

Divine King 1661

Chapter 1661: Inciting Public Outrage

"How does the awakening of the Taigu Spirit Clan bloodline feel?"

Asked the clan leader.

"I feel an immense and powerful energy throughout my body. My comprehension of the Gold Attribute Law has also greatly improved, now reaching the Law Heart Success Realm." The woman said excitedly.

"Indeed, the strength of the Taigu Spirit Clan bloodline lies in the enhancement of elemental comprehension. You awaken the Gold Attribute Spirit Clan bloodline, and your future comprehension of Gold Attribute Law will be far superior to ordinary people." The clan leader said.

The woman nodded.

She then cast her gaze into the pool.

Originally when she saw the other eight companions continuing to awaken, she didn't feel anything amiss.

After all, among the nine, her talent was the least.

But when she saw Xu Nian also sitting in the awakening pool, a hint of surprise flashed across her face.

How could this guy still not be out?

Wasn't he incapable of bloodline awakening?

Simply absorbing this energy, he should have been saturated long ago, right?

If it weren't for sensing the continuous influx of energy into Xu Nian's body, she would almost suspect Xu Nian was bathing inside.

To be honest, not only her, but also the clan leader as well as Tang Tianhu and Bu Keng all looked surprised.

They didn't expect Xu Nian to persist for so long.

Moreover, the most important thing was, Xu Nian hadn't switched to a clone.

The seal within him hadn't been released either.

They had no idea where the energy Xu Nian absorbed was going.

However, they could feel Xu Nian's aura constantly rising.

This enhancement in air was entirely based on laws and bloodlines.

Time continued to pass.

About a month later.

Finally, the second person completed the awakening, awakening the water attribute Spirit Clan bloodline.

His eyes were ocean-like blue.

His person also emitted a strong and vast aura.

By the fifth month, another three awakened.

In the sixth month, again three.

Now, in the awakening pool remained only Bai Qingtian and Xu Nian.

Those geniuses who had already completed bloodline awakening couldn't believe it.

This Xu Nian could persist for so long?

"How do you think this guy can endure for such a long time?" someone asked puzzled.

"Who knows, the energy in his body is absorbed and completely unknown where it went. His cultivation hasn't improved, he has no bloodlines to unlock, I think he must have used some special means, deliberately delaying time." A young man angrily said.

"Yeah, I agree, this guy is just pretending, really don't know what's good about acting, someone like Brother Qingtian is the real deal, what a real man he is, while this hypocritical guy who loves to show off just makes people look down on him." A young woman said disdainfully.

Evidently, they had already forgotten it was due to Xu Nian they could complete bloodline awakening.

The clan leader and others sighed.

They knew this generation of Spirit Clan youths was too arrogant.

Because their bloodline itself wasn't bad, their cultivation improved quickly, far surpassing ordinary peers.

Hence, it bred a sense of arrogance in them.

If this continues, they might not regard any of the young generation anymore.

But they couldn't help it.

No matter how they educated, this mentality was hard to change, unless they themselves realized it.

"I hope Xu Nian can teach them a lesson, let them know there are always people beyond people and skies beyond skies." The clan leader sighed self-talkingly.

Tang Tianhu and Bu Keng nodded.

After another month.

The Bai Qingtian sitting there finally stirred.

The whole body emitted terrifying thunder light.

"Boom!"

A sound like the roar of ten thousand thunders erupted.

Then Bai Qingtian flew away, his body bursting with strong thundering waves.

Although his cultivation was still at Quasi-Immortal Emperor level.

But regarding law comprehension, already fully entered into the entry-level Law Order stage.

Feeling the power of Law Order, his face showed both excitement and arrogance.

"Hahaha, congratulations Brother Bai for awakening Thunderclap bloodline." Several disciples praised Bai Qingtian.

"Not bad, Thunderclap bloodline and the bloodline richness is the highest recorded in clan history, now you can be considered a true prodigy of our Taigu Spirit Clan." Bai Chengfeng also stepped forward.

Hearing those words, Bai Qingtian's proud smile became even more pronounced.

The clan leader and Tang Tianhu and others also nodded.

Bai Qingtian's talent was indeed high, bloodline richness was also very high.

In their Taigu Spirit Clan history was unprecedented.

"Bai Qingtian, have you broken through Law Order Realm?" the clan leader asked.

"Yes, previously it was somewhat vague, now thoroughly entry-level." Bai Qingtian laughed.

Spreading his hand, a Thunderclap attribute Law Chain directly crawled onto his arm.

This Law Chain contains law power a million times stronger than before.

"Indeed, able to condense a Law Chain now, but must not become arrogant." The clan leader said.

"Yes, clan leader." Bai Qingtian replied.

But his facial expression revealed he hadn't taken those words to heart.

The clan leader shook his head, obviously knowing it's futile to persuade further.

"Huh?"

Suddenly Bai Qingtian noticed Xu Nian was still seated in the pool.

Astonished, he said.

"This guy still hasn't come out?" Bai Qingtian asked surprised.

"Brother Bai, this guy is just pretending, his energy never flowed to improve his cultivation, truly wonder what he's doing." someone said.

"Yes, he's been sitting here motionless, no one knows if he really cultivates or not." another woman said.

"Let me test him." Bai Qingtian said.

Then wanting to act against Xu Nian.

"Stop!" The clan leader immediately shouted.

Then directly pushed Bai Qingtian back.

"None shall disturb him." the clan leader ordered.

Hearing this, though reluctant, the crowd had to give up.

"I'll see how long he'll pretend." Bai Qingtian snorted coldly.

"Yeah, we'll just wait here, and see how long he pretends." Other youths said together.

For a moment, the nine young talents had no intention of leaving, and sat cross-legged where they were, waiting patiently.

The clan leader and others didn't stop them, just cast odd glances at Xu Nian.

Frankly, even they didn't know what Xu Nian was doing.

Why it needed so much time.

Time continued passing.

Eight months, nine months, ten months...

A year...

Two years...

Xu Nian remained sitting cross-legged in the water.

Not only the energy in the water, but even the energy in the Holy Tripod was half absorbed by Xu Nian.

Such terrifying energy should be enough for a early-stage Immortal Emperor to advance to mid-stage or even late-stage.

This Xu Nian still continued absorbing?

The nine young talents began to feel restless.

"Clan leader, are you sure you'll let him just mess around like this?" Bai Qingtian stood up angrily.

The other eight youths stood up too, eyes furious.

Chapter 1662: Heaven and Earth Phenomenon

Bai Qingtian's words instantly played a leading role.

The others expressed strong dissatisfaction one after another.

This guy is clearly wasting their energy pool's power.

Even Bai Chengfeng showed an unhappy expression at this moment.

"Clan Leader, I think it's time to wake him up," Bai Chengfeng also said.

Tang Tianhu and Bu Keng both looked at the Clan Leader.

The Clan Leader frowned, his expression serious.

"Let's wait another month, and if he still doesn't awaken then, I'll personally wake him up," the Clan Leader said.

"Alright!" Bai Chengfeng immediately responded.

One still had to show respect for the Clan Leader.

Bai Qingtian and the others didn't say more upon hearing the Clan Leader's decision.

Time ticked by.

However, Xu Nian still showed no signs of awakening, and soon a month had passed.

Xu Nian remained motionless, sitting cross-legged in the pool.

The blue color in the pool had become very pale, and even the energy in the giant tripod had completely disappeared.

Two years and six months had passed.

Yet Xu Nian showed no signs of awakening.

Such a situation had never occurred in the history of the Spirit Clan. The longest awakening before was not more than one year.

The Spirit Clan requires a bloodline awakening, yet here an outsider might need such a long time?

"Clan Leader, wake him up," Bai Qingtian urged.

With those words, Bai Chengfeng also looked at the Clan Leader.

The Clan Leader reluctantly shook his head, and decided to wake Xu Nian.

Yet, just as the Clan Leader was about to act, Xu Nian sitting in the pool suddenly showed signs of movement.

"Roar!"

A terrifying dragon roar echoed from Xu Nian's body.

Then an enormous Giant Dragon Illusion burst forth from within Xu Nian.

This dragon was ten thousand feet long, its massive size enough to blot out the sky.

The terrifying dragon's might even made a strong figure like the Clan Leader, a Peak Immortal Emperor level expert, feel a shiver in his heart.

"Such terrifying pressure. Is this the Supreme Dragon? Could this be the legendary Supreme Dragon Body?"

The Clan Leader exclaimed.

Not only the Clan Leader was shocked, Bai Chengfeng, Tang Tianhu, Bu Keng, and Bai Qingtian were all dumbfounded.

Looking at the Giant Dragon Illusion coiled high above the sky, they suddenly felt tiny.

"Is this guy a Supreme Body?" Bai Qingtian couldn't believe that Xu Nian had the legendary Supreme physique.

This physique was far superior to many Divine Bodies, much stronger than the bloodline of their Taigu Spirit Clan.

"Buzz!"

But everything was still not over.

Suddenly, a cracking sound came from Xu Nian's body.

The seal on him completely shattered at this moment.

A powerful aura soared into the sky.

"Boom!"

Quasi-Immortal Emperor level energy fluctuations radiated from Xu Nian's body.

Xu Nian's original Immortal Essence was already comparable to Mixed Element Power, and now it was rapidly transforming.

Immortal Essence began to become incredibly strong, gradually condensing into an incomparably powerful Mixed Element Power.

"Such strong energy fluctuations! Why is his Mixed Element Immortal Power so powerful? It must be ten times stronger than usual Mixed Element Power," Tang Tianhu exclaimed.

The Clan Leader and Bai Chengfeng were equally amazed.

Xu Nian's Mixed Element Immortal Power was indeed extraordinarily strong, the strongest they had seen so far.

"Look quickly, what's that?"

At this moment, a young woman exclaimed.

On Xu Nian's arms, a complex pattern like earthworms started to crawl.

"Those are Law Order Chains? Did he break through to the Law Order Realm? And simultaneously condense both wind attribute and earth attribute chains?" the Clan Leader gasped.

Unexpectedly, Xu Nian had directly broken through to the Law Order Realm.

Seeing this, Bai Qingtian's face showed extreme unwillingness.

He had just broken through the Law Order Realm and felt proud, but hadn't anticipated that Xu Nian would surpass him.

Condensing two types of Law Order Chains at once?

"Boom!"

Suddenly, the sky underwent earth-shattering changes.

A seven-colored auspicious cloud appeared in the sky, illuminating the earth, covering the entire mountain range.

Everyone couldn't help exclaiming.

"Heaven and Earth Phenomenon? Xu Nian actually called upon a Heaven and Earth Phenomenon; it seems during these two and a half years, he truly was awakening," Bu Keng remarked.

The people around were shocked.

Awakening took two and a half years.

Not only did he achieve a powerful Supreme Dragon Body, but his cultivation also broke through as he mastered two Law Orders.

This cultivation speed could only be described as a Divine Miracle.

So remarkably strong.

Seeing this, the Clan Leader revealed a smile.

"Roar!"

The Supreme Giant Dragon Illusion filled Xu Nian's body.

Xu Nian suddenly opened his eyes, as the powerful blood and flesh power seal broke, his entire flesh began a qualitative leap.

The two years of absorption weren't for nothing.

Now Xu Nian's physique emitted a strong golden light, and his body's level was probably equivalent to a Top-Grade Divine Artifact.

Now Xu Nian standing there, letting someone attack him, would probably not suffer significant damage from an ordinary early-stage Immortal Emperor.

"Such strong feeling, feels like my power increased by dozens of times," Xu Nian mused.

Then his figure directly flew out of the awakening pool.

He stood, bare-chested, his muscular lines simply the most perfect artwork.

Several Spirit Clan women couldn't help feeling dazed.

As for the young men, their gaze at Xu Nian was filled with reverence.

Xu Nian standing there gave them an immovable War God presence.

Bai Qingtian's eyes flashed with a bit of jealousy.

"Brother Xu Nian, congratulations, it seems your awakening this time was the most fruitful," the Clan Leader said with a smile.

"Thanks to the Clan Leader for giving me this opportunity," Xu Nian replied with a smile.

In truth, he hadn't expected this awakening to yield such great results.

Not only did his cultivation breakthrough to Quasi-Immortal Emperor Realm.

The Supreme Dragon Qi within reached the Small Achievement Realm.

Insight Cultivation also broke into the Law Order Realm.

Now he felt a ceaseless power within him.

"We were able to conduct the awakening ceremony also thanks to you repairing the Divine Tripod, it was all your own effort," the Clan Leader said with a smile.

Xu Nian smiled, saying no more.

The more than two years of awakening proved far faster than his ordinary cultivation.

Now, if faced with the Wind Sword Immortal Emperor again, he had confidence to fight without resorting to the Divine Talisman.

"Divine Craftsman, it seems your awakening this time was quite rewarding. I wonder if I'm allowed to challenge you, to see just how strong the Supreme Body truly is," Bai Qingtian said with a smile.

The young people around were stunned.

Brother Bai wants to challenge Xu Nian?

Bai Chengfeng's brow furrowed slightly.

Xu Nian's brow furrowed slightly as well.

Yet the Clan Leader and others laughed.

"That's good, Brother Xu Nian, give Bai Qingtian some guidance," the Clan Leader said with a smile.

Xu Nian understood the Clan Leader's intent from those words.

Agreeing: "Alright!"

Chapter 1663: Battle Against Bai Qingtian

A huge martial arts arena at the back mountain.

Powerful Divine Forbidden barriers have been set up around, allowing Xu Nian and Bai Qingtian to perform freely.

A crowd has gathered around the arena.

The entire village's residents have come.

It is evident that the earlier Heaven and Earth Phenomenon has caught their attention.

To cause such a phenomenon in the Immortal Realm, how terrifying must one's talent be?

At this moment, Xu Nian and Bai Qingtian are standing at the center of the arena, facing each other.

Bai Qingtian's gaze is sharp, filled with a gradual desire to win.

Xu Nian stands there calmly, carefully familiarizing himself with the power within.

He agreed to this duel for two reasons:

First, he understands the Clan Leader's intention.

It's the hope that he would teach the younger generation of the Taigu Spirit Clan a lesson, to make them realize that there are skies beyond and people superior to them.

On the other hand, he also wants to use this opportunity to get acquainted with his own power.

This time, due to the energy of the Awakening Pool, he broke through the seal prematurely, and the power within him evolved into Mixed Element Immortal Power.

Such a massive change naturally requires an adaptation process.

Coupled with the insights into Law Order, he has gained new attack methodologies.

Only through actual combat can he ascertain whether these attack methods can truly unleash their intended power.

"Who do you think will win, Xu Nian or Brother Bai?" a Spirit Clan youth asked among the crowd.

"Of course, Brother Bai will. Brother Bai has already broken through to the Quasi-Immortal Emperor level. After awakening at the Awakening Pool, his cultivation is even more stable, and he's awakened

the powerful Taigu Spirit Clan bloodline. Although Xu Nian caused the Heaven and Earth Phenomenon, his true combat strength can't compare to Brother Bai," someone quickly replied.

"Indeed, Brother Bai has experienced countless battles and even been to the Sealing God Battlefield, slaying numerous geniuses. Xu Nian just broke through to the Quasi-Immortal Emperor level and isn't yet skilled in using his power. How can he be a match for Brother Bai?" another young strongman echoed.

The majority of people nodded in agreement.

They have witnessed Bai Qingtian's prowess, standing among the most elite of the young generation in the Immortal Realm.

Though Xu Nian's talent is strong, combat strength isn't measured solely by cultivation.

Of course, a small minority disagrees with this viewpoint, thinking Xu Nian's mastery of two Law Orders also equates him with Bai Qingtian in cultivation.

A battle with Bai Qingtian doesn't necessarily mean a loss.

But those who hold this opinion are a very small minority.

"I hope Xu Nian, my young brother, can teach our Spirit Clan youth a good lesson," said the Clan Leader.

"Don't worry, Clan Leader, he will. With Xu Nian's current strength, Bai Qingtian really isn't his match," Bu Keng replied with a smile.

"But we shouldn't speak too definitely. After all, the richness of Bai Qingtian's Spirit Clan bloodline is the strongest in the history of the Spirit Clan, and what kind of combat power it can truly unleash is really uncertain," Tang Tianhu said.

Upon hearing this, the Clan Leader fell silent.

Indeed, Bai Qingtian's current strength is formidable.

...

Just as everyone was speculating about Xu Nian and Bai Qingtian's strength.

The atmosphere in the arena grew increasingly tense.

"Lord Divine Craftsman, fists and feet have no eyes. If I hurt you later, please don't blame me," Bai Qingtian said.

His eyes were filled with deep confidence.

Even though Xu Nian possesses a Supreme body and two Law Orders.

Yet he confidently believes his combat ability is much stronger than Xu Nian's.

After all, combat power isn't something built solely on cultivation.

"Alright, just make your move," Xu Nian responded.

He naturally saw Bai Qingtian's arrogance.

But in his view, this arrogance is merely a significant downside.

Such arrogance often blinds one to the opponent's true strength.

"Then I'm offending," Bai Qingtian lightly shouted.

Then he took a step forward.

His figure suddenly appeared before Xu Nian.

A punch was thrown.

No force of Law was used, only pure Mixed Element Power.

Yet, even with just Mixed Element Immortal Power, Bai Qingtian's punch was quite formidable.

Because hidden within it were strong force skills.

With this punch, he could unleash nearly ten times his usual power.

"So strong, Brother Bai's Power Burst Fist has grown stronger,"

The Spirit Clan youths in the crowd exclaimed in surprise.

Clearly, they've felt the power of this punch.

This punch is not easily taken even by average Quasi-Immortal Emperor level powerhouses.

Yet when Xu Nian saw this punch coming to kill, a subtle smile appeared at the corner of his mouth.

He extended a palm directly to block Bai Qingtian's punch.

"Boom!"

Bai Qingtian's fist struck Xu Nian's palm as if hitting an extraordinarily hard Divine Iron wall.

Xu Nian's fist remained unmoving.

Terror-inducing energy burst from all around, instantly cracking the arena floor.

The energy-formed storm swept across the entire arena.

However, Xu Nian's figure stayed perfectly still.

"What?"

Everyone around was dumbfounded.

This Xu Nian actually took the punch so easily?

Not only them, but even the Clan Leader and others were immensely shocked.

Though they knew Xu Nian would catch this punch, they hadn't anticipated such casual ease.

Most importantly, Xu Nian hadn't used any power at all.

Bai Qingtian was also dumbfounded.

He hadn't expected his Power Burst Fist to be so easily broken.

"Is this your strength? It's too weak," Xu Nian said with a cold smile.

Finishing, he clenched his hand and suddenly punched.

An incredibly powerful force instantly erupted from his waist, transmitting through his arm.

Bai Qingtian was taken aback, hurriedly mobilizing his Mixed Element Immortal Power to defend.

"Bang!"

The shield formed by Mixed Element Immortal Power instantly exploded.

The terrifying force poured onto Bai Qingtian's chest.

Bai Qingtian's whole body uncontrollably flew backward,

"Bang!"

His body collided with the arena's energy barrier, halting his movement.

Blood seeped from the corner of his mouth.

In addition, his chest was also in severe pain.

A total of ten ribs were broken.

Everyone around was incredibly surprised.

This first round, Bai Qingtian unexpectedly fell behind so easily?

The most terrifying part was, Xu Nian hadn't used even an ounce of energy.

He fought solely relying on Physical Strength.

"Do you still want to fight? You're not my opponent," Xu Nian stood with his hands behind his back, eyes aloof.

Upon hearing this, Bai Qingtian's eyes flared with anger.

This guy actually looks down on him?

Everyone around was also shocked.

This Xu Nian seems to be much stronger than they imagined.

Putting other things aside, just his physical body alone, there might not be a second one in the entire Immortal Realm.

Too strong, simply an Unrivaled Battle Body.

Chapter 1664: A World-Shocking Sword

Bai Qingtian was furious.

He had never been looked down upon by a peer so blatantly before.

The pride within his heart instantly turned into anger.

"I admit your physical strength is strong, but if that's all you've got, you're still not my match," Bai Qingtian growled in anger.

A long spear appeared in his hand.

In an instant, powerful Thunderclap Law Chains began to climb up the long spear.

As soon as the Law Chains climbed onto the spear, terrifying thunderous waves erupted from it.

"Holy crap, this is Brother Bai's Thunderclap Law Order Realm, how powerful!" The crowd around couldn't help but exclaim.

The younger generation tossed envious glances.

Thunderclap Spear, extremely domineering.

It carried an indescribable charisma.

Law Order was a realm most youths dreamed of reaching.

So Bai Qingtian's demonstration naturally drew waves of envy.

"Bai Qingtian's power has indeed grown a lot stronger. The power his Thunder Attribute Thunderclap Law can unleash is immense," Tang Tianhu remarked.

"Indeed, Bai Qingtian's strength is truly outstanding among the younger generation," Bu Keng nodded.

"Let's see how Xu Nian responds," the Clan Leader said.

Xu Nian watched Bai Qingtian holding the long spear, his expression unshaken.

Thunderclap Law?

It's indeed very powerful, but it posed no threat to him.

He was not afraid of an Immortal Emperor, so why fear a small Quasi-Emperor?

"Make your move!"

Bai Qingtian shouted lightly, thrusting out with his spear.

The whole person instantly transformed into a rapid bolt of lightning, the long spear in hand rushing towards Xu Nian like a dragon.

The waves contained above had already reached a terrifying level.

"This force must be twelve thousand times the power of law, right?" The crowd exclaimed in amazement.

Bai Qingtian's attack was something few below the Immortal Emperor could withstand.

Yet Xu Nian saw the attacks and a light smile flashed.

He stopped holding back, the Mixed Element Immortal Power within him surged.

In an instant, an incomparably strong power of law enveloped his entire body.

"What kind of Mixed Element Power is this? How can it be so strong?" The crowd erupted in astonishment.

Even the Clan Leader and others at Immortal Emperor Level were amazed.

This Mixed Element Immortal Power of Xu Nian was nearly ten times stronger than ordinary Mixed Element Immortal Power.

Such a tenfold gap was truly frightening.

And it was not over yet.

Xu Nian willed a chain of Earth Attribute Law to directly climb his arm.

In the next moment, terrifying Black Hole Law waves burst from Xu Nian's palm.

"Buzz!"

Xu Nian suddenly made a move, grabbing the long spear Bai Qingtian had thrust with.

"Crack!"

Xu Nian exerted force, snapping Bai Qingtian's long spear in half.

"What?"

The crowd stared dumbfounded.

They all knew Bai Qingtian's spear was a divine artifact.

A Low Grade Divine Artifact.

Yet Xu Nian managed to break it in half barehanded?

How was that possible?

Even the clan leader and others were shocked.

Of course, the most shaken was Bai Qingtian.

"It's over!"

Xu Nian swiftly moved into close range, appearing directly in front of Bai Qingtian.

A palm strike hit his chest.

A vast force surged from Bai Qingtian's chest.

His whole body bent like a prawn, about to fly backwards.

Xu Nian grabbed his ankle and with a terrifying over-the-shoulder throw.

"Boom!"

Bai Qingtian slammed into the ground, instantly creating a giant crater.

Everyone was dumbfounded.

Bai Qingtian seemed completely defenseless before Xu Nian.

Bai Qingtian was thrown into disarray.

Xu Nian's strength was too overwhelming to resist.

"Why, even with the same Quasi-Immortal Emperor Realm, is there such a huge gap?" Bai Qingtian murmured inwardly.

He gave up on using his Taigu Spirit Clan bloodline.

He knew even if he used it, he wouldn't be Xu Nian's match.

Because Xu Nian hadn't even activated his Supreme Dragon Body bloodline.

The young talents around felt mixed emotions.

They hadn't thought Bai Qingtian would lose, let alone lose so thoroughly.

Bai Qingtian lay in the pit, with an expression of life doubt.

Xu Nian had dealt him a heavy blow.

"I told you, you're not my match. Do you believe it now?" Xu Nian smiled, walking to Bai Qingtian, extending a hand.

The latter was stunned.

He didn't expect Xu Nian to extend a hand to him.

Instinctively, he reached out his own hand.

Xu Nian lifted him up.

At this moment he was heavily injured, unable to wield Mixed Element Power for a while.

If Xu Nian hadn't offered a hand, he'd be stuck in the pit for two hours.

"I want to know just how strong you are," Bai Qingtian said seriously to Xu Nian.

"Really want to know?" Xu Nian smiled teasingly.

"Yes!" Bai Qingtian nodded solemnly.

The young men around were also curious as to how powerful Xu Nian really was.

"Alright, I'll show you," Xu Nian laughed.

Saying this, he waved to Bu Keng who was afar.

Bu Keng naturally understood Xu Nian's meaning and flew over with a smile.

"Bu Keng, take my sword. Remember, don't hold back," Xu Nian said.

Xu Nian then summoned the Top-Grade Divine Artifact Sword.

"Buzz!"

Strong Earth Attribute Law Order and Wind Attribute Law Order simultaneously covered the Divine Sword.

Mixed Element Immortal Power surged out without reservation.

"Buzz!"

An earth-shattering Sword Qi burst from Xu Nian's sword.

"Holy crap!"

Bu Keng jumped in surprise at this sight.

Originally, he hadn't thought much of Xu Nian's attack, but seeing the waves from Xu Nian's sword, he felt he should take it seriously.

The audience was also stunned.

The waves from the sword gave them a sense of extreme danger.

"Slash!"

Xu Nian shouted.

A sword slashed out.

Terror-inducing Sword Radiance cascaded out.

In the next instant, heaven and earth seemed to be torn apart.

Immortal Qi split in half.

Even the plaza's defensive formations and village restrictions were cut through by Xu Nian's sword.

Bu Keng immediately activated his Immortal Essence, channeling powerful law force to form a defense.

"Boom!"

An earth-shattering mighty crash.

Bu Keng's defense trembled violently from the sword strike.

Though not shattered, it was close to breaking.

"So strong!"

All the young disciples couldn't help but gasp.

They hadn't expected Xu Nian's attack to be so powerful.

"Is this Xu Nian's strongest strike?" The younger generation wondered.

Bai Qingtian was completely stunned.

The previous sword could kill him ten times over.

At this moment, he was convinced.

His previous pride evaporated entirely.

The clan leader and others smiled at this scene.

It seemed Xu Nian's demonstration was indeed a lesson well taught.

In the future, the young generation of the Taigu Spirit Clan could truly focus on cultivation.

Chapter 1665: Supreme Dragon Qi

Deep in a remote mountain village, over a lake.

Vast mists, immortal qi swirling.

Xu Nian stood over the lake, his aura dominating the world.

"Buzz!"

With a single thought.

A terrifying dragon's roar echoed from within his body.

In an instant, a golden giant dragon illusion appeared beside Xu Nian.

The golden dragon overshadowed the sky, covering the entire mountain below.

It exuded an immensely terrifying dragon might, making all creatures bow in submission.

"Master!"

Yet the golden dragon illusion spoke with a humble demeanor towards Xu Nian.

Xu Nian looked at the golden Supreme Dragon Qi, which had already developed spiritual wisdom, slightly surprised.

Unexpectedly, the Dragon Energy formed by his bloodline could gain its own spiritual wisdom.

"When did you develop spiritual wisdom?" Xu Nian asked.

"Master, I developed spiritual wisdom shortly after awakening, not long ago," Supreme Dragon Qi replied.

Xu Nian nodded.

Indeed as he had guessed.

The Nine Great Dragon Qi combined to form this Supreme Dragon Qi.

Now that Supreme Dragon Qi developed spiritual wisdom.

Uncertain what changes this will bring.

"What abilities do you have now?" Xu Nian asked directly.

"Master, I can fight independently, having combat power comparable to a Quasi-Immortal Emperor level expert, or I can return to your body, forming the Supreme Form with you," Supreme Dragon Qi said.

"Supreme Form?" Xu Nian was curious.

"Try it, and you will know," Supreme Dragon Qi said.

Upon hearing this, Xu Nian immediately activated the Supreme Dragon Qi to enter his body.

Supreme Dragon Qi instantly returned to Xu Nian's body, and instantly, a powerful golden light burst from Xu Nian.

Golden patterns appeared on Xu Nian's body.

In an instant, Xu Nian's flesh was further strengthened.

Soon after, golden dragon scales began to emerge all over Xu Nian.

Xu Nian transformed into a dragon-man form.

Dark golden eyes gleamed with icy cold light.

Murderous!

Noble!

Emotionless!

Just a glance brings chills.

Xu Nian stood proudly on the lake, causing the entire surface to tremble.

Without releasing any aura, the creatures in the lake trembled with fear.

"Such strong physical strength, this physical force can definitely allow me to fight directly with a early stage Immortal Emperor, and the hardness of these scales is comparable to a top-grade Divine Artifact," Xu Nian murmured to himself.

The power of this Supreme Dragon Qi far exceeded his expectations.

This supreme physical strength feeling was absolutely wonderful.

Xu Nian felt incredibly excited.

With this Supreme Dragon Qi, his combat power undoubtedly reached a higher level.

Only when the Divine Demon Avatar absorbed the Ancient Demon Essence Blood could it match the physical strength of his true self.

"This awakening really did help me quite a bit," Xu Nian murmured.

Now his true self and avatar both reached the Quasi-Immortal Emperor Realm.

The soul realm also reached the late-stage Immortal Emperor Level.

In terms of growth, Xu Nian reached an incredibly mighty level.

"Uh?"

Suddenly, Xu Nian frowned.

His eyes showed a burst of anger.

Something happened in the Heavenly Court?

According to the Undying Devouring Sky Beast's perception, there seemed to be a catastrophe in the Heavenly Court.

"Buzz!"

With a thought, Xu Nian instantly teleported in front of the clan leader's abode.

"Xu Nian, my friend?" The clan leader smiled upon seeing Xu Nian.

Li and Tang Tianhu were there.

They saw Xu Nian, thinking he was there for a reunion.

"Clan Leader, I'm here to say goodbye," Xu Nian said.

"Goodbye? Why so urgent? There should be three months until Fuhua Immortal Emperor's Divine Tribulation at your sect," the clan leader asked in surprise.

"It's not about Shendang Mountain, it's a crisis with my own faction, I must go back to handle it," Xu Nian replied.

"Your own faction?" The clan leader was a bit surprised, "Does it need any help?"

"No need, I can handle it," Xu Nian said directly.

After finishing, Xu Nian's figure disappeared in place.

"He actually created a faction, surprising, but it should be minor stuff," Tang Tianhu said.

"If I'm not wrong, that faction should be the recently rising Heavenly Court," Li said.

"Heavenly Court? You mean that Heavenly Court was founded by him?" The clan leader was astonished.

Recently, he received a lot of information about this force, Heavenly Court.

Now Heavenly Court is somewhat famous in the Immortal Realm.

But he didn't expect Heavenly Court was founded by Xu Nian.

"Yes, it was indeed founded by him, when he was in the Cultivation World, he created a faction also named Heavenly Court," Li said.

"No wonder he's rushing about, Heavenly Court really is facing a big problem," the clan leader said.

"What problem?" Tang Tianhu and Li both asked curiously.

"Heavenly Court's momentum is strong lately, they are crazily recruiting Independent Immortals and accidentally discovered an Immortal Spring, you should understand the significance of this Immortal Spring," the clan leader said.

Tang Tianhu and Li both nodded.

The Nine Great Forces are sustained largely by Immortal Springs constantly providing strong Immortal Qi.

Immortal Liquid from the spring can also extract Immortal Marrow.

So the emergence of this tenth Immortal Spring will inevitably cause forces outside the Nine Great Forces to compete.

"Now, the Feather Clan, Ice Clan, Dragon Emperor Sect, and Qingtian Sword Sect are joining forces to seize this tenth Immortal Spring, its momentum is fierce but against the joint force of these four hidden forces, it may be hard to resist," the clan leader said.

"Four hidden forces teaming up, even the Nine Great Forces would have headaches, how can Heavenly Court withstand this?" Tang Tianhu was astonished.

"Indeed, the clan leaders of these Four Great Forces are Immortal Emperor Peak-level experts, their joint force alone could shake the Immortal Realm," Li said.

"Humph, these four forces are cunning, when the Underworld invaded, they hid far away, now that the Immortal Spring emerged, they come out to plunder, truly scoundrels of the Immortal Realm," the clan leader said coldly.

"Clan Leader, what should we do?" Tang Tianhu asked.

"Move the entire clan, provide support to Heavenly Court," the clan leader pondered for a moment, made a crucial decision.

Upon hearing this, Tang Tianhu and Li were both surprised.

But soon they understood the clan leader's intentions.

"Alright, I will go arrange right away," Tang Tianhu immediately agreed.

In the next moment, he disappeared.

On that day, the entire Spirit Clan uprooted from the valley, headed strongly towards the Heavenly Court.

Xu Nian continued to use instant teleportation rushing towards Heavenly Court.

Through the Undying Devouring Sky Beast's perception, he gained some understanding of Heavenly Court's battle situation.

"Four Great Alliances? You dare invade my Heavenly Court, I'll make sure you won't return,"

Xu Nian's eyes turned to extreme coldness.

Chapter 1666: Heavenly Court Crisis

Within the mountain range where the Heavenly Court resided.

At this moment, many people were gathered in the grand hall.

Leng Yanran sat in the main seat, with Wentian Demon Sovereign on her left, and Ling Feng on her right.

Besides them, there were Paper Taoist and a middle-aged man at Late-stage Immortal Emperor Level, along with three Early-stage Immortal Emperor level experts.

These four were independent immortals who later joined the Heavenly Court.

At this moment, the Undying Devouring Sky Beast was not present in the hall.

The Undying Devouring Sky Beast was still in its growth phase, not yet fully mature, hence it remained asleep.

During this period, the Undying Devouring Sky Beast Avatar hadn't made any appearances.

Therefore, few members of the Heavenly Court were aware of Xu Nian's existence.

"Now that our Heavenly Court is facing a formidable enemy, everyone may share your thoughts freely," Leng Yanran spoke.

She exuded a powerful aura of authority.

She was no longer the same as she once was.

Regarding the refinement of Godhood, Leng Yanran had achieved fifty percent.

Her Law Comprehension had reached the Law Great Success Realm, and her cultivation had even broken through to Early-stage Immortal Emperor.

With the Godhood and Divine Artifact in her possession, not to mention Early-stage Immortal Emperor experts, those at mid and late stages were no match for her.

However, at this moment, Leng Yanran's face appeared somewhat pale, and she seemed rather weak.

The previously authoritative aura was only forcibly upheld.

Not long ago, she had a battle with the Four Great Alliances.

She was injured by the Feather Clan Leader, and if it wasn't for the Divine Armor, Divine Sword, and Divine Talisman Dagger Xu Nian gave her, she would have met her demise at the hands of the Feather Clan Leader.

"I suggest we give up the Immortal Spring. There are so many experts in the Four Great Alliances; we are simply not their match," said the Late-stage Immortal Emperor Level independent immortal.

He was called Li Huo Immortal Emperor, proficient in the Fire Attribute Law.

His cultivation lasted for thirty-seven thousand years.

The reason he joined the Heavenly Court was naturally for Leng Yanran.

From the moment he saw Leng Yanran, he was smitten.

He vowed to win over this woman.

But after spending time with her, he found that Leng Yanran was always indifferent to him.

This made him very displeased.

Now, with the Four Great Alliances attacking, he consistently advocated for abandoning the Immortal Spring.

Yet Leng Yanran did not adopt his suggestion, which greatly irritated him.

"Agreed, give up the Immortal Spring. The alliance formed by the Four Great Forces consists of thirteen Immortal Emperors, including four at the peak, two at late stages, three at mid stages, and four at early stages; such a vast array is beyond our Heavenly Court's capability to contend with," said an Early-stage Immortal Emperor Level man.

He was known as Golden Element Immortal Emperor, also a powerful independent immortal who achieved Immortal Emperor status.

The other two Early-stage Immortals nodded in agreement.

"With our Heavenly Court's limited strength, it's like hurling an egg against a rock," another Early-stage Immortal Emperor recklessly said.

Leng Yanran frowned, her gaze chilling.

Clearly, these three Early-stage Immortal Emperors were led by Li Huo Immortal Emperor.

In the past, she could suppress Li Huo Immortal Emperor.

But now she was seriously injured, with formidable enemies approaching.

Li Huo Immortal Emperor would not easily miss this opportunity.

"Give up the Immortal Spring? Do you think they will spare us? I'm afraid the Four Great Forces are here for more than just the Immortal Spring. Are we also supposed to hand over those three Divine Artifacts and Godhood?" scoffed Wentian Demon Emperor.

Indeed, Wentian Demon Sovereign had now ascended to Wentian Demon Emperor.

His cultivation was only at Early Stage Demon Emperor, but he could battle with Mid-stage and even Late-stage Immortal Emperor level experts.

This was one reason why Li Huo Immortal Emperor hadn't directly acted against Leng Yanran.

Now Leng Yanran's soul had fused with the Godhood halfway.

If Leng Yanran handed over the Godhood, she would inevitably die.

Thus, this battle must be fought, and can only be fought.

"Hmph, then what do you propose? Four Immortal Emperor Peaks? Will you withstand them? If not for this Mountain Protection Array, we would have been annihilated long ago," Li Huo Immortal Emperor scoffed.

Clearly dissatisfied with Wentian Demon Emperor.

Due to several occasions where he sought Leng Yanran, always obstructed by Wentian Demon Emperor.

He couldn't understand why Leng Yanran kept a powerful demon at her side.

It was practically a huge hidden threat.

He had more than once mentioned this to Leng Yanran, but she simply wouldn't listen.

Thus, he had strong dissatisfaction toward Wentian Demon Emperor.

"Li Huo Immortal Emperor, according to you, can you assure they will retreat after taking the Immortal Spring?" Leng Yanran asked.

"Yanran..."

"Call me Court Master!"

Li Huo Immortal Emperor was about to speak when Leng Yanran interrupted him.

"Court Master!" Li Huo Immortal Emperor said unhappily, "I think we can offer the Immortal Spring and the three Divine Artifacts in negotiation with the Four Great Forces. I'm confident they will accept."

As he spoke, Li Huo Immortal Emperor inwardly sneered, "Leng Yanran, no matter how proud you are, you will ultimately fall into my hands. Then I'll make you kneel obediently before me."

Leng Yanran could certainly see the malignancy in Li Huo Immortal Emperor's eyes.

Previously, the Heavenly Court needed rapid development and had to recruit more talent.

Li Huo indeed contributed significantly to the growth of Heavenly Court.

This was indeed a good approach before confronting strong enemies.

But once faced with formidable foes, Li Huo Immortal Emperor would become the source of internal strife.

Leng Yanran had considered this, she just hadn't anticipated that strong enemies would come so quickly.

"Hand over the Immortal Spring and the three Divine Artifacts? Why not suggest we surrender?" Ling Feng scoffed.

"Hmph, this is none of your concern," Li Huo instantly glared at Ling Feng.

The latter was instantly furious.

Indeed, at this moment Ling Feng's cultivation was only at Quasi-Immortal Emperor Level.

Naturally, he couldn't be Li Huo's match.

But Ling Feng's army was could indeed give Li Huo considerable headaches.

Thus, Ling Feng feared him not.

"I think Elder Li Huo's suggestion is wise. Court Master, we must bow our heads now," said Golden Element Immortal Emperor.

"Indeed, we also believe so," the other two Early-stage Immortal Emperor powerful figures agreed.

Leng Yanran's gaze became icy cold.

Clearly a group of greedy and cowardly individuals.

"I will not hand over the Immortal Spring, nor the Divine Artifacts. If this is all your proposal entails, then let's adjourn," Leng Yanran scoffed.

At her words, Li Huo and others immediately left the hall angrily.

For a time, only Paper Taoist, Ling Feng, Wentian Immortal Emperor, and Leng Yanran remained in the hall.

"Shouldn't we wake the master up?" Paper Taoist asked.

"No, my husband's avatar is still asleep. Waking him rashly will only disrupt his cultivation, and he may not be able to help us," Leng Yanran frowned.

Xu Nian's cultivation time was indeed too short.

Leng Yanran didn't want Xu Nian dragged into this conflict.

"Waking Xu is of no use; he certainly can't be much help," Wentian Demon Emperor said.

"But now that the Four Great Forces are outside the sect challenging us to battle, what should we do?" Paper Taoist asked.

"Then let's fight!" Leng Yanran's gaze was determined.

Since she had promised to protect the Heavenly Court for Xu Nian, she would fight to the death.

Chapter 1667: Four Great Experts

"Master Li Huo, this Leng Yanran doesn't know what's good for her, actually trying to fight the Four Great Forces head-on. Isn't she courting death?"

As soon as he walked out of the hall, the Golden Element Immortal Emperor spoke beside the Immortal Emperor Li Huo.

"Indeed, Leng Yanran hasn't put Master Li Huo in her eyes at all, despite Li Huo's loyalty to her." A strong early-stage Immortal Emperor named Song Qing quickly said.

The last early-stage Immortal Emperor strongman also nodded.

Immortal Emperor Li Huo snorted coldly.

"Since Leng Yanran is merciless, don't blame me for being unkind. Spread the news that Leng Yanran is injured, and not lightly. Let the Four Great Families know." Immortal Emperor Li Huo immediately said to the Golden Element Immortal Emperor next to him.

"Okay, no problem, but with this Mountain Protection Array, they can't get in either?" Golden Element Immortal Emperor immediately raised his doubts.

"Hmph, you negotiate with the Four Great Forces, tell them if they are willing to act as internal support, as long as they agree to hand Leng Yanran over to me in the end, I won't ask for the Godhood." Immortal Emperor Li Huo said.

"But once the Godhood is extracted, won't Leng Yanran die?" Song Qing asked curiously.

"She will die, but not immediately. Given her cultivation, she can at least last two to three days, which is enough time for me to have fun." Immortal Emperor Li Huo said with a cold smile.

"Master Li Huo is indeed smart, alright, I'll go immediately." Jin Yuan said with a cold smile.

"Master Li Huo, I heard Leng Yanran has a husband named Xu Nian." Song Qing said next to him.

"Hmph, just a mere boy. I've heard of that Xu Nian, just an ant in the Immortal Sovereign Realm, even if I waste his woman, what can he do to me?" Li Huo said with disdain.

Jin Yuan, Song Qing, and the other Immortal Emperor also nodded.

In front of the Immortal Emperor Realm, the Immortal Sovereign Realm is nothing but ants.

Jin Yuan then instantly disappeared from the spot, ready to inform the Four Great Forces.

Immortal Emperor Li Huo looked toward the palace with a cold smile and whispered to himself, "Leng Yanran, just wait to clean yourself up and beg me on your knees."

"Congratulations in advance to Master Li Huo." Song Qing and the other early-stage Immortal Emperor laughed.

Li Huo immediately laughed heartily, feeling extraordinarily proud.

...

Meanwhile, outside the Heavenly Court.

A huge arena was set up.

This arena was obviously built temporarily.

At this moment, two young-looking men were standing on the stage.

Their cultivation wasn't high, both at the Golden Immortal Level.

This was a scheme set by the Four Great Forces.

The plan was a one-on-one duel!

Because they couldn't break the Mountain Protection Array of the Heavenly Court, they came up with this trick.

They would send people to continuously insult outside the Heavenly Court, then provoke the Heavenly Court disciples to come out and fight.

Directly engage in life and death battles!

Most Heavenly Court disciples were loose cultivators, and in terms of combat power, they naturally couldn't compare to the disciples of these hidden forces.

After all, these hidden disciples possessed powerful bloodlines and cultivation techniques.

So, the Heavenly Court disciples of the same level almost all ended up defeated.

"Puchi!"

A disciple from the Qingtian Sword Sect directly cut off the arm of a Heavenly Court disciple with one swing.

"Ah!"

The Heavenly Court disciple immediately let out a scream.

The Qingtian Sword Sect laughed coldly, not immediately killing the Heavenly Court disciple, and struck with another sword.

Directly severing the Heavenly Court disciple's legs.

"Ah!"

The screams of the Heavenly Court disciple became even more shrill.

The observing Heavenly Court disciples had their fists clenched and eyes filled with intense anger.

While on the other side, the disciples of the Four Great Forces laughed heartily.

"Are all your Heavenly Court people trash? So fragile?" The disciple of the Qingtian Sword Sect stomped on the face of the Heavenly Court disciple. The powerful force directly deformed the Heavenly Court disciple's face.

Although Golden Immortal level experts have good recovery capabilities, attacks containing the Power of Laws aren't so easily repaired.

So the Heavenly Court's Golden Immortal strongman could only be abused.

The Heavenly Court's disciples were all extremely furious.

On a distant mountain peak, four middle-aged men emanating an authoritative aura were watching the battle on the stage, laughing lightly.

"Brother Yu's strategy is indeed brilliant, allowing disciples to freely challenge, and they must do so one-on-one, seemingly fair, but in fact continuously angering Heavenly Court disciples. This way, if Leng Yanran avoids the fight for long, their internal structure will collapse." The Sect Master of the Qingtian Sword Sect said with a light chuckle.

The middle-aged man in the luxurious feather clothing heard this and immediately revealed a proud smile.

"Just a small trick, these Heavenly Court loose immortals could never compare with the disciples of our families. The more they're abused, the more incompetent the Heavenly Court's leadership appears." The Feather Clan strongman said with a light laugh.

"Indeed, psychological tactics are paramount, the downfall of the Heavenly Court is just a matter of time. I heard Leng Yanran not only has three Divine Artifacts but also a Godhood in her possession. If she's allowed to keep hiding and refines the Godhood, we all are doomed." Dragon Emperor Sect Master said with a light laugh.

"She can't avoid it for much longer. Within a year, this Heavenly Court will be completely in ruins." Feather Clan Leader said firmly.

"Whoosh!"

Just then, a figure appeared before them.

The four all looked towards the newcomer.

Sure enough, when they saw Golden Element Immortal Emperor, there was some amusement on their faces.

"Looks like the collapse of the Heavenly Court is coming sooner." Feather Clan Leader laughed.

The other three also exchanged smiles.

Obviously understanding the implication of Golden Element Immortal Emperor's appearance.

"Golden Element Immortal Emperor, are you here to challenge us?" The Sect Master of Qingtian Sword Sect asked with a smile.

"Sect Master jests, how dare I challenge the four great masters? I came here just to deliver a message from our master Li Huo who wishes to cooperate with the four masters." Golden Element Immortal Emperor laughed immediately.

"Cooperate? A betrayal is a betrayal, no need to dress it up so nicely." Feather Clan Leader said with a light laugh.

Golden Element Immortal Emperor immediately felt awkward.

The other three strongmen all sneered.

"Tell us, how do we cooperate?" Dragon Emperor Sect Master laughed.

"Master Li Huo said he could help you break open this Mountain Protection Array. The Divine Artifacts, Godhood, and Immortal Spring are all yours. He only wants Leng Yanran as a person." Golden Element Immortal Emperor said.

"A person? Haha, seems this Immortal Emperor Li Huo is quite a romantic!" Qingtian Sword Sect Master sneered.

The other three all laughed heartily.

Clearly thinking Golden Element was telling a joke.

"Not sure what the sect masters' intentions are?" Golden Element asked nervously.

"Go back and tell Li Huo, we agree to his terms, let him open the array soon." Feather Clan Leader laughed.

"Alright, I'll go back and inform him." Golden Element Immortal Emperor laughed.

Finishing, he immediately vanished.

And just after he disappeared, the four strongmen all sneered.

"How naive of Li Huo, does he think we'll spare him after we invade the Heavenly Court? But indeed, Leng Yanran has some beauty." Ice Clan Leader said with a cold smile.

The other three heard this with playful eyes, among them, Dragon Emperor Sect Master laughed, "Looks like Ice Clan Leader plans to harm female immortals again."

Ice Clan Leader heard this and laughed heartily.

Chapter 1668: Leng Yanran Takes Action

"It seems that all of you in the Heavenly Court are useless, not even one capable fighter among you. You've all been beaten to this extent and yet you're just hiding like turtles."

A young man from the Dragon Emperor Sect shouted towards the gates of the Heavenly Court.

Inside the Mountain Protection Array of the Heavenly Court, the youths clenched their fists, fury evident in their eyes.

Are they, people of the Heavenly Court, being humiliated like this?

This is simply intolerable.

"What on earth is the Court Master doing? Are they truly so cowardly and afraid of death?" someone in the crowd exclaimed angrily.

"Perhaps the Court Master has his own considerations?" someone replied.

"Hmph, his own considerations? Isn't it just fear of death? I must have been blind to join such a cowardly force. I say, either fight to the death or surrender quietly. What's the point of hiding like this?" someone in the crowd said angrily.

His words immediately resonated with many.

For a moment, discontent boiled over among all the disciples within the Heavenly Court.

Some even began to express strong dissatisfaction with the leadership of the Heavenly Court.

Outside the mountain, the Four Great Forces were still jeering.

At the mountain peak, Leng Yanran stood in front of the hall, watching the scene at the foot of the mountain, her gaze icy cold.

"Senior Wentian, the emotions of the disciples within the Court have reached a point that's difficult to suppress. I fear that it won't be long before our Heavenly Court collapses from within," Leng Yanran said despondently.

At this moment, she felt particularly guilty.

She never expected that after Xu Nian entrusted the Heavenly Court to her, she would manage it into such a state.

She was truly ashamed of Xu Nian's trust in her.

"This isn't your fault; the enemy is too cunning. However, the most important thing right now isn't this, but to guard against traitors within the Court," Wentian said gravely.

Leng Yanran nodded.

For now, the Heavenly Court could still hold out for a while with the Mountain Protection Array.

But if someone inside opened the Mountain Protection Array, then everything would be lost.

"Boom!"

As Leng Yanran and the Wentian Demon Emperor worried, a beam of light shot into the sky.

It collided directly with the barrier of the Mountain Protection Array.

In the next instant, the Mountain Protection Array began to collapse.

"Oh no, someone has opened the Mountain Protection Array." Leng Yanran's expression changed immediately.

She never expected that which she feared most would still happen.

The first person that came to her mind was Li Huo Immortal Emperor.

"It's that guy Li Huo. It seems the Heavenly Court has truly reached a moment of life and death. Next, we have no choice but to fight with our backs against the wall," Wentian Demon Emperor said coldly.

Leng Yanran also took a deep breath, the Divine Sword appearing in her hand, her eyes filled with killing intent.

"Haha, the Heavenly Court Array is broken. Kill for me!"

Outside the mountain, the shouts of the powerhouses from the Four Great Forces could be heard.

Then countless figures were seen swiftly flying from outside the mountain gate toward the inside.

"Whoosh! Whoosh! Whoosh!"

Immortal Emperors from the Four Great Forces rushed at high speed towards Leng Yanran.

A total of seventeen figures, seventeen Immortal Emperors.

Indeed, among these seventeen figures were Li Huo, Jin Yuan, Song Qing, and Wang Tong.

And on the side of the Heavenly Court, there were only Leng Yanran and Wentian Demon Emperor, two Immortal Emperor-level powerhouses.

Such disparity could be described as worlds apart.

"Li Huo, you actually betrayed the Heavenly Court?" Leng Yanran's eyes were cold as she stared directly at Li Huo Immortal Emperor and the three behind him.

"Hmph, Leng Yanran, a wise bird chooses its tree to perch on. In the past, I treated you so well, yet you were indifferent, ignoring me. Do you think I will accompany you to die?" Li Huo Immortal Emperor sneered, looking at Leng Yanran with a trace of resentful malice.

"Do you think that by defecting to the Four Great Forces, they will spare you?" Leng Yanran retorted.

"Haha, the Heavenly Court Master is pretty and also sharp-tongued. Since Li Huo has defected to us, I'll naturally treat him well. Of course, if the Heavenly Court Master is willing to join us, I would also welcome it," the Qingtian Sword Sect Master laughed.

"Did you hear that, Leng Yanran? The Four Sect Masters have already promised me that as long as we take the Heavenly Court, you will be mine. Even if you only live for three more days, I will torment you for those three days." Li Huo Immortal Emperor snorted coldly.

Upon hearing this, Leng Yanran's eyes filled with even more anger.

This Li Huo Immortal Emperor really is a despicable, shameless villain.

"In that case, there's nothing more to say. Let's fight then. The Heavenly Court will never yield," Leng Yanran gripped the Divine Sword, her eyes filled with fighting spirit.

The Four Sect Masters merely chuckled and shook their heads.

"Since Lord Leng wants to fight, we won't bully you. We four old guys won't take action, lest others say we're bullying the young. Chen Feng, you go and spar with Lord Leng," the Sect Master of the Qingtian Sword Sect said with a smile.

"Yes!"

Among the seventeen Immortal Emperor-level powerhouses, a young Immortal Emperor stepped forward.

This Immortal Emperor was only at the Early-stage Immortal Emperor level, but his eyes were exceptionally sharp.

The aura he exuded was particularly extraordinary.

The young Immortal Emperor looked at Leng Yanran, a mocking smile at the corner of his mouth.

"Lord Leng, I am Chen Feng, willing to spar with you. Does Lord Leng agree to teach me a thing or two?" Chen Feng taunted with a sneer.

Leng Yanran's eyes grew colder.

She knew that these Four Great Forces were aware of her severe injuries.

Otherwise, they couldn't have sent merely an Early-stage Immortal Emperor to face her.

"Let me handle it," Wentian Demon Emperor interjected.

"No need, I'll do it myself." Leng Yanran refused.

Wentian Demon Emperor was Xu Nian's master, who was also regarded as her master.

How could she let Wentian Demon Emperor take the risk?

Facing the Qingtian Sword Sect disciple before her, she immediately dashed out, landing on the plaza, standing opposite Chen Feng.

"Is Leng Yanran really injured?" the Sect Master of the Qingtian Sword Sect asked Li Huo Immortal Emperor.

"Injured, and quite seriously. I saw her coughing up blood with my own eyes," Li Huo Immortal Emperor patted his chest in assurance.

"Good, this Chen Feng is also considered the number one genius of our Qingtian Sword Sect. If Leng Yanran is defeated by him, then the Heavenly Court's morale will plummet, and Chen Feng will also gain fame in the Immortal Realm," the Sect Master of the Qingtian Sword Sect smiled.

This was indeed a win-win situation.

Far more beneficial than if these old folks had taken action themselves.

"Lord Leng, I've heard that your position today is due to a man, indicating your bed skills must be excellent. Why don't we skip the swordfight and compare our skills in bed instead?" Chen Feng taunted with a grin.

In facing Leng Yanran, he showed not an ounce of respect.

"Looking for death!"

Leng Yanran was furious.

In a flash, she appeared in front of Chen Feng.

The Divine Sword in her hand, enveloped with powerful Power of Laws, slashed fiercely towards Chen Feng.

A sword that could split mountains!

As agile as a hare!

The strike was crisp and sharp.

Chen Feng's expression changed drastically.

He hastily mobilized his entire strength to defend.

"Clang!"

Chen Feng raised his sword to block.

A crisp and clear trembling sound echoed.

Chen Feng was instantly sent flying nearly a thousand feet away.

It took dozens of steps in the void to stabilize his footing.

The void behind him was shattered, teetering on the brink of collapse.

"Pfft!"

Chen Feng spewed a mouthful of blood, his face flushed red, his eyes filled with shock.

The power of this sword strike was immense.

Not only that, but Chen Feng's sword was also left with only half.

While Leng Yanran, holding the Divine Sword, stood tall, with Law Discs floating behind her, powerful Law Chains swirling around her.

A total of three Law Discs.

"Three Law Discs? How is that possible!"

Everyone around, including the Four Peak Immortal Emperor Powerhouses, expressed astonishment.

Chapter 1669: Dominant Return

Ten law chains can condense into a law disc.

The power of laws possessed by one law chain is ten thousand times.

Ten chains would be one hundred thousand times.

The power of laws that three law discs can unleash is already three hundred thousand times.

Only by condensing ten law discs and merging them all into one, reaching a true million-fold, can it be considered true Law Perfection.

A million-fold Power of Laws, can you imagine how terrifying that would be?

One should know that after reaching the Law Order, each step forward is extremely difficult.

Not to mention, after achieving Law Great Success, being able to condense three law discs.

Among those present, even the Peak Immortal Emperor with the most only has two.

One can imagine how challenging it is to reach Law Perfection.

So even among Peak Immortal Emperors, the gap is huge.

"Chen Feng, borrow the sword, don't confront her directly, she's injured, don't give her the chance for a quick victory," the Sect Master of Qingtian Sword Sect tossed his Divine Sword to Chen Feng.

The latter accepted the Divine Sword and immediately acknowledged it as his master.

With the Divine Sword, he finally had the qualification to confront Leng Yanran.

Upon hearing the words from Qingtian Sword Sect, Leng Yanran frowned instantly.

A fierce glint exploded in her eyes.

Then her figure flickered, once more appearing before Chen Feng.

This time, the sword in Leng Yanran's hand transformed into complete sword shadows, slashing toward Chen Feng.

One sword seems like a thousand swords.

It can be said that a sword fused with three hundred thousand times the power of laws has reached a rather terrifying level.

The void was directly slashed open, creating a massive spatial rift.

This time, Chen Feng clearly understood the prowess of Leng Yanran and no longer confronted her head-on.

He swung his body, transforming into dozens of figures, directly avoiding this terrifying sword.

"Dark attribute Nine Nether Dark Shadow Law?" Leng Yanran's expression changed.

Finally understanding why the master of Qingtian Sword Sect sent Chen Feng to the battle.

Turns out he intended to exhaust her to death from the start.

The Nine Nether Dark Shadow Law is an extremely mysterious body skill law.

So her attacks found it hard to have any real effect on him.

Leng Yanran slashed out once more, and the end result was still the same.

Once again dodged by this Chen Feng guy.

"Buzz!"

Leng Yanran's strong use of law power exacerbated her internal injuries, a trickle of blood seeped from the corner of her mouth.

"Haha, old Qingtian, you're truly cunning to deliberately send Chen Feng to battle, it's obviously to force Leng Yanran's wounds to worsen," laughed the Feather Clan Leader.

The middle-aged man from Qingtian Sword Sect fondly stroked his beard, a trace of pride echoing from the corners of his mouth.

"Battling relies not only on strength but also on wisdom. This Leng Yanran fights with a do-or-die mindset, definitely planning rapid victories, I naturally cannot let her succeed," said the Qingtian Sword Sect Master with a smile.

"Old fox, indeed an old fox, such a lovely girl, alas, truly pitiful," sighed the Ice Clan Patriarch.

"What are you pitying for, wasn't a female Immortal King level immortal tortured to death by you just days ago?" scoffed the Dragon Emperor Sect Master beside him.

The Ice Clan Patriarch grinned, a flicker of greed in his eyes, "Women are more interesting with higher cultivation; the taste of an Immortal Emperor level woman, I truly haven't experienced yet."

The Immortal Emperor of Li Huo heard this, and his face faltered slightly.

But he said nothing.

Right now, he had no room to negotiate.

Before the hall, the Wentian Demon Emperor furrowed his brow, his gaze growing increasingly serious.

"Xu, if you don't return soon, I'm afraid you really won't see your wife again, it's not that I refuse to help, it's that I truly am powerless," the Wentian Demon Emperor sighed inwardly.

He was just a Demon Lord in the past.

Although now reborn with the divine body, advancing his cultivation past the Demon Emperor realm, he merely is stronger than a typical Demon Emperor.

Genuine Immortal Emperor experts are not his opponents either.

"Boom!"

In that instant.

Chen Feng seized the moment Leng Yanran's injured mixed element power operated ineffectively.

A sword stabbed forth.

Directly piercing Leng Yanran's abdomen.

Fortunately, Leng Yanran was clad in Divine Armor, blocking this sword.

Yet the power from Chen Feng's Divine Sword wasn't completely mitigated.

The terrifying law power poured upon Leng Yanran.

Directly sending her flying backward.

"Pfft!"

Leng Yanran spewed blood, her already chaotic mixed element immortal power became ever more tumultuous.

The potent mixed element power ricocheted within, shaking her internal organs and meridians.

An Immortal Emperor level expert's body is no longer mundane.

But not invincible.

When faced with powerful clashes, it can be harmed.

"Bang!"

Leng Yanran crashed into a stone pillar in the grand hall behind, directly toppling it.

Her aura instantly dwindled considerably.

"Buzz!"

Chen Feng still didn't relent, his figure once again charging toward Leng Yanran.

"Humph!"

The Wentian Demon Emperor intervened instantly.

His figure appeared before Leng Yanran, striking out with a palm.

Propelling Chen Feng's whole body flying away.

"Mixed Element Magic Power? You're from the Demon Clan?" Chen Feng staggered back several hundred feet, then gazed in shock at the Wentian Demon Emperor.

Inferentially, the Immortal Emperor level powerhouses from the Four Great Forces all revealed surprise.

Obviously, none anticipated that the Heavenly Court harbored a Demon Clan expert.

"The Heavenly Court conspiring with the Demon Clan, we Four Great Families' crusade against the Heavenly Court is completely acting on behalf of heaven," the Feather Clan Leader proclaimed.

"Yes, acting on behalf of heaven!" the Qingtian Sword Sect echoed.

The sound resonated throughout the entire mountain range.

Immediately, the disciples of the Four Great Forces' momentum surged.

Yet for the Heavenly Court members, they were somewhat bewildered?

The Heavenly Court conspiring with the Demon Clan?

Is it true or false?

For these doubts, the Heavenly Court's morale further dwindled.

"Ahh..."

Numerous disciples were slaughtered.

The Heavenly Court disciples retreated step-by-step.

In no time, the entire Heavenly Court became a river of blood.

Leng Yanran furrowed her brow to its utmost, her gaze filled with rage.

"Haha, the Heavenly Court's regime is at an end, today all of the Heavenly Court must die!" Chen Feng laughed heartily.

His words were extremely arrogant.

The Immortal Emperor powerhouses of the Four Great Forces chuckled lightly.

"Today's battle is decided, the Heavenly Court must be annihilated!" the Feather Clan Leader sneered coldly.

His voice heroic and sky-soaring.

Leng Yanran clenched her five fingers into claws, her eyes reddened.

Could the Heavenly Court really be defeated just like that?

How would he explain to Xu Nian?

"Whoever destroys my Heavenly Court, I will definitely make him vanish into ashes."

Yet at this moment, a domineering voice resounded across the sky.

Everyone was stunned.

All looked up toward the void.

To see a figure striding forth.

His body emanated a powerful wave.

"Husband?" Leng Yanran's face was also taken aback.

Unexpectedly Xu Nian would appear at this moment.

"This lad ultimately came, can he create a miracle?" the Wentian Demon Emperor mumbled to himself.

"Buzz!"

Xu Nian's figure appeared beside Leng Yanran.

When he saw the wounds on Leng Yanran, his eyes flashed with anger.

"Humph, just a Quasi-Immortal Emperor, I thought it was some big figure," Chen Feng mocked.

But before he finished speaking.

Xu Nian's figure had already appeared before him.

A punch aimed at him.

Chen Feng's face changed, instinctively sensing a dangerous aura.

At once, he attempted to activate the Nine Nether Dark Shadow Law.

"Too slow!"

Yet Xu Nian's voice rang out directly.

The next moment, a punch landed on Chen Feng's abdomen.

"Bang!"

Chen Feng's body instantly exploded.

Even his immortal embryo was shattered into pieces.

"What?"

Everyone was shocked.

Even Leng Yanran and the Wentian Demon Emperor showed surprised expressions.

What terrifying power is this?

Chapter 1670: Slaying Three Immortal Emperors with One Sword

Chen Feng never imagined, even in his dreams, that he would be blasted to death by a Quasi-Immortal Emperor level expert.

And with just one punch.

He didn't even see clearly how the opponent made the move.

Not only that, but this young man in front of him didn't even use Immortal Essence, how was this possible?

But it was already too late.

At this moment, he had already been completely annihilated to ashes.

In the distance, members of the Four Great Forces all looked at the suddenly appearing young man with shocked expressions.

Especially the Sect Master of Qingtian Sword Sect, whose eyes were as cold as ice.

A Quasi-Immortal Emperor actually killed their sect's number one young genius instantly?

"Who are you?" the Sect Master of Qingtian Sword Sect immediately shouted.

Xu Nian turned his head to look at the followers of Qingtian Sword Sect, his eyes chilling to the extreme.

Yet, he didn't answer the Qingtian Sword Sect Master at all, instead turning to walk beside Leng Yanran.

He placed his hand on Leng Yanran's back.

The Chaos Undying Power within him continuously integrated into Leng Yanran's body, helping him heal his internal injuries.

In just a moment, Leng Yanran's complexion improved considerably.

But the Sect Master of Qingtian Sword Sect looked extremely distressed.

He was actually ignored?

What an arrogant young man.

"Husband, why did you come back?" Leng Yanran turned her head to ask Xu Nian.

"Although the Undying Devouring Sky Beast Avatar is in seclusion, it can sense danger to the Heavenly Court, so I received the message and came immediately." Xu Nian replied.

Looking at the blood on Leng Yanran's dress, a strong killing intent welled up in his heart.

Leng Yanran was truly the first woman meaningful to him.

Back when he was still very weak, she had greatly helped him.

It can be said that Leng Yanran holds an extremely important meaning to him.

And now, Leng Yanran was beaten into such a state, how could he not feel anger deep inside?

"The Four Hidden Forces, you deserve to die!" Xu Nian shouted inwardly, clenching his fists.

Endless killing intent echoed in his chest.

"You must be the true master of the Heavenly Court, that young Xu, right?" the Feather Clan Leader said with a cold smile.

His gaze towards Xu Nian carried a faint disdain.

Though Xu Nian killed Chen Feng, in their eyes, Xu Nian was merely strong in physical strength.

Such a method, fundamentally unworthy of elegance.

In absolute power, it was completely ineffective.

Li Huo also looked coldly at Xu Nian among the crowd.

Just now he had heard Leng Yanran call 'husband' quite clearly.

"So it's just a pretty boy, I thought it was some great figure." Li Huo Immortal Emperor thought disdainfully.

He could also easily kill Chen Feng in an instant.

So Xu Nian's strength was not on his radar.

What's so great about a Quasi-Immortal Emperor level, how strong can it be?

"Husband, should I handle this?" Leng Yanran hurriedly asked.

"No need, just watch from the side. Dare to offend my Heavenly Court, anyone who does so won't leave alive today." Xu Nian's eyes were ice cold.

"But..."

"Just let Xu handle it."

Leng Yanran wanted to say something else, but was stopped by Wentian Demon Emperor beside her.

Leng Yanran had to hold back, but her face was still filled with worry.

Xu Nian is only a Quasi-Immortal Emperor right now, no matter how strong he might be, he cannot possibly be a match for an Immortal Emperor Peak level expert.

She didn't know what Xu Nian would do next.

Xu Nian walked out, looking at the sixteen remaining Immortal Emperors before him.

Today he will unleash a massacre.

These sixteen, none will live.

"Which of you will be the first to step out and die?" Xu Nian looked at the sixteen, the whole person as if Yama walked out from hell.

"What an arrogant fellow, a Quasi-Immortal Emperor actually speaks to us in such a tone, simply ignorant." The Ice Clan Patriarch snorted coldly.

Evidently, he was also angered by Xu Nian's tone.

Qingtian Sword Sect, Feather Clan, and Dragon Emperor Sect Masters all showed displeasure on their faces.

"Hmph, disrespecting the Sect Master, seeking death!" a Dragon Emperor Sect's Early-stage Immortal Emperor expert shouted angrily.

Immediately his form darted out, rushing to kill Xu Nian.

A Law Disc immediately appeared behind him, terrifying thunder and lightning surged on him.

Thunderclap Law Great Success.

This youth's killing power was notably not weak.

However, Xu Nian watched the young man rushing and raised his lips in a fierce grin.

"Hmph!"

Only to see Xu Nian's form flashing.

He directly appeared behind the young man.

"What?" the youth was shocked.

How did this guy suddenly appear behind him?

But he had no time to think.

Because Xu Nian's hand was already on the back of his head.

Then he was forcefully slammed into the ground by Xu Nian.

"Boom!"

The entire mountaintop plaza instantly exploded.

Cracks spread across the entire mountain.

The young man completely lost the ability to think.

In the distance, the people from Dragon Emperor Sect were also left slack-jawed.

Is this guy really a Quasi-Immortal Emperor?

Leng Yanran was also incredibly surprised.

"Xu's strength has increased tremendously, especially this physical body, stronger than my Divine Body by who knows how many times." Wentian Demon Emperor couldn't help but remark.

To kill Immortal Emperors as a Quasi-Immortal Emperor?

This couldn't be found several times in Immortal Realm history.

"Dare to offend my Heavenly Court, die!"

Xu Nian stomped down, instantly shattering the Immortal Embryo of that Early-stage Immortal Emperor.

Another Immortal Emperor expert instantly killed?

Those disciples confronting the Four Great Forces also got drawn in by the commotion here.

They all paused fighting, looking this way.

Of course, upon seeing this scene, they were also extremely astonished.

Who is this youth?

Why is he so strong?

The leaders of the Four Great Forces also seemed frigid to the extreme at this moment.

"You three go together." The Feather Clan Leader suddenly pointed at Jin Yuan, Song Qing, and Wang Tong.

Jin Yuan and the others' faces changed.

But they had no choice.

If they refused now, they might offend the Four Great Forces.

The only path left then would be death.

To kill this youth in front of them was the only way to survive.

"Alright, let's attack together." Jin Yuan, Song Qing, and Wang Tong immediately nodded.

In the next moment, three Early-stage Immortal Emperor experts simultaneously rushed to attack Xu Nian.

Looking at Jin Yuan and the others, Xu Nian's eyes were filled with contempt.

"Three traitors, let your blood honor the fallen brothers of the Heavenly Court."

Xu Nian snorted coldly.

Immediately, he brandished a sword.

"Buzz!"

One slash.

A brilliance flashed quickly and disappeared.

"Put!"

The three figures swooping in the sky stopped abruptly.

Their bodies in the void directly cut open like a giant river.

"What?"

Everyone was instantly stupefied.

Even the Feather Clan Leader and the other four widened their eyes in shock.

Leng Yanran was also surprised.

Boom!

The bodies of Jin Yuan and the others fell to the ground, utterly lifeless.

Even their Immortal Embryos split in two.

The surroundings fell silent.

One slash kills three Immortal Emperors?

Could this truly be something a Quasi-Immortal Emperor expert could achieve?

Those Heavenly Court disciples were also slack-jawed.

This youth seemed much younger than all of them.

Could this really be so astonishingly sensational?
