

## **Divine King 1561**

Chapter 1561: Wind Traceless

Yu Qing looked at Xu Nian, his eyes filled with intense killing intent.

He actually lost at the hands of Xu Nian, and was tortured like this by him.

Someone as proud as him could not swallow the defeat to Xu Nian.

"Xu Nian, even if you kill me, you're still no match for Senior Brother Han. Hmph, your wretched woman will ultimately still face humiliation." Yu Qing sneered and said.

His eyes were filled with a strong sense of mockery as he looked at Xu Nian.

A trace of insane killing intent flashed in Xu Nian's eyes instantly.

"Buzz!"

The sharp sword in his hand swung out again.

The next moment, Yu Qing's two legs were also severed by him.

"Ah!"

Yu Qing let out an extremely miserable cry of pain.

The wounds caused by the power of law melting were completely unhealable and continued to inflict damage over time.

Such pain, even an Immortal Sovereign could not endure.

At this moment, Yu Qing had been completely reduced to a human stick.

Because Yu Qing's arms and legs were cut off by Xu Nian, the law binding power he formed also disappeared.

Ji Qingyu and Xuanyuan Qingling were also freed immediately.

The two women hurriedly ran to Xu Nian's side.

"Xu Nian, you've become stronger again, reaching the Law True Body Perfection Realm, how did you cultivate?" Ji Qingyu asked Xu Nian with surprise, looking at the dismembered Yu Qing.

"Just cultivated like that." Xu Nian said nonchalantly.

Then he looked at the palm print on Xuanyuan Qingling's face.

"Does it hurt?" Xu Nian asked distressedly.

"It doesn't hurt!" Xuanyuan Qingling smiled slightly, feeling an indescribable sweetness inside.

However, a strong killing intent burst from Xu Nian's eyes.

"Humph!"

Xu Nian stepped on Yu Qing's face, causing the latter to feel immense pain.

Yu Qing was furious to the extreme in his heart.

He actually got humiliated like this by someone.

"Xu Nian, you'll die a horrible death, Senior Brother Han will kill you." Yu Qing shouted.

Han Lin, who was standing nearby, narrowed his eyes, looking at Xu Nian with a sense of killing intent.

Xu Nian met Han Lin's gaze with equal momentum, full of murderous intent.

"Xu Nian, I didn't expect your insight realm has already reached the Law True Body Perfection Realm. Reaching such cultivation in the Immortal King Realm, you are indeed extraordinary." Han Lin said coldly.

"But with your cultivation level, defeating me is still impossible." Han Lin continued.

His eyes carried a sense of arrogance.

"Whether I can kill you, it's only known after I try." Xu Nian said coldly.

Indeed, Han Lin's strength was quite strong.

Much stronger compared to this Yu Qing.

Although his current ranking was only tenth, his true strength was definitely not much worse than Lin Fu whom Xu Nian had previously encountered.

Lin Fu was ranked ninth on the Immortal Sovereign List.

Kuun Bin was ranked seventh on the Immortal Sovereign List.

Jiang Qing was ranked eighth on the Immortal Sovereign List.

These were people Xu Nian had encountered before.

The strength of these people was invariably strong.

And this Han Lin, ranked tenth in the Immortal Sovereign Hall, was definitely not simple.

Those who make it to the Immortal Sovereign List are never easy to deal with.

But Xu Nian was not to be trifled with either.

Today, he intended to meet this tenth on the Immortal Sovereign List.

"Seems like you're quite confident in your own strength. Let me show you the true strength of the tenth on the Immortal Sovereign List." Han Lin sneered.

In the next moment, his figure flashed and appeared directly in front of Xu Nian.

"So fast!"

Xu Nian was startled, hastily trying to swing his sword toward Han Lin.

"Too slow!"

Han Lin snorted coldly.

He punched out, hitting Xu Nian squarely in the chest.

In the next moment, Xu Nian's figure flew backward rapidly like a meteor.

"Boom!"

His body collided with a distant rock, shattering the mountain into an explosion.

"Xu Nian!"

Ji Qingyu and Xuanyuan Qingling screamed in shock at this scene.

"Haha, I said before, in front of Senior Brother Han, you're just an ant. Xu Nian, being arrogant in front of Senior Brother Han, you're still too naive." Yu Qing laughed heartily, with an extremely ferocious expression on his face.

Seeing Xu Nian being beaten, he felt extremely satisfied.

Han Lin stood proudly, floating in the air, looking at Xu Nian with a derisive smile.

After all, he was still not worth mentioning.

"Cough, cough!"

Xu Nian coughed a few times, crawling out from the rubble.

He looked at Han Lin standing proudly in front, and his gaze turned cold.

"It seems without a strong physical body, my strength is still somewhat lacking." Xu Nian thought to himself with lament.

In this Sky-reaching World, he wasn't using his physical body which was comparable to a divine artifact.

Plus, the Dan Sea Species Green Lotus Decision was also quite restricted in this Sky-reaching World.

Thus, Xu Nian's Immortal Essence was only comparable to a middle-stage Immortal Sovereign, rather than the Immortal Sovereign Peak in the real world.

So naturally, he would suffer greatly when facing Han Lin.

Of course, Han Lin's strength was also very strong.

He was also using Wind Attribute Laws.

But the one he comprehended was the Second Grade Wind Attribute Wind Traceless.

This law could reach a terrifying level of speed.

Be it attack speed or body skill, it was frighteningly fast.

Though it was somewhat lacking in attack power.

Otherwise, that punch just now would have been unbearable for Xu Nian.

"How about it, realizing the gap in our strength, Xu Nian? Let me tell you, even if you possess a divine artifact, even in the real world, I would still kill you without fail. Even with the same Law True Body Perfection, there are differences." Han Lin snorted coldly.

Xu Nian's eyes were icy cold.

He knew Han Lin's melting power was clearly stronger than his.

But to make him admit defeat just because of this, was too naive.

"I said I would kill you, and today I will definitely keep my word." Xu Nian's eyes were firm.

"Courting death!"

Han Lin was furious.

His figure flashed, appearing once again before Xu Nian.

This time, Han Lin didn't use his fist, but swung a slap towards Xu Nian's face.

The speed was so fast, even ordinary Immortal Sovereign Peaks couldn't react.

Ji Qingyu and Xuanyuan Qingling couldn't even see clearly.

"Humph!"

Xu Nian snorted coldly.

The black hole law melting power within him exploded instantly.

A powerful repulsive force burst forth from his body.

"Bang!"

Han Lin's hand didn't even reach Xu Nian's face before being blown away by the terrifying repulsive force.

Xu Nian stepped into the void.

The entire void shattered instantly.

The next moment, Xu Nian followed right after Han Lin.

The black hole law melting power erupted, and a punch struck out, blasting the entire void with terrifying force.

Han Lin's face also changed.

He didn't expect Xu Nian to launch such an indiscriminate all-out attack.

Even more unexpected was the power of Xu Nian's all-out attack was this strong.

At this moment, he had no place to hide.

Immediately, he activated the melting power within him to resist.

"Puff!"

Han Lin spit out a mouthful of blood, his figure being blown back thousands of zhang.

The oppressive force from that punch inflicted considerable wounds on him.

"What? Two Law True Body Perfections?"

Yu Qing's face changed drastically upon seeing this scene.

He didn't expect Xu Nian to have comprehended two Law True Body Perfection Realms.

Moreover, both were First-grade Laws.

Chapter 1562: Suicide Attack

Han Lin appeared somewhat disheveled at this moment.

He looked at the blood spraying from the corner of his mouth, and a strong sense of anger surged in his eyes.

He was actually beaten to the point of spitting blood?

And by an Immortal King-level ant?

The pride in his heart, how could it allow him to be made so embarrassed by an ant.

"You court death!"

Han Lin coldly shouted.

In a flash, he appeared again in front of Xu Nian.

This time, a long sword appeared in his hand.

The long sword slashed out, seemingly turning invisible.

The speed was so fast, it had already reached a terrifying degree.

"Once you anger Senior Brother Cold, there's only one path left for you—death." Yu Qing snorted coldly and said.

Ji Qingyu and Xuanyuan Qingling also looked tense.

"Pshh!"

Xu Nian's body was directly cut in half.

"An ant is ultimately an ant, it's over." A smile appeared on Han Lin's lips.

"Haha, Xu Nian, this is all you got," Yu Qing laughed heartily.

Xuanyuan Qingling and Ji Qingyu's expressions also changed drastically.

Xu Nian lost?

However, at this moment, something unexpected happened.

The Xu Nian who was cut in half, turned into two clumps of soil falling to the ground.

"What's going on?"

Yu Qing looked puzzled.

Han Lin was also astonished.

And just then, while he was in a daze, Xu Nian suddenly appeared behind Han Lin.

Startled, Han Lin quickly turned around with a sword.

However, Xu Nian showed no signs of defense.

With a punch.

"Boom!"

Xu Nian's fist struck Han Lin's chest.

The Black Hole Law Melting Power exploded instantly.

And Han Lin's sword once again cut Xu Nian in half.

But just like before, Xu Nian's form turned into two clumps of soil again.

"Psh!"

Yet Han Lin's body flew out like a kite with a broken string.

Blood sprayed wildly, and his chest caved in with a large hole.

The terrifying tearing force shattered several of his ribs, causing all his internal organs to be crushed.

Even though Han Lin had reached Immortal Sovereign level, this level of pain was still unbearable.

The most terrifying part was that the Black Hole Law Melting Power invaded his body, preventing the Immortal Power from repairing him.

Thus, Han Lin's injuries couldn't be healed in a short time.

"Damn, it's the Earth Element Avatar," Han Lin cursed with bloodshot eyes.

He never thought Xu Nian had mastered such an eerie Avatar Secret Technique.

Ji Qingyu and Xuanyuan Qingling were also stunned.

"What a powerful Avatar Secret Technique, it can really be so convincing," Ji Qingyu said in astonishment.

Unexpectedly, Xu Nian had grown so strong.

With this Avatar Secret Technique, wanting to kill Xu Nian would be even harder than ascending to heaven.

"Qingling, Xu Nian's strength is growing rapidly, your judgment was really spot-on." Ji Qingyu couldn't help but remark.

When she first knew that Xuanyuan Qingling liked Xu Nian, she felt a bit indignant.

But now, she was completely convinced.

After all, Xu Nian's rate of improvement couldn't be measured by the word 'genius'.

Xuanyuan Qingling heard Ji Qingyu's words and just smiled faintly.

She didn't care how strong Xu Nian was or how fast his cultivation progressed.

She just liked that Xu Nian was safe and sound, being able to see him every day was enough for her.

"Xu Nian, you vile scoundrel, have the guts to fight Senior Brother Cold head-on." Yu Qing couldn't help but curse.

"Despicable? I think the despicable ones are you. Xu Nian used his secret technique avatars openly, what's wrong with that? It's his own fault for not distinguishing it, who can he blame?" Ji Qingyu retorted sarcastically.

Yu Qing was furious at these words, but didn't know how to refute.

In fact, he was just jealous and unwilling to accept it.

Han Lin clutched his severely aching chest, and his gaze towards Xu Nian became extremely sharp.

Not until this moment did he truly feel threatened by Xu Nian.

"Xu Nian, you've truly made me see you in a new light, but I'm not someone you can defeat just because you say so," Han Lin snorted coldly.

In the next moment, he activated the Law Melting Power.

Then his figure split into nine.

Each figure contained an extremely strong Law Melting Power.

"The Wind Traceless Law Avatar, is it?" Xu Nian's eyes also became sharp.

The avatars Han Lin unleashed were different from his own.

Han Lin's avatars were condensed from laws.

These avatars couldn't last, only sustaining for less than fifteen minutes.

But the terrifying aspect of these avatars was that each one had nearly eighty percent of the main body's strength.

Thus, with nine avatars attacking Xu Nian simultaneously, it was equivalent to nine Immortal Sovereign Peak-level experts besieging Xu Nian.

And the speed of the nine avatars was incredibly fast.

In just an instant, Xu Nian's form was directly cut into eighteen pieces.

"Such terrifying speed!"

In the distance, the true Xu Nian saw this scene, a surprised look appeared on his face.

This Han Lin was truly worthy of being the tenth-ranked expert on the Immortal Sovereign List.

Just this Law Avatar technique alone was an extremely powerful trump card.

"Buzz!"

However, just as Xu Nian was amazed.

A sharp Sword Radiance slashed directly at him.

Xu Nian's figure immediately dodged.

"Buzz!"

The sharp Sword Radiance grazed past in front of him.

And in the next moment, three sharp Sword Radiances slashed at Xu Nian from three directions simultaneously.

Each was incredibly fast.

This time, Xu Nian had no chance to dodge.

"Die!"

Han Lin coldly declared.

"Hmph!"

Madness surged in Xu Nian's eyes.

In the next moment, the Black Hole Law Melting Power and the Green Golden Law Melting Power within him surged at the same time.

The two powers clashed with each other, instantly forming an incredibly terrifying explosion.

"Boom!"

The nine avatars of Han Lin were swept away by the terrifying explosion in an instant.

All the avatars, including the main body, were disintegrated into dust by this terrifying explosion.

A gigantic mushroom cloud rose up in the entire Sky-reaching World.

Ji Qingyu and Xuanyuan Qingling were both blown away, spewing blood.

Of course, Yu Qing was no exception.

"Perish together?" Ji Qingyu said in surprise.

Xuanyuan Qingling also frowned.

Could it be that Xu Nian died just like that?

"Haha, perish together, that Xu Nian fought using such a suicidal method," Yu Qing laughed heartily.

His eyes were full of intense ridicule.

Both Ji Qingyu and Xuanyuan Qingling frowned.

"Cough cough!"

At this moment, a coughing sound came from the smoke in the front.

Then a disheveled figure appeared before everyone.

Yes, it was Xu Nian.

"Impossible, how could you still be alive?" Yu Qing couldn't believe it.

How could Xu Nian withstand the explosion caused by the interaction of two types of Law Melting Power?

Xu Nian looked at Yu Qing and sneered.

With a stomp on Yu Qing's chest, he instantly shattered him to pieces.

Chapter 1563: Han Lin's Revenge

"Husband! Are you alright?"

Upon seeing Xu Nian, Xuanyuan Qingling immediately came forward.

"Xu Nian, how did you do it?"

Ji Qingyu looked at Xu Nian with a face full of surprise and asked.

She was very curious about how Xu Nian survived that terrifying explosion.

Xu Nian smiled and said, "Actually, it's quite simple. That body just now wasn't my true self, my real self has always been hidden elsewhere."

This was something he had planned long ago.

The fusion of the two Law Melting Powers is something Xu Nian, with his current strength, cannot fully achieve.

So, when the two forces collide, it will definitely result in an extremely horrifying explosion.

Such a dangerous thing, how could Xu Nian easily let his real self try it?

"I see." Ji Qingyu and Xuanyuan Qingling both nodded.

It turns out Xu Nian never let his true self show up at all.

Han Lin thought Xu Nian perished together with him, engaging in a suicidal fight.

But in reality, the one who self-destructed was merely a Soil Avatar of Xu Nian.

Xu Nian smiled slightly.

"Xu Nian, have you already reached the Law True Body Perfection Realm?" Ji Qingyu asked in astonishment.

"Yes, I just broke through not long ago." Xu Nian replied with a smile.

Ji Qingyu suddenly felt a bit speechless.

Is this guy even human?

Why does it seem like breaking through stages in cultivation is as simple as drinking water for him?

"Husband, right now, the Immortal Realm is plastered with warrants for your arrest. You need to be careful out there," Xuanyuan Qingling said with some concern.

Xu Nian felt a warm sensation in his heart immediately.

Although Xuanyuan Qingling doesn't talk much, every time she speaks, it always makes him feel extraordinarily comforted.

Perhaps it is precisely because of this that he has a special feeling for Xuanyuan Qingling.

"Don't worry, I'll be fine. I've now cultivated the Elemental Avatar Technique; even the Immortal Emperor would find it hard to capture my true self," Xu Nian said with a smile.

With the Space Divine Artifact and several Divine Artifacts by his side, plus the Elemental Avatar, it's indeed very difficult to kill Xu Nian.

Upon hearing this, Xuanyuan Qingling was also reassured.

When she learned that the entire Immortal Realm was after Xu Nian, she shut herself in a cave dwelling, cultivating madly.

All so that she could help Xu Nian, hoping to fend off more enemies for him.

Her madness was such that even Ji Qingyu thought she was crazy.

"Qingling, let me tell you something. I've established the Heavenly Court in the Immortal Realm," Xu Nian said with a smile.

Xuanyuan Qingling had made many sacrifices for the Heavenly Court in the Cultivation World.

So Xu Nian wanted Xuanyuan Qingling to be the first to know about the establishment of the Heavenly Court.

Indeed, upon hearing this, Xuanyuan Qingling's face showed a look of astonishment.

She obviously did not expect that Xu Nian planned to establish a force in the Immortal Realm, much less a Heavenly Court.

"Where is the Heavenly Court located? Is there anything you need me to do, husband?" Xuanyuan Qingling hurriedly asked.

"The location of the Heavenly Court has been decided; it's at Wuwan Mountain. For now, there's nothing you need to do. I'm currently entrusting Leng Yanran with managing the Heavenly Court. When you have time, you can visit," Xu Nian said with a smile.

"Yes, Leng Yanran's strength and management skills are considerable. With her around, the Heavenly Court will surely flourish," Xuanyuan Qingling nodded and said.

Xu Nian also nodded.

Leng Yanran was the dean of the academy when Xu Nian first met her.

So with her managing the Heavenly Court, there would be absolutely no problem.

"Xu Nian, can I join the faction you're establishing?" Ji Qingyu asked quickly.

"Of course, but aren't you worried that the Immortal Sovereign Hall will cause you trouble?" Xu Nian said with a smile.

Ji Qingyu is the Immortal Sovereign Hall Saintess, a key figure to be cultivated by the Immortal Sovereign Hall in the future.

How could she easily join another faction?

"I can be an honorary elder in your faction. Are you unwilling?" Ji Qingyu asked.

"Of course you can!" Xu Nian said with a smile.

He then chatted with them for a while.

They discussed matters about the Sealing God Battlefield.

From Ji Qingyu's mouth, Xu Nian learned that the situation at the Sealing God Battlefield was extremely severe.

There have already been Immortal Emperor-level experts who died in battle, and many Immortal Sovereigns have perished.

Not only them, but even the Demon Realm and the Demon Realm are in constant retreat.

Currently, half of the Sealing God Battlefield has been occupied by the Netherworld.

Unfortunately, there are just too many people from the Netherworld.

Moreover, many Divine-level experts have entered the Sealing God Battlefield. Although their cultivation is suppressed, they still possess Demigod-level cultivation.

With such strength, who in the Three Realms can resist them?

The nine great forces of the Immortal Realm have now formed an alliance and will conduct massive recruitment drives for disciples of these forces.

Originally, non-direct disciples were not allowed to enter the Sealing God Battlefield, but now many registered disciples have gone.

And Immortal Emperor experts are guarding the entrances to the nine battlefields, unable to step away even half a step.

This is why, when Xu Nian killed Wu Hao back then.

Haotian Immortal Venerable did not descend with his true self.

Subsequently, Ji Qingyu and Xuanyuan Qingling gave all the points they had to Xu Nian, and they directly withdrew from the Sky-reaching Trial.

For them, the upcoming Sky-reaching Trial held no meaning anymore.

After all, in this final month, with their Immortal King-level strength, they would find progress almost impossible.

Rather than being killed, it's better to withdraw from the trial themselves.

However, they didn't have many points, totaling five million points together.

For Xu Nian, it didn't improve his ranking at all.

With Xuanyuan Qingling withdrawing, Xu Nian could fully immerse himself in the upcoming trials.

Looking at his ranking on the leaderboard, Xu Nian's eyes became fervent.

Because after killing Han Lin and Yu Qing, his rank skyrocketed from twenty-second to sixth place.

And the five people ahead of him were, without exception, all powerful opponents.

Especially the top three, every one of them was formidable.

"It seems that aiming for first place isn't easy, but that's what makes it all the more meaningful." Xu Nian murmured to himself.

His heart brimming with intense fighting spirit.

He then continued to search for new targets.

...

Meanwhile, at a cave dwelling where Han Lin was located in the outside world, both Han Lin and Yu Qing wore extremely grim faces.

"Senior Brother Cold, Xu Nian actually didn't die. If we don't avenge this, our hearts won't be at peace," Yu Qing said angrily.

Han Lin also clenched his fists, his eyes filled with intense resentment.

He was ultimately killed by the mixed explosion of two fused Law Melting Powers.

This suffocating manner of death was too frustrating to make peace with.

In his view, if it were a head-on battle, Xu Nian would definitely have died.

"Of course we can't just let him off; he has to die. However, it's not easy to make a move in the Immortal Realm. Now the Sealing God Battlefield will send many disciples there, and Xu Nian will definitely go there. We can make our move on him in the Sealing God Battlefield and kill him in the real world to also get the Divine Artifacts in his possession," Han Lin said with a fierce look.

"That's a good idea," Yu Qing's eyes lit up instantly.

"Moreover, we can't let Ji Qingyu and Xuanyuan Qingling off either; it's best to find a way to get them to the Sealing God Battlefield too," Yu Qing continued.

Upon hearing this, Han Lin's eyes turned even colder.

"Good that you mentioned it; I almost forgot. Since Xu Nian cares so much for Xuanyuan Qingling, we can't let her miss out this time. I want Xu Nian to see his woman being tormented," Han Lin concluded with a cruel smile at the corner of his mouth.

Yu Qing also wore a smug smile on his face.

## Chapter 1564: The Ultimate Trial

Xu Nian was unaware of Han Lin's revenge plan.

If he knew, he would definitely try everything possible to kill these two people.

Of course, even if they didn't seek revenge, Xu Nian would still find a chance to kill them.

Anyone who dared to humiliate Xuanyuan Qingling was already on Xu Nian's death list.

"Buzz!"

Xu Nian killed an Abyss Demon of late-stage Immortal Sovereign level with one sword.

Currently, Xu Nian's mastery of Law Melting Power is getting stronger and stronger.

"My strength is still insufficient. In my current state, I'm afraid I'm not yet Lin Fu's match," Xu Nian said to himself.

He must find a way to enhance his strength once again.

However, enhancing his current strength is undoubtedly a very difficult task.

His comprehension has only reached the Law True Body Perfection Realm.

Therefore, making a breakthrough in Law Comprehension is definitely not an easy task.

As for cultivation breakthrough.

The energy absorbed by his Dan Sea Species Green Lotus Technique is becoming more exaggerated.

Breaking through to the Immortal Sovereign Realm is not something that can be achieved in a short time.

"It seems that, for now, the only way to enhance my strength is to opt for the fusion of Law Melting Power," Xu Nian thought to himself.

According to Xu Nian's previous guess.

Law Melting Power can be fused.

After all, the power of laws can be fused, so why can't Law Melting Power?

But previously, Xu Nian had experienced the explosion caused by Law Melting Power, which could leave him with no body if not handled carefully.

Even in the Sky-reaching World, Xu Nian didn't want to lose his trial qualifications lightly.

But now, it seems there is no better path for him to take.

"I guess I'll have to use the Soil doppelganger to keep experimenting," Xu Nian thought to himself.

Then he started forming one doppelganger after another.

He would then let the doppelgangers continuously experiment with the fusion of Melting Power.

"Boom!"

"Boom!"

"Boom!"

...

Explosions continued to echo.

The Soil doppelgangers were repeatedly blasted to pieces.

Even though Xu Nian used very little Melting Power, the explosion from the collision of the two powers was tremendously powerful.

"I really wonder what kind of effect would be produced after these two powers fused," Xu Nian thought to himself.

The Melting Power formed by Black Hole Power and Red Scorching Extreme Point Penetration Power— one was black gold, the other green gold.

Xu Nian noticed that when these two powers contacted each other, they didn't immediately explode.

That is to say, these two powers can actually be fused.

The reason they cannot be fused might be because the two powers cannot reach a peculiar balance point.

Or it lacks some special factor.

"Could it be the soul?" Xu Nian suddenly realized something.

During the melting of the power of laws, it's through soul power, using soul flame for melting.

If it's two kinds of power of laws, shouldn't they also use soul flame for melting?

Xu Nian thought it made sense.

The next moment, he started trying.

The Soil doppelganger controlled the soul flame formed by Xu Nian's soul power, using its body as a furnace to melt the two law powers.

At first, the two powers genuinely seemed to start fusing.

But soon, Xu Nian discovered a serious problem.

His soul flame couldn't actually sustain the fusion of these two Law Melting Powers.

Soul power was consuming rapidly, even began burning Xu Nian's soul origin.

If Xu Nian's soul origin collapsed, even the external Xu Nian's true self might suffer serious injury.

"Stop quickly!" Xu Nian immediately wanted to cut off the fusion process.

However, at that moment, he found himself unable to control at all.

It was as if the two Melting Powers were autonomously absorbing Xu Nian's soul power.

The soul origin was burning aggressively, the origin power was frantically consumed by the two Melting Powers.

Xu Nian desperately tried to resist, but it was still to no avail.

Watching as Xu Nian's soul origin power was about to be completely consumed.

"Buzz!"

Just before Xu Nian's soul origin was entirely destroyed, the two Melting Powers finally stopped absorbing Xu Nian's soul power.

Simultaneously, the two powers genuinely started to fuse, eventually forming a green-black liquid energy.

The energy fluctuation unleashed by this liquid energy was unbelievably strong, reaching an incredibly terrifying level.

Xu Nian attempted to control this green-black energy; he found that this energy continuously contained an extremely strong Penetration Power, and also contained a terrifying Power of Collapse.

Xu Nian activated the green-black energy to merge into his body.

In the instant it merged, Xu Nian felt as if he entered an indescribable state.

Then Xu Nian threw a punch.

"Boom!"

The void of the entire Sky-reaching World shook violently.

The entire void was directly punched out a massive hole.

This hole was a hundred meters long, the whole space sustained for ten breaths before it was restored.

"What a terrifying force; the power of this force might be no less than the power when using Divine Power Liquid," Xu Nian thought in amazement.

He hadn't expected at all that the power formed from the fusion of these two Law Melting Powers would be terrifying to this extent.

"Using my strength, activating this green-black power, I'm afraid it's hard to find opponents under the Immortal Emperor," Xu Nian thought, delighted.

He might be the first person in the Immortal Realm's history to successfully fuse two differing Attribute Laws together.

The power from the Law Melting Power fusion has already reached an indescribable extent.

"I'll call you Black Jade Power," Xu Nian said to himself.

This liquid energy looked like green-black warm jade.

Hence, Xu Nian named it Black Jade Power.

"But if I want to condense this Black Jade Power, it's not easy. I can't keep using the burning of soul origin power as a price, right?" Xu Nian thought to himself.

Seems like his Soul Cultivation is far from adequate.

He must find a way to enhance Soul Cultivation.

"Buzz!"

Just at this moment, the sky emitted a strong fluctuation.

Xu Nian looked up at the sky.

The sky began to display a line of large characters: "Only a hundred people remain in the Sky-reaching World, all trialists will face the ultimate test. During this period, you may not exit until only one remains, then the trial will be over."

"The ultimate test?"

Xu Nian's face showed a hint of surprise.

He wondered what the ultimate test of the Sky-reaching World was.

"Roar!"

Just as Xu Nian was surprised and puzzled, a sudden earth-shattering roar echoed from afar.

"Emperor Level Abyss Demon?" Xu Nian looked astonished.

This roar clearly indicated the emergence of Emperor Level Abyss Demons.

Unexpectedly, the ultimate test of the Sky-reaching World was three Emperor Level Abyss Demons.

"Buzz!"

Suddenly Xu Nian felt a chill behind him.

Xu Nian turned back, astonished to see an Emperor Level Abyss Demon staring at him fiercely from ten thousand meters away.

"Can't believe this luck; three Emperor Level demons, so quickly I ran into one?"

Xu Nian's lips twitched instantly.

His luck was indeed remarkable.

At the same time, in front of the Sky-reaching Stele of Shendang Mountain, a gigantic scroll unfolded.

The scenes inside the Sky-reaching World were all presented to people through this scroll.

Everyone stopped to watch the various figures on the scroll, all showing curiosity.

Especially when they saw Xu Nian being targeted by an Emperor Level Abyss Demon, they all showed surprise.

Chapter 1565: Immortal Emperor Level Abyss Demon

"Eh, who is this person? Such bad luck, the Ultimate Trial just started, and he encounters an Immortal Emperor Level Abyss Demon?"

Someone looked at Xu Nian's image on the scroll and exclaimed in surprise.

"This guy looks unfamiliar. It seems he's not among the powerful direct disciples, could he have just had good luck, hiding up till now?"

Someone asked suspiciously.

"Look at his ranking, he's already sixth. How could that be just hiding?" someone immediately retorted.

"Damn, sixth place, this guy is that formidable? Who exactly is he?" The crowd around was immediately shocked.

At first, they thought he was a nobody.

But upon seeing the ranking, they were startled.

"You all don't recognize him." Someone immediately sneered.

"Oh? Hurry and tell us." The crowd nearby urged immediately.

That person proudly said, "He's none other than the most famous in the Immortal Realm recently, the registered disciple of the Taichu Immortal Emperor, Xu Nian, who killed the Heavenly Immortal Emperor's own son."

"Xu Nian? He's Xu Nian?"

The surrounding crowd cried out in surprise.

They had long heard of Xu Nian's reputation.

But they had never seen him, and now, seeing Xu Nian in person, they all showed expressions of amazement.

"It's said he possesses several divine artifacts and godhood, and now the Heavenly Immortal Emperor, Tianhua Immortal Emperor, Extreme Purple Immortal Emperor, and Heavenly Thunder Immortal Emperor all want to kill him, yet he's managed to survive until now," someone exclaimed.

"Damn, so impressive, offending so many Immortal Emperors and still living this long?"

The surrounding crowd was bewildered.

If it were them, even offending one Immortal Emperor might lead to a tragic end.

Let alone offending so many Immortal Emperor powerhouses.

In the crowd, Han Lin and Yu Qing watched Xu Nian on screen, clenching their fists tightly.

This damn Xu Nian, is he that hard to kill?

Xue Bing, Lin Hengxin, and Wan Feng all shook their heads.

They watched Xu Nian enter Shendang Mountain, and now, Xu Nian has already grown to this level.

Who knows what terrifying things this guy will do next?

"Though I was very optimistic about Junior Brother Xu Nian from the start, I never thought his growth would be a hundred times scarier than I imagined," Lin Hengxin couldn't help but sigh.

When Xu Nian entered the sect, he was just a Golden Immortal.

"Not just you, I also feel a bit dazed," Xue Bing shook his head too.

When Xu Nian first entered the sect, he wasn't even a match for him.

But now, even Immortal Emperors can't kill him.

Such disparity is immeasurable.

"Geniuses always grow at a speed beyond imagination, and Xu Nian is the pinnacle of geniuses. I wonder how far he can go," Wan Feng added.

On another side, Zhu Xin, Lu Jiang, Zhao Qiong, and Tong Yao stood together.

"Our little junior brother really surprises us time and again. I wonder if he can break into the top three," Zhao Qiong lamented.

"I think he can," Lu Jiang said seriously.

"Not necessarily, the top three are not weak, and it might be challenging for Xu Nian to break into the top three," said Zhu Xin.

"Indeed, it's a bit challenging. I've exchanged hands with him, and his Insight Realm has just reached True Body Perfection recently. Furthermore, his cultivation is only at Immortal King Peak, which limits his strength. The three in the top three are all formidable men on the Immortal Sovereign List, and none of them are easy to shake," Tong Yao shook her head.

"True Body Perfection?" Zhao Qiong and Lu Jiang both twitched at the corners of their mouths.

Zhu Xin was also surprised.

Xu Nian's Insight Realm has already reached True Body Perfection.

This means Xu Nian's Insight Realm far surpasses theirs.

Even Zhu Xin has just broken through to the Law True Body Great Success Realm.

"But little junior brother entering the top five is not a problem at all. Of course, he has to get past this hurdle first," Tong Yao smiled.

With these words, the others all nodded.

Right!

Xu Nian is now being targeted by an Immortal Emperor Level Abyss Demon.

This hurdle is not easy to overcome.

Evidently, everyone present thought so.

An Immortal Emperor Level Abyss Demon is definitely a terrifying existence.

...

Xu Nian at this moment did not know he had attracted the attention of many people.

Currently, all his attention was focused on the Immortal Emperor Level Abyss Demon.

On this Immortal Emperor Level Abyss Demon, Xu Nian felt a frightening force of the Abyss.

He was sure he was absolutely not a match for this Abyss Demon.

However, if he used Black Jade Power, there might be a chance to fight.

But Xu Nian did not want to waste Black Jade Power on this Abyss Demon yet.

"Run!"

Thus, Xu Nian, without hesitation, directly activated the Shrinking Ground Principle.

He started fleeing in another direction.

"Human, prepare to die!"

The Abyss Demon saw Xu Nian fleeing, and its body instantly pierced through the air like a swift sword, chasing after Xu Nian.

The speed was alarmingly fast.

Even though Xu Nian had pushed the Shrinking Ground Principle to its limit, it was still not half as fast as this Abyss Demon.

"Buzz!"

Xu Nian fled at high speed.

Soon, he felt a terrifying pressure coming from behind.

The Abyss Demon had caught up.

It struck a punch, unleashing the Abyss Power and pressing hard towards Xu Nian.

Xu Nian didn't dare to be careless.

He immediately stimulated the Wind Attribute Red Flame Extreme Point Penetration Law, forming Melting Power, and condensed an extremely sharp sword.

"Go!"

Xu Nian gave a light shout.

The sword shot out violently and collided with the Abyss Demon's fist.

"Crack!"

The sword formed by the Law Melting Power shattered instantly.

At the same time, a punch force created by the Abyss Power directly struck Xu Nian's chest.

"Puff!"

Xu Nian's body flew backward rapidly, crashing into a distant mountain.

"Boom!"

A loud rumble.

The mountain collapsed.

Xu Nian was buried in the rubble.

Everyone gasped.

This Immortal Emperor Level Abyss Demon was just too powerful.

Not something an Immortal Sovereign Level can withstand.

Not to mention Xu Nian is only at Immortal King Level?

"Hmph!"

The Abyss Demon gave a cold snort.

It punched the rubble again.

With one punch, the ground cracked.

The entire rubble instantly turned into a huge pit.

Everything turned to dust.

"Is Xu Nian dead?"

Everyone showed a look of curiosity.

How could Xu Nian possibly survive this strike?

"Xu Nian probably never thought he'd die so miserably," Yu Qing sneered repeatedly.

Han Lin's eyes were also amused.

Seeing Xu Nian being beaten, they naturally felt an immense pleasure within.

"Whiz!"

However, at this moment, ten figures suddenly shot out from the rubble.

These figures were identical, all in Xu Nian's appearance.

"He's not dead, are these clones?"

The surrounding people immediately showed expressions of surprise.

"Damn it, it's that soil clone again." Han Lin saw Xu Nian's soil clones, and a trace of venom surfaced in his eyes.

"Does he plan to use these clones to deal with this Immortal Emperor Level Abyss Demon?" someone questioned.

Tong Yao and others also showed curious expressions.

Curious to see what Xu Nian would do.

"Whiz!"

However, at this moment, Xu Nian's ten figures directly dashed madly in ten directions simultaneously.

The surrounding crowd was taken aback.

So it was still an escape?

Chapter 1566: Third on the Immortal Sovereign List

"This Xu Nian is indeed cunning, using doppelgangers to escape. In this way, the Abyss Demon can't distinguish which one is his true self." Someone sneered.

"He's too naive; how could an Emperor-level Abyss Demon be so easily deceived?"

Someone chuckled.

Others deeply agreed.

Emperor-level Abyss Demons are indeed very powerful.

"Buzz!"

Sure enough, on the screen, the Abyss Demon saw Xu Nian escape in ten directions.

Its body unexpectedly split into ten and respectively chased in ten directions.

"Haha, I said this Abyss Demon isn't easy to deal with." One person laughed heartily.

People around showed helpless smiles.

This Xu Nian was indeed overconfident, thinking he could escape this way.

But the end result was still that he couldn't escape the Abyss Demon's pursuit.

"Slash!"

A Soil doppelganger was caught by the Abyss Demon, and a sharp claw ripped Xu Nian's Soil doppelganger in half.

The Soil doppelganger turned into a lump of mud, falling to the ground instantly.

People around chuckled lightly.

This method is indeed not viable for escape.

"Slash!"

Another doppelganger was slain.

The same scenario appeared in all ten directions.

Xu Nian's doppelgangers were being slain one by one.

It looked like only the last one was left.

"Haha, looks like Xu Nian will end this trial." Han Lin chuckled.

Yu Qing thought the same.

Clearly, they believed the last one was the true Xu Nian.

"Is junior brother going to end?" Zhao Qiong also lamented.

"I don't think it's that simple." Tong Yao smiled.

"Oh? Can junior brother still escape?" Zhao Qiong was puzzled.

At this speed, junior brother's true self was sure to be caught.

Once caught, it's impossible to resist the Abyss Demon's attack.

The people around showed curious expressions.

"Slash!"

At this moment, the last Xu Nian was also caught by the Abyss Demon, penetrated by its sharp claw, ripped into two halves.

"Is it over?"

People around showed curious expressions.

However, Xu Nian's name on the Sky-reaching Stele did not disappear, it remained solidly in sixth place.

"What's going on?"

People around were puzzled.

Han Lin and Yu Qing frowned.

"Buzz!"

They saw that the ripped Xu Nian also turned into two lumps of soil.

"Damn! It was also a Soil doppelganger? Not one is his true form?"

"Then where is his true form?"

The crowd was suddenly hit by confusion.

Zhao Qiong and others were also surprised.

"Buzz!"

Just as everyone was puzzled.

In the ruins where Xu Nian originally was, a figure appeared silently and quickly dashed in another direction.

"Damn, this guy's true form was hiding in the ruins, concealing his aura so even Immortal Emperor experts didn't notice?"

"That's so sneaky!"

...

Everyone was stunned by Xu Nian's maneuver.

No one expected Xu Nian to have escaped with ten doppelgangers earlier, and none were his true form.

His true form was always hidden in the ruins.

After the Abyss Demon chased after the doppelgangers, his true form quietly left.

"Damn, this guy is so shameless!" Han Lin couldn't help but curse.

"Yeah, utterly shameless!" Yu Qing followed angrily.

However, those around them looked at the two with bewilderment.

Though they thought Xu Nian's tactic was cunning, it was perfectly logical, not shameless at all.

Suddenly they recalled Han Lin's ordeal at Xu Nian's hands and realized.

Both Han Lin and Yu Qing looked awkward.

"Indeed, our junior brother is remarkable." Zhao Qiong laughed proudly.

No one anticipated Xu Nian's strategy to lure the tiger away from the mountain.

After all, from their view, Xu Nian's act of escaping with ten doppelgangers clearly implied one was genuine.

But the true form was always in the ruins.

In the Sky-reaching World, Xu Nian transformed into flowing light and vanished.

By the time the Abyss Demon realized something was wrong and returned, Xu Nian had already escaped without a trace.

Using his Dan Sea Species Green Lotus cultivation technique, he could completely conceal his aura.

So even Immortal Emperor experts might not detect him.

"I escaped a disaster." Xu Nian slightly eased up, seeing no pursuit from the Abyss Demon.

Luckily, he had this Elemental Avatar secret technique, or else he truly wouldn't know how to evade the pursuit of an Emperor-level Abyss Demon.

He certainly wasn't its match.

Xu Nian looked at the information on his identity token.

Within this brief moment, the number of people decreased from one hundred to seventy.

This means thirty people lost their lives within this short time.

"Huh, a spatial barrier, seems this Sky-reaching World is truly shrinking." Xu Nian flew for a while but found himself at the world's end.

The Sky-reaching World is continuously shrinking.

This implies their survival space will soon become smaller and smaller.

Then, the likelihood of encountering Emperor-level Abyss Demons will increase.

"Boom!"

At this moment, a loud boom echoed from afar.

Terrifying energy radiated towards this place.

"Such strong energy fluctuations, who is fighting with such mighty force?" Xu Nian asked, surprised.

This energy fluctuation contained very powerful Thunder Attribute Law Power.

This power is clearly stronger than his Melting Power.

"Let's take a look!"

Xu Nian hurried towards the battlefield.

When he saw the battle ahead, he also showed a shocked expression.

A youth was fighting evenly against an Emperor-level Abyss Demon.

The crucial point is, this young man could hold his own with an Emperor-level Abyss Demon.

"So powerful, who is this person?" Xu Nian wondered.

Being able to fight evenly against an Emperor-level expert, especially for a youth whose cultivation is only at Immortal Sovereign Peak.

Such strength is absolutely terrifying.

It's known that the gap between Immortal Sovereign Peak and Immortal Emperor is immense.

"Is he Huo Yun, the top scorer?" Xu Nian thought, then guessed his identity.

Huo Yun is the top scorer, the disciple of Fuhua Immortal Emperor.

He's also ranked third on the Immortal Sovereign List.

Moreover, he's now the number one among young elites of Shendang Mountain.

"Damn, Senior Brother Huo Yun actually tied with an Emperor-level Abyss Demon?"

"My God, that's terrifying!"

"Wow, Brother Huo is so handsome!"

...

The outside world was also in a frenzy.

Seeing Huo Yun's fight with the Abyss Demon left everyone speechless with astonishment.

This is the top battle power among the young generation of Shendang Mountain!

Simply too strong!

Chapter 1567: Extreme Golden Thunder

"I didn't expect Huo Yun's power to be this strong! I'm afraid even if I use Black Jade Power, I may not be his match."

Xu Nian looked at the battle in front of him, feeling a sense of awe in his heart.

This Huo Yun's strength is formidable.

According to Xu Nian's estimation, Huo Yun's insight into the Law Realm must have reached Law Heart Success; perhaps even Great Success.

Such a realm of prowess is entirely beyond Xu Nian's capabilities to contend with.

"Boom!"

Huo Yun casually pulled out a terrifying thunderbolt.

This thunderbolt contained incredibly strong Thunder Attribute Laws.

The thunderbolt struck the Abyss Demon, instantly blasting it away.

The energy within this thunderbolt is overwhelmingly powerful.

It's certainly not inferior to Xu Nian's Black Jade Power.

"So strong, clearly it's just the pure Power of Laws, yet it's stronger than Melting Power, how is this done?"

Xu Nian's face showed an expression of astonishment and confusion.

According to his thinking, the Power of Laws should not be as potent as Melting Power.

Yet what Huo Yun exhibited was purely the Power of Laws.

"It seems the realm of the Law Heart still holds things to be understood." Xu Nian muttered to himself.

His eyes were fixed on Huo Yun's battle.

Such a level of combat is a rare opportunity for him.

If he could comprehend the laws Huo Yun used in battle, he could make significant breakthroughs in Insight Cultivation.

The battle continued.

The Abyss Demon's gaze was fierce, wielding a gigantic sword.

Every slash emitted a highly formidable Abyss Power.

This force carried a very strong destructive effect.

Once injured by this force, it becomes impossible to heal.

Moreover, the destructive power of this Abyss Power is extremely potent.

Every slash tore through the void, forming spatial rifts.

Of course, Huo Yun's prowess seemed even stronger.

"Boom!"

Huo Yun clenched his fist, and countless golden thunders gathered in his palm in the void.

The terrifying thunder contained extremely strong tyrannical energy.

He punched out.

The entire world shuddered violently.

"Boom!"

The terrifying golden thunderclap power struck the Abyss Power.

It directly shattered the Abyss Power.

In the next moment, Huo Yun's figure transformed into golden thunder, appearing instantly before the Abyss Demon.

"Bang!"

Huo Yun punched the Abyss Demon in the chest.

The Abyss Demon's body was sent flying instantly.

It seemed about to crash to the ground.

Huo Yun's figure turned into a beam of golden light, appearing directly beneath the Abyss Demon.

A kick imbued with golden thunder.

The Abyss Demon was kicked flying.

The body's hardened scale armor shattered apart.

This hard scale armor, comparable to Divine Artifact.

Yet under Huo Yun's golden thunder strike, it seemed fragile.

"Boom!"

Huo Yun appeared again above the Abyss Demon.

With a hammering strike, he sent the Abyss Demon crashing down from the sky.

Ground instantly exploded, forming a massive pit.

Xu Nian was dumbfounded.

Huo Yun's strength reached terrifying heights.

What law does this golden thunder embody?

Everyone outside was also stunned.

Huo Yun's prowess left them all in deep shock.

Even Immortal Emperor level Abyss Demon was not his match.

"Brother Huo Yun's Limit Golden Thunder Law is truly terrifying," someone in the crowd sighed.

"Indeed, this Limit Golden Thunder is a law he created, its grade fully rivaling First-grade Law," someone echoed.

"So powerful, this Limit Golden Thunder is the most domineering thunder I've ever seen,"

Others exclaimed.

Everyone was conquered by Huo Yun's power.

"Brother Huo Yun is still in Sealing God Battlefield, right?" Zhu Xin asked.

"Yes, his true self is still in Sealing God Battlefield. I heard he killed an Early-stage Immortal Emperor Nether Emperor there," Tong Yao couldn't help but sigh.

"Killed the Nether Emperor?" Zhao Qiong and others were also surprised.

"What realm has his Insight Realm reached?" Lu Jiang couldn't help but exclaim.

"He must have reached Law Heart Perfection," Tong Yao said.

"Law Heart Perfection?"

Zhu Xin and the others inhaled sharply.

Fearful that even some Immortal Emperor level experts haven't reached Law Heart Perfection.

Huo Yun has reached Law Heart Perfection while still in Immortal Sovereign Realm.

This power is incredibly terrifying, isn't it?

"His power is strong, the Limit Golden Thunder greatly restrains Ghost Cultivators from the Nether World. This time he has achieved many victories in Sealing God Battlefield. Once he becomes an Immortal Emperor, Shendang Mountain will gain another powerful Immortal Emperor expert." Tong Yao said.

With these words, Zhu Xin and others nodded.

Indeed, Huo Yun's power is terrifyingly strong.

...

"Time to end this."

Huo Yun's body erupted with overwhelming golden thunder power.

In the next moment, a long spear formed from golden thunder appeared in his hand.

Meanwhile, a huge golden phantom appeared behind him.

As Huo Yun swung the long spear, the golden phantom behind him also wielded the terrifying golden spear.

"Woah, isn't this Brother Huo Yun's self-created Secret Technique Golden Divine Thunder Strike?"

"Yes, this move is said to be incredibly powerful; some Immortal Emperor seniors praise this move highly, didn't expect to see him bring it out today."

"Looks like he's about to kill the Abyss Demon."

...

Shendang Mountain's disciples were amazed.

At this moment, Huo Yun seemed like an unrivaled Divine General.

A force dominating all directions.

"Such terrifying pressure, so heavy with killing intent, this golden phantom seems to have a soul-stunning effect."

Xu Nian looked at Huo Yun in the sky, deeply astonished.

This move, he absolutely couldn't withstand.

Even using Black Jade Power wouldn't make him a match.

"Die!"

Huo Yun swung the spear, piercing.

The next moment, heavens collapsed and earth shattered, ten thousand thunders resonated.

The Abyss Demon lying on the ground was directly pierced by the terrifying golden spear phantom.

The earth split open completely.

"Roar!"

The Abyss Demon let out an incredibly miserable roar.

Ultimately reduced to no more than bones under the terrifying golden thunder strike.

"Too strong!"

Xu Nian was dumbfounded.

Even from afar, he felt the terrifying intensity within the golden thunder.

"Come out!"

Just as Xu Nian marveled silently.

Huo Yun in the sky suddenly looked in Xu Nian's direction.

Xu Nian's heart jolted.

Though he had completely hidden his aura, Huo Yun could sense his presence?

But having been discovered, Xu Nian had no need to hide.

In a flash, he appeared in front of Huo Yun.

"Xu Nian pays respects to Brother Huo Yun!" Xu Nian respectfully said.

"You are Xu Nian?" Huo Yun glanced at Xu Nian, showing a slightly puzzled look.

Chapter 1568: Battle Against Qin Yan

"Brother Huo Yun knows me too?" Xu Nian was somewhat amused.

It seems his reputation truly precedes him.

"I've heard of your deeds, well done. That kid Wu Hao, I've never liked him, but because of his status, I've been reluctant to act. Compared to me, you're much more courageous." Huo Yun chuckled and said.

Upon hearing this, Xu Nian's face also broke into a smile.

"Brother Huo Yun flatters me, I merely act according to my conscience." Xu Nian said.

"Acting according to one's conscience, well said." Huo Yun looked at Xu Nian with even more admiration.

"You can leave, I won't kill you this time, but if we meet again, I won't be so lenient." Huo Yun laughed.

"Huh?" Xu Nian was a bit stunned.

He never expected Huo Yun to spare him.

He knew if Huo Yun wanted to kill him, he really wasn't a match.

"Thank you, Senior Brother Huo." Xu Nian said with a smile.

After speaking, he left immediately.

Huo Yun watched Xu Nian leave with a faint smile on his face.

"I hope you shine brightly in the Sealing God Battlefield in the future." Huo Yun laughed.

After speaking, he also disappeared in a flash of light.

"Brother Huo Yun actually spared Xu Nian." Someone exclaimed in surprise.

They thought once Huo Yun found Xu Nian, he would kill him.

But unexpectedly, Huo Yun chose to spare Xu Nian.

This took everyone by complete surprise.

"Damn it, why didn't Huo Yun kill Xu Nian?" Yu Qing clenched his fists, his eyes filled with intense dissatisfaction.

Han Lin also furrowed his brows, his eyes filled with anger.

They originally thought Xu Nian would be instantly defeated by Huo Yun and eliminated from the trial, but unexpectedly, after a chat, they parted ways.

How could this not make them angry?

"Don't worry, Xu Nian won't live long." Yu Qing said.

Han Lin nodded.

Now the number of people is continuously dwindling.

Xu Nian definitely won't last long.

Sure enough, at this moment, Yu Qing and Han Lin's eyes suddenly lit up.

"Haha, Xu Nian's luck is really bad, he actually ran into her." Yu Qing laughed heartily.

Joyful expression spread across Han Lin's face too.

Since Xu Nian ran into her, he was bound to lose.

The surrounding crowd also showed surprised expressions.

Unexpectedly, after Xu Nian just left Huo Yun, he encountered such a formidable opponent.

Xu Nian looked at the woman before him, his face filled with surprise.

The woman's appearance was extremely cold and alluring, her figure very graceful.

However, the woman's eyes were icy cold.

Just a glance gave one the feeling of falling into an abyss.

"Greetings, Senior Sister!" Xu Nian greeted respectfully.

Yet, the woman said nothing, and directly summoned a long spear.

The long spear thrust forward, carrying a strong law wave, directly aiming at Xu Nian.

Xu Nian's expression changed, immediately activating the Law Melting Power, condensing a green sword.

With one sword strike, it collided with the woman's spear.

"Boom!"

The sword met the woman's spear, emitting a violent roar.

The two forces exploded together.

Sending Xu Nian flying.

Of course, the woman was also pushed back.

"So strong, Water Attribute Law surges fiercely." Xu Nian thought to himself.

This woman must have comprehended the Second Grade Water Attribute Law's fierce surges.

Clearly, her cultivation had already reached the Law True Body Perfection Realm, and was even close to reaching the Law Heart entry-level.

With such strength, she was definitely a leading figure among Shendang Mountain's young generation.

It was easy for Xu Nian to guess the woman's identity.

"Senior Sister is Qin Yan, ranked fourth on the points board, right?" Xu Nian said.

The woman's eyes were calm, saying: "You are Xu Nian?"

"Correct, that's me." Xu Nian nodded.

"Law True Body Perfection, your Insight Realm isn't bad, come, fight wholeheartedly, let me see how strong the biggest dark horse of Shendang Mountain is." Qin Yan said.

The Law Melting Power inside her surged rapidly.

Then she swung her spear towards Xu Nian.

Qin Yan's spear smashed down fiercely.

A massive wave followed suit, crashing towards Xu Nian.

Her fighting style was bold and unfettered.

Without a trace of hesitation.

Xu Nian's expression changed, as a blue-golden light surged on his sword.

With one sword strike, it seemed to cut through the heavenly river.

Directly splitting the terrifying wave in half.

But just as Xu Nian split the wave, Qin Yan pursued.

With a spear strike like a Water Dragon roaring towards the sky, containing strong Law Melting Power.

Xu Nian immediately struck with his sword.

Sword Qi soared into the sky, carrying infinite piercing intent, colliding with the spear again.

"Boom!"

Terrifying powers exploded once more.

Forming a giant energy halo in the sky.

"Whish!"

Xu Nian stepped into the void, creating distance from Qin Yan.

Qin Yan stood proudly in the air, her eyes indifferent.

"Wow, Xu Nian is quite strong, he matched Qin Yan?" Someone exclaimed at the Sky-reaching Stele.

"Matched? They're just warming up, Qin Yan hasn't truly acted yet." Another person scoffed.

"Indeed, Qin Yan is a battle maniac, her strength isn't so simple." Someone followed.

The surrounding crowd nodded upon hearing this.

Qin Yan had the title of battle maniac in Shendang Mountain, a genuine crazy woman.

Among Shendang Mountain's young generation, few weren't afraid of her.

Such a presence couldn't just have a simple strength.

"Is your strength only this much? If so, your trial ends here." Qin Yan said coldly, her eyes already showing a trace of intensity.

Xu Nian had naturally heard of this mad woman's name.

He just never expected to actually meet her.

"Senior Sister Qin Yan, feel free to act, if I lose, it's my skills that aren't as good. But if I happen to win, I hope Senior Sister forgives me." Xu Nian said with a smile.

"Very well, in that case, let's decide the winner in one move. Let's each use our strongest technique and see who's stronger." Qin Yan said with a cold laugh.

Next moment, an immense Law Melting Power erupted from her body.

A gigantic Sea God phantom appeared behind her.

"Take this, Sea God's Wrath!" Qin Yan shouted, thrusting her spear.

A gigantic spear entirely condensed from Law Melting Power, directly thrusting at Xu Nian.

This spear was a thousand zhang long.

"Wow, Senior Sister Qin Yan even used Sea God's Wrath." The outside crowd exclaimed.

Looking at that enormous thousand zhang long spear, everyone felt their scalp tingling.

Such a weapon completely condensed from Law Melting Power, visually alone, was overwhelmingly impactful.

Only a mad person would use Law Melting Power to condense such a monstrous weapon.

"Xu Nian's bound to lose!" Han Lin and others muttered.

In their view, Xu Nian couldn't possibly withstand such a spear.

Xu Nian was also momentarily stunned.

This Qin Yan, true to her battle madness, condensed such a Law Melting weapon.

As the spear thrust, everything seemed to be destroyed.

"Seems I have to use the Black Jade Power." Xu Nian didn't hesitate, immediately activating the fusion of two Law Melting Powers.

Next moment, a terrifying power erupted from his body.

The blue sword in Xu Nian's hand was instantly imbued with a layer of black golden light.

Xu Nian stood with his sword, his body burning like black flames.

Endless momentum surged like a waterfall.

"Slash!"

Xu Nian shouted fiercely.

With one sword strike.

He directly aimed at the thousand zhang spear!

"Bang!"

Amidst the crowd's astonished gaze, that thousand zhang spear was slashed apart by the black Sword Radiance.

"Swoosh!"

The black Sword Radiance shattered the spear, and didn't vanish, but instantly appeared before Qin Yan, slicing her in two.

"What?"

Everyone gasped.

Qin Yan was actually sliced too?

Chapter 1569: Duel with Qin Yan

"What kind of power did Xu Nian use, that it's so terrifying, it even severed the Sea God's Wrath that Qin Yan conjured."

"Indeed, that black energy just emanated a terrifying feeling even through this scroll, what on earth is this power?"

The crowd around was exclaiming in shock.

Han Lin and Yu Qing also frowned, their eyes full of surprise.

Especially Han Lin, because he discovered that the black power Xu Nian used earlier was very similar to the power used when Xu Nian utilized the explosion to kill him.

Could it be...

"It's the fusion of powers from the melting of two laws, and it's even the fusion of melting powers of two different attributes." Someone in the crowd spoke out.

As soon as these words were spoken, the whole hall burst into commotion.

The fusion of powers from the melting of two laws?

How is this possible?

"The fusion of melting powers of two different attribute laws is basically impossible." Someone immediately refuted.

"It is indeed the fusion of melting powers from two different attribute laws," Tong Yao followed up, saying.

Her face also displayed extreme astonishment.

Xu Nian mastering the power of two laws was essentially common knowledge.

And having Xu Nian cultivate both laws to the Law True Body Perfection Realm had already left everyone in awe.

Now Xu Nian had actually fused the power of two laws together, and this is simply unprecedented.

"It seems our little junior brother's talent is much higher than we imagined, to be able to fuse the melting powers of two laws; it's truly awe-inspiring," Tong Yao couldn't help but say.

"Yes, this time Qin Yan's loss is just," Zhu Xin also followed up and said.

Everyone was astonished.

To fuse the melting powers of two laws.

Is this even humanly possible?

How has Xu Nian not been blown to bits?

Of course, the most frustrated person was Han Lin.

He could never have expected that Xu Nian actually fused the powers from these two laws together.

"Damn Xu Nian, to create such a bizarre trick," Han Lin clenched his fist, his eyes burning with anger.

Yu Qing also frowned deeply.

Clearly, Xu Nian's strength was somewhat beyond their expectations.

It seems they will find it even more difficult to kill Xu Nian.

...

Sky-reaching World.

Qin Yan looked at the sword marks on her body, her face also filled with utter surprise.

"That power earlier actually contained the melting power of two laws, how did you do that?" Qin Yan at this moment had no more fighting power.

Her Immortal Embryo had been shattered.

Her trial journey had come to an end here.

She just couldn't believe that the melting powers of two laws could also be fused.

"Actually, I also relied on my avatars to try over and over until I succeeded, and if the fusion of melting powers fails, it explodes, and this explosive power is enough to smash any Immortal Sovereign Peak expert," Xu Nian said with a wry smile.

At this moment, he also was beyond his limit.

The Black Jade Power earlier had already pushed his soul power to the brink of collapse.

And the Immortal Essence within him was nearly exhausted.

At this moment, anyone could kill him.

The cost of wielding the Black Jade Power was indeed too high.

"Attempting over and over, only you could do that," Qin Yan helplessly laughed.

Not everyone is like Xu Nian, who can master the Avatar Secret Technique and also can cultivate both laws to the Law True Body Perfection Realm.

Achieving any of those three conditions is not an easy task.

"Xu Nian, today's battle I lost, but I will wait for you at the Sealing God Battlefield, by then I look forward to having a true match with you," Qin Yan laughed and said.

"Okay!" Xu Nian smiled and nodded.

After speaking, Qin Yan's body directly turned into ash.

In the next moment, Xu Nian's identity token was suddenly filled with many points.

And Xu Nian's rank soared from sixth to fourth place.

The gap to the third place was merely five million points.

"Still couldn't break into the top three. With my current strength, I'm afraid I'm still not Lin Fu's opponent," Xu Nian said with a wry smile.

At this moment, he was unable to use the Black Jade Power anymore.

If used again, not even wielded, his soul might collapse.

So at the moment, breaking into the top three seemed nearly impossible.

"This Xu Nian seems much weaker now."

"Much weaker indeed, it seems the fusion of those melting powers is a huge burden on him."

...

Upon hearing this, the crowd finally breathed a sigh of relief.

If it could be easily wielded, that would truly be monstrous.

After all, they also saw earlier that the power was terrifying.

"Hmph, it appears the fusion of that power can't be easily wielded; given this, we still have a chance to kill him," Yu Qing quickly said.

"Yes, and just now my Master sent me a message of good news; he found a Divine Origin Stone in the Sealing God Battlefield, with this Divine Origin Stone, my Master said he can help me break through to the Immortal Emperor Realm first," Han Lin said with a cold laugh.

"Immortal Emperor Realm? Then congratulations to Senior Brother Cold," Yu Qing was immediately shocked, hastily speaking respectfully.

Once stepping into the Immortal Emperor, Han Lin's strength will surge.

By then, killing Xu Nian would be even easier.

"Hmph, once I break through to the Immortal Emperor, it will be the day of Xu Nian's death. Let's go, there's no need to watch the rest of the match," Han Lin said coldly.

"Indeed, no need," Yu Qing chimed in.

If Han Lin breaks through the Immortal Emperor, his status at Shendang Mountain will also change.

By then, he indeed won't be comparable to Xu Nian.

After finishing speaking, the two turned and left.

Xu Nian did not know what was happening outside; at this moment, he was trying to recover his soul power and Immortal Essence power in the Sky-reaching World.

As the Dan Sea Species Green Lotus Principle operated, the Immortal Essence very quickly returned to its peak state.

But the repair of soul power was extremely slow.

"Now there are less than thirty people left in the Sky-reaching World, those three Immortal Emperor Level Abyss Demons have surprisingly died, and two of them were killed by Brother Huo Yun,"

Xu Nian looked at the information on the identity token and shook his head helplessly.

Trying to enter the top three is really too difficult.

"Oh, since the Sky-reaching World can absorb Immortal Essence, can it help me break through to the Immortal Sovereign Realm within the Sky-reaching World?"

Xu Nian's mind suddenly came up with a bold idea.

That is to break through to the Immortal Sovereign Realm within the Sky-reaching World.

If this is successful, his soul power can also be repaired through the growth brought by the breakthrough.

"Just try and see,"

Xu Nian thought of this and didn't hesitate any longer.

He began to sit cross-legged, frantically devouring the Immortal Essence around him.

He felt the absorption speed was still not enough, so he directly initiated the Swallowing Heaven and Earth Talent Divine Ability.

Nine gigantic black holes appeared around him, frantically devouring the Immortal Essence around.

Since the Sky-reaching World was compressed, the Immortal Essence power became even more concentrated.

As Xu Nian madly absorbed, there were actually signs of a true breakthrough.

Chapter 1570: Lin Fu, Once Again

"What is he doing? Why is he frantically absorbing Immortal Essence when his Immortal Essence Power has already been restored?"

"Yes, it looks like he wants to absorb Immortal Essence to break through to the Immortal Sovereign Realm, but this is just Trial Space, just a wisp of Immortal Consciousness entering it, how could he possibly break through?"

"But the Sky-reaching World can absorb Immortal Essence, and the Immortal Essence within him has obviously increased a lot."

"It really seems that way, could it be that the Sky-reaching World can really be cultivated?"

...

All of a sudden, everyone started discussing it animatedly.

Some people had participated in the Sky-reaching Trial more than once, yet none of them knew that the Sky-reaching World could actually be cultivated in.

"I didn't expect Xu Nian to be so surprising, thinking of breaking through within the Sky-reaching World. In this way, he can completely have a higher realm than his own cultivation within the Sky-reaching World." Wan Feng couldn't help but say in amazement.

"It's indeed a bit unbelievable. It seems no one has noticed this before. Even if they want to break through, they would choose to exit the Sky-reaching World, then re-enter after breaking through." Lin Hengxin said.

"Actually, you can't blame everyone. The main issue is that cultivating in the Sky-reaching World is meaningless. After expending effort to break through, you still have to start all over again in the real world." Xue Bing said.

Upon hearing this, everyone nodded.

It's indeed so; who would do something so strenuous yet unrewarding?

However, as Xu Nian couldn't exit the Sky-reaching World right now, this move might produce miraculous effects.

"I wonder if he can break through!" Zhao Qiong's eyes were also filled with anticipation.

"Breaking through is inevitable, it's just unclear how strong he will be after breaking through." Tong Yao said with a smile.

Within the Sky-reaching World, Xu Nian was frantically absorbing Immortal Essence Power.

This Immortal Qi entered his body, transforming into incomparably pure Immortal Essence.

In this body in the Sky-reaching World, there was no Chaos Green Lotus, so the Immortal Essence Power he needed to absorb wasn't as much as in the real world.

After all, every time Xu Nian broke through, he had to satiate the Chaos Green Lotus first.

"Buzz!"

As the Immortal Essence kept gathering, the Immortal Essence Power gradually began to liquefy.

"Boom!"

With a booming sound inside, Xu Nian's cultivation smoothly broke through to the Immortal Sovereign Realm.

The next moment, an immensely huge potential surged from deep within his body, spreading throughout his entire body.

Even his soul, under the nourishment of this power, gradually returned to a peak state.

"So, this is the Immortal Sovereign Realm? The Immortal Essence Power inside seems even stronger." Xu Nian murmured to himself.

He clearly felt that the Immortal Essence within him had undergone a qualitative improvement.

It is said that upon reaching the Immortal Emperor Realm, the Immortal Essence inside is no longer Immortal Essence but is called Mixed Element Power.

The strength of Mixed Element Power is far greater than that of Immortal Essence.

"It's time to feel the cultivation of an Immortal Sovereign."

Xu Nian stood up, took a step forward, and his figure instantly turned into a rapidly moving streak of light.

In the next moment, he appeared a thousand miles away.

"So fast, the speed has tripled!" Xu Nian murmured to himself.

"Let's try the strength next!"

Xu Nian unleashed a punch.

The void instantly shattered.

"The strength has increased fivefold." Xu Nian couldn't help but marvel.

This experiment immediately made Xu Nian realize the gap between the Immortal King Realm and the Immortal Sovereign Realm.

Now, with the unique traits of the Chaos Green Lotus Technique, the Immortal Essence Power within him was entirely on par with the Immortal Sovereign Peak.

"If my true self were to break through, it should be even stronger!" Xu Nian murmured to himself.

All of a sudden, he developed strong expectations for the Immortal Sovereign Realm.

"Oh my god, he really broke through, broke through within the Sky-reaching World?"

"So, the Sky-reaching World can be cultivated in. If he hadn't broken through, I really wouldn't have known. Each time I recover to my peak, I just stop cultivating."

"Indeed, cultivating and breaking through in the Sky-reaching World, he is probably the first in Shendang Mountain."

...

The surrounding people were all shocked.

No one expected that Xu Nian would make a breakthrough within the Sky-reaching World.

"It seems Junior Brother Xu Nian is planning to break through to the Immortal Sovereign Realm and then have a match with Brother Lin Fu." Tong Yao said with a smile.

"Brother Lin Fu? Junior Brother Xu Nian wants to enter the top three?" Zhao Qiong was somewhat surprised.

The top three in the Sky-reaching World?

That's not so easy to get into, and Lin Fu's strength is even greater than Qin Yan's.

"In comparison, Lin Fu is the best breakthrough point for Junior Brother Xu Nian to enter the top three. After all, Brother Huo Yun at first place is too strong, and Tang Yuhao at second place is only slightly less powerful than Brother Huo Yun, so Lin Fu is the best target for Xu Nian to challenge." Tong Yao said.

"If you ask me, hunting the ones behind them to accumulate enough points should naturally allow him to enter the top three." Zhao Qiong said.

"It's useless. As the Sky-reaching World keeps shrinking, they will inevitably meet; the final battle is unavoidable." Tong Yao shook her head.

Hearing this, Zhao Qiong also felt that what Tong Yao said seemed reasonable.

...

"It's time to find Brother Lin Fu." Xu Nian murmured to himself.

Back then, he was hunted by Brother Lin Fu and barely escaped alive.

Since then, Lin Fu had been his target to surpass.

Now it was also time to have another fight with Lin Fu.

Xu Nian sent a message to Lin Fu.

The latter quickly replied.

So, Xu Nian quickly headed to the location Lin Fu mentioned.

Eventually, Xu Nian saw Lin Fu on a vast river.

The other stood on the river surface, obviously waiting for Xu Nian.

"Xu Nian pays respects to Brother Lin Fu." Xu Nian respectfully said upon seeing Lin Fu.

"Hmm, you want to challenge me?" Lin Fu asked.

The expression on his face was very calm.

"Yes, Brother Lin Fu, last time I wasn't your opponent, but this time I want to try again." Xu Nian said with determination in his eyes.

"Very well, then let's do it. Let me see what progress you have made during this time." Lin Fu said.

"Well then, please forgive me." Xu Nian said with a smile.

The last time he fought with Lin Fu, his cultivation realm was only at the Law True Body Great Success Realm.

Now he had reached Law True Body Perfection, and he believed that having another fight with Lin Fu should be no problem.

Lin Fu's gaze also became sharp.

Clearly, he did not underestimate Xu Nian.

"Did Xu Nian actually request to fight Lin Fu? Is he asking for a beating?"

"It does seem a bit like asking for a beating. Lin Fu's strength ranks ninth on the Immortal Sovereign List, his cultivation is already at the Immortal Sovereign Peak, and his Insight Realm is also at the Law True Body Perfection Realm. Xu Nian probably isn't his match, right?"

"Law True Body Perfection? Your information might be outdated. Just recently, Lin Fu has already broken through to the Law Heart Realm." Someone immediately retorted.

"Law Heart Realm? Then Xu Nian is definitely going to lose!"

"Not necessarily. You forget about the Black Jade Power that Xu Nian used before? So, this battle might be exceptionally exciting."

The surrounding people continued to discuss.

They all seemed to have different opinions about the outcome of the battle on the battlefield.
