Chapter 1721: Beating Up the Nine-Tailed Fox

"Ah!"

Ye Liuli let out a scream of extreme pain.

At this moment, he felt as if his soul origin was about to explode.

The pain of the soul being crushed made him feel as if life was not worth living.

"Kill me." Ye Liuli roared.

At this moment, he truly wanted to die.

This painful feeling was just too excruciating.

Yet Xu Nian had no intention of stopping.

Thinking about the pain Luo Blood once suffered made Xu Nian's heart wrench with pain.

The killing intent in his heart grew even stronger.

"Hmph, this is just the beginning. I'm going to make you fully understand the pain of a soul being torn apart," Xu Nian snorted coldly.

He instantly activated the Divine Fire to burn Luo Blood's soul origin.

"Ah!"

The terrifying Divine Fire burned Ye Liuli's soul, causing him to let out a heart-wrenching scream.

Everyone around felt a chill down their spines.

What kind of pain could it be to make a Mid-stage Demon Emperor expert scream like this?

In the distance, the Sea God Palace Master was also shocked to the core.

Although he didn't know the taste of a soul being burned, he could imagine how intense the pain must be.

The seductive woman's face was now extremely cold.

However, she wasn't worried about her husband but considering how to deal with the young man in front of her.

She knew this young man in front of her definitely wouldn't let her go.

"Please, kill me, ah..." Ye Liuli was truly scared.

This painful feeling was simply making him want to die immediately to find release.

"It's not that easy to die." Xu Nian still had no intention of stopping.

To harm Luo Blood so severely and then expect to die and be done with it?

How could that be?

"You're a demon, you won't die a good death, ah..." Ye Liuli roared crazily.

The intense pain made him harbor overwhelming hatred for Xu Nian.

"Hmph, this is what you call survival of the fittest, where the strong do as they please with the weak," Xu Nian said coldly.

That cold voice made everyone on Liuli Island feel as if they were falling into an Endless Abyss.

Xu Nian's gaze fell on the seductive woman.

There was no way he could let the mastermind go.

His soul power kept her locked in, not giving her any chance to escape.

"Shed your disguise, clearly a Late-stage Demon Emperor, yet you pretended to be in the Demon Sovereign Realm. It seems you didn't really care about your husband," Xu Nian said with a cold smile.

He looked at the Nine-tailed Fox Girl with a hint of disgust in his eyes.

He hated people who used deceit the most in his life.

It was obvious that this Nine-tailed Fox was using Ye Liuli.

"I didn't expect you to see through my disguise. It seems you really are strong," the seductive woman also cooled down.

She looked at Xu Nian with a hint of appreciation.

Few in the Demon Realm could see through her disguise.

This Quasi-Devil Emperor before her could do so, showing he was not simple.

After speaking, the seductive woman took a step forward, unlocking the restrictions on her body.

A terrifying aura instantly spread out.

Late-stage Demon Emperor?

Everyone on Liuli Island was utterly shocked.

Even the Sea God Palace Master was incredibly surprised.

Of course, the most shocked was Ye Liuli.

He didn't expect that the woman he shared his life with was so strong and even deceived him?

At this moment, Ye Liuli's own heart was more painful than his soul being burned.

"Late-stage Demon Emperor? Then isn't the master in great danger?" Ice Blue said nervously in the sky.

Luo Blood also frowned deeply, feeling extremely tense.

Even Luo Shang said nothing.

She knew that a Mid-stage Demon Emperor expert couldn't harm Xu Nian, but a Late-stage Demon Emperor?

That was hard to say.

Xu Nian might not be able to withstand the attack of a Late-stage Demon Emperor expert.

However, Xu Nian was indifferent, looking at the green-eyed Nine-tailed Fox in front of him, coldly saying, "What is not yours will never be yours. You don't deserve this Godhood."

"Haha, if I don't deserve it, does that damned phoenix deserve it? Kid, truth be told, I quite admire you. Since she is already dead, how about you become my husband? If we join forces, when I become a Demon Emperor Perfection expert, I promise I can find you a Godhood and help you become a god?"

The seductive woman laughed.

Ye Liuli was stunned at these words.

Because the seductive woman had said this to him before as well.

However, at this moment, he was too weak to speak, and the pain of the soul burning had left his soul extremely frail.

Xu Nian snorted at those words.

Did he need others to help him find a Godhood?

If he wanted to refine Divine Status, he might have already ascended to the Divine World.

As for becoming the husband of this Nine-tailed Fox...

"You're not worthy. You don't even deserve to carry my shoes," Xu Nian said.

The scornful look in his eyes was undisguised.

The Nine-tailed Fox instantly became furious.

"How am I inferior to that Independent Demon Phoenix? In terms of looks, figure, cultivation—am I inferior to her? Nine-tailed Foxes are inherently seductive; numerous demon clans desire my body, and you think I'm not worthy?"

The seductive woman directly removed her shawl, revealing her snowy shoulders.

Walking toward Xu Nian.

As she moved, her slim waist twisted into an enticing curve.

An extremely powerful aura of allure also emanated from her.

The next moment, all the men on Liuli Island became entranced.

Even the Sea God Palace Master showed a greedy expression.

"Damn it, this Nine-tailed Fox is actually using enchantment! So shameless," Ice Blue couldn't help but curse.

"Indeed shameless, but truly beautiful," Song Mo and the others also showed infatuated expressions.

Luo Blood and Luo Shang both frowned.

They looked at Xu Nian.

But found Xu Nian's expression remained as cold as frost.

"How is it possible that you're not affected by my allure?" The seductive woman approached Xu Nian, seemingly trying to captivate him.

However, she discovered Xu Nian's eyes were incomparably clear.

"Hmph!" Xu Nian snorted coldly.

Looking at the extremely seductive Nine-tailed Fox woman in front of him.

He threw a punch, invincible like diamonds.

The power was earth-shattering.

The seductive woman was immediately taken aback and hurriedly activated the Mixed Element Demon Power within her to resist.

"Boom!"

An earth-shattering sound.

The seductive woman was instantly blasted away.

"Puff!"

The seductive woman retreated nearly a hundred zhang, spewing a mouthful of blood.

The astonishment on her face was incomparable.

What powerful strength.

How could a Quasi-Devil Emperor possess such formidable power?

Xu Nian sneered: "In my eyes, you're nothing but an ugly, stinking fox. How could a stinking fox's allure possibly captivate me?"

As soon as these words were out, the seductive woman instantly became furious.

Her entire face turned ferocious.

"Roar!"

The woman let out a roar, and nine crimson tails surged from behind her.

The crimson tails churned with terrifying red flames.

"I want you dead!"

The woman immediately stomped down, and the entire island exploded instantly.

Her figure also shot out explosively.

The exceedingly sharp claws in her hand carried an extremely terrifying wave of flames directly toward Xu Nian's chest.

As if intending to tear Xu Nian's chest apart.

"What a strong aura."

Everyone around was astonished.

Nobody expected this Nine-tailed Fox to possess such terrifying combat power.

For a moment, everyone felt that Xu Nian might not be able to withstand this move.

Even Luo Shang, Luo Blood, and the others in the sky furrowed their brows tightly.

Yet Xu Nian, seeing the viciously grabbing claw, showed a slight smirk.

One step.

His figure instantly burst forth.

Then his figure appeared behind the Nine-tailed Fox.

"What?"

The Nine-tailed Fox was shocked.

How could this guy's speed be so fast?

"Hmph!"

Xu Nian snorted coldly.

A step down, as if a thousand catty pressure.

Instantly stepping on the Nine-tailed Fox's waist.

Crushing mountains and rivers.

The mountains and rivers shattered.

Huge rocks flew!

Chapter 1722: Golden Divine Country

Everyone around was dumbfounded.

Especially those men who were bewitched by the Nine-tailed Fox were even more astonished.

Such a beauty, how could this guy be willing to step on her like this?

How heavy must that step have been?

Pfft!

The Nine-tailed Fox coughed up blood violently from her mouth.

She never thought that one day she would be so brutally stepped on her waist and fall from the sky.

"I want you dead!"

The Nine-tailed Fox was furious.

Her nine tails instantly struck towards Xu Nian.

These tails were as sharp as steel needles.

Easily capable of piercing through a Low Grade Divine Artifact.

Once these tails entangled someone, it would be very difficult to break free.

But how could Xu Nian be so easily entangled by these nine tails?

"Buzz!"

Xu Nian's figure turned into golden fragments.

Instantly began to swirl.

"Ah!"

These golden fragments swept directly over the Nine-tailed Fox's back like a hurricane.

The Nine-tailed Fox let out a tragically miserable scream.

Her originally fair back was now covered in blood, completely disfigured.

The Nine-tailed Fox turned into a stream of light and appeared in the distance.

Looking at the injuries on her back, her expression became increasingly ferocious.

The thing she cared about the most was her beauty.

Now her back had been disfigured by Xu Nian, how could it not make her furious?

"Buzz!"

Xu Nian's figure regrouped in the distance.

He looked at the furious Nine-tailed Fox with an icy gaze.

Everyone around was shocked beyond measure.

What exactly was his background?

To be able to crush a Late-stage Demon Emperor with Quasi-Devil Emperor Level?

"Xu Nian excels in physical strength, speed, and the clever use of the Gold Attribute Law," Luo Shang said.

Xu Nian's physical strength was simply too strong.

Far surpassing the average Late-stage Demon Emperor expert.

Especially when dealing with a Late-stage Demon Emperor like the Nine-tailed Fox who leaned towards agility, his physical strength held an absolute advantage.

As for speed, Xu Nian's speed was also extremely terrifying.

This point, Luo Shang could not understand either.

Why could Xu Nian's speed be so frightening?

Regarding this, probably only Xu Nian himself knew.

In fact, the reason he was fast wasn't because he was truly fast, but because he used the Golden Avatar to create an illusion.

Then used the Nihilism Space Law to fight.

From beginning to end, it was two Xu Nians fighting against her.

But outsiders only saw one.

Because the other always hid in the Nihilism Space.

Even the Nine-tailed Fox couldn't see through this.

Unless someone proficient in the Space Law was present, it was impossible to see that Xu Nian was using the Space Law in battle.

"I told you, you're not worthy of having a Godhood; today you will surely die," Xu Nian said coldly.

He looked at the Nine-tailed Fox with intense killing intent in his eyes.

"You're courting death!" the Nine-tailed Fox bellowed in rage.

In the next moment, she directly activated her Fire Attribute Principles.

A full three Law Discs appeared behind her.

And raging flames began to emerge from her body.

The nine tails were like nine fire serpents.

"You forced me, today I will show you the power of the Fire Attribute Sky Burning Sea Boiling Law," the Nine-tailed Fox shouted.

In the next moment, the flames on her body surged violently.

From the nine tails emerged nine enormous flaming dragons.

Each of these nine flaming dragons was thousands of feet long.

"Roar!"

The flaming dragons roared, obscuring the sky and sun.

They truly seemed on the verge of incinerating heaven and earth.

Soon, Xu Nian was surrounded by the nine flaming dragons.

The terrifying blazing flames seemed intent on utterly devouring Xu Nian.

"So terrifying, is this the strength of a Late-stage Demon Emperor expert? Incredible."

"Oh no, the flames are coming towards us, ah..."

The residents of Glazed Island screamed miserably.

Because those flaming dragons were churning, covering the entire Glazed Island.

Those residents of Glazed Island naturally couldn't escape the terrifying flames, and were all burned to ashes.

Yet the Nine-tailed Fox showed no intention of stopping.

She wanted destruction!

Destruction of Xu Nian!

Destruction of everything!

"This lunatic!"

Luo Shang clenched his fist, eyes filled with endless killing intent.

The Nine-tailed Fox slaughtering innocent people so cruelly was utterly heinous.

However, what truly concerned him was whether Xu Nian could withstand this attack.

If he couldn't, then she would definitely not sit idly by.

"Is this your trump card?"

However, from within the sea of fire, came a cold laugh from Xu Nian.

Xu Nian was enveloped in golden light.

Under the shroud of the golden light, these raging flames seemed unable to harm Xu Nian.

"How is this possible? My Flame Law has already reached the Law Great Success Third Level Realms, how can it not break your defense?" The Nine-tailed Fox's expression shifted to one of extreme disbelief.

Her flame degree couldn't break through a sixth-level Law Order of golden light?

Yet Xu Nian merely sneered.

The Invincible Vajra Principle alone couldn't withstand this flame's power.

At this moment, his body was also covered in golden snake scales.

It was because of these golden snake scales that Xu Nian could remain unscathed under this flame.

The Nine-Headed Snake Emperor's snake scales were in no way inferior to the dragon scales of a Mid-stage Demon Emperor level.

So how could mere flames truly harm him?

"I've never used this move before, today I'll use it to deal with you," Xu Nian said coldly.

After speaking, an immensely powerful golden light surged from Xu Nian's body.

Then all this golden light transformed into tiny golden fragments.

These golden fragments danced, directly forming a golden Divine Country above Xu Nian's head.

The emergence of this golden Divine Country scattered the terrifying sea of fire.

"Could this be..." Luo Shang's expression instantly turned shocked.

"It's the Nine-Headed Snake Emperor's Talent Divine Ability, the Golden Divine Country; unexpected that Xu Nian obtained such a heritage," Su Qing was also immensely surprised.

Their clan has records of the Nine-Headed Snake Emperor's heritage.

This Golden Divine Country was undoubtedly one of the most powerful Talent Divine Abilities of the Nine-Headed Snake Emperor's clan.

The pressure from this golden Divine Country made everyone present feel a strong sense of oppression.

The flickering golden light was so dazzling that one couldn't keep their eyes open.

The Nine-tailed Fox's expression also changed dramatically.

"Run!"

The Nine-tailed Fox immediately tried to flee, for she felt an extremely dangerous aura.

Yet Xu Nian chuckled lightly.

Escape?

How could she possibly escape?

"Go!"

With a loud shout from Xu Nian.

The next moment, the golden Divine Country flew out directly.

A strong force of suction came from the Divine Country.

This suction immediately bound the Nine-tailed Fox.

The Nine-tailed Fox struggled to escape, but found herself unable to break free from Xu Nian's Golden Divine Country.

This binding force was like the Golden Dao Origin.

The Nine-tailed Fox's power, in its presence, was insignificant.

The next moment, the Nine-tailed Fox was sucked into the Divine Country.

"Buzz!"

The Divine Country shrunk, flying directly into Xu Nian's palm.

"Let me go!" The Nine-tailed Fox struggled, Mixed Element Demon Power continuously clashing against the Golden Divine Country.

But it was to no avail.

At this moment, her life and death were at Xu Nian's whim.

Luo Shang and the others watched as Xu Nian bound the Nine-tailed Fox in his palm, instantly revealing expressions of extreme astonishment.

The Golden Divine Country was indeed terrifying.

Chapter 1723: Ancient Divine Prohibition

Golden Divine Country.

It is one of the strongest talent divine abilities among the Nine-Headed Snake Emperor clan.

This talent divine ability involves using the gold attribute element to construct a Golden Divine Country.

And within this divine country, Xu Nian is the master.

With Xu Nian's current power, the Golden Divine Country he constructs is not yet completely stable, but it is enough to fully suppress a late-stage Demon Emperor expert like the Nine-tailed Fox.

"I beg you, spare me. I am willing to do anything you ask, I am willing to be a servant or a maid," the Nine-tailed Fox pleaded with a face full of fear.

At this moment, she was truly terrified.

Her life or death lay in the thoughts of Xu Nian.

She did not want to die.

"A servant or maid? I told you, you are not worthy," Xu Nian snorted coldly.

The Nine-tailed Fox panicked.

"Swish, swish, swish!"

Just then, several figures flew over.

Luo Shang, Luo Blood, and others appeared beside Xu Nian.

"You... you didn't die?" The Nine-tailed Fox exclaimed in shock.

Unexpectedly, this person survived the stripping of their Godhood?

"Yes, I didn't die. Are you disappointed?" Luo Blood said coldly.

At this moment, the Nine-tailed Fox felt a sense of despair.

"I beg you, let me go. If you spare me, I swear I will do anything," the Nine-tailed Fox urgently pleaded.

Xu Nian remained unmoved.

In the next moment, Xu Nian used his formidable soul power to pierce the soul origin of the Nine-tailed Fox.

Then, bit by bit, he stripped her soul origin from the Godhood.

The pain from this stripping was indescribably horrific.

Yet Xu Nian had no intention of stopping.

"No, I beg you, don't," the Nine-tailed Fox screamed desperately.

However, Xu Nian paid no attention.

Soul power transformed into flying knives and instantly severed the connection between the Nine-tailed Fox's soul origin and the Godhood.

"No!"

The Nine-tailed Fox's soul origin was annihilated under Xu Nian's attack.

Leaving only one Godhood.

This was a Fire Attribute Godhood.

"Is this Godhood?" Song Mo and the others showed curious expressions.

Xu Nian handed the Godhood to Luo Blood.

"Husband, you should keep this Godhood," Luo Blood quickly said.

"No, I will not refine the Godhood. I want to walk the path of independent ascension to godhood," Xu Nian replied.

Independent ascension?

Luo Shang and others were surprised.

How difficult is independent ascension to godhood?

Especially for Luo Shang, who watched her mother die under the divine tribulation, independent ascension felt like a terrifying nightmare.

Luo Blood was also taken aback, surprised that Xu Nian chose the lonely path to godhood.

"Don't worry, if I wanted to refine the Godhood, I would have already ascended to the Divine World," Xu Nian said.

Luo Shang and others were incredibly shocked.

If he wanted to refine, he would have already ascended to the Divine World?

It seemed Xu Nian had encountered Godhood before.

He just didn't want to refine it.

Upon hearing this, Luo Blood no longer hesitated and reabsorbed the Godhood back into her body, reconnecting with it.

After merging with the Godhood, Luo Blood's soul also became much more stable.

Observing from afar, the Sea God Palace Master was extremely shocked.

Unexpectedly, the couple from Glazed Island were both killed.

And judging by the people around him, they seemed extraordinary.

The Sea God Palace Master immediately had thoughts of fleeing.

But before he could act, Xu Nian appeared before him.

"Sir, I am not from Glazed Island, we have no enmity," the Sea God Palace Master quickly said.

Yet Xu Nian's eyes flashed with cold light, and he swung his Divine Sword down.

The mid-stage Demon Emperor level Sea God Palace Master, along with his demon embryo, was split in half by Xu Nian.

Ice Blue felt extremely relieved watching this scene.

He had been chased by people sent by the Sea God Palace Master.

Now that Xu Nian had killed the Sea God Palace Master, it was a hard-earned relief.

Xu Nian's expression remained calm.

If it were not for Luo Blood escaping harm, he would have flattened Glazed Island and the Sea God Palace.

However, the current Glazed Island was nearly destroyed, with few surviving residents.

As for the Glazed Island Master, they had already perished in the flames of the Divine Fire.

"The Ancient Divine Forbidden Land is about to open, let's go," Luo Shang said.

Xu Nian nodded and looked at Luo Blood.

"Wherever my husband goes, I will follow," Luo Blood responded.

"Then let's head to the Ancient Divine Forbidden," Xu Nian nodded.

In the next moment, the group boarded the Divine Ship and headed to the Ancient Divine Forbidden.

The battle at Glazed Island soon spread.

Quasi-Demon Emperor kills late-stage Demon Emperor expert; such a spectacular achievement quickly became known.

"Buzz!"

When Xu Nian and his group arrived at the Ancient Divine Forbidden, it had already opened.

"Move!"

Luo Shang immediately put away the Divine Ship, and Xu Nian and others rushed towards the massive Stone Gate.

"Buzz!"

Xu Nian and others passed through a transparent barrier.

Then they felt their surroundings transform dramatically.

"Huh?"

Xu Nian's brows knitted as he looked at the prehistoric forest.

Because there was no one around him.

This meant that Luo Shang, Luo Blood, and others who passed through the barrier with him had not been transported to this location with him.

"This barrier has teleportation functionality; it seems we were sent to different places," Xu Nian thought to himself.

So Xu Nian began to survey his surroundings.

He noticed this realm exuded a terrifying aura of danger.

In the sky, thunder continuously flashed.

The power of these thunders was not comparable to Divine Thunder, but it was definitely akin to a full-force blow from a Law Perfection Level expert.

Even a Demon Venerable or a typical Demon Emperor expert struck by this thunder would meet a tragic fate.

Besides thunder, there was wind.

These winds took the form of terrifying tornadoes, rampaging through the world.

And fire!

Terrifying flames transformed into fire dragons, entangled on a massive peak.

Burning the entire peak to a deep black.

The fearful temperature was hair-raising.

Additionally, there were earth attributes, earth attributes, gold attributes, wood attributes, light and darkness.

The Nine Great Elements Law seemed to exhibit dreadful power here.

Making the entire world extremely terrifying.

"The Ancient Divine Forbidden Land is truly extraordinary; no wonder those who enter face one in ten survival odds. I better find them quickly," Xu Nian mused.

He sensed Ice Blue's soul presence.

Ice Blue's soul presence was ten thousand miles directly east.

"Huh? Instant teleportation is not possible here."

Xu Nian tried to teleport but discovered the space here was incredibly solid.

Even comparable to the Sealing God Battlefield.

In such stable space, Xu Nian naturally couldn't achieve instant teleportation.

So Xu Nian had to walk.

But before he could walk far, he was intercepted by two people.

These two were both at Demon Emperor Peak Level.

Whose bodies were descendants of the Divine Beast Bloodline Xuanwu.

"Is it him?"

One Xuanwu asked.

"Yes, it's him!"

The other Xuanwu glanced at Xu Nian and immediately replied.

In the next moment, killing intent surged in their eyes.

Xu Nian instantly felt an ill omen.

Chapter 1724: Pursued by Demon Emperor Peak

"Seniors, what do you want with me?" Xu Nian asked.

"Of course there's something we want," a burly Xuanwu man chuckled.

"To kill you!" Another Xuanwu Demon Emperor Peak expert suddenly charged out.

In an instant, he appeared in front of Xu Nian.

"Boom!"

The Xuanwu Demon Emperor Peak expert threw a punch, his speed extremely fast, and the punch exceedingly domineering.

It contained an incredibly powerful Earth Attribute Power Law.

A single punch was enough to cause the heavens to collapse and the earth to shatter.

"Bang!"

Xu Nian was just about to dodge, but it was already too late.

This punch hit his chest.

The terrifying force, like a breaking flood, instantly impacted his chest.

"Boom!"

Xu Nian's figure suddenly fell like a meteor, crashing heavily into a distant mountain peak.

The entire mountain trembled.

Huge rocks continuously rolled down.

And Xu Nian was completely embedded in the giant mountain.

A crack appeared behind him, with a diameter of hundreds of meters like a spider web.

You must know that the hardness of the rocks here was comparable to that of Divine Stones.

The impact Xu Nian caused such a large pit, illustrating how strong that punch was.

"Cough, cough!"

Xu Nian coughed violently a few times, blood spilling from his mouth.

He felt as if all the bones in his body were about to fall apart.

The power in that punch just now was truly terrifying.

Even though his body, as the Nine-Headed Snake Emperor, was comparable to a Mid-grade Divine Artifact, it couldn't bear this fully.

"Pathetic, with that punch, he shouldn't be able to survive," the Xuanwu Demon Emperor Peak expert who attacked sneered.

"Truly weak."

Another Xuanwu Demon Emperor Peak expert followed up with a cold laugh, wearing a blue robe, his body extraordinarily strong.

"Oh, not dead!"

The attacking Demon Emperor Peak expert showed a hint of surprise, the yellow robe rustling in the air.

The Xuanwu Demon Emperor expert in the blue robe also flashed a hint of surprise.

To take a punch from his brother and not die, this guy's body must not be simple.

"Why do you attack me? We seem to have no enmity," Xu Nian asked coldly, looking at the two powerful Demon Emperor Peak experts before him.

The guys in front of him were very strong.

At least they were both Demon Emperor Peak experts at the Fifth-level Realm of Law Great Success.

Such power, even among the Demon Emperor Peak, was not weak at all.

The punch just now had a force equivalent to 500,000 times the power of law.

The power had reached a truly terrifying state.

"Haha, no enmity, kid, you're too naive. Do you need enmity to kill someone these days?" The yellow-robed Demon Emperor Peak expert laughed heartily, his voice overwhelmingly loud.

"Kid, if there was truly no enmity, why would we come for you? You should ask yourself, who have you offended that you shouldn't have?" The blue-robed Demon Emperor Peak expert also sneered.

From beginning to end, the blue-robed Demon Emperor showed no intention of attacking.

Because in their eyes, handling Xu Nian, one person was enough.

"Dragon Clan? Sikong Bo?"

Xu Nian pondered for a moment and said.

He had few enemies within the Demon Clan; those on Glazed Island and in the Sea God Palace had been dealt with.

As for the Ba Snake Clan, it was even less likely.

So the only possibility left was the Dragon Clan.

Moreover, to have Xuanwu Clan Demon Emperor Peak level experts take action, there was probably no other race than the Dragon Clan.

"Haha, you guessed it right. The one who wants your life is the Dragon Clan's eldest son, Sikong Bo. Kid, he's not someone you can afford to offend. You're a genius, but in front of a powerful force, your so-called genius is too fragile," the blue-robed Demon Emperor sneered.

The yellow-robed Demon Emperor also sneered incessantly.

A Snake Clan member daring to offend the Dragon Clan?

Isn't that seeking death?

"The power of the Dragon Clan is not just limited to themselves. Under the Dragon Clan, there are at least ten races with Divine Beast bloodlines. In contrast, the Phoenix Clan is much weaker. Kid, do you now understand the gap between you and Sikong Bo?" the blue-robed Demon Emperor expert sneered.

In his view, Xu Nian was undoubtedly dead.

Even if someone doomed to die knew these things, what difference would it make?

Xu Nian was a bit surprised.

He didn't expect the Dragon Clan to command so many races.

To his knowledge, although the Phoenix Clan had one or two such supporting races, they were far less prominent compared to the Dragon Clan.

"Kid, we've said all that needs to be said. Now, prepare to die!"

The yellow-robed Demon Emperor expert snorted coldly, then attacked Xu Nian again.

And it was another punch.

This time, five law discs appeared behind the yellow-robed Demon Emperor expert.

The power of laws erupted, concentrating terrifying energy on his fist.

This punch was enough to blow Xu Nian's body apart.

Xu Nian immediately decided not to give the yellow-robed Demon Emperor another chance to hit him.

His figure instantly transformed into golden fragments, rushing towards the yellow-robed Demon Emperor.

"Clang! Clang! Clang!"

However, the golden fragments of Xu Nian collided with the yellow-robed Demon Emperor's body, creating sparks one after another.

"Hmm." The yellow-robed Demon Emperor made a light unexpected sound.

His fist hit the void.

The energy from the fist instantly shattered a giant mountain in the distance.

He didn't expect Xu Nian to dodge the punch.

"Metalization of the body? Interesting." The yellow-robed Demon Emperor sneered.

Looking at Xu Nian, who had reformed his figure in the distance, his form flashed again, directly appearing in front of Xu Nian.

He delivered another punch.

Instantly forming an incredibly terrifying oppression.

Xu Nian originally intended to fragment again, but the impact of this punch fully struck his metal fragments.

"Puff!"

Xu Nian's figure was immediately sent flying, blood spewing from his mouth.

Too strong.

The power gap was too wide.

"Hmph, it's over." The yellow-robed Demon Emperor charged again.

This time, he intended to completely crush Xu Nian.

Xu Nian's expression turned extremely grim in an instant.

"Escape!"

Xu Nian made a decisive decision without hesitation.

Then his figure directly rushed towards the vast lake below.

In the water, a giant whale condensed by Water Attribute Law was thrashing wildly.

The water attribute law contained within the whale, once caught in it, might mean never coming out again.

But Xu Nian didn't care.

As long as he jumped into this lake, he might have a slim chance of escape.

"Huh? Trying to escape. Dream on!"

The yellow-robed Demon Emperor snorted coldly.

He immediately chased Xu Nian, delivering a punch with earth-shattering power.

This time, Xu Nian did not dodge.

Instead, he took the punch head-on.

"Boom!"

Xu Nian's arm bone directly fractured.

His entire body plummeted into the lake.

The yellow-robed Demon Emperor wanted to continue chasing.

But he saw the giant whale immediately swallow Xu Nian whole.

Seeing this, the yellow-robed Demon Emperor stopped.

If swallowed by this giant whale, even he wouldn't be able to come out again.

"This guy is doomed," the blue-robed Demon Emperor said, appearing beside the yellow-robed Demon Emperor.

"Falling into these elemental law creatures' belly, is there any chance of survival? Let's go!" the yellow-robed Demon Emperor said.

Then the two turned and left without looking back.

Chapter 1725: Breaking Through to Demon Emperor

Xu Nian was swallowed by a massive whale formed by the water attribute element.

He felt as if he was wrapped in an incredibly powerful force.

Surrounded by water, these waters contained immense pressure.

Under this terrifying pressure, he could not move at all, as if he was trapped between two colossal mountains.

"It's actually an elemental whale formed by the extreme oppression law of the water attribute," Xu Nian cursed in his heart.

He wanted to struggle and move, but still couldn't.

Moreover, the pressure around him kept increasing.

If his physical body were not comparable to a mid-grade divine artifact, this pressure would probably crush him into pulp.

"No wonder that Xuanwu Demon Emperor Peak Expert didn't pursue me, this pressure is truly terrifying," Xu Nian cursed inwardly.

At this moment, it seemed almost impossible for him to break free.

"Slash!"

Xu Nian directly activated the Invincible Vajra Principle of the Gold Attribute, summoned the low-grade divine artifact, attempting to use the sharp sword to break through the pressure brought by the water.

However, he was astonished to discover that even his God Sword could not pierce through this terrifying wall of water.

The massive water element whale rolled in the lake, while Xu Nian seemed to be tightly confined in its abdomen.

The terrifying pressure was increasing bit by bit.

And Xu Nian's whole body began to deform under the pressure.

"I must find a way to get out, or I will eventually be crushed into pulp," Xu Nian muttered to himself.

Although he could hide in the Chaos Divine Palace.

But once he hid inside, the Chaos Divine Palace would also be trapped, and it would be even harder to come out later.

"Is this the power of the Law Perfection Level? So terrifying," Xu Nian muttered to himself.

The pressure formed by the convergence of water elements was truly this terrifying.

Xu Nian tried to activate the Gold Attribute Law, turning himself into metal fragments.

But the result was still that he couldn't penetrate this terrifying water curtain.

He even nearly failed to recondense his body.

Then Xu Nian tried to activate Divine Fire.

Although it had some effect, it was still minimal.

Later, Xu Nian tried the Space Law, attempting to enter the Nihility Space.

But he found that he was in the belly of this water element and couldn't enter the Nihility Space at all.

This made Xu Nian completely distressed.

"Master, help me," Xu Nian had no choice but to seek help from Emperor Ye Tian.

He really had no way at this moment.

This water attribute law was just too formidable.

"A mere elemental law-formed creature can trap you, you're really useless," Emperor Ye Tian's voice echoed.

Xu Nian was helpless.

The elemental law was too strong, and the pressure formed by the Law Perfection Level of the water attribute law was terrifying.

Xu Nian tried all his means but to no avail.

"Master, how can I break this elemental creature?" Xu Nian asked.

"There are two ways to break this elemental creature. One way is to comprehend the water attribute law, transform yourself into water, merge into it, and naturally come out," Ye Tian's voice sounded.

Xu Nian shook his head.

Comprehending the water attribute law was not that easy.

Moreover, to reach the point of transforming himself into water, he would need to reach the Law Order Realm.

This was not something that could be understood overnight.

"Then you can only choose the other method," Xu Nian said.

"Which is to forcibly break through. Given your current Gold Attribute Law, it is a bit difficult to break this elemental creature, but if you can break through the Gold Attribute Law to the Law Great Success Realm, and then use the move combined with the Thirty-Six Sword Skills you comprehended, you might be able to break the water pressure formed by this water attribute element," Emperor Ye Tian said.

"The Law Great Success, huh?"

Xu Nian muttered to himself.

Compared to comprehending the water attribute law and reaching the Law Order Realm, breaking through the Gold Attribute Law to the Law Great Success Realm seemed more realistic.

So Xu Nian did not hesitate to begin attempting to comprehend the Gold Attribute Law.

Since Xu Nian was completely enveloped by the water attribute element at the moment.

So he couldn't sense the surrounding Gold Attribute Elements.

At this moment, he could only let his true body replace the Nine-Headed Snake Emperor Avatar, allowing it to enter the Chaos Divine Palace to comprehend the Gold Attribute Law.

The Nine-Headed Snake Emperor directly transformed into its original form.

Because in its original form, it could feel the Gold Attribute Law more clearly.

The Gold Attribute Elements continued to gather around him.

Under the stimulus of Xu Nian's Nine-Headed Snake Emperor, these gold elements began to undergo a peculiar transformation.

The fluctuations it emitted were also becoming increasingly strong.

Soon, twenty days passed.

Xu Nian successfully broke through to the Law Order Seventh Level Realm.

Then, on the fiftieth day, Xu Nian broke through to the Eighth Level Realm again.

On the one-hundredth day, Xu Nian made a breakthrough to the Ninth Level Realm.

Time continued to pass.

He was surrounded by nine Gold Attribute Law Chains.

They emitted extremely powerful metallic fluctuations.

Xu Nian's mastery over the power of the Gold Attribute Law had also become much stronger.

"Just one more step and I can condense the Law Disc," Xu Nian's eyes were determined.

He continued to deduce.

As he continued to deduce, the Gold Attribute Elements underwent myriad changes.

Xu Nian completely immersed himself in a frenzy of cultivation.

All the Gold Attribute Elements surrounding him were transformed into countless sharp swords under Xu Nian's invocation.

These swords exuded an extremely sharp aura.

Thousands upon thousands, densely packed.

"Buzz!"

With a thought from Xu Nian.

These golden swords instantly condensed into an extremely sharp sword.

And on this sword, there were ten law chains.

"Did it succeed?"

Xu Nian immediately rejoiced.

"Buzz!"

When the ten law chains gathered together, a golden disc appeared directly behind Xu Nian.

Law Disc?

"Is this the Great Success Realm of the law?" Xu Nian felt that his control over the power of the law seemed to have become much stronger.

It was not just ten thousand times the power of the law, it was simple.

That solid feeling had reached a new level of power.

"No wonder the gap between an Immortal Emperor and a Quasi-Immortal Emperor is so huge," Xu Nian muttered to himself.

Now his Gold Attribute Law had broken through to the Law Great Success Realm.

This meant that Xu Nian could also break through to the early stage of the Demon Emperor.

Xu Nian did not hesitate to absorb a drop of Divine Origin Liquid.

When the power of the Divine Origin Liquid exploded within Xu Nian.

Xu Nian's Nine-Headed Snake Emperor Avatar burst into magnificent brilliance.

The flesh and blood of his entire body seemed to have been further strengthened.

Not only that, but his mixed element demon power also seemed more solidified.

Even though the Nine-Headed Snake Emperor had reached the Demon Emperor, Xu Nian's breakthrough was still stronger than its previous early-stage Demon Emperor on its own.

"Is this the feeling of the Demon Emperor Realm? So powerful."

Xu Nian felt as if his body was filled with endless power.

This tremendous power made him feel as if his whole body was about to burst.

With a grip of his hand, the heaven and earth space trembled.

Every move seemed capable of destroying the sky and earth.

So strong!

"One hundred and eighty days?" Xu Nian smirked, feeling very satisfied with this breakthrough.

Indeed, under pressure, his progress accelerated rapidly.

He had spent one hundred eighty days in the Chaos Divine Palace, while in the outside world, only two days had passed.

"Now it's time to break open you, elemental creature," Xu Nian smirked.

In the next moment, a bright glint shot from his eyes.

Then an overwhelming amount of Gold Attribute Law power surged from his body.

The powerful law power wrapped around the God Sword.

"Break!"

Xu Nian shouted.

The God Sword shot out from the Dantian instantly.

"Boom!"

The massive body of the giant whale was instantly pierced through.

Taking advantage of this opportunity, Xu Nian slipped away.

"I'm out," Xu Nian saw himself appear in the outside world, his face broke into a look of ecstasy.

A powerful aura of a Demon Emperor emanated from him.

"Humph, Sikong Bo, you want to kill me, this time I will make you regret your decision," Xu Nian's eyes brimmed with intense killing intent.

Then his figure transformed into a rapidly advancing golden sword, shooting off into the distance.

Chapter 1726: Devoted Woman

The figure transformed into a sharp sword.

Breaking through the air at lightning speed.

The surrounding air currents were pierced like layers of thin paper.

Xu Nian's speed had reached a terrifying level.

The breakthrough in the Gold Attribute Law allowed him to reach a new height in the use of laws.

At this moment, he was rushing rapidly toward the direction of Ice Blue.

"Huh?"

In the midst of rapid flight,

Xu Nian's attention was also drawn by a rumbling sound.

Below him, a battle was taking place.

Xu Nian hadn't planned on meddling, but he stopped at this moment.

Because he discovered that the person being besieged was actually a woman from the Snake Clan.

And the ones besieging her were members of the Xuanwu Clan.

This woman from the Snake Clan had already reached the Early Stage Demon King.

The five Xuanwu Clan youths attacking her had reached at least the Mid-stage Demon King, with one of them even at the Late-stage Demon King level.

Yet, facing the siege of these five people, the woman was only slightly at a disadvantage.

This indeed surprised Xu Nian a little.

"Buzz!"

The woman's sharp sword continuously slashed.

In a white dress, she fluttered like a startled swan.

Xu Nian looked intently and found that the woman's true form was not simple, being the rather rare White Jade Sky Swallowing Python in the Snake Clan.

In terms of bloodline strength, the White Jade Sky Swallowing Python was slightly inferior to the Nine-Headed Snake Emperor.

Moreover, the pure-blooded White Jade Sky Swallowing Python reached a high level of purity.

At least seventy percent.

So this woman facing five strong warriors from the Xuanwu Clan was only slightly at a disadvantage.

This indicated her extremely uncommon talent.

However, even with notable talent and great strength,

facing five opponents stronger than herself, she ultimately fell behind.

The woman was hit in the abdomen by a punch from the Late-stage Demon King.

"Boom!"

Her figure was instantly sent flying backwards,

even crashing into a distant boulder, emitting a dull sound like an avalanche.

"Pfft!"

The woman spat out a mouthful of blood, her breath immediately weakened.

"Haha, Huo Baiyu, stop struggling, hand over the White Pine Divine Fruit, as long as you hand over the fruit and let me enjoy myself, I'll spare you, otherwise, you'll meet your demise." The Late-stage Demon King in the lead laughed loudly and said.

He looked at the Demon Clan woman with extreme disdain in his eyes.

"Sun Tianlei, you're shameless, Brother Huo Qing treats you as a brother, yet you treat me like this, aren't you afraid he'll turn against you?" The woman roared in anger at once.

Her eyes filled with intense rage.

Huo Qing was her fiancé and a genius in the Snake Clan.

She had come to the Ancient Divine Prohibition with Huo Qing this time.

But when entering the restriction, they were transported to different places.

Earlier, she accidentally found a White Pine Divine Fruit, a fruit that could enhance the comprehension of the Demon Clan.

Huo Baiyu picked this fruit, intending to keep it for her fiancé Huo Qing.

But unexpectedly, she encountered people from the Xuanwu Clan.

Originally, she didn't consider them enemies because her fiancé was close to Sun Tianlei from the Xuanwu Clan, as close as brothers.

Unexpectedly, Sun Tianlei ordered people to snatch her divine fruit and even targeted her personally.

An utterly shameless person.

"Huo Qing? Huo Baiyu, don't be naive to think Huo Qing will marry you. I'm not afraid to tell you the truth, Huo Qing has been with Sun Mei'er, the daughter of the Xuanwu Clan Leader, for a long time. He'll never marry you." The leading Xuanwu Clan youth sneered and said.

The other Xuanwu Clan youths also sneered coldly.

"Impossible, Brother Huo Qing promised to marry me, how could he be with Sun Mei'er? You're lying to me." Huo Baiyu immediately retorted.

In her heart, Brother Huo Qing was always the perfect being.

She had admired Brother Huo Qing since she was young.

And Huo Qing had personally told her they would marry.

"Lying to you? Huo Baiyu, you're truly naive, do you think I need to lie to you? What is Sun Mei'er's status? She's the princess of the Xuanwu Clan, a peerless genius. Our Xuanwu Clan is the third largest clan, second only to the Dragon and Phoenix Clans, and soon we'll surpass the Phoenix Clan, and you're just an ordinary Snake Clan woman, who do you think he'd choose, you or Sun Mei'er?" Sun Tianlei sneered and said.

"Haha, this woman must be dreaming, that Huo Qing kid is ambitious, following Miss Mei'er around, pleasing her in every way, almost kneeling to lick her boots, and she still doesn't see it." Another Xuanwu Clan youth laughed heartily.

"Impossible, Brother Huo Qing is definitely not like that." Huo Baiyu's face changed, still unwilling to believe.

"Seems like she needs to be faced with reality. Before entering the Ancient Divine Prohibition, Huo Qing sent me a message through a Communication Talisman, asking me to find an opportunity to kill you, even saying that if I caught you, I could deal with you however I wanted. You still foolishly wanted to keep this divine fruit for Huo Qing?" Sun Tianlei laughed coldly.

He then produced the Communication Talisman and displayed its contents.

When Huo Baiyu saw the displayed content, her face instantly darkened.

She looked at the figure in the Communication Talisman in disbelief, as if struck by lightning.

Especially when she heard Huo Qing say, "If you catch her, do whatever you want, but remember, kill her afterward."

These words instantly pierced Huo Baiyu's heart like a knife.

The man she deeply loved was treating her like this?

"Now you should know what kind of person Huo Qing is, but I must admit, you're quite beautiful. Huo Qing didn't make a move on you; he's a real fool." Sun Tianlei looked at Huo Baiyu's stunning face and graceful body, his eyes filled with greed.

Huo Baiyu's face was ashen at this moment.

"Why, why?"

She whispered repeatedly.

The man she deeply loved had betrayed her.

She had been desperately protecting this divine fruit, hoping to strengthen the one she loved.

Ridiculously, he had wanted to get rid of her long before.

He even spoke of letting others deal with her as they pleased.

At this moment, Huo Baiyu realized she was a colossal joke.

"Huo Baiyu, now you should understand in Huo Qing's eyes, you're nothing, but if you serve us well, we might spare your life." Sun Tianlei sneered and said.

Looking at the disheartened Huo Baiyu, his eyes were full of amusement.

The other Xuanwu Clan youths also laughed lustfully.

"Take her, cripple her cultivation first, then we'll take our time playing with her." Sun Tianlei immediately said.

"Yes, big brother!" The others eagerly agreed.

Then they advanced toward Huo Baiyu.

However, Huo Baiyu stood there, still unresponsive, as if utterly despaired.

Xu Nian witnessed this scene and shook his head helplessly.

With a flash, he appeared in front of Huo Baiyu.

"Boom!"

His aura erupted.

Instantly sending the Xuanwu Clan youths flying.

Chapter 1727: Second Disciple

Xu Nian's sudden appearance shocked everyone present.

Huo Baiyu snapped back from despair, looking at the young man who had suddenly appeared before her, with a hint of surprise and confusion in her eyes.

She seemed not to recognize this young man.

"Who are you?"

Sun Tianlei and the others also stood up, looking at Xu Nian with a trace of anger in their eyes.

This person actually ruined their good deed?

"Who I am, you're not qualified to know," Xu Nian said coldly.

The Xuanwu Clan is affiliated with the Dragon Clan.

This time, a Demon Emperor Peak expert from the Xuanwu Clan actually targeted him.

So naturally, he wouldn't easily let them off.

Moreover, these guys in front obviously weren't good people.

"Where did you come from, to dare interfere in our Xuanwu Clan affairs? Do you know that behind our Xuanwu Clan stands the entire Dragon Clan?" Sun Tianlei immediately threatened.

Because he couldn't see through Xu Nian's cultivation.

Of course, not being able to see through doesn't necessarily mean being more powerful.

After all, there are many in the Demon Realm who can hide their cultivation and aura.

Furthermore, seeing Xu Nian's appearance, he thought his strength wouldn't be anything substantial.

"You should leave, this has nothing to do with you. You can't afford to offend the Xuanwu Clan," Huo Baiyu also stepped forward and said to Xu Nian.

But Xu Nian just chuckled.

The Xuanwu Clan couldn't be provoked?

This time, he really had a score to settle with the Xuanwu Clan.

"If I leave, and they try to do that to you, what will you do?" Xu Nian asked with a smile.

"I won't let them succeed. If you hadn't intervened, they would've been blown to bits by now," a trace of determination flashed in Huo Baiyu's eyes.

Xu Nian was taken aback.

He didn't expect that, in that instant, Huo Baiyu was planning to self-destruct to perish together with them.

One must know the power of a demon embryo self-destructing is tens of times stronger than a full-force attack.

However, once self-destructed, it truly meant annihilation of both form and spirit.

"I'm also from the Snake Clan," Xu Nian said with a smile, as snake scales appeared on his arm.

"Snake Clan?" Huo Baiyu was stunned.

She hadn't expected the young man in front of her to also be from the Snake Clan.

But she seemed to not have seen this young man in the Snake Clan before.

However, because of their shared clan, her gaze towards Xu Nian softened a bit.

"Then you should leave quickly, the Xuanwu Clan won't spare me," said Huo Baiyu.

Xu Nian just smiled: "Don't worry, they can't hurt me."

Huo Baiyu wanted to say something, but found Xu Nian already turning away.

"Turns out he's from the Snake Clan, kid, do you have a death wish? Do you know that even your Snake Clan leader has to give me some face?" Sun Tianlei sneered.

The other Xuanwu Clan youths also showed expressions of disdain.

Turns out he's just another reckless fool.

Hearing these five youths, Xu Nian only smiled wryly.

"Will you accept me as your master?" Xu Nian turned and asked Huo Baiyu.

"Take you as my master?" Huo Baiyu was stunned.

But before she could react.

Xu Nian spoke again: "Remember, true strength is the key. Only by having absolute power can you avoid being bullied and make those who wronged you pay."

Xu Nian's voice was cold as ice.

A golden sword gathered in front of him.

The waves on the golden sword were terrifying, as if it held incredibly fearsome power.

"A Demon Emperor?"

Huo Baiyu's expression changed.

Only a Demon Emperor level expert could condense such a terrifying sword.

The young man in front of her didn't seem much older than her, yet he was already at Demon Emperor level?

"Not good, run!"

Sun Tianlei was shocked upon seeing this.

The Xuanwu youths also immediately sensed something was wrong.

Xu Nian merely chuckled softly.

"Go!"

With just one word.

The golden sword swiftly flew out.

In the next moment, it directly pierced through the body of a Xuanwu youth trying to turn and run.

Another Xuanwu youth attempted to deploy his shell for defense.

However, his shell was as thin as paper in front of Xu Nian's golden sword.

"Swish, swish!"

The golden sword darted back and forth.

Those Xuanwu youths all let out painful cries, then their bodies exploded into clouds of mist.

"Pfft!"

Only Sun Tianlei was pierced through the heart, not the demon embryo.

But this strike also left Sun Tianlei severely injured.

Huo Baiyu was in shock.

One sword killed five people?

In the end, Sun Tianlei survived because Xu Nian showed mercy?

Sun Tianlei was utterly terrified.

He hadn't anticipated encountering such a frightening figure.

"You go kill him yourself," Xu Nian said to Huo Baiyu.

"Okay!" Huo Baiyu hesitated for a moment, then a cold intent burst in her eyes.

She immediately approached Sun Tianlei.

"Huo Baiyu, if you kill me, your Snake Clan is doomed," Sun Tianlei exclaimed in shock, trying to threaten.

Huo Baiyu wavered upon hearing this, turning to look at Xu Nian.

Xu Nian simply stood with his hands behind his back, expressionless.

This was a test for Huo Baiyu.

Sun Tianlei laughed as he saw Huo Baiyu's hesitation.

"Huo Baiyu, you should know how vulnerable the Snake Clan is before our Xuanwu Clan. If you kill me, the Xuanwu Clan will wipe out your Snake Clan. If you're sensible, let me go," Sun Tianlei sneered.

"Pfft!"

But just as he finished speaking, a sharp sword suddenly pierced his abdomen, destroying his demon embryo.

"You..." Sun Tianlei was utterly shocked.

Huo Baiyu dared to strike him?

"If the Xuanwu Clan comes, I'll face them as Huo Baiyu. Now, die," Huo Baiyu snorted coldly.

She shattered Sun Tianlei's demon embryo.

With Sun Tianlei's demon embryo destroyed, his soul naturally perished too.

Watching the dead Sun Tianlei, a hint of madness flickered in Huo Baiyu's eyes.

She really killed Sun Tianlei?

Xu Nian just smiled and approached Huo Baiyu saying: "Well done, because if you didn't kill him, he wouldn't spare the Snake Clan either. By killing him, at least the Xuanwu Clan won't necessarily know it was you."

"Senior, are you really from the Snake Clan? Why haven't I seen you before?" Huo Baiyu asked.

"I'm an independent demon, now joined the Demon God Palace. This is my token," Xu Nian showed his token.

"Demon God Palace?" Huo Baiyu was astonished.

An independent demon joining the Demon God Palace?

Such talent and strength must be unparalleled.

No wonder he could reach the Demon Emperor realm at such a young age.

"I'll ask you again, will you accept me as your master?" Xu Nian smiled.

"I will!" Huo Baiyu immediately knelt down, performing a kneeling ritual to Xu Nian.

"Very well, my disciple doesn't need such formalities. From today, you are my second disciple," said Xu Nian.

"Second disciple?" Huo Baiyu was puzzled.

She wasn't the first disciple this senior took in.

Xu Nian chuckled, his first disciple was taken in during his time in the Mortal World.

The reason he wanted to take Huo Baiyu as a disciple, besides her talent, was also due to her indomitable resilience.

Chapter 1728: Creating a Genius

"Master, have you already reached the Demon Emperor Realm?" Huo Baiyu asked curiously.

"Yes, I just broke through to the early stage of the Demon Emperor," Xu Nian replied honestly.

Early stage of the Demon Emperor?

Huo Baiyu was taken aback.

She didn't expect Xu Nian to have actually reached the early-stage Demon Emperor level.

In fact, she didn't know that her master, even at the Quasi-Devil Emperor level, had defeated experts at the late-stage Demon Emperor.

Now that he's truly broken through to the Demon Emperor level, his power will only be more terrifying.

"Master, what's your original snake form?" Huo Baiyu asked curiously.

"The Nine-Headed Snake Emperor," Xu Nian replied truthfully.

"What? The Nine-Headed Snake Emperor?" Huo Baiyu was immediately taken aback.

She originally thought she had the strongest bloodline among the Snake Clan.

But she didn't realize that her master was the true one.

The Nine-Headed Snake Emperor is a descendant of the ancient Snake God 'Nine Infant', possessing an incredibly powerful bloodline.

Far surpassing her White Jade Sky Swallowing Python.

For a moment, Huo Baiyu felt even more respect for Xu Nian.

In the Demon Clan, bloodlines are supreme.

Having a noble bloodline commands respect.

"You must be cultivating the Wind Attribute, right? Here are some of my insights and a Divine Level Cultivation Technique," Xu Nian said, placing a finger on Huo Baiyu's brow.

In the next moment, Huo Baiyu had a wealth of information in her mind.

"A God Emperor level cultivation technique?"

Huo Baiyu was astonished.

While Divine Level Techniques are common in the Demon Realm, most are below the Daluo God level.

Seeing a God Emperor level technique, how could Huo Baiyu not be surprised?

The technique seemed custom-made for her.

Perfectly suited for her Snake Clan.

What surprised her the most was Xu Nian's insights into Wind Attribute Law cultivation.

Extreme Point Penetration Law!

This is a top first-grade law!

"Master, how do you know the Extreme Point Penetration Law? Aren't you a Gold Attribute?" Huo Baiyu asked puzzled.

"You'll find out in due time," Xu Nian smiled.

Seeing Xu Nian avoid the question, Huo Baiyu naturally didn't dare to press further.

"Absorb this drop of Divine Origin Liquid, I will protect you," Xu Nian said.

Handing a drop of Divine Origin Liquid to Huo Baiyu.

Divine Origin Liquid?

Huo Baiyu was continuously amazed.

This is a treasure comparable to a Divine Pill.

Her master actually gave such a treasure to her.

"Master, this is too valuable, I can't accept it," Huo Baiyu quickly said.

"Rest assured, since I can give it to you, I can afford it. Don't you want to seek revenge on Huo Qing? Don't you want to confront him and ask why he betrayed you?" Xu Nian asked.

Upon hearing the name Huo Qing, Huo Baiyu's face instantly turned cold.

"Huo Qing, I must kill him myself," Huo Baiyu's eyes erupted with intense killing intent.

"Exactly, if you lack absolute strength, even if he stands before you, you can only roar helplessly," Xu Nian stated.

"Thank you, Master, I understand now," Huo Baiyu nodded immediately.

The next moment, she sat cross-legged and began absorbing the power of the Divine Origin Liquid.

An ocean-like force exploded within her instantly.

Xu Nian did not leave, but sat cross-legged nearby.

"Take that White Pine Divine Fruit as well, I'll help you comprehend the Wind Attribute Law," Xu Nian directly said.

Upon hearing this, Huo Baiyu wasted no time and consumed the White Pine Divine Fruit.

Immediately, she felt her mind become incomparably clear.

Her perception of the Heaven and Earth Elements also reached an incredibly strong level.

Seeing this, Xu Nian directly gathered Heaven and Earth Wind Attribute Elements around.

As Xu Nian directed them, the Wind Attribute Elements became even more concentrated.

While Huo Baiyu was amazed, she didn't want to miss this opportunity.

Combining Xu Nian's insights with the elemental changes, she began madly comprehending the Wind Attribute Law.

The direction she comprehended was naturally Xu Nian's Extreme Point Penetration Law.

"Buzz!"

Time kept passing by.

Huo Baiyu's cultivation was constantly improving.

In just one day, her cultivation had broken through from Early Stage Immortal King to Immortal King Peak.

Of course, her fastest improvement was in her Insight Cultivation.

The original Wind Sharpness Principle smoothly broke through to the Extreme Point Penetration Law.

Moreover, it went from Law Manifestation straight to the Law True Intent Realm.

Seemingly with no sign of stopping.

"Let me give you another boost," Xu Nian took out a drop of Realm Heart Lake Water and dropped it on Huo Baiyu's brow.

In the next moment, Huo Baiyu's Soul Power was enormously enhanced.

Rapidly ascending from the Late Stage Immortal King to the Immortal Sovereign Peak.

With the breakthrough of the soul, Huo Baiyu absorbed the Divine Origin Liquid even faster.

Ultimately, Huo Baiyu reached the Early Stage Immortal Sovereign Realm.

Xu Nian nodded at this.

Reaching the Early Stage Immortal Sovereign was sufficient.

Any further improvement would not be beneficial to her foundation.

Furthermore, Huo Baiyu's comprehension of the Extreme Point Penetration had already reached Law True Body Perfection at the Late Stage of Law.

Only one step away from the Law Heart.

"Buzz!"

Huo Baiyu suddenly rose, thrusting her sword forward.

Sword Qi erupted, instantly sweeping across three thousand miles.

The sharpness was so intense it created spatial ripples in the steady space.

"So powerful, such sharpness, I can't believe I can become this strong," Huo Baiyu said in shock.

Early Stage Immortal Sovereign cultivation, with Law True Body Perfection?

To her, reaching this realm would have taken no less than five hundred years.

Yet now, it took only three days.

"Thank you, Master!" Huo Baiyu quickly and respectfully saluted Xu Nian.

Her respect for Xu Nian was heartfelt now.

A master who could elevate her so much in such a short time must be extraordinary.

"You don't need to thank me; it's your solid foundation that's allowed such improvement. If your foundation were weak, these treasures wouldn't be beneficial," Xu Nian said.

"Still, thank you, Master. Without you, I would be dead now. You gave me new life. From now on, I wish to serve you for a lifetime," Huo Baiyu said with deep sincerity.

"Alright, get up. I'm not so old that you need to serve me. I merely saw potential in your talent and character, which is why I took you as my disciple. I hope you maintain this mindset, as only with it can you break through the Ninth Level Heaven and ascend to the Divine World," Xu Nian said.

Break through the Ninth Level Heaven and ascend to the Divine World?

Huo Baiyu was stunned.

What kind of person is my master?

To be able to say such bold words.

Many Great Demon Emperors tremble at the mention of the Divine World with reverence.

But on her master's face, there was none of that.

Only an overbearing pride looking down from above.

"I never imagined Master would have such grandeur! I want to become a strong person like him too,"

At this moment, Huo Baiyu's Heart Realm achieved a profound transformation.

"Buzz!"

Her Insight Realm unexpectedly broke through again.

Successfully reaching the entry-level of the Law Heart.

Xu Nian showed a hint of surprise.

Such rapid progress by Huo Baiyu?

Even Huo Baiyu was amazed by her sudden breakthrough.

Chapter 1729: Snake Clan Inheritance Land

"Master, I know a place that might be the relic of our Snake Clan's bloodline," Huo Baiyu said to Xu Nian.

"Oh? Where is it?" Xu Nian asked curiously.

"Just in the direction we are heading now, a hundred miles ahead," Huo Baiyu said as she flew.

A hundred miles ahead?

Xu Nian showed a hint of surprise on his face.

He immediately released his Demon Consciousness and spread it forward.

Soon, he found the valley Huo Baiyu was talking about.

It was a very steep valley, flanked by high mountains, with a river snaking through the middle like a giant serpent.

The place Huo Baiyu referred to was at the snake's head.

And at the snake's head, Xu Nian instinctively felt a strong sense of danger.

As Xu Nian went deeper, his Soul Power seemed to be devoured by a peculiar force.

Moreover, this devouring seemed to have a strong attraction, and Xu Nian wanted to retract his Soul Power but was stuck by that force.

In the end, Xu Nian had to cut off his Demon Consciousness to free himself from it.

"Such a strange place," Xu Nian said, retracting his Demon Consciousness, and exclaimed.

"It is indeed bizarre. I felt the eeriness there when I visited previously, it was very dangerous. Master, should we go?" Huo Baiyu asked.

At this moment, she was completely following Xu Nian's lead.

"Yes, since we have entered the Ancient Divine Forbidden Land, it is to search for the Ancient Bloodline, why not go? But be mentally prepared; we might encounter someone you don't want to see," Xu Nian said, looking at Huo Baiyu.

When he sensed earlier, in addition to sensing the strangeness of the place,

he also detected a group of people heading swiftly towards the snake's head.

Most of them were from the Xuanwu Clan, and there was also one from the Snake Clan.

This Snake Clan youth was flying side by side with a Xuanwu Clan woman at the moment.

It was obvious that the youth was none other than Huo Baiyu's fiancé, Huo Qing.

Huo Baiyu understood Xu Nian's meaning immediately and showed a cold expression in her eyes.

"Master, rest assured, I have thought it through. I only hold hatred for him in my heart and not a shred of love. All I want now is to kill him with my sword," Huo Baiyu said coldly.

Xu Nian shook his head.

Having hatred in your heart means you have not truly let go.

"Besides him, there is also the Xuanwu Clan woman, Sun Mei'er," Xu Nian said.

Hearing this, Huo Baiyu's eyes trembled slightly.

But soon, they turned into a fierce gleam.

"Master, take me there, I want to resolve this grievance personally," Huo Baiyu said.

"Alright!" Xu Nian nodded.

Then he took Huo Baiyu and headed towards the valley.

Meanwhile, as Xu Nian and Huo Baiyu headed for the valley,

at this moment, a group of seven people were progressing along the valley towards the snakehead.

Leading them was a young and beautiful woman.

This woman had a bewitching appearance, rivaling even that of the nine-tailed fox.

In terms of looks, she was slightly inferior to Huo Baiyu, but her innate charisma was much stronger.

No wonder Huo Baiyu lost to her.

Beside this woman was a handsome young man.

This young man was dressed in dark green robes, with long, jet-black hair.

A gentle smile was always on his face, giving off a refined aura.

However, the surrounding Xuanwu Clan youths and elders looked at this Snake Clan youth with a hint of disdain.

Even the leading woman had an air of superiority.

Yet, the Snake Clan youth didn't seem to care, continuing to flatter the leading woman.

"Huo Qing, is this the Snake Clan's relic land?" the leading woman asked indifferently.

Hovering in the air, looking at the giant mountain like a snake's head ahead.

The snakehead lay wide open, seemingly leading to the mountain's depths.

"Yes, this is it. Most of our Snake Clan's bloodline is stored here. This place is called Snake Head Mountain, and the Snake Clan Inheritance is in the depths of this mountain," the youth named Huo Qing said.

"Then what are we waiting for? Go in directly and bring out the Snake Clan's bloodline. If you do not acquire the bloodline, do you think you deserve our young lady?" a Xuanwu Clan youth sneered disdainfully.

Eyes filled with open contempt.

"Yes, yes, I indeed don't deserve Mei'er, but I will definitely obtain the bloodline and then lead the entire Snake Clan," Huo Qing quickly replied.

"Huo Qing, you don't need to belittle yourself. Since I have chosen you, even if you don't get this bloodline, you will surely become the Snake Clan Leader in the future. But what I want from you is absolute loyalty. When I say one, you are not allowed to say two. Whatever I ask you to do, you must do it. Do you understand?" Sun Mei'er said arrogantly.

"I absolutely listen to you, Mei'er. You are my true love, and I'm willing to do anything for you," Huo Qing said sincerely.

"Then what about your previous fiancée?" Sun Mei'er asked with a smile.

"How can she compare to you, Mei'er? I have never liked her from the start. In my eyes, she is nothing but a piece of trash, nowhere near as noble as you, Mei'er. I have already sent Sun Tianlei to kill her, and she is probably already dead by now," Huo Qing said.

Sun Mei'er's mouth instantly curled into a smug smile.

Obviously, Huo Qing's words made her very satisfied.

"Huo Qing, I didn't expect that in your eyes, I am just trash."

Just then, Huo Baiyu and Xu Nian appeared.

Huo Baiyu happened to hear Huo Qing's words.

She could not believe that Huo Qing would evaluate her like this.

Despite her deep love for him.

Now she felt her true feelings were fed to the dogs.

"Huo Baiyu?" Huo Qing was stunned to see Huo Baiyu.

"Didn't you say she was already dead?" Sun Mei'er scowled at Huo Baiyu and then looked at Huo Qing to ask.

"I did send Sun Tianlei to kill her, and I even gave Sun Tianlei a Jade Pendant that can detect her location," Huo Qing said.

"Oh? So Sun Tianlei failed?" Sun Mei'er raised an eyebrow at Huo Baiyu.

Huo Qing also looked at Huo Baiyu, but soon he set his sights on Xu Nian.

In his view, it was impossible for Huo Baiyu to withstand Sun Tianlei's group attack.

The only possibility was that someone helped her.

And that person was probably the man next to Huo Baiyu.

"Huo Baiyu, do you think I'm wrong? As my betrothed, you were flirting with another man. Am I wrong to call you trash?" Huo Qing immediately retorted coldly.

"Flirting with another man? When did I ever flirt with another man?" Huo Baiyu asked, shocked.

"You say you didn't? Then who is the man beside you? Don't think I don't know, you and he have long been colluding," Huo Qing said indignantly.

At this moment, Huo Baiyu understood.

Huo Qing was spouting lies.

To insult her and her Master?

They had just met; how could they've been colluding as Huo Qing said?

Huo Qing was clearly lying through his teeth.

"So, a shameless little wench. Huo Qing, it seems leaving her was wise," Sun Mei'er chimed in.

"Flirting with men so early on, it seems she really isn't anything good," the other Xuanwu Clan youths also mocked disdainfully.

Huo Baiyu's fists instantly clenched, her eyes full of endless anger.

Xu Nian also smiled and shook his head.

Huo Qing was indeed shameless enough.

Turning the tables, he first poured dirty water over him and Huo Baiyu.

Chapter 1730: Shameless Huo Qing

"Huo Baiyu, you still have the face to see me. A shameless woman like you, I will never marry you again." Huo Qing said with a cold snort.

Huo Baiyu's face turned an extreme shade of dark blue; she never expected Huo Qing could be so shameless.

"I never thought there would be such a shameless woman; it seems what people say about the Snake Clan being inherently lustful is true." Sun Mei'er mocked with a smile.

After speaking, she turned her gaze to Xu Nian.

"But his taste, really quite ordinary, who knows where he picked up this Independent Demon, truly desperate." Sun Mei'er continued to taunt.

"Haha, who cares what people, as long as it's a man." A young man of the Xuanwu Clan laughed along.

Huo Baiyu clenched her fists tightly, a strong wave of killing intent burst forth in her eyes.

"You can humiliate me, but you cannot humiliate my Master."

After saying this, Huo Baiyu's figure suddenly shot forward.

She thrust her sword towards Sun Mei'er.

Sun Mei'er's eyes widened in shock and immediately retreated to dodge.

"Psst!"

Although Sun Mei'er evaded the vital point in time,

the sword Qi from Huo Baiyu's strike still grazed her cheek, leaving a sword scar.

Blood trickled down her face.

"You dare to hurt me?" Sun Mei'er was immediately furious, her gaze at Huo Baiyu filled with intense anger.

"Mei'er, are you alright?" Huo Qing stepped forward to ask.

"Smack!" Sun Mei'er slapped Huo Qing across the face.

"Hmph, didn't you say she was only at the Early Stage Demon King? She's clearly at the Demon Sovereign level." Sun Mei'er said angrily.

Demon Sovereign?

A look of surprise flashed across Huo Qing's face.

He then turned to Huo Baiyu and asked, "Did you break through to the Demon Sovereign Realm?"

"That's right, I've indeed reached the Demon Sovereign Realm. Now, just like you, I'm at the Early-stage Demon Sovereign Level." Huo Baiyu said coldly.

"It seems that after entering the Ancient Divine Prohibition, you've gained quite a fortune." Huo Qing said coldly, a greedy look in his eyes.

For Huo Baiyu to leap from the Early Stage Demon King to the Early-stage Demon Sovereign, such an opportunity was extraordinary.

"What? Are you trying to steal it?" Huo Baiyu asked coldly.

She could now clearly see Huo Qing's true face.

Now, seeing Huo Qing only made her feel disgusted.

"Steal? I was the one who told you about the opportunity. I'm just taking back what's mine." Huo Qing said with a sinister look.

The next moment, he charged directly at Huo Baiyu.

Huo Qing also had an Early-stage Demon Sovereign Level cultivation.

However, he had been beyond the Early-stage Demon Sovereign for a long time and was close to the Mid-stage Demon Sovereign.

In his view, even if Huo Baiyu obtained opportunities, she couldn't become very strong in a short time.

Thus, this time when he struck, he did so with a mindset to kill.

As he thrust his spear, he directly activated his Law Manifestation Rule.

With one thrust, it was as if a hundred spears stabbed together.

Each long spear emitted extremely powerful Water Attribute Law Waves.

Huo Baiyu was also taken aback.

She didn't expect Huo Qing to immediately attack so viciously.

At this moment, her anger reached its peak.

"Seeking death!"

Huo Baiyu wielded her long sword, thrusting it forward.

Immediately, a Tornado Sword Qi burst forth from the sword.

Finally, the sword Qi converged into a single point.

Huo Baiyu's thrust landed on the tip of Huo Qing's spear.

"Ding!"

The next moment, the hundreds of Water-shaped Spears condensed by Huo Qing shattered instantly.

Even the top-grade Immortal Artifact spear in Huo Qing's hand turned into dust in an instant.

"What?" Huo Qing's expression changed immediately.

But before long, a terrifying force struck his chest.

"Puff!"

Huo Qing spewed blood wildly, and his body was flung backward.

He crashed directly into the distant mountain wall.

"How could this be?" Huo Qing clutched his chest, his face revealing an extremely surprised expression.

How could he be defeated by Huo Baiyu?

"Trash!"

Sun Mei'er and the others said with a face full of disgust.

Huo Qing's face instantly darkened to the extreme.

His gaze towards Huo Baiyu was now filled with endless killing intent.

"You dare to hurt me? Huo Baiyu, do you know what you're doing? Doing this will only make me dislike you more. Weren't you in love with me? Then hand over the opportunities you obtained." Huo Qing said to Huo Baiyu.

Huo Baiyu shook her head, her face full of self-mocking sneers.

This Huo Qing was indeed shameless to the extreme.

"You made people try to kill me, did those things to me, do you think I care if you dislike me? Do you really think I love you to the point of madness? Huo Qing, you overestimate yourself." Huo Baiyu said proudly.

In that moment, she truly let go inside.

She only now realized, Huo Qing was never worthy of her.

Huo Qing's face turned an extreme shade of dark blue.

Sun Mei'er beside him also sneered, "Huo Qing, it seems she never even thought highly of you. No wonder she'd look for another man outside. If you were picked over by others, why would I want you? I, Sun Mei'er, would never fall to picking up trash."

Upon hearing this, Huo Qing's face turned completely black.

His gaze towards Huo Baiyu was now filled with endless killing intent.

He had worked hard to gain Sun Mei'er's favor.

Now everything had been in vain, how could he be willing?

"Huo Baiyu, you forced me. I'll show you how strong I really am." Huo Qing shouted.

The next moment, a powerful Power of Water Attribute Laws burst forth from him.

"Buzz!"

The Water Attribute Laws condensed, forming an enormous water snake.

The water snake hissed, charging towards Huo Baiyu.

Looking at the giant water snake before her, Huo Baiyu's gaze was filled with utter disdain.

She wielded her sword that burst into action, striking out.

In an instant,

the water snake was cleaved in half, along with Huo Qing himself.

"No... impossible..." Huo Qing said in disbelief.

Huo Baiyu's eyes remained unperturbed, coldly saying, "Not worth a blow."

"Puff!"

At those words, Huo Qing's body exploded into two halves, falling away.

He never would have dreamed he'd die by Huo Baiyu's hands.

Looking at the corpse on the ground, Huo Baiyu's gaze was icy, but she felt a sense of liberation inside.

"Trash!"

Sun Mei'er looked at Huo Qing's fallen corpse and couldn't help but curse.

No grief was in her eyes, only a trace of disdain.

"As expected, the Snake Clan is unreliable; Miss, someone like that is unworthy of you." A young man of the Xuanwu Clan said.

"Certainly, the one worthy of this Miss must be someone with supreme strength and unparalleled talent. This Huo Qing was just a plaything to me, did he really think I'd marry him?" Sun Mei'er sneered.

"Miss, what about them?" a young man of the Xuanwu Clan asked.

"Naturally kill them. Although I don't like Huo Qing, he was still a dog of mine, not for anyone else to kill. Moreover, she damaged my face." Sun Mei'er's eyes flashed with a bit of malice.

"Alright, I'll kill her for Miss right now." said the young man of the Xuanwu Clan.

Then he stepped forward directly.

His cultivation was at the Mid-stage Demon Sovereign.
