

## **Divine King 1481**

Chapter 1481: Sima Xiangling

After half a month's journey, Xu Nian arrived at Haohai City.

He also wanted to see what Dongfang Ping was planning to do.

"Did you hear that? Xu Nian fought with six Immortal Sovereign level experts in the western suburbs of Haohai City for three days and nights."

"I heard. Of those six Immortal Sovereign level experts, four died and two were injured, but Xu Nian was also injured."

"What do you think Xu Nian is thinking? Not hiding his presence, openly showing himself, what is he trying to do?"

...

Walking on the streets of Haohai City, Xu Nian could hear people discussing him all around.

Of course, the Xu Nian they were talking about was Dongfang Ping.

"Four dead and two injured, Dongfang Ping's power has advanced again. Could he be using these people to enhance his own strength?" Xu Nian mused to himself.

Lately, he had heard quite a few things about Dongfang Ping's battles.

All of them involved Dongfang Ping slaying Immortal Sovereigns.

However, there had yet to be news of him facing experts above the Mid-level Immortal Sovereign.

Nor was there any mention of using Divine Power Liquid.

It's clear that Dongfang Ping was deliberately avoiding confrontations with these two types of experts.

"Huh, what's this?"

Xu Nian's gaze was suddenly drawn to a bracelet in a shop by the roadside.

The bracelet looked extremely ancient, with many sword marks on it.

However, the material was exceptionally special.

It should be part of a set of armor.

"Divine Artifact material?"

Xu Nian stepped closer and took a look, finding that the material used for the bracelet was indeed of Divine Artifact level.

However, the bracelet's quality barely reached the Divine Artifact level.

The divine radiance on it had been completely worn away, losing its function as a Divine Artifact.

It could only be considered a scrap.

Because it had lost its divine brilliance, few could recognize it as a Divine Artifact.

It seemed the shopkeeper was among them.

"If I take this bracelet back, maybe I can refine it again." Xu Nian smiled and muttered to himself.

Lately, he had been studying Divine Artifacts.

He even asked the Emperor Ye Tian for an Artifact Refining Technique for creating Divine Artifacts.

He planned to refine an Earth Attribute Divine Sword for himself, and also intended to reforge the Gale Sword.

However, the material for Divine Artifacts in the Immortal Realm was exceedingly rare.

So lately, with nothing better to do,

he practiced with Black Meteorite Ink Gold, a top-grade Immortal Artifact material he refined in the Divine Wind Valley absolute ground.

After a period of hammering, he had initially succeeded in creating top-grade Immortal Artifacts.

No doubt, Xu Nian had strong talent in both Alchemy and Artifact Refining and picked it up quickly.

Even the Divine Emperor Ye Tian had to admit it.

"Shopkeeper, how much for this bracelet?" Xu Nian asked with a smile.

"One hundred drops of Eighth-Grade Divine Marrow." The shopkeeper's eyes lit up, glancing at the bracelet, then at Xu Nian, smiling.

"So expensive?" Xu Nian was a bit surprised.

One hundred drops of Eighth-Grade Divine Marrow already equaled one drop of Ninth-Grade Divine Marrow, a very high price in the Immortal Realm, beyond what most Immortal Sovereign experts could afford.

Even with Xu Nian having hunted four Immortal Sovereigns, he had only gathered two hundred drops of Eighth-Grade Divine Marrow.

"Not expensive, it's a Divine Artifact after all." The shopkeeper smiled.

"Divine Artifact? Selling for just one hundred drops of Divine Marrow?" Xu Nian asked, amused.

He was sure the shopkeeper didn't actually know if the bracelet was truly a Divine Artifact and was just using it as an excuse to jack up the price.

"Of course it's a Divine Artifact. Have you seen any Immortal Artifact with such material? If you don't believe me, try it with a top-grade Immortal Artifact and see if you can leave a mark on it." The shopkeeper laughed.

"But even if it's a Divine Artifact, there's no divine radiance left on this bracelet, and even with Immortal Essence it would be ineffective. It's probably not even as good as an Immortal Artifact." Xu Nian laughed.

"Then how much would you offer?" the shopkeeper asked.

He knew Xu Nian was right.

At this point, the bracelet was no different from a piece of Divine Iron.

And in the Immortal Realm, no one could refine Divine Iron, not even the top artifact refiners.

Which was why this bracelet had been on the shelf for so long without selling.

Without anyone to refine it, it might as well be scrap iron.

Of course, Xu Nian himself couldn't refine it, but for now, according to the Artifact Refining Technique the Emperor Ye Tian had given him, he had a way.

"Fifty drops!" Xu Nian said decisively.

"Alright, fifty it is." The shopkeeper agreed.

He then prepared to sell it to Xu Nian.

"I offer one hundred drops."

However, at this moment, a voice rang out.

A young woman in a red dress walked in.

She was accompanied by two middle-aged men.

The woman was beautiful with an extraordinary presence, suggesting she came from a powerful background.

Her cultivation wasn't very high, but not low either, at the Early Stage Immortal King level.

However, the two middle-aged men behind her were quite formidable, reaching Early Stage Immortal Sovereign level.

Among them, one man gave Xu Nian a sense of danger.

The fierce-looking man met Xu Nian's gaze sharply.

"A master with a Law True Body level." Xu Nian mused.

A terrifying gaze, containing the power of laws.

This was clearly a sign of Law True Body Great Success.

"One hundred drops? Alright, sold to you." The shopkeeper was instantly delighted.

Xu Nian frowned.

"I saw this bracelet first, shouldn't you respect the order?" Xu Nian said.

The woman glanced at Xu Nian arrogantly, dismissing him.

"You didn't outbid her, so naturally, it goes to her. I hadn't sold it to you yet anyway," said the shopkeeper.

"Then I also offer one hundred drops," Xu Nian responded.

"Huh?" The shopkeeper hesitated.

"I'll offer two hundred drops," said the woman boldly.

The shopkeeper was instantly overjoyed, but he didn't speak, looking instead at Xu Nian.

Xu Nian sighed and left.

The woman, seeing Xu Nian give up, smiled dismissively.

After handing over two hundred drops of Immortal Marrow, she walked out of the Weapon Pavilion.

"I've never failed to get what I want. Remember, the name is Sima Xiangling."

The woman left the shop with an arrogant remark, then departed with the two Immortal Sovereign level experts.

"Sima Xiangling?"

Xu Nian was slightly surprised.

With a surname like Sima, she should be the eldest daughter of the Sima family, the top family in the Immortal Realm.

The Sima family's presence might not be just about Gongsun Wan'er.

Perhaps it also had something to do with him.

But Xu Nian didn't bother to care, given that his mission pact with Gongsun Ling had been dissolved.

It's just a pity about that Divine Bracelet.

"Oh well, I haven't found the Divine Fire needed to smelt a Divine Artifact yet. There will be more chances in the future," Xu Nian mused.

If not for that Immortal Sovereign strongman who had reached the Law True Body realm, he might not have yielded to Sima Xiangling.

Chapter 1482: Xuanyuan Qingling's Strength

"Master Ye Tian, you said there's a divine fire capable of melting divine iron, does it really exist in the Immortal Realm?"

Xu Nian asked curiously.

He had settled down in Haohai City.

In the past few days, besides comprehending the Law True Body, Xu Nian had also been studying artifact refining.

At this moment, the Chaos Divine Palace was already piled high with one top-grade immortal sword after another.

These immortal artifacts were all refined by Xu Nian using Black Meteorite Ink Gold.

"Exist it does, but such divine fire is extremely rare, something to be encountered but not sought after. Whether you encounter it depends on your own fate." The voice of the Divine Emperor Ye Tian resounded in Xu Nian's mind.

Xu Nian nodded.

This type of divine fire possesses terrifying power, far surpassing the Samadhi True Fire.

"Buzz!"

With a thought, a flame ignited in the palm of Xu Nian's hand.

"I didn't expect that while refining artifacts, I would grasp the Supreme Temperature Law of the fire attribute." Xu Nian mused with a smile.

The Supreme Temperature Law is the most top-tier among the second-grade laws of the fire attribute.

Once unleashed, it can erupt with terrifying temperatures in an instant.

This is also the reason why Xu Nian could quickly refine these immortal artifacts.

"Although this law is still at the early stage of law, comprehending the Law Power should not be difficult for me. Within a year, I will definitely reach the Middle Stage of Law Perfection in the fire attribute." Xu Nian said confidently.

Right now, apart from the Space Law of the Undying Devouring Sky Beast,

he mainly cultivates in the Red Scorching Extreme Point Penetration of the wind attribute, the Black Hole Law of the earth attribute, and the newly comprehended Supreme Temperature Law.

The Red Scorching Extreme Point Penetration and the Black Hole Law of the earth attribute have both reached the extreme Great Perfection of the middle stage of law.

He is only a step away from breaking through to the entry-level of the Law True Body.

If there were strong figures from the Immortal Realm present, they would definitely warn Xu Nian not to comprehend multiple laws at the same time, especially of different attributes.

In their eyes, someone like Xu Nian who comprehends three attributes at the same time is essentially cutting off his own divine path.

Why?

Because comprehending multiple laws makes it exponentially harder to reach Law Perfection in the end.

There was once a genius who comprehended the laws of five attributes but ultimately never achieved the Great Perfection Realm, leading to his eventual demise in depression.

"It's time to take a look at the Sky-reaching World."

With a thought, Xu Nian's immortal consciousness directly entered the Sky-reaching World.

"Husband, you finally came in."

However, just as Xu Nian entered the Sky-reaching World, Xuanyuan Qingling's immortal consciousness transmitted through the identity token.

"You were waiting for me?" Xu Nian immediately responded.

In the Sky-reaching World, as long as soul information has been exchanged, they can sense each other's presence.

Thus, as soon as Xu Nian appeared in the Sky-reaching World, Xuanyuan Qingling immediately sensed it.

"Yes, I've been waiting for you. I heard the entire Immortal Realm is after you." Xuanyuan Qingling hastily asked.

"Don't worry, I'm fine. Where are you? I'll come to you." Xu Nian replied with a smile.

Xuanyuan Qingling immediately sent Xu Nian a coordinate.

Xu Nian then quickly rushed towards the coordinates sent by Xuanyuan Qingling.

Very soon, the two of them met.

As soon as they met, Xuanyuan Qingling threw herself into his arms.

Xu Nian embraced Xuanyuan Qingling, feeling a deep warmth in his heart.

Xuanyuan Qingling usually appeared cold and detached, but unexpectedly, she was so passionate inside.

"Husband, are you alright?"

Only after a long while did Xuanyuan Qingling release Xu Nian.

"Of course, I'm fine. Being hunted down is a common occurrence for me. Don't worry, if I disguise my appearance and aura, no one below the Immortal Emperor Level would recognize me." Xu Nian said with a smile.

Hearing this, Xuanyuan Qingling finally felt a sense of relief.

Xu Nian then proceeded to recount to Xuanyuan Qingling the process by which he gained the Divine Tomb inheritance.

Xuanyuan Qingling was shocked upon hearing it.

She never expected Xu Nian's strength to be so formidable, having killed four Immortal Sovereign Level experts.

"By the way, Qingling, the godhood I have is of the wind attribute. Would you like to absorb it? Once you refine it, you can become a god." Xu Nian asked.

However, Xuanyuan Qingling shook her head.

"The law I've comprehended is in the realm of music. I don't want to give up so easily. Although the godhood you mentioned is also of the wind attribute, it's entirely different from my cultivation path." Xuanyuan Qingling said, shaking her head.

"So you want to become a god naturally?" Xu Nian asked, a bit surprised.

"Yes, I want to become a god naturally. I know this path is very difficult, but I've decided to take it."  
Xuanyuan Qingling said.

"Alright, since you've already decided, I will respect your decision. You have already reached the Golden Immortal Middle Stage in your cultivation?" Xu Nian asked, surprised.

"Yes, I've had another breakthrough, but that's not the main point. The main point is that the quality of my law has improved to first-grade." Xuanyuan Qingling said.

"First-grade? What law?" Xu Nian asked in shock.

Throughout the Immortal Realm, there are less than ten people who have a first-grade law.

Xuanyuan Qingling had actually comprehended a first-grade law.

"I don't know the name of the law yet. According to the Immortal Emperor, the law I've comprehended is a new type of first-grade law." Xuanyuan Qingling said.

"What? A new first-grade law? Try using your law to attack me." Xu Nian said.

After saying that, he distanced himself from Xuanyuan Qingling.

"Alright, but be careful, husband. My attack method is a soul attack." Xuanyuan Qingling said.

Then, a guqin appeared in front of Xuanyuan Qingling.

Xu Nian could tell that this guqin was a top-grade immortal artifact.

"A soul attack?" Xu Nian was slightly surprised, his curiosity piquing even more.

Laws that can form soul attacks are basically in the first-grade category.

"Buzz!"

When Xuanyuan Qingling plucked the first note.

Xu Nian felt as if his soul in his mind had exploded.

A terrifying force arose out of nowhere, striking directly at his soul.

He didn't even see how Xuanyuan Qingling attacked.

"Again!"

Xu Nian shouted, immediately channeling his immortal essence to protect his soul.

"Boom!"

Yet, his soul trembled once more, almost causing it to fracture this time.

"What a strong soul attack. It's only at the stage of Law Power, if it was at Middle Stage of Law Perfection, I really couldn't withstand it." Xu Nian couldn't help but exclaim.

Xuanyuan Qingling's attack method was unpredictable and difficult to defend against.

"Husband, are you okay?" Xuanyuan Qingling stepped forward to ask.

"I'm fine. How exactly did you attack?" Xu Nian asked curiously.

"Resonance, soul resonance. Every person's soul has its own resonance frequency. My music just needs to match the other's soul frequency to achieve an attack effect." Xuanyuan Qingling explained.

Hearing this, Xu Nian suddenly understood.

So it was about using vibrational frequency.

It's known that everything in the world has its own vibrational frequency, and the soul is no exception.

Xuanyuan Qingling's ability to utilize this and create an attack was certainly a formidable killer move.

Plucking notes to manipulate someone else's soul, that is undoubtedly a first-grade law.

For a moment, Xu Nian even felt a bit eager for Xuanyuan Qingling's growth.

Chapter 1483: The Tianjian Sect's Assault

"Husband, it seems something major has happened in the Immortal Realm."

Xuanyuan Qingling nestled against Xu Nian's shoulder, saying.

"Something major?" Xu Nian asked curiously.

"Yes, I have already apprenticed under Tianmeng Immortal Emperor as her direct disciple. Recently, I overheard some senior sisters mentioning that something has happened at the Sealing God Battlefield."

Xuanyuan Qingling said.

Xu Nian furrowed his brows slightly.

Xuanyuan Qingling apprenticing under the Immortal Emperor was something she had just mentioned to him.

Because she comprehended a first-grade law, she caught the attention of Tianmeng Immortal Emperor.

Tianmeng Immortal Emperor ranks third in strength at the Immortal Sovereign Hall, and is one of the few Female Immortal Emperors.

But regarding the incident at the Sealing God Battlefield, he hadn't heard a thing.

"What happened?" Xu Nian asked further.

"Specifically, the master and my senior sisters didn't say, but those senior sisters mentioned that the Sealing God Battlefield incident might affect the entire Three Realms, possibly leading to widespread devastation."

Xuanyuan Qingling said.

"Widespread devastation?" Xu Nian's brows furrowed even more tightly.

It seems the incident at the Sealing God Battlefield is not minor.

However, such matters currently have nothing to do with him.

With his current strength, being able to protect himself is already good enough, let alone having the extra strength to deal with the lives of the beings across the Three Realms.

"Qingling, for now, focus on cultivating in the Immortal Sovereign Hall. Do not easily enter the Sealing God Battlefield," Xu Nian said.

Although he has never been to the Sealing God Battlefield,

he could infer from Zhu Xin and Zhao Qiong that the Sealing God Battlefield is indeed extremely perilous.

"Okay, rest assured, husband. You must also be careful." Xuanyuan Qingling agreed.

Xu Nian nodded.

Then he exited the Sky-reaching World.

For the time being, the trials of the Sky-reaching World held no appeal to him.

Because the true top powerhouses are either cultivating or have gone to the Sealing God Battlefield.

Only the final battle of the Sky-reaching World would be his real opportunity for honing himself.

...

"Is it here?"

Just as Xu Nian left the Sky-reaching World, three people appeared outside his courtyard.

All three wore white robes.

The aura emanating from them was strong, exuding an invisible yet terrifying sense of majesty.

The passersby around them instinctively chose to avoid them, looking at the trio with eyes full of awe.

These three powerhouses were all of the Immortal Sovereign Level.

The leader had even reached the Middle-stage Immortal Sovereign level.

The person who just spoke was the leading youth among the trio.

"Reporting to the Young Sect Master, it is indeed here. Tianji Immortal Emperor has divined that Xu Nian is within this courtyard. The one widely rumored outside is a fake."

An early-stage Immortal Sovereign elder behind the youth responded.

"Very well, seal the courtyard, don't let him escape. Once discovered, kill him immediately." The youth's eyes flashed with a fierce, murderous intent.

"Yes, Young Sect Master!"

The two elders responded.

The next moment, the two elders swiftly moved, appearing in the sky above Xu Nian's courtyard.

Both rapidly formed seals with their hands, and a powerful array pattern appeared directly over Xu Nian's courtyard.

As soon as this array pattern appeared, Xu Nian's courtyard was immediately sealed.

"Hmph, locked by this Nine Heavens Locking God Array, I'd like to see where you can escape to, Xu Nian." The youth's lips curled into a cold smile.

Standing with hands behind his back, rising into the air.

Like a monarch surveying the world with disdain.

"Not good!"

The moment Xu Nian's consciousness returned to his body, he instantly felt a strong sense of crisis.

This sense of crisis was nearly unprecedented.

Without hesitation, Xu Nian appeared in the sky above his courtyard.

Seeing the formation around him, his expression immediately changed.

"Die!"

Two early-stage Immortal Sovereign experts instantly attacked.

The strength of these two Immortal Sovereign experts was extremely strong, both at the Law True Body entry level.

The power of the law was integrated into them, with every word and action exuding powerful law power.

An extremely sharp sword radiance struck, sealing off all of Xu Nian's avenues of escape.

The powerful Immortal Essence wave and law power could instantly kill Xu Nian.

Xu Nian was greatly shocked!

He sensed a strong threatening aura.

"Buzz!"

The divine armor appeared directly on his body.

"Clang!"

The sword radiance struck the divine armor, instantly bursting with an immense force.

"Puh!"

Xu Nian was immediately sent flying, spitting out a mouthful of blood, crashing into the courtyard below.

Turning the entire courtyard into ruins.

"Such strong attacks, it's actually Earth Attribute Power Law."

Xu Nian thought in shock.

Looking at the two elders in the sky, his gaze became grim.

Just one of them attacked earlier.

If both of them had attacked together, he'd likely be more severely injured.

Luckily, his physical body had been greatly strengthened, otherwise, even with the divine armor protecting him, his body would have been pulverized under the force of the sword radiance.

Because the power was truly immense, equivalent to the explosion of ten blazing suns.

"Who are you people?" Xu Nian got back up.

The Immortal Power within circulated, instantly healing his injuries.

Others' Immortal Power can barely repair the scars caused by law power, but Xu Nian's Chaos Undying Power could.

So in just a moment, Xu Nian returned to peak condition.

Looking sharply at the two elders in the sky.

"Xu Nian, do you think hiding here would keep us from finding you? All the treasures you carry will belong to our Tianjian Sect." The youth who stood in the air outside the formation coldly laughed in response.

"Tianjian Sect?"

The surrounding immortals were also shocked.

Could this be the Young Sect Master Xiahou of the Tianjian Sect before them?

Tianjian Sect?

Xu Nian also frowned.

Unexpectedly, these three people turned out to be from the Tianjian Sect.

"So it's people from the Tianjian Sect, are you also here to seize my divine artifact?" Xu Nian said coldly.

"Seize? Divine artifacts are meant for the worthy. With someone insignificant like you, having a divine artifact is an insult to it. You're simply unworthy to possess it. Kill him directly." The Tianjian Sect's Young Sect Master sneered dismissively.

Just as his words fell,

the two early-stage Immortal Sovereign elders attacked Xu Nian again.

Both were early-stage Sword Immortal Sovereigns, having reached the Law True Body Realm in their comprehension of the law.

Now, both attacked simultaneously, each wielding a sword toward Xu Nian.

The power of their sword stances was terrifying.

Xu Nian immediately swung his sword to deflect.

However, the force behind their sword radiance was unbelievably strong.

"Puh!"

Xu Nian was again shaken back by the force of their sword radiance, crashing into that formation, once more spitting out blood.

"So strong! Their power exceeds that of an ordinary early-stage Immortal Sovereign strongman." Xu Nian thought in surprise.

Staring at the two Immortal Sovereign powerhouses floating in mid-air, his gaze was as heavy as ever.

Their cultivation turned out to be the Earth Attribute Power Law.

Their combined strength rivaled that of a full-strength strike from a mid-stage Immortal King strongman.

The surrounding immortals were left in amazement.

It seemed Xu Nian was doomed.

Chapter 1484: Tianji Immortal Emperor

No one expected that the Xu Nian in front of them was the real Xu Nian.

The previously rumored Xu Nian was actually fake.

Seeing the Tianjian Sect experts make their move, they knew this real Xu Nian would likely fall.

The Young Sect Master of Tianjian Sect, Xiahou, looked at Xu Nian with a sneer.

He enjoyed watching ants struggle desperately, only to be crushed bit by bit on the ground.

So, in his eyes, no matter how strong Xu Nian was, he was just a particularly lively ant.

He could easily press him to the ground with one hand.

The Immortal Realm was not lacking in geniuses.

But the most numerous were the dead geniuses.

So to him, Xu Nian was no exception.

Xu Nian looked at the two Early Stage Immortal Sovereigns before him, and then at the Middle-stage Immortal Sovereign Young Sect Master watching coldly from the side, frowning deeply.

"I can't afford a prolonged fight like this; I must escape quickly," Xu Nian muttered to himself.

Though he had Divine Power Liquid,

he couldn't guarantee that the two Immortal Sovereigns and the Young Sect Master of the Tianjian Sect didn't have any.

To be honest, the chance that the Young Sect Master didn't have Divine Power Liquid was slim.

After all, he was the Young Sect Master of the Tianjian Sect, holding a high position.

"The most important thing now is to suppress these two old Immortal Sovereigns first," Xu Nian thought to himself.

These two elders cultivated the Sword Immortal Technique, and their Immortal Essence was immensely powerful.

Both were adept in the Earth Attribute Power Law.

When the two joined forces, their combined attack was much more potent than two same-class powerhouses with different attributes joining forces.

"Kill!"

The two elders swung their swords again.

This time, the Sword Radiance from the two elders fused together,

creating a massive yellow Sword Radiance.

The power contained within this Sword Radiance was terrifying to the extreme.

Xu Nian had no way to dodge.

The pressure from the Sword Radiance had blocked all his escape routes.

So he had to face it head-on.

"Buzz!"

Xu Nian's Immortal Essence surged wildly; he swung his sword, directly towards the terrifying brown Sword Radiance.

"Boom!"

The powerful Sword Qi from Xu Nian's sword collided with the brown Sword Radiance.

However, the impact from the brown Sword Radiance was so overwhelming that Xu Nian was forced to retreat repeatedly.

"Boom!"

Eventually, a surge of immense power exploded.

Xu Nian's entire body was tossed backward like a broken kite.

"Is he dead?"

Everyone around was in utter shock.

With such an attack, Xu Nian would either be dead or gravely injured.

High in the sky, the Young Sect Master of the Tianjian Sect sneered.

The outcome was decided!

Both the Divine Artifact and Godhood were now the Tianjian Sect's.

"Buzz!"

Just as Xu Nian was about to collide with the formation behind him, an immense Wind Attribute Divine Power erupted from him.

The next moment, a sharp Divine Talisman Dagger shot out, striking the formation behind him.

After the Dagger, Xu Nian's Divine Sword followed closely.

"Crack!"

The Divine Talisman Dagger struck the formation.

The formation instantly cracked, though it didn't shatter completely.

"No, stop him quickly!"

The Young Sect Master of the Tianjian Sect yelled upon seeing this.

The two Immortal Sovereigns didn't hesitate, immediately using the Earth Attribute Divine Power Liquid.

Their power surged.

"Boom!"

Xu Nian's eyes flared with a fierce light.

He pierced the crack created by the Divine Talisman Dagger with his Divine Sword.

"Crack!"

The crack tore open instantly.

Xu Nian broke free from the formation's cage.

He then turned and slashed at the two Immortal Sovereigns.

The Immortal Sovereigns hesitated momentarily, forced to block Xu Nian's strike.

After all, they dared not underestimate Xu Nian's attack after he fused with the Divine Power Liquid.

"Useless!"

The Young Sect Master of the Tianjian Sect roared in anger and rushed out.

He wanted to personally confront Xu Nian.

But Xu Nian's eyes flickered with a hint of a cold smile.

With a wave of his hand, a massive army appeared in the sky.

"Go, stop him!"

With Xu Nian's command, the swarm of Murder Bees surged toward the Young Sect Master of the Tianjian Sect.

Millions, even billions, of Murder Bees, among them were Golden Immortal and Immortal King levels.

Xu Nian even used the Dragon Clan corpses from Dragon Rock to feed them.

They directly nurtured ten Immortal King level.

With billions released, even Immortal Emperor levels couldn't ignore them.

"Get out of my way!"

The Young Sect Master of the Tianjian Sect swung his sword, cutting down a large swath.

But as soon as one wave fell, another swarm of Murder Bees charged forward.

Relentlessly, they cared not for their lives.

Bodies continuously fell.

But the Young Sect Master of the Tianjian Sect and the two Immortal Sovereigns were held tightly among them.

Meanwhile, Xu Nian transformed into a stream of light and escaped.

With the Divine Power Liquid fused within him, his speed had reached its peak.

In fact, Xu Nian's speed was close to Instant Teleportation.

Within a few blinks, Xu Nian appeared millions of miles away.

During this time, Xu Nian continually changed directions, finally stopping in a safe primal forest.

"Ling Feng, this time you've suffered heavy losses, losing many descendants. I owe you," Xu Nian summoned Ling Feng, apologetically saying.

He had no choice.

He could only use the Murder Bees to cover his escape.

Otherwise, with the three Immortal Sovereigns using the Divine Power Liquid, he would've been caught soon.

"Master need not apologize. If Master were to die, I would die too, and my descendants couldn't survive. They live to protect me, and of course, to protect Master," Ling Feng said.

Xu Nian nodded, though he still felt deeply guilty.

After all, that was billions of lives.

"After this ordeal, I will compensate you. What Law do you cultivate?" Xu Nian suddenly inquired.

"Returning to Master, I cultivate the Gold Attribute Law," Ling Feng replied.

"Good, I'll strive to find you a Gold Attribute Godhood," Xu Nian said.

Upon hearing this, Ling Feng's body shook with excitement, "Thank you, Master!"

But Xu Nian shook his head, "Don't thank me yet. Godhoods are rare and unpredictable; I may not find one."

"Master's intention alone satisfies Ling Feng," Ling Feng replied.

Xu Nian nodded, then stored Ling Feng within the Chaos Divine Palace.

"How did they find me?" Xu Nian questioned, filled with confusion.

"Kid, it's simple, really. It's the Tianji Mechanism. No matter how well you hide, as long as you are under its observation, you'll never escape their pursuit," Wentian Demon Sovereign's voice echoed.

"Tianji Mechanism? Is there someone who can calculate the Tianji?" Xu Nian curiously asked.

"Indeed, such beings exist in the Demon Realm, and it seems there is one in the Immortal Realm too, able to deduce your location, likely the Tianji Immortal Emperor. This person can calculate to know your position, so you will be found again," Wentian Demon Sovereign explained.

"What if I hide in the Chaos Divine Palace?" Xu Nian asked.

"Hiding in the Chaos Divine Palace can indeed block the Tianji, but your last location can still be calculated," Wentian Demon Sovereign answered.

With these words, Xu Nian felt a heavy weight.

If that were the case, wouldn't he have nowhere to escape?

Chapter 1485: The Taichu Core Unleashes Its Power

"Whoosh, whoosh, whoosh!"

Sure enough, Xu Nian soon sensed several sounds of breaking through the air from afar.

Having comprehended the Wind Attribute Law, Xu Nian could clearly sense movements from a hundred miles away.

So when there was any commotion from afar, Xu Nian was the first to sense it.

"Damn it, they really came."

Xu Nian couldn't help but curse.

The next moment, he transformed into a stream of light and fled.

This time, Xu Nian's speed was very fast, disappearing from the original spot in the blink of an eye.

Just as he vanished not long after.

Three figures appeared at the awkward spot where Xu Nian had been.

"There's a wave of divine power here. He was indeed here just now. It seems that what the Tianji Immortal Emperor said is true," one of the Immortal Sovereigns said.

The Young Sect Master of the Tianjian Sect squinted his eyes, his gaze as cold as ice.

A mere ant actually escaped from his grasp.

This was simply a colossal humiliation.

"Continue to chase, don't rest until you catch him," the Young Sect Master of the Tianjian Sect commanded.

"Yes!" The two Immortal Sovereigns took the order.

The next moment, they continued to pursue in the direction Xu Nian had fled.

At this moment, Xu Nian was speeding away with the Shrinking Ground Principle executed to its limit.

"No, this isn't a solution; sooner or later, they'll catch up with me," Xu Nian muttered to himself.

No matter where he fled to, they would always know his location.

Even if he hid in the Chaos Divine Palace, they would still know where he was.

By then, the Chaos Divine Palace might also be exposed, and they might even set up another large formation like the one before around the Chaos Divine Palace.

Then it would be very difficult for him to come out.

Although Xu Nian could hide in the Chaos Divine Palace, waiting to cultivate to a certain level before coming out again.

But he couldn't guarantee that they wouldn't have reinforcements.

If an Immortal Emperor power descended, he might have to stay in the Chaos Divine Palace for an extremely long time.

This was not something Xu Nian wanted to see happen.

"I have to find a way to shake them off," Xu Nian muttered to himself.

"Kid, if you want to shake them off, there's only one way, and that's to deceive the Tianji and make that Tianji Immortal Emperor miscalculate your position," the Wentian Demon Sovereign said.

"But how do I deceive the Tianji?" Xu Nian asked in confusion.

How could the Tianji be so easily deceived?

"It's actually quite simple. What locks onto you is your soul's wave. No matter if it's your avatar or your original self, Tianji will view them all as you. You can make your Divine Demon Avatar take your place to escape, so your true self can use the Star Axe to cut off the Tianji," the Wentian Demon Sovereign explained.

"Then what about the Divine Demon Avatar?" Xu Nian asked, puzzled.

"You can have the Divine Demon Avatar carry the Chaos Divine Palace. Then, the Divine Demon Avatar can hide in the Chaos Divine Palace," the Wentian Demon Sovereign suggested.

But Xu Nian shook his head.

This plan undoubtedly meant letting the Divine Demon Avatar take the place of his true self in confinement.

This was not a very good plan.

"If you don't use this plan, it will be difficult to deceive Tianji," the Wentian Demon Sovereign said.

"Did you just say the Star Axe can cut off the Tianji?" Xu Nian suddenly smiled.

"Yes, the Star Axe and the Chaos Divine Palace are divine artifacts of the same level, completely capable of cutting off the Tianji," the Wentian Demon Sovereign replied.

"Very well," Xu Nian said with a smile.

"Kid, you've got an idea?" the Wentian Demon Sovereign asked in surprise.

"Yes, no matter where I run, they'll keep chasing me. Instead of that, why not trap them?" Xu Nian's eyes turned sharp.

The next moment, his Divine Demon Avatar appeared right in front of him.

And Xu Nian's true self then summoned the Star Axe, directly cutting off his own Tianji, then hid in the shadows.

The Divine Demon Avatar headed in another direction and eventually stopped in front of a valley.

"Whoosh, whoosh, whoosh!"

Just as the Divine Demon Avatar came to a halt, three figures caught up.

"Why aren't you running anymore?"

The Young Sect Master of the Tianjian Sect sneered.

"Aren't you the ones who should be running?" Xu Nian replied with a smile.

The Young Sect Master of the Tianjian Sect paused for a moment, scanning the surroundings.

But after carefully checking, he found no danger.

They realized that this was all just Xu Nian bluffing before them.

"Kid, are you trying to scare us? To be honest, no matter where you run, we will find you, so give up," the Young Sect Master of the Tianjian Sect Xiahou said disdainfully.

"I know, so I'm not running," Xu Nian replied with a smile.

"You've come to your senses? Planning to obediently hand over the divine artifact and your godhood? But even if you do so, I won't spare you," the Young Sect Master of the Tianjian Sect scoffed.

Xu Nian smiled slightly, his eyes turning sharp.

"Who said I'm planning to hand over the divine artifact and my godhood? You like encircling me so much, let me have you taste what it's like to be trapped as well," the Divine Demon Avatar Xu Nian said with a smile.

The next moment, he activated the Taichu Core within him.

"Buzz!"

The Heaven and Earth Laws instantly transformed.

The original laws around them were directly pushed aside.

Then the entire valley was filled with the unique laws of the Taichu Core.

All other abilities would be unusable.

Not only that, Xu Nian began releasing the Taiqing Holy Water.

The Taiqing Holy Water transformed into a blue mist, permeating the entire valley.

The domain of Xianjue Mountain was directly replicated by Xu Nian here.

"Huh? Is this the blue mist domain of Xianjue Mountain? Impossible, how could it appear here?" An Immortal Sovereign powerful figure was instantly shocked.

The Young Sect Master of the Tianjian Sect also looked horrified.

Xu Nian actually replicated the mysterious terrain of Xianjue Mountain?

How did he do it?

"Impossible, my laws are ineffective."

"Same with mine!"

The two Immortal Sovereign strongmen were immediately shocked.

The Young Sect Master of the Tianjian Sect furrowed his brows tightly.

Because he found that his laws were also not working.

When Xu Nian saw this, a cold smile appeared on his lips.

Indeed, once the law world formed by the Taichu Core was fully unleashed, all other laws would be unusable.

Before, when he was at Xianjue Mountain, the Taichu Core was still in a semi-converged state.

So it didn't completely ban external laws.

But now, under Xu Nian's urging, the Taichu Law had already formed a complete law world.

In this realm, only the laws of the Taichu Core could be used.

This is the Taichu Realm, a discovery Xu Nian made over the years from researching the Taichu Core.

"Now, you are trapped in my Taichu Realm. Without my permission, you cannot leave," Xu Nian said with a cold smile.

Now he was the core of this Taichu Realm.

As long as he existed, this Taichu Realm would continue to exist indefinitely.

"Then we'll just kill you," the Young Sect Master of the Tianjian Sect shouted.

He then activated the Immortal Essence within him and surged towards Xu Nian.

"Boom!"

However, his fist struck an invisible wall, unable to harm Xu Nian at all.

The two Immortal Sovereign strongmen on the side also made their moves, but the result was the same.

Xu Nian sat down cross-legged, coldly gazing at the three of them.

Chapter 1486: Xiahou Driven Mad

Xu Nian looked at the three attackers with a playful glint in his eyes.

With the barrier formed by the Taichu Core, these three warriors couldn't break it without using their law powers, no matter how hard they tried.

Of course, it was nearly impossible for Xu Nian to counterattack and kill them.

Xu Nian considered that, even with the power of the Taichu Core, he could at best tie with the three.

After all, they had Divine Power Liquid in their possession, and Xiahou, as the Young Sect Master of the Tianjian Sect, surely had means to save his life.

Wanting to kill him would undoubtedly be no easy task.

Rather than take the risk of killing them, it would be better to trap them here.

In any case, the Divine Demon Avatar staying here was also cultivating.

"Young Sect Master, it's useless. This guy has a special energy defense around him."

"Yes, this energy is very bizarre. Our attacks seem to be dissolved by an invisible force."

Two Immortal Sovereign level experts said.

They also found it strange, as the energy fluctuation was quite unique.

"Useless fools, send a message out for support from the sect's experts. I refuse to believe we can't deal with this guy," the Young Sect Master of the Tianjian Sect roared.

"Young Sect Master, we can't even send messages; our souls cannot even extend outward," one of the Immortal Sovereigns said helplessly.

"What? Let's go; we'll all leave together." The Young Sect Master of the Tianjian Sect immediately charged towards the blue mist with the two Immortal Sovereigns.

Time kept slipping by.

About three days passed.

The Tianjian Sect Master and two Immortal Sovereigns finally retreated from the blue mist.

They looked utterly disheveled at that moment.

After walking for three whole days, they still couldn't get out of this valley.

The eerie mist was like a huge sphere, and they kept wandering within it.

They couldn't get out no matter what they did.

Not even the sky worked!

This infuriated Xiahou to the point of near madness.

"It's all because of this guy. Get him, use the Divine Power Liquid, and make sure to kill him," Xiahou pointed at Xu Nian and said.

"Yes, Young Sect Master!"

The two Immortal Sovereign experts immediately absorbed the Divine Power Liquid and charged at Xu Nian.

Xu Nian remained unfazed.

Even if they could use the Divine Power Liquid, without the law powers, their attack power was greatly reduced.

"Boom!"

The two joined forces and launched an attack on Xu Nian and the energy formed by the Taichu Core.

Yet in the end, they still couldn't break through the energy wall formed by Xu Nian's Taichu Core.

"Boom boom boom!"

The two continued attacking but to no avail against Xu Nian.

Until they expended all of their divine power, they couldn't even touch a single hair on Xu Nian.

This scene made Xiahou tremble with anger.

He decided to use Divine Power Liquid himself, but the result was still the same.

Xu Nian watched the three with a playful look in his eyes.

"I said I would let you taste the feeling of being trapped," Xu Nian said with a smile.

He then sat down cross-legged to start cultivating.

This scene drove Xiahou completely crazy.

But he had no way out.

They couldn't leave, and they couldn't hit Xu Nian.

They couldn't make contact with the outside world either; they were almost isolated.

Desperation spread in Xiahou's heart.

The Divine Demon Avatar, Xu Nian, saw the nearly collapsing Xiahou, and his smile grew wider.

Anyway, only an avatar was left here with them, and he would just outlast Xiahou like this.

He wanted to see how long Xiahou could hold out.

Time flew by, a month passed.

During this month, Xu Nian kept cultivating as usual.

Since he possessed the Taichu Core, he could conduct law cultivation himself.

During this time, he focused on comprehending the Law True Body of the Earth Attribute Black Hole Law.

On the other side, Xiahou and the others could do nothing.

In the wilderness, they couldn't absorb Immortal Qi from heaven and earth.

They couldn't sense the laws either, so for a whole month, the three of them could only stare blankly.

Sometimes, Xu Nian would deliberately irritate them by hunting Immortal Beasts that ventured into the area and roasting them to eat.

Xiahou was so enraged that he almost spat blood.

He, the dignified Young Sect Master of the Tianjian Sect, was reduced to such a state.

It was an enormous humiliation.

"Xu Nian, if you have the guts, come out and fight me to the death. Don't be a coward hiding in your shell," Xiahou roared.

His eyes were filled with boundless killing intent.

Though he couldn't use the laws, he had one trump card.

It could only be used once. If Xu Nian agreed to come out and fight, he could seize the opportunity to kill Xu Nian with a single strike.

Yet Xu Nian just hid behind the mysterious energy wall, refusing to come out.

This made Xiahou's teeth itch with anger.

"I won't come out, Young Sect Master of the Tianjian Sect. I know you have a trump card. If I remove this energy wall, you'd attempt to kill me immediately, so you can give up on that thought," Xu Nian replied with a smile.

Hearing this, Xiahou spat a mouthful of blood in rage.

Yet there was nothing he could do about it.

"Let's go; I refuse to believe we can't find a way out! I'll chop my way through if I have to," Xiahou roared.

He then led the two Immortal Sovereigns back into the blue mist.

In the end, it was still the same; they wandered around for a long time, only to return to Xu Nian's side.

His face was now as dark as could be.

"Young Sect Master, this place is truly like the topography of Xianjue Mountain; even an Immortal Emperor wouldn't be able to leave," one of the Immortal Sovereigns said.

Xiahou's face darkened further upon hearing this.

He turned to Xu Nian and demanded angrily, "Xu Nian, what do you want for us to be released?"

Xu Nian ignored his question.

Xiahou was seething with fury, his anger almost making him lose his mind.

"Xu Nian, if you don't let us go, you won't escape either. When reinforcements from my sect arrive, you'll be dead," Xiahou said, glaring at Xu Nian.

Xu Nian finally looked at Xiahou and said, "I forgot to tell you, the one in front of you is just my avatar. My true form and another avatar have long since left this place."

"Puff!"

Xiahou spat out a mouthful of fresh blood.

He went mad with anger, vowing he would tear Xu Nian to pieces if given the chance.

Even the two Immortal Sovereigns looked extremely serious.

This Xu Nian had such strange methods.

If they had known this would be the outcome, they would never have followed to kill Xu Nian.

...

Meanwhile, as Xu Nian's Divine Demon Avatar trapped the three from the Tianjian Sect, Xu Nian's true form had arrived in Haohai City.

Just as Xu Nian reached the East Gate of Haohai City...

He encountered someone.

This person seemed to have been waiting for him.

"You finally came," Dongfang Ping said, looking at Xu Nian.

Xu Nian looked at Dongfang Ping with a cautious expression.

"You've been impersonating me all this time, what exactly is your objective?"

Xu Nian demanded.

Dongfang Ping eyed Xu Nian's wary expression and laughed softly.

"I told you I wasn't interested in Godhood, and as for the Divine Artifact, I wasn't particularly interested either. I impersonated you to train myself and also to lure you here," Dongfang Ping laughed.

"Lure me here?" Xu Nian showed a hint of bewilderment.

Chapter 1487: Despicable and Shameless

There was no enmity between him and Dongfang Ping.

If it wasn't for the Divine Artifact and Godhood, why would Dongfang Ping want to lure him over?

"Correct, to lure you over. You may not have been to the Sealing God Battlefield, but I discovered a special place of Divine Miracle there. With my strength alone, I can't enter. I thought maybe we could join forces and explore it together," Dongfang Ping said.

"A Divine Miracle? Why did you choose me?" Xu Nian asked curiously.

"I don't trust others, especially those from major factions. Of course, you're also from a major faction, but you're different. Your cultivation time is shorter, so I don't have to wait too long," Dongfang Ping replied with a smile.

"Is this place dangerous?" Xu Nian asked inquisitively.

"Extremely dangerous. Wait until your cultivation reaches the Immortal Sovereign level," Dongfang Ping said with a grin.

"Alright, if I go to the Sealing God Battlefield, I'll come find you," Xu Nian agreed.

"I hope you don't die too soon, Xu Nian. I have high hopes for you. I'm curious to see who among us will become a god first," Dongfang Ping smiled slightly and then vanished into a streak of light.

Xu Nian watched Dongfang Ping leave, and his eyes grew more resolute.

He still had a long road ahead, and his cultivation was far from sufficient.

So he had to work even harder.

Xu Nian headed towards Haohai City. The direction he had fled before was east, but to reach the extreme south, he had to exit through the south gate, or else he would have to travel a long way around.

Now, he had severed his heavenly fate, and not even the so-called Tianji Immortal Emperor could detect him.

"Even if you kill me, I don't know where Xu Nian is!"

As Xu Nian passed through a dense forest in Haohai City, he was drawn by a voice.

Xu Nian immediately frowned and looked in the direction of the voice.

He saw a woman being pinned to the ground by a powerful Immortal Sovereign, with immense pressure.

Alongside the woman were four other individuals.

These four were all immobilized by strong Immortal Essence restraints.

Next to the Immortal Sovereign stood a young woman dressed in noble attire, her gaze proud.

Behind the noble woman stood an even more powerful Immortal Sovereign level master.

"Yanyun? Yanran?"

Xu Nian was suddenly taken aback.

He realized that the woman being oppressed by the powerful Immortal Sovereign pressure was Zhao Yanyun.

At this moment, Zhao Yanyun was pinned to the ground, unable to move, with blood flowing from her seven orifices.

A Profound Immortal at her level could hardly withstand the oppression of an Immortal Sovereign.

It was fortunate the Immortal Sovereign restrained their aura and didn't intend to kill her directly.

Otherwise, Zhao Yanyun would have already been dead.

"You don't know? I just heard you say you were old acquaintances with Xu Nian. Is it possible you don't have a way to contact him?" the proud young woman sneered at Zhao Yanyun, who lay on the ground like a dying dog, her gaze full of disdain.

"I really don't know! And even if I did, I wouldn't tell you," Zhao Yanyun gritted her teeth and shouted angrily.

"Still so stubborn? If you don't know, then kill them," the young woman declared disdainfully.

"Yes!"

At that moment, the Immortal Sovereign prepared to act.

"Don't! Yanyun really doesn't know," Leng Yanran shouted immediately.

"And what about you?" the young woman asked, looking at Leng Yanran.

"We don't know either! We haven't seen him since we arrived in the Immortal Realm. We're also looking for him," Leng Yanran shook her head.

"Then kill them all!" the young woman mercilessly announced.

Leng Yanran frowned immediately.

The young man beside Leng Yanran's face greatly changed and he quickly shouted: "We have a way to contact Xu Nian. Sima Xiangling, if you spare me and my sister, we can help you find Xu Nian."

"What way do you have?" the young woman asked the young man with a smile.

"Of course, it was Xu Nian who accepted the task to protect us. But, he abandoned us halfway, a complete scoundrel. These two women had a deep connection with Xu Nian back in the Mortal World. If I'm not mistaken, they should be his women. If you use them to contact Xu Nian, you can lure him out," the young man said immediately.

Indeed, he was none other than Gongsun Qing.

When they arrived at Haohai City, they encountered Leng Yanran and Zhao Yanyun.

Gongsun Qing noticed their extraordinary looks and got an idea. After chatting, he found out they had a close relationship with Xu Nian, which further fueled his desire to take revenge on Xu Nian.

So he lied to them, claiming he could find Xu Nian, intending to lure them back to his family.

But midway, they encountered Sima Xiangling.

Initially, Sima Xiangling only wanted to kill Gongsun Qing and his companions, but Gongsun Qing revealed the connection between Leng Yanran, Zhao Yanyun, and Xu Nian.

Thus, it led to Sima Xiangling interrogating Zhao Yanyun.

"Brother, you can't do this! Brother Xu Nian treated us well," Gongsun Wan'er immediately protested.

Gongsun Ling sighed and shook his head.

"I can't worry about so much now. Xu Nian abandoned us, basically betraying us. My actions don't count as betraying him," Gongsun Qing's gaze was venomous.

"You despicable scoundrel," Zhao Yanyun glared at Gongsun Qing and cursed.

Leng Yanran's eyes were also filled with fury.

"Humph, if I'm despicable, then Xu Nian is shameless. If he hadn't abandoned us and brought such trouble, we wouldn't have ended up like this. To be honest, when I said I'd help you find Xu Nian, it was all a lie. I never contacted him. My goal was to deceive you into my family and then possess you. Although I can't defeat Xu Nian, I can toy with his women, haha," Gongsun Qing's face was hideous, his eyes filled with madness.

Zhao Yanyun and Leng Yanran were both gnashing their teeth.

They hadn't expected to almost be deceived.

Sima Xiangling, on the side, listened with a playful gaze.

"Interesting, who would have thought the young master of the Gongsun Family would be so despicable. It seems you really hate this Xu Nian?" Sima Xiangling sneered.

"Of course. That guy is always so self-righteous. Miss Sima, you might consider my suggestion. I'm sure Xu Nian will definitely come. By then, you can kill him and take the Divine Artifact and Godhood in his possession," Gongsun Qing said.

"Your idea is indeed not bad. Aren't you going to toy with these two women of Xu Nian? Then they are yours now. Later, I'll transmit what you did to that Xu Nian through the Water Shadow Technique. I'm sure he will come after seeing it. If you really lure him here, I might spare you and your sister," Sima Xiangling said playfully.

"Brother, don't!" Gongsun Wan'er hurriedly implored.

Gongsun Ling also had a furrowed brow but didn't say anything.

"Fine!" However, Gongsun Qing's eyes were unwavering as he immediately agreed.

He then advanced towards Zhao Yanyun.

"You... you keep away!" Zhao Yanyun shouted angrily.

"Humph, blame Xu Nian for this," Gongsun Qing snorted.

Having said that, he was about to act on Zhao Yanyun.

"Get into that grove over there. I don't want to soil my eyes. Remember to record the scene," Sima Xiangling said disdainfully.

"Fine!" Gongsun Qing replied, grabbing Zhao Yanyun's hair and dragging her toward the grove.

At this moment, Zhao Yanyun's cultivation had been sealed, leaving her unable to break free from Gongsun Qing's hold, not even allowing her to commit suicide.

"Pshh!"

However, before Gongsun Qing could take a few steps, an extremely cold Sword Radiance swept across.

It directly severed his entire arm.

"Ah!"

Gongsun Qing let out a miserable scream.

But his eyes were fixed firmly on the person approaching, a look of terror in his gaze.

Zhao Yanyun and Leng Yanran were also terrified, their eyes dazedly staring at the man walking towards them like a deity.

Chapter 1488: Heaven-shattering Thunder Law

"Xu Nian..."

Leng Yanran and Zhao Yanyun never expected Xu Nian to appear at this moment.

Especially Zhao Yanyun.

She originally thought she was doomed, but unexpectedly, at this critical juncture, Xu Nian descended from the sky.

Without hesitation, Zhao Yanyun rushed forward and threw herself into Xu Nian's arms.

Xu Nian held Zhao Yanyun, gazing at the wounds on her body and face, his eyes cold to the extreme.

"Am I dreaming?"

Zhao Yanyun clung tightly to Xu Nian, her expression full of deep attachment.

"Don't worry, everything's okay now," Xu Nian comforted her, gently stroking Zhao Yanyun's hair.

At the same time, he infused Immortal Power into Zhao Yanyun's body.

Soon, the injuries within Zhao Yanyun's body were completely healed.

He then looked towards Gongsun Qing, whose arm had been severed, his icy gaze resembling the stare of a death god.

Gongsun Qing was so scared he retreated several steps.

"Xu Nian... you... what do you intend to do?" Gongsun Qing retreated repeatedly.

Xu Nian's terrifying gaze made him feel as if he were facing a gigantic demon from the abyss.

"Xu Nian? Is it him?" Sima Xiangling's eyes also flashed with surprise.

She didn't expect that this young man she once met in a weapon shop would actually be Xu Nian.

She didn't recognize him back then.

She immediately signaled to the two Immortal Sovereigns beside her.

The two Immortal Sovereigns instantly understood.

One Immortal Sovereign swiftly appeared behind Xu Nian.

The other blocked Sima Xiangling, staring intently at Xu Nian.

Clearly, they intended to block Xu Nian's path, fearing he might escape.

Xu Nian naturally sensed the actions of the two Immortal Sovereigns, but he ignored them, focusing on Gongsun Qing.

"Brother Xu Nian, my brother..." Gongsun Wan'er wanted to plead for Gongsun Qing, but she didn't know how to begin.

After all, she felt her brother had gone too far.

Gongsun Ling had nothing to say either.

"If you want revenge, come for me, but you shouldn't have targeted them. For this alone, I can't forgive you, Gongsun Qing, you deserve to die!" Xu Nian declared coldly.

"Xu Nian, please, spare me. I lost my mind for a moment, no, I lied to them, I wouldn't really harm them, please..." Gongsun Qing, sensing the aura of death, immediately knelt on the ground and pleaded.

However, Xu Nian's gaze remained unwavering, and with a wave of his hand,

a terrifying Sword Radiance swiftly sliced through, cleaving Gongsun Qing entirely in two.

"Brother!" Gongsun Wan'er screamed upon witnessing this.

Gongsun Ling shook his head and sighed.

The fate that befell Gongsun Qing was entirely of his own making.

"Mr. Xu, the old me knows the young master wronged you. I only ask that Mr. Xu spare Miss Wan'er on behalf of this old man; I am willing to die," Gongsun Ling stated.

"Grandpa Ling!" Gongsun Wan'er cried with tears in her eyes.

"Rest assured, I won't kill you, nor Wan'er. This matter has nothing to do with you, but if your Gongsun Family seeks revenge in the future, don't blame me for being ruthless," Xu Nian replied coldly.

"Thank you, Mr. Xu," Gongsun Ling expressed gratefully.

Gongsun Wan'er also slightly bowed to Xu Nian.

At this moment, they were no longer bound.

"Xu Nian!" Leng Yanran also approached.

"Sister Yanran, are you alright?" Xu Nian asked.

"I'm fine!" Leng Yanran shook her head, her eyes filled with a hint of excitement as she looked at Xu Nian.

Xu Nian nodded, his gaze towards Leng Yanran also becoming gentle.

Leng Yanran was his first love in life.

Back then, they even shared a bond as master and apprentice.

Seeing Leng Yanran, Xu Nian's heart was filled with joy.

"So you are Xu Nian? I didn't expect you to deceive me the last time."

However, at this moment, Sima Xiangling's voice rang out.

Xu Nian lifted his head to look at Sima Xiangling, his gaze icy.

It was her who ordered Zhao Yanyun to be held down and who urged Gongsun Qing to attack Zhao Yanyun.

Thus, Xu Nian was filled with killing intent towards Sima Xiangling.

"Sima Xiangling, I initially thought you were just an arrogant noble lady, but I didn't expect you to be so malicious," Xu Nian coldly remarked.

"Hmph, they're just two ants. Xu Nian, I think you're skilled. As long as you offer your Divine Artifact and Godhood to me and pledge your allegiance, I can find women like them for you, not just ten, but even a hundred," Sima Xiangling arrogantly declared.

In her eyes, Zhao Yanyun and Leng Yanran were nothing but ants.

However, Xu Nian's heart grew ever colder.

"Pledge allegiance to you? Sima Xiangling, are you even worthy?" Xu Nian scoffed.

Sima Xiangling immediately became enraged.

No one had ever dared speak to her like this.

"Xu Nian, don't be ungrateful. I only want to recruit you because I see you as a talent. Do you really think I won't kill you?" Sima Xiangling threatened.

"Kill me? Sima Xiangling, you're overestimating yourself. Just make your move," Xu Nian sneered.

"Seeking death! Attack, kill him, I want him to know the consequences of offending me, Sima Xiangling," she roared.

Just as her words fell,

the two Immortal Sovereigns attacked simultaneously, unleashing the Law Power towards Xu Nian.

"Move aside!" Xu Nian directed Zhao Yanyun and Leng Yanran.

"Be careful!" Leng Yanran and Zhao Yanyun urged.

They quickly moved aside.

They knew they were no match for such a battle.

"Die!"

Seeing Zhao Yanyun and Leng Yanran retreat to a safe distance, Xu Nian took action.

He wielded the Gale Divine Sword, slashing towards one Immortal Sovereign.

At the same time, he wielded the Divine Talisman Dagger against the other Immortal Sovereign.

"Clang!"

The Divine Talisman Dagger clashed against the other Immortal Sovereign's attack, instantly creating a violent impact.

That Immortal Sovereign was forced back.

Meanwhile, Xu Nian engaged in battle with the Immortal Sovereign who had reached the Small Achievement Realm of the Law True Body.

His opponent struck with a palm, shattering the Red Scorching Extreme Point Penetration Law on Xu Nian's Divine Sword.

"Bang!"

Xu Nian was immediately forced back several hundred zhang, sword and all.

"Xu Nian!"

Zhao Yanyun and Leng Yanran were filled with anxiety.

They broke out in a cold sweat.

Xu Nian felt a severe numbness in his arm.

"Such strong power, Thunder Attribute Heaven-shattering Thunder Law. After merging with the Law True Body, no traces of thunder remain, yet every move contains dreadful Thunderclap Power," Xu Nian thought.

The palm strike earlier rendered his entire arm numb and senseless.

If it were an ordinary Immortal Sovereign, not just their arm, but their entire body would have been shattered.

The power was immensely terrifying.

The Small Achievement Realm of the Law True Body was indeed extraordinary.

"Hmph!"

That Immortal Sovereign took a step forward, instantly covering a hundred zhang, punching towards Xu Nian's chest.

The speed and power were explosive.

"Poof!"

Xu Nian spewed blood, his body flying backward, flattening all the forest behind him.

It formed a massive ruin stretching ten li.

Chapter 1489: The Divine Bow Unleashes Its Power

"Xu Nian!"

Leng Yanran and Zhao Yanyun gasped in shock.

Staring at the enormous ruin before them, they were dumbfounded.

Their hands clasped tightly together, filled with intense worry in their eyes.

If they had faced such a punch, they probably wouldn't even have any remains left.

Xu Nian took such a hit, can he really be okay?

"Xu Nian, you sought death on your own. Those whom this lady wants to kill never live past tomorrow," Sima Xiangling sneered coldly.

Beside her, Gongsun Ling and Gongsun Wan'er were also dumbfounded.

A strong person at the Immortal Sovereign Level is ultimately too powerful.

"Cough, cough!"

Xu Nian crawled out of the ruins, his chest clothes already torn with a big hole.

Fortunately, he used the Divine Armor at that instant.

Coupled with his physique comparable to a Divine Artifact, he just barely withstood the blow.

"The Heaven-shattering Thunder Law is indeed a top-tier Second Grade Law, and the Law True Body Realm has utilized the law to an unparalleled extent, far surpassing the power formed by Law Manifestation," Xu Nian thought with emotion.

His Master Bai Tianhan had once told him.

The law is like an ocean, containing endless resources.

The more you excavate, the greater the power you can unleash.

Clearly, the Law True Body is a deeper excavation of the Law Sea.

"Seems like it's time to try this move."

Xu Nian said with a smile.

He gripped the Gale Sword in his right hand, mobilizing the Red Scorching Extreme Point Penetration Law.

The fierce Sword Intent burst from the Gale Sword, erupting with an extremely sharp vicious light.

In his other hand, Xu Nian mobilized the Fire Attribute Supreme Temperature Law.

At this moment, a terrifying red flame rose in Xu Nian's palm due to the Supreme Temperature Law.

With the emergence of this law, the surrounding temperature instantly soared to a terrifying level.

Everyone felt like they were inside a giant furnace.

Xu Nian's comprehension of the Supreme Temperature Law had already reached the stage of Law Power.

Next, a shocking scene occurred to everyone.

Xu Nian actually pressed the flame in his left hand onto the Divine Sword in his right hand.

At first, the flame and the terrible Sword Qi on the Divine Sword formed a huge repulsion; the Sword Qi spurt seemed to cut off the red flame.

"Merge for me!"

However, with Xu Nian's loud shout.

The red flame gradually fused into the Divine Sword.

With the fusion of the red flame, the Sword Qi of the Divine Sword instantly turned red.

An extremely sharp and scorching aura burst out from the Divine Sword.

"Law fusion?" The Immortal Sovereign Level expert controlling the Heaven-shattering Thunder Law showed a surprised expression.

Law fusion is an extremely rare occurrence.

Those who can comprehend two laws simultaneously are extremely rare.

And to fuse the laws together requires mastery of the laws to an extreme state.

This state is absolutely unattainable for ordinary people.

So those who can fuse laws together are truly extraordinary geniuses.

"Hmph!"

The Immortal Sovereign Level expert snorted coldly, then there was another explosion.

His figure once again rushed towards Xu Nian.

This time, the law waves contained in his body were even stronger.

As his fist moved forward, a terrifying thunderstorm ring formed in the air.

Where this ring passed, everything was crushed into powder.

With power reaching an extreme, even the space created ripples.

This punch's power was twice as big as the previous punch.

Xu Nian's eyes also turned extremely sharp.

The Divine Sword in his hand thrust out, instantly forming a terrifying whirlwind flame storm.

"Boom!"

The flame storm collided with the punch formed by the Immortal Sovereign Level expert.

A deafening explosion resounded.

The world instantly darkened.

Then a white light suddenly exploded, blinding everyone's vision.

The terrifying energy directly blew everyone away.

A huge pit formed at the feet of the two, with a diameter of a hundred miles.

Xu Nian and the Immortal Sovereign expert both crashed into the pit wall, spitting out a mouthful of blood simultaneously.

"So strong, is this the battle of Immortal Sovereign Level?" Zhao Yanyun was completely stunned.

Leng Yanran was also filled with astonishment.

Such a battle was completely beyond their imagination.

With just a lift of a hand, it could destroy the world, and the laws were shocking.

Never expected Xu Nian had grown to this level.

Sima Xiangling was also shocked beyond belief.

She never thought Xu Nian would become this strong.

"Fifth Elder, what are you doing?" Sima Xiangling shouted angrily at another Immortal Sovereign expert.

The other Immortal Sovereign expert felt frustrated.

While Xu Nian was fighting the Fourth Elder, he was also not idle at all.

The Divine Talisman Dagger kept attacking him.

The dagger's speed was too fast, and the penetration power on it was also terrifying.

Several times, the dagger almost pierced his body, and it left more than a dozen scars on him even so.

Now hearing Sima Xiangling's shout, how could he not feel frustrated?

The Divine Talisman Dagger had an Artifact Spirit, and Xu Nian infused his Immortal Essence into it, giving the Artifact Spirit some combat ability.

So this elder was really not standing idly by.

"Cough, cough!"

The Fourth Elder of the Sima Family crawled out of the ruins, his chest also filled with pain.

"Buzz!"

Suddenly, he felt an incomparably sharp aura.

He saw, from a distance, a surge of torrential Divine Power from Xu Nian's body.

At this moment, Xu Nian was holding a giant bow, drawing the arrow.

"Bang!"

The bow bent like a full moon, and as Xu Nian released his hand.

The arrow emitting extreme Divine Light pierced through the void in an instant.

The speed had reached an unbelievably horrifying level.

"Not good!" The elder was shocked.

A drop of Divine Power Liquid immediately appeared in his hand.

However, it was Wood Attribute Divine Power Liquid, not Thunder Attribute.

"Buzz!"

The elder absorbed the Divine Power Liquid, and powerful Divine Power erupted from his body.

The next moment, he activated the Thunder Attribute and unleashed the Heaven-shattering Thunder.

Simultaneously punching out, enveloping ten thousand thunderbolts.

"Bang!"

But ultimately because the Divine Power Liquid and the law he used were not compatible.

So the instant his fist collided with the Divine Arrow.

The Divine Arrow directly pierced through his fist, then through his abdomen.

"Puff!"

The Immortal Sovereign Level expert spat out a mouthful of blood.

His eyes filled with extreme unwillingness.

But it was too late.

Because a massive blood hole had already appeared on his Immortal Embryo.

"Fourth Elder!"

Sima Xiangling shouted in shock.

"Fourth Brother!" Another Immortal Sovereign expert also exclaimed.

"Bang!"

Ultimately this Immortal Sovereign expert fell to the ground, completely losing his life.

Xu Nian, however, sneered coldly, opened his hand, and the Divine Arrow returned to his hand.

Once again drawing the bow and shooting towards the Fifth Elder.

The Immortal Sovereign expert was greatly alarmed and hurriedly tried to escape.

"Whoosh!"

But under the infusion of Xu Nian's Divine Power, the Divine Arrow had reached a terrifying level.

"Puff!"

The Divine Arrow instantly pierced a thousand miles, killing the escaping Immortal Sovereign expert.

This scene left Leng Yanran, Zhao Yanyun, Gongsun Ling, and Gongsun Wan'er utterly dumbfounded.

While Sima Xiangling was completely paralyzed on the ground.

Chapter 1490: Heavenly Thunder Immortal Emperor

The Dragon Horn Red Snake Bow and Feathered Phoenix Chasing Divine Arrow used by Xu Nian were a set of divine artifacts.

They possessed an incredibly powerful might.

Moreover, Xu Nian used Wind Attribute Divine Power Liquid.

Under the stimulation of divine power, the power of the divine bow could be said to explode to the utmost.

These two Elders were indeed strong, but the former was using Wood Attribute Divine Power, which did not match his own law, naturally reducing its power.

The other didn't even have Divine Power Liquid, making it even more impossible to withstand Xu Nian's divine arrow attack.

Just like this, the two Immortal Sovereigns were completely shot to death by Xu Nian.

"Whoosh!"

Xu Nian drifted down in front of Sima Xiangling.

The latter's face turned deathly pale as she saw Xu Nian approach.

At this moment, the divine power on Xu Nian was still surging. Sima Xiangling, who was only in the Immortal King Realm, was no match for Xu Nian, let alone face Xu Nian in his divine power state.

"Xu Nian, you can't kill me. My father is an Immortal Emperor. If you kill me, my father will never spare you," Sima Xiangling glared angrily at Xu Nian and said.

Thinking of her father, Sima Xiangling's eyes grew confident.

"Immortal Emperor?" Xu Nian's eyes showed a cold smile.

Daring to harm Zhao Yanyun and Leng Yanran, not to mention the daughter of an Immortal Emperor, even if the Immortal Emperor himself came, he would not hesitate to kill.

"Buzz!"

The divine sword in Xu Nian's hand directly slashed out a sword strike.

The next moment, Sima Xiangling was slashed in half by Xu Nian with a single sword.

Sima Xiangling's eyes widened in disbelief as she looked at Xu Nian.

She never thought that even after bringing up the name of the Immortal Emperor, Xu Nian would still dare to kill her.

Gongsun Ling and Gongsun Wan'er were also dumbfounded.

Xu Nian actually killed Sima Xiangling.

The Immortal Emperor of the Sima family doted on this daughter extremely, so now, Xu Nian was likely to face the pursuit of an Immortal Emperor level expert.

In a giant mansion a million miles away, a middle-aged man's eyes suddenly snapped open.

As he opened his eyes, a powerful Immortal Emperor's might erupted from his body.

The next moment, a shattered jade pendant appeared in his hand.

"Xiangling?"

Seeing the shattered jade pendant, the middle-aged man's eyes instantly turned crimson.

The next moment, he urged his powerful Immortal Essence.

"Boom!"

Vast power shot up to the sky, heading straight for Haohai City.

The immortals in Haohai City had already been alarmed by Xu Nian's battle on this side.

But they did not dare go near because this level of battle was beyond their imagination.

However, just when they thought it was over, the terrifying might of an Immortal Emperor suddenly enveloped the entire Haohai City.

The sky began to gather dark clouds, and the originally bright sky suddenly turned dark.

Surging dark clouds churned, with the might of the Immortal Emperor overwhelming a thousand miles.

Then, a figure condensed in the air.

This figure was entirely formed by Immortal Essence, carrying an immense pressure.

"A Body Separation! It's a Body Separation of Immortal Emperor level!"

Someone in Haohai City exclaimed.

Those Luoxian, Golden Immortal, and even Immortal King experts all showed extremely surprised expressions.

An Immortal Emperor actually descended personally?

"Which Immortal Emperor is this?" someone asked.

"It should be the one from the Sima family, the Heavenly Thunder Immortal Emperor." Someone identified the identity of this descended body separation.

"Heavenly Thunder Immortal Emperor? It seems that Miss Sima is in Haohai City. Could it be that Miss Sima met with trouble?" someone asked in surprise.

"It should be, look at how angry the Heavenly Thunder Immortal Emperor seems. It's very likely that someone killed Miss Sima," someone speculated.

These words caused an uproar among the crowd.

To dare kill even the daughter of an Immortal Emperor, just who is so bold?

Gongsun Ling and Gongsun Wan'er were also shocked at this moment.

Sure enough, the Sima family's Immortal Emperor had descended.

Even though it was a Body Separation, even so, it was not something Xu Nian could resist.

Leng Yanran and Zhao Yanyun were also dumbfounded.

An expert of Immortal Emperor level?

Wouldn't Xu Nian be extremely dangerous?

Their hearts, which they had just relaxed, immediately rose to their throats again.

"A Body Separation of an Immortal Emperor level expert?" Xu Nian looked at the imposing figure in the Heavenly Dome, his eyes sharp to the extreme.

It seemed that this Heavenly Thunder Immortal Emperor had just broken through to the Immortal Emperor Realm not long ago.

His control over instant teleportation was not strong yet, otherwise, upon his daughter's death, it wouldn't have just been a Body Separation descending.

"Was it you who killed my daughter?" the Heavenly Thunder Immortal Emperor looked at Sima Xiangling's corpse beside Xu Nian, then glanced at the corpses of the two Immortal Sovereign level experts around, his eyes instantly filled with rage.

"Yes, it was me. Your daughter killed me first," Xu Nian said coldly.

At this moment, divine power fluctuations were still emanating from him.

So, even when facing the oppressive might of an Immortal Emperor, he remained unmoved.

"Courting death!"

The Immortal Emperor expert was furious.

With a wave of his hand, he pulled out an incredibly terrifying Heavenly Thunder and directly blasted it towards Xu Nian.

This Heavenly Thunder contained extremely terrifying law fluctuations.

This move was enough to annihilate a Peak Level Immortal Sovereign expert.

However, Xu Nian was unafraid, urging the divine sword in his hand, he pierced out a sword.

Colliding with the terrifying Heavenly Thunder.

The Heavenly Thunder exploded.

Xu Nian was also shocked and fell from the sky, crashing into the ground, creating a giant pit.

However, Xu Nian did not die, merely spitting out a mouthful of blood.

Immortal Power circulated within him, and Xu Nian quickly stood up.

"Huh? He isn't dead!" The Heavenly Thunder Immortal Emperor showed a surprised expression.

A single Heavenly Thunder Law strike, even if Xu Nian used Divine Power Liquid, it should have been impossible to block.

"It's a divine artifact, the divine sword in his hand is a divine artifact, and the inner armor on him is also a divine artifact." The Heavenly Thunder Immortal Emperor showed a surprised expression.

"So you're the Xu Nian," the Heavenly Thunder Immortal Emperor squinted, the killing intent in his eyes growing stronger.

He had naturally heard of Xu Nian.

His daughter's purpose in coming here was to hunt this Xu Nian and obtain the divine artifacts and godhood.

He just didn't expect that his daughter would actually fail and die at the hands of this Xu Nian.

"Yes, I am Xu Nian," Xu Nian stood proudly, meeting the gaze of the Heavenly Thunder Immortal Emperor.

That attack just now had indeed left him severely injured.

Even with divine artifacts protecting him, he was still hurt.

Now, under the restoration of Immortal Power, he had recovered a lot.

"Hmph, since that's the case, then you can go die!" The Heavenly Thunder Immortal Emperor was furious and immediately urged the Heavenly Thunder Law again.

This time the power was several times greater than before.

The people of Haohai City shook their heads.

This Xu Nian was dead for sure.

With an Immortal Emperor level expert making a move, Xu Nian definitely had no way to survive.

Leng Yanran and Zhao Yanyun also clenched their fists, their eyes filled with immense worry.

"Want to kill me, even as an Immortal Emperor you're not qualified."

Xu Nian also became completely furious, a trace of madness flashing in his eyes.

The next moment, another drop of Divine Power Liquid appeared in his hand.

Divine Power Liquid infused into Xu Nian's body, instantly bursting with boundless divine power.

Meanwhile, Xu Nian grasped the Star Axe.

Divine power madly poured into the Star Axe.

The phenomena of sun and moon, and the vast universe appeared directly behind Xu Nian.

"Slash!"

Xu Nian swung the axe down.

The heavens and dome were directly torn apart, colliding with the Heavenly Thunder.

"Boom!"

The Heavenly Thunder exploded the moment it struck the Axe Light.

The terrifying Axe Light continued to slash towards the Heavenly Thunder Immortal Emperor.

"Huh?"

The Heavenly Thunder Immortal Emperor was utterly shocked.

He wanted to resist.

However, the Axe Light was simply too terrifying.

It directly shattered the Body Separation of the Heavenly Thunder Immortal Emperor.

"Puff!"

Far away, a million miles away, the Heavenly Thunder Immortal Emperor instantly spat out a mouthful of blood.
