

Divine King 1671

Chapter 1671: Displaying Divine Skills

"What's the Divine Artifact in his hand?" The Sect Master of Qingtian Sword Sect looked at the Divine Sword in Xu Nian's hand and asked in amazement.

"That's not just a Divine Artifact; it's a Divine Artifact of Heaven, otherwise it couldn't exert such terrifying power." The Feather Clan Leader remarked.

"Divine Artifact of Heaven?" The sect masters of Qingtian Sword Sect, Ice Clan, and Dragon Emperor Sect were all taken aback.

For the Four Great Forces, even Low Grade Divine Artifacts are already Supreme Treasures.

Let alone a Divine Artifact of Heaven.

This Quasi-Immortal Emperor youth actually possesses a Divine Artifact of Heaven?

For a moment, the Four Great Experts all brightened their eyes.

"A Divine Artifact of Heaven?" Leng Yanran and Wentian Demon Emperor were also incredibly surprised.

A Divine Artifact of Heaven is a Supreme Treasure for the entire Three Realms.

"Who is this person? How is he so strong?" Someone from the Heavenly Court asked curiously.

"You don't know this, do you? Actually, he is the true master of the Heavenly Court; Lord Leng is his woman, just managing the Heavenly Court on his behalf." A well-informed person spoke up.

"So that's it, no wonder Lord Leng just called him husband, didn't expect him to be so powerful." Numerous members of the Heavenly Court were astonished.

Just now, Xu Nian slashed three Immortal Emperors with one sword.

They watched with blood boiling.

This is the kind of dominance the Heavenly Court should possess.

"Master has grown stronger again." Ling Feng muttered to herself.

"Indeed, he has become much stronger, slaughtering Early-stage Immortal Emperors like slaughtering dogs, I'm afraid no Quasi-Immortal Emperor level can accomplish this." Paper Taoist couldn't help but lament.

Xu Nian's speed of progress is simply leaving them in awe.

"But these Four Great Forces have Immortal Emperor Peak Level experts, the outcome of this battle is still uncertain." Paper Taoist expressed some concern.

"Don't worry, since Master dared to take action, he definitely has the confidence to win." Ling Feng said.

Along the way, she had seen Xu Nian created countless miracles.

So she believed Xu Nian could defeat the Four Great Forces.

"So you're Xu Nian, huh? Never thought you'd be so powerful; even Early-stage Immortal Emperors aren't your match." The Feather Clan Leader said coldly, looking at Xu Nian with a sharp gaze.

Such a genius truly deserves their attention.

Xu Nian sneered, looking at the leaders of the Four Great Forces, his gaze still hostile.

"How about this, hand over the Divine Artifact of Heaven you're holding along with the three Divine Artifacts Leng Yanran has and the Immortal Spring, and we Four Great Forces will choose to withdraw." The Feather Clan Leader proposed.

The other three experts also nodded their heads.

Clearly, they were somewhat afraid of Xu Nian.

The reason for their fear was not due to Xu Nian himself, but rather Shendang Mountain behind Xu Nian.

Xu Nian showed such monstrous talent, if they killed him, Shendang Mountain certainly wouldn't let them off?

So they had thoughts of retreating at this moment.

However, upon hearing this, Xu Nian's gaze grew even colder.

"I think you still haven't figured out the situation. I said anyone who invades my Heavenly Court today won't survive." Xu Nian snorted coldly.

The tone was filled with dominance.

For a moment, everyone was rattled.

Especially the Heavenly Court disciples, each one's eyes were filled with excitement.

Regardless of whether Xu Nian could achieve this, this level of dominance was enough to set their blood boiling.

"That's right, leave none alive." The Heavenly Court members immediately shouted.

The Feather Clan Leader and others all furrowed their brows slightly.

How arrogant!

A Quasi-Immortal Emperor actually wants to kill all of them?

It's simply a huge joke.

"Hmph, killing a few Early-stage Immortal Emperors and you think you're strong; today I'll make you realize your true worth." An Ice Clan's Mid-stage Immortal Emperor expert snorted coldly.

Then, he directly activated the Mixed Element Immortal Power within him.

Powerful Ice Attribute Laws instantly emerged.

An extremely cold Ice Sword formed in front of him.

The Ice Sword was covered with law patterns.

A total of ten, with 100,000 times the Power of Laws, extremely terrifying.

Leng Yanran's face changed, her eyes immediately filled with concern.

Mid-stage Immortal Emperors are much stronger than Early-stage Immortal Emperors. She wasn't sure if her husband could withstand this sword.

However, with the Immortal Sword in hand, Xu Nian's eyes showed no trace of fear.

"Go!"

The Mid-stage Immortal Emperor let out a loud shout.

The Ice Sword in front of him turned into a streak of light, rushing straight towards Xu Nian.

Everything was frozen in its path.

The terrifying cold air was something even ordinary Early-stage Immortal Emperor experts couldn't resist.

Everyone in the Heavenly Court sweated in fear.

Just when everyone thought Xu Nian might not be able to withstand this sword.

A sneer flashed across Xu Nian's face.

"Die!"

Xu Nian, without hesitation, directly activated Supreme Dragon Qi.

In the next moment, Xu Nian's form completely turned into a golden Dragon Transformation State.

Xu Nian, holding the God Sword, actually directly charged at the Ice Sword.

"Buzz!"

Xu Nian slashed with one sword, directly splitting the terrifying Ice Sword into two.

In the next moment, Xu Nian already appeared in front of that Mid-stage Immortal Emperor expert.

The Mid-stage Immortal Emperor was greatly shocked.

Immediately, without hesitation, he activated all his power to form a terrifying ice wall.

"Pfft!"

Xu Nian thrust with his sword, instantly penetrating the ice wall, piercing the abdomen of this Early-stage Immortal Emperor expert.

The God Sword withdrew.

A faint sword mark was left on this Mid-stage Immortal Emperor expert's abdomen.

But this sword mark was enough to claim the life of this Mid-stage Immortal Emperor expert.

Because Xu Nian's sword had already pierced through the Immortal Embryo of the Mid-stage Immortal Emperor expert.

"What?"

Everyone was stunned and horrified.

A Mid-stage Immortal Emperor expert can also be killed with one sword?

How strong is this guy?

They looked at Xu Nian, whose whole body was covered with golden Scale Armor, with eyes full of shock.

Too strong!

They had never seen a Quasi-Immortal Emperor level expert who could be so powerful.

The leaders of the Four Great Forces were also extremely solemn in their expressions.

"Sixth one." Xu Nian mumbled.

With a fierce gaze, he looked at the eleven remaining Immortal Emperor experts.

In just moments, he had killed six Immortal Emperors.

If word of this got out, it would likely shake the entire Immortal Realm.

"Li Huo, aren't you taking action? Xu Nian is Leng Yanran's husband, haven't you always wanted Leng Yanran? Now is your chance to prove yourself." The Feather Clan Leader suddenly looked at Li Huo Immortal Emperor.

Li Huo Immortal Emperor furrowed his brow.

He naturally understood the thoughts of the Feather Clan Leader.

He simply wanted him to act and kill Xu Nian so they could reap the benefits.

However, since he chose to side with the Four Great Forces, he naturally had to make some contributions.

Of course, he also wanted to kill Xu Nian, to show Leng Yanran that her husband was nothing but an ant in front of him.

This Xu Nian can kill Mid-stage Immortal Emperors, but he doesn't believe he can kill him, a Late-stage Immortal Emperor, right?

"Fine, I'll take care of him. Just a Quasi-Immortal Emperor; how strong can he be?" Li Huo flicked his sleeve and stepped forward.

"Is it Li Huo Immortal Emperor? This guy has defected to the Four Great Forces?"

"You don't know; he was the one who opened the Heavenly Court Array, this guy is a traitor."

...

The Heavenly Court members began to discuss immediately.

Each one looked at Li Huo with eyes filled with anger.

Li Huo was indifferent.

Victory belongs to the king, defeat to the bandit.

At that time, wouldn't these people become dust?

Leng Yanran saw Li Huo and clenched her fists tightly.

This guy deserves to die the most!

Chapter 1672: Piercing the Void with a Single Sword

Li Huo stepped out, looking at Xu Nian with a hostile gaze.

The pressure of a Late-stage Immortal Emperor instantly bore down on Xu Nian.

The terrifying pressure was enough to flatten a giant mountain.

However, Xu Nian remained unmoved by this terrifying pressure.

Although Li Huo was a Late-stage Immortal Emperor, Xu Nian's own soul cultivation had also reached the Late-stage Immortal Emperor.

Facing such pressure, he felt no oppression.

"Such cultivation and battle power at such a young age, you can indeed be considered the number one genius of the Immortal Realm."

Li Huo chuckled lightly, though he was complimenting, his tone carried a hint of disdain.

"Why betray the Heavenly Court?" Xu Nian asked coldly.

Through the perception of the Undying Devouring Sky Beast, he had a fair understanding of Li Huo's identity.

So he knew about Li Huo's betrayal.

"Betrayal? I think you are mistaken, I am merely a Loose Cultivator, the Heavenly Court to me is nothing but a temporary resting place. If not for Leng Yanran's sake, do you think I'd stay in this tiny Heavenly Court?" Li Huo laughed disdainfully.

Xu Nian's eyes were icy cold.

He didn't mind Leng Yanran having any suitors, after all, given her allure, it was almost impossible not to have any.

But it was obvious Li Huo wanted more than just to pursue Leng Yanran.

"In these three years, I've expanded territories for the Heavenly Court, made many contributions, all initially for Leng Yanran, but she remained indifferent to me. I, dignified as a Late-stage Immortal Emperor, cannot endure such a loss of face by a woman, so today, no matter what, I will reclaim this face, flatten your Heavenly Court, and make Leng Yanran my plaything," Li Huo said, looking at Leng Yanran.

Li Huo's words echoed throughout the entire Heavenly Court, his eyes filled with fierce light.

All around, everyone showed faces of anger.

In their hearts, Leng Yanran was also an exalted goddess.

How could Li Huo publicly humiliate her and not stir deep anger in their hearts?

Facing Li Huo opposite him, Xu Nian's face had also turned extremely cold.

His woman could not be longed for by another in such a manner.

"Just for those words earlier, you deserve to die a hundred times," Xu Nian's killing intent swept across a thousand miles, his golden eyes emanated an endless murderous aura.

His entire body, clad in golden scale armor, exploded with a pressing momentum.

"Hmph, die a hundred times? I saw your earlier fight, your strength at most rivals a Mid-stage Immortal Emperor. With your cultivation, I could crush you with one hand. You're Leng Yanran's husband, today I'll slaughter you in front of her, let her see her beloved die before her eyes, and then I'll have more joy in playing with her later," Li Huo grinned grimly.

"Eh?"

Just as Li Huo's words fell, his expression shifted drastically.

Because he found Xu Nian had already appeared before him.

"Prepare to die!"

Xu Nian clenched his fist, smashing it towards Li Huo.

The punch contained all of Xu Nian's physical strength and Mixed Element Immortal Power, even infused with Earth Attribute Law Power.

The power of this punch was terrifyingly great.

Even Li Huo felt the terrifying power emanating from the fist.

The Law Disc behind him appeared instantly.

Fire Attribute Law was immediately activated.

"Hmph!"

Li Huo delivered a palm strike, with ten Fire Attribute Law Chains wrapped around his arm.

"Boom!"

The fist and the palm clashed instantly.

Two immense energies collided, causing heaven and earth to shake.

"Crack!"

Li Huo's arm was instantly shattered.

"Ah!"

Li Huo let out a miserable cry.

Everyone around was shocked.

Li Huo had his arm shattered?

Of course, Xu Nian was also sent flying.

"How is this possible, why can you resist my Flame Law?" Li Huo looked at Xu Nian in amazement.

His ten thousand-fold Law Energy eruption had reached an extremely terrifying level of heat.

This Xu Nian had taken his palm head-on, yet was unscathed.

Even ordinary Late-stage Immortal Emperors couldn't achieve this.

Everyone around was equally amazed.

The previous attack seemed to have no effect on Xu Nian at all.

The Four Great Experts were also somewhat surprised.

Even they would only use their internal Mixed Element Immortal Power to battle him, not engage so directly.

After all, the terrifying heat, once contacted, could severely harm the physical body.

Yet Xu Nian was unharmed.

Looking at the golden dragon scales on his hand, Xu Nian smiled lightly.

Li Huo's Flame Law was strong, but having Divine Fire, he had a strong immunity to Fire Attribute Law.

Plus, with his body after Dragon Transformation being comparable to a Top-Grade Divine Artifact, this level of attack couldn't hurt him in the slightest.

"Ask King Yan," Xu Nian's silhouette flickered, suddenly appearing behind Li Huo.

With the God Sword in hand, he slashed diagonally downward.

The void was completely torn apart.

Li Huo was shocked, quickly activating the Flame Law.

A giant dragon of flame collided with the God Sword.

"Boom!"

Xu Nian was sent flying directly.

Though he was immune to the flame's temperature, the terrifying energy of the Flame Law was still quite formidable.

In the end, Xu Nian's attack could not harm Li Huo.

Xu Nian's silhouette flickered, returning to his original position.

A Late-stage Immortal Emperor was still difficult to deal with.

"Hmph, I said, with your strength, you can't kill me. A Late-stage Immortal Emperor isn't someone you can contend with," Li Huo snorted disdainfully.

Looking at Xu Nian, his eyes were full of contempt.

He was almost certain now, Xu Nian's combat power was only at the Mid-stage Immortal Emperor level.

Everyone around sighed.

Xu Nian's strength was formidable, but his cultivation was still only at the Quasi-Immortal Emperor level.

No matter how strong, he couldn't be a match for a Late-stage Immortal Emperor.

"It's over, today let me show you the true power of my Li Huo, the Leaving Fire Golden Crow," Li Huo snorted coldly.

The next moment, the Law Disc behind him was fully activated.

The internal Mixed Element Immortal Power surged out completely.

Transforming into a gigantic Golden Crow.

This Golden Crow emitted the extremely terrifying Flame Law Wave.

As soon as this Golden Crow appeared, the surrounding temperature instantly rose by hundreds of thousands of degrees.

Everything began to melt.

Some disciples with low strength were directly turned to ashes by the flames.

Frightened, those Heavenly Court disciples and the Four Clans' disciples retreated thousands of feet.

"What a terrifying Golden Crow," Leng Yanran also showed a look of astonishment.

This Golden Crow was too strong.

How could her husband resist?

"Looks like the battle is over, this Xu Nian can't handle this Golden Crow," remarked the Feather Clan Leader.

"Indeed, Li Huo's strength is quite good," chuckled the Sect Master of the Qingtian Sword Sect.

The Dragon Emperor Sect Master and the Ice Clan Patriarch also chuckled along.

"Buzz!"

Yet at this moment, a Sword Radiance suddenly flashed across the sky.

The Four Great Experts were startled.

The scene before their eyes left them utterly astonished.

In the sky, Li Huo and the flame Golden Crow were both sliced in half.

And behind him in the void, a ten-thousand-foot rift appeared.

"This... How is this possible?"

All Four Great Experts' eyes widened, filled with immense fear.

What terrifying power is this?

Demigod?

Chapter 1673: A Sword Etched Into History

The entire area was silent.

The sword strike just now was too terrifying, surpassing their realm of understanding.

How could someone at Quasi-Immortal Emperor Level execute such a terrifying strike?

For a moment, everyone looked at Xu Nian.

At this moment, Xu Nian was holding the God Sword, standing in the void.

His entire being exuded an aura of supreme majesty.

If there was a Divine-level Expert present, they would certainly notice that behind Xu Nian, was standing an ethereal and unmatched woman.

This woman could no longer be described simply with beauty.

Divine!

Majestic!

A stunning presence.

Perhaps in this world, there is no second woman who could compare.

Indeed, this is none other than the Yetian God Emperor.

Someone who holds a supremely high status even in the Divine World.

"Lady Emperor, why did you step in?" Xu Nian asked somewhat surprised.

The sword strike earlier was attributed to Xu Nian, but in reality, it wasn't him.

It was the Yetian God Emperor who intervened.

After all, for such a terrifying strike, Xu Nian admitted he could not achieve it himself.

The power of that sword was at least beyond Demigod Level.

"Watching you so indecisive, I got impatient. After being in the Chaos Divine Palace for so long, I wanted to move and stretch my bones." Yetian God Emperor retorted coldly.

Xu Nian was instantly embarrassed.

It seems that during this time, Yetian God Emperor's Soul Power has recovered well.

"Young man, let me handle it from here, I'll show you what true devastation looks like." Yetian God Emperor's domineering voice echoed in Xu Nian's mind.

The next moment, Xu Nian felt relinquishing control of his body.

Then Xu Nian's gaze became extraordinarily sharp.

Unprecedentedly sharp.

"Husband's aura has changed, became frightening." Leng Yanran remarked while looking at Xu Nian.

Wentian Demon Emperor was also astonished, as the aura on Xu Nian made him feel like submitting.

Suddenly, Wentian Demon Emperor seemed to recall something.

His pupils shrank rapidly.

"It's that one, that one has stepped in." Wentian Demon Emperor muttered to himself.

At that moment, Wentian Demon Emperor's worries were utterly gone, replaced by excitement.

Witnessing that one in action, was a monumental fortune indeed.

Li Huo Immortal Emperor had completely lost any signs of life.

Until the end, he couldn't comprehend why Xu Nian became so formidable.

At this moment, the leaders of the Four Great Forces all looked at Xu Nian with heavy eyes, filled with intense dread.

For some reason, Xu Nian standing alone, seemed as if all celestial beings were pressing down together.

A terrifying pressure, making them unable to breathe.

Too dreadful!

Absolutely Demigod Level, perhaps even more terrifying than Demigod Level.

"You all strike together, I will execute only one sword strike. If you can block it, then you'll have a chance to survive."

'Xu Nian' spoke calmly, yet his words resonated like divine thunder, making everyone tremble.

A whole ten Immortal Emperors!

Only one sword strike?

Among them, there are four Immortal Emperor Peak Level Immortal Emperors!

The Four Great Celestial Phenomenon Peak Strong People were extremely shocked.

Previously, they would certainly think Xu Nian was joking.

But having witnessed Xu Nian's previous sword strike, they could only describe it with one word: unrivaled through ages.

"Our Four Great Forces are willing to withdraw troops, would Mr. Xu agree?" Qingtian Sword Sect Master said smiling.

Xu Nian merely chuckled coldly.

Did not respond to his question.

Raised the God Sword in hand, merely a starting gesture.

The Heaven and Earth Wind Attribute Law rapidly converged.

A perfect chart of Law Order appeared behind 'Xu Nian'.

"Hundred... million-fold Power of Laws?"

Feather Clan Leader, Qingtian Sword Sect Master, Ice Clan Patriarch, and Dragon Emperor Sect Master all had their expressions change drastically.

The other six Immortal Emperors were also shocked.

Law Perfection!

How could Xu Nian possibly be a Law Perfection Realm Expert?

Members of the Heavenly Court everywhere were also dumbstruck.

Not only them but even Xu Nian himself was incredibly astonished.

Wind Attribute Law Perfection?

"Remember this feeling of Law Perfection, it greatly helps your law comprehension." Yetian God Emperor's voice resounded.

Xu Nian nodded repeatedly, carefully experiencing the sensation of this power.

And the means by which Yetian God Emperor utilized the Power of Laws.

This hundred-fold Power of Laws felt to Xu Nian like a mountain that could never be moved.

Yet before Yetian God Emperor, it was like a pebble that could be waved with ease.

This feeling made Xu Nian think he might never possess such in his lifetime.

"Strike!"

Yetian God Emperor slashed out a sword strike.

No earth-shattering phenomena.

Just as if a casual slash.

The terrifying hundred-fold Power of Laws transformed into a Sword Radiance and swept forth.

The Sword Radiance traversed the sky, unrivaled across miles.

From the perspective of surrounding people, this sword seemed to have nothing special.

Yet the ten Immortal Emperor experts in front were beyond terrified.

This Sword Radiance resembled the Sword of Death God.

They exhausted all their strength to resist, but before this Sword Radiance, it seemed utterly futile.

"Puchi!"

The Sword Radiance flashed and disappeared.

Ten Immortal Emperors instantly turned into blood mists.

"What?"

The disciples of the Four Great Forces were all petrified on the spot.

The members of the Heavenly Court's eyes were as round as saucers.

One sword for ten Immortal Emperors?

No way, that sword in the entire Immortal Realm, probably couldn't find another alike?

This youth truly is the ruler of their Heavenly Court?

Leng Yanran was also startled.

That sword strike had completely transcended her realm of understanding.

Even if she fully refines her Wind Attribute Divine Status, she may not be able to unleash such a terrifying sword strike.

Xu Nian's current mood could not be described in words.

The sword strike just now gave him an extraordinarily satisfying feeling.

Yes, satisfying.

As if executing a sword strike is no longer merely a combat method, but a kind of pleasure.

The smooth sensation of returning the Power of Heaven and Earth Laws to the world.

"Remember this feeling. If someday you can reach this perception, you'll truly be at the entry-level of law mastery, and can also cross the Divine Tribulation." Yetian God Emperor's proud voice echoed in Xu Nian's mind.

"Yes, God Emperor." Xu Nian responded promptly.

"The rest is for you to handle, I'm going back to continue my sleep. I hope you go to the Immortal Realm soon and don't waste time in these Three Realms."

After leaving him with those words, Yetian God Emperor returned directly to the Chaos Divine Palace.

And Xu Nian regained control over his body.

Actually, just now, Yetian God Emperor didn't completely block his senses to allow him perception of the Power of Laws.

So upon returning to his body, he now had a clearer impression of that sensation from before.

Heaven and Earth Laws Perfection?

"One day I must reach this realm too." Xu Nian muttered to himself.

Also gaining new anticipation for law comprehension.

Chapter 1674: One of a Kind

Next, Xu Nian directly summoned the demigod-level puppet and the Nine-Headed Snake Emperor Avatar, commencing a massacre on the disciples of the four great forces.

These four great forces had killed so many of their Heavenly Court members.

Not one of them was innocent.

The Nine-Headed Snake Emperor transformed into its original form, devouring with its nine gigantic mouths simultaneously.

Thousands were swallowed by Xu Nian.

Soon, not one of the four great forces was left; all perished at Heavenly Court Mountain.

Meanwhile, the entire Heavenly Court was brimming with morale.

With Xu Nian being so potent, they believed the Heavenly Court would undoubtedly flourish.

"Husband, how did you become so powerful?" Leng Yanran asked with some concern.

She feared that for Xu Nian to become suddenly powerful, there must have been a hefty price.

Xu Nian just smiled: "Don't worry. I'm fine. That was my master's doing, not mine."

"Master?" Leng Yanran was somewhat surprised.

But she quickly understood.

Xu Nian had previously mentioned that he had an incredibly powerful master, and now it seemed this master was by her husband's side.

"As long as you're fine, husband." Leng Yanran nodded.

Then she knelt on one knee before Xu Nian: "Please punish me, husband."

"What are you doing?" Xu Nian was a bit surprised.

"Husband, you entrusted me with managing the Heavenly Court, yet I have let it turn into this state. I am truly ashamed before you," Leng Yanran said.

Xu Nian shook his head helplessly.

"How could I blame you? On the contrary, I think you've done very well, especially for finding the Immortal Spring. With it, our Heavenly Court can grow even more," Xu Nian said with a smile.

"But I let the wolf into the house..." Leng Yanran wanted to say more.

But Xu Nian pulled her into an embrace.

"You don't need to say more; I won't blame you. However, a punishment is still in order. Come, let's go to the room; your punishment is that you're not allowed to leave the bed today." Xu Nian lifted Leng Yanran and entered the main hall.

In the next moment, the main hall was covered by a restriction.

Some Heavenly Court members saw this scene and twitched at the corners of their mouths.

Gosh!

That's their goddess!

But remembering Xu Nian's power, they could only sigh.

In their hearts, Xu Nian was deserving of their goddess.

Three whole days.

Leng Yanran emerged from the room with a radiant face.

The three days of activity almost broke her waist.

But remembering the joy of three days and nights, a sweet smile couldn't help but emerge on her lips.

"Husband, why don't you call the sisters out too?" Leng Yanran suggested.

Xu Nian had already told her about the other women.

So Leng Yanran was aware of the situation.

Xu Nian nodded.

He summoned Zhao Yanyun, Han Xiaoxiao, Mu Yan, and Luo Bing from the Chaos Divine Palace.

Except for Mu Yan and Luo Bing, Zhao Yanyun and Han Xiaoxiao were quite familiar with Leng Yanran.

Once the three women met, they happily chatted away.

Soon, even Mu Yan and Luo Bing became familiar with Leng Yanran.

The five women were happily chatting away.

Xu Nian alone went to the highest point of the Heavenly Court.

Looking at the magnificent landscapes of the Heavenly Court, he reminisced about the scene where Emperor Ye Tian borrowed his body to unleash that sword strike.

He suddenly felt elated.

That sword strike, even now, is still memorable and full of taste upon recollection.

"Perhaps compared to the Divine Emperor, I lack a kind of spirit, a grand spirit," Xu Nian mused to himself.

In that moment, Xu Nian felt as if something was burgeoning inside him.

He seemed to feel a sense of ruling over this world.

"Yes, the grand spirit of dominating heaven and earth," Xu Nian suddenly understood.

His entire being seemed to undergo sublimation.

"Buzz!"

With a mere thought,

a Wind Attribute Law chain crawled onto his palm.

In an instant, another Law chain crawled onto his palm, intertwining with the other.

"Buzz!"

Soon a third chain gathered, all converging in his palm.

These three Law chains were not of three different attribute Law power chains.

All were Wind Attribute Red Flame Extreme Point Penetration Law Power chains.

In just that moment, Xu Nian's Law power tripled.

Reaching thirty thousand times the Law degree.

"Buzz!"

Xu Nian summoned the God Sword.

Sword, open the mountain and rivers!

With one slash,

the void was instantly torn open, extending for hundreds of feet.

"Excellent. Although this strike is less than one ten-thousandth of Emperor Ye Tian's, I can finally capture a hint of her strike," Xu Nian happily mused to himself.

Unexpectedly, as he looked out from a high place, gazing at the Heavenly Court he created, he found his heart realm elevated.

Cultivation is also cultivation of the heart.

With heart realm uplifted, control over Law power naturally becomes stronger.

"But my Law cultivation is still insufficient. Only by reaching the stage of ten chains can I truly achieve Law Great Success in the Immortal Emperor Realm," Xu Nian mused to himself.

His eyes filled with intense determination.

He must become stronger.

If not for Emperor Ye Tian helping him this time, he might not have won so easily.

"Buzz!"

At this time,

someone stepped out of the void.

This person looked exactly like Xu Nian.

Seeing this person, Xu Nian showed a faint smile.

Indeed, the person was none other than his Divine Demon Avatar.

"It's time to refine that drop of Ancient Demon Essence Blood," Xu Nian thought to himself.

He then took out the drop of Ancient Demon Essence Blood.

The Divine Demon Avatar's eyes lit up upon seeing it.

In the next moment, it opened its mouth and swallowed the Ancient Demon Essence Blood.

"Boom!"

The power of the Ancient Demon Essence Blood exploded within the Divine Demon Avatar.

"Argh!"

The Divine Demon Avatar let out a pained scream.

At this moment, its body seemed as if something massive was about to emerge.

Terrifying energy coursed through its body like a giant dragon.

Its bones, essence blood, muscles all grew at an alarming rate.

"Roar!"

The Divine Demon Avatar let out a roar.

Its entire being began to grow instantly.

Ten feet, a hundred feet, a thousand feet, ten thousand feet, a hundred thousand feet.

The body of the Divine Demon Avatar reached a height of a hundred thousand feet before stopping.

It stood between heaven and earth.

Surrounded by a majestic aura of blood.

Its gigantic body towered much higher than the surrounding mountains.

With a mere wave of its hand, it could stir a terrifying gust.

Many Heavenly Court members were drawn to Xu Nian's commotion.

They looked at Xu Nian with an immense body and shock smeared on their faces.

When they saw two Xu Nians standing beside this gigantic form, they were stunned beyond words.

"Buzz!"

The Divine Demon Avatar suddenly opened its eyes.

Two terrifying beams of light shot out from its eyes immediately.

Instantly piercing through the void.

"Quasi-Immortal Emperor Realm! A body comparable to a top-grade Divine Artifact, this Ancient Demon Essence Blood could make the Divine Demon Avatar grow to this extent. Most importantly, now the Divine Demon Avatar has truly transformed into an Ancient Demon Body," Xu Nian thought to himself.

With a mere thought,

the Divine Demon Avatar shrank instantly, matching the size of the original body.

But its entire body contained unfathomably terrifying energy.

Be it the true self, the Divine Demon Avatar, or the Nine-Headed Snake Emperor Avatar, or even the Undying Devouring Sky Beast.

Every one of Xu Nian's bodies can be said to be unique.

Chapter 1675: Luo Bing's Ambition

"Boom!"

Right after Xu Nian's Divine Demon Avatar had just devoured the Ancient Demon Essence Blood.

A powerful fluctuation of mixed element immortal power emanated from the distant palace.

"Huh?"

A trace of surprise flashed across Xu Nian's face.

Then, with a thought.

The Nine-Headed Snake Emperor Avatar and the Ancient Demon Avatar all merged into Xu Nian's body.

"Buzz!"

With one step, Xu Nian reappeared within the luxurious palace.

At this moment, Han Xiaoxiao, Mu Yan, Luo Bing, and Zhao Yanyun were also drawn by this commotion.

They all walked over one after another.

When they saw the figure sitting cross-legged in the great hall, they too revealed looks of astonishment.

"I didn't expect Sister Yanran to have broken through to the mid-stage Immortal Emperor." Zhao Yanyun said in surprise.

"It seems that strike from our husband before also had a great impact on her." Han Xiaoxiao muttered to herself.

She had also witnessed that strike in the Chaos Divine Palace.

She felt immensely shocked as well.

However, due to her lower degree of godhood integration, she couldn't comprehend much more.

"Sister Yanran's degree of godhood integration has already reached sixty percent," Zhao Yanyun said.

"Sixty percent? I've only reached twenty percent!" Han Xiaoxiao said enviously.

"I'm at thirty percent," Zhao Yanyun followed.

Beside them, Mu Yan could only look on in envy without saying a word.

Luo Bing appeared to be lost in thought.

"Husband, I've broken through," Leng Yanran said happily as she stood up.

"Not bad, it seems that master's strike was of great help to you as well." Xu Nian laughed.

Leng Yanran nodded solemnly: "That strike was too profound; I just imitated it intentionally, but unexpectedly it moved me, and then I broke through."

Xu Nian chuckled.

Emperor Ye Tian's understanding of the laws had reached an unfathomable depth.

Every action of hers was worth contemplating.

"Haha, Brother Xu, I didn't expect the crisis in your Heavenly Court to have already been resolved, it seems I'm late to the party."

At this moment, a booming voice suddenly echoed from the sky.

Then Xu Nian and the others saw a gigantic Immortal Ship coming to a stop outside the Mountain Protection Array.

Leng Yanran and the others immediately braced themselves as if facing a great enemy.

Xu Nian, however, just smiled: "No need to be on guard, they're friends of mine."

After saying that, Xu Nian led Leng Yanran and the group out of the hall, activating the Great Formation to allow the Spirit Clan's Immortal Ship to enter.

But what Xu Nian hadn't expected was that the leader of the Spirit Clan had brought the entire clan.

"Clan Leader, what is the meaning of this?" Xu Nian asked curiously.

"Haha, can't you tell? I plan to join your Heavenly Court, what? Not welcome?" The Spirit Clan Leader laughed.

"Join the Heavenly Court?" Leng Yanran and the others showed expressions of surprise.

Among these people, there were no less than seven Immortal Emperors.

In the Immortal Realm, this was considered a powerful force, yet now they had chosen to join the Heavenly Court?

"Clan Leader, I can't take this joke," Xu Nian laughed.

"Who's joking? I'm serious about joining the Heavenly Court. From now on, the entire Spirit Clan becomes a part of the Heavenly Court, this is a unanimous decision from our clan," the Clan Leader laughed.

"Yes!" Tang Tianhu and Bu Keng nodded.

"We have no objections either." Bai Chengfeng also stepped forward and said.

The other three Immortal Emperors also nodded.

Xu Nian was a bit surprised.

The Spirit Clan had indeed chosen to join the Heavenly Court?

"Why, aren't you welcoming us?" asked the Spirit Clan Leader.

"Of course you're welcome, but Clan Leader, let me just be upfront, if the Spirit Clan joins the Heavenly Court, you'll have to submit to its governance, can you do that?" Xu Nian asked.

"Naturally, since we've chosen to join the Heavenly Court, we'll take orders from you, Xu Nian," the Spirit Clan Leader nodded.

"Very well, then on behalf of the Heavenly Court, I welcome you all," Xu Nian smiled.

"Haha!" The members of the Spirit Clan immediately burst into hearty laughter.

"Since you've chosen to join the Heavenly Court, from today on, all Immortal Emperor-level powers are to be Elders of the Heavenly Court. I, Leng Yanran, will temporarily serve as the Heavenly Court Master," Leng Yanran stepped forward and said.

"What a formidable young woman; at mid-stage Immortal Emperor, she already has peak Immortal Emperor power. Brother Xu, you're truly blessed," the Spirit Clan Leader laughed heartily.

"Second Elder, you shouldn't call her a young woman anymore," Xu Nian laughed.

"Right, right, Court Master, hahaha!" The Spirit Clan Leader Jiang Mohan laughed.

Leng Yanran smiled slightly, not concerned about Jiang Mohan's form of address.

Jiang Mohan glanced, apparently unintentionally, at the women behind Xu Nian and was surprised to find.

Among the five women, three actually possessed godhoods.

"This Brother Xu actually obtained three godhoods and gave them all to his women? If these women grow, they could be top-tier power in the Immortal Realm," Jiang Mohan mused.

Leng Yanran then instructed people to arrange for the Spirit Clan members.

The addition of the Spirit Clan significantly enhanced the combat strength of the Heavenly Court.

However, the Spirit Clan was proud, and to prevent them from becoming an internal threat in the future, Leng Yanran proposed dispersing the Spirit Clan members.

Initially, Jiang Mohan had some objections, but after discussions with Xu Nian.

He also chose to give up the Spirit Clan's identity, agreeing to disperse and assimilate the members into the Heavenly Court.

In this way, with time and integration, the Spirit Clan could fully merge with the Heavenly Court.

Han Xiaoxiao, Zhao Yanyun, and Mu Yan chose to go into seclusion.

Leng Yanran began to handle Heavenly Court affairs.

Among the five women, only Luo Bing remained.

"Husband, can I go with you to Shendang Mountain?" Luo Bing looked at Xu Nian.

"Huh? Why, isn't it good to stay here?" Xu Nian asked curiously.

According to his original plan, he had intended to leave Luo Bing here.

But it seemed now that Luo Bing didn't want to stay.

"It's nice here, but it's too peaceful, I don't want to live such a meaningless life, the sisters are all so excellent, so I want to seek adventure with my husband," Luo Bing said, her eyes bright like snow.

Her snow-white hair fluttered in the wind, exuding an indescribable ethereal dustlessness.

"But my next actions will be very dangerous, if you follow me, you might be in the Chaos Divine Palace for a long time," Xu Nian said.

He didn't want them all to stay in the Chaos Divine Palace.

"I'm not afraid. Honestly, husband, I want to become an independent deity," Luo Bing said with a determined look.

"Become an independent deity?" Xu Nian was somewhat surprised.

Unexpectedly, Luo Bing wanted to become an independent deity.

"Have you thought it through? Do you know how difficult this path is?" Xu Nian asked.

"No matter how difficult it is, I want to become an independent deity. I've thought it through. I hope to stand by your side when you reach the Divine King and Divine Emperor stages, or even higher," Luo Bing said with determination.

Snowflakes drifted in the sky.

Xu Nian stared at Luo Bing in astonishment.

Unexpectedly, Luo Bing would have such a thought.

Divine King, Divine Emperor?

Even he couldn't say for certain he could reach such a realm.

Yet Luo Bing had such confidence.

In fact, until now, he hadn't really consummated his relationship with Luo Bing.

"Alright, then come with me," Xu Nian said.

Hearing this, Luo Bing immediately kissed Xu Nian on the lips.

Cold!

But full of elasticity!

Chapter 1676: Nether Emperor Massacre

Xu Nian stayed in the Heavenly Court for half a month, then he directly took his leave and departed.

Although Leng Yanran and the others were reluctant to let him go, they did not try to persuade him to stay.

After all, they all knew Xu Nian had more important things to attend to.

Before leaving, Xu Nian left the demigod-level puppet to Leng Yanran, so she could continue to guard the Heavenly Court.

With the demigod-level puppet, the Heavenly Court could be said to be impregnable.

Then Xu Nian took Luo Bing and instantly teleported away from the Heavenly Court.

The Heavenly Court, after this battle, had established its footing in the Immortal Realm.

The annihilation of the Four Great Forces also made everyone in the Immortal Realm aware of the Heavenly Court's strength, which ranked just below the Nine Great Forces of the Immortal Realm.

...

Ten days later, Xu Nian finally arrived at the territory of Shendang Mountain.

At this moment, there was just over a month left until Fuhua Immortal Emperor crosses the Divine Tribulation.

Today, various forces had received the invitation from Shendang Mountain, and began arriving one after another.

Fuhua Immortal Emperor crossing into the Divine Realm was the biggest event in the Immortal Realm.

After all, Fuhua Immortal Emperor was ranked first on the Immortal Emperor list.

Adding to that, crossing the Divine Tribulation is rarely seen in the Immortal Realm over a thousand years.

So not only would the other Eight Great Forces come, but some intermediate forces, and even some hidden powers and loose cultivators would also come to observe.

Xu Nian held Luo Bing's hand as they walked in Fenghuo City.

Fenghuo City was one of the major cities on the outskirts of Shendang Mountain, currently bustling with crowds.

Today, the flow of people in Fenghuo City was ten times more than before.

Walking down the street, one could easily spot Luoxian, Golden Immortals, and even Immortal King-level immortals.

Occasionally, there were even a few Immortal Sovereign-level individuals.

It could be said to be very lively.

Of course, the security in Fenghuo City had been significantly strengthened because of this.

One could easily spot numerous disciples from Shendang Mountain patrolling around.

These disciples were at least above Golden Immortal level.

There were Immortal King-level ones, and even some Immortal Sovereigns.

Anyone causing trouble was either driven away or killed.

It could be said that the whole Fenghuo City was impregnable.

"Boom!"

However, at that moment, a sudden booming sound came from afar.

Then a terrifying energy wave instantly swept across the scene.

"Is this Mixed Element Netherworld Power?" Xu Nian was a bit surprised.

Within this energy wave just now, there was an extremely powerful Mixed Element Netherworld Power.

The person possessing such power was definitely a Netherworld Practitioner.

How could there be a Netherworld Practitioner in the Immortal Realm?

Moreover, they appeared in Fenghuo City of Shendang Mountain?

A thought instantly flashed across Xu Nian's mind.

Countless disciples around were also alarmed.

"Haha, Immortal Realm disciples are just that, all a bunch of worthless trash."

At this moment, a proud laugh came from the front.

A Netherworld Practitioner was crazily slaughtering the Immortal Realm disciples of Fenghuo City.

The patrol disciples of Shendang Mountain swarmed up, but were mercilessly slain by that powerful Netherworld Practitioner.

"Nether Emperor Early Stage Realm." Xu Nian saw through the cultivation of this Netherworld Practitioner with a glance, and immediately frowned.

Currently within Fenghuo City, there were no Immortal Emperor-level experts.

Thus, this Nether Emperor expert dared to act so recklessly.

In just a moment, over a hundred Immortal Realm experts had been killed by this person.

And without exception, all their souls were devoured by this Nether Emperor expert.

Instantly, panic ensued in the entire Fenghuo City.

Many immortals fled in all directions.

Luo Bing's brows also furrowed to the extreme.

"Husband, let's go and have a look together." Luo Bing said.

"Alright!" Xu Nian nodded immediately.

Even if Luo Bing hadn't spoken, he wouldn't ignore the situation.

People from the Netherworld, rampaging on their Shendang Mountain territory, was simply courting death.

Soon, Xu Nian and Luo Bing arrived at the battlefield where that Netherworld person was.

Around them, hundreds of Shendang Mountain disciples had encircled the person.

There were also a few experts from other forces in the Immortal Realm.

These experts likewise glared fiercely.

When faced with Netherworld enemies, their attitude was unanimously united against the outside.

Among these disciples from other forces, Xu Nian spotted a somewhat unexpected figure.

Shangguan Yao, Lu Qian, and Liu Lingfei.

They were all disciples of Turquoise Pool.

The gold attribute divine status Shangguan Yao received was given to her by Xu Nian.

At this moment, Shangguan Yao had clearly begun to refine her divine status, though her cultivation was still at the quasi-Immortal Emperor level, her aura was much sharper.

Evidently, they were also here to witness the events at Shendang Mountain.

And they happened to encounter this Nether Emperor expert slaughtering Immortal Realm disciples.

Shangguan Yao had clearly noticed Xu Nian too, glanced in his direction, but quickly withdrew her gaze.

Xu Nian also turned his head to focus on the Nether Emperor expert.

The Nether Emperor expert was clad in black armor.

An extremely terrifying dark aura emanated from him.

The body of Netherworld Practitioners is composed of a unique soul energy.

This kind of body, typical attacks often struggle to inflict substantial damage.

Of course, if the body of a Netherworld Practitioner is torn apart, the re-condensation requires a large expenditure of soul power.

Thus, Netherworld experts usually do not allow their bodies to be shattered easily.

At the Nether Emperor level, their bodies nearly resemble real flesh and blood.

Means to damage them are extremely rare.

This is one of the eerie traits of Netherworld experts.

Adding to that, Netherworld experts' attack methods largely center on soul attacks, something Immortal Realm experts do not have an advantage in.

Currently, this Nether Emperor expert possesses a powerful dark law at the early stage of Nether Emperor level.

"Haha, little ones of the Immortal Realm, do you think you can stop me with just you lot? Immortal Emperor experts need at least fifteen minutes to get here, and in that fifteen minutes, I can easily slaughter all of you." The black-robed Nether Emperor expert sneered, his eyes filled with greed.

These people in his view were extremely delectable delicacies.

Devouring their souls would significantly elevate his cultivation.

"Hmph, Nether Realm demon, daring to cause trouble on our Shendang Mountain territory, killing so many disciples of the Immortal Realm, today you won't leave alive. Attack."

The patrol leader within Fenghuo City of Shendang Mountain immediately ordered.

He led over a hundred disciples charging at the Nether Emperor expert.

He was an expert at the quasi-Immortal Emperor level, wielding a long spear that surged with formidable Thunderclap Law waves.

Clearly, his law power had reached the Law Order Stage.

However, he had only one law chain.

Xu Nian hadn't met him.

But for a disciple with Law Order cultivation, he must be a direct disciple of an Immortal Emperor expert.

"Hmph, stars dare challenge the sun and moon's brilliance." The Nether Emperor snorted coldly.

Dark law power surged on his body.

Instantly morphing into hundreds of dark snakes.

"Ah!"

Dark snakes surged, instantly devouring many Shendang Mountain disciples.

The devoured Shendang Mountain disciples were all consumed by the terrifying dark aura, ultimately both their flesh and souls were completely devoured, leaving only white bones falling to the ground.

The leader of the Shendang Mountain disciples was blasted away by the Nether Emperor expert's palm.

Spitting copious blood, he crashed into dozens of buildings.

"Such cruel attack methods." Luo Bing exclaimed.

Xu Nian's gaze also turned icy cold.

"Buzz!"

At this moment, an extremely fierce sword radiance transformed into a golden beam directly charging toward the Nether Emperor expert.

"Huh?"

The Nether Emperor expert showed a hint of surprise.

He immediately released those Shendang Mountain disciples who hadn't been devoured, preparing to face this sword with all his might.

"Clang!"

Darkness clashed with the golden sword.

Exploding with terrifying energy waves.

Xu Nian's face showed a hint of surprise.

"This Shangguan Yao has indeed grown stronger!" Xu Nian murmured in awe, watching the exceedingly beautiful woman who made the move.

Chapter 1677: Battle Against the Nether Emperor

"Boom!"

The Nether Emperor expert shattered Shangguan Yao's sword radiance.

However, he was also blasted away by that sword radiance.

"What a sharp sword radiance." The Nether Emperor expert revealed an expression of surprise.

The sharpness of that sword just now was incredibly terrifying.

Even some Early-stage Immortal Emperors may not be able to withstand it.

"It seems she has completely transformed her Sharpness of Golden Principle into the Endless Sharpness Principle and has reached the Law Order Stage." Xu Nian muttered to himself.

Shangguan Yao's strength truly had increased significantly.

With her current battle power, facing some simple Early-stage Immortal Emperors would be no problem.

"Wait for me here, I'll go help them." Xu Nian said to Luo Bing.

The latter nodded seriously: "Be careful."

As soon as Xu Nian finished speaking, he instantly teleported to the patrol captain of Shendang Mountain.

"Senior Brother, are you okay?" Xu Nian asked.

"I'm fine." The captain clutched his chest, stood up and sized up Xu Nian.

"Is this Junior Brother also from Shendang Mountain?" the young man asked.

"I am Xu Nian, a disciple under Taichu Immortal Emperor." Xu Nian replied truthfully.

"So it's Junior Brother Xu Nian. I am Wu Sheng, the senior disciple under Green Feather Immortal Emperor." Wu Sheng responded.

He didn't know much about Xu Nian, just found his name somewhat familiar.

He had been in seclusion for years and didn't know much about recent events at Shendang Mountain.

"Senior Brother, why is this Nether Realm expert here?" Xu Nian asked curiously.

"I don't know either, this person mixed into Fenghuo City and has assassinated over three hundred experts of our Immortal Realm. If not for a patrol disciple discovering him in time, he might have killed even more," Wu Sheng clenched his fists, his eyes filled with anger.

Three hundred or more?

Xu Nian's eyes turned cold.

This Nether Emperor expert had killed so many people from their Immortal Realm.

"This person indeed deserves to die." Xu Nian's eyes were also full of fury.

Although he hadn't been at Shendang Mountain for long,

the protection he received from Shendang Mountain was plentiful.

If not for Taichu Immortal Emperor and Fuhua Immortal Emperor, the Heavenly Immortal Emperor would have acted against him long ago.

Therefore, Xu Nian felt a deep sense of belonging to Shendang Mountain.

Seeing so many of his fellow sect members die at the hands of this Nether Realm expert, he was also extremely angry.

"But Junior Brother, this person is an Early-stage Nether Emperor expert, you'd better not take action; this person is cruel and bloodthirsty, and if you fall into his hands, it will be hard to preserve your life," Wu Sheng advised.

Then he was about to step forward to help Shangguan Yao.

Xu Nian was instantly moved.

This was the camaraderie of their Shendang Mountain sect.

Thinking of this, Xu Nian no longer hesitated and directly stopped Wu Sheng.

"Senior Brother, leave it to me, I can kill him." Xu Nian said.

Then Xu Nian went straight ahead.

"Junior Brother..." Wu Sheng wanted to say something more.

But he found that Xu Nian had already walked into the battlefield without looking back.

At this moment, Shangguan Yao had already launched a second round of attacks against the Nether Emperor Level expert.

But after all, Shangguan Yao's cultivation was only at the Quasi-Immortal Emperor Realm.

In terms of Insight Realm, she was weaker than the Nether Emperor expert.

"Humph!"

The Nether Realm expert let out a cold snort, and a Law Disc appeared behind him.

The next moment, the surroundings were completely enveloped by darkness.

Shangguan Yao immediately lost her target.

Directly struck in the chest by the dark energy gathered by the Nether Emperor expert.

Splurt!

Shangguan Yao spat out blood, her figure quickly flew backward.

Xu Nian immediately caught her, dispersing the terrifying dark power from her body.

This dark power was devouring her soul.

Fortunately, Xu Nian acted in time, using his powerful soul power to dissipate the dark power.

Otherwise, Shangguan Yao would have undoubtedly died.

"Are you okay?" Xu Nian asked.

"I'm fine, thank you." Shangguan Yao, a bit embarrassed, quickly stood up from Xu Nian's embrace.

Xu Nian nodded.

"You should step aside, leave this to me." Xu Nian said.

"Should I stay with you?" Shangguan Yao thought for a moment and said.

"No need." Xu Nian decisively refused.

"Alright, this guy is good at soul attacks, be careful." Shangguan Yao said.

After speaking, Shangguan Yao drifted into the distance.

Xu Nian then walked towards the Nether Realm expert.

The Nether Realm expert naturally noticed Xu Nian and sized him up carefully.

"Quasi-Immortal Emperor Level, do you think you can contend with me alone?" The Nether Realm expert sneered.

As long as it wasn't a true Immortal Emperor Level expert, he didn't take them seriously at all.

"I alone am more than enough." Xu Nian smiled.

"Humph, kid, you're quite confident, but sometimes confidence isn't a good thing." The Nether Realm expert sneered.

"Is that so?" Xu Nian coldly laughed.

The next moment, his figure appeared directly in front of the Nether Realm expert.

He threw a punch straight at the Nether Realm expert.

Three Law Chains instantly climbed up his fist.

These three Law Chains were all Earth Attribute Black Hole Laws.

They were realms the Divine Demon Avatar had just recently comprehended.

Now the Divine Demon Avatar was specifically responsible for comprehending Earth Attribute Laws, the Nine-Headed Snake Emperor Avatar was responsible for Gold Attribute Laws.

While the primary body was currently focused on Wind and Fire Attributes.

So once the Wind Attribute breaks through, the Earth and Gold Attributes will immediately follow suit.

"Three Law Chains?"

In the distance, Wu Sheng saw this scene, showing an expression of surprise.

He didn't expect this Junior Brother to be so formidable, having reached the Law Order Third Level Realm.

The Turquoise Pool trio also looked surprised.

How long had it been, and Xu Nian's insight cultivation had already reached the Law Order Third Level Realm?

Especially Shangguan Yao, who was incredibly astonished.

"Just the Law Order Third Level, do you think this punch can kill me?" The Nether Realm expert sneered ceaselessly.

He was a true Law Great Success Realm expert.

Facing Xu Nian's punch, his eyes were filled with disdain.

However, he still urged the Power of Dark Principle to resist Xu Nian's punch.

"Let me show you the strength of the Law Great Success Realm." The Nether Emperor expert coldly snorted.

He slapped towards Xu Nian's fist.

His palm contained the power of a hundred thousand times the Power of Laws.

Shangguan Yao, Wu Sheng, and the others saw this scene, all becoming tense.

Although Xu Nian had reached the Law Order Third Level Realm, this Nether Emperor expert had already reached Law Great Success.

This slap, Xu Nian might get injured, right?

"Boom!"

A loud explosion.

A figure flew back at high speed.

Everyone present widened their eyes, surprised at the figure flying backward.

Because they found that the one flying backward was not Xu Nian, but the Nether Emperor expert.

"Boom!"

The Nether Emperor expert crashed into a distant house, instantly shattering it to pieces.

And his entire figure became illusory.

"How can this be, a soul attack, how can the Earth Attribute Law perform a soul attack." The Nether Emperor expert looked at Xu Nian with a face full of shock.

He didn't expect that the young man's punch contained a massive amount of soul attack power.

At this moment, his entire body was showing signs of collapse.

Soul attack?

Shangguan Yao and Wu Sheng, among others, were all shocked.

Xu Nian's punch just now actually contained the Soul Attack Technique?

Chapter 1678: Six Paths of Reincarnation

Soul attack?

Xu Nian's face revealed a slight smile.

Indeed, this was his newfound insight into the application of the Black Hole Law gained from the Awakening Pool.

The Black Hole Law can cause indelible damage not only to the physical body but also to the soul.

The tearing force of a black hole can pulverize both flesh and soul.

Thus, Xu Nian gave this move a very resounding name.

Six Paths of Reincarnation!

A punch was thrown, unleashing the tearing force of the black hole, simultaneously affecting both body and soul.

Therefore, for the Nether Emperor experts, Xu Nian's punch had a significant restraining effect.

Even though Xu Nian's Earth Attribute Law was at the Law Order Third Level Realm, the power of his body and Mixed Element Immortal Power far surpassed that of ordinary Immortal Emperors.

This was enough to make up for the gap in the Law Realm.

"Young man, it seems your strength is truly extraordinary, to have cultivated a soul attack law." The Nether Emperor expert said with a cold laugh.

He looked at Xu Nian with a trace of malice in his eyes.

Immortals who understand soul attack techniques have always been their targets to kill.

Especially a genius like Xu Nian.

Not killing such an immortal would pose a future threat to their nether realm.

Facing the Nether Emperor expert's praise, Xu Nian felt not the slightest pride.

On the contrary, he could clearly feel the killing intent emanating from the Nether Emperor expert's eyes.

"Did you feel no remorse at all for slaughtering so many of my Immortal Realm with Emperor-Level cultivation?" Xu Nian asked coldly.

"Remorse? Haha, every being in the Three Realms deserves death. Not only will I kill, but I will kill them all. In the law of the jungle, the weak are not fit to live." The Nether Emperor expert sneered.

His eyes showed disdain.

Xu Nian frowned deeply.

So the weak are not fit to live.

If everyone thought that way, the world would never have peace.

"Young man, you are too naive and immature. It won't be long before the Three Realms are under our nether realm, and all of you will die." The Nether Emperor expert scoffed.

Xu Nian's heart stirred.

Recalling the Spirit Clan Leader's words, it seemed the nether realm was indeed brewing a grand plan.

"I will not allow you to trample a single inch of my Immortal Realm territory," Xu Nian vowed with a fierce, passionate gleam in his eyes.

Hearing this, the surrounding Shendang Mountain and Immortal Realm disciples all clenched their fists, their eyes resolute.

The territory of the Immortal Realm would never be violated by others.

Even the Yaochi Disciples felt their blood boil from Xu Nian's words.

Their resolve to fight to the death against the nether realm's invasion of their territory was set.

"Haha, I never thought you immortals could be so naive. Flattening your Immortal Realm is only a matter of time for us in the nether realm, just like today, I could kill you all." The Nether Emperor expert laughed coldly.

Xu Nian, however, spoke no further.

In a flash, he appeared in front of the Nether Emperor expert.

Another punch.

Six Paths of Reincarnation!

The punch unleashed, the whirlpool of Six Paths of Reincarnation emerged.

The Nether Emperor expert's eyes instantly filled with anger.

That move again!

"Hmph, do you really think the same move can hurt me again?" The Nether Emperor expert snorted coldly.

His eyes showed a trace of disdain.

The Dark Law Roulette emerged directly behind him.

The power of laws surged, instantly transforming into darkness that enveloped the entire void.

Suddenly, Xu Nian was plunged into an extreme darkness.

The Nether Emperor expert urged the Dark Law, countless dark chains shooting out from the void.

Directly binding Xu Nian's hands and feet.

Making Xu Nian unable to move.

No matter how Xu Nian struggled, he could not break free of this terrifying restraint.

"It's useless, my Night Chains aren't something someone at the Quasi-Immortal Emperor Level like you can break free from." The Nether Emperor expert laughed coldly.

"Is that so?" Xu Nian chuckled coldly.

The God Sword unsheathed instantly.

"Buzz!"

The God Sword flashed by.

All those Night Chains were cut.

Xu Nian was free once more.

"Eh?"

The Nether Emperor expert's expression changed immediately.

A Divine Artifact?

How is this possible?

How could someone at the Quasi-Immortal Emperor level have such a powerful treasure?

"This ends now. Let me show you the strongest sword of my Earth Attribute Law." Xu Nian said, holding the God Sword.

The Black Hole Law exploded from his body.

In the next moment, an extremely terrifying energy wave surged from his body.

The Nether Emperor expert's expression changed again.

For some unknown reason, he suddenly felt a very dangerous aura.

It seemed that Xu Nian's sword made him feel the breath of death.

"Impossible, you, a Quasi-Immortal Emperor expert, how could you be my match? I will kill you!" The Nether Emperor expert raged.

No longer holding back, he immediately unleashed all the power within his body.

The Dark Law Roulette fully burst forth.

A terrifying wave of pure dark power formed behind him, crashing towards Xu Nian.

Dark Tidal Wave!

This was the Nether Emperor expert's strongest strike.

Anyone engulfed by this dark tidal wave would have no escape.

To remain forever swallowed by the sea of darkness.

The Immortal Realm onlookers far away all revealed extremely shocked expressions.

The terrifying Dark Tidal Wave was too fearsome.

If it were them, they would definitely not be able to withstand such an attack.

Shangguan Yao's expression greatly changed as well.

She could not withstand that attack either.

However, Xu Nian stood with his sword held high, spirited and valiant.

His robes fluttered in the wind.

With the God Sword raised above his head, as if lifting the Sword of the Heavenly Dome.

Endless power of the Black Hole Law surrounded the God Sword.

"Reincarnation Sword, slash!"

Xu Nian swung his sword, the terrifying sword radiance pouring forth instantly.

Instantly slicing the dark tidal wave in half.

"No!"

The Nether Emperor expert let out a desperate scream.

However, Xu Nian's sword radiance had already swept past him.

The surrounding Immortal Realm disciples were all dumbstruck.

What a terrifying sword strike.

This sword strike contained an extremely terrifying power, especially the soul power, which, in its presence, would vanish instantly upon contact.

"I am not reconciled..."

The Nether Emperor expert let out a roar, ultimately turned into ashes, and completely dissipated into the air.

Shangguan Yao, Wu Sheng, and others were left speechless with astonishment.

Xu Nian's sword was too powerful.

Seeing the Nether Emperor expert vanish, Xu Nian exhaled heavily.

His expression, however, showed a trace of contemplation.

"I didn't expect the Black Hole Law to have such power in soul attacks. My Earth Attribute Law seems to be evolving from the Black Hole Law to the Reincarnation Law," Xu Nian murmured to himself.

The moment he swung that last sword, he seemed to have a peculiar realization.

It was as if he saw a true scene of the Six Paths of Reincarnation.

It was precisely this peculiar realization that seemed to infuse his sword with an extraordinary power.

Could it be that the Black Hole Law can evolve?

If he could comprehend the Six Paths of Reincarnation Law, it would likely be an unprecedented event.

"Husband, are you okay?" Luo Bing rushed over.

"I'm fine."

He woke from his thoughts and immediately responded.

Chapter 1679: The Horrors of the Divine Tribulation

"Junior Brother Xu Nian, I didn't expect you to be so formidable; it seems I was overly cautious before," Wu Sheng said with a smile as he approached.

Xu Nian was so powerful that in Shendang Mountain, he was definitely considered a character of supreme genius level.

Such a person naturally warranted forming good relations with him.

Three people from Turquoise Pool accompanied him.

"Junior Brother Xu Nian is truly the fastest cultivator I've ever seen. To elevate his cultivation to Quasi-Immortal Emperor Level and progress from Law Heart Success Realm to Law Order Third Level Realm in such a short period of time, all within just three years, is truly astounding," Lu Qian shook his head in wonder.

Liu Lingfei fully concurred.

Xu Nian's cultivation speed was the most remarkable they had ever witnessed.

Upon hearing these words, Wu Sheng displayed an expression of extreme surprise.

Three years to advance from Law Heart Success to Law Order Third Level?

He spent three hundred years advancing from Law Heart Great Success to Law Order First Level Realm.

The disparity...

For a moment, Wu Sheng felt he totally lacked any cultivation talent.

He even questioned his life's purpose.

"Xu Nian, thank you for saving me earlier," Shangguan Yao expressed her gratitude as she stepped forward.

While speaking, she also glanced at Luo Bing.

Clearly, Luo Bing's prior reference to "husband" had clarified her identity to Shangguan Yao.

Thus, she spoke while maintaining some discretion.

"Don't worry about it; it was merely lifting a finger for me. If you died, I'd simply lose an ally," Xu Nian replied with a smile.

He handed the Gold Attribute Divine to Shangguan Yao, naturally hoping she would grow stronger.

In the future, this would also benefit him.

Shangguan Yao nodded: "Rest assured, whatever you need, as long as you ask, I'll go through fire and water without hesitation."

Her heart was filled with gratitude towards Xu Nian.

If not for him, she wouldn't have possessed a Godhood, and she would likely have died at the hands of this Nether Emperor Expert.

Thus, if Xu Nian truly needed her help, she would definitely assist without a second thought.

"That's wonderful; I recently founded a force called the Heavenly Court. If possible, I'd love to invite you to join Heavenly Court as an Alien Minister Elder. Of course, this wouldn't affect your status as a Turquoise Pool disciple," Xu Nian offered.

"The Heavenly Court? You founded this force?" Shangguan Yao and the others were surprised.

The Heavenly Court had recently gained considerable renown.

It was rapidly becoming the foremost force beneath the Nine Great Forces.

"Indeed, I founded it," Xu Nian affirmed.

"Alright, I'm willing to be an Alien Minister Elder," Shangguan Yao agreed immediately.

"What about us?" Lu Qian and Liu Lingfei asked with smiles.

"If you wish to join too, you're certainly welcome," Xu Nian laughed heartily.

Both Lu Qian and Liu Lingfei were talented individuals from Turquoise Pool, destined to become Immortal Emperors.

If they joined Heavenly Court as elders, it would greatly benefit Heavenly Court.

"Why wouldn't we join a force you founded?" Lu Qian chuckled.

Liu Lingfei nodded in agreement.

Xu Nian smiled and promptly handed out three tokens to them.

The three joyfully accepted the tokens.

Throughout the process, Luo Bing watched quietly.

Her face showed not a trace of displeasure.

If it was any other woman, seeing her lover chatting and laughing with three beautiful women, jealousy might have erupted.

Yet Luo Bing did not react this way.

Because she trusted Xu Nian wholeheartedly.

"Sister Shangguan, did you come to Shendang Mountain to witness the Fuhua Immortal Emperor crossing the Divine Tribulation?" Xu Nian inquired out of curiosity.

"Yes, all Immortal Emperor level experts in the Immortal Realm received invitations. Our master instructed us to come early and present a Divine Pill to Fuhua Immortal Emperor as support. Our master will also attend during the tribulation," Shangguan Yao replied.

"Immortal Emperors in the Immortal Realm received invitations? Then there'll likely be a large crowd watching the tribulation?" Xu Nian remarked in surprise.

"Many indeed; at least several thousand people. Including Immortal Emperors from the Nine Great Forces and a few hidden Immortal Emperors, there are at least three hundred of them, each bringing their favored disciples. If not three thousand, then at least two thousand attendees," Wu Sheng explained.

"So many?" Xu Nian expressed astonishment.

"Additionally, many independent immortals will gather here for the spectacle. Although they can't directly observe the Divine Tribulation, they'll choose to congregate in towns around Shendang Mountain to experience the divine power up close," Wu Sheng added.

Xu Nian nodded.

Crossing the Divine Tribulation would be a peak event for the Immortal Realm.

For all Immortal Emperor level experts, it held great allure.

Typically, all Immortal Emperor experts would attend for observation.

They aimed to understand the tribulation's power to determine if they could withstand their own.

Xu Nian was also curious about the true power of the Divine Tribulation.

"Junior Brother, escort several Yaochi Fairies back to the sect, I must continue guarding Fenghuo City," Wu Sheng said to Xu Nian.

"Very well, you've been diligent, Brother Wu," Xu Nian nodded.

With that, he led Luo Bing and Shangguan Yao and others towards the Shendang Mountain interior.

"Junior Brother Xu Nian, what odds do you think Fuhua Immortal Emperor has of successfully crossing the Divine Tribulation?" While traveling, Shangguan Yao suddenly posed this question.

Xu Nian was taken aback.

He hadn't truly considered this question before.

To him, as the top individual on the Immortal Emperor Ranking, it seemed crossing the Divine Tribulation shouldn't pose much difficulty for Fuhua Immortal Emperor.

"My master says Fuhua Immortal Emperor has only a 40% chance of crossing the tribulation," Shangguan Yao stated.

"40%? That low?" Xu Nian reacted in surprise.

"40% is not low. My master says if she attempted the Divine Tribulation, her odds might only be 10%. For most Immortal Emperors, the chance is virtually nonexistent," Shangguan Yao explained.

"That difficult?" Xu Nian was taken aback.

Beside him, Luo Bing furrowed her brows.

Because she had recently told Xu Nian she planned to undergo the tribulation to become a deity.

Now hearing Shangguan Yao's words, how could she not be astonished?

"With only a 40% chance, why would Fuhua Immortal Emperor choose to undergo the Divine Tribulation instead of waiting?" Xu Nian curiously asked.

"Because there's no more room for improvement. At the Peak Immortal Emperor level, advancing in strength—even slightly—is exceedingly difficult, possibly requiring thousands of years. At Fuhua Immortal Emperor's stage, further enhancement is nearly impossible," Shangguan Yao answered.

Xu Nian nodded.

After reaching the Great Perfection Realm of laws, the soul also reaches perfection, making improvements truly challenging.

For experts like Fuhua Immortal Emperor, further advancement is nearly unattainable.

Therefore, even if delayed, it would be meaningless.

However, a 40% chance still seemed too low.

"It seems I must find ways to increase my limits," Xu Nian internally reflected.

Ye Tian God Emperor had said his Divine Tribulation would be exceptionally terrifying.

Thus, he needed to elevate his cultivation further.

Chapter 1680: Fuhua Immortal Emperor

"Junior Brother Xu Nian."

Just as Xu Nian was arriving with Shangguan Yao and others at the Fuhua Immortal Emperor's palace, he encountered Li Xiuyuan.

Nowadays, Li Xiuyuan had already reached the Early Stage Immortal Sovereign level.

"Senior Brother Li!" Xu Nian was also delighted upon seeing Li Xiuyuan.

Xu Nian held quite a bit of goodwill towards Li Xiuyuan.

However, at this moment, Li Xiuyuan's emotions were clearly low.

"Senior Brother Xiuyuan, these three are the disciples of the Yaochi Immortal King: Shangguan Yao, Lu Qian, and Liu Lingfei," Xu Nian introduced.

"Greetings to the three fairies," Li Xiuyuan nodded.

"Senior Brother Li, we are here under the master's orders to deliver a divine pill to the Fuhua Immortal Emperor. We wonder if the Fuhua Immortal Emperor is in the hall?" Shangguan Yao asked.

"Yes, but currently, my father is entertaining an Immortal Emperor from the Immortal Sovereign Hall. You may have to wait a while," Li Xiuyuan nodded.

"Very well," Shangguan Yao was not in a hurry, and waited silently.

Xu Nian was naturally not impatient either.

He saw Li Xiuyuan still looked worried and knew he was concerned about the Fuhua Immortal Emperor.

"Senior Brother, the Fuhua Immortal Emperor is the strongest in the Immortal Realm, surely he will safely cross the divine tribulation," Xu Nian comforted.

"But from what I understand, the power of the divine tribulation is exceptionally terrifying. Even father himself said he wasn't even fifty percent confident," Li Xiuyuan sighed helplessly.

"Don't worry, since the Fuhua Immortal Emperor has decided to cross the divine tribulation, he must have a strategy to deal with it. You needn't worry too much," Xu Nian continued.

Li Xiuyuan nodded, but his eyes still held some sadness.

He was not talented enough. If the Fuhua Immortal Emperor truly crossed the divine tribulation, he might never see him again.

So, regardless of whether the Fuhua Immortal Emperor could cross the divine tribulation, he might have to bid farewell to his father forever.

Xu Nian looked at the depressed Li Xiuyuan, not knowing how to console him.

Some things, he would have to bear himself.

"Brother, I have a favor to ask of you."

Suddenly, Li Xiuyuan earnestly said to Xu Nian.

"Please tell me, Senior Brother. If I can do it, I will give it my all," Xu Nian replied.

Li Xiuyuan was sincere, and Xu Nian was willing to befriend him.

So, whatever Li Xiuyuan asked, he would naturally strive to help him.

"If my father is fortunate enough to cross the divine tribulation and ascend, please, in the future, when you reach the Divine World, take care of my father for me," Li Xiuyuan said.

"Senior Brother, you think too highly of me. I don't even know if I can make it to the Divine World," Xu Nian said with a bitter smile.

"I believe you can. If anyone in the Immortal Realm has the greatest hope, it's you. You're the most outstanding genius I've ever seen," Li Xiuyuan said.

Xu Nian was immediately amused and exasperated by these words.

"Alright, if I really can go to the Divine World, I will definitely look after the Fuhua Immortal Emperor," Xu Nian nodded.

"With your promise, that's enough for me," Li Xiuyuan said excitedly.

After speaking, Li Xiuyuan handed Xu Nian a book.

"This is an ancient tome I obtained by chance, containing a powerful divine skill. But my aptitude is dull, and I've never been able to comprehend it. Now, I gift it to you, regardless of whether my father can cross the divine tribulation. Treat it as a gift from your senior brother," Li Xiuyuan said.

Xu Nian hesitated a little, but seeing Li Xiuyuan's expression,

he no longer refused.

"Alright, I'll accept it. Thank you, Senior Brother."

Xu Nian took the ancient tome, glanced at it, and found it was a powerful Sword Dao divine skill.

This divine skill, it seemed, was extraordinarily remarkable.

Xu Nian put it away, planning to study it carefully later.

"You all may come in now."

Not long after, the voice of the Fuhua Immortal Emperor came from within the hall.

Xu Nian and Shangguan Yao, along with others, entered the grand hall.

Luo Bing followed beside Xu Nian, standing silently without speaking.

From start to finish, she maintained a silent demeanor.

Just watching and not speaking.

Xu Nian greatly appreciated this.

Luo Bing's state of mind had clearly reached a transcendent level.

It wouldn't be long before her comprehension could break through to the Law Heart stage.

The Fuhua Immortal Emperor, seeing Xu Nian and others, also smiled.

"Nephew Shangguan, you have grown even more beautiful and alluring over the years, and your law comprehension has already advanced to the level of endless sharpness. It seems you have officially begun refining your Godhood," the Fuhua Immortal Emperor said to Shangguan Yao with a smile.

"Uncle Fuhua, you praise me too much. All this is thanks to Junior Brother Xu Nian's help. Otherwise, I couldn't have obtained this Godhood," Shangguan Yao said.

"Haha, indeed we should thank Xu Nian. In the entire Immortal Realm, he's the only one who would give away a Godhood," the Fuhua Immortal Emperor laughed, looking at Xu Nian.

Xu Nian smiled wryly.

The Gold Attribute Law Godhood wasn't needed by anyone important around him.

Otherwise, he wouldn't have given it to Shangguan Yao so easily.

"Uncle Fuhua, this time we brought a divine pill under Master's orders to wish you success in crossing your divine tribulation," Shangguan Yao said, taking out a pill.

"Haha, thank your master for me. I'll gladly accept this grand gift," the Fuhua Immortal Emperor laughed.

After speaking, he waved his hand, and the divine pill appeared in his grasp.

"There's still a month before I cross my divine tribulation, Nephew Shangguan. Stay temporarily at Shendang Mountain. Xiuyuan, please escort the ladies to their residence," the Fuhua Immortal Emperor instructed.

"Yes, Father!" Li Xiuyuan replied.

With that, he led Shangguan Yao and the other two women out of the hall.

Xu Nian was ready to take his leave but was stopped by the Fuhua Immortal Emperor: "Xu Nian, stay here with your wife."

Xu Nian and Luo Bing were taken aback.

They hadn't expected the Fuhua Immortal Emperor to call them.

Shangguan Yao and the others were also a bit surprised but left the hall with Li Xiuyuan.

Soon, the only ones left in the entire hall were Xu Nian, Luo Bing, and the Fuhua Immortal Emperor.

"Mountain Lord, is there something you need me for?" Xu Nian asked, puzzled.

The Fuhua Immortal Emperor sighed at this.

"You don't have to call me Mountain Lord, just call me uncle. Xu Nian, did Xiuyuan speak to you?" the Fuhua Immortal Emperor asked softly.

"Yes, Senior Brother Xiuyuan gave me an ancient text of divine skills," Xu Nian nodded.

"I have also read that ancient tome of divine skills, it is extremely profound. I'm unable to comprehend it. By giving it to you, he has indeed chosen the right person. He probably mentioned it to you, I am uncertain about crossing the divine tribulation," the Fuhua Immortal Emperor said.

"He did. Uncle, may I ask why do you still choose to cross the divine tribulation if you're not confident?" Xu Nian curiously asked.

Upon hearing this, the Fuhua Immortal Emperor's face showed a trace of melancholy.

"It's been too long. Do you know how many years I've lived?" the Fuhua Immortal Emperor asked.

Xu Nian shook his head.

"A full nine hundred thousand years. In the past hundred thousand years, my cultivation has hardly progressed. Except for the Realm Heart Lake Water you brought back recently, which brought my soul to

the Perfect Realm, I have made no advances in these hundred thousand years," the Fuhua Immortal Emperor said.

Xu Nian was incredibly surprised.

A hundred thousand years without progress?

What must that feel like?

Many people probably couldn't bear it.

"Xu Nian, I asked you to stay so I could present you and your wife with a grand opportunity," the Fuhua Immortal Emperor suddenly said, looking at Xu Nian.

Opportunity?

Xu Nian was puzzled.
