

Divine King 1571

Chapter 1571: Law Heart

"Buzz!"

Lin Fu took a step forward, and the river underfoot instantly froze.

Then, Lin Fu slashed out with a sword, containing a powerful wave of Ice Attribute Law.

The sword's cold light stretched for ten miles.

The Sword Radiance contained in Lin Fu's sword was terrifyingly sharp.

Xu Nian didn't dare to be careless for a moment.

He unleashed the Wind Attribute Extreme Point Penetration Law Melting Power within him, and slashed out with a sword as well.

"Boom!"

The two Sword Radiances collided.

Xu Nian's Sword Radiance was instantly frozen, and finally shattered.

Yet Lin Fu's Sword Radiance did not stop, and once again attacked Xu Nian.

Xu Nian's expression changed, and he immediately activated the Black Hole Law Melting Power.

He punched out.

Only then did he manage to shatter the Sword Radiance into pieces.

"So strong, so fierce is that cold light," Xu Nian muttered to himself.

The Xuan Ice Power formed by Lin Fu's Nine Heavens Profound Ice Law was extraordinarily cold.

"It seems you've indeed made great progress, already reaching the Law True Body Perfection Realm, and with both laws achieved at that. This rate of progress is indeed astonishing," Lin Fu said.

He spoke highly of Xu Nian.

"Thank you for the compliment, Senior Brother Lin Fu, but you've also grown much stronger. It seems you've reached the entry-level of the Law Heart?" Xu Nian asked with a smile.

From that earlier sword strike, Xu Nian could feel it.

What Lin Fu displayed was not the Law Melting Power.

But a pure Power of Laws.

However, this pure Power of Laws was much stronger than his Law Melting Power.

"Your perception is not bad. My insight indeed reached the Law Heart not long ago, and my understanding of laws has reached a new level," Lin Fu smiled slightly.

"A new level?" Xu Nian was a bit surprised.

It seems the understanding of the Law Heart wasn't as simple as he imagined.

"Please, enlighten me, Senior Brother Lin Fu," Xu Nian said.

"Alright, I will exert myself fully, and as for how much you can comprehend, that depends on your insight," Lin Fu said seriously.

After saying this, the Ice Sword in his hand burst out with an extreme chill.

This chill seemed to come from the Nine Heavens, sending shivers down one's spine.

Even a touch of Immortal Essence would be immediately frozen.

"What a terrifying Power of Laws, indeed much stronger than before," Xu Nian muttered to himself.

"Take this, Nine Heavens Profound Ice Sword Rain!" Lin Fu said softly.

The next moment, the Ice Sword in his hand transformed into tens of thousands of Ice Swords.

Each Ice Sword was imbued with a powerful chill.

"So strong, is this Senior Brother Lin Fu's strength? This Nine Heavens Profound Ice Law is indeed formidable," people around couldn't help but exclaim.

"Yes, even through a painting, you can feel the terrifying chill of the Nine Heavens Profound Ice, capable of freezing everything in the world."

"The Nine Heavens Profound Ice Law is indeed terrifying, it can even freeze other Powers of Laws," Tong Yao added.

Zhu Xin and others all nodded.

Lin Fu's Nine Heavens Cold Ice Law is second only to the First-grade Law of Absolute Zero.

Absolute Zero, now that's the truly terrifying Ice Attribute Law.

Looking at the sky full of Ice Swords, Xu Nian's eyes also became extremely fierce.

"Go!"

Lin Fu whispered.

The sky full of Ice Swords then shot violently toward Xu Nian.

Xu Nian immediately activated the Black Hole Law Melting Power.

Forming an enormous black hole.

"Buzz!"

A strong tearing force erupted from the black hole.

The Ice Swords shooting at the black hole were instantly swallowed by it.

However, it didn't last long, and after swallowing over a thousand Ice Swords, the black hole eventually turned into an ice sculpture, falling directly to the ground.

"Puchi!"

The next moment, Xu Nian was pierced through the body by an Ice Sword.

His body exploded directly.

People around were surprised by this scene.

Was Xu Nian dead?

But just when everyone thought Xu Nian had lost, Xu Nian's figure turned into two clumps of soil.

"Clone?"

Everyone around was surprised.

No one expected that Xu Nian was just a clone.

Lin Fu was also a bit taken aback.

"Buzz!"

However, at that moment, a sharp edge stabbed at Lin Fu from behind.

Lin Fu's expression changed, and he turned with the Ice Sword in hand.

This sword instantly froze the attacking Xu Nian.

"Crack!"

The ice shattered, and Xu Nian turned into soil again.

"Another soil clone?"

The outside crowd was extremely surprised.

No one expected Xu Nian to be another soil clone.

Lin Fu's expression became serious, and he began to search around with his gaze.

It seems he wanted to discover Xu Nian's real body.

However, at that moment, four figures simultaneously attacked Lin Fu from four directions.

These four figures were indistinguishable from clones and the true body.

"Hmph!"

Lin Fu snorted coldly.

He stomped on the Void.

A terrifying Ice Cold Power instantly erupted.

Then before the four clones could approach, they were swallowed by the terrifying Ice Cold Qi.

"So strong!"

People outside were amazed.

This Nine Heavens Profound Ice Law was too terrifying.

"Crack!"

All four clones shattered and turned into soil.

"Looks like you won't come out unless I force you," Lin Fu said.

The next moment, he activated the Nine Heavens Profound Ice Law once again.

Then, one after another, ice blocks appeared in various places in the Void.

These ice blocks were each two meters long and half a meter wide.

"Is this Lin Fu's special move, Shadow of Xuan Ice?"

People were amazed.

They all looked at the floating Xuan Ice with surprise in their eyes.

No one expected Lin Fu to even use this move.

Then Lin Fu stepped into the Xuan Ice.

His figure then merged into the Xuan Ice and disappeared.

Xu Nian, hiding in the dark, immediately felt a sense of foreboding.

Sure enough, a piece of Xuan Ice appeared behind him.

Then Lin Fu's figure leapt from the Xuan Ice, slashing down with an Ice Sword, the Ice Cold Sword Qi swept in.

Xu Nian immediately used Shrinking Ground to dodge.

With one step, he appeared a hundred miles away, avoiding the sword.

However, just as he dodged, Lin Fu emerged from another Xuan Ice beside him and instantly slashed at Xu Nian again.

Xu Nian dodged repeatedly, being attacked by Lin Fu again and again.

He appeared extremely bedraggled, almost losing his life to the Ice Cold Sword Qi several times.

After several skirmishes, Xu Nian realized that as long as Xuan Ice was present, Lin Fu could instantly reach there.

In other words, he could move freely through the Xuan Ice.

"I must destroy these Xuan Ice!"

Xu Nian's eyes were filled with determination, and he immediately used the Red Scorching Extreme Point Penetration Law Melting Power to condense a sword, stabbing it into the Xuan Ice.

"Clang!"

However, when Xu Nian's sword pierced the Xuan Ice, it didn't budge.

"How sturdy this Xuan Ice is!" Xu Nian couldn't help but marvel.

His Law Melting Sword couldn't shatter this ice?

"Haha, I guess Xu Nian doesn't yet know that the truly terrifying aspect of the Nine Heavens Cold Ice isn't its temperature, but its hardness?"

Someone from outside laughed upon seeing this.

Others shook their heads.

Indestructibility is the truly fearsome aspect of the Nine Heavens Cold Ice.

Chapter 1572: The Secret of the Law Heart

"What incredibly hard Xuan Ice, it's actually comparable to a Low Grade Divine Artifact!"

Xu Nian was somewhat surprised.

The hardness of the Nine Heavens Profound Ice was indeed beyond his expectations.

"Buzz!"

Lin Fu's figure once again charged out from the Xuan Ice, slashing with a sword.

As if a cold gleam hanging upside down.

Xu Nian immediately swung his sword to block.

"Clang!"

Xu Nian's azure sharp sword clashed with Lin Fu's Ice Sword, and the cold instantly swept over Xu Nian's entire azure sword.

"Crack!"

The azure sword in Xu Nian's hand instantly shattered.

Xu Nian was a bit surprised, not expecting that even his sword formed by Melting Power could be frozen.

The Power of Laws at the Law Heart stage was indeed much more terrifying than Melting Power.

"Junior Brother, take this!"

Lin Fu snorted coldly.

The sword in his hand swung again.

This time, the sword transformed into ten thousand sword shadows, covering the sky and earth.

"This is Senior Brother Lin Fu's Ten Thousand Ice Shadow Sword, each sword shadow carries substantial damage."

The crowd outside immediately exclaimed.

No one expected Lin Fu to use even this move.

With this move, Xu Nian is probably doomed.

Looking at the overwhelming Sword Intent, Xu Nian's face was extremely grave.

The sword shadows on top made him feel a strong sense of crisis.

"Black Hole Law, Horizon Barrier!"

Xu Nian shouted loudly.

He immediately activated the Black Hole Law Melting Power, forming a powerful Horizon Barrier.

The so-called Horizon Barrier is the limit of what light can see.

Generally, when light approaches a black hole by a certain distance, it will be devoured.

This boundary is called the horizon, a defensive move Xu Nian had comprehended not long ago.

Any attack approaching a certain distance from him would be completely devoured.

Sure enough, those sword shadows were crushed and shattered by the terrifying tearing force of the black hole while resisting the Horizon Barrier, ultimately transforming into pure energy and merging into Xu Nian's body.

A terrifying chill entered his body, and Xu Nian clearly felt a strong and indescribable power.

For a moment, this power was somewhat uncontrollable, rampaging inside Xu Nian's body.

The powerful cold spread from his chest, beginning to diffuse throughout his body.

It seemed intent on transforming Xu Nian entirely into an ice sculpture.

"Is Xu Nian courting death? To dare to swallow Senior Brother Lin Fu's Nine Heavens Profound Ice Law Power."

Offstage, the audience revealed expressions of surprise.

Lin Fu's mouth also curled into a faint smile. His Nine Heavens Profound Ice Law Power was not so easily swallowed.

Moreover, Xu Nian's Law Comprehension Realm had not yet reached the level of the Law Heart.

"Such strong, overbearing Xuan Ice Power, why is this Xuan Ice Power so terrifying?"

Xu Nian clearly felt the terror of the Xuan Ice Law Power at this moment.

However, he did not rush to expel this ice power from his body.

Instead, he attempted to analyze the peculiarities of this Xuan Ice Power.

Previously, Xu Nian had also battled Lin Fu.

At that time, Lin Fu was obviously using the Law Melting Power.

But now, this pure Law Power was nearly ten times stronger than the Law Melting Power.

Where exactly was this tenfold difference?

Xu Nian really wanted to figure this out.

"Hmm, this Law Power seems to have a very high purity, much higher than the usual Law Power, by hundreds or thousands of times." Xu Nian suddenly discovered a problem.

This discovery made his eyes light up.

Perhaps this was the key to breaking through the Law Heart.

Highly concentrated Law Power.

Law Power concentrated a hundredfold naturally had much greater power than ordinary Law Power.

Moreover, Law Power concentrated to a hundredfold seemed to have undergone a qualitative change.

"I understand, I finally understand."

Xu Nian was overjoyed in his heart.

He suddenly thought of the solid Golden Power sphere he encountered last time.

It was as if a veil was lifted from his eyes suddenly.

Back then, that Golden Power was Law Power highly concentrated, probably reaching a concentration of millions or even billions of times.

That's why that Golden Power gave Xu Nian such a terrifying feeling.

And the Law Heart stage was to concentrate Law Power, allowing Law Power to gradually transform into true Divine Elemental Power.

"As for how to concentrate it, it probably has something to do with the Elemental Heart." Xu Nian understood this point.

His heart was filled with incomparable joy.

From this battle, his comprehension of Law Power had made a new breakthrough.

Even if he lost this battle, at least he had found a new direction for the Law Heart.

"Buzz!"

Xu Nian dispelled the horizon.

Then expelled all the Xuan Ice Law Power from his body.

This highly concentrated Law Power was already beyond his control.

"Senior Brother Lin Fu, thank you for your instruction; through the last battle, I also found a direction for comprehending the Law Heart. Next, let's have one final duel to decide the winner." Xu Nian said with a smile.

"It seems your perception is indeed high, discovering the mysteries of Law Power at the Law Heart stage so quickly. Since so, I'll grant your wish for a showdown," Lin Fu smiled slightly.

With a wave of his hand, those Ice Mirrors disappeared into the air.

Transformed into pure Law Power that all converged into the Ice Sword in his hand.

The Ice Sword erupted with an incomparably terrifying Ice Attribute Law Power.

"The concentration level of this Law Power has reached at least three hundred times," Xu Nian was surprised in his heart.

He hadn't expected Lin Fu's mastery of the Law Heart to be so strong.

Ordinarily, a hundredfold concentration of the Law was considered entry-level.

And Lin Fu, who had not long comprehended the Law entry-level, had already reached a three hundredfold concentration.

It truly was somewhat astonishing.

"This sword of mine is called Nine Heavens Return to Nothing; if you can take it, consider me defeated," Lin Fu said.

The Ice Sword in his hand was raised high, and frost instantly covered the entire land.

"Nine Heavens Return to Nothing, is this the strongest move of Senior Brother Lin Fu? Such a terrifying momentum. If I were on the scene, just the cold air alone would be enough to freeze me," someone outside expressed with emotion.

Many people around were also astonished.

They wondered whether Xu Nian could block it.

Xu Nian's eyes were extremely sharp, and his robes fluttered in the chilling wind.

Frost had already crept over his robes.

Snow fell from the sky, and the endless chill came attacking him.

A gentle breeze swirled around Xu Nian, dispersing this chill.

"Buzz!"

The Black Hole Law Melting Power and the Red Scorching Extreme Point Penetration Law Power fused together, and Black Jade Power continued to grow.

With the appearance of Black Jade Power, a black longsword also condensed in Xu Nian's palm.

As soon as this black longsword appeared, the world trembled.

The sword, entirely formed by Black Jade Power, possessed an incredibly terrifying strength.

"Senior Brother, bring it on!"

Xu Nian grasped the Black Jade Sword, his gaze cold.

Lin Fu also held his Ice Sword, his eyes sharp.

"Kill!"

Both shouted loudly.

Their figures simultaneously dashed forward, like two comets colliding directly.

The two sharp swords collided in an instant.

"Boom!"

The world immediately exploded.

Terrifying energy fluctuations instantly formed a massive energy sphere, sweeping the surroundings.

Everything within a hundred miles turned to dust.

The world was clear, and everything was silent.

"Who won?"

The surrounding people looked at the scene on the screen, all faces filled with surprise.

Chapter 1573: Zhao Yanyun's Surprise

"What a terrifying clash, I wonder who won and who lost."

The people around all showed curious expressions.

That collision just now seemed to be on par with a battle between Immortal Emperor Level powerhouses.

Such an encounter is definitely not something that an ordinary Immortal Sovereign Level can withstand.

"Look quickly, the name disappeared."

At this moment, someone exclaimed.

The crowd immediately looked towards the Sky-reaching Stele, eager to know whose name had disappeared.

When they saw the name that disappeared from the list, they all looked surprised.

It turned out that Lin Fu's name had vanished, replaced by Xu Nian.

"Cough cough!"

At the same time, the smoke in the ruins cleared.

The battered figure of Xu Nian was also revealed to everyone.

His entire body was covered in wounds, clearly at the end of his strength.

And in front of him, Lin Fu's corpse lay on the ground, eventually turning to ashes and dispersing in the air.

The people around were all shocked by this scene.

No one expected that Xu Nian would actually win in the end.

Tong Yao and others also looked astonished, not expecting Xu Nian to defeat Lin Fu.

"Junior Brother really keeps surprising us time and again!" Zhao Qiong couldn't help but exclaim.

Zhu Xin and the others all nodded.

Indeed, Xu Nian had brought them many surprises.

"But I'm afraid Junior Brother Xu Nian's Sky-reaching Trial has come to an end," Tong Yao said.

Everyone nodded.

At this moment, Xu Nian no longer had the strength to fight.

"Boom!"

Sure enough, Xu Nian was instantly killed by an Abyss Demon of Immortal Emperor Level, exiting the Sky-reaching World.

Being killed by a creature from the Sky-reaching World would not cause his points to be plundered.

This way, his rank could stabilize at third place.

In the real world, Xu Nian suddenly opened his eyes.

Looking at the Identity Token in his hand, a wry smile appeared on his face.

"It seems there's quite the gap between me and Senior Brother Lin Fu," Xu Nian mused to himself.

If it weren't for the Black Jade Power, he might not have been able to defeat Senior Brother Lin Fu.

"I must quickly break through to the Immortal Sovereign Realm and then comprehend the Law Heart," Xu Nian thought to himself.

With that thought, he moved his mind.

Xu Nian directly entered the Chaos Divine Palace.

Originally, Xu Nian wanted to have a chat with Murong Xue, but found she was in seclusion, so he quietly left.

Xu Nian then came to Zhao Yanyun's place.

To his delight, Zhao Yanyun had surprisingly broken through to the Immortal King Realm.

"You've finally come?" Zhao Yanyun smiled alluringly when she saw Xu Nian.

"You've broken through? What about the surprise you promised?" Xu Nian asked directly, without being polite, embracing Zhao Yanyun.

The slender waist in his embrace felt remarkably light and soft, as if boneless.

"So eager?" Zhao Yanyun laughed.

"Of course, Sister Yanyun, I've been looking forward to the surprise you mentioned," Xu Nian smirked mischievously.

He pinched Zhao Yanyun's waist, causing her to whimper coquettishly.

"Alright, since you're so impatient, let me satisfy you," Zhao Yanyun smiled slightly.

With that, Zhao Yanyun began to undress, revealing her stunning figure to Xu Nian.

Xu Nian felt an uncontrollable excitement inside.

But before he could make a move, a peculiar light emanated from Zhao Yanyun's body.

This light resembled Ancient Divine Patterns.

"What's this?" Xu Nian asked with a puzzled look.

"It's a Yin Yang Dual Cultivation Divine Rune Secret Technique I accidentally acquired. During that act, the runes can enhance the bonds, reaching the level of Yin and Yang harmony, achieving dual cultivation of both spirit and flesh simultaneously," Zhao Yanyun explained with a smile.

"Dual cultivation of spirit and flesh?" Xu Nian was astonished.

But before he could think more, Zhao Yanyun pounced into his arms.

And what surprised Xu Nian even more was yet to come.

His Soul Cultivation unexpectedly advanced from the Middle-stage Immortal Sovereign to the Immortal Sovereign Peak Realm.

"Is this the surprise you mentioned?" Xu Nian couldn't help but express his amazement.

"Yes, how does it feel? Not bad, right?" Zhao Yanyun smiled charmingly.

In fact, her cultivation had also improved significantly.

Now she had reached the Late Stage Immortal King Realm.

This dual cultivation had greatly advanced her cultivation as well.

"It was indeed surprising. Should we do it again?" Xu Nian chuckled.

"Shameless! The divine pattern is one-time use. Once used, it has no effect afterward. I couldn't use it before because I hadn't reached the Immortal King Realm," Zhao Yanyun replied with a smile.

Xu Nian nodded.

Using the divine pattern indeed required a certain threshold.

If one's cultivation wasn't enough and they forced its use, the outcome could be exploding to death.

"Even without the divine pattern, how about we simply do it again?" Xu Nian grinned mischievously.

With that, he picked Zhao Yanyun up again.

"Shameless!" Zhao Yanyun playfully hit Xu Nian's chest, blushing.

"Don't you like it?" Xu Nian asked with a smile.

"I... I like it!" Zhao Yanyun admitted shyly.

"Darling, are you just as amazing with Sister Yanran?"

Suddenly, Zhao Yanyun playfully asked.

Xu Nian looked awkward.

He didn't know how to answer.

"Haha, I'm just messing with you." Zhao Yanyun laughed out loud.

Xu Nian playfully smacked her.

Zhao Yanyun looked at him with enchanting eyes.

"What if Sister Yanran and I served you together, how would you feel?" Zhao Yanyun suddenly said with a smile.

"Cough cough!"

Hearing this, Xu Nian almost choked.

Quickly, he found an excuse and left the Chaos Divine Palace.

My gosh!

Zhao Yanyun was really such a demon, saying things like that.

But if there really was such a chance, he definitely wouldn't miss it.

Chapter 1574: Reunion with the Taichu Immortal Emperor

Leaving the Chaos Divine Palace, Xu Nian went directly towards Shendang Mountain in the Immortal Domain.

Because Xu Nian used the Chaos Divine Palace to conceal his presence, those who wanted to hunt him down for the bounty couldn't find him.

Occasionally, one or two who managed to locate Xu Nian were ruthlessly slain by him.

With Xu Nian's cultivation, unless an Immortal Emperor personally takes action, it's truly difficult for anyone to harm him.

After six months of travel.

Xu Nian finally returned to Shendang Mountain.

"Finally back."

Looking at the vast and boundless Shendang Mountain Immortal Domain ahead, Xu Nian's face showed an excited expression.

For him, Shendang Mountain was practically half a home in the Immortal Realm.

Returning to Shendang Mountain, he felt a sense of intimacy.

"Junior Brother Xu Nian, you're back?"

But just as Xu Nian entered inside the Immortal Domain, Tong Yao's figure appeared in front of him.

"Xu Nian greets Senior Sister Tong Yao," Xu Nian said with a smile.

"Not bad, you've unexpectedly broken through to the early stage of Immortal Sovereign, it seems your progress speed is truly as terrifying as the rumors say," Tong Yao said with a smile.

"Senior Sister flatters me. I wonder if there's something you need from me, Senior Sister?" Xu Nian asked with a smile.

"It's not me looking for you, but Master is. Let's go, Master asked me to take you to see him," Tong Yao said with a smile.

"Master is in Shendang Mountain?" Xu Nian asked in surprise.

"Not his true form; it's Master's body separation," Tong Yao replied.

Xu Nian nodded.

This shows that the situation on the Sealing God Battlefield is indeed not optimistic.

"Please lead the way, Senior Sister," Xu Nian nodded and said.

Tong Yao smiled slightly and then took Xu Nian towards a palace.

Soon, Xu Nian was brought into a palace.

Inside the palace stood a man in white.

This person exuded infinite majesty, despite only being a body separation, giving Xu Nian an unbeatable feeling.

"Xu Nian pays respects to Master!" Xu Nian immediately bowed respectfully upon seeing the man in white.

"Get up quickly," the man in white said with a smile when he saw Xu Nian.

Afterward, he signaled Tong Yao with his eyes, and she exited the main hall.

"Master, I have brought back the Realm Heart Lake Water you asked for," Xu Nian said with a wave of his hand, producing a hundred bottles of Realm Heart Lake Water.

"You indeed did it, truly haven't disappointed me, a hundred bottles is too much, ten bottles are enough for me," Taichu Immortal Emperor said.

Saying that, he returned the remaining ninety bottles of Realm Heart Lake Water to Xu Nian.

In fact, Xu Nian initially acquired a total of a thousand bottles.

Even if Taichu Immortal Emperor had taken all the Realm Heart Lake Water, he would still have plenty left.

But he didn't expect that Taichu Immortal Emperor would only take ten bottles.

"When you acquired the Realm Heart Lake Water, did you encounter the Death God?" Taichu Immortal Emperor asked.

"No, it seems the Death God has fallen into a slumber, but there are three very formidable Immortal Emperor skeletons guarding it, along with an army of billions of skeletons," Xu Nian replied.

Taichu Immortal Emperor nodded.

Acquiring the Realm Heart Lake Water is no easy feat.

Once an Immortal Emperor-level expert enters the Death God Domain, the Death God would be immediately awakened.

At that time, there would likely be no escape.

This is also why Taichu Immortal Emperor had Xu Nian go.

"Since you've brought the Realm Heart Lake Water for me, I definitely can't accept your gift for nothing. Whatever you desire, feel free to ask," Taichu Immortal Emperor said.

"I don't have any specific desires, but I would like to seek Master's advice on the issues of law comprehension," Xu Nian said.

"Law comprehension issues? That's not considered a reward. I promised you, I would indeed take you as a direct disciple, so answering your questions is my obligation. I know you have a fair amount of divine artifacts, so I'll offer you this as well." Taichu Immortal Emperor smiled and said.

With that, he waved his hand, and an aged book flew towards Xu Nian.

"This is... Original Rune Analysis?" Xu Nian was taken aback.

Unexpectedly, what Taichu Immortal Emperor gave him was an Original Divine Rune Analysis.

For Xu Nian, it was a truly excellent thing.

Previously, he had replicated original divine runes, trying to comprehend them, but had been unable to get a grasp.

Now, obtaining this Original Divine Rune Analysis could perhaps reveal the key to breakthroughs.

"How is it, if you don't like it, I can give you something else." Taichu Immortal Emperor smiled and said.

"This reward, this disciple likes very much." Xu Nian hastily expressed his gratitude.

Taichu Immortal Emperor smiled and nodded.

"Additionally, this is your new identity token. From this day forth, you are my seventh direct disciple as Taichu Immortal Emperor; no Immortal Emperor in the Immortal Realm will dare touch you," Taichu Immortal Emperor laughed and said.

"Huh?" Xu Nian was stunned.

No Immortal Emperor would dare lay a hand on him?

This implied that Taichu Immortal Emperor was officially announcing his protection for Xu Nian.

In this way, even if the Heavenly Immortal Emperor encountered Xu Nian, he might not dare to act against him.

After all, going against Granny Xu meant going against Taichu Immortal Emperor.

"Thank you, Master!" Xu Nian bowed again.

"No need for excessive courtesy, truth be told, receiving a disciple like you, I got a huge bargain. If you have any questions, feel free to ask," Taichu Immortal Emperor said with a smile.

Subsequently, Xu Nian asked all his questions regarding law comprehension.

Taichu Immortal Emperor also explained them to Xu Nian in detail.

Although Taichu Immortal Emperor's laws differed from Xu Nian's, they were essentially the same in nature.

With Taichu Immortal Emperor's answers, Xu Nian felt an instant enlightenment as if clouds were parted, bringing clarity.

"Thank you, Master, for resolving my doubts; this disciple has benefited immensely," Xu Nian gratefully said.

"No need to thank me, your perception is high, I believe it won't be long before you break through to the Law Heart stage. Do you have any plans going forward?" Taichu Immortal Emperor smiled and asked.

"I plan to enter the Sealing God Battlefield after breaking through the Law Heart," Xu Nian said.

"Indeed, you should go to the Sealing God Battlefield. Only there can you gain enough experience. Today's Sealing God Battlefield is more cruel than before, but it is filled with more opportunities," Taichu Immortal Emperor said.

"I heed Master's teachings," Xu Nian said.

"If you wish to enter the Sealing God Battlefield, seek your third senior sister, she will instruct you on how to enter. Alright, you may leave," Taichu Immortal Emperor instructed.

Xu Nian bowed and then exited the main hall.

Shortly after Xu Nian left, another figure appeared in the main hall.

This figure was a middle-aged man.

If Li Xiuyuan were here, he would definitely recognize this person as his father, the Fuhua Immortal Emperor.

"Indeed, quite a promising talent, perhaps in the future he'll be able to achieve the task you mentioned," Fuhua Immortal Emperor said.

"I have great confidence in him. Ask how many in the Immortal Realm could return alive with the Realm Heart Lake Water?" Taichu Immortal Emperor laughed.

"But if he really goes to complete that task, he will face great dangers, are you truly willing?" Fuhua Immortal Emperor asked with a smile.

"Honestly, I'm truly reluctant," Taichu Immortal Emperor said sincerely.

Fuhua Immortal Emperor burst into laughter upon hearing this.

Chapter 1575: Supreme State of Mind

"Junior Brother Xu Nian, how did it go? Did Master accept you as a direct disciple?"

Tong Yao walked over with a smile, looking at Xu Nian who emerged from the great hall.

Xu Nian smiled and displayed the identity token in his hand.

"Not bad. Congratulations, Seventh Junior Brother. We now have one more direct disciple. This is a greeting gift from your Senior Sister. I hope you won't mind." Tong Yao smiled and handed Xu Nian an exquisite metal bracelet.

"What is this?" Xu Nian was somewhat surprised.

He didn't expect Tong Yao would give him a gift.

"This is a bracelet for sensing treasures, through which you can perceive the existence of Divine Power Liquid and various treasures." Tong Yao said with a smile.

"Oh, is there really such a good thing?" Xu Nian was a bit shocked.

A treasure that can sense other treasures is certainly very precious.

He just hadn't expected Tong Yao would give him something like this.

"Thank you, Senior Sister, I really like this gift." Xu Nian said with a smile.

He accepted the gift gladly.

Tong Yao was quite satisfied with Xu Nian's acceptance.

"As the youngest, how could we as senior brothers and sisters not give you a gift? I heard you're planning to head to the Sealing God Battlefield?" Tong Yao changed the subject with a smile.

"Yes, I plan to train at the Sealing God Battlefield. Now my cultivation has reached a bottleneck stage, and I hope to achieve a breakthrough through training there." Xu Nian said with a smile.

"Alright, coincidentally our team will head to a divine miracle in ten days. Why don't you join us then?" Tong Yao said with a smile.

"Alright." Xu Nian agreed without hesitation.

He was unfamiliar with the Sealing God Battlefield, so having Tong Yao along would be the best thing." Xu Nian said with a smile.

"Then, in ten days, I'll wait for you at the Sky-reaching Stele of Shendang Mountain. But I must tell you, the Sealing God Battlefield is extremely perilous, especially now. And once inside, all major forces can kill freely, even Immortal Emperor level experts are no exception." Tong Yao said.

"Immortal Emperor experts can also act freely?" Xu Nian asked in surprise.

He had heard before that Immortal Emperor level experts would check and balance each other, and wouldn't easily attack the younger generation.

"Indeed, there is some restraint among Immortal Emperor level experts, and they generally wouldn't attack the younger generation unless absolutely necessary. But if an Immortal Emperor wants to forcefully act, there's no real way to stop them." Tong Yao said.

Xu Nian understood.

There is restraint among Immortal Emperors.

But because of faction issues, that restraint is ultimately limited.

Once a real fight breaks out, the Immortal Emperor level experts behind them may not necessarily be able to prevent it.

Moreover, Immortal Emperors cannot watch them all the time.

"I understand, Sister Tong, I will be careful about this." Xu Nian said.

He knew Tong Yao was reminding him of matters related to the Heavenly Immortal Emperor.

If the Heavenly Immortal Emperor really disregards everything and makes a move against him, the Taichu Immortal Emperor may not be able to prevent it.

Tong Yao nodded.

"Since you understand, I won't say much more. Generally, an Immortal Emperor won't act lightly; although you killed Wu Hao, the Heavenly Immortal Emperor wouldn't openly attack you." Tong Yao said.

Xu Nian understood.

After this, he exchanged a few words with Tong Yao and then bid farewell.

Upon returning to his residence, Xu Nian carefully recalled Tong Yao's words.

He had offended not only the Heavenly Immortal Emperor.

There were also the Tianhua Immortal Emperor, Heavenly Thunder Immortal Emperor, and Extreme Purple Immortal Emperor.

Among them, the Heavenly Thunder Immortal Emperor and Extreme Purple Immortal Emperor's killing intent towards him might be no less than the Heavenly Immortal Emperor's.

Although the Taichu Immortal Emperor publicly said he would protect him.

But as Tong Yao said, the Taichu Immortal Emperor can't watch over him every moment.

If any Immortal Emperor level expert found an opportunity, they could still kill him.

"Now the only way is to quickly enhance my power. Only by becoming strong enough myself can I not worry about these threats." Xu Nian thought to himself.

These Immortal Emperor level experts were not Xu Nian's real threat. To him, the truly terrifying one was the Netherworld Lord.

Once he entered the Sealing God Battlefield, he'd likely be closer to the Netherworld Lord.

If the Netherworld Lord came for him then, it would be a huge trouble.

"First, comprehend the Law Heart." Xu Nian thought to himself.

He began to try understanding the Law Heart.

Regarding the Law Heart, Xu Nian had previously consulted the Taichu Immortal Emperor.

Now he had newfound insights into the Law Heart.

The so-called Law Heart was not about truly using the power of laws to condense into a Law Heart.

It was more about the perception of the heart realm, reaching a level beyond the laws.

This heart realm is very mysterious, achievable only through intuition.

Now Xu Nian needed to let his mind empty, reaching the first phase of the Law Heart, the supreme state of mind.

This state is very rare.

"Buzz!"

Xu Nian exerted effort to remain in an extremely calm state.

At this moment, his mind was tranquil and unshaken.

Unfazed even if the sky fell before him.

He focused on experiencing the so-called supreme state.

Earlier, the Taichu Immortal Emperor had exhibited this state before him.

Xu Nian could clearly feel an ethereal and divine aura emanating from the Taichu Immortal Emperor.

This aura wasn't something one could possess just through cultivation, but was a feeling of extreme etherealness.

It was as if all things had to submit before him.

Even laws were under his command.

At present, Xu Nian absolutely couldn't achieve this.

"Buzz!"

His mind left the body, soaring to the heavens.

The avatar formed by his mind stood above the world, overlooking the land.

All mountains and rivers lay beneath, appearing to submit before him.

At this moment, Xu Nian felt his mind seemed to undergo an invisible cleansing.

A refreshing sensation spontaneously arose.

"Laws, all things, and the universe are under control. All creation is shaped by me." Xu Nian spread open his palm.

The wind swirled around him, howling endlessly.

Yet it seemed to be under Xu Nian's control, unable to dissipate.

As if this wind was worshipping Xu Nian.

At this moment, Xu Nian felt his heart realm seemed to have greatly improved.

An unprecedented confidence surged within his chest.

"This is the supreme heart realm, where everything is determined by me, and the universe is within my grasp?"

Xu Nian's eyes shone with a dazzling light.

At this moment, he exuded an aura of majesty.

"Buzz!"

His mind returned, and Xu Nian suddenly opened his eyes.

The aura on him hadn't changed in the slightest.

A smile curled at Xu Nian's lips as he spread open his palm.

The power of laws swirled in his palm.

But unlike before, at this moment, Xu Nian's command over the Heaven and Earth Laws seemed much more adept than before.

"Buzz!"

An endless power of laws gathered, spinning wildly, ultimately compressing swiftly into a thread of strength.

This thread of strength was extremely sharp.

Just one could easily sever a top-grade Immortal Artifact.

"A hundredfold power of the Red Scorching Extreme Point Penetration Law? Such a sharp feeling."

Xu Nian was overjoyed.

Now he had officially stepped into the realm of the Law Heart, attaining a supreme state of mind.

Chapter 1576: The Arrogant Feng Yao

In the following days, Xu Nian constantly refined his supreme state of mind.

He discovered that the stronger his supreme state of mind was, the better he could control the power of laws.

"Buzz!"

With a thought, a thread of nearly two hundred times the power of laws appeared in Xu Nian's palm.

The power of laws swirled, transforming into an incredibly sharp little sword.

"Go!"

With a wave of his hand, the small sword shot out directly.

In an instant, it struck a divine stone in the distance.

"Bang!"

The divine stone was pierced with a small hole.

This divine stone had already reached a level comparable to a low grade divine artifact.

Yet now, before Xu Nian, it was easily penetrated.

"This two hundred times power of laws is truly terrifying. Now the sharpness of my power of laws has reached the point where it can pierce a low grade divine artifact's divine armor," Xu Nian thought happily.

Being able to use the power of laws to pierce a low grade divine artifact is something few in the Immortal Realm can achieve.

This is the strength of Xu Nian's first-grade law.

Of course, if the other party uses divine power liquid to activate the divine armor, it might not be so easy to shake.

After all, the defense of the divine armor escalates sharply when powered by divine strength.

"It's time to test the Supreme Tower," Xu Nian said with a smile.

After speaking, he left his dwelling and headed for the Supreme Tower.

However, when Xu Nian arrived at the Sky-reaching Tower, he found a large crowd gathered there.

It seemed there was some sort of dispute occurring.

Xu Nian originally did not intend to get involved.

But when he saw who was standing in the crowd, his eyebrows furrowed.

As he walked into the crowd, he found that it was indeed Lin Hengxin, Xue Bing, and Wan Feng standing before him.

Opposite them stood a pair of young-looking men and women.

The woman's cultivation was not high, only at the Immortal King Peak Level.

But the man's cultivation was not low, reaching the Immortal Sovereign Peak.

At this moment, Lin Hengxin and the others were looking angrily at these two.

"Zhou Qingqing, I will not give you the Jade Spirit Sword," Lin Hengxin said angrily.

In his hand was a delicate immortal sword.

Although the sword was only at the top-grade immortal artifact level, it had a simple divine talisman engraved on it.

This divine talisman made the sword more lethal and domineering than ordinary swords.

"Lin Hengxin, whether you like it or not, this sword will be mine," said Zhou Qingqing disdainfully.

The woman was extremely seductive in appearance, and she frequently gave flirtatious glances to the young man beside her.

The young man, with his arm around the woman's slender waist, wore an amused expression.

"Lin Hengxin, since Qingqing wants your sword, just name your price. I can afford it," the young man said arrogantly.

He did not seem to take Lin Hengxin and the others seriously.

"I said this item was left to me by my parents; I can't sell it," Lin Hengxin refused decisively.

"Brother Feng, I just really want it," the woman said, acting coyly while holding the young man's hand.

As she spoke, she continuously rubbed against his arm.

The young man felt greatly satisfied immediately and said triumphantly, "Alright, I promise to get it for you."

Then he turned to Lin Hengxin and said, "Lin Hengxin, I'll say it again: whether you sell it or not, this sword will be mine. There has never been anything I, Feng Yao, wanted but couldn't get," Feng Yao said with a cold smile.

His tone was filled with a strong threat.

"Feng Yao, don't be too overbearing. Lin Hengxin has already said he won't sell it, do you really intend to rob him?" Xue Bing interjected immediately.

"You're right, I do intend to rob it. The Judgement Immortal Emperor of Shendang Mountain is my uncle. Do you think I would hesitate to act against you?" Feng Yao said with a cold smile.

As these words were spoken, everyone around was taken aback.

The Judgement Immortal Emperor is his uncle?

The Judgement Immortal Emperor is one of the nine Immortal Emperors of Shendang Mountain, although only at the early-stage Immortal Emperor level.

But he has always been responsible for the clan rules at Shendang Mountain.

However, the Judgement Immortal Emperor is very busy, so his first disciple usually handles things.

And Lin Rock, the first disciple of the Judgement Immortal Emperor, colludes with Feng Yao.

Thus, Feng Yao relies on his connection with the Judgement Immortal Emperor to act arrogant in Shendang Mountain.

Many disciples have been bullied by him, but dare not speak out.

Now, seeing Lin Hengxin being bullied, they cast sympathetic glances.

Lin Hengxin and Xue Bing were extremely unwilling in their hearts.

They also knew the power of the Judgement Immortal Emperor.

If they really offended Feng Yao, they would face endless limitations in Shendang Mountain.

"So, will you hand it over or not? If not, don't blame me for being rude," Feng Yao said triumphantly.

Beside him, Zhou Qingqing also wore a cold smile.

"Lin Hengxin, I've said I would surpass you one day. Now you can't even protect your beloved item; what do you have to compete with me?" Zhou Qingqing said disdainfully.

Lin Hengxin's eyes were filled with immense anger.

She had known Zhou Qingqing for a long time.

Zhou Qingqing always wanted to compete with her.

Now, having attached herself to Feng Yao, she deliberately wanted to show her superiority.

"I'll never give it up, even if it means my death," Lin Hengxin said angrily.

"Right, never," Xue Bing echoed angrily.

"Brother Feng, it seems these people don't respect you," Zhou Qingqing said immediately.

"Hmph, I'll teach them a lesson," Feng Yao said with a cold smile.

He then swiftly moved in front of Xue Bing.

With a punch, he struck Xue Bing's chest.

Xue Bing, unable to be his match, was sent flying at once.

Coughing up blood, Xue Bing's eyes were filled with deep resentment.

His cultivation was only at the early stage of an Immortal Sovereign; he couldn't possibly be a match for someone of Feng Yao's Peak Level.

"An ant like you dares to shout in front of me? Crushing you is as easy as crushing an ant," Feng Yao said with extreme disdain.

Then he turned to look at Lin Hengxin.

She, seeing Xue Bing lying motionless, was filled with rage.

"Feng Yao, don't go too far," Wan Feng said beside them.

"Too far?" Feng Yao scoffed.

His body appeared right in front of Wan Feng and delivered a punch to Wan Feng's abdomen.

Wan Feng was unable to move immediately.

"I can go further,"

Feng Yao said, then slapped Wan Feng's face.

Wan Feng was sent flying, spewing blood profusely.

Everyone around shook their heads.

Lin Hengxin was even angrier.

"Lin Hengxin, I'll give you one more chance. If you don't yield, I'll strip you and make you lose all face," Feng Yao said with a cold smile.

Beside him, Zhou Qingqing also wore an amused gaze.

Lin Hengxin clenched her fists, her heart filled with endless fury.

"If you dare to touch a hair on her, I'll ensure you die without a trace,"

Just as Lin Hengxin was about to speak, a cold voice rang out.

Then everyone saw a figure slowly emerge from the crowd.

"Is it him?"

Seeing who had arrived, everyone was surprised.

Chapter 1577: Quasi-Immortal Emperor Level

"Xu Nian?"

The onlookers around were astonished.

Currently, Xu Nian's reputation at Shendang Mountain was quite prominent.

After all, Xu Nian had defeated Lin Fu.

"Xu Nian, you're back?"

Lin Hengxin was delighted inwardly, not expecting Xu Nian to appear at this moment.

Xue Bing and Wan Feng were also pleasantly surprised.

Feng Yao's expression changed; he hadn't anticipated that the young man before him was the recently famous Xu Nian.

"Xu Nian, I hope you mind your own business and stay out of mine," Feng Yao threatened directly.

Knowing Xu Nian had defeated Lin Fu, he naturally held some apprehension towards Xu Nian's strength.

However, he was not afraid, given that he had the backing of the Judgement Immortal Emperor.

Thus, he didn't believe Xu Nian would dare to take action against him.

Upon hearing these words, Xu Nian sneered coldly.

"What if I insist on interfering?" Xu Nian replied coldly.

With those words, the entire audience burst into an uproar.

"Does Xu Nian really dare to challenge Feng Yao? Isn't he afraid of the Judgement Immortal Emperor?"

Someone in the crowd exclaimed in surprise.

His words, however, elicited mocking laughter from those around.

"Judgement Immortal Emperor? Did you forget that Xu Nian has killed the Heavenly Immortal Emperor's own son, the Extreme Purple Immortal Emperor's own son, and the Heavenly Thunder Immortal Emperor's own daughter? What does a Judgement Immortal Emperor matter?" someone well-informed scoffed.

With those words, the entire place fell into astonishment.

The Heavenly Immortal Emperor's own son?

The Extreme Purple Immortal Emperor's own son?

The Heavenly Thunder Immortal Emperor's own daughter?

And he's still alive?

What a miracle!

However, Feng Yao was unaware of these events.

Hearing Xu Nian dare to challenge him, he was immediately enraged.

"Xu Nian, I know you're formidable, but don't say I didn't warn you—if you dare lay a finger on me, my uncle the Judgement Immortal Emperor won't let you get away with it," Feng Yao said arrogantly.

"Exactly, look at who you are and dare disrespect Brother Feng," Zhou Qingqing sneered.

"Slap!"

But just as her words fell, a slap directly struck Feng Yao's face fiercely.

"Pfft!"

Feng Yao was instantly sent flying.

The crowd around was in shock.

Did he really dare to make a move?

Zhou Qingqing was also dumbfounded.

She didn't expect Xu Nian would really dare to strike.

"I hit you, so what? Let the Judgement Immortal Emperor come and kill me!" Xu Nian sneered.

Feng Yao's face turned livid.

He didn't expect Xu Nian to really dare to make a move.

However, that single slap gave him a terrifying insight into Xu Nian's power.

In that instant, he hadn't had time to react.

"Fine, you wait," Feng Yao immediately took out a communication token to send a message.

Everyone around had a change in expression.

"Feng Yao is probably calling Lin Rock, right?"

"He should be. They say Lin Rock is incredibly strong, his cultivation already half a foot into the Immortal Emperor level. This could spell trouble for Xu Nian."

"Indeed, Lin Rock is powerful. Although his insight isn't on par with those geniuses on the Immortal Sovereign List, he's taken a different path, seeking a breakthrough in cultivation, and has now reached the Quasi-Immortal Emperor Level."

When the crowd mentioned Lin Rock, a flicker of fear crossed their eyes.

He's a formidable opponent.

Quasi-Immortals cannot be listed on the Immortal Sovereign List, whereas those on the list are all Immortal Sovereign Peak Level masters.

Quasi-Immortal Emperor represents another realm.

"Xu Nian, be careful, Lin Rock and Feng Yao are in cahoots, they definitely won't let you off easily. Lin Rock is a Quasi-Immortal Emperor," Xue Bing quickly advised upon approaching.

"Quasi-Immortal Emperor?"

A hint of surprise flashed across Xu Nian's face.

The so-called Quasi-Immortal Emperor means having half a foot in the Immortal Emperor Level.

The threshold of the Immortal Emperor Level is so high that many get stuck at the Half-Immortal Emperor Level.

This level is generally referred to as Quasi-Immortal Emperor Level.

A Quasi-Immortal Emperor is much stronger than an Immortal Sovereign Peak.

Any level involving the word "Immortal Emperor" is beyond comparison with Immortal Sovereign.

"A Quasi-Immortal Emperor probably already has Mixed Element Power," Xu Nian mused to himself.

The power of the Immortal Emperor lies in the Mixed Element Power.

It's a force completely surpassing Immortal Essence.

This power is a thousand times stronger than Immortal Essence.

Once Mixed Element Power is born, there's a qualitative leap in strength.

Thus, Quasi-Immortal Emperors have significant status even in the Immortal Realm.

"Swish!"

Sure enough, at this moment, a figure fell like a phantom.

This person was already radiating a powerful imperial aura.

"Senior Brother Lin Rock!" Feng Yao was overjoyed upon seeing the person arriving.

Zhou Qingqing's face also expressed ecstatic joy, glaring at Xu Nian and Lin Hengxin with extreme disdain.

"Feng Yao, did you send a message saying someone wants to kill you? Who has the guts to lay a hand on you?" Lin Rock asked with a cold laugh.

As the chief disciple of the Judgement Immortal Emperor, he managed the sect's regulations across Shendang Mountain.

Within the sect, he held a very high position.

So within the sect, no one dared to offend him.

Over time, he developed a strong air of authority.

The talented individuals at Shendang Mountain have already gone to the Sealing God Battlefield, leaving only some nobodies.

"It's him, he's called Xu Nian!" Feng Yao quickly pointed at Xu Nian ahead.

"Oh? Xu Nian?" Lin Rock turned to look at Xu Nian upon hearing Feng Yao.

He had heard the name Xu Nian multiple times.

He was very familiar with Xu Nian's feats and the treasures he possessed.

"Are you the Xu Nian possessing Godhood?" Lin Rock asked.

"Yes, I am," Xu Nian also scrutinized Lin Rock.

Lin Rock's presence was overwhelmingly oppressive.

Though the law power sensed from him might not rival Lin Fu's,

the powerful Mixed Element Aura he exuded brought an invisible pressure.

However, Xu Nian was not afraid. If a fight were necessary, he wouldn't mind battling a Quasi-Immortal Emperor Level strongman.

Hearing Xu Nian's affirmation, Lin Rock's eyes lit up.

A trace of greed flashed deep in his eyes.

Godhood?

That's something he had dreamed of possessing.

In truth, long ago, he realized he lacked significant talent for law comprehension.

Thus, he strove consistently to boost his cultivation, believing that strong enough cultivation could eventually make up for the gap in law comprehension.

And with a robust cultivation, he could pursue Godhood, eventually becoming a god.

When he learned Xu Nian possessed Godhood, he was maddened by jealousy.

Now that Xu Nian stood before him, how could he possibly let this chance slip?

"Xu Nian, do you know what sect rule you've violated?" Lin Rock asked coldly.

"What rule?" Xu Nian chuckled, amused.

"Murdering fellow disciples and ignoring sect rules!" Lin Rock snorted.

He immediately placed a significant accusation on Xu Nian.

Upon hearing this, Lin Hengxin, Xue Bing, and the others were incensed.

This Lin Rock was truly shameless.

Chapter 1578: Battle with Lin Rock

Xu Nian heard Lin Rock's words and sneered.

It seems Lin Rock is dead set on dealing with him, hence the heavy accusation.

He also saw the greed in Lin Rock's eyes earlier.

It was purely driven by the craving for his Godhood.

He just didn't expect Lin Rock to be so shameless, accusing him of slaughtering fellow disciples.

"Lin Rock, you're shameless! If Xu Nian slaughtered fellow disciples, then what about him?" Lin Hengxin indignantly pointed at Feng Yao and shouted.

"Feng Yao is only maintaining the peace of Shendang Mountain, but Xu Nian indiscriminately attempts to slaughter fellow disciples, which is a heinous crime deserving of punishment," Lin Rock said coldly.

His gaze towards Xu Nian was filled with a chilling ferocity.

The surrounding people were all burning with anger but dared not speak out.

They clearly knew Lin Rock was just making excuses to deal with Xu Nian.

"Sigh, now Xu Nian is in big trouble. It seems Lin Rock is dead set on killing him," someone in the crowd said.

"Yes, Lin Rock has always wanted to obtain the Godhood. Now that Xu Nian possesses it, how could he let it go so easily," someone else added.

"But Xu Nian might not necessarily lose; after all, he defeated Lin Fu's subordinate."

"What if he defeated Lin Fu? Even though Lin Fu ranks ninth on the Immortal Sovereign List, truly fighting with a Quasi-Immortal Emperor level Lin Rock might not yield any benefit."

The surrounding people continued to discuss.

The majority thought that Xu Nian facing Lin Rock was almost inevitably a certain loss.

After all, a strong Quasi-Immortal Emperor level opponent is not easy to deal with.

The discussions of the surrounding people naturally reached Xu Nian's ears.

Xue Bing and others beside him were also a bit anxious.

Even Wan Feng sent a soul transmission to Xu Nian: "Xu Nian, don't confront him head-on."

Xu Nian simply smiled back at him, then turned to Lin Rock and said, "You say I slaughtered fellow disciples, then tell me, whom did I slaughter?"

"You slaughtered her!" Lin Rock said, then suddenly struck Zhou Qingqing on the head.

In an instant, Zhou Qingqing's body was torn to pieces.

This scene shocked everyone.

Xu Nian was also somewhat surprised, not expecting Lin Rock to kill Zhou Qingqing.

"Lin Rock, what are you doing?" Feng Yao shouted anxiously from the side.

Apparently, he didn't expect Lin Rock to kill his woman.

This was the one he was most satisfied with out of all the women he had been with.

"Just a woman. If I get the Godhood, I'll give you a hundred," Lin Rock snorted coldly.

Having said that, he ignored Feng Yao and looked at Xu Nian coldly, saying, "You attempted to violate Junior Sister Zhou but were met with resistance; in a fit of rage, you slaughtered a fellow disciple. Is this reason sufficient?"

Lin Rock's words were forceful, leaving everyone around him shocked.

Xu Nian just sneered; Lin Rock's act of turning black into white wasn't just ordinary arrogance.

Originally, Xu Nian thought Shendang Mountain was a good place; now it seems that it also has such a dark side.

This guy is acting so arrogantly now; who knows how many lawless things he's done in the past.

"So you're dead set on killing me just for the Godhood?" Xu Nian sneered.

"Don't talk nonsense, you killed first. As a disciple of the Judgement Elder, I am enforcing the law and must execute you, this vicious-hearted person," Lin Rock said.

After speaking, he took a step forward, eyes filled with intense killing intent.

"Let's change the place; this doesn't seem like a place for fighting," Xu Nian looked around and said.

"Huh, don't find excuses to escape," Lin Rock snorted coldly.

Then he flashed and appeared directly in front of Xu Nian.

A punch was thrown, and the Mixed Element Power erupted through the fist.

The strength was incredibly frightening, stirring fear in people's hearts.

"Starting with a killing move?"

Seeing Lin Rock's ruthless action, Xu Nian's face turned cold.

Without hesitation, Xu Nian unleashed the Black Hole Law Power a hundredfold, throwing a punch.

An incredibly strong tearing force burst out through the fist.

"Boom!"

Their fists collided, and the ground roared.

A terrifying force exploded, instantly sending everyone flying.

"Bang!"

Lin Rock stepped back several steps, each step containing extremely powerful Mixed Element Power, which neutralized the terrifying force.

Xu Nian also took three steps back, eyes sharp.

"They ended in a tie, how is that possible?"

The surrounding people were astonished.

They didn't expect Xu Nian to match Lin Rock punch for punch?

Lin Hengxin and Xue Bing were also shocked.

It seemed like Xu Nian's strength had increased substantially.

"Xu Nian has already broken through to the Immortal Sovereign Realm, and his Law Comprehension seems to have reached the level of the Law Heart," someone said.

"Law Heart? Didn't he just reach the Law True Body Perfection half a year ago?" someone questioned.

Hearing this, the surrounding people were all stunned.

What terrifying growth rate did Xu Nian possess?

Within just half a year, he already broke through to the Law Heart level.

"Law Heart?" Lin Rock's eyes flickered with intense jealousy.

His understanding of the law was still at the entry-level of Law True Body.

Having cultivated for eight thousand years, he had been stuck at this stage for two thousand years.

So seeing Xu Nian's breakthrough in just half a year made him even more unbalanced.

"He has to die!" Lin Rock snorted coldly.

After speaking, he rushed out again, holding a Battle Saber in hand.

With the Mixed Element Power activated, he slashed down dominantly and fiercely.

Everyone around was utterly terrified.

This Mixed Element Power, even a touch might result in serious injury.

Yet Xu Nian sneered.

The Divine Hammer suddenly appeared in his hand.

Two hundred times the Law Power instantly enveloped the Divine Hammer.

Two hundred times the Black Hole Law, combined with this incredibly heavy Divine Hammer.

When Xu Nian brought down the hammer, the power unleashed reached an incomparably extraordinary level.

"Boom!"

Xu Nian's hammer collided with Lin Rock's Battle Saber.

Instantly shattering Lin Rock's Battle Saber into pieces.

"What?"

Lin Rock was shocked instantly, yet at this moment, the giant hammer came flying.

Lin Rock immediately mobilized all his Mixed Element Power to form a shield.

"Bang!"

Xu Nian's hammer struck the shield.

Instantly smashing the shield into pieces, Lin Rock was then sent flying by the hammer's force.

"Pfft!"

Lin Rock spat blood wildly, his internal organs turned to mush.

Even the Immortal Embryo within his body showed signs of cracking.

"So strong, Xu Nian's Law Power combined with this Divine Hammer is simply unmatched."

Someone couldn't help but comment.

The surrounding people were all astonished.

Feng Yao was also shocked, not expecting Xu Nian's strength to be so formidable.

Lin Rock climbed out of the rubble, his gaze towards Xu Nian filled with extreme venom and hatred.

Chapter 1579: Judgement Immortal Emperor

"This damn Divine Artifact!"

Lin Rock was filled with jealousy, looking at the Divine Hammer in Xu Nian's hand, his eyes brimming with endless malice.

Why does this Xu Nian possess such a powerful Divine Artifact?

If it weren't for this Divine Artifact, Xu Nian couldn't have easily broken through his attack.

His own Mixed Element Power, in front of this Divine Artifact, was utterly useless.

"Kill him, kill him, all of this will be mine." Lin Rock's eyes had become utterly maniacal.

He looked at Xu Nian with eyes filled with insane killing intent.

"Not good, Lin Rock has gone mad, Xu Nian, be careful," Xue Bing suddenly exclaimed.

Those around, seeing Lin Rock's crazed eyes, all retreated in fear.

Once Lin Rock went mad, it was terrifying beyond measure.

Xu Nian became wary upon hearing this.

It seemed Lin Rock still had some trump card left.

"Xu Nian, you've forced me to this point. The fact that you could push me this far is something you could boast about," Lin Rock said coldly.

With that, an extremely terrifying power began to surge from his body.

All his lifespan was insanely burning away.

"Buzz!"

His once black hair turned snow white in an instant.

"Indeed, it's this move. Lin Rock is actually sacrificing his lifespan to use such an extremely terrifying secret technique," someone exclaimed in shock upon seeing Lin Rock's changes.

"Burning lifespan?" Xu Nian was somewhat surprised.

An Immortal's lifespan is not eternal.

It's merely extremely long, spanning millions of years.

That Lin Rock aged so drastically suggested he burned through at least a million years of lifespan in a single moment.

Such an enormous lifespan power would result in extreme terror in gained strength.

"Boom!"

Indeed, the aura surrounding Lin Rock became more and more overwhelming.

Dark clouds rolled across the skies, and all things trembled.

At this moment, Lin Rock's aura directly rose from Quasi-Immortal Emperor Level to Early-stage Immortal Emperor Level.

"Lin Rock really has gone mad, actually burning through so much lifespan," the surrounding people lamented.

Looking at Lin Rock, whose wild hair danced in the sky, their eyes filled with terror.

At this moment, Lin Rock exuded a terrifying power with every action.

With a raise of his hand, he could annihilate them all.

"Not good, Xu Nian is in danger now," Xue Bing couldn't help but say.

Lin Hengxin was equally tense.

Not knowing if Xu Nian could withstand Lin Rock in this state.

Xu Nian also frowned slightly.

Lin Rock's aura oppressed him heavily.

This oppressive feeling was suffocating him.

"So strong, it seems Lin Rock's secret technique is exceptionally powerful," Xu Nian thought to himself.

Just as Xu Nian contemplated whether to use the golden flying saber,

"Buzz!"

A terrifying pressure suddenly descended from the sky.

A figure appeared in the void above.

"Is that... the Judgement Immortal Emperor?"

The crowd was incredibly surprised.

They hadn't expected the Judgement Immortal Emperor to appear at this time.

One Lin Rock was already terrifying enough, but now the Judgement Immortal Emperor had come as well.

It seemed Xu Nian was truly doomed here.

"Uncle!"

Feng Yao's face brightened up, seeing the Judgement Immortal Emperor appear, as if seeing a savior.

In his view, with the Judgement Immortal Emperor's arrival, Xu Nian was undoubtedly dead.

Of course, even without the Judgement Immortal Emperor's appearance, Senior Brother Lin Rock would be enough to kill Xu Nian.

Lin Rock also looked somewhat surprised; he hadn't expected his Master to appear now.

"Master, I am in the midst of slaying an incorrigible villain. Let me kill him first, and then I will report to Master in detail," Lin Rock quickly said.

After speaking, he immediately activated the unbelievably strong Mixed Element Power within him, forming a terrifyingly long saber.

"Die!"

Lin Rock shouted loudly.

He drove the long saber directly at Xu Nian.

This long saber, imbued with the Mixed Element Law, was sufficient to destroy any strong foes below the Immortal Emperor.

The surrounding people sighed collectively.

Xu Nian likely couldn't withstand this move.

Xu Nian's gaze turned exceedingly sharp, preparing to absorb Divine Power Liquid and activate the Divine Flying Saber to resist Lin Rock's strike.

"Stop!"

However, just then, the Judgement Immortal Emperor in the sky shouted.

The next moment, a sword shot directly from the void.

It directly shattered Lin Rock's blade into fragments.

"Master? What do you mean by this?"

Lin Rock was greatly alarmed.

The surrounding people were equally surprised.

The Judgement Immortal Emperor actually stopped Lin Rock?

Could it be he didn't come to deal with Xu Nian?

"Uncle, this Xu Nian harmed his fellow disciple, he deserves death. Why are you protecting him?" Feng Yao quickly said.

"Hmph, Lin Rock, you killed fellow disciples and spread falsehoods. Did you think I, your master, wouldn't know? For your own selfish desires, you harmed fellow disciples, committing unspeakable acts. Do you acknowledge your crimes?" the Judgement Immortal Emperor coldly snorted.

There was an icy chill in his tone.

With these words, Lin Rock's face immediately changed.

Feng Yao's face also changed drastically; he hadn't expected the Judgement Immortal Emperor to come out to question them.

"Master, I didn't do it, it was Xu Nian who killed them," Lin Rock immediately defended.

"Shameless, it was clearly you who did it," Lin Hengxin immediately shouted.

Her words instantly resonated with the surrounding crowd.

Many who had long been displeased with Lin Rock began shouting out.

Lin Rock's face drastically changed.

"Hmph, since you refuse to repent, today I shall cleanse the house," the Judgement Immortal Emperor coldly snorted.

With that, an extremely terrifying sword of light appeared before him.

The sword of light burst with intense Power of Law of Light, while also containing immensely strong Mixed Element Power.

"No, Master, listen to my explanation," Lin Rock was greatly alarmed.

This was the Master's Holy Judgment Sword.

Once the sword was unleashed, blood would certainly be spilled.

But the Judgement Immortal Emperor in the sky seemed not to hear.

With a mere thought, the sword of light struck forth.

Lin Rock quickly tried to defend.

However, this sword was too terrifying.

Lin Rock was instantly pierced, with a giant sword mark appearing on his Immortal Embryo.

The surrounding people revealed expressions of shock.

No one expected Lin Rock to be killed by the Judgement Immortal Emperor.

Feng Yao was also shocked beyond measure.

What had happened to his uncle today?

Had he really killed Lin Rock with his own hands?

Lin Rock never imagined he would be killed by his own Master.

His heart was filled with intense resentment.

Lin Hengxin and others were overjoyed.

However, Xu Nian felt no excitement, for he had clearly seen the cold look from the Judgement Immortal Emperor when he killed Lin Rock.

It was obvious that killing Lin Rock was not the Judgement Immortal Emperor's true intention.

"No... Uncle, why did you kill Lin Rock?"

But the Judgement Immortal Emperor appeared not to hear and turned to Xu Nian.

"Xu Nian, are you satisfied with such a result?" the Judgement Immortal Emperor looked at Xu Nian and said.

Upon hearing this, the crowd was instantly abuzz.

This Judgement Immortal Emperor was indeed protecting Xu Nian.

Xu Nian laughed lightly; it seemed his own Master had intervened.

Thus, the Judgement Immortal Emperor behaved this way.

In that case, let's play it thoroughly.

"Not satisfied, he also must die!" Xu Nian said, pointing at Feng Yao.

"Xu Nian, don't push it!" the Judgement Immortal Emperor immediately fumed.

The crowd was astounded.

Could Xu Nian actually be manipulating the Judgement Immortal Emperor into killing his own nephew?

"To kill or not is up to you," Xu Nian said with a cold smile.

The Judgement Immortal Emperor's eyes flashed with a hint of coldness.

"Feng Yao, for your evil deeds, I sentence you to death," the Judgement Immortal Emperor said coldly.

With these words, a ray of light shot directly and struck Feng Yao.

In the next moment, Feng Yao's body instantly turned to ash.

The surrounding crowd was utterly shocked.

This Judgement Immortal Emperor had truly been coerced by Xu Nian?

Chapter 1580: The Terrifying Fifth Floor

"Now, are you satisfied?"

The Judgement Immortal Emperor looked coldly at Xu Nian and asked.

The crowd around was immediately shocked and speechless.

This Judgement Immortal Emperor actually inquired Xu Nian, seemingly revealing a hint of apprehension in his words.

"Satisfied, thank you Judgement Immortal Emperor for your strict law enforcement." Xu Nian said with a smile.

"Good, as long as you're satisfied." The Judgement Immortal Emperor nodded.

After speaking, his figure transformed into a stream of light and disappeared from the spot.

The crowd was stunned, not expecting that this Judgement Immortal Emperor came out to protect Xu Nian and personally killed his own disciple and nephew.

Lin Hengxin and others also looked shocked.

Xu Nian, however, laughed coldly in his heart.

It seems that the Taichu Immortal Emperor put pressure on the Judgement Immortal Emperor, so he acted so decisively.

"Indeed, having strong power is fundamental." Xu Nian mused to himself.

If it weren't for the Taichu Immortal Emperor backing him, it's likely this Judgement Immortal Emperor would have come to deal with him rather than kill Lin Rock and Feng Yao.

"Are you guys okay?" Xu Nian turned his head and asked Xue Bing and Wan Feng.

"We're fine, just not dead yet." Xue Bing responded.

Xu Nian nodded.

He actually had the chance to stop Feng Yao from attacking Xue Bing just now, but he didn't do so.

If you always shield them, they will lack pressure.

So you must act at the appropriate time.

"Xu Nian, you're really amazing, even Lin Rock is not your match." Lin Hengxin said excitedly as she came forward.

"Lin Rock's strength is not weak, especially the secret technique he used at the end. To be honest, I wasn't confident I could withstand it." Xu Nian said with a smile.

Lin Rock's Quasi-Immortal Emperor level strength is quite strong.

But his Insight Realm is rather poor, if his Insight Realm was higher.

I really wouldn't be able to defeat him, even using a Divine Artifact might not ensure victory.

"In any case, you're still very impressive, thank you for your help this time." Lin Hengxin said with a smile.

"No need to be so polite, Senior Sister Heng Xin. Well, I should head to the Supreme Tower now." Xu Nian said with a smile.

He then said goodbye to the three of them.

And walked towards the Supreme Tower.

"Xu Nian wants to challenge the Supreme Tower?" The surrounding crowd was all surprised.

They didn't expect Xu Nian to actually challenge the Supreme Tower.

"I wonder how many levels Xu Nian can reach? Based on his previous performance, he should be able to reach the fifth level."

"Hmm, the fifth level corresponds to the Law Heart stage, he should be able to enter the fifth level."

"Just don't know how long he can stay in the fifth level?"

"He just entered the Law Heart stage, probably can only stay for the time of a tea."

The crowd nodded.

They also thought that Xu Nian could probably stay for the time of a tea.

"The fifth level?"

Xue Bing and Wan Feng were both surprised.

They could only reach the third level now.

When they first met Xu Nian, he could only reach the first level.

Who knew that in such a short time, Xu Nian could now reach the fifth level.

"Look quickly, Xu Nian has started."

Suddenly someone in the crowd exclaimed.

The crowd immediately looked toward the Supreme Tower.

As Xu Nian entered the Supreme Tower, an additional light spot would light up on the tower's level.

Once Xu Nian entered the trial, a splendid light would emanate from the spot.

As Xu Nian entered, a blue light spot lit up on the first level of the Supreme Tower.

This blue light spot represented Xu Nian.

"Buzz!"

The blue light spot instantly became brilliant.

Then it only stayed lit for a few breaths, then quickly dimmed.

Subsequently, the blue light spot jumped to the second level.

Similarly, in three breaths, the blue light spot had already reached the third level.

"Such a fast speed, the first and second level only took three breaths." The crowd exclaimed.

To achieve this, it shows Xu Nian's understanding of the Law is very strong.

"Buzz!"

The third level also took just three breaths.

Xu Nian directly entered the fourth level.

"The third level also only took three breaths, this is too strong."

Someone in the crowd couldn't help but exclaim.

The first and second levels only took three breaths was understandable.

But the third level also only took three breaths, this was truly overwhelming.

"Buzz!"

However, just as they were surprised.

Xu Nian had already passed the fourth level and entered the fifth level.

"Damn!"

"Even the fourth level only took three breaths, how did he do it?"

"So strong, deserving of a First-grade Law!"

...

The crowd was completely shocked.

Lin Hengxin and others were also shocked.

Xu Nian's strength seemed to far exceed their expectations.

"At this rate, Xu Nian should be able to stay in the fifth level for more than just the time of a tea."

"Indeed very strong, might be able to last for two teas."

The crowd analyzed.

They all nodded in agreement.

Xu Nian's displayed strength was indeed surprising.

Inside the fifth level of the Supreme Tower.

Xu Nian sat cross-legged on the mat.

At the moment, he was the only one on the fifth level.

"Buzz!"

Xu Nian calmed his mind, entering a trial state.

The next moment, his figure entered a peculiar space.

And in this space, there were at the moment three gigantic dragons.

A Fire Dragon, an Ice Dragon, and a Thunder Dragon.

The cultivation of these three dragons was at the Early Stage Immortal Sovereign level.

However, the Power of Laws they exuded was very strong.

They had already reached the Law Heart Perfection Realm.

"Roar!"

The three Law Dragons roared terrifyingly, their eyes filled with intense killing intent as they looked at Xu Nian.

"Buzz!"

The mighty pressure bore down on Xu Nian.

At the moment, the body Xu Nian possessed was just an ordinary Early Stage Immortal Sovereign level body.

Facing the pressure of these three dragons, he clearly had difficulty resisting.

"Buzz!"

Xu Nian immediately channeled the Power of Laws.

Using the mighty Wind Attribute Law Power, he dispersed the terrifying dragon might of the three.

"Hmph!"

The three dragons snorted coldly.

Then they charged toward Xu Nian.

Each dragon's body surged with incredibly terrifying Power of Laws.

"Roar!"

The Fire Dragon spewed terrifying Flame Power.

This Flame Power contained ten thousand times the Power of Laws.

The terrifying flame temperature was enough to incinerate everything in the world.

Similarly, the Ice Dragon was extremely terrifying.

It directly spewed fearsome cold air, attacking Xu Nian and blocking all paths of retreat.

The Thunder Dragon was even more dreadful.

Summoning a hundred thousand bolts of massive thunder, it struck Xu Nian.

Confronting the attack of three types of powers each ten thousand times the strength of the Law, even Xu Nian found it hard to withstand.

"Too strong, the ten thousand times the Power of Laws, any touch of these three forces would be a dead end, even if I were here in person, I couldn't withstand it." Xu Nian mused to himself.

The Law Heart Perfection could achieve ten thousand times the Power of Laws.

Xu Nian's hundred times the Power of Laws seemed so inadequate in comparison.

"Buzz!"

Xu Nian continuously executed the Shrinking Ground Principle to dodge.

However, this Power of Laws was too terrifying.

Xu Nian could only last for the time of three teas before failing.

He was struck dead on the spot by the Thunder Dragon's hundred thousand thunderbolts.

From start to finish, Xu Nian never had the chance to launch any attack.
