Chapter 1711: Heavenly Phoenix Divine Ship

Time passed quickly, and three days went by.

During these three days, Xu Nian mostly stayed within his own residence.

The probing of the Heavenly Dragon Divine Mountain also made him clearly realize the fearsome nature of the Heavenly Dragon Divine Prison.

Wanting to rescue Xu Yu was completely impossible relying solely on his own strength.

Today was the day Luo Shang and the others had agreed to travel to the Ancient Divine Prohibition.

Xu Nian arrived early at the plaza in the Phoenix Clan's area.

At the moment, besides Luo Shang and three Demon Emperor-level experts, there were also three young members of the Phoenix Clan.

All three of these Phoenix Clan youths were of Quasi-Devil Emperor Level.

"Greetings, Brother Xu."

Seeing Xu Nian, the three Phoenix Clan youths immediately showed a respectful expression.

They had witnessed Xu Nian's earlier battle with Shi Yi from the Dragon Clan.

It could be said that Xu Nian's strength had completely earned their recognition.

They even had a trace of admiration for Xu Nian.

It should be known that the Phoenix Clan's arrogance was no less than that of the Dragon Clan.

For Xu Nian to earn recognition from the Phoenix Clan experts indicated his formidable strength.

"Just call me Xu Nian," Xu Nian said with a smile.

"Brother Xu Nian, I'm Song Mo, and this is my brother, Song Ren." A tall youth said with a smile.

The youth next to him who bore eight-tenths likeness to him smiled at Xu Nian.

"Are your true forms the Nine Heavens Thunder Phoenix?" Xu Nian asked curiously.

"Yes, Brother Xu Nian's truly impressive, discerning our true forms at a glance," Song Mo said with a smile.

Xu Nian merely smiled slightly.

The Nine-Headed Snake Emperor possessed potent perception abilities.

So he could generally discern Song Mo and Song Ren's true forms at a glance.

"Brother Xu Nian, I'm Luo Yun. Can you tell what my true form is?" Another young man in a blue outfit stepped forward and smiled.

Xu Nian immediately looked at the youth with a slightly curious expression.

"Is your true form a mutated bloodline? Should be a variant of the Xuanxue Ice Phoenix?" Xu Nian asked in confusion.

"Haha, Brother Xu Nian's indeed impressive. Yes, I'm indeed a variant of the Xuanxue Ice Phoenix. I named myself the Extreme Cold Ice Phoenix," Luo Yun said with a smile.

Extreme Cold Ice Phoenix?

Xu Nian nodded.

This youth named Luo Yun exudes an intense chill.

If a drop of his blood fell into a lake, it could freeze an area ten miles around.

"Brother Xu Nian, you're truly remarkable. Your true form shouldn't be an ordinary Nine-Headed Snake, but the Nine-Headed Snake Emperor," Song Ren said.

"Yes, indeed the Nine-Headed Snake Emperor." Xu Nian nodded.

"I didn't expect a living Nine-Headed Snake Emperor would exist in the Demon Realm. In ancient times, the bloodline of the Nine-Headed Snake Emperor was no less than that of the Dragon Clan," Luo Yun said in astonishment.

Xu Nian smiled without saying much.

In truth, his corporeal body was merely that of the Nine-Headed Snake Emperor. His true soul origin remained the Human Clan.

However, his soul had merged with the soul fragments of the Nine-Headed Snake Emperor, so the aura he emitted was that of the Nine-Headed Snake Emperor.

Thus, unless it was a Divine-level expert, it was exceedingly difficult for anyone to perceive his true soul origin.

"Let's go, time to set off," Luo Shang came over.

With a wave of his hand, a massive Divine Ship appeared in the sky.

Xu Nian and the others swiftly boarded the Divine Ship.

To Xu Nian's surprise, this Divine Ship was actually a Divine Artifact.

However, regrettably, this Divine Ship was already damaged.

The restriction patterns on it were all damaged, seemingly discovered from the Sealing God Battlefield.

"This Divine Ship can travel ninety million miles a day. Though not as fast as instant teleportation, it possesses an exceptional function: it can defend against a full-force strike from a Demon Emperor Peak expert," Luo Shang said.

"Heavenly Phoenix Divine Ship? I've long heard of such a treasure in our Phoenix Clan, didn't expect to see it today," Song Mo said with a smile.

"It's said to be a powerful artifact, but it's damaged. Otherwise, it could perform space shuttling, faster than instant teleportation," Song Ren said.

Xu Nian gazed at the Divine Ship, a thoughtful look in his eyes.

"What's the matter, Brother Xu?" Luo Shang asked curiously, seeing Xu Nian's persistent gaze on the Divine Ship.

"There's a problem with this ship," Xu Nian suddenly said.

"What problem?" Luo Shang and those around, including the Phoenix Clan Demon Emperor experts, showed puzzled expressions.

"This ship has a special hidden function, but due to the damage, it cannot be activated. Once activated, not only can it perform space shuttling, but it can also achieve complete invisibility, even the Demon Emperor's consciousness can't probe it," Xu Nian said.

"Complete invisibility?" Luo Shang and the others were all astonished upon hearing this.

Could this Divine Ship truly possess such abilities?

"Furthermore, this Divine Ship is an offensive artifact allowing it to launch soul attacks," Xu Nian startled everyone again.

Hearing this, Luo Shang and the others' expressions changed drastically.

An offensive artifact?

This was entirely beyond their expectations.

If this Divine Ship truly possesses such capabilities, it'd be an extraordinarily powerful artifact.

Attacking opponents while in the state of invisibility—how terrifying would that be?

"It's a pity this Divine Ship is damaged; these functions are likely unusable," Luo Shang sighed, shaking his head.

The Phoenix Clan Demon Emperor and Song Mo trio also showed a trace of disappointment on their faces.

"I might be able to repair it!" Xu Nian unexpectedly said.

Upon these words, everyone present looked at Xu Nian in astonishment.

Repair a Divine Artifact?

They even suspected they had heard incorrectly.

"Brother Xu Nian, are you serious?" Luo Shang asked in shock.

That is a Divine Artifact.

Not to mention within the Demon Realm, it's hard to find anyone in the Three Realms capable of repairing a Divine Artifact.

Song Mo and his companions nodded.

Is it possible for anyone to repair a Divine Artifact?

"I am a Divine Craftsman. I'm currently capable of crafting Mid-grade Divine Artifacts. This ship is of mid-grade; however, it's immense, its difficulty akin to a Top-Grade Divine Artifact. I can't promise total success, but I can give it a try," Xu Nian said earnestly.

This revelation left Luo Shang and the others even more shocked.

Capable of crafting Mid-grade Divine Artifacts?

Not even low-grade.

How formidable could Xu Nian truly be?

"If the young master can indeed craft, please restore this Divine Ship for us. If repaired, our Phoenix Clan will surely repay you in full," the leading Demon Emperor Peak expert, Su Qing, said hurriedly.

"Yes, please help us repair it, Brother Xu," Luo Shang also said urgently.

"Alright, but I can't guarantee a full restoration. Let's proceed on our journey first; I need some time to study the Divine patterns on it," Xu Nian said.

"Agreed!" Luo Shang immediately instructed the Phoenix Clan Demon Emperor experts to set the Divine Ship in motion.

Meanwhile, Xu Nian stood on the deck of the Divine Ship, analyzing the Divine patterns.

Seeing this, Luo Shang and the others refrained from disturbing Xu Nian.

However, they were filled with anticipation for Xu Nian.

If Xu Nian could truly repair this Divine Ship, it would add a powerful artifact to their Phoenix Clan.

Chapter 1712: Restoration Complete

Time gradually passed.

The Divine Ship streaked through the sky at incredible speed.

As fast as a flying sword.

The surrounding white clouds were pierced directly, breaking apart like flowing water.

The scene was extremely magnificent.

"Finally understood."

At this moment, Xu Nian suddenly smiled and stood up.

The next moment, he took out a piece of Mid-grade Divine Iron.

Although the material of this Divine Iron is somewhat different from the material of this Divine Ship, all its attributes are very similar.

This type of Divine Iron is perfect for absorbing and accumulating Soul Power.

Perfect for repairing a damaged hull.

"Can Brother Xu Nian really repair the Divine Artifact?" Song Mo asked curiously.

"Probably, Brother Xu Nian doesn't seem like someone who would lie." Luo Yun said.

"He can, I trust him." Luo Shang said firmly.

Although it seemed incredible, she still chose to trust Xu Nian.

Because from the time she met Xu Nian until now, everything Xu Nian said he would do, he had done.

Song Mo and others were all surprised.

They never expected that Luo Shang would trust Xu Nian so much.

"Luo Shang, could you have fallen for Xu Nian?" Song Mo teased with a smile.

Song Ren and Luo Yun also looked at Luo Shang.

Clearly, Luo Shang had always been a goddess-like figure in their eyes.

As peers of the Phoenix Clan, Luo Shang has always been an object of their admiration.

Yet, Luo Shang had never been interested in anyone.

Now, seeing Luo Shang's approval of Xu Nian, how could they not wonder?

Luo Shang shook her head in response.

"I admire him a lot, but there's no romantic feeling between us. To me, he is like a fog, enigmatic and beyond comprehension; I don't like this feeling." Luo Shang said.

Song Mo and others nodded.

They also had this feeling.

Xu Nian seemed unfathomable to them.

Just like the current repair of the Divine Artifact.

To them, this was simply impossible.

But Xu Nian seemed able to do it with ease, which was truly incredible.

"Luo Shang, it's a pity you don't like Xu Nian. With Brother Xu Nian's bloodline and talent, he would be much more suitable for you than Sikong Bo." Luo Yun added.

"Hmph, how can that guy Sikong Bo compare to Brother Xu Nian? Give Brother Xu Nian ten thousand years, no, just a thousand years, he will surely surpass him." Song Ren said angrily.

Clearly, they were all frustrated about the betrothal between Luo Shang and Sikong Bo.

Luo Shang smiled and said, "Xu Nian has become a goal for me, an object to chase. Although my cultivation is higher than his, in my view, his spirit and strength are beyond my reach."

Song Mo and others were taken aback.

They never thought Luo Shang's evaluation of Xu Nian would be so high.

"Look quickly, Brother Xu Nian really can repair the Divine Artifact," Luo Yun suddenly exclaimed.

With his shout, everyone around looked at Xu Nian.

Only to see a powerful Divine Fire emerging from Xu Nian's hand.

Under the refining of the Divine Fire, the Divine Iron began to melt into iron fluid.

Can it really melt Divine Iron?

Then, a more unexpected scene occurred.

Xu Nian controlled the water of Divine Iron to directly repair the damaged hull.

The iron fluid formed from this Divine Iron had its impurities removed, so there was no need for further forging.

Soon, the entire hull became perfectly intact.

Without a single flaw.

As if it had never been damaged.

"Can it really repair? Is it finished?" Song Mo asked curiously.

"Probably not, the real key to this Divine Artifact is the Divine Patterns; in these damaged areas, the Divine Patterns are missing. If these missing Divine Patterns can be restored, that's the key." Luo Shang said.

"Restore the missing Divine Patterns? How is that possible?" Song Ren said with a look of surprise.

Other Demon Emperor experts also showed curious expressions.

At this moment, Luo Shang was also closely watching Xu Nian.

She also wanted to see how Xu Nian could repair these Divine Patterns.

"Buzz!"

However, at this moment, Xu Nian moved.

He activated his Soul Power to form a carving knife.

Then he began to carve on the repaired hull.

With each stroke, Xu Nian's Soul Power was greatly consumed.

So after carving ten strokes, Xu Nian had to sit cross-legged to restore his Soul Power.

Then activate Soul Power again to continue carving Divine Patterns.

Back and forth, a hundred times in total.

It took him more than ten days to completely repair the Divine Patterns.

And when Xu Nian carved the last stroke of the Divine Pattern.

All the Divine Patterns on the entire Divine Ship suddenly lit up.

These Divine Patterns erupted with a powerful wave of Divine Pattern energy.

The next moment, even the entire Void began to tremble.

"Whoosh!"

The Divine Ship's energy exploded.

Directly shooting out a beam of energy.

The next moment, a huge space vortex appeared before everyone's eyes.

"What the heck, it actually worked, is this space teleportation?"

Luo Shang, Song Mo, and the Demon Emperor experts of the Phoenix Clan were all stunned.

They never expected Xu Nian could actually repair the Divine Ship.

Now the Divine Ship seemed to contain an infinite amount of energy.

"Buzz!"

The Divine Ship passed through the space vortex, and everyone found that they were already ninety million miles away.

In just an instant, they had traveled a day's journey.

"It's too powerful."

Song Mo couldn't help but speak excitedly.

Xu Nian seeing this scene, also had a slight smile at the corner of his mouth.

"This is not the key yet. Luo Shang, activate your Soul Power and merge it into that Divine Pattern at the center of the Divine Ship, to try using the Divine Ship to perform Soul Attack." Xu Nian said with a smile.

Upon hearing this, Luo Shang immediately merged her Soul Power into the Divine Pattern on the deck.

"Buzz!"

When Luo Shang's Soul Power converged into the Divine Pattern.

The Divine Patterns across the whole Divine Ship lit up again.

Then, the powerful Soul Power, amplified by the Divine Patterns, formed an incredibly terrifying Soul Energy halo.

"Boom!"

The Soul Energy halo directly shot out through the bow of the Divine Ship.

"Boom!"

A kilometer-wide energy halo directly blasted onto a colossal Divine Mountain in the distance.

"Buzz!"

The entire Divine Mountain evaporated instantly and completely disappeared.

"Gasp!"

Luo Yun and others widened their eyes, unable to resist taking a breath.

Including Luo Shang herself, all were dumbfounded.

Although they guessed the attack would be very powerful, they didn't expect it to be this strong.

Even Demon Emperor Peak expert Su Qing showed a startled expression.

This strike was something he probably couldn't withstand.

Too terrifying!

The key was still the Soul Attack.

"Activating another Divine Pattern can make the entire ship completely invisible." Xu Nian said with a smile.

Luo Shang, hearing this, started the attempt immediately.

The next moment, the entire Divine Ship disappeared directly into the sky.

No Soul probe could detect their existence.

"Boom!"

Sure enough, at this moment, a flying beast of Demon King level directly collided with the Divine Ship, instantly hitting its head and bleeding.

Seeing this scene, everyone was instantly astonished beyond measure.

This Divine Ship was too powerful.

And all this was thanks to Xu Nian.

Chapter 1713: Revealing the True Purpose

"Xu Nian, big brother, you're really amazing; you can actually repair a Divine Artifact."

Song Mo and the group came over, saying to Xu Nian with a look of disbelief.

The strength exhibited by this Divine Ship had already left them in awe.

And Xu Nian, who could repair the Divine Ship, was even more like a mythical figure.

"Xu Nian, I didn't expect you truly are a Divine Craftsman. Does this mean you can truly refine Mid-grade Divine Artifacts?" Luo Shang also came up, looking at Xu Nian and asked.

"It's true, but there are two ways to refine a Divine Artifact. One is similar to the Divine Talisman on this ship, and the other is to endow the artifact with Divine Radiance. The former is an ancient artifact refining method, and the latter is the New God's refining method. Currently, my mastery of the Divine Pattern is only at the Low Grade Divine Artifact stage, but I can bestow the Divine Radiance to reach the Mid-grade Divine Artifact level, though the times I can do this are limited," Xu Nian said truthfully.

He's been researching Divine Talismans.

But these talismans are even harder to comprehend than Law Comprehension.

At present, he has only researched two major talismans: the Power God Talisman and the Spirit God Talisman.

Lately, he's been trying to comprehend the Divine Skills that Senior Brother Li Xiuyuan gave him along with new talismans.

If he can comprehend even one of them, his power will increase greatly.

Of course, he hasn't neglected his comprehension of the laws.

At this moment, he is not far from breaking through to the Law Order Sixth Level Realm.

Everyone was filled with emotions.

No one expected Xu Nian to truly be a Divine Craftsman.

"I have to go cultivate; I want to learn from big brother Xu Nian," Song Mo said immediately upon hearing Xu Nian was a Divine Craftsman.

"I'm going too," Song Ren and Luo Yun followed and said.

Soon, only Xu Nian and Luo Shang were left at the ship's bow.

"Xu Nian, thank you for repairing such a Divine Artifact for our Phoenix Clan," Luo Shang said gratefully.

Xu Nian smiled, "Actually, helping the Phoenix Clan is also helping myself. If the Phoenix Clan is strong, I have a place to stand in the Demon God Palace."

"Xu Nian, I've always had a question for you. Why do you want to join the Demon God Palace? With your strength and talent, you don't need to rely on them," Luo Shang asked, looking at Xu Nian.

Xu Nian has his own cultivation resources.

His bloodline and comprehension are unique in the world.

Such a genius has no need to be under the Demon God Palace.

Although the Demon Realm has only one power, the Demon God Palace.

Xu Nian has no need to join any power.

"Since you asked, I'll be honest with you," Xu Nian said.

Luo Shang listened attentively.

"I joined the Demon God Palace just to save someone, someone imprisoned in the Heavenly Dragon Divine Mountain," Xu Nian said.

"Heavenly Dragon Divine Mountain? So it was you who disturbed the restriction three days ago?" Luo Shang asked, surprised.

"Yes, I wanted to see just how terrifying the Heavenly Dragon Divine Mountain truly is," Xu Nian replied.

"You must never break in, Xu Nian. The Great Formation of Heavenly Dragon Divine Mountain is extremely terrifying; breaking in will lead to death," Luo Shang quickly cautioned.

Xu Nian nodded, as he had already experienced it first-hand.

"Who is the person you want to save?" Luo Shang asked.

"My brother!" Xu Nian replied.

"Your brother? Is he also part of the Snake Clan?" Luo Shang frowned, seemingly trying to recall the Snake Clan strongmen imprisoned in Heavenly Dragon Divine Mountain.

"No, he belongs to the Avian Clan; his true form is a Golden Crow Divine Eagle," Xu Nian said.

"A Golden Crow Divine Eagle? Is your brother Xu Yu?" Luo Shang asked in surprise.

"Yes, his name is Xu Yu," Xu Nian affirmed.

"I didn't expect you to be his big brother; with such talents, both of you brothers are demon-level geniuses," Luo Shang couldn't help but say.

"Oh? Is Little Yu very formidable now?" Xu Nian asked curiously.

"Yes, very formidable; his cultivation is slightly higher than yours, having reached the Early-stage Demon Emperor level. He must have received a powerful inheritance; his bloodline has awakened, reaching a purity level of seventy percent. Because of this, the Dragon Clan sent ten Demon Emperor strongmen, and he managed to kill three and injure four," Luo Shang explained.

"Is Little Yu injured?" Xu Nian asked urgently.

"He is. Both of his wings were broken, and all his internal meridians ruptured. He's now imprisoned in Heavenly Dragon Divine Mountain, and he may not survive," Luo Shang informed.

Hearing this, Xu Nian's chest surged with overwhelming fury.

"The Dragon Clan, courting death!"

Xu Nian's eyes were filled with immense killing intent, his gaze blood-red.

"Is it very dangerous inside the Heavenly Dragon Divine Mountain?" Xu Nian inquired.

"Very dangerous. The demon beasts imprisoned there are all extremely vicious. Xu Yu went in severely injured, I'm afraid..." Luo Shang stopped mid-sentence, stunned.

The aura emanating from Xu Nian had reached a terrifying level.

The horrifying gaze made even her feel fear.

She didn't understand why she felt frightened.

Her cultivation was evidently much higher than Xu Nian's; she bore the bloodline of the Phoenix Clan.

How could anyone affect her with merely a glance?

"He is still alive."

After a long moment, Xu Nian took a deep breath and said coldly.

"How do you know?" Luo Shang asked.

"I have a soul contract with him; I can sense his soul's fluctuations are still present," Xu Nian explained.

Luo Shang understood upon hearing this.

A soul contract allows mutual influence.

"But I won't let the Dragon Clan go. None who have harmed Little Yu will live in this world," Xu Nian's eyes flashed with frosty light again.

Luo Shang paused beside him.

She didn't expect the bond between Xu Nian and Xu Yu was so deep.

Xu Nian?

Xu Yu?

It was now she realized, how closely related their names were.

She should have known that the two were connected.

"Xu Yu grew up with me from a very young age. I was homeless, as was he, so I've always considered him my blood brother," Xu Nian explained.

"Xu Nian, you mustn't act impulsively; rescuing Xu Yu will not be easy. To be honest, Xu Yu is my sister's beloved, and I plan to rescue him too," Luo Shang disclosed.

She feared Xu Nian would impulsively seek trouble with the Dragon Clan.

"I know, which is why I thought of helping your Phoenix Clan, to borrow your strength to aid me in rescuing Little Yu," Xu Nian replied.

"Rest assured, the Phoenix Clan will do everything possible to help you," Luo Shang said with determined eyes.

"Thank you!" Xu Nian expressed sincerely.

Knowing Luo Shang meant what she said, he trusted she would act accordingly.

"Boom!"

However, at this moment, the whole Divine Ship suddenly shuddered.

Xu Nian and Luo Shang both furrowed their brows.

In front of them floated thousands of Demon Clan strongmen.

Among these strongmen, there were actually eight Demon Emperor-level powerhouses.

Two of them were at the Demon Emperor Peak Level.

"Stop the ship immediately and hand over all your treasures."

A cold voice called out from outside the ship, spoken by one of the five Demon Emperor strongmen.

"It's the Wolf Clan; these guys are known for ambushing Demon Clan members, stealing resources," Luo Shang frowned, looking at the thousands of strongmen ahead.

Wolf Clan?

Xu Nian showed a hint of surprise.

He didn't expect that even in the Demon Realm, there were bandits.

Chapter 1714: Annihilating the Wolf Clan

"In the Demon Realm, the Wolf Clan is recognized as the top thieves. However, due to their extreme cunning and ferocity, anyone intercepted by them not only loses their resources but is also ruthlessly devoured. Even with multiple raids by the Demon God Palace, they have not been slaughtered. Who would have thought we would encounter them today," Luo Shang remarked.

Xu Nian looked at the thousands of Wolf Clan members before him, his eyes becoming sharp.

Among these wolves were members like the Red Fire Fierce Wolf, the Netherworld Ghost Wolf, the Sky Howling Wind Wolf, and many others.

Each of these wolves had fierce eyes, revealing incredibly sharp fangs, exuding extreme savagery.

This indicated that they had often preyed on other tribes.

"Swish, swish, swish!"

The Demon Emperor powerhouse of the Phoenix Clan and Song Mo among others quickly emerged from the cabin.

Looking at the thousands of fierce wolves ahead, their expressions instantly turned sharp.

"Hmph, Wolf Emperor, you even dare to intercept us, the Phoenix Clan? Are you courting death?" Su Qing snorted coldly.

"Haha, so it's the Phoenix Clan from the Demon God Palace. I was wondering which clan would put on such a big show. We've never tasted Phoenix Clan meat before; it should be quite delicious," the leading Wolf Clan chief sneered.

"Courting death!" Upon hearing this, the Phoenix Clan members clenched their fists tightly.

The Wolf Clan was simply audacious and getting more arrogant by the day.

"Chief, isn't that the most famous Phoenix Emperor's daughter, Luo Shang, the number one beauty of the Demon God Palace?" a Wolf Clan quasi-Devil Emperor suddenly said to the chief.

"Indeed, it is. I didn't expect the number one beauty of the Demon God Palace to be on this ship," a trace of greed flashed in the eyes of the Wolf Clan chief.

"Haha, Chief, if the number one beauty of the Demon God Palace becomes your wife, wouldn't that bring great face to our Wolf Clan?" a Quasi-Devil Emperor of the Wolf Clan quickly chimed in.

"Good idea. The number one beauty of the Phoenix Clan, if you obey me, I won't kill you, but everyone else must die," the Wolf Clan chief laughed arrogantly.

Those like Song Mo standing at the bow were all furious.

The Wolf Clan was simply lawless.

Xu Nian was a bit surprised as well.

Who would have thought the Wolf Clan really didn't regard even the Phoenix Clan of the Demon God Palace as a threat?

"Wolf Emperor, step aside quickly, or don't blame us, the Phoenix Clan, for being merciless," Su Qing shouted again.

"Step aside? If you were from the Dragon Clan, we might be slightly wary, but your Phoenix Clan has been so suppressed by the Dragon Clan that you're beyond repair. Do you think our Wolf Clan would fear you? Do you think a few of you can stop our large Wolf Clan army?" Wolf Emperor sneered.

"Awooo!" Other Wolf Clan members let out mocking howls.

"Just make a move, activate the soul attack of the Divine Ship," Xu Nian declared directly.

"Alright!" Luo Shang wasted no words.

Immediately, she infused all her soul power into the divine patterns of the Divine Ship.

The next moment, a massive energy halo appeared on the ship's body, starting to converge toward the bow.

"Not good, retreat quickly!"

The Wolf Emperor immediately sensed something was amiss and shouted out.

"Buzz!"

Yet, just as the Wolf Emperor's voice fell, the energy halo burst forth instantly.

Eight Wolf Clan Demon Emperor powerhouses immediately stepped forward, jointly resisting this energy halo.

Mixed Element Demon Power was instantly unleashed and clashed with the energy halo.

"Boom!"

The energy halo exploded in an instant, but the shockwave still spread to a portion of the wolf pack.

"Ah!"

These Wolf Clan members screamed miserably.

In an instant, several hundred Wolf Clan members died instantly.

"It's a soul attack. This ship can actually perform a soul attack, it's a Divine Artifact!" The Wolf Emperor immediately realized the peculiarity of the ship.

"A Divine Artifact? Such a huge Divine Artifact?" Wolf Clan members were shocked.

"So powerful!" Song Mo and the others were delighted to see this scene.

Although they had seen the power of the Divine Ship's soul attack before, they had never seen it in real combat.

Seeing eight Demon Emperors jointly resist this attack, yet still, 400 Wolf Clan members perished, they truly felt the power of this divine artifact.

Luo Shang and Phoenix Clan members were all astonished.

If they had confronted these Wolf Clan members in direct combat, they would have surely suffered significant losses.

Now with this Divine Ship, they could completely gain a huge strategic advantage.

"Let's all infuse our soul power into it," Xu Nian suggested.

Everyone nodded in agreement.

Thus, three Demon Emperors, Song Mo and two others, Luo Shang, and Xu Nian, a total of eight people, all infused their soul power into the divine patterns.

The next moment, an incredibly massive energy ring formed on the ship's body.

The energy fluctuations emanating from this energy ring were so terrifying that everyone present felt their scalps tingle.

This gigantic energy ring was a hundred times thicker than before.

The distant Wolf Emperor saw this and his face changed drastically.

"Run!"

The Wolf Emperor shouted immediately.

But it was too late.

The terrifying energy ring had already burst forth.

The eight Demon Emperors used all their power to fend it off, but this energy was simply too terrifying.

"Boom!"

The energy wave from the energy ring swept across the entire scene instantly.

"Ah..."

Those Wolf Clan members fell continuously from the sky, their souls annihilated in an instant.

Several thousand Wolf Clan members perished on the spot.

Even among them, six Demon Emperors vomited blood, their bodies falling from the sky.

Souls shattered and died!

"This..."

Song Mo and the others were stunned to see this scene.

Wiped out?

This was too terrifying, wasn't it?

The Wolf Clan that had long troubled the Demon God Palace was wiped out just like this?

Even Luo Shang showed an extremely shocked expression.

The method of the soul attack was too strong.

Furthermore, it could combine the soul power of multiple people for the attack.

If a hundred people infused their soul power simultaneously, how terrifying would the power be?

This was definitely a super weapon of mass destruction!

It could be called a Treasure!

Xu Nian was not surprised by this.

This ship utilized a Mid-level Divine Rune, and a very powerful one at that.

This kind of divine pattern could withstand the infusion of soul power from ten Peak Immortal Emperors.

And then amplify it three times over.

Equivalent to the joint soul attack of thirty Peak Immortal Emperors.

Imagine the power?

"Pfft!"

The Wolf Emperor and the remaining Demon Emperor Peak Expert of the Wolf Clan were also vomiting blood, their souls severely injured.

They looked at the wolf corpses all over the ground, their eyes full of horror.

The Phoenix Clan actually had such a terrifying divine artifact?

"Go!"

The Wolf Emperor dared not linger further, instantly teleporting away.

The remaining Demon Emperor Peak Expert also teleported away.

Luo Shang and the others did not stop them.

At the moment, their soul consumption was extremely great.

This move had nearly exhausted all their soul power.

"Too thrilling, to wipe out thousands of Wolf Clan members with one move, with this weapon, we are enough to confront the Dragon Clan," Song Mo said excitedly.

Song Ren and Luo Yun also nodded in agreement.

Even Su Qing and others were extremely excited.

Luo Shang looked at Xu Nian.

"It's useless; although this soul attack is powerful, the Dragon Clan definitely has stronger soul defensive divine artifacts," Xu Nian replied.

Luo Shang nodded in agreement too.

The foundation of the Dragon Clan was much stronger than that of the Phoenix Clan.

Chapter 1715: Farewell, Sikong Bo

"Buzz!"

Above the Tianyuu Mountain Range.

A massive space vortex suddenly appeared.

Then, a gigantic ship, like a prehistoric beast, emerged from the vortex.

As if coming from eternity, it was filled with an endless domineering aura.

Indeed, this was the Heavenly Phoenix Divine Ship that just wiped out the entire Wolf Clan.

Now, the Heavenly Phoenix Divine Ship could truly be called a super weapon of mass destruction.

Traversing a hundred thousand miles of the void in one sweep.

"This is amazing, with this Divine Ship, nowhere is out of reach!" Song Mo and others said excitedly.

Having witnessed the might of the Heavenly Phoenix Divine Ship, their admiration for Xu Nian was overwhelming.

Su Qing and the other three were also in awe of Xu Nian at this moment.

"Once we've passed Tianyuu Mountain Range, we'll reach the Reincarnation Mountain Range; the Ancient Divine Prohibition is within it," Luo Shang said, looking towards the distant and ancient place ahead, her expression becoming serious.

"Why not warp directly to the Reincarnation Mountain Range?" Xu Nian asked curiously.

"Because the Reincarnation Mountain Range is filled with dangers, terrifying spatial fissures abound. If we warp forcefully, we might fall into chaotic spatial currents," Luo Shang replied.

"Xu Nian, you don't know how perilous the Reincarnation Mountain Range is; it is the territory of plant-type Demon Beasts. These plant-type Demon Beasts have never accepted the rule of our Demon God Palace. This journey will be exceptionally dangerous," Luo Yun added.

Plant-type Demon Beasts?

Xu Nian didn't expect the Ancient Divine Prohibition to be in the territory of plant-type Demon Beasts.

It's known that plant-type Demon Beasts are extremely troublesome.

If entangled by them, escaping could be impossible.

"The ancestors of the Demon Clan really knew how to choose a location," Xu Nian couldn't help but chuckle inwardly.

"Whoosh whoosh whoosh!"

At this moment, Demon Beasts continually sped by beside the giant ship.

There were also birds surrounded by seven-colored radiance darting swiftly.

Carriages rushed across the sky.

Even more exaggerated, some were driving a palace, flying through the air.

In just a moment, Xu Nian and the others had encountered no fewer than ten tribes.

"The Demon Clan usually obeys the management of the Demon God Palace, but when it comes to competing for bloodline treasures, they ignore our Demon God Palace," Song Mo remarked indignantly.

"Their so-called submission is merely due to fear of the Demon God Palace. They don't genuinely belong to the Demon God Palace. So when facing treasures, they naturally stand against the Demon God Palace without hesitation," Luo Shang said.

Others nodded in agreement.

The Demon Realm today appears to be ruled by the Demon God Palace, but internally, it is far from unified.

Of course, it also relates to the fact that the Demon Realm holds bloodlines in the highest esteem.

Like the Dragon Clan, their inherent arrogance makes it impossible for them to fight alongside other clans.

"Look quickly, the Dragon Clan is here too." At this moment, Song Mo suddenly shouted.

Xu Nian and Luo Shang and others looked in the direction Song Mo pointed.

They saw more than a dozen Dragon Clan experts riding a giant dragon, soaring through the air.

The giant dragon serving as the mount might not have a powerful bloodline, but it was as long as ten thousand feet.

Its massive body covered the sky and sun.

Giving a strong sense of oppression.

"It's Sikong Bo, but besides him, there are three young Dragon Clan members, all at the Demon Emperor level. Crucially, the Dragon Clan has actually dispatched ten Demon Emperors for escort," Song Ren said with furrowed brows, observing the figures on the giant dragon.

Compared to the Dragon Clan, their Phoenix Clan's lineup seemed quite meager.

"Luo Shang, we meet again."

The giant dragon soared closer, matching pace with the Phoenix Clan's warship.

Sikong Bo looked at Luo Shang and smiled.

"Does Mr. Sikong have any business?" Luo Shang asked coldly.

Sikong Bo's expression instantly turned cold.

This damned woman dared speak to him in this tone.

Simply had a death wish.

"Luo Shang, in three months, you will marry me. You should understand your identity. If you obediently follow me, I can help you obtain the Ancient True Blood of the Phoenix Clan. But if you remain so cold towards me, don't blame me for making your Phoenix Clan lose this last chance," Sikong Bo snorted coldly.

His tone was full of thick threats.

"Are you done? If you are, please leave!" Luo Shang didn't give Sikong Bo the slightest good face.

Sikong Bo was instantly furious beyond measure.

This wretched woman simply doesn't know how to live.

"Very well, since you've made your decision, I will eventually make you regret it," Sikong Bo snorted coldly.

He then commanded the dragon beneath him to fly away, leaving Xu Nian and the others' Divine Ship far behind.

Song Mo and others expressed disdain towards the direction Sikong Bo left.

Then they turned to look at Luo Shang.

The latter's face remained expressionless.

"If you're angry, show it, turn anger into power, change your destiny, and this time is a rare opportunity," Xu Nian said to Luo Shang.

"Rare opportunity?" Luo Shang was somewhat puzzled. Suddenly, she seemed to understand something, her face showing surprise.

"Do you mean to kill Sikong Bo?" Luo Shang asked, surprised.

Kill Sikong Bo?

Song Mo and others also looked shocked.

How bold must one be to dare suggest such an idea?

Even the nearby Phoenix Clan Demon Emperor expert looked shocked.

Killing Sikong Bo, the Demon God Palace might turn into complete chaos.

At that time, the White Dragon Emperor and Supreme Dragon Emperor would not let it go.

Xu Nian, however, didn't care about their shocked expressions.

He directly asked back, "Do you think there's much chance of the Dragon Clan canceling your marriage arrangement?"

"Almost none," Luo Shang replied.

The agreement between the Dragon Clan and Phoenix Clan had spread throughout the Demon Realm long ago.

If this wedding doesn't happen, the Dragon Clan would lose face.

So for this wedding, she had no chance of avoiding it.

"Then kill Sikong Bo; it's probably easier than getting Sikong Bo to change his mind," Xu Nian said.

Luo Shang fell silent.

Sikong Bo cancel the marriage agreement?

That's absolutely impossible.

With his personality, he wouldn't let her go even if he died.

So as Xu Nian said, killing Sikong Bo is the best solution.

But if this is done, the Phoenix Clan will face pressure from the Dragon Clan.

It might bring disaster to the entire Phoenix Clan.

"The Phoenix Clan's matters, consider them after everything has happened. What you need to do now is first solve your own problem," Xu Nian said.

"Alright, I'll follow your advice, kill Sikong Bo," Luo Shang nodded and said.

Song Mo and others, including the Phoenix Clan Elders, all showed shocked expressions.

They couldn't believe Luo Shang actually adopted Xu Nian's suggestion.

Killing Sikong Bo?

This is equivalent to poking a hole in the Demon Realm.

Miss Luo Shang, who always considered the Phoenix Clan, actually ignored the consequences of killing Sikong Bo and acted recklessly?

But for them, wanting to kill Sikong Bo wouldn't be easy.

The opponent's strength was obviously far superior.

Chapter 1716: Chance Encounter with Ice Blue

Soon, Xu Nian and the others' Divine Ship flew over the Reincarnation Mountain Range.

At this moment, quite a number of people had already gathered here.

In the depths of the Reincarnation Mountain Range, there was an enormous Stone Gate.

A powerful Divine Forbidden wave emanated from this Stone Gate.

The Divine Forbidden wave had started to loosen, seemingly showing signs of disappearing.

Surrounding this Stone Gate, however, were many powerful members of the Demon Clan.

There were hundreds of different clans.

Including some plant-type Demon Beasts.

"This Stone Gate is the entrance to the Ancient Divine Prohibition. With the divine prohibition loosening, it should disappear within three days," Luo Shang said, looking at the Stone Gate ahead.

Xu Nian looked at the divine prohibition on the Stone Gate and nodded.

These divine prohibitions were indeed weakening.

In three days, they should completely disappear.

"I wonder which clan will obtain the Ancient Bloodline this time, and which will meet a total demise," Luo Shang whispered, looking in the direction of the Stone Gate.

Xu Nian also felt deeply moved.

Whether Human Clan, Demon Clan, or Demon Clan, as long as there is desire, the fighting will never cease.

Then Xu Nian instructed the Phoenix Clan Elders to elevate the Divine Ship to a height of ten thousand meters, then make it enter an invisibility state.

While Xu Nian sat cross-legged at the ship's bow, continuing to comprehend the Gold Attribute Law and the divine skills that Li Xiuyuan had given him.

It was an Ancient Forbidden Technique, also a sword move.

However, this sword move was extremely profound.

Xu Nian studied it for a long time, yet still had no clue.

Helpless, he could only temporarily give up and continue to study the Gold Attribute Law.

"Buzz!"

One night passed.

Xu Nian smoothly broke through to the Sixth Level Realm, and the Law Chains had reached six strands.

"Huh!"

Suddenly, Xu Nian's soul felt a slight disturbance.

Because he sensed a familiar aura.

"Ice Blue?"

The figure of Ice Blue smoothly emerged in Xu Nian's mind.

Under his soul's perception, Ice Blue was quickly flying toward him.

More precisely, she was escaping.

Behind them, a few Divine Crocodile Clan members were chasing and attacking.

Their cultivation levels were not low, already reaching late-stage Demon King level.

Yet Ice Blue's cultivation only reached early-stage Demon King.

Clearly, given Ice Blue's strength, if caught by these people, it would be a dead end.

"Boom!"

Ice Blue's figure directly slammed into the invisible Divine Ship, causing her to be momentarily dazed.

"Huh?"

Ice Blue was blocked from flying and was momentarily stunned.

She tried to touch ahead, only to find an invisible wall had appeared before her.

This caused her expression to change dramatically.

"Haha, let's see where you run to now."

At this moment, several strong members of the Divine Crocodile Clan surrounded her.

Ice Blue's expression was extremely grim.

She couldn't understand why an invisible wall had appeared before her?

"Little sister, come with me. You can't escape," the leading Divine Crocodile said with a teasing smile.

"Don't think about it, even if I die, I won't go back with you," Ice Blue said angrily.

"You were handpicked by our Sea God Palace Master. Do you really think you can escape?" that Divine Crocodile said disdainfully.

In his eyes, Ice Blue was nothing more than a small coral.

She could never escape from their grasp, much less evade the Sea God Palace's capture.

"Sea God Palace." Ice Blue's eyes erupted with intense anger upon hearing the name.

"Go, capture her. If she resists, knock her out," that Divine Crocodile instructed one of the Alligator Clan youths behind him.

"Yes." The young man immediately accepted the order.

And advanced toward Ice Blue.

Ice Blue was startled and quickly tried to resist.

But at that moment, a hand rested on her shoulder.

"Don't be afraid, I'm here!"

Ice Blue's body trembled suddenly.

She looked in shock at the young man who suddenly appeared behind her.

That familiar soul aura made her feel like crying out of joy.

"Master!"

Ice Blue exclaimed excitedly.

Xu Nian smiled at her.

This smile made Ice Blue instantly ecstatic.

However, the expressions of the few Alligator Clan men in the distance changed, scrutinizing Xu Nian.

They couldn't sense any aura from Xu Nian.

This made them feel strange.

"Kid, I advise you not to meddle. This girl is wanted by our Sea God Palace Master. Offend our Sea God Palace, and you will meet a terrible death," the Alligator Clan youth said with a cold snort.

Knowing nothing about Xu Nian's depth, he directly invoked the Sea God Palace.

Xu Nian cast a cold glance at the Alligator Clan youth.

"Annoying!"

With that, a golden light shot out from Xu Nian's eyes.

The late-stage Demon King level Alligator Clan youth was instantly pierced through his abdomen, his soul extinguished.

"Huh?"

The few Alligator Clan men were instantly stunned by the sight.

Killed a late-stage Demon King with just a gaze?

Ice Blue was also surprised.

Although she guessed Xu Nian was strong, she hadn't expected him to be this powerful.

"Ice Blue, should they be killed?" Xu Nian asked the remaining Alligator Clan strongmen.

"Yes, kill them, they are bad people," Ice Blue said angrily.

"Alright!" Xu Nian immediately nodded.

In the next instant, with a wave of his hand.

A golden light flickered momentarily.

"No!"

Before the few Alligator Clan youths could escape, they were all turned to dust under Xu Nian's golden light blast.

In his current state, killing a Demon King.

To him, killing a Demon Sovereign was just a matter of raising a hand.

"Master, you are so powerful. Have you already reached the Demon Sovereign Real?" Ice Blue exclaimed in shock.

"Demon Sovereign? Kind of," Xu Nian said with a smile.

He had now reached the Quasi-Devil Emperor Realm.

He likely wouldn't take long to break through to the Demon Emperor Realm.

"Master, you're amazing," Ice Blue said.

Xu Nian just chuckled.

"Let's go." With that, Xu Nian led Ice Blue toward the Divine Ship.

"Master, there's a wall..." Ice Blue hadn't finished speaking when Xu Nian led her onto the Divine Ship.

Seeing the giant ship before her, she was completely perplexed.

Such a giant ship was in front of her, yet she couldn't see it?

No wonder she'd bumped her head off earlier.

Turns out, it was because she hit this giant ship.

"Xu Nian, who is this?"

At this moment, Luo Shang walked out. Seeing Ice Blue, she showed a hint of surprise.

"She's a servant I took in the Cultivation World," Xu Nian said with a smile.

"Servant?" Luo Shang nodded.

Eyeing Ice Blue.

Ice Blue also looked at Luo Shang.

"Are you from the Phoenix Clan?" Ice Blue suddenly asked in surprise.

"Yes, I am from the Phoenix Clan, my name is Luo Shang," Luo Shang answered truthfully.

If it were someone else's servant, she wouldn't bother to pay attention.

But Xu Nian's was different.

"Luo Shang, are you the Demon God Palace's number one Heavenly Pride Girl Luo Shang?" Ice Blue exclaimed in shock.

"Yes, it's me!" Luo Shang nodded.

Ice Blue was utterly amazed upon hearing this.

Having lived in the Demon Realm for so long, she naturally knew about the Phoenix Clan's nobility.

But now, her master was actually on the same ship as the Phoenix Clan's number one Heavenly Pride Girl?

Moreover, Luo Shang seemed to respect her master deeply.

Seeing Ice Blue's shocked expression, Xu Nian couldn't help but laugh.

"Ice Blue, why were you being chased?" Xu Nian changed the topic and asked.

Upon hearing Xu Nian's question, Ice Blue's eyes instantly turned angry.

"Master, you must save Master Luo Blood," Ice Blue said hastily.

"What happened to Luo Blood?" Xu Nian was shocked, his expression turning serious.

Chapter 1717: Luo Blood at Death's Door

Luo Blood is the daughter of the Beast God that Xu Nian rescued on Tianhan Star back then.

Her true form is a Blood Phoenix.

So she should also be considered a member of the Phoenix Clan.

Previously, Xu Nian had asked Luo Shang if there was a woman named Luo Blood in the clan.

But the answer was no.

Clearly, Luo Blood has not returned to the Phoenix Clan.

"Mistress Luo Blood is not going to make it, Master, you must save her," Ice Blue said urgently.

"What's going on exactly?" Xu Nian was stunned upon hearing this.

Luo Blood is not going to make it?

Based on his understanding, Luo Blood's talent and bloodline in the Phoenix Clan are definitely not low.

How could she suddenly be unable to make it?

"It's like this, after Mistress Luo Blood and I ascended to the Demon Realm, we stayed on Liuli Island for cultivation. But not long ago, Mistress Luo Blood and I found an ancient relic. Mistress Luo Blood obtained a Godhood, and I got several Divine Pills," Ice Blue said.

"Godhood?" Luo Shang, Song Mo, and others expressed surprise upon hearing this.

For ordinary people, this certainly counts as a great opportunity.

"What happened afterward?" Xu Nian ignored these facts, as he no longer found Godhood surprising.

"Later, Mistress Luo Blood refined the Fire Attribute Godhood. But just recently, when we were out, we encountered the wife of the Liuli Island master. The master wife's true form is a Green-eyed Nine-tailed Fox, who saw through the mistress' possession of Godhood."

"That night, we were attacked by Liuli Island's experts; Mistress Luo Blood was wounded by the island master and had her Godhood forcefully extracted from her body. Now Mistress Luo Blood's soul is starting to collapse; she probably can't hold on much longer."

As Ice Blue spoke, tears began to flow.

A boundless killing intent surged in Xu Nian's eyes.

"Liuli Island, courting death!" Xu Nian was furious.

Having Godhood refined, being forcibly stripped from the soul, how painful.

Yet Luo Blood suffered such pain.

"Where is Luo Blood now?" Xu Nian asked urgently.

"I have placed Mistress Luo Blood in an extremely concealed place. I came out this time looking for medicine to heal the mistress' soul injuries, but upon leaving Liuli Island, I was hunted by Sea God Palace due to the Divine Pills," Ice Blue said.

"Liuli Island, Sea God Palace, all of you must die." A boundless killing intent erupted in Xu Nian's eyes.

Luo Shang and others were all startled.

They had never seen Xu Nian so angry.

"Let's go, take me to find Luo Blood." Xu Nian said urgently.

"Okay, Master, I'll immediately transmit the location information to you." Ice Blue shared the memory of Luo Blood's location with Xu Nian.

Soon, Xu Nian knew in his mind where Luo Blood was.

And the location was not far from where he currently was, only over three hundred miles away.

"Luo Shang, I'll handle my matters first; no need to wait for me regarding the Ancient Divine Prohibition."

After saying this, Xu Nian directly teleported away with Ice Blue.

"Xu..." Luo Shang was about to say something.

However, Xu Nian had already left.

"Miss, what should we do?" Su Qing asked Luo Shang.

"Activate the Divine Ship and head directly to Liuli Island to wait for Xu Nian there," Luo Shang said.

"But the Ancient Divine Prohibition will soon open here." Su Qing hesitated.

Finding the Ancient True Blood of Phoenix Clan is extremely important for the Phoenix Clan.

Leaving now might mean missing the Ancient Divine Prohibition.

"Listen to me, go to Liuli Island." Luo Shang hesitated not a bit and gave the order directly.

"Alright!" Su Qing responded and immediately activated the Divine Ship to shuttle through space toward Liuli Island.

...

Meanwhile, Xu Nian arrived with Ice Blue at a very remote valley.

Upon arrival at the valley, Xu Nian heard sounds of fighting.

"Not good!" Xu Nian realized trouble right away and rushed toward the valley.

At that moment within the valley, a red-clad figure stood holding a Divine Sword.

Around her, over a dozen members of the Shark Clan were attacking the red-clad woman.

The red-clad woman was extremely pale, with blood at the corners of her mouth, constantly fending off the attacks of the dozen henchmen.

These dozen-odd Shark Clan members were only Golden Immortal Level; in the past, the early-stage Demon Sovereign level Luo Blood could easily beat them.

But now, her soul was severely injured.

She couldn't muster strength, not even enough focus to fight.

If it prolonged, she felt like her head would split.

"Pfft!"

Luo Blood spat out another mouthful of blood.

Her vision blurred, showing signs of blindness.

At most, she could hold on for another 15 minutes.

"Haha, this one is almost done, when her soul collapses, we'll feast on her flesh. Phoenix flesh must contain tremendous energy," laughed the Demon King-level Shark Clan leader.

The other dozen Shark Clan members scoffed, eyeing Luo Blood with greed.

Phoenix flesh, such supreme flesh.

"Attack!"

The Demon King-level Shark Clan leader commanded.

The dozen Shark Clan members lunged toward Luo Blood.

Luo Blood supported her body with the Divine Sword, powerless to fight.

Her soul's damage started to rob her of control over her body.

"Am I going to die? Husband, I still couldn't see you again," Luo Blood self-mused.

Next moment, she prepared to shatter her own soul and immolate her body.

Even in death, she'd never let these lowly ants devour her.

"Courting death!"

At this moment, a roar echoed.

Next, countless golden shards pierced through the dozen Shark Clan members.

The dozen Shark Clan members dropped dead instantly.

The scattered golden shards quickly coalesced into a figure.

That figure held the falling Luo Blood in its embrace.

"Hus... Husband? Is it an illusion?"

Luo Blood gaped in surprise, then mocked herself seeing suddenly emerged Xu Nian before her.

She never expected an illusion before death.

"It's not an illusion, it's me, your husband is here."

Xu Nian held Luo Blood's hand tight, eyes full of anguish.

Luo Blood's soul now flickered like a candle in the wind, about to extinguish.

Had he come even a bit later, Luo Blood would have died.

"It's really you, husband? Thank goodness, Heaven was kind, letting me see you before dying, I have no regrets now," Luo Blood said weakly, then fainted.

"No, you won't die, as long as I'm here, you won't die," Xu Nian roared.

His eyes reddened instantly.

"Yes, Realm Heart Lake Water." Xu Nian suddenly remembered something.

He urgently poured Realm Heart Lake Water into Luo Blood's mouth.

"I beg you, have an effect, have an effect..." Xu Nian murmured continuously.

"Buzz!"

As the medicinal power spread from the Realm Heart Lake Water, the countless cracks in Luo Blood's soul origin began to show signs of healing.

Witnessing this, Xu Nian was overjoyed.

Ice Blue beside him also cried tears of joy.

Chapter 1718: Child of Destiny

As time passed.

Luo Blood's soul gradually began to restore.

The soul origin finally became stable.

However, her soul power remained extremely weak.

"Husband, am I not dead?" Luo Blood slowly opened her eyes and asked Xu Nian in surprise, looking at him.

"You're not dead. With me here, I won't let you die." Xu Nian said firmly.

Upon hearing this, Luo Blood immediately embraced Xu Nian.

Since ascending, she felt a sense of security for the first time.

"Luo Blood Mistress, are you alright now? That's great." Ice Blue said excitedly.

Seeing Luo Blood's spirit recover, Ice Blue also breathed a sigh of relief.

"Husband, I thought I would never see you again." Luo Blood said.

Her eyes held a trace of joy.

She never thought she would see Xu Nian in the last moments of her life.

"This kind of thing won't happen again. Your soul isn't stable yet and needs rest. Also, you need to reclaim the divine status you refined; otherwise, your soul cannot fully recover." Xu Nian stroked Luo Blood's head.

After speaking, Xu Nian was about to get up.

"Husband, don't. The Glazed Island Master is very strong, already at the mid-stage Demon Emperor level." Luo Blood quickly said.

"Hmph, just a mere mid-stage Demon Emperor dares to seize my wife's divine status? He probably doesn't even know how to write the word 'death'." Xu Nian snorted coldly.

His words were filled with endless arrogance.

Luo Blood was stunned.

Just a mere mid-stage Demon Emperor?

Is her husband really that powerful?

Ice Blue was also shocked.

"Let's go, I'll take you to reclaim the divine status." Xu Nian directly held Luo Blood, using his other hand to grab Ice Blue.

Then, they instantly teleported away.

In the next moment, they appeared directly above Glazed Island.

"Instant teleportation?"

Luo Blood showed a look of astonishment.

Because instant teleportation is something only Demon Emperor level experts can do.

Moreover, Xu Nian teleported with two people simultaneously?

"Xu Nian, do you need help?"

As soon as Xu Nian appeared, Song Mo and Luo Shang came over.

"No, I want to resolve my wife's vengeance personally." Xu Nian said seriously.

"Alright, if you need anything, don't hesitate to ask me. Our Phoenix Clan will fully support you." Luo Shang said seriously.

"Yes, Young Master." Su Qing said as well.

"Not for now. Luo Shang, help me take care of my wife; she's also from the Phoenix Clan, and her true form is a Blood Phoenix." Xu Nian said.

"Blood Phoenix?" Luo Shang was somewhat surprised.

She couldn't help but scrutinize Luo Blood.

To know a Blood Phoenix, in their Phoenix Clan, hadn't appeared for hundreds of thousands of years.

In some sense, the bloodline of a Blood Phoenix is slightly superior to her Flame Phoenix.

Because the Blood Phoenix is a mutated bloodline, and one that mutates positively.

"Is your great-grandfather named Luo He?" Luo Shang asked.

"Yes!" Luo Blood said in surprise.

"Luo He is the younger brother of my great-grandfather, so you should be considered my sister in some sense." Luo Shang said.

Luo Blood was also a bit surprised.

She didn't expect to have a sister.

Xu Nian was also surprised.

He didn't expect Luo Blood and Luo Shang to be related by blood.

Though this relationship might be very distant.

"Back in the day, great-grandfather and Luo He left to battle, Luo He was heavily injured and fell into the space rift; great-grandfather thought he died but turns out went to Mortal World." Luo Shang said emotionally.

Su Qing and others nearby were also a bit surprised.

They didn't expect that their Phoenix Clan actually had a direct bloodline descendant.

"Xu Nian, go ahead, leave Luo Blood sister to me." Luo Shang said earnestly.

"Alright!" Xu Nian instantly felt reassured upon hearing this.

After speaking, he turned and rushed towards Glazed Island below.

"Husband, be careful." Luo Blood immediately said.

Xu Nian nodded and then sped swiftly toward Glazed Island.

"Don't worry, although Xu Nian is only at the Quasi-Devil Emperor level in cultivation, his strength is comparable to mid-stage Demon Emperor; this Glazed Island probably won't be able to stop him." Luo Shang said.

Luo Blood nodded but her eyes were still full of worry.

She kept her eyes fixed on Glazed Island below.

Luo Shang curiously asked, "Do you know Xu Nian's past? Did he ascend from Mortal World too?"

"Yes, my husband and I both came from the Mortal World." Luo Blood said.

"How long have you been ascended?" Luo Shang asked curiously.

"About two hundred years." Luo Blood said.

"What? Two hundred years?" Luo Shang was instantly shocked.

Song Mo and Su Qing were also startled.

Two hundred years to cultivate to Demon Venerable Demon Emperor realm?

Does this mean that Xu Nian's cultivation time was also so short?

One could hardly believe it, especially since Luo Blood cultivated so quickly too.

"Can I measure your bloodline purity?" Luo Shang asked.

"Okay!" Luo Blood nodded.

After speaking, she dripped her blood on the Bloodline Stone.

In the next moment, nine stars gradually lit up on the Bloodline Stone.

"Nine stars? Nine percent purity? Same as Xu Nian? How is this possible?" Luo Shang was shocked.

Su Qing and Song Mo were also taken aback.

How could a demon clan member from Mortal World possess such pure bloodline?

Yet their Immortal Realm demon clans have much lower blood purity?

Luo Blood wasn't at all surprised.

Originally, her bloodline purity wasn't high, not even reaching five.

But one time, she got a drop of Divine Phoenix Blood.

Since then, her cultivation speed soared.

Moreover, she discovered that after ascending to Demon Realm, she continued to have fortuitous encounters.

For this reason alone, she couldn't have improved so much based solely on bloodline.

And all this started after meeting Xu Nian.

It seems after knowing Xu Nian, her luck also improved a lot.

Sometimes she even suspected that it was due to sharing Xu Nian's fortune.

"Xu Nian has a great fortune; anyone close to him will be affected by this fortune." Luo Blood said.

"Yes, I feel the same way." Ice Blue nodded.

Upon hearing this, Luo Shang and others were all shocked.

Great fortune?

Can it even affect those around?

Is there truly such a destiny-bound person?

...

While Luo Blood and Luo Shang were chatting.

Inside a massive palace on Glazed Island, at this moment, there was also a scene of singing and dancing.

At the main seat of the hall, there sat a middle-aged looking man.

The man exuded majesty and power, while his right-hand side sat an extremely seductive woman.

Apart from this couple, there was also a wildly handsome man sitting below.

In the hall, many beautiful demon clan women were dancing.

"Haha, congratulations to the Island Master's wife on obtaining the divine status. Soon enough, the Island Master's wife will ascend to the Divine World, right?" The man below laughed heartily.

"Palace Master jests. Refining divine status wouldn't come so easily. Without a thousand years, how could one refine it?" the seductive woman replied with a smile.

"Haha, a thousand years is just a blink of an eye. I'll preemptively congratulate the Island Master's wife." the wild man laughed.

Yes, he was indeed the Sea God Palace Master.

The couple on stage was the Glazed Island Master and Island Master's wife.

Chapter 1719: Sword Severing Glazed Island

"My lady has natural green eyes with divine sight, and with a glance, she recognized that woman possessing a Godhood. Just a Demon Venerable dreaming of refining a Godhood is utterly ridiculous."

The Glazed Island Master sneered dismissively.

"Indeed, overestimating oneself—an Independent Demon actually daring to covet a Godhood, it's a joke. Such Godhood should rightly belong to the noble Island Master's lady," the Sea God Palace Master laughed.

The seductive woman immediately sported a radiant smile.

With this Godhood, she could become a deity.

Even if not a deity, she would undoubtedly be an almost invincible presence in the Demon Realm.

As for men?

Heh?

When I become a deity, why would I care about a mere Mid-stage Demon Emperor?

"My lady comes from a noble bloodline, naturally deserving of a Godhood. Once my lady refines this Godhood, she can acquire another Godhood for me, so my lady and I can ascend to the Divine World together," the Glazed Island Master laughed.

"Of course, husband, once I achieve Demon Emperor Perfection, I will definitely get you an Earth Attribute Godhood," replied his wife.

"Haha, then I'll await my lady reaching Demon Emperor Perfection soon," the Island Master laughed heartily.

"Haha, the Island Master having such an affectionate wife truly makes one envious," the Sea God Palace Master laughed.

The Island Master gazed lovingly at his wife beside him.

The seductive woman although wearing a smile, inwardly scoffed coldly: "Help you find an Earth Attribute Godhood? Dream on. The first person I'll kill before ascending will be you; you're slightly useful now, or you'd be dead already."

The Glazed Island Master remained oblivious to his wife's thoughts.

He was still naive enough to believe his wife loved him, fantasizing about ascending to the Divine World together.

"Hmm?"

Suddenly, the Island Master's expression changed.

He quickly surged his internal Mixed Element Demon Power to form a defense.

"Boom!"

A sword radiance instantly tore through the entire hall, directly striking at the Glazed Island Master sitting on the main throne.

The sharp sword radiance, carrying terrifying sword intent, ripped through the entire palace, even cleaving the entire Glazed Island in half.

"Boom!"

Mixed Element Demon Power exploded.

The Island Master and the seductive woman were directly blasted thousands of meters away.

The Sea God Palace Master also instantly teleported to evade the sword when the sword qi burst forth.

Witnessing the terrifying sword, he revealed a face full of awe.

"Such a domineering sword, truly worthy of Brother Xu Nian."

In the sky, Song Mo and others watched the terrifying sword, each showing amazement.

The power of this sword had reached a fearsome level.

Even Su Qing and others were astounded.

A Quasi-Devil Emperor actually wielding such a sword.

"So strong!" Luo Blood was astonished.

Xu Nian's immense power shocked her.

Is this the man I fancy?

And this sword was wielded for her.

Luo Blood felt deeply moved at this moment.

To have a man draw a sword for her, why fear death?

Looking at the handsome man standing in mid-air, holding the Divine Sword, Luo Blood felt meeting him was the greatest fortune of her life.

Luo Shang was also astonished.

She, who never understood romantic feelings, seemed to comprehend a bit at this moment.

A man drawing his sword in anger for her; few women could resist such charm.

"Who are you, why destroy my Glazed Island?" The Island Master stood up at this moment, eyes fixed on Xu Nian.

Although the sword was extremely powerful, he defended in time, leaving him unharmed.

Seeing the man in the sky merely a Quasi-Devil Emperor Level, his eyes were surprised but slightly relieved.

"Husband, don't be careless. This person, although a Quasi-Devil Emperor Level in cultivation, has already achieved Late-stage Demon Emperor in the soul realm. Moreover, he is actually a Nine-Headed Snake Emperor," the seductive woman's eyes shimmered green, warning her husband.

For some reason, she sensed a dangerous aura from this young man.

Such danger was never felt before.

Her cultivation surpassed her husband's, having reached Late-stage Demon Emperor Level.

However, she's skilled in disguise, always showing Peak Demon Sovereign Level to outsiders.

Even her man beside her remained unaware.

"Nine-Headed Snake Emperor? Could it be a descendant of the ancient supreme fierce beast, Nine Infant?" The Island Master's eyes flashed with surprise.

His true form is also from the Snake Clan, a descendant of the ancient Hooked Snake.

Knowing Nine Infant is the strongest bloodline among the Snake Clan.

Although the current Nine-Headed Snake Emperor isn't as strong as Nine Infant, it's still incredibly terrifying.

"Didn't expect there to be a Nine-Headed Snake Emperor in the Demon Realm." The Island Master's eyes gleamed with greed.

If he could devour the Nine-Headed Snake Emperor's bloodline, he might evolve into an ancient Hooked Snake.

"Nine-Headed Snake Emperor?" The Sea God Palace Master was surprised too.

However, more curious about why this Quasi-Devil Emperor sought trouble with Glazed Island.

The recent sword had alarmed the residents of Glazed Island.

Now many residents were curiously looking at Xu Nian in the sky.

They were all amazed, who dared strike Glazed Palace?

Xu Nian stood wielding a sword in mid-air, his gaze fell on the seductive woman.

From her, he sensed a familiar aura.

This aura is more familiar to him than anyone—it's Godhood.

After all, he once handled five Godhoods.

Evidently, this seductive woman has begun refining Godhood.

Thinking of this, Xu Nian's eyes burst with strong killing intent.

"You took what you shouldn't have, harmed my lady, what kind of person do you think I am?" Xu Nian's gaze was ice cold with killing intent.

"Your lady? So you are that Phoenix Clan woman's man." The Island Master sneered instantly.

He thought this person had some background.

Didn't expect him to be just a man of an Independent Demon woman.

Since he's an Independent Demon's man, naturally no significant background.

The seductive woman's eyes also showed disdain.

Turns out, it's a foolish man standing up for his woman.

Her worries seemed unnecessary.

"Kid, yes, I took your lady's Godhood, your lady is probably turned to dust now? There are many women in this world, let me find you one better, prettier, and more alluring than your former lady! Of course, if you'd like, ten can be arranged," the seductive woman coyly suggested.

She belonged to the Fox Clan, having an abundance of beauties.

In her view, no man could resist their charm.

"Humph, do you think I would like your smelly foxes with reeking odor?" Xu Nian snorted coldly, his gaze icy.

"You..." The seductive woman was instantly furious.

This detestable man dared insult her as a stinking fox?

Xu Nian didn't bother further; his Divine Sword raised again, golden light gathering instantly.

"Slash!"

A single strike.

This sword carried immensely strong Cosmic Sword Intent, directly slashing at the seductive woman.

The seductive woman's face paled, retreating several steps.

"Courting death!"

The Island Master shouted, forming a long spear, thrusting it.

The Water Snake coiled, directly confronting Xu Nian's sword.

Chapter 1720: Survival of the Fittest

"Boom!"

The Water Snake and the Sword Radiance clashed.

The Water Snake instantly shattered.

Yet the terrifying golden Sword Radiance did not break and continued to shoot violently towards the Glazed Island Master.

"What?" The Glazed Island Master looked surprised.

Unexpectedly, his Water Attribute Law couldn't block this golden Sword Radiance?

"What a terrifying Sword Intent." The Glazed Island Master dared not be careless.

Immediately, he wielded the sharp halberd in his hand to stab at the golden Sword Radiance.

"Boom!"

The two forces collided, lasting for a full three breaths.

Bang!

The Glazed Island Master was directly forced back three steps.

His entire arm tingled violently.

"How is it possible, how can a Quasi-Demon Emperor unleash such a strong attack?" The Glazed Island Master was astonished.

"Hmph, it was you who hurt my wife, then the first to die will be you." Xu Nian snorted coldly.

With a step forward, his momentum immediately bore down.

Then Xu Nian appeared directly in front of the Glazed Island Master.

"Buzz!"

In his hand, the Top-Grade Divine Sword descended, the Invincible Vajra Principle unleashed, slicing directly at the Glazed Island Master with unparalleled sharpness.

This strike was a sword from the fusion of the "Under Heaven" Thirty-Six Sword Skills.

The Sword Intent carried by this strike had an aura of killing gods and Buddhas alike.

The gods of the world could all be beheaded by this sword.

"What terrifying Sword Qi."

The Glazed Island Master was shocked, hurriedly wielding the long halberd to block.

"Pfft!"

Xu Nian's sword came down, directly slicing through the long halberd.

The Glazed Island Master's arm was also severed, falling to the ground.

"Ah!"

The Glazed Island Master let out a scream.

Desperately wanting to retreat quickly.

He really couldn't understand how the strength of a Quasi-Demon Emperor could be so strong?

Clearly, his Power of Laws was only at the Sixth Level Law Order Realm, but the power was even stronger than that of his own Law Great Success First Level Realm.

"Dream on if you want to escape!"

Xu Nian snorted coldly, stepping forward again.

His figure suddenly shot out, closely pursuing the Glazed Island Master.

The Glazed Island Master's face turned vicious in an instant, his heart filled with rage.

"Hmph, do you really think I'm a pushover? Since that's the case, then I'll show you that I, Ye Liuli, am not to be trifled with." The Glazed Island Master roared angrily.

In the next moment, a Law Disc appeared directly behind him.

Then his entire being transformed into a snake form, turning into a giant Hooked Snake.

With jaws wide open, he lunged at Xu Nian to bite him.

Inside the giant mouth erupted a terrifying suction force.

It seemed to want to completely swallow Xu Nian.

"Hmph!"

Xu Nian snorted coldly.

His form instantly shattered into golden fragments.

Rushing directly into the mouth of the Glazed Island Master.

In the next moment, a golden stream of light pierced through his body.

"Pfft!"

Blood splattered.

The massive form of the Glazed Island Master fell heavily to the ground.

Xu Nian's figure coalesced, grabbing the Glazed Island Master's tail.

Then everyone saw the Glazed Island Master's massive body being slammed onto the ground by Xu Nian.

"Boom!"

The ground cracked open.

The Glazed Island Master was also smashed senseless.

The people of the Glazed Island were dumbfounded seeing this scene.

What on earth was this person's background to beat the Glazed Island Master so badly?

The Seductive Woman furrowed her brows to the extreme at this moment.

She never expected this young man to be so formidable.

The Sea God Palace Master was equally surprised.

This young man is not simple at all.

"I will fight you to the death." The Glazed Island Master roared angrily.

Roaring, he attempted to rise again to fight Xu Nian to the end.

"You don't have the qualification." Xu Nian's eyes were cold.

The Divine Sword in his hand instantly enlarged, and in the next moment, it rapidly grew to a hundred meters long.

"Pfft!"

Xu Nian thrust the Divine Sword.

Directly pinning at the Glazed Island Master's vital point, penetrating its body, nailing it firmly to the ground.

The Glazed Island Master struggled desperately, trying to break free from the bonds of the Divine Sword.

However, no matter how it struggled, it couldn't break free.

Its massive body writhed wildly on the ground, but the terrifying Divine Sword did not move an inch.

The surrounding crowd was incredibly shocked.

How did this guy do it?

A Divine Artifact autonomously changing size is quite normal; even Immortal Artifacts can do that.

But to have a Divine Artifact suppress a Demon Emperor-level powerhouse, unable to move, is absolutely unbelievable.

"It's a Divine Talisman."

At this moment, someone suddenly exclaimed.

The crowd saw a golden Divine Talisman on the blade of the Divine Sword.

This Divine Talisman radiated golden light, anchoring like the Sea-Fixing Needle, immobilizing the Glazed Island Master.

"What kind of Divine Talisman is this? Such a powerful feeling." The people of Liuli Island were all amazed.

The Sea God Palace Master was also surprised.

A Divine Talisman that can suppress a Mid-stage Demon Emperor is definitely extraordinary.

"Brother Xu Nian is amazing, what kind of Divine Talisman is this?" Song Mo couldn't help but express his amazement.

Looking at the Mid-stage Demon Emperor-level powerhouse that Xu Nian had firmly pinned to the ground, Song Mo found it incredible.

A Quasi-Demon Emperor able to slay a Mid-stage Demon Emperor is already extremely shocking.

But Xu Nian not only achieved that but could also suppress it directly?

This was simply a crushing display of power.

Without an absolute strength gap, it would be impossible to achieve this.

"Is it the God-Suppressing Talisman?" Luo Shang exclaimed in shock.

She had once read about talismanic books.

What Xu Nian had used was recorded in the book as one of the top ten most powerful Divine Talismans among the Low Grade Divine Talismans, the God-Suppressing Talisman.

It's said that this Talisman can suppress even a lower-ranked god, how could it not suppress a mere Mid-stage Demon Emperor?

"God-Suppressing Talisman?" Luo Blood and the others were equally surprised.

They hadn't expected Xu Nian to be powerful to such an extent.

Xu Nian walked in mid-air, looking at the struggling Ye Liuli, his eyes still filled with intense Killing Intent.

"My wife didn't provoke you, but you injured her severely and forcibly extracted the Godhood from her soul, do you know how painful that is?" Xu Nian snorted coldly.

"The weak are prey to the strong; your wife is weak, so she does not deserve to have Godhood." Ye Liuli roared.

Looking at Xu Nian, there was not a hint of remorse in his eyes.

"The weak are prey to the strong, is it? Then I'll show you what it truly means." Xu Nian snorted coldly.

In the next moment, Xu Nian activated his Soul Power.

The terrifying Soul Power instantly invaded Ye Liuli's Demon Embryo.

In the next moment, Ye Liuli's soul origin was enveloped by Xu Nian's Soul Power.

"Ah!"

Xu Nian's Soul Power transformed into a giant hand, gripping Ye Liuli's soul origin tightly.

Ye Liuli let out an exceedingly painful scream.

At this moment, he felt as if his soul would be crushed.

This pain was a hundred times worse than the physical pain.

The surrounding crowd was dumbfounded.

Watching the frantically struggling massive body of Ye Liuli, everyone felt a chilling fear.

At this moment, Xu Nian hovered in the air like a Killing God.

The Seductive Woman's face was equally grave to the extreme.

She hadn't expected this young man to be so powerful.
