

Divine King 1461

Chapter 1461: The Gate of Nine Attributes

When Xu Nian stepped onto the first tier of the stairway.

He immediately felt a massive pressure bearing directly down on him.

This is Divine Power!

However, it's still a weakened version of Divine Power.

This pressure is far stronger than that of the Immortal King Peak level powerhouse.

"What terrifying pressure, it feels like every part of my body is being squeezed,"

Xu Nian murmured to himself.

Yet, this level of pressure was still within Xu Nian's tolerance range.

So Xu Nian directly stepped forward towards the second tier of the stairway.

Soon, he arrived directly at the second tier.

When Xu Nian looked up, he discovered Dongfang Ping had already reached the third tier.

"You're too slow, I'll go ahead,"

Dongfang Ping glanced back at Xu Nian, then proceeded to the fourth tier.

Each of his steps was incredibly steady, as if the surrounding pressure meant nothing to him.

Soon, he reached the fourth tier.

Yet, at this moment, Dongfang Ping did not stop and continued forward.

Fifth tier, sixth tier.

Not until the seventh tier did Dongfang Ping slow down.

After a simple adjustment, he proceeded again.

This time, he directly passed the ninth tier and successfully entered the grand hall.

"So strong!"

Xu Nian exclaimed in his heart.

This Dongfang Ping's strength is indeed not simple.

Watching the departing figure of Dongfang Ping, Xu Nian no longer hesitated and began to step towards the third tier.

At this moment, Xu Nian attempted to harness the Dragon Energy within.

The Nine Dragon Supreme pressure instantly erupted, directly helping him to offset part of the Divine Power.

Thus, Xu Nian successfully reached the fifth tier.

"Huh, Brother Dongfang actually passed, and Xu Fenn has already reached the fifth tier?" Chen Quan showed a highly surprised expression upon seeing this.

Dong Li and Miao Xiaoman also appeared extremely surprised.

They couldn't even hold out at the first tier just now.

Xu Nian actually reached the fifth tier?

Moreover, he's still standing there.

"Hey, look, that Golden Immortal actually reached the fifth tier."

"It's really a Golden Immortal, how did he do it?"

...

The surrounding people were exceedingly shocked.

A Golden Immortal reaching the fifth tier?

How is this possible?

Xu Nian was unaware that his actions had caused a huge sensation.

At this moment, he was enduring the terrifying pressure.

The pressure at this fifth tier was already more than triple compared to the first tier.

His ability to hold on until now was entirely due to the powerful physical body and the Dragon Might of the Nine Dragons Body resisting the pressure.

"No, there must be something I don't know about; Dongfang Ping, even if he's strong, is only at the Early Stage Immortal King—there must be some special technique involved,"

Xu Nian suddenly thought of something.

Those Immortal Kings, Immortal Sovereigns could enter the Divine Hall.

Is it truly due to having strong Cultivation?

"Could it be related to Law Comprehension?" Xu Nian seemed to realize something.

What makes Dongfang Ping formidable?

It's naturally his Law comprehension.

The ease he had in getting past this stairway, if it's not reliant on the laws, Xu Nian couldn't believe it.

"Yes, Law Pressure, if you try to employ the law, it will also exert pressure—this pressure is several times stronger than the pressure produced by Cultivation."

Xu Nian suddenly realized something.

He then directly began to harness the Extreme Point Penetration Law.

With the emergence of the law, Xu Nian's entire being suddenly became like an incredibly sharp sword.

It directly split the Divine Power apart.

"That's it!"

With the Divine Power split, the pressure on Xu Nian substantially lessened.

So Xu Nian swiftly darted forward, directly reaching the eighth tier.

"Huh, a step takes him through three levels? How is this possible?"

The Independent Immortals below were all stunned.

If Xu Nian were at the Immortal King Peak level, or even Early Stage Immortal King, they would not be overly shocked.

But Xu Nian's Cultivation is merely at the Golden Immortal Peak.

This level of Cultivation, most people present have it.

Yet, these individuals cannot achieve what Xu Nian did, easily reaching the eighth tier.

"Looks like this is the Late Stage of Law's first phase, the application of the Law True Body." Xu Nian murmured to himself.

He seemed to have gained some insight into the first phase of the Late Stage Law, Law True Body.

But right now, he has only a trace of insight, not truly stepping into the entry-level phase of Law True Body Realm.

If he truly reached the Law True Body Realm, this pressure would probably be like flat ground to him.

"Law True Body, it seems Dongfang Ping's understanding level is above mine; I wonder if he has reached entry-level?" Xu Nian murmured to himself.

He once again esteemed Dongfang Ping.

This Independent Immortal.

Not only did he comprehend the Second Grade Light Law, but also the First-grade Gold Attribute Law.

Just based on this alone, it's enough to prove Dongfang Ping is a genius of the highest order.

"Perhaps he can indeed be an excellent competitor, motivating me." Xu Nian smiled to himself.

Thus, Xu Nian stepped forward, onto the ninth tier, and then successfully embarked on the grand hall stairway, heading towards the interior of the Divine Hall.

Xu Nian looked at the majestic Divine Hall before him.

The reverence in his heart at this moment had decreased slightly.

God...

is indeed an elusive existence.

But someday, he could also reach this realm.

So Xu Nian directly proceeded inside.

The Divine Hall's doors opened up, and with Xu Nian's entrance, they closed again.

"He went in, Xu Fenn really did it!" Chen Quan was exceedingly surprised.

Dong Li and Miao Xiaoman were also incredibly surprised.

They didn't expect the one they considered the weakest among the five of them to now step into the Divine Hall alongside Dongfang Ping.

Those Immortal Kings still lingering on the stairway were also exceedingly surprised.

Even a Golden Immortal went inside, while they, as Immortal Kings, couldn't even ascend the first tier.

This was utterly embarrassing.

...

Xu Nian was unaware that his actions had caused quite a few Immortal Kings to feel frustrated.

But even if he knew, he wouldn't care.

At this moment, he was staring blankly at the interior of the Divine Hall.

The sight inside the Divine Hall did leave him a bit astonished.

In front of him, there were actually nine doors.

These nine doors seemed to each lead to a different hall.

Above the doors, the words "Gold," "Wood," "Water," "Fire," "Soil," "Wind," "Thunder," "Light," "Darkness" were written.

Nine doors corresponding to nine different attributes.

Some people had already chosen a door and gone through it.

Some people were still hesitating inside the hall.

"Ah!"

At this moment, a cry of agony came from one of the doors.

It was from a previous Immortal King Peak level powerhouse who entered.

This cry of agony made everyone still hesitating tense up.

It seemed that behind these nine doors, there might be huge dangers concealed.

If they chose wrongly, it could be a disaster beyond recovery.

"Which door would you choose?"

Dongfang Ping hadn't made a selection; seeing Xu Nian walk in, he smiled lightly.

He didn't seem surprised that Xu Nian had passed these stairways.

Chapter 1462: Wind Attribute Assessment

"Nine doors correspond to nine attributes. This stage should also test the level of law comprehension. If the level is not reached, it might lead to death."

Dongfang Ping opened his mouth and said.

Xu Nian looked at the nine doors. If it is a test of the law attribute.

Then he would basically choose between the Wind Attribute and Earth Attribute.

And Dongfang Ping would only choose between the Light Attribute and Gold Attribute.

"Have you decided? I choose the Light Attribute."

Dongfang Ping said with a smile.

After speaking, he directly walked towards the door of the Light Attribute.

"Buzz!"

Crossing through the door, a Divine Light suddenly enveloped Dongfang Ping.

In the next moment, Dongfang Ping disappeared from Xu Nian's sight.

"My Extreme Point Penetration Law and Earth Attribute Black Hole Law comprehension are about the same. But the attribute of the tomb's owner is likely Wind Attribute, so I'd better choose Wind Attribute."

Xu Nian thought for a moment, and finally headed towards the Wind Attribute door.

Upon entering the attribute door, Xu Nian was immediately enveloped by a Divine Light in the next moment.

Then Xu Nian found himself appearing in a secluded great hall.

The entire hall was extremely spacious, surrounded by incomparably hard stone.

And in the hall, there was nothing.

"Trialist, you will now face the Wind Attribute trial assessment. If you pass the assessment, you will receive rewards; if you fail, you will perish here."

At that moment, a phantom figure appeared in front of Xu Nian.

It was a middle-aged man.

"Who are you?"

Xu Nian asked curiously.

"I am the master's steward, and also the artifact spirit of a divine artifact." The phantom figure said.

"Artifact spirit?" Xu Nian understood.

The one in front should be similar to the Dao Tian Rat.

Just don't know what divine artifact this guy is the spirit of.

"Dao Tian Rat, can you see the level of this artifact spirit?" Xu Nian asked Dao Tian Rat via sound transmission.

"Hmph, just an artifact spirit of a Low Grade Divine Artifact, not even comparable to the spirit of your Sky-reaching Stele of Shendang Mountain." Dao Tian Rat's disdainful voice rang in Xu Nian's mind.

"Low Grade Divine Artifact? Can you see its true body?" Xu Nian asked curiously.

"No!" Dao Tian Rat replied.

Xu Nian was somewhat disappointed.

But quickly came to his spirits.

Low Grade Divine Artifact is still quite good.

Besides the Chaos Divine Palace and the Star Axe, the only other Chaos Divine Artifact he had was a Divine Talisman Dagger.

This dagger could barely count as a Low Grade Divine Artifact.

So if he could possess a Divine Sword, his strength would significantly increase.

"Alright then, whatever divine artifact I get will be good." Xu Nian muttered to himself.

He then looked at the artifact spirit in front of him, his eyes sharp: "I accept the assessment."

"Good, trialist. Next, you will face the attack of three Wind Attribute Sword Qi. If you can block all three, the assessment will be deemed successful."

The middle-aged man artifact spirit said.

In the next moment, the middle-aged man disappeared on the spot.

A terrible Sword Qi permeated the whole hall.

This terrifying Sword Qi carried an extremely sharp aura.

In terms of sharpness, it was no less than Xu Nian's Extreme Point Penetration Law.

"Such strong Sword Qi, just the initial dispersing Sword Qi is already this powerful, I wonder how strong the Sword Qi will be when fully unleashed."

Xu Nian muttered to himself.

With a thought.

A Law Sword condensed in his palm.

The Law Sword was suffused with the strong wave of the Extreme Point Penetration Law Domain.

Facing this Sword Qi, Xu Nian dared not slack off in the slightest.

"Whoosh!"

Finally, the first Sword Qi pierced through the air.

The azure Sword Radiance was a full three zhang long.

But this wasn't the main thing; the main thing was the incomparably powerful Wind Attribute Dimension Cutting Law Wave contained in the Sword Qi.

"Wind Blade Slash!"

Xu Nian shouted loudly, swinging his sword instantly.

It collided with the terrifying Sword Qi.

"Boom!"

A deafening roar.

Xu Nian's Law Sword instantly collapsed.

The shattered Sword Qi left hundreds of scars on Xu Nian's body.

"Puff!"

Xu Nian was blown away by the impact force on the Sword Qi, crashing onto the stone wall of the hall behind.

A mouthful of blood was spat out, the injuries were serious.

"Such strong Sword Qi wave, even though the law is merely Third-grade Dimension Cutting, and the realm is just the Middle Stage of Law power, how can it be so strong?" Xu Nian was shocked in his heart.

Just now, he could feel that the Sword Qi contained merely Law power.

But its power was far greater than his Middle Stage of Law Perfection.

"That sword earlier seemed more solid, and the law wave more intense." Xu Nian muttered to himself.

Clearly, the law level was inferior to his, and the law layer was also inferior to his, yet the power was still twice as strong as his.

In Xu Nian's view, this was almost impossible.

"Where exactly did it go wrong?" Xu Nian began to doubt.

Could it be that my Insight Cultivation went awry?

"Buzz!"

At this moment, the second wave of Sword Qi came.

At this moment, Xu Nian suddenly felt a strong domain wave.

This wave of the domain was absolutely strong.

"Buzz!"

Xu Nian did not hesitate, instantly releasing the Extreme Point Penetration Law Domain.

His body directly entered the Dragon Transformation State.

"Whoosh!"

At the instant Xu Nian released the domain.

The second Sword Qi finally cleaved.

This Sword Qi enclosed a strong Dimension Cutting Domain.

It collided with Xu Nian's Extreme Point Penetration Law Domain, shattering the Law Domain with brute force.

"No good!"

Xu Nian's complexion changed drastically, gathering the Law Sword again in his hand.

Immortal Essence within him surged out without reservation, attaching to the Law Sword.

"Boom!"

However, not only did the Law Sword fail to block this Sword Qi.

It was instead ripped into pieces by this Sword Qi.

"Boom!"

The terrifying Sword Qi struck Xu Nian's chest.

Once again blasting Xu Nian away.

"Puff!"

Another mouthful of blood was spat out.

Xu Nian looked at his chest, his complexion changed drastically.

On his chest, an enormous sword mark penetrated deep into the bone.

The purple Scale Armor on his body was cut open.

The wound still permeated with the Sword Qi's law wave, preventing the repair of Xu Nian's Immortal Essence.

"Dominantly sharp Sword Qi, why is it merely the second stage of the Middle Stage of Law power domain, yet such strong Sword Qi?"

Xu Nian could not understand.

Though the energy within this Sword Qi wasn't exceptionally powerful, at most equivalent to a normal Immortal King Peak.

But the power of this Sword Qi was more than ten times greater than an average Immortal King Peak wielding Sword Qi.

"Could it be that my comprehension of the Middle Stage of Law is not deep enough? There must be something I haven't understood fully yet."

Xu Nian muttered to himself.

The third sword next was definitely going to reach the Law Manifestation level.

Just the Law Domain already injured him this deeply.

The Law Manifestation likely extremely terrifying.

"Buzz!"

As expected, at this moment.

The third wave of Sword Qi arrived.

Xu Nian distinctly felt the aura of death.

That sharp aura, made his whole scalp start to tingle.

Chapter 1463: Extra Reward

Middle Stage of Law Perfection.

Third-grade Law!

But its power is much greater than the First-grade Extreme Point Penetration Law that Xu Nian currently controls.

"Do I really have to use the Divine Talisman Dagger?"

Xu Nian hesitated.

Using the Divine Talisman Dagger might help him block this sword, but doing so is clearly not the true purpose of this trial.

Obviously, the divine strong person who created this trial wants him to comprehend something from these three Sword Qi.

So at this moment, if Xu Nian uses the Divine Talisman Dagger, he might fail the trial.

"No, I must comprehend the mystery within."

Xu Nian muttered to himself.

Then he began to close his eyes, striving to recall the last two swords.

What is so special about these two swords?

Everything experienced just now was being recalled in slow motion in Xu Nian's mind.

Xu Nian sensed those two Sword Qi.

At this moment, time seemed to have frozen.

Xu Nian simulated that Sword Qi in his mind over and over again.

"Buzz!"

But at this moment, the third Sword Qi finally finished gathering momentum.

It slashed towards Xu Nian with incredibly powerful Law Power and Law Domain.

This sword's power was comparable to a full force strike by an early-stage Immortal Sovereign.

Its power was five times stronger than the strongest sword of Extreme Point Penetration Law that Xu Nian could unleash.

If Xu Nian does not use the Divine Talisman Dagger for this sword, he is almost certain to die.

However, Xu Nian still showed no signs of taking action.

At this moment, he appeared to be in an extreme state of absorption.

"Whoosh!"

The Sword Qi had already reached him.

"I understand!"

Suddenly, Xu Nian's eyes flashed open.

The Law Sword in his hand condensed, and a slash was unleashed.

The power was immense, five times greater than the previously unleashed Wind Blade Slash.

"Boom!"

An earth-shattering explosion sounded.

The third Sword Qi was utterly shattered within Xu Nian's sword.

With the Law Sword in hand, Xu Nian looked at the shattered Sword Qi, a joyous smile on his face.

Success!

He had comprehended the true essence of this trial in the final critical moment.

Indeed, although the comprehension realm is the same,

the Law Level of this Sword Qi is far below his, but its power was five times greater than the attack he was able to unleash.

What exactly is the disparity here?

Xu Nian had been puzzled before, but in that instant of life and death, he understood.

This was a hidden temperature within the Wind Attribute Law all along.

He had always overlooked this feature before.

But upon seeing that all three Sword Qi contained this aspect, Xu Nian decided to give it a try.

Unexpectedly, the result was a success.

The Sword Qi Wind Blade formed by the Wind Attribute Law also had hot and cold variations.

Previously, the Wind Blades he formed were always cold blades.

However, the more terrifying the temperature of the hot Wind Blade, the greater its power.

So when he activated the Wind Attribute Law just now, Xu Nian attempted to raise the temperature of the Wind Attribute Law to its peak.

This nature of the Wind Blade Slash was indeed enhanced by five times.

"Congratulations Trialist on passing the trial and completing the hidden trial. You shall receive a Divine Artifact left by the master, the Gale Sword," said the Artifact Spirit, appearing again and speaking to Xu Nian.

"Gale Sword? Divine Artifact?"

Xu Nian was somewhat astonished.

Unexpectedly, he directly obtained a Divine Artifact like this.

Apparently, this had something to do with completing the hidden trial task.

"The hidden trial you mentioned, is it my comprehension that you mean?" Xu Nian curiously asked.

"Exactly, Trialist, the Wind Attribute trial is the only one with such a hidden task, and the master was the only one to comprehend the Red Scorching Wind Blade Law," said the Artifact Spirit.

Xu Nian suddenly understood.

It turned out the Sword Qi earlier was not a simple Dimension Cutting Law.

It was a First-grade Law, the Red Scorching Wind Blade Law.

Only, this Law was upgraded based on the Dimension Cutting Law.

Now Xu Nian had incorporated this Red Scorching Wind Blade Law into his Extreme Point Penetration Law.

The resulting Law power has surpassed Extreme Point Penetration Law, reaching a Super First Grade level.

Since there is no Super First Grade rank, Xu Nian's Law still remains First Grade.

But this Law is unique to Xu Nian, and no one had comprehended it before.

"Let's call it Red Scorching Extreme Point Penetration Law." Xu Nian mused to himself.

This Law comprehension, for him, is wealth more valuable than a Divine Artifact.

It means his strength increased fivefold in an instant.

"I wonder whether my Red Scorching Extreme Point Penetration Law or Dongfang Ping's Endless Sharpness is stronger." Xu Nian mused with a smile.

Now he was almost certain that the owner of this Divine Tomb had comprehended the Wind Attribute Law.

This indicated that the godhood of this divine being was also a Wind Attribute.

It's hard to know how many people would fight over a First-grade Law godhood.

"Buzz!"

A sharp sword suddenly shot out, landing before Xu Nian.

The sharp sword exuded a scorching and sharp aura.

"What a sharp Fierce Blade." Xu Nian couldn't help but marvel.

He could feel his scale armor was like paper in the presence of this Fierce Blade.

"If a low-grade Divine Artifact is this formidable, then how much stronger could a mid-grade or top-grade Divine Artifact be?" Xu Nian thought in amazement.

Xu Nian was very satisfied with the Gale Sword.

With it, his Red Scorching Extreme Point Penetration Law could exert even greater power.

"Buzz!"

With a divine light descending, Xu Nian appeared in another grand hall.

At this moment, there were already quite a few people inside the hall.

They must have been those who passed this stage.

It was clear that Dongfang Ping was among them as well.

"Your speed is a bit slow. Just one Sword Qi was so hard to fend off?" Dongfang Ping frowned as he said.

"One?" Xu Nian was a bit puzzled.

Wasn't it supposed to be three?

"What reward did you receive?" Xu Nian asked curiously.

"A Divine Crystal Stone. Didn't you get the same?" Dongfang Ping looked at Xu Nian with some confusion.

"Same as you." Xu Nian quickly responded.

Unexpectedly, they only received a single Divine Crystal Stone.

A Divine Crystal Stone is something similar to an Immortal Spirit Stone.

But the power within a Divine Crystal Stone is countless times more immense than in an Immortal Spirit Stone.

"It seems, as the Artifact Spirit said, only the Wind Attribute reward is different, and you must comprehend the Red Scorching Wind Blade Law to achieve it."

Xu Nian mused to himself.

"What will the next trial be?" Xu Nian curiously asked, looking at the gathered crowd.

"This stage might be even harder, and perhaps more than half of the people won't get through," Dongfang Ping said.

Currently, there are about two to three hundred people within the grand hall.

All of these people are at the Immortal King Level.

Only Xu Nian is at the Golden Immortal Peak.

With this, Xu Nian, as the weakest, attracted quite a bit of attention.

"Oh, little junior brother actually made it here." Zhao Qiong suddenly noticed Xu Nian, astonishedly informing Zhu Xin and Lu Jiang.

"I've already seen him. For now, we should not acknowledge him, as it would harm him," Zhu Xin advised.

Zhao Qiong and Lu Jiang both nodded.

With the people from the Ten Thousand Beast Mountain present, acknowledging Xu Nian would indeed bring him to their attention.

This would be extremely disadvantageous for Xu Nian.

So even seeing Xu Nian, Zhu Xin pretended not to recognize him.

Chapter 1464: Gong Wen of the Haotian Sect

Xu Nian looked at the great hall in front of him, an expression of shock appearing on his face.

For right in front of them was a massive dragon head placed there.

Indeed, a Divine-level dragon head.

This dragon head's neck had been directly severed.

Yet even on this lifeless dragon head, there was still an incredibly terrifying aura emanating from it.

This aura made everyone present feel an overwhelming oppressive sensation akin to an ancient bloodthirstiness.

Especially those pair of crimson vertical pupils, which made anyone who looked at them feel a chilling coldness deep in their hearts.

Staring too long would even cause splitting headaches.

It was as if this Divine Dragon was still alive and might open its massive jaws to devour them at any moment.

"Red Fire Flame Dragon?"

Xu Nian recognized the dragon's identity.

Indeed, this dragon was one of the Nine Great Ancestor Dragons, the Red Fire Flame Dragon.

"It's a pity that the vital essence and divine core within this dragon have already been removed; otherwise, this dragon head could have greatly strengthened my Nine Dragons Supreme Body."

Xu Nian sighed inwardly.

Most of the valuable aspects of this dragon head had already been taken away.

If nothing unexpected had happened, it was likely done by the owner of this Divine Tomb.

And placing the dragon head here seemed to be a declaration of his achievements.

The Five-clawed Golden Dragon named Dragon Rock from Ten Thousand Beast Mountain turned pale at the sight of the dragon head, rage welled up fiercely from within him.

His fist clenched tightly with intense killing intent.

Zhao Qiong and the others, witnessing this scene, deliberately added insult to injury by smirking at Dragon Rock.

This further enraged Dragon Rock, smoke almost seemed to come out of his nostrils.

"Buzz!"

A wave appeared as the Artifact Spirit, the middle-aged man Xu Nian had previously seen, reappeared in the great hall.

Everyone became solemn upon seeing the Artifact Spirit appear.

They knew that the appearance of the Artifact Spirit signaled the beginning of this trial.

Only by passing the test might they inherit the legacy of the Divine Tomb's owner.

"Trialists, next you will undertake the third trial, which is a Divine Tribulation challenge," the Artifact Spirit announced.

"Divine Tribulation challenge?" Everyone was momentarily stunned.

What exactly was this Divine Tribulation challenge?

Were they to be struck by Divine Thunder?

How could they possibly endure a Divine Tribulation?

"It should not be a real Divine Tribulation," someone mentioned.

Several people nodded in agreement.

If it were a real Divine Tribulation, there would be no point in continuing the trial.

They would all, without exception, be annihilated.

Xu Nian was also a bit puzzled.

Divine Tribulation challenge?

Were they really going to be struck by Divine Thunder?

"Trialists, to naturally ascend to divinity, a Divine Tribulation is something you must endure. In this trial, everyone who steps onto this platform will face the attack of three Divine Thunders. Although these Divine Thunders are not equivalent to genuine Divine Tribulation thunders, their power should not be underestimated. Consider carefully before stepping onto the platform."

The Artifact Spirit stated before disappearing from the spot.

Whispers immediately erupted around them.

Divine Tribulation?

Are they really going to be struck by Divine Thunder?

Although not real Divine Thunder, the power is probably not insignificant either.

"I'll go!"

An Immortal King Peak powerhouse immediately dashed towards the platform.

Everyone around him instantly turned their eyes to him.

Xu Nian also showed a hint of admiration.

This guy truly had the guts to be the first to try it out.

"Buzz!"

At the moment the Immortal King Peak powerhouse set foot on the platform, an incredibly horrifying pressure emanated from above the platform.

This pressure was several times stronger than the previous ninth level.

"What a terrifying pressure; is this the might of a Divine Tribulation?"

Someone in the crowd exclaimed in astonishment.

Even standing at a distance, they could feel the terror of this pressure.

Under this pressure, that Immortal King could barely stand upright.

"It's not the true might of a Divine Tribulation. The true might would be a hundred times, even a thousand times stronger," said someone who was fortunate enough to have witnessed a Divine Tribulation.

These words made everyone's scalp tingle.

Was a Divine Tribulation truly that terrifying?

"Boom!"

At this moment, a terrifying bolt of lightning suddenly struck down.

The Immortal King immediately activated his Law Power to form a Law Weapon.

Yet his law manifestation item under the attack of this lightning was like paper.

"Ah!"

A miserable scream.

The Divine Thunder struck the Immortal King Peak powerhouse, obliterating him entirely.

"Holy crap!"

Everyone around was startled.

Some powerhouses even gasped in shock.

Those Immortal King level powerhouses who initially thought about trying it out immediately dismissed the idea.

The fear induced by this Divine Thunder was simply unspeakable.

"Who could possibly pass this level? Isn't this just bullying?"

Someone exclaimed in shock.

Xu Nian was also extremely astonished.

The power of this Divine Thunder was likely comparable to a full-force strike from an Early Stage Immortal Sovereign.

Moreover, it was at the Law Manifestation Perfection Realm of an Early Stage Immortal Sovereign.

With such terrifying power, practically no one at the Immortal King Realm could withstand it.

"Whoosh!"

At this moment, a silhouette dashed towards the platform.

"It's him, the personal disciple of the Azure-water Immortal Emperor from Haotian Sect, Gong Wen. It's said he has also stepped into the Immortal Sovereign Realm. Is he going to challenge this miniature Divine Tribulation?"

"Gong Wen? The genius of Haotian Sect?"

For a moment, everyone showed curious looks.

"Haotian Sect? An Immortal Sovereign level expert?" Xu Nian reacted in surprise.

"This person is very powerful, his Law Realm has reached the Law True Body Realm; he should be able to withstand this Divine Tribulation," Dongfang Ping said.

Law True Body Realm?

Xu Nian became even more curious upon hearing this.

"Boom!"

Just then, the first Divine Tribulation descended.

The terrifying Divine Thunder sought out Gong Wen.

Everyone turned to look at Gong Wen, who wore an extremely calm expression.

A fluctuation of law power erupted from within him; he struck with a palm.

"Boom!"

A palm imbued with strong law fluctuations collided with the Divine Thunder, resulting in a terrifying roar.

"Blocked it? Just with one palm, he shattered the Divine Thunder?"

The crowd expressed astonishment.

"What a powerful palm, the Water Attribute Bi Hai Tao Tian Law." Xu Nian muttered to himself.

The law fluctuation contained in that palm was something even Xu Nian could not understand.

Clearly, that must have been the Law True Body Realm mentioned by Dongfang Ping.

If he faced this palm without understanding the Red Scorching Extreme Point Penetration Law Sword, he surely could not resist.

But now, who is stronger might not be so certain.

"Boom!"

Next, the second Heavenly Thunder fell.

Gong Wen struck with another palm.

The Divine Thunder exploded, and Gong Wen immediately spat out a mouthful of blood.

The Divine Thunder just shattered his Law Hand.

"This second Divine Thunder was indeed twice as strong as the first one."

The crowd exclaimed on the side.

Gong Wen's brows also slightly furrowed at this moment.

"Boom!"

At this time, the third Divine Thunder also fell.

This Divine Thunder was indeed twice as powerful as the second one.

This time, Gong Wen dared not be careless and directly produced a Divine Talisman.

The Divine Talisman transformed into a Divine Sword.

It collided with the Divine Thunder.

Ultimately, the Divine Thunder was shattered by the Divine Sword.

"Divine Talisman?"

The surrounding crowd exclaimed.

This Gong Wen actually carried a Divine Talisman?

Chapter 1465: Mighty Dragon Soul

"Buzz!"

Finally, the Divine Thunder dissipated.

"Did it pass?"

Everyone around was full of amazement.

Who would have thought that Gong Wen actually passed this minor Divine Tribulation.

Of course, Gong Wen did not pass it without a price; he actually consumed a Divine Talisman.

"Buzz!"

As the Divine Tribulation dissipated,

a guiding light appeared.

In the next moment, Gong Wen vanished from the palace hall.

"Where did he go?" someone asked curiously.

"Nonsense, of course, he went to the main hall. I'm afraid the treasures of the Divine Tomb will fall into Gong Wen's hands this time," someone said.

As soon as these words were spoken, the other Immortal Sovereign level experts couldn't sit still.

Each one was eager to try.

Dragon Rock was even more unabashed, directly leaping onto the platform.

Divine Power descended, and the Divine Tribulation came again.

"Boom!"

A loud explosion.

The first Divine Thunder struck.

Dragon Rock, with a disdainful look, faced the falling Divine Thunder without using any defense, directly punching it.

"Boom!"

The Divine Thunder exploded.

Dragon Rock only took two steps back; although the golden scale armor on his fist shattered, it blocked the Divine Thunder.

"Dragon Rock truly lives up to being the Tai Chu Golden Dragon, the strongest physical bloodline among all the Dragon Clan, actually confronting the minor Divine Thunder with his fist."

"Indeed, his physical strength is overwhelming, probably close to a Low Grade Divine Artifact."

"Certainly, although it's not at the Low Grade Divine Artifact level yet, it's definitely not far off."

...

For a moment, everyone was amazed.

The physical body of Dragon Rock is indeed terrifyingly strong.

Xu Nian couldn't help showing a look of surprise.

The physical body of Dragon Rock is actually superior to his own.

It seems the strength of the Ancestor Golden Dragon's body is true.

"This physical strength cannot withstand my Endless Sharpness," Dongfang Ping said.

Xu Nian nodded.

With Dongfang Ping's current realm of comprehension, unless it's at the Divine Artifact level.

Otherwise, it really can't withstand his Endless Sharpness Law.

Of course, it can't withstand his Red Scorching Extreme Point Penetration either.

"Boom!"

The second Divine Thunder also struck.

This time, Dragon Rock no longer dared to be careless, but instead mobilized his law comprehension.

Gold Attribute Law, Unbreakable Law activated, a sharp sword directly clashed with the Divine Thunder.

"Boom!"

The Divine Thunder exploded.

Dragon Rock's Law Sword also shattered with it.

"So strong!"

Everyone around was amazed.

Although Dragon Rock's law is just an ordinary third-grade Unbreakable, it's clear his level of comprehension has reached the Law True Body Realm, and his level of comprehension seems to surpass even Gong Wen.

"Boom!"

The third Divine Tribulation struck.

This time, Dragon Rock transformed directly into a Golden Dragon, an incomparably powerful wave emanated from his body.

"Roar!"

The giant dragon let out a roar, spitting out an incomparably brilliant golden orb.

The golden orb erupted with intense waves.

"Boom!"

The golden orb collided with the Divine Thunder, actually blocking it.

Soon, Dragon Rock swallowed the golden orb back into his abdomen.

His face turned much paler.

"Talent Divine Ability, Golden Dragon Orb?"

Xu Nian said with some surprise.

Unexpectedly, Dragon Rock's Talent Divine Ability turned out to be the Coexisting Dragon Ball.

It's known that the Coexisting Dragon Clan is a remarkably powerful coexisting artifact.

And Dragon Rock's coexisting dragon ball has already reached the Low Grade Divine Artifact level.

"Interesting, if this dragon orb is used for Artifact Refining, it must be extremely sharp," Dongfang Ping said with a smile.

Xu Nian couldn't help but laugh.

This guy is truly bold.

He actually wants to use Dragon Rock's Coexisting Dragon Ball for Artifact Refining.

If Dragon Rock knew, I wonder what he would think.

"Buzz!"

The Teleportation Array activated.

Dragon Rock was then teleported away.

"Swish!"

Following this, the Immortal Sovereign from Turquoise Pool, the Tianjian Sect, the Ten Thousand Thunder Sect, and the Earth Immortal Sect all stepped forward one after another.

Each displayed their powerful Divine Skills.

They began their Tribulation Crossing.

Some of these individuals used Divine Power Liquid, while others used Divine Artifacts.

All successfully passed the Divine Tribulation.

And while they were crossing the tribulation, Xu Nian was lost in thought.

He unintentionally locked eyes with the dragon head's pupils, and in an instant, his mind went blank.

In that moment, he felt as though he had entered an invisible space.

In this invisible space, a giant dragon was soaring up and down amidst the sea of clouds.

The pair of gigantic dragon eyes stared fixedly at Xu Nian, as if it wanted to devour him.

"Dragon Soul! A fragmented Dragon Soul, no wonder just a glance at the dragon head's eyes gives an overwhelming headache, didn't expect a residual Dragon Soul still exists within it,"

Xu Nian thought to himself.

"You are human, why do you possess my Dragon Clan's Nine Dragon Supreme Body?" the enormous dragon roared in a voice as thunderous as a landslide.

"Why can't a human possess it? Why did you bring me into this space, what is your purpose?" Xu Nian coldly asked.

"Hmph, human, I have waited here for tens of thousands of years, finally found a suitable body; I was originally intending to seize the body of that young five-clawed golden dragon, but I discovered you. You are more fitting to be my new body," the dragon soul said with a laugh.

The greed showed in the giant dragon eyes.

"So, you want to seize my body?" Xu Nian asked with a cold smile.

"Yes, human, although my soul power is not even one ten-thousandth of its original strength right now, it is more than sufficient to seize the body of a Golden Immortal; in front of me, you are still just an ant," the Divine Dragon said with a sneer.

Xu Nian scoffed.

Indeed, his soul power compared to this Divine Dragon's was truly like an ant.

But for him to be seized, that was no easy task.

"If you chose that five-clawed golden dragon, you might have already been reborn, but you chose the wrong person in the end. Master Ye Tian, come out,"

Xu Nian said with a smile.

After he spoke, an incomparably beautiful figure appeared by his side.

As soon as this figure appeared, the previously arrogant Divine Dragon was immediately frightened, its eyes practically bulging.

"Divine... Divine... Divine Emperor?"

The Divine Dragon stuttered as it spoke.

Having lived in the Divine World, it clearly sensed the terrifying Divine Emperor's might emanating from Master Ye Tian.

It could never have imagined that this Golden Immortal bore a God Emperor Level powerhouse.

Xu Nian found the dragon's reaction amusing.

"A mere worm, and just a fragment of a soul at that," Master Ye Tian showed a hint of disdain.

The next moment, she extended a hand.

The giant dragon in the sky seemed to be grabbed by an invisible hand.

"No, Divine Emperor, please, spare me, I am willing to be your mount," the Divine Dragon begged for mercy.

"You think you are worthy!" Master Ye Tian said proudly.

With that, she crushed the dragon's residual soul.

"Buzz!"

The entire space was instantly filled with powerful soul waves.

"Absorb it all, take in as much as you can," Master Ye Tian said to Xu Nian.

"Alright!" Xu Nian did not hesitate.

And so, he started frantically devouring this soul power.

Meanwhile, his soul power continued to surge upward.

Chapter 1466: Dongfang Ping Takes Action

"Boom!"

As Xu Nian continued to absorb, his soul power finally broke through to the Early Stage Immortal King.

However, Xu Nian did not stop, continuing to madly absorb this soul power.

"Buzz!"

Soon, Xu Nian's soul power broke through again, reaching the Mid-stage Immortal King.

Yet Xu Nian still didn't stop.

But just as Xu Nian was about to break through to the Late Stage Immortal King, he found that his soul power had already reached saturation.

If he forcibly absorbed more, his whole soul might explode.

"Mid-stage Immortal King Peak, just one step away from Late Stage Immortal King," Xu Nian said, somewhat regretfully.

However, to break through two levels of soul power at once was already an enormously joyous event for Xu Nian.

"Hmph, just Mid-stage Immortal King and already saturated? Kid, your soul power needs more honing. Taichu was right, to become a god, your soul must reach Great Perfection," said the Yetian God Emperor.

With that, she opened her mouth and inhaled, devouring all the remaining soul power.

"Yes, Master!" Xu Nian replied.

Ye Tian snorted softly, then her figure directly returned to the Chaos Divine Palace.

With Yetian God Emperor's departure, the divine thought space constructed by the dragon soul also shattered.

Xu Nian's consciousness returned to his body.

"Buzz!"

Xu Nian's body trembled, a sparkling light flashed in his eyes.

"What did you do?"

Dongfang Ping looked at Xu Nian in surprise.

"Didn't do anything?" Xu Nian replied immediately.

"Didn't do anything, and yet your soul power suddenly surged so much?" Dongfang Ping said.

He clearly saw through Xu Nian's soul cultivation.

Xu Nian felt a bit embarrassed, having not expected Dongfang Ping to see through his soul cultivation.

"Just looking into those dragon eyes, and accidentally broke through," Xu Nian said.

He could only attribute all this to the dragon eyes.

"Huh?"

Dongfang Ping immediately turned to look at the dragon eyes.

However, when he glared at the dragon eyes, there was no reaction.

Xu Nian couldn't help but feel both amused and exasperated.

Now that the dragon soul had disappeared, the soul attack generated by the dragon vein naturally disappeared as well.

But many people's attention was on the platform ahead, not noticing the change in Xu Nian.

Of course, it was also because the Yetian God Emperor was here that he gained such a huge advantage.

Otherwise, he could not have devoured the soul power of the dragon soul and might have even been seized by it.

Dongfang Ping glared for a while, then could only give up.

He did not inquire further.

Since the opportunity was seized by Xu Nian, it meant it was not his fate.

He was not someone who liked to be jealous.

What was his, no one else could take away.

What wasn't his, he wouldn't take even a bit.

That was his nature.

Xu Nian then looked toward the platform.

At this moment, the one crossing the tribulation on the platform was none other than his Sister Zhu Xin.

"Boom!"

At this moment, Sister Zhu Xin had already passed the second divine thunder, welcoming the third.

Zhu Xin held a drop of divine power liquid in her hand.

The divine power liquid instantly dissolved in her palm.

A terrifying wave of water attribute law emanated from Zhu Xin.

At this moment, Zhu Xin's aura skyrocketed, reaching an incomparably powerful level.

"Break for me!"

Zhu Xin pointed a finger, colliding with the divine thunder.

The next moment, the entire divine thunder was instantly frozen.

It fell to the ground, shattering into pieces.

"So strong, the water attribute divine power liquid, perfectly aligns with Sister Zhu Xin's specialty law, with her soul realm absorption level reaching about three percent,"

Xu Nian murmured to himself.

Three percent already made Sister Zhu Xin's strength comparable to Immortal Sovereign Peak level powerhouses.

So at this moment, Zhu Xin's aura dominated the entire scene.

"With my current soul realm, together with the wind attribute divine power liquid, the absorption level should also reach two percent," Xu Nian murmured to himself.

If it was before, his absorption level could only be one percent at most.

But just now, his soul realm had a huge breakthrough.

His control over the divine power liquid naturally increased significantly.

"Buzz!"

The transmission array lit up.

The next moment, Sister Zhu Xin also disappeared from the hall.

With Zhu Xin's departure, all the Immortal Sovereign level powerhouses in the hall had left.

Only some Immortal Kings were left.

However, these Immortal King powerhouses did not have divine artifacts, divine power liquid, or talent divine abilities, so they did not dare to take the risk.

For a moment, no one approached the platform.

"Since no one else is going, I'll take it,"

At this moment, Dongfang Ping suddenly spoke out.

As soon as these words were spoken, it immediately attracted the attention of everyone present.

"Early Stage Immortal King?"

The direct disciples of those major forces all showed expressions of surprise.

An Early Stage Immortal King dared to court death?

"Seems like he's still an independent immortal, how did he get here?" someone remarked.

"Hmm, this guy seems quite renowned among independent immortals, it seems two Immortal Kings from the Tianjian Sect died by his hand."

"What, those two guarding the Divine World Seal Gate Immortal Kings Peak were killed by him?"

"Indeed, I saw it with my own eyes, both with just a single sword."

...

For a moment, the people around began to talk.

And the two Immortal King Peak powerhouses from the Tianjian Sect present furrowed their brows tightly.

Did this youth kill their junior brothers?

"Kid, did you kill our junior brothers?" one of the Immortal King Peak powerhouses couldn't help but ask.

Then the two Immortal Kings directly stepped out.

"This is going to be interesting," other Immortal Kings from various forces showed curious expressions.

They wanted to see if this youth was really as formidable as the rumors said.

Dongfang Ping frowned.

Unexpectedly, before making a move, he encountered an obstacle.

"Need help?" Xu Nian thought for a moment, then still asked with a smile.

"No need, just two worthless ones, I can handle it myself," Dongfang Ping smiled and said.

"Worthless?"

The two Tianjian Sect disciples immediately furrowed their brows.

This guy actually called them worthless?

The other Immortal Kings around were also taken aback.

This independent immortal seemed quite arrogant!

Xu Nian couldn't help but laugh.

This Dongfang Ping's personality is really straightforward, saying everything as it is.

If he wasn't strong, such a personality would have died a thousand times over by now.

"Kid, are you asking for death?" the Tianjian Sect Immortal King said angrily.

"Step aside, don't block my tribulation crossing, and I might spare your lives," Dongfang Ping said with a cold smile.

"Courting death!" The two direct disciples of the Tianjian Sect had never suffered such humiliation before.

One of the Immortal King Peaks immediately unleashed the law wave of Law Perfection Realm, attacking Dongfang Ping.

The other Immortal Kings around also curiously watched this scene.

Using Law Perfection right from the start, it seemed like this Tianjian Sect disciple was determined to kill.

Wonder if this independent immortal can withstand it?

"Splat!"

Yet, just as everyone anticipated, an ultimate sword radiance instantly flashed through.

The next moment, the body of the Tianjian Sect's Immortal King was cut in two.

"What? Killed in one strike?"

All the Immortal King powerhouses on the scene widened their eyes.

In the crowd, Zhao Qiong and Lu Jiang were also extremely shocked.

Chapter 1467: Endless Sharpness Law

Two Immortal Kings were killed instantly just like that?

Is this Independent Immortal's power really that formidable?

Xu Nian was not too surprised, Dongfang Ping's strength was indeed very strong.

And according to Chen Quan, the strength Dongfang Ping had just shown was only the tip of the iceberg.

His true strength is definitely not inferior to that of an Early Stage Immortal Sovereign-level powerhouse.

"It seems that the cultivation technique practiced by Dongfang Ping is also very unusual, and the level of Immortal Essence within him is not beneath the Immortal King Peak." Xu Nian mused to himself.

Dongfang Ping possesses such strength in the Early Stage Immortal King.

Besides having strong Law Comprehension, his Immortal Essence must also be immensely large.

Just like Xu Nian's Dan Sea Species Green Lotus cultivation, both the quality and quantity of Immortal Essence far surpasses the same realm.

Dongfang Ping did not stop and continued walking towards the platform.

This time, no one stepped forward to stop him.

To be able to slay an Immortal King Peak powerhouse with one sword, that is undoubtedly the strength of an Immortal Sovereign level.

There was no longer any Immortal Sovereign present, so naturally, no one could be Dongfang Ping's opponent.

Thus, Dongfang Ping smoothly walked onto the platform.

"Junior Brother, do you know this person?" Zhao Qiong and Lu Jiang came over.

Because they noticed that Dongfang Ping was just standing with Xu Nian earlier.

"We met by chance on the road, not very familiar. He's called Dongfang Ping, skilled in Light Illuminating the Earth Principle and First-grade Endless Sharpness Law, and the strength exhibited is just the tip of the iceberg." Xu Nian explained.

"First-grade Endless Sharpness Law?"

Zhao Qiong and Lu Jiang gasped in shock.

There are very few in the Immortal Realm who can master a First-grade Law.

And it's an awe-inspiring Endless Sharpness at that.

"This person is very strong, even among Independent Immortals he is elite, if there's a chance we should recruit him into our Shendang Mountain," Lu Jiang said.

"Indeed, after this show of strength, many factions will seek to recruit him. To have such combat power at the Early Stage Immortal King is indeed a monstrous talent, quite like you, Junior Brother," Zhao Qiong said.

Xu Nian smiled, "I think he may not accept our Shendang Mountain's recruitment; he is a prideful person."

Zhao Qiong and Lu Jiang nodded.

Those with strength are invariably proud.

If they had such strength, they might be more prideful than him.

"I just wonder if he can withstand this Divine Tribulation."

Lu Jiang wondered.

"It might be difficult. If he relies only on these two Law Realms, unless he has crossed to the Law True Body Small Achievement Realm, if it's only entry-level it won't suffice," Zhao Qiong shook his head.

Lu Jiang nodded along.

Reaching the Law True Body Small Success Realm, even among the Direct Disciples, is rare.

So in their view, no matter how heaven-defying Dongfang Ping is, there is a limit.

"Although we don't know if he's reached the Law True Body Small Achievement, I think the Divine Tribulation shouldn't be a problem for him, since he dares to stand on this platform, he must be confident," Xu Nian smiled.

Though he didn't know what hidden means Dongfang Ping had.

But he definitely had a trump card unknown to Xu Nian.

"Buzz!"

On the platform, Divine Power descended in an instant.

Dongfang Ping's robes fluttered immediately, yet he stood proudly like a sharp sword on the platform.

The terrifying pressure was actually shattered by the Sword Qi emanating from his body.

"As expected, the First-grade Endless Sharpness Law, using the Law Power to such an extent, he's probably not far from entry-level Law True Body."

Lu Jiang said.

Xu Nian nodded, Dongfang Ping's degree of Law mastery was indeed strong.

The surrounding Immortal Kings were also incredibly surprised.

Is this guy truly an Independent Immortal?

"Boom!"

At this moment, the first Divine Tribulation fell.

A small Divine Thunder descended swiftly.

Dongfang Ping's eyes focused, a Law Sword appeared in his hand.

One stab, blinding radiance.

As if endless brilliance converged into one.

"Boom!"

A thunderous explosion.

The Light Sword clashed with the Divine Thunder, emitting a terrifying sound.

The terrifying Immortal Essence wave exploded instantly.

Causing the surrounding Immortal Kings to take a step back.

Yet Dongfang Ping stood steadily on the platform.

"So strong, this sword probably pushed the Light Illuminating Earth Principle Middle Stage Perfection to the extreme."

Someone in the crowd exclaimed.

This person also practiced the Light Illuminating Earth Principle, also in Middle Stage Perfection.

But he was certain that the power of his law was less than half of what this Independent Immortal displayed.

Such a huge gap made the Immortal King Peak-level powerhouse feel deeply ashamed.

"Truly a peerless genius, the power erupted by the Second Grade Light Illuminating Earth Law is already on par with a First-grade Law," Zhao Qiong couldn't help but marvel.

Lu Jiang also nodded along.

They had seen many geniuses, some who could turn some common laws into the miraculous.

But most of these were guided by Immortal Emperor-level powerhouses; an Independent Immortal like Dongfang Ping cultivating himself was truly rare.

Xu Nian also sighed in admiration.

This Dongfang Ping is indeed strong, at least right now, without using Divine Power Liquid and the Divine Artifact.

Xu Nian considered himself no match for Dongfang Ping.

"Boom!"

The second Divine Thunder fell.

This time, Dongfang Ping no longer gathered the Light Law.

Instead, an incomparably sharp aura burst out from his body.

Indeed, the Gold Attribute Law Endless Sharpness.

A golden sword condensed in his hand.

A chilling sharpness emanated from the Sword Radiance.

The terrifying blade was blinding to even glance at.

"Break!"

Dongfang Ping shouted.

Stabbing out again.

The terrifying golden sword transformed into incomparably sharp gold light, rushing towards the terrifying Divine Thunder.

"Boom!"

The golden light stabbed out.

Abruptly splitting the Divine Thunder in two.

"Boom!"

The Divine Thunder was split, falling to both sides of the platform.

The entire hall instantly exploded into two enormous craters.

"What a terrifying sharpness, even being able to break Divine Thunder, I wonder if a Divine Artifact could withstand this sword."

All the Immortal Kings felt a chill run down their spines.

This Endless Sharpness Law is undoubtedly a top attack method among the laws.

If he becomes an Immortal Emperor in the future.

He will surely be an immensely powerful Immortal Emperor.

"Is this the First-grade Endless Sharpness Law?" Zhao Qiong couldn't help but marvel.

The last person to comprehend this law was over eight thousand years ago.

So one can imagine just how strong someone who comprehends this law is.

Xu Nian's gaze was sharp.

The first two Divine Thunders are not the key, the key is the third one.

To withstand this third, without hidden means, it's impossible.

So he was very eager to know how Dongfang Ping would resist this third Divine Thunder.

Chapter 1468: Fusion Technique Law

"Boom!"

The third Heavenly Thunder descended.

The terrifying Divine Thunder was as thick as an arm.

The divine power contained within it was unparalleled in its terror.

At this moment, everyone held their breath.

Although this was not a true Divine Tribulation, in the eyes of everyone around, the power of this divine trial was already incredibly terrifying.

Xu Nian also stared intently at Dongfang Ping, eager to see how Dongfang Ping would withstand this Divine Thunder.

"Buzz!"

Dongfang Ping's eyes sharpened, emitting a powerful wave of law from him.

But this time, it was no longer a single law.

It was two.

He held the Light Law in his left hand and the Gold Attribute Endless Sharpness Principle in his right.

In the next moment, the two laws began to fuse together.

A powerful wave of law emanated, one that was extremely strong to the extreme.

"Fusion... Fusion Technique Law?"

Everyone around was stunned.

Was Dongfang Ping really going to fuse two different attribute laws together?

How was this possible?

It should be known that even the average Immortal Emperor couldn't achieve this.

This kind of Fusion Technique Law, if slightly mishandled, could lead to irreversible disaster, obliterating oneself.

Xu Nian was also incredibly surprised.

He had guessed that Dongfang Ping would use various means, but never thought he would utilize the Fusion Technique Law.

"Buzz!"

A massive sword radiating brilliant golden light began to form in his hand.

The sword not only emitted impossibly brilliant energy waves but also exuded a terrifying sharpness.

"What a terrifying Golden Light Sword!"

Xu Nian thought in shock.

Even he felt a strong sense of threat from the Golden Light Sword.

If he had to face this sword, he might not be able to withstand it even with the help of a Divine Artifact.

Zhao Qiong and Lu Jiang were dumbfounded.

Only now did they realize that they had underestimated Dongfang Ping's talent.

"Is he really just an Independent Immortal? My goodness..."

Immortal King experts exclaimed in astonishment.

At this moment, they all had the thought of recruiting him.

If such a peerless talent could be brought into their sect, their sect would certainly surpass others, and be destined to have a peerless Immortal Emperor in the future.

"Break for me!"

Dongfang Ping shouted.

The sword clashed with the Divine Thunder.

The terrifying golden light shattered the Divine Thunder into pieces, yet the Golden Light Sword remained intact.

The terrifying Sword Qi pierced through the hall and even reached the sky.

Everyone gasped.

This hall was forged from Divine Stone, its hardness on par with a Low Grade Divine Artifact.

However, Dongfang Ping pierced through it with one sword. Just how terrifying was the power of that sword?

Xu Nian was filled with emotion.

If he had to face that sword himself, he would likely fall at Dongfang Ping's hands.

"It seems I still underestimated him; I am truly not qualified to be his opponent now." Xu Nian smiled wryly to himself.

But soon, a gleam of determination sparked in his eyes.

This Dongfang Ping stirred a fighting spirit within him.

Perhaps Dongfang Ping could truly be a rival on his path forward.

"Buzz!"

The golden light faded, and Dongfang Ping's aura calmed down.

But his aura remained unruffled.

"So strong, can an Early Stage Immortal King be so powerful? I can hardly imagine how strong he would be as an Immortal Sovereign or Immortal Emperor." Someone mused.

These Immortal King experts were deeply impressed by Dongfang Ping's prowess.

Anyone who could fuse two different attribute laws was undoubtedly a world-shaking genius.

"Xu Nian, I'll be waiting for you in the main hall; don't keep me waiting too long."

But at this moment, Dongfang Ping sharply looked at Xu Nian and said.

With these words, everyone turned to look at Xu Nian.

Was Dongfang Ping actually speaking to this Golden Immortal?

"Waiting for you in the main hall?"

Did he expect this Golden Immortal to pass the divine trial too?

For a moment, everyone thought Dongfang Ping was joking.

After all, an Early Stage Immortal King crossing this divine trial was already defying the heavens.

Could a Golden Immortal actually be even more extraordinary?

But Zhao Qiong and Lu Jiang hesitated and looked at Xu Nian.

"Junior brother, are you really going to cross this divine trial?" Zhao Qiong asked in surprise.

Xu Nian smiled and nodded.

Then he looked at Dongfang Ping and smiled, "Don't worry, I won't keep you waiting long."

"That's good!" Dongfang Ping smiled slightly.

Then the Teleportation Array glowed, and Dongfang Ping disappeared from the hall.

Due to Dongfang Ping's words, Xu Nian also became the focus of everyone's attention.

Feeling helpless, Xu Nian shook his head but didn't care.

After all, he had planned to cross the tribulation.

So it was only a matter of time before he'd draw attention.

He simply felt that Dongfang Ping showing off and bringing him into it was somewhat annoying.

"Junior brother, do you really have confidence?" Zhao Qiong asked curiously.

"Let's give it a try!" Xu Nian replied with a smile.

With that, he headed for the platform.

"Does this Golden Immortal really dare go to the platform? Is he insane?"

"What if he really has the strength? Didn't you see Dongfang Ping said he's waiting for him?"

"Even if he has strength, he's still a Golden Immortal. If a Golden Immortal Peak can cross this divine trial, I may as well die; all my years of cultivation would be wasted!"

"You should stop saying that. If he really succeeds, won't you have to actually die?"

The person was speechless.

Would he really die?

No, Golden Immortals could never succeed.

The Immortal King expert thought to himself.

Completely convinced Xu Nian could not succeed.

"Does junior brother really have confidence?" Zhao Qiong wondered.

"Just watch. Don't forget, he met the Master, maybe the Master gave him Divine Power Liquid." Lu Jiang said.

"That's likely. With Divine Power Liquid, he might have some chance." Zhao Qiong nodded.

But they still thought Xu Nian wasting Divine Power Liquid here was a pity.

"Buzz!"

Standing on the platform, Xu Nian instantly felt a terrifying divine pressure pressing upon him.

This divine pressure wave was different from the divine power on the stairs before.

This was akin to Heavenly Dao Pressure divine power, even his soul faced immense pressure.

Fortunately, Xu Nian was prepared, unleashing the Endless Penetration Law.

Law Power gathered on his body.

In the next moment, this terrifying divine pressure was penetrated.

The pressure on Xu Nian's body suddenly lessened greatly.

"Wow, he can even utilize Law Power?" An Immortal King expert in the crowd exclaimed.

Zhao Qiong and Lu Jiang were also surprised.

They remembered last time they saw Xu Nian, he was just at the Law Manifestation Great Success Realm.

Had he reached Law Perfection?

What kind of comprehension speed was this?

"It seems our junior brother's talent does not fall below Dongfang Ping's; his comprehension has no mistakes." Zhao Qiong spoke bitterly.

Lu Jiang nodded.

In terms of cultivation time, Xu Nian's talent was perhaps even more terrifying than Dongfang Ping's.

Chapter 1469: Mysterious Powerhouse

"Boom!"

The first Divine Thunder finally descended.

Xu Nian instantly felt an immense pressure.

He could clearly sense the terrifying energy and power of destruction contained within this Divine Thunder.

This power of destruction was extremely difficult to repair.

It sent chills down his spine.

However, Xu Nian looked at this Divine Thunder without making any movements.

"What's he doing? Is he seeking death?"

The surrounding crowd was immediately shocked.

Zhao Qiong and Lu Jiang were also taken aback.

What they didn't know was that Xu Nian had already reacted.

At that very instant, Xu Nian had merged the Undying Devouring Sky Beast into his own body.

The fusion of the two bodies instantly doubled the strength of his physical body.

At the same time, he activated his Talent Divine Ability of Swallowing Heaven and Earth.

"Boom!"

The terrifying Divine Thunder struck his body.

Instantly slamming Xu Nian onto the ground.

"Is he dead?"

The crowd exclaimed in surprise.

"I thought he had more ability, turns out he's just here for laughs."

"Exactly, how could a Golden Immortal survive this Heavenly Thunder Tribulation?"

...

The Immortal Kings immediately began to mock.

Zhao Qiong and Lu Jiang furrowed their brows to the extreme.

What is our junior disciple doing?

"Cough, cough!"

However, just as everyone thought Xu Nian had died under the Divine Thunder's attack, Xu Nian stood up again.

His chest was covered with purple scale armor, although charred, it was clear that part of the Divine Thunder had been absorbed by his body.

"This Divine Thunder has indeed elevated my Undying Devouring Sky Beast and Purple Lightning Proud Dragon Armor to a level closer to a Low Grade Divine Artifact. After the two avatars merge, they should reach the Low Grade Divine Artifact level," Xu Nian muttered to himself.

Indeed, this was Xu Nian's plan all along.

His goal was to let this Divine Thunder strike his body, allowing his physical form to undergo a baptism by the Divine Thunder.

Although it's a bit risky, the effect is remarkable.

At this moment, he clearly felt his body had reached a new level, and his strength had doubled.

"Buzz!"

Xu Nian retracted the Undying Devouring Sky Beast back into the Chaos Divine Palace.

This second Heavenly Thunder could no longer be resisted by the body alone.

Throughout this process, no one noticed any changes.

"How did he do that? To survive a direct hit by the Divine Thunder unscathed?"

"Yeah, this is insane. Didn't a previous Immortal King get blown apart by one before?"

"Indeed, this Golden Immortal is extraordinary; his body might be comparable to a Divine Artifact."

...

The statement immediately caused an uproar among the crowd.

A physique comparable to a Divine Artifact.

Damn, everyone gasped in shock.

A body comparable to a Low Grade Divine Artifact, what kind of monster is he?

"Our junior disciple might have grown to a level beyond our imagination," Zhao Qiong remarked.

"Yes, but even with a powerful body, it's hard to find a few like him in the Immortal Realm," Lu Jiang said.

"Boom!"

The second Divine Thunder descended at this moment.

The power of this terrifying Divine Thunder was twice that of the first one.

"He shouldn't be able to withstand the second one, no matter how strong his body is."

"True, even a strong body is useless. The power of destruction within the Divine Thunder is something even a Divine Body cannot withstand."

...

The Immortal Kings below began to discuss once again.

They all believed Xu Nian couldn't withstand this second Divine Thunder.

However, Xu Nian didn't hesitate and directly activated the Red Scorching Extreme Point Penetration Law.

The Super First Grade Law burst out.

An incomparably powerful wave emanated.

In the next moment, a sword formed by the Law, sharp to the extreme, materialized in Xu Nian's hand.

"Boom!"

The Law Sword stabbed out, colliding with the Divine Thunder.

The impact formed by the Divine Thunder was instantly pierced by the Law Sword.

However, Xu Nian's Law Sword shattered as well.

Even so, Xu Nian still managed to withstand this strike.

"So strong, such a sharp strike, is it also the Endless Sharpness Law?"

Someone nearby exclaimed in surprise.

The wave of law contained in Xu Nian's Sword Radiance just now was no less than the wave of Dongfang Ping's Endless Sharpness Law Sword.

"Not the Endless Penetration Law, but still a First-grade Law, it should be the Wind Attribute's Extreme Point Penetration, yet what he wielded was stronger than mere Extreme Point Penetration," someone analyzed.

Some who comprehended the Wind Attribute Law also nodded.

Indeed, it was much stronger than a First-grade Law.

"I never expected junior brother not only to reach the Middle Stage of Law Perfection Realm but also seemingly to have enhanced the quality of his law," Zhao Qiong couldn't help but exclaim.

Thinking back to when he first saw Xu Nian, Xu Nian didn't even know what Law Manifestation was.

And now, in less than ten years, he had already grown to this level.

This terrifying growth speed was something they could hardly fathom.

"Our junior disciple is indeed a genius; his comprehension should be correct. Now, the quality of his law is likely not inferior to Endless Sharpness," Lu Jiang said.

"Right, although his law is still First-grade, that's because the law is capped at First-grade. Otherwise, it could indeed be classified as Super First Grade," Zhao Qiong couldn't help but say.

For a moment, the two senior disciples were filled with emotion.

They realized they have been surpassed by Xu Nian, left far behind.

"I wonder if he can pass this third Divine Tribulation. Even with strong laws, the third is not easy to overcome," someone commented.

"Indeed, the power of the third is stronger than the second. An attack of this magnitude is almost impossible to withstand with one's power, unless merged with laws like Dongfang Ping did just now."

An Immortal King expert followed up.

For a time, everyone thought Xu Nian had little hope of surviving this third Divine Thunder.

"Senior brother, do you think our junior disciple will use Divine Power Liquid?" Zhao Qiong suddenly asked with a smile.

"He probably will; otherwise, he can't withstand the third Divine Thunder," Lu Jiang replied.

"I don't think so. If he really uses Divine Power Liquid, he wouldn't be our junior disciple," Zhao Qiong said with a smile.

Lu Jiang, upon hearing this, also smiled helplessly.

Indeed, their junior disciple has surprised them time and again, never playing by the rules.

Perhaps, he really can pass this threshold without using Divine Power Liquid.

"Boom!"

Finally, the third Divine Thunder descended.

The crowd was filled with curiosity.

How would Xu Nian withstand this Divine Thunder?

Xu Nian looked at the third Divine Thunder and revealed a slight bitter smile.

"Looks like I have no choice but to use you now." Xu Nian smiled slightly.

In the next moment, there appeared a Divine Talisman Dagger in his hand.

"Buzz!"

The Wind Attribute Law was activated, the Red Scorching Extreme Point Penetration Law instantly covering the Divine Talisman Dagger.

Simultaneously, his Immortal Essence was poured without reservation into the Divine Talisman Dagger.

"Whoosh!"

The Divine Talisman Dagger flew out, directly colliding with the third Divine Thunder.

"Boom!"

A resounding explosion.

The third Divine Thunder was instantly shattered into pieces under the impact of the Divine Talisman Dagger.

"It's that divine dagger, it's him, the mysterious strongman who seized the divine artifact."

Someone in the crowd suddenly exclaimed.

Previously, there were rumors that a mysterious strongman seized the Divine Talisman Dagger, and even an Immortal Sovereign couldn't catch up.

Unexpectedly, it turned out to be this Golden Immortal right before them?

Chapter 1470: A Tremendous Harvest

"I never expected the junior brother to actually succeed."

Zhao Qiong couldn't help but remark.

"Yes, and that Divine Dagger was also obtained by him." Lu Jiang remarked as well.

"I bet the junior brother wouldn't use the Divine Power Liquid. Just with that Divine Dagger, it's unlikely we can withstand it." Zhao Qiong laughed.

Lu Jiang shared the same sentiment.

Whether it's Dongfang Ping or Lu Jiang, both are exceptionally talented.

Their future achievements are probably beyond what they can currently compare to.

"Damn, this Golden Immortal actually succeeded. Who earlier said they'd headbutt and die if he succeeded?" someone said, butting in.

The Immortal King expert's face instantly turned black.

In his heart, a herd of grass-mud horses galloped.

The Golden Immortal Peak survived this Divine Tribulation, while they, the Immortal King Peak, could only stare blankly.

The thought alone was infuriating.

Yet they were helpless.

Xu Nian, seeing the disappearing Divine Thunder, slightly exhaled in relief.

Looking at the Divine Talisman Dagger back in his hand, he felt immense joy.

The dagger, infused with the Red Scorching Extreme Point Penetration Law, had increased in power by several degrees.

If taken by surprise, even an Immortal Sovereign could perish under his dagger.

"Buzz!"

At this moment, the Transmission Array lit up.

The next moment, Xu Nian disappeared from the grand hall.

...

Reappearing, Xu Nian found himself in a desolate grand hall.

In the center of this hall, a coffin was placed.

The coffin emitted an immensely powerful Divine Power.

"Damn, could this be the corpse of that Divine strong person?"

Xu Nian walked to the coffin's side.

He noticed that the material of this coffin was extraordinary, likely crafted from some extremely hard Divine Stone.

"Buzz!"

At this moment, a phantom figure appeared before Xu Nian.

Xu Nian immediately became vigilant, but upon seeing it was the Artifact Spirit he'd seen before, he slightly relaxed.

"Congratulations, Trialist, you've been acknowledged by the master, and you will receive his inheritance."

The Artifact Spirit looked at Xu Nian and said.

"I've been acknowledged by the master of this Divine Tomb? What about those who crossed the Divine Tribulation earlier?" Xu Nian asked in surprise.

"They're in another hall. When the master designed this Divine Tomb, he set up two Divine Halls, bright and dark. They are in the Bright Hall, and you are in the Dark Hall, where the master kept all of his true collections, including his Divine Core!" the Artifact Spirit explained.

"You're saying that only I entered the Dark Hall, the others are in the Bright Hall, and I will receive the master's true inheritance, but why is this?" Xu Nian asked in astonishment.

He felt both excited and confused.

"Because you are a cultivator of the Wind Attribute Law and have comprehended the master's unique Law Comprehension. Plus, the dagger in your hand is also the master's Token. The master once said that anyone who satisfies these three conditions can receive his true inheritance, and that person is you." the Artifact Spirit said.

Xu Nian suddenly understood.

After speaking, the Artifact Spirit waved its hand, and the massive coffin opened.

Four treasures flew out.

The first was a Jade Bottle containing a powerful Divine Power aura.

Clearly, it contained Divine Power Liquid, eight drops in total, all of them Wind Attribute Divine Power Liquid.

The second item was a silver Divine Armor.

This Inner Armor had reached the Low Grade Divine Artifact level.

The third item was also a Divine Artifact.

However, this Divine Artifact was the Dragon Horn Red Snake Bow and Feathered Phoenix Chasing Divine Arrow.

Though a Low Grade Divine Artifact combination, it ranked among the top in value among Low Grade Divine Artifacts.

And the Artifact Spirit before him was the spirit of the Dragon Horn Red Snake Bow.

The fourth treasure was a dark green spherical stone.

This stone was covered with strange patterns, looking indistinguishable from an ordinary stone.

But it emitted an ancient aura.

The natural aura gave a feeling of being indestructible.

"Is this the Godhood? Wind Attribute Godhood?"

Looking at the dark green stone, Xu Nian's eyes showed an astonished expression.

At this moment, a desire was born in his heart.

That was to refine this Godhood and become a god.

As he looked at the Godhood, this desire grew stronger.

"No, I want to become a god independently." Xu Nian forcefully extinguished the desire in his heart.

He stored all four treasures into his storage ring.

This Godhood he planned to leave for Xuanyuan Qingling.

Of course, if Xuanyuan Qingling didn't want it, he'd make other plans.

After all, though Xuanyuan Qingling comprehended the Wind Attribute, she seemed more inclined towards music.

So if Xuanyuan Qingling didn't want it, he'd consider who to give this Godhood to.

In this way, Xu Nian suddenly acquired four Divine Artifacts.

A Divine Talisman Dagger.

A Gale Sword.

A silver Divine Armor.

A Dragon Horn Red Snake Bow and Feathered Phoenix Chasing Divine Arrow.

Even though they were Low Grade Divine Artifacts, these four Divine Artifacts were enough to multiply his strength several times over.

"What are they doing in the Bright Hall if all the treasures are here with me?" Xu Nian couldn't help his curiosity.

"Reporting to the master, there are treasures in the Bright Hall as well. The previous master left a Low Grade Divine Artifact and two drops of Divine Power Liquid there. Currently, they are fighting over the Divine Artifact and the Divine Power Liquid." the Artifact Spirit responded.

Since Xu Nian had acknowledged the Dragon Horn Red Snake Bow, the Artifact Spirit recognized Xu Nian as its new master.

"A Divine Artifact? What kind of Divine Artifact?" Xu Nian asked curiously.

"A Low Grade Divine Light Mirror, a defensive Divine Artifact, but its quality is not as high as the three Divine Artifacts the master obtained." the Artifact Spirit replied.

Xu Nian nodded.

Inwardly, he felt ecstatic.

Those people were fighting fiercely on the other side, while he had already pocketed all the treasures.

This feeling was simply too exhilarating.

"Master, since you've received the master's entire inheritance, the Divine Tomb Space will soon collapse, and shortly you will be teleported out." the Artifact Spirit said.

"Good!"

Xu Nian nodded.

"Boom!"

A loud rumble.

The entire Divine Hall began to shake violently.

The next moment, everyone in the Divine Hall was enveloped in Divine Light.

"Buzz!"

The Divine Hall Space disappeared, and everyone was teleported above Fengyang Lake.

Everyone was momentarily stunned.

Did the Divine Hall Space disappear?

Was the Godhood found by someone?

Who?

Everyone looked puzzled.

Standing among the crowd, Xu Nian glanced around.

He noticed those Immortal Sovereign strong people from the Bright Hall had also been teleported out.

"There he is, get him, don't let him escape."

At this moment, a sudden shout emerged.

Six Immortal Sovereign strong people were speeding towards Dongfang Ping.

"Hmph! You're not qualified to seize the Divine Artifact."

Dongfang Ping snorted coldly.

He then slashed out a sword, the Sword Qi incredibly terrifying.

It immediately forced the six Immortal Sovereign-level experts back.

Having repelled the six Immortal Sovereign experts, Dongfang Ping didn't linger and rapidly escaped as a streak of light.

"Chase!"

The six Immortal Sovereigns quickly caught up.

Seeing this, Xu Nian realized Dongfang Ping had obtained the Divine Light Mirror, and those six Immortal Sovereigns were likely attempting to seize that Divine Artifact.
