

Divine King 1451

Chapter 1451: Death Godhood

"If you want to save her, the only way is to merge with the Death God's Godhood."

Emperor Ye Tian said.

"Death God's Godhood?" Xu Nian was taken aback.

Godhood is something that cannot be sought after, and it's the Death God's Godhood?

The so-called Death Godhood is a godhood infused with the Death Principle.

The Death Principle is a first-grade principle within the Dark Attribute.

This principle is something that nearly no one in the entire Immortal Realm has comprehended.

The Death God Domain that Xu Nian wishes to visit is home to a demigod-level expert infused with the Death Principle.

According to the Immortal Emperor, this demigod expert could not ultimately become a god due to a flaw in the godhood.

"Master, can godhood have flaws?" Xu Nian asked curiously.

"No, the hardness of godhood is the toughest thing in existence. Not even the hardest divine artifact can leave a mark on it. Once godhood is formed, it will have no flaws." Emperor Ye Tian said.

"Then under what circumstances would one become a demigod?" Xu Nian asked curiously.

Since godhood can't have flaws, it indicates the problem lies with the demigod, not the godhood.

"It's simple. Becoming a demigod means he did not naturally become a god and cannot completely merge with the godhood to comprehend the principles within it." Emperor Ye Tian said.

"Does merging with godhood also require comprehension of the principles within it?" Xu Nian asked curiously.

"Of course, merging with godhood doesn't mean it can be merged directly. This merging process can be incredibly lengthy. Murong Xue either naturally becomes a god and comprehends the Death God Law or merges with the Death God Godhood, achieving a non-natural divine transformation." Emperor Ye Tian said.

"What exactly is the Death God curse?" Xu Nian asked in confusion.

"The so-called Death God curse is the damage caused after the Law Perfection. That Death God Stone bears a Law Imprint laid down by someone who comprehended the Death God Law, causing indelible damage. To repair such damage, one must master the Death God Law or the Life Law." Emperor Ye Tian said.

"Life Law?" Xu Nian showed a puzzled expression.

"Don't think about the Life Law; it isn't within the scope of Attribute Laws. It belongs to the Supreme Laws, like the Time Law and Space Law." Emperor Ye Tian said.

"Supreme Laws?" Xu Nian was stunned.

"Time, space, and life are the three Supreme Laws. Comprehending them is something beyond seeking. Your Undying Devouring Sky Beast is a Controller of the Space Law. Cultivate hard, and maybe you can become supreme in the future." Emperor Ye Tian said.

"Are there many Supremes in the Divine World?" Xu Nian asked curiously.

"Not many, there are only three in total. Enough said; even if you know more, it's meaningless at your stage. However, given your potential, I advise you to naturally become a god, because non-natural divine transformation cannot achieve the position of Divine King." Emperor Ye Tian said.

"Cannot achieve the position of Divine King?" Xu Nian was shocked.

So that's how it is.

No wonder they say those who don't become gods themselves have little potential; it's not just due to slow cultivation speed.

It's also because they cannot achieve the position of Divine King.

The Divine Realm is divided into Divine, God, Daluo God, Divine King, Divine Emperor, and Supreme.

So, if one can't become a Divine King, they'll remain at the Daluo God Realm at best.

"Buzz!"

Xu Nian's mind returned to his body.

After learning about the treatment for Murong Xue's injury, Xu Nian became even more solemn instead of relaxing.

Obtaining the Death God Godhood is easier said than done.

And it must be within three years?

Even using the time reversal of the Mixed Movement Divine Hall to slow time by a hundredfold only gives three hundred years.

As for comprehending the full Death God Law, that's even more out of reach.

Murong Xue has comprehended the Water Attribute Law. For her to also comprehend the Dark Attribute Law from scratch would take an exceedingly long time.

Soon, Xu Nian and Murong Xue arrived at the City Lord Mansion.

Xu Nian fed Murong Xue a Top-grade Healing Immortal Pill.

Murong Xue's injuries gradually healed.

However, her life force continued to wither away.

"Husband, I know the damage from the Death God curse can't be cured, so don't waste time on me. I just want to spend my remaining life with you." Murong Xue nestled in Xu Nian's arms.

"Don't worry, Xue'er, I know how to treat you now. I will find the Death God Godhood and heal your injuries." Xu Nian said.

"Death God Godhood?" Murong Xue asked in surprise.

So, Xu Nian told Murong Xue everything Emperor Ye Tian had said.

Murong Xue's expression became one of mixed emotions upon hearing this.

"Husband, you mustn't go to the Death God Domain for my sake; it's too dangerous there." Murong Xue said.

She had discovered her Death God Stone in an ancient relic.

It didn't come from the Death God Domain.

But even a stone left by a Death God was so terrifying.

The place where the Death God resides must be even more perilous.

"Don't worry, even if not for you, I will visit the Death God Domain." Xu Nian said.

"Husband, if you truly intend to go to the Death God Domain, perhaps this thing will be useful to you."
Murong Xue suddenly remembered something.

She produced a scroll with a mysterious and ancient aura.

Xu Nian opened the scroll, but there were no words on it.

"I found this together with the Death God Stone. It's a very mysterious scroll. When near the Death God Domain, it reveals text; I think it must be related to the Death God Domain." Murong Xue said.

"Alright, I'll take it." Xu Nian nodded.

Suddenly, Xu Nian seemed to remember something and quickly asked Emperor Ye Tian, "Master Ye Tian, if I find a treasure that can sustain life force, can it extend Xue'er's time?"

"Yes, but such treasures to extend life force are very hard to find." Emperor Ye Tian said.

"Hard to obtain?" Xu Nian produced a storage ring.

The next moment, a plant resembling a Red Dragon appeared in his hand.

"Oh, this is the Red Dragon Blood Ginseng, a top-grade Immortal Medicine approaching the level of Divine Medicine." Emperor Ye Tian said.

"How long can this extend Xue'er's life?" Xu Nian asked.

"Ten years, possibly!" Emperor Ye Tian said.

"Ten years? Using the Mixed Movement Divine Hall, it can be extended to a thousand years, which is enough." Xu Nian thought to himself.

He then refined the Red Dragon Blood Ginseng and fed it to Murong Xue.

Indeed, after consuming it, Murong Xue's complexion improved significantly, and much of the withering on her face vanished.

However, the withering on her arm remained.

"Xue'er, do you want to save your Master?" Xu Nian asked.

Upon saying this, Xu Nian produced a Revival Pill.

"Huh? Wonderful! Thank you, husband."

Murong Xue was overjoyed and quickly ran to Immortal Queen Qiluo's residence to feed her the Revival Pill.

Indeed, after Immortal Queen Qiluo consumed the Immortal Pill, the poison within her began to dissipate.

Seeing this, Murong Xue was overjoyed to the point of tears.

Chapter 1452: The Immortal Emperor's Gaze

In the following days, Xu Nian spent time alone with Murong Xue.

The two exchanged stories of their experiences in the Immortal Realm.

And just as Xu Nian and Murong Xue were warming to each other.

In a luxurious palace of the Haotian Sect.

At this moment, more than a dozen disciples were gathered.

These disciples looked anxious.

"Buzz!"

A figure appeared out of thin air in the main hall.

Instant Teleportation!

Something only an Immortal Emperor could achieve.

The man wore purple robes, exuding an indescribable aura of authority.

The disciples in the hall immediately greeted the figure respectfully: "Greetings, Master!"

"Speak, what is so urgent that you needed to see me?" Tianhua Immortal Emperor asked.

"Master, something has happened. The eighteenth and nineteenth junior brothers have been killed, their Soul Jade Pendants shattered," a disciple of Immortal Sovereign Level stepped forward and said.

"Oh? Eighteenth and nineteenth have been killed? They're not on the Sealing God Battlefield, are they?" Tianhua Immortal Emperor asked curiously.

"No, they were killed in the Immortal Realm. We've already sent people to investigate. It's said they were last seen in Feixian City of the Turquoise Pool," replied the Immortal Sovereign.

"Alright, I'll investigate it now," said Tianhua Immortal Emperor.

After speaking, he released his Immortal Consciousness.

The Immortal Consciousness swept across the entire Feixian City in an instant, spanning millions of miles.

Xu Nian, who was conversing with Murong Xue in the mansion, was suddenly alarmed.

"Husband, what's wrong?" Murong Xue asked in surprise.

"Just now, a powerful Immortal Consciousness swept over us. Our mansion's wards did not work at all," Xu Nian said with a frown.

"An expert at Immortal Sovereign Level?" Murong Xue asked.

The mansion's wards could only prevent Immortal Consciousness spying below the Immortal Sovereign Level.

"No, it was an Immortal Emperor!" Xu Nian denied it.

"An Immortal Emperor?" Murong Xue was abruptly shocked.

"If it's not Tianhua Immortal Emperor, then it's probably Extreme Purple Immortal Emperor. They might have learned that I killed their disciple or son. Xue'er, you need to enter the Chaos Divine Palace now," Xu Nian said.

In recent days, Xu Nian had also informed Murong Xue about the Chaos Divine Palace.

"Alright, husband, be careful. If anything happens, enter the Chaos Divine Palace," Murong Xue said.

Xu Nian nodded and then brought Murong Xue into the Chaos Divine Palace.

Then he went to find the three from the Gongsun Family, urging them to hit the road quickly.

...

In the Haotian Sect's main hall, Tianhua Immortal Emperor withdrew his Immortal Consciousness and opened his eyes.

"Master, how did it go?" the disciples asked in unison.

"I just investigated; your two junior brothers did die in Feixian City. There are traces of Divine Power Liquid left there, so every Immortal King in the city is suspect. Since it's territory of the Turquoise Pool, my Immortal Consciousness couldn't linger too long; otherwise, I could have found someone to question," Tianhua Immortal Emperor said.

"Divine Power Liquid? Then that must be a direct disciple of some Immortal Emperor," the Immortal Sovereign said hurrying.

"Master, why not let me handle it? I'll go to Feixian City to find out who the murderer is and bring him back to avenge the junior brothers," a disciple at Early Stage Immortal Sovereign stepped forward and said.

"Alright, Old Twelve, take care of it. Remember to be careful; that person has Divine Power Liquid. Take this drop of Divine Power Liquid for self-protection," Tianhua Immortal Emperor said.

He then bestowed a drop of Divine Power Liquid on the Early Stage Immortal Sovereign.

The other disciples looked on enviously.

The Immortal Sovereign was overjoyed: "Yes, Master!"

...

Meanwhile, in a huge palace on the shores of the East Sea, a middle-aged man in golden robes glared angrily at three Immortal Sovereigns below.

"The Young Master was in Feixian City before his death?" Extreme Purple Immortal Emperor asked.

"Yes, Pavilion Master, the Young Master died in Feixian City. We've asked, and it's said that an honorary disciple of Taichu Immortal Emperor used Divine Power Liquid to kill ten Immortal Kings by his side and then killed the Young Master," one of the Immortal Sovereigns replied.

"An honorary disciple of Taichu Immortal Emperor? Using Divine Power Liquid?" Extreme Purple Immortal Emperor frowned tightly.

"Yes, we investigated thoroughly. It was indeed an honorary disciple. Pavilion Master, should you take action to wipe him out, to avenge the Young Master?" the Immortal Sovereign said.

"Hmph, if it truly is just an honorary disciple, how did he get Divine Power Liquid? This disciple is likely not simple; investigate for me," Extreme Purple Immortal Emperor thought for a moment and coldly hummed.

"What about the Young Master's revenge?" the Immortal Sovereign asked.

"You, bring this person back to me; remember to keep him alive," the Immortal Emperor pointed to the Immortal Sovereign and said.

"Yes, Pavilion Master!" the middle-stage Immortal Sovereign level expert immediately accepted the order.

The next moment, he disappeared from the main hall.

"Taichu Immortal Emperor?"

Extreme Purple Immortal Emperor frowned.

An honorary disciple having Divine Power Liquid is clearly suspicious.

Not just any honorary disciple, even direct disciples are rarely granted Divine Power Liquid.

Only a very few direct disciples highly valued by an Immortal Emperor would be granted Divine Power Liquid for protection.

The more peculiar this matter is, the more cautious he became.

Unless absolutely necessary, he doesn't dare to offend Taichu Immortal Emperor.

After all, he is among the top five powerhouses in the entire Immortal Realm.

Of course, if the disciple's Divine Power Liquid didn't come from Taichu Immortal Emperor, he would show no mercy and would directly send his body separation to kill him.

...

"Another Immortal Emperor Level Immortal Consciousness," Xu Nian was startled internally.

Just now, another immensely powerful Immortal Consciousness swept by.

This time, Xu Nian clearly felt that the Immortal Consciousness scanned him entirely, fixating on him for three breaths.

At that moment, Xu Nian felt like he was being stared at by Death God.

That feeling was more terrifying than the pressure of an Immortal King.

"Extreme Purple Immortal Emperor, it must be Extreme Purple Immortal Emperor. But why didn't he just kill me?" Xu Nian wondered aloud.

Logically, since I killed his son.

He should be very angry, and killing a Golden Immortal like me should be a mere trifle.

Yet the other party didn't do so.

Clearly, he seemed to be dreading something.

"Could it be because of Taichu Immortal Emperor? Since I used Divine Power Liquid, that's why he hesitates?" Xu Nian instantly guessed the reason.

Divine Power Liquid is something that honorary disciples wouldn't possess.

Thus, precisely because of this, Extreme Purple Immortal Emperor didn't act.

However, the other's long gaze at him was clearly extremely angry.

"Looks like I need to leave as soon as possible. They spared me now, but that doesn't mean they will in the future," Xu Nian thought to himself.

So that night, he left Feixian City with Gongsun Wan'er, Gongsun Qing, and Gongsun Ling.

The four of them traveled at high speed toward the far south.

They traveled for a full three months before Xu Nian finally stopped to rest.

During this time, he constantly changed routes.

Chapter 1453: Divine Tomb of Fengyang Lake

By Fengyang Lake.

Xu Nian stood on the surface of the lake, holding a Law Sword.

A gentle breeze circled around him, unable to leave.

An Extreme Point Penetration Law Domain also formed around him.

Not far away, Gongsun Ling and the other two shivered, feeling an intense, sharp aura all around.

It seemed that if Xu Nian willed it, they would be pierced by sharp swords into beehives.

However, Xu Nian was not targeting them but was cultivating.

Xu Nian's eyes remained closed as he stood silently.

After about three two hours, the surrounding domain began to show movement.

The domain's range started to shrink, converging onto the Law Sword in Xu Nian's hand.

As the Law Domain integrated, the Law Sword began to emit a brilliant green light.

The Law Patterns on the Law Sword lit up, as if alive, flowing on the sword.

"Law Manifestation Great Perfection? Did he succeed?" Gongsun Ling exclaimed in shock.

His eyes filled with disbelief.

Gongsun Qing was equally surprised.

Law Manifestation Great Perfection?

Hadn't he just recently broken through to Law Manifestation Small Perfection?

How could he have reached the Great Perfection Realm so quickly?

"Xu Nian's comprehension talent might be the most terrifying in the history of Shendang Mountain. I was curious why the Taichu Immortal Emperor did not take such a peerless genius as a direct disciple. Now I understand, it's not that the Taichu Immortal Emperor lacks vision, but that there are other plans," Gongsun Ling couldn't help but remark.

"Grandpa Ling means, the Taichu Immortal Emperor is secretly cultivating Xu Nian?" Gongsun Qing couldn't resist asking.

"It seems so, otherwise, we couldn't explain the source of the Divine Power Liquid or why the Tianhua and Extreme Purple Immortal Emperors remain inactive," Gongsun Ling replied.

They were aware of Xu Nian's deeds in Feixian City.

They always worried that Xu Nian would be hunted by the Immortal Emperors, dragging them down.

Gongsun Qing even privately opposed traveling with Xu Nian.

But Gongsun Ling stopped him.

Now hearing Gongsun Ling's speculation, Gongsun Qing couldn't even muster jealousy towards Xu Nian.

Such a person was beyond his reach.

"Buzz!"

As the Law Domain fully merged into the Law Sword.

The fluctuations on the Law Sword became seamlessly natural.

At that moment, the Law Sword seemed truly to be the Sword of Heaven, able to cut through all.

"Finally reached Law Middle Stage Great Perfection?"

Xu Nian slightly opened his eyes, looking at the seamlessly natural Law Sword, a hint of a smile appeared on his face.

Though he had been on the move these past months, he constantly attempted further breakthroughs.

Now, driven by his crazy insights, he finally broke through to the Law Middle Stage.

"Facing Mo Mountain now, I don't need to use Divine Power Liquid to slay him, the power of the Law Sword has increased nearly tenfold."

Xu Nian spoke to himself internally.

Currently, if not at the Law Manifestation Perfection Realm, even Immortal King Peak Powerhouses would struggle to withstand Xu Nian's Law Sword, which had reached Law Perfection Realm.

One sword to pierce through.

Blood seals the throat!

"Next is the Law Late Stage, this stage of insight is ten times more difficult than the middle stage, it will surely be a long process," Xu Nian mused to himself.

Regarding the Law Late Stage, Xu Nian had only a preliminary understanding.

The Law Late Stage is divided into three levels: Law True Body, Law Heart, and Law Order.

Xu Nian had some understanding of the Law True Body.

That is the integration of the law into the body, forming the Law Body.

Thus unleashing tremendous battle power.

But as for the Law Heart and Law Order, Xu Nian didn't quite understand.

However, these matters were not his current concerns.

Insight into the Law Late Stage was more challenging than the middle stage, and could only be achieved gradually.

"Swoosh!"

Xu Nian swept back to shore.

"Congratulations, Mr. Xu, on breaking through to the Law Middle Stage Great Perfection Realm. Mr. Xu truly has divine talent," Gongsun Ling said with a smile as he approached.

"Elder Ling, you overpraise me. My current strength is still lacking, and if I don't strive harder, I might find it difficult to survive," Xu Nian replied with a smile.

Though the two Immortal Emperors had not acted against him directly, the oppressive feeling of their distant gaze pressured Xu Nian immensely.

That intense pressure constantly reminded Xu Nian that he must strive to enhance his cultivation crazily.

Otherwise, others could crush him as easily as an ant.

Combined with Murong Xue's change, Xu Nian's desire for power had reached its peak.

His cultivation had now reached the Golden Immortal Peak Realm.

Possibly due to the use of Divine Power Liquid, besides the significant enhancement of his physical body, his cultivation also saw a slight increase.

Xu Nian specifically inquired about the Wentian Demon Sovereign; others who used Divine Power Liquid could not absorb its power.

After all, the power within Divine Power Liquid is divine, exceedingly advanced.

Even Immortal Emperors cannot utilize it, so it typically dissipates after use.

But Xu Nian had succeeded, and smoothly broke through to the Golden Immortal Peak.

By Xu Nian's guess, this was likely the extraordinary nature of the Dan Sea Species Green Lotus Technique.

Gongsun Ling, hearing Xu Nian's words, could only smile wryly.

If Xu Nian couldn't survive, then wouldn't they be unworthy of even existing?

"Elder Ling, this Fengyang Lake region is crowded with powerful figures, and there are also formidable Immortal Beasts. Our journey ahead may not be smooth," Xu Nian remarked.

"Yes, I felt it too. Just now, over a dozen Immortal Consciousnesses scanned our area, including Immortal King-level ones, with three more scans repeatedly," Gongsun Ling nodded.

This Fengyang Lake area was packed with Independent Immortals.

Some were Thief Immortals, others Hunting Immortals, and still others were masters hidden by major powers.

They gathered here for a single purpose.

Divine inheritance!

It was said that a Divine had fallen here long ago, opening a burial site before dying and leaving their legacy.

But for over ten thousand years, no one had found the burial site.

So, many ventured here to try their luck, hoping they might be the one destined by the Divine Strong People.

"Swoosh!"

At this moment, a streak of light flew rapidly towards Xu Nian.

Xu Nian frowned, noticing it was a woman at the Late-stage Golden Immortal level.

Behind her, a dozen or so powerhouses pursued.

There were Gold Immortals and Immortal Kings among them.

It was evident, however, that the woman was not allied with these pursuers.

"Save me!"

The woman called out to Xu Nian and Gongsun Ling.

"We are powerless; please seek help elsewhere." Xu Nian promptly declined.

Then he prepared to lead Gongsun Ling and the others away.

However, the woman directly swept over to Xu Nian and the others: "Please, save me."

Xu Nian immediately frowned.

What was the woman thinking?

With more than a dozen powerhouses pursuing, including Immortal Kings, she was leading her enemies toward them.

Chapter 1454: Self-Defeating Cleverness

Although with Xu Nian's current strength, it's hard for any powerhouse below the Immortal Sovereign level to harm him in the slightest.

However, his apparent Cultivation is only at the Golden Immortal Peak Level.

That woman led these powerhouses towards them, clearly with ill intentions.

Even with Gongsun Ling present.

Among these powerhouses, there were even some at the Late Stage Immortal King or even Immortal King Peak Level.

Xu Nian instantly felt a sense of disgust towards the woman.

"Please, save me, I am the Direct Disciple of the Yaochi Snow Immortal Sovereign, these people want to steal my belongings." The woman immediately said.

While speaking, she intentionally cast flirtatious glances at Xu Nian and Gongsun Qing, putting on a seductive expression.

Clearly, this woman intended to use a beauty trap to lure Xu Nian and Gongsun Qing into her scheme.

However, Xu Nian disdainfully ignored such tactics.

On the other hand, Gongsun Qing seemed a bit hesitant.

Indeed, this woman's appearance was quite alluring, the very definition of a naturally enchanting beauty.

"We can't save you, you'd better ask someone else." Xu Nian mercilessly refused.

They were strangers to each other, and the woman tried to exploit them like this; it was already generous of him not to kill her.

How could he possibly act to save her?

The woman froze, clearly not expecting Xu Nian to refuse so directly.

She then turned her attention to Gongsun Qing.

"Young master, I'm really at my wits' end, please, save me, if they catch me, they'll make my life worse than death." The woman pleaded pitifully, looking at Gongsun Qing.

Gongsun Qing immediately looked toward Gongsun Ling: "Grandpa Ling, should we help save her?"

"Listen to Xu Nian, we should avoid getting into trouble right now." Gongsun Ling refused.

The woman was dumbfounded by this.

Was that young man named Xu Nian their leader?

And not this Immortal King?

But when she looked at Xu Nian, she found him staring at her coldly.

"Whoosh whoosh whoosh!"

Just as she was preparing to leave, a dozen powerhouses swooped in.

They surrounded Xu Nian and his group entirely.

These individuals sized up Xu Nian and the others, pausing briefly on Gongsun Ling before fixing their gaze on the woman.

"Yann Yu, hand over the Divine Weapon Talisman." The leading Immortal King Peak powerhouse demanded.

"Divine Weapon Talisman?"

Xu Nian looked at the woman called Yann Yu in surprise.

The woman furrowed her brow.

Then she turned to Xu Nian and asked, "Xu Nian, should we just hand over the Divine Weapon Talisman?"

With these words, a dozen powerhouses in the sky immediately directed sharp gazes at Xu Nian.

A surge of Killing Intent emerged in Xu Nian's eyes.

What a clever ploy to kill with a borrowed knife!

This woman was deliberately trying to make these people think she and Xu Nian were in cahoots.

And that the Divine Weapon Talisman had already been given to him.

"The Divine Weapon Talisman is not with me, I don't know her," Xu Nian told the Immortal King Peak powerhouse in the sky.

"Hmph, whether you know her or not is not up to you. Even if you don't know her, you can't escape. Knowing the whereabouts of the Divine Weapon Talisman, you must die." The Immortal King Peak powerhouse sneered.

Upon hearing this, the woman's lips curled into a cold smile.

"Didn't you refuse to help me? Now you probably have no choice but to step in, right? Go ahead and fight, so I can seize the chance to escape." The woman coldly chuckled to herself.

Though she didn't think Xu Nian and the others could hold these people off for long.

Even just a moment's distraction would give her a chance to escape.

As for the lives of Xu Nian and the others, what did that matter to her?

"I said I don't know her, and I won't mention a word about the Divine Weapon Talisman." Xu Nian said coldly.

"Hmph, dead men don't speak." The Immortal King sneered.

Xu Nian knew then that there was no room for negotiation.

"I originally didn't want to kill, was willing to spare your lives, but since you are unwilling, don't blame me." A murderous intent stirred in Xu Nian's eyes.

"Three Golden Immortals, one Mid-stage Immortal King, you think you can kill us?" The Immortal King Peak said with a disdainful sneer.

The other Golden Immortals and Immortal Kings joined in the mocking.

Xu Nian looked up at the Immortal King.

"Buzz!"

With a thought, a sharp sword suddenly materialized out of thin air.

This sword emanated powerful fluctuations of a Law Domain.

"Not good, Law Manifestation Great Perfection? How is this possible?"

The Immortal King Peak powerhouse's face changed dramatically at the sight of the Law Sword.

The Golden Immortals and Immortal Kings were also horrified.

A Golden Immortal Peak, reaching Law Perfection?

Of course, the most shocked was the woman named Yann Yu.

Middle Stage of Law Perfection?

She finally understood why this young man was the core of the four of them.

"Die!"

Xu Nian uttered softly.

The sword in his hand swung out.

A flash of light flickered and disappeared in the sky.

"No!"

The dozen powerhouses, including the Immortal King Peak, all died on the spot.

"This!"

Yann Yu's eyes were wide open, staring at the falling bodies from the sky.

She suddenly regretted her decision deeply.

What kind of existence had she provoked?

Suddenly, Yann Yu was startled, a chill running down her spine.

For she found Xu Nian had already turned to look at her.

That indifferent gaze was like that of a Death God's stare, sending shivers through her.

Gongsun Ling looked at the woman and shook his head silently.

Such a narrow perspective!

Gongsun Qing seemed to want to say something but didn't know what.

Gongsun Wan'er looked on with disdain.

Even she could see the woman's ill intentions, using them.

"I... I'm sorry, I really didn't mean to, if you spare me, I'll give you the Divine Weapon Talisman, or let me do whatever you want, just..."

The woman hurriedly pleaded for mercy.

"Pfft!"

But before she could finish speaking.

Xu Nian's sword swung down directly.

The woman's eyes widened instantly, filled with an extreme look of discontent.

She never imagined that her little ruse would become her death warrant.

Xu Nian looked at the fallen woman, reaching out to absorb her storage ring into his hand.

In the next moment, a dagger appeared in his hand.

The dagger exuded a very strong aura.

Clearly, this dagger was a Divine Artifact.

"Is this the Divine Weapon Talisman? How is it a dagger?" Gongsun Wan'er asked curiously.

"The so-called Divine Weapon Talisman should be a kind of Talisman Sword, and the lines on this dagger should be a kind of Divine Talisman." Gongsun Ling said.

"Yes, it is indeed a Divine Talisman, but it's not the offensive or enhancing type of Divine Talisman." Xu Nian scrutinized the Divine Weapon Talisman in his hand.

Although this dagger was a Divine Artifact, its intrinsic value was likely less than the preciousness of the Divine Talisman inscribed on it.

But what exactly this Divine Talisman was, he did not know.

I'm afraid only asking the Yetian God Emperor could reveal the role of this Divine Talisman.

"We should leave here first. I feel a powerful presence approaching." Xu Nian said.

Gongsun Ling and the others immediately nodded repeatedly.

Then the four transformed into streams of light and departed.

Shortly after Xu Nian and the others left, a figure arrived in an instant.

The aura from this figure was extremely powerful, definitely an Immortal Sovereign Level powerhouse.

Chapter 1455: News of Godhood

"Law Manifestation Great Perfection fluctuations? Could it be an Immortal Sovereign level expert?"

The Immortal Sovereign sensed the pervasive Immortal Essence and Law waves around him.

He was somewhat puzzled.

Because he didn't sense even a trace of Immortal Power's aura.

However, the surrounding Law waves were indeed of Law Manifestation Great Perfection.

But to say that someone below an Immortal King could achieve Law Manifestation Great Perfection, how could that be possible?

"No matter who it is, they shouldn't have gone far. Spirit Devouring Rat, find them." The Immortal Sovereign waved his hand.

A peculiar mouse appeared before him.

This mouse had eight ears, azure eyes, but its fur was golden.

Its cultivation was only at the Luoxian level, but it excelled at tracking.

Its speed was so fast, that even at the Peak of the Immortal King, it was unmatched.

"Swoosh!"

The Spirit Devouring Rat sniffed a few times and instantly transformed into a stream of light, charging in one direction.

The Immortal Sovereign expert immediately followed.

The Divine Weapon Talisman must be obtained.

While Xu Nian was hurriedly traveling, his brows suddenly furrowed.

"There's someone of Immortal Sovereign level chasing you from behind," Emperor Ye Tian's voice echoed in his mind.

"An Immortal Sovereign chasing me?" Xu Nian was taken aback.

He had already been cautious enough; how would the Immortal Sovereign know his direction?

"Because of the Spirit Devouring Rat, this Immortal Beast can track the Immortal Essence aura of others. As long as it's within a million miles, it can smell your aura and determine your direction," Emperor Ye Tian explained.

Xu Nian was startled inside.

No wonder the other party knew the direction of his escape.

"Master, what exactly is the divine talisman on this dagger?" Xu Nian quickly asked.

"You're lucky; this is a common Wind Gathering Talisman in the Divine World," Emperor Ye Tian replied.

"Wind Gathering Talisman?" Xu Nian was somewhat surprised.

The divine talisman on the dagger was actually a Wind Gathering Talisman.

The so-called Wind Gathering Talisman is a type of talisman that can gather Wind Attribute Elements Power.

However, Xu Nian had only seen Immortal Talismans before; the Wind Blade Talisman he owned was one of them.

But he really didn't know what this divine-level Wind Gathering Talisman would be like.

"You can try injecting Immortal Essence into the dagger," Emperor Ye Tian suggested.

"Alright!"

Xu Nian immediately injected Immortal Essence into the dagger.

The dagger instantly began to tremble.

The next moment, a terrifying fluctuation of Wind Attribute Law enveloped the entire dagger.

"Swoosh!"

The dagger instantly flew out, piercing through the void.

In the next instant, the Spirit Devouring Rat, a hundred miles behind him, was directly penetrated by the dagger.

"What?"

The Immortal Sovereign expert was startled, staring intently at the Divine Weapon Talisman.

He wanted to mobilize the Immortal Sovereign's power within him to form a gigantic palm to grab the dagger.

However, a sharp aura erupted from the dagger.

It instantly pierced through the invisible palm, then disappeared into the void.

Its speed was so fast, that even a Middle-stage Immortal Sovereign expert couldn't keep up.

"Swoosh!"

The dagger returned to Xu Nian's hand.

"So fast! So strong!"

Just now, a wisp of Xu Nian's Immortal Consciousness was attached to the dagger, so he saw everything that happened.

The speed of this dagger was simply terrifying.

The explosive power was also incredibly strong.

It could even directly break through the palm formed by the Immortal Sovereign.

"With my current strength, by utilizing this Divine Talisman Dagger, I'm afraid I can threaten an Early Stage Immortal Sovereign expert. If I use Wind Attribute Divine Power Liquid, then it's likely that even those below the Immortal Emperor would find it hard to withstand," Xu Nian thought to himself in shock.

This Divine Talisman weapon was just too powerful.

The most important thing was that Xu Nian discovered that this weapon could even integrate with his Extreme Point Penetration Law.

Because of this, the Divine Weapon Talisman could almost be considered a formidable killing tool.

"Interesting, I didn't expect to pick up such a powerful Divine Weapon," Xu Nian murmured to himself.

"How is it? Do you think this Divine Talisman weapon is impressive?" Emperor Ye Tian asked with a smile.

"It is indeed very strong," Xu Nian responded excitedly.

"Hmph, this is just a child's toy in the Divine World, the lowest grade Low Grade Divine Artifact, even less than a Low Grade Divine Armor, but for you now, it's more handy than the Star Axe," Emperor Ye Tian said.

Xu Nian nodded.

With this Divine Talisman Dagger, his strength had invisibly increased significantly.

"You don't have to be in a rush to leave. It seems that under this region, there's indeed another space, and the seal on the entrance seems to be loosening. There should be a few good things inside, and most importantly, I sense the presence of Godhood," Emperor Ye Tian said.

"Godhood?"

Xu Nian was shocked inside.

Could it be true that a Divine being fell here?

If that's the case, then there's indeed a possibility of Godhood existing.

"Master, can you perceive what attribute the Godhood might be?" Xu Nian hurriedly asked.

"I can't sense it, but I can be sure it's not Death Godhood. Boy, don't hold too many illusions; Death Godhood isn't so easy to get. Given the dagger's attribute, this Godhood is likely Wind Attribute, but it's not certain. You have many girlfriends, don't you? Even if you don't use it, you can give it to them," Emperor Ye Tian said.

Xu Nian nodded.

Indeed, after realizing how difficult it was to become a God.

Xu Nian decided to find more Godhoods for Xuanyuan Qingling and the others.

So that they could avoid the danger of the Divine Tribulation.

"It seems I really need to take a look here if getting a Godhood is possible, that would be excellent," Xu Nian murmured to himself.

However, it looked like fighting for the Divine Weapon Talisman would not be an easy task.

The appearance of that Immortal Sovereign expert earlier indicated that there would certainly be experts of the Immortal Sovereign level involved in this battle.

"Kid, let me tell you another piece of news. After a Divine being dies, unless someone extracts the Divine power from their body, their Divine power won't completely dissipate even after a million years, assuming the Divine being hadn't used up all their power before they died," Emperor Ye Tian said.

Xu Nian was startled by this.

Divine power wouldn't dissipate for a million years.

If this were true, then this Divine Tomb would indeed be an enormous treasure trove.

Once discovered, the attention it would attract would be immense.

"Master, your body's recovery also requires Godhood, doesn't it?" Xu Nian suddenly thought of something and immediately asked.

"That's right, as long as I can find my own Godhood, I can re-condense the body of the Divine Emperor; almost all my power lies within the Godhood," Emperor Ye Tian replied.

Xu Nian nodded.

Emperor Ye Tian had helped him so much.

Someday, he would help Emperor Ye Tian restore his Godhood.

"Don't worry about my affairs for now, it's too distant for you. Currently, you should focus on how to become a God. Additionally, let me remind you, considering how many laws you've comprehended and Godhoods you've condensed, for now, you need to condense at least three, not just one," Emperor Ye Tian said.

Three Godhoods?

Xu Nian was greatly surprised.

This was something he hadn't considered.

Chapter 1456: Quietly Waiting

Because the Spirit Devouring Rat was killed, that Immortal Sovereign-level expert naturally lost track of Xu Nian and the others.

At that moment, Xu Nian and his group were finally safe.

"Are you saying we were just being pursued by an Immortal Sovereign-level expert?" Gongsun Qing asked in shock.

"Yes, that Immortal Sovereign almost caught up to us earlier. He had an Immortal Beast capable of sensing Immortal Essence, but I killed that beast, so he lost his target," Xu Nian replied.

"With that Immortal Sovereign's Immortal Consciousness, it seems like finding us should be easy, right?" Gongsun Qing asked.

Gongsun Ling also looked at Xu Nian in confusion.

If an Immortal Sovereign locked onto them, it would definitely not be easy to escape.

The Immortal Consciousness at the level of an Immortal Sovereign can sense things over hundreds, even millions of miles.

Xu Nian, aware of their doubts, smiled: "For ordinary people, he definitely could sense us, but I've used a special method to shield our Immortal Essence waves, so not even an Immortal Emperor can find us through Immortal Consciousness, though our Immortal Essence wave was overlooked."

"Even Immortal Emperors can't detect us?" Gongsun Qing and Gongsun Ling exchanged glances.

When did Xu Nian set up a restriction, and why hadn't they noticed?

Xu Nian chuckled but did not explain.

He had not set up any restriction; instead, he used the Mixed Movement Divine Hall to forcibly cover a hundred-meter radius around them.

So as long as Xu Nian was within that hundred-meter range, all soul fluctuations would be concealed.

This is why Xu Nian could confidently say that even Immortal Emperors couldn't detect them.

Originally, Xu Nian hadn't intended to do this, but the gaze of two Immortal Emperors last time made him acutely aware of danger.

"There's a city nearby called Fengyang City. I intend to temporarily send you there," Xu Nian said.

"You're going to abandon us?" Gongsun Qing immediately asked.

"I have some matters to attend to and bringing you along is inconvenient," Xu Nian replied.

"You're under our employ; how can you just leave like that?" Gongsun Qing retorted angrily.

"Relax, who's saying I'm leaving?" Xu Nian replied with a light smile.

As soon as he finished speaking, another figure identical to Xu Nian appeared beside him.

"Huh? Body Separation?" Gongsun Qing was stunned.

"Not Body Separation, it's a real avatar," Gongsun Ling said.

An avatar?

Gongsun Qing was taken aback.

Having been with Xu Nian until now, they had no idea he had an avatar.

Gongsun Ling was also incredibly surprised.

Xu Nian's abilities seemed endless.

Whether it's the Divine Power Liquid, Emperor Bee Queen, the avatar, or his level of insight.

Any one of these would be a powerful trump card for someone else.

Yet Xu Nian concentrated all these trump cards together.

"Now I'm not leaving you, so it shouldn't be against our agreement, right? Let my avatar take you to Fengyang City." With that, Xu Nian's true form departed.

And the Divine Demon Avatar then looked at the three and said, "Let's go!"

Gongsun Qing was speechless.

Xu Nian's actions indeed didn't violate their agreement.

Gongsun Wan'er was curious as she examined Xu Nian's Divine Demon Avatar.

"Brother Xu Nian, is your avatar also at the Golden Immortal Peak?" Gongsun Wan'er asked.

"Yes, also at the Golden Immortal Peak, but I cultivated the Divine Demon Refining Body." Xu Nian replied with a smile.

"Divine Demon Refining Body?" Gongsun Qing and Gongsun Ling were shocked once again.

The legendary Divine Demon Bloodline?

Just how extraordinary was Xu Nian?

Having the Nine Dragons Supreme Body was one thing, but even the avatar had the Divine Demon Bloodline.

Xu Nian's Divine Demon Avatar chuckled.

After his Divine Demon Refining Body Avatar advanced to the Heavenly Immortal Realm, it completely evolved into the Divine Demon Bloodline.

Once his Divine Demon Bloodline achieves Great Success, its accomplishments will definitely rival the Nine Dragons Supreme Body.

Thus, the Divine Demon Avatar escorted Gongsun Wan'er and the others to Fengyang City with the Star Axe to temporarily evade danger.

Meanwhile, Xu Nian's true form proceeded with the Chaos Divine Palace and Divine Talisman Dagger to Fengyang Lake to await the opening of a Divine Tomb.

Throughout the next month,

the number of experts at Fengyang Lake continued to grow.

Xu Nian remained hidden in the shadows, appearing just like an ordinary Golden Immortal Peak-level Loose Cultivator.

During this period, the waters of Fengyang Lake began to boil.

It seemed that some Heaven and Earth Phenomenon was about to emerge.

According to Emperor Ye Tian, the Divine's Divine Tomb was about to open.

"Brother Xu Fenn, do you think there's really a Divine's Divine Tomb below here?"

By Fengyang Lake, in a stone pavilion, five people were gathered.

Three men and two women.

Xu Nian was one of them, currently using the alias Xu Fenn.

As for the other two men and two women, they were Hunting Immortals.

One man and one woman were both Immortal King Level, the man at the Early Stage Immortal King, and the woman at the Mid-stage Immortal King.

The other two were at the Golden Immortal Peak Level.

The one speaking was the Golden Immortal Peak Level young man.

His name was Chen Quan.

"Absolutely. Haven't you seen the disciples from major powers arriving? I've spotted quite a few Direct Disciples of Immortal Emperors, including Immortal Sovereign-level experts. If there were no Divine Tomb, do you think they'd come?"

Before Xu Nian could answer, a Golden Immortal Peak Level woman nearby interjected.

This woman was named Miao Xiaoman, had messy hair, and dressed like a man.

She had a fiery personality.

"Xiaoman is right; the Divine Tomb is basically confirmed. It's said there's a Godhood inside that tomb too. Some people accidentally reached the tomb's edge and obtained a Divine Weapon Dagger, though it was later taken by a mysterious expert." The female Immortal King spoke.

Her name was Dong Li, with a nice appearance and adept in Fire Attribute Laws.

However, according to Xu Nian's observation, she wasn't the strongest among the group.

The strongest was the Early Stage Immortal King who hadn't spoken this entire time, with an icy expression.

His name was Dongfang Ping, a taciturn youth.

Xu Nian once saw him in action and noticed his Law Realm was also at Middle Stage of Law Perfection.

This was the first time Xu Nian saw a youth with the same level of insight as himself.

That's why Xu Nian chose to stay with this team.

The young man seemed to feel Xu Nian's gaze and looked towards him, his eyes equally sharp.

Clearly, he sensed Xu Nian's extraordinary strength too.

"The disciples of major powers have arrived, and there are many Immortal Sovereigns too. This time, we likely won't gain much benefit," Chen Quan said with a sigh.

"That's not necessarily true; what if we're exceptionally lucky and obtain a Godhood?" Miao Xiaoman said confidently.

"How easily do you think getting a Godhood is? If you do obtain one, expect to be chased relentlessly by Immortal Realm experts. I'd settle for acquiring a Divine Artifact, like that dagger." Chen Quan replied.

"Tch, lacking ambition. Xu Fenn, why are you here for the Divine Tomb?" Miao Xiaoman asked.

"Only kids make choices; I want it all!" Xu Nian replied with a chuckle.

Miao Xiaoman paused, then laughed and said, "Bold!"

Chen Quan and Dong Li chuckled, thinking Xu Nian was joking.

Only Dongfang Ping gave Xu Nian a few more glances.

Chapter 1457: Gathering of the Strong

Time continues to flow.

The water of Fengyang Lake is also constantly evaporating.

The entrance to the sealed boundary gate has already been found, it's at the bottom of the lake.

However, the seal has not completely vanished.

At this moment, a considerable number of people have gathered above Fengyang Lake.

Most of these people are above Golden Immortal level, and a large portion of them are Immortal King level.

Even Immortal Sovereigns are no less than ten.

"The seal will completely disappear in three days, then we can enter it," Dong Li said, looking at the countless Immortals.

"Then it will be another bloody storm," Chen Quan sighed.

The path of cultivation is also ruthlessly harsh.

To achieve the Immortal Emperor rank, one ultimately has to step over countless corpses.

On the other side, Xu Nian looked in all directions toward Fengyang Lake.

"Have the geniuses of the Nine Great Forces all come? From the looks of it, even members of our Shendang Mountain are here. I just wonder if those senior brothers and sisters are among them," Xu Nian pondered to himself.

This commotion at Fengyang Lake is indeed much larger than he imagined.

Trying to seize a Godhood in such a scenario is truly not an easy task.

"Your target is Godhood?" Dongfang Ping approached Xu Nian and asked through voice transmission.

"Isn't it yours?" Xu Nian replied with a smile, also through voice transmission.

"No, Godhood holds no attraction for me. If I were to become a god, it would be through natural deification. What I want is Divine Power Liquid and Divine Artifacts," Dongfang Ping said without any reservations.

Xu Nian was slightly surprised.

Dongfang Ping is indeed a proud person.

Saying such words shows the confidence within Dongfang Ping.

"Natural deification likely requires a very arduous path," Xu Nian said.

"I'm not afraid. If you think like that, then you're not worthy of being seen as my opponent," Dongfang Ping looked at Xu Nian sharply.

"Opponent? Why do you see me as an opponent?" Xu Nian asked curiously.

"Although you deliberately conceal it, I can sense your strength is great, stronger than most of the Immortal Emperor's disciples. Xu Fenn, though I am an Independent Immortal, I believe someday I can become a god independently. I view you as an opponent because I want to prove I am the best of the younger generation," Dongfang Ping said firmly.

Xu Nian burst into laughter upon hearing this.

Dongfang Ping is indeed sharp, seeing through his hidden strength.

However, he hadn't intended to conceal it deliberately.

He stayed with this Hunting Immortals group mainly to avoid being discovered by Immortal Emperors and previous Immortal Sovereign experts.

"Being outstanding doesn't require proving it to anyone. Dongfang Ping, you can view me as an opponent, but I won't compete with you directly. We can see who becomes a god first," Xu Nian said with a smile.

"Alright, even if you don't become a god naturally, I will definitely do so before you," Dongfang Ping said.

Xu Nian smiled but didn't explain further.

Dongfang Ping might be able to become a god independently, but the path is certainly not easy.

...

In the next three days, all the water of Fengyang Lake had evaporated.

Finally, the enormous lake bottom revealed itself.

Below this colossal lake, a sealing array formation began to turn transparent.

Behind the formation stands a grand Heavenly Palace.

"Is this the Divine Tomb?"

The crowd, looking at the Heavenly Palace behind the transparent formation, showed a look of anticipation.

The formation is about to completely disappear.

At that time, they can explore this Divine Tomb.

At this moment, the various forces revealed themselves from the shadows, converging in the air above Fengyang Lake.

"I didn't expect there to be a god's burial site in the Immortal Realm."

In the crowd, a young man in blue clothes smiled as he looked down at the sealed Heavenly Palace.

"Indeed, many from the Sealing God Battlefield have arrived. It seems this time Fengyang Lake will not be short of a grand battle," a young man in white clothes echoed.

"Hmph, are you afraid?" a young woman in red snorted coldly.

"Of course not, I was just lamenting that we actually get to fight side by side with you, Sister," the blue-clothed young man smiled.

The red-clothed woman chuckled lightly, "I hope you don't hold me back."

"Rest assured, Sister, while I may not be able to aid you for certain, I can definitely protect myself. By the way, the task our junior brother took is headed this direction, I wonder if he'll also come," the blue-clothed youth said with a smile.

Indeed, he is Zhao Qiong, the sixth direct disciple of Taichu Immortal Emperor.

"He hasn't become a direct disciple, yet you still call him Junior Brother?" Zhu Xin asked with a teasing smile.

"He's definitely our Junior Brother. You all know Master's personality. Since he has received Junior Brother, how could he go back on it? Moreover, Master descended with a Body Separation to the Task Hall, helping Junior Brother take on the task. Which of us got such treatment?" Zhao Qiong said with a laugh.

Lu Jiang also nodded in agreement, "In Master's personality, it is indeed a bit out of the ordinary."

Zhu Xin didn't speak, though she had high hopes for Xu Nian.

She even felt a trace of pity for Xu Nian in her heart.

After hearing Zhao Qiong's words, she thought there might really be such a possibility.

"Do you mean Master has other plans for not accepting him as Junior Brother?" Zhu Xin asked.

"That's what I think," Zhao Qiong replied.

Lu Jiang also nodded.

"We can't guess Master's intentions, but as for Xu Nian, I quite admire this person. Having him as our Junior Brother would be ideal," Zhu Xin said.

Zhao Qiong and Lu Jiang nodded along.

They shared the same sentiment.

"Haha, Zhu Xin, I didn't expect Taichu Immortal Emperor to actually have you three here this time."

At that moment, a loud, clear laugh rang out.

A blonde man walked over, followed by three equally cold and arrogant men.

"Dragon Rock, hasn't Ten Thousand Beast Mountain also sent you, this bug?" Zhao Qiong immediately sneered mockingly.

The four before them all hailed from the powerful Immortal Beasts of Ten Thousand Beast Mountain.

Their true forms are not human but Immortal Beasts.

Without exception, these four individuals all possess Divine Beast Bloodlines.

The leading Dragon Rock has the Five-clawed Golden Dragon of the Dragon Clan as his true form.

"Hmph, Zhao Qiong, what right do you have to speak here? You probably don't know that Big Brother Dragon Rock has already reached the Immortal Sovereign Realm. This time, it seems those from Shendang Mountain will meet their end in this Divine Tomb," said a young man with the Thunderbolt Eagle King as a true form, behind Dragon Rock.

"What is an Immortal Sovereign? Just a defeated opponent of Sister Zhu Xin," Zhao Qiong retorted.

Dragon Rock narrowed his eyes after hearing this.

His gaze toward Zhu Xin was sharp, "Zhu Xin, this time I'll avenge my past humiliation, and you will eternally rest in this Divine Tomb."

"Hmph, this time I will not let you escape," Zhu Xin said coldly.

Dragon Rock clenched his fist and immediately left with a flick of his sleeve.

Similar scenes played out all around Fengyang Lake.

Among the Nine Great Forces, grudges inevitably exist between them.

Upon meeting, conflict naturally ensues.

Chapter 1458: Dongfang Ping's Strength

"Boom!"

A loud rumble.

A beam of divine light instantly shot up to the sky.

Everyone knew, the seal was completely broken.

The Divine Tomb was officially opened.

In an instant, divine light enveloped the sky.

An ancient aura surged forward.

"Charge!"

Someone shouted out loud.

The next moment, countless figures sprinted towards the entrance of the seal from all directions.

These figures dashed into the entrance, and the space seemed to ripple.

Then these people suddenly disappeared, appearing in a vast expanse of space.

"Let's go too!"

Dong Li opened his mouth to speak.

"We can finally explore the Divine Tomb." Miao Xiaoman said excitedly.

Chen Quan appeared unusually tense, having already donned top-grade immortal armor and clutching several top-grade immortal talismans in hand.

Top-grade immortal talismans could threaten Immortal King level powerhouses.

It seemed Chen Quan had brought out all his treasured possessions.

"Whoosh!"

Dongfang Ping darted out without a word.

Xu Nian was momentarily left behind.

Xu Nian was not in a hurry, how could the Divine Tomb of the Divine World be without danger?

"Ah!"

Just then, a scream was heard.

At the entrance of the seal, stood two Immortal King Peak level powerhouses.

Both wielding sharp swords, they were slaying an Immortal King attempting to pass through the Space Gate.

"Ahh!"

Two more screams came forth.

Two Golden Immortal level loose cultivators were mercilessly slain.

The independent immortals witnessing this furrowed their brows.

"Hmph, how could you ants of independent immortals set foot on the grounds of the Divine Tomb? If you don't want to die, then roll away." One of the Immortal King Peak powerhouses said disdainfully.

It seemed he intended to block the entrance to the Space Gate, forbidding the independent immortals from entering.

"Whoosh!"

Indeed, two direct disciples of the Immortal Emperor from the Ten Thousand Thunder Sect passed through smoothly, with no obstruction from the Immortal King Peak powerhouses.

"Ah!"

An independent immortal of Immortal King level trying to sneak in was ruthlessly slain.

Xu Nian furrowed his brow.

Only disciples of major powers allowed to pass, leaving independent immortals behind? What arrogance!

"They're from Tianjian Sect, disciples of Proud Sword Immortal Emperor. They sent six people this time, four have gone in, these two must be here to guard the entrance." Chen Quan said.

Afraid of death, he particularly liked gathering information.

So basically, he could identify all direct disciples of the Immortal Emperor from major powers.

"Tianjian Sect?" Xu Nian furrowed his brow.

He previously clashed with Tianjian Sect.

Because of Han Xiaoxiao, he killed the son of a Tianjian Sect Elder.

The so-called Elder was merely a nominal disciple of the Luoxian Realm.

To the present Xu Nian, this posed no threat.

But back then, Xu Nian had to flee because of it.

Now Tianjian Sect was guarding the entrance to the Divine Tomb, not allowing independent immortals to enter.

Incredibly arrogant.

"This mob from Tianjian Sect won't let us enter, looks down on us independent immortals, let's fight them."

"Yes, let's go together, I don't believe they can stop us."

...

Shouts from independent immortals echoed around instantly.

Clearly, Tianjian Sect's actions directly stirred up public anger.

"Kill!!"

Therefore, over a hundred independent immortals simultaneously charged at the two Immortal King Peak powerhouses.

However, the two powerhouses, facing over a hundred independent immortals, showed no fear; on the contrary, their faces showed mockery.

"A group of ants, no matter the number, are still ants."

Speaking of one of the Immortal Kings, a Law Sword appeared in his hand.

The Law Sword was covered in intense frost.

"Middle Stage of Law Small Perfection?"

Xu Nian showed a trace of surprise.

This Immortal King Peak had reached the Middle Stage of Law Small Perfection Realm.

"Slash!"

As the Immortal King Peak brandished his sword.

In an instant, frost covered the sky.

"Ahhh..."

A series of screams echoed.

All the hundred powerhouses turned to ice under this sword, and were ultimately shattered.

The independent immortals initially preparing to continue their charge were dumbfounded.

Too strong!

Immortal King Peak level, Middle Stage of Law Small Perfection.

With such power, perhaps only Immortal Sovereign level powerhouses could enter.

Yet the Immortal Sovereigns among independents had long gone inside.

Now among these thousands, the highest was only at Immortal King Peak.

"Come, ants, I want to see who dares come, I'll kill anyone who comes one by one." The Immortal King Peak powerhouse arrogantly said.

These words caused the independent immortals to become furious.

Everyone clenched their fists but dared not speak.

"I'll come!"

An Immortal King Peak powerhouse stepped out immediately, charging towards one of the Immortal King Peaks.

However, this Immortal King Peak loose cultivator's Insight Realm was still lacking, only at the Middle Stage of Law Great Success Realm.

Moreover, he comprehended a Third-grade Law, while the Tianjian Sect Immortal King wielded a Second Grade Law.

Unable to resist even one move, he was directly slain.

Seeing the Immortal King Peak killed, the independent immortals felt even more desperate.

Could it be they lacked even the qualification to enter the Divine Tomb?

Xu Nian's brow furrowed slightly, hesitating on whether to intervene.

Just then, a figure had already darted out.

No mistake, this figure was none other than Dongfang Ping.

"Uh, Early Stage Immortal King? Is he going to send himself to death?"

"It's him, Shadowless Sword Immortal Dongfang Ping?"

"What Shadowless Sword Immortal?"

"You've never heard of him. This Shadowless Sword Immortal is quite famous among our independent immortals. Can't believe he showed up too, maybe now we have hope."

"Really? Can he slay those two Immortal King Peaks?"

...

Discussions arose around.

"Shadowless Sword Immortal?" Xu Nian was surprised to hear the title.

It seemed Dongfang Ping was indeed well-known among independents.

"Hmph, Early Stage Immortal King dares to court death?" The Tianjian Sect Immortal King Sword Immortal said disdainfully.

He brandished his sword immediately.

In his view, this sword would unquestionably defeat the Early Stage Immortal King before him.

"Slash!"

However, as the sword radiance reached Dongfang Ping, Dongfang Ping's figure mysteriously vanished.

The next moment, the crowd saw the Immortal King Peak powerhouse of Tianjian Sect sliced in half by a shadowless sword light.

"What? So fast!"

The independent immortals were all shocked.

The Tianjian Sect Immortal King Peak-level companion next to him turned pale with fright.

Xu Nian was also surprised at this moment.

"Such fast sword, such agile body skill, to possess such speed and swordsmanship, it must be the Light Attribute Law 'Light Illuminating the Earth'." Xu Nian mused.

The Light Illuminating the Earth, though a Second Grade Law.

Nonetheless, it was the top-grade among Second Grade Laws.

Furthermore, the Light Law was inherently a very strong law.

And Dongfang Ping had already reached the Middle Stage of Law Perfection Realm.

Therefore, Dongfang Ping's sword reached this terrifying degree.

Chapter 1459: Divine-level Puppet

"Dongfang Ping's strength is still very strong. Before he became an Immortal King, he once killed six Immortal King Peak powerhouses in succession."

Chen Quan said on the side.

Xu Nian nodded.

Middle Stage of Law Perfection, and his cultivation technique is not mediocre either.

Being able to slay Immortal King Peak is not surprising.

Of course, the premise is that those Immortal King Peaks are not direct disciples of major powers' Immortal Emperors.

"If I were to face that sword just now without knowing it, I might find it difficult to withstand, but now that I know, it's not hard to block it."

Xu Nian murmured to himself.

He calculated in his heart.

Although Dongfang Ping's speed is fast, his attack power is ultimately not top-notch.

So as long as I defend against his move, I can instantly kill him.

After all, Xu Nian has comprehended a First-grade Law.

"Die!"

Another Immortal King Peak powerhouse from the Tianjian Sect finally reacted, immediately urging the Law Sword towards Dongfang Ping.

"Buzz!"

A flash of bright light flitted by.

The body of the Immortal King Peak instantly turned rigid.

Dongfang Ping's figure appeared at the entrance to the Space Gate of the Divine Tomb.

"So strong, is he really just an Independent Immortal?" someone among the Independent Immortals exclaimed in surprise.

"So Independent Immortals can be this powerful." Others also followed with amazement.

In an instant, all these Independent Immortals idolized Dongfang Ping.

The female immortals were particularly captivated by Dongfang Ping's strength.

"They don't know that this is not Dongfang Ping's true strength. Dongfang Ping's true power doesn't lie in the Light Law but the Gold Attribute Law." Chen Quan said.

"Gold Attribute Law?" Xu Nian asked in surprise.

"Yes, the Gold Attribute First-grade Law is infinitely sharp. This ultimate sharpness makes any defense in front of it like a thin piece of paper." Chen Quan said.

Hearing this, Xu Nian was also startled.

Infinitely sharp?

This Dongfang Ping is truly formidable.

If that's really the case, I might not necessarily be a match for Dongfang Ping.

At this moment, Xu Nian suddenly realized he had underestimated Dongfang Ping.

Underestimated Independent Immortals.

"It seems I also made a fatal mistake. This Dongfang Ping is definitely a peerless genius among the Independent Immortals." Xu Nian murmured to himself.

However, the only consolation for Xu Nian was that Dongfang Ping had been cultivating for three thousand years.

While he, counting the time in the Chaos Divine Palace, only had three hundred years of cultivation.

But strength is strength; the enemy will not look at your cultivation time.

"It seems the recent power boost has somewhat inflated my mindset." Xu Nian murmured to himself.

He planned to take this journey to the Divine Tomb to reflect and calm down.

"Charge!"

Since now the gate of the Divine Tomb is unguarded.

Those Independent Immortals no longer hesitated and rushed into the Divine Tomb's interior.

"We should go in too, otherwise if we take too long, the things inside will be taken." Miao Xiaoman said.

Xu Nian smiled; would it be that easy to be taken?

However, he still followed Dong Li and others into the Divine Tomb.

Passing through the Space Gate, Xu Nian felt himself pass through an invisible membrane.

Immediately, he found himself in a peculiar world.

"Huh, my Law is being restricted?"

Xu Nian sensed the changes in his body and murmured in surprise.

He found that his Law Realm was significantly suppressed.

Now, he could only unleash half his usual power.

"I'm restricted too." Dong Li said.

"Me too." Miao Xiaoman also followed up.

Xu Nian understood that everyone entering here would have their Laws greatly diminished.

This made it more advantageous for those with higher cultivation.

Xu Nian frowned slightly.

Unexpectedly, this Small World of the Divine beings restricts the Laws.

Fortunately, it does not completely restrict them.

"Look, they all seem to be gathered there and haven't entered the inner Heavenly Palace." Miao Xiaoman suddenly pointed towards the Heavenly Palace below.

At this moment, a crowd of thousands was gathered in the plaza before the palace.

These people were those who had previously entered this place.

"Indeed, they haven't even entered the gates of the Heavenly Palace yet." Xu Nian murmured.

This was exactly as he had anticipated.

The Divine Tomb of the Divine beings isn't so easily entered.

"Let's go down and take a look." Dong Li said.

Thus, Xu Nian and the others moved towards the plaza.

Dongfang Ping was already there.

Because of his earlier display of power, the Independent Immortals respected him greatly and kept a certain distance from him.

"You are slow." Dongfang Ping said as he saw Xu Nian and the others arrive.

Xu Nian couldn't help but chuckle helplessly.

This Dongfang Ping really knows how to showcase himself.

If it weren't for knowing this guy genuinely has the strength, one would think he's just a show-off.

"What's going on now?" Miao Xiaoman curiously asked ahead.

"There is a gatekeeper, an extremely strong puppet, even Immortal Sovereigns have been defeated." Dongfang Ping said.

"Ah? Even Immortal Sovereigns were defeated?" Miao Xiaoman exclaimed in shock.

Xu Nian was equally surprised.

Only to see standing before the gigantic palace stone gate, a puppet made of an unknown metal.

This puppet did not hold any weapon.

Yet it stood staunchly, blocking any approach.

In front of it, on the ground, lay the corpse of an Immortal Sovereign level powerhouse.

"This puppet is so strong, even Immortal Sovereigns are no match, so how do we enter?" Chen Quan frowned.

Indeed, this Divine Tomb isn't easy to enter.

"This puppet has a weakness."

Yet Dongfang Ping spoke up.

Hearing this, Xu Nian also looked at the puppet.

"Swoosh!"

At this moment, an Immortal Sovereign level expert took action.

This Immortal Sovereign brandished a long spear, unleashing an intense law wave.

One thrust was like a scorching sea of fire.

"Boom!"

Yet the puppet punched back.

The Law Spear condensed by the Immortal Sovereign shattered instantly.

The puppet's punch landed on the chest of that Early Stage Immortal Sovereign.

"Puff!"

The Immortal Sovereign was sent flying backward.

"Huh, why is this Immortal Sovereign so weak?" Xu Nian showed a look of surprise.

"You noticed, yes, in here everyone is weakened, but the degree varies. The higher your cultivation, the stronger the law suppression." Dongfang Ping smiled.

"The higher the cultivation, the stronger the law suppression?"

Xu Nian was surprised.

No wonder the Immortal Sovereign was so weak, his strength was only about equal to an Immortal King at Peak.

If that's the case, doesn't it mean I'm not weakened much?

On the contrary, because of lower cultivation, I have a substantial advantage?

"Xu Fenn, look closely, find the weakness in this puppet, and you'll qualify as my opponent." Dongfang Ping said.

Again?

Hearing this, Xu Nian was utterly helpless.

However, he still carefully observed the puppet.

Chapter 1460: Divine Tomb's Trial

"Boom!"

Another punch.

Two Immortal King Peak-level experts were directly blasted away.

The energy fluctuations formed by the fist were somewhat similar to the Divine Power Liquid previously used by Xu Nian.

"Could it be that this puppet is driven by divine power?" Xu Nian wondered in his heart.

"This puppet is really formidable, with it guarding here, it's impossible to get through."

"Exactly, this puppet is so powerful, and we've been weakened, how are we supposed to get through?"

"This Divine Tomb is really extraordinary, we can't even get through the main entrance, who knows what other dangers lie inside."

...

Many immortals around started discussing.

Obviously, they all felt the tremendous resistance.

This journey to the Divine Tomb was likely to be far more difficult than they had imagined.

Xu Nian fell into deep thought at this moment.

Since Dongfang Ping had said this puppet had a weakness, there must indeed be one.

But where exactly was the weakness?

The battle continued.

This time, five Immortal King-level experts attacked simultaneously.

However, the puppet could handle it with ease, its body skill and speed could be considered perfect.

Its strength was incredibly astonishing.

The five Immortal Kings had no ability to resist at all, defeated in just two breaths.

"I understand now!"

A light flashed in Xu Nian's eyes.

Through the previous battle, he finally discovered the puppet's weakness.

"You found it?" Dongfang Ping asked with a smile as he looked at Xu Nian.

"Yes, every time the puppet makes a move, there is a momentary energy stagnation. The time is brief, but it does exist." Xu Nian replied with a smile.

"Indeed, the puppet's attacks are not continuous. We just need to seize the opportunity and use this gap to break it. Though the puppet's defense is strong, its core lies in the energy formation in its chest, which can be shattered by penetrating the iron skin." Dongfang Ping said.

Xu Nian nodded.

It was true.

The defense of this Divine-level puppet was indeed at the Divine Artifact level.

But its internal energy formation couldn't withstand very strong attacks.

This was likely a flaw intentionally left by that Divine being.

Otherwise, if it were truly a Divine-level puppet, the Divine Tomb would be impossible for anyone to enter.

"But it's not up to us now." Dongfang Ping said.

Xu Nian nodded.

They could see it, and surely others present could too.

Indeed, at this moment, two figures suddenly rushed out.

One in front, the other behind.

One Immortal Sovereign made a move, taking a punch from the puppet, though being knocked away.

But at that moment, the Immortal King behind him struck as well.

A punch landed on the puppet's chest.

The Earth Attribute Law's vibration force could directly penetrate the puppet's Divine Iron and transmit inside.

"Boom!"

The next moment, the puppet exploded instantly.

"Did they succeed?"

The surrounding immortals all showed expressions of surprise and joy.

And the two who struck, the Immortal Sovereign was named Dragon Rock, a Five-clawed Golden Dragon in essence, while the Immortal King behind him should be an Earth Xuanwu, both with Divine Beast Bloodline." Chen Quan said.

"Five-clawed Golden Dragon?" Xu Nian was somewhat surprised.

The so-called Five-clawed Golden Dragon was the first-ranked descendant among the Nine Great Dragon Clans, the Ancestor Golden Dragon.

Inside his body, he had already gathered eight of the Nine Great Dragon Qi.

Only the first one, the Ancestor Golden Dragon, was missing.

If he could obtain the Tai Chu Golden Dragon's bloodline, his Nine Dragons Supreme Body could enter the Small Achievement realm.

By then, his physique would definitely be comparable to a Divine Artifact.

However, Dragon Rock's strength was not weak, hunting him would not be an easy task.

"Forget it, as long as he doesn't provoke me, I'll let him be for now." Xu Nian murmured to himself.

By collecting the nine Dragon Clan bloodlines and connecting the nine dragon veins within, he could form Supreme Dragon Qi.

Even just a trace would be incredibly powerful.

This was also the dominance of the Nine Dragons Supreme Body.

"This first test is over, but to enter the palace might not be so simple." Dongfang Ping looked at the imposing Heavenly Palace gate in front.

That Heavenly Palace gate exuded a powerful Divine Power.

In other words, to enter the gate, one must withstand this Divine Power.

Xu Nian also looked serious.

"Whoosh!"

An Immortal King darted out, trying to rush towards the gate.

"Boom!"

However, as he reached the steps, an immense pressure suddenly descended from above.

The Immortal King was forcibly pinned to the steps, unable to move.

He spat out blood, heavily injured.

"Such a strong pressure, and this is just the first step?"

Everyone exclaimed in shock.

Fortunately, that Immortal King was only at the Early Stage.

"Whoosh!"

Another person rushed forward.

This time it was an Immortal King Peak-level expert.

The Immortal King Peak stopped at the steps.

When he stepped onto one stair, his body paused, almost falling to the ground.

However, he finally managed to hold on.

He proceeded to the second step.

His pace was still slow.

"Boom!"

Eventually, after reaching the third step, the Immortal King could no longer sustain and was pinned down, unable to move.

"The Immortal King Peak only reached the third step?"

The surrounding crowd was incredibly shocked.

With such a scenario, who could get through?

"Humph!"

But at this moment.

The Immortal Sovereign named Dragon Rock then leapt towards the steps.

The first step seemed like flat ground to him.

The second step!

The third step!

He only slowed down at the sixth step.

However, his internal Dragon Energy burst forth, enveloped in golden light, a powerful Dragon Might spreading out.

Then he stepped forward again.

The remaining three steps were crossed in one go, he actually passed through directly.

"Did he get through?"

Many people around exclaimed in surprise.

Then they saw Dragon Rock push open the gate and enter the hall.

Seeing this scene, the personal disciples of Immortal Sovereign level didn't hesitate anymore.

Most of them eventually passed through successfully.

Some powerful Immortal King-level experts also successfully passed the pressure of these steps.

"Huh, it's Sister Zhu Xin and them." Xu Nian noticed Zhu Xin, Zhao Qiong, and Lu Jiang also passing the steps successfully, a trace of surprise appeared on his face.

He hadn't expected Sister Zhu Xin and her team to really come.

"Let's go too!"

Dongfang Ping looked at Xu Nian and said.

"We're not going; these steps can't be endured." Dong Li and Miao Xiaoman retreated after trying the first step.

This pressure couldn't be withstood.

"Alright!" Xu Nian responded.

So he proceeded with Dongfang Ping towards the steps.

"Brother Dongfang might pass, but Brother Xu is attempting too? Isn't he just at the Golden Immortal Peak?" Chen Quan said a bit surprised.

He gave up without even trying.

After all, even Immortal Kings had failed, how could someone at the Golden Immortal Peak succeed?

"Maybe he's unwilling to give up." Dongli said.

Chen Quan and Miao Xiaoman shook their heads.

What use is there in unwillingness?

In their view, Xu Nian was unlikely to succeed.

However, what happened next left the three of them dumbfounded.
