Chapter 1581: A New Understanding

"Three cups of tea? That's quite impressive already!"

"It is indeed impressive. I once heard from a capable senior brother that the fifth layer is extremely terrifying, and that senior brother lasted less than three breaths before dying."

"For Xu Nian to endure this long is already quite unexpected."

The crowd couldn't help but exclaim.

They felt surprised yet expected by this result.

Lin Hengxin and others were also somewhat astonished.

Xu Nian was actually able to endure three cups of tea's time in the fifth layer.

This is indeed impressive.

"Buzz!"

Precisely at this moment, Xu Nian's figure walked out from the Supreme Tower.

"Congratulations to Junior Brother Xu Nian, for enduring three cups of tea's time in the fifth layer," Xue Bing said with a smile.

Xu Nian was slightly embarrassed.

He didn't endure at all; he basically escaped for three cups of tea's time.

The gap between the fifth and fourth layers was truly enormous.

Looking at the envious gazes of those around him, Xu Nian could only shake his head helplessly.

Originally he entered the fifth layer full of confidence, but now he was feeling quite defeated.

"Thank you Brother Xue for your encouragement, this fifth layer is too terrifying, I barely managed to endure," Xu Nian said.

Xue Bing and Wan Feng were somewhat shocked.

Even Xu Nian said it's terrifying, for them, the fifth layer is probably akin to a purgatory.

...

Then, Xu Nian bid farewell to the three.

After returning, Xu Nian carefully reviewed today's battle.

He discovered that his strength still had considerable room for improvement.

Especially those three giant dragons, which put immense pressure on Xu Nian.

"Hopefully this trip to the Sealing God Battlefield will yield some rewards," Xu Nian thought to himself.

Afterwards, he entered the Chaos Divine Palace and exchanged deeply with Zhao Yanyun.

Only on the next day did he walk out from the Chaos Divine Palace.

Xu Nian felt refreshingly clear-headed and headed to the location agreed with Tong Yao.

When Xu Nian arrived at the square of Shendang Mountain, he discovered that besides Tong Yao, there were three other people present.

All three bore an extremely powerful aura.

Each of them gave Xu Nian a certain sense of pressure.

"So there are actually two Quasi-Immortal Emperors!" Xu Nian was somewhat surprised.

He could feel the Immortal Emperor's might on two of the individuals.

This Immortal Emperor's might was quite similar to Lin Rock's.

"Senior Sister Tong Yao," Xu Nian greeted respectfully.

"Xu Nian, you've arrived! Come, let me introduce you to the members of my combat team. This is our team captain, Wu Yuan, whose strength has already reached the Quasi-Immortal Emperor Realm, and whose insight has crossed into the Law Heart stage." Tong Yao smiled, pointing to the leading young man.

The young man looked very handsome, with a constant gentle smile on his face.

He gave off a feeling akin to being warm and smooth like jade.

"Welcome Junior Brother Xu Nian, your name is indeed resounding!" Wu Yuan said with a laugh.

"Xu Nian meets Brother Wu Yuan," Xu Nian respectfully replied.

This Wu Yuan gave him a very good feeling, without the slightest look of disdain or greed in his eyes.

"Not bad, truly a talent from Shendang Mountain," Wu Yuan smiled.

Xu Nian chuckled.

"This is Chen Han, who placed second in this Sky-reaching World trial. He is also one of the three ranked on the Immortal Sovereign List from Shendang Mountain, ranking sixth on the list," Tong Yao said with a smile.

"Sixth on the Immortal Sovereign List? Second in Sky-reaching World?" Xu Nian was somewhat surprised.

He had naturally heard of Chen Han's name.

During Sky-reaching World, he paid attention to him.

He hadn't expected to become a team member with him.

"Respect to Brother Chen Han!" Xu Nian said.

"I heard you've comprehended the First-grade Wind Attribute Law, let's spar sometime," Chen Han smiled and suggested.

Xu Nian was startled: "Brother Chen Han also comprehended the Wind Attribute Law?"

"That's correct, Brother Chen Han comprehended the Wind Attribute Law just like you. However, the law he comprehended is Extreme Edge, which has already reached the Law Heart Success Realm," Tong Yao said with a smile.

Xu Nian was quite surprised.

Extreme Edge?

That is a top-tier law among Second-grade.

It seems to have a certain similarity to his Extreme Point Penetration.

Unexpectedly, Chen Han had already reached the Law Heart Success Realm, indicating that Chen Han's condensation degree of laws had reached at least eight hundredfold.

"My Insight Realm is nothing special, there are many more capable in the Immortal Realm. Xu Nian, don't underestimate the younger generation in the Immortal Realm; there are many hidden talents," Chen Han said with a smile.

"Indeed, there are many talented geniuses in the Immortal Realm who haven't shown their fame, and there are some elders who haven't broken through the Immortal Emperor Realm, yet their Insight Realm is exceedingly high, and these people are mostly on the Sealing God Battlefield. Along with talents from the Demon Realm and other realms, especially with the recent addition of the Nether Realm, be very cautious when you go to the Sealing God Battlefield," Wu Yuan advised.

Xu Nian fell into deep thought.

It seems the Sealing God Battlefield is a gathering spot for the strong.

"Thank you for the reminder, Brothers," Xu Nian nodded in appreciation.

The Sealing God Battlefield truly earns its reputation as a trial ground for the strong.

"Don't scare the newcomer, Xu Nian; although the Sealing God Battlefield is crowded with strong people, it's not necessary to be overly tense. As long as you're not too arrogant, there won't be too much danger," the last Quasi-Immortal Emperor said with a smile.

"This is Senior Brother Zheng Yan; Senior Brother Zheng Yan is also a disciple of our master like us, you can call him Second Senior Brother," Tong Yao said with a smile.

"Second Senior Brother?" Xu Nian was a bit surprised.

He hadn't expected Zheng Yan to be the Second Senior Brother.

"Little Junior Brother, are you surprised?" Zheng Yan said with a laugh.

"Indeed somewhat surprised; Xu Nian greets Second Senior Brother," Xu Nian said with a smile.

His favorable impression of Zheng Yan was greatly increased.

"Not bad, I watched your battle yesterday; you even dared to move against that beast Lin Rock, not letting our master lose face," Zheng Yan said with a laugh.

Xu Nian smiled awkwardly.

"Senior Brother, there's something I don't understand; why is Lin Rock so arrogant, yet no one has dared to move against him before?" Xu Nian curiously asked.

This was a perplexity in his heart.

In Shendang Mountain, there are many disciples of Immortal Emperor-level powerhouses.

Could it be no one has moved against Lin Rock?

Upon hearing Xu Nian's question, the others laughed.

"Actually, it's simple; everyone knows that Lin Rock is backed by the Judgement Immortal Emperor, but no one knows that he is truly backed by the Divine Martial Immortal Emperor, who's an extremely old-school Immortal Emperor in Shendang Mountain. This time, our master intervened because of you; if it were someone else, he might not have stood out," Zheng Yan explained with a smile.

"Is the Divine Martial Immortal Emperor very powerful?" Xu Nian asked in surprise.

"It's not about power, but deep roots; many Immortal Emperors haven't made a move in ages, and no one knows their true strength. The so-called Immortal Emperor List rankings are only to look at," Wu Yuan said with a smile.

Xu Nian nodded.

He had gained a deeper understanding of the Immortal Realm's strength hierarchy.

Chapter 1582: Entering the Sealing God Battlefield

"Is this the entrance to the Sealing God Battlefield?"

Xu Nian gazed at the towering Two Realms Gate before him, a look of astonishment on his face.

In front of him were two enormous stone pillars.

The stone pillars were square-shaped, each with a side length of hundreds of meters.

The height reached nearly ten thousand zhang.

Between the two stone pillars, a giant blue crystal stone hovered, resembling a mystical crystal.

This crystal stone emitted extremely powerful energy fluctuations, the strongest he had ever seen.

Even a Peak Immortal Emperor would seem very insignificant in front of these energy fluctuations.

The crystal stone radiated a faint light, enveloping the entire Two Realms Gate.

Between the two stone pillars formed a barrier akin to an energy fluctuation.

"Is it magnificent?" Wu Yuan saw Xu Nian's amazed expression and said with a smile.

"Indeed, very awe-inspiring." Xu Nian nodded.

When they first came here, they too were struck by the majestic and spectacular sight.

Seeing Xu Nian's expression now reminded him of the scene when they first entered the Sealing God Battlefield.

"This crystal stone is not something from our Immortal Realm. It's said to be an incredibly powerful Divine Crystal, its energy boundless and immovable," Zheng Yan said.

Divine Crystal?

Xu Nian was a bit surprised.

The Immortal Realm had four such Boundary Gates in total.

Which indicates that the Immortal Realm possesses at least four such Divine Crystals?

Underneath the giant Two Realms Gate, there was an elderly man meditating cross-legged.

The aura emanating from this elder was incredibly ancient, yet gave Xu Nian a sense of immense power.

"He is Shou Shan, the gatekeeper of the Two Realms Gate. His age is likely over a million years, and his strength has long since reached the Immortal Emperor Peak," Chen Han introduced to Xu Nian.

"Peak Immortal Emperor?"

Xu Nian looked at the elder ahead, surprised that he had such high cultivation.

Nevertheless, the aura from this elder didn't seem intimidating; rather, it had a sense of returning truth.

"I wonder to what degree this elder's Insight Realm has reached?" Xu Nian asked curiously.

"I'm not sure, but once a Peak Immortal Emperor provoked him and was slapped to death by him," Wu Yuan said with a chuckle.

This statement left Xu Nian even more stunned.

To slap a Peak Immortal Emperor to death?

This elder's strength seemed terrifying.

"Perhaps this is what senior brothers referred to as a hidden master who did not ascend the Immortal Emperor List," Xu Nian mused inwardly.

"Let's go pay our respects to this elder," Wu Shan said.

With that, he led Xu Nian towards the elder.

"Greetings, Elder Shou Shan,"

Xu Nian and the others said in unison.

The elder slowly opened his eyes, glanced over Wu Yuan and the others, and finally focused on Xu Nian.

"A newcomer?" The elder's eyes revealed a slight smile.

Evidently, he knew everyone who frequented the Gates.

So, seeing Xu Nian's unfamiliar face naturally piqued his curiosity.

"Yes, this is our Junior Brother Xu Nian, the new Direct Disciple taken by my Master," Zheng Yan stepped forward and said.

"Oh? The new disciple of Taichu? That boy has high standards; being taken as his Direct Disciple must mean you have something extraordinary," the elder gave Xu Nian a few more glances.

Xu Nian instantly felt thoroughly seen through.

"Not bad, truly not bad, having only an Early Stage Immortal Sovereign's cultivation yet the quality of Immortal Essence Energy inside you is no less than the Immortal Sovereign Peak, and your Insight Cultivation has reached the Law Heart level, possessing four laws, two of them even being First-grade Law. And, uh, your age?"

The elder spoke, showing a look of surprise.

The people around, hearing the elder's words, were all somewhat surprised.

This Xu Nian actually comprehended four laws.

Isn't this too defying of the heavens?

"Elder, what's with Junior Brother Xu Nian's age?" Wu Yuan asked curiously.

"You don't know?" the elder replied with his own question.

Wu Yuan and the others shook their heads, including Tong Yao.

Xu Nian felt somewhat helpless.

"This guy is not yet three hundred years old. It's my first time seeing such a young lad," the elder said, stroking his beard.

"What? Not even three hundred years old?"

Wu Yuan and the others reacted with surprise.

Although they knew Xu Nian was a prodigy, they always felt that his age was at least a thousand years.

So when they heard Xu Nian was only three hundred, they could hardly believe their ears.

"At three hundred and equipped with Quasi-Immortal Emperor Level strength, Junior Brother Xu Nian, you're hiding quite the depths aren't you?" Tong Yao couldn't help saying.

"Senior sister overpraises me. I just got lucky and had some opportunities," Xu Nian said.

The others found themselves speechless.

No matter how many opportunities one gets, it's hard to reach such a terrifying realm at three hundred.

The elder too felt a sense of helplessness.

He had cultivated for a million years, yet compared to the three hundred years of this young lad, he seemed to be the oldest possible creature.

"Young lad, your talent is indeed strong; no wonder Taichu, that guy, took you as his Direct Disciple. Here's my Token; if you ever get into any danger, you can send a message to me. I might protect you when necessary," the elder handed Xu Nian a token.

Wu Yuan and the others looked shocked.

Their eyes were filled with immense envy.

Xu Nian was able to gain favor with the Shou Shan Immortal Emperor, who personally gave him a token.

Undoubtedly, this equated to gaining a protective talisman.

Xu Nian was also surprised, looking at the elder before him, feeling indescribable emotions.

He was a stranger to the elder.

Yet the elder did this, making him quite moved.

"Thank you, elder!" Xu Nian accepted the token with gratitude.

"No need to thank me. You're a promising seedling of the Immortal Realm. As the gatekeeper of the Immortal Realm, naturally, I want to do something for the realm, and I won't simply let a talent like you perish," the elder said with a smile.

The gaze he directed at Xu Nian was filled with kindness.

Xu Nian was also deeply grateful.

He carefully stowed the token away.

Wu Yuan and the others felt tremendous envy in their hearts.

Typically, Shou Shan Immortal Emperor would only say a few words at most; never had they seen him take such an interest in anyone.

Now, Xu Nian was able to receive his token, signifying Shou Shan Immortal Emperor's intent to protect Xu Nian.

"Well, off you go, young lad. Do train well; the Sealing God Battlefield is exceedingly perilous. Remember, nothing is more important than staying alive," the elder said.

"Thank you, elder, for your guidance." Xu Nian nodded seriously and bowed to the elder sincerely.

The elder waved his hand.

Following that, Xu Nian stepped through the Two Realms Gate with Wu Yuan and the others.

Passing through the energy barrier, Xu Nian felt a whirl of heaven and earth.

Then he appeared in an infinitely vast world.

"Is this the Sealing God Battlefield?" Xu Nian looked at the scene before him, amazed beyond words.

Chapter 1583: The Shattered Divine Domain

Xu Nian gazed at the Sealing God Battlefield before him, feeling a sense of indescribable awe.

This Sealing God Battlefield was far more expansive than he had imagined.

The sky seemed very high, possibly reaching millions of zhang in height.

Most importantly, Xu Nian discovered that he couldn't soar into the sky off the ground.

The gravity here was millions of times stronger than that in the Immortal Realm.

"Such terrifying gravity?" Xu Nian was somewhat astonished.

He felt as if the bones and organs in his body were being subjected to immense pressure.

If it weren't for the toughness of his body, he might have been crushed to the ground the moment he stepped into the Sealing God Battlefield.

"Oh, Junior Brother can actually stand!" Wu Yuan and the others were slightly surprised to see Xu Nian standing there calmly.

"As expected of our little Junior Brother; we didn't tell you about the gravity in the Sealing God Battlefield before, wanting to see you flounder, but we didn't expect you to resist such terrible gravity." Zheng Yan said with a smile.

Xu Nian felt somewhat helpless.

"Senior Brothers, why is the gravity in the Sealing God Battlefield so terrifying?"

Xu Nian noticed that Wu Yuan and the others used their own Immortal Essence to offset this terrifying gravity.

There were likely very few like Xu Nian who could simply stand with only their physical body in the Immortal Realm.

"Because the Sealing God Battlefield is a continent separated from the Divine World; reportedly, the gravity in the Divine World is a thousand times more terrifying," Chen Han replied.

"A continent detached from the Divine World?" Xu Nian was somewhat astonished.

He hadn't expected the Sealing God Battlefield to originate from the Divine World.

He couldn't help but recall the secrets Qian Wanyue mentioned about the Sealing God Battlefield.

These secrets were likely related to the Divine World.

"So we can't fly in the Sealing God Battlefield?" Xu Nian couldn't help asking.

"It's difficult; if you forcibly consume a large amount of Immortal Essence, you can fly, but not for long. Of course, Peak Immortal Emperor level experts can easily fly using Mixed Element Power, but instant teleportation is almost impossible here as the space is extremely stable," Wu Yuan explained.

Xu Nian surveyed his surroundings.

He found the space here indeed much more stable than in the Immortal Realm.

Moreover, the mountains and stones around were even more solid.

Without strong attacks, they couldn't be easily shaken.

"The Sealing God Battlefield truly comes from the Divine World," Xu Nian muttered to himself.

He began to sense the energy of heaven and earth around him.

He discovered that this energy was incomparably dense Immortal Qi, ready to be absorbed.

Cultivating here for a day might be akin to receiving the energy in a droplet of Nine-grade Immortal Marrow.

"Now do you understand why strong individuals like to stay in the Sealing God Battlefield?" Tong Yao said with a smile.

Xu Nian nodded.

Such dense energy of heaven and earth is indeed hard for any strong individual to leave.

"Let's go; ahead is one of our Shendang Mountain's strongholds, Sky Creation City. Let's adjust there before heading to that Divine Miracle," Wu Yuan suggested.

Chen Han and others nodded.

Then, they quickly rushed towards the city not far ahead.

Rushing was currently their most energy-efficient method, maintaining a balance between intake and consumption.

If they forcefully flew, their Immortal Essence would deplete rapidly.

Even Quasi-Immortal Emperor experts wouldn't fly easily.

Since Xu Nian could move freely through the Sealing God Battlefield with his physical body, he didn't need to expend any Immortal Essence.

With the use of Shrinking Ground techniques, Xu Nian followed Wu Yuan and others effortlessly, as if walking leisurely.

Seeing Xu Nian's ease, everyone was deeply impressed.

Soon, they arrived at a magnificent giant city.

This city was entirely built from Divine Stone, impregnable.

The surface was also covered by a powerful Divine Array.

Even Immortal Emperor Peak level experts couldn't easily break this array.

Sky Creation City was indeed fortified like a fortress.

Xu Nian and others showed their Identity Tokens, and the guard allowed them entry.

Xu Nian was surprised to find that even the guards had Immortal Sovereign level cultivation.

Inside the city, Xu Nian was astounded.

The number of people inside the city was far more than he imagined.

Without exception, almost all were of Immortal Sovereign level.

Most were from Shendang Mountain, but some from other forces as well, all from the Immortal Realm.

"Junior Brother Xu Nian, you might not know, but in the Immortal Realm, there are eighteen such giant cities. Each force has two, serving as footholds for Immortal Realm individuals entering the Sealing God Battlefield. There are usually extremely strong Immortal Emperor level experts guarding them, paired with the Divine Array, rendering it very secure. No fighting is allowed inside," Wu Yuan explained.

Xu Nian nodded.

This Sky Creation City should be a Shendang Mountain stronghold.

"Does my Shendang Mountain have so many Immortal Sovereign level experts?" Xu Nian noticed that the city had at least tens of thousands of Immortal Sovereign level masters.

Not counting the other city and the scattered strong individuals.

Combined, there must be at least thirty thousand Immortal Sovereigns, right?

"I knew you'd ask that. Actually, every force has quite a bit of Immortal Sovereign experts. Imagine, Immortal Sovereign level individuals can live for millions of years. Over such a long time, naturally, many reach the Immortal Sovereign Realm," Chen Han laughed.

Xu Nian was quite surprised.

Tens of thousands of Immortal Sovereign levels?

The foundation of the Nine Great Forces truly was immense.

"What about Immortal Emperor level experts?" Xu Nian asked curiously.

Legend has it Shendang Mountain has only nine Immortal Emperors; could it be false?

"Immortal Emperor level truly has only nine, but there are many Quasi-Immortal Emperors, likely no fewer than thirty," Wu Yuan continued.

"Why so few Immortal Emperor level?" Xu Nian asked puzzledly.

With such a large base of Immortal Sovereign level experts.

Yet the Immortal Emperor numbers were pitiful.

Is it really that difficult to break through to Immortal Emperor level?

"Breaking through to Immortal Emperor level is indeed difficult. To succeed, one must reach the Law Great Success Realm, which is too challenging for many," Zheng Yan shook his head, saying.

They reached Quasi-Immortal Emperor level because their Immortal Essence had transformed into Mixed Element Power.

But they hadn't reached Law Great Success Realm.

Thus, they couldn't unleash the true power of an Immortal Emperor.

"Law Great Success?" Xu Nian was mildly surprised.

No wonder there are so few Immortal Emperors.

Achieving Law Great Success, how difficult could it be?

The late stage of Law Realm is where Great Success is, and above that is Perfection.

Currently, Xu Nian is only at the entry-level of the second stage of the late stage of Law Realm, far from the third stage.

Law Great Success is indeed difficult to achieve.

"Let's go, let's visit Tianji Hall to see what useful information there is about the Sealing God Battlefield," Wu Yuan said.

Tianji Hall?

Xu Nian was curious.

He had long been interested in the so-called Tianji Technique but hadn't seen it yet.

Now was a good opportunity to take a proper look.

Chapter 1584: Tianji Hall

Tianji Hall.

Xu Nian looked at the building in front of him, resembling a celestial instrument, with a hint of surprise on his face.

Because this palace gave him a sense of profound mystery.

It seemed as though this palace was in harmony with the celestial secrets and was able to understand the order of heaven and earth.

"Junior Brother Xu Nian, this is the Tianji Hall, where you can find almost any information you want."
Tong Yao introduced.

"Junior Brother Xu Nian, do you know the Tianji Technique?" Wu Yuan asked with a smile.

"I know a bit, but not much." Xu Nian nodded.

He had previously been chased by the Tianjian Sect because of the Tianji Technique, which constantly exposed his whereabouts.

Later, he used the Chaos Divine Palace to conceal himself, thus escaping the pursuit of the Sword Sect.

Currently, Xiahou is still trapped in that valley by him.

Probably the Sword Sect is desperately searching for him now.

"In that case, let me tell you about the Tianji Technique. Simply put, the Tianji Technique is a secret technique to predict changes using the elemental laws of heaven and earth. It's very mysterious and reportedly requires consuming a large amount of Soul Power." Wu Yuan explained.

"Using the changes in elemental laws of heaven and earth?" Xu Nian was surprised in his heart.

How much Soul Power is consumed to predict celestial secrets using changes in elemental laws?

This was beyond Xu Nian's imagination.

"Let's go inside and take a look." Chen Han said with a smile.

Xu Nian followed the group towards the Tianji Hall.

Upon entering the Tianji Hall, Xu Nian saw a gigantic metallic sphere suspended in the air.

It was engraved with dense Divine Patterns, only slightly less complex than the ancient Stone Plate he had seen.

Xu Nian had read the Original Divine Rune Record given by the Taichu Immortal Emperor and gained some understanding of Divine Patterns.

He realized that this recorded pattern was an Original Divine Rune, which was incredibly powerful and seemed related to time Divine Runes.

Based on Xu Nian's current understanding of Divine Runes, he couldn't decipher the mysteries of this pattern.

"This is the most powerful Divine Artifact in the Tianji Hall, the Tianji Mechanism." Zheng Yan said with a smile.

"The Tianji Mechanism is a powerful Divine Artifact that can be used to predict many things in the Immortal Realm and the future, but requires consuming a large amount of Soul Power." Wu Yuan explained.

Xu Nian nodded.

To activate this Tianji Mechanism, indeed a large amount of Soul Power is required.

It's obvious that this Divine Pattern requires Soul Power to be activated.

"Let me try!" Chen Han said with a smile.

He then proceeded to channel his Soul Power towards the Tianji Mechanism.

As his Soul Power flooded into it, the Divine Patterns on the Tianji Mechanism also illuminated.

"Buzz!"

A phantom figure appeared before the group.

"May I ask what you wish to inquire?" the phantom figure asked.

"I want to know if there have been new Divine Miracles at the Sealing God Battlefield recently?" Chen Han asked.

"No!" the phantom figure replied.

"What's the current state of affairs at the Sealing God Battlefield?" Chen Han continued to ask.

"The Sealing God Battlefield is currently in a state of ceasefire. The Netherworld has retreated to the Gate of the Netherworld, and the Three Realms of Immortals, Demons, and Devils are all peaceful." The Artifact Spirit replied.

Chen Han nodded, immediately withdrawing his Soul Power.

At this moment, sweat beads were already forming on his forehead.

Evidently, just two questions had greatly drained his Soul Power.

However, through these two questions, he gained an understanding of the overall situation at the Sealing God Battlefield.

"Next, it's my turn." Wu Yuan said.

He then continued to channel his Soul Power into the Tianji Mechanism.

The Artifact Spirit reappeared.

"Has anyone discovered the Saint Divine Relic?" Wu Yuan asked.

This time they were going to the place called the Saint Divine Relic.

"Yes, the Saint Divine Relic is now being targeted by the Four Realms of Immortals, Demons, Devils, and Netherworld. However, it has not yet been opened, and no one has entered." the Artifact Spirit replied.

"Really, discovered?" Wu Yuan and the others frowned.

When they initially investigated this relic, almost no one knew about it.

Yet in less than half a month, it had become widely known.

"What is the grade of the Saint Divine Relic?" Wu Yuan continued to ask.

"The Saint Divine Relic is graded Earth-level Top-quality." the Artifact Spirit replied.

"Earth-level Top-quality?"

Wu Yuan and the others were shocked.

An Earth-level Top-quality Divine Relic, no wonder it became known so quickly.

"Senior brother, what does Earth-level Top-quality mean?" Xu Nian asked curiously.

"Junior Brother Xu Nian, you might not know, but Divine Relics at the Sealing God Battlefield are generally classified into two levels: Earth and Heaven, each further divided into top, mid, and low grades. Among these, Earth-level Low-quality corresponds to relics left by Basic-level Gods, Earth-level Mid-grade corresponds to relics left by Mid-level Gods, and Earth-level Top-grade corresponds to relics left by Top-grade Gods. As for Heavenly Level, that pertains to God-level Experts." Wu Yuan explained.

Xu Nian was surprised.

So, the relic Wu Yuan and the others discovered was actually left by a Top-grade God?

"Does the Sealing God Battlefield also have Heavenly Level Divine Relics?" Xu Nian asked curiously.

"Yes, three have been discovered, but no one dares to venture inside. Many powerful Immortal Emperors tried entering but were obliterated, so no one dares to step foot in Heavenly Level Divine Relics." Chen Han said.

Xu Nian was repeatedly surprised.

Heavenly Level Divine Relics, three of them.

Yet even the powerful Immortal Emperors don't dare venture in, indicating the relics are extremely perilous.

"Are there many Earth-level Divine Relics?" Xu Nian asked.

"Currently, there are 108 Earth-level Divine Relics, with 80 being Earth-level Low-quality, 20 Earth-level Mid-grade, and 8 Earth-level Top-grade. Of these 108 relics, 62 have been explored; 50 Earth-level Low-quality, 8 Earth-level Mid-grade, 2 Earth-level Top-grade. The remaining have not been explored yet." Wu Yuan explained.

"Why? Is it because they're too dangerous?" Xu Nian asked.

He hadn't expected so many relics at the Sealing God Battlefield.

"Indeed, very dangerous. There's also another reason: powerful seals on these relics prevent entry. The Saint Divine Relic currently has a seal that is about to disappear." Zheng Yan said.

Xu Nian understood.

It seemed the Sealing God Battlefield houses numerous Divine-levels, but half of them cannot be entered.

"What's the probability of discovering Godhood within these relics?" Xu Nian asked.

"Very small, only six relics out of the 62 explored have Godhood. This is over millions of years." Chen Han said.

Six?

Xu Nian was a bit surprised.

In such a long span, it's indeed very few.

Next, Tong Yao and Zheng Yan each asked a question.

Both related to the Saint Divine Relic.

The latest information they gathered indicated that the Saint Divine Relic was now famous, and there was a rumor that Godhood might emerge.

Godhood?

Xu Nian stepped forward directly to inject Soul Power into the Tianji Mechanism.

Instantly, Xu Nian felt a large portion of his Soul Power vanish.

"May I ask if there is a Death Godhood in the Saint Divine Relic?" Xu Nian asked directly.

Death Godhood?

Wu Yuan and the others around were startled.

Chapter 1585: Power God Talisman

"Sorry, the question you asked has exceeded your soul power. If you insist on asking, your soul power will be drained," said the Artifact Spirit.

Xu Nian had no choice but to give up.

In fact, he also knew that matters regarding the Death Godhood couldn't be easily obtained.

"Junior Brother Xu Nian, why are you asking about the Death Godhood? Are you planning to cultivate the Death Principle?" Zheng Yan asked curiously.

"Reporting to Senior Brother, I wanted to ask on behalf of my wife. She is cursed by the Death Principle and must refine the Death Godhood to break it, so I'm searching for the whereabouts of the Death Godhood," Xu Nian replied.

He originally approached the matter with a mindset of giving it a try.

The result was as he expected.

As for directly inquiring about the whereabouts of the Death Godhood, that was even more impossible.

"Death Godhood? Junior Brother Xu Nian, I've heard that among the three major Heavenly Level divine relics, there's one related to the Death God," Wu Yuan said.

"Death God?" Xu Nian's eyes lit up.

If that's the case, then there might be hope?

"Is Senior Brother Wu Yuan talking about the Netherworld King Divine Trace?" Chen Han and Tong Yao's expressions changed.

"Yes, it's the Netherworld King Divine Trace, surrounded by a terrifying aura of death. If I'm not wrong, the tomb owner is related to the Death Principle, but whether the owner's body is still there is uncertain," Wu Yuan said.

Xu Nian's eyes were solemn.

"Junior Brother Xu Nian, the Netherworld King Divine Trace is too perilous. It's one of the top relics among the three major Heavenly Level divine relics. You should find another way," Tong Yao advised.

It seemed she was deeply worried that Xu Nian would impulsively venture into the Netherworld King Divine Trace.

That would be equivalent to courting death!

"Yes, Tong Yao is right. Don't go to the Netherworld King Divine Trace. It's a place of no return," Zheng Yan also cautioned solemnly.

"Thank you, Senior Brother and Senior Sister, for the reminder. I know what to do," Xu Nian replied.

No matter how perilous it was, he'd try for Murong Xue's sake.

But it couldn't be right now.

With his current strength, going there would indeed be suicidal.

Hearing Xu Nian's words, Zheng Yan and the others nodded.

They believed Xu Nian had given up the idea of heading to the Netherworld King Divine Trace.

Then Xu Nian and their group of five left the Tianji Hall.

Just at that moment, four strong figures approached from ahead.

These four were all of formidable strength, especially the red-haired young man leading them, who exuded an extreme sense of threat to Xu Nian.

Among the four, three were at Quasi-Immortal Emperor Realm, with one at Immortal Sovereign Peak.

The red-haired young man leading them was at the Quasi-Immortal Emperor Realm.

And in terms of cultivation insights, he seemed to surpass Xu Nian.

"Zhu Qian, why are you at our Shendang Mountain stronghold?"

Upon seeing the four, Wu Yuan's brows furrowed tightly, his gaze turning sharp.

But the leading man revealed a cold smile, turning his gaze to Xu Nian.

"You must be Xu Nian?" the red-haired leader asked Xu Nian with a cold smile.

Xu Nian frowned, feeling as though he'd been targeted by a venomous snake.

"Junior Brother Xu Nian, he is from the Haotian Sect, a disciple of the Heavenly Immortal Emperor. Be careful. It seems like he's after you. His strength is formidable, and his insights have reached the Law Heart Success Realm," Wu Yuan transmitted to Xu Nian.

"A direct disciple of the Heavenly Immortal Emperor?" Xu Nian instantly understood.

He had killed Wu Hao, the son of the Heavenly Immortal Emperor.

The Heavenly Immortal Emperor had been watching his movements, sending people as soon as he entered the Sealing God Battlefield.

Seems like he doesn't intend to let him go.

"I am Xu Nian. You came for me, didn't you?" Xu Nian asked bluntly.

But his words elicited sneers from the four in front of him.

Especially the red-haired man, who looked at Xu Nian with utter disdain: "You're overestimating yourself. Yes, my Master did instruct us to kill you, but it was merely something to do along the way. You're not worth me, Zhu Qian, coming specifically to kill you."

Zhu Qian's words were extremely arrogant, looking at Xu Nian with utter disdain.

Xu Nian's eyes were equally icy.

Such an arrogant fellow.

Just killing him along the way?

Did they really think he was that easy to kill?

But Zhu Qian indeed had the right to be arrogant.

A Quasi-Immortal Emperor level cultivation, plus Law Heart Success, not even Wu Yuan was a match for him.

"Zhu Qian, don't take it too far. Xu Nian is one of us. If you want to kill him, you'll have to go through us," Wu Yuan stood up immediately.

"Wu Yuan, you're just someone I've defeated. What right do you have to speak like this in front of me? I'm telling you, I'm determined to kill Xu Nian. Let's go!" Zhu Qian sneered.

He left with the three others behind him.

As they departed, the three trailing figures also wore looks of disdain.

Wu Yuan and the others watched Zhu Qian's group's departing backs, their gazes heavy.

Tong Yao, Chen Han, and Zheng Yan were all frowning.

"Junior Brother Xu Nian, you need to be really careful now. Since Zhu Qian has made his intentions clear, he won't easily let you go. But don't worry. As long as you stick with us, he's unlikely to make a move easily," Wu Yuan said.

"Yes, they're probably here for the Saint Divine Relic. Until the relic opens, he's unlikely to engage us in a death match. Although our strength doesn't measure up to his, if it really comes to a fight, he won't walk away unscathed," Zheng Yan added.

Tong Yao and Chen Han nodded.

"Thank you, senior brothers and sisters. I'm very grateful," Xu Nian expressed his gratitude.

However, in the depths of his eyes, there was a hint of seriousness.

Clearly, Zhu Qian's threat was significant.

Their insights seemed to be markedly higher than that of Wu Yuan and Zheng Yan.

Although Chen Han's insights weren't lower, his cultivation was only at Immortal Sovereign Peak, also perhaps not a match for them.

Moreover, the three accompanying Zhu Qian were no less capable.

Xu Nian sensed the other two Quasi-Immortal Emperors had also crossed into the Law Heart level.

Even the Immortal Sovereign Peak among them was the same.

In terms of overall strength, their squad was no match for Zhu Qian's.

"The Sealing God Battlefield is proving to be far more perilous than I imagined," Xu Nian mused to himself.

Still, if Zhu Qian and his group were to try killing him, it wouldn't be that easy.

His Divine Flying Saber had tremendous destructive power.

Recently, he had been studying those Original Divine Runes.

Now, he was just one step away from mastery.

If he could master one of the true explanations of the Original Divine Runes, his combat power would multiply.

Next followed a period of traveling.

Xu Nian used an earth clone for the journey, while his true body entered the Chaos Divine Palace to continue studying the Original Divine Runes.

Inside the Chaos Divine Palace, Xu Nian observed the rubbings of the Original Divine Runes before him.

His eyes shone with intense divine light.

Then he suddenly moved, using his finger as a sword, using heaven and earth as his pen.

With each stroke, a terrifying aura of the Heaven and Earth Laws Order emanated, causing the Chaos Space to tremble violently.

After thirty-six strokes, a triangular Divine Pattern Seal formed.

This Divine Pattern Seal emitted a frightening power.

"Buzz!"

The Divine Pattern Seal landed on Xu Nian's chest, merging into him.

The next moment, an overwhelming power spread throughout his body.

His muscles swelled as if infused with endless divine power.

"Is this the Power God Talisman?"

Xu Nian felt exhilarated.

With a single punch, all principles would break.

With this talisman, under the Immortal Emperor, probably no one could stand against him.

Chapter 1586: Divine Medicine of White Light

Xu Nian and his group of five, after a long journey of ten days, finally arrived at the Po Suo Mountain Territory, where the Saint Divine Relic is located.

Po Suo Mountain Territory is a famous place in the Sealing God Battlefield, with peaks towering into the clouds, resembling a giant monument to heaven and earth.

"It's said that this Saint Divine Relic was left by a Goddess, and there are not many Goddess relics in the Sealing God Battlefield," Wu Yuan said.

The group nodded in agreement; generally, the relics left behind are mostly by male divine beings.

Rarely do Goddesses leave relics behind, waiting for future exploration.

"I've heard that this time, many female immortals from the Turquoise Pool have come, determined to obtain this Saint Divine Relic," Zheng Yan said with a smile.

These days, they kept receiving news from the outside world.

They discovered that the allure of this Saint Divine Relic was unusually formidable.

"Not just the Turquoise Pool, but many female experts from the Demon Realm's Holy Temple and the Demon Realm's Dragon Pool have also come. This time, I fear we will face many powerful female immortals," Wu Yuan laughed.

"Female immortals? The more the better. It's always too boring to fight with those male cultivators from the Demon Realm and the Demon Realm," Zheng Yan laughed.

"Then you better be careful; those female experts from the Demon Realm and Demon Realm are much fiercer than the male immortals. Be careful not to 'die under the peony flower,'" Chen Han joked.

"Haha, if I have to 'die under the peony flower,' I would gladly accept it," Zheng Yan laughed heartily.

Xu Nian and the others were amused as well.

"Whoosh!"

As Xu Nian and the others were chatting and laughing, several figures swiftly passed by them from the side.

Each of these figures flew at low altitude on a sharp sword.

Their speed was much faster than walking on the ground.

"Oh, they are from the Demon Realm."

Wu Yuan said as he watched the five figures speed past.

"Demon Realm?"

Xu Nian also looked at the five figures with some surprise.

He noticed that these five were all women.

Each had considerable strength, with three of them having already reached the Demon Lord Peak Realm.

The other two had obviously reached the Quasi-Demon Emperor Realm.

Moreover, the two women leading them were exceptionally beautiful, possessing a kind of soul-stirring charm.

"Those two women are very strong, their Insight Realm even surpasses mine," Xu Nian mused to himself.

Quasi-Demon Emperor Realm, with Insight Cultivation above his own level, their strength was undoubtedly extraordinary.

"They must be from the Demon Realm's Holy Temple. If I'm not mistaken, the leading woman should be Ye Siqi, the disciple of the Sword Demon of the Demon Realm's Holy Temple," Wu Yuan said.

"Yes, it should be Ye Siqi, born with the Demon Sword Body, comprehending the Mixed Element Dark Law, her Law Comprehension Realm has reached the Law Heart Great Success Realm, only one step away from Perfection," Chen Han said.

"Born with the Demon Sword Body? Law Heart Great Success?" Xu Nian was somewhat astonished.

The so-called born with the Demon Sword Body is an extremely rare physique among the Demon Clan, capable of commanding countless demon swords from birth and possessing a strong talent in Sword Dao cultivation.

It seems that Ye Siqi's strength must be very formidable.

"The one beside her should be her senior sister, Wind Yao, right?" Zheng Yan said.

"Indeed, it's Wind Yao. She's quite famous in the Sealing God Battlefield, cultivating the Ten Thousand Love Demon Technique, her cultivation is also at the Quasi-Demon Emperor Realm, with the number of male immortals dying by her hands not less than tens of thousands; she possesses an extremely enchanting ability. Junior Brother Xu Nian, if you meet her, be sure to guard your mind," Wu Yuan answered.

Xu Nian nodded.

It seems that this Demon Realm's Holy Temple is not simple at all.

"Ye Siqi's strength is the strongest, already considered a top genius among the younger generation in the Demon Realm's Holy Temple. She has been cultivating for no more than three thousand years, and unexpectedly she, this genius, has also come." Chen Han seemed to be somewhat apprehensive about Ye Siqi.

Wu Yuan and the others nodded as well.

This Ye Siqi's strength is indeed very formidable.

Xu Nian was also a bit surprised; it seems that Ye Siqi is really impressive.

"They were in such a hurry just now; is something happening up ahead?" Tong Yao hurriedly asked.

Wu Yuan and the others also nodded.

On the Sealing God Battlefield, being in such a hurry usually means being pursued or something major happening.

"Let's go take a look and see for ourselves."

Zheng Yan suggested.

Xu Nian and the others all agreed, so they hastened their steps forward.

Very soon, they arrived in front of a huge canyon.

In the center of the canyon lay a massive river.

On both sides of the canyon were lush green mountains.

The Ye Siqi and others who hurriedly passed earlier were now standing atop one of the mountains ahead.

At this moment, a ray of white light swiftly weaved through the river, heading downstream.

"Could this white light be..." Wu Yuan and the others noticed the white light, their complexions all changing.

Xu Nian, however, was somewhat puzzled.

The white light was too fast to discern its true nature.

However, upon close inspection, he did feel a peculiar energy fluctuation from the white light.

Xu Nian noticed that Ye Siqi and the others were also intently watching the white light, seemingly valuing it greatly.

"Senior Brother, what exactly is that? Why do they place such importance on it?" Xu Nian hurriedly asked.

"Junior Brother Xu Nian, you may not know, but this is a Divine Medicine, a Divine Medicine with self-awareness. Occasionally appearing in the Sealing God Battlefield, each piece is unbelievably precious. Once, a disciple at the Early Stage Immortal Sovereign realm consumed a Divine Medicine, advancing directly to the Quasi-Immortal Emperor realm," Wu Yuan explained.

"Early Stage Immortal Sovereign, advancing directly to Quasi-Immortal Emperor?" Xu Nian was also shocked.

The power of this Divine Medicine was truly terrifying?

"And not just that, once there was a strong warrior from the Demon Clan who consumed a Divine Medicine, elevating his Soul Realm from Immortal Sovereign Peak to Immortal Emperor Peak," Chen Han said.

"Right, and a disciple from the Demon Realm consumed a Divine Medicine, enhancing her Physical Strength a hundredfold, equivalent to a Top-Grade Divine Artifact," Zheng Yan said.

The more Xu Nian listened, the more his heart wavered.

It seemed that this Divine Medicine was indeed an extraordinarily precious treasure.

"These Divine Medicines have existed for tens of millions of years, possessing extremely potent medicinal properties, but each Divine Medicine has different characteristics; who knows what special qualities this one holds," Wu Yuan said.

Hearing this, Xu Nian was also filled with curiosity about the Divine Medicine.

However, with these Demon Clan women here, they certainly wouldn't let them acquire the Divine Medicine easily.

Therefore, obtaining the Divine Medicine wouldn't be an easy task.

"This medicine was discovered by us, please, leave,"

Sure enough, Ye Siqi turned to Xu Nian and the others, speaking in a cold voice.

Her tone carried a strong sense of threat.

Wind Yao also looked at Wu Yuan and the others with a playful smile, her peach blossom eyes full of charm.

"The Divine Medicine is a masterless object, why should it belong to your Demon Clan?" Wu Yuan spoke out.

Although they were reluctant to have a conflict with Ye Siqi,

the Divine Medicine was too precious. Having discovered it, how could they give it up so easily?

Chapter 1587: Battle Against the Demon Clan

Zheng Yan and others had the same thought as Wu Yuan.

The value of this Divine Medicine is definitely not below that of a Divine Artifact, it might even be higher.

If obtained, it could even save one's life at a critical moment.

Such a treasure, once encountered, would never be left to the Demon Clan.

Xu Nian was also filled with curiosity about this Divine Medicine, eager to see what was so peculiar about it.

However, facing these five members of the Demon Clan was clearly a tough challenge.

"Later, I'll handle this Ye Siqi, Zheng Yan you take on Wind Yao, and Chen Han, Tong Yao, Xu Nian, you three handle the other three peak Demon Lord level demon women," Wu Yuan immediately arranged.

"Senior Brother Wu Yuan, won't it be too much for you to take on Ye Siqi?" Tong Yao quickly asked.

"Yes, Senior Brother Wu Yuan, Ye Siqi's Insight Realm has already reached the Law Heart Great Success Realm, and you're just at the entry-level, the gap is simply too big, perhaps I should take her on," Chen Han said.

"No, although your Insight Realm has achieved Small Achievement Realm, it hasn't reached Quasi-Immortal Emperor Realm, with no Mixed Element Immortal Power born within, you're still not Ye Siqi's match. I'll hold them off, you quickly settle the other three, then come assist me, Zheng Yan, this Wind Yao's strength isn't weak either, are you okay with that?" Wu Yuan arranged immediately.

"No problem, although my Law Realm isn't as high as hers, I won't easily be defeated," Zheng Yan said.

Wu Yuan nodded, then looked towards Xu Nian.

"Junior Brother Xu Nian, this is your first encounter with the Demon Clan, be very careful, the Demon Clan's attack methods are unpredictable, be extremely cautious," Wu Yuan warned.

"Don't worry, Senior Brother," Xu Nian nodded.

Dealing with a peak Demon Lord level female cultivator was no problem for him.

"Since you're unwilling to leave, I'll send you on your way, attack, kill them, I'll intercept this Divine Medicine," Ye Siqi ordered immediately.

The next moment, her figure swiftly darted down, rushing towards the white light in the river.

The other four women, under Wind Yao's lead, charged towards Xu Nian and the others.

"Disciples of the Immortal Realm, let me see what you're made of," Wind Yao chuckled lightly.

Her form darted directly towards Wu Yuan.

"Your opponent is me!" Zheng Yan stepped forward, Mixed Element Immortal Power surging within, advancing straight towards Wind Yao.

"Oh, this handsome big brother is quite capable, let me meet you," Wind Yao smiled charmingly, immediately engaging in battle with Zheng Yan.

Wind Yao's strength was visibly superior, but Zheng Yan's rich combat experience meant he avoided direct collision.

For the moment, he contained Wind Yao.

On the other side, Wu Yuan pursued Ye Siqu.

Tong Yao and Chen Han also found themselves battling the other two Demon Lord realm women.

Before Xu Nian, a Demon Lord realm woman appeared.

Clad in black battle armor, her eyes were filled with disdain.

"An early-stage Immortal Sovereign baby? Seems you're just a fledgling who recently entered the Sealing God Battlefield!" the female Demon Lord sneered coldly.

With a wave, a spiked iron long whip appeared in her hand.

"Snap!"

The female Demon Lord swung, Fire Attribute Principle surged, instantly enveloping the entire long whip.

The flames were black, possessing a potent Soul Attack effect.

Xu Nian was somewhat surprised, not expecting this female Demon Lord to be proficient in Soul Attacks.

Moreover, her comprehension of the laws had clearly reached the Law Heart stage.

Such strength was quite formidable within the Immortal Sovereign Realm.

Yet for Xu Nian now, it was not quite impressive enough.

"Are all of your Demon Clan this arrogant?" Xu Nian asked with a cold smile.

"Hmph, there's no sympathy for the weak, the strong prey on the weak is our rule, the weak don't deserve survival, so little baby, your luck is terrible, coming to the Sealing God Battlefield and encountering me, you can only blame your bad luck," the female Demon Lord sneered.

Without any more unnecessary words, she directly swung the long whip at Xu Nian.

The black flames surged with the Power of Laws, saturating the surrounding Void with an intensely scorching presence.

Even Xu Nian's soul felt the terrifying invasion of these flames.

It must be said that the Demon Clan's actions were indeed straightforward.

They attack immediately without any hesitation, instantly delivering deadly moves without probing.

The Power of Laws used by this female Demon Lord was at least condensed to two hundred times.

Yet with such intensity, it wasn't impressive enough for Xu Nian.

"I return your words to you exactly,"

Xu Nian sneered.

Upon speaking, he grabbed the fiery long whip.

Then with a fierce pull, an overwhelming force surged.

Before the female Demon Lord could react, she was abruptly pulled over by Xu Nian.

"Boom!"

Xu Nian landed a direct punch to the female Demon Lord's abdomen.

The power of the Black Hole Law surged, three hundred times more, exploding within the female Demon Lord's body.

The female Demon Lord's Demon Fetus shattered into pieces instantly.

"How... how is this possible?" The female Demon Lord's eyes revealed a trace of extreme unwillingness.

Then her gaze dimmed and, with an expression of utter disbelief, her breath ceased entirely.

Xu Nian just sneered.

He tossed the female Demon Lord's corpse and long whip aside.

The flames of this female Demon Lord were indeed terrifying, but against Xu Nian's Low Grade Divine Artifact level physique, they couldn't inflict any harm.

As for soul incineration, his Immortal Embryo was hidden within the Chaos Green Lotus, the black flames couldn't invade at all.

"Ah, Fu Xiang!"

From a distance, the other two Demon Lords along with Wind Yao noticed the commotion on Xu Nian's side, wearing expressions of surprise.

They originally thought Xu Nian would be the easiest to kill, given his only early-stage Immortal Sovereign level cultivation.

But unexpectedly, this early-stage Immortal Sovereign powerhouse was actually concealing formidable strength.

"Pfft!"

Another peak Demon Lord powerhouse, distracted by Xu Nian's chaos, was seized by Chen Han and got struck through the abdomen by a sword stab.

The peak Demon Lord female cultivator died on the spot.

However, Tong Yao's situation wasn't as good.

"Senior Brother Chen Han, help Senior Sister Tong Yao, I'll assist Senior Brother Wu Yuan," Xu Nian said.

"Okay!" Chen Han responded promptly.

Upon hearing, Xu Nian immediately rushed towards the river below.

At this moment, Ye Siqu below was already engaged in a fight with Wu Yuan.

The white Divine Medicine was already grasped in Ye Siqu's hand.

But the Divine Medicine continued to struggle, and Ye Siqui couldn't store it in her storage ring for the time being.

Ye Siqui wielded her sword single-handedly, fighting Wu Yuan.

Every strike contained immense Mixed Element Magic Power.

Senior Brother Wu Yuan wasn't her match, forced to dodge hastily.

"Boom!"

However, Ye Siqui's sword strikes were too swift.

Wu Yuan couldn't withstand them and was struck by a sword radiance, his body flying backward.

"Senior Brother Wu Yuan, are you alright!" Xu Nian hurried over, catching Wu Yuan.

Thanks to Xu Nian, Wu Yuan avoided plummeting to the riverbed.

Stepping on the river, Ye Siqui's gaze was filled with murderous intent.

She sent another Sword Radiance cleaving towards Wu Yuan.

With this sword, the river instantly exploded.

The terrifying sword light simultaneously attacked both Wu Yuan and Xu Nian.

Chapter 1588: Witch Ye Siqui

The terrifying Sword Radiance swiftly slashed toward Xu Nian.

Wu Yuan saw this scene and immediately wanted to mobilize the Mixed Element Immortal Power in his body for defense.

However, he was stopped by Xu Nian.

"Senior Brother, let me handle this," Xu Nian said.

Without waiting for Wu Yuan's response, Xu Nian directly mobilized the Black Jade Power within him.

The current Black Jade Power had been improved by Xu Nian, formed by the fusion of two identical magnitudes of Power of Laws.

The resulting power was entirely on par with the Mixed Element Immortal Power.

"Buzz!"

Xu Nian activated the new Black Jade Energy and threw a punch.

Breath taking as mountains and rivers.

"Boom!"

A loud explosion was heard.

The terrifying Sword Radiance was actually blasted into an explosion.

Wu Yuan was suddenly full of surprise.

Xu Nian's strength was surprisingly so strong that the sword he didn't dare to take head-on was blown apart by Xu Nian with just one punch.

In the distance, Ye Siqi was also full of astonishment.

She originally thought it was just an ignorant Early Stage Immortal Sovereign novice, but unexpectedly, one punch blocked her attack.

"Senior Brother, you take a step aside to heal, I will fight her for this Divine Medicine," Xu Nian said to Wu Yuan.

"Then be careful," Wu Yuan stopped persuading this time.

He was seriously injured at this moment, naturally no match for Ye Siqi.

It would be even less likely to play any role now.

Ye Siqi's strength was really too strong.

If Xu Nian could snatch it, that would be the best outcome.

Wu Yuan then soared back to the top of the mountain, trying to recover his body.

However, his gaze remained fixed on Xu Nian and Ye Siqi.

Xu Nian and Ye Siqi stood opposite each other, both standing on the river surface.

Although the gravity of the Sealing God Battlefield was extremely immense, posing a strong constraint for them,

standing on the lake surface was still something that could be done with ease.

"An Early Stage Immortal Sovereign can actually break my Sword Radiance. Who are you?" Ye Siqi asked.

However, her eyes already carried an indifferent expression.

"Give me the Divine Medicine in your hand, and I'll tell you," Xu Nian said with a smile.

For the Ye Siqi before him, his heart was also filled with strong fighting spirit.

Law Heart Great Success Realm?

This meant that Ye Siqi's compression of the laws had at least reached over three thousand times.

The power of compression over three thousand times of laws was quite terrifying.

In the earlier battle with Wu Yuan, she hadn't even exerted the Power of Laws.

It showed how strong her power was.

"Humph, since you do not wish to speak, then there is no need to talk, and I have no need to know, because in a while, you will be a dead man," Ye Siqi said coldly.

In her hand, the demon sword burst out with a powerful wave of Mixed Element Magic Power.

Still, no Power of Laws was activated.

However, a heart-palpitating energy wave emerged from her demon sword.

"Die!"

Ye Siqi again slashed out with her sword.

One Slash Immortal!

The Sword Radiance swept out, transforming into a terrifying Netherworld Slash, instantly targeting Xu Nian.

The power contained in it was even more frightening than the previous strike.

Without hesitation, Xu Nian once again activated the Black Jade Power.

This time, Xu Nian directly utilized the fusion of four hundred times the law compression power.

The Black Jade Power energy formed by these two Power of Laws was extremely terrifying.

"Ksitigarbha Fist!"

Xu Nian shouted once more.

A punch was thrown.

Behind him seemed to appear the massive phantom of a Ksitigarbha King.

The terrifying force collided with the Sword Radiance, shattering it once again.

"So strong! Junior Brother Xu Nian's strength actually surpasses mine,"

on the mountaintop, Wu Yuan exclaimed in surprise.

Looking at Xu Nian who fought Ye Siqi to a draw, he was repeatedly astonished.

Although Ye Siqi hadn't used the Power of Laws, being able to withstand her sword wasn't something even ordinary Quasi-Immortal Emperor level experts could achieve.

Ye Siqi also showed a look of surprise.

"Two types of Power of Laws fused, with different Attribute Laws—this nearly impossible feat was achieved by you," Ye Siqi naturally observed that the power Xu Nian employed was indeed the fusion of two types of Power of Laws.

This kind of power, let alone at the Immortal Sovereign level, even Immortal Emperor level experts couldn't accomplish.

"However, your compression level of Power of Laws is ultimately too low. You haven't even reached the eight hundred times of the Law Success Realm. Wanting to contend with me with such strength is ultimately a fool's dream," Ye Siqi's eyes flashed with a hint of arrogance.

Then a terrifying power of Dark Law exploded from her body.

The power of Dark Law surged, like a giant black dragon coiling around her body.

"Roar!"

The black dragon let out a roar, then poured into her demon sword.

The next moment, her demon sword erupted with a soul-stirring wave.

"First-grade Law? Dark Annihilation?" Xu Nian showed an expression of surprise.

The power of Silent Annihilation erupted from her demon sword sent chills down his spine.

Most importantly, Ye Siqi's Dark Annihilation power had reached a compression of four thousand times.

It was ten times more than Xu Nian's compression level.

This terrifying gap was absolutely not something easily bridged.

"Such a terrifying Ye Siqi, no wonder she's hailed as the prodigy of this generation in the Demon Venerate Holy Hall, with the potential to become the new generation Sword Demon," Wu Yuan exclaimed in shock.

His eyes turned very worried when looking at Xu Nian.

This Ye Siqi was too terrifying.

"Oh, she actually used the Power of Laws. Has someone forced Junior Sister to this point?" Wind Yao was also somewhat surprised.

He directly broke away from the attacks of Zheng Yan and the others, his figure flashed, appearing above another mountain peak.

Chen Han and the others did not pursue but gathered beside Wu Yuan, looking down.

When they saw the incomparably menacing Sword Momentum emanating from Ye Siqi, they all paled in shock.

With such a terrifying attack, wouldn't Junior Brother Xu Nian stand a nine-to-one chance of survival?

"Prepare to die!"

Ye Siqi coldly snorted.

One slash fell down.

Sky-shocking Sword Energy instantly broke through the clouds, slashing straight down at Xu Nian.

This slash was enough to split mountains and rivers in two.

The dreadful power of Silent Annihilation on it was enough to destroy Low Grade Divine Armor.

Xu Nian stood proudly on the river.

Seeing the descending sky-shattering dark Sword Radiance, his eyes filled with strong fighting spirit.

"If that's the case, then let me test my Power God Talisman with you," Xu Nian's eyes were sharp.

Using his hand as a pen and the void as paper, he instantly condensed a triangular Divine Talisman.

As soon as the Divine Talisman appeared, it erupted with a terrifying wave.

The Divine Talisman merged into Xu Nian's body, and Xu Nian's body instantly seemed injected with endless Divine Power.

Watching the falling sky-shattering giant radiance.

Xu Nian held up the sky with his hand, the terrifying power in his palm exploded instantly.

Then they saw Xu Nian, with a world-shattering punch, struck the sky-shattering dark Sword Radiance.

"Boom!"

The terrifying energy exploded instantly.

Under Xu Nian's punch, the sky-shattering Sword Radiance shattered into pieces.

"So... so strong!" Wu Yuan and others were dumbfounded.

Seeing Xu Nian, who was like a deity, they showed incredulous expressions.

Ye Siqi also furrowed her eyebrows, her eyes showing an expression of surprise.

Chapter 1589: Ye Siqi's Invitation

She wielded the Power of Laws, the Dark Annihilation Principle, and yet it was still blocked by the opponent.

Is this young man before me really just at Early Stage Immortal Sovereign?

"Who exactly are you? With your cultivation, you shouldn't be someone unknown, right?" Ye Siqi asked for the second time.

This time, she genuinely wanted to know.

After all, even in the Demon Realm, there are few among the younger generation who could block her Sword Radiance attack.

So, Xu Nian's ability to block her attack surprised her greatly.

"I told you, give me the Divine Medicine, and I'll tell you." Xu Nian said with a smile.

His figure stood on the river, his robe rustling in the wind.

The white robe on the river was like a feather.

While Ye Siqi, dressed in a black dress, formed a sharp contrast with Xu Nian.

"In your dreams!" Ye Siqi was furious.

How could she, a disciple of the Holy Temple's Sword Demon in the Demon Realm, lose to a newcomer from the Immortal Realm?

"Then there's nothing more to say, let's continue fighting, I'm determined to get this Divine Medicine."
Xu Nian laughed.

The triangular star-shaped Divine Talisman on his chest emitted a dazzling light.

An endless power surged from his chest into his limbs and bones, continuously and magnificently.

Xu Nian felt the endless power raging within his body.

Vast and indescribable.

Xu Nian's eyes also became filled with intense battle intent.

"Bang!"

Xu Nian stamped on the river, then his figure burst forth with high speed, instantly arriving before Ye Siqi.

Xu Nian delivered a punch with the momentum of a punch that could determine the course of the world.

Ye Siqi's eye gleamed, the Power of Laws surged, and the sword in her hand stabbed out.

"Boom!"

Xu Nian's fist collided with the Sword Radiance, like a stone pillar striking a bell.

"Clang!"

The sword in Ye Siqi's hand exploded instantaneously.

The terrifying power sent her figure flying backward rapidly.

"Whoa, so strong!"

Above, Chen Han and the others were astonished.

Xu Nian took the initiative to attack, surprisingly taking over the peak, even shattering the Top-grade Demon Sword in Ye Siqi's hand.

In the distance, Wind Yao also looked amazed.

Originally, she thought Xu Nian was the most unremarkable among the five from the Immortal Realm, but now she realized that Xu Nian was the most formidable of them all.

"Buzz!"

Ye Siqi's figure flew backward, the fierce winds rapidly whistling past her ears.

Her eyes were extremely sharp, and an unprecedented battle intent rose in her heart.

Her already imposing chest visibly heaved slightly.

"Hmph!"

Xu Nian snorted coldly, his figure bursting away again.

This time his speed was even twice as fast as before.

"Swoosh!"

Xu Nian's figure appeared beside Ye Siqu.

He delivered a punch with immense force.

A hint of anger also flashed in Ye Siqu's eyes.

With a thought, a cold gleam appeared instantly.

"Clang!"

An extremely bright giant sword appeared in front of Ye Siqu.

Xu Nian's fist struck the blade, emitting a piercing, resonant sound.

However, Xu Nian's fist couldn't shake this sharp sword.

"Oh? A Divine Sword?"

Xu Nian was somewhat surprised.

Unexpectedly, Ye Siqi also possessed a Divine Artifact.

"Is this the Divine Sword Ghost Slaying?" Wu Yuan exclaimed in surprise.

"Indeed, it's the Ghost Slaying. I didn't expect the Sword Demon gave this Divine Artifact to Ye Siqi." Zheng Yan was also surprised.

Tong Yao and Chen Han were equally shocked.

This battle was beyond their ability to participate in.

Xu Nian retreated, creating some distance from Ye Siqi.

Ye Siqi held the bright giant sword, eyes sharp.

The giant sword was a full one meter and six in length.

The width reached a foot.

This sharp sword swung with an extremely keen aura.

Ye Siqi holding such a Divine Sword exuded an indescribable aura of dominance.

"This sword is called Ghost Slaying, a Low Grade Divine Artifact used by my master before. Countless Demon Emperors have fallen under its blade. Today, I will use it to cut you down." Ye Siqi's tone was cold, filled with intense judgment.

Xu Nian chuckled repeatedly.

"A Low Grade Divine Artifact? Do you think I wouldn't have one?"

Xu Nian smiled slightly.

With a thought, a black iron hammer appeared in his hand.

"Oh? A Divine Artifact?" Ye Siqi was instantly surprised, looking at Xu Nian.

She hadn't expected this young man also had a Divine Artifact at hand.

"Junior Brother Xu Nian has finally used a Divine Artifact, but where did this hammer-shaped Divine Artifact come from? Why hadn't I heard of it before?" Chen Han said.

"I've never seen it either. This is the first time I've seen this hammer-shaped Divine Artifact." Wu Yuan nodded.

They all knew Xu Nian possessed several Divine Artifacts, but had never seen them.

Now seeing Xu Nian use this Divine Hammer, they were somewhat surprised.

"This hammer is called the Divine Hammer, and it's something I crafted myself." Xu Nian said with a smile.

Crafted by himself?

Ye Siqi was quite shocked and her eyes fixated on Xu Nian.

Could this young man craft Divine Artifacts?

How is that possible?

Wasn't it said that no one in the Three Realms could craft Divine Artifacts?

How could someone be able to craft a Divine Artifact?

At the mountain top, Wind Yao also showed an astonished look, her expression becoming contemplative as she looked at Xu Nian.

"Junior Brother Xu Nian can craft Divine Artifacts? Damn, did I hear that right?" Zheng Yan exclaimed, his face full of surprise.

This was even more shocking than seeing Xu Nian and Ye Siqi fight to a draw.

An Artifact Refiner who could craft Divine Artifacts might be more valuable than ten Divine Artifacts.

"You didn't hear wrong, I heard it too. Was this Divine Hammer really crafted by Junior Brother Xu Nian?" Wu Yuan also said, looking incredulous.

Tong Yao and Chen Han were also skeptical.

After all, it was quite unbelievable.

"Can you really craft Divine Artifacts?" Ye Siqi also found it hard to believe.

Xu Nian just smiled slightly.

With a wave of his hand, nine flying daggers appeared in the void.

"Are they all Divine Artifacts?" Ye Siqui's expression changed.

She hadn't expected this young man to possess so many Divine Artifacts.

"These are also crafted by me." Xu Nian smiled slightly.

Then, with a thought, a flame appeared in his hand.

"Divine Fire?" Ye Siqui's expression changed.

At that moment, she completely believed what Xu Nian said was true.

If this guy even possessed Divine Fire, crafting Divine Artifacts wasn't impossible.

After all, the biggest difficulty for many Artifact Refiners in crafting Divine Artifacts was the inability to melt Divine Iron.

However, with Divine Fire, Xu Nian could easily do it.

"Since you're an Artifact Refiner who can craft Divine Artifacts, I can't kill you. My name is Ye Siqui. Are you willing to join our Holy Temple of the Demon Clan? I can assure you a position of under one person, above ten thousand, in the Demon Realm." Ye Siqui said.

At that moment, she fully intended to recruit him.

An Artifact Refiner capable of crafting Divine Artifacts couldn't be found elsewhere in all the Three Realms.

Such talent was far more precious than Divine Medicine.

Wu Yuan and the others were also amazed.

This Ye Siqi actually invited Junior Brother Xu Nian to join the Demon Clan?

Xu Nian, hearing this, showed a helpless smile.

How could he possibly join the Demon Clan?

"I will never join, and moreover, I'm determined to take the Divine Medicine you have." Xu Nian said with a firm gaze.

Chapter 1590: Spatial Vortex

"If you want the Divine Medicine, I can give it to you, as long as you choose to join our Demon Clan," Ye Siqi thought for a moment and said.

Upon hearing this, Wu Yuan and the others were incredibly surprised.

They never expected that Ye Siqi would be willing to give up the Divine Medicine to recruit Xu Nian.

It seems Ye Siqi truly wants to recruit Xu Nian from the bottom of her heart and values his status greatly.

Xu Nian was also a bit surprised, never thinking Ye Siqi would be willing to give up the Divine Medicine to recruit him.

It seems he underestimated his status as an Artifact Refiner.

"I still maintain that I will not join the Demon Clan Holy Temple, but I will still seize the Divine Medicine in your hands," Xu Nian said with a smile.

"Don't go too far. Do you really think you can seize the Divine Medicine from me?" Ye Siqi was somewhat annoyed.

She invited him again and again, but he seemed completely unappreciative.

Utterly arrogant.

"I do think so," Xu Nian laughed.

His gaze was exceedingly firm.

Hearing this, Ye Siqi's eyes filled with even more anger.

"Since you won't come back with me, I'll break your bones and take you away," Ye Siqi snorted coldly.

Immediately, her figure once again leaped out.

"Buzz!"

Her figure flashed, suddenly appearing before Xu Nian.

In her hand, the Ghost-Slaying Divine Sword carried an extremely powerful Law Wave as it slashed towards Xu Nian.

This swing contained a terrifying Power of Silent Annihilation.

Beneath an Immortal Emperor, few would likely withstand it.

"Humph!"

Xu Nian's eyes were filled with battle intent.

He activated the Power God Talisman, pouring terrifying power into his arm.

He swung the Divine Hammer in his hand, smashing it fiercely toward the Ghost-Slaying Divine Sword.

"Clang!"

The river exploded, resembling the collapse of heaven and earth.

Extreme and terrifying energy waves rippled out rapidly like ripples.

"Boom!"

The surrounding rocks shattered significantly, rolling down from the hillside, the land trembling constantly.

This was on the Sealing God Battlefield; if it were in the Immortal Realm, such a battle would be enough to shatter the entire mountain range.

The impact formed still left Wu Yuan and others in shock.

"Bang!"

Both were shaken apart by this terrifying energy wave.

Ye Siqi rubbed her arm, only feeling intense numbness, as if she'd lost all sensation.

If she hadn't shielded her arm with Mixed Element Magic Power, her arm would probably be crippled by now.

"Such strong power," Ye Siqu thought in shock.

The opponent's power was quite pure.

It had a momentum that seemed capable of pulling up mountains.

It could even shatter her Power of Laws.

Xu Nian was also a bit surprised; his Power God Talisman possessed immense power.

Unexpectedly, it was evenly matched with his opponent's.

Ye Siqu's cultivation was indeed extraordinarily terrifying.

"Again!"

Xu Nian shouted loudly.

He wanted to attack again, swinging the Divine Hammer with immense force towards Ye Siqu.

The terrifying power formed a dreadful sense of oppression, as if threatening to smash through mountains and rivers.

Ye Siqu's expression was extremely grave, her figure becoming a black shadow.

"Buzz!"

Suddenly she split into five, attacking Xu Nian from five directions simultaneously.

She wielded the Ghost-Slaying Sword, slashing at Xu Nian's body from five positions.

"Not facing me head-on?" Xu Nian sneered.

He knew Ye Siqi had realized his brute power was strong, thus avoiding direct confrontation.

Five figures, five Divine Swords, each seemingly real.

Giving Xu Nian no chance to dodge.

"Slash!"

Xu Nian's figure was directly cut into five pieces.

However, it was clear that Ye Siqi had deliberately avoided Xu Nian's vital points, bypassing his abdominal Immortal Embryo area.

"It's over," Ye Siqi smiled coldly as she saw Xu Nian being cut into five sections by her Divine Sword.

"What, has Junior Brother Xu Nian lost?" Wu Yuan and the others exclaimed in surprise.

"Not necessarily!" But Tong Yao shook her head.

Wu Yuan and others looked puzzled.

Could there still be a turnaround?

"Bang!"

But just as Ye Siqi thought she had won.

Xu Nian's figure exploded, transforming into five segments of soil.

"What, an Earth Clone?" Wu Yuan and the others were astonished.

No one expected Xu Nian's body was fake, actually a pre-arranged Earth Clone.

Tong Yao also smiled, realizing this was Xu Nian's usual tactic.

With Junior Brother Xu Nian's elusive skills, how could he lose so easily?

Ye Siqi was bewildered, her gaze sharply scanning the surroundings.

"Buzz!"

Suddenly Ye Siqi felt a terrifying pressure descend from the sky towards her.

She saw a massive Iron Hammer descending from the Heavenly Dome.

The Iron Hammer was a hundred feet long, and with its descent, heaven and earth seemed to collapse.

Ye Siqi dared not be careless, immediately mobilizing all her Mixed Element Magic Power and Power of Laws, pouring them into her Divine Sword.

"Clang!"

The Iron Hammer struck the Divine Sword, immediately driving Ye Siqi to her knees on the river surface.

The river beneath her exploded instantly, the terrifying force extending to the riverbed, shaking the entire mountain range violently.

"Such strong attacks!" Wind Yao saw this and was greatly surprised.

No one expected a young newcomer from the Immortal Realm to match her junior sister to such an extent.

Ye Siqi was also unbelievably shocked.

The power on this Iron Hammer was overwhelmingly massive, completely irresistible to her.

On the Sealing God Battlefield, the hammer was abnormally heavy under its gravity.

Now enriched with Xu Nian's mighty Divine Power.

"Poof!"

Ye Siqi finally couldn't withstand it, spitting out a mouthful of blood.

"It seems I'll have to use that move," Ye Siqi's eyes turned sharp.

The next moment, a black, peculiar pattern appeared on her forehead.

This strange pattern contained a formidable Power of Darkness, as if a terrifying Dark Ruler had awakened.

"Ah, such strong dark power," Xu Nian was also shocked.

No one anticipated Ye Siqi had an even stronger trump card.

Wu Yuan and the others were also astonished.

Ye Siqi's terror seemed more fearful than they had imagined.

"Buzz!"

At this moment, an unexpected suction suddenly shot out from the riverbed.

The next instant, both Ye Siqi and Xu Nian were enveloped in a strange light.

"Oh no, it's a space vortex!"

Ye Siqi was suddenly shocked and pale.

She hurriedly tried to escape the strange light.

But didn't even get to use her power when an immensely terrifying suction enveloped her.

Ye Siqi's entire form was swallowed by this terrifying suction into the river bottom, her aura vanishing.

Similarly, Xu Nian sensed trouble, trying to break out.

But before he could act, the terrifying suction left him dizzy.

"Junior Brother Xu Nian!" Wu Yuan and the others were horrified.

"Junior Sister Siqi." Wind Yao was equally shocked.

But when they descended, they found the riverbed devoid of Xu Nian and the others' auras.

"They must be in a space fissure," Zheng Yan said.

Wu Yuan and the others nodded.

Such space fissures are terribly frightening, possibly leading to no return.

"Let's go check the riverbed," Wu Yuan ordered.

Zheng Yan and the others instantly submerged to investigate.

Seeing this, Wind Yao spoke no further and also dove in.
