

Divine King 1611

Chapter 1611: Hidden Secret

"There really is a sword move. Could it be some kind of powerful divine skill?"

Someone around exclaimed in surprise.

At this moment, they also noticed the profound argumentation contained within the sword marks on the plaque.

"It is indeed a sword move divine skill. To comprehend this sword move divine skill, one should be able to enter this palace, right?" someone followed up.

"It should be so. What are you waiting for? Why not start comprehending?"

With a shout of surprise, everyone around began to comprehend the plaque.

Powerful beings from the Underworld, Demon Realm, Immortal Realm, and the Demon Realm without exception, all eagerly started comprehending this divine skill.

This is a divine skill left behind by a divine miracle powerhouse.

Incredibly precious.

If one could comprehend it, it would undoubtedly be a powerful opportunity.

Xu Nian certainly wouldn't miss this chance either.

At this moment, he gazed at the large plaque before him, his entire mind immersed in the sword qi contained within it.

As Xu Nian's mind sank into it.

Before his eyes, a figure seemed to appear, whose appearance was unclear, wielding a sharp sword and continuously swinging it.

Every swing carried extremely powerful sword qi.

Such sword qi was incredibly solid, seeming exceptionally formidable.

Without containing any laws, it could actually burst forth with extremely strong sword intent.

It was evident that this divine skill's sword qi was powerful and extremely profound.

Xu Nian diligently sought to comprehend the mysteries within these sword moves.

Seeking the essence of these sword moves.

Only by understanding the essence of the sword moves could one grasp their essence.

Time flew by rapidly.

Soon, a strong figure stood up.

"I've comprehended it."

This was a strong figure from the Underworld.

Everyone looked toward this strong figure from the Underworld.

"Slash!"

This strong figure from the Underworld slashed the plaque with a sword.

The next moment, a sword radiance streaked out, and a fresh sword mark appeared on the plaque.

"Buzz!"

Sure enough, a brilliant light burst forth from the plaque.

Then the palace doors opened wide.

That strong figure from the Underworld entered the grand hall directly.

A demon realm Immortal Sovereign immediately tried to follow, only to be thrown back by an invisible force.

And as this strong figure from the Underworld entered, the sword mark on the plaque also disappeared.

"It seems one sword radiance can permit only one person to enter," someone in the crowd said.

The crowd around them suddenly understood.

In other words, only by comprehending this sword move divine skill could they enter?

Soon, Ye Siqi also stood up.

She effortlessly struck out a sword mark.

Then she entered the divine hall as well.

But before leaving, she glanced at Xu Nian.

She saw that Xu Nian was still immersed in his comprehension, with a flash of surprise on her face, and then she did not linger.

Shangguan Wan'er also stood up.

One after another, the powerful beings around stood up.

It was clear that they had all comprehended this sword move divine skill.

However, Xu Nian was still sitting there, motionless.

"Eh, why hasn't Junior Brother Xu Nian comprehended yet? This sword move doesn't seem difficult, does it?" Tong Yao asked in confusion.

"Maybe Junior Brother Xu Nian hasn't found the right approach yet," Zheng Yan said.

They had all comprehended it.

Given Xu Nian's insight, he shouldn't have taken so long to comprehend.

Yet what they didn't know was that Xu Nian had long comprehended the sword move divine skill.

Not only that, but he also discovered an even more terrifying divine skill behind this sword move divine skill.

This divine skill's power was more than ten times stronger than the sword move.

"Buzz!"

About 15 minutes later.

Xu Nian finally opened his eyes.

He looked up at the plaque, a hint of surprise flashing in his eyes.

"It turns out the plaque contains two moves. Comprehending the first move grants entry to the grand hall, but the second move is the truly invaluable divine skill," Xu Nian mused to himself.

Just now, he comprehended two major sword moves.

The first move was called Guiyuan!

This move was one that basically anyone present could comprehend, as long as their insight wasn't too poor.

But the second move was extremely profound, containing the operation method of divine power.

If performed with divine power liquid, its power would be unimaginably terrifying.

And this move was called Divine Fury!

"Junior Brother Xu Nian, have you comprehended?" Shangguan Yao came over and asked.

"Yes, I just did. Have they all left?" Xu Nian looked around.

Only to find Wu Yuan and the Earth Immortal Sect and Turquoise Pool's Li Hongxia and others had also disappeared.

"They've all entered," Shangguan Yao nodded.

"Why hasn't Senior Sister entered?" Xu Nian asked with some surprise.

He didn't expect Shangguan Yao to wait for him here.

"I promised to cooperate with Junior Brother, so naturally, I should walk with Junior Brother," Shangguan Yao said.

"Then let's go!" Xu Nian smiled.

"All right!" Shangguan Yao nodded.

She then struck out a sword radiance.

The grand hall doors opened wide.

Shangguan Yao smoothly entered.

While Xu Nian looked at the plaque.

"Let me try this second move, Divine Fury." Xu Nian smiled slightly.

He immediately used the divine sword to perform, striking out an extremely terrifying sword radiance.

If anyone were present, they would certainly see that the power of this sword radiance had reached an extremely terrifying level.

"Boom!"

The plaque instantly shattered.

The next moment, a light shone on Xu Nian.

It directly shot into the palm of Xu Nian's hand.

Xu Nian's palm now bore a mysterious mark.

"This must be the hidden treasure of the divine hall," Xu Nian chuckled.

Looking at the flame-like divine seal in his palm, he tried a few times, still unsure of its function.

He had to give up for now, planning to study it in detail later.

Yet he could feel that this divine seal held enormous energy.

"Buzz!"

The grand hall doors opened.

Xu Nian stepped inside.

But upon entering, he realized he had walked into a vast, empty grand hall.

Shangguan Yao, who had just entered before him, was nowhere to be seen.

It was clear that he and Shangguan Yao had entered different halls.

"So, this hall's door also has a transmission array." Xu Nian shook his head helplessly.

He had to set these thoughts aside for now.

He began examining his surroundings carefully.

The first thing that caught his eye was the enormous Goddess Statue before him.

This statue was extremely massive, standing dozens of meters tall.

The statue exuded extremely powerful divine power fluctuations.

Especially those eyes, as if gazing down on Xu Nian.

"Could this statue be the owner of the divine hall?" Xu Nian pondered.

"Buzz!"

As Xu Nian marveled inwardly.

The Goddess Statue released a powerful divine power.

A divine radiance shone down.

Next, a figure appeared in front of Xu Nian.

This figure looked exactly like the one on the statue.

The figure's appearance was stunning, her presence ethereal.

Xu Nian was surprised, could it be the Goddess was still alive?

But soon, he dismissed the notion.

Because he realized that what appeared before him was not a real entity, but a wisp of soul mark.

Chapter 1612: The Five Great Treasures

The soul mark of the Goddess, this indeed surprised Xu Nian.

"Junior Xu Nian greets the senior," Xu Nian said respectfully.

The Goddess glanced at Xu Nian and said, "I sense an extremely powerful divine artifact wave from you. Do you possess a Chaos treasure?"

Xu Nian was taken aback, not expecting the Goddess to see through him having a Chaos treasure at a glance.

"Yes, senior!" Xu Nian responded respectfully.

He was now almost certain that the Goddess before him was a Divine Craftsman, for only a Divine Craftsman would be so sensitive to divine artifacts.

"It seems that your acquisition of my divine sword and understanding of the second move, Divine Fury, is not by chance. If I'm not mistaken, you are also a Divine Craftsman?" the Goddess said.

"Yes, junior had the fortune to acquire divine fire and mastered the artifact refining technique." Xu Nian nodded and said.

"Not bad. Being able to forge divine artifacts in the Immortal Realm makes you the first in the Three Realms." The Goddess nodded and said.

Xu Nian smiled but said nothing.

He was very curious about the reason for the Goddess's appearance.

"Actually, you don't need to guess. The reason I came to see you is because you possess a powerful divine artifact and are a Divine Craftsman. Therefore, I wish to take you as my heir. Are you willing?" the Goddess asked.

Xu Nian was stunned.

To take him as an heir meant taking him as a disciple.

"Senior, I appreciate your kindness, but I am already under the tutelage of another Divine," Xu Nian said.

"Oh? You know another divine-level expert? Is his cultivation higher than mine?" the Goddess asked in surprise.

Her face carried a touch of pride.

Xu Nian laughed and said, "I believe so, as I am under the tutelage of a Divine Emperor."

"Cough, cough! A Divine Emperor!"

The Goddess coughed a few times, her face showing awkwardness.

She did not expect Xu Nian to be under the tutelage of a Divine Emperor.

How could this be?

However, when she looked at Xu Nian, she found that he did not seem to be lying.

"Well, since you are under the tutelage of a Divine Emperor, I naturally have no right to take you as a disciple. But since you have come this far, it seems fate has brought us together. My legacy, rather than give it to others, I might as well give it to you," the Goddess said.

Xu Nian felt both amused and helpless.

He initially thought that rejecting the Goddess's offer to become her disciple would make her reluctant to pass on her legacy to him.

Unexpectedly, she still chose him as her heir in the end.

"Buzz!"

With a wave of the Goddess's hand, five treasures appeared in the hall before them.

Seeing these five treasures, Xu Nian also showed a look of surprise.

Each of these five treasures was extraordinary.

The one on the far left was a divine tripod.

The divine tripod was engraved with divine dragons, exuding an extremely strong wave of fire attribute principle.

"This tripod is called the Divine Dragon Tripod. It's a top-grade divine artifact, possessing an extremely powerful fire attribute principle. For an artifact refiner, it's a treasure that yields twice the result with half the effort. With it, you can save half the time in artifact refining," the Goddess said.

"Is this the Divine Dragon Tripod?" Xu Nian was a bit surprised.

He didn't expect such a treasure to really exist in the Divine Miracle.

It seemed that Shangguan Yao was completely correct.

Beside the Divine Dragon Tripod, a sharp sword was suspended.

This sword gave Xu Nian an extremely domineering feeling.

The terrifying level of this sword was countless times more powerful than the divine artifact Xu Nian pulled out at the entrance earlier.

"This divine sword has probably surpassed the realm of divine artifacts, hasn't it?" Xu Nian murmured in surprise.

"Exactly, this is a divine artifact of the heavens. Although it is still a semi-finished product, it's much more powerful than a top-grade divine artifact," the Goddess said proudly.

"A divine artifact of the heavens?" Xu Nian was shocked.

This was actually a divine artifact of the heavens.

It is known that above divine artifacts are the divine artifacts of the heavens.

To forge a divine artifact of the heavens, one must reach the level of a mid-grade Divine Craftsman.

"Did you forge this divine sword, senior?" Xu Nian asked curiously.

"Yes, I forged it. Alas, I couldn't complete a true divine artifact of the heavens. But for an Upper God like myself, crafting a semi-finished divine artifact of the heavens is already quite impressive," the Goddess boasted shamelessly.

Xu Nian couldn't help but be in awe.

The Goddess was indeed right.

For a Divine to forge a divine artifact of the heavens was indeed impressive.

It seemed like the Goddess's talent in artifact refining was truly extraordinary.

But what truly surprised Xu Nian were the remaining two treasures.

These two treasures were both godhoods.

One was a gold-colored godhood, and the other was as red as fire.

"Two godhoods? Has senior achieved two divine positions?" Xu Nian murmured in surprise.

"Haha, smart, are you surprised?" the Goddess laughed heartily, her face filled with pride.

Xu Nian was also amazed.

He didn't expect the Goddess to possess two godhoods.

If those in the Immortal Realm knew this, they would probably go crazy fighting over it.

"Boy, these two godhoods, one is of gold attribute, and the other of fire attribute. Both have reached the level of an Upper God. To obtain two godhoods at once is a great fortune," the Goddess said proudly.

Xu Nian nodded.

It was indeed beyond his expectations.

He initially thought there was only one gold attribute godhood in this Divine Miracle.

But now, there were two godhoods.

"Senior, what is the last treasure?" Xu Nian curiously looked at the last Jade Bottle.

"This is a Divine Pill, used to strengthen one's cultivation, with no side effects," the Goddess answered.

"Oh?" Xu Nian's eyes lit up.

With this Divine Pill, his cultivation could be enhanced once more.

This Divine Pill came at just the right time for him.

"However, to obtain these five treasures, it's not easy. You must pass three tests," the Goddess said with a smile.

"Tests?" Xu Nian's heart stirred.

Indeed, acquiring treasures wasn't going to be easy.

"What tests?" Xu Nian showed a puzzled expression.

"You'll find out soon," the Goddess smiled slightly.

With a wave of her hand!

Xu Nian found the scenery around him changed instantly.

The next moment, he reappeared in another hall.

In this hall, there were two others.

Xu Nian recognized at a glance that these two were strong members of the Demon Realm's Dragon Clan.

Moreover, both had reached the Quasi-Immortal Emperor level.

In front of them was a massive beast corpse.

This corpse was also a Divine Dragon.

This Divine Dragon had clearly reached the Low Grade Divine Level, its scales tough and unyielding.

Besides the absent godhood, the rest of the corpse was intact.

"Your first task is to seize this Divine Dragon corpse. You have two hours," the Goddess's voice sounded in Xu Nian's mind.

Seize the corpse?

Xu Nian was incredulous; was this the first test?

Indeed, the two Demon Clan experts looked at him with extreme hostility.

Chapter 1613: The Proud Dragon Clan

"Is it you?"

The two Demon Clan elites obviously recognized Xu Nian.

Their eyes carried a trace of greed as they looked at Xu Nian.

This human possesses several divine artifacts.

If they kill him, they might not only get many divine artifacts, but perhaps even a godhood.

"Do you two know me?" Xu Nian's eyes also turned vigilant.

Unexpectedly, the first trial from the Goddess is having him rob this Divine Dragon's corpse.

To seize this Divine Dragon's corpse, he must face off with these two people.

Death and injury seem inevitable.

"Do you two know me?" Xu Nian asked curiously.

"Of course we know you; who wouldn't recognize the guy who has several divine artifacts, and easily obtained one just now?" One of the Demon Clan elites sneered.

His eyes were filled with greed as he looked at Xu Nian.

The other quasi-Demon Emperor elite's eyes also revealed a naked desire, sneering as he said, "Your name is Xu Nian, right? Hand over the divine artifacts and divine core on you, and I might consider sparing your life."

Xu Nian chuckled; it looks like there will be a battle today.

However, these two quasi-Demon Emperors clearly aren't too strong.

Though their cultivation has reached the quasi-Demon Emperor level, their insight cultivation is only at the Law Heart Success realm.

Such cultivation poses no threat to Xu Nian.

"I advise you both similarly, hand over the Divine Dragon corpse behind you, and I won't kill you either," Xu Nian said.

"Such an arrogant boy, since that's the case, there's nothing more to say, just kill him," the white-robed quasi-Demon Emperor from the Dragon Clan snorted coldly.

In the next moment, his figure darted out.

Instantly appearing in front of Xu Nian, a powerful mixed element demon power surged from his palm, striking at Xu Nian.

"Humph, simply an early stage Immortal Sovereign, today I'll let you know what a truly strong person is." The white-robed man sneered.

He seemed to relish in imagining Xu Nian being shattered by his palm strike.

Yet, Xu Nian stood unmoving, not even making any defensive moves.

It was as if he didn't even have time to react.

This scene made the white-robed man sneer even more.

If he can't even keep up with the reaction speed, just this level of strength dares to be arrogant in front of them.

"Bang!"

However, when he struck Xu Nian, it was as if he hit an extremely hard divine iron.

Xu Nian's figure remained unmoved, completely unaffected.

"What?" The white-robed youth was instantly shocked.

The blue-robed quasi-Demon Emperor at a distance was also surprised.

How could this human withstand his full force attack?

Xu Nian looked at the shocked white-robed youth, the corner of his mouth curled into a cold smile.

"Done with your attack? Then take my punch." Xu Nian sneered.

After speaking, he swiftly threw a punch.

This punch carried great power, as fast as lightning.

The white-robed youth couldn't even react.

His white robe exploded from the back, his whole body bent like a shrimp.

His figure rapidly flew backward.

"Boom!"

His figure crashed into the palace wall, instantly creating a web-like crack on the wall.

"Ugh, so strong!" The white-robed youth was greatly alarmed.

He could clearly feel Xu Nian's punch just now.

Xu Nian didn't use any power of laws or immortal essence power, relying purely on physical strength.

A human actually possesses such a formidable physique.

How is this possible?

"Comparing physique with me, Dragon Clan, you are courting death!" The white-robed youth became furious.

His body immediately revealed extremely hard white scale armor.

His entire body's muscles bulged like steel, giving a feeling of immense power.

"Is that so?"

However, Xu Nian simply let out a cold laugh.

His figure flashed, appearing directly in front of the white-robed youth.

Once again, he punched towards the white-robed youth.

This punch's power was like a full-force strike of a primal beast.

The white-robed youth was immediately shocked, quickly dodging instinctively.

"Boom!"

Xu Nian's punch shattered the hard divine stone on the wall.

The white-robed youth's expression was one of horror.

Being able to shatter this divine stone in a punch, how strong does the power need to be?

The blue-robed youth was also greatly shocked.

This Xu Nian's physical strength actually reached such a terrifying extent.

"Die!"

With fierce eyes, the white-robed youth threw a punch at Xu Nian.

Xu Nian sneered, similarly throwing a punch.

"Crack!"

The white-robed youth's arm instantly fractured, the bone penetrating out from the shoulder.

"Ah!"

The white-robed youth let out a miserable scream.

His figure hurriedly flew back, his eyes filled with shock.

No matter what, he never thought he would lose to a human in terms of physique one day.

"Impossible, your physique can't be this strong. How can a human's physique reach the strength of divine artifact level?" The white-robed youth said with a horrified expression.

His eyes were filled with unwillingness and anger.

His true form was Ao Tian White Dragon, though not a descendant of the Nine Great Ancestor Dragons.

But compared to the Nine Great Ancestor Dragons, he wasn't far off.

The Dragon Clan prides themselves on having the strongest physiques among all species, so how could they lose to a human now?

The blue-robed youth was equally astonished.

This human's powerful physique indeed exceeded their understanding.

Xu Nian smiled, saying, "Since you wish to know, I will let you die understanding."

After speaking, Xu Nian's body released a mighty power of Ancestor Dragon.

"Boom!"

The two youths instantly had their pupils shrink, feeling their very souls tremble.

They even had an impulse to kneel and worship.

"Impossible, absolutely impossible, it's the Nine Dragons Supreme Body!" Both the white-robed and blue-robed youths were incredibly shocked.

They never thought that Xu Nian actually possessed the Dragon Clan's most supreme physique.

If the Dragon Clan had such a physique, it would be directly crowned as Dragon Clan Supreme.

Any Dragon Clan member who saw him would show great respect.

But now this physique appeared on a human.

This left them a bit confused for a moment.

"No, a human is definitely not worthy of possessing such noble bloodline of mine, Dragon Clan. You must die." Ao Tian White Dragon said with sharp eyes, deep within his eyes, a strong killing intent emerged.

"Indeed, humans are not worthy, they must hand over the bloodline." The blue-robed youth also decided not to remain a spectator, a terrifying thunder emerged from his body.

His true form was Xuantian Thunder Dragon.

A descendant of the Nine Great Ancestor Dragons, considered a very powerful bloodline.

At this moment, the thunder shone, emitting an incredibly terrifying energy wave.

"I'm not worthy?" Xu Nian sneered incessantly.

People always say Dragon Clan is proud, now it seems completely right.

Born with the bloodline himself, why would he not be worthy?

"If you want to take my bloodline, just try, let's see if you have the qualification to take the bloodline from me." Xu Nian sneered repeatedly.

Immediately he took a step forward, frightening dragon scales emerged from his body.

These dragon scales emitted a metallic sheen, with exceedingly sharp edges.

In terms of hardness, it probably rivals mid-grade divine artifact level.

Ao Tian White Dragon and Xuantian Thunder Dragon showed surprise at this scene.

Xu Nian's scales were much harder than theirs.

Chapter 1614: Subduing Xuan Yuu

"Onward!"

The two Dragon Clan experts attacked simultaneously.

Ao Tian White Dragon directly wielded the Power of Laws.

A sharp long spear appeared in his hand, thrusting forth like a water whirlpool, charging at Xu Nian.

Water Attribute, Angry Sea Overturning Sky Principle.

The Power of Laws surged, already reaching two thousand times in strength.

On the other side, Xuantian Thunder Dragon also held a very sharp battle saber, which was enveloped by the Thunderclap Law power.

The concentration of power was even stronger than that of Ao Tian White Dragon.

Nearly reaching three thousand times in strength.

Keep in mind, the concentration of Power of Laws reaching three thousand six hundred times allows one to step into the Law Great Success Realm.

Yet now, Xuantian Thunder Dragon is not far from Law Great Success.

The attacks of the two Dragon Clan experts, accelerated by Mixed Element Demon Power, were incredibly terrifying.

However, Xu Nian showed no trace of fear in his eyes.

On the contrary, a sliver of a cold sneer flashed in his eyes.

"Starting with you first."

Xu Nian stepped forward, his figure instantly breaking through the void.

He appeared directly in front of Ao Tian White Dragon.

Ao Tian White Dragon's gaze turned sharp in an instant, unbelieving that Xu Nian dared to confront his strike head-on.

Even if Xu Nian's body were immensely strong, it could not ignore his fusion attack of Mixed Element Demon Power and Power of Laws.

Yet Xu Nian showed no defensive stance.

He charged directly at the long spear.

"Die!"

Ao Tian White Dragon's eyes flashed with disdain, thinking Xu Nian was too arrogant.

This spear, even if unable to pierce his body, could surely injure him.

However, unexpectedly, his long spear passed right through Xu Nian's body.

Xu Nian's figure bizarrely vanished.

"How is this possible?" Ao Tian White Dragon was stunned.

Clearly, Xu Nian had charged at him, how did he disappear so oddly?

On the other side, Xuantian Thunder Dragon was surprised, calling out in terror from behind Ao Tian White Dragon, "Ao Tian, he's behind you."

Ao Tian White Dragon was greatly alarmed.

He hurriedly turned his head.

But just as he turned,

A horrifying sword radiance sliced through right before his eyes.

Divine Fury!

Ao Tian White Dragon's body stiffened abruptly.

Expressing an extremely unwilling and shocked expression.

He couldn't comprehend how Xu Nian appeared behind him.

But it was too late for any understanding.

His Immortal Embryo had been shattered.

Even his soul origin was destroyed.

Now, not even a Daluo God could save him.

"I am not reconciled..." Ao Tian White Dragon howled.

Eventually, his figure collapsed.

Completely lifeless.

On the other side, Xuantian Thunder Dragon was dumbstruck.

Eyes filled with unparalleled astonishment.

The body skill Xu Nian used earlier was incredibly strange.

Even he hadn't seen clearly how Xu Nian did it.

"I'll give you a choice: submit to me, serve as my mount, and I won't kill you," Xu Nian said.

A descendant of Xuantian Thunder Dragon is definitely a powerful Divine Beast.

Simply killing him would be quite a waste.

"Don't think about it. Our Dragon Clan will never submit to a human." Xuantian Thunder Dragon snorted coldly.

In the next instant, he transformed into his true form and charged directly at Xu Nian.

A massive body, extending hundreds of feet long.

Entirely enshrouded in frightful Xuantian Thunder.

The aura was grand and vast.

Seeing these events, Xu Nian simply sneered.

Stepped out and his figure vanished once again.

Xuantian Thunder Dragon was astonished.

He immediately began searching around.

"Buzz!"

Yet at this moment, a sword radiance shot out directly from the void.

"Boom!"

The sword radiance struck Xuantian Thunder Dragon, immediately tearing open an immensely large wound across his body.

Nearly severing his entire dragon body in half.

"Crash!"

The gigantic body slammed into the wall, causing the entire hall to shake violently.

"Splash!"

The dragon spat a mouthful of blood, eyes overwhelmed with shock.

"Space Law..."

At this moment, Xuantian Thunder Dragon finally understood.

What Xu Nian employed wasn't some strange body skill, but an extremely powerful Space Law.

"It seems you have a discerning eye. Yes, I wield the Space Law, so you are not my opponent; it is impossible for you to harm me," Xu Nian laughed.

With the Space Law, he could stand undefeated even against Quasi-Immortal Emperor Level experts.

Xuantian Thunder Dragon was deeply astonished.

Xu Nian actually mastered the Space Law?

Just how monstrous is he?

Not only possessing the Nine Dragons Supreme Bloodline but also owning numerous Divine Artifacts.

Now, he wields an incredibly fearsome Space Law.

How terrifying is that?

"How many types of laws have you mastered?" Xuantian Thunder Dragon asked unwillingly.

He had already realized he wasn't Xu Nian's match.

"About five types." Xu Nian smiled and said.

He mastered Space Law, Earth Attribute, Fire Attribute, Gold Attribute, and Wind Attribute, the Five Elements Law.

Currently, the Gold Attribute is the weakest.

He just recently comprehended it.

As for the Shrinking Ground Principle, Xu Nian hadn't planned to continue cultivating it.

Such a Third-grade Law didn't have much cultivation significance.

Xuantian Thunder Dragon twitched at the corner of his mouth.

Five types of laws, isn't that absolutely terrifying?

And crucially, among them are two First-grade Laws, and one Space Law.

How did this guy cultivate?

"I'll give you one last chance, submit to me and I can help you achieve the Divine Position," Xu Nian stated.

"Can you really help me achieve the Divine Position?" Xuantian Thunder Dragon asked, somewhat surprised.

"Of course, if you don't believe it, then there's nothing I can do," Xu Nian replied with a smile.

"Alright, I am willing to submit to you." Xuantian Thunder Dragon nodded.

He had no other choice now.

If he didn't submit to Xu Nian, death was his only path.

Moreover, submitting to a Nine Dragons Supreme Body wasn't entirely unacceptable to him.

"Alright, then hand over your Soul Mark," Xu Nian instructed.

Xuantian Thunder Dragon nodded and immediately handed over his soul origin mark.

The soul origin mark went into Xu Nian's forehead, and the next instant, a connection between Xu Nian and Xuantian Thunder Dragon emerged in his mind.

"What's your name?" Xu Nian asked.

"Reporting to the master, my name is Xuan Yuu," Xuantian Thunder Dragon responded.

Xu Nian nodded.

He looked at the Divine Dragon corpse.

"What kind of Divine Dragon is this?" Xu Nian asked while gazing at the corpse.

"Reporting to the master, this is a Taichu Dragon," Xuan Yuu replied.

"Taichu Dragon?" Xu Nian nodded.

Taichu Dragon is the ancestor of the current Azure Dragon.

Azure Dragon evolved from the Taichu Dragon.

Taichu Dragon naturally excels in Water Attribute Law.

"Buzz!"

Xu Nian immediately slashed out with his sword.

The next moment, the Taichu Dragon's body was split in two.

Then Xu Nian began to directly absorb the essence blood of Taichu Dragon.

Soon, a fist-sized essence blood appeared in Xu Nian's hand.

"Half for each, take it and absorb," Xu Nian divided the essence blood in two, handing it to Xuan Yuu.

Xuan Yuu was startled.

Xu Nian actually allowed him to absorb the Dragon Clan's essence blood from a Divine-level expert?

"I said before, if you submit to me, I won't treat you poorly," Xu Nian said.

Hearing this, Xuan Yuu was overjoyed, "Thank you, master, for your gift."

Xu Nian nodded.

He spoke to the hall, "Senior, is this first task considered complete?"

"Congratulations, you've passed the first task."

The voice of the Goddess rang out.

In the next instant, Xu Nian and Xuan Yuu both appeared in Xu Nian's previous hall.

"This is..."

Xuan Yuu looked at the five treasures inside the hall, instantly stunned.

Chapter 1615: Forging a Divine Artifact

"Master, what is this?"

Xuan Yuu looked at the five treasures in front of him in astonishment.

Among them, there were actually two Godhoods.

"These are rewards left by the predecessors in this Divine Hall, probably the most valuable treasures here. However, I also need to complete three tasks set by the predecessors to obtain these treasures," Xu Nian explained.

"Then just now, when the master appeared with us, was it to complete the first task?" Xuan Yuu asked in surprise.

"Yes, that was the first task arranged by the Divine Hall's master," Xu Nian nodded and said.

Xuan Yuu sighed with deep emotion.

It turns out Xu Nian's appearance with them was not a coincidence.

It was arranged by the Divine Hall's master.

However, it's too late to say anything now; he has completely submitted to Xu Nian.

"Buzz!"

The Goddess's figure appeared once more.

"Congratulations on completing the first task. There are still two tasks ahead. You can choose to give up now, and if you do, you can pick any one of these five items. But if you accept the upcoming tasks, you are likely to lose your life," the Goddess said.

"I choose to continue," Xu Nian replied without hesitation.

Having come this far, how could he choose to give up?

"Very well, then let's proceed to the second test. However, this test is far more perilous than the previous one, and a slight mistake can cost you your life," the Goddess said.

"I am not afraid!" Xu Nian laughed.

The Goddess smiled slightly.

With a wave of her hand, an incredibly hard Divine Iron appeared in the hall.

"The second test is Artifact Refining. If you can forge this Mid-grade Divine Iron into a Divine Artifact, you will have passed the test. You should know that if your skills are insufficient, forcing a high-quality Divine Artifact refinement can easily lead to soul collapse and death," the Goddess said with a smile.

"Mid-grade Divine Artifact?" Xu Nian frowned.

He had always refined Low Grade Divine Artifacts and was not very confident about Mid-grade ones.

At this moment, letting him refine one means a high chance of failure.

"What's wrong? No confidence?" the Goddess said with a smile.

"I'll give it a try!" Xu Nian said.

With that, he absorbed the piece of Divine Iron into his hand.

Upon seeing the Divine Iron, a look of astonishment appeared on his face.

The Divine Iron turned out to be Blue Gold Magnetic Divine Iron.

This is a very rare Divine Iron.

The difficulty of refining such Divine Iron into a Divine Artifact is no less than that of a Top-Grade Divine Artifact.

This undoubtedly increased Xu Nian's difficulty by dozens of times.

"Can the master really refine a Divine Artifact?" Xuan Yuu asked in surprise.

In his knowledge, not only in the entire Demon Realm, but in the Three Realms, no one could refine a Divine Artifact.

Yet now his master was going to refine a Divine Artifact.

And it's a Mid-grade Divine Artifact.

"Correct, this is Blue Gold Magnetic Divine Iron. To refine such a weapon, you need at least the strength of a Top-Grade Little Artisan God. If you can't do it, you might as well give up," the Goddess said with a smile.

Xu Nian's eyes were determined, and he wanted to give it a try no matter how difficult it was.

At the next moment, Xu Nian directly summoned the Divine Fire.

When the Divine Fire emerged, the temperature in the hall instantly soared.

"This kid can actually control the Divine Fire," the Goddess's eyes flashed with admiration.

Xu Nian's control over the Divine Fire had reached a perfect level.

With the Supreme Temperature Law, he could do it with ease.

However, melting the Blue Gold Magnetic Divine Iron was not about higher temperatures, but reaching an extremely balanced point.

Once this balance point is exceeded, it may destroy the inherent magnetism of the Blue Gold Magnetic Divine Iron.

"Buzz!"

Xu Nian urged the Divine Fire to gradually increase the temperature of the Blue Gold Magnetic Divine Iron.

Soon, Xu Nian found the balance point of the Blue Gold Magnetic Divine Iron.

As the Divine Fire continued to burn, the Blue Gold Magnetic Divine Iron began to melt gradually.

"Such strong control, and at the Immortal Sovereign Level, achieving such perfect control is really rare," the Goddess observed from the side, and as she saw Xu Nian executing every step perfectly, an astonished look appeared on her face.

But thinking that Xu Nian had a Divine Emperor as a master, she was not that surprised.

After all, a strong figure cultivated by a Divine Emperor could never be ordinary.

Xuan Yuu on the side was extremely surprised.

Could his master really refine a Divine Artifact?

He could even melt Divine Iron?

Approximately an entire day passed.

Xu Nian had completely melted the Divine Iron into molten iron.

Yet its magnetism hadn't disappeared.

"Buzz!"

Xu Nian let out a long breath.

The prolonged melting consumed massive soul power.

If his soul power hadn't already broken through to the peak of the Early-stage Immortal Emperor, he really couldn't withstand the melting of this Mid-grade Divine Artifact.

"Next is the Condensation Embryo."

Xu Nian once again operated soul power, controlling the molten iron to gradually condense into a blade shape.

But this blade was different from ordinary blades. It was broken, segmented like scale armor.

"Oh, creative, making full use of the Divine Iron's femininity," the Goddess showed a bewildered expression.

Unexpectedly, Xu Nian could refine such a Divine Artifact.

Soon, a long saber appeared in Xu Nian's hand.

However, the long saber was only a preliminary model, requiring extensive hammering to complete.

"Buzz!"

Xu Nian attempted to grasp the saber handle.

He swung the saber directly.

The next moment, the blade fragments of the Divine Blade extended directly.

The pieces were not completely broken. An invisible force pulled them together, causing the entire blade to elongate indefinitely and bend like a whip.

With a thought, the fragments returned to the Divine Blade, condensing into a complete long saber.

"This..."

Xuan Yuu, who stood nearby, showed an extremely surprised expression the moment he saw the long saber.

This Battle Saber could change its form at will with one's mind; it was simply fantastic.

During combat, it undoubtedly multiplied the power of the wielder.

If he obtained this saber and combined it with his Thunderclap Law, wouldn't the power be even stronger?

Though this thought flashed through his mind.

He dared not have any extravagant hopes for the Divine Artifact.

Xu Nian looked at the long saber in his hand, and nodded satisfactorily.

This saber utilized magnetism, with blade pieces constrained by it.

The user could completely transform it into a long whip in an instant by merely thinking.

"Next, the crucial step: hammering!"

Xu Nian immediately began to summon his Divine Hammer.

Holding the Divine Hammer, gathering soul power.

The Ten Thousand Divine Hammer Technique was instantly displayed.

"Clang! Clang! Clang!"

Xu Nian started pounding frantically.

Blow after blow, filled with rhythm.

"This Hammer Technique... could it be..."

The Goddess's pupils suddenly widened, her face full of shock.

Even her hands began to tremble.

"Yes, it is the legendary Ten Thousand Divine Hammer Technique. Are you her disciple..." The Goddess was incredibly shocked.

As she looked at Xu Nian, her gaze turned more incredulous.

Chapter 1616: Divine-level Expert

Ten Thousand Divine Hammer Technique.

Even in the Divine World, it is quite well-known.

In the Divine World, a legend has been passed down.

A peerlessly powerful Craft God, relying on a mysterious Hammer Technique, once forged a Supreme Divine Artifact.

This action caused a sensation throughout the Divine World.

The Supreme Divine Artifact, a treasure that surpasses Chaos Divine Artifacts.

In the entire Divine World, everyone knows that a Supreme Divine Artifact cannot be refined through nurture.

But someone broke this rule.

Therefore, every Craft God in the Divine World holds this set of Hammer Technique in the highest esteem as a divine skill.

But long ago, this Hammer Technique vanished along with the disappearance of the Craft God's powerful female apprentice.

It was thought that this Hammer Technique was lost, but she didn't expect to see it on Xu Nian.

"It seems he truly is the successor of that person. If he can grow and enter the Divine World, he might really stir up a storm there," the Goddess remarked.

She previously thought of taking him as a disciple, but now she realized, indeed, she did not have that qualification.

"But this Hammer Technique consumes too much Soul Power, I wonder if he can complete the hammering of this Mid-grade Divine Artifact," the Goddess mused.

If he fails, this little guy before her might die from exhausting his Soul Power.

However, Xu Nian paid no attention to this.

The Divine Hammer in his hand continued to fall.

A thousand hammer strikes!

Five thousand hammer strikes!

Ten thousand hammer strikes!

When Xu Nian struck a total of ten thousand times, his Soul Power was nearly depleted.

But Xu Nian did not give up.

He continued the hammering.

When he reached twelve thousand hammer strikes, his Soul Power was completely exhausted.

"No, this Divine Blade has not been completed. If I stop now, all previous efforts would be wasted," Xu Nian thought to himself.

The process of hammering cannot be stopped.

If it stops, the Divine Artifact will collapse.

But if it doesn't stop, his soul is at risk of shattering.

That's why the Goddess said before that this was a perilous task.

On the side, Xuan Yuu, though unfamiliar with Artifact Refining, could clearly sense something.

With fists clenched, his eyes were filled with intense tension.

"Give up now, this Mid-grade Divine Artifact is still too ambitious for you," the Goddess advised.

At this moment, she felt pity for talents.

This little guy in front of her could very well be the last successor of this Hammer Technique.

If he dies, this Hammer Technique might really disappear forever.

This would be an immense loss for the entire world of Craft Gods.

"I will not admit defeat!"

Yet Xu Nian's eyes were filled with unwavering determination.

Even as his soul began to tremble, he had no intention of giving up.

He must pass this test.

No matter what, he must pocket these five treasures.

Not to mention that Gold Attribute Divine, he must also obtain the Fire Attribute Divine.

Because Zhao Yanyun and Tantai Xun Yan are both Fire Attribute Law Practitioners.

For their sake, he must obtain this Divine Position.

Then there's the Divine Dragon Tripod and the Divine Artifact.

If he can obtain them, they would undoubtedly greatly enhance his strength.

Thus, he would not give up easily on this test.

"If you continue to force the hammering, you will die," the Goddess said angrily.

Yet Xu Nian had no intention of stopping.

The Ten Thousand Divine Hammer Technique continued.

The Goddess shook her head.

Is this guy a lunatic?

"Boom!"

But at that moment, a powerful wave of Soul Power suddenly erupted from Xu Nian.

At this moment, Xu Nian's Soul Power surged like a raging flood.

"Eh, you actually broke through?" the Goddess exclaimed in surprise.

Xuan Yuu was also shocked.

"Mid-stage Immortal Emperor-level Soul Power?" Xuan Yuu thought, shocked.

He, being at the Quasi-Immortal Emperor Level, knew clearly how difficult it was for a breakthrough in Soul Power at the Immortal Emperor Level.

But now his master, though only at the Early Stage Immortal Sovereign, had Soul Power that reached Mid-stage Immortal Emperor.

This was truly unbelievable!

Feeling the breakthrough in Soul Power, Xu Nian was also delighted.

His eyes even more resolute.

He swung the Divine Hammer again, striking six thousand consecutive times.

Finally, he completely finished hammering this Mid-grade Divine Artifact.

A total of eighteen thousand strikes!

This Mid-grade Divine Artifact emitted a strong metallic luster.

At this moment, the Divine Blade appeared like a piece of exquisite artwork.

"Next is the Divine Radiance, Daotian Rat, it's up to you," Xu Nian thought.

"Hmph, kid, this Mid-grade Divine Artifact counts as two," the Daotian Rat said.

"Agreed!" Xu Nian answered without hesitation.

Indeed, a Mid-grade Divine Artifact consumes several times more Divine Radiance than a Low Grade Divine Artifact.

"Buzz!"

A beam of light enveloped this Divine Blade.

The next moment, an extremely powerful Divine Radiance emanated from the Divine Blade.

"Eh, you can actually imbue Divine Radiance into a Divine Artifact, you possess a Chaos Divine Artifact?" the Goddess said in surprise.

Only a Chaos Divine Artifact could imbue ordinary Divine Artifacts with Divine Radiance.

The Goddess did not expect that this little guy before her also had a Chaos Divine Artifact.

Xu Nian smiled slightly and then asked the Goddess, "Have I passed the second test?"

"Passed!" the Goddess replied without hesitation.

Xu Nian's performance had far exceeded her expectations.

Hearing these words, Xu Nian was also delighted.

This test was worth it.

He obtained a Mid-grade Divine Artifact and his Soul Power broke through.

Now, he had great confidence in refining Mid-grade Divine Artifacts.

"Xuan Yuu, this blade is for you!" Xu Nian tossed the Divine Blade to Xuan Yuu.

"Master, this?" Xuan Yuu was shocked.

This was a Mid-grade Divine Artifact.

Master gave it to him just like that?

Before, he never even dared to think that he could possess a Mid-grade Divine Blade.

"I originally refined this for you. I imbued it with Thunder Attribute Divine Radiance. First, recognize it as your master, and then try wielding it," Xu Nian said to Xuan Yuu.

"Thank you, Master!" Xuan Yuu was extremely excited.

Looking at the Divine Blade in front of him, his hands trembled with excitement.

The Goddess, witnessing this scene, admired Xu Nian even more.

Being able to give away a Mid-grade Divine Artifact so generously, there were few who could do such a thing.

Xu Nian, however, smiled carelessly.

Now that he could refine Mid-grade Divine Artifacts, he could make more for anyone who wanted them.

He knew the scales from the Divine Dragon were materials for Mid-grade Divine Artifact refinement.

He could refine a whole bunch of them.

"Senior, is it time for the third test?" Xu Nian asked the Goddess.

"Yes, but this test is different from the previous ones. The next challenge is a true test of life and death," the Goddess said.

"Huh?" Xu Nian showed a puzzled expression.

He could feel the seriousness in the Goddess's eyes.

"How dangerous is it?" Xu Nian asked curiously.

"Divine-level Expert! Your next opponent will be a Divine-level Expert," the Goddess said.

"Divine-level Expert?" Xu Nian's pupils shrank immediately.

How could he possibly be a match for a Divine-level Expert?

Chapter 1617: Demigod-level Puppet

"Divine-level expert?"

Beside him, Xuan Yuu, playing with the Divine Blade, was equally shocked.

How could they possibly defeat a Divine-level expert?

Even if it were an Immortal Emperor Level expert, they probably wouldn't be able to withstand it.

Xu Nian was also deeply frowning.

If it were truly a Divine-level expert, he really had no chance of winning.

No matter the techniques he used, he wouldn't be their match.

The Goddess saw Xu Nian's expression and smiled, saying, "It's not a true Divine-level expert, but a demigod-level puppet. This puppet lacks the Power of Laws and Divine Power, having only formidable physical strength. If you can make it leave this circle, you will be considered victorious."

With a wave of her hand, the Goddess conjured a circle about ten meters in diameter before Xu Nian.

Standing within the circle was a humanoid metal puppet.

"A demigod-level puppet?" Xu Nian exclaimed in shock.

He had once possessed a Sword Immortal Level puppet.

Thus, he had some understanding of puppets.

He didn't expect that there would be a demigod-level puppet here.

Its body emitted an intense metallic luster, giving an impression of unparalleled hardness.

He was certain that this puppet was crafted from artifact refining materials equivalent to a Mid-grade Divine Artifact.

Moreover, the puppet bore many powerful Divine Patterns.

These Divine Patterns were intensely powerful, serving as the puppet's main source of strength.

Among them was one similar to the Power God Talisman Xu Nian had drawn previously.

However, this Power God Talisman was more complete and potent than Xu Nian's.

Confronted with such a mighty adversary, Xu Nian was certain that if he engaged head-on, he would be left defenseless.

Yet if he could drive it out of this ten-meter circle, it would be worth attempting.

"Are you sure you want to do this? This demigod-level puppet is incredibly strong. If you defeat it, not only will all these treasures be yours, but the puppet will also belong to you," the Goddess said.

"Alright, I accept the challenge," Xu Nian replied.

The Goddess nodded with a smile.

"Then let's begin!" With a wave of her hand, the demigod-level puppet's eyes lit up, fixing a fierce gaze on Xu Nian.

Xu Nian instinctively felt a strong sense of danger.

This demigod-level puppet might be a soulless entity, but it exerted a tremendous oppressive force.

However, if he could acquire this demigod-level puppet, it would be an immense asset.

Faced with a mighty Immortal Emperor Level opponent, he could fight on equal terms.

"Whoosh!"

In Xu Nian's moment of daze,

the puppet suddenly sprang into action.

With a stomp on the hall's floor, the tiles formed by Divine Stones cracked instantly.

In the next moment, it rushed at Xu Nian, throwing a punch.

This punch carried an incredibly terrifying storm, bearing the might to destroy the heavens and earth.

Xu Nian immediately entered the Dragon Transformation State, crossing his arms to block.

"Boom!"

Xu Nian sensed an incredibly terrifying force surging through his arms.

He was uncontrollably thrown back, crashing into the hall wall.

The entire hall was caved in by the impact.

"Pfft!"

Blood spewed out from Xu Nian's mouth.

The hardened scale armor on his arms shattered completely.

His arms throbbed with fierce numbness.

If not for his Dragon Transformation enhanced body, akin to a Mid-grade Divine Artifact, he might have been completely obliterated by that punch.

The power was simply too immense.

So immense that Xu Nian couldn't shake it at all.

"How about it? You can still give up now," the Goddess said with a light laugh.

However, Xu Nian ignored her, standing up resolutely.

"Again!"

Xu Nian shouted loudly.

His figure shot forward.

The Earth Attribute Law Power exploded as the Black Hole Law Power amplified to twelve hundred times, concentrating on his fist.

He punched directly at the puppet.

Yet unexpectedly, the puppet nimbly stepped back.

It seized his punch, pulling sharply, throwing him off balance.

Then a frightening knee hit crashed into his abdomen.

"Boom!"

The scale armor on Xu Nian's body exploded like waves.

"Pfft!"

Xu Nian vomited blood uncontrollably.

His entire body felt like it was falling apart, bones shattered in several places.

His bones, rivaling the hardness of Mid-grade Divine Artifacts, were utterly vulnerable against this puppet.

"Bang!"

The puppet swung forcefully.

It sent Xu Nian's entire body flying, smashing him into the wall.

Once more, Xu Nian's form created a huge crater in the wall.

"Master!" Xuan Yuu was in utter shock.

His master seemed so powerless before the puppet.

Despite being physically stronger than their Dragon Clan bodies.

There was no contest whatsoever against this puppet.

"Too strong!" Xuan Yuu thought in awe.

Xu Nian was similarly frustrated.

The puppet's speed and power far surpassed his own.

With these alone, leaving aside driving it out of the ten-meter circle, he couldn't even land an attack.

"So, how is the strength of a demigod-level expert?" The Goddess said, smiling.

Xu Nian could only smile wryly.

A demigod-level expert was truly formidable.

This was without any Power of Laws or Divine Power attached.

If it were a true demigod-level expert, he would probably be dead already.

"Seems I have to get serious," Xu Nian climbed out from the wall's crater.

The Chaos Undying Power within him circulated, gradually healing his injuries.

Moreover, Xu Nian didn't hesitate, activating the Power God Talisman on his chest.

The Power God Talisman appeared, and Xu Nian's body erupted with cracking sounds.

It was akin to thunder roaring inside him.

In that instant, Xu Nian's power surged dramatically.

"Oh, he can use Divine Talisman power?" The Goddess appeared surprised.

She hadn't expected this kid from the Immortal Realm could wield the power of a Divine Talisman.

Even though it was not even a semi-finished Power God Talisman.

But it was beginning to take form.

"So strong, is this Master's true strength?" Xuan Yuu was once again astonished.

Xu Nian's use of Space Law had already left him marveling.

Now Xu Nian was utilizing the power of a Divine Talisman.

To Xuan Yuu, Xu Nian seemed to have endless trump cards.

Taking them down would be effortless for Xu Nian.

"Buzz!"

Xu Nian rushed towards the puppet with speed.

The puppet remained expressionless, throwing a punch at Xu Nian.

"Boom!"

Its punch shook the air, the air-formed fist print blasting into the hall wall, creating a huge crater.

But Xu Nian's figure vanished.

"Hmph!"

Xu Nian suddenly appeared behind the puppet.

He punched its back.

The Power God Talisman activated, the power actually...

Instantly drove the puppet forward.

It seemed it would step out of the ten-meter circle.

Yet as the puppet neared the edge, an illusion at its foot allowed it to stand firmly within the circle once more.

Chapter 1618: Trial Passed

"Oh, failed? What a pity!"

Xuan Yuu looked at the Demigod-level Puppet that was just one step away from stepping out of the circle, his face immediately showing a look of disappointment.

Xu Nian also furrowed his brow.

Unexpectedly, this puppet could actually use a body skill.

It seems that this is also due to the divine talisman on it.

Just when the puppet was about to step out of the circle, it used a body skill to dissipate all the force on its body.

"It seems that trying to knock it out of the circle won't be that easy," Xu Nian muttered to himself.

"Whoosh!"

Just as Xu Nian was contemplating.

The Demigod-level Puppet suddenly appeared in front of him with a bizarre movement, throwing a punch directly at him.

"So fast!"

Xu Nian was greatly startled.

He hastily used the Space Law, trying to retreat into the void.

"Bang!"

However, the puppet's punch still landed squarely on his chest.

"Pfft!"

Xu Nian spewed a mouthful of blood once more desperately.

His body collided with the wall again.

If it weren't for the puppet being unable to leave the circle, he would have already been killed by it.

"How could this be? I just clearly retreated into the void; how could this Demigod-level Puppet still hit me?" Xu Nian thought in shock.

Just now, he had clearly hidden in the nihility space.

The nihility space was a space Xu Nian had created temporarily.

It was above the real space, and generally without his permission, or without someone proficient in the Space Law, it was very difficult to detect this nihility space.

But just now, the Demigod-level Puppet's punch clearly penetrated the nihility space and struck him.

To him, this seemed utterly impossible.

"Haha, isn't it amazing? Actually, before you entered the nihility space, he had already hit you, but you didn't feel it. After you entered the nihility space, that feeling appeared, giving you the illusion he penetrated the nihility space," the Goddess laughed.

"Huh? Impossible, how could my reaction be so slow? Could it be the Time Law?" Xu Nian wondered in confusion.

"It's not that your reaction is slow, nor is it the Time Law. It's a skill granted by the divine pattern on this Demigod-level Puppet, allowing your perception to be delayed for an instant, giving you that moment of illusion," the Goddess chuckled.

"Delayed perception?" Xu Nian felt speechless immediately.

This puppet's strength and speed were already terrifyingly formidable.

It could even delay his perception by an instant, which was just too abnormal.

How was he supposed to fight this?

Xu Nian was speechless inside.

He had even used the Power God Talisman, yet was still unable to shake this Demigod-level Puppet.

The gap was just too large.

Moreover, if this puppet wanted to kill him, he would probably have been long dead.

"I told you a long time ago that this third test would be extremely difficult. If you give up, you can choose three out of these five items," the Goddess smiled.

But Xu Nian's gaze was resolute.

He wanted all five of them.

So he couldn't just give up like that.

"Hmph! I don't believe I can't move you," Xu Nian snorted coldly.

He immediately took out a drop of Earth Attribute Divine Power Liquid.

In the next moment, the divine power from the liquid was absorbed.

A surge of extremely strong divine power emerged from Xu Nian's body.

His body even naturally floated up, enveloped in a powerful divine aura.

"So strong, the master's absorption of divine power has probably reached about eight percent," Xuan Yuu exclaimed in surprise.

His absorption of divine power was only about four percent.

But because Xu Nian's soul realm was extremely powerful, having reached the Mid-stage Immortal Emperor, his absorption of divine power had already reached eight percent.

Eight percent divine power was already an enormous amount of power.

At this moment, Xu Nian's strength, if not Mid-stage Immortal Emperor, could at least contend with an Early-stage Immortal Emperor expert.

"Using divine power?" the Goddess smiled slightly.

A hint of anticipation appeared on her lips.

Xu Nian, under the simultaneous enhancement of the Power God Talisman and the Divine Power Liquid, stepped into the nihililty space.

The Demigod-level Puppet immediately prepared itself.

"Buzz!"

Xu Nian's figure appeared directly behind the Demigod-level Puppet.

His fist, infused with both Power God Talisman and Earth Attribute Divine Power, smashed fiercely toward the puppet.

The Goddess shook her head.

"Will it succeed?" Xuan Yuu looked on with anticipation.

"Buzz!"

However, just as Xu Nian launched his punch.

The Demigod-level Puppet dodged Xu Nian's attack by flashing its body.

Appearing behind Xu Nian and punching him in the back.

"Bang!"

Xu Nian's body exploded instantly.

"What?" Xuan Yuu was shocked.

Did the master die?

The Goddess sighed helplessly.

But in the next moment, she was astonished.

Because she found that the Xu Nian hit by the puppet scattered into soil on the ground.

"Elemental Avatar?" the Goddess exclaimed.

"Buzz!"

Right at that moment.

Xu Nian reappeared directly.

In his hand, he held a Divine Hammer, imbued with extremely powerful force.

This time, Xu Nian unleashed all his power, betting everything on it.

Black Jade Power, Power God Talisman Power, and divine power all stacked together.

His power had soared to an extreme state.

"Boom!"

The puppet, having just completed an attack, didn't have time to react.

Xu Nian's Divine Hammer slammed directly into the puppet's chest.

"Boom!"

The powerful force instantly blasted the puppet away.

"Crash!"

The puppet slammed into the wall behind.

The Demigod-level Puppet hit the wall, creating a large crater.

But for the puppet, it wasn't harmed at all.

It stood up completely intact.

"Not bad, congratulations on completing the third stage test," the Goddess looked at Xu Nian and said.

Xu Nian was completely exhausted at this point.

That last move continuously drained him of divine power and all the Immortal Essence Power within him.

Even the Power God Talisman had thoroughly exhausted its origin power, no longer usable.

Of course, the gains were tremendous.

By overcoming this third stage, he could obtain these five treasures.

And also get a Demigod-level Puppet.

"Since you've passed these three stages, all five treasures shall be yours, along with the puppet's control imprint," the Goddess smiled.

With a wave of her hand, the five treasures flew in front of Xu Nian.

Xu Nian's eyes lit up suddenly.

Having these five treasures in hand would rapidly enhance his strength.

"Buzz!"

Xu Nian immediately placed the Fire Attribute Divine Position into the Chaos Divine Palace.

Inside the Chaos Divine Palace, Zhao Yanyun was sitting cross-legged in cultivation.

Suddenly, a divine position appeared before her.

"Yanyun, refine this divine position," Xu Nian's voice echoed in the Chaos Divine Palace.

"Divine position?" Zhao Yanyun exclaimed, astonished.

This was the legendary divine position.

Chapter 1619: Heaven and Earth Phenomenon

Zhao Yanyun never expected that while cultivating, a Godhood would descend from the heavens upon her.

"Thank you, my husband. Now, I can join you in the Divine World in the future." Zhao Yanyun said excitedly.

Regarding Xu Nian entering the Divine World, she always had strong confidence.

Thus, in her heart, there was always a certain worry.

But upon seeing this Godhood, many of her concerns naturally vanished.

Moreover, with this Godhood, she could also assist Xu Nian.

"When you have time, just properly reward your husband." Xu Nian's voice echoed.

Zhao Yanyun's face blushed deeply.

Then she began to refine this Godhood.

The Fire Attribute Principle on this Godhood was also strong, a rather formidable Red Scorching Monarch Principle among Second Grade Fire attributes.

So, trying to refine this principle wasn't an easy task.

Having managed the Fire Attribute Divine Position, Xu Nian turned his gaze to the Gold Attribute Divine Position.

"This Gold Attribute Divine Position should be given to Shangguan Yao, but definitely not for free; she must exchange something for it." Xu Nian silently pondered.

At present, there was no one beside him who needed a Gold Attribute Divine Position.

Therefore, this Divine Position was still surplus to him for now.

Xu Nian placed the Gold Attribute Divine Position into his storage ring.

Then he looked towards the huge tripod.

Divine Dragon Tripod!

A legendary cauldron said to be able to forge Divine Artifacts?

Xu Nian was filled with anticipation regarding this tripod.

Perhaps in the future, he could really use this cauldron to forge mighty Divine Artifacts.

Xu Nian also stored the Divine Dragon Tripod in his storage ring.

Then his gaze fell on the God Sword.

"Is this a Divine Artifact? What a powerful sensation, much stronger than any Divine Artifact." Xu Nian pondered.

At the moment he held the God Artifact, he distinctly felt a vast power surging within it.

The Divine Radiance on it was not merely Divine-level but God-level.

The power contained within was exceedingly terrifying.

"This sword is named Wu Hen, my most prized creation. It's suitable for Wind Attribute and Gold Attribute Laws, so it should be perfectly fitting for you." said the Goddess's Soul Mark.

Xu Nian nodded.

This sword was indeed more suitable for him.

Compared to the Divine Sword he acquired outside, the power of the God Sword was ten times more potent.

"Buzz!"

With a thought, this God Sword was drawn into his Dantian, nurtured with the Power of Chaos Green Lotus.

Only this way could he better control this God Sword.

Of course, wielding this sword would consume enormous power.

Therefore, Xu Nian wouldn't use it unless absolutely necessary.

"Next is this Divine Pill." Xu Nian looked at the last Divine Pill.

"This is the Sealing God Pill, typically taken by Divine-level experts to enhance their cultivation. You ought to consume it at the Immortal Emperor Level; using it at Immortal Sovereign Level might be unbearable," the Goddess advised.

"No need, I shall consume it now." Xu Nian murmured.

After the recent battle with the puppet, he felt his strength was far behind.

Since his Soul Cultivation had reached Mid-stage Immortal Emperor, he had no reason to allow his cultivation to stagnate further.

"Buzz!"

Xu Nian promptly took out the Divine Pill.

Once the Divine Pill appeared, a terrifying surge of immortal power rolled through the Divine Hall like a tidal wave.

The formidable energy churned within the great hall like an ocean.

"Such vast power. I wonder to what extent this Divine Pill can elevate my cultivation," Xu Nian pondered.

Thus, Xu Nian directly swallowed the Divine Pill.

"Ah, did the master consume it?" Xuan Yuu was equally astonished.

Xu Nian's power was already immensely formidable.

It's truly unknown what earth-shattering changes would occur after consuming this Divine Pill.

By then, perhaps few from the younger generation could rival him.

The Goddess too was curious as to what level Xu Nian's cultivation would rise after consuming the pill.

At least to the Quasi-Immortal Emperor Realm?

"Boom!"

As Xu Nian swallowed the Divine Pill, the tremendous power erupted within his body.

Without hesitation, Xu Nian applied the Dan Sea Species Green Lotus Technique.

The terrifying energy was instantaneously absorbed by him.

"Roar!"

The Divine Pill transformed into ten colossal dragons rampaging through Xu Nian's body.

Each dragon was incredibly mighty.

Yet Xu Nian was exceedingly bold.

He harnessed the Power of Laws to bind one of the dragons.

The Chaos Green Lotus burst forth with brilliant light, a terrific suction emanated.

Madly absorbing the dragon's power.

Time slowly passed.

One dragon was soon drained.

Xu Nian immediately moved on to the next.

Eventually, he absorbed two simultaneously.

"Boom!"

Xu Nian's body was like ten thousand thundering explosions.

While a boundless radiance emanated from him.

Purple energy spiraled around.

Divine light soared.

"Boom!"

At that moment, celestial radiance covered the entire Po Suo Mountain.

Countless strong forces were drawn to this commotion.

Heaven and Earth Phenomenon?

Could it be that a treasure has appeared?

One by one, Immortal Emperor experts deployed.

Powerful entities from the Immortal Realm, Nether Realm, Demon Realm, and Devil Realm gathered beneath Po Suo Mountain.

As they observed this Heaven and Earth Phenomenon, they were each astounded.

Is this the Heaven and Earth Phenomenon transmitted from a Divine Miracle?

Could such a powerful treasure exist within the confines of this Divine Miracle?

Xu Nian remained unaware of the external changes.

At this moment, he was utterly immersed in cultivation.

The Chaos Green Lotus within him grew wildly and reached ten feet in height.

The lotus had already become a flower bud, seemingly on the verge of blooming.

The area around the Chaos Green Lotus radiated extremely potent green-gold energy.

His Dantian was chaotic, filled with exceedingly powerful energy.

"Boom!"

Xu Nian's cultivation soared rapidly.

Middle-stage Immortal Sovereign!

Late-stage Immortal Sovereign!

Immortal Sovereign Peak!

It finally stopped at Immortal Sovereign Peak.

"Seems most of the energy was absorbed by the Chaos Green Lotus, failing to break through to Quasi-Immortal Emperor Level," Xu Nian pondered.

However, being able to consecutively advance three levels, this was already a significant enhancement for him.

"Such a powerful sensation." Xu Nian sensed the boundless force within him.

His heart was filled with excitement.

At this moment, he felt his internal Immortal Essence Power was not much different from the usual Mixed Element Power.

The capacity even seemed richer than that of typical Quasi-Immortal Emperor experts.

"Oh, only rose to Immortal Sovereign Peak, what cultivation technique is this?" The Goddess showed a surprised expression.

Conceivably, the energy drawn from the Divine Pill was sufficient to elevate Xu Nian to a Quasi-Immortal Emperor Level.

But now only rising to Immortal Sovereign Peak.

In the process, Xu Nian didn't waste the Divine Pill's energy at all.

This instantly made the Goddess feel Xu Nian's cultivation technique was incredibly unique.

Xuan Yuu nearby was also astounded.

A single Divine Pill merely elevated to Immortal Sovereign Peak.

How terrifying must this cultivation technique be?

Chapter 1620: Divine Demon Essence Blood

Xu Nian held the Divine Sword, attempting to slash out a strike.

In an instant, a terrifying Sword Radiance shot forth.

"Such a frightening Sword Radiance," Xuan Yuu gasped in shock.

The power of this strike was something he probably couldn't withstand.

It was simply too strong.

And this was without using any Power of Laws.

If used, the power would likely be even more terrifying.

"Boom!"

A loud explosion.

A deep sword mark instantly appeared on the wall of the grand hall.

Seeing this scene, Xu Nian's face also showed a look of joy.

Sure enough, the power of the Immortal Essence within him had already surpassed the Mixed Element Power.

A Quasi-Immortal Emperor Level expert, in front of him, could not claim any advantage at all.

He was now at the Immortal Sovereign Peak, and once he broke through to the Quasi-Immortal Emperor Realm and the Mixed Element Power was born within him, that would truly be a terrifying time.

Moreover, Xu Nian also discovered the cyan-golden power that lingered around the Chaos Green Lotus in his dantian. Once activated, this power was a hundred times more terrifying than his Immortal Essence.

It could completely be used as a trump card.

This round of enhancement had brought a qualitative leap to his strength.

"Thank you, Goddess," Xu Nian gratefully looked at the Goddess and said.

If it weren't for the Goddess's legacy, he probably wouldn't have been able to enhance his cultivation so quickly.

Nor would he be able to obtain so many treasures.

"You flatter me; all this is the result of your own efforts. With my legacy in your hands, I have no regrets," the Goddess said with a smile.

To her, Xu Nian was the perfect inheritor.

"Senior, are you really dead? Since you have a Soul Mark and Godhood, why not choose to revive?" Xu Nian asked curiously.

"It's useless. What you see now is just an ordinary Soul Mark of mine, not an Origin Mark. In fact, the origin of my soul has long vanished," the Goddess said.

"Then, Senior, what is this mark?" Xu Nian asked in surprise, opening his palm.

"This is exactly what I want to talk to you about next. This is the mark of our Divine Craftsman Sect. By obtaining it, you are considered a member of our sect," the Goddess said.

"Divine Craftsman Sect?" Xu Nian was somewhat puzzled.

Could this be a power from the Divine World?

"Yes, the Divine Craftsman Sect is a sect in our Divine World. Almost everyone in this sect is a Divine Craftsman. However, the sect has a high degree of freedom and is not too restrictive, so you need not worry too much," the Goddess said.

Xu Nian nodded.

"Would you tell me about the Divine World, Goddess?" Xu Nian asked curiously.

He still knew nothing about the Divine World.

He had asked Emperor Ye Tian about it before, but Emperor Ye Tian remained silent.

So he could only inquire of the Goddess before him.

"The situation in the Divine World? It seems you have quite the ambition. In that case, I'll briefly tell you about it," the Goddess said.

"Thank you, Goddess," Xu Nian immediately replied.

Knowing the situation in the Divine World sooner would help him prepare when he eventually entered it.

"Actually, the Divine World is divided into two major factions: Ancient Gods and New Gods. The so-called Ancient Gods are the natives of the Divine World. They are born there and are the original

inhabitants. The New Gods are those who ascended later. The Ancient Gods are very proud; not only are they incredibly powerful, but they also control the mightiest Divine Talisman power, creating Divine Talisman Weapons. But as more and more New Gods ascended, the Ancient Gods' faction could no longer suppress the New Gods," the Goddess explained.

Hearing this, Xu Nian was also quite astonished.

Ancient Gods and New Gods.

It seemed the Divine World also had significant conflicts.

"Does that mean, Senior Goddess, that you are also a New God?" Xu Nian asked in surprise.

"Yes, but I ascended to the Divine World ten billion years ago," the Goddess laughed.

"Ten billion years ago?" Xu Nian was startled.

"Ten billion years isn't early; many New Gods in the Divine World ascended hundreds of billions or even several eras ago. As for the Ancient Gods, they were born even longer ago, perhaps a hundred thousand eras ago. The Ancient Gods are too powerful and are the favored ones of the Divine World. They have powers that New Gods cannot control. Fortunately, they have a low birth rate; otherwise, there would be no room for New Gods to survive in the Divine World," the Goddess said with some emotion.

"What are the factions of the Ancient Gods, and what are those of the New Gods?" Xu Nian asked curiously.

"You'll have to explore that for yourself when you reach the Divine World. I'm sure your master has reasons for not telling you," the Goddess said.

Xu Nian felt a bout of awkwardness.

"Still, thank you, Goddess. May I know your name?" Xu Nian asked curiously.

"I am Qing Yue; remember my name. Consider it a way to carry a message from the Divine Craftsman Sect," the Goddess said with a smile.

Qing Yue?

A beautiful name.

Xu Nian thought to himself.

"Well, my mission is complete. It's time for me to disappear. By the way, I'll give you a hint: you can go through this door directly to a main hall in the rear. There's something good there that might help you. But the others who came with you have already gone in, so whether you can seize it depends on your fortune," the Goddess said with a smile.

With that, her figure vanished from where she stood.

And on the wall of the palace in front of him, a door appeared.

"Main hall?" Xu Nian showed a look of curiosity.

Couldn't believe there were other good things in this Divine Miracle?

"Let's go, Xuan Yuu, we should join them. Don't speak of my affairs for the time being," Xu Nian said.

"Yes, Master!" Xuan Yuu promptly replied.

Just now, while Xu Nian was refining the Divine Pill, Xuan Yuu was not idle either.

He absorbed the essence blood of the Divine Dragon, greatly enhancing his body.

His strength also improved considerably.

At this moment, he possessed an aura of the Divine Dragon.

Xu Nian was very satisfied with Xuan Yuu as well.

So he pushed open the door and walked into the main hall the Goddess mentioned.

Upon entering the main hall, Xu Nian saw a palace a hundred times larger than the previous one.

If not for the structure above, he would have thought it was outdoors.

In the main hall, quite a few people had already gathered.

These people were the previous Four Realms' experts.

In front of them stood a giant Divine Beast Statue.

In the mouth of the Divine Beast Statue, there was a floating Godhood.

"Huh? The third Godhood? And it's Wind Attribute?" Xu Nian was astonished.

Didn't expect there to be a third Godhood in this Divine Miracle.

The experts of the Four Realms had eyes full of intense desire.

To them, the Godhood had a deadly appeal.

But what truly shocked Xu Nian was not this Godhood.

It was the essence blood next to the Godhood.

This essence blood emanated an incredibly powerful surge.

"This is... Ancient Demon Essence Blood?"

Xu Nian's pupils shrank instantly.

True Ancient Demon Essence Blood!
