

## **Divine King 1501**

### Chapter 1501: Devouring the Divine Fire

Taiqing Holy Water possesses a strong aggressiveness towards the soul.

After being refined by Emperor Ye Tian, the soul attack effect of Taiqing Divine Water can definitely threaten Divine-level experts.

Therefore, when Xu Nian swung his sword, the human-shaped flame didn't dare to block it with fire.

"Buzz!"

The human-shaped flame transformed into a blur, directly evading Xu Nian's sword.

Xu Nian did not relent and continued to slash with his sword.

Under the impetus of divine power, Xu Nian's strength was already close to an Immortal Emperor Level expert.

Coupled with the special nature of Taiqing Divine Water, the human-shaped flame was almost being suppressed by Xu Nian.

After all, most of the power of the human-shaped flame was being used outside to fight that Immortal Emperor Demon Beast.

"Buzz!"

Xu Nian struck with his sword, cleaving off one hand of the flame figure.

Directly cutting down the hand of the flame figure.

The wound caused by Taiqing Divine Water surprisingly prevented the flame figure's arm from regenerating.

Seeing this, the human-shaped flame's expression showed surprise.

This Taiqing Divine Water greatly restricted him.

At this moment, the Nine-flavor Divine Flame wished to summon back its flame avatar, but the external Immortal Emperor Demon Beast was fiercely entangling him.

"Humph!"

Xu Nian's heart moved as he controlled the divine arrow to fly back again.

Meanwhile, he also relentlessly slashed toward the Nine-flavor Divine Flame with his divine sword.

The Nine-flavor Divine Flame looked increasingly disheveled.

He dared not confront Xu Nian's attack at all.

Whenever the flame touched the Taiqing Divine Water, it would be extinguished instantly.

"Enough!"

After being suppressively attacked by Xu Nian for a while, the Nine-flavor Divine Flame finally grew furious.

A surge of shockingly terrifying divine fire suddenly erupted from his body.

This divine fire could directly melt even a low-grade divine artifact.

The flame transformed into thousands of sharp swords, directly rushing towards Xu Nian.

The densely packed sharp blades fell like rain.

Xu Nian's eyes gleamed as he swung the divine sword in his hand.

He directly unleashed a world-shattering sword.

Containing Taiqing Divine Water, the sword collided directly with the thousands of flame swords.

"Boom!"

The thousands of sharp swords exploded instantly.

"Swish!"

However, at the moment Xu Nian slashed out, the silhouette of the divine fire suddenly appeared in front of Xu Nian.

"Die!"

The human-shaped flame roared angrily.

A terrifying cluster of divine fire condensed in his palm.

This was his core flame, its temperature terrifyingly high.

At such a close range, this human was definitely doomed.

Yet Xu Nian, facing the incoming flame palm, wore a sneering smile.

"It's you who's going to die!"

With a thought, Xu Nian.

An already long-prepared Divine Talisman Dagger, infused with Taiqing Divine Water and divine power, instantaneously transformed into a blue light.

Directly piercing through the heart of the flame figure's fire seed.

The flame figure's body froze, eyes fixed on Xu Nian, an extremely unwilling look on its face.

"No..."

The flame figure let out a maddened roar.

Then Xu Nian saw the blue mist engulf the entire fire seed, annihilating the soul within.

While outside, the flame figure had already battled the Immortal Emperor Demon Beast to the end.

The Immortal Emperor Demon Beast was now covered in wounds, heavily burned in many places by divine fire.

At this moment, the Immortal Emperor Demon Beast was at its wit's end.

"I want you dead!"

The Three-Eyed Red-Scaled Snake roared unwillingly, and its third eye emitted a strong red light.

"Buzz!"

Once more, it blasted towards the human-shaped flame.

"Boom!"

The human-shaped flame was blasted apart again.

But this time, the flame figure was unable to reform.

And the Immortal Emperor Demon Beast also finally fell due to soul power exhaustion, plus the injuries had reached the Immortal Embryo.

"Mutual Destruction?"

Onlookers all around wore shocked expressions seeing this scene.

They did not expect the final conclusion to be like this.

In their eyes, divine fire was destroyed by the Three-Eyed Red-Scaled Snake's last burst of soul power.

In fact, when the Three-Eyed Red-Scaled Snake activated soul power.

The flame figure had already lost consciousness.

With the original soul destroyed, it was nothing but a divine fire energy mass.

Under the Three-Eyed Red-Scaled Snake's attack, this energy mass finally exploded.

Thus, no one suspected this to be related to Xu Nian.

"The Divine Lord was annihilated?" The Sect Master of the Divine Fire Sect stood among the crowd in a daze.

In his heart, the Divine Lord was immortal.

No Immortal Emperor expert could truly harm him.

Yet now, the Divine Lord was surprisingly destroyed by this Demon Snake.

How could he not be surprised?

Equally astonished were the experts of the Earth Immortal Sect.

Such an ending was beyond their expectations.

But soon, everyone's gaze fell upon the corpse of the Immortal Emperor level Demon Beast.

This was indeed a priceless treasure!

...

While the crowd outside were thinking hard about the Immortal Emperor Demon Beast corpse, Xu Nian had already stepped in front of the divine fire.

At this moment, the divine fire had transformed from a human-shaped flame into a flame mass.

The flame seed kept burning, emitting an exceptionally terrifying temperature, causing the surrounding mountain walls to melt crazily.

Nearby magma also began to boil vigorously.

"Master Ye Tian, what should I do next?" Xu Nian hurriedly asked via telepathic message.

"Kid, not bad, you extinguished the spiritual sense of this divine fire with just four drops of Taiqing Divine Water," Emperor Ye Tian's voice echoed.

Xu Nian smiled slightly.

He was fortunate indeed.

Encountering this divine fire fighting with an Immortal Emperor-level expert gave him a chance.

Otherwise, even with the divine fire in peak state, not even ten drops of Taiqing Divine Water might allow him to touch the Nine-flavor Divine Flame Fire Seed.

"Master, tell me how to absorb it?" Xu Nian asked.

"Wanting to absorb it, with your current physical body and cultivation, you might only get yourself burned. Your Immortal Essence and Immortal Consciousness touching it would be incinerated," Emperor Ye Tian replied.

"Then what should I do?" Xu Nian frowned immediately.

Was all his effort in vain, unable to absorb it?

"Actually, absorption is quite simple. Don't you have the Chaos Green Lotus? Try using it to absorb the fire seed into the Chaos Green Lotus itself," Emperor Ye Tian advised.

"Uh, won't it burn the Chaos Green Lotus Seed?" Xu Nian was hesitant.

"Of course not. The Chaos Green Lotus is a Chaos-level item, how could a mere divine fire burn it? But you'll likely endure the burning pain of divine fire. I will help protect your soul origin, just use Taiqing Divine Water to treat your body," Emperor Ye Tian assured.

Xu Nian understood at once upon hearing.

Immediately he began trying to operate the Dan Sea Species Green Lotus Technique.

"Buzz!"

A green lotus emerged from Xu Nian's body, enveloping the fire seed.

Then swiftly absorbed it into his Dan Sea.

"Boom!"

As he absorbed the flame, Xu Nian felt a terrifying divine fire instantly burst within him.

His organs were incinerated in a flash.

His flesh was rapidly melting away.

"Hurry, use your Chaos Undying Power, and infuse Taiqing Divine Water—I've already guarded your soul origin!" Emperor Ye Tian instructed.

Xu Nian immediately endured the pain, began infusing Taiqing Divine Water.

As the Taiqing Divine Water merged into his chest.

A sudden cooling sensation spread throughout his body.

The scorching burning sensation now somewhat subsided.

Chapter 1502: Seizing the Immortal Emperor's Corpse

The terrifying Divine Fire continued to burn.

Xu Nian's body was constantly being repaired.

Burning, repairing, burning, repairing.

Repeating this process over and over again.

During this cycle of burning and repairing, Xu Nian's physical body was unexpectedly further enhanced.

At this moment, his physical body had already reached the peak level of a Low Grade Divine Artifact.

It would be difficult for an ordinary Low Grade Divine Artifact to leave a scar on his body.

On the other hand, Dan Sea also transformed into a sea of fire.

However, with the continuous tempering and absorption by the Chaos Green Lotus, the Divine Fire seed gradually began to be swallowed by Xu Nian's Chaos Green Lotus.

"Buzz!"

In the end, the entire seed of the Nine-flavor Divine Fire completely merged into the Chaos Green Lotus.

The Chaos Green Lotus also erupted with an unparalleled scorching aura.

With a thought, Xu Nian conjured a flame in his hand.

With the seed of the Nine-flavor Divine Fire completely devoured by the Chaos Green Lotus, he also fully controlled this Divine Fire.

The temperature of this Divine Fire could no longer harm him.

"Finally succeeded." Xu Nian looked at the Divine Fire that changed with his will, and a look of ecstatic joy appeared on his face.

Although the power of the Divine Fire had been greatly weakened, and restoring it to its peak state would require further nurturing.

However, the power of the Divine Fire at this moment could easily melt a Low Grade Divine Artifact.

"Great, but it did consume three more drops of Taiqing Divine Water." Xu Nian muttered to himself.

Out of ten drops of Taiqing Divine Water, he had already used up seven.

Only the last three drops were left.

This made Xu Nian feel a bit of heartache.

After witnessing the powerful effects of the Taiqing Divine Water, Xu Nian greatly treasured it.

"Kid, Taiqing Divine Water is merely the lowest treasure in the Divine World. You still have a long way to go. This Divine Fire seed can greatly enhance your battle strength. With this flame, hardly anyone under the Immortal Emperor can be your match." Yetian God Emperor said.

Xu Nian nodded.

In the absence of using Divine Power Liquid,

The Divine Fire could make his attacks incredibly powerful.

Especially with the Supreme Temperature Law of the fire attribute driving it, combined with this Divine Fire, its power would undoubtedly be terrifying.

"Alright, the rest is up to you. I can't help you with your journey to the Death God Domain." Yetian God Emperor said.

"Thank you, Master!" Xu Nian expressed gratitude in his heart.

He knew that subduing the Divine Fire this time had been an enormous drain on Yetian God Emperor.

The journey to the Death God Domain was something he couldn't rely on Yetian God Emperor for anymore.

He must rely on himself and quickly elevate his own abilities.

"It seems it's time to take over the Demon Beast corpse outside." A glint flashed in Xu Nian's eyes.

An Immortal Emperor Level Demon Beast corpse; it would definitely be untruthful to say he wasn't tempted.

Not to mention other things, just the Immortal Embryo alone could significantly boost Xu Nian's cultivation.

Plus, with its Scale Armor, and that eye, they are materials close to the Divine Artifact level.

If refined by a powerful Artifact Refiner, it's possible to truly create a Divine Artifact.

Such a gigantic Demon Beast corpse, the Scale Armor alone could be made into a bunch of formidable Divine Armor.

So how could Xu Nian possibly give up on such a treasure?

Therefore, Xu Nian immediately transformed into a stream of light and dashed out of the Divine Hall towards the battlefield in the Shenhui Mountain Range.

At this moment, the massive Immortal Emperor Demon Beast corpse had already been claimed by a strong Immortal Sovereign Level individual from the Earth Immortal Sect.

"This Immortal Emperor Demon Beast corpse belongs to our Earth Immortal Sect. If anyone has objections, feel free to step forward. Whoever can defeat me shall have the Immortal Emperor's corpse."

The Immortal Sovereign Level expert from the Earth Immortal Sect stated.

Upon hearing this, everyone around had nothing to say.

This Tai Long Immortal Sovereign was at the Immortal Sovereign Peak Level.

His control over the Earth Law had also reached the Law True Body Great Success Realm, which was simply overwhelming for these Loose Cultivators.

Moreover, Tai Long Immortal Sovereign was a direct disciple of the Earth Immortal Sect's Sect Master, Thick Earth Immortal Emperor.

So, naturally, no one dared to challenge him.

The other nine Immortal Sovereigns of the Earth Immortal Sect all sneered lightly.

Unless an Immortal Emperor Level expert made a move, this Immortal Emperor Level Demon Beast was entirely within Brother Tai Long's reach.

After all, it was difficult to find anyone stronger than Brother Tai Long beneath the Immortal Emperor Level.

"Since no one is stepping forward, we, the Earth Immortal Sect, will accept this Immortal Emperor Demon Beast corpse." Tai Long said.

The next moment, he was about to store the Immortal Emperor's corpse into his storage ring.

"Hold on!"

Just at this moment, a voice rang out.

Everyone looked towards the source of the voice.

"It's him!"

The proud disciple of the Divine Fire Sect, Cheng Xing, exclaimed in surprise.

"You know him?" the Divine Fire Sect's Sect Master asked, puzzled.

"Yes, he's a friend Brother Wang Yan met on the way while at the Earth Immortal Sect; his cultivation is merely at the Profound Immortal Realm. What's he planning to do by stepping out?" Cheng Xing said, puzzled.

"Profound Immortal Realm?" The Divine Fire Sect's Sect Master showed a dismissive look.

A Profound Immortal could hardly change any situation.

"Xu Fenn, what are you trying to do?" Wang Yan hurriedly approached and held Xu Nian back.

"Brother Wang Yan, thank you for bringing me here, but this Demon Beast corpse is very important to me. I'm afraid I cannot let your Earth Immortal Sect have it." Xu Nian said with a smile.

"Huh? You want to seize this Immortal Emperor Demon Beast corpse? Are you crazy? Brother Tai Long is not someone you can contend with." Wang Yan hurriedly said.

Xu Nian just chuckled, showing indifference.

"Wang Yan, what's happening?" Tai Long glanced at Xu Nian and then coldly asked Wang Yan.

"Uncle Master, this is my friend. It's nothing; I'll persuade him." Wang Yan quickly said.

Xu Nian, however, stepped forward and said to Tai Long, "I'm good friends with your Earth Immortal Sect's Young Sect Master, Li Tian. Could you let me have this Immortal Emperor Demon Beast corpse?"

With that, Xu Nian took out a token—the token that Li Tian gave him before leaving.

"Friend with Li Tian?" Tai Long was amazed.

The surrounding Earth Immortal Sect powerhouses were also taken aback, and when they saw the Sect Master Token Xu Nian held, their expressions were even more surprised.

Wang Yan was also surprised; he didn't expect Xu Nian to have a token from their Earth Immortal Sect.

"Tch, you claim to know our Young Sect Master just like that? Who knows if the token in your hand is real?" Xiao Xuan sneered from the side.

"Profound Immortal?" Tai Long and the others looked at Xu Nian, and their previous seriousness dissipated.

"The token is real, but to let us hand over such a precious treasure to a Profound Immortal just because of a Sect Master Token, do you not find this idea absurd?" said the Late-stage Immortal Sovereign Female Immortal Venerable from before.

Her words caused a round of laughter around them.

Thinking that a single token could get the Immortal Emperor Demon Beast corpse made him look like a fool.

Xiao Xuan also snickered endlessly, looking at Xu Nian with eyes full of disdain.

"Brother, considering you are the Young Sect Master's friend, I won't bother you. Just leave." Tai Long Immortal Sovereign waved his hand, losing interest in Xu Nian.

Xu Nian shook his head helplessly.

"Li Tian, oh Li Tian, didn't you say having the token would make anything possible in the Earth Immortal Sect? Seems not the case." Xu Nian sighed to himself.

He then looked at Tai Long and said, "If the token is useless, how about this?"

With that, a flame emerged on Xu Nian's hand.

## Chapter 1503: Invisible Flex

"Haha, a ball of fire, the token is useless, what can a ball of fire be used for?"

Xiao Xuan looked at the flame in Xu Nian's hand and laughed heartily.

The surrounding crowd also started to laugh, but the next moment they couldn't laugh at all.

Tai Long and the nine Immortal Sovereigns initially didn't pay attention, but when they saw the flame in Xu Nian's hand, their hearts jumped, and they all stepped back a few paces.

"It's... Divine Fire!"

The Sect Master of Divine Fire Sect, upon seeing the flame in Xu Nian's hand, showed an extremely shocked expression.

Having dealt with Divine Fire for thousands of years, he understood better than anyone that the flame in Xu Nian's hand was the Divine Fire they had been worshiping.

"Divine Fire? How is it possible? How could he, a Profound Immortal, control Divine Fire?" Cheng Xing also said in shock.

The terror of Divine Fire was witnessed by them all, even powerful Immortal Emperors were killed.

How could a Profound Immortal control Divine Fire?

"Idiot, how could he be a Profound Immortal?" The Sect Master of Divine Fire Sect immediately gave a disapproving look to his proud disciple.

At this moment, he suddenly felt that his disciple was hopelessly foolish.

"Divine Fire? Who exactly are you?" Tai Long suppressed the fear in his heart and asked Xu Nian.

The appearance of this Divine Fire made him feel a deadly threat.

Thus, if he truly fought, he felt he might not be a match for this young man before him.

"Divine Fire? How is it possible?" Xiao Xuan was shocked.

In her eyes, Xu Nian was like a useless person; how could he control Divine Fire?

But now the fact stood before her, even if she didn't believe it, there was nothing she could do.

Wang Yan was also extremely shocked, realizing that Xu Nian seemed not to be as weak as he imagined.

Previously, when facing a battle with Immortal Emperor experts, Xu Nian remained calm.

He admitted he couldn't remain so calm even as a Late Stage Golden Immortal, how could a Profound Immortal manage it so easily?

Facing Tai Long's questions, Xu Nian showed a faint smile.

"I am Xu Nian, an informal disciple of Shendang Mountain's Taichu Immortal Emperor." Xu Nian said with a smile.

"Xu Nian? Informal disciple?" Tai Long Immortal Sovereign's mouth twitched instantly.

So it was this deadly star.

People among the crowd were surprised.

Those who didn't know looked puzzled.

"Senior brother, do you know this Xu Nian?" The Female Immortal Venerable asked curiously.

Xiao Xuan was also puzzled, is Xu Nian very famous?

"I don't know him, but I've heard of his great name. You all know about the event when the Fengyang Lake Divine Miracle opened two years ago?" Tai Long Immortal Sovereign said.

"Yes, the Divine Artifact and Divine Core were obtained by a strong person in that miracle." The Female Immortal Venerable said.

Tai Long Immortal Sovereign shook his head helplessly: "That strong person is Xu Nian before us, not only that, he also split the Body Separation of the Sima Family's Heavenly Thunder Immortal Emperor in Haohai City with an axe."

"What?"

Upon hearing this, the Female Immortal Venerable exclaimed in shock.

The surrounding crowd also gasped.

"Split... split an Immortal Emperor's Body Separation?" Xiao Xuan swallowed hard, then her eyes widened in despair as she looked at Xu Nian.

This guy even dared to split an Immortal Emperor, and she had cursed Xu Nian for so long, wasn't she doomed?

Wang Yan was also in shock.

Xu Nian's power had completely exceeded his expectations.

Xu Nian found it amusing, he hadn't thought much of these things, but now hearing them, he indeed had done some astonishing feats.

"Brother Xu Nian, perhaps you have five Divine Artifacts in your hand now?" Tai Long Immortal Sovereign asked.

"Six, actually!" Xu Nian thought for a moment.

Tai Long's lips twitched even more upon hearing this.

The surrounding crowd fell speechless.

This guy has six Divine Artifacts?

Even powerful Immortal Emperor-level experts probably wouldn't have as many!

The Female Immortal Venerable was also speechless.

This guy not only possesses six Divine Artifacts but also Godhood, and now controls Divine Fire.

Just how defiant is he?

"Brother Tai Long, shall we fight?" Xu Nian asked curiously.

"Fight what? Looking for a beating? You take the Immortal Emperor's corpse." Tai Long Immortal Sovereign said, annoyed.

This guy with his Divine Artifacts and Divine Fire, any one of them could defeat him.

How could he fight?

Upon hearing this, everyone around felt deeply moved.

Whoa!

This Xu Nian is truly impressive!

He actually made Tai Long Immortal Sovereign give up the Immortal Emperor's corpse.

Xiao Xuan was also incredibly shocked.

Even Uncle Tai Long didn't dare fight him, wasn't she dead meat?

Xu Nian found Tai Long Immortal Sovereign's words both amusing and frustrating.

"Then I thank Brother Tai Long." Xu Nian said with a smile.

After saying this, he stored the massive corpse inside the Chaos Divine Palace.

Having stored the corpse, Xu Nian tossed the token to Tai Long Immortal Sovereign.

Tai Long Immortal Sovereign looked confused.

Xu Nian smiled and said: "Go back and tell Li Tian, his token isn't as good as mine."

Upon hearing this, Tai Long Immortal Sovereign's mouth twitched, feeling extremely frustrated.

"Brother Xu Nian, I have two questions I wish to ask, would Brother Xu Nian mind answering?" Tai Long suddenly called out to Xu Nian.

"Feel free to ask." Xu Nian replied with a smile.

"What level is Brother Xu Nian's cultivation?" Tai Long Immortal Sovereign asked.

Upon hearing this, the surrounding people also showed curious expressions.

Yes, what exactly is Xu Nian's true cultivation level?

Xu Nian smiled slightly and released his aura.

"Late Stage Immortal King?" Tai Long Immortal Sovereign and others were surprised.

The ten Immortal Sovereigns felt frustrated.

They thought Xu Nian would at least be at the Late-stage Immortal Sovereign level.

Turns out he's only a Late Stage Immortal King.

An Immortal King cutting down an Immortal Emperor?

Making these Immortal Sovereigns fear him, it's truly a disgrace.

Xiao Xuan felt even more frustrated, why would an Immortal King pretend to be a Profound Immortal?

Is he full of food?

"One more question, Brother Xu Nian, did you refine that Godhood?" Tai Long Immortal Sovereign asked curiously.

To him, it seemed the reason Xu Nian was so powerful might be related to the Godhood.

Others thought the same.

However, Xu Nian smiled and said: "No, but I gave the Godhood to my wife to refine."

Upon hearing this, the entire place fell silent.

Followed by a wave of disbelief.

Whoa, he just gives away Godhood?

How defiant is Xu Nian?

And those female immortals now looked at Xu Nian with incredibly fervent eyes.

Wouldn't it be wonderful if they had such a husband?

Tai Long Immortal Sovereign and the other nine Immortal Sovereigns were completely speechless.

Turns out Xu Nian didn't care about Godhood at all; he was walking the path of natural divinity all along.

"Indeed a prodigy; perhaps only such a prodigy could become a god naturally." Tai Long couldn't help but remark.

Xu Nian chuckled and went to Wang Yan's side: "Brother Wang Yan, cultivate well."

After saying this, Xu Nian directly tossed him a storage ring.

Wang Yan scanned it with Immortal Consciousness and was instantly shocked.

"Senior brother, what's inside?" Xiao Xuan immediately stepped forward to ask.

"Inside are five hundred top-grade Immortal Artifacts and ten thousand Immortal Crystal Stones." Wang Yan said in shock.

"What?" Xiao Xuan's mouth immediately twitched.

Chapter 1504: Divine Radiance

After leaving the Divine Fire Sect, Xu Nian found a secluded place and entered the Chaos Divine Palace.

He planned to try crafting a Divine Artifact.

Previously, the crafting was stalled due to the lack of Divine Fire.

But now that he had control over the Divine Fire, it was time to attempt artifact crafting.

"Buzz!"

Xu Nian took out the Divine Bracelet.

This Divine Bracelet had lost its Divine Radiance.

Xu Nian planned to use the bracelet to attempt crafting ten Wind Attribute Divine Flying Sabers.

The effect of the Divine Talisman Dagger made him acutely aware of the role the Divine Flying Sabers played in battle.

If he could control ten Divine Flying Sabers simultaneously, it would be like adding wings to a tiger.

"Buzz!"

Xu Nian directly summoned the Nine-flavor Divine Flame.

Once the Divine Fire appeared, the surrounding space's temperature suddenly rose to a terrifying level.

However, the frightening temperature of this flame had no effect on Xu Nian.

Xu Nian controlled the Divine Fire, enveloping the Divine Bracelet.

The Divine Bracelet, having lost its Divine Radiance, was easily melted into molten iron under the Divine Fire.

The molten Divine Iron, under the refinement of the Divine Fire, emitted an incredibly dazzling luster.

The material of this Divine Bracelet was called Cold Silver Divine Iron, considered relatively hard among Divine Iron types.

"Next, it's about dividing this molten iron into ten parts and then condensing the embryo prototype."

Xu Nian muttered to himself.

This step required consuming a vast amount of Soul Power.

But for Xu Nian, it should be doable.

Soon, the ten flying saber prototypes were formed.

After condensing the embryo, comes the hammering process.

This process required the Artifact Refining Technique Xu Nian had been cultivating.

The Ten Thousand Divine Hammer Technique.

However, Xu Nian did not possess a Divine-level hammer, so he could only condense a hammer through Soul Power.

"Clang! Clang! Clang!"

Then came a series of hammering sounds.

With Xu Nian furiously swinging his fists, continuously striking the hammer.

In one go, Xu Nian could manage two thousand eight hundred hammers.

Two thousand eight hundred hammers were already his limit.

It's known that in the Ten Thousand Divine Hammer Technique, each hammer is harder than the last.

In the later stages, each hammer required twice as much Soul Power.

At Xu Nian's Late Stage Immortal King level of hammering, two thousand eight hundred hammers were indeed the limit.

"This Divine Artifact is truly difficult to hammer. My two thousand eight hundred hammers have only hammered less than one-third. Let's continue."

Then Xu Nian restored his Soul Power and once again crazily used the Ten Thousand Divine Hammer Technique.

Round after round.

Finally, Xu Nian completely finished hammering one flying saber.

"That's just one flying saber, and nine are left. It seems the hammering of Divine Artifacts is still quite strenuous for my current Soul Level, but after these ten rounds of the Ten Thousand Divine Hammer Technique, my Soul Power actually increased by thirty percent. At this rate, it won't be long before my Soul Power breaks through to the Immortal King Peak Realm."

Xu Nian said joyously.

Back in the Mortal World, he had used the Ten Thousand Divine Hammer Technique for Soul Realm cultivation.

It can be said that this technique is the most powerful Soul Power cultivation method Xu Nian had ever seen.

Now that he's in the Immortal Realm, Xu Nian still feels the same.

It can both refine artifacts and enhance Soul Cultivation, which is entirely a win-win for Xu Nian.

With a soul breakthrough, his cultivation could absorb energy without any worries.

Moreover, his control over the Divine Power Liquid would also strengthen.

"Continue!"

Xu Nian made no hesitation.

He continued hammering the remaining nine flying sabers.

The whole process was long and tedious.

But Xu Nian was thoroughly engrossed, completely immersed in this blacksmith-like cultivation method.

"Thirty thousand hammers!"

Xu Nian exclaimed joyfully.

When he finished hammering the tenth flying saber completely.

Finally, his Soul Realm broke through to the Immortal King Peak, and his control over the Ten Thousand Divine Hammer Technique reached the level of executing thirty thousand hammers in one go.

"Master Ye Tian once said, if someone can perform ten thousand hammers in one go, they've reached the level of a Great God Craftsman. But now I still have a considerable gap from that level." Xu Nian muttered to himself.

He had many expectations for the Great God Craftsman level.

"It's been exactly three thousand days." Xu Nian said to himself in surprise.

Three thousand days equaled about one month in the outside world.

It seems that to craft a Divine Artifact truly requires a significant amount of time.

"However, the hammering of the Divine Artifact is not the end. It must be infused with powerful energy."

Xu Nian thought to himself.

A Divine Artifact must undergo a baptism of powerful energy to manifest strong Divine Radiance.

Generally, there are two types of Divine Artifacts: one is similar to the Divine Talisman Dagger, imbued with Divine Talismans on the surface, absorbing external energy in an instant to reach the power level of a Divine Artifact.

Such Divine Talisman Weapons lack Divine Radiance.

The other type is the true Divine Artifact that possesses Divine Radiance.

The most direct way for such artifacts to manifest Divine Radiance is through nurturing with Divine Power.

However, Xu Nian had not yet reached the Divine Level, so he couldn't use Divine Power to nurture it.

Before him, only six drops of Divine Power Liquid remained; five drops of Wind Attribute and one of Earth Attribute.

They were completely inadequate to nourish a Divine Artifact.

Thus, the only remaining option was another extreme method, using a Divine Artifact to nurture another Divine Artifact.

Undoubtedly, the Chaos Divine Palace could achieve this.

The Chaos Divine Palace was of a high level, nurturing ten flying sabers was no hard task at all.

"Dao Tian Rat!" Xu Nian called out.

The next moment, a rat appeared in front of Xu Nian.

"Kid, don't think of making me help you nurture a Divine Artifact. Although nurturing these ten flying sabers doesn't cost me much, why should I help you?" Dao Tian Rat naturally understood Xu Nian's purpose.

"Tell me your conditions!" Xu Nian replied with a smile.

He already knew that Dao Tian Rat would refuse.

"Hmph, what I want, you can't provide." Dao Tian Rat retorted.

"Just say it, if I can't provide it now, I can owe it for later." Xu Nian said with a smile.

"You... fine, I want a wisp of Heaven and Earth Xuanhuang Qi. Help me find it when you enter the Divine Realm in the future, and I will agree." Dao Tian Rat said.

"A wisp of Xuanhuang Qi for ten flying sabers? Isn't that too much of a loss for me?" Xu Nian laughed.

The preciousness of Xuanhuang Qi is imaginable, as it's the Mother Qi of All Things from the universe's inception.

Such a treasure is cherished by even God Emperor Level beings.

So Dao Tian Rat was essentially acting like a lion demanding too much.

"Then what's your condition?" Dao Tian Rat asked.

"Help me nurture a hundred Divine Artifacts!" Xu Nian continued with a smile.

"A hundred artifacts, that would require me to rest for ten thousand years to recover." Dao Tian Rat responded angrily.

"That's not a loss either, a wisp of Xuanhuang Qi is probably worth more than ten billion years of your cultivation." Xu Nian laughed.

Divine Radiance on a Divine Artifact strengthens over time.

Hence, Dao Tian Rat hesitated.

"Fine, a hundred artifacts it is. If you don't find the Xuanhuang Qi for me by then, I'll skin you!" Dao Tian Rat said angrily.

With that, he took the ten flying sabers and vanished.

Xu Nian smiled, knowing that with the Chaos Divine Palace nurturing them, he would no longer have to worry about not being able to infuse his crafted artifacts with Divine Radiance.

Once he breaks through to the Divine Level, he won't need to rely on the Chaos Divine Palace anymore.

Chapter 1505: Tantai Xun Yan

The nurturing of the Chaos Divine Palace is exceedingly swift.

Within the span of just one day, it was already complete.

"Buzz!"

Ten flying daggers joyfully sped around Xu Nian.

Xu Nian discovered that these ten daggers had gained a spatial attribute after being nurtured by the Chaos Divine Palace.

"Buzz!"

The daggers unexpectedly traversed through space, appearing ten miles away.

The entire process was extremely smooth, without causing the slightest ripple in space.

"What the hell, a spatial attribute Divine Artifact?"

Xu Nian watched as the ten daggers continuously shuttled back and forth in the void, his face showing immense surprise.

"How's that, kid? Surprised, aren't you?" Daotian Rat's voice echoed in Xu Nian's mind.

"How did you do it?" Xu Nian asked, astonished.

With these ten daggers, and by harnessing Divine Power to activate them, probably no one below Immortal Emperor could withstand them.

Unexpectedly, the Divine Artifact he crafted turned out to possess a spatial attribute.

If word got out, it would surely terrify many Divine Craftsmen in the Divine World.

Of course, the crucial step of bestowing Divine Radiance was not actually carried out by Xu Nian himself.

Thus, it wouldn't be completely counted as crafted by him alone.

"Haha, kid, the power of the Chaos Divine Palace is beyond your imagination. Merely granting a spatial attribute is easy for me. Remember not to forget the Xuanhuang Qi you promised me," the Chaos Divine Palace said.

Xu Nian nodded excitedly.

This deal was all gain for him.

After all, no matter how strong the Chaos Divine Palace is, it is still his Divine Artifact.

"It's time to head to the Death God Domain."

Xu Nian looked resolutely toward the deepest part of the far southern land, at that dark earth.

He immediately set off towards the Death God Domain.

As Xu Nian advanced, he increasingly felt a rich presence of Death Qi.

This Death Qi was quite similar to the power on Murong Xue, capable of invisibly devouring others' Life Essence Power.

Xu Nian circulated his Immortal Essence, isolating the Death Qi.

If this Death Qi invaded the body for long periods, even the soul might be corroded.

Eventually, Xu Nian arrived at a city on the edge of the Death God Domain, Desolation City.

This city was entirely constructed of black stone.

There was no vegetation, and human presence was extremely scarce.

Compared to bustling cities, this place seemed incredibly desolate and lifeless.

Walking along the road, Xu Nian could feel the cold stares of pedestrians constantly watching him.

Evidently, outsiders were rare here, hence their focus on him.

Xu Nian ignored these gazes, heading directly into the city.

"The Death God will unleash his wrath upon you all, and then you will all die."

Just as Xu Nian brushed past a Luoxian, the latter coldly said to Xu Nian.

Then he left directly.

Xu Nian furrowed his brows, puzzled as to why this Luoxian would say such a thing to him.

Furthermore, he used "you all," not just "you."

Could it be that aside from him, others were also heading to this Death God Domain?

Xu Nian wanted to catch that Luoxian and ask, but the person had already gone far, so he had to give up.

However, when Xu Nian reached the central area of Desolation City, the scene before him left him stunned.

In the middle of the city stood thousands of people.

All these people were wearing identical clothing.

The cultivation of these people was not low, each one a strong cultivator of Profound Immortal level or above.

Among them were eight hundred Luoxians.

Three hundred Golden Immortals.

Twenty Immortal Kings.

Even three Immortal Sovereigns were present.

"Such a gathering of powerful cultivators? Which force do they belong to?" Xu Nian wondered.

A sect capable of assembling so many strong cultivators was definitely not an ordinary small sect.

Even for the Nine Great Forces, this would be considered an elite army.

Are these people gathered here intending to invade the Death God Domain?

"Ignorant fools, you will anger the Death God. When the Death God punishes you, you surely won't withstand his wrath. Death God, please don't blame us," Desolation City's residents cursed angrily.

Evidently, they were very averse to these outsiders.

They seemed to feel Xu Nian's gaze, and one resident glared fiercely at Xu Nian.

Xu Nian furrowed his brows slightly.

Death God punishment?

Seems like these people of Desolation City are afraid of implicating themselves.

If someone enters the Death God Domain and angers the Death God, they would also suffer.

But Xu Nian was still curious, where did these people come from?

To summon so many powerful cultivators to gather here, is this an all-out sect effort to attack the Death God Domain?

"Xu Nian?"

At this moment, a surprised voice sounded.

Xu Nian followed the voice and was equally surprised by the person he saw.

"Sister Tantai?"

Xu Nian said with delight.

Unexpectedly, he encountered Tantai Xun Yan here.

Yes, the person before him was none other than the former Haotian Sect Master of the Cultivation World, Tantai Xun Yan.

Xu Nian had helped her condense her Yin Yang Avatar.

"Is it really you? My dear brother, I never thought I would see you in the Immortal Realm," Tantai Xun Yan walked over with a smile, appearing joyful.

Tantai Xun Yan was deeply grateful to Xu Nian for helping her condense her avatar.

Xu Nian also smiled upon seeing Tantai Xun Yan.

He found Tantai Xun Yan even more beautiful and enchanting than in the Cultivation World, her figure even more alluring.

As for her cultivation, she had already reached the Luoxian Realm Early Stage level.

This level of cultivation, after less than two hundred years since ascension, was already considered a prodigy.

"Sister Tantai, why are you here?" Xu Nian asked curiously.

"Me? I came here along with the sect to launch an attack on the Death God Domain," Tantai Xun Yan said with a smile.

"Sect? Are all of these people from the Haotian Sect?" Xu Nian asked in surprise.

He originally thought these people were from some small sect.

But unexpectedly, these people were all from one of the Nine Great Sects, the Haotian Sect.

Has the Haotian Sect gone mad?

Attacking the Death God Domain?

Are these people here to court death?

"Yes, these are all Haotian Sect disciples. Recently, over a hundred of our disciples died in the Death God Domain, so this time our sect wants to completely take down this Death God Domain and seek justice for those disciples," Tantai Xun Yan explained.

Xu Nian furrowed his brows.

Seek justice?

How?

"The Death God Domain seems to be established by a demigod-level Death God. With just you guys, I'm afraid..." Xu Nian shook his head.

"Of course, we are not enough. This time, our sect has sent three Immortal Emperor cultivators, along with the Haotian Sect's Three Immortals Destroying God Formation. Killing that Demigod will definitely not be a problem," Tantai Xun Yan said confidently.

"Three Immortal Emperors?"

Xu Nian was startled.

Unexpectedly, the Haotian Sect has deployed such an enormous force.

It appears they are genuinely intent on attacking the Death God Domain!

Chapter 1506: Mysterious Skeleton

Next, Xu Nian exchanged a few words with Tantai Xun Yan before they parted ways.

Then, the latter advanced into the Death God Domain with the Sect.

On the third day, a great battle erupted within the Death God Domain, followed by a dead silence.

No one knew the ultimate outcome of that battle.

By the fourth day,

a Haotian Sect disciple managed to escape, but he was completely deranged.

He muttered incessantly, "All dead, all dead, even the Immortal Emperor is dead."

The maddened disciple's words shocked Xu Nian greatly.

Three Immortal Emperors joined forces against the Death God Domain, along with thousands of Immortals, and yet they all perished?

Does this mean Tantai Xun Yan also died?

Though somewhat expected, the news still left Xu Nian deeply shaken.

It seems the Death God within the domain is far more powerful than he imagined.

"Retribution, this is retribution, none can bear the wrath of the Death God."

The residents of Hell City spoke up.

Showing expressions of schadenfreude.

Xu Nian felt his mind shaken, and the journey to the Death God Domain became extremely grave for him.

Three days later, Xu Nian approached the edge of the Death God Domain alone.

Before him was a forest shrouded in blackness, eerily peculiar trees.

Trees capable of growing in such a death-filled environment surely aren't ordinary Immortal Trees.

"I wonder if I can successfully retrieve the Realm Heart Lake Water," Xu Nian muttered gravely.

Initially, before coming, he held onto a shred of hope.

To see if he could obtain the divine Death Principle from the Death God.

But now, it seems this is nearly impossible.

Three Immortal Emperors and thousands of Haotian Sect disciples invaded, yet nearly all were annihilated.

Xu Nian lacked the confidence to defeat a demigod-level powerhouse.

"I should focus on obtaining the Realm Heart Lake Water first."

With that, Xu Nian ventured deeper into the Death God Domain.

Upon stepping into the domain, Xu Nian felt a surge of thick Death Qi.

Then, he discovered his Immortal Consciousness was severely restricted.

It couldn't extend beyond one hundred meters from his body.

Moreover, if the Immortal Consciousness remained outside for too long, it would be corroded, causing soul-aching pain.

This discovery made Xu Nian even more serious.

The Death God Domain is vast.

The place is densely forested; how could he find the Realm Heart Lake without the Immortal Consciousness?

Flying to the sky, Xu Nian dared not.

An unspeakably dreadful Death Qi enveloped the domain's sky.

Even an Immortal Emperor entering would have their Life Energy completely devoured.

"Never mind, we'll have to search slowly," Xu Nian muttered to himself, navigating the domain.

His speed was cautious, for any carelessness might lead into dire straits.

Such straits could spell eternal doom.

"Buzz!"

While traversing a dense forest.

Three humanoid skeletons suddenly emerged.

Their eye sockets burned with terrifying green flames, wielding Top-grade Immortal Swords, they struck at Xu Nian.

The skeletons were fast and powerful, their sword swings imbued with intense Death Principle Law Waves.

Being hit by the Immortal Sword would instantly be consumed by the Death Principle.

Xu Nian struck with a punch, hitting one of the skeletons.

"Boom!"

The Ksitigarbha Fist erupted.

Terrifying power poured onto the skeleton.

The skeleton was instantly shattered.

However, the other two skeletons attacked at that moment.

Xu Nian immediately conjured Divine Fire, consuming the two skeletons.

Under the burning Divine Fire, the skeletons turned to ashes.

"Such strange skeletons."

Looking at the skeletons, Xu Nian was surprised.

Judging by the bone density, these skeletons were Profound Immortal-level immortals before death.

Yet just now, the skeletons displayed Golden Immortal-level power.

"Could it be the Death God is controlling these puppets?" Xu Nian wondered, feeling slightly serious.

If the Death God indeed controlled these puppets, it was possible to let these Profound Immortal-level Immortals, after death, burst forth with Golden Immortal-level power.

Moreover, the Death Principle clearly related to the Death God.

"Lord Demon Venerate, what means can control skeletons after death?" Xu Nian pondered for a moment, before deciding to inquire Heavenly Demon Sovereign.

"Controlling skeletons after death? Numerous methods exist, puppet techniques work, and Demon Clan's Blood Shadow Technique works too. From the battle you just had, these aren't those methods."

"Nor do I believe the Death God is controlling them. If so, the skeletons' Death Principle would not be so weak, nor would they lack Spiritual Wisdom," explained Wentian Demon Sovereign.

Xu Nian nodded.

He felt it unlikely the Death God controlled them.

As the skeletons' attacks seemed more instinctive.

"If I'm correct, these skeletons were likely corroded by the Death God's Qi, gathering large amounts within, thus erupting such formidable power," stated Wentian Demon Sovereign.

Xu Nian nodded, seeing reason.

Continuing along, he encountered five more skeletons.

This time, the skeletons were stronger, now possessing Immortal King level strength.

Yet their bone density only matched Luoxian Realm.

"These skeletons' strength isn't directly related to their cultivation before death, rather it correlates with how much death Qi they absorbed," Xu Nian mused.

To verify his theory.

He hunted more skeletons.

Ultimately confirming his conclusion was accurate.

The longer the skeletons were corroded by Death Qi, the stronger they became, exhibiting potent Death Principle.

The flames in their eye sockets surged fiercer.

"Looks like everyone who perishes in the Death God Domain eventually becomes such skeletons," Xu Nian reflected.

If so, the domain is perilous beyond measure.

Over its billions of years, unknown numbers of powerhouses fell here.

Xu Nian even suspected whether Haotian Sect's Immortal Emperors faced off against the Death God.

Xu Nian is currently still at the domain's outskirts, venturing deeper holds unknown terrors.

"Help me!"

At this moment, a silhouette suddenly rushed towards Xu Nian.

Xu Nian furrowed his brow.

He saw a woman clad in Haotian Sect attire.

A skeleton followed closely behind her.

Its eyes emitted red flames.

Obviously reaching Immortal King Peak Level.

Yet the woman's cultivation was only Luoxian Early Stage.

The woman saw Xu Nian, appearing startled, and her eyes that echoed despair erupted with a survival instinct, rushing to Xu Nian's side.

Xu Nian initially wanted to ignore it, but the skeleton noticed the stronger prey in Xu Nian, attacking him.

Xu Nian furrowed his brow, unleashing a punch.

"Boom!"

A thunderous explosion.

The skeleton shattered instantly.

The woman saw this scene, revealing a terrified expression.

Chapter 1507: Immortal Sovereign Level Skeletons

A single punch obliterated a skeleton at the Immortal King Peak Level.

This means the young man before her possesses at least the strength of an Immortal King Peak Level.

The previously despair-stricken woman now seemed to be ablaze with hope, rushing forward to cling tightly to Xu Nian's sleeve.

"Senior, save me, take me out,"

the woman pleaded, looking at Xu Nian with a face full of entreaty.

Xu Nian furrowed his brow slightly.

He noticed this Haotian Sect disciple was quite beautiful, carrying a natural allure.

Though she lacked the innate charm of someone like Tantai Xun Yan, she was still a rare beauty.

However, in this environment, Xu Nian wasn't in the mood to admire beauties.

"You've got the wrong person. I want to enter the Death God Domain, not leave it," Xu Nian said.

He was absolutely not going to bring a stranger into his Chaos Divine Palace.

So, in response to the woman's request, he had no choice but to refuse.

"Please, no, save me! The elders of the sect are dead, all dead. There's only me left, and skeletons everywhere. I can't get out," the woman said, her voice laden with tears.

"But I really need to go inside," Xu Nian refused again.

Tears wouldn't work; this wasn't the time for softness.

"Senior, you mustn't go further inside. There are incredibly powerful skeletons there. Our sect's Immortal Sovereigns were all killed by those skeletons, and three Immortal Emperors died at the hands of some extremely powerful skeletons. Those skeletons are just too strong," the woman said in terror, seemingly trying to persuade Xu Nian not to proceed.

"Are you saying the Immortal Emperors of your sect died at the hands of skeletons, and not the Death God?" Xu Nian frowned.

"No, the Death God didn't even show up. Just those four skeletons were terrifying enough. The skeletons' eyes emit golden flames, and their Death Principles are extremely horrifying, with Law Chains covering their bones. It's terrifying," the woman said fearfully.

Upon hearing this, Xu Nian was utterly shocked.

Haotian Sect's three Immortal Emperors really died at the hands of skeletons.

Skeletons covered with Death Principle Chains and eyes with golden flames?

Xu Nian's brow immediately furrowed tightly.

No wonder the Death God Domain is known as even more terrifying than the Dragon Snow Immortal Domain.

These skeletons certainly reached an Immortal Emperor Level.

Even with three Immortal Emperors together, none had seen the Death God.

How could Xu Nian not be surprised?

"Kid, it seems this Death God is truly strong. Even if he can't completely refine that Godhood due to his own reasons, at least he's understood over ninety percent, making his power absolutely terrifying," Wentian Demon Sovereign's voice echoed in Xu Nian's mind.

Xu Nian deeply agreed.

This Death God is likely the strongest entity in the Immortal Realm, possibly even in the entire Three Realms.

The task given by the Taichu Immortal Emperor was almost impossible.

But Xu Nian doesn't hate Taichu Immortal Emperor because he chose this path himself; Taichu didn't force him.

"Senior, we should go back; we really can't go any further," the woman said.

But Xu Nian shook his head: "I must go inside. If you wish to leave, just go on your own."

After saying that, Xu Nian continued walking toward the inner depths of the Death God Domain.

The woman heard this, her expression changed repeatedly, glancing at Xu Nian's back, then in the opposite direction before she gritted her teeth and decided to follow him.

She knew that with her strength alone, she absolutely couldn't escape the Death God Domain.

Following Xu Nian might allow her to survive for a while.

If she could meet other surviving sect experts, they could leave together then.

Seeing the woman follow him, a hint of surprise appeared on Xu Nian's face.

"Weren't you going to leave?" Xu Nian asked curiously.

"Senior, I truly can't manage on my own. Please, let me stay by your side," the woman pleaded.

"Suit yourself, but if real danger strikes, I might not be able to save you," Xu Nian said.

Upon hearing this, the woman felt a wave of disappointment.

She couldn't understand why this man before her had no empathy for beauty.

Was her appearance not beautiful enough?

In the sect, many Immortal King disciples had wanted to pursue her.

But with him, it had no effect whatsoever?

"Senior, what's your name? I'm Lv Bingyun, you can call me Bingyun," the woman tried to start a conversation with Xu Nian.

However, Xu Nian ignored her, remaining vigilant of the surroundings.

Lv Bingyun felt disappointed, but didn't give up, continuing to ask: "Senior, have you reached the Immortal Sovereign Realm? You shattered that Immortal King Peak Level skeleton with a punch; you must be at an Immortal Sovereign Level. But you seem so young, how old are you?"

Despite Lv Bingyun's inquiries, she received no answer.

"Senior..."

"Be quiet, skeletons are approaching,"

Lv Bingyun was about to speak again but was directly interrupted by Xu Nian.

Hearing this, Lv Bingyun instantly turned pale with fear.

"Whooshing sounds!"

At that moment, two skeletons with white flames in their eyes were headed toward Xu Nian.

"Ah? These are our sect's two Immortal Sovereign elders!"

Lv Bingyun cried out in astonishment.

Xu Nian was also somewhat taken aback.

The white-flame skeletons before him were indeed of Immortal Sovereign Level power.

Since they had only recently died, their erupting power was merely their own cultivation.

One was approximately at Middle-stage Immortal Sovereign, while the other rivaled Late-stage Immortal Sovereign.

And the principles they wielded were both Death Principles.

"Why don't you chat with them?" Xu Nian turned to Bingyun.

"Ah!"

Bingyun quickly hid behind Xu Nian, terrified he might seriously ask her to converse with the skeletons.

"Whoosh!"

One of the Immortal Sovereign skeletons charged directly at Xu Nian.

The Immortal Sword in its hand erupted with intense Death Principles.

As the Immortal Sword slashed down, a burst of Death Domain also followed.

Once this domain is touched, one's Life Force would instantly fade away, leading to death.

Xu Nian snorted coldly, a Divine Sword appearing in his hand.

With one slash, he shattered the skeleton completely.

"Buzz!"

The other Late-stage Immortal Sovereign skeleton unleashed a strike, a gray Sword Radiance infused with powerful Death Qi.

Xu Nian's eyes moved, releasing a strike of his own.

"Boom!"

Xu Nian directly killed the Late-stage Immortal Sovereign level puppet.

"Oh... so strong!"

The woman, who had initially prepared to flee, was stunned by the scene.

A Late-stage Immortal Sovereign skeleton was actually slain like that?

What terrifying power does this young man possess?

Xu Nian looked at the two exploded skeletons, his expression solemn.

These skeletons had only died recently; otherwise, he might not have been able to withstand them.

Chapter 1508: Lv Bingyun's Schemes

"Senior, you're truly amazing."

Lv Bingyun looked at Xu Nian with a face full of shock. At this moment, she actually found that the young man in front of her seemed really handsome.

He's both handsome and incredibly powerful, far stronger than the geniuses in their sect.

The key is, he looks so young.

This made Lv Bingyun's heart flutter instantly.

Xu Nian, however, paid no attention to Lv Bingyun; he had completely seen her previous attempt to escape.

So Xu Nian felt no fondness for this woman.

Even if he didn't know her, he was defending against danger for her sake, yet she wanted to turn and run, which somewhat showed she was a selfish person.

"Senior, you're so powerful, do you have an immortal couple? If not, how about I become your immortal couple?" Lv Bingyun said with a smile.

After speaking, she even put on a charming expression, seemingly trying to seduce Xu Nian.

"If you don't want to die, you'd better keep your mouth shut, or I'll throw you to chat with your Uncle-Master and Senior Brother." Xu Nian said coldly, looking at Lv Bingyun.

Upon hearing Xu Nian's threat, Lv Bingyun immediately fell silent.

She felt extremely depressed; she simply couldn't understand whether the young man before her had a heart of stone or just didn't like women.

Why was he completely unmoved by her proposition?

Xu Nian did not speak, just continued moving forward.

At this moment, he had already entered the central area of the Death God Domain.

The surrounding Death Qi was even more intense.

"Swoosh!"

However, just at this moment, a figure shot towards them.

Xu Nian immediately became alert, just about to strike, when he saw a figure approaching from afar.

This figure had multiple wounds on his body, and death qi was emanating from the wounds.

However, his cultivation was not low at all, he had already reached the Immortal Sovereign Peak Level.

Xu Nian recognized this person; he was the man standing in the center of the Haotian Sect experts on the plaza that day.

"Uncle-Master Feng Ling!"

Seeing this middle-aged man, Lv Bingyun's eyes lit up.

"And you are?" The middle-aged man looked at Lv Bingyun with some confusion, clearly not recognizing her.

"Uncle-Master, I am Lv Bingyun, Disciple of Master Zhao An." Lv Bingyun quickly said.

"So you are Disciple Zhao An's disciple. I didn't expect you to still be alive. Where is your Master?" the middle-aged man asked.

"My Master has died, as have all my fellow disciples; I am the only one who survived." Lv Bingyun said, looking pitifully.

This guy named Feng Ling glanced at Lv Bingyun and his eyes shone; he comforted her, saying, "Bingyun, don't worry, with Uncle-Master here, I'll ensure your safety."

"Really? Thank you, Uncle-Master!" Lv Bingyun said, immediately throwing herself into Feng Ling's arms.

Feng Ling saw Lv Bingyun throwing herself into his arms and showed a smug smile.

Never did he expect that escaping death would also bring a beauty into his arms.

Xu Nian watched this scene and sneered coldly.

It seemed Lv Bingyun realized she couldn't rely on him, so she immediately decided to turn to Feng Ling.

Truly a woman who changes according to circumstances.

"Bingyun, is this young man also a disciple of Disciple Zhao An?" Feng Ling turned to Xu Nian and asked.

"No, Uncle-Master, he is not a disciple of Haotian Sect, but he is very powerful; he killed a late-stage Immortal Sovereign skeleton with a single sword strike, though he is too aloof and doesn't like to talk. He didn't even respond when I spoke to him." Lv Bingyun replied.

The tone of her voice contained a sense of grievance.

Upon hearing Lv Bingyun's words, Xu Nian's sense of cold amusement intensified.

Lv Bingyun's every word was true, but the way she put it was extremely cunning.

Clearly, she intended to portray Xu Nian as an arrogant person, thereby shaping Feng Ling's first impression of him.

"Oh? A late-stage Immortal Sovereign skeleton killed with a single sword? Yet he's merely at the late stage of Immortal King." Feng Ling looked at Xu Nian with surprise, his gaze harboring faint astonishment.

"Late stage of Immortal King?" Lv Bingyun was evidently startled.

She didn't expect Xu Nian's cultivation to be so low.

"Oh, I recall now, it's his sword..." Lv Bingyun exclaimed.

But as soon as she started speaking, she immediately stopped.

"Sword? What kind of sword?" Feng Ling curiously scrutinized Xu Nian.

"Senior, I really didn't mean to spill the beans; Uncle-Master Feng Ling, it's nothing, the sword in his hand is just an extremely powerful top-grade Immortal Sword." Lv Bingyun said, looking at Xu Nian and Feng Ling.

Upon hearing this, how could Feng Ling believe it?

No matter how powerful a top-grade Immortal Sword is, it is still just a top-grade Immortal Sword.

The sword in the young man's hand was presumably a Divine Artifact?

Suddenly, Feng Ling's eyes also became greedy.

Xu Nian found this amusing.

Lv Bingyun was indeed very scheming.

Clearly wishing to use Feng Ling to deal with him but pretending to give him an out by saying she accidentally let something slip.

Her acting was indeed clever.

An ordinary person would indeed not see through her act.

Yet Xu Nian would definitely not fall for her ploy.

"This young brother, show me your sword." Feng Ling said, directing a slightly threatening tone toward Xu Nian.

"What if I refuse?" Xu Nian declined.

"Then you leave me no choice." With that, Feng Ling slashed toward Xu Nian with a sword.

The sharp blade carried an immensely powerful Wind Attribute Law.

Xu Nian, seeing this, immediately summoned his Divine Sword and likewise unleashed a strike.

"Buzz!"

Xu Nian's sword sliced out, instantly cleaving Feng Ling's sword into two halves.

"Indeed, it's a Divine Sword, and a Wind Attribute Divine Sword no less."

Feng Ling wasn't the slightest bit surprised; instead, he was overjoyed.

Never mind escaping death, he had acquired a beauty and now encountered a Divine Sword. It seemed his narrow escape had indeed ushered in good fortune!

"Uncle-Master Feng Ling, stop fighting." Lv Bingyun pretended to persuade.

"Haha, Bingyun, I know you're kind-hearted, but sometimes when opportunity presents itself, you must seize it. Don't you want me to lead you out? With this Divine Sword, we'll surely make it out safely." Feng Ling laughed.

"But... this senior was good to me." Lv Bingyun said with a troubled expression.

Seeing Lv Bingyun's expression, Xu Nian shook his head helplessly.

Lv Bingyun was still acting.

If he hadn't seen a fleeting sly smile at the corner of Lv Bingyun's mouth earlier, he might have genuinely suspected she was speaking on his behalf.

"Good to you? He was merely clearing the way for himself. Bingyun, once I seize the Divine Sword, I'll take you as my disciple when we return. How about becoming my disciple?" Feng Ling laughed heartily.

"Really? That would be wonderful, I'll certainly serve Master well." Lv Bingyun said excitedly.

"Haha, then you must put in the effort, but first, let me seize his Divine Artifact." Feng Ling said, his eyes filled with greed as he looked at Xu Nian.

Xu Nian just laughed: "You want a Divine Artifact? I fear that I possess too many Divine Artifacts. I'm afraid you can't handle them all."

After saying that, Xu Nian waved his hand.

A Divine Talisman Dagger and ten Divine Flying Sabers appeared before him.

"So many Divine Artifacts?" Feng Ling's eyes erupted with intense light upon seeing these artifacts.

Was this immense fortune?

Could he actually acquire so many Divine Artifacts at once?

Lv Bingyun was also astonished, then secretly sneered.

"So many Divine Artifacts, if I serve Feng Ling well, he might reward me with one in joy. Boy, you refused this fairy's advances, now you will face the consequences of angering me."

Chapter 1509: Golden Flame Skeleton

Lv Bingyun's purpose was very simple, it was to take revenge on Xu Nian.

Who made Xu Nian always so indifferent towards her? Now that she had Feng Ling's protection, she no longer needed Xu Nian.

Eliminating him, and gaining so many divine artifacts in the process, why not?

By the time she returned to the sect, as long as she climbed into Feng Ling's bed, wouldn't she be able to walk sideways within the sect?

So, how to choose, she had already weighed clearly.

"Die!"

Feng Ling's eyes were filled with endless greed.

So many divine artifacts, if he really got them, his strength would definitely increase greatly.

So this time, Feng Ling directly used his killing move.

The Wind Tornado Law of the wind attribute burst to the extreme, the Law True Body Great Success Realm erupted with terrifying law pressure.

The Law Sword condensed, and a sword slashed towards Xu Nian.

This was his strongest attack, the Wind Divine Breath.

With one slash, it contained extremely terrifying power of the wind attribute law.

In Feng Ling's view, with this slash, Xu Nian would surely die.

How could a late-stage Immortal King possibly withstand such a level of law attack?

Yet, a cold smile curved at the corner of Xu Nian's mouth.

"This level of attack trying to kill me, you are far too naive."

With that, a surge of powerful Divine Fire Flames emerged from the Divine Sword in Xu Nian's hand.

The moment the Divine Sword slashed out, the Red Scorching Extreme Point Penetration Law burst forth.

Directly pushing the speed of the Divine Sword to its utmost extreme.

"Buzz!"

Xu Nian slashed out with one sword, carrying an ultimate edge that directly shattered Feng Ling's Sword Radiance, then sliced Feng Ling in half at the waist.

"No...impossible."

Feng Ling's face showed an extremely unwilling expression.

He looked at his own abdominal wound, eyes filled with extreme astonishment.

Lv Bingyun on the side also opened her mouth in surprise.

This scene was something she never expected.

"Weren't you after divine artifacts? Actually, I still have four pieces on me, but it seems with your strength you can't take them." Xu Nian said with a cold smile.

"You... you are that Xu Nian?" Feng Ling finally remembered who the young man before him was.

Someone who could possess so many divine artifacts, throughout the entire Immortal Realm, was probably only one person.

And that was Xu Nian.

Xu Nian?

Lv Bingyun was also full of surprise.

That young man who killed the Immortal Emperor's body separation?

"That's right, I am Xu Nian." Xu Nian said with a smile.

Upon hearing this, Feng Ling instantly regretted beyond measure.

If he had known earlier that the guy in front of him was Xu Nian, he certainly wouldn't have chosen to make a move against Xu Nian.

But now, regretting was too late.

"Bang!"

The Immortal Embryo exploded, and Feng Ling thoroughly lost his life.

Xu Nian smiled lightly.

With the Red Scorching Extreme Point Penetration Law combined with the Supreme Temperature Law under the Divine Fire, the power had already surged to an extremely terrifying state.

So even the Immortal Sovereign Peak Level Feng Ling couldn't withstand it.

"Thud!"

Lv Bingyun directly knelt in front of Xu Nian.

"Brother Xu Nian, I really didn't mean to say you had divine artifacts, can you forgive me?" Lv Bingyun hurriedly pleaded.

Xu Nian sneered, looking at the pitiful Lv Bingyun before him, and felt a wave of disgust in his heart.

This woman was truly shameless.

"If the one lying on the ground now was me, surely you would have another face, right? Using Feng Ling to kill me, do you think I can't tell?" Xu Nian sneered.

Hearing Xu Nian's words, Lv Bingyun's complexion instantly changed.

Then she was utterly terrified.

"Brother Xu Nian, I really didn't mean it, I beg you to spare me?" Lv Bingyun hurriedly pleaded.

But Xu Nian was unmoved in the slightest.

Seeing Xu Nian's expression, Lv Bingyun was completely flustered.

"Brother Xu Nian, if you spare me, I'll do whatever you want, I'm very skilled, I guarantee you'll be satisfied." Lv Bingyun said anxiously.

But these words only made Xu Nian feel more disgusted.

"If you knew it would come to this, why did you act that way?" Xu Nian snorted coldly.

Then, with a mere thought.

The Divine Talisman Dagger instantly shot out, directly piercing through Lv Bingyun's abdomen.

Lv Bingyun's eyes were fixed on Xu Nian, revealing an extremely unwilling expression.

She couldn't believe that Xu Nian actually would kill her.

Could it be that he really felt nothing for her?

Xu Nian ignored Lv Bingyun's unwilling and vengeful gaze, waved his hand, and two balls of Divine Fire swept out.

Turning her and Feng Ling's bodies entirely into ashes.

This was to prevent their bodies from turning into skeletons and bringing unnecessary trouble upon himself.

After dealing with Lv Bingyun, Xu Nian was about to continue walking.

But before taking a step, he suddenly felt the hairs on his back stand up.

He suddenly looked to his left and saw, a thousand meters away on a large tree, a skeleton standing.

The flames burning within this skeleton's eye sockets were golden.

The flames danced, seemingly with a playful demeanor.

"An Immortal Emperor level skeleton?"

Xu Nian was greatly shocked.

He noticed that this skeleton seemed to have some spiritual wisdom.

It didn't immediately strike upon seeing him, those flickering golden flames eyed Xu Nian as if mocking him.

Yet, Xu Nian felt an overwhelming sense of danger.

"Buzz!"

Suddenly, a wave of gray fluctuations spread out.

The next moment, Xu Nian found himself in a swamp of Death Principles.

His Life Energy was instantly devoured by the surrounding Law Domain.

In just a moment, Xu Nian felt his beard grow out and his hair start to whiten.

"Not good, Death Domain." Xu Nian exclaimed in shock.

Hastily retreating towards the back of the domain.

Yet, Xu Nian retreated a vast distance, unable to escape the Death Domain's range.

Turning back, he saw the puppet still only a thousand meters away from him.

"This is a huge problem." Xu Nian thought to himself.

He knew escaping this Death Domain was nearly impossible.

Unless it was forcefully broken open.

But an Immortal Emperor level domain, could it be broken just because he wished it?

"Use the Divine Fire!" Wentian Demon Sovereign's voice echoed in Xu Nian's mind.

Upon hearing this, Xu Nian immediately wielded the Divine Fire.

"Buzz!"

Once the Divine Fire appeared, the Death Domain surrounding Xu Nian directly melted, forming a giant void.

"Hmm, this Divine Fire can actually melt the domain of an Immortal Emperor level expert." Xu Nian was instantly overjoyed seeing this.

"Bang!"

Yet he hadn't even fully displayed his smile.

The golden flame skeleton appeared before him, landing a punch on his chest.

Xu Nian only felt as if the heavens collapsed and the earth shattered, his body then retreating like a meteor.

"Boom!"

Finally colliding with a huge boulder.

Shattering the entire boulder into pieces.

This was a stone comparable to top-grade Immortal Device Material, yet it was smashed into such a state.

One could imagine the terrifying power Xu Nian endured in that punch.

"Pfft!"

Xu Nian spat out a mouthful of fresh blood.

On the Divine Armor beneath his chest, there was actually an imprint of a fist.

His physique was indeed strong, otherwise, with that punch, he would've been crushed into a pulp.

"Such strong power, is this the Immortal Emperor level?" Xu Nian thought to himself.

His eyes became extremely solemn.

This golden flame skeleton had no law chains, indicating it probably died not long ago.

Very likely it was the Immortal Emperor level expert from Haotian Sect.

Chapter 1510: Skull Army

Even a recently deceased Immortal Emperor Level expert was beyond Xu Nian's ability to resist.

Even though Xu Nian wielded a Divine Artifact, he found it difficult to slay a skeleton of Immortal Emperor Level.

Moreover, there was certainly more than one Immortal Emperor Level Skull King here.

Thinking of this, Xu Nian chose to escape without hesitation.

"Whoosh!"

However, just as Xu Nian leapt out of the deep pit, the Golden Flame Skeleton appeared above him.

Then it launched a strike that forcefully hammered Xu Nian down from the air.

"Boom!"

A deafening explosion rang out.

A gigantic pit was instantly formed.

Xu Nian lay in the pit, feeling utterly dazed.

Too strong!

In both strength and speed, it far surpassed him.

Without even needing to employ any laws, it could crush him completely.

"Whoosh!"

Xu Nian had just gotten up when he felt a chill run down his back.

He saw the Golden Flame Skeleton rushing at him once more.

Its speed reached the extreme, and in the blink of an eye, it was right in front of Xu Nian.

Another punch came crashing down, immensely powerful, its force overwhelming.

Anger welled up in Xu Nian's heart as well.

If this continued, he would be beaten to death alive.

So Xu Nian immediately activated the drop of Earth Attribute Divine Power Liquid.

"Boom!"

A terrifying surge of Earth Attribute Divine Power exploded within Xu Nian.

"Die, Ksitigarbha Fist!"

Xu Nian shouted loudly, the Earth Attribute Divine Power erupted, and he threw a punch.

The Black Hole Power instantly gathered on Xu Nian's arm, driven by divine power, unleashing a force of cosmic extremity.

"Boom!"

Xu Nian's fist collided with the Golden Flame Skeleton's fist.

"Crack!"

The Golden Flame Skeleton's arm exploded instantly.

Fortunately, the Golden Flame Skeleton's bones were only of Early-stage Immortal Emperor level strength, otherwise, it would have been a mere tie.

"Come again!"

Xu Nian didn't relent and swung his fist again.

The power of the Black Hole Law, driven by divine power, reached a terrifying extent.

Xu Nian's fist smashed into the skeleton's chest.

The Black Hole Power exploded, instantly shattering the entire skeleton.

Xu Nian's body burned with earthy yellow divine power, resembling blazing flames.

His aura was overwhelmingly heavy, commanding awe.

"Such strong power! I've now reached two percent absorption of the Divine Power Liquid," Xu Nian said joyfully.

His current soul level had reached Immortal King Peak.

Therefore, his absorption capacity for the Divine Power Liquid was stronger.

Using Earth Attribute Divine Power for the first time, this feeling was completely different from Wind Attribute Divine Power.

This feeling of absolute power was truly domineering.

"It seems I need to study the Earth Attribute Black Hole Law thoroughly next," Xu Nian murmured to himself.

Previously, he had focused on Wind Attribute Extreme Point Penetration Law.

His understanding of the Black Hole Law merely managed to keep pace with the Wind Attribute Law.

But now, Xu Nian realized that the Earth Attribute Law seemed to have advantages in certain areas that the Wind Attribute couldn't compensate for.

"Hmm, this golden flame still hasn't disappeared," Xu Nian said, picking up the skull of the Immortal Emperor.

He noticed that the eye sockets of the skeleton still flickered with golden flames.

This flame seemed to contain a hint of soul wave.

"Could this golden flame be the soul fragments of the Immortal Emperor?" Xu Nian thought, immediately attempting a Soul Search on the golden flame.

In the next moment, a vast memory surged into Xu Nian's mind.

Seeing these memories, Xu Nian showed a look of surprise.

"So he really was the Immortal Emperor of Haotian Sect," Xu Nian murmured to himself.

What truly surprised him was,

In the memory of the Haotian Sect Immortal Emperor, they didn't encounter the Death God.

Instead, they saw three skeletons covered in grayish-golden law chains in the deepest part of the Death God Domain.

These three skeletons with grayish-golden law chains were incredibly strong.

Even a single skeleton could kill all three Immortal Emperor powerhouses.

The three Immortal Emperor powerhouses didn't even have a chance to form the Destructive God Formation and all died at the hands of the skeletons.

Then a massive skull army poured out of a vast basin, slaughtering all the Haotian Sect disciples.

Through this Immortal Emperor's memory, Xu Nian also learned that the three grayish-golden skeletons had developed spiritual wisdom; they could even speak.

Their power was comparable to Immortal Emperor Peak.

Additionally, Xu Nian also discovered the location of Realm Heart Lake.

The location of Realm Heart Lake was in the very center of the basin in this Death God Domain.

Knowing these memories, Xu Nian was completely speechless.

The area around Realm Heart Lake was swarming with billions of skeleton troops, along with three Immortal Emperor Peak level skeletons.

To acquire Realm Heart Lake Water seemed just as impossible as reaching the heavens.

"Forget it, I'll just do my best and leave the rest to fate," Xu Nian murmured to himself.

However, besides these pieces of information, Xu Nian also obtained another valuable piece of information from this Immortal Emperor's memory.

It was precisely this piece of information that gave Xu Nian a glimmer of hope in acquiring Realm Heart Lake Water.

These skeletons had a resting period of two hours every morning before dawn.

This information was crucial for Xu Nian.

If the skeletons indeed entered a dormant state, then he could stealthily infiltrate Realm Heart Lake.

Otherwise, with three Immortal Emperor Peak level skeletons, Xu Nian couldn't possibly obtain Realm Heart Lake Water.

So, according to the memory of that Immortal Emperor, Xu Nian headed toward the basin in this Death God Domain.

As Xu Nian delved deeper, he encountered more and more skeletons.

Originally, he would see a skeleton every few kilometers, but eventually, it became one every hundred meters or so.

Without hesitation, Xu Nian chose to use ten spatial attribute Divine Flying Sabers.

He stealthily wiped out all the skeletons within a hundred-meter radius of himself, which was precisely the range Xu Nian's Immortal Consciousness could cover.

Of course, Xu Nian also discovered the weakness of these skeletons, which was the soul flame inside their heads.

It was the presence of the soul flame that gave these skeletons the ability to attack.

So, Xu Nian's Divine Flying Sabers only needed to extinguish these skeletons' soul flames, and he could silently kill them.

Fortunately, Xu Nian had good luck and didn't encounter any Immortal Emperor Level skeletons after that.

After a day's long journey, Xu Nian finally reached the edge of the basin.

Even though he was mentally prepared, Xu Nian couldn't help but gasp when he saw the scene inside the basin.

Inside the basin, densely packed, were all skeleton troops.

And deep within the skeleton army, Xu Nian saw a lake like a gem.

"Is that Realm Heart Lake? Such strong soul waves, resembling Taiqing Holy Water but different," Xu Nian murmured to himself.

The basin where he stood was about a hundred miles from Realm Heart Lake.

Within such a distance, the gathered skeleton army numbered over a hundred million.

This included many of Immortal King and Immortal Sovereign levels.

Let alone Xu Nian, even an Immortal Emperor couldn't force their way through.

"Seems I can only wait till dawn tomorrow," Xu Nian murmured to himself.
