Chapter 1641: Showing Off Like Crazy

Mu Yan could never have imagined that Xu Nian would suddenly appear here.

"Is he here to find me?" This thought flashed through Mu Yan's mind instantly.

But she quickly dismissed it.

How could he possibly come specifically to find her?

To him, she was just a passerby.

Why would he come specifically for her?

However, seeing Xu Nian appear again, she was already very happy in her heart.

But Song Qingyan, who was next to her, looked at Xu Nian with a sharp gaze. Yet, when he saw Xu Nian had no cultivation, a contemptuous smile appeared on his face.

Just a mere mortal!

Song Qingyan's heart was full of disdain. He thought it was some formidable character, but it turned out to be someone utterly insignificant.

Even the Sword Mark Immortal Venerable glanced at Xu Nian, his eyes full of disdain.

"Where did this mortal come from?"

Many loose cultivators watching around showed expressions of disdain one after another.

A mere mortal dared to meddle in the affairs of Immortal Sovereign level powerhouses.

Is he seeking death?

Only the Master of Wind Snow Immortal Temple scrutinized Xu Nian a few times, trying to discover some clues.

No matter how he looked, the young man before him appeared just like a mortal, in no way resembling someone hiding his cultivation.

Could he really be just a mortal?

This doubt echoed in the mind of the Master of Wind Snow Immortal Temple.

However, he found it hard to believe, as although he couldn't discern Xu Nian's cultivation, he could feel that Xu Nian's aura was something no ordinary mortal could possess.

It was precisely for this reason that he found it very strange.

"Who are you? What right do you have to question my master's words?" Song Qingyan didn't immediately act but instead asked.

"This Song Qingyan is indeed refined, even being so polite to a mere mortal. If it were me, I'd have killed him directly."

"Exactly, Song Qingyan is always known for his refinement. If Mu Yan were to become immortal couple with him, it would be her blessing."

...

For a moment, the people around were discussing incessantly.

Upon hearing this, Song Qingyan coldly smirked to himself even more.

Xu Nian chuckled to himself.

If he hadn't already noticed the disdain in Song Qingyan's eyes, he might have really believed this guy was a refined person.

After all, this guy's acting was exceptionally good.

"Who I am is none of your concern, and as for why I question your master's words, it's because, in my eyes, your master is nothing but a fraud seeking fame." Xu Nian said with a cold laugh.

As soon as he said this, the whole crowd was in an uproar.

This mortal was so arrogant?

He actually said the Sword Mark Immortal Venerable was a fraud seeking fame?

The Sword Mark Immortal Venerable was immediately furious: "Where does this audacious ant come from?"

If it weren't for his status, he would have slapped this mortal to death already.

"Young master, please let me handle this matter myself, otherwise you will get involved." Mu Yan also nervously stepped forward to say.

When she was intimate with Xu Nian back then, Xu Nian was only at the Profound Immortal Realm.

Less than twenty years had passed, how much could Xu Nian grow?

As for the widely spread rumors about Xu Nian in the Immortal Realm, she thought it must be another person with the same name.

So she was a little worried that Xu Nian would anger the Sword Mark Immortal Venerable, and ultimately she would be the one to drag him down.

"Since you are mine, naturally I can't ignore your affairs." Xu Nian decisively said.

You are mine?

This sentence instantly stirred up a storm in the surrounding.

Mu Yan has an owner?

And it's a mortal?

"Impossible, how could Mu Yan be with a mortal?" Song Qingyan was also shocked beyond words.

He looked at Xu Nian with intense killing intent.

Especially when he saw Mu Yan's reaction, his heart suddenly felt as if it had fallen into an abyss.

At this moment, Mu Yan was also full of surprise, followed by a red face, unexpectedly not retorting for once.

This scene was also caught in the eyes of the crowd.

The people around were even more astonished.

This mortal has a story with Mu Yan?

The Master of Wind Snow Immortal Temple, too, stroked his beard, revealing a meaningful smile.

"Kid, who on earth are you? Speak, what's your relationship with Mu Yan?" At this moment, Song Qingyan could no longer care about any refinement.

His woman was gone, what refinement was there to speak of.

"I already said, who I am is none of your concern, as for my relationship with Mu Yan, you should be able to see it clearly." Xu Nian said with a sneer.

As he finished speaking, he directly wrapped his arm around Mu Yan's slender waist.

Mu Yan's body stiffened, yet she didn't struggle.

Her face turned crimson, carrying an indescribable allure.

Whoa!

The surrounding crowd was incredibly shocked.

Song Qingyan at this moment was paled as if struck by thunder, a sky-high killing intent rose in his heart.

The Sword Mark Immortal Venerable's eyebrows tightened deeply.

"Courting death!" Song Qingyan roared.

Directly charging at Xu Nian,

as if he intended to slap Xu Nian to death.

Mu Yan was startled and hurriedly wanted to intervene.

But Xu Nian stopped her: "I can handle it myself."

After speaking, Xu Nian waved his hand, and a golden palm appeared directly.

The palm strike immediately smacked Song Qingyan to the ground.

"Boom!"

Song Qingyan crashed on the ground, making a loud explosion sound.

The surrounding crowd showed expressions of surprise one after another.

This Song Qingyan was actually powerless in front of him?

"This is the Power of Laws? Pure Power of Laws? Without a trace of Immortal Essence?"

The surrounding crowd exclaimed in surprise.

Some with good eyesight naturally saw that Xu Nian employed the Power of Laws.

But they didn't understand how the Power of Laws without Immortal Essence could wield such a strong force?

Mu Yan was also slightly surprised.

She didn't expect Xu Nian to be so powerful, actually defeating Song Qingyan with a single move.

The Sword Mark Immortal Venerable next to her also furrowed his brows deeply.

"Impossible! I want you dead."

Song Qingyan climbed up from the pit in embarrassment, utterly unable to accept the fact that he was defeated.

Then he wanted to strike again.

"Qingyan, stop, you are not his match." The Sword Mark Immortal Venerable immediately halted Song Qingyan.

As soon as he said this, Song Qingyan and everyone present were slightly surprised.

The Sword Mark Immortal Venerable actually said such words, could this mortal really be formidable?

Mu Yan was also somewhat surprised.

She found herself unable to see through this Xu Nian in front of her.

Of course, the most shocked was still Song Qingyan.

He never thought the youth before him turned out to be a formidable master.

"Your Excellency's strength is extraordinary, why disguise as a mortal?" The Sword Mark Immortal Venerable said with a cold snort.

For a moment, everyone looked towards Xu Nian.

Xu Nian chuckled lightly: "Disguise? Who said I was disguised, I am a mortal now, who says a mortal can't master the Power of Laws? I can defeat you even with mortal's cultivation."

The people around all doubted if they heard wrong.

With mortal cultivation, defeat the Sword Mark Immortal Venerable?

How is this possible?

"Interesting!" The Master of Wind Snow Immortal Temple showed a smile, clearly finding the situation increasingly intriguing.

Mu Yan was also in disbelief.

Xu Nian can defeat the Sword Mark Immortal Venerable?

Chapter 1642: My Name Is Xu Nian

Song Qingyan clenched his fists, and at that moment his body was still in pain.

But what truly hurt him was that Mu Yan, whom he always regarded as a goddess, had already been possessed by someone else.

This was even more painful than having his muscles pulled and bones extracted.

Looking at Mu Yan's expression, he increasingly felt like an orphan.

"Master, kill him," Song Qingyan shouted hysterically.

"Alright, today I will teach him a proper lesson on your behalf," Sword Mark Immortal Venerable said with a cold snort.

Without any cultivation, and still able to kill me?

This was simply a fool's dream.

Earlier, he had seen the level of Xu Nian's laws, at most, it was only at the level of law manifestation.

Such a level of law comprehension, compared to his entry-level stage of the Law Heart, was simply insignificant like an ant.

"Boy, don't blame me for not warning you; arrogance comes with a price," Sword Mark Immortal Venerable said with a cold snort.

"Of course, I return the same words to you. I've said before that Mu Yan's future achievements will definitely surpass yours. Since I dare to say such words, it's natural I have the confidence to back it up. If you don't believe it, go ahead and make your move. I will show you that you are not qualified to teach Mu Yan," Xu Nian said with a cold smile.

"Very well, then this old man will see what kind of confidence you have," Sword Mark Immortal Venerable snorted coldly, his eyes icy to the extreme.

"Young master..." Mu Yan worriedly tugged at Xu Nian's sleeve.

"Don't worry, I'll be fine. Stand aside and watch. I can handle this," Xu Nian said with a smile.

Seeing the smile on Xu Nian's face, Mu Yan also felt that he wasn't joking, so she nodded and stepped aside.

Everyone around was filled with curiosity.

Could this guy really defeat Sword Mark Immortal Venerable?

And without any cultivation?

This seemed impossible to them.

"Hmph, very well. In that case, take this move first," Sword Mark Immortal Venerable coldly snorted.

Using his hand as a sword, the Sword Qi of the Sword Immortal within him burst forth instantly.

A sword strike was unleashed, containing extremely powerful Sword Dao might.

"So strong, is this the Sword Qi of an Immortal Sovereign level?" Everyone around was astounded.

No one here might be able to withstand this terrifying Sword Qi.

Mu Yan also furrowed her brows tightly, her gaze on Xu Nian filled with tension.

In fact, back on the night when Xu Nian and she were together, Mu Yan had already developed feelings for the man before her.

The feeling was quite wondrous.

Perhaps it was because Xu Nian was her first man.

Or maybe it was due to an aura around Xu Nian that she found irresistibly attractive.

Ever since then, she practically thought of Xu Nian every night.

Since then, she devoted herself to cultivation to become stronger, hoping to see him again one day.

Thus, she did not want anything to happen to Xu Nian.

Song Qingyan's eyes were venomous, as if he could see Xu Nian being shattered by this Sword Qi.

"You think mere Sword Qi can hurt me? You really underestimate me," Xu Nian chuckled coldly.

With a thought, the Earth Attribute Black Hole Law instantly formed a barrier around him.

The next moment, the Sword Qi striking against the black hole barrier shattered into pieces.

"Ah, the Black Hole Law, such a powerful law force," Sword Mark Immortal Venerable's face changed.

"Law Heart Success Realm, and three thousand times the power of law. Mu Yan, your friend's strength is extraordinary," Master Wind Snow was also shocked.

Pupils contracted, then sighed in amazement.

"Ah, Law Heart Success? Three thousand times the power of law?" Mu Yan was also shocked.

Although she had only reached the Immortal King Realm, she had some understanding of the levels of the Law Heart.

Upon hearing Master Wind Snow's words, she realized just how strong Xu Nian's insight realm was.

Three thousand times the power of law.

This Sword Mark Immortal Venerable probably only had three hundred times, right?

This tenfold difference in power was far too great.

Sword Mark Immortal Venerable's brows furrowed tightly as he too realized this young man before him was extraordinarily incredible.

"Who exactly are you? At your realm of insight, it's impossible not to have reached the Immortal Sovereign Realm," Sword Mark Immortal Venerable questioned.

"Since you're so eager to know, I don't mind telling you. My name is Xu Nian. As for my realm, just remember that I can defeat you without using any cultivation," Xu Nian laughed.

"Xu Nian?" Sword Mark Immortal Venerable's pupils contracted.

Everyone around sucked in a cold breath.

She finally knew who this guy in front of her was.

Xu Nian, who was renowned in the Immortal Realm for killing the son of the Haotian Sect Master?

To think she would run into this infamous star?

Song Qingyan showed a look of surprise on his face.

He had certainly heard of the name Xu Nian.

He just didn't expect Mu Yan to have such a relationship with Xu Nian.

Seeing Sword Mark Immortal Venerable's expression, Mu Yan also realized that this Xu Nian was indeed the reputed Xu Nian of the Immortal Realm.

"Xu Nian, I admit your strength is indeed formidable. How about we call it quits for today's matter?"
Sword Mark Immortal Venerable said with a cold snort.

Xu Nian dared to kill even the son of the Heavenly Immortal Emperor, let alone him.

Upon hearing this, the crowd was filled with surprise and wonder.

Sword Mark Immortal Venerable seemed somewhat prepared to concede.

Xu Nian, however, chuckled coldly: "As I've already said that I want to fight you today, it won't just end like this. But you don't need to worry, since my current cultivation is sealed, you still have a chance to win."

"Sealed?" Sword Mark Immortal Venerable was stunned.

No wonder Xu Nian had no trace of immortal essence aura.

It turned out his cultivation was sealed.

Even if someone's law realm was powerful, if their cultivation was sealed, I might still have a chance to win.

Moreover, Xu Nian supposedly possessed multiple Divine Artifacts; without immortal essence, he couldn't use them.

If I kill him, wouldn't the Divine Artifacts and Godhood be mine?

Thinking of this, a hint of greed flashed in Sword Mark Immortal Venerable's eyes.

"This Xu Nian dares to fight Sword Mark Immortal Venerable even with his cultivation sealed? Isn't he seeking death? No matter how strong one's laws are, they still require one's own immortal essence as support," someone in the crowd sighed.

Everyone nodded in agreement.

To truly unleash the power of laws, one still needed to use immortal essence to drive them.

But now with Xu Nian's cultivation sealed, no matter how strong his law comprehension is, it's just a castle in the air.

They really couldn't comprehend where Xu Nian got such confidence.

"Xu Nian, since you're determined to fight me, do you think Sword Mark Immortal Venerable is someone who can be easily handled?" Sword Mark Immortal Venerable said with a cold snort.

After speaking, Sword Mark Immortal Venerable's body emitted a strong surge of law power.

Coupled with the immortal essence wave from Sword Mark Immortal Venerable's body, it undoubtedly brought strong pressure to those around.

Everyone was filled with anticipation.

One was a young genius renowned today, the other a powerful elder of the Tianjian Sect.

If Xu Nian's cultivation hadn't been sealed, perhaps Sword Mark Immortal Venerable really wouldn't be his match.

But now that Xu Nian's cultivation is sealed, and he couldn't use the Divine Artifacts, who would win was really uncertain.

"Xu Nian's strength is very strong, but with his cultivation sealed, the outcome of this battle is really uncertain," Wind Snow Immortal Temple's Master said.

Hearing this, Mu Yan's expression became serious.

She clenched her fists, her heart filled with tension.

"Xu Nian, you must win," Mu Yan prayed in her heart.

Chapter 1643: Battle Against the Sword Mark Immortal Venerable

"Xu Nian, take this!"

Sword Mark Immortal Venerable's eyes were sharp, mobilizing the powerful Immortal Essence within him.

The Thunder Attribute Law also surged forth.

Countless Thunder Attribute Law Power continuously merged with Immortal Essence, finally forming an extremely terrifying Thunder Sword.

The power of this Thunder Sword was exceedingly domineering,

everyone watching around could feel a heart-palpating wave.

If this Thunder Sword were to charge at them, they would definitely be doomed.

Even Master Wind Snow lamented, "The strength of this Sword Mark Immortal Venerable has improved quite a bit. The power of this Thunder Sword is much stronger than when he fought me before. I'm afraid even I would have to use all my skills."

Hearing this, Mu Yan's expression turned even more serious.

She was well aware of Master Wind Snow's strength.

Even Master Wind Snow needed to use all his strength; the strength of this Sword Mark Immortal Venerable is truly extraordinary.

Can Xu Nian really withstand this?

"Thunder Attribute Speed Lightning Law?" A trace of surprise flashed in Xu Nian's eyes.

He hadn't expected Sword Mark Immortal Venerable to comprehend the Thunder Attribute Law.

However, it was evident that Sword Mark Immortal Venerable's comprehension level was not very high, with only a strength of three hundred times the Law Power.

At this level, it was not enough to exert much pressure on Xu Nian.

"Xu Nian, I want to see how you, without using cultivation, can handle this sword of mine." Sword Mark Immortal Venerable snorted coldly.

With a swift push of his hand, the Thunder Sword floating in front of him shot out violently.

As the Thunder Sword was unleashed, it instantly transformed into a swift lightning.

The impact it created caused the surrounding space to tremble.

"What a powerful sword! No wonder it's Sword Mark Immortal Venerable."

Everyone around was astonished.

The power of this Thunder Sword was indeed unusually formidable.

A trace of a smile appeared in Xu Nian's eyes.

"Buzz!"

With a thought, he communicated with the Heaven and Earth Laws.

A Wind Attribute Sword, completely condensed by the Wind Attribute Law Power, emerged as well.

A Wind Attribute Sword formed by three thousand times the Law Power.

The sharp aura on it had reached an incomparably terrifying level.

"What a sharp Law Sword, even a glance makes me feel like I'm going to be blinded."

"Yes, I feel the same, it's too terrifying."

Everyone around was exclaiming.

"Wind Attribute, it's actually a First-grade Law. This Xu Nian is truly remarkable, possessing two First-grade Laws, and both have reached a level of three thousand times the Law Power, it's simply incredible. It's difficult for ordinary people to achieve even one." Master Wind Snow said.

Mu Yan was also somewhat surprised.

She looked at Xu Nian with a hint of admiration.

She hadn't expected Xu Nian's strength to be so formidable.

Even Sword Mark was stunned, his expression turning grave.

He hadn't expected Xu Nian to have both the Earth Attribute and Wind Attribute Laws.

"Boom!"

When the two swords clashed, a terrifying collision of energy ensued instantly.

It was like two comets colliding, causing the whole earth to shake vigorously.

The ground even cracked directly.

The earth was shattered into pieces.

Everyone around retreated one after another.

They all felt this powerful energy collision, it was too terrifying.

This scattered energy was probably enough to kill them on the spot.

"Crack!"

At this moment, a slight sound rang out.

The Thunder Sword condensed by Sword Mark Immortal Venerable cracked unexpectedly.

"What?"

Sword Mark Immortal Venerable was shocked.

His Thunder Sword couldn't withstand Xu Nian's Law Sword?

Although the concentration of his Law Power was not as high as Xu Nian's, he possessed the cultivation of an Immortal Sovereign Peak Level.

But now his Thunder Sword was actually failing?

Song Qingyan was equally amazed.

He hadn't expected Xu Nian's attack to break through his master's Thunder Sword?

"Crack!"

At this moment, Sword Mark Immortal Venerable's Thunder Sword shattered completely.

The Law Sword that Xu Nian condensed swiftly moved towards Sword Mark Immortal Venerable.

Sword Mark Immortal Venerable's eyes focused.

He immediately summoned a sharp Top-grade Immortal Sword.

"Boom!"

Endless lightning emerged around Sword Mark Immortal Venerable, the terrifying lightning instantly converging onto the sharp sword.

"Ten Thousand Thunder Strike!"

Sword Mark Immortal Venerable thrust out a sword.

The terrifying lightning instantly blasted against Xu Nian's sharp sword.

"Boom!"

The powerful lightning directly shattered Xu Nian's sharp sword into pieces.

Xu Nian was not surprised by this at all.

"Hmph!"

Sword Mark Immortal Venerable activated the thunder once again.

"Ten Thousand Thunder Slash!"

With a loud shout, Sword Mark pointed the sharp sword to the sky.

Terrorizing thunder rushed to the clouds.

In an instant, the dark clouds gathered, and mighty thunder directly struck down from the Heavenly Dome.

Heading towards Xu Nian to attack.

Moreover, the thunder was not just a single bolt.

The terrifying thunder fell, shattering the ground, forming a crater with a hundred-meter diameter.

One can imagine how strong the power of this thunder was.

Now, there were altogether ten bolts of thunder striking towards Xu Nian.

If Xu Nian's physical strength hadn't been sealed, this level of thunder wouldn't harm him at all.

But now his cultivation and strength were sealed.

If he were hit by the thunder, he might die.

"Mr. Xu!"

Mu Yan clenched his fist, eyes filled with intense worry.

Song Qingyan sneered coldly.

"What's the use of your power of laws being strong? Without cultivation, let's see how you defend against this level of attack?"

Song Qingyan couldn't wait for Xu Nian to be blasted into ashes by this thunder.

With that, Mu Yan would be his.

The surrounding crowd was awed.

Xu Nian might really lose this time.

After all, with such a level of attack, even the power of laws might find it difficult to resist, right?

However, Xu Nian stood there as if unaffected.

Facing the thunder attack, he showed no intention to dodge.

"Boom!"

The thunder struck down.

Seeing it about to hit Xu Nian.

The surrounding crowd found that Xu Nian showed no intention to defend.

For a moment, everyone became tense.

Mu Yan's heart was in his throat.

Song Qingyan's sneer became clearer.

"Buzz!"

Meanwhile, just when everyone thought Xu Nian would be blasted by the thunder.

The thunder directed at Xu Nian mysteriously disappeared.

"What's happening, did Sword Mark Immortal Venerable hold back? But that's impossible!"

The surrounding crowd showed faces of confusion.

Not understanding why the thunder disappeared mysteriously.

Mu Yan was also surprised.

"Could it be Space Law?" Master Wind Snow's eyes widened instantly.

Distant Sword Mark Immortal Venerable was likewise shocked.

Unexpectedly, Xu Nian knew Space Law.

Just a moment ago, the space around Xu Nian changed.

Then all the thunder was absorbed into the Nihilicity Space by him.

Thus, the thunder did not truly harm Xu Nian.

"Sword Mark Immortal Venerable, now it's my turn." Xu Nian sneered.

He waved his hand, and ten small Law Swords instantly formed.

Each small sword was exceedingly sharp.

"Go!"

Xu Nian waved his hand.

The small swords instantly shot out.

But intriguingly, all these small swords disappeared in the void.

Seeing this scene, Sword Mark Immortal Venerable instantly felt like a mighty enemy was approaching.

"Boom!"

Sword Mark Immortal Venerable formed a terrifying thunder defense around himself.

"Bang!"

A small sword shot from the void.

Sword Mark Immortal Venerable instantly activated thunder to blast towards the small sword.

Yet as he attacked the small sword, three more small swords suddenly shot towards him from three different directions.

Each small sword had an extremely swift speed.

The distance from where they appeared was too close.

Even if Sword Mark Immortal Venerable could react swiftly, he still couldn't guard against them.

"Pff!"

"Pff!"

"Pff!"

Out of the ten swords, three pierced through Sword Mark Immortal Venerable's body.

Leaving three holes on him.

Sword Mark Immortal Venerable was instantly in a sorry state.

The surrounding crowd was greatly shocked.

This Wind Attribute Law combined with Space Law is just too perverse.

How many can actually defend against it?

Chapter 1644: Three Types of Power of Laws

Song Qingyan could hardly believe his eyes.

His own master was actually injured by Xu Nian, who had no cultivation.

"Xu Nian actually knows Space Law." Master Wind Snow couldn't help but lament.

The Wind Attribute combined with the spatial attribute, this is something no ordinary person can withstand.

Even he, facing that kind of attack just now, couldn't defend against it.

This is with Xu Nian having no cultivation; if he had cultivation, killing him would be as easy as snapping fingers.

The sharpest principle within the Wind Attribute is Extreme Point Penetration.

Combine it with the spatial attribute, who could possibly defend against it?

At this moment, Sword Mark Immortal Venerable appeared utterly disheveled and wretched.

Xu Nian's attack had injured him in three places, causing tremendous damage to his meridians.

This was even after he had dodged the vital points in time; if his Immortal Embryo had been pierced, he would likely be dead now.

Most importantly, the damage caused by Xu Nian's Power of Laws couldn't be repaired even with his Immortal Power.

"Damn, he actually has Space Law, it seems his strength truly is uncommon." A flash of intense killing intent flickered in Sword Mark Immortal Venerable's eyes.

Xu Nian's prowess made him feel a tinge of dread.

If it weren't for Xu Nian's sealed cultivation, he probably wouldn't have been able to block at least seven out of those ten Law Swords.

This means he might not even have been able to avoid the vital points.

"I must kill him in one hit; looks like I'll have to use that thing." Sword Mark Immortal Venerable muttered to himself.

After speaking, a drop of Thunder Attribute liquid appeared in Sword Mark Immortal Venerable's hand.

As soon as this liquid appeared, a powerful wave of Divine Power surged in the surroundings.

"Divine Power Liquid? That old scoundrel actually wants to use Divine Power Liquid?" Master Wind Snow expressed in shock.

Everyone around was also filled with surprise.

"Is this Divine Power Liquid? Such pure and strong energy." The crowd around exclaimed in awe.

Mu Yan's expression was also one of shock.

"Isn't this too shameless? Xu Nian's cultivation is already sealed, and he still wants to use Divine Power Liquid." Mu Yan couldn't help but say.

"You can't say that. During their sparring, there were no rules stating they couldn't use Divine Power Liquid. Apparently, that old scoundrel truly intends to kill." Master Wind Snow shook his head and said.

Yet Mu Yan clenched his fist tightly, his eyes filled with rage.

Song Qingyan, on the other hand, was ecstatic.

His master's use of Divine Power Liquid meant Xu Nian was dead for sure.

"Once you're dead, Mu Yan will be mine." Song Qingyan thought excitedly to himself.

It was as if he had already seen Xu Nian's day of death.

Xu Nian truly didn't expect Sword Mark Immortal Venerable to actually use Divine Power Liquid.

"Buzz!"

At this moment, Sword Mark Immortal Venerable had already absorbed the Divine Power Liquid.

Tremendous thunder surged around him.

The thunder instantly grew nearly ten times thicker.

Mighty waves of Divine Power surged from the thunder.

"Xu Nian, I want to see how you'll withstand my attack next." Sword Mark Immortal Venerable frantically activated the Divine Power within him.

Terrifying thunders crazily gathered around him.

Ten massive Thunderclap Dragons formed directly around him.

"Roar!"

The Thunder Dragons let out a roaring sound, shaking the entire earth.

"Crash!"

A terrifying Thunderclap Dragon crashed down on a building.

The building instantly shattered into pieces.

The ten dragons covered the sky and blocked out the sun, their momentum was huge.

Hiss!

Everyone around took a deep breath.

Looking at those ten massive Thunderclap Dragons, their souls were trembling incessantly.

"Xu Nian is surely going to die." Someone in the crowd sighed.

The strength of Sword Mark Immortal Venerable, enhanced by the use of Divine Power Liquid, was not just a little enhanced.

Mu Yan also frowned deeply, his heart filled with tension.

Looking at the ten Thunderclap Dragons dancing in the sky, Xu Nian's eyes remained as calm as water.

"Xu Nian, your time has come." Sword Mark Immortal Venerable coldly snorted and said.

The next moment, he directly urged the Thunderclap Dragons to kill Xu Nian.

The onslaught of ten Thunderclap Dragons was enough to flatten the entire Wind Snow Immortal Temple.

Everyone around was taken aback.

How would Xu Nian withstand this terrifying assault of ten Thunderclap Dragons?

"You really think these ten Thunderclap Dragons can kill me?" Xu Nian took a step forward.

The next moment, a powerful Soul Power surged from his body.

This Soul Power burst forth.

The entire space trembled.

"What? Late-stage Immortal Emperor?"

Everyone couldn't help but widen their eyes.

Master Wind Snow was also startled.

This Xu Nian's Soul Power had actually reached the level of a late-stage Immortal Emperor?

How did he cultivate?

Sword Mark Immortal Venerable's heart was also racing.

He didn't expect Xu Nian's soul to be so overwhelmingly powerful to this ridiculous degree.

"Hmph, it doesn't matter how strong your Soul Power is, under my Thunderclap Dragons, you're still on a path to death." Sword Mark Immortal Venerable coldly snorted.

"Is that so?" Xu Nian sneered.

He then began to communicate with heaven and earth.

The next moment, Earth Attribute, Wind Attribute, and Fire Attribute Powers of Laws emerged from thin air.

Each kind of Power of Laws had reached three thousand times its usual concentration.

Indeed, Xu Nian's Fire Attribute Power of Laws had also caught up.

At this moment, the three types of Powers of Laws surged forth and instantly fused together.

"What? He actually fused three types of Powers of Laws? How did he do it?"

"Damn, am I seeing this right, different Powers of Laws can actually be fused together?"

Everyone around was astonished.

Master Wind Snow was also dumbfounded.

Sword Mark Immortal Venerable had an ominous feeling as well.

Xu Nian activated the fusion of the three Powers of Laws, ultimately forming a terrifyingly powerful black energy.

This energy was an upgraded version of Black Jade Power.

"Buzz!"

With a thought from Xu Nian, this black energy transformed into a gigantic black hand.

"Go!"

Xu Nian softly commanded.

The black giant hand reached out and directly grabbed a Thunderclap Dragon.

"Boom!"

The giant hand squeezed, and the Thunderclap Dragon was immediately crushed to pieces.

"What?"

Everyone around was stupefied.

Sword Mark Immortal Venerable's expression also drastically changed.

And just as they were in shock, Xu Nian's black giant hand moved again.

With a sweeping motion, the remaining nine were smashed away.

The Thunderclap Power exploded.

Yet the black giant hand remained unscathed.

Seeing this, everyone was petrified on the spot.

To think the fusion of these three Powers of Laws could have such terrifying power?

Sword Mark Immortal Venerable was filled with unprecedented horror.

But he felt an overwhelming sense of dread.

Because he discovered that the black giant hand was descending upon him.

Sword Mark Immortal Venerable was in a state of panic, hurriedly trying to escape.

However, the black giant hand had already blocked his path, descending instantly.

"Boom!"

A gigantic five-fingered imprint appeared on the ground.

As for Sword Mark Immortal Venerable, he was completely pulverized, his soul also shattered to dust.

"Dead?"

The crowd was dumbfounded.

How could it be this powerful?

Mu Yan was utterly shocked watching this.

This was the man she adored?

Chapter 1645: Reminiscing

Song Qingyan was completely in despair.

His master had actually been killed.

For a moment, his gaze towards Xu Nian also turned extremely terrified.

The surrounding people were even more shocked and speechless.

Xu Nian, however, sneered.

The fusion of these three types of Power of Laws was something he had accomplished only after his Soul Power reached the late-stage Immortal Emperor.

Before, his Soul Power was insufficient and could only fuse two types.

The first time he used it, he didn't expect its power to be so much greater than the two-type fusion.

"Want to kill me for treasure? It seems your power is insufficient," Xu Nian looked at the slain Sword Mark Immortal Venerable and sneered.

Then his gaze fell upon Song Qingyan.

"You, what do you want to do? You killed my master, the Sword Sect won't spare you," Song Qingyan hurriedly said.

However, as soon as he spoke, everyone around burst into ridiculing laughter.

A joke?

Xu Nian dared to kill even the son of the Heavenly Immortal Emperor from Haotian Sect, why would he care about a little Immortal Venerable from the Sword Sect?

Xu Nian also showed a disdainful look.

With a thought, a Wind Attribute Law Sword instantly shot out.

"Whoosh!"

The Wind Attribute sharp sword instantly pierced Song Qingyan's abdomen.

Song Qingyan had no opportunity to react and his Immortal Embryo had already been pierced.

A look of extreme unwillingness appeared on his face.

"You should have never plotted against Mu Yan," Xu Nian said coldly.

Upon hearing this, Song Qingyan immediately fell down.

Beside him, Mu Yan's heart also shook greatly upon hearing these words.

She didn't expect Xu Nian had truly come for her.

At this moment, the surrounding people were also deeply moved.

It turns out Mu Yan had already found her master, and he was someone extremely powerful.

"Alright, everyone should disperse," the Master of Wind Snow Immortal Temple spoke.

The surrounding people, upon hearing this, all dispersed.

Soon the square was left with only Xu Nian, Mu Yan, and the Master of Wind Snow Immortal Temple.

"Brother Xu Nian, you truly have broadened my horizons," the Master of Wind Snow Immortal Temple stepped forward with a smile.

Xu Nian felt amused and helpless.

The Master of Wind Snow Immortal Temple was already quite old yet he addressed Xu Nian as his younger brother.

However, upon considering other forms of address, it seemed none were appropriate.

"Greetings, Master!" Xu Nian responded.

"Sigh, don't call me Master, just call me Brother Feng," the Master of Wind Snow Immortal Temple said.

Upon hearing this, Xu Nian smiled: "Brother Feng."

"Haha, very good!" the Master of Wind Snow Immortal Temple laughed.

Aside, Mu Yan also showed a helpless expression upon hearing this.

Xu Nian and the Master were discussing as equals, so wouldn't her seniority suddenly be reduced significantly?

"Alright, you two can chat first. After you're done, come find me. Brother Xu, I'll take you to see something," the Master of Wind Snow Immortal Temple said with a smile.

With that, he left directly.

Xu Nian watched the Master of Wind Snow Immortal Temple leave, and once the Master was gone, Xu Nian looked at Mu Yan.

"Why did you come, sir?" Mu Yan asked shyly.

"I happened to be training in Tianjian City, so I decided to drop by and see you," Xu Nian said.

Upon hearing this, Mu Yan nodded.

Her heart was both delighted and a bit disappointed.

Delighted that Xu Nian thought of her, disappointed because it seemed Xu Nian would leave soon.

"Sir, come to my place," Mu Yan said.

"Okay!" Xu Nian nodded.

Then he followed Mu Yan to her residence.

This was a secluded courtyard in Wind Snow Immortal Temple.

The courtyard was surrounded by immortal bamboo, extremely quiet.

A barrier was set around the courtyard, ensuring that anyone below Immortal Emperor level could not investigate here.

"Quite an elegant courtyard. Have you always been cultivating here?" Xu Nian asked.

"Yes! Please have some tea," Mu Yan brewed a pot of tea for Xu Nian.

Xu Nian accepted the tea and took a sip, immediately feeling a sense of serenity.

Suddenly, his mind entered a mystical state.

"Buzz!"

Xu Nian discovered his Insight Realm had significantly advanced.

He instantly broke through thirty-six thresholds, reaching a four-thousand-fold density of laws.

In other words, in just an instant, his Insight Cultivation unexpectedly reached the Law Heart Great Success Realm.

"Hmm, the taste of the Enlightenment Ancient Tree is in this," Xu Nian said, surprised.

"Sir, you're indeed amazing. Yes, I once accidentally encountered Enlightenment Ancient Tree and received its gift, then I made these leaves into tea," Mu Yan said.

Xu Nian was utterly amazed.

Enlightenment Ancient Tree is a type of Ancient Divine Tree.

It helps people comprehend Heaven and Earth Laws.

He never expected Mu Yan to have such an opportunity, to possess tea leaves from Enlightenment Ancient Tree.

Looking at Mu Yan's Insight Cultivation again, it was clear she hadn't been using these leaves generously.

Thus her Law Realm still remained at the Law Power stage.

It seemed these tea leaves were specially prepared for him.

For a moment, Xu Nian also felt touched.

"Mu Yan, have you been waiting here for me?" Xu Nian asked.

"Yes, sir. I have no other desire, just to see you once again someday, and I shall be contented. I never imagined heavens would favor me, today I truly got to see you," Mu Yan said with a radiant smile.

Her smile was exceptionally bright.

Xu Nian smiled slightly and immediately stood to embrace Mu Yan.

Then he walked into the room.

Mu Yan blushed, clearly knowing what Xu Nian intended.

But she didn't resist at all.

Instead, she snuggled into Xu Nian's arms.

Then, inside the room, spring colors blossomed.

Mu Yan served Xu Nian with great devotion, providing him with an unprecedented experience.

"Mu Yan, actually you need not be so humble. Now that you are my woman, I will be your husband," Xu Nian said.

"Can it really be?" Mu Yan's heart was a bit excited.

Husband?

It's a title she never dared to even imagine.

"Of course!" Xu Nian said with a smile.

"Husband!" Mu Yan immediately called.

"Good, let husband pamper you once more," Xu Nian said mischievously.

Then he embraced Mu Yan's slender waist for a deeper interaction.

For a whole day and night.

Only then did Xu Nian stop.

Mu Yan's face was flushed with satisfaction.

"Husband, will you leave?" Mu Yan asked.

"Yes, so I want to ask if you are willing to leave with me?" Xu Nian asked.

"I am willing," Mu Yan hurriedly replied.

"Don't refer to yourself as a servant anymore," Xu Nian said seriously.

"Alright, Mu Yan will do as husband says," Mu Yan said with a smile.

Possessing Taigu Wood Spirit Body, she had a unique aura.

This aura did not lose out to others at all.

"Let's go, I'll take you somewhere," Xu Nian said while holding Mu Yan.

The next moment, they entered the Chaos Divine Palace.

Arrived before the Seven-colored Bodhi Tree.

"Is this the Divine Tree, the Seven-colored Bodhi Tree?" Mu Yan exclaimed in surprise.

Now she finally understood why Xu Nian could easily take out Seven-colored Bodhi Tree leaves.

It turns out Xu Nian owned the whole Seven-colored Bodhi Tree.

"From now on, how about you cultivate here?" Xu Nian said with a smile.

"Really?" Mu Yan was shocked.

"Of course, the Divine Tree's aura should be able to nurture your Taigu Wood Spirit Body," Xu Nian replied.

Mu Yan eagerly nodded.

Cultivating under the Divine Tree, her cultivation and insight would undoubtedly advance rapidly.

Chapter 1646: Nine-Headed Snake Emperor

Next, Xu Nian exchanged a few words with Mu Yan.

Only then did the two join hands to look for the Master of the Wind Snow Immortal Temple.

He was very curious about what the Master of the Wind Snow Immortal Temple wanted him to see.

"Brother Xu, you finally came." Master Wind Snow said with a smile.

The smile carried a hint of deeper meaning.

Mu Yan's cheeks immediately flushed.

Xu Nian smiled helplessly; even at such an old age, the Master of the Wind Snow Immortal Temple still liked to joke around.

"I wonder what Brother Feng wanted me to see?" Xu Nian diverted the topic.

"Haha, come, Brother, you'll know when you see it." Master Wind Snow laughed.

After saying that, he led Xu Nian to the rear part of the Wind Snow Immortal Temple.

"Is this the forbidden area of the Wind Snow Immortal Temple?" Mu Yan asked in shock.

"Forbidden area?" Xu Nian looked at Master Wind Snow with some astonishment.

"Haha, yes, to outsiders, this is indeed a forbidden area, but for Brother Xu, it is not." Master Wind Snow replied with a smile.

After speaking, he led Xu Nian into the palace.

Upon entering the palace, Master Wind Snow opened the door to a secret chamber.

The door of this secret chamber was extremely heavy, made entirely of Divine Stone.

Moreover, it was covered with powerful seals.

Even an Immortal Emperor-level expert couldn't break through.

Upon entering the secret chamber, Xu Nian, along with Master Wind Snow, proceeded to the underground.

Underground was a huge pit.

The height reached over a hundred meters.

The area covered more than ten thousand square meters.

One could say it was practically an underground plaza.

However, these were not what shocked Xu Nian. What truly shocked him was in the center of this vast pit.

In the center of this plaza, a Nine-Headed Snake Emperor was sealed.

And it was an early-stage Immortal Emperor-level Nine-Headed Snake Emperor.

"Brother Feng, is this what you wanted me to see?" Xu Nian showed a wry smile.

The Nine-Headed Snake Emperor is an incredibly terrifying type of Fierce Beast among the ancient bloodlines.

This kind of Fierce Beast is stronger than the Dragon Clan by no means inferior.

Even fiercer and more terrifying than some Taigu Dragon Clan.

"Yes, Brother Xu, I wanted you to see this Nine-Headed Snake Emperor. It is likely the last one in the world, and it also has the Gold Attribute," said Master Wind Snow.

"The last Nine-Headed Snake Emperor?" Xu Nian was shocked.

Mu Yan, on the side, was also surprised beyond words.

This Nine-Headed Snake Emperor gave her an extremely terrifying feeling.

Especially the Gold Attribute, which greatly suppressed her Wood Attribute, making her instinctively feel a hint of fear.

"What is Brother Feng's purpose for calling me here?" Xu Nian inquired.

"Brother Xu, you may not know, the seal on this Nine-Headed Snake Emperor is about to break. If it breaks free, not just the Wind Snow Immortal Temple, but even all of Cold Smoke City would be doomed," explained Master Wind Snow.

"Does Brother Feng mean for me to solve it?" Xu Nian frowned.

"Yes, that's exactly my intention. If Brother Xu can help me deal with this Nine-Headed Snake Emperor, then you can have its body," Master Wind Snow said.

Xu Nian was immediately stunned upon hearing this.

Do you know how precious the body of the Nine-Headed Snake Emperor is?

It's absolutely priceless.

The Nine-Headed Snake Emperor possesses the unique ancient Nine-Headed Snake Bloodline and incredibly powerful talent divine abilities.

You could say it is an ultimate divine beast.

A body of a Nine-Headed Snake Emperor like this is priceless.

Of course, Xu Nian was tempted.

He wanted to achieve a Gold Attribute Divine Body and needed a suitable Gold Attribute body.

And this Nine-Headed Snake Emperor seemed like the most suitable Gold Attribute body he could find at the moment.

Once he used this body to achieve the Divine Body, Xu Nian couldn't imagine what kind of scenario it would be.

"Master, it's said that the Nine-Headed Snake is by nature ferocious and extremely bloodthirsty. Now that my husband's cultivation is sealed, how can he hunt this Nine-Headed Snake Emperor?" Mu Yan interjected.

"Alas, I am aware of this fact. The Nine-Headed Snake Emperor was sealed here due to its massacre of humans. Seeking Brother Xu's help is a last resort. The seal can contain it for at most five years, possibly less. In five years, it will break free; who can stop it then? Its strength is comparable to a Mid-stage Immortal Emperor," Master Wind Snow explained.

"Mid-stage Immortal Emperor? Then there's no way my husband can handle it." Mu Yan hastily rejected on Xu Nian's behalf.

She was deeply afraid Xu Nian would agree and end up getting injured as a result.

Xu Nian smiled; he understood Mu Yan's feelings.

However, he still looked at Master Wind Snow and smiled, "Brother Feng, is it really you who said, as long as I kill this Nine-Headed Snake Emperor, its body will belong to me?"

"Yes! As long as you, Brother Xu, can do it." Master Wind Snow confirmed.

Xu Nian, upon hearing this, curved his lips into a slight smile.

"Husband, are you really confident?" Mu Yan asked.

"Don't worry, I won't be harmed." Xu Nian assured with a smile.

Then he walked toward the Nine-Headed Snake Emperor.

The Nine-Headed Snake Emperor, having been in slumber, now saw someone approaching and immediately raised its nine massive heads, roaring at Xu Nian.

The nine snake heads roared simultaneously, shaking the heavens.

Mu Yan and Master Wind Snow felt as though their souls were being torn apart.

Fortunately, Xu Nian's soul power had reached the Late-stage Immortal Emperor level.

Otherwise, even he would have difficulty resisting the Nine-Headed Snake Emperor's roar.

"I wonder how my husband plans to confront this terrifying Nine-Headed Snake Emperor," Mu Yan couldn't help but muse.

This Nine-Headed Snake Emperor is at the Immortal Emperor-level.

Moreover, it possesses the overwhelmingly powerful ancient Divine Beast Bloodline.

It's far stronger than the Sword Mark Immortal Venerable.

Master Wind Snow also shook his head.

He was merely hoping to test it out, never expecting Xu Nian to actually agree.

Now he too was curious about what methods Xu Nian would utilize.

Xu Nian looked at the Nine-Headed Snake Emperor before him, his gaze sharp.

"Human, are you here to court death?" said the Nine-Headed Snake Emperor, all nine heads speaking in unison, its voice reverberating throughout the cave.

"No, I'm here to kill you," Xu Nian smiled.

"Just you? A mere mortal without cultivation?" the Nine-Headed Snake Emperor scoffed.

"Not just me, there's also it," Xu Nian waved his hand.

A Demigod-level Puppet appeared beside him.

"Is that a puppet?" Mu Yan was taken aback.

But Master Wind Snow was stunned.

"It's a puppet and a Demigod-level Puppet at that," Master Wind Snow said.

The moment these words were spoken, Mu Yan was also dumbfounded.

Demigod-level?

How strong must that be?

The Nine-Headed Snake Emperor's expression changed, looking at the puppet beside Xu Nian with a deep sense of wariness.

It never expected that Xu Nian would have such a powerful weapon at his disposal.

This Demigod-level Puppet was enough to threaten its life.

"Human, how did you come to possess such a powerful puppet?" asked the Nine-Headed Snake Emperor.

"That's not something you need to know," Xu Nian replied with a smile.

With that, he directly activated the Demigod-level Puppet.

The next moment, the Demigod-level Puppet leaped out, making its way toward the Nine-Headed Snake Emperor.

Chapter 1647: Killing the Nine-Headed Snake Emperor

"Bang!"

With a swift movement, the demigod-level puppet appeared directly in front of the Nine-Headed Snake Emperor.

The Nine-Headed Snake Emperor's body was bound by some rune chains, unable to move at all, and could only lift its snake heads to attack the demigod-level puppet.

"Boom!"

However, the demigod-level puppet punched the Nine-Headed Snake Emperor's head.

The next moment, the entire skull of the Nine-Headed Snake Emperor shattered instantly, its massive jaw deformed directly.

The scales on its head were broken into pieces, bloodied and mangled.

It is truly unimaginable how powerful that punch was.

"So strong, a purely physical attack can be powerful to such an extent?" the Wind Snow Immortal Temple's master exclaimed in surprise.

Not to mention withstanding that punch, even the fist wind created by the punch would be enough to smash him into meat paste.

Mu Yan was also shocked.

Unexpectedly, Xu Nian had such a formidable puppet.

With this, how many people in the Immortal Realm could threaten his life?

Thinking of this, Mu Yan breathed a sigh of relief.

Xu Nian was not surprised at all by this.

He knew that this Nine-Headed Snake Emperor was not a match for the demigod-level puppet.

However, wanting to kill the Nine-Headed Snake Emperor without completely destroying its body was not an easy task.

So Xu Nian didn't expect the demigod-level puppet to be able to blast the Nine-Headed Snake Emperor to death.

Everything had to rely on him.

Thus, Xu Nian sat down cross-legged, and began to mobilize his soul power.

"Buzz!"

The soul power transformed into a phantom figure, flying directly out from Xu Nian's body and swiftly entered the Nine-Headed Snake Emperor's body.

"Buzz!"

Xu Nian entered the body of the Nine-Headed Snake Emperor and quickly found its demon embryo.

Without hesitation, Xu Nian moved towards the Nine-Headed Snake Emperor's demon embryo.

This Nine-Headed Snake Emperor only had one demon embryo.

Xu Nian entered the demon embryo and arrived at the Nine-Headed Snake Emperor's mind space.

Every cultivator has their own mind space, generally transformed from the Mud Ball Palace.

Usually hidden within the immortal embryo.

At this moment, the Nine-Headed Snake Emperor's immortal embryo was also within the mind space of its demon embryo.

Upon entering the mind space, Xu Nian saw an enormous Nine-Headed Snake Emperor's body.

With a length of nearly a thousand feet, each of its nine giant snake heads had extremely long necks, and the nine heads were arrogantly raised high, looking down with the imposing presence of a divine beast.

"Human, what do you intend to do by intruding into my soul space?" the Nine-Headed Snake Emperor glared at Xu Nian, its eyes full of vigilance.

Xu Nian's soul power gave it a sense of oppression.

He could undoubtedly tell that Xu Nian's soul power was far above his own.

Xu Nian snickered upon hearing this: "Naturally, to take over this body of yours. Not going to lie, I've taken a liking to your body."

"Humph, pathetic human, you think you're worthy of seizing my body?" the Nine-Headed Snake Emperor responded coldly.

In its tone was an overwhelming arrogance.

The Nine-Headed Snake Emperor's arrogance was no less than that of the Dragon Clan and even surpassed some Taigu Ancestor Dragons.

"It's said that the Nine-Headed Snake Emperor is very arrogant. Unexpectedly, it is truly extraordinarily arrogant. Fine, then let me show you whether I am worthy or not," Xu Nian retorted coldly.

He stepped forward.

"Roar!"

Next moment, several dragon roars sounded within his body.

Then nine dragon-shaped phantoms appeared directly behind Xu Nian.

Nine dragons coiled, supreme divine body.

At this moment, Xu Nian's Nine Great Dragon Veins had already been opened, able to summon nine great dragon souls.

Yet the power of these nine dragon souls equaled his soul power.

Therefore, he could not yet fully unleash the true might of the Ancestor Dragon.

"Nine Dragons Supreme Body?" the Nine-Headed Snake Emperor's face changed, surprised that this human possessed the strongest physique of the Dragon Clan.

Seeing the nine-headed dragon clan phantom before him, the Nine-Headed Snake Emperor's arrogance was also annihilated.

"Human, release me, I can become your capable ally and aid you in dominating the Immortal Realm," the Nine-Headed Snake Emperor offered.

"Do you think I would believe you?" Xu Nian sneered.

Serpents are inherently sly, especially this Nine-Headed Snake Emperor.

It had been remarkably vicious in the past.

Killed countless people.

Such an entity was impossible to genuinely support himself.

Once it found an opportunity to escape, it might devour him leaving not even a crumb.

Besides, Xu Nian had no intention of letting it go.

"Human, if you do not trust me, I can swear a Heavenly Dao Oath to be loyal to you," offered the Nine-Headed Snake Emperor.

"Humph!" Xu Nian sneered.

Though a Heavenly Dao Oath has strong binding power.

There would usually be loopholes in language.

Haven't many died in the Immortal Realm because of these loopholes?

How could Xu Nian believe such nonsense as a Heavenly Dao Oath?

"If you truly wish to submit to me, then hand over your soul origin mark," Xu Nian said with a light laugh.

"Human, you're going too far," the Nine-Headed Snake Emperor immediately cooled, its gaze at Xu Nian filled with intense killing intent.

Xu Nian only chuckled lightly.

As expected, the Nine-Headed Snake Emperor was not sincerely trying to submit.

"Nine-Headed Snake Emperor, you should abandon such thoughts, today I will kill you, there is no escape," Xu Nian said with a cold laugh.

Then he commanded the nine-headed ancestor dragon phantom to charge the Nine-Headed Snake Emperor.

The Nine-Headed Snake Emperor's eyes also erupted with a malevolent light.

Immediately it launched an attack at Xu Nian's nine-headed ancestor dragon.

In an instant, the nine-headed ancestor dragon and the Nine-Headed Snake Emperor entangled fiercely.

Mutually biting, shaking the entire soul space.

Xu Nian certainly did not sit idle.

His palm began to gradually gather an extremely powerful soul power.

This soul power started to coalesce, forming an extremely sharp flying blade.

This flying blade emitted a terrifying aura.

Feeling the terrifying aura on the flying blade, the Nine-Headed Snake Emperor's expression changed dramatically, wanting to break free from the constraints of the nine-headed ancestor dragon.

However, everything was too late.

The nine-headed ancestor dragon held the Nine-Headed Snake Emperor tightly.

"Roar!"

The Nine-Headed Snake Emperor's soul wanted to break free, but it was futile.

Xu Nian let out a cold laugh.

With a thought.

The soul flying blade shot out violently.

Heading straight for the Nine-Headed Snake Emperor's soul origin.

The Nine-Headed Snake Emperor was shocked.

Yet, it had no means.

"Boom!"

The flying blade pierced through the soul origin of the Nine-Headed Snake Emperor instantly.

The next moment, it directly exploded the entire Nine-Headed Snake Emperor.

The Nine Heavens Snake Emperor's soul origin exploded, transforming into pure soul energy.

Xu Nian did not hesitate, immediately began to tear his soul origin.

The tearing of the soul origin was intensely painful.

Regardless of the level achieved, this kind of pain was unavoidable.

"Ah!"

Xu Nian endured the intense pain, dividing his soul origin in two.

One part returned to his body.

The other part began to absorb the Nine-Headed Snake Emperor's soul origin fragments.

Attempting to inherit its inheritance memory.

These inheritance memories of ancient divine beasts are extremely formidable.

If acquired, they are undoubtedly invaluable treasures.

As Xu Nian continued to absorb, the surrounding soul origin fragments were gradually devoured.

Due to the tearing of the soul origin, Xu Nian's soul power also fell from the late-stage Immortal Emperor level to the mid-stage Immortal Emperor level.

Fortunately, his body contained soul energy from a Demon Emperor level powerhouse, while this part of the soul origin had the Nine-Headed Snake Emperor's soul energy replenishment.

Soon, both parts of the soul origin returned to the late-stage Immortal Emperor level.

Chapter 1648: Wind Sword Immortal Emperor

As Xu Nian continuously absorbed the soul origin of the Nine-Headed Snake Emperor.

Xu Nian gradually began to control the body of the Nine-Headed Snake Emperor, and his mind was filled with many legacy memories of the Nine-Headed Snake Emperor.

Sorting through these memories, Xu Nian was increasingly astonished.

It turns out this Nine-Headed Snake Emperor wasn't just an ordinary Nine-Headed Snake Emperor but a top bloodline among them, the Gold Devouring Nine-Headed Snake Emperor.

This type of Nine-Headed Snake Emperor has a powerful ability to devour metals.

The stronger the metal it devours, the greater the power it obtains.

"Fortunately, this Nine-Headed Snake Emperor was sealed, otherwise it would be quite challenging to defeat it," Xu Nian mused to himself.

In his mind, he received three sets of legacy memories.

One is an incredibly powerful cultivation technique, "Golden Dao Origin."

This is a technique surpassing the God Emperor level, with extremely formidable power.

The second is a secret technique, "Dark Gold God Slaying Sword."

It's an immensely powerful offensive method.

It can instantly condense an extremely strong metal energy sword.

The power of this sword is incredibly terrifying.

The third is the Nine-Headed Snake's most important legacy memory, "Golden Divine Country."

The Golden Divine Country is a technique similar to Divine Domain level.

Within the Golden Divine Country, Xu Nian can create his own world.

This is an extremely frightening technique.

"Buzz!"

With a thought from Xu Nian.

The true form of the Nine-Headed Snake Emperor transformed into a human appearance.

His looks were identical to Xu Nian's true self, but the robe he wore was dark gold.

Not only that, his eyes were also dark gold, giving off an extremely cold and sharp feeling.

"Boom!"

The Demigod-level puppet beside him punched and shattered the seal stone pillar.

Directly destroying the seal on the Nine-Headed Snake Emperor.

In this way, Xu Nian's Nine-Headed Snake Emperor avatar also regained freedom.

"Hmm, why has this Nine-Headed Snake Emperor become the form of my husband?" Mu Yan asked in surprise.

"That's because Brother Xu has already seized the body of the Nine-Headed Snake Emperor, and now it has become Brother Xu's avatar," said the head of the Wind Snow Immortal Temple with a sigh.

Having the Nine-Headed Snake Emperor avatar, how terrifying would that be?

"Body seizing?" Mu Yan was utterly shocked.

Xu Nian actually seized the Nine-Headed Snake Emperor's avatar?

Xu Nian's true self also opened his eyes at this moment, looking at the Nine-Headed Snake Emperor avatar in front of him, and immediately smiled.

With this Nine-Headed Snake Emperor avatar, his gold attribute cultivation could develop even better.

Now, through the Nine-Headed Snake Emperor avatar, Xu Nian found his perception of gold attribute elements seemed clearer.

Moreover, because he had devoured the Nine-Headed Snake Emperor's soul fragments, he gained its memories.

In his mind, the comprehension of the gold attribute law experienced a tremendous change.

From the original third-grade gold element law, it broke through to the gold attribute first-grade super strength law.

Now Xu Nian's gold attribute law had smoothly broken through to the Law True Body stage.

Super strength law represents not only extreme hardness but also the ability to withstand high-intensity destruction.

This could be called a perfect-level defense law.

"Buzz!"

With a thought from Xu Nian.

This Nine-Headed Snake Emperor avatar directly merged into Xu Nian's true self.

And within Xu Nian's Chaos Green Lotus, a figure sat cross-legged.

This figure was precisely his Nine-Headed Snake Emperor avatar.

A thought.

Xu Nian could switch between the Nine Heavens Snake Emperor avatar and his true self at will.

"Husband, are you okay?" Mu Yan immediately flew over to ask.

"I'm fine, and actually, I feel great," Xu Nian said with a smile.

Having an Immortal Emperor-level avatar, for him, undoubtedly added a very formidable combat strength.

Indeed, the Nine-Headed Snake Emperor avatar's cultivation is at the early-stage Immortal Emperor level.

Of course, Xu Nian's comprehension of gold attribute elements still needed a bit of digestion.

Only after he fully digested the law comprehension could he truly be at the early-stage Immortal Emperor level.

But the mixed element demon power within him could be directly utilized.

"Brother Xu truly opened my eyes, having a demigod-level puppet, and late-stage Immortal Emperor-level soul power, and now acquiring this Nine-Headed Snake Emperor avatar, it's indeed unimaginable," said the head of the Wind Snow Immortal Temple as he stepped forward.

Xu Nian smiled.

He was also lucky, with soul power surpassing that of the Nine-Headed Snake Emperor.

That's why he could seize it.

If his soul were only at the early-stage Immortal Emperor level, it would have been challenging to seize it.

Plus, the demigod-level puppet suppressed its body, leaving it no room to resist.

Subsequently, Xu Nian stayed at the Wind Snow Immortal Temple for two days.

During these two days, Xu Nian, apart from bonding with Mu Yan, spent the rest of the time familiarizing himself with the Nine-Headed Snake Emperor avatar.

He found the power of this Nine-Headed Snake Emperor avatar was not far off from that of the Undying Devouring Sky Beast.

Now this Nine-Headed Snake Emperor avatar was already Xu Nian's fourth avatar.

It could be said that each of Xu Nian's avatars was extremely powerful.

"Hm?"

Just as Xu Nian was trying to comprehend the metal law, his Communication Immortal Talisman lit up.

Xu Nian opened the talisman and instantly frowned.

Then, a overwhelming killing intent emerged in his eyes.

"What's wrong, husband?" Mu Yan asked.

"I'll explain to you later, first enter the Chaos Divine Palace, I need to go to the Tianjian Sect," Xu Nian said.

"Alright!" Mu Yan agreed without hesitation.

She basically understood Xu Nian's situation.

She also knew that besides her, Xu Nian had a few other women.

She didn't mind this, as long as she could stay by Xu Nian's side, she was already content.

"Tianjian Sect, you're courting death!"

After Xu Nian placed Mu Yan into the Chaos Divine Palace, his figure flashed and disappeared from the spot.

The next moment, he arrived in front of the transmission array.

Xu Nian took out Sword Mark Immortal Venerable's identity token, and the transmission array immediately recognized Sword Mark Immortal Venerable's information, and then directly transported Xu Nian to the interior region of the Tianjian Immortal Domain.

Upon entering the internal region of the Tianjian Sect, Xu Nian directly switched to the Nine-Headed Snake Emperor avatar.

He released his soul power and began to sense Han Xiaoxiao's whereabouts.

Then he began to circulate the mixed element demon power within his body, preparing to instant teleport.

Indeed, upon reaching Immortal Emperor level, one could perform instant teleportation.

This is the ability possessed by an Immortal Emperor-level powerhouse.

Previously, although Xu Nian's soul power reached the Immortal Emperor level, the immortal essence in his body hadn't reached the level of Mixed Element Immortal Yuan.

But now, mastering the Nine-Headed Snake Emperor avatar, he could directly mobilize the mixed element demon power within to perform instant teleportation.

"Buzz!"

Soon, Xu Nian located Han Xiaoxiao's position and, with a thought, disappeared from the spot once more.

Just moments ago, he had received a message from Han Xiaoxiao.

A guy named Wind Sword Immortal Emperor from the Tianjian Sect discovered the godhood within Han Xiaoxiao.

He directly attacked Han Xiaoxiao, trying to kill her to seize the godhood.

"Buzz!"

Xu Nian's figure appeared in a massive plaza.

In the center of the plaza, Han Xiaoxiao's figure was held captive.

She was wearing mid-grade divine armor, appearing battered.

Seeing Xu Nian appear, a trace of a smile appeared on Han Xiaoxiao's face.

However, Xu Nian's eyes instantly turned furious, looking up at the man in the air ahead.

The man also glanced towards Xu Nian at this moment, his gaze cold and arrogant.

Chapter 1649: Law Great Achievement Realm

A young man in a blue robe stood proudly in the sky.

His expression emanated a powerful aura.

Intimidating without anger.

Just standing there, he emitted an overwhelming oppressive aura.

"An early-stage Immortal Emperor expert?" Xu Nian's eyes narrowed.

This so-called Wind Sword Immortal Emperor is the youngest of the thirteen Immortal Emperors in the Tianjian Sect.

Although his power is only at an early-stage Immortal Emperor level, he is considered a genius Immortal Emperor in the Tianjian Sect.

Around them, many Tianjian Sect disciples had gathered, all startled by Xu Nian's appearance.

Instant Teleportation?

Could he also be an Immortal Emperor level expert?

Xu Nian ignored the shocked gazes of the crowd and went straight to Han Xiaoxiao's side.

"Are you okay?" Xu Nian asked with concern.

He clearly saw some sword scars on the back of Han Xiaoxiao's Divine Armor.

It was obvious that they were left by the man in the sky.

Moreover, Han Xiaoxiao's Soul Power was extremely weak.

One must know Han Xiaoxiao's soul was mutated and could infinitely split.

For Han Xiaoxiao's soul to become so weak could only mean her soul had suffered a violent attack.

"I'm fine, but my Master was killed by him, and Lu Xue was severely injured by him too." Han Xiaoxiao said fiercely.

Xu Nian frowned and looked around.

He found a middle-aged beautiful woman's corpse lying on the ground.

On the other side, Lu Xue was also severely injured.

Seeing this scene, Xu Nian's eyes were instantly filled with killing intent.

"So you are Xu Nian. Tell your woman to hand over the Godhood, and I can spare your lives." The Wind Snow Immortal Emperor looked down condescendingly at Xu Nian, his eyes full of disdain.

Hearing this, Xu Nian looked up at the arrogant young man.

"Spare our lives? I'm afraid you are not qualified to do so." Xu Nian snorted coldly.

His eyes were extremely frosty.

All around, people gasped in shock.

"He's Xu Nian? To be so arrogant and even disregard the Wind Sword Immortal Emperor? Does he not know the power of the Wind Sword Immortal Emperor?"

"Indeed, this Wind Sword Immortal Emperor is a peerless talent who became an Immortal Emperor in three thousand years. Even with an early-stage Immortal Emperor's cultivation, he has slain three Netherworld Clan Immortal Emperors and has mastered Wind Attribute Law to a terrifying level. His power is fundamentally incomparable to ordinary Immortal Emperors."

"Xu Nian? Isn't he supposed to be of Immortal Sovereign level? How could he be an Immortal Emperor?"

"Immortal Sovereign? Then he is even less a match for the Wind Sword Immortal Emperor."

...

The crowd continued to discuss.

All felt that Xu Nian's words were somewhat arrogant.

Even though Xu Nian had just used Instant Teleportation, they still didn't think he was a match for the Wind Sword Immortal Emperor.

After all, reaching the Immortal Emperor Realm means reaching the Law Great Success Realm.

Throughout the Immortal Realm, fewer than a hundred have reached the Great Success Realm.

How long has Xu Nian been cultivating?

He can teleport instantly, at most, he is a Quasi-Immortal Emperor.

In fact, their guess was correct.

Xu Nian now was no different from a Quasi-Immortal Emperor level expert.

Although his cultivation within had reached the Immortal Emperor level, his Law Comprehension was insufficient, so he could only be considered a Quasi-Immortal Emperor.

But even facing the Wind Sword Immortal Emperor, he wasn't the least bit afraid.

Sure enough, Xu Nian's words made the Wind Sword Immortal Emperor laugh coldly.

"Boy, don't think I can't see that your Law Realm hasn't reached the Law Great Success Realm, or even the late stage of the third Law has not been reached. How can you be a match for me?" The Wind Sword Immortal Emperor sneered.

His gaze at Xu Nian was like looking at an ant.

The gap between Law Great Success and the late stage of Law is a huge watershed, and this disparity is not just ordinary.

A Quasi-Immortal Emperor daring to be arrogant in front of him.

"Husband, he's too strong, why don't we leave?" Han Xiaoxiao said worriedly.

Xu Nian chuckled softly.

"Don't worry, I also want to experience the prowess of an Immortal Emperor-level expert." Xu Nian comforted.

Then he signaled Han Xiaoxiao to step aside.

The latter hesitated for a moment, finally nodded, and obediently retreated with Lu Xue into the crowd.

But her gaze at Xu Nian was still full of concern.

After all, Xu Nian was facing an Immortal Emperor-level expert.

Xu Nian looked at the Wind Sword Immortal Emperor in the sky, his eyes full of intense battle intent.

He had long heard that between the Immortal Emperor level and below it, there's an insurmountable chasm.

But he had never experienced it; today, he would like to.

"Are you really determined to fight me? Do you know the consequences of clashing with me?" The Wind Sword Immortal Emperor snorted coldly.

"I truly don't know." Xu Nian's eyes sharpened.

His tone was provocative.

Hearing this, the Wind Sword Immortal Emperor's eyes also turned cold.

What an ignorant fool.

All around, people were endlessly amazed.

This guy really dared to battle the Wind Sword Immortal Emperor?

Is he courting death?

"Hmph, since you're determined to die, then go ahead and die!" The Wind Sword Immortal Emperor huffed.

With a wave of his hand, a terrifying Sword Radiance shot directly toward Xu Nian.

The energy fluctuation contained within this Sword Radiance was extremely terrifying.

Its speed was also the fastest Xu Nian had ever seen in his life.

Xu Nian hurriedly dodged.

"Pfft!"

Yet this sword still crossed his shoulder.

Blood splattered.

Even though Xu Nian promptly activated his Scale Armor and used the Gold Attribute Super Strength Law, he still couldn't block this sword.

It should be known that Xu Nian was currently using the Nine-Headed Snake Emperor Avatar.

The hardness of the Scale Armor itself was comparable to a Low Grade Divine Artifact, and after being strengthened by the Gold Attribute Super Strength Law, it was comparable to a Mid-grade Divine Artifact.

Yet, facing this sword, his skin was still sliced open, the flesh torn.

"What a terrifying Sword Qi." A thought flashed through Xu Nian's mind.

Just a casual Sword Qi already possessed such power.

It seemed that an Immortal Emperor-level expert was indeed terrifyingly formidable.

"You managed to dodge that sword of mine, seems your reaction speed is not bad." The Wind Sword Immortal Emperor sneered.

The crowd shook their heads.

The difference in strength was too obvious.

This Xu Nian was fundamentally not a match for the Wind Sword Immortal Emperor.

Han Xiaoxiao became even more worried.

Xu Nian, however, had no intention of giving up.

He carefully recalled the Sword Radiance from the Wind Sword Immortal Emperor just now.

Wind Attribute Law, the Sharpness Law of Wind.

He clearly felt a heart-palpitating and terrifying Law Wave on the Sword Radiance.

"This is the Law Great Success Realm?" Xu Nian murmured in his heart.

Even just a trace was a thousand times more powerful than the condensed power of regular Laws.

"Now you see the gap, or are you going to hand over the Godhood?" The Wind Sword Immortal Emperor laughed coldly.

Xu Nian looked up, his eyes fearless as he looked at the Wind Sword Immortal Emperor.

"Your Law is strong, but it's still far from enough to kill me." Xu Nian clenched his hand, and the God Sword appeared in his grasp.

The Mixed Element Demon Power in his body instantly poured into it.

"Buzz!"

The God Sword immediately emitted an extreme hum.

Chapter 1650: Xu Nian's Outburst

With the Mixed Element Power driving the God Sword, it is evident that the God Sword is more powerful than when simply driven by Immortal Essence.

Although Xu Nian's previous Immortal Essence was denser than the Mixed Element Power, the Mixed Element Power is obviously a more advanced energy.

Therefore, at this moment, with the Mixed Element Power driving it, the sharpness of the God Sword is even stronger.

"Buzz!"

The God Sword emanated a fierce aura.

That terrifying fluctuation made everyone around feel apprehensive.

"My God, is that a Divine Artifact?" someone from the crowd exclaimed.

"Yes, I can't believe I see a Divine Artifact in my lifetime, it's truly astounding."

"A Divine Artifact? I've long heard that Xu Nian is extremely wealthy, but I never thought he was this wealthy."

...

The crowd was filled with exclamations.

The gaze of the Wind Sword Immortal Emperor in the sky was exceptionally sharp.

He also did not expect Xu Nian to possess such a treasure.

A Divine Artifact?

If I owned it, wouldn't I be even stronger?

Only a talent like myself is worthy of wielding such an extraordinary sword.

"I must seize this sword." A hint of greed flashed in the Wind Sword Immortal Emperor's eyes.

Facing the Divine Artifact, even though he is an Immortal Emperor, it's impossible not to be tempted.

It's known, the value of a Divine Artifact in the Immortal Realm even surpasses Godhood.

After all, the quantity of Godhood in the Three Realms is not few, but currently, there is only this one Divine Artifact.

"You really surprise me time and time again. Since it's like this, I will also take this Divine Artifact," the Wind Sword Immortal Emperor said with a cold smile.

"If you have the ability, come and take it," Xu Nian's gaze was sharp.

Facing the Emperor Level Wind Sword Immortal Emperor, he showed no fear.

"Hmph, unaware of your death." The Wind Sword Immortal Emperor snorted coldly.

He then activated the Mixed Element Immortal Power within him, integrating it with the Wind Attribute Law.

The Wind Sword Immortal Emperor was a Sword Immortal, so his Mixed Element Immortal Power was sharper than that of an ordinary Early-stage Immortal Emperor.

Now combined with this Great Success Level Wind Attribute Law,

The fluctuation on that energy sword had reached a terrifying extreme.

Even Xu Nian could see cracks appearing in the surrounding space.

These tiny spatial rifts were continuously torn apart by the fierce aura bursting from this energy sword.

"What a terrifying sword! With just one slash, it could probably level everything within a hundred miles," someone in the crowd exclaimed.

"Of course, I've seen it with my own eyes, the Wind Sword Immortal Emperor slashing down a Primordial Immortal Beast of Early-stage Immortal Emperor Level with one sword. The scene can only be described as shocking," someone responded.

The disciples of Tianjian Sect looked at the Wind Sword Immortal Emperor with a strong sense of admiration in their eyes.

Those female disciples were even starry-eyed.

"Junior Sister Xiao Xiao, can Xu Nian withstand the Wind Sword Immortal Emperor?" Lu Xue asked worriedly.

Han Xiaoxiao shook her head.

She didn't know either.

This was the first time she had seen a battle of this level.

So whether Xu Nian could withstand it, she also did not know.

"But I believe in my husband, since he dares to act, he must be confident," Han Xiaoxiao said with a determined gaze.

Lu Xue was astonished.

She didn't expect Han Xiaoxiao to trust Xu Nian so much.

"Die!"

At this moment, the Wind Sword Immortal Emperor in the sky finally made his move.

He pointed to the tip of that energy sword.

"Boom!"

The energy sword instantly shot forward.

In an instant, it appeared directly in front of Xu Nian.

The speed was so fast, it was almost instantaneous teleportation.

Xu Nian's expression changed, he quickly activated the God Sword in his hand.

A sword thrust!

"Clang!"

Heaven and earth shattered.

The two terrifying energies clashed instantly.

The energy fluctuation transformed into a storm, directly overturning everyone around.

Too terrifying!

At this level of battle, a slight mistake could result in tragic death.

"So strong, Xu Nian actually blocked it." Someone exclaimed.

Everyone around was also astonished.

No one expected Xu Nian to be able to block the Wind Sword Immortal Emperor's sword.

Xu Nian held the God Sword, his gaze incredibly sharp.

However, the sword gathered by the Wind Sword Immortal Emperor still gave him tremendous pressure.

If it weren't for his Nine-Headed Snake body being extremely strong and resilient, this sword would have completely ruined his entire arm, even if he could have blocked it.

"Break!"

Xu Nian shouted loudly.

Instantly activating the Black Jade Power within him.

"Boom!"

Together with the God Sword's sharpness, it directly shattered the Wind Sword Immortal Emperor's energy sword.

The energy fluctuation exploded, still sending Xu Nian flying three hundred meters away.

Xu Nian stomped out several large pits before he stabilized his posture.

Blood still seeped from the corner of his mouth.

"Even with a Divine Artifact, this is all you are capable of. With your strength, you're not fit to possess a Divine Artifact." The Wind Sword Immortal Emperor sneered.

He looked at Xu Nian with contempt.

After speaking, he waved his hand.

He directly condensed ten energy swords identical to the previous one.

These ten energy swords floated around him, shaking the heavens and earth.

"This... this is too strong." The surrounded disciples were dumbfounded.

The power of one energy sword was already so immense.

How terrifying would ten be?

Han Xiaoxiao clenched her fists, her palms full of sweat.

Xu Nian's gaze was also sharp.

These ten swords gave him an extremely dangerous feeling.

"It seems the Law Great Success Realm is indeed extraordinary. Even using the Power of Fusion of three Laws, I can barely take his one sword. These ten, I probably can't withstand." Xu Nian murmured to himself.

Although he was reluctant to admit it.

The strength of an Emperor Level expert was not just talk.

The chasm in the Laws is indeed difficult to cross.

But Xu Nian is not someone who gives up easily.

The Wind Sword Immortal Emperor injured Han Xiaoxiao, and he must pay the price.

"It seems I must use that move." Xu Nian's gaze was sharp.

"Buzz!"

Xu Nian directly mobilized his Soul Power and began to carve in the Void.

With every stroke he made, a tremendously terrifying energy fluctuation burst from the rune.

"Hmph, rune? Do you still hope to use this trivial method to defeat me? You have no chance." The Wind Sword Immortal Emperor sneered.

Upon speaking, the Wind Sword Immortal Emperor waved his hand, and ten sharp swords shot forth.

Each sword emitted an exceedingly terrifying wave.

The crowd around was all shocked and discolored.

These ten swords, won't they just blast Xu Nian to bits?

However, Xu Nian was completely indifferent.

Rapidly carving the rune.

Just as the ten swords were about to reach him.

Xu Nian's last rune stroke also fell.

"Buzz!"

A sky-shattering wave erupted from the rune.

"Boom!"

The rune instantly merged with Xu Nian's body.

The next moment, Xu Nian's expression burst out with a terrifying golden light.

"Buzz!"

Xu Nian wielded the God Sword in his hand, slashing out.

"Bang bang!"

A terrifying Sword Radiance slashed out, instantly shattering all ten energy swords.

"What?"

Everyone around was shocked and discolored.

The Wind Sword Immortal Emperor in the sky was also taken aback.

And at this moment.

Xu Nian's figure had disappeared from his original place.

The Wind Sword Immortal Emperor suddenly had an extremely bad premonition.

"Buzz!"

At this moment.

A terrifying Sword Radiance fiercely sliced from behind him.

The Wind Sword Immortal Emperor immediately defended.

"Boom!"

The defense formed by the Wind Sword Immortal Emperor was instantly shattered.

The whole person was directly blasted away by Xu Nian's Sword Radiance.

"Boom!"

The body plummeted from the air, directly creating a massive pit.

Everyone around was dumbfounded.
