

Divine King 1521

Chapter 1521: Narrow Encounter Between Enemies

Next, Xu Nian chatted freely with the others for a while.

They treated Xu Nian completely as one of their own, showing him ample respect.

A Divine Craftsman from the Immortal Realm, a future Divine-level expert.

In any case, Xu Nian was sufficient to stand on equal footing with them, even holding a position higher than theirs.

Time flew by and soon it was the second day.

The auction at the Immortal Treasure Pavilion was about to begin.

"Brother Xu Nian, this auction is Heavenly Level, it's extremely rare in the entire Immortal Realm, the treasures this time will be exceptional." Dugu Ling said to Xu Nian.

"Heavenly Level auction? Will there be treasures at the Divine Artifact Level?" Xu Nian asked.

"Yes, anything that can be called a Heavenly Level auction will at least have one Divine Artifact Level treasure appear, so this time it'll attract many Immortal Sovereign Level powerhouses." Dugu Ling replied.

"Will there be any Immortal Emperors?" Xu Nian asked in surprise.

"No, Immortal Emperors generally won't personally attend such auctions, but they'll send their disciples." Wei Feng said.

Xu Nian nodded.

Indeed, Immortal Emperors wouldn't easily show themselves.

"Brother Xu Nian, if you fancy any treasures, let me know, I'll help you win them." Dugu Ling said with a smile.

"Thank you, Brother Dugu, if there's truly any treasure I want, I'll bid for it myself." Xu Nian smiled.

He knew Dugu Ling was intentionally trying to make connections with him.

But he didn't want to owe anyone a favor for no reason.

"Alright, if you don't have enough wealth, I can lend you some." Dugu Ling said.

"Good, if needed, I'll certainly ask Brother Dugu." Xu Nian smiled.

Dugu Ling nodded.

The conversation had reached a courteous point, Xu Nian remembering his goodwill was enough.

"Dugu Ling, I didn't expect you to come too."

At this moment, a mocking voice sounded.

Dugu Ling frowned, looking at the newcomer, his expression instantly displeased.

Xu Nian also looked over.

Four figures were approaching.

The leader was a young man dressed in purple, his expression proud and demeanor extraordinary.

His strength wasn't low, evidently having reached the Immortal Sovereign Peak.

Beside him, the youth in white was equally extraordinary, also having reached the Immortal Sovereign Peak.

Two Immortal Sovereign Peaks?

Xu Nian was somewhat amazed.

But when he looked at the blue-clothed youth behind the white-clothed youth, his eyes narrowed.

A surge of killing intent arose in his heart.

There was no mistake, this blue-clothed youth was none other than his mortal adversary from the Cultivation World, Jiang Shengtian.

At this moment, Jiang Shengtian had reached Early Stage Immortal King.

Such cultivation speed was truly formidable.

Jiang Shengtian clearly also noticed Xu Nian, a hint of surprise flashed in his eyes, but it quickly turned into intense anger.

"Unexpected to meet him here, perfect chance to avenge Sister Xunyan's avatar." Xu Nian murmured to himself, fully igniting his killing intent.

"Wu Hao, Kun Bin, I didn't expect it to be you all." Dugu Ling coldly looked at the two leading Immortal Sovereign Peak powerhouses, displeased.

"Wu Hao?" Xu Nian was taken aback.

Could he be Sister Xunyan's father's killer?

Such coincidence?

Wu Hao and Jiang Shengtian appeared together?

Xu Nian was surprised but quickly sneered.

Since they appeared together, he might as well kill them together.

Save the trouble of finding them one by one.

As for the Immortal Emperor behind Wu Hao, he wasn't afraid.

At worst, he could directly ask Master Taichu for help.

He believed Master Taichu would certainly help him, having already retrieved the Realm Heart Lake Water.

But for now, there were too many people, attacking rashly might cause unforeseen changes, better to find another opportunity.

If he acted, it must ensure both of them perish.

"Haha, Dugu Ling, you think you can come and we can't? This time, that heavy treasure is certainly ours." Wu Hao sneered.

Kun Bin followed suit with sneers.

"Hmph, Wu Hao, don't boast with such arrogance." Li Tian immediately retorted disdainfully.

"Li Tian, if not for your father, you're just an ant to me, what right do you have to speak here?" Wu Hao said disdainfully.

"You..." Li Tian was instantly angered.

But he was held back by Dugu Ling.

"Wu Hao, don't be too arrogant." Li Xiuyuan also instantly shouted angrily.

"So you're here too, you almost went unnoticed if you hadn't spoken. They say tiger fathers have no dogs as sons, yet the Immortal Realm's first has a waste like you as a son. Cultivating for eight thousand years, but still only at Immortal King Peak Level. If I were you, I'd be too embarrassed to face anyone." Wu Hao ridiculed disdainfully.

Li Xiuyuan's expression immediately turned furious, fists clenched tight.

"Do you want to kill me? With your cultivation, you wouldn't even touch my toe." Wu Hao's eyes scoffed extremely.

The beauty behind him also had a mocking gaze.

This woman seemed to belong to the Haotian Sect too, not very high in cultivation but not low, having reached Middle-stage Immortal Sovereign.

Li Xiuyuan's heart was incredibly angry.

Yet he had no way.

Wu Hao was right, he truly couldn't touch his toe.

"Wu Hao, don't bully people too much." Li Hongxia and Wei Feng also stepped forward.

Even Leng Shui silently took a step forward.

Yet Wu Hao showed extreme disdain, not putting them in his eyes.

"You're Xu Nian?"

At this moment, Kun Bin suddenly turned, asking Xu Nian.

Xu Nian?

Wu Hao also looked at Xu Nian, seemingly finding the name familiar.

Xu Nian's gaze sharpened, looking at Jiang Shengtian behind Kun Bin.

The latter was coldly smiling at him.

Evidently, Kun Bin knowing his identity was due to Jiang Shengtian's soul transmission, no one else.

"Yes, I am Xu Nian." Xu Nian said firmly.

"I remember now, it was you who killed Gong Wen?" Wu Hao's eyes turned sharp.

"I killed him." Xu Nian smiled.

Wu Hao's eyes instantly filled with killing intent: "Kid, I don't like your gaze. You seem to have many Divine Artifacts and Godhood, do you believe I'll kill you right here?"

"You dare!" Dugu Ling immediately stood up, blocking Xu Nian.

"Dugu Ling, what does this have to do with you?" Wu Hao shouted.

He didn't expect Dugu Ling to protect Xu Nian so much.

"Xu Nian is my brother, if you move against him, you are my enemy." Dugu Ling said coldly.

"Yes, you are also my enemy." Wei Feng stood up.

"So am I." Li Hongxia said.

Leng Shui said nothing, but his gaze became icy.

"Well then, kid, you're lucky, but I've remembered you. Your Divine Artifacts and Godhood will eventually be mine." Wu Hao arrogantly said.

"Anytime." Xu Nian smiled.

He hadn't yet gone looking for Wu Hao's trouble, yet Wu Hao approached him first.

Kun Bin said nothing, but was constantly watching Xu Nian.

His gaze gave Xu Nian a sense of danger.

Evidently, Kun Bin was especially complex.

Chapter 1522: Kuun Bin's Plan

"Kid, you've got guts. I hope you won't be begging me on your knees when the time comes."

Wu Hao sneered and then directly walked into the Immortal Treasure Pavilion, holding the Female Immortal Venerable behind him.

Kuun Bin glanced at Xu Nian, sneered, and then followed suit.

Jiang Shengtian was behind Xu Nian, passing by with a sinister smile without speaking a word to him.

However, Xu Nian could guess that Jiang Shengtian wanted to use Kuun Bin to get rid of him.

"Damn, those two are too arrogant, especially that Wu Hao, I'd love to smash him with a brick," Li Tian couldn't help but curse.

"Come on, I heard Wu Hao's strength has surged lately. Rumor has it he's already surpassed the Law True Body Perfection. How do you plan to fight him?" Wei Feng said.

"Law True Body Perfection?" Li Tian was filled with anger but didn't know what to say.

Xu Nian was also a bit surprised.

Wu Hao has actually reached the Law True Body Perfection Realm.

This means he might not be able to kill him.

Not to mention, he only has one drop of Divine Power Liquid left.

"Is Kuun Bin a disciple of Fuyao Sect?" Xu Nian thought of the man beside Jiang Shengtian.

The dangerous aura from that man was even more intense than Wu Hao's.

"Kuun Bin is very strong; he's the first disciple of the Fuyao Immortal Emperor, even I am no match for him. It's said his law has already broken through to the Law Heart Level. As for his actual combat power, I don't know, but among all the Immortal Sovereign levels, he's enough to rank in the top ten," Dugu Ling said.

"Law Heart Stage and only ranks in the top ten?" Xu Nian was somewhat astonished.

"Ranking in the top ten is already impressive, Brother Xu Nian. Don't underestimate the strength of the Immortal Sovereigns. There are many extremely powerful figures among them. Rumor has it those two in particular have already reached the Law Order Level at the Immortal Sovereign rank," Wei Feng said.

Upon hearing this, Xu Nian was even more surprised.

Now he understood.

The reason he's been able to slay many Immortal Sovereigns lately is that those he encountered were too weak.

The truly strong Immortal Sovereigns might all be on the Sealing God Battlefield.

Take Wu Hao and Kuun Bin, for instance; he might not be able to kill them.

Even if he uses the Divine Artifact and Divine Fire, success isn't guaranteed.

As for the Divine Power Liquid, Xu Nian believes they surely have some too.

"It seems my dependence on the Divine Power Liquid and Divine Fire has been too heavy lately, forgetting to enhance my insight cultivation," Xu Nian said to himself.

He decided to improve his insight cultivation capability from now on.

"Brother Xu Nian, don't worry, on the grounds of our Earth Immortal Sect, no one dares to touch you," Li Tian said, patting Xu Nian's shoulder.

Xu Nian smiled slightly, indifferent.

It seems killing Jiang Shengtian or Wu Hao wouldn't be easy.

...

While Xu Nian was learning about Wu Hao and Kuun Bin, Kuun Bin was also chatting with Jiang Shengtian.

"Shengtian, you say you know Xu Nian from the Cultivation World; how much do you know about him?" Kuun Bin asked with a smile.

He thought killing Xu Nian was easy.

But he never underestimated any enemy.

Moreover, Xu Nian seems to only have late-stage Immortal King cultivation on the surface, yet he's killed many Immortal Sovereign ranks.

This, alone, shows how extraordinary Xu Nian is.

"Reporting to Senior Brother, Xu Nian is very cunning. If I hadn't been careless back then, I wouldn't have lost the Immortal Order Competition to him. His main characteristic is having three bodies, and he also has a Space Divine Artifact and a powerful axe Divine Artifact," Jiang Shengtian said.

"Three bodies? Space Divine Artifact, axe Divine Artifact?" Kuun Bin was somewhat startled.

"This kid has so many Divine Artifacts? More than my father has. If I can snatch them, I fear no one," Wu Hao said excitedly.

"It's still problematic. If he indeed has three bodies, mastering the Divine Artifact means killing all three. But we don't know if his other two bodies are with his true self," Kuun Bin pondered.

"Right, he's really sly. Senior Brother, if you want to kill him, it's best to simultaneously eliminate his other two bodies," Jiang Shengtian said.

"What's there to fear? Kill his true self first and take the Divine Artifacts. Then use the Soul Marks on the artifacts to track down the bodies," Wu Hao said disdainfully.

"There are two more complications. First, the axe Divine Artifact seems formidable. Heavenly Thunder Immortal Emperor's body separation was annihilated by it," Kuun Bin said.

"Hmph, no matter how formidable, he has to have the chance to wield it. Besides, my father left me a trump card to deal with his axe Divine Artifact," Wu Hao said dismissively.

"Another point is the Space Divine Artifact. If he senses danger and hides within, we can't do anything to him," Kuun Bin said.

"That's indeed a problem," Wu Hao frowned.

"Senior Brother, I can fix that," the Female Immortal Venerable suddenly said.

"Oh? How will you fix it?" Wu Hao asked with a smile.

"I once inadvertently acquired a space-related Divine Talisman. Once activated, it seals space for two hours, during which he cannot enter the Space Divine Artifact," the Female Immortal Venerable said with a smile.

"You have such a treasure?" Wu Hao quickly smiled.

"I always thought this talisman was pointless, but now it seems it has use," the Female Immortal Venerable smiled.

"Good, I'll reward you well tonight," Wu Hao playfully teased, pinching the Female Immortal Venerable's exquisite chin.

The Female Immortal Venerable blushed immediately, showing a coquettish look.

Kuun Bin and Jiang Shengtian exchanged glances, feeling a bit helpless.

"If that's the case, it'll be easier to kill Xu Nian. What's critical now is the Taichu Immortal Emperor. Wu Hao, tell your father, and I'll inform my Master. Together, they should be able to hold off the Taichu Immortal Emperor," Kuun Bin said.

"Okay, but Dugu Ling and the others are a hassle. We can't act in their presence; otherwise, if their backing Immortal Emperors step in, we won't succeed," Wu Hao said.

Kuun Bin nodded.

Indeed, while Dugu Ling and the others' power isn't enough to frighten them, their backing forces are not to be underestimated.

Together, probably nobody in the Immortal Realm can rival them.

Thus, they can only act against Xu Nian when he's apart from them.

"Xu Nian, your death date is approaching," Jiang Shengtian's eyes gleamed with a cold light.

Chapter 1523: Reincarnation of the Goddess

After ascension, Jiang Shengtian was constantly scheming to kill Xu Nian.

He once sent people to search for Xu Nian's whereabouts but always came up empty.

In his view, his cultivation speed since entering the Immortal Realm had definitely surpassed Xu Nian.

Meeting Xu Nian again, he could easily kill him.

However, just a few months ago, he suddenly heard about Xu Nian.

He learned that not only had Xu Nian obtained several Divine Artifacts and Godhood, but he also killed three Immortal Sovereign experts.

He even cleaved the Body Separation of an Immortal Emperor Level expert in Haohai City.

Receiving these news drove Jiang Shengtian almost crazy.

He had always been cultivating desperately, believing he had surpassed Xu Nian, but ultimately found that the gap between them had astonishingly widened.

How could he accept this?

So from that moment, his hatred for Xu Nian deepened.

Now seeing Xu Nian again, he immediately decided to use Kuun Bin to eliminate Xu Nian.

Though he was not Xu Nian's match, it didn't prevent him from using others to do the deed.

As long as Xu Nian died, the ultimate victor would still be him.

...

Xu Nian was unaware of Jiang Shengtian's thoughts, and even if he knew, he wouldn't care.

In his heart, Jiang Shengtian was already on the must-kill list.

"Brother Xu Nian, as long as you are with us, Wu Hao and the others don't dare touch you," Dugu Ling said.

"Right, although our strength isn't as great as theirs, when it comes to background, we're not lacking," Li Tian laughed.

Xu Nian smiled.

Is this the legendary Immortal second generation?

With top-tier Immortal Emperor experts protecting them, no one dared to touch them.

Especially Li Xiuyuan, although he's only at the Immortal King Peak Level, no one would dare harm him.

Wu Hao would at most only verbally insult him.

"Thank you, fellow senior brothers," Xu Nian expressed gratitude.

Knowing the strength of Wu Hao and Kuun Bin, Xu Nian shelved the idea of taking action for now.

After all, seeking trouble now would be akin to a suicide mission.

"Let's go, the auction is about to start," Dugu Ling said with a smile.

So Xu Nian and the others followed Dugu Ling to a massive auction hall in the Immortal Treasure Pavilion.

Xu Nian and Dugu Ling were escorted by a maid of the Immortal Treasure Pavilion to a large private box.

Each of them held a Jade Token.

During bidding, they simply needed to input their thoughts into the Jade Token to complete the bid.

Each Jade Token also corresponded to their identities.

Glancing around, Xu Nian noticed the auction hall was extremely crowded.

Most of these people were at least Immortal King Realm or above.

Immortal Sovereign Level experts were not few in number.

Xu Nian estimated roughly, there were at least eight hundred Immortal Kings, and seventy to eighty Immortal Sovereigns.

Among them were disciples from major factions.

"How do you feel, Brother Xu Nian? Overwhelmed by the number of powerful beings at this auction?" Wei Feng asked with a smile.

"Indeed, it's more astounding than I imagined," Xu Nian nodded.

"Haha, this is a Heavenly Level auction. It's only because the announcement was late that some experts couldn't return from the Sealing God Battlefield, otherwise you'd see more Immortal Kings and Sovereigns," Wei Feng laughed.

Xu Nian was a bit surprised.

Is this a Heavenly Level auction?

I wonder what treasures will be auctioned this time.

"Hey, he's here too?"

At this moment, Dugu Ling looked surprised.

Following his gaze, Xu Nian saw a young man in red Battle Armor entering.

The youth's cold eyes exuded an intensely dangerous aura.

This dangerous feeling was similar to what Kuun Bin made him feel.

"Who is he?" Xu Nian asked curiously.

"His name is Jiang Qing, a disciple of the Azure Dragon Immortal Emperor from Ten Thousand Beast Mountain. His true form is a Dragon Flame Viper, and his Insight Realm has reached the Law Heart Success Realm, ranking eighth among Immortal Sovereign Realm," Dugu Ling explained.

"Ten Thousand Beast Mountain? Disciple of the Azure Dragon Immortal Emperor?" Xu Nian's expression became serious.

I didn't expect Ten Thousand Beast Mountain to have such formidable young talents.

Dragon Flame Viper, it should be a Demon Beast with Divine Beast Bloodline.

"Law Heart Success? No wonder he gives me such an intense sense of danger," Xu Nian mused.

Suddenly, Jiang Qing looked in Xu Nian's direction.

His eyes were piercingly sharp, filled with murderous intent as he looked at Xu Nian.

Clearly, he recognized Xu Nian's identity.

But upon noticing Dugu Ling and others, he withdrew his gaze.

"Brother Xu Nian, do you have a grudge with Jiang Qing?" Dugu Ling frowned.

"No, but I once killed Dragon Rock from Ten Thousand Beast Mountain," Xu Nian replied.

"That's it; Jiang Qing and Dragon Rock were friends. You killed Dragon Rock; Jiang Qing will not spare you. You need to be cautious. If he decides to kill you, we can't stop him," Dugu Ling warned.

Xu Nian nodded.

"Brother Xu Nian, it seems you have quite a few enemies. Why don't you come back to Turquoise Pool with me? I'll have the Holy Master protect you," Li Hongxia suggested with a smile.

Xu Nian smiled bitterly.

Going to Turquoise Pool, wouldn't that be akin to marrying into the family?

"Wonder if any other formidable figures will appear," Wei Feng pondered.

"Probably not, to my knowledge, the remaining ones are at the Sealing God Battlefield," Li Xiuyuan said.

Dugu Ling nodded.

"The Sealing God Battlefield has been tumultuous recently; they really can't spare the time to return," Dugu Ling replied.

"Alright, enough talking, the auction is about to start," Li Tian immediately said.

The others stopped their conversations, focusing on the auction stage.

Xu Nian also curiously looked at the auction stage.

A stunningly beautiful woman emerged from backstage.

Her appearance instantly drew a lot of attention.

Xu Nian was somewhat amazed.

Not because of the woman's looks, but her strength, which had reached Immortal Sovereign Peak.

"I didn't expect her to personally host; it seems this auction is more extraordinary than we thought," Li Xiuyuan commented.

"It appears that way. In tens of thousands of years, she's only hosted one auction that shook the entire Immortal Realm. Now she's hosting again; what kind of treasures will there be?" Li Tian said excitedly.

"Who is she?" Xu Nian asked, surprised.

"Brother Xu, you don't even know her? She's the second most powerful figure in the Immortal Treasure Pavilion, only below the Immortal Emperor there. Most importantly, she was once recognized as the number one beauty in the Immortal Realm, pursued by countless experts, even Fuhua Immortal Emperor sought her but was rejected," Li Tian explained.

Li Xiuyuan felt embarrassed hearing this.

Xu Nian was utterly surprised.

"Even Fuhua Immortal Emperor pursued her? This woman has such immense charm?" Xu Nian asked in astonishment.

"Because, rumor has it, she is the reincarnation of a Goddess!" Dugu Ling added.

Goddess reincarnation?

Xu Nian was taken aback, looking at the woman.

Chapter 1524: Heavenly Level Auction

Goddess reincarnation?

Xu Nian actually believes in the concept of reincarnation.

He once heard Emperor Ye Tian talk about how some people in the Divine World have formidable cultivation techniques.

Once their cultivation encounters an unbreakable bottleneck, they choose to reincarnate and cultivate again.

This process essentially allows their soul to be reborn.

When they reach a certain age, they awaken memories from their past life, thereby demonstrating extraordinary talents.

But to achieve reincarnation and cultivation again, one must at least reach the God King Realm.

So when Li Tian said the female Immortal Venerable before them was a reincarnated goddess, Xu Nian was very surprised.

"Her name is Qian Wanyue, she's very strong, no one has seen her fight, so she's not on the Immortal Sovereign List, but many people know her strength is probably not weaker than some experts on the list," said Dugu Ling.

"Not weaker than the experts on the Immortal Sovereign List?" Xu Nian was astonished.

Even if a goddess reincarnates and cultivates anew, she has to abandon all previous law comprehensions and start from scratch.

For this woman to possess such strength shows she is indeed extraordinary.

Ten Great Immortal Emperors List!

Immortal Sovereign List!

These two lists have always been highly prestigious in the Immortal Realm.

Everyone on these lists without exception is an elite of the Immortal Realm.

Being on the Immortal Sovereign List means limitless potential.

Being on the Immortal Emperor List means you've already reached the peak of the Immortal Realm.

Therefore, these two lists are always revered by everyone in the Immortal Realm.

This woman has strength not weaker than the experts on the Immortal Sovereign List, clearly showing her extraordinary power.

"But that's not the point; the point is she holds secrets about the Sealing God Battlefield, and many strong Immortal Emperors want the secrets from her, but all have failed," Dugu Ling said.

"What secret does the Sealing God Battlefield hold?" Xu Nian asked, puzzled.

"Not sure exactly, but it's said to be about the origin and hidden secrets of the Sealing God Battlefield," Li Xiuyuan added.

Xu Nian also pondered.

This Sealing God Battlefield seems indeed related to the Divine World.

He doesn't know exactly what the secret is either.

According to Emperor Ye Tian, during her time in the Divine World, the Sealing God Battlefield hadn't appeared yet, so she didn't know its secrets either.

"Dong!"

At this moment, the auction hall's bell sounded.

Everyone turned to look at the auction stage.

They knew the auction was about to begin.

"Everyone, welcome to the Heavenly Level auction at the Immortal Treasure Pavilion. I am Qian Wanyue, and I'll be hosting this auction," Qian Wanyue said with a smile.

Her voice carried a strong appeal, pleasantly melodious, with a seductive charm.

Many around her looked at her admiringly.

In the eyes of many Immortal Kings and Immortal Sovereigns, she's a perfect goddess.

Xu Nian also had to admit, Qian Wanyue indeed has her unique charm.

This appeal seems to come from her distinctive aura.

Beside him, Dugu Ling, Li Xiuyuan, and others all stared at Qian Wanyue.

Clearly, they were also captivated by her charm.

Reaching Immortal King, Immortal Sovereign, and even Immortal Emperor Level, the control over desires is extremely strong.

Being able to capture the attention of these strong individuals shows how strong her charm is.

Qian Wanyue felt everyone's fervent gaze and curved her lips into a subtle smile.

"Everyone, I won't waste words, let's start the auction immediately. Please look at the first auction item," Qian Wanyue said with a smile.

She waved her hand, and a unicorn emitting blue light appeared before everyone.

This unicorn was covered in powerful Divine Light, containing strong Divine Radiance.

However, this unicorn wasn't a divine artifact, but a beast horn from a divine beast.

"Such strong Divine Radiance, what kind of divine beast could have its beast horn severed?"

The audience below was shocked beyond belief.

Xu Nian was also surprised.

He hadn't expected the first auction item to be a beast horn from a divine beast.

This is really exaggerated!

It's known that if this beast horn was used for artifact refining, it could probably create a Mid-grade Divine Artifact, or even reach Top-Grade Divine Artifact level.

Moreover, it naturally carries Divine Radiance, indicating it is nearly a demigod artifact.

"How about it, Brother Xu, didn't I say this auction wouldn't be simple, were you surprised by the first auction item?" Li Tian laughed heartily.

"Indeed shocked," Xu Nian nodded.

This Heavenly Level auction is indeed remarkable.

"Haha, there's even more amazing stuff next, this is just the beginning," Li Tian replied with a laugh.

Li Xiuyuan, Dugu Lin, and others saw Xu Nian's shock, revealing smiles on their faces.

"Everyone, this first auction item is the unicorn from the Divine-level Beast Water Dragon Whale, containing extremely strong water attribute Divine Radiance, its hardness comparable to Top-Grade Divine Artifact metal materials, even if not for artifact refining, this unicorn is a demigod artifact capable of breaking any defenses below a divine artifact," Qian Wanyue said.

"Comparable to Top-Grade Divine Artifact metal materials?" Everyone around was astonished.

This divine beast horn is unexpectedly this hard.

Xu Nian was also somewhat surprised; for him, the Water Dragon Whale's beast horn is an excellent Top-Grade Divine Artifact refining material.

But with his current level, creating a Top-Grade Divine Artifact is still impossible.

"What a pity, it is only comparable to a demigod artifact, for the entire Immortal Realm, this item's value is quite limited, but Brother Xu, it's indeed a treasure for you," Wei Feng said with a smile.

"Yes, this item is indeed a treasure, but I still can't refine Top-Grade Divine Artifacts, though it's only a matter of time," Xu Nian replied with a smile.

Wei Feng and the others were surprised.

Refining Top-Grade Divine Artifacts?

If it were someone else, they would surely think it's a boast.

But they believe in Xu Nian, trust that he can do it, and it won't take too long.

"Now, we will auction this item, starting at 100 drops of Nine-grade Immortal Marrow, with each increase not less than ten drops," Qian Wanyue said.

Upon hearing this, Xu Nian was suddenly surprised.

Unexpectedly, Nine-grade Immortal Marrow is directly used as the value unit, showing this auction isn't something ordinary people can partake in.

Xu Nian doesn't have much Nine-grade Immortal Marrow, only 880 drops.

These were accumulated from previously slaying those Immortal King, Immortal Sovereign experts.

Sima Xiangling had the most, a full 400 drops.

Originally, Xu Nian thought these Immortal Marrows were of no use since he doesn't need them for cultivation.

Now, he feels these Immortal Marrows are insufficient.

"One hundred and twenty drops!"

"One hundred and thirty drops!"

"One hundred and fifty drops!"

"One hundred and eighty drops!"

The surroundings continuously had people bidding.

But none of the bids were particularly high.

When the bidding reached one hundred and eighty drops, there was silence.

Clearly, for these people, although the unicorn is precious, it has limited attraction.

After all, a demigod artifact isn't a true divine artifact.

Thus, no one bid beyond one hundred and eighty drops.

"Is there no higher bid? If not, this item will belong to guest number sixteen," Qian Wanyue said with a smile.

The Immortal Sovereign strongman number sixteen smiled slightly, determined to win.

"Two hundred drops!"

However, at this moment, Xu Nian suddenly spoke.

"Oh?"

The surrounding crowd was suddenly surprised, all looking at Xu Nian.

Chapter 1525: Jiang Shengtian's Provocation

"Who is this person? Actually still raising the bid, this Beast Horn is said to be a Demigod Artifact, but in reality, it's not good for combat. Who would use a Beast Horn in a fight? Besides, it's only useful for the Water Attribute and the enhancement is very limited."

"Yes, a hundred and eighty drops is already considered very high, two hundred drops is really somewhat unworthy."

The crowd around discussed.

Obviously, they all felt Xu Nian spent two hundred drops unwisely.

Only Dugu Ling and others felt that two hundred drops was too worthwhile for Xu Nian.

Because this horn could only be greatly effective in Xu Nian's hands.

"It's him!"

In the opposite box of Xu Nian, Wu Hao and others also noticed Xu Nian, their eyes amused.

"This guy has so many Divine-level artifacts, yet he cares about this Beast Horn?" Wu Hao sneered.

Kuun Bin said nothing but showed a hint of doubt in his eyes.

This Xu Nian owns several Divine Artifacts, how could he be interested in this Beast Horn that's not even considered a real artifact?

"Hmph, whatever his purpose is, we must never let him succeed easily." Jiang Shengtian sneered.

After he spoke, he directly bid, "Two hundred and ten drops."

"Huh? Someone else is bidding again?"

The surrounding crowd was surprised.

Unexpectedly at two hundred drops, someone would still raise the bid.

Could it be that this Beast Horn has some other mysterious value?

Qian Wanyue was also somewhat surprised, in her view, a hundred and eighty drops was already a decent price.

Now it actually reached two hundred and ten drops, quite unexpected.

"Jiang Shengtian!" Xu Nian naturally noticed the bidder.

He knew Jiang Shengtian was deliberately targeting him.

But this Beast Horn was something he was determined to get.

"Two hundred and twenty drops!" So Xu Nian raised the bid again.

"Two hundred and thirty drops." Jiang Shengtian immediately followed with a bid.

"Two hundred and forty drops!" Xu Nian frowned as he bid.

"Two hundred and fifty drops!" Jiang Shengtian sneered and continued bidding.

The surrounding crowd could all see it.

There was animosity between these two, so such a bidding style occurred.

Qian Wanyue naturally noticed this but for her, regardless of the reason.

The increase in bid was good for their Immortal Treasure Pavilion.

"Two hundred and sixty drops!" Xu Nian followed up with a bid.

However, this time, Jiang Shengtian did not follow with a bid.

After three breaths passed.

"Since no one else is bidding, this item belongs to number forty-eight," Qian Wanyue announced.

Number forty-eight was precisely Xu Nian.

Upon hearing this, the surrounding crowd shook their heads helplessly.

Two hundred and sixty drops, the price was too high.

This kid was truly tricked!

The latter sneered at Xu Nian, as if saying, how does it feel to get fleeced out of so much Immortal Marrow?

Xu Nian's face showed no sign of change.

For him, the value of this horn was well worth two hundred and sixty drops, even two thousand drops.

So Jiang Shengtian's little tricks were merely a joke.

The latter was smug, thinking he had pulled one over on himself.

"Brother Xu, does that Fuyao Sect kid have a grudge against you?" Wei Feng asked with a smile.

They naturally knew that for Xu Nian, two hundred and sixty drops was no loss, but a great gain.

"Yes, he and I were mortal enemies in the Mortal World, too bad I didn't kill him then." Xu Nian sneered.

"I see, by the looks of that guy's smugness, he thinks he really tricked you, when in fact he's just a clown," Wei Feng laughed.

Xu Xiuyuan, Dugu Ling, and Li Hongxia all nodded.

"But that guy seems to get along well with Kuun Bin, Brother Xu, you still need to be careful," Li Xiuyuan said.

"Hmm, I know!" Xu Nian nodded.

He knew, Li Xiuyuan was reminding him that Jiang Shengtian would use Kuun Bin against him.

As for this, Xu Nian had long thought about it.

So to kill Jiang Shengtian, he must pass the Kuun Bin hurdle.

"Anyway, congratulations to Brother Xu for obtaining such precious artifact material," Dugu Ling said with a smile.

Others also congratulated.

Xu Nian smiled, unimpressed.

"Shengtian, well done, you've tricked this kid, consider it an early lesson for him," Wu Hao praised.

"Thank you, Brother Wu, for your praise. This Xu Nian is just a lowly commoner, relying on his bit of talent to dismiss everyone. One day I'll make him understand, I'm Jiang Shengtian, the eventual winner," Jiang Shengtian said coldly.

"Haha, don't worry, Xu Nian will end up as a corpse, and outdoing him is only a matter of time. That kid's temper with you shows his mind is also not up to par, seems like I overestimated him. On this aspect, compared to you, he falls short," Wu Hao laughed heartily.

Jiang Shengtian's eyes were filled with pride.

Only Kuun Bin remained silent, he felt Xu Nian was not just competing with Jiang Shengtian out of temper.

There must be a reason unknown to them.

But he couldn't think of a good reason, after all, the Beast Horn's value wasn't great.

"Xu Nian, this time is just a small lesson for you, though my strength is not as good as yours, killing you isn't just about strength, but strategy." Jiang Shengtian sneered inwardly, eyes full of pride.

Assuming he had won the battle against Xu Nian.

...

"Next, we'll auction the second item," Qian Wanyue said with a smile.

She didn't care about the little episode that happened before.

For her, such things were common at auctions.

As for Xu Nian, in her view, he was probably an immature young Immortal King, unable to resist provocation from his opponents and fell into the trap.

"Buzz!"

As Qian Wanyue waved her hand, a Jade Bottle appeared in the air.

As the Jade Bottle appeared, the space was instantly filled with a rich wine aroma.

The wine aroma instantly intoxicated, just by smelling it, one's Immortal Essence grew a bit stronger.

"Divine Wine?" The surrounding crowd was immediately surprised.

Those who were passionate about wine had eyes gleaming.

The silent Leng Shui now had shining eyes staring at the Jade Bottle.

"This item is called Clearing Wine, a Divine-level brew. A sip can achieve the effect of a Top-grade Immortal Pill, and drinking this bottle will certainly greatly increase cultivation." Qian Wanyue introduced with a smile.

The surrounding crowd showed delighted expressions.

This Divine Wine actually has such miraculous effects?

This is completely the legendary Divine Pill!

Xu Nian was also slightly surprised.

The second auction item turned out to be Divine Wine.

Such Divine Wine is indeed incredibly precious.

"Leng Shui, do you want this item?" Dugu Ling asked with a smile looking at Leng Shui.

"Want!" Leng Shui finally spoke, just uttering a single word.

The others all laughed.

Sure enough, Leng Shui wouldn't miss this opportunity.

Since Leng Shui wanted it, they naturally wouldn't bid against it.

Chapter 1526: Top-grade Divine Artifact Material

"The starting bid for this item is three hundred drops of Nine-grade Immortal Marrow, with each increase not less than twenty drops," Qian Wanyue said.

"Three hundred and twenty drops!"

"Three hundred and forty drops!"

"Three hundred and sixty drops!"

...

The bidding continued incessantly.

Xu Nian curiously glanced at Leng Shui, who remained seated there without any expression on his face.

It seemed he had no intention to place a bid.

"Haha, Brother Xu, you don't need to look at him, this Divine Wine will definitely be Leng Shui's, just don't be shocked when he starts bidding."

Wei Feng said with a laugh.

Li Xiuyuan, Dugu Ling, and others laughed as well, their smiles carrying a hint of amusement.

Xu Nian was rather curious about how Leng Shui would bid.

"Four hundred and eighty drops!"

The number of bidders began to decrease, and a late-stage Immortal Sovereign directly offered four hundred and eighty drops.

"Five hundred drops!" someone followed up.

"One thousand drops!"

At this moment, a voice rang out.

The entire place fell silent instantly.

Those who initially intended to continue bidding were all stunned.

Xu Nian was also surprised as he looked at Leng Shui, with a face full of astonishment.

From five hundred to one thousand drops in a single leap?

Isn't this too fierce?

Even the Immortal Kings and Sovereigns were taken aback.

They all looked at Leng Shui, wanting to see who was bold enough to bid like this.

When they saw Leng Shui, the confusion in their eyes dissipated instantly.

"So it's him, that madman."

"Indeed a madman, whatever he sets his sights on, he bids regardless of its actual worth."

...

Discussions arose all around.

In their view, while the Divine Wine was rare, it was worth at most a little over six hundred drops of Nine-grade Immortal Marrow.

But one thousand drops, that was entirely ludicrous.

"What do you think, Brother Xu, you see, this is how Leng Shui bids at auctions; if he wants something, he'll bid without hesitation. For him, what he likes is priceless," Wei Feng said with a smile.

"Yes, compared to this madman Leng Shui, we are all ordinary people!" Dugu Ling laughed.

Others nodded in agreement.

Hearing this, Xu Nian's opinion of Leng Shui changed significantly.

What he likes is priceless, such an open-minded spirit is truly unmatched by few.

"Congratulations to customer number fifty-three, this Divine Wine is now yours," Qian Wanyue said with a smile.

It was obvious she wasn't too surprised by Leng Shui's bid.

After all, this wasn't the first time this had happened.

"Brother Kuun Bin, your junior is truly a complete madman, acting as he pleases," Wu Hao said with a laugh.

Kuun Bin smiled slightly, looked at Leng Shui, and said with a smile, "His talent is very strong, our master once said he is expected to become a god on his own, but unfortunately, he colluded with the Demon Clan and ended up in this situation, completely self-destructing his future."

"Haha, what use is talent, isn't there a shortage of geniuses in the Immortal Realm? In the end, those who make it are mostly not the supremely talented ones, that's why I've never fancied geniuses," Wu Hao scoffed.

"Senior, you shouldn't say that, in my eyes, your talent is exceptional, and you are destined to rise in the Immortal Realm, how can you say geniuses are useless?" A female Immortal Venerable flattered from the side.

"Haha, you really are more and more eloquent, indeed, I am destined to rise in the Immortal Realm, but not because of talent, but through means—ruthless methods are the key," Wu Hao scoffed.

Beside him, Kuun Bin also laughed.

He, too, wasn't the most highly gifted, his talent paled compared to his junior Leng Shui.

Yet, Leng Shui was expelled from the sect, while he became master's most relied-upon disciple?

Jiang Shengtian, on the side, also sneered coldly.

"Yes, means come first, Xu Nian, your talent is greater than mine, but ultimately, only the ones who survive are strong, so you're still not better than me," Jiang Shengtian sneered heavily.

As if he had already envisioned the scene of Xu Nian dying miserably before him.

...

"Next up is the third auction item, a divine artifact material, according to records, this material is the top-grade divine artifact material known as Holy Snow Gold," Qian Wanyue announced.

"Divine artifact material? And top-grade as well?"

The people around were a bit surprised.

However, soon everyone shook their heads.

Even if the material is precious, what use does it have? No one in the Immortal Realm can refine divine artifacts; to them, it's basically a piece of useless metal.

Even if collected, how can you use it if you ever ascend to the Divine World? Becoming a deity is elusive at best; it's better to use your resources now to buy something beneficial for cultivation.

However, at this moment, Xu Nian's eyes sparkled.

"Top-grade divine artifact material? Holy Snow Gold?"

He had seen this material in the comprehensive guide to artifact refining materials given by Emperor Ye Tian.

It is an extremely hard, yet highly flexible divine artifact.

This material is most suitable for crafting wind attribute divine artifacts.

Once forged into a sword, its sharpness could easily pierce divine armor of the same grade.

Such a precious treasure, how could Xu Nian not be tempted?

Even if he can't refine it now, once he restores the Divine Fire to its peak, it might not be impossible.

"Next, the auction for this item will begin, the starting bid is five hundred drops of Nine-grade Immortal Marrow, with each increase not less than thirty drops," Qian Wanyue announced.

"Five hundred drops? So expensive?"

Originally interested bidders shook their heads.

Spending five hundred drops on a stone they may never use seemed too costly.

Even Wu Hao and others chose to pass.

It's artifact refining material, not a divine artifact.

Moreover, for top-grade divine artifact material, finding a divine craftsman capable of forging it is virtually impossible.

Li Xiuyuan and others looked at Xu Nian, as if to say, Brother Xu, you've scored a deal again.

Xu Nian smiled and immediately bid, "Five hundred drops."

Seeing Xu Nian bid, everyone was a little taken aback.

This guy seriously spent so many resources to buy a useless stone?

Even Qian Wanyue looked at Xu Nian in surprise.

In fact, she was already prepared for this item to go unsold.

After all, to Immortal Emperors in the Immortal Realm, top-grade divine artifact material is useless.

So Xu Nian's bid made her undoubtedly curious.

Jiang Shengtian furrowed his brows, just about to bid when Wu Hao stopped him.

"It could be a trap, he might be trying to lure you in," Wu Hao said.

"Right, once you bid more, he might stop immediately, making you spend five hundred thirty drops of Nine-grade Immortal Marrow," the female Immortal Venerable added.

Hearing this, Jiang Shengtian felt it made a lot of sense.

He glanced at Xu Nian and found the latter smiling back at him.

He became more certain that Wu Hao's words were correct.

Luckily, he almost fell for Xu Nian's trap.

"Hmph, kid, you want to trap me, but you're still too green," Jiang Shengtian sneered coldly.

Seeing Jiang Shengtian looking smug and refraining from bidding made Xu Nian chuckle internally.

Indeed, Jiang Shengtian fell for it.

Indeed, Xu Nian intentionally provoked, aiming to make Jiang Shengtian believe it was a trap.

He didn't want Jiang Shengtian to cause him additional loss of Immortal Marrow.

After all, he didn't have much Immortal Marrow left.

As for hunting Jiang Shengtian and seizing it later, there were too many uncertainties, and judging by appearances, Jiang Shengtian couldn't be killed just yet.

So it was best to get it first before anything else.

Chapter 1527: Complete Divine Artifact

"Haha, Brother Xu, you are indeed wise. That Jiang Shengtian was really scared off by you and didn't dare to raise the bid." Li Tian laughed heartily.

The others also found it amusing.

They had been discussing earlier how to prevent Jiang Shengtian from recklessly raising the bid again.

Then Xu Nian said he had a way.

Unexpectedly, just a single look made the other party give up the idea.

Truly, being clever can lead to being outsmarted.

Xu Nian smiled. He still understood Jiang Shengtian.

He was completely someone full of himself, and you just had to play with him like this.

"Congratulations to guest number forty-eight for obtaining this piece of Holy Snow Gold." Qian Wanyue announced with a smile.

As she spoke, she also looked towards Xu Nian.

She seemed to be observing what kind of expression Xu Nian had.

And the emotion she observed was somewhat surprising to her.

At this moment, Xu Nian seemed a bit excited.

For a piece of scrap metal, most people would be reluctant.

Either they wouldn't care at all or excitement would be out of the question.

Xu Nian's attitude of treasuring it like a precious treasure surprised Qian Wanyue.

In fact, Xu Nian was indeed excited.

For a divine craftsman, what could be more exciting than obtaining precious artifact refining materials?

So he didn't hide his inner joy just now.

And this scene was just seen by Qian Wanyue.

Of course, Jiang Shengtian also saw it, but he already believed that Xu Nian was just pretending. In fact, he was already furious inside and wanted to curse.

"Congratulations, Brother Xu, on obtaining another treasure. I'm really looking forward to the moment you refine this treasure into a divine artifact." Dugu Ling said with a smile.

"Indeed, I'm very much looking forward to it. Currently, in the Immortal Realm, the most precious divine artifact is merely a mid-grade one. There aren't any top-grade divine artifacts, let alone a supreme-grade one." Li Xiuyuan said.

"Don't worry. If I do start refining it someday, I will definitely invite you to come and watch." Xu Nian smiled.

"Haha, alright." Everyone was extremely excited.

To witness the refining of a divine artifact is an absolute honor for them.

After all, not everyone is fortunate enough to see such a spectacle.

Xu Nian smiled. He had gained quite a lot from this auction.

For the upcoming auction items, he just had to watch.

Unless there was a treasure that truly moved him.

Hence, Xu Nian had no desire to bid on the fourth, fifth, or sixth items, simply watching from the side.

The fourth item was a low-grade divine pill that could heal rule-based injuries, reviving as long as the soul wasn't destroyed, essentially giving another life.

It was finally acquired by Wu Hao at a sky-high price of eighteen hundred drops.

The fifth item was a divine liquid with water attributes, similar to Taiqing Holy Water. This liquid could enhance the perception of water attributes, greatly aiding comprehension.

It was eventually taken by Li Xiuyuan for a thousand drops.

The sixth item turned out to be a divine talisman weapon, a divine blade.

However, the divine talismans on this weapon were incomplete, so its effectiveness was diminished.

But for many present, it still held great attraction.

Ultimately, the divine blade was acquired by Jiang Qing from Ten Thousand Beast Mountain for three thousand drops of nine-grade Immortal Marrow.

The auction was proceeding in full swing.

"Next, we will proceed to the grand finale segment, which contains two auction items." Qian Wanyue said.

Upon hearing this, everyone became tense.

The grand finale?

That implies these two auction items about to be presented are incredibly precious.

Xu Nian was also curious. The divine talisman weapons and various auction items earlier had already amazed him.

Now there were still two finale items, indicating their value must be astonishing?

"Sure enough, the real show starts now." Li Tian echoed.

"An auction hosted by Qian Wanyue herself could never be this simple." Li Xiuyuan followed up.

Dugu Ling, Li Hongxia, and the others nodded in agreement.

This auction was destined to shock the Immortal Realm, but what exactly these two auction items were was yet to be known.

"Goddess Qian, stop keeping us in suspense and tell us what these two auction items are?"

"Yeah, Goddess Qian, could the finale item be an intact divine artifact?"

...

For a moment, everyone was shouting out.

Qian Wanyue chuckled and said, "Alright, since everyone is so eager, I won't keep you in suspense. Our first finale item is indeed an intact Divine Sword, with its Divine Radiance completely unharmed."

With that, Qian Wanyue waved her hand, and a beautifully exquisite yet simple Divine Sword appeared in the air.

As soon as the Divine Sword appeared, a powerful Divine Radiance emitted from it.

"What a rich Divine Radiance. Is this an all-attribute Divine Sword?" someone asked.

"Yes, this sword has all attributes, and any attribute's cultivator can use it." Qian Wanyue explained.

Upon hearing this, everyone's eyes instantly lit up.

Their gaze on the Divine Sword was filled with intense heat.

Compared to the divine talisman blade, this Divine Sword was the truly perfect divine artifact.

And with all attributes, it meant any of them could wield it.

Xu Nian also looked at the Divine Sword with some surprise.

He was amazed to find that the Divine Radiance of the sword indeed showed no signs of wear.

Though the sword seemed ancient, it was indeed perfectly preserved.

"Brother Xu, how is this Divine Sword?" Li Hongxia asked, looking at Xu Nian.

The others also turned to Xu Nian.

Obviously, no one present understood divine artifacts better than Xu Nian.

So asking him was definitely not wrong.

"This Divine Sword is perfect. Although it's ancient, it's well-preserved. The person who refined this divine artifact was very skilled, probably a master at the mid-grade Divine Craftsman level." Xu Nian replied.

Upon hearing this, Li Hongxia and the others' eyes burned with fervor.

A perfect divine artifact indeed.

Such an opportunity, how could they miss it?

In the distance, Wu Hao and Kuun Bin also gazed fervently, determined to obtain this Divine Sword.

Qian Wanyue noticed the audience's interest being piqued, her eyes showing a hint of amusement.

Yet when she looked at Xu Nian, she was surprised to find him lacking interest.

Initially, he admired the Divine Sword, but later he showed little interest.

That made Qian Wanyue very puzzled.

This guy was previously so keen on artifact refining materials, yet now he wasn't moved by a genuine divine artifact.

It didn't make sense!

Unless there's only one possibility—that Xu Nian is a divine craftsman capable of refining divine artifacts.

However, the idea of a divine craftsman appearing in the Immortal Realm was something Qian Wanyue still found hard to believe.

"Looks like I'll have to meet this little guy later." Qian Wanyue thought to herself.

Chapter 1528: Final Auction Item

"Now we will proceed with the auction of this sword, starting at five thousand drops of Nine-grade Immortal Marrow. Each bid must increase by no less than one hundred drops," announced Goddess Qian.

Xu Nian heard this price and could only smile wryly.

Such a price was completely beyond what he could afford.

Five thousand drops of Nine-grade Immortal Marrow was already an immense fortune in the Immortal Realm.

"Five thousand five hundred drops."

Just as Goddess Qian finished speaking, someone immediately called out.

"Only five thousand five? I'll offer six thousand." Someone followed up.

"I'll offer seven thousand!"

"I'll offer eight thousand!"

...

Listening to these bids, Xu Nian felt at a loss for words.

Each increase in bid had turned into a thousand all of a sudden.

The Immortal Kings and Immortal Sovereigns' thirst for Divine Artifacts was insatiable, and behind these Immortal Kings and Sovereigns, there were likely Immortal Emperor-level experts.

So, the price for this Divine Artifact was destined not to be low.

"I'll offer ten thousand!" Dugu Ling shouted.

"I'll offer twelve thousand!" Li Xiuyuan bid in response.

At this moment, neither of them was willing to yield to the other anymore.

They had already discussed it earlier; everyone would rely on their ability, and whoever offered the highest bid would get it without anyone else bearing a grudge.

True enough, Dugu Ling hearing Li Xiuyuan's bid, was not at all angry.

"I'll offer thirteen thousand!" Li Hongxia bid.

"I'll offer fourteen thousand!" Li Tian also joined in.

"Haha, I'll offer eighteen thousand!"

At this time, Wu Hao also stood up and said.

Eighteen thousand?

The surrounding crowd was astonished.

Who would've thought Wu Hao would be so bold?

"Twenty thousand!"

However, just as everyone was surprised, another voice rang out.

The one who spoke was none other than Jiang Qing of the Ten Thousand Beast Mountain.

For a moment, everyone was stunned.

Twenty thousand was indeed not a low price.

Goddess Qian remained silent, as she thought twenty thousand was close to the peak price.

Though there was still room for premium.

"I'll offer twenty-one thousand!"

Indeed, at that moment, another voice sounded.

The person was none other than Kuun Bin.

"Twenty-two thousand!"

Jiang Qing followed up with a bid.

"Twenty-five thousand!"

Kuun Bin directly called out the final price.

With this price announced, Jiang Qing chose to give up.

"Wow, Kuun Bin is really bold, daring to directly bid twenty-five thousand," Li Tian couldn't help but exclaim.

"Indeed bold, I cannot come up with this price either," Li Xiuyuan said.

He originally wanted to go all out in the end.

But unexpectedly, he ultimately had to give up.

Xu Nian slightly furrowed his brows.

Kuun Bin was already very strong, and now after obtaining the Divine Artifact, it would be even more difficult for him to kill him.

But even if Xu Nian wanted to stop it, he had no way.

Because he simply had no Immortal Marrow left.

Even if he used Immortal Crystal Stone to exchange, it might not be enough.

"Congratulations to customer number eight for obtaining the Divine Sword," Goddess Qian finally announced.

This number eight was naturally Kuun Bin.

Everyone envied the fact that Kuun Bin had acquired the Divine Sword.

Yet they had no choice but to accept it.

Xu Nian also fell into deep thought.

It seemed that he needed to reconsider the matter of hunting Wu Hao and Jiang Shengtian.

After all, possessing the Divine Sword and not possessing it were two entirely different combat levels.

"I wonder what this final sword item will be?" Wei Feng shook his head and sighed.

Just now, Kuun Bin had overpowered the entire audience, creating immense pressure on them.

Even the amount of Immortal Marrow in Jiang Qing's hands was a significant threat to them.

Xu Nian was curious as he looked at Goddess Qian.

He also wanted to know what treasure this final sword auction item would be.

"Now we will move on to the auction of the last centerpiece item, the final piece of this auction event," Goddess Qian said with a smile.

The previous Divine Sword had already fetched a considerable amount.

Now with this last auction item, the price might be even higher.

"Could it be Godhood?" someone asked in astonishment.

At this, the entire venue was in an uproar.

Godhood?

If it were indeed Godhood, then the entire Immortal Realm would go crazy.

Xu Nian thought it impossible.

Auctioning Godhood?

Unless the Immortal Treasure Pavilion had gone mad!

Apparently, Li Xiuyuan and others shared the same thought with Xu Nian.

The possibility of it being Godhood was extremely low.

"Ladies and gentlemen, this final auction item is not the Godhood you were thinking of, but it is something similar," Goddess Qian smiled and said.

"Something similar to Godhood?" The crowd was puzzled upon hearing this.

What could be similar to Godhood?

Xu Nian was also curious.

"Goddess Qian, please reveal the answer quickly." someone said impatiently.

Others nodded in agreement.

"Haha, alright. This time, the last auction item is not Godhood, but rather the corpse of a Divine-level expert," Goddess Qian laughed.

"The corpse of a Divine-level expert? Does it contain Godhood?" someone urgently asked.

The others also became tense.

The difference between containing Godhood and not was vast.

"No Godhood!" Goddess Qian said with a smile.

Hearing this, the whole crowd was instantly disappointed.

Xu Nian was not surprised.

If it really contained Godhood, that would be madness.

Li Xiuyuan, Dugu Ling, and others were also disappointed.

"Goddess Qian, what use is the body of a deity without the Godhood? Its value shouldn't be more precious than a Divine Artifact, right?" someone asked.

"Idiot!"

However, as soon as the person spoke, someone cursed.

Goddess Qian then chuckled, "This corpse of a Divine-level expert may not have Godhood, but it is intact, and moreover, a Divine-level expert's body, having been baptized by Godhood, contains a perfect Law. If one could comprehend it, it would absolutely be invaluable."

Upon hearing this, the person who claimed it wasn't as precious as a Divine Artifact was suddenly surprised.

A body containing a complete Law, that corpse is indeed invaluable.

Xu Nian was also surprised.

The corpse of a deity could be a precious treasure.

"This corpse may contain a complete Law, but to comprehend the Law from the body is quite difficult. Moreover, everyone's path to the Law is different," Dugu Ling shook his head and said.

"Right, for those who haven't cultivated the Law, comprehending the Law from this corpse is indeed good. But for those of us who have reached the late stage of the Law, it is not much help unless we re-cultivate another Law," Li Hongxia added.

"The greatest value of this corpse is probably in crafting an avatar. The avatar of a Divine-level expert would certainly be extraordinarily powerful," Wei Feng said.

The crowd nodded.

Crafting an avatar could result in a power comparable to that of a Peak Immortal Emperor-level expert.

Hearing this, Xu Nian thought of the Wentian Demon Sovereign.

If he could help the Wentian Demon Sovereign obtain this Divine-level corpse, it might enable Wentian Demon Sovereign to reach an unprecedented level of strength.

But to acquire this Divine-level corpse, he simply didn't have enough Immortal Marrow.

For a moment, Xu Nian also fell into deep thought.

Chapter 1529: Wu Hao's Fury

Wentian Demon Sovereign has helped me for so long, and I indeed promised him to find a perfect body for him.

What could be more perfect than a divine-level corpse?

So, no matter what, Xu Nian is determined to obtain the corpse of this divine-level expert before him.

"Even if I have to sell a Divine Artifact, I must secure it?" Xu Nian thought to himself.

Now, the Gale Sword, Gathering Wind Dagger, and Divine Armor on him have all been given to Leng Yanran.

He certainly wouldn't demand them back.

As for the Chaos Divine Palace and Star Axe, Xu Nian would have to be out of his mind to sell those.

The spatial attribute flying dagger is the first Divine Artifact Xu Nian crafted, so naturally, he wouldn't part with it.

Thus, the only things he can sell are the Dragon Horn Red Snake Bow and the Feathered Phoenix Chasing Divine Arrow.

This set of Divine Artifacts is also an All Attribute Divine Artifact, no less valuable than that Divine Sword just now.

In fact, Xu Nian's can be considered two Divine Artifacts, making it even more valuable.

"What? Brother Xu, you want to sell a Divine Artifact?" Dugu Ling and others were shocked upon hearing Xu Nian's words.

They didn't expect Xu Nian actually planned to sell a Divine Artifact.

After all, unless absolutely necessary, people generally wouldn't choose to sell the Divine Artifacts they possess.

Therefore, when they heard Xu Nian wanting to sell a Divine Artifact, they were taken aback.

"Yes, this divine-level expert's corpse is very important to me. I plan to bid on it, but I simply don't have enough Immortal Marrow on me, so I can only choose to sell a Divine Artifact." Xu Nian said helplessly.

"Brother Xu, so what you mean is, you'd prefer to let us internally acquire this Divine Artifact, and only if we don't want it, you'll contact the auction house?" Wei Feng said with a smile.

"Yes, that's exactly what I mean. After all, Divine Artifacts are extremely rare and precious in the Immortal Realm, so selling to you guys is far better than selling to an enemy." Xu Nian said with a smile.

He had just thought of this.

If he put up a Divine Artifact and it was auctioned off to Wu Hao and the others, wouldn't it be like lifting a stone only to drop it on his own feet?

So naturally, he hoped the Divine Artifact could be internally digested among these individuals before him.

"Ha ha, Brother Xu is indeed a true brother; I'll take this Divine Artifact." Li Tian immediately spoke up.

"Li Tian, why do you think you can just take it when you say so? Brother Xu's Divine Artifact should be shared by everyone." Wei Feng said irritably.

"Based on my relationship with Brother Xu, I'm sure he'll sell it to me." Li Tian said with a smug smile.

Wei Feng was furious.

Xu Nian could only smile helplessly and said, "Dear brothers, this Divine Artifact of mine is a set, a Divine Bow plus a Divine Arrow. Whichever brother is proficient with bows and arrows, I can prioritize selling it to them."

With that, Xu Nian waved his hand, and the Divine Bow and Divine Arrow appeared before everyone.

Of course, before this, Xu Nian had isolated the view and Immortal Consciousness of those outside.

So those outside didn't know about the transaction happening inside the private room.

"A complete set of combination Divine Artifacts, the value of this set is definitely higher than a single Divine Sword." Li Xiuyuan couldn't help but exclaim.

"Indeed, it is much higher." Dugu Ling echoed.

The power of a set of combination Divine Artifacts is obviously much greater than a single Divine Artifact, so the value of this set from Xu Nian is definitely greater than that previous Divine Sword.

"By my estimation, if this set of Divine Artifacts were auctioned, it could fetch thirty thousand drops of Ninth-Grade Divine Marrow." Dugu Ling said.

Li Xiuyuan and others all nodded in agreement.

Xu Nian had no objections to this price.

His goal is to be able to bid on the corpse of this divine-level expert.

"Xu Nian, how about this? You sell this set of Divine Artifacts to me. I'll offer thirty thousand two, but I only have twenty-five thousand drops of Ninth-Grade Divine Marrow, and Wei Feng, you'll cover the remaining seven thousand for me." Li Hongxia suggested.

"Why should I?" Wei Feng retorted immediately.

"Haven't you always wanted the Gold Attribute Divine Power Liquid I have? How about I use it as interest?" Li Hongxia proposed.

"Sister Hongxia, what about us? Why should we let you have the Divine Artifact?" Dugu Ling and others laughed.

"Exactly!" Li Tian protested as well.

Li Hongxia laughed and said, "Dear brothers, you should know that I practice archery, so this Divine Artifact is the most suitable for me. But I won't let you give up this opportunity in vain either. How about a bottle of Jadescent Nectar from the Turquoise Pool for each of you?"

"Jadescent Nectar?" Everyone else's eyes lit up.

This is a treasure from the Turquoise Pool, something that can enhance one's soul power when consumed.

Even Immortal Emperors consider it a treasure.

So hearing about the Jadescent Nectar, they were all quite tempted.

In fact, as Li Hongxia said, she practices archery, making this Divine Artifact most suitable for her.

They were merely using this as an opportunity to squeeze some benefits from Li Hongxia.

"Then this Divine Bow and Divine Arrow shall belong to Sister Hongxia. But Sister, can you also give me a share of the Jadescent Nectar?" Xu Nian joked with a smile.

"Ha ha, no problem." Li Hongxia replied with a smile.

Soon, thirty thousand drops of Ninth-Grade Immortal Marrow and a bottle of Jadescent Nectar reached Xu Nian's hands.

With these thirty thousand drops of Ninth-Grade Immortal Marrow, Xu Nian gained confidence in the upcoming auction.

"Next, we shall begin the auction for this divine-level expert's corpse. Likewise, the starting bid for this auction is five thousand, but each increment must not be less than one thousand." Qian Wanyue announced.

"Six thousand!"

"Seven thousand!"

"Eight thousand!"

...

As soon as Qian Wanyue finished speaking, someone immediately started bidding.

Xu Nian was in no hurry. With many bidding now, it wasn't the optimal time to call out a bid.

"Eighteen thousand!"

Finally, just as Wu Hao called out eighteen thousand drops of Immortal Marrow.

No one else around continued to bid.

This divine-level expert's corpse is precious, but the functionality is still quite limited.

Wu Hao was already feeling confident, considering the divine-level expert's corpse his own.

"Twenty thousand!"

Seeing that no one else was bidding, Xu Nian finally made his offer.

As soon as the words left his mouth, surprised eyes turned towards him from all sides.

Him again?

Wu Hao also frowned and looked sharply at Xu Nian.

Is this kid looking for trouble?

He had precisely mastered a method to refine puppets, and if he could turn this divine-level expert's corpse into a puppet clone.

It would be equivalent to possessing a combat power at the Immortal Emperor Level.

Seeing it was within reach, and this kid dared to meddle?

"Twenty-one thousand!" Wu Hao said angrily.

"Twenty-two thousand!" Xu Nian responded calmly.

"Twenty-three thousand!" Wu Hao gritted his teeth.

"Twenty-four thousand!" Xu Nian was unmoved.

The surrounding Immortal Kings and Immortal Sovereigns were somewhat taken aback.

This Xu Nian actually dared to contend with Wu Hao for treasures, isn't he aware that Wu Hao is a vindictive person?

"Twenty-five thousand." Wu Hao's eyes had turned deadly cold.

This was nearly reaching his limit.

"Xu Nian, you'd better think carefully before bidding again, lest you regret it." Wu Hao threatened Xu Nian through Soul Transmission.

But Xu Nian merely sneered, completely ignoring Wu Hao's threat.

"Twenty-six thousand!" Xu Nian called out.

Upon hearing this, the crowd was in an uproar.

The price for this divine-level expert's corpse had actually surpassed that of the Divine Sword?

Even Qian Wanyue on the stage was a bit surprised.

She hadn't expected the divine-level expert's corpse to fetch a higher price than the Divine Sword.

Wu Hao clenched his fists, his whole body trembling with anger.

Twenty-six thousand?

He couldn't increase his bid any further.

"Brother Wu Hao, don't worry, once we kill this Xu Nian, won't the divine-level expert's corpse still end up as yours eventually?" Jiang Shengtian suggested.

Upon hearing this, Wu Hao restrained his anger, looking toward Xu Nian with eyes filled with boundless killing intent.

Chapter 1530: Qian Wanyue's Request

"Twenty-six thousand drops of Nine-grade Immortal Marrow, deal closed. Congratulations to customer number forty-eight for obtaining this final auction item," Qian Wanyue announced.

With her announcement, the auction also came to a close.

Those who bought their desired treasures naturally felt full of joy.

While those who didn't manage to buy anything felt somewhat angry and disappointed.

"Xu Nian, you just wait for me."

In the distance, Wu Hao shot Xu Nian a glance filled with killing intent, then left the Immortal Treasure Pavilion with Kuun Bin and others.

Xu Nian naturally sensed the killing intent in Wu Hao's gaze.

However, he didn't care, he simply smiled.

Even if he hadn't snatched Wu Hao's auction item, Wu Hao wouldn't let him go.

Of course, he wouldn't let Wu Hao go either.

"Brother Xu, you really are formidable. Just now when Wu Hao left, his whole face was green, it was so satisfying," Li Tian laughed heartily.

The others also felt very pleased.

They really disliked Wu Hao.

Seeing him suffer was naturally quite satisfying.

Xu Nian smiled: "I just wanted to win the corpse of this Divine-level expert, I didn't intend to target him intentionally."

"Brother Xu, this time you snatched his opportunity, he's definitely not going to let you go. You might need to be more careful moving forward," Dugu Ling said.

"Yes, I also sensed his killing intent, but it's not so easy for him to kill me," Xu Nian replied with a smile.

"Better safe than sorry, Wu Hao's tricks aren't weak, and besides, he has Kuun Bin by his side," Li Xiuyuan added.

"Don't worry, within my Earth Immortal Sect's territory, if they truly dare to kill my brother, they'll definitely not return alive," Li Tian sneered.

If Wu Hao and his people dared to make a move, he would have his father step in.

At that point, not even the Immortal Emperor backing Wu Hao could say anything.

Hearing Li Tian's words, Li Xiuyuan and the others nodded.

Within the Earth Immortal Sect's range of influence, Wu Hao's group really wouldn't dare do anything.

Unless they've completely lost their minds.

"Let's go, Brother Xu, we'll accompany you to collect your auction items," Dugu Ling smiled.

Saying so, the group went straight to the auction house's customer transaction suite.

"Welcome, honoured guests."

Upon seeing Xu Nian and his party arrive, Qian Wanyue immediately greeted them with a smile.

Dugu Ling and the others were taken aback.

Qian Wanyue actually greeted them personally?

No, to be precise, she was greeting Xu Nian.

This was something unprecedented.

Did Qian Wanyue see something extraordinary in Xu Nian?

Xu Nian was also somewhat surprised, not expecting Qian Wanyue to be in this transaction suite.

Behind Qian Wanyue were three items on display.

One was the beast horn of the Water Dragon Whale, another was a Top-grade Divine Artifact refining material made of Holy Snow Gold.

The last was a huge coffin, inside which lay that Divine-level expert's corpse.

"Customer forty-eight, the items you auctioned for are all here. You just need to hand over the corresponding Immortal Marrow, and these treasures will be yours," Qian Wanyue said with a smile.

"Alright!" Xu Nian didn't hesitate and handed over the Immortal Marrow.

Qian Wanyue checked the quantity of Immortal Marrow and then said with a smile, "Congratulations, customer forty-eight, these treasures are now yours."

Xu Nian didn't hesitate, directly storing all these treasures in the Chaos Divine Palace.

Then Xu Nian was about to turn and leave.

"Please wait!"

Right at that moment, Qian Wanyue spoke.

Xu Nian paused and looked back at Qian Wanyue.

The others were also perplexed; Qian Wanyue actually stopped Xu Nian?

"I wonder if you could let me have a few words in private with these young brothers?" Qian Wanyue smiled at Dugu Ling and the others.

Dugu Ling and the others were all surprised, then nodded and left the suite.

With this, the suite only had Xu Nian and Qian Wanyue remaining.

Xu Nian looked at Qian Wanyue, not expecting her to stop him.

Logically, his presence at the auction wasn't too remarkable and shouldn't have attracted her attention.

"Is your name Xu Nian?" Qian Wanyue asked with a smile.

"Yes!" Xu Nian responded.

"Was it you who killed Ji Hengchuan?" Qian Wanyue asked with a smile.

Xu Nian immediately furrowed his brows, looking coldly at Qian Wanyue: "That's right, I killed Ji Hengchuan."

Ji Hengchuan, the Young Master of Immortal Treasure Pavilion.

Son of the Extreme Purple Immortal Emperor.

Xu Nian knew it was impossible for the Immortal Treasure Pavilion to let this matter go.

Extreme Purple Immortal Emperor had just that one son, how could he let it go?

The reason they hadn't made a move was probably due to Taichu Immortal Emperor.

Now that Qian Wanyue mentioned it, how could Xu Nian not be on guard?

"You don't need to be so vigilant; although I am from the Immortal Treasure Pavilion, I have no relation with the Extreme Purple Immortal Emperor, so I won't take any action over his death," Qian Wanyue said with a smile.

"Then why are you looking for me?" Xu Nian asked vigilantly.

Qian Wanyue smiled gently, knowing that Xu Nian hadn't completely trusted her words.

"I'm looking for you because of the secret you carry. If my guess is correct, you are a Divine Craftsman?" Qian Wanyue smiled.

"Huh?" Xu Nian was taken aback.

This was something he had only told Dugu Ling and a few others.

He hadn't told anyone else, how did Qian Wanyue know?

"Judging by your reaction, I guess I'm right. It's actually not difficult to guess; you seized the Divine Fire from the Divine Fire Sect a while ago, and now you've auctioned for this Beast Horn and Top-grade Divine Iron material, it's easy to associate it with Artifact Refining," Qian Wanyue smiled.

"That's right, I can indeed refine some Divine Artifacts, but only Low Grade ones," Xu Nian replied.

"To be able to refine Low Grade Divine Artifacts while in the Immortal Realm is enough to cause a stir in the entire Immortal Realm, truly a hero among youths," Qian Wanyue smiled.

"So what exactly is your purpose in seeking me out? You wouldn't want me to help you refine a Divine Artifact, would you?" Xu Nian asked.

"Not at all, but with your ability to control Divine Fire, you could help me with a major task," Qian Wanyue smiled.

"What task?" Xu Nian asked.

Qian Wanyue extended her fair arm, and with a thought, ice-cold chains appeared on it.

The chains wrapped around her arm and her entire body.

They were usually invisible unless Qian Wanyue chose to reveal them.

"This is... Law Chains?" Xu Nian exclaimed in surprise.

"Yes, it is indeed Law Chains. Due to certain reasons, I've been shackled by Ice Cold Law. Without breaking these chains, I cannot break through to the Divine, and to melt these chains, I need to rely on Divine Fire," Qian Wanyue explained.

"So you're saying you want me to melt these chains for you?" Xu Nian asked, frowning.

"Yes, but not now. With your current Immortal Essence power, you're far from being able to do that unless you reach the Immortal Emperor Level," Qian Wanyue said.

"Why should I help you?" Xu Nian asked.

"I could reveal to you the greatest secret of the Immortal Realm," Qian Wanyue replied.
