

## **Divine King 1551**

### Chapter 1551: Heavenly Court Site Selection

"Creating the Heavenly Court is not something that can be achieved overnight. Right now we need to find a suitable territory as our foundation," Xu Nian said.

At present, he has Wentian Demon Sovereign, Leng Yanran, and Ling Feng as his three powerful companions.

They are perfectly capable of handling the early stages of building the Heavenly Court.

Ling Feng's prowess has now advanced to the Early Stage Immortal Sovereign realm.

It's worth noting that she absorbed the majority of the Immortal Emperor's corpse.

The remaining part was used to nurture her offspring.

Although Xu Nian had previously consumed many of her offspring, after being nourished by the Immortal Emperor Level corpse, she has cultivated a large number of stronger Killing Bee Warriors.

Thus, the Heavenly Court does not lack manpower in its early stages.

"Indeed, we need a territory. In the future, Little Yu, Bull Demon King, and Ice Blue might come over from the Demon Realm. The Heavenly Court would then be their sanctuary," Leng Yanran nodded in agreement.

Xu Nian was a bit surprised.

It seems Leng Yanran is thinking far ahead.

"In that case, we should really choose a good place carefully," Xu Nian said with a smile.

"Master, I actually know of an ideal location not far from here. It's very suitable for building the Sect initially, and for later expansion as well," Paper Taoist suddenly said.

"Oh? Where?" Xu Nian asked in surprise.

"I'll take you there," Paper Taoist said at once.

"No rush, first focus on recovering your body," Xu Nian said with a smile.

Then he injected some Chaos Undying Power into Paper Taoist's body.

In the next moment, Paper Taoist's arm grew back at a speed visible to the naked eye.

Paper Taoist was astonished.

He had been trying to repair his body using the Immortal Power.

However, his Immortal Power had little effect against the damage caused by the Divine Fire.

But Xu Nian's Immortal Power was astonishingly effective.

The difference was obvious to Paper Taoist.

This made him hold Xu Nian in higher esteem.

After about two hours, Paper Taoist's body was fully restored.

Then, Paper Taoist led Xu Nian and the others to a very hidden mountain site.

The mountains were very lush, presumably a region with untouched lands.

However, the most important thing was that this mountain region formed a natural, fantastical Great Formation.

The terrain inside could easily cause one to get lost.

Without guidance, immortals below Immortal Sovereign level could easily get lost within.

"This is indeed the best location for the Heavenly Court," Xu Nian was very satisfied upon seeing this place.

Paper Taoist was also pleased upon hearing this: "To be honest, Master, I originally intended to use this place to hide myself, but hadn't had the chance to move here. Now that Master needs it, it can serve as the location for Master's Sect."

Xu Nian nodded.

Leng Yanran was also very pleased with this location.

"In that case, let's settle here," Xu Nian said with a smile.

After speaking, he waved his hand, and Ling Feng appeared before him.

"It's her? She's reached Immortal Sovereign?" Paper Taoist was shocked.

He recognized Ling Feng as the Queen of the Murder Bees.

"Greetings, Master," Ling Feng said respectfully.

Master?

Paper Taoist instantly understood.

This woman and himself are both enslaved by Xu Nian.

"Ling Feng, I'm creating a powerful Heavenly Court, and this place will be the address for our Heavenly Court Sect, so you'll handle the initial transformation," Xu Nian said with a smile.

"Understood!" Ling Feng accepted the command immediately.

Next, Ling Feng summoned ten Immortal King Peak Level Killing Bees.

Then she delegated the task to these bees.

These ten Immortal King Peak Level bees immediately accepted the command, and began transforming the place with thousands upon thousands of bees.

Paper Taoist was extremely surprised.

The Queen of the Murder Bees indeed isn't simple; as an individual, she is truly worth an army.

Xu Nian saw this scene and smiled.

Although Ling Feng is strong, her bloodline is far inferior to that of Void Mother Empress Ice Blue.

If Ice Blue were here, she'd likely be much stronger than Ling Feng.

"It seems that someday I must go to the Demon Realm, to bring Ice Blue, Little Yu, and Bull Demon King over," Xu Nian contemplated.

The location for the Heavenly Court has now been chosen, and the next step involves expanding it.

"Paper Taoist, you're up next. Spread the word and broadly recruit Independent Immortals. Any Independent Immortal can join our Sect, but during the entry-level assessment you must pay attention to the character of the person. Those showing poor character should never be recruited," Xu Nian instructed.

"Yes, Master!" Paper Taoist responded, and immediately took out over a hundred paper slips.

Next, he activated the paper slips.

Immortal Essence was infused into the paper slips, bringing them to life.

Transforming into one Paper Taoist after another.

Thus, the Paper Taoists flew out and began spreading the news of the Heavenly Court's establishment.

"Husband, what about me?" Leng Yanran asked.

"You don't need to do anything, just focus on refining your Divine Status. Only if you're strong enough can the Heavenly Court survive. Here's the Soul Mark of Paper Taoist; if you need anything, instruct him, and if he makes any unusual move, kill him immediately," Xu Nian said.

"Alright!" Leng Yanran nodded, although her brow furrowed slightly.

"Also, here are over ten million Immortal Crystal Stones and more than five thousand drops of Ninth Grade Immortal Marrow, which should sustain the Heavenly Court's early operations. I'll find a way for the rest," Xu Nian said.

The Sect's operation requires consuming vast amounts of Immortal Marrow and Immortal Stone.

So these resources are necessary.

"You gave all this to the Sect, how will you manage your cultivation?" Leng Yanran asked.

She can refine the Divine Status for cultivation, but Xu Nian needs a lot of energy.

"I don't rely on these for cultivation anymore; besides, this is my Undying Devouring Sky Beast Avatar, keep it with you; the Star Axe is also with the Undying Devouring Sky Beast. It can shield your fate from the Netherworld Lord, and it contains a predecessor, Wentian Demon Sovereign, who is considered half of my Master. If you need anything, you can consult him." Xu Nian handed the Original Core of the Undying Devouring Sky Beast to Leng Yanran.

Although the Undying Devouring Sky Beast is currently in a sleeping phase.

But if Wentian appears, Xu Nian would forcefully awaken him.

This way, with him beside Leng Yanran, Xu Nian feels much more assured.

"Are you planning to return to Shendang Mountain? Should I go back with you?" Leng Yanran asked.

"No need, I can handle it on my own. Of course, I'll leave in a few days; before that, I need to cultivate this Paper Avatar Secret Technique," Xu Nian said, amused.

This Paper Avatar Secret Technique can be considered a decent life-preservation measure.

With this Paper Avatar, his true self can hide inside the Chaos Divine Palace without coming out.

Thus, his safety will exponentially increase.

Leng Yanran nodded in agreement upon hearing this.

She began serving as Xu Nian's protector.

And Xu Nian sat down cross-legged, starting to study the Paper Avatar Secret Technique.

Chapter 1552: Elemental Avatar

Xu Nian opened the Jade Scroll and carefully read through the secret technique of the Paper Avatar Secret Technique.

It turned out that this Paper Avatar Secret Technique originally wasn't called Paper Clone Secret Technique.

It was actually called "Five Elements Elemental Avatar."

The so-called Five Elements Elemental Avatar is divided into the five major elements: Gold, Wood, Water, Fire, and Earth.

These five elemental substances can all be condensed into avatars.

The Paper Taoist specializes in the Wood Attribute, so he only cultivated the Wood Attribute within the Five Elements Elemental Avatar.

That explains why he can only perform the Paper Avatar.

Xu Nian is not proficient in the Wood Attribute; he excels in the Earth Attribute and Fire Attribute. After absorbing a lot of Gold Element Energy, his understanding of the Gold Attribute seems to have strengthened significantly.

Xu Nian has now reached the entry-level stage of Gold Attribute Law.

However, what he comprehends is the Third-grade Law of the Golden Element Principle.

This is the most basic law, allowing initial mastery over Elemental Power.

Regarding this, Xu Nian wasn't in a hurry.

After all, law comprehension can be broken through, and given time, the Gold Attribute Element Law can evolve.

In other words, Xu Nian has now mastered the Wind, Fire, Earth, and Gold Attribute Laws.

As for the Space Law, due to the Undying Devouring Sky Beast's slumber, it hasn't yet broken through the Law Realm.

Xu Nian wasn't worried about this either. Comprehending the Space Law is extremely difficult; it won't be too late to spend time on it once the Undying Devouring Sky Beast reaches full maturity.

"In other words, I can now use Fire, Earth, and Gold to condense avatars. This Elemental Avatar Secret Technique doesn't require strong mastery over the laws, only the ability to mobilize the Five Elements and carve out Divine Patterns is needed," Xu Nian mused to himself.

In the next moment, he directly grabbed a handful of soil and started molding a clay figure.

Soon, a clay figure was molded.

Immediately, Xu Nian used Immortal Essence to condense a peculiar Divine Pattern.

Condensing a Divine Pattern is the hardest step.

It must be done all in one go.

Indeed, the Five Elements Elemental Avatars are also reliant on Divine Patterns.

According to Xu Nian's guess, the creator of the Five Elements borrowed from Original Divine Runes to create these Elemental Avatar Divine Patterns.

"Boom!"

The Divine Pattern shattered, and the clay figure exploded.

Xu Nian had no choice but to start over.

Condensing Divine Patterns isn't easy; it requires a high level of mastery over the elements and Soul Power.

Xu Nian could only attempt over and over again.

Five full days passed, and Xu Nian tried tens of thousands of times, breaking tens of thousands of clay figures.

However, he became increasingly adept at controlling Divine Patterns.

"Buzz!"

On Xu Nian's eight thousand seven hundred plus attempt, the Divine Pattern finally successfully condensed.

The Divine Pattern was imbued into the clay figure.

The clay figure erupted with a flash of light.

In the next moment, Xu Nian noticed the clay figure transformed into a man identical to himself.

This man's cultivation was only at the Late Stage Immortal King level; the Immortal Essence Energy inside him was precisely the energy Xu Nian had just used to condense the Divine Pattern.

But at this moment, the man's gaze was vacant, seemingly lacking self-awareness.

Yet Xu Nian could distinctly sense a trace of Immortal Consciousness within the clay figure avatar.

With a thought, Xu Nian could animate the clay figure avatar through Immortal Consciousness.

"So it's remote control, not granting him actual self-awareness," Xu Nian mused to himself.

In other words, this clay figure avatar needs Xu Nian to divide his mind for control.

Everything it sees would be transmitted to Xu Nian's own mind.

"Interesting, with my current soul state, split my mind into a thousand has no problems, meaning I can simultaneously control thousands of avatars," Xu Nian thought to himself.

The amount of Immortal Essence inside the avatar is related to the amount of Immortal Essence injected by oneself.

If needed, it can reach Immortal King Peak Realm.

"Interesting! The true brilliance of this avatar is that others cannot distinguish who is the avatar and who is the original, even an Immortal Emperor can't do it," Xu Nian smiled, mused to himself.

Then he tried Fire Avatar and Gold Avatar.

He used Divine Fire and Top-grade Immortal Artifact materials for his trials.

He discovered that the Fire Avatar condensed from Divine Fire could directly control Divine Fire.

And the Gold Avatar reached the physical strength of Top-grade Immortal Artifact level directly.

This finding gave Xu Nian broader ideas for using avatars.

Without further ado, Xu Nian directly entered the Chaos Divine Palace and formed a hundred clay figure avatars.

Then he created three Divine Fire Avatars and three Gold Avatars refined from Low Grade Divine Artifact materials.

After completing all this, Xu Nian walked out of the Chaos Divine Palace.

"Master, this art of avatar creation isn't mastered overnight; it took me more than a hundred years to successfully research the Paper Avatar," the Paper Taoist said with a smile as he approached Xu Nian, who had emerged from his retreat.

For ten days, Xu Nian had been in seclusion.

To the Paper Taoist, achieving the Five Elements Elemental Avatar in ten days seemed almost impossible.

Seeing the smug smile on the Paper Taoist's face, Xu Nian knew what he was thinking.

Xu Nian directly grabbed a handful of soil, and with a thought, a Divine Pattern instantly merged with the soil.

In the next moment, an Earth Avatar appeared in front of the Paper Taoist.

The Paper Taoist was instantly dumbstruck.

"It... it succeeded? How is this possible?" the Paper Taoist said, incredulous.

He had spent over a hundred years researching the secret technique, yet Xu Nian succeeded in just ten days?

What the Paper Taoist didn't know was that Xu Nian had actually succeeded in five days.

The remaining time was spent preparing the elemental avatars.

To be sure, the consumption of Immortal Essence and Soul Power necessitated timely replenishment, which accounted for the delay.

Otherwise, Xu Nian couldn't have stayed in the Chaos Divine Palace for a full five hundred days.

Beside them, Leng Yanran also looked at Xu Nian's Earth Avatar with some surprise.

Even if her cultivation was different, she might not be able to tell Xu Nian's original form apart.

Appearance, demeanor, and Immortal Essence Wave were identical, even the soul aura was completely alike.

"The Five Elements Elemental Avatar indeed has its difficulty; creating it was no easy task. I spent quite some time finding the knack," Xu Nian said with a smile.

The Paper Taoist beside him had his mouth twitching.

Xu Nian spent a long time; what did the Paper Taoist's hundred-plus years amount to?

He finally understood; his master was indeed an anomalous genius.

If he truly competed, he would likely be infuriated enough to cough up blood.

Of course, he didn't know Xu Nian had also condensed Divine Fire Avatar and Divine Iron Avatar; if he knew, who knows how he would feel.

After all, crafting each elemental avatar demands tremendous effort.

"It's time to leave; with this elemental avatar, it's time to confront Wu Hao and the others properly," Xu Nian said with a smile.

With this elemental avatar now.

He conceived an excellent plan to deal with Wu Hao and the others.

Chapter 1553: A Turtle in the Jar

Next, Xu Nian bid farewell to Leng Yanran and continued flying towards the direction of Shendang Mountain.

According to his plan, he intended to confront Wu Hao and his group next.

He wanted to ensure that Wu Hao and his companions would all lose their lives in this mountain range.

...

Just as Xu Nian was rushing toward the mountain range where Wu Hao and his group were located,

on a massive peak in the Dragon Breath Mountain Range, Wu Hao and the other three were becoming impatient.

"Didn't you say that Xu Nian had long since left the Earth Immortal Sect's domain? According to the schedule, he should have been here by now, so why hasn't he shown up?" Wu Hao looked at Jiang Shengtian with displeasure.

"The information I received was indeed that he had left the Earth Immortal Sect, and by the timeline, he should indeed have arrived, but in recent days, no one has passed through here," Jiang Shengtian said with a frown.

"Could he be aware that we're planning to ambush him, so he took a detour? Or perhaps he's simply found a place to hide?" the female Immortal Venerable spoke up.

Her name was Li Cloud.

She was quite well-known within the Haotian Sect.

The fact that she had achieved her current cultivation level was largely due to Wu Hao's support.

"It shouldn't be. This is the closest route to Shendang Mountain. One side is the Turquoise Pool, and the other is the Ten Thousand Beast Mountain. The Turquoise Pool absolutely forbids male cultivators from passing, and as for the Ten Thousand Beast Mountain, there's a deep animosity between him and Shendang Mountain. If he really went through the Ten Thousand Beast Mountain territory, he would likely meet a very miserable end," Kuun Bin spoke up.

Jiang Shengtian quickly nodded in agreement.

Anyone with half a brain would choose to come through here.

"Then could he be hiding, intending to cultivate for decades or even centuries?" Wu Hao asked impatiently.

"That's possible, but not likely. After leaving the Earth Immortal Sect, it's all wilderness here, and the Immortal Essence in this area isn't absorbable. Even if he has his own cultivation resources, based on his expenditures at the auction, there shouldn't be much left," Kuun Bin replied.

Having spent more than twenty thousand nine-grade Immortal Marrow, even an Immortal Emperor would probably not be able to produce much more to sustain cultivation.

"So you're saying, he really can't stay in this wilderness too long. Then why hasn't he shown up yet?" Wu Hao's face showed dissatisfaction.

Kuun Bin remained silent.

Because he couldn't think of a reasonable explanation either.

"Hey, Brother Wu, Brother Kun, he's coming." Jiang Shengtian suddenly pointed at the swiftly approaching streak of light and exclaimed.

As soon as these words were spoken, Kuun Bin and Wu Hao both looked ahead.

They saw a figure speeding rapidly towards them.

"He really came. Hahaha!" Wu Hao laughed.

Kuun Bin's eyes also brightened.

But the most excited of all was Jiang Shengtian.

He clenched his fists, his eyes filled with intense killing intent.

"Li Cloud, once he arrives, deploy the Space Lock Divine Talisman, and don't let him escape," Wu Hao instructed Li Cloud at his side.

"Yes, Brother!" Li Cloud nodded immediately.

"It seems Xu Nian still doesn't know the danger he's in, charging straight at us without slowing down," Jiang Shengtian chuckled softly.

In his view, after today, Xu Nian would cease to exist in this world.

Everything Xu Nian had done to him before would all become a mirage.

From this day forth, the only one left in the world would be Jiang Shengtian, and no more Xu Nian.

Kuun Bin remained silent, his gaze icy cold.

He was contemplating whether the Xu Nian in front of them had brought his avatar along.

If he hadn't brought it, this planned kill might alert him.

But now, he had no other good options, and could only proceed step by step.

"Take action!"

Just as Xu Nian flew over the mountain range, Wu Hao gave a loud shout.

Then, four figures dashed out simultaneously, surrounding Xu Nian.

"It's you?" Xu Nian's face showed a surprised expression as he saw the four people.

"Hahaha, Xu Nian, didn't expect this, did you?" Jiang Shengtian sneered at Xu Nian, his eyes mocking.

Wu Hao was also very satisfied with the surprised look on Xu Nian's face.

He gave a signal to Li Cloud beside him.

Li Cloud immediately activated a Divine Talisman.

With the talisman activated, the entire space of the mountain range was instantly locked.

Xu Nian's expression changed.

"Space Lock?"

He found himself unable to enter the Chaos Divine Palace.

"Hahaha, Xu Nian, we long knew you had a Space Divine Artifact, so we planned it out. As soon as you appeared, we used the talisman to lock the space. This lock will last for 15 minutes, so even with wings, you won't fly away," Wu Hao laughed heartily as he spoke.

Jiang Shengtian also watched Xu Nian with a mocking expression.

Seeing their mocking expressions, Xu Nian was indeed a bit surprised.

But soon, an imperceptible cold smile appeared on his lips.

Yes, the Xu Nian before them was not the real Xu Nian.

It was just a mud avatar.

In reality, the real Xu Nian was on a distant hill, miles away.

This mud avatar was merely a scout to test Wu Hao and the others.

He hadn't expected it to draw out such a trump card of theirs.

Thinking of this, Xu Nian felt a sense of relief.

Fortunately, he met the Paper Taoist and cultivated the Elemental Avatar.

If the real Xu Nian had recklessly gone forward, under space lock, not only he couldn't enter the Chaos Divine Palace,

but his flying daggers couldn't perform space shuttling, greatly reducing their potency.

To kill them under such conditions would be nearly impossible.

He might even get killed by them instead.

Now with just a mud avatar, he wasted one of their Divine Talismans, definitely a worthwhile trade.

"Jiang Shengtian, was it you who killed Tantai Xun Yan's avatar?" Xu Nian asked Jiang Shengtian coldly.

"Haha, yes, it was indeed me. That bitch had a good relationship with you, didn't she? I originally planned to enslave her and let you see her being toyed with, but she refused to yield to death, so I sent her to meet King Yan," Jiang Shengtian sneered disdainfully.

His gaze towards Xu Nian carried a trace of ridicule.

A flash of killing intent appeared in Xu Nian's eyes.

Indeed, Jiang Shengtian targeted Tantai Xun Yan to retaliate against him.

Tantai Xun Yan had helped him in the Immortal Realm quite a few times, something Jiang Shengtian was well aware of.

"Jiang Shengtian, when you ascended to the Immortal Realm, as long as you hid obediently in the Fuyao Sect, I couldn't do anything to you. But you crossed the line, provoked me repeatedly," Xu Nian said coldly.

Tantai Xun Yan was now his woman.

With her avatar slain, Xu Nian wouldn't let it slide.

Jiang Shengtian must die.

"Haha, provoked you? Crossed the line? Xu Nian, it seems you haven't figured out the situation. Now you're a fish in a barrel. Not only will I destroy your bottom line, but after you're dead, none of your women will escape," Jiang Shengtian's eyes were maliciously intent.

Beside him, Wu Hao also laughed coldly, as if watching a spectacle.

Staring at the arrogant Jiang Shengtian, Xu Nian's gaze turned icy cold.

"Jiang Shengtian, today is your death day," Xu Nian sneered.

With that, Xu Nian's figure instantly turned into a stream of light, attacking Jiang Shengtian directly.

In his hand, a sharp sword stabbed out, imbued with a strong Black Hole Law.

Jiang Shengtian's face changed, and he immediately backed off.

"Hmph, courting death!"

Wu Hao snorted coldly, his figure flashing as he appeared in front of Jiang Shengtian.

He struck out a palm, also imbued with a powerful Earth Attribute Law power.

Chapter 1554: Professional Sparring Partner

Xu Nian's sword was imbued with the power of the Law True Intent Great Success Realm.

Therefore, the might of this sword was definitely not something Jiang Shengtian at the Early Stage Immortal King level could withstand.

However, in Wu Hao's eyes, this was simply no match.

"Too slow, so that's all the strength you have."

Wu Hao's figure flickered, and he struck Xu Nian's chest with a palm.

A violent Earth Attribute Law Wave erupted instantly.

This law wave was extremely fierce and powerful, and the Law Power within seemed to have been sublimated even further.

Xu Nian's sharp sword hadn't even reached Jiang Shengtian before Wu Hao's palm struck his chest.

"Boom!"

The terrifying force instantly sent Xu Nian's body flying.

"Haha, Xu Nian, with Brother Wu Hao here, you think you can kill me?" Jiang Shengtian's eyes were filled with ecstatic mockery as he looked at Xu Nian, who was sent flying like a dead dog.

Although he couldn't defeat Xu Nian, with Wu Hao and Kuun Bin present, Xu Nian couldn't harm him at all.

Wu Hao was also extremely disdainful at this moment.

This Xu Nian, in front of him, was simply no match.

However, Kuun Bin furrowed his brows.

"So strong, the Earth Attribute Earth Explosive Law, has actually reached the Law True Body Perfection Realm."

Xu Nian thought to himself, looking at Wu Hao in front of him, his brows tightly knit.

Looking again at his chest, there was a huge hollow.

However, there was not a drop of blood on his body; instead, it revealed the pitch-black soil.

"Not good, this Xu Nian isn't the real body."

Kuun Bin suddenly exclaimed, using his finger as a sword, slashing out.

The sword light was as strong and ultimate as an extremely dark radiance.

The Sword Radiance flashed, directly splitting Xu Nian's figure in two.

The speed was so fast that Xu Nian had no time to react.

"Uh?"

Yet as soon as Kuun Bin slashed his sword.

Xu Nian's figure also turned into two piles of soil.

"Soil? How is this possible?" Jiang Shengtian's face changed drastically.

Wu Hao was also full of amazement.

Li Cloud was full of confusion.

How could a good person turn into soil?

Kuun Bin then approached the soil, looking at the soil already emitting Immortal Essence, his brow furrowed to the extreme.

"We've been tricked; this isn't Xu Nian's true form, but his Earth Avatar, and his true form is probably still far away." Kuun Bin said solemnly.

"Tricked?" Jiang Shengtian's face changed drastically.

He had no recollection of Xu Nian having an Earth Avatar.

"Tell me, how many avatars does Xu Nian actually have?" Wu Hao immediately glared at Jiang Shengtian in anger.

He had originally thought he could slay Xu Nian, but didn't expect to be fooled in the end.

Moreover, he had wasted a Divine Talisman in vain for Li Cloud.

Such a Divine Talisman certainly doesn't have a second one.

"Xu Nian only has three avatars: a Divine Demon Avatar, a human true form, and an Undying Devouring Sky Beast; how could an Earth Avatar suddenly appear out of nowhere?" Jiang Shengtian was also clueless.

"Then what's the deal with this Earth Avatar?" Wu Hao was a little unwilling.

He didn't expect that in the end, it would all be for nothing.

"It seems it's not his fault; this is not a true avatar in the strict sense, but an Elemental Puppet condensed with a secret technique. We've all been played by him. This guy probably knew from the start that we wanted to kill him, so he sent such an Elemental Avatar to test us." Kuun Bin pondered for a moment and said.

"Right, Xu Nian is that cunning and despicable." Jiang Shengtian clenched his fists as well.

Wu Hao was even more furious: "So what do we do next?"

"We wait. Since Xu Nian came to test us, it means he hasn't passed yet. We just need to hold this place, and he can only be blocked by us here." Kuun Bin said.

"But what if he keeps hiding and doesn't come out? Are we just going to stay here indefinitely?" Wu Hao said angrily.

"There's no other way. My intuition tells me he won't let it go like this." Kuun Bin said.

Upon hearing this, Wu Hao was so angry he nearly exploded with rage.

But he had no better option.

So he could only listen to Kuun Bin and continue waiting.

"Xu Nian, don't let me catch you, or I'll definitely tear you to pieces."

Wu Hao roared towards the sky, his anger reaching the heavens.

Jiang Shengtian also had his fists clenched, his eyes furious.

That damned Xu Nian was as slippery as an eel.

...

Meanwhile, on a hill thousands of miles away from Wu Hao and the others, Xu Nian opened his eyes.

His face also showed a look of surprise.

This test proved to be extremely fruitful for him.

First, he wasted that Divine Talisman.

This way, even if his true form was discovered by them, he could enter the Chaos Divine Palace in time.

Secondly, the strength of Wu Hao and Kuun Bin.

The strength of these two was somewhat beyond Xu Nian's expectations.

Wu Hao had comprehended the Earth Explosive Law and had surprisingly reached the Law Furnace stage.

After being refined by the Law Furnace, the Law Power becomes more refined and powerful.

Wu Hao's strength was evidently above Xu Nian's.

Of course, if Xu Nian used that Mid-grade Divine Artifact Flying Saber, he might be able to kill Wu Hao in one strike.

But that wouldn't necessarily be the case for Kuun Bin.

Even though Kuun Bin made a move only momentarily, Xu Nian clearly felt Kuun Bin's strength.

The black Sword Radiance was definitely the Second Grade Ultimate Darkness Law Black Brilliance Light.

The most crucial thing is that Kuun Bin's understanding of the law had reached the level of the Law Heart.

Xu Nian couldn't ascertain the actual realm.

After all, his understanding of the Law Heart was still limited.

But one thing was certain, Kuun Bin's attack speed might kill him before he could unleash the flying saber.

"I guess I underestimated them after all. If so, it will take more planning to kill them, but since they are so strong, they could be good opponents for honing my skills." Xu Nian suddenly showed a sly smile.

In the next moment, he summoned another Earth Avatar.

Then he controlled the Earth Avatar to head towards the Dragon Breath Mountain Range.

"It's him, Xu Nian is here." Li Cloud said in surprise at the Dragon Breath Mountain Range.

Wu Hao, Jiang Shengtian, and the others looked at Xu Nian with extreme killing intent in their eyes, full of astonishment.

However, Kuun Bin's brows furrowed to the extreme.

Xu Nian showing up at this time was absolutely unexpected.

"Wu Hao, if you have the ability, come and kill me!" Xu Nian provocatively said to Wu Hao.

"Courting death!"

Wu Hao was enraged and immediately charged at Xu Nian.

Xu Nian didn't dodge, using the Black Hole Law to face Wu Hao.

"Boom!"

Wu Hao's strength far surpassed Xu Nian's.

He punched Xu Nian in the chest.

The terrifying Law Power exploded.

Xu Nian's body turned to dirt and scattered.

"Damn, another Earth Avatar."

Wu Hao cursed instantly.

Jiang Shengtian and Li Cloud also showed a hint of disappointment in their eyes.

"Wu Hao, it seems you are just this capable."

Yet just as Wu Hao was enraged.

Another Xu Nian appeared from a distance, once again provoking Wu Hao.

Wu Hao's fury reached its peak instantaneously.

He immediately charged at Xu Nian again.

"Boom!"

This time, it was another merciless slaughter.

However, shortly after he struck, another Xu Nian appeared again.

Wu Hao's mouth twitched instantly, overcome with a feeling of disgust.

Jiang Shengtian also felt his scalp tingle.

Just how many of these avatars does Xu Nian have?

Kuun Bin's eyes were sharp: "It seems Xu Nian is using you as a sparring partner."

Wu Hao was instantly incensed to a point of extreme rage.

Chapter 1555: Law True Body Perfection

"How many has it been?"

Wu Hao clenched his fists, looking at the clay figure before him, with an uncontrollable killing intent surging deep in his eyes.

"This is the 108th one."

Li Yun said.

At this moment, even she was a bit speechless.

Xu Nian repeatedly sent avatars to provoke Wu Hao.

Each time, it enraged Wu Hao, forcing him to take action.

Initially, they were easily killed by Wu Hao, but gradually, they could withstand a move from him.

There were a total of 108 avatars.

It seemed like he really saw Wu Hao as his testing stone.

Not to mention anything else, there were exactly 108 top-grade immortal artifacts.

"What does this guy really want? Is he truly honing himself through battle?" Jiang Shengtian clenched his fists, his eyes filled with rage.

He originally thought Xu Nian only had three avatars, and killing one would mean one less.

But now Xu Nian seemed to have endless avatars.

When would this end?

"He's using you, constantly fighting to seek a breakthrough in the law. From the actions of these 108 avatars, it's evident that his mastery over the Earth Attribute Black Hole Law is consistently progressing, and quite significantly too." Kuun Bin said with a frown.

This can't go on indefinitely.

Now it seems Xu Nian's avatars are inexhaustible.

If this continues, when Xu Nian breaks through, they might not be able to kill him at all.

"We can't just sit back and wait for death; Kuun Bin, you guard here, while I go in to hunt him down. Even if I have to dig three feet into the ground, I will find him." Wu Hao said angrily.

Kuun Bin frowned at his words.

For some reason, he felt like this was exactly what Xu Nian wanted.

But indeed, there was no better plan at hand.

"Brother, I'll go with you." Li Yun spoke up.

"Alright, then Jiang Shengtian, you stay here with Brother Kuun Bin; I refuse to believe he can hide forever." Wu Hao said angrily.

With that, he left the mountain range with Li Yun to start searching for Xu Nian.

"This time, Xu Nian is definitely dead." Jiang Shengtian said furiously.

Kuun Bin glanced at him without saying a word.

Jiang Shengtian was puzzled.

Did he say something wrong?

Kuun Bin looked ahead, but felt a sense of unease.

...

On the hills, Xu Nian suddenly opened his eyes, a slight smile curling the corners of his mouth.

"Finally willing to leave." Xu Nian muttered to himself with a smile.

Indeed, it was part of Xu Nian's plan.

He intended to separate Wu Hao and Kuun Bin.

Because with the two of them together, Xu Nian had no confidence in killing them all.

But once Wu Hao and Kuun Bin were separated, he could take them down one by one.

Compared to Kuun Bin, Wu Hao was much easier to deal with.

"The battle experience from 108 avatars was quite rewarding; I now have a little insight into the Law Furnace." Xu Nian said with a smile.

In the next moment, he directly entered the Chaos Divine Palace.

Then, he began attempting to condense the Law Furnace.

The so-called Law Furnace was actually the process of refining the power of laws within the body.

Using the body as the furnace, soul power as the flame, and merging the power of laws with immortal essence into one, creating a law energy that entirely belonged to oneself.

This process was extremely difficult and particularly dangerous.

Any slight mistake could result in an explosion of the furnace.

Once it exploded, even an Immortal Emperor could be severely injured, or suffer a significant drop in cultivation.

So, without absolute confidence, no one dared to attempt refining in the Law Furnace.

Xu Nian calmed his mind, starting to control the immortal essence and Black Hole Law Power within him.

The black law power gathered within Xu Nian's body, beginning to merge with the green immortal essence.

Powerful soul power constantly surged within, transforming into soul flames, starting to refine the two powers.

The current power of laws, and the elemental power produced upon reaching the Divine Realm, were different.

The power of laws Xu Nian now controlled was still incomplete law power.

Only by reaching the Divine Realm and possessing godhood could one condense complete elemental power within.

However, as Xu Nian's soul flame refined, the immortal essence and Black Hole Law Power started to resist.

Both powers began struggling, continuously colliding.

"Boom! Boom! Boom!"

The energy storm generated by the clash of the two powers erupted again and again within Xu Nian.

Fortunately, Xu Nian's body was strong; otherwise, he would have been completely shattered by this power.

"Pfft!"

Still, Xu Nian spat out a mouthful of blood, obviously unable to ignore the impact of such a collision.

"Again!"

Xu Nian roared in his heart.

He started attempting to merge the two powers once more.

The result was still failure.

"Again!"

Xu Nian roared unwillingly in his heart.

Attempting to refine the two powers again and again.

And after Xu Nian had tried thousands of times, the two powers finally began showing signs of fusion.

"Did it succeed?"

Xu Nian was pleasantly surprised.

At this moment, a trace of black-gold power was birthed within him.

This trace of power was incredibly strong, more than dozens of times stronger than the Black Hole Law Power Xu Nian previously deployed.

"Such powerful strength; is this the power of the melting laws after the Law Furnace's refinement?"

Xu Nian thought in surprise.

This was still an incomplete law refinement.

If the divine power and true elemental power were fused, how strong would the resulting power be?

At this moment, Xu Nian also gained some insight into the strength of a divine strong person.

"With this melting power, dealing with Wu Hao becomes much easier." Xu Nian chuckled.

His gaze also became sharp.

He had vowed to avenge Tantai Xun Yan, and he would keep his word.

As for the wrath of the Heavenly Immortal Emperor Haotian?

Xu Nian had already made plans.

The Chaos Divine Palace concealed his presence; even the Heavenly Immortal Emperor Haotian could not find him.

"It's time to meet this Wu Hao." Xu Nian muttered with a smile.

In the next instant, ten earth avatars appeared directly in the world.

One had to admit, the Paper Taoist's combat style was indeed enjoyable.

Hide on the side, let the elemental avatars go first.

Then, at the last moment, come out to ambush the opponent.

The method may be sneaky, but it's extremely practical.

"Next, let's meet this Wu Hao." Xu Nian chuckled.

Then he controlled the ten avatars to head towards Wu Hao's direction.

Meanwhile, Xu Nian's true self stayed in the Chaos Divine Palace, transforming it into dust, attaching it to one of the earth avatars.

...

"Damn, where exactly is Xu Nian?" Wu Hao, at this moment, had searched through most of the wilderness.

Yet he found no trace of Xu Nian, making him incredibly furious inside.

He had never felt so stifled before.

Wanting to kill someone, but being led around by the nose.

"Brother, it seems he's coming." Li Yun surprisingly pointed in the direction ahead.

Wu Hao frowned, looking forward.

Seeing ten Xu Nians simultaneously sweeping towards him.

"These avatars again!" Wu Hao was utterly furious, his killing intent instantly skyrocketing to its peak.

Chapter 1556: Slaying Wu Hao

"Whoosh, whoosh, whoosh!"

Ten avatars directly surrounded Wu Hao and Li Cloud.

Both Wu Hao and Li Cloud's expressions were extremely furious.

Especially Wu Hao, with an irrepressible killing intent in his eyes.

"Xu Nian, do you dare to let your true self come out and fight me honorably? What's the point of sending out these soil avatars?" Wu Hao roared.

"Whether there's a point or not, you'll soon find out." Xu Nian replied with a light laugh.

After he finished speaking, the ten avatars simultaneously raised ten heavy swords.

Each avatar radiated an imposing aura of the Law True Body Perfection Realm.

"Huh? You've already reached the Law True Body Perfection?" Wu Hao was immediately shocked.

Li Cloud also displayed a look of surprise.

Because not long ago, Xu Nian's insight was only at the Law True Body Great Success Realm.

How did he reach the Law True Body Perfection Realm in just a few days?

What kind of terrifying speed of progress is this?

"For this, I must thank you, Mr. Wu, for your meticulous guidance." Xu Nian said with a smile.

If it weren't for Wu Hao's repeated sparring sessions, he wouldn't have been able to grasp the essence of the Law Furnace so quickly.

Thus, his breakthrough to the Law True Body Perfection Realm owes much to Wu Hao.

"Hmph, even if you've reached Law True Body Perfection, do you think these few avatars alone can kill me? You're being too naive." Wu Hao scoffed coldly.

A Law Sword suddenly appeared in his hand.

"Want to find out if I can kill you? Try me." Xu Nian smirked coldly.

The next moment, they charged at Wu Hao.

Although these soil avatars were at the Immortal King Peak cultivation level.

But the Immortal Essence within them was bestowed by Xu Nian, and the quality of Xu Nian's Immortal Essence was not inferior to that of a strong late-stage Immortal Sovereign.

So the true strength of these soil avatars definitely matched the Late Stage Immortal Sovereign level.

Along with the insight at the Law True Body Perfection Realm.

The combat power of the avatars was undeniably strong.

"Buzz!"

All ten avatars attacked simultaneously, continuously assaulting Wu Hao.

The manifestations of the Law Melting Power created such powerful attacks that even Wu Hao felt a massive threat.

At this moment, Wu Hao was completely overpowered.

Previously he had the advantage in the Law Realm, but now there was no advantage at all.

How could this not make him feel suffocated?

"Bang!"

One of Xu Nian's avatars struck Wu Hao's chest with a heavy sword.

"Bam!"

Wu Hao was instantly knocked flying, crashing into a mountain and causing it to collapse.

Seeing this scene, Li Cloud was utterly dumbfounded.

Previously Wu Hao could kill Xu Nian like killing a chicken, and now in such a short time, he was being overpowered by Xu Nian.

Looking at Xu Nian's avatars, none of them were damaged.

"This Xu Nian is truly formidable," Li Cloud thought in amazement.

"Xu Nian, I'm going to kill you!"

At this moment, a surge of furious anger erupted from the collapsed mountain.

The next moment, terrifying power exploded.

A disheveled figure charged out from the ruins.

Their hair was disarranged, face covered in dirt.

Their eyes bloodshot, the whole person was already in a frenzied state.

"Wu Hao, it seems now you can't do anything to me." Xu Nian sneered.

"You forced my hand!" Wu Hao raged.

The next moment, a Divine Sword appeared in his hand.

As soon as the Divine Sword emerged, it erupted with an immensely powerful aura.

"A Divine Sword? Senior Brother even forced out the Divine Sword," Li Cloud exclaimed in surprise.

Xu Nian was also a bit taken aback.

It seems Wu Hao is indeed quite extraordinary, even possessing a Divine Sword.

But considering that his father is the Heavenly Immortal Emperor, Xu Nian wasn't surprised.

"Buzz!"

The Divine Sword radiated intense Law Waves.

With the power of Law Melting, the momentum unleashed by the Divine Sword was extremely formidable.

"Hmph, I'd like to see how you plan to withstand my attacks." Wu Hao snorted coldly and slashed directly at Xu Nian.

The divine power unleashed by the Divine Sword was extremely formidable.

Xu Nian could not resist and was instantly cut in half by the divine power emanating from the Divine Sword.

"Hmph!"

Another sword strike, and another soil avatar was sliced in half.

One must admit, the power of this Divine Sword is indeed very strong.

"Xu Nian, today is the day of your death," Wu Hao declared coldly.

"Wu Hao, you might find killing me isn't so easy," Xu Nian retorted with a cold smile.

The next moment, a Black God Hammer appeared in the hand of one of Xu Nian's soil avatars.

Simultaneously, a Divine Iron Avatar also emerged in the external world.

"Ah, looks like your true self is right here," Wu Hao's lips curved into a slight smile.

He looked at the Divine Artifact in the soil avatar's hand and the newly appeared avatar.

"That's right, if you can kill all my avatars, my true self will naturally appear." Xu Nian laughed.

"Fine, have it your way then," Wu Hao replied.

Then he charged directly at Xu Nian's avatar.

Xu Nian's avatar simply snorted.

And swung the hammer, meeting Wu Hao's Divine Sword.

"Clang!"

The two powers collided.

Instantly creating a terrifying shockwave.

The surrounding mountains and trees were shattered to pieces.

Li Cloud was also blasted away by this terrifying energy wave, feeling utterly shocked by the sight.

Wu Hao's expression was one of astonishment.

Xu Nian actually blocked his Divine Sword attack?

"Clang, clang, clang!"

In the next three exchanges, both were evenly matched.

"It seems your Divine Artifact doesn't give you an advantage," Xu Nian quipped again with a cold smile.

Wu Hao was filled with immense killing intent.

"Xu Nian, I'm going to kill you!" Wu Hao immediately activated the Divine Power Liquid.

Yet this time, the Divine Iron Avatar charged straight ahead.

Wu Hao's fists crashed into the Divine Iron Avatar, creating a loud booming sound.

However, the Divine Iron Avatar was only knocked back but did not suffer any damage.

This was, after all, a Divine Iron of Low Grade Divine Artifact—its hardness was not something Wu Hao could easily damage.

Thus, refined into an avatar by Xu Nian, it completely blocked Wu Hao's attacks.

"Whoosh!"

The avatar was knocked back but flew back again.

Seeing this, Wu Hao was also shocked.

He did not expect Xu Nian, besides having soil avatars, also had such a remarkably durable golden avatar.

Thinking of this, Wu Hao became even more furious.

He quickly activated the Divine Sword, slashing at the golden avatar.

The golden body was slashed with one after another sword imprints.

But instead, it couldn't shatter the golden avatar's body.

"Wu Hao, it seems you're not much after all," Xu Nian sneered coldly.

"You dare look for death!"

Wu Hao was extremely furious.

Immediately, he activated all the divine power within him, the Divine Sword in his hand burst forth, thrusting out with a single stab.

With the divine power bursting out, the Divine Sword shone with an incomparably brilliant light.

"Pfft!"

This time, Xu Nian's golden avatar was finally pierced through.

The Divine Talisman within was also damaged, turning into a piece of Divine Iron falling to the ground.

"Haha, Xu Nian, even your golden avatar is not exempt from my killing," Wu Hao laughed heartily.

"Is it so?"

But just then, a gold-colored streak of light shot out from the void.

The speed was something Wu Hao had never seen in his life.

Wu Hao immediately swung his sword to block.

Clang!

The Divine Sword was directly pierced through.

The next moment, Wu Hao's abdomen was also pierced.

"Mid-grade Divine Artifact?" Wu Hao's eyes widened with an expression of disbelief on his face.

Li Cloud beside him couldn't help but be wide-eyed with astonishment.

Wu Hao was actually killed?

Chapter 1557: Heavenly Immortal Emperor

Wu Hao never dreamed that he would die at the hands of Xu Nian.

And in Xu Nian's hands, there was actually a Mid-grade Divine Artifact, which even his Divine Sword couldn't withstand.

Looking at the Divine Sword pierced in his hand and the blood hole in his chest, Wu Hao felt his Life Energy frantically flowing away.

No matter how he utilized Divine Power and Immortal Power, he couldn't heal the wound on his Immortal Embryo.

"Xu Nian, you've killed me, don't think you'll live. My father won't let you go." Wu Hao shouted furiously.

"Of course I know, provided your father can find me." Xu Nian replied with a cold laugh.

Hearing this, Wu Hao's heart was suddenly startled, and his eyes revealed an expression of extreme unwillingness.

Xu Nian looked at Wu Hao and continued, "Wu Hao, years ago you forced Sister Tantai's parents to death, so you deserve today's outcome."

"Tantai?" Wu Hao was initially stunned, then as if recalled something.

Anger filled his eyes instantly.

It turned out to be such an insignificant person. He actually lost his life because of this ant.

"Xu Nian, you will die a horrible death!"

Wu Hao roared angrily.

The next moment, his entire being turned into ashes, leaving no remains.

Xu Nian looked at the vanished Wu Hao, but there was not much fluctuation in his eyes.

Against a Mid-grade Divine Artifact, Wu Hao naturally couldn't withstand it.

With Wu Hao dead, only the Female Immortal Venerable remained.

Seeing Xu Nian look at her, the Female Immortal Venerable instantly felt her blood run cold.

"Don't... don't kill me, we have no grievances, don't kill me." The Female Immortal Venerable hurriedly begged for mercy.

But Xu Nian's eyes were cold as ice.

This cold gaze made the Female Immortal Venerable's back instantly chill.

"If you don't kill me, I'm willing to do anything, I can serve you." The Female Immortal Venerable said urgently.

However, Xu Nian shook his head.

He activated the Mid-grade Divine Flying Saber and pierced the Female Immortal Venerable instantly.

The Female Immortal Venerable looked unwilling, yet her life was frantically fading.

Finally, her body also turned into ashes, dissipating in the air.

After finishing all this, Xu Nian was preparing to leave.

"How dare the audacious thug kill my son!"

Suddenly, a terrifying storm erupted in the sky.

Following that, a figure appeared in the sky.

The arrival was a middle-aged man, whose eyes were filled with intense Killing Intent toward Xu Nian.

"Heavenly Immortal Emperor?"

Xu Nian frowned.

Unexpectedly, the Heavenly Immortal Emperor came so quickly.

But obviously, this Heavenly Immortal Emperor did not come in person; it was a Body Separation.

"Your son was out to kill me first, I merely acted in self-defense, being counter-killed by me couldn't possibly be my fault?" Xu Nian responded without a retreating aura.

"Humph, how could your life compare to my son's?" The Heavenly Immortal Emperor said angrily.

After his words, he directly shattered one of Xu Nian's Soil body separations with a palm.

Xu Nian felt extreme anger within.

The apple doesn't fall far from the tree.

If that's the case, then there's nothing left to discuss.

"Heavenly Immortal Emperor, if you seek vengeance for your son, do come to find me, provided you can find me." Xu Nian laughed coldly.

Then, the remaining three body separations all exploded, turning into Soil.

The Heavenly Immortal Emperor, witnessing this scene, was immediately filled with rage.

A terrifying Immortal Consciousness instantly swept across, seemingly wanting to identify Xu Nian's true body.

However, his Immortal Consciousness scanned thousands of miles, yet completely failed to locate Xu Nian's sight.

"How is it possible? How could I fail to find an Immortal King?" The Heavenly Immortal Emperor growled.

"Right, Space Divine Artifact, this guy possesses a Space Divine Artifact, damn it." The Heavenly Immortal Emperor's fist tightened, emitting a roar of utmost fury.

The terrifying Immortal Essence exploded around him instantly.

A giant abyss formed thousands of miles around him.

But even though the Heavenly Immortal Emperor leveled thousands of miles, he couldn't find a trace of Xu Nian anywhere.

"Xu Nian, don't let me find you, otherwise I will tear you to pieces and avenge my son." The Heavenly Immortal Emperor's roar echoed throughout the Immortal Realm.

Everyone in the Immortal Realm was amazed.

Who on earth could it be?

Dared to kill the Heavenly Immortal Emperor's son?

Guarding the Dragon Breath Mountain Range, Jiang Shengtian and Kuun Bin also wore faces of surprise.

Wu Hao is dead?

Especially Jiang Shengtian, he couldn't believe it, Wu Hao was actually killed.

And killed by Xu Nian.

The Heavenly Immortal Emperor's angry roar clearly indicated Xu Nian was still alive.

"How is it possible, did Xu Nian kill Brother Wu Hao and still escape the Heavenly Immortal Emperor's pursuit?" Jiang Shengtian said in shock.

In his view, it was completely impossible.

"Nothing is impossible; from the start, Xu Nian was provoking Wu Hao, separating him from me, then leading him aside to kill him, advancing step by step, Xu Nian is much smarter than I imagined, and his manipulation skills surpass mine." Kuun Bin said.

He also rose to his feet.

"Damn it, this Xu Nian is so strong? Even Brother Wu Hao isn't his match?" Jiang Shengtian cursed inwardly.

Xu Nian's strength filled him with envy.

"Perhaps not strength, but some rather valuable tactics, yet Wu Hao possessed a Divine Artifact nevertheless died, which shows Xu Nian's tactics are strong." Kuun Bin analyzed.

Jiang Shengtian was even more envious in his heart.

Even Brother Kuun Bin praised Xu Nian's strength.

"Then what do we do next, do we continue to guard here?" Jiang Shengtian asked angrily.

"Guard here for what? He won't reveal himself again so easily. He has offended the Heavenly Immortal Emperor now, perhaps facing the entire Immortal Realm's hunt. The Heavenly Immortal Emperor won't rest until avenged." Kuun Bin said.

Hearing this, Jiang Shengtian's eyes turned fierce.

This Xu Nian is courting death, offending the Heavenly Immortal Emperor; only death awaits him.

"Indeed, without a doubt, Xu Nian will die." Jiang Shengtian said with a cold smile.

"Jiang Shengtian, I know your thoughts. You envy Xu Nian, thinking that with his death, you can surpass him. But I tell you, just his determination despite knowing the chase of the Heavenly Immortal Emperor, yet still slashing Wu Hao, has left you utterly defeated." Kuun Bin looked at Jiang Shengtian and said.

Jiang Shengtian was stunned.

Unexpectedly, Kuun Bin would say such words.

His fists clenched tightly, his eyes filled with strong unwillingness.

Even Brother Kuun Bin thinks he is inferior to Xu Nian.

Where, exactly, is he lacking?

If he had such a Divine Artifact in hand, he absolutely would be much stronger than him.

"Xu Nian, someday I will surpass you." Jiang Shengtian shouted angrily in his heart and then looked at Kuun Bin, saying, "Brother Kun's lesson is noted, Shengtian won't forget."

Kuun Bin glanced at Jiang Shengtian and said nothing.

Then he flew in one direction.

Jiang Shengtian naturally followed closely behind.

...

Just after Kuun Bin and Jiang Shengtian left not long ago.

A flying saber broke through the air.

Then Xu Nian's figure appeared.

Indeed, long before the Heavenly Immortal Emperor's Body Separation arrived.

Xu Nian had controlled the Divine Flying Saber carrying Chaos Divine Palace dust to break through into a depth of ten thousand meters underground.

Thus, the Heavenly Immortal Emperor couldn't find him through Immortal Consciousness.

What Xu Nian didn't expect was, however, Kuun Bin had actually left with Jiang Shengtian.

Chapter 1558: Third Senior Sister Tong Yao

It's been nearly ten days since Xu Nian slew Wu Hao.

This time, the entire Immortal Realm was once again in an uproar because of Xu Nian.

The reason being none other than Haotian Sect posting a sky-high bounty.

The target of the bounty is naturally Xu Nian, but the amount of the reward was shocking to everyone.

A low-grade Divine Artifact, ten drops of Divine Power Liquid, a hundred thousand drops of nine-grade Immortal Marrow, plus three low-grade Divine Pills.

Such a lavish reward caused the entire Immortal Realm to boil over.

Not to mention others, even Xu Nian himself was tempted when he saw this reward.

Furthermore, many people knew that Xu Nian had several Divine Artifacts in his possession, so Haotian Sect especially noted.

Anyone who kills Xu Nian can claim everything obtained from him.

Thus, the allure of several Divine Artifacts along with Godhood reached an extreme.

This bounty also became the highest bounty in the Immortal Realm.

All Hunting Immortals and even disciples from great sects began searching for Xu Nian's whereabouts.

If it weren't for the Immortal Emperor experts feeling a loss of status, they might have taken action against Xu Nian.

"How interesting, Haotian Sect really wants to make me the true enemy of the Immortal Realm."

Within an isolated city, Xu Nian was sitting cross-legged in a courtyard.

This courtyard was rented by Xu Nian.

Because there were less than two months left until the Sky-reaching Trial.

In these two months, Xu Nian was unable to return to Shendang Mountain.

And according to the rules of the Sky-reaching Trial, all participants must enter the Sky-reaching World in the final month.

So Xu Nian decided to stay here, waiting for the trial to end completely before moving forward.

"Better first achieve Law Melting with the wind attribute, and then enter the Sky-reaching World."

Xu Nian murmured to himself.

He started attempting to melt the Wind Attribute Red Flame Extreme Point Penetration Law.

The whole process took Xu Nian another ten-day period.

Finally, Xu Nian successfully melted the power of the Wind Attribute Law.

Thus, he obtained a cyan-gold power formed by the Wind Attribute Law and his own Immortal Essence.

This power's penetration degree could probably shake the low-grade Divine Artifact Level.

This discovery made Xu Nian's heart ecstatic.

"Time to enter the Sky-reaching World, I wonder if my ranking has fallen behind." Xu Nian laughed and mused.

Immediately, he entered the Sky-reaching World.

Upon entering, Xu Nian saw a lot of new information on his Identity Token.

Some were sent by Ji Qingyu, others by fellow disciples from Shendang Mountain.

Most were challenging Xu Nian.

Among them was the Lin Fu who had previously chased after Xu Nian.

"I didn't expect my ranking not only didn't drop but actually rose, directly reaching twenty-fourth place." Xu Nian laughed to himself.

Why this situation occurred.

It was precisely because some of the senior brothers ranked ahead of Xu Nian were slain.

And those behind didn't catch up either.

So it led to his ranking not declining, but rather improving.

Of course, the gap between him and the first place was growing larger.

Currently, the first-place score has already reached ninety million.

As for Lin Fu, he still remains in third, but his points have also risen to over forty million.

"I wonder which place I can climb to."

Xu Nian smiled slightly, beginning to search for appropriate prey.

Now the map of the Sky-reaching World is gradually shrinking, basically all Immortal Beasts and Abyss Demons have been hunted.

Only a few remain, some particularly strong Abyss Demons are still out there.

These Abyss Demons have power that should not be taken lightly.

They definitely count as top-tier experts within the Immortal Sovereign Peak Realm, equating fully to Half-Emperor level experts.

Such a level, even the top three, would have difficulty hunting them.

"Swish!"

Suddenly, Xu Nian spotted a woman flying rapidly.

This woman's ranking isn't low, already reaching sixty on the leaderboard, with a score of thirteen million.

"Are you Xu Nian?" The woman looked at Xu Nian, clearly surprised.

"Yeah, I'm Xu Nian, sister is?" Xu Nian asked curiously.

She was apparently also a disciple of Shendang Mountain.

"Haha, I am your third senior sister Tong Yao, I am under Taichu Immortal Emperor just like you. Recently, I have been hearing your name quite a lot." The woman smiled.

Xu Nian was a bit surprised.

Didn't expect this woman in front of him is also a disciple of Taichu Immortal Emperor.

And she is his third senior sister.

"Xu Nian greets Senior Sister." Xu Nian said respectfully.

He glanced at Tong Yao and found her cultivation had already reached the Immortal Sovereign Peak.

She seemed strong in Law Comprehension as well, clearly having achieved Law True Body Great Success Realm.

Such strength, although she couldn't rank in the Immortal Sovereign List.

Nevertheless, within the Immortal Sovereign Realm, she counts among the top-tier batch of experts.

As for appearance, Tong Yao's looks are considered top grade.

Much prettier than Sister Zhu Xin, and there's a hint of mature charm about her.

"Not bad, I've long heard about you from Zhu Xin and the others, now seeing you in person, indeed extraordinary, come, let sister see how strong your abilities truly are." Tong Yao said with a smile.

"Sister, this isn't proper, right?" Xu Nian hesitated.

"Nothing improper, if you can defeat sister, I'll give you all my points." Tong Yao said with a grin.

Then she casually made a move.

Her Law True Body Great Success Realm burst forth, surging with strong Light Attribute Law.

"Radiant Sword!"

Tong Yao called out.

An extremely sharp sword of radiance shot toward Xu Nian.

The fluctuations contained in this Radiant Sword were exceedingly terrifying.

Even Xu Nian felt a fearsome aura.

"Light Attribute Law Sun Radiance?"

Xu Nian was surprised.

Didn't expect Tong Yao to comprehend the Sun Radiance Law.

This law is extremely dominant in power, able to conjure stars out of nothing and unleash formidable attacks using the power of stars.

The might released by this Radiant Sword before him certainly equates to the combined energy of a hundred intermediate stars.

And the speed of this light sword is unusually terrifying.

"Junior Brother, if you can't take this sword, don't blame Senior Sister." Tong Yao's laughter echoed.

Xu Nian's lips curved into a helpless smile.

As he faced the terrifying Radiant Sword, a strong Black Hole Law commenced.

The Black Gold Power condensed directly on his fist.

Then Xu Nian struck with a fist.

Instantly shattering the entire Radiant Sword into countless pieces.

"What?"

Tong Yao's face was suddenly shocked.

Her gaze toward Xu Nian was filled with an intense disbelief.

Until she saw the Black Gold Power surging on Xu Nian, her expression was even more astounded.

Law True Body Perfection?

How is this possible?

"Sister, my strength didn't let you down, right?" Xu Nian said with a smile.

Tong Yao's face immediately showed a bitter smile upon hearing this.

This junior brother truly isn't simple.

At such an age, he had already reached Law True Body Perfection Realm.

Chapter 1559: Tenth on the Immortal Sovereign List

"Junior Brother, I didn't expect your strength to be so formidable. It seems the rumors are indeed true, even Wu Hao of the Haotian Sect was killed by you," Tong Yao said with a smile.

Xu Nian smiled lightly.

"Senior Sister is overpraising me. I've just been lucky, that's why my strength has increased so quickly," Xu Nian replied with a smile.

"Luck is also part of your strength," Tong Yao said with a smile.

Xu Nian chuckled, "Senior Sister, shall we continue the battle?"

"No more fighting. You've already reached the Law True Body Perfection, how am I supposed to compete with you? All these points are yours," Tong Yao said, rolling her eyes at Xu Nian.

Then she directly took out her Identity Token and transferred all the points to Xu Nian.

Xu Nian's points instantly surged by over ten million.

However, Xu Nian's ranking only improved by two places, reaching the 22nd spot.

"Thank you, Senior Sister," Xu Nian said with a smile.

"There's no need to thank me for this; it's your due reward. After all, I really don't want to get killed by you once in this world," Tong Yao said with a smile.

Xu Nian smiled again.

He thought this Senior Sister was quite interesting.

"Alright, I've given you all the points. This trial holds no meaning for me anymore. I'm leaving, Junior Brother; I will wait for you at the Sect," Tong Yao said with a smile.

With that, Tong Yao immediately exited the Sky-reaching World.

In response, Xu Nian gave a slight smile.

Who would have thought that my first points upon returning to the Sky-reaching World would be simply given to me?

"Alright then, I'll thank this Senior Sister in person after I return," Xu Nian said to himself with a smile.

Then Xu Nian prepared to leave.

"Xu Nian, come save us quickly."

However, just as Xu Nian was about to continue looking for prey.

He received a message from Ji Qingyu.

Xu Nian instinctively furrowed his brows.

"Where are you?"

Xu Nian asked.

"We're here. This damn guy wants to humiliate Qingling," Ji Qingyu transmitted.

Upon hearing the news, a chill flashed in Xu Nian's eyes.

He quickly dashed towards the location Ji Qingyu mentioned.

If it was just a simple battle, he wouldn't interfere.

After all, the Sky-reaching World is meant to be a trial.

But if someone is disrespecting Xuanyuan Qingling, then they shouldn't blame him for being impolite.

While Xu Nian was rushing to the location Ji Qingyu mentioned.

Ji Qingyu and Xuanyuan Qingling were facing a great threat.

In front of them stood two young men.

Both had reached the Immortal Sovereign Peak in their cultivation.

However, Xuanyuan Qingling and Ji Qingyu were only at the Immortal King Realm.

Originally, Xuanyuan Qingling and Ji Qingyu should not have attracted attention from Immortal Sovereign level experts.

But these two were intrigued by Xuanyuan Qingling and Ji Qingyu's exceptional appearances and planned to tease them.

"I advise you to give up resisting. With your cultivation, you're certainly not a match for my Senior Brother and me."

One of the young men dressed in green attire looked at Xuanyuan Qingling and Ji Qingyu and sneered.

Ji Qingyu and Xuanyuan Qingling appeared somewhat disheveled, their eyes full of rage.

Even when they attacked together, they couldn't match a single opponent.

The difference in cultivation was too vast, even Xuanyuan Qingling's Soul Attack was ineffective.

"Even if you kill us, what's the point? This is merely the Trial Space," Ji Qingyu said angrily.

"That's right, this is the Trial Space. Killing you means nothing, but if you want to exit the Trial Space, that's not so easy. In our hands, you don't even have the privilege to die," the young man sneered.

After he waved his hand, a powerful golden energy burst forth, enveloping Ji Qingyu and Xuanyuan Qingling.

They were immobile, even their Immortal Essence within was sealed.

Both Ji Qingyu and Xuanyuan Qingling struggled but couldn't break free from the energy's binding.

The green-clothed youth sneered at Ji Qingyu and Xuanyuan Qingling, eyes filled with disdain.

"My Golden Attribute Gold Binding Principle has already reached the Law True Body Great Success Realm. You two can't possibly break free," the green-clothed youth said arrogantly.

The white-clothed youth spectating from the side also flashed a slight smile at the corner of his mouth.

As he looked at the two immobilized beauties before him, his eyes held an amused interest.

Especially when observing Xuanyuan Qingling, his eyes brimmed with a strong desire to conquer.

"Your name is Xuanyuan Qingling, right? I know you belong to the Immortal Sovereign Hall. If you agree to be my woman, I'll release you," the white-clothed youth said defiantly.

"In your dreams!"

Before Xuanyuan Qingling could speak, Ji Qingyu angrily interjected.

However, the white-clothed youth ignored Ji Qingyu and continued to speak to Xuanyuan Qingling, "Xuanyuan Qingling, as long as you agree to be my woman, I'll have my Master propose marriage at the Immortal Sovereign Hall, ensuring everyone envies you."

Xuanyuan Qingling's eyes turned icy, and she responded in a very cold tone, "I will not marry you."

Upon hearing this, the white-clothed youth's eyes flashed coldly.

"Do you know our Senior Brother Cold's status? He's the chief disciple of the Yao Guang God Emperor. Marrying him is entirely your fortune," the green-clothed youth snorted.

Such a short-sighted woman.

Marrying Han Lin is the dream of countless women.

Yet this woman dared to refuse.

"I don't care whose disciple you are; I won't marry you. I already have a husband," Xuanyuan Qingling said firmly.

Although worldly men possess myriad qualities, none can compare to Xu Nian.

In her eyes, there's only Xu Nian, and this will never change in her lifetime.

"Hmph, do you think your husband can compare to Senior Brother Cold? I'm telling you, Senior Brother Cold's strength is ranked tenth on the Immortal Sovereign List. If your husband were here, he wouldn't even be worthy to carry Senior Brother Cold's shoes," the green-clothed youth retorted disdainfully.

Han Lin's eyes turned extremely cold.

Xuanyuan Qingling has a man?

"You wretched woman! I thought you were pure and wanted to marry me honorably. Since you've been with another man, don't blame me for being merciless."

Han Lin slapped Xuanyuan Qingling across the face from a distance.

A clear handprint immediately appeared on Xuanyuan Qingling's face.

"Han Lin, you're going too far," Ji Qingyu shouted angrily upon seeing Xuanyuan Qingling humiliated.

"Too far? The worst is yet to come. Originally, I wanted to marry her honorably, believing she was pure. But now that she's so disgraceful, why should I hold back? I'll act directly. Xuanyuan Qingling, even though this is the Sky-reaching World, and I can't have your real body, I will leave an indelible mark on your heart," Han Lin said viciously.

Having fallen for Xuanyuan Qingling upon seeing her first, he couldn't bear it.

But unexpectedly, the woman he admired already had another man.

Han Lin, who has always been proud, could not tolerate this.

Hence, he thought of vengeance against Xuanyuan Qingling.

"Alright, Senior Brother Cold. You take Xuanyuan Qingling, let me handle Ji Qingyu. I wonder what it feels like to have fun in the Sky-reaching World," the green-clothed youth said with an extremely wicked smile.

Both Han Lin sneered as he approached Xuanyuan Qingling.

Xuanyuan Qingling's eyes were filled with icy hatred.

But her body was bound and incapable of breaking free.

She could only watch them come towards her.

"Xu Nian, why are you not here yet?"

Ji Qingyu's heart bubbled with impatience.

Chapter 1560: Trampling the Bottom Line

"Xuanyuan Qingling, originally you could have openly become my woman, but now you can only become my plaything. This time it's your soul, next time it will be your body."

Han Lin sneered as he spoke.

After speaking, he walked to Xuanyuan Qingling's side, and in the next moment, he was about to strip off Xuanyuan Qingling's clothes.

The nearby green-clothed man also sneered as he walked towards Ji Qingyu.

"Don't come over! Beast!" Ji Qingyu immediately cursed angrily.

However, the louder she shouted, the more smug the green-clothed man became.

"You call me a beast now, I'll make you call me father later." The green-clothed man's face twisted as he spoke.

Then he was about to lay his hands on Ji Qingyu.

"If you dare touch them, I will make sure you die without a grave."

However, at this moment, a cold voice echoed.

Then a figure appeared directly in front of the two.

The green-clothed youth and Han Lin immediately stopped their actions, looking at the newcomer with a trace of displeasure on their faces.

"Xu Nian, you finally came." Ji Qingyu was overjoyed upon seeing Xu Nian.

Xuanyuan Qingling was also surprised.

She did not expect Xu Nian to appear at this moment.

Originally she had decided, even if it meant self-destructing her soul, she would forcibly exit the Sky-reaching World.

But once she did that, Xuanyuan Qingling's soul origin would be destined to suffer severe damage.

But even so, she would never allow her soul to be defiled like this.

"Xu Nian?"

The green-clothed youth and Han Lin exchanged glances, immediately understanding who had arrived.

"So, you are Xu Nian!" The green-clothed youth sneered as he spoke.

Han Lin's eyes narrowed slightly.

This was the guy who possessed several Divine Artifacts.

Now that the Haotian Sect had placed a high bounty on him, if they could kill him in reality, it would definitely be a major opportunity.

Xu Nian did not pay them any mind, instead looking at Xuanyuan Qingling.

When he saw the handprint on Xuanyuan Qingling's face, a strong killing intent burst forth in his eyes.

"Who did this?" Xu Nian roared in rage.

If these two people in the Sky-reaching World had killed Xuanyuan Qingling and them, he would not have interfered.

But they humiliated Xuanyuan Qingling like this, even planning to do such vile things to her.

This was something Xu Nian absolutely could not tolerate.

"I hit her, does Junior Brother Xu Nian have something to do with this bitch?" Han Lin sneered as he spoke.

Bitch?

Xu Nian's gaze turned ice-cold to the extreme.

What a bitch.

Xuanyuan Qingling had sacrificed so much for him.

In Xu Nian's heart, he already regarded Xuanyuan Qingling as a cherished confidante.

But now Han Lin dared to call Xuanyuan Qingling a bitch in front of him, this had definitely crossed Xu Nian's bottom line.

"Hmph, Xu Nian is Xuanyuan Qingling's husband." Ji Qingyu also snorted coldly as she spoke.

Clearly, she also held strong hatred for Han Lin.

"So Xuanyuan Qingling's so-called husband is actually Junior Brother Xu Nian. I wonder if Junior Brother Xu Nian could bear to let her go for me? I'm willing to pay you enough Immortal Marrow." Han Lin sneered as he spoke.

His tone carried a hint of threat.

Clearly, he did not take Xu Nian seriously.

Although he knew Xu Nian had killed Wu Hao, in his view, Xu Nian was completely reliant on Divine Artifacts.

In this Sky-reaching World, not to mention dealing with him, it would be quite difficult to even deal with the green-clothed youth beside him.

So, he did not take Xu Nian seriously at all.

"Let her go for you? Pay with Immortal Marrow?"

The anger in Xu Nian's chest exploded, shooting straight to the top of his skull.

What an arrogant guy.

What does he take Xuanyuan Qingling for?

Something that can be bought and sold at will?

"Han Lin, do you dare to engage in a life and death duel with me in the real world?" Xu Nian spoke coldly.

Killing Han Lin in this Sky-reaching World would not quench the anger in Xu Nian's heart.

He wanted to kill him in the real world.

Anyone who dared to humiliate his woman must die.

"A life and death duel?" Han Lin chuckled with disdain, not expecting Xu Nian to propose a life and death duel.

"Xu Nian, do you think you qualify to engage in a life and death duel with my senior brother? In this Sky-reaching World, not just my senior brother, even I can easily kill you. As for outside, you have Divine Artifacts, but my senior brother and I don't. Do you think we would accept your shameless challenge?" The green-clothed youth sneered.

Han Lin was also full of scorn.

In his view, Xu Nian was trying to rely on his Divine Artifacts to deal with him.

A guy relying on Divine Artifacts isn't worthy of fighting him.

Xu Nian understood that these two would not agree to a life and death duel with him.

If that's the case, then there was nothing more to say.

"Whoosh!"

Xu Nian stepped forward, instantly darting towards Han Lin.

Anyone who dared to humiliate Xuanyuan Qingling must die.

"Yu Qing, you go. This kind of ant isn't worthy of my attention." Han Lin sneered with disdain.

"Yes, senior brother, I guarantee I'll make this guy kneel and beg for mercy, let him know who he should not provoke." The green-clothed youth named Yu Qing immediately stepped forward.

The cultivation of Immortal Sovereign Peak Level erupted, the Golden Attribute Binding Principle operated.

In the next moment, hundreds of golden threads directly shot towards Xu Nian from all directions, sealing off all escape routes, intending to bind Xu Nian.

"Hmph, the Gold Binding under my Law True Body Great Success Realm is not something an ant like you can withstand, prepare to die!" Yu Qing sneered coldly.

It was as if he already saw Xu Nian bound tight by hundreds of golden threads.

In the distance, Ji Qingyu and Xuanyuan Qingling's eyes flickered with a trace of worry.

While Han Lin smirked at the scene, as if watching a monkey about to be slaughtered.

Xu Nian's gaze was cold to the extreme.

"You think these can bind me? How naive." Xu Nian laughed lightly.

A sword completely condensed from cyan-gold force appeared directly in his hand.

The moment the cyan-gold sword appeared, it emanated an extreme sharpness.

This sharp aura gave everyone present a tingling scalp sensation.

"Huh? Law Melting Power?" Yu Qing exclaimed in shock.

Han Lin's expression also changed.

Yet, while they were still in shock.

Xu Nian swung his sword, slicing through those hundreds of golden threads.

In the next moment, Xu Nian was directly in front of Yu Qing.

"No good!"

Yu Qing was shocked, hurriedly trying to gather Golden Attribute Law to form golden law power to bind Xu Nian.

However, his law power was utterly fragile before Xu Nian.

The golden energy was directly severed in two by Xu Nian.

"Pshh!"

One of Yu Qing's arms was sliced off by Xu Nian.

"Ah!"

Yu Qing let out a miserable scream, his expression exceedingly pained.

The pain caused by the Sky-reaching World was felt by the real body as well.

So, having an arm cut off was no different from reality for Yu Qing.

Han Lin was equally shocked.

He did not expect Xu Nian to be this strong.

"Xu Nian, you will die a terrible death!" Yu Qing cursed angrily.

"Pshh!"

Xu Nian swung his sword again.

Yu Qing's other arm was also sliced off by Xu Nian.

"Ah!"

Yu Qing was in excruciating pain, his gaze at Xu Nian bloodshot.
