

Divine King 1591

Chapter 1591: Become the Prey

"How is it, did you find it?" Wu Yuan asked.

Tong Yao and the others shook their heads.

For three days, Wu Yuan and the others scoured the entire riverbed but still found no traces of a space rift.

Xu Nian and the others seemed to have vanished directly into the riverbed.

In the distance, Wind Yao also found nothing.

"Their battle must have inadvertently opened a space rift, triggering a space vortex. In a stable space like the Sealing God Battlefield, finding this space rift is almost extremely difficult," Zheng Yan shook his head helplessly and said.

"But Junior Brother Xu Nian's Soul Jade Plate is still intact, indicating he is not in mortal danger. This Saint Divine Relic is about to open; we should first explore the relic and then inform the master to search for Junior Brother," Wu Yuan and others said.

Zheng Yan and the others nodded.

Given their strength, staying behind would be to no avail.

So, they could only do just that.

After some discussion, the four decided to leave.

Wind Yao had no other solutions; after searching fruitlessly again, she also left.

Once this space rift closes, finding it again is almost impossible.

For now, it rests on Ye Siqi and them.

...

Just as Wu Yuan and the others gave up searching,

Xu Nian woke up from his unconsciousness.

At this moment, he realized he was in a place resembling a cave.

Surrounded by extremely hard Divine Stones.

The entire cave was completely enclosed, and he couldn't find any exit.

However, hanging from the cave ceiling were brain-sized, Light Immortal Pearls.

These Immortal Pearls were extraordinarily bright, illuminating the cave as if it were daylight.

Xu Nian turned his head and noticed this cave seemed to be inside a mountain belly.

The area was large and quite expansive.

On the mountain wall were numerous inscriptions.

These inscriptions were extremely complex, seemingly entirely different from any text Xu Nian recognized.

Ye Siqi stood before this mountain wall, studying the inscriptions.

Ye Siqi hadn't taken advantage of his unconsciousness to harm him.

It showed that she genuinely bore no murderous intent toward him.

"You're awake?" Ye Siqi turned to look at Xu Nian, her gaze still cold.

"Where is this?" Xu Nian asked.

"We should be in the mountain belly of this range. Our battle inadvertently opened a space gate, drawing us here," Ye Siqi answered Xu Nian's question.

"Mountain belly?"

Xu Nian was slightly surprised.

Just as he had thought.

"Buzz!"

Xu Nian activated his Immortal Consciousness to probe the mountain.

"Huh?"

Yet, before probing even a meter, an invisible barrier rebounded his Immortal Consciousness force.

Xu Nian tried another direction, but the result was the same.

"No need to try; I've tested all directions. There are no cracks whatsoever—the whole mountain belly is covered by a powerful Divine Array, and Immortal Consciousness can't probe outside, nor can the external world detect inside," Ye Siqi expressed in surprise.

"Divine Array?" Xu Nian was shocked internally.

Unexpected that such a powerful Divine Array covered the surroundings.

"What if we split open the mountain?" Xu Nian continued asking.

"You can try it!" Ye Siqi chuckled lightly.

Xu Nian was stunned upon hearing, immediately summoning a Divine Flying Saber and guiding it to strike the mountainside.

"Clang!"

Nevertheless, the Divine Flying Saber struck the surface, emitting a splendid spark.

But it only left a faint knife mark on the surface.

"Such hard Divine Stone," Xu Nian couldn't help but marvel.

Then, Xu Nian summoned a golden saber, but its result was only slightly better than the Low Grade Divine Flying Saber.

"Mid-grade Divine Flying Saber can't even split it open," Xu Nian felt astonished.

It seemed splitting the stone to escape was impossible.

"These Divine Stones are composed of incredibly hard Dragon-breaking Stones. Let alone mid-grade divine artifacts—even top-grade ones would need a long time to break them, not to mention this mountain wall's unknown thickness," Ye Siqi shook her head with a bitter smile.

She had tried all these methods before.

Not a single person could escape.

This place was like a cage with no door.

"What are these inscriptions?" Xu Nian asked, looking at the strange texts on the mountain wall.

"These are Ancient Divine Texts left by a Divine. He was once trapped here and, unwilling to succumb to solitude, destroyed his own Godhood and died," Ye Siqi said.

"Destroyed his Godhood?" Xu Nian was somewhat shocked.

Unexpected that not even a Divine could escape here.

Does that mean they'll never escape?

"The hardness of Godhood can't be destroyed, but a God can forcefully destroy it through their own will, allowing it to return to void," Ye Siqi said.

"Even Divines couldn't escape," Xu Nian couldn't help but sigh.

"Humph, I, Ye Siqi, will never be trapped here. If I can enter, then I can definitely leave. How could I, Ye Siqi, resign to eternal entrapment here?" Ye Siqi snorted coldly, eyes filled with extreme arrogance.

Xu Nian was somewhat surprised.

This woman from the demon world wasn't just any kind of imposing.

If other women were in her place, no matter how high their cultivation, they would feel some dejection.

Yet, Ye Siqi still held such battle intent, indicating her Heart Realm was quite extraordinary.

"Master, master, help me look around here, see if there's any path to escape?"

Xu Nian urgently sought out Yetian God Emperor of the Chaos Divine Palace.

The best solution at the moment was to ask Yetian God Emperor.

Indeed, after hardly any time, Yetian God Emperor's voice echoed in Xu Nian's mind.

"This place should be a Divine Cage of the Divine World, specifically used to capture prey. Didn't expect you to fall into it," Yetian God Emperor's mocking voice sounded.

Divine Cage?

Xu Nian's mouth twitched.

The term 'Divine Cage' was self-explanatory in meaning.

It's a cage set up by a Divine.

Like mortals would set up traps in the forest to catch prey.

Xu Nian and Ye Siqi's luck was truly bad, becoming prey in this Divine Cage?

However, the one who set this Divine Cage most likely no longer exists?

"Is there any way to escape?" Xu Nian hurriedly asked.

"There is a way, forcibly break open the space to exit," Yetian God Emperor replied.

Xu Nian was momentarily speechless; this method was meaningless.

With his strength, how could he split the Divine World space?

"Can master break this space?" Xu Nian asked quickly.

"Can't break it!" Yetian God Emperor responded.

Xu Nian felt momentarily helpless.

"For you now, there's only one way: search for traces of space rifts, follow the traces, and reopen the space rift. But these traces, you must find by yourself; I can't help you," Yetian God Emperor's voice continued echoing.

"Traces of space rifts?" Xu Nian furrowed his brow.

Finding traces of space rifts in such a stable Divine World space—how can it be easy?

Chapter 1592: Ye Siqi's Qi Deviation

"Can you understand these Ancient Divine Texts?" Xu Nian approached Ye Siqi and asked.

Currently, they were trapped in this Divine Cage.

The two of them couldn't get out, and continuing to fight had no meaning.

"I can understand a part; these Ancient Divine Texts record the divine's life's deeds, along with his insights into the Tao," Ye Siqi replied.

She didn't hide anything from Xu Nian.

And there was nothing worthy of hiding.

"Insights into the Tao?" Xu Nian was somewhat surprised.

The Tao is what Divine-level experts strive to cultivate.

It stands above the Power of Laws.

It is the further beyond all order.

Unexpectedly, there were records about the Tao here.

"If it's about insights into the Tao, I advise you not to look. It might harm your Tao Heart, or even lead to going berserk," Xu Nian advised.

The Tao's understanding of the universe's order is profoundly complex.

With their current cultivation realm, both soul realm and heart realm are far from adequate.

Forcibly reading could lead to significant negative consequences.

However, Ye Siqi just glanced at Xu Nian calmly and continued reading, completely ignoring his words.

Xu Nian shook his head helplessly, and began to observe the surroundings.

To see if he could find any traces of the space rift.

After all, his Undying Devouring Sky Beast majored in the Space Law.

The Undying Devouring Sky Beast had already awakened and was attempting to comprehend the Space Law.

Presumably, it wouldn't take long for him to master the entry-level Space Law.

Though it was starting slow, Xu Nian believed that once he comprehended the Space Law, his strength would surely skyrocket.

However, the space of this Sealing God Battlefield was too stable, and Xu Nian couldn't find any spatial traces at all.

"Buzz!"

Just then, Xu Nian suddenly noticed a peculiar fluctuation emanating from Ye Siqi.

The aura on Ye Siqi's body began to fluctuate.

Sometimes violent, sometimes calm, as if it were out of control.

"Not good, she's really going berserk," Xu Nian's heart shouted in alarm.

The instability of Ye Siqi's aura was a clear sign of going berserk.

"Stop it now, don't look at it anymore!" Xu Nian urgently rushed toward Ye Siqi.

However, Ye Siqi seemed entirely possessed, releasing a formidable Power of Laws that instantly sent Xu Nian flying.

Mixed Element Magic Power and Power of Laws surged around her, intertwining and causing her aura to immediately escalate to a frightening level.

At the moment Ye Siqi turned her head, Xu Nian clearly saw that her eyes had turned crimson.

"Damn, she really went berserk, this is big trouble," Xu Nian mumbled to himself helplessly.

Ye Siqi going berserk would certainly plunge her into an extreme state of slaughter.

And as he was sharing the same space with her, he would inevitably become her target.

Though he could hide in the Chaos Divine Palace, he could evade for now but not forever.

Moreover, Ye Siqi just went berserk, perhaps she could still be saved.

If time dragged on, she might truly become a ruthless demon.

"Buzz!"

Sure enough, Ye Siqi suddenly turned her head, eyes filled with intense killing intent, and slashed her Ghost-Slaying Divine Sword at Xu Nian.

Xu Nian shook his head helplessly and instantaneously activated the Earth Attribute Divine Power Liquid.

The reason he did not use the Power God Talisman was that it was useless against the current state of Ye Siqu.

Only by activating the Divine Power Liquid did he have a slight chance.

Xu Nian's soul realm had already reached the Immortal Sovereign Peak, and his absorption of the Divine Power Liquid had reached an astonishing five percent.

The Earth Attribute Divine Power Liquid was absorbed by him, and his entire body exuded a radiance of divinity.

Watching the incoming slash.

Xu Nian applied the Shrinking Ground Principle under his feet, transforming his figure into a mirage.

"To awaken her, we must awaken her Soul Origin Consciousness," Xu Nian thought to himself.

A person going berserk enters a state of lost soul consciousness.

Without external forces to awaken them, it is challenging to return from such a lost state.

So now, what Xu Nian needed to do was find a way to awaken Ye Siqu.

Of course, Xu Nian could also kill her, but doing so wouldn't benefit him.

To break through this Divine Cage, he still needed Ye Siqu's strength.

"Buzz!"

Ye Siqu's sword struck the phantom shadow, then immediately turned to attack Xu Nian again.

Mixed Element Magic Power and Power of Laws combined, creating infinite strength.

Xu Nian continuously dodged with the Shrinking Ground Principle.

Utilizing Divine Power to perform the Shrinking Ground Technique, Xu Nian reached an extremely terrifying speed.

"Die!"

After several failed attacks, Ye Siqui's eyes filled with rage.

The strange emblem on her forehead reappeared.

In the next moment, an overwhelming magical power appeared around Ye Siqui.

This immense magical power increased Ye Siqui's speed rapidly.

The power of the Ghost-Slaying Divine Sword in her hand grew even greater.

Xu Nian was forced to retreat repeatedly, nearly getting struck by Ye Siqui's Divine Sword each time.

The surrounding cave walls were imprinted with sword marks one after another.

"Such powerful strength, this seems like some inherited power," Xu Nian thought in astonishment.

The emblem on Ye Siqui's forehead must be the power left by some unparalleled expert.

The power was incredibly terrifying.

If Ye Siqi had previously used this emblem's power, even with the Power God Talisman, he would have undoubtedly lost.

"Looks like I need to use the Divine Fire to burn away the wrath within her body," Xu Nian thought to himself.

Now he just needed a chance to get close.

Once close, he could use the Divine Fire to penetrate Ye Siqi's body, burning the wrath surrounding her Demon Fetus.

Of course, the process was extremely painful, and if not handled carefully, could potentially burn Ye Siqi's Demon Fetus as well.

However, with Xu Nian's status as a Divine Artifact Refiner, his control over the Divine Fire was already refined to perfection.

Controlling the burning of the wrathful aura wasn't hard, but the challenge lay in channeling the Divine Fire into her body.

"Buzz buzz buzz!"

Ye Siqi swung the Divine Sword continuously, and its terrifying power turned it into countless sword phantoms, filling the entire cave space.

Xu Nian's eyes narrowed as he summoned an Earth clone to attract Ye Siqi's attention.

While his real self stealthily maneuvered behind Ye Siqi.

He activated the Divine Fire, slapping it onto Ye Siqi's back.

The Divine Fire instantly invaded Ye Siqi's body.

"Ah!"

As the Divine Fire surged into Ye Siqi's body, it immediately clashed with her Mixed Element Magic Power.

The burning sensation from the Divine Fire made Ye Siqi writhe in pain.

The wrathful aura had merged into her Mixed Element Magic Power.

As the Mixed Element Magic Power was burnt, it emitted a plume of black smoke.

"Die!"

Ye Siqi shouted in rage, her crimson eyes wielding the Divine Sword in a slash towards Xu Nian.

Xu Nian furrowed his brows; quitting now would mean all his efforts were wasted.

Thus, Xu Nian immediately used Divine Power to form the Divine Fire into a flame dragon that coiled around Ye Siqi's body.

Instantly binding her in place.

Ye Siqi was unable to move, forced to use Mixed Element Magic Power to resist the terrifying burn of the Divine Fire.

"Ah!"

Ye Siqu let out a heart-wrenching scream.

Black smoke continuously emerged from her body.

Xu Nian didn't hesitate, immediately urging the Divine Fire to invade Ye Siqu's Dantian, enveloping her Demon Fetus.

"Ah!"

Ye Siqu's screamed more piercingly, struggling desperately.

The burning of the Demon Fetus's pain was ten, even a hundred times more painful than physical agony.

This was despite Xu Nian being able to avoid harming Ye Siqu's Demon Fetus Origin; otherwise, she would be in even greater agony.

Chapter 1593: Divine Medicine of Reincarnation

"Ah!"

Ye Siqu let out an incredibly anguished scream.

She fell deeper into an extreme state of madness, beginning to struggle violently.

Her eyes on Xu Nian seemed to wish for nothing more than to tear him to pieces.

Fortunately, Xu Nian used Divine Power to activate the Divine Fire, suppressing the activation of the Mixed Element Magic Power within her.

So no matter how she struggled, it was to no avail.

"Burn to ashes for me!" Xu Nian roared.

Immediately, the temperature of the Divine Fire intensified, crazily burning the hostility on the surface of Ye Siqi's Immortal Embryo.

As the hostility was burned away, Ye Siqi seemed to show signs of regaining clarity.

The Mixed Element Magic Power within her seemed to start retreating.

"Buzz!"

As Ye Siqi's Mixed Element Magic Power withdrew, her dress burned away completely.

"Uh?"

Xu Nian saw this and was instantly embarrassed.

This scene was somewhat unexpected for Xu Nian.

However, at this moment, he couldn't be bothered with it; they were just one step away from removing the hostility from Ye Siqi's Immortal Embryo.

If he withdrew now, all the prior efforts would be in vain.

So Xu Nian immediately intensified the Divine Fire to burn away the last trace of hostility on Ye Siqi's Immortal Embryo.

At this moment, Ye Siqi also awakened from her lost state.

She suddenly opened her eyes to see herself completely unclothed.

And Xu Nian's hand was still resting on her back.

Ye Siqi instantly realized what had happened.

Her eyes filled with intense rage.

"You shameless!"

Ye Siqi was furious.

"Buzz!"

The Mixed Element Magic Power surged within her, instantly forming into a dress.

At the same time, she turned around, and the Divine Sword to slay ghosts slashed directly at Xu Nian.

The Divine Sword burst forth with intense law fluctuations.

"Hmph!"

Xu Nian's eyes also showed a trace of anger.

Divine Power activated the Black Hole Law, and he punched out.

"Boom!"

The punch landed on the Divine Sword.

It erupted with a violent roar.

Then Xu Nian and Ye Siqu pulled apart to a distance.

Ye Siqu's eyes were extremely angry; she had been seen entirely by this guy in front of her.

"I saved you out of goodwill, what do you mean by this?" Xu Nian asked coldly.

"How shameless of you to even say that; you clearly took advantage of the situation." Ye Siqu retorted angrily.

She had been cultivating for three thousand years, never having had the slightest contact with a man.

Now she had been seen naked by a man, who even touched her back?

It was something she absolutely could not accept.

"Just now you had succumbed to devilry, I had no choice but to use Divine Fire to expel the hostility within you, your clothes burning was purely coincidental, not intentional on my part." Xu Nian explained.

"Hmph, you did it on purpose." Ye Siqu refused to acknowledge Xu Nian's explanation.

"Believe it or not, I can't do anything if you don't believe, if you want to fight, I'll accompany you to the end." Xu Nian said coldly.

Although his Divine Power Liquid had been completely exhausted.

But Ye Siqu's Mixed Element Magic Power was also largely consumed, so if they fought now, he might not suffer any loss.

Ye Siqi gritted her teeth, her eyes complicated.

She wanted to kill Xu Nian, but she also understood that what Xu Nian said was true.

She had indeed been provoked into madness by the Tao Realm insights on the wall, almost becoming an indiscriminate killing demon.

By herself, it was impossible to escape that state.

So Xu Nian really was saving her.

But being seen naked was also a fact.

For a moment, Ye Siqi didn't know whether to attack or not.

Xu Nian saw Ye Siqi's condition and understood what was in her mind.

He simply ignored her, sitting cross-legged to recover the exhausted Immortal Essence within him.

Ye Siqi saw this and was unwilling but did not pursue further, sitting cross-legged to begin recovering her injuries and cultivation.

"Huh? My Mixed Element Magic Power seems purer, my physical strength has also increased a lot." Ye Siqi noticed the change in her body.

A surprised expression appeared on her face.

Unexpectedly, her physical body had actually improved after being tempered by Divine Fire.

"Is this all his doing?" Ye Siqi murmured to herself.

Though she was extremely unwilling to admit it, it was the truth.

Moreover, with his Divine Fire wrapping around her Demon Fetus earlier, if he wanted to kill her, it would have been a breeze.

Thinking of this, Ye Siqi stopped dwelling on it, got up, and walked towards Xu Nian.

"Thank you for saving me, I was wrong earlier." Ye Siqi said.

"No longer blaming me for seeing you naked?" Xu Nian teased with a cold smile.

"No, I know you didn't mean it." Ye Siqi replied.

Xu Nian chuckled at her words; this demon realm woman really was straightforward.

Just like that, she could accept it?

"I didn't mean it, but you do have a nice figure." Xu Nian said with a laugh.

At these words, Ye Siqi was instantly furious.

"If you dare say anything more, I'll cut out your tongue." Ye Siqi raged.

"I'm just stating a fact, it's indeed nice." Xu Nian laughed.

"You're asking for it!" Ye Siqi was enraged.

This guy was so reckless with his words.

But the hand she had raised was quickly put down.

"I hope you pretend this never happened, if I ever hear you speak of it, I won't hesitate to kill you." Ye Siqi warned.

"Don't worry, I won't say anything, it's not like I haven't seen a woman before." Xu Nian responded nonchalantly.

Ye Siqi gritted her teeth in anger.

What attitude is this?

If not for considering he was the only Divine Artifact Refiner in the Three Realms, she would have killed him already.

"I don't care about your attitude, but you mustn't speak out." Ye Siqi insisted.

"Just an apology? Was my rescue in vain?" Xu Nian said with a light laugh.

"What more do you want?" A trace of wariness flashed in Ye Siqi's eyes.

"Don't overthink it, I'm not interested in you, what I want is the Divine Medicine you have." Xu Nian said.

Ye Siqi almost rolled her eyes in anger.

How could he be so obnoxious with his words?

"Why should I give you the Divine Medicine?" Ye Siqi asked displeased.

"Why? Think about it, if I had killed you just now, wouldn't the Divine Medicine be mine?" Xu Nian asked.

"You're indeed shameless." Ye Siqi exclaimed in anger.

However, she continued, "I can't give you the Divine Medicine completely, but I can agree to absorb it together with you."

"Good!"

Hearing this, Xu Nian agreed.

After all, it was impossible to expect Ye Siqi to give up the Divine Medicine completely.

Absorbing it together was Ye Siqi's utmost concession.

Hearing Xu Nian's agreement, Ye Siqi took out the Divine Medicine.

The next moment, a brilliant light emerged from her palm.

"What kind of Divine Medicine is this?" Xu Nian asked curiously.

"This is a Reincarnation Grass, it can greatly enhance Soul Power and improve the quality of the soul origin." Ye Siqi explained.

"Reincarnation Grass?" Xu Nian was a bit surprised.

Unexpectedly, it was a Divine Medicine that boosts Soul Power.

Chapter 1594: A Marvelous Transformation

"Reincarnation Grass, with an exceptionally strong effect on enhancing the soul, is considered a top-grade presence among Divine Medicines. The two of us absorbing it poses no issue at all."

Ye Siqi said.

Xu Nian nodded.

Enhancing soul power is also extremely important for him.

If the soul power can breakthrough to the Immortal Emperor Realm, it would play a crucial role in strengthening Xu Nian's abilities.

Next, Xu Nian sat cross-legged with Ye Siqi and began to absorb the power contained within the Reincarnation Grass.

It must be said, the energy contained within this Reincarnation Grass is incredibly vast.

As Xu Nian and Ye Siqi absorbed it simultaneously, they felt as if the power was endless.

This power flowed into Xu Nian's body, entering Xu Nian's Dantian, and merged into Xu Nian's Immortal Embryo.

Xu Nian could distinctly feel his soul growing stronger bit by bit.

The soul origin constantly absorbed this energy, starting to grow piece by piece.

The Origin Power became even more robust.

At this moment, Xu Nian felt an unprecedented sense of exhilaration.

The same was true for Ye Siqi on the other side.

Her soul origin level was originally at the Quasi-Demon Emperor Realm and hadn't truly reached the Immortal Emperor Realm.

Now, crazily absorbing the power of this Reincarnation Grass, it was only a matter of time before her soul origin broke through to the Demon Emperor Realm.

Time flew by swiftly.

Xu Nian's soul also continued to elevate.

Soul Power grew wildly.

If someone were to probe Xu Nian's soul origin, they would definitely find it starting to become tangible bit by bit.

"Buzz!"

Suddenly, an incredibly strong soul fluctuation erupted from Ye Siqi.

Her entire demeanor underwent earth-shattering changes, becoming like an incomprehensibly vast starry sky.

"Broke through?" Xu Nian asked, slightly surprised.

He hadn't expected Ye Siqi's soul realm to genuinely break through to the Demon Emperor Realm.

Ye Siqi's face was also filled with ecstasy.

With her soul realm breaking through to the Demon Emperor Realm, she felt as if she had entered a new world.

This indescribable feeling rose above nature itself.

However, Ye Siqi quickly began to absorb the power of the Reincarnation Grass once more.

This time, her absorption speed was much faster than before.

Xu Nian frowned.

She broke through to the Demon Emperor Realm, and her absorption speed became terrifyingly fast.

Without hesitation, Xu Nian activated the Chaos Green Lotus within his body.

The next moment, Xu Nian's absorption speed skyrocketed.

Endless energy frantically poured into Xu Nian's body.

"Huh?" Ye Siqi looked surprised.

Having broken through to the Demon Emperor soul realm, her absorption speed was actually slower than his.

What on earth had he cultivated?

Xu Nian continued to madly swallow the power of the Reincarnation Grass.

The soul origin continued to grow.

He seemed to enter a wonderfully mystical state.

"Boom!"

With a resounding boom.

An insanely powerful energy fluctuation erupted from Xu Nian's soul origin.

At this moment, it felt as though Heaven and Earth were being created.

Xu Nian felt the whole world become much clearer.

"Broke through?"

Xu Nian was overjoyed.

His soul realm smoothly broke through to the Immortal Emperor Realm.

At this moment, he felt that the entire world had suddenly become much clearer.

He could even see the operation of the laws with the naked eye.

"This is the soul realm at the Immortal Emperor Level; it's truly extraordinary," Xu Nian murmured to himself.

Unexpectedly, the Immortal Emperor Realm brought about such a tremendous change.

"Did you also break through?" Ye Siqi looked at Xu Nian in surprise.

"That's right, like you, my soul reached the Emperor-level Early Stage," Xu Nian laughed.

At this moment, he was on par with Ye Siqi in the soul realm.

In fact, his soul origin was even stronger.

"Buzz!"

At that moment, a brilliant light burst from the Reincarnation Grass, and two light spots appeared before them.

One of these light spots exuded a strong Extreme Yang aura, while the other emitted an Extreme Yin aura.

"Is this the final essence of the Reincarnation Grass?" Ye Siqi was a bit surprised.

Xu Nian was also a bit stunned; this essential power seemed even more colossal than the energy they had just absorbed.

"One each?" Xu Nian said with a smile.

"Alright, I'll take the Extreme Yin Power, and you take the Extreme Yang Power," Ye Siqi said.

With that, Ye Siqi absorbed the Extreme Yin light spot into her body.

Xu Nian had no objection and began absorbing the Extreme Yang Power.

The Extreme Yang Power merged into the soul origin.

The next moment, Xu Nian felt like a flood had erupted within his soul origin, with his inner power surging like the tide.

"Such immense power!" Xu Nian enthusiastically absorbed this power.

Soul Power grew once more.

After absorbing for a full three days, Xu Nian finally absorbed all the Extreme Yang Power.

His soul realm was also elevated to the peak of the early-stage Immortal Emperor.

Just a step away from the mid-stage Immortal Emperor.

"Such a strong feeling, as if the soul has become more solid," Xu Nian murmured to himself.

Now Xu Nian's soul was like a solid entity, remarkably firm.

"So this is the soul at the Immortal Emperor Level? No wonder it's hard to kill an Immortal Emperor; their souls are so firm, without Immortal Emperor-level strength, it's impossible to destroy them," Xu Nian murmured to himself.

"Hmm, what is this?"

Suddenly, Xu Nian was drawn to a mark in the palm of his soul origin.

This mark appeared in a reincarnation pattern.

It seemed to be due to the birth of this Reincarnation Grass.

Xu Nian immediately activated the mark.

The mark burst into brilliant light, but there was no other noticeable reaction.

"Buzz!"

However, sitting across from Xu Nian, Ye Siqi suddenly opened her eyes in shock, looking at Xu Nian.

"What did you just do?" Ye Siqi hastily asked.

"Uh?" Xu Nian looked puzzled.

All he did was activate the mark on his palm, so why was Ye Siqi reacting so sharply?

Ye Siqi continued to ask, "What exactly did you just do?"

Xu Nian was taken aback once more.

Could it be that activating the mark just now had some kind of impact on Ye Siqi?

He was unaware that Ye Siqi also had a reincarnation-like mark at the center of her soul origin brow.

This mark was identical to Xu Nian's palm mark.

Xu Nian seemed to realize something and once more infused his soul power into the mark.

At that moment, Xu Nian suddenly saw a flash before his eyes, and then his consciousness entered Ye Siqi's body.

"I... I actually took control of Ye Siqi's body?" Xu Nian looked surprised.

He looked at his own body across from him, and his counterpart also looked at him.

Xu Nian discovered he truly controlled Ye Siqu's body.

"Get out of my body immediately!" Ye Siqu roared furiously.

At this moment, not only was her body immovable, but even her soul origin was completely controlled by Xu Nian.

Xu Nian's Soul Power was attached to the reincarnation mark on her soul origin brow, which gave him control over Ye Siqu's body.

"Could this be due to the Extreme Yin and Extreme Yang powers of reincarnation just now?" Xu Nian speculated.

He instantly had a hypothesis.

Then he tried a few more times, each time effortlessly taking control of Ye Siqu's body.

Once he left, Ye Siqu would regain control of her body.

But when Xu Nian activated the mark, Ye Siqu would become his puppet, with all her power at his disposal.

This discovery left Xu Nian amazed.

Meanwhile, Ye Siqu was on the verge of going mad!

Chapter 1595: Space Law

Ye Siqu was about to go completely mad.

Her body was actually being controlled by a man.

Not only that, the other party could even manipulate her Soul Power.

To Ye Siqu, this was something worse than death.

"Get out of my body!" Ye Siqu screamed desperately in her heart.

Xu Nian could hear her inner voice clearly.

Upon hearing this, Xu Nian just smiled and didn't rush to leave Ye Siqu's body.

With a teasing smile, he said, "Watch your tone. Your life is in my hands now. If I'm not mistaken, this should be the effect of the Reincarnation Grass."

Ye Siqu gritted her teeth in her heart.

She never imagined that after consuming the Reincarnation Grass, things would end up like this.

"It must be related to those two points of light, Extreme Yin and Extreme Yang. I absorbed the Extreme Yin Power, becoming subordinate to the Extreme Yang Power," Ye Siqu said to herself.

"You're thinking along the same lines as me." Just as Ye Siqu's thoughts ended, Xu Nian's voice echoed in her mind.

This made Ye Siqu want to go completely crazy.

All her thoughts were completely exposed to this young man. How could she face him in the future?

Xu Nian found this amusing.

He could hear Ye Siqui's inner voice, but she couldn't hear his.

This feeling was extremely satisfying.

Additionally, controlling Ye Siqui's body was equivalent to having a Quasi-Immortal Emperor Level avatar.

Unfortunately, he couldn't utilize Ye Siqui's Law Comprehension Realm.

Otherwise, that would be truly terrifying.

"Get out of my body!" Ye Siqui said to herself.

"Are you begging me?" Xu Nian said playfully.

"Yes, I'm begging you." Although Ye Siqui was reluctant, she truly had no other choice for now.

Being controlled by a man, she could no longer describe the feeling in words.

Xu Nian chuckled and exited Ye Siqui's body.

Ye Siqui regained control of her body and sighed in relief.

Xu Nian laughed.

Fate was ironic; he didn't expect such a thing to happen between him and Ye Siqui.

"Shall we agree on some terms?" Ye Siqui suddenly said sternly to Xu Nian.

"What are the terms?" Xu Nian laughed.

"First, you must not enter my body again. I can assist you in dealing with any of your enemies."

"Second, you must not eavesdrop on my thoughts. I can give you the treasures you want."

"Third, you must not tell anyone about this matter. I can make you the Saint Heir of the Demon Clan's Holy Temple, granting you command over the Demon Clan army."

Ye Siqi said very seriously.

Xu Nian laughed.

"These three terms don't attract me at all, so I won't agree to them," Xu Nian said with a smile.

Ye Siqi truly had a good plan.

She thought it would be so simple to get rid of him.

"Then what do you want?" Ye Siqi said angrily.

"Godhood, the Death Godhood. When you help me obtain the Death Godhood, I'll remove the mark on my palm. Until then, if I want to use your body, I won't hesitate to do so." Xu Nian said firmly.

His tone allowed no refusal.

Ye Siqi was furious upon hearing this.

Death Godhood?

That's simply impossible.

But she had no choice; she had no qualifications to negotiate with Xu Nian.

"What's your name?" Ye Siqi asked coldly.

"Xu Nian!" Xu Nian replied directly.

"So you're Xu Nian?" Ye Siqi looked at Xu Nian somewhat surprised.

"You know my name?" Xu Nian was a bit surprised.

Although he was famous in the Immortal Realm, he didn't expect to be well-known in the Demon Realm too.

"I know. There's a high-level dossier about you in the Demon Clan's Holy Temple, which records your possession of several Divine Artifacts and your Godhood," Ye Siqi answered.

Xu Nian smiled.

He hadn't expected his dossier to reach the Demon Clan's Holy Temple.

"Since you already have a Godhood, why do you want another, and why must it be the Death Godhood?" Ye Siqi asked curiously.

"That's not a question you should be asking," Xu Nian replied without hesitation.

Ye Siqi's face turned angry.

No one had ever dared to speak to her like this.

Especially men; in the Demon Realm, wasn't every man trying to flatter her?

Now, the man before her was speaking in such a cold manner, something she found hard to accept.

"Is the Saint Divine Relic activated by now?" Ye Siqi asked.

There was some disappointment in her eyes.

Stuck in this mountain, getting out wouldn't be easy.

This Saint Divine Relic would probably be missed.

Xu Nian looked around, and his eyes grew more serious.

He must find a way out quickly.

His Soul Power had now reached the Peak of Early Stage Immortal Emperor, making him much more aware of his surroundings.

"Perhaps I can take this opportunity to break through the Space Law Realm, which might help find traces of spatial rift." Xu Nian thought to himself.

So he didn't hesitate any longer and sat down cross-legged to comprehend the Space Law.

Meanwhile, far away in the Heavenly Court, Xu Nian's Undying Devouring Sky Beast Avatar also entered a state of complete comprehension.

Both avatars were simultaneously comprehending the Space Law.

For Xu Nian, who was already one step away from the Law Comprehension, he was now fully engaged, relying on his strong Soul Realm to forcefully comprehend the Space Law.

About two days passed, and Xu Nian sat motionless in meditation.

Ye Siqi furrowed her brows slightly.

She didn't understand why Xu Nian had the mind to cultivate at this moment.

Wasn't he in any hurry?

During this time, she even entertained the thought of assassinating Xu Nian.

But she eventually gave up.

Because she knew that her soul was already linked with Xu Nian's.

If she attempted to kill Xu Nian, her soul might also be destroyed.

So she could only give up.

Moreover, whatever she thought, this guy knew it all.

Even if she tried to attack him by surprise, it wouldn't succeed.

Helpless, Ye Siqi also sat cross-legged and began cultivating.

"Buzz!"

On the third day, Xu Nian suddenly opened his eyes.

A strong spatial fluctuation erupted from his body.

"Is this... Space Law?" Ye Siqi looked at Xu Nian in astonishment.

In the Three Realms, very few could comprehend the Space Law.

Ye Siqi only knew of two people who had grasped the Space Law.

One from their Demon Realm, and one from the Demon Realm.

Both had terrifyingly powerful strength.

They were both Immortal Emperor Level masters.

Incredibly strong.

Now Xu Nian also comprehended the Space Law?

How could Ye Siqi not be amazed?

Xu Nian didn't pay attention to Ye Siqi's shocked gaze, as he himself was bursting with joy.

Yes, just now, he officially stepped into the ranks of the Space Law.

He comprehended a powerful Space Law.

Chapter 1596: Walking Out of the Divine Cage

Nihility Space.

That's right, this is the Space Law that Xu Nian has comprehended.

The so-called Nihility Space is to condense a Nihility Space based on the existing space.

This space overlaps with the real space.

The Law allows one to enter the Nihility Space.

Once inside the Nihility Space, people from the outside world cannot detect Xu Nian's presence.

However, Xu Nian can observe the real world through the Nihility Space.

This is considered a Second Grade Law within the Space Laws.

Like the Mirror Space, it's one of the more mysterious and unpredictable laws in Space Laws.

Of course, in terms of true power, it is not as strong as the First-grade Space Law, Space Freeze.

"Buzz!"

Xu Nian's mind moved.

His figure instantly vanished from the spot.

Ye Siqi looked in astonishment at the place where Xu Nian had disappeared.

At this moment, no matter how hard she searched, even if she released her powerful Soul Power, she couldn't find any trace of Xu Nian.

"Buzz!"

However, at this moment, an arm reached out from the Nihilicity Space and patted Ye Siqu's shoulder.

Ye Siqu turned around abruptly, but did not see any figure.

"Where are you?" Ye Siqu quickly asked.

"Slap!"

Yet at this time, another hand extended from the space and slapped Ye Siqu's backside.

Ye Siqu's face instantly turned red.

This damned Xu Nian, actually dared to commit such a shameful act.

"Buzz!"

Ye Siqu, furious, immediately activated the Power of Laws.

The Dark Law waves surged, sweeping a ten-meter range around her.

But even so, there was no effect whatsoever.

Xu Nian emerged halfway from the void, and with a punch to Ye Siqu's chest, sent her flying.

Ye Siqi was instantly knocked back dozens of meters, looking at Xu Nian in surprise.

Her Power of Laws had already swept the surroundings, so why hadn't it stopped Xu Nian's figure ten meters away?

What a strange Space Law?

Seeing the serious look in Ye Siqi's eyes, Xu Nian also stepped out from the Nihilicity Space.

A faint smile tugged at his lips.

"How about it? My Nihilicity Space Law isn't bad, right?" Xu Nian said with a smile.

Just now, he was only testing.

If he really wanted to kill Ye Siqi, she would already be a dead person by now.

"Nihilicity Space? You really comprehended the Space Law," Ye Siqi asked in amazement.

"Naturally! You just witnessed it yourself," Xu Nian replied with a smile.

Possessing the Undying Devouring Sky Beast Avatar gave him a thousand, even ten thousand times more insight into the Space Laws than others.

After all, the Undying Devouring Sky Beast is like the darling of space.

But right now, he's just stepped into the Nihilicity Space Law realm.

The range he can manifest is only within a diameter of a hundred meters sphere.

Beyond this range, he would become visible.

"How long have you been cultivating?" Ye Siqi asked in surprise.

This Xu Nian before her not only possessed two First-grade Laws but also could merge two different attributes of Law Power.

He could also forge Divine Artifacts, and now he has comprehended the Space Law.

Any one of these things would make him a peerless genius if it were someone else.

But Xu Nian possessed them all at once.

"Let's go! I'll take you out," Xu Nian said with a smile.

"Out? You found a way out?" Ye Siqi looked at Xu Nian in shock.

Then her eyes filled with delight.

"Yes, I found it," Xu Nian replied with a smile.

As soon as he comprehended the Nihilism Space Law, he discovered the trace of the space fissure.

On this trace, there was even a slight gap.

As long as they tear that gap, they can get out.

And tearing the gap is not a difficult task for Xu Nian.

"Stand next to me," Xu Nian said directly to Ye Siqi.

Ye Siqi was taken aback but obediently stood beside Xu Nian.

Xu Nian looked at Ye Siqi beside him, a faint smile on his lips.

This Ye Siqi, though she has a fiery personality, is still inexperienced and hasn't had much contact with men.

So standing beside him now, she appeared noticeably reserved.

"Stay close to me!" Xu Nian said.

Ye Siqi quickly nodded.

Xu Nian immediately activated the Red Scorching Extreme Point Penetration Law within his body.

At the same time, a golden flying knife appeared directly in his hand.

Xu Nian flooded the flying knife with Law Power.

And also surged a considerable amount of Immortal Essence Power.

"Slash!"

Xu Nian slashed out with a knife.

Instantly ripping open a massive gap in the void.

"Go!"

Xu Nian immediately grabbed Ye Siqu's arm, and the two turned into a beam of light, darting into the space fissure.

And just as Xu Nian and Ye Siqu entered the space fissure.

The gap that Xu Nian had cleaved open instantly healed.

"Buzz!"

Xu Nian and Ye Siqu's figures appeared directly above the river.

"We're out!"

Ye Siqu was full of joy.

Looking at the surrounding mountains and rivers, Ye Siqu felt a renewed sense of life.

Xu Nian also had a smile on his lips.

They finally got out.

If he hadn't coincidentally comprehended the Space Law, he might indeed have been trapped inside for a long time.

"Uh?"

Ye Siqu suddenly noticed that her arm was being held by Xu Nian and immediately broke away, her expression awkward.

Xu Nian just smiled helplessly.

In that emergency, he had grabbed Ye Siqu without thinking.

After all, the time for the space fissure was extremely short.

With a moment's carelessness, they could've missed it.

Of course, Ye Siqu knew this too, so she wasn't angry.

"Thank you for saving me," Ye Siqu said gratefully to Xu Nian.

Xu Nian had every chance to leave her and escape on his own.

So she was genuinely grateful to him.

"This is the second time I've saved you, a simple thank you isn't enough," Xu Nian said with a smile.

"What do you want then?" Ye Siqu frowned slightly, somewhat nervous.

Xu Nian smiled, sensing the unease deep in Ye Siqu's soul.

"Simple, I want you to help me in the Saint Divine Relic, become my ally," Xu Nian said.

While he could control Ye Siqu's body.

He couldn't wield Ye Siqi's Law Power, which would significantly weaken his strength.

As for using his own Law Power, because their souls aren't perfectly aligned, the laws he exercised wouldn't be as effective as his true form.

So letting Ye Siqi fight herself was the best thing to do.

"Okay, I promise you!" Ye Siqi thought for a moment and nodded.

She knew that if she didn't agree to help Xu Nian.

He might forcibly take control of her body.

Rather than that, she might as well help Xu Nian and repay him for saving her life.

"Let's go then, the Saint Divine Relic should be open by now, if we don't hurry, we'll be too late," Xu Nian said.

With that, he headed toward Po Suo Mountain.

Ye Siqi immediately followed Xu Nian's pace, walking side by side with him.

One devil and one immortal, this mysterious duo sped towards Po Suo Mountain.

Chapter 1597: Po Suo Mountain

Po Suo Mountain.

A place of ancient relics.

Usually, very few people set foot here, so it retains the original appearance of the Ancient Divine World.

Here, towering trees abound, lush and formidable, standing sky-high.

Each tree has a diameter of several hundred meters.

Some Tree Kings have even reached a diameter of a kilometer.

Standing under the trees feels like facing a wall.

These trees are also extremely hard, comparable to Divine Iron.

Even a full-force strike from a Peak Immortal Sovereign level expert can only leave a shallow mark on these trees.

In a certain sense, these trees are also considered Divine Trees.

However, these Divine Trees have not developed consciousness of their own, and can only be regarded as ordinary Divine Trees.

This aspect cannot compare to the Seven-colored Bodhi Tree in Xu Nian's Chaos Divine Palace.

The Seven-colored Bodhi Tree is an Ancient Divine Wood among the Divine Trees, naturally born carrying the Great Tao.

Once it grows, it can eventually transform into human shape, becoming a god-like existence.

However, the growth of such Divine Trees requires a lengthy process.

Even if Xu Nian uses the Chaos Divine Palace to accelerate time, it still requires a long time for the Seven-colored Bodhi Tree.

Now that the Saint Divine Relic has been discovered, Po Suo Mountain has become extremely lively.

As soon as Xu Nian and his companions approached the Saint Divine Relic, they discovered that many people were gathered around.

These people were from the Demon Realm, the Netherworld, the Demon Realm, and the Immortal Realm.

Without exception, these people's strengths are mostly above Immortal Sovereign.

There are very few below Late-stage Immortal Sovereign.

Of course, there are quite a few Quasi-Immortal Emperor level experts too, as perceived by Xu Nian's Immortal Consciousness.

He discovered more than forty of them.

Even among the Immortal Emperor level experts, Xu Nian found four.

One from each of the Four Realms of Immortals, Demons, Devils, and Netherworld.

They are all early-stage Immortal Emperor-level experts.

Xu Nian didn't know which of the Nine Great Forces in the Immortal Realm this Immortal Emperor came from.

"It seems they haven't entered this divine relic yet," said Ye Siqu.

Xu Nian nodded.

These people were gathered here, clearly not having entered the divine relic yet.

"Then let's separate for now, and I'll contact you when I need you," Xu Nian said to Ye Siqu.

"Alright!" Ye Siqu responded immediately.

She and Xu Nian, an immortal and a demon, would draw too much attention if they stayed together.

This would be extremely disadvantageous to them.

So Xu Nian moved toward Wu Yuan and their group.

He had already sensed Wu Yuan and the others earlier.

They were currently in the Immortal Realm's camp.

To fight against the Demon, Netherworld, and Demon Realms, the Nine Great Forces of the Immortal Realm temporarily set aside their differences to form an Immortal Realm camp.

They united to safeguard the interests of the Immortal Realm.

Of course, the Demon, Netherworld, and Demon Realms did the same.

Thus, the people of the Four Realms clearly distinguished themselves, each forming their own camp.

"Senior Brother!" Xu Nian arrived at the location where Wu Yuan and the others were.

"Oh, Junior Brother Xu Nian, you escaped from the space crack?" Upon seeing Xu Nian, Wu Yuan and the others showed surprise on their faces.

They clearly didn't expect Xu Nian to emerge from the space crack so quickly.

"Yes, I was fortunate to make my way out," Xu Nian said with a smile.

"That's great. We searched for you there for three days and didn't find any trace, and we planned to notify our Master after this divine relic event to search for you. Unexpectedly, you came out on your own." Zheng Yan also smiled and said.

Xu Nian smiled slightly.

That was a Divine Cage, specifically designed to trap low-level Divine-level experts.

Even if the Taichu Immortal Emperor came in person, it would be of no avail.

Only someone who has mastered Space Law can detect traces of space cracks.

So he didn't blame Wu Yuan and the others for leaving him behind.

"Thank you, senior brothers and sisters, for your concern. I am safe now," Xu Nian said.

"As long as you're fine." Chen Han also patted Xu Nian's shoulder and smiled.

"By the way, you made it out, what about Ye Siqi from the Demon Clan?" Tong Yao asked urgently.

"She made it out too, and I teamed up with her to escape from the space crack," Xu Nian said.

He then briefly recounted how he and Ye Siqi fell into the Divine Cage.

However, he omitted the details of what happened with Ye Siqi, only mentioning that they absorbed Divine Medicine together to escape.

The others were amazed at their absorption of Divine Medicine.

"Junior Brother Xu Nian, you are really fortunate. Ye Siqi is willing to share the Divine Medicine with you. That is not easy." Wu Yuan said with emotion.

"Yes, the Demon Clan has always been selfish, and it seems Ye Siqi realized she couldn't leave the Divine Cage alone, which is why she shared the Divine Medicine." Zheng Yan added.

The others nodded in agreement.

Xu Nian just smiled at this and didn't explain much more.

After all, what happened between him and Ye Siqi was too mystical, and speaking about it would bring no benefit to either party.

"Senior Brother, Senior Sister, what's the situation with the Saint Divine Relic? Is the seal not opened yet?" Xu Nian asked curiously.

Upon hearing Xu Nian's question, Wu Yuan and the others' expressions became solemn.

"The seal is opened, but now we're facing another problem. Entering this divine relic is not easy at all." Wu Yuan began.

"What problem?" Xu Nian asked curiously.

They haven't even entered the divine relic, and there's already a problem?

It seems this Saint Divine Relic is extraordinarily complex!

"The Divine Hall of the Saint Divine Relic is situated at the top of Po Suo Mountain. Originally, it was surrounded by a seal, preventing the Divine Hall from being exposed. Now that the seal is gone, the Divine Hall is finally visible. However, setting foot on Po Suo Mountain triggers attacks from the Golden Swords. These Golden Swords are extremely terrifying, and no one has safely made it through the Golden Sword Array yet," Wu Yuan explained.

"Golden Sword attacks?" Xu Nian was a bit surprised.

It seems that the owner of this Saint Divine Relic is likely associated with the Gold Attribute.

"Can't we just fly directly to the Divine Hall?" Xu Nian asked.

"No, the surroundings are filled with terrifying restrictions. If you try to fly, it will trigger deadly attacks, even a Peak Immortal Emperor would likely die," Zheng Yan shook his head.

"Yes, there's only one path to the top of the mountain, and you must walk it on foot," Chen Han added.

Xu Nian frowned slightly.

Indeed, this Saint Divine Relic isn't easy to access.

"How powerful is this Golden Sword Array that it frightens so many experts?" Xu Nian continued to ask.

"Very powerful, equivalent to the full force of an early-stage Immortal Emperor. Moreover, the higher you go, the more terrifying its power becomes. Many experts have already been pinned at the mountain's base, including some Quasi-Immortal Emperors," Wu Yuan replied.

"So strong?" Xu Nian was incredibly surprised.

The Sword Array at the mountain's base has the strength of an early-stage Immortal Emperor. Going higher would only be stronger?

No wonder no one has entered yet.

"Now, the Four Great Camps are discussing strategies. Tonight, our Immortal Realm camp is organizing a meeting to discuss how to enter this Po Suo Mountain Divine Relic," Zheng Yan said.

"Discuss strategies?" Xu Nian was slightly surprised.

Can the nine great powerhouses truly unite and collaborate to deal with external threats and the dangers of this divine relic?

Chapter 1598: Immortal Realm Faction

"How many powerful figures from the Nine Great Forces have arrived this time?" Xu Nian asked out of curiosity.

"In total, fifty-six have come. Sixteen are Quasi-Immortal Emperors, and the remaining forty are Immortal Sovereigns," Tong Yao replied.

"Sixteen Quasi-Immortal Emperors? So many?" Xu Nian was somewhat surprised.

Unexpectedly, so many powerful figures had come this time.

It seems that not a few people have come to this Saint Divine Relic.

"That's partly because some powerful figures entered another Earth-level Middle Grade Divine Relic previously, so many couldn't make it here. Otherwise, there would be even more strong ones," Zheng Yan said.

Xu Nian nodded.

The Nine Great Forces are as numerous as clouds.

It's not surprising to see so many Quasi-Immortal Emperors.

The Immortal Realm is vast, and the Demon Realm, Devil Realm, and Underworld are likely no less so.

"It seems this battle for the Saint Divine Relic will be exceptionally terrifying," Xu Nian murmured to himself.

He gained a clearer understanding of the Divine Miracle this time.

In a flash, it was nighttime.

Xu Nian and his group of five headed straight to an abandoned Divine Hall.

This was the temporary gathering place for their Immortal Realm camp.

Xu Nian and his group found that quite a few strong individuals had already gathered in the hall.

All the powerful figures from the Nine Great Forces had come.

Among them were a few familiar faces to Xu Nian.

The four people from Haotian Sect, whom Xu Nian had encountered previously in Sky Creation City, were among them.

As soon as Xu Nian stepped into the hall, a hint of ferocity appeared in the eyes of the four from Haotian Sect.

Especially the leading one named Zhu Qian.

Also present were Kuun Bin and Jiang Shengtian from Fuyao Sect.

In addition, there were two others from Fuyao Sect, both of whom were Quasi-Immortal Emperor level experts.

Xu Nian's appearance immediately caught the attention of Kuun Bin and Jiang Shengtian.

The two exchanged glances, with icy flashes in their eyes.

They then quietly whispered with the two Quasi-Immortal Emperor level disciples from Fuyao Sect.

Their eyes were hostile.

Xu Nian was somewhat surprised by this.

He hadn't expected to encounter Kuun Bin and Jiang Shengtian here.

Especially Jiang Shengtian, whose cultivation had broken through to the Early Stage Immortal Sovereign; he likely, like Xu Nian, was visiting the Sealing God Battlefield for the first time.

Xu Nian regretted not having killed Jiang Shengtian earlier.

This time, he wouldn't miss the chance.

However, there were also those who were friendly with Xu Nian.

Among them was Li Hongxia from the Turquoise Pool.

When she saw Xu Nian, she immediately gave him a slight smile.

Next to her were four female disciples from the Turquoise Pool.

Among these female disciples, three were Quasi-Immortal Emperors.

One of them had similarly formidable strength, at the Immortal Sovereign Peak, with seemingly high law comprehension.

If he guessed correctly, she should be Liu Lingfei, ranked second on the Immortal Sovereign List.

It could be said that the lineup from the Turquoise Pool was extremely powerful this time.

Xu Nian nodded to Li Hongxia and then turned his gaze toward the direction of the Chaos Sky Palace.

To his surprise, Hong Xi was also among them.

Back in the Cultivation World, Hong Xi had been his strong rival.

Even though she had once been defeated by him, her talent remained strong.

Especially after practicing the Killing Scripture, her cultivation speed had skyrocketed.

Xu Nian discovered that Hong Xi's cultivation had reached the Late Stage Immortal Sovereign level.

Moreover, he noticed that she emanated strong law waves, having at least reached the Law Heart Success Realm.

She seemed to notice him too, with a flash of surprise in her eyes.

But soon, she pretended not to know him.

Xu Nian wasn't surprised by this.

Hong Xi remained as cold as ever.

Especially after cultivating the Killing Scripture, her aura became even more chilling.

The three disciples from Chaos Sky Palace who accompanied her tried to get closer to her, but she remained distant.

"It seems she really has severed her emotions and desires, cultivating the Killing Scripture to a very high level," Xu Nian murmured to himself.

Otherwise, Xu Nian couldn't think of how Hong Xi could have advanced her cultivation so rapidly.

Not even beneath him.

The last acquaintance of Xu Nian from Ten Thousand Beast Mountain was an expert ranked eighth on the Immortal Sovereign List.

His cultivation was also at the Law Heart Success Realm.

This time Ten Thousand Beast Mountain had sent six people.

Two of them were Quasi-Immortal Emperors, and they seemed to possess powerful bloodlines.

As for people from other sects like Tianjian Sect, Immortal Sovereign Hall, and Earth Immortal Sect, Xu Nian did not recognize any of them.

"Now that everyone is here, let's start discussing how to enter this Divine Miracle," a Quasi-Immortal Emperor from Fuyao Sect said as he stepped forward.

This person emitted a powerful aura, seemingly quite strong.

If Xu Nian guessed correctly, his strength should be comparable to Ye Siqi.

Quasi-Immortal Emperor level, Law Heart Great Success.

Among these fifty-six immortals, he was definitely one of the outstanding ones.

"His name is Yun Ao, the strongest among the younger generation of Fuyao Sect. Junior Brother Xu Nian, you should be careful," Zheng Yan transmitted through soul communication to Xu Nian.

Xu Nian nodded.

This Yun Ao was indeed terrifying.

It seems that killing Jiang Shengtian wouldn't be an easy task anymore.

However, this time, Xu Nian wouldn't let him leave so easily.

Feeling Xu Nian's cold gaze, a slight smile formed at the corner of Jiang Shengtian's mouth.

It seemed to say, Xu Nian, this time you're doomed.

Xu Nian didn't care, thinking that this guy who relies on others will eventually be killed by him.

Yun Ao's speech carried some weight.

As expected, the whole hall quieted down, and these strongmen gathered to discuss the Saint Divine Relic.

"What do you all think we should do to successfully enter this Saint Divine Relic?" Yun Ao asked.

His words fell, leaving the room silent.

Obviously, none of them had a good solution.

"Does Brother Yun have any good ideas?" asked a female immortal of Quasi-Immortal Emperor level from the Turquoise Pool.

"Yes, Brother Yun must have a way," someone else chimed in.

Yun Ao laughed upon hearing this.

"Since everyone says so, I'll share my thoughts. The reason the Divine Miracle cannot be entered is due to the Golden Sword Array. If we can block the golden swords, we can enter and reach the mountain top smoothly," Yun Ao said.

"But how do we block these golden swords? They have considerable power," someone questioned immediately.

After all, everyone knew the key was to block the golden swords.

But how exactly to block them?

Yun Ao laughed at everyone's questions.

He pointedly glanced at Xu Nian and said with a smile, "In fact, blocking the golden swords is simple, just rely on a Divine Artifact. Everyone should know that with a Divine Artifact, blocking these golden swords shouldn't be difficult."

Xu Nian instantly frowned.

Apparently, this guy was targeting him.

"Divine Artifact? Who has a Divine Artifact? Brother Yun, having a Divine Artifact is not common. Do you have one?" the Quasi-Immortal Emperor from the Turquoise Pool asked.

Yun Ao smiled and said, "A Divine Artifact is indeed precious, and I don't have one, but someone among us does. Am I right, Brother Xu Nian?"

As soon as he said this, everyone looked at Xu Nian.

Xu Nian?

The Xu Nian who owned several Divine Artifacts?

All eyes were fixed on Xu Nian, each lost in thought.

Xu Nian sneered internally.

He hadn't even begun to make trouble, yet Fuyao Sect had pointed their arrows at him already?

Was this another trick from Jiang Shengtian?

Sure enough, when Xu Nian glanced at Jiang Shengtian, the latter looked back with a mocking smile.

Chapter 1599: Yun Ao's Targeting

"Yun Ao, did you mean just now for my Junior Brother Xu Nian to stand in front?" Wu Yuan immediately said angrily.

Others might not see Wu Yuan's target as Xu Nian, but he could not miss it.

Others also turned to look at Yun Ao.

They weren't fools, they naturally knew Yun Ao was targeting Xu Nian.

But they had some interest in the Divine Artifact, so they didn't rush to express their opinions.

Xu Nian's eyes also became sharp.

It seems that the Fuyao Sect is determined to target him this time.

If that's the case, he doesn't mind playing along with them.

"I didn't mean to target Brother Xu Nian, I just suggested that the person with the Divine Artifact should walk in front, so we can all reach the mountaintop smoothly and ensure everyone's safety. Of course, if Brother Xu Nian is unwilling, he can take out the Divine Artifact and let those who dare walk in front." Yun Ao said with a smile.

"Right, if you don't dare, you can hand over the Divine Artifact." Jiang Shengtian quickly agreed.

"Ridiculous, this Divine Artifact belongs to my Junior Brother Xu Nian himself, why should he take it out?" Zheng Yan immediately said angrily.

Tong Yao, Chen Han, and others also looked coldly at Yun Ao and the others.

Clearly, they felt angry about this statement.

This was plainly daylight robbery.

Xu Nian's eyes were also filled with a cold glint.

"I think this method isn't bad, a Divine Artifact should indeed be controlled by the capable." Zhu Qian from Haotian Sect said with a sneer.

"Yes, I agree too." A Quasi-Immortal Emperor from Ten Thousand Beast Mountain smiled.

This person was named Wind Po, his true form was a Golden-eyed Split Leopard, possessing the bloodline of the Divine Beast White Tiger.

He and the Dragon Rock whom Xu Nian had killed should both be disciples of the Golden Dragon Immortal Emperor of Ten Thousand Beast Mountain.

So he also harbored hostility towards Xu Nian.

"I disagree, the Divine Artifact that Junior Brother Xu Nian possesses is something he obtained himself, how can it be casually handed to others, this is clearly an opportunity to seize." Li Hongxia immediately stood up and said.

Xu Nian smiled at Li Hongxia.

Obviously, it wasn't an easy thing for Li Hongxia to stand up and speak for him.

"I also disagree."

At this time, Hong Xi, who had been watching everything coldly, also spoke up.

Xu Nian was somewhat surprised by this.

This Hong Xi, who severed seven emotions and six desires, could still speak up for him.

It seems she hasn't truly reached the stage of cold-bloodedness.

"This Divine Artifact is something he obtained from the Divine Miracle, it doesn't truly belong to him. Besides, we don't really want his Divine Artifact, just temporarily take it out." Jiang Shengtian said with a sneer.

"This competition for the Divine Miracle concerns the reputation of our Immortal Realm, shouldn't he make a little contribution for our Immortal Realm's camp?" Wind Po followed up.

The surrounding people were discussing.

Clearly, some felt that what Wind Po said made sense.

If there's a Divine Artifact, it should be used.

Yun Ao's mouth revealed a sneer, looking at Xu Nian, seemingly with a hint of amusement.

Wu Yuan and others were furious.

This Yun Ao was clearly deliberately targeting Xu Nian.

"Let me correct something, nearly all the Divine Artifacts I have now are of my own making, they're not obtained from the Divine Miracle at all." Xu Nian said calmly.

This statement was like a bolt from the blue, shocking everyone present.

What?

Refining a Divine Artifact?

How is that possible?

Disciples from Turquoise Pool, Tianjian Sect, Immortal Sovereign Hall, Earth Immortal Sect, and others showed surprise.

They quietly took out their Communication Immortal Talismans to relay this astounding news back to their sects.

What does a Divine Craftsman capable of refining Divine Artifacts mean?

It means the ability to produce Divine Artifacts continuously.

It would also make him the only Divine Craftsman in the Three Realms capable of refining Divine Artifacts.

His status might be more esteemed than an Immortal Emperor Level expert.

"Impossible, how could you refine a Divine Artifact? Don't listen to his boasting." Jiang Shengtian immediately stood out and said.

He clearly didn't believe Xu Nian could refine Divine Artifacts.

Fuyao Sect, Ten Thousand Beast Mountain, and others also had serious expressions.

If what Xu Nian said is true, then there's big trouble.

Offending a Divine Craftsman is no small matter.

Others were skeptical, clearly questioning what Xu Nian said.

"I can prove that what Junior Brother Xu Nian said is true, the Earth Immortal Sect can verify this; the Divine Brick owned by their Young Sect Master was refined by Junior Brother Xu Nian." Li Hongxia said.

"Yes, our Young Sect Master does indeed have a Divine Brick-like artifact." A Quasi-Immortal Emperor from Earth Immortal Sect said.

They had been wondering how the Young Sect Master came to have a brick-like Divine Artifact.

Now they finally understood, it was refined by this Xu Nian in front of them.

"We can also prove that Junior Brother Xu Nian's Divine Hammer and flying knives are all of his own refining." Wu Yuan and others said.

Their words instantly astonished everyone present.

This Xu Nian is indeed a Divine Craftsman.

Jiang Shengtian's eyes were filled with jealousy and resentment.

How could Xu Nian possibly refine a Divine Artifact?

Why him?

"I am also an Artifact Refiner, the hardest part of refining a Divine Artifact is the inability to melt Divine Iron, I wonder if Brother Xu Nian could show your flame." A Quasi-Immortal Emperor from Tianjian Sect said.

"Sure!" Xu Nian smiled slightly.

Immediately he extended a finger, and a ball of Divine Fire appeared at his fingertip.

Once this flame appeared, the temperature inside the Divine Temple surged abruptly.

"Divine Fire?" The Quasi-Immortal Emperor Level expert showed surprise.

Others were also astonished.

From this flame, they felt an extremely terrifying heat.

This temperature was enough to melt Divine Iron.

"I believe Brother Xu Nian can indeed refine Divine Artifacts." The Immortal Emperor said respectfully to Xu Nian.

His name was Qian Hao, also an Artifact Refiner who had studied Artifact Refining for tens of thousands of years.

So upon seeing Xu Nian's Divine Fire, he was almost certain Xu Nian could refine Divine Artifacts.

And for a Divine Craftsman capable of refining Divine Artifacts, he held deep respect.

After Qian Hao spoke, others were convinced of Xu Nian's identity as a Divine Craftsman.

Some who had no enmity with Xu Nian stepped forward to greet and befriend him.

After all, a Divine Craftsman is someone even the Immortal Emperors of the Nine Great Sects would stand equal to.

Yun Ao's face darkened.

Because his proposal couldn't advance any further.

Unexpectedly, his targeting had been so easily resolved by this kid.

Jiang Shengtian was even more furious.

This damned Xu Nian, how could he have so many abilities?

"Since Junior Brother Xu Nian is a Divine Craftsman, it's even better. Divine Artifacts mean little to you, why not bring out a few?" Wind Po continued.

"Nonsense, even if Master Xu Nian has many Divine Artifacts, why should he give them to you!" An Immortal Sovereign Hall's Quasi-Immortal Emperor immediately scolded.

"Exactly, who are you to demand Divine Artifacts from Master Xu Nian." A Quasi-Immortal Emperor from Chaos Sky Palace also said angrily.

Wind Po's mouth twitched instantly, his face turning livid.

Fists clenched in anger.

Xu Nian looked at Wind Po and Yun Ao with a light laugh.

To attract people to besiege him, they underestimated him greatly.

Chapter 1600: Tit for Tat

"Everyone, since my proposal is not agreed upon by all of you, why don't we discuss if there are any other ideas?" Yun Ao spoke.

He directly threw the question out.

Don't you all think my proposal has problems?

Then you tell me what to do?

For a moment, everyone started to discuss.

Obviously, no one had a good plan.

After all, this Golden Sword Array is too dangerous, trying to block it is almost impossible.

"I do have a solution." Xu Nian suddenly said with a smile.

As soon as these words came out, everyone immediately looked at Xu Nian.

"Master Xu Nian has a solution, please do tell!" someone immediately responded.

Everyone else was curious about what kind of solution Xu Nian would propose.

"Oh, Junior Brother Xu has insight, I'm keen to hear it." Yun Ao sneered.

He still held Xu Nian in contempt.

Although Xu Nian is a Divine Craftsman, in Yun Ao's view, strength is paramount.

If he took action, he could easily kill Xu Nian.

Xu Nian naturally understood Yun Ao's mindset and said with a smile, "These Golden Swords are actually composed of powerful Elemental Power with the Gold Attribute Law Perfection; the power is naturally strong, direct confrontation is definitely not an option, but as long as it's a sword array, it has weaknesses."

"Master Xu Nian even understands formations?" a Quasi-Immortal Emperor from Turquoise Pool asked with a laugh.

She should be the leader from Turquoise Pool this time, named Shangguan Yao.

Her strength is formidable, at Quasi-Immortal Emperor Level, and her Insight Cultivation has already reached the Law Heart Great Success Realm.

In terms of real strength, she might not be inferior to Ye Siqi.

Her appearance is also top-notch, whether in figure or temperament, she is of breathtaking beauty.

"I know a bit." Xu Nian replied with a smile.

"It seems Junior Brother Xu knows quite a lot." Shangguan Yao laughed.

Her laugh made many male immortals around mesmerized.

Xu Nian smiled slightly, Shangguan Yao indeed has exceptional charm.

No wonder she, along with Ye Siqi, is known as the flower of the immortal and demon realms.

"It's easy to say, everyone knows the formation has weaknesses, the key is how to break the array." Yun Ao said with a cold snort.

Shangguan Yao has always been his pursuit target.

Now seeing Shangguan Yao smile at Xu Nian, his anger towards Xu Nian instantly deepened.

"Exactly, anyone can claim big words." Zhu Qian chimed in.

He is also a pursuer of Shangguan Yao.

So he harbors strong jealousy towards Xu Nian.

Xu Nian found it extremely amusing.

Indeed, beauty is a disaster.

Shangguan Yao's charm is truly significant.

Even many male immortals present are moved by her, even Yun Ao and Zhu Qian are her admirers.

"Although I haven't personally experienced this sword array, I know that this kind of Gold Attribute Sword Formation, to break it, one must rely on the advantage of the Fire Attribute Principle; fire against gold, using Fire Attribute Divine Power Liquid, let the Fire Attribute Principle lead the charge, form a three-person team to break the array, the probability of success would be higher." Xu Nian said.

"Fire Attribute Principle? Fire Attribute Divine Power Liquid?"

Everyone around nodded.

This is truly the best method they have heard so far.

The Golden Swords are indeed composed of Elemental Power of the law, but these elements are extremely pure, hence their great power.

If using Fire Attribute Divine Power Liquid to activate the Fire Attribute Principle, it should be able to counter it.

But the key is, where to find Fire Attribute Divine Power Liquid?

"Senior Brother Yun Ao, I've heard you have cultivated the Fire Attribute Principle, and you obtained a dozen drops of Fire Attribute Divine Power Liquid in a previous relic, should you make some contribution to the Immortal Realm camp?" Xu Nian said with a smile.

"Yes, Yun Ao, you indeed got quite a bit of Fire Attribute Divine Power Liquid before, you should contribute this time." Wu Yuan joked with a smile.

"Hmph!" Yun Ao instantly became furious.

He did not expect Xu Nian would counterattack him.

For a moment, everyone looked at him.

He knew he had become a target of criticism.

It seems Xu Nian's proposal is more effective than his previous proposal.

"I don't have that much Divine Power Liquid; I only have one drop, the rest have been offered to the sect." Yun Ao immediately said.

"Yes, I can testify to that." Jiang Shengtian immediately said.

Xu Nian smiled slightly.

He had already anticipated Yun Ao would say that.

Of course, he never intended to really make Yun Ao hand over those Divine Power Liquids.

He just wanted to disgust Yun Ao.

As for how he knew about this, naturally, it was Wu Yuan who told him.

"Junior Brother Xu Nian, you refuse to take out your Divine Artifact, yet you force me to provide Divine Power Liquid, you truly have ill intentions." Yun Ao countered.

"Yes, Xu Nian has ill intentions, spreading deceitful statements among the masses." Zhu Qian immediately added.

"Haha, I think he's just so-so, calling himself a master, what a joke." Wind Po from Ten Thousand Beast Mountain said.

Instantly, disciples from Ten Thousand Beast Mountain, Haotian Sect, and Fuyao Sect all criticized Xu Nian.

Xu Nian took it casually.

All this was within his expectations.

"This is just my proposal, whether you all adopt it entirely depends on your own opinions." Xu Nian said with a smile.

He had said all he needed to.

Fire Attribute Divine Power Liquid is indeed the key to countering the Golden Sword Array Law.

Soon, this assembly ended unhappily.

Although claimed to be a camp, it was actually fraught with ulterior motives.

Such a camp inherently lacks strong cohesion.

"Xu Nian, I think your method is good, but among us five, no one has cultivated the Fire Attribute Principle, let alone having Fire Attribute Divine Power Liquid." Wu Yuan said.

"I have cultivated the Fire Attribute, but my Fire Attribute has just broken through to the Law Heart stage." Xu Nian said.

Currently, his Fire Attribute has smoothly broken through to the Law Heart stage, thanks to the help of Divine Fire, achieving such a swift breakthrough.

As for the Gold Attribute, it remains in the Early Stage of Law.

"Great, it's good that you know the Fire Attribute Principle; as for the Fire Attribute Divine Power Liquid, leave that to me, I'll exchange it with others." Wu Yuan immediately said.

Xu Nian nodded.

He had no objections to protecting Wu Yuan and the others as they climbed Po Suo Mountain.

As for whether other forces in the Immortal Realm camp adopt his method, that was none of his concern.

"Junior Brother Xu Nian, Sister Shangguan wants to talk with you?"

Just as Xu Nian was about to return to Shendang Mountain's accommodation, Li Hongxia stopped him.

"Sister Shangguan? Shangguan Yao?" Xu Nian asked, somewhat surprised.

"Yes, the one who spoke with you just now, I wonder if Junior Brother Xu Nian has time?" Li Hongxia asked.

Xu Nian was momentarily stunned.

"Alright, please lead the way, Sister Hongxia." Xu Nian said with a smile, not refusing.

Now that the Four Realms are gathered.

The Immortal Realm camp is full of ulterior motives.

If their Shendang Mountain solely relies on their few people, it's completely insufficient.

We must seek allies.

The Turquoise Pool may indeed be a good choice.
