss Demon.

But he hadn't expected that he had to put in so much effort to barely slay an ordinary, same-level Abyss Blade Demon.

It was important to note that besides the ordinary tribes, the Abyss Demons also had incredibly powerful royal families.

Xu Nian couldn't even imagine how powerful the royal families were.

Encountering a same-level Abyss Demon from a royal family would likely lead to his demise.

"It seems my strength has much room for improvement. This trial is indeed a good opportunity for cultivation, a great chance to improve my strength," Xu Nian mused to himself.

His anticipation for this trial grew even stronger.

The next night, Xu Nian picked up the Token again.

He sat cross-legged in his residence, preparing to officially enter the Sky-reaching World.

"Buzz!"

His soul invaded.

In the next moment, Xu Nian found his consciousness had entered an expansive forest area.

Everything here was so real, indistinguishable from the outside world.

If he wasn't already aware that all of this was an illusion, Xu Nian wouldn't see any difference between here and the real world.

"Xu Nian, you are here?"

While Xu Nian curiously surveyed the Sky-reaching World,

his Identity Token lit up, and a voice came from within.

The voice was none other than Lin Hengxin's.

It turned out this Identity Token could not only check the demon points but also be used for communication.

"Yes, Senior Sister Lin, you're participating in the trial too?" Xu Nian asked curiously.

"Haha, yes, I am currently with Xue Bing dealing with a Red Scorching Ancient Python; would you like to come over?" Lin Hengxin transmitted her voice.

"Oh? Where are you?" Xu Nian asked curiously.

"We are here!" Lin Hengxin sent her location coordinates to Xu Nian.

Xu Nian received the transmission and learned where Lin Hengxin was.

Then he quickly made his way towards Lin Hengxin and Xue Bing.

Previously, Xu Nian might have chosen to act alone.

But after the initial trial, he decided it was better to be cautious.

After all, if he encountered an Abyss Royal Family Demon or an Immortal King Level Demon Beast, he'd likely perish here.

Even though dying in the trial space wouldn't mean real death,

death would mean the trial was over.

Xu Nian didn't want the trial to end so soon.

Chapter 1412: Wan Feng's Strength

Xu Nian quickly rendezvoused with Xue Bing and Lin Hengxin.

When Xu Nian arrived, Lin Hengxin and Xue Bing were teaming up to slay a giant serpent.

This giant serpent possessed the strength of a Golden Immortal Peak Level and was not just any ordinary Demon Beast, but one with the Taigu Divine Beast Bloodline.

However, the Demon Beast's comprehension of Heaven and Earth Laws was not very high, only staying at the level of the first stage of Middle Stage of Law Power.

So Xue Bing and Lin Hengxin were not having too much difficulty.

Of course, besides Xue Bing and Lin Hengxin, there was also a young man present.

The man stood aside, not making a move, seemingly observing the battle.

Xu Nian glanced at him and discovered the man's strength was not low, also at the Golden Immortal Peak Level.

As for the degree of law comprehension, Xu Nian couldn't discern the depth.

He just sensed a dangerous aura emanating from the man's body.

It seemed that this man's level of comprehension was much higher than Xue Bing's.

"Boom!"

Xue Bing unleashed his domain, activating the Ice Attribute Law, Ice Sealing All Things Law.

Directly turning that colossal Taigu giant serpent into an ice sculpture.

Lin Hengxin's sword struck, shattering the entire Taigu giant serpent into dozens of fragments.

"Buzz!"

The tokens in Lin Hengxin and Xue Bing's hands immediately lit up.

Each gained fifty points.

Apparently, the giant serpent's total points were one hundred, and since they killed it together, the Sky-reaching Stele awarded each half of the points.

"How's it going, Xu Nian, isn't this trial exciting?" Lin Hengxin smiled as he walked over upon seeing Xu Nian.

"It indeed is interesting." Xu Nian laughed.

This Soul Space of the Sky-reaching Stele was truly incredible.

Who would have thought such a Divine Artifact could bring people together from different locations as if face to face?

"This is just the beginning. We're now at the very edge of this Sky-reaching World." Lin Hengxin laughed.

Xu Nian nodded.

"Come, Xu Nian, let me introduce you. This is also our core senior brother, his name is Wan Feng. He's also a registered disciple of our Master, but Wan Feng is very strong. He can surely rank in the top one hundred among the registered disciples." Xue Bing introduced.

"Ranking in the top one hundred among the registered disciples?" Xu Nian was a bit surprised.

A rank of one hundred is not low at all.

There are more than twelve thousand registered disciples under the Nine Immortal Emperors.

To rank in the top one hundred among so many people, that's truly impressive.

"Xue Bing, is this the genius junior brother you mentioned, Xu Nian?" Wan Feng spoke, looking Xu Nian over.

"That's right, Brother Wan. He is Xu Nian, the one who previously killed Tang Fei in the dueling arena." Xue Bing said with a smile.

"Tang Fei is just a piece of trash; beating him is nothing to be proud of. Xu Nian, right? Let me give you a piece of advice: train hard. This world is far more terrifying than you imagine; strength is fundamental, and talent is of little use." Wan Feng said.

"Thank you for the advice, Brother." Xu Nian nodded.

Though Wan Feng's words were harsh, they made sense.

Wan Feng was right; defeating Tang Fei really wasn't much to boast about.

After all, Tang Fei was considered one of the weakest among the registered disciples.

Seeing Xu Nian remain so calm in the face of his criticism, Wan Feng said no more.

"Xu Nian, don't mind him, Brother Wan is like that. He may seem cold and ruthless on the outside, but he's really passionate. He's just blunt with a soft heart." Lin Hengxin said.

Xu Nian nodded.

He could see it; Wan Feng's earlier words.

Though seemingly derogatory, they were actually a reminder.

So Xu Nian wasn't upset.

"Alright, let's keep moving. Since we're now allies, we can watch each other's backs." Xue Bing said.

"Yes, yes!" Lin Hengxin exclaimed with excitement.

Xu Nian didn't object.

He indeed needed a team right now.

As for Wan Feng, he stayed silent, apparently in agreement.

"Roar!"

Just then, a loud roar came from ahead.

"That's the roar of a Titan Vajra Ape. Judging by the sound, it's of Earth Immortal King Level but probably hasn't been at that level for long." Xue Bing said.

"Titan Vajra Ape? This guy's defense is insanely strong, and with its Gold Attribute Hardening Law, it's almost impossible to hurt." Lin Hengxin said.

Xu Nian nodded.

The Titan Vajra Ape's defense was indeed formidable, and its strength was terrifyingly powerful as well.

At Immortal King Level, it would be tough to deal with.

"You all stand back and watch. I'll handle it alone."

However, at this moment, Wan Feng, who was at the forefront, stated directly.

"Okay!" Xue Bing agreed immediately.

Xu Nian was somewhat surprised that Wan Feng intended to face an Immortal King Level Titan Vajra Ape alone.

Could he really manage that?

The Titan Vajra Ape's law control is no longer low, already reaching Domain Level.

Seemingly seeing Xu Nian's thoughts, Xue Bing laughed, "Don't worry, Brother Wan is very strong. If he says he can do it, he surely will. Didn't you want to see how powerful Law Manifestation is? You'll find out soon."

"Yes, Brother Wan is very powerful." Lin Hengxin added.

Hearing this, Xu Nian curiously watched Wan Feng.

Right at that moment, Wan Feng shot forward, flying towards the direction of the Titan Vajra Ape.

Xu Nian and the others naturally followed closely.

Xu Nian also felt a sense of anticipation.

After all, such a battle was truly a rare spectacle.

"I wonder what Law Brother Wan has comprehended. I can't seem to discern the Law Attribute." Xu Nian thought curiously.

"Roar!"

Sure enough, soon Wan Feng caught up with the massive Titan Vajra Ape.

And the Titan Vajra Ape also noticed Wan Feng, seemingly sensing the provocation from this human.

The Tantai Vajra Ape let out an incredibly terrifying roar.

The massive figure was over ten meters tall.

"Roar!"

The Titan Vajra Ape roared again.

Using Law Power, it erupted with golden light, and an enormous fist pounded towards Wan Feng.

The fist carried an immensely terrifying Law Power.

Wan Feng's movement was immediately locked; this punch couldn't be avoided.

However, Wan Feng showed no fear, and instead, a hint of disdain flashed in his eyes.

Simultaneously, he conjured a long spear in his hand.

"Gold Attribute Law, Unbreakable Destruction!"

Wan Feng shouted loudly.

He then thrust his spear.

Instantly, a terrifying Law Domain burst forth from the spear's light.

In that instant, the Law Power of the Titan Vajra Ape shattered instantly.

Meanwhile, Wan Feng, holding the long spear, directly pierced through the Titan Vajra Ape's head.

"Boom!"

The massive body of the Titan Vajra Ape collapsed to the ground, lifeless.

"Dead? So strong!"

Xu Nian was incredibly surprised.

Wan Feng didn't even use Law Manifestation; he just unleashed a domain at the moment of his spear thrust, and the Titan Vajra Ape was already dead.

"How was it? Isn't Brother Wan's strength amazing?" Xue Bing asked Xu Nian with a smile.

"Indeed, very strong." Xu Nian nodded.

A sense of admiration arose for Wan Feng.

Chapter 1413: Tang Bo's Provocation

Xu Nian looked at Wan Feng in the distance, falling into deep thought.

He had just noticed a detail.

That was, Wan Feng's domain erupted at the moment his spear was released.

And not at the start of the battle, releasing the domain first.

As he retrieved the spear, the domain also withdrew.

"Instantly releasing and withdrawing a domain is a skill for advancing Law Manifestation, I'm also trying to grasp it now," Xue Bing said with a smile.

Evidently, he also perceived this point.

"Indeed, it not only catches others by surprise but also conserves the Immortal Essence within," Xu Nian nodded.

Maintaining a domain also consumes Immortal Essence.

Xu Nian just tried it and found that he still couldn't release the domain at the moment his sword was unleashed.

"It seems my cultivation still has a long way to go," Xu Nian murmured to himself.

His eyes suddenly shone with determination.

He couldn't defeat this Titan Vajra Ape in a single strike either.

Wan Feng's strength was indeed above his own.

Although both were at the Golden Immortal Peak, Wan Feng was clearly much stronger than Tang Fei.

"This Titan Vajra Ape earned me five hundred points, elevating my ranking to within four thousand,"

Wan Feng came over and said.

Upon hearing this, Xu Nian looked at his own token, realizing his ranking was beyond thirty thousand.

"This is just the beginning, the trial lasts for ten years, and some truly strong individuals haven't even made their move. Some aren't even bothered to hunt these Demon Beasts one by one and will hunt those with high scores at the end instead," Wan Feng continued.

"Indeed, the trial gets more intense as it progresses," Xue Bing agreed with a nod.

"Who cares? We aren't really aiming for placements; we're purely cultivating," Lin Hengxin said with a smile.

Xu Nian remained silent.

Surely anyone participating in the trial hopes for a good ranking.

But Xu Nian didn't think much further; his goal in joining the trial was to advance both laws to Law Manifestation level within ten years.

After a brief rest, the three continued forward.

Before long, they encountered a group of people.

These people were none other than the direct disciples of the Immortal Sovereign.

Among them was Qin Ming.

At this moment, Qin Ming also noticed Xu Nian and Xue Bing's group, his gaze instantly turning cold.

Then Qin Ming exchanged a few words with a red-haired youth beside him.

The red-haired youth immediately looked at Xu Nian, his eyes filled with killing intent.

"Xu Nian, you need to be careful. The red-haired man beside Qin Ming is Tang Fei's brother, named Tang Bo. He is very strong, having reached the Immortal King Realm, and seems to have also entered the Law Manifestation level," Xue Bing said to Xu Nian through voice transmission.

"Tang Fei's brother?" Xu Nian frowned.

He hadn't expected Tang Fei to have a brother.

It seemed like he was indeed facing a sizable problem.

"Are you the one called Xu Nian? Was it you who killed Tang Fei?"

As expected, the red-haired man walked over, looking at Xu Nian with a cold gaze.

"Yes, I killed Tang Fei, but it was a life-and-death duel between us. Are you seeking revenge?" Xu Nian frowned.

"Quite arrogant, aren't you? In that case, do you wish to accept my life-and-death challenge?" Tang Bo said.

"Tang Bo, you're an Immortal King who has cultivated on Shendang Mountain for three thousand years. Xu Nian has been here for less than three years. Do you find it honorable to challenge him to a life-and-death duel?" Wan Feng immediately retorted coldly.

"Wan Feng, this seems to be none of your business, does it?" Tang Bo turned to look at Wan Feng, his eyes cold.

"Xu Nian is my direct junior disciple. Why shouldn't I be involved?" Wan Feng retorted without flinching.

Though his cultivation was still at the Golden Immortal Peak,

he wasn't at all afraid if it came to a fight.

Tang Bo said nothing, but turned back to Xu Nian: "Xu Nian, if you're a man, step up and accept my life-and-death challenge, otherwise I'll make it impossible for you to stay on Shendang Mountain."

Upon hearing this, Xu Nian also laughed coldly.

He despised being threatened by others.

Tang Bo had been condescending from the beginning.

Did he really think Xu Nian was an easy target?

"I won't accept your challenge. If you have any tricks, go ahead. I will deal with them, but I advise you not to cross my bottom line. Otherwise, no matter if you're an Immortal King or even an Immortal Emperor, I will eventually cut you down with my sword," Xu Nian's gaze was sharp.

Tang Bo frowned.

He didn't expect Xu Nian to be so unyielding.

"Very well, I will remember you. I hope you won't regret today's decision," Tang Bo snorted coldly and then left in a huff.

Following that, Tang Bo led the group of Immortal Sovereign disciples out of the forest.

Xu Nian watched as Tang Bo left, his eyes growing more serious.

Tang Bo was a threat that needed to be dealt with promptly.

If Wan Feng hadn't been here today, Tang Bo likely would have acted earlier. At least in this trial space, Xu Nian needed to eliminate him once first.

"Xu Nian, you did well. I didn't expect you to be so resolute, but honestly, you've provoked Tang Bo. He will not spare you easily, as he is vengeful," Wan Feng praised.

"Even if I didn't provoke him, he wouldn't spare me. I'd rather fight standing than die kneeling," Xu Nian smiled.

"Good!" Wan Feng nodded.

"Don't worry. With us around, he won't dare to do anything to you for now, and as long as you don't leave Shendang Mountain, he can do nothing to you either," Xue Bing said with a smile.

"Thank you, senior brothers!" Xu Nian looked gratefully at Xue Bing and Wan Feng.

"There's no need to be so formal. Let's continue with the trial," Xue Bing said with a smile.

In the following month, Xu Nian cultivated alongside Wan Feng in the Sky-reaching World.

"Boom!"

He used the Black Hole Law, unleashing Black Hole Power, throwing a powerful punch, the Black Hole Domain burst forth.

Directly pulverizing the Demon into pulp.

And as he retracted his fist, the Black Hole Domain vanished as well.

"Not bad, Xu Nian. Your comprehension is truly high. In just one month, you've been able to release and withdraw your domain instantly," Wan Feng praised.

Wan Feng witnessed Xu Nian's progress and was deeply impressed, though he did not express it openly, his heart was filled with astonishment.

It took him ten whole years to achieve this step initially.

Yet Xu Nian managed it in just one month.

"Xu Nian, you might be a bit too monstrous. Your current strength is probably already above mine," Xue Bing couldn't help but remark.

Xu Nian's progress was indeed astounding.

He hadn't yet mastered the instant release of the domain, but Xu Nian was already able to freely exert control over it.

Xu Nian smiled, his progress extended beyond that.

In fact, ten days ago, his Extreme Point Penetration Law had already been controlled at will.

He simply had not displayed it.

"Xu Nian, with your talent, you will certainly achieve Law Manifestation within a hundred years," Wan Feng said.

"A hundred years? There probably aren't many who can achieve Law Manifestation from domain within a hundred years," Lin Hengxin added.

"Indeed, not many, not even among the direct disciples of Immortal Emperors," Xue Bing nodded.

Xu Nian, however, smiled bitterly internally.

A hundred years?

A hundred years was far too long for him.

Even the ten-year goal seemed like it should be shortened.

Chapter 1414: Law Manifestation

The third level of the Supreme Tower.

Xu Nian stood holding a sharp sword.

At this moment, his body had changed to that of the Golden Immortal Realm Early Stage, but the sword in his hand was still a Low Grade Immortal Artifact.

And in front of him were no longer the Taigu Fierce Wolves but ten Early Stage Immortal King Realm Hell Berserk Bears.

"What the hell! Golden Immortal Realm Early Stage, fighting against ten Early Stage Immortal King Hell Berserk Bears?"

Xu Nian was momentarily speechless.

The Hell Berserk Bear is an incredibly terrifying Taigu Fierce Beast.

This kind of fierce beast has extremely strong defense, even a Top-grade Immortal Artifact can't hurt them at all.

Not only that, but their strength is also extremely terrifying.

One punch, and not to mention the Early Stage Immortal King, even the Late Stage Immortal King can't withstand it.

Most importantly, they can also enter a berserk state.

Once they enter a berserk state, even a Peak Immortal King Level Sword Immortal has to avoid them.

Yet now his cultivation was only at the Golden Immortal Early Stage?

How is he supposed to fight?

Xu Nian felt his scalp tingle.

Let alone ten, he couldn't even handle one.

No wonder he heard from Xue Bing earlier that without a Minor Manifestation of Law, never enter the third level, otherwise, it's just seeking abuse.

Now it seems, it's absolutely correct.

"Roar!"

The ten Hell Berserk Bears seemed to have noticed Xu Nian, letting out frantic roars.

Then the Hell Berserk Bears pounced toward Xu Nian.

The speed of these Hell Berserk Bears was terrifying, despite their huge size, their speed was not weak at all.

Most importantly, they had also mastered the Shrinking Ground Principle.

"Boom!"

Xu Nian was hit by a Hell Berserk Bear, and his whole body disintegrated instantly.

Three breaths later, Xu Nian directly exited the Mind Space.

That's right, he had perished.

"Too strong! There's simply no chance to fight back."

Xu Nian sighed helplessly.

Ten Hell Berserk Bears mastering the Shrinking Ground Principle, they're simply invincible beings.

Initially, he intended to train and temper himself on the third level of the Supreme Tower, but at this moment, he immediately gave up on this idea.

Damn!

Here, you can only get beaten up, achieving nothing.

...

Returning to his residence, Xu Nian went straight into the Chaos Divine Palace.

Xu Nian arrived in front of Han Xiaoxiao.

However, Han Xiaoxiao was still in a coma, her Mud Ball Palace tightly sealed, as if undergoing earth-shattering changes.

Xu Nian helplessly left and came before the Undying Devouring Sky Beast.

"Haha, kid, I didn't expect you to have reached the Golden Immortal Early Stage."

At this moment, the illusory figure of Wentian Demon Lord appeared in front of him.

Indeed, Wentian Demon Lord had finally awakened.

After this slumber, Wentian Demon Lord's soul had recovered a lot.

At this moment, he had the soul power of an Immortal King Level.

"Senior Wentian, you're awake at last." Xu Nian said with a smile.

Seeing Wentian Demon Lord awake, he was also very happy.

"Kid, you've already become a Golden Immortal. If I don't wake up soon, you'll surpass me in no time." Wentian Demon Lord remarked emotionally.

Back then, Xu Nian was still in the Mortal World, but now he had transformed, becoming a Golden Immortal powerhouse.

This contrast was truly like entering a new world for Wentian Demon Lord.

"Senior Wentian, you woke up just in time, I actually have some things I want to ask you." Xu Nian said with a smile.

"Have you hit a bottleneck in cultivation?" Wentian Demon Lord asked with a laugh.

"Yes, my comprehension has reached the peak of the second stage of the Middle Stage of Law, but wanting to complete the Law Manifestation, I have no clue. I wonder if Senior Wentian could offer some guidance." Xu Nian asked.

"Oh, you've already reached Law Domain Perfection? Impressive, your cultivation speed is fast. But indeed, Law Manifestation is a watershed in Law Comprehension." Wentian Demon Lord nodded.

Whether cultivating demons or immortals, one needs to comprehend laws.

To have reached the Immortal Sovereign Realm, his understanding of the Law Realm would naturally be much higher than Xu Nian's.

"Senior Wentian, what exactly is this Law Manifestation?" Xu Nian voiced his inner doubt.

Although the blue-clad youth had previously explained the significance of Law Manifestation to him,

but Xu Nian still felt somewhat confused.

"Actually, Law Manifestation is very simple, you can think of it as the process of condensing the power of laws into tangible matter, which is essentially a process of refining the power of laws." Wentian Demon Lord explained.

After speaking, he waved his hand.

A terrifying Thunderclap Law then condensed in his palm, eventually forming an extremely sharp Thunderclap Blade.

The Law Wave contained within this knife was extremely terrifying.

If one were injured by this Thunderclap Blade, recovery would be very difficult.

Xu Nian looked at the Thunderclap Blade, seemingly having a bit of understanding.

Then he tried to open his palm and began to converge the Wind Attribute Extreme Point Penetration Law.

A stream of cyan airflow gathered in Xu Nian's palm.

This cyan airflow kept condensing, eventually forming an incredibly sharp needle.

"Huh? I did it!"

Xu Nian was overjoyed to see this cyan needle.

"Boom!"

However, the next moment, this cyan needle exploded into a blast of cyan airflow.

"Uh?"

The smile on Xu Nian's face froze instantly.

He failed!

"Not bad, to condense and take shape on the first try, but to maintain this manifestation of law form, you'd need a very high mastery of law power, otherwise it can't be sustained." Wentian Demon Lord laughed.

Xu Nian nodded.

He had felt it just now.

Even though he only used the law power to condense a small needle,

the control requirement was extremely high.

"Keep practicing, I'm going to take another nap." Wentian Demon Lord laughed.

After saying that, he returned to the body of the Undying Devouring Sky Beast and fell into a deep sleep.

Xu Nian began his attempts once again.

However, this time, Xu Nian discovered he couldn't even condense a needle.

"Once more!"

Xu Nian muttered to himself.

This time the needle only condensed halfway before shattering.

"Once more!"

Xu Nian gritted his teeth and tried to condense it again.

But the final result was still a failure.

However, Xu Nian did not give up, trying again and again.

Day after day.

Year after year.

Half a year had passed in the outside world, translating to over eight years inside.

Half a year passed in the outside world, and Xu Nian attempted for a full fifty years.

But in those fifty years, Xu Nian attempted over and over again.

And after all these attempts, exactly half a year had passed in the outside world.

And Xu Nian spent exactly fifty years trying.

But in those fifty years.

Something was achieved.

"Buzz!"

With a thought,

ten extremely sharp needles appeared before him.

Instantly, it condensed.

The laws contained in each green needle were extremely formidable.

It seemed they could pierce through anything in the world.

"Buzz!"

Xu Nian's mind moved again.

A black hole terrifyingly powerful enough to devour everything in the world appeared.

It seemed capable of consuming everything.

"Now my understanding of the Extreme Point Penetration Law Manifestation has reached the Small Achievement Realm, and my comprehension of the Black Hole Law Manifestation has reached the entry-level stage."

To be honest, he hadn't expected to have taken so long.

Although only half a year had passed in the outside world, it had been over fifty years inside the Chaos Divine Palace.

However, with fifty years of persistence in his attempts.

Exactly half a year had passed in the external world, but Xu Nian had been trying for a full fifty years.

But in those fifty years.

Chapter 1415: Battle Against the Abyss Blade Demon Once Again

Although it took fifty years.

But for the entirety of Shendang Mountain, this is already considered extraordinary.

Ordinarily, stepping from Domain Perfection to entry-level Law Manifestation takes at least five to six hundred years.

Even for geniuses, it takes at least a hundred years.

The fact that Xu Nian accomplished it in fifty years makes him already Demon Level within Shendang Mountain.

After all, comprehending laws is an extremely lengthy process.

Moreover, Xu Nian has not only reached entry-level but has also achieved the Small Achievement Realm.

If word got out, it would definitely cause a significant stir.

"It's time to go to the Sky-reaching World for a trial again." Xu Nian muttered to himself.

He hadn't gone to the Sky-reaching World for trials in a long time.

Currently, his points are only at five hundred, ranking far behind at over ten thousand.

However, Xu Nian is not in a hurry; the entire trial still has nine years remaining.

As long as there's strength, he won't worry about catching up on points.

Sky-reaching World.

Xu Nian's figure condensed.

Xu Nian could feel that the body formed in this Sky-reaching World was exactly identical to the outside world, truly astonishingly mystical.

"Hmm, Wan Feng, Xue Bing, and Lin Hengxin are not in the Sky-reaching World; it seems they have also decided to retreat." Xu Nian took out his token and tried to contact the trio.

However, he did not receive any responses.

Apparently, they have not entered.

"It's fine that they are not here; I can use this opportunity to truly sense my own power."

Xu Nian's insights have recently made breakthroughs.

He had long wanted to test the true extent of his power.

If they were here, Xu Nian would have some reservations.

Being alone now, he has the perfect chance to fight freely.

Thus, Xu Nian started to roam around the outskirts of the Sky-reaching World.

But Xu Nian could not find a suitable opponent to fight.

"Seems the outskirts don't have suitable opponents for me anymore; I need to go deeper." Xu Nian said.

Thus, Xu Nian headed straight for the central region of the Sky-reaching World.

The central region houses Immortal King Level demon beasts and demons, as well as Abyss Blade Demons.

Therefore, generally speaking, someone without Immortal King power dares not set foot here.

But Xu Nian's combat strength now clearly surpasses Golden Immortal Level.

After all, how many can complete Law Manifestation at the Golden Immortal Early Stage?

"Hmm? A Golden Immortal Peak Level Abyss Blade Demon?" Xu Nian's eyes lit up.

Suddenly attracted by the Abyss Blade Demon in the distance.

He immediately decided to use it as his honing stone.

"Swish!"

Xu Nian fell in front of the Abyss Blade Demon, blocking its path.

Generally, a Golden Immortal Peak Level Abyss Blade Demon is not to be trifled with even by those at Early Stage Immortal King.

This clearly shows the Abyss Blade Demon is truly formidable.

"A human at Golden Immortal Early Stage?" The Abyss Blade Demon's eyes sharpened instantly, displaying a disdainful look.

Even Abyss Blade Demons possess intelligence.

A Golden Immortal Early Stage human dares tread the central region, utterly seeking death.

"A thousand points?" Xu Nian checked his token.

Amazed to discover that this Abyss Blade Demon possessed a thousand points.

This was the highest prey Xu Nian had encountered thus far.

"Prepare to die, human!" The Abyss Blade Demon charged out instantly, its form like a fleeting shadow, appearing directly before Xu Nian.

The blade of Arm Mountain slashed out immediately, carrying an immensely powerful Abyss Power.

If hit, death would be inevitable.

Yet Xu Nian showed no fear.

A sharp sword appeared in his grip instantly.

"Clang!"

The sword and blade collided, emitting a crisp sound.

"Bang!"

Xu Nian, along with his sword, was knocked back hundreds of meters, a faint sweetness in his chest.

"Such powerful strength." Xu Nian rubbed his fingertips, surprised at the distant Abyss Blade Demon.

The previous strike had already used all his Immortal Essence.

Even so, he couldn't contest against the Abyss Blade Demon.

Bear in mind, Xu Nian's Immortal Essence now is at the peak of Golden Immortal Early Stage, only a step away from Golden Immortal Middle Stage.

Even facing a Golden Immortal Peak Level Sword Immortal, the difference in Immortal Essence wouldn't be vast.

Yet, despite this, he still couldn't resist the Abyss Blade Demon's Abyss Power.

"Human, you are too weak." The Abyss Blade Demon licked its blade with extreme disdain in its eyes.

Xu Nian's gaze turned cold.

He then took a step forward; the next moment, the Nine Dragon Supreme power within him erupted.

Dragon Energy surged, and Xu Nian entered Dragon Transformation State instantly.

At this moment, the Immortal Essence within Xu Nian doubled.

"Hmm?"

The Abyss Blade Demon glanced at Xu Nian, showing a hint of surprise.

Human-shaped Demonic Beast?

What is this?

Yet before it could figure it out.

Xu Nian was already charging forward again.

He slashed out with one sword, instantly activating Law Domain.

"Boom!"

The sword sliced across the Abyss Blade Demon's arm blade.

"Thud!"

Xu Nian's sword severed the Abyss Blade Demon's arm.

Purple blood spurted out.

"Roar!"

The Abyss Blade Demon let out a painful roar.

The next moment, the Abyss Blade Demon went berserk.

Its arm instantly grew back, attacking Xu Nian ferociously.

"Uh, the attack containing Law Domain from Extreme Point Penetration can actually be directly restored?" Xu Nian was slightly astounded.

Typically, even for immortals, injuries from Law Domain take a long time to recover.

Yet the Abyss Blade Demon regrew instantly.

Apparently, its Abyss Power is indeed terrifying.

"Die!"

The Abyss Blade Demon's arm blade continually swung, each strike stronger than the last.

Xu Nian was forced to retreat.

The power embedded in the Abyss Blade Demon's blade caused his organs to start fracturing.

Even with Dragon Transformation, facing the Abyss Blade Demon, he is still outmatched.

"Enough!"

Xu Nian focused his thoughts, and a sharp needle appeared mid-air instantly.

The needle shot out, piercing through the Abyss Blade Demon's brow.

The next moment, the Abyss Blade Demon's body stiffened and eventually fell.

Seeing this, Xu Nian finally breathed a sigh of relief.

Indeed only the power of Law Manifestation could kill it.

If not for reaching Law Manifestation, he likely wouldn't be a match for the Abyss Blade Demon.

"But I also understand now that the power of Law Manifestation is indeed strong, below the Immortal King Realm, it's challenging to find opponents who can match me." Xu Nian muttered to himself.

He was confident that even Wan Feng wasn't necessarily his match.

Both are at the Law Manifestation Success Realm.

Yet he comprehended the First-grade Law.

While Wan Feng comprehended merely the Third-grade Law.

If they were to fight, he could easily shatter Wan Feng's Law Manifestation Item.

"Hmm? There seems to be some commotion over there." Xu Nian suddenly looked towards a direction where signs of battle seemed apparent.

Chapter 1416: Rivals in Love Meet?

Xu Nian took a step forward, unleashing the Shrinking Ground Principle.

With one step, he arrived at the site of the battle.

In front of him, two women were currently engaged in combat with a Hell Fierce Bear of Immortal King Level.

This Hell Fierce Bear was exactly the same as the one on the third level of the Supreme Tower, both being at the Early Stage Immortal King.

However, the cultivation of the two women was not high, one was at the Golden Immortal Early Stage, while the other was at the Golden Immortal Late Stage.

Seeing these two figures, Xu Nian could not help but pause for a moment.

Because he discovered that he actually knew both of these figures.

"Huh, why is it them?" Xu Nian said in surprise.

The two stunning women before him were none other than Ji Qingyu, the Holy Daughter of the Immortal Sovereign Hall, and Xu Nian's confidante Xuanyuan Qingling.

At this moment, Ji Qingyu's cultivation had reached the Golden Immortal Late Stage.

Regarding this, Xu Nian was not surprised.

Ji Qingyu, as the Holy Daughter of the Immortal Sovereign Hall, enjoyed extremely abundant resources.

Her cultivation advancement was almost very easy.

But what Xu Nian did not expect was that Xuanyuan Qingling's cultivation had already reached the Golden Immortal Early Stage.

"Interesting!" Xu Nian let out a light chuckle.

Unexpectedly, he encountered these two during the trial at Shendang Mountain.

Recalling what Li Tian had said to him earlier, that Ji Qingyu liked women.

Now seeing her with Xuanyuan Qingling, Xu Nian couldn't help but think in that direction.

"However, it seems Ji Qingyu's insight cultivation is a bit lacking, as she has only reached the first stage of the Middle Stage of Law, while Qingling seems still stuck at the Early Stage of Law." Xu Nian shook his head helplessly.

With only this level of cultivation, to come to this central region was simply courting death.

This Hell Fierce Bear could easily annihilate them.

At this moment, the two were being beaten badly by the Hell Fierce Bear.

Had it not been for the Hell Fierce Bear holding a playful attitude, they would have long lost the qualification for the trial.

"Buzz!"

The Hell Fierce Bear threw a punch at Xuanyuan Qingling, containing extremely terrifying power.

Xuanyuan Qingling was already injured and unable to resist.

On the other side, Ji Qingyu wanted to stop it, but found herself unable to move.

Seeing this, Xu Nian shook his head helplessly.

Instantly, he moved out and a sharp needle condensed.

"Buzz!"

The sharp needle, condensed from the Extreme Point Penetration Law, directly pierced through the Hell Fierce Bear's head.

The next moment, the Hell Fierce Bear perished completely.

Of course, this was also because Xu Nian had launched a sneak attack.

If it were a frontal battle, with the Earth Fierce Bear using the Shrinking Ground Principle, it would be difficult for Xu Nian to hit it.

"Xu Nian? How are you here?"

Ji Qingyu was stunned at the sight of Xu Nian.

Of course, Xuanyuan Qingling was even more astonished, seeing Xu Nian stopped her entirely.

Her phoenix-like eyes stared straight at Xu Nian, afraid that everything in front of her was a dream.

Xu Nian smiled at Xuanyuan Qingling and then looked towards Ji Qingyu, "Why couldn't it be me? You forgot I told you I am a disciple of Shendang Mountain."

Upon hearing this, Ji Qingyu remembered that Xu Nian had told her he was an honorary disciple of the Taichu Immortal Emperor.

"Thank you for saving me," Ji Qingyu said.

The injuries inside started to heal gradually.

Xuanyuan Qingling also walked over.

"Qingling, let me introduce you, this is the person I told you about last time, the one who saved my life. I originally wanted to recruit him, but unfortunately, he had already joined Shendang Mountain. His name is Xu Nian," Ji Qingyu said with a smile.

"Hello, my name is Xu Nian," Xu Nian smiled, extending his hand playfully towards Xuanyuan Qingling.

She paused for a moment, and seeing Xu Nian's smile, she understood his intention.

"Hello, my name is Xuanyuan Qingling, a disciple of the Immortal Sovereign Hall." Xuanyuan Qingling extended her jade hand and shook Xu Nian's hand.

Ji Qingyu furrowed her brows slightly but did not intervene.

Xu Nian lightly scratched Xuanyuan Qingling's palm.

Indeed, Qingling understood him well; she knew he wanted to keep their relationship secret and willingly pretended not to know him.

"Alright, Xu Nian, what technique did you use just now to kill that Hell Fierce Bear?" Ji Qingyu diverted the topic.

As she spoke, she guarded Xuanyuan Qingling behind her.

It must be said, Xuanyuan Qingling was exceptionally beautiful, unmatched in looks.

Now, having become a Golden Immortal, the aura on her became even more captivating.

Of course, Ji Qingyu was not lacking either, with her graceful figure, exquisite face.

Xuanyuan Qingling was somewhat embarrassed by Ji Qingyu's actions.

If it were a usual man, she wouldn't mind, but at this moment, she faced Xu Nian.

"Don't misunderstand, Ji Qingyu she..." Xuanyuan Qingling hurriedly explained via Soul Transmission.

"I know, she's pursuing you." Xu Nian replied with a smile via Soul Transmission.

"So, you wanted me to pretend not to know you, so you could tease her?" Xuanyuan Qingling was very clever, naturally understanding Xu Nian's intention.

"Kind of, just curious to know what being considered a female rival by another woman would be like."
Xu Nian transmitted.

"Xu Nian, I... miss you!" Xuanyuan Qingling suddenly transmitted.

Xu Nian felt warm at heart upon hearing this.

He knew Xuanyuan Qingling was a shy person; her being able to say something like this meant she truly missed him.

"I miss you too!" Xu Nian transmitted back.

Hearing this, Xuanyuan Qingling immediately smiled radiantly, her smile stunningly beautiful.

Ji Qingyu was unaware that Xu Nian was communicating with Xuanyuan Qingling through Soul Transmission.

And Xu Nian's Soul Transmission with Xuanyuan Qingling was completed in an instant, so she didn't notice at all.

"Just some simple methods," Xu Nian explained with a smile.

Ji Qingyu nodded and didn't inquire further.

Actually, she knew about the Law Manifestation, but she didn't think about it.

Firstly, she felt it was impossible for Xu Nian to reach the Law Manifestation level, and secondly, she was merely using it as a topic to interrupt the connection between Xu Nian and Xuanyuan Qingling, not genuinely wanting to know what technique Xu Nian used.

So she wasn't concerned about Xu Nian's answer.

"Looks like you're officially part of Shendang Mountain now, and have surpassed to the Golden Immortal Realm Early Stage, congratulations." Ji Qingyu said with a smile.

Xu Nian smiled softly, not paying much attention.

"Why is your Immortal Sovereign Hall participating in our Shendang Mountain's trial?" Xu Nian asked curiously.

"The Immortal Sovereign Hall is a friendly force to Shendang Mountain, so every Sky-reaching Stele trial, our hall sends outstanding disciples to participate, so it's not surprising," Ji Qingyu replied with a smile.

"Where is your main body, in the Immortal Sovereign Hall or Shendang Mountain?" Xu Nian continued to ask.

"Our main body is still in the Immortal Sovereign Hall, we entered this space through a token," Ji Qingyu replied with a smile.

Upon hearing this, Xu Nian felt a bit disappointed.

If they were at Shendang Mountain, he could meet Xuanyuan Qingling in reality.

Chapter 1417: Ji Qingyu in Disarray

"Xu Nian, I didn't expect you to have already reached the Golden Immortal Early Stage."

Ji Qingyu looked at Xu Nian in surprise and said.

"Haven't you and Qingling also reached the Golden Immortal Realm?" Xu Nian said with a smile.

"Qingling and I are different. We relied on the sect's heritage, using the Holy Spring Pool for Washing Essence and Marrow, advancing through a process akin to enlightenment for our cultivation. But your cultivation speed is quite unexpected," Ji Qingyu said.

As the sect's Holy Daughter, she had access to incredibly rich resources.

These resources could save them a lot of unnecessary cultivation time.

However, Xu Nian was just a registered disciple of Shendang Mountain. It's truly bewildering that he could advance so much in such a short time.

Xuanyuan Qingling remained silent by the side.

In fact, she thought it was quite normal.

Because the Xu Nian she knew was someone who could constantly create miracles.

Xu Nian chuckled, "Maybe I just have a high talent."

Ji Qingyu couldn't help but roll her eyes at Xu Nian.

No matter how high the talent, it shouldn't be possible to advance so quickly in such a short time.

In her view, Xu Nian just didn't want to talk about it.

Since he was unwilling to share, naturally, she wouldn't press him further.

"Is it just the two of you attending the Immortal Sovereign Hall?" Xu Nian curiously asked.

"No, there's also someone from the Saint Heir's line. Besides the Saint Heir, there should be another disciple at the Immortal King Level," Ji Qingyu replied.

Xu Nian nodded.

That was just as he thought.

If the Holy Daughter was attending, the Saint Heir couldn't possibly miss it.

"What are your plans next?" Xu Nian asked them.

He was here mainly to hone his practical experience in Law Manifestation.

If he stayed with these two, it would only slow down his progress.

"We plan to practice on the outskirts, striving to achieve the Great Achievement Realm of Law Power," Ji Qingyu said.

"I also plan to take this opportunity to comprehend the Law Power," Xuanyuan Qingling added.

Law Power?

Xu Nian nodded.

Given their current realm, they should indeed avoid wandering the central area.

If they encounter another Demon Beast like the Hell Fierce Bear earlier, they could lose their trial qualifications.

"What law have you comprehended?" Xu Nian asked.

"The law I grasped is somewhat special, Dual Attributes of Water and Fire, Second Grade Law Emperor's Fire Ice Lotus. In a way, the fusion of these two laws rivals your First-grade Law," Ji Qingyu said.

Emperor's Fire Ice Lotus?

Xu Nian was slightly stunned.

He didn't expect Ji Qingyu to cultivate a mixed law of Water and Fire Dual Attributes.

Such mixed laws are generally extremely challenging to cultivate; after all, the two attributes are mutually generative and restrictive, with the slightest error leading to inner demons.

However, the power of such mixed laws is incredibly terrifying, not at all inferior to his First-grade Law.

"No wonder Ji Qingyu could become the Holy Daughter. If this mixed law is comprehended to Great Success, it will be absolutely terrifying," Xu Nian mused to himself.

"What about you?" Xu Nian looked at Xuanyuan Qingling.

"I have comprehended the Wind Attribute Third-grade Law Wind Song," Xuanyuan Qingling replied.

"Third-grade Law? If possible, try not to rush into the Middle Stage of Law breakthrough; instead, elevate the Wind Song to the level of the Second Grade Death Wind Chanting Law. If you can comprehend the First-grade Law Hell Netherworld Sound, even better," Xu Nian advised.

Since he too cultivated Wind Attributes, Xu Nian understood the three Wind Attribute laws related to sound very well.

Xuanyuan Qingling had previously cultivated musical skills, and from the looks of it, she indeed possessed a strong talent in music.

"Okay, I'll give it a try!" Xuanyuan Qingling nodded.

She wholeheartedly trusted Xu Nian's words and was willing to do whatever he suggested.

"Here are some of my insights on the Wind Attribute Law. You can try to take a look. Although the direction of my comprehension is different from yours, it might be of some help," Xu Nian said.

Having said that, Xu Nian handed Xuanyuan Qingling a Jade Scroll.

The content of the Jade Scroll was compiled using Xue Bing's insight notes along with Xu Nian's own cultivation insights.

It was also something Xu Nian had specially prepared for the few girls.

Simply Xuanyuan Qingling was the first to benefit from it.

Ji Qingyu frowned.

Xu Nian gave his insight notes to Xuanyuan Qingling but not to her, which instinctively made her feel a tinge of caution.

It's important to know that insight notes are an extremely valuable treasure for someone.

"Xu Nian, I warn you, don't even think about Qingling," Ji Qingyu transmitted her warning.

Hearing this, Xu Nian was instantly amused.

"Why can't I?" Xu Nian transmitted back.

"She's mine, no one is allowed to touch her," Ji Qingyu said immediately.

"Then you might be disappointed. I'm taking Xuanyuan Qingling," Xu Nian laughed.

"You can't, or don't blame me for turning against you." Ji Qingyu was a bit angry.

Xu Nian chuckled and paid no more attention to Ji Qingyu.

Xuanyuan Qingling was his, and never belonged to anyone else.

Even if Ji Qingyu was a woman, it was impossible.

Xuanyuan Qingling was unaware of Xu Nian and Ji Qingyu's argument; at this moment, she was engrossed in Xu Nian's notes.

She couldn't help but be amazed.

The notes were incredibly detailed, covering every single detail and including summaries of each stage of cultivation.

Most importantly, the notes had reached the Law Manifestation stage of the Middle Stage of Law.

This meant Xu Nian's insight cultivation had already reached the Law Manifestation stage.

Having spent nearly a hundred years in the Immortal Sovereign Hall, she naturally knew what Law Manifestation signified.

Knowing that her man possessed such power, Xuanyuan Qingling felt a sense of pride.

It also firmed her resolve to strive hard in cultivation, lest the gap between her and Xu Nian continued to grow.

"I won't be cultivating with you all. Here's my Token; remember my imprint. If you need anything, feel free to message me at any time," Xu Nian said.

"Be careful," Xuanyuan Qingling expressed her concern.

"Alright!" Xu Nian smiled and immediately left, employing the Shrinking Ground Principle.

Hearing the exchange between the two, Ji Qingyu suddenly felt uneasy.

In the past, Xuanyuan Qingling never gave any man the time of day.

But just now, she expressed concern for Xu Nian, a dangerous sign indeed.

"Qingling, you'd better stay away from him!" Ji Qingyu said to Xuanyuan Qingling.

"Why?" Xuanyuan Qingling felt amused.

"He's no good; he might have high talent, but he's not good enough for you. Your potential hasn't yet been fully realized; once it is, it will be limitless," Ji Qingyu quickly explained.

Hearing this, Xuanyuan Qingling found it even more amusing.

Xu Nian not good enough for her?

Ji Qingyu probably didn't know the true depth of Xu Nian's potential, did she?

"Qingyu, I've told you before, I have someone in my heart, but you never believed me. Now I'll tell you, that person is Xu Nian, and though we haven't exchanged formal vows, we are already a couple," Xuanyuan Qingling said.

"What?"

Ji Qingyu was stunned.

Feeling utterly bewildered.

Chapter 1418: Abyss Sword Demon

Breaking away from Ji Qingyu and Xuanyuan Qingling.

Xu Nian dived straight into the interior of the central region.

Encountering some King-level Demon Beasts, Xu Nian would strike directly.

Xu Nian discovered that as the battles progressed, his control over Law Manifestation became increasingly adept.

The power unleashed by the Law Manifestation was also becoming greater.

"Chirp!"

In the sky, a King-level Golden Winged Peng King spread its massive wings, over forty meters long, its entire body shimmering with golden light.

Its wings fluttered, forming a Wind Attribute violent Wind Blade Law Domain.

Early Stage Immortal King Level, mastering the Law Domain as well.

Generally, even Immortal King Level powerhouses would not easily provoke it.

However, Xu Nian scorned with his eyes, channeling Immortal Essence from within.

The Wind Attribute Extreme Point Penetration Law gathered in his hands.

The next moment, a giant bow and a sharp arrow condensed and formed.

Both the giant bow and the arrow were formed by the Wind Attribute Extreme Point Penetration Law, the penetration wave they contained was terrifyingly intense.

"Whoosh!"

Xu Nian drew the bow and shot the arrow.

The sharp arrow, entirely formed by the Law, instantly pierced through space, transforming into a speedy stream of light.

"Chirp!"

The Golden Winged Peng King screeched, opening its razor-sharp claws to grab the arrow.

Even the top-grade Immortal Armor appeared like paper under its incredibly sharp claws.

It did not believe that a mere arrow could harm it.

"Bang!"

However, the arrow pierced through its claw the instant it touched, and the next moment, it pierced through its skull, shattering its Immortal Core.

"Boom!"

The Golden Winged Peng King fell to the ground with a thunderous crash.

Seeing this scene, a faint smile appeared on Xu Nian's face.

"The power of this Law Manifestation is truly terrifying. Now, any Early Stage Immortal King who hasn't comprehended the Law Manifestation is no match for me." Xu Nian thought to himself.

Now, his control over the Wind Attribute Law Manifestation had reached a level of Great Success.

Although he was at the Golden Immortal Realm Early Stage, Xu Nian's strength already rivaled that of an Early Stage Immortal King.

"Whoosh!"

At this moment, a stream of light sped toward Xu Nian.

Following it was another stream of light.

Front and back, it seemed like a chase.

"Huh, it's him?"

Seeing the figure ahead, Xu Nian recognized it was the Immortal King expert who mastered the Water of All Things Law, whom he sought earlier.

And behind, there was actually an Abyss Sword Demon.

The Abyss Sword Demon, compared to the Sword Demon, had a pair of wings and stronger Abyss Power within.

Therefore, not to mention Early Stage, even Mid-stage or Late Stage Immortal Kings dared not confront an Immortal King Level Abyss Sword Demon.

Now this man was being hunted by an Immortal King Level Abyss Sword Demon, apparently soon to be caught.

Once caught, the gray-haired man might lose his trial qualification.

"Boom!"

The Abyss Sword Demon, holding a sword, slashed through the sky with its blade.

The gray-haired man, unable to dodge in time, quickly formed a shield using the Water of All Things Law.

"Bang!"

A loud crash.

The shield shattered instantly, and the gray-haired man was blasted away by this sword.

"Pfft!"

He spat out a mouthful of blood.

A sword mark appeared on his chest.

The wound was extremely deep.

The Abyss Power infected the wound, making it difficult to heal.

"Hmph, weak human, die!" the Abyss Sword Demon snorted coldly.

The sword in its hand was about to swing down.

The Abyss Power on the sword was dark and terrifying.

At this moment, the gray-haired man had no strength to resist, his Immortal Essence suppressed by the invading Abyss Power.

He could only watch as the Abyss Sword Demon swung its sword down.

Xu Nian furrowed his brows, and his Immortal Essence surged madly. The Extreme Point Penetration Law instantly formed a giant bow.

Drawing the bow and shooting an arrow, one shot flew out violently.

"Bang!"

The Abyss Sword Demon sensed the incoming arrow and quickly swung its sword to block.

"Thud!"

Fortunately, Xu Nian's arrow was a bit faster, but it was avoided by the Abyss Sword Demon's vital spot.

The arrow pierced through its left shoulder, dragging the Abyss Sword Demon thirty zhang away.

The Penetration Power formed by the Extreme Point Penetration Law was extremely terrifying.

The destructive power was astonishing.

So, even though the Abyss Sword Demon avoided the vital spot, it suffered substantial damage, losing the ability to move its left arm.

"Roar!"

The Abyss Sword Demon let out a furious roar.

Its eyes locked onto Xu Nian in the distance, filled with anger.

It had been wounded by a human.

That human was just an ant at the Golden Immortal Early Stage?

"Is it him?"

The gray-haired man also noticed Xu Nian at this moment, his face showing an extremely surprised expression.

He naturally had met Xu Nian before.

Back then, Xu Nian was no match at all.

Yet now, Xu Nian had severely injured the Abyss Sword Demon?

How did he achieve this in just six months?

Xu Nian floated down in front of the gray-haired man.

"Are you okay, Senior?" Xu Nian asked with concern.

"Not dead, did you hide your strength before?" the gray-haired man replied.

"No, when we met, I truly hadn't comprehended the threshold of Law Manifestation." Xu Nian replied honestly.

At that time, he indeed knew nothing about Law Manifestation.

"Already reaching such a realm within just over six months?" the gray-haired man felt shocked and jumpy.

The arrow Xu Nian shot just now clearly showed the Law Manifestation had reached the Great Achievement Realm.

Even he couldn't reach such a realm.

Moreover, the power of that arrow was extremely terrifying. Even at his peak, facing that arrow would be certain death.

So, it was certain that Xu Nian's strength exceeded his own.

"I had an epiphany, which is why I advanced so greatly," Xu Nian explained.

In reality, he spent a full fifty years.

But in real time, only half a year passed. Without an epiphany, it indeed couldn't explain how he reached such a realm in so short a time.

"An epiphany? That truly is a state not easily encountered." The gray-haired man accepted this explanation.

Only an epiphany could explain how this young man mastered Law Manifestation to such an extent in such a short time.

"However, this Sword Demon is very strong. Even at the peak of the Early Stage of Immortal King, it's not necessarily a match for him. You should leave, it's just a trial after all," the gray-haired man advised.

"Senior, I want to try," Xu Nian said with a smile.

After speaking, Xu Nian grasped his hand.

The Extreme Point Penetration Law manifested into an extremely sharp sword.

The sword contained endless waves of Penetration Law.

The sharp aura was strong enough to penetrate everything.

"So powerful, is he really just at the Golden Immortal Early Stage?" the gray-haired man couldn't help but be amazed.

An individual at the Golden Immortal Early Stage could apply Law Manifestation to such a degree.

This was absolutely a shocking event.

"Roar!"

The Abyss Sword Demon roared, seemingly enraged by Xu Nian's provocation.

"Let me test my true strength on you," Xu Nian said with a light smile.

The next moment, he took one step, appearing right in front of the Sword Demon.

With one slash of his sword, the sharp aura was enough to tear through the void.

The Sword Demon immediately swung its sword to block.

"Clang!"

The Abyss Sword in the Sword Demon's hand was directly cut in half by Xu Nian's sword.

The Abyss Sword Demon roared, seemingly enraged by Xu Nian's provocation.

"Let me test my true strength on you," Xu Nian said with a light smile.

The next moment, he took one step, appearing right in front of the Sword Demon.

With one slash of his sword, the sharp aura was enough to tear through the void.

The Sword Demon immediately swung its sword to block.

"Clang!"

The Abyss Sword in the Sword Demon's hand was directly cut in half by Xu Nian's sword.

Chapter 1420: Xu Xingfu's Comrades-in-Arms

Xu Nian returned to the real world.

Then went directly to Jiang Yao's residence.

"Are you saying that senior is willing to heal my Master?" Jiang Yao was overjoyed upon hearing Xu Nian's words.

"That's right, I've already spoken to the senior, and now I'll take you to meet him." Xu Nian said smilingly.

"Great, I'll go with you now." Jiang Yao immediately responded.

Her Master's injuries were becoming increasingly severe.

She was almost completely desperate.

Unexpectedly, at this critical moment, Xu Nian told her a powerful ally was willing to help her Master, how could she not be excited?

Without hesitating, Xu Nian took Jiang Yao to the previous location at Dragon Head Lake.

Sure enough, he found the figure of the gray-haired man there.

"You've arrived? Get on the boat!"

The gray-haired man looked at Xu Nian on the shore and immediately responded.

The originally small boat suddenly expanded tenfold.

Xu Nian and Jiang Yao landed on the boat.

"Senior, this is the friend I mentioned, her Master has been struck by a Fire Attribute Principle manifestation item and is now in critical danger." Xu Nian introduced to Xu Xingfu.

"Okay, I got it, don't worry, let's wait until this fish takes the bait." Xu Xingfu said.

Then continued fishing.

Xu Nian nodded and sat down beside him.

Jiang Yao was obviously anxious, but didn't dare to express any dissatisfaction, she could only wait silently.

"Have your cultivation broke through to Mid-stage Profound Immortal?" Xu Nian said with a smile.

"Yes, last time I already reached the Peak of Early-stage Profound Immortal, now I've made further advances." Jiang Yao said.

"I have some Immortal Crystal Stones here, you can take them for cultivation." Xu Nian threw ten Immortal Crystal Stones to Jiang Yao and said.

Ten Immortal Crystal Stones are enough for Jiang Yao to cultivate for a long time.

"Such precious items? I can't accept them." Jiang Yao was shocked.

She didn't expect Xu Nian to give her Immortal Crystal Stones.

These are treasures equivalent to Fourth Grade Immortal Marrows.

"I have plenty, just take them." Xu Nian said with a smile.

Seeing she couldn't refuse, Jiang Yao had to accept the Immortal Crystal Stones.

"Kid, do you have many Immortal Crystal Stones? Can you give me some too?" Xu Xingfu looked at Xu Nian and asked.

"Of course, here are one thousand Immortal Crystal Stones as a token of respect from the junior to the senior." Xu Nian smiled.

With a wave of his hand, one thousand Immortal Crystal Stones appeared before him.

His Immortal Crystal Stones were counted in billions, he could never use them all.

So giving Xu Xingfu a thousand Immortal Crystal Stones was a mere trifle.

One thousand?

Xu Xingfu's face changed drastically.

He was just casually asking, he didn't expect Xu Nian to actually give him so many Immortal Crystal Stones.

Jiang Yao was also a bit surprised.

But she didn't have any complaints.

After all, how much Xu Nian gave her was his own matter.

Xu Nian was already very generous in giving her ten, let alone gifting treasures to this Immortal King powerhouse for her Master.

Thinking of this, Jiang Yao felt even more grateful towards Xu Nian.

"Alright, I'll accept the one thousand Immortal Crystal Stones. Now, take me to see the injured one you mentioned." Xu Xingfu said.

"Really? Thank you, senior." Jiang Yao said excitedly.

Xu Nian smiled slightly, showing a barely noticeable smile.

Soon, the three of them arrived at Jiang Yao's Master's residence.

Xu Xingfu just took a glance at Jiang Yao's Master's injuries, then activated the Water of All Things Law.

In the next moment, Jiang Yao's Master's wound began slowly healing under the purification of the Water of All Things.

Seeing this, Jiang Yao instantly cried tears of joy.

Her Master had been tormented by this wound for decades, now finally recovering.

How could she not be excited?

About half an hour later, Jiang Yao's Master's wound completely healed.

Seeing this, Jiang Yao eagerly bowed: "Thank you, senior, for the life-saving grace."

Jiang Yao's Master also followed: "The senior's great kindness and virtue, the junior will never forget."

"Alright, I only came to save you because of Xu Nian. If you want to thank someone, thank Xu Nian."
After speaking, Xu Xingfu turned and left.

"Xu Nian, thank you." Jiang Yao sincerely expressed her gratitude.

"It's just a small matter, now your Master's injuries have completely healed, you don't need to worry too much, focus on improving your cultivation instead." Xu Nian said with a smile.

After speaking, he also followed Xu Xingfu out of Jiang Yao's Master's residence.

Then the two transformed into streams of light, disappearing from sight.

Jiang Yao watched the departing duo, lost in thought.

While Jiang Yao's Master was filled with emotion.

"Child, your friend is already in a different realm from us. Him being willing to come forward to help you is already a great favor. Didn't you notice? That senior Immortal King treats him as an equal." Jiang Yao's Master said.

"Master, you mean Xu Nian has reached Immortal King Level?" Jiang Yao was startled.

She initially thought Xu Nian provided some benefit to this Immortal King powerhouse to make him act.

Now it seems, it might not be just that.

"An Immortal King powerhouse can't be persuaded with small favors; such existence agreeing to assist with healing means Xu Nian's reputation is considerable. Otherwise, the other party wouldn't act this way. So, even if he isn't at Immortal King's cultivation level, he at least has the status to converse as equals with one." Jiang Yao's Master said.

Jiang Yao was even more surprised to hear this.

How long has it been?

Xu Nian already has the privilege to converse with Immortal Kings?

But recalling how shortly after ascension Xu Nian could slay Golden Immortal Peak powerhouses, Jiang Yao felt it wasn't impossible for Xu Nian to stand equal with Immortal Kings.

"Xu Nian, rest assured, I will diligently cultivate and strive to keep up with you." Jiang Yao said with firm determination.

At this moment, her heart seemed to be filled with a strong desire for cultivation.

After bidding farewell to her Master, she directly chose to enter closed-door cultivation, fully immersing herself in her practice.

Meanwhile, Xu Nian and Xu Xingfu arrived at a palace.

"Come on, I'll take you to meet some people." Xu Xingfu said with a smile.

After saying this, Xu Xingfu walked into the palace.

Xu Nian was curious, who does Xu Xingfu want to introduce him to?

He followed suit and walked in.

Upon entering the palace, Xu Nian saw three figures sitting cross-legged within.

Two men and one woman.

Among them, the two men were playing chess, while the woman was painting.

As for their cultivation levels, Xu Nian took a look and found they were all at Immortal King Level.

Among them, two men, one had reached Mid-stage Immortal King, and the other had reached Late Stage Immortal King.

As for the painting woman, she was the most terrifying, having reached Immortal King Peak.

"So powerful!" Xu Nian glanced at the three.

He discovered that the strength of these three was definitely above his.

Especially in Insight Realm, clearly superior to him.

"These three are my comrades in arms, aren't they powerful?"

Xu Xingfu saw the expression on Xu Nian's face and laughed.
