

Divine King 1631

Chapter 1631: Destruction Before Creation

"How many divine positions did you obtain this time at the divine miracle?" Taichu Immortal Emperor looked at Xu Nian and asked.

"A total of three!" Xu Nian answered truthfully.

"Three? So aside from Wind Attribute and Gold Attribute, there's also a Fire Attribute divine position?" Taichu Immortal Emperor pondered and said.

"Yes, Master!" Xu Nian nodded.

"Very well, it seems you gained quite a lot during this divine miracle. However, I still must remind you, you'd better not refine the divine positions. With your talent, you should be able to become a god on your own. How many types of laws have you mastered now?" Taichu Immortal Emperor asked.

"Five types!" Xu Nian nodded.

"Five types?" Taichu Immortal Emperor was startled.

It was truly unimaginable that Xu Nian had cultivated five types of laws.

"Yes, they are Gold Attribute, Fire Attribute, Wind Attribute, Earth Attribute, and Spatial Attribute." Xu Nian replied.

Taichu Immortal Emperor frowned.

Xu Nian had actually cultivated five laws, each of a different attribute.

"Your cultivation is too complicated. When you become a god in the future, if you wish to continue cultivating, you will need to be mindful of this." Taichu Immortal Emperor said.

"Please guide me, Master." Xu Nian quickly said.

"Once a divine position merges with a divine body, that divine body can only cultivate one law in the future. Therefore, if you wish to cultivate five types simultaneously, you must re-form a divine body. So, when the divine position descends, it's best not to introduce it into your body. Once it's inside, you won't be able to cultivate your other attributes." Taichu Immortal Emperor explained.

Xu Nian realized and nodded.

A single divine position in the body means other attributes cannot be cultivated in the future.

Fortunately, Taichu Immortal Emperor informed him of this.

Otherwise, he would truly be unaware.

"Then, are these divine bodies self-gathered, or do they need a suitable body?" Xu Nian continued to ask.

"The reward from a divine position means you have crossed a divine tribulation. You can use divine power to gather a divine body, but this type of divine body is ordinary. If you want a powerful divine body, it's best to find a suitable body first for your avatar." Taichu Immortal Emperor said.

Xu Nian understood.

Just like the Divine Demon Avatar, he can be his Earth Attribute body.

The Undying Devouring Sky Beast can be his Spatial Attribute body.

For the rest, he needs to find a body for Fire Attribute, Wind Attribute, and the Fire Attribute body.

As for his main body, it's best not to merge with a divine position.

This way, he can continue to cultivate any upcoming attribute laws.

"The matter of the divine position avatar, you consider it yourself. I just wanted to remind you, so you know this. Now, what I want to discuss with you is the purpose of my visit today." Taichu Immortal Emperor said.

His expression was exceptionally serious.

Xu Nian instinctively felt that what Taichu Immortal Emperor was about to say would be extremely important.

"Both Fuhua Immortal Emperor and I plan to cross the divine tribulation." Taichu Immortal Emperor suddenly said.

"What?" Xu Nian was suddenly shocked.

He didn't expect Taichu Immortal Emperor to say this.

This was indeed too sudden.

"When?" Xu Nian quickly asked.

"Mine is still early, ten years away. Fuhua's is sooner, just three years away." Taichu Immortal Emperor replied.

Three years?

That is indeed soon.

"What about Shendang Mountain? Once Fuhua Immortal Emperor crosses the divine tribulation, and succeeds, he will ascend to the Divine World, right?" Xu Nian asked in surprise.

"Yes, this is also why I came to find you. At most, I can protect you for another ten years. After ten years, I will cross the divine tribulation. By then, you must shoulder the responsibility alone. At that time, Shendang Mountain will depend on you, even the entire Immortal Realm will rely on you for support." Taichu Immortal Emperor said.

Xu Nian was taken aback.

Does he have such great abilities?

"Where does Fuhua Immortal Emperor plan to cross the tribulation?" Xu Nian asked curiously.

"When the time comes, he will cross it at Shendang Mountain and invite other Immortal Emperors from the Immortal Realm to observe. If he succeeds, Shendang Mountain's status will rise but if he fails, Shendang Mountain will be shaken." Taichu Immortal Emperor explained.

Xu Nian nodded.

Crossing the divine tribulation has a tremendous impact on a force.

Fuhua Immortal Emperor's decision to cross the tribulation is certainly a very risky choice.

"Will anyone interfere? Crossing the divine tribulation allows no room for mistakes." Xu Nian said.

"Typically, no, but if the other three realms discover, they might intervene. As for those from the Immortal Realm, unless they go mad, they usually won't act. Intervening in the divine tribulation means being drawn into it, which is a certain death situation." Taichu Immortal Emperor stated.

Xu Nian nodded.

"Master, I have a top-grade divine sword. If you don't mind, you can take it." Xu Nian suggested.

However, Taichu Immortal Emperor shook his head in refusal.

"No need. Both Fuhua and I have enough divine artifacts. These artifacts have been nurtured by our own mixed-element immortal power. Though not top-grade, they are mid-grade and very suited to us." Taichu refused.

"Alright then!" Seeing Taichu Immortal Emperor's refusal, Xu Nian did not insist further.

"What I want to tell you is, in similar situations like today, ten years later, you will have to face them on your own." Taichu Immortal Emperor said.

Xu Nian solemnly nodded.

Ten years is sufficient for him.

"Your cultivation is strong, but what you lack is law comprehension. Cultivating five laws simultaneously slows your progress considerably." Taichu Immortal Emperor said.

Xu Nian nodded.

He had thought about this too.

His current comprehension is only at the Law Success Realm. Compared to some strong individuals, his power of laws is indeed weak.

"However, I have a method to help you enhance your insight cultivation quickly." Taichu Immortal Emperor suddenly said.

"What method?" Xu Nian eagerly asked.

"Seal your cultivation, seal your physical strength, refrain from using any divine artifacts or divine talismans, and venture into the Immortal Realm, relying solely on the power of laws. This way, your laws will improve quickly." Taichu Immortal Emperor explained.

"What? Seal my cultivation and physical strength, refrain from using divine artifact and divine talisman powers? Then, indeed, only the power of laws left." Xu Nian murmured to himself.

"You have too much external force on you, causing you to rely on them to a certain extent. Sealing these can help you focus on improving the power of laws. Of course, this is very dangerous. If enemies seek to kill you, you might hardly survive. But doing so is the most effective method for you now." Taichu Immortal Emperor stated.

"Alright, I am willing to do this!" Xu Nian thought for a moment and nodded.

"Very well, I will help you seal your cultivation and physical strength for a period of three years. If you truly face life-threatening danger, crush this talisman to break the seal. But doing so means you fail the test." Taichu Immortal Emperor said.

"Alright!" Xu Nian nodded.

His gaze was extraordinarily firm.

Master Taichu was completely right; the treasures he harbored formed significant reliance.

This reliance severely impedes the enhancement of his power of laws.

He must abandon these things to break and then establish anew.

Chapter 1632: A Mortal's Cultivation

Ten days later.

Xu Nian's figure appeared in a wilderness within the Immortal Realm.

At this moment, Xu Nian had no cultivation, and the abundant power of his blood and energy was also sealed.

Apart from his tough skin, his physical strength was no different from that of an ordinary Heavenly Immortal.

In the Immortal Realm, a physical body comparable to a Heavenly Immortal is akin to that of a mortal.

"I've never felt so weak before," Xu Nian said with a wry smile.

Now, he couldn't even utilize his Divine Artifacts.

Fortunately, he knew the Earth Attribute Shrinking Ground Principle.

Otherwise, he would have to travel step by step.

The territories of the Immortal Realm are so vast, he feared he wouldn't leave a domain in three years.

"However, without Immortal Essence and the power of the Divine Talisman, my perception of the Power of Laws is indeed much clearer than before; it seems my focus on the Power of Laws was truly lacking," Xu Nian muttered to himself.

Now, the only power he could rely on was the Power of Laws.

Of course, even if he only relied on the Power of Laws, his strength would be at least at the middle-stage or even late-stage Immortal Sovereign level.

After all, the level of the Law Heart is not something an ordinary Immortal Sovereign can achieve.

"Did Master drop me into the Tianjian Immortal Domain? The place where I ascended?" Xu Nian looked around.

He realized this was the peripheral area of the Tianjian Immortal Domain where he ascended.

It was also here that he met Luo Bing.

"Master is having me retrace my steps back to Shendang Mountain, but even if I'm sealed now, I'm not that weak," Xu Nian said with a smile.

"Whoosh whoosh whoosh!"

Just then, several figures rapidly flew over his head.

One of them glanced at Xu Nian and, seeing he was just a mortal, flashed a look of disdain and then ignored him.

"Looks like they've mistaken me for a mortal," Xu Nian thought with a wry smile.

There are mortals in the Immortal Realm, though they are few, they do exist.

After all, there are people in the Immortal Realm who cannot cultivate.

"These people should be disciples of the Tianjian Sect, but from their appearance, they seem to be fleeing for their lives," Xu Nian thought to himself.

"Whoosh whoosh!"

At this moment, a not-too-big Immortal Ship flew over.

On the ship stood two striking women and a handsome young man.

The short female and the handsome young man were both at the peak of Profound Immortal level, while the taller woman's cultivation had reached the early stage of Luoxian.

Their arrival did not escape Xu Nian's soul perception.

But what surprised him was that when the three flew overhead, they slowed down.

"Hmm, what's a mortal doing here?" the tall woman questioned.

"Sis, hurry up and escape, if we don't escape now, it'll be too late, why bother about a mortal?" the young girl urged.

"Yes, senior sister, forget about the mortal, if such ants die, so be it," the young man echoed.

"No, that Immortal Beast behind us was attracted by us, we can't involve the mortal," the tall woman countered.

The next moment, she controlled the Immortal Ship to fly toward Xu Nian.

"So it's a Red Fire Lion, no wonder they're fleeing, this Red Fire Lion's cultivation is probably at the peak of Luoxian, yet these people provoked it," Xu Nian thought, amused.

"Hmm, why are they flying toward me?" Xu Nian watched as the ship turned and flew toward him.

Xu Nian frowned slightly.

Could it be that these three people are going to make a move against me?

But I'm just a mortal now, right?

"Whoosh!"

The Immortal Ship stopped beside Xu Nian.

The tall female immediately gestured to Xu Nian, "Get on."

Xu Nian was taken aback.

"Sis, could this person be an idiot? Forget about him, that Red Fire Lion is about to catch up," the young girl urged immediately.

Seeing the lion about to catch up, she was extremely anxious inside.

"Yes, senior sister, if we don't leave now, it'll be too late," the handsome young man quickly said.

He shot Xu Nian a fierce glare after speaking.

Xu Nian realized what was happening.

This woman intended to save him.

Thinking about it, Xu Nian couldn't help but find it absurd.

"Get on!" the woman called out again to Xu Nian.

Saying this, a trace of immortal power transformed into a rope wrapping around Xu Nian's waist, then directly pulling him onto the Immortal Ship.

"Roar!"

At that moment, the Red Fire Lion also chased up to them.

The distance between them was merely a hundred feet.

"Go!"

The woman immediately urged the Immortal Ship to flee.

But the Red Fire Lion's speed was too fast, instead of the distance increasing, it was closing in.

"It's over, we're doomed this time," the young girl said in despair.

"It's all your fault, it's the trouble caused by a true mortal, why stay here?" The handsome young man immediately glared furiously at Xu Nian, eyes filled with anger.

Unable to lash out at the woman, he could only vent his frustration on Xu Nian.

Xu Nian, however, remained calm.

"Enough, it was my decision to save him, it's not his fault," the tall woman reprimanded immediately.

The young man, hearing this, could say nothing further.

However, his eyes remained filled with resentment when looking at Xu Nian.

"Roar, humans, die!"

The Suan Ni had already charged.

Flames surged from its body.

The woman's brows furrowed deeply.

"I'll hold it off, you guys go," the woman said.

"No, Sis, you'll die doing this," the young girl immediately countered.

"Fine, senior sister, you hold on, I'll go call Master!" The handsome young man suggested instead.

Then he immediately flew off the Immortal Ship, darting forward at high speed.

Seeing this, the woman and young girl both showed a hint of disappointment in their eyes.

They never imagined their junior brother would be so selfish and fearful of death.

"Ling'er, you should go too!" the tall woman urged.

"No, I'm not leaving, I'd rather die with Sis," the young girl insisted.

The tall woman felt extremely helpless.

She knew the young girl's personality, once she decided on something, she wouldn't change it.

Watching the rapidly approaching Suan Ni, a trace of helplessness also flashed in the tall woman's eyes.

The young girl was equally tense, ready to face death.

At this moment, they'd completely overlooked Xu Nian.

Xu Nian couldn't help but chuckle.

Looking at the Red Fire Lion.

"Buzz!"

With a thought.

A terrifying Golden Element Sword suddenly descended from the sky.

Directly pinning the Red Fire Lion to the ground.

"Huh?"

The young girl and tall woman both changed their expressions.

"This is Law Manifestation?" the tall woman exclaimed in surprise.

"It really is Law Manifestation, which senior made a move?" the young girl looked around in surprise.

The tall woman also began to search.

Finally, she set her eyes on Xu Nian.

Xu Nian, however, feigned a bewildered look.

"Sis, you suspect him? He's just a mortal, how is that possible?" the young girl immediately refuted.

The tall woman shook her head, "It definitely can't be him. To reach Law Manifestation, it would require at least an Immortal King level, must be some expert passing by."

Then she glanced away from Xu Nian.

Xu Nian found it amusing.

If it wasn't him who made the move, then who was it?

Indeed, during these ten days, Xu Nian had been studying the Gold Attribute Law.

Now his understanding of the Gold Element Law had reached the level of Law Manifestation.

Just enough to slay the Red Fire Lion at the peak of Luoxian level.

Chapter 1633: Freedom Realm

"Wow, such a large Immortal Embryo, and the energy remains completely intact."

The little girl pried open the belly of the Red Fire Lion and took out the Immortal Embryo.

However, the Soul Power on the Immortal Embryo had already vanished.

When Xu Nian killed the Red Fire Lion, he infused a trace of his Soul Power.

Directly annihilating the soul of the Red Fire Lion.

The attack of the Golden Element Sword only targeted the physical body, so it didn't harm the Immortal Embryo.

Seeing the little girl so excited at this moment, Xu Nian found it amusing.

"The Immortal Embryo from this Red Fire Lion is indeed precious; it can be exchanged for a lot of Immortal Marrow," the little girl said excitedly again.

"The Red Fire Lion is full of treasures; its Scale Armor can be refined into Immortal Armor. Its blood can be refined into Immortal Pills. We have gained tremendously this time," the tall woman said with a smile.

Xu Nian saw this scene and couldn't help but smile.

Indeed, for them, a Red Fire Lion of Luoxian Peak Level was already a great treasure.

But for him, this Red Fire Lion held no value at all.

Thus, he had no interest in the Red Fire Lion.

This scene fell into the eyes of the little girl, and she sneered at him.

"Mortals are really mortals, such a precious thing, and they don't care at all," the little girl scoffed.

Xu Nian heard this and felt both amused and helpless.

"Liu Ling, don't be so rude. Mortals aren't necessarily bad," the tall woman said.

"I'm just telling the truth. Mortals are shortsighted. I really don't understand why you're always speaking for him. He was saved by you; has he ever expressed a word of gratitude?" Liu Ling retorted, not reconciled.

The tall woman glanced at Xu Nian, then turned and said to Liu Ling, "This Red Fire Lion was actually attracted by us, so he's not apologizing as he should."

"Anyway, I just find him annoying; he almost cost us our lives. And Bai Yu, that guy, left us and ran away on his own, what a beast! I'm definitely going to tell our Master when we return," Liu Ling said indignantly.

The tall woman shook her head helplessly.

She turned and asked Xu Nian, "Where are you going?"

"I'm going to Tianjian City!" Xu Nian replied.

"Tianjian City? We're heading there too," the tall woman said, surprised.

"Sis, you aren't planning to bring him along, are you?" Liu Ling asked urgently.

"We're on the way anyway, bringing him along is just convenient. If we let him walk alone, as a mortal, it might take him ten years to reach Tianjian City," the tall woman said immediately.

"With him, it might take a lifetime; perhaps he'd be eaten by Immortal Beasts halfway," Liu Ling sneered.

"Yeah, so we should help him. With our speed, we should reach Tianjian City within a month," the tall woman said.

"Sis, why do you insist on meddling with a mortal's life?" Liu Ling said with a displeased expression.

"Have you forgotten Master's teachings? To do good deeds for a longer journey in cultivation? You think if we didn't help him, would that high person have assisted us in killing the Red Fire Lion?" The tall woman's face turned cold.

Liu Ling was sullen and had nothing left to say to refute.

Xu Nian remained silent, but the tall woman's words touched him somewhat.

In the Immortal Realm, there are indeed few Immortals who teach people to do good deeds.

And those capable of putting such teachings into action are even rarer.

People like this tall woman are truly rare.

"What's your name?" The tall woman looked at Xu Nian and asked.

"Xu Han!" Xu Nian replied.

"I'm Lu Xue, and this is my younger sister Liu Ling," the tall woman smiled.

"Lu Xue? You're not surnamed Liu?" Xu Nian asked, surprised.

"I and my sister aren't blood-related. We're both orphans raised by our Master," Lu Xue answered.

Xu Nian nodded knowingly.

Beside him, Liu Ling wore an unhappy expression.

Her sister really didn't pay attention to status at all, having such a heated conversation with a mortal.

She couldn't figure out what her sister was thinking.

However, Lu Xue didn't mind at all. After storing the Red Fire Lion, she activated the Immortal Ship and flew towards Tianjian City.

Throughout the journey, Lu Xue didn't disdain Xu Nian's mortal identity and continued to converse with him.

Through their conversation, Xu Nian learned more.

Lu Xue and Liu Ling are both Outer Disciples of the Tianjian Sect.

They are under the tutelage of an Outer Elder.

They have been cultivating for over five hundred years now.

This time, they ventured out to find a medicine for their Master's injury.

It was because they were picking herbs that they attracted the Red Fire Lion.

The disciples of the Tianjian Sect who flew away earlier were also on a mission with them.

The ones who actually attracted the Red Fire Lion were that group of people.

Through chatting, Xu Nian also found that Lu Xue was comprehending Wind Attribute Law.

Now she has reached the Peak of the Early Stage of Law and is not far from the Middle Stage.

Lu Xue found herself in a peculiar mood.

She didn't know why she would talk so much to a mortal.

She usually didn't even want to speak to her Master but now was telling everything to a mortal.

"Is it because he's a mortal, and my worries won't be understood even if I tell him, that's why I have been speaking so much?" Lu Xue mused to herself.

She felt she was speaking so much because Xu Nian couldn't understand it, so she dared to share her secrets so freely.

However, she didn't realize that it was due to Xu Nian's Heart Realm, which had reached the Freedom Realm.

Unknowingly, Lu Xue was influenced by Xu Nian's Heart Realm, causing her to voice her inner thoughts.

Early Stage of Law Heart, transcendent Heart Realm.

Law Heart Success, Free Heart Realm.

Law Heart Great Success, Heart Realm reaches the Selfless Realm.

Law Heart Great Success, Heart Realm reaches the True Self Realm.

Currently, Xu Nian has truly broken through the Law Heart Success Realm, so his Heart Realm has reached the Freedom Realm.

This time, Xu Nian, traveling as a mortal, aims to refine his heart.

In the following days, Xu Nian lay on the Immortal Ship gazing at the sky.

While Lu Xue meditated, comprehending Wind Attribute Law.

As for Liu Ling, she was holding an Immortal Stone, enhancing her Cultivation.

"Buzz!"

Suddenly, Lu Xue's body erupted with a wave of Wind Attribute Law.

This wave seemed to resonate with the surrounding wind.

"Oh, is she going to break through?" Xu Nian raised his eyebrows.

He looked at Lu Xue sitting cross-legged.

She had entered a mystical realm, harmonizing with the Wind Attribute Law of the heavens and earth.

The next step seemed to be stepping into the realm of understanding Wind Attribute Law Power.

"Hmm?"

However, Lu Xue's comprehension clearly hadn't fully reached the understanding level of Law Power.

After merely staying in harmony for less than half a cup of tea's time, she started withdrawing from the resonance state.

"Looks like I need to lend a helping hand," Xu Nian smiled softly.

With a thought, a wave of Wind Attribute Law instantly wrapped around her, forcibly pulling her back into the resonance state.

At that moment, Lu Xue once more entered the resonance state, with a degree of resonance even more aligned than before.

Within just a moment, Lu Xue's body began to exude waves of Wind Attribute Law Power.

"Oh, sis, you broke through?" Liu Ling immediately opened her eyes, revealing a look of surprise.

Chapter 1634: Han Xiaoxiao Awakens

"Buzz!"

Lu Xue suddenly opened her eyes, wielding an Immortal Sword in hand.

With a single slash, the Wind Attribute Law Power burst forth instantly.

Sweeping across dozens of miles, it smashed into a distant mountain peak.

"Boom!"

The mountain peak instantly exploded.

Rocks tumbled down from the whole mountain.

"Amazing, sister, did you really break through?" Liu Ling said joyfully.

Lu Xue herself was shocked.

Did she really break through?

She clearly felt she was still a bit away from breaking through, but just a moment ago, a flash of inspiration struck her mind, and then she had an epiphany about the Law Power.

This feeling was something she had never experienced before.

"Could it be Sudden Enlightenment?" Lu Xue wondered curiously in her heart.

"It must be Sudden Enlightenment, sister. I didn't expect your talent to be so high, to actually reach the Sudden Enlightenment Realm," Liu Ling quickly praised.

"Pfft!" Xu Nian couldn't help but laugh out loud.

"What are you laughing at?" Liu Ling said angrily.

"N-no, nothing." Xu Nian quickly shut his mouth.

Liu Ling glared at Xu Nian fiercely.

This mortal is so annoying.

Lu Xue didn't care and was still immersed in the joy of her breakthrough.

She didn't know at all that the reason she was able to break through just now was entirely because Xu Nian gave her a helping hand.

Otherwise, it would have taken her several more years, even more than a decade, to break through.

"The power of the Law, sister, what kind of realm is the power of the Law exactly?" Liu Ling continued to press Lu Xue with questions.

"I can't really put it into words specifically. The Law itself has a kind of powerful energy field. You can think of this energy field as power. When power is unleashed, it can precisely lock onto the opponent, creating intense pressure with the attack," Lu Xue explained.

Liu Ling nodded, half-understanding.

Anyway, she thought it was very impressive.

Xu Nian smiled slightly.

Lu Xue's understanding of power was quite good, but for someone of Xu Nian's level, this understanding was somewhat lacking.

According to Xu Nian's understanding,

the so-called power of the Law is the energy pattern formed between the elements of Heaven and Earth Laws.

As the elements of the Law entangle with each other, the energy generated from this entanglement becomes power.

However, this power is invisible, and only by learning to control this power can one fully unleash the might of the Law.

The subsequent journey was rather peaceful.

Lu Xue continued to deepen her comprehension of the Law Power.

Meanwhile, Liu Ling continued to absorb Immortal Stones.

Of course, Xu Nian wasn't idle either, constantly attempting to fuse the Laws.

After more than half a month's enlightenment, his Law Comprehension fusion had reached a level of two thousand six hundred times.

"Once it breaks through to three thousand six hundred times, it will be the Law Great Success Realm. There's still a thousand times to go, but this thousand times isn't easy to break through. It's said that three thousand times is a watershed," Xu Nian murmured to himself.

"Huh?"

At this moment, Xu Nian was suddenly startled.

Because he discovered that Han Xiaoxiao in the Chaos Divine Palace had woken up.

"Buzz!"

With a thought, Xu Nian immediately sent a strand of consciousness into the Chaos Divine Palace.

When he appeared in front of Han Xiaoxiao, a hint of surprise appeared on his face.

At this moment, Han Xiaoxiao's eyes were exceptionally deep, like an unfathomable starry sky.

Although her cultivation was only at the Luoxian Realm, Xu Nian could feel that Han Xiaoxiao's soul realm had already reached the Immortal Sovereign Peak Level.

"Xiaoxiao, you're awake?" Xu Nian immediately stepped forward to ask.

"Husband, where is this? Why am I here?" Han Xiaoxiao said confusedly.

Looking at Xu Nian in front of her, her expression was somewhat bewildered.

"This is within my Space Divine Artifact. Previously, you were poisoned by Soul Poison. Although I helped you detoxify, your soul underwent a mutation and you slept for a long time," Xu Nian explained.

"My soul mutated?" Han Xiaoxiao flashed a hint of astonishment.

She immediately tried to perceive her own soul.

This perception directly startled Han Xiaoxiao.

"What's wrong?" Xu Nian asked curiously.

"My Soul Power has become so strong, and I found that my soul origin can regenerate infinitely," Han Xiaoxiao said.

"Soul origin regenerating infinitely?" Xu Nian asked, somewhat puzzled.

"Like this." With a thought, Han Xiaoxiao manifested numerous soul bodies in front of them.

All of these were Han Xiaoxiao's soul origin.

Seeing this, Xu Nian immediately revealed an extremely shocked expression.

Ordinary people, at most, can condense soul avatars, which aren't true soul origin.

Only by enduring extremely painful tearing can the soul origin be split into two.

Now, Han Xiaoxiao easily duplicated her soul origin.

This meant she could have unlimited avatars.

And these avatars were substantial; each one could be the true self.

As long as one remains undying, Han Xiaoxiao would truly be alive.

"What an abnormal soul ability." Xu Nian murmured to himself.

Han Xiaoxiao was also extremely surprised.

"Husband, I'm so glad to see you again." Han Xiaoxiao wasn't too concerned about these things. At this moment, her most concern was still Xu Nian.

She immediately threw herself into Xu Nian's arms.

Xu Nian affectionately patted Han Xiaoxiao's head.

When he first met Han Xiaoxiao, he thought this girl had a lively spirit.

After spending time with her, Xu Nian developed quite deep feelings for her.

"Husband, I want to become your true woman," Han Xiaoxiao said, speaking with a hint of shyness.

"Sure, but right now my true self can't enter the Chaos Divine Palace. We'll discuss life together next time I come in," Xu Nian said with some regret.

Now that he's reached the Freedom Realm,

he's no longer restrained by what he wants to do.

So when Han Xiaoxiao proposed to become his woman, he didn't refuse at all.

"Okay, then I'll wait for you, husband." Han Xiaoxiao said shyly.

Her pretty face flushed, exhaling slightly.

Obviously, saying those words took a great deal of courage for her.

"By the way, Xiaoxiao, you should refine this Godhood," Xu Nian said, summoning the Godhood.

"Godhood?" Han Xiaoxiao looked confused.

Obviously, she didn't know what a Godhood was.

So Xu Nian explained everything about the Godhood to Han Xiaoxiao.

Upon hearing this, she was extremely surprised.

Becoming a god?

To her, that was something unattainable.

But now, the opportunity to become a god was right in front of her.

Upon hearing that Xu Nian would become a god and go to the Divine World in the future, she agreed without hesitation.

"Buzz!"

Then Han Xiaoxiao immediately acknowledged the Godhood as her master and began to refine it.

What surprised Xu Nian was that Han Xiaoxiao's refining process was extremely rapid.

This speed was ten times faster than Zhao Yanyun.

It seems that Han Xiaoxiao's soul mutation has really brought her a lot of benefits.

Chapter 1635: News of Luo Bing

Han Xiaoxiao refines her Godhood, and Xu Nian's mind immediately exits the Chaos Divine Palace.

Liu Ling is still improving her cultivation.

Meanwhile, Lu Xue stands at the bow, seemingly gazing into the distance.

Xu Nian stands up, beneath him is a lush green forest.

These ancient trees are extremely old, with a history spanning tens of thousands of years.

"Xu Han, what are you going to Tianjian City for?" Lu Xue asked.

"Looking for someone!"

Xu Nian replied with a smile.

Lu Xue nodded, not inquiring further about who Xu Nian was looking for.

When he first came to the Immortal Realm, he encountered Luo Bing.

Later, because of the Han Xiaoxiao incident, he killed the grandson of an Outer Elder and left hastily.

Now that he was returning to Tianjian Sect, he took the opportunity to check on how Luo Bing was doing.

Additionally, he planned to go to Cold Smoke City to find Mu Yan.

The woman he had spent the night with at the Drunken Immortal Building back then.

Finally, there was Han Xiaoxiao, who had heard Xu Nian was heading to Tianjian City, and wanted to return to Tianjian Sect to take a look.

"Xu Han, do you envy immortals?" Lu Xue suddenly asked, her eyes showing a trace of bewilderment.

She had been pondering a question.

Why did she need to strive for cultivation, sometimes she even wished to be a genuine mortal.

Xu Nian found it amusing.

Why would he envy anyone, he himself was an immortal.

Though in Lu Xue's eyes right now, he was nothing more than a mortal.

"I envy them because immortals possess great power and can protect those they wish to protect," Xu Nian answered with a smile.

"Protect those you want to protect?" Lu Xue repeated, seemingly lost in thought.

Xu Nian chuckled and continued, "Becoming an immortal is not about obtaining something, it's about not losing something. If possible, I would choose to be the mightiest immortal, even the most powerful god, though it may be lonely, at least no one would dare harm those close to me."

Lu Xue looked at Xu Nian with astonishment.

She hadn't expected such words to come from the mouth of a mortal.

Though they weren't grand speeches.

They gave her a sense of overwhelming grandeur.

In that moment, she even felt Xu Nian was a peerless expert hidden away from the world.

Thanks to Xu Nian's guidance, Lu Xue suddenly felt enlightened.

All the confusion in her heart instantly vanished without a trace.

"Xu Han, if you want to pursue immortality, I can introduce you to my master so she can teach you," Lu Xue offered.

Xu Nian simply shook his head with a smile.

Changing the topic, he said, "Lu Xianzi, do you know if your Tianjian Sect has a woman named Luo Bing?"

"Luo Bing?" Lu Xue's face showed surprise.

Xu Han actually knows Luo Bing?

"Seems you know her, is she in your Tianjian Sect?" Xu Nian asked.

"She's not just there, Luo Bing Shigu is a peerless genius of our Tianjian Sect. She's now an Immortal King level powerhouse, very famous in our sect, known by all, especially after that incident," Lu Xue replied.

"After that incident?" Xu Nian asked curiously.

"Yes, the incident shook the entire Tianjian Sect. The Yu Jian God Emperor's son, Li Tianyuan, was interested in becoming an immortal couple with Luo Bing Shigu, but she refused time and again. Li Tianyuan, that shameless guy, once tried to use force on Luo Bing Shigu," Lu Xue explained.

Xu Nian instinctively furrowed his brow.

"What happened then?" Xu Nian continued to ask.

"Later, Luo Bing Shigu used a secret technique and killed Li Tianyuan, but she paid a price, her lifespan was greatly shortened, her hair turned white, and she was punished by the sect elders, never to leave Wangjian Mountain. Since then, her cultivation soared, rumored to now be at Immortal King Peak," Lu Xue said.

Xu Nian's eyes turned icy cold.

Lifetime imprisonment?

So that's the Tianjian Sect.

It seemed he had to pay a visit to this Tianjian Sect no matter what.

"Xu Han, how do you know Luo Bing Shigu?" Lu Xue asked curiously.

"Earlier when Luo Bing ascended to the Immortal Realm, she happened to land in our town, that's how we met by chance," Xu Nian fabricated an excuse.

Lu Xue nodded.

She didn't doubt Xu Nian's words.

"Xu Han, you can't possibly have feelings for Luo Bing Shigu, can you? If so, I urge you to let it go, for Luo Bing Shigu and you belong to different worlds," Lu Xue advised.

"I know!" Xu Nian replied.

Lu Xue saw Xu Nian say this and didn't pursue the topic further.

She only hoped Xu Nian could see reality clearly.

After all, the gap between him and Luo Bing was too vast.

"Whoosh whoosh whoosh!"

At that moment, three figures flew over from afar.

These three figures were young men.

One of them was Bai Yu, who had escaped earlier.

Clearly, these three were disciples of Tianjian Sect.

"Senior Sister Lu, are you alright?" Bai Yu asked as he approached and saw Lu Xue and Liu Ling.

"Bai Yu, how dare you come here," Liu Ling said angrily as she looked at Bai Yu.

"Junior Sister Liu Ling, I merely went back to get reinforcements, I didn't run away, staying wouldn't have helped," Bai Yu quickly explained.

As he spoke, he kept glancing at Lu Xue.

It was evident he had feelings for Lu Xue.

"Humph, reinforcements, if we waited for your help, we'd be dead by now," Liu Ling scoffed.

She clearly didn't believe Bai Yu.

"Alright, Liu Ling, I believe Bai Yu," Lu Xue scolded Liu Ling.

Liu Ling remained dissatisfied.

"Senior Sister, I'm glad you trust me. I really went for reinforcements; look, I've brought two senior brothers," Bai Yu said.

"Indeed, Senior Sister Lu Xue, Junior Brother Bai Yu really asked us to save you," one of the young men said with a smile.

"Thanks to the two of you, and thank you, Junior Brother Bai," Lu Xue said respectfully.

But her gaze towards Bai Yu was rather indifferent.

In the past, she had some fondness for this junior, and his relentless pursuit had slightly moved her.

But now, that bit of fondness was gone.

Only superficial politeness remained.

Bai Yu could easily sense Lu Xue's inherent coldness, a trace of malice flashing in his eyes.

Xu Nian observed all this, his heart filled with disdainful amusement.

In his view, Bai Yu's return might not be to save them.

Very likely, he came for some treasure they had.

However, he didn't intend to tell Lu Xue that.

"Senior Sister, I'm glad you're safe, but how did you escape from the Red Fire Lion?"

Bai Yu asked as he approached.

"Hmph, we were lucky, a senior expert helped us hunt the Red Fire Lion, we didn't need your reinforcements," Liu Ling said dismissively.

"A senior expert helped you slay the Red Fire Lion." Bai Yu's eyes lit up.

The two youths behind him also brightened their eyes, exchanged glances, and a trace of greed flashed in their eyes.

Chapter 1636: Ingrate

Lu Xue and Liu Ling had not noticed the change in the three men's expressions.

Especially Liu Ling was still gloating as she said, "Who let you run away? The body of the Red Fire Lion is full of treasures. Originally, seeing means receiving a share, but too bad you didn't see it."

At these words, Bai Yu's eyes instantly flashed with a hint of gloom.

But soon, he showed a smile on his face and said, "As long as you, Senior Sister, are safe, I can rest assured. As for the Red Fire Lion's corpse, I naturally don't want it."

"Tch." Liu Ling was full of disdain.

"Senior Sister, why did you bring this mortal along?" Bai Yu looked at Xu Nian, frowned, and asked.

"We bring whoever we want, what's it to you?" Liu Ling said disdainfully.

"Oh, by the way, Senior Sister Lu Xue, I've already asked Master about it, and she's agreed for us to become an immortal couple and cultivate together." Bai Yu said.

Lu Xue furrowed her brows.

"Didn't I tell you I needed to consider it? How could you make decisions on your own and ask Master?" Lu Xue said, somewhat displeased.

"Senior Sister, I think it's inevitable that you'll agree. Eventually, I'll have to tell Master, so saying it sooner or later makes no difference." Bai Yu said.

"When did I say I would agree?" Lu Xue's displeasure deepened.

Bai Yu's expression also revealed a trace of discontent.

"Junior Sister Lu Xue, Junior Brother Bai Yu is quite good. He is now the little genius of our Tianjian Sect's Outer Sect. If you become an immortal couple with him, your future prospects will be limitless!" A young man said.

"Yes, Junior Sister Lu Xue, Junior Brother Bai Yu is said to have caught the eye of the Wind Sword Immortal Venerable, and soon he will become a true Inner Sect disciple. Being with him is definitely an opportunity to soar!" Another young man chimed in.

"You're going to become an Inner Sect disciple?" Lu Xue looked at Bai Yu in surprise.

"Yes, I've already taken Wind Sword Immortal Venerable as my master." Bai Yu said proudly.

Waiting for Lu Xue's admiring gaze, yet she furrowed her brows instead.

"Traitor, Master treated you well, yet you joined someone else." Liu Ling immediately said.

Lu Xue's expression turned cold as well.

"Junior Sister Liu Ling, that's not right, Junior Brother Bai Yu joining Wind Sword Immortal Venerable is just seeking higher ground, and they're all part of the same sect. How can it be called betrayal?" One young man explained for Bai Yu.

"Do you also think so?" Lu Xue asked Bai Yu.

"I think Master Qing Yu can no longer teach me anything." Bai Yu said.

"Fine, in that case, here's my clear answer: it's impossible for me to become an immortal couple with you. Give up." Lu Xue said firmly.

Bai Yu's face froze momentarily.

"Senior Sister Lu Xue, won't you reconsider? If you agree to become my immortal couple, I can ask Master Wind Sword to take you as a disciple too." Bai Yu said coldly.

"Go away, I've considered enough, and I won't agree." Lu Xue said firmly.

"Bah, we don't care." Liu Ling also followed with disdain.

Bai Yu's fist clenched instantly, eyes filled with anger: "Lu Xue, don't be ungrateful. I'm speaking to give you face; I could easily have Master Wind Sword pressure that old undying Clear Wind, so you'll have no choice but to marry."

"How dare you insult Master!" Lu Xue was furious.

Liu Ling's face was also filled with anger.

"What's wrong with cursing her? Just a little Golden Immortal Stage, she's always saying I'll never amount to anything. Now I've taken an Immortal Venerable as my master, let's see what she says." Bai Yu said disdainfully.

Behind Bai Yu, the two young men also sneered. One further scorned, "A mere Golden Immortal isn't fit to be Master to Junior Brother Bai Yu, let alone a useless Golden Immortal."

Lu Xue and Liu Ling were infuriated upon hearing this.

"Bai Yu, Master treated you well daily. You entered the sect at six, and in three hundred years, she's raised you like her own son, yet you repay her like this?" Lu Xue coldly looked at Bai Yu.

"Ungrateful wretch." Liu Ling also spat at Bai Yu.

Bai Yu simply laughed.

"Ungrateful? Birds choose good woods to perch, that old undying Qing Yu clearly had a Top-grade Immortal Pill, and when I asked, she refused, claiming my Tao Heart was unstable and that I couldn't forcibly rely on pills to advance. All nonsense, she just didn't want to give it to me. And you, she knew I liked you yet repeatedly denied the idea of us becoming Taoist couples. Call that treating me like a son? Ridiculous." Bai Yu said with disdain.

Upon hearing the words, Lu Xue and Liu Ling's eyes burned with even more fury.

Just for this, he would betray his master?

"Lu Xue, I came today to clearly tell you that whether you agree or not, you will have to. Otherwise, you'll never see that woman Qing Yu again." Bai Yu said with a sinister smile.

"What have you done to Master?" Lu Xue was instantly shocked.

"Nothing much, just had Master Wind Sword seal her cultivation and throw her into heavenly prison." Bai Yu said with a cold laugh.

The two young men behind him also chuckled.

Lu Xue, hearing this, clenched her fists tightly, her whole body trembling.

"Shameless, I'll kill you!" Liu Ling was enraged.

"You think you can?" Bai Yu sneered.

He punched Liu Ling's chest.

Instantly sending Liu Ling flying.

"Luoxian Realm Early Stage?" Lu Xue was stunned, hastily catching the flying Liu Ling.

"That's right, I've already broken through to Luoxian Realm Early Stage, Lu Xue. Now I'm at the same level as you; I'm fully capable of matching you." Bai Yu said.

Lu Xue's gaze turned sharp.

"Humph!" Lu Xue snorted coldly.

A sharp sword appeared in her hand.

With one slash, the Wind Attribute Law Power erupted instantly.

Bai Yu's face changed upon seeing the Sword Radiance.

Luckily, the young man behind him stepped in timely, slashing out and shattering the Sword Radiance.

"Law Power? She actually broke through to Law Power?" The two young men were astonished.

Bai Yu was equally surprised.

"Lu Xue, even if you've broken through to Law Power, you're no match for Jin Shi and Ye Heng, both of whom are at the Peak of Luoxian." Bai Yu sneered.

"Peak of Luoxian?" Lu Xue's face changed.

She gripped the Immortal Sword tightly, her gaze sharp.

"Besides, if you dare make a move, I'll make sure you'll never see your beloved master again." Bai Yu said viciously.

Lu Xue, upon hearing this, became even more furious.

Yet she was powerless.

Her master was her weakness, she couldn't stand idly by.

"If I agree, will you release Master?" Lu Xue took a deep breath and asked.

"Yes, as long as you behave, serve me well, I'll make sure that old hag Qing Yu is safe." Bai Yu said smugly.

Eyes filled with mockery.

The goddess he once dared not dream of, now reduced to his plaything.

Lu Xue's eyes revealed despair, her heart like ashes.

Suddenly, it seemed she had made a tremendous decision, looking at Bai Yu, ready to speak.

Yet at that moment, a voice broke the silence.

"Quite a show indeed." Xu Nian said with a smile.

Chapter 1637: Lu Xue's Shock

"It's you. If you hadn't spoken, I would have forgotten about a mortal like you."

Bai Yu looked at Xu Nian with extreme disdain on his face.

Just a mere mortal, crushing him would be easier than squashing an ant.

Yet he's so oblivious, rushing into this chaos at such a time.

"Xu Han, there's nothing for you here, step back quickly," Lu Xue immediately reminded.

"A mortal like you sticking your nose in this, are you looking for death?" Liu Ling chimed in, rolling her eyes at Xu Nian.

Xu Nian smiled.

"I didn't originally plan to interfere, but I couldn't help myself," Xu Nian said with a smile.

"Leave now, he'll kill you," Lu Xue urged quickly.

"Try to leave, it's too late," Bai Yu sneered.

With that, he directly activated his Immortal Essence and struck toward Xu Nian.

This palm strike could kill not only a mortal but even someone at the Heavenly Immortal Realm instantly.

Lu Xue frowned and immediately acted, shattering that wisp of Immortal Essence.

"Lu Xue, what do you mean? Do you not want your master to live?" Bai Yu snorted coldly.

Lu Xue actually protected a mere mortal.

"But you cannot slaughter the innocent," Lu Xue said angrily.

"Humph, it's not your place to meddle in what I do. If you dare interfere again, I'll ensure your master dies miserably in the Heavenly Prison," Bai Yu said with a cold snort.

Upon hearing this, Lu Xue's brow furrowed deeply.

For a moment, she seemed conflicted.

Seeing Lu Xue's expression, Xu Nian also smiled.

"Never mind, let me handle it myself," Xu Nian stepped forward and said.

"Handle it yourself?" Lu Xue appeared puzzled.

Liu Ling was equally confused.

"Haha, have you figured it out and decided on suicide? That's not happening," Bai Yu sneered.

He immediately manipulated his Immortal Essence to attack again.

Xu Nian shook his head.

With a thought, that Immortal Essence exploded into nothingness.

"Huh?"

This scene startled everyone around.

The Immortal Essence actually exploded?

What was going on?

Could Xu Han have intervened?

Bai Yu was also dumbstruck.

But before he could comprehend, an invisible force grabbed his neck and slowly lifted him up.

He struggled desperately, yet couldn't break free from Xu Nian's grip.

"Huh?"

Lu Xue and Liu Ling both gasped.

They saw a golden energy ring tightly encircle Bai Yu's neck, growing tighter and tighter.

The two young men witnessing this rushed into action.

"Clang!"

However, their mid-grade Immortal Swords struck the golden ring but snapped in half.

This frightened them immensely.

"What kind of Power of Laws is this? Such powerful force, could it be Law Manifestation level?" Lu Xue suddenly exclaimed.

"Law Manifestation?" Liu Ling was baffled.

She didn't even know what Law Manifestation was.

At this moment, Bai Yu was equally terrified inside.

Law Manifestation?

Impossible!

Is some supreme expert aiding him?

The two young men scanned the surroundings, seeking the presence of the master.

Yet after searching, they saw nothing.

"No need to look further, I'm right in front of you," Xu Nian chuckled softly.

With another thought.

Golden rings appeared around the necks of the two Luoxian Realm Peak powerhouses.

Then both of them were lifted uncontrollably.

The golden rings squeezed their necks, rendering them breathless.

Although immortals cannot die from suffocation, it remained extremely uncomfortable.

"How can you, a mortal, wield the Power of Laws?" Bai Yu blurted out.

Lu Xue and Liu Ling were equally puzzled.

"If you don't believe it, keep your eyes wide open and watch," Xu Nian smiled slightly.

Then he waved his hand.

Countless metal swords materialized from thin air.

One blade, two blades, ten blades, a hundred blades, ten thousand blades...

Thick array, covering the sky and blotting out the sun.

Bai Yu was instantly stupefied.

The two young men were terrified beyond measure.

Lu Xue and Liu Ling were exceedingly shocked.

To conjure so many Law Swords out of thin air, the insight into Heaven and Earth Laws must be profound!

Now they finally understood.

The one who slew the Red Fire Lion was not some peerless expert, but Xu Nian standing before them.

From beginning to end, Xu Nian needed no assistance from them.

And Xu Nian was not a mortal at all.

"Senior, spare us, it's not related to us," the two Luoxian Realm powerhouses immediately pleaded.

Witnessing this, they realized Xu Nian's prowess was at least Immortal King Level.

Such a powerhouse is beyond their provocation.

They cursed silently.

You're a dignified Immortal King Level expert, why masquerade as a mortal?

However, Xu Nian ignored their pleas.

With a thought.

Two sharp swords shot out like arrows, piercing their abdomens, shattering their Immortal Embryos.

Both died on the spot.

Lu Xue and Liu Ling gasped.

They never imagined Xu Nian actually dared kill.

Bai Yu was also terrified; Xu Nian really killed his two senior brothers.

At this moment, he panicked.

"You can't kill me, my master is the Wind Sword Immortal Venerable!" Bai Yu hurriedly said.

"Wind Sword Immortal Venerable? Even if he came, I'd kill him just the same," Xu Nian sneered.

Then Xu Nian waved his hand, sending millions of swords hurtling forward.

In the next instant, Bai Yu was pierced through like a rag.

Lu Xue and Liu Ling were both stunned.

Especially Liu Ling, uncertain of how to face Xu Nian.

She had always looked down on Xu Nian.

"Xu Han, since you're a powerhouse, why disguise as a mortal?" Lu Xue asked in surprise.

"I never intended to disguise; I truly have no Immortal Essence within me. My cultivation and power are sealed. I came out this time to gain insight into cultivation as a mortal," Xu Nian said with a bitter smile.

"No cultivation, yet you're so formidable?" Liu Ling widened her eyes.

No cultivation yet able to slay the Peak of Luoxian.

If possessed of cultivation, how much stronger would he be?

"What realm are you exactly?" Lu Xue asked.

"The Immortal Sovereign Peak," Xu Nian replied truthfully.

"Immortal... Immortal..." Liu Ling and Lu Xue's jaws dropped.

Especially Liu Ling, who stammered in speechless disbelief.

She actually underestimated a powerhouse of Immortal Sovereign Peak Level.

"What level has your insight cultivation reached?" Lu Xue curiously asked.

"Law Heart Success," Xu Nian replied.

Lu Xue was instantly stunned.

"Sis, is Law Heart Success really amazing?" Liu Ling asked.

"It's beyond amazing; in our Tianjian Sect, it ranks top three among Immortal Sovereigns," Lu Xue said.

Upon hearing this, Liu Ling was speechless.

Looking at Xu Nian, her eyes were filled with awe and respect.

"Lu Xue pays respects to the senior," Lu Xue further spoke.

Xu Nian shook his head with a smile.

Indeed, with his cultivation revealed, his relationship with Lu Xue and others became much more distant.

Chapter 1638: Returning to the Drunken Immortal Building

"You don't need to call me senior, just call me Xu Nian. Xu Nian is my real name," Xu Nian said.

"Xu Nian? That name sounds kind of familiar," Liu Ling said in confusion.

Lu Xue looked utterly astonished.

"Are you the Xu Nian who seized the godhood and several Divine Artifacts and was then offered a sky-high bounty by the Haotian Sect Master?" Lu Xue exclaimed.

"That should be me," Xu Nian chuckled.

Upon hearing this, Lu Xue and Liu Ling gasped in shock.

They truly hadn't expected that the young man before them was the renowned Xu Nian of the Immortal Realm.

"You're amazing, daring even to kill the son of the Haotian Sect Master," Liu Ling admired.

Xu Nian smiled wryly: "I had no choice; if others want to kill me, I can't just let them succeed."

Hearing this, Lu Xue and Liu Ling still found Xu Nian incredibly impressive.

It's easy to say, but few can actually do it.

Xu Nian didn't say much more. Instead, with a wave of his hand, he released Han Xiaoxiao from the Chaos Divine Palace.

As soon as she appeared in the outside world, a look of delight spread across her face.

"Huh, are you Junior Sister Xiaoxiao?" Lu Xue suddenly noticed Han Xiaoxiao in surprise.

"Sister Lu Xue?" Han Xiaoxiao responded with some astonishment.

Xu Nian hadn't expected Han Xiaoxiao to know Lu Xue.

Lu Xue had entered the Tianjian Sect much earlier than Han Xiaoxiao, so Han Xiaoxiao still had to address Lu Xue as Senior Sister.

If Han Xiaoxiao's strength surpassed Lu Xue's, their seniority could change.

For example, Luo Bing is much stronger than Lu Xue.

Lu Xue would have to call her Martial Aunt.

Currently, Han Xiaoxiao's cultivation is about the same as Lu Xue's, both in the Luoxian Realm Early Stage, so their seniority hasn't changed.

"Junior Sister Xiaoxiao, where have you been all these years? Master and I thought you were dead," Lu Xue asked in surprise.

"I was poisoned by Tang Yao, and my soul was damaged, keeping me in a coma. Thankfully, my husband saved me, and I've just recovered now," Han Xiaoxiao explained.

"Husband?" Lu Xue and Liu Ling were both taken aback.

They hadn't expected Han Xiaoxiao and Xu Nian to have this kind of relationship.

But on second thought, it made sense.

Junior Sister Xiaoxiao is so beautiful and talented, naturally matching up with Xu Nian.

Next, Han Xiaoxiao chatted with Lu Xue and Liu Ling.

To Xu Nian's surprise, Han Xiaoxiao and Lu Xue were under the same master.

Both were disciples of that Golden Immortal Xia Qingyu.

Instead, Xu Nian had become an outsider.

But seeing Han Xiaoxiao so happy, Xu Nian was also pleased for her.

The next journey was relatively calm.

Xu Nian, unconcernedly, stood at the bow of the ship, feeling the lands and rivers.

This harmony between man and nature could slowly elevate his Heart Realm.

At the same time, the Power of Faith continuously merged into his soul.

Additionally, the soul energy from that Demon Emperor was gradually absorbed by his soul.

Xu Nian's soul made another breakthrough.

"Boom!"

A terrifying soul pressure erupted from Xu Nian.

Lu Xue and Liu Ling both felt a trembling in their souls.

They almost knelt to the ground.

Fortunately, Xu Nian restrained it in time, so they weren't hurt by his terrifying soul pressure.

"Such terrifying soul waves! Xu Nian, at what level is your soul?" Lu Xue exclaimed in shock.

"Just broke through to Late-stage Immortal Emperor," Xu Nian smiled.

"La... Late-stage Immortal Emperor?" Lu Xue's mouth twitched.

Liu Ling looked at Xu Nian with sheer horror.

Too terrifying!

Now, even with Xu Nian standing in front of her, releasing no pressure or showing any power, she felt as if facing an ancient beast.

Xu Nian shook his head helplessly.

Han Xiaoxiao was alright.

Her soul level already rivaled the Immortal Sovereign Peak.

So Xu Nian's soul oppression wasn't that intense for her.

Soon, the group of four arrived directly at Tianjian City.

Looking at the city tower of Tianjian City, Xu Nian had an indescribable feeling.

When he first stepped here, he was just a Profound Immortal.

Now, in a blink, he's reached Immortal Sovereign Peak, with strength comparable to an early-stage Immortal Emperor.

Thinking about when Li Tian took him to the Drunken Immortal Building, he felt like Grandma Liu visiting the Grand View Garden.

"Xu Nian, I plan to return to the Tianjian Sect with Sister Lu Xue and them to visit Master," Han Xiaoxiao said to Xu Nian.

"Alright," Xu Nian nodded.

He knew outsiders couldn't enter the inner region of Tianjian City.

So there was no way for him to enter the Tianjian Sect.

"Wear this, and if there's any danger, contact me directly," Xu Nian handed Han Xiaoxiao the Mid-grade Divine Armor he'd obtained earlier.

He'd already repaired this Mid-grade Divine Armor.

Infused with the Divine Dragon's Scale Armor, it was now tougher than before.

With this Mid-grade Divine Armor for protection, Xu Nian felt a bit more at ease.

"Thank you, husband," Han Xiaoxiao received the Divine Armor with a smile.

"Mid-grade Divine Artifact?" Lu Xue and Liu Ling were dumbfounded.

Xu Nian actually gave away a Mid-grade Divine Artifact so easily; it was too extravagant.

Though they knew Xu Nian had many Divine Artifacts, you won't find a second person in the Immortal Realm who'd casually give away a Mid-grade Divine Artifact.

Next, Han Xiaoxiao followed Lu Xue and Liu Ling into the Transmission Array, advancing to the inner region of the Tianjian Sect.

Now, Xu Nian was left alone.

Xu Nian looked at the Transmission Array in front of him, a cold smile on his face.

He was determined to enter the Tianjian Sect's inner region.

But not now.

He didn't want to enter alongside Han Xiaoxiao, not out of fear of her misunderstanding, but to avoid bringing unnecessary trouble to Han Xiaoxiao and Lu Xue.

Because if he entered to take Luo Bing, he might clash with the Tianjian Sect's experts.

Entering with Lu Xue and the others would only involve them.

"First, find Mu Yan and then go to the inner region of Tianjian City to find Luo Bing," Xu Nian thought to himself.

He feared that if he went to Luo Bing first, he might have no chance to find Mu Yan later.

So Xu Nian decided to find Mu Yan first, then head into the Tianjian Sect's inner region to look for Luo Bing.

Without further ado, Xu Nian directly headed towards the Drunken Immortal Building.

Though Mu Yan had said she'd leave the Drunken Immortal Building for Cold Smoke City.

Since he didn't know Mu Yan's exact location in Cold Smoke City, he decided to check for information about Mu Yan at the Drunken Immortal Building first.

Then, he'd head to Cold Smoke City.

When Xu Nian arrived at the entrance of the Drunken Immortal Building, all around were immortals of the Profound Immortal and Luoxian levels.

Seeing Xu Nian, who carried not a trace of Immortal Essence fluctuation, they showed expressions of disdain.

A mortal dares to tread here?

Could he possibly go in to find a fairy?

But just as they mocked, Xu Nian strode towards the inside of the Drunken Immortal Building.

"This mortal truly intends to seek out a fairy? Is he mad?"

A group of Heavenly Immortals and Profound Immortals curiously followed him.

They all wanted to see how this mortal would be thrown out.

Chapter 1639: Wind Snow Immortal Temple

"How dare a mortal set foot in the Drunken Immortal Building, get out!"

A Heavenly Immortal-level guard immediately reprimanded.

His reprimand attracted the attention of many people.

Whether it be the fairies or the customers, they all turned their eyes to Xu Nian.

A mortal entering the Drunken Immortal Building?

This was something never before seen.

Who was this mortal that dared to be so bold?

However, Xu Nian remained expressionless and said to the guard, "Call your madam over here."

"What sort of creature are you? The madam isn't someone you can just meet, get out! If you don't leave, I'll kill you," the guard coldly snorted.

If it weren't for the fact that this place was not suited for seeing blood, he would have long killed this ignorant mortal before him.

Xu Nian furrowed his brows and immediately took out a token.

This token was the one given to him by the Yaochi Immortal Emperor.

The guard glanced at the token, his face full of displeasure: "What is this? Get out!"

Those around who didn't know the importance of the token also thought this mortal was just playing tricks, pulling out a token to scare people.

However, this scene was precisely seen by the madam of the Drunken Immortal Building from afar.

The madam's face instantly changed drastically.

Her figure flashed, and she appeared in front of the guard.

With one slap, she pressed the guard's entire person into the wall, killing him on the spot.

Then, she smiled warmly and respectfully said to Xu Nian, "Honored guest, please come inside!"

This scene left people all around stunned.

Could it be that this token had some special significance?

Thus personally ushered Xu Nian to the Heavenly Level suite that only honored guests could access.

Like last time, these suites were all near the lake.

By the lake, mist was swirling, and fairies were constantly flying over.

At this moment, an Oiran of Luoxian Level had just flown to the center of the lake.

The surrounding customers, who had been waiting for a long time, were eagerly preparing to bid.

But just then, the madam suddenly called out to the Oiran, "Red Fish, come over here and attend to this honored guest."

These words caused a sensation throughout the hall.

Everyone turned their eyes to Xu Nian.

What kind of customer could make the madam break the rules and specifically name an Oiran to attend?

But when they saw the person sitting inside the suite was merely a mortal.

Everyone was even more shocked.

The Oiran called Red Fish was also surprised.

Her face was full of astonishment as she looked at Xu Nian.

She seemed curious too, just what kind of background did this mortal have to warrant such treatment from the madam.

Though puzzled, she still flew towards Xu Nian's suite.

"Little girl Red Fish greets you, sir," said Red Fish after a moment's thought.

Xu Nian examined the woman before him and realized her beauty was indeed remarkable.

Among the many fairies, she could be considered a peerless beauty.

But compared to Mu Yan, there was still a slight gap.

"Is she the Oiran of your Drunken Immortal Building? How many Oirans do you have here?" Xu Nian asked out of curiosity.

As soon as he spoke, Red Fish's brows furrowed.

This person seemed to disdain her?

One must know that many people bid high prices, yet it was difficult to spend a night with her, now this person actually looked down on her?

However, the madam showed no anger, instead smilingly replied, "Informing the honored guest, we have only one Oiran here. If the honored guest is not satisfied, we have no other recourse."

"I heard you have an Oiran named Mu Yan in the Drunken Immortal Building, why? Isn't she here?" Xu Nian continued to ask.

"Mu Yan?" The madam paused.

Not expecting Xu Nian to have come for Mu Yan.

"Then I'm afraid the honored guest will be disappointed. Mu Yan left our Drunken Immortal Building a long time ago, and she always only sells her artistry, not her body," said the madam.

"Sells artistry, not her body?" Xu Nian chuckled lightly.

Then what did that night with her mean?

"Do you know where she went?" Xu Nian continued to inquire.

"Mu Yan went to Cold Smoke City. She is now cultivating at the Wind Snow Immortal Temple, but honored guest, it's no use going there, Mu Yan is no longer receiving any visitors," the madam warned cautiously.

"Wind Snow Immortal Temple, good, I understand," with that said, Xu Nian stood up, left behind a premium immortal stone, and prepared to leave.

Throughout, Xu Nian never glanced at Red Fish again.

The madam escorted Xu Nian to the door before being satisfied.

Red Fish was full of curiosity: "Madam, who on earth is this person? Why do you treat a mere mortal with such courtesy?"

"I don't know either, but I recognize the token in his hand," the madam replied.

"What kind of token would make you treat it so seriously?" Red Fish asked in bewilderment.

"Yaochi Emperor's Token!" said the madam.

"Yaochi Emperor's Token?" Red Fish was instantly shocked.

She naturally understood what the Yaochi Emperor's Token implied.

This means the holder of the token is seen as akin to the Yaochi Holy Master.

A mere mortal owns the Yaochi Holy Master's token?

How is that possible?

And someone actually uses the Yaochi Immortal Emperor's token to patronize a brothel?

"However, I have a feeling that he looks somewhat familiar, as if I've seen him before," the madam suddenly puzzled.

"Could it be that he has been here before?" Red Fish asked curiously.

"Ah, I've remembered now, the only guest Mu Yan ever received was him, after that, Mu Yan left the Drunken Immortal Building. I'm afraid it has something to do with him," said the madam in astonishment.

"Mu Yan herself entertained him?" Red Fish was equally shocked.

She and Mu Yan were very close sisters.

One could say Mu Yan is a sister whom she respects immensely.

She once thought it was a pity that Sister Mu Yan left the Drunken Immortal Building for a man.

What kind of man could have such a charm?

She never expected it to be this mortal with the Yaochi Emperor's Token.

The key is this man showed no interest in her at all.

"Alright, stop speculating, he's not just a mere mortal, I'm afraid his strength has reached a level we can no longer touch," said the madam.

Red Fish was taken aback.

A level beyond reach?

Red Fish looked in the direction where Xu Nian left, suddenly feeling like she might have missed a great opportunity.

If she had attracted this man's attention just now.

She might not need to entertain some guests she didn't wish to anymore.

At this moment, she actually felt a bit envious of Mu Yan.

Xu Nian wasn't aware of Red Fish's thoughts, even if he knew, he wouldn't care.

At present, he used the Transmission Array to arrive at Cold Smoke City.

Soon, he found Wind Snow Immortal Temple.

Wind Snow Immortal Temple is a place designated for Loose Cultivators to cultivate.

Of course, the people here are not bound and can leave freely.

Wind Snow Immortal Temple doesn't forbid outsiders from entering, so Xu Nian easily walked in.

As he passed by a square, he was attracted by the battle on the field.

At this moment, there were two Immortal King level combatants fighting on the square.

A man and a woman.

Both were at the Early Stage of Immortal King cultivation.

And around the square, quite a few powerful individuals were watching.

Among them, there were even two Immortal Sovereign level experts.

The reason Xu Nian became curious wasn't because of the Immortal Sovereign level experts; it was because the woman in the battle was Mu Yan.

Chapter 1640: Arrogant Sword Mark Immortal Venerable

Xu Nian watched the man and woman fighting in the center of the square.

Both of them were at the Early Stage Immortal King level.

Xu Nian was still somewhat surprised.

Mu Yan's speed of improvement was quite amazing. How long had it been, and she had already advanced from the Luoxian Realm Middle Stage to the Early Stage Immortal King?

However, as the battle commenced, Xu Nian began to understand.

It turned out that Mu Yan had achieved the Taigu Wood Spirit Body.

The Taigu Wood Spirit Body is a powerful Wood Attribute constitution, which can be innate or nurtured.

Obviously, Mu Yan's constitution was nurtured.

It looked like Mu Yan had some kind of fortuitous encounter, which changed her constitution.

The Taigu Wood Spirit Body could absorb the spirits of plants and trees from heaven and earth, allowing one's cultivation to rapidly advance.

In the realm of Wood Attributes, it is considered an extremely domineering constitution.

At this moment, Mu Yan was wielding her sharp sword, continuously attacking her opponent.

Mu Yan cultivated the Wood Attribute Second Grade Law, the Wood Purification Principle.

A sword slash carried a strong purifying effect.

However, Mu Yan's opponent was a cultivator of the Fire Attribute Law.

Fire restrains wood.

Although the opponent only cultivated the Fire Attribute Third Grade Law Flame Dragon, in battle, it was clear the opponent had the upper hand.

"The strength of Fairy Mu Yan is indeed impressive, to be able to fight Mr. Qingyan for so long," someone in the crowd remarked.

"Indeed very formidable. It's said that Mr. Qingyan has been cultivating for over six thousand years, whereas Fairy Mu Yan for less than a millennium. Truly, she is the youngest genius in the history of Wind Snow Immortal Temple," another person joined in with appreciation.

"Have you heard? Mr. Qingyan has pursued Fairy Mu Yan several times, yet she has refused him every time," someone said.

"Of course, I've heard. Mr. Qingyan is the eldest son of the Song family, and his father is an Immortal Sovereign, not to mention that he has an Immortal Sovereign level Master from the Tianjian Sect. He holds a significant position in the entire Tianjian Immortal Domain. I don't know why Fairy Mu Yan just can't see him favorably," another sighed.

"I've heard that Fairy Mu Yan already has someone she likes. I must say, Fairy Mu Yan is truly beautiful, coupled with that vibrant energy brimming with life from her Wood Attribute, she is indeed extraordinary. I wonder who has such capabilities to win her favor," the person sighed.

The surrounding people also sighed one after another.

Xu Nian was also somewhat surprised hearing these words.

Hasn't Mu Yan looked for an immortal couple all these years?

Could it be that the person they mentioned as Mu Yan's love interest is him?

But he had only shared a night with Mu Yan, surely that wasn't enough for this Fairy to be so fixated, right?

"Mu Yan, be careful."

At this moment, the man called Song Qingyan stirred up the Fire Attribute Law, directly summoning ten flame dragons.

Ten flame dragons roared, rushing towards Mu Yan instantly.

Mu Yan's expression changed, immediately mobilizing the Wood Attribute Law.

"Buzz!"

Ten terrifying green lights surged out from around her, charging towards the flame dragons.

"Boom!"

The ten green lights clashed with the flame dragons, creating an ear-splitting thunderous noise.

The impact of the two forces caused intense ripples.

"Not bad, it's unexpected that this Mu Yan has grown to such an extent," one of the two Immortal Sovereigns standing at a distance, who had a long beard, said with a smile.

"It's apparent that Mr. Qingyan has a slight edge; in this battle, Mu Yan is still defeated," another white-haired elder Immortal Sovereign said with a smile.

He was the Master of the Wind Snow Immortal Temple.

And the long-bearded Immortal Sovereign was a major Inner Sect Elder of the Tianjian Sect and also Song Qingyan's master.

"Qingyan merely takes advantage of the attribute, but Mu Yan's cultivation method is obviously incorrect. If she could become Qingyan's immortal couple, I could guide her in cultivation and guarantee rapid improvement," the long-bearded elder chuckled.

The elder chuckled noncommittally: "This needs to be Mu Yan's decision; I can't make the call."

The long-bearded elder chuckled.

"Boom!"

At this moment, the battle on the field ended with a bang.

Mu Yan's green light shattered.

But Song Qingyan's flame dragon did not disappear, moving towards Mu Yan once again.

Mu Yan's expression changed instantly.

She hastily mobilized all her Immortal Essences to resist.

But if this Flame Dragon struck her, it would likely severely injure her on the spot.

Fortunately, the man known as Song Qingyan withdrew in time, preventing a tragedy from occurring.

"Mu Yan, are you alright?" Song Qingyan approached with a smile.

"I'm fine, thank you for sparing me, Mr. Song," Mu Yan expressed her gratitude.

"No need to thank me. How could I truly bear to see you hurt," Song Qingyan replied with a smile.

Yet Mu Yan remained silent.

At this moment, two powerful figures of Immortal Sovereign level also came flying in.

"Mu Yan, this is my master I mentioned, Sword Mark Immortal Venerable. He is a Peak-level Immortal Sovereign, having reached the Early Stage of Law Heart," Song Qingyan introduced proudly.

The crowd around was taken aback.

A Peak-level Immortal Sovereign?

Law comprehension reaching the level of Law Heart?

How powerful is that?

Mu Yan was also surprised, quickly bowing respectfully:

"Greetings to Sword Mark Immortal Venerable, greetings to the Master."

Master Wind Snow nodded.

And the long-bearded elder known as Sword Mark Immortal Venerable acted superior and said, "Mu Yan, your strength is commendable. As a Loose Cultivator reaching such a level, it's indeed not simple, but it's clear your cultivation has major issues. If you are willing to become Qingyan's immortal couple, I can allow you to join the Tianjian Sect and guide your cultivation."

Song Qingyan hastily added, "Mu Yan, I promise I will treat you well. Agree to my master, please. My master is quite influential within the Tianjian Sect, and with his guidance, you're certain to break through the Immortal Sovereign Realm."

The surrounding Loose Cultivators also displayed looks of surprise.

Did Sword Mark Immortal Venerable really want to take Mu Yan as a disciple?

This was a huge opportunity!

Everyone's eyes were on Mu Yan, unsure if she would accept.

Song Qingyan wore a slightly smug expression.

He believed that Mu Yan would never refuse such a wonderful opportunity.

However, just when everyone thought Mu Yan would agree, Mu Yan shook her head and said, "Thank you, Senior Sword Mark, for your favor, but I don't wish to form an immortal couple with anyone at the moment."

Upon hearing this, Song Qingyan's face stiffened.

"Mu Yan, can't you see my sincerity?" Song Qingyan became anxious.

The Immortal Sovereign known as Sword Mark's expression also turned cold, "You're only delaying yourself; cultivating without guidance will only ruin you."

"Thank you for your good intentions, senior. I still wish to cultivate alone," Mu Yan refused.

"Hmph, stubborn and unwise. How do you expect to achieve anything significant without guidance?" Sword Mark Immortal Venerable sneered.

"Mu Yan, just agree. My master will truly be mad if you refuse again," Song Qingyan urged.

The surrounding people were also shocked.

Mu Yan really refused.

"I'll give you one last chance. If you agree to become Qingyan's immortal couple, I will guide your cultivation. If not, you are on your own," Sword Mark Immortal Venerable said coldly.

"Quick, Mu Yan, agree!" Song Qingyan urged.

But Mu Yan still showed no sign of agreeing.

"She doesn't need your teaching; her future achievements will surpass yours."

Before Mu Yan could speak, a voice suddenly came from the crowd.

Everyone turned to look in the direction of the voice.

Mu Yan also looked over, and when she saw the figure walking out, she was immediately filled with great astonishment.
