

Divine King 1731

Chapter 1731: Battle Against Sun Mei'er

The Xuanwu Clan youth stepped out, looking at Huo Baiyu with a hint of disdain.

Even though Huo Baiyu killed Huo Qing, in his eyes, she was merely a slightly formidable Early-stage Demon Sovereign.

So he was confident that killing Huo Baiyu was an easy task.

"Can you handle it? Do you want me to step in?" Xu Nian asked with a smile.

"No need. Such trash isn't worthy of dirtying my Master's hands," Huo Baiyu said with extreme arrogance.

Then she directly charged towards the Xuanwu youth to kill him.

At this moment, Xu Nian sensed an unprecedented dominion emanating from Huo Baiyu.

A slight smile appeared on Xu Nian's face.

It seems that Huo Baiyu has truly grown a lot from this experience.

"Courting death!"

The Xuanwu Clan youth was furious.

This damned Snake Clan woman actually called him trash?

This was intolerable for him.

In the next moment, this mid-stage Demon Sovereign of the Xuanwu Clan instantly activated the Earth Attribute Law and threw a punch, carrying with it the powerful True Intent of the Law.

This punch carried the force of a mountain collapse and ground shatter.

"Sun Hao's Mountain Collapse Law has already reached the stage of True Intent, coupled with his cultivation being a level higher than this woman's, this battle is almost without suspense," one of the Xuanwu Clan youths laughed as he said.

"Indeed, there is no suspense. How could my Xuanwu Clan youth lose to a Snake Clan woman?" another Xuanwu Clan Elder said.

"I really detest this woman. Ruin her appearance for me, then abolish her cultivation and leave her here. I want her to seek life in vain and be unable to die," Sun Mei'er said with a face full of hatred.

"Haha, don't worry, Miss. I guarantee to make her life unbearable," the Xuanwu Clan youth who threw the punch laughed heartily.

In his view, with this punch, this Snake Clan woman would surely be severely injured.

"Buzz!"

However, in the next moment, an extremely sharp Sword Radiance instantly attacked.

It directly pierced through the Xuanwu Clan youth's Fist Formation and stabbed into the Xuanwu Clan youth's abdomen.

"No... impossible."

The Xuanwu Clan youth's body stiffened, a face full of disbelief.

However, the intense pain from the depths of his soul made him realize that all of this was real.

This woman's sword had already reached the stage of the Law Heart.

"The one dying is you."

Huo Baiyu directly withdrew her sword and kicked the Xuanwu Clan youth's face.

In the next moment, the Xuanwu Clan youth swiftly plummeted into the lake below.

Obviously, this Xuanwu Clan youth was already dead.

The sword Huo Baiyu used earlier had already pierced through the Xuanwu Clan youth's Demon Embryo.

If someone were to investigate the Xuanwu Clan youth's abdomen, they would surely find a shallow sword mark on the Xuanwu Clan youth's Immortal Embryo.

This was the Swordsmanship Huo Baiyu comprehended after reaching the Extreme Point Penetration Law.

The Wind Feather Sword.

Just like the previous Tornado Blade, both were Swordsmanshipes that Huo Baiyu had realized on her own.

Xu Nian also gave a nod of approval at this.

Huo Baiyu's comprehension is very strong, especially after consuming the White Pine Divine Fruit.

"It seems your Xuanwu Clan is nothing much, and you are nothing much as well," Huo Baiyu turned her head towards Sun Mei'er and said coldly.

Sun Mei'er instantly flew into a rage.

This damned Snake Woman dared to mock her.

"I will personally butcher you," Sun Mei'er shouted angrily.

The late-stage Demon Sovereign level cultivation erupted instantly.

There's no denying that Sun Mei'er is truly the Heavenly Pride Girl of the Xuanwu Clan, her cultivation had already reached the late-stage Demon Sovereign level.

Such power truly made her a top-tier existence among the younger generation of the Xuanwu Clan.

So now that Sun Mei'er was erupting, it was evident that she was already filled with Killing Intent.

"You're not worthy."

Yet Huo Baiyu still had a calm expression, showing no hint of fear even in the face of late-stage Demon Sovereign level oppression.

"You're courting death!" Sun Mei'er was already enraged to an uncontrollable degree.

She had to personally kill this person to vent the anger in her heart.

"Miss? How about letting me do it?" the early-stage Demon Emperor elder suggested.

He was specifically tasked with guarding Sun Mei'er.

He hadn't spoken previously, but now seeing Sun Mei'er want to personally take action, he finally intervened.

"No need. I must kill her myself. I want her to understand that she is worth nothing in front of me, Sun Mei'er," Sun Mei'er said angrily.

In terms of Bloodline, she was the Heavenly Pride Girl of the Xuanwu Clan.

With fifty percent of the Xuanwu Clan's Netherworld Xuanwu Bloodline.

How could she be afraid of a mere Snake Clan?

One must know, the Xuanwu Clan in Ancient Times was not inferior to the Dragon Clan.

And what is the Snake Clan?

Merely crawling insects.

Sun Mei'er's eyes were filled with intense disdain.

She wanted to cut Huo Baiyu into eighteen pieces.

"In fact, you think you're more noble than me, but you're not even close, Huo Qing liked you merely because of your status in the Xuanwu Clan, for his own ambitions, not in terms of appearance, you're inferior to me, in terms of charm, you're inferior to me, in terms of talent, you're still inferior to me, but in terms of being seductive, you're indeed above me," Huo Baiyu sneered.

Her tone was filled with endless arrogance.

At this moment, Huo Baiyu, displayed a strong language ability.

Even Xu Nian had to admire Huo Baiyu's skill in verbal sparring.

"I will tear you to pieces!"

Sun Mei'er was now infuriated beyond measure.

This Huo Baiyu dared to say her appearance, charm, and talent were inferior.

And even called her seductive?

How could she endure this?

"Boom!"

The next moment, Sun Mei'er took action, a black long whip appeared in her hand.

The long whip was swung with mighty Dark Law.

Netherworld Poison Stinger!

Once struck by this long whip, one would definitely die instantly from the poison.

Xu Nian furrowed his brow.

This Sun Mei'er actually comprehended the Law of Dark Poison.

This type of Dark Poison grows more potent with the strength of the Law.

Even allowing the Dark Poison to bypass the skin and directly invade the body through the force of Demon Essence.

It can be said that Huo Baiyu is in extreme danger.

Of course, Huo Baiyu was not one to be trifled with either. She instantly reacted, her figure turned into a shadow.

She directly avoided Sun Mei'er's whip, then stepped in void, rushing towards Sun Mei'er.

The long whip weapon, once approached at close range, becomes hard to defend with.

"Buzz!"

Huo Baiyu's sword was sharp to the extreme.

Tornado Blade.

Carrying with it an extremely sharp aura, it directly aimed for Sun Mei'er's abdomen.

"Hmph, do you really think the defense of my Xuanwu Clan is that frail?" Sun Mei'er sneered.

A defense shield akin to a turtle shell rapidly formed in front of her.

"Buzz!"

Huo Baiyu's sword struck the defense shield but did not pierce through.

"Hmph, you're dead."

Sun Mei'er snorted coldly.

She slapped her palm on the shield.

In the next moment, the longsword from Huo Baiyu that was stuck on the shield shattered into pieces.

At the same time, the shield hurled towards Huo Baiyu with a crash.

Carrying with it a terrifying wave of Dark Law.

This attack, whether received or avoided, was death for Huo Baiyu.

Because the Dark Poison contained within the turtle shell could instantly invade Huo Baiyu's body through her Demon Essence.

So this attack spelled certain death for Huo Baiyu.

Even Huo Baiyu was startled.

She instinctively felt a strong sense of crisis.

At this moment, she made a decision.

...

Chapter 1732: Huo Baiyu's Vow

Seeing the shield about to strike Huo Baiyu's expression, Huo Baiyu's eyes suddenly turned sharp.

"Limit Blade!"

Huo Baiyu's figure directly transformed into an incredibly sharp sword.

The law furnace within instantly ignited.

The power of laws and the demon essence within directly merged together.

"Puchi!"

Huo Baiyu's figure transformed into a sword, piercing through the turtle shell shield, and simultaneously piercing through Sun Mei'er.

However, Sun Mei'er made a timely defense, so Huo Baiyu's sword did not harm Sun Mei'er's immortal embryo.

It only pierced through the latter's dantian.

"Pu!"

Sun Mei'er immediately spat out a mouthful of blood, the demon essence within her frantically escaping.

The rampaging demon essence wreaked havoc within her body, causing severe damage to Sun Mei'er's meridians.

It'd likely be difficult to repair soon.

"Damn it!"

Sun Mei'er looked at Huo Baiyu in the distance, her eyes bursting with intense killing intent.

This damn guy, capable of unleashing such a powerful sword.

Even piercing through her turtle shell shield.

Xu Nian was also a bit surprised.

He didn't expect Huo Baiyu to have comprehended such a move.

Just now, Huo Baiyu transformed into a sword in an instant, the sword qi instantly concentrated to the extreme.

Directly exerting the Extreme Point Penetration Law to its fullest.

The sharpness reached a new height.

Thus, Huo Baiyu was able to pierce that low-grade divine artifact-level defense.

"Looks like it's you who will die after all." Huo Baiyu snorted coldly.

After speaking, he once again activated the law furnace, his figure transforming into an extremely sharp sword again.

This time, Huo Baiyu aimed directly at Sun Mei'er's demon embryo.

His speed so swift, transforming into a rapid beam of light.

Sun Mei'er, from afar, immediately changed her expression.

This sword was destined to be unavoidable, and indefensible.

But she didn't want to die here.

"Save me!" Sun Mei'er immediately shouted.

"Courting death!"

That Xuanwu Clan demon emperor-level expert immediately roared.

Then directly swept out, attacking Sun Mei'er.

This Xuanwu Clan demon emperor-level expert directly slapped at the sword-formed Sun Mei'er, seemingly intending to kill her directly.

Seeing this, Sun Mei'er was immediately overjoyed.

In her view, if Elder Sun took action, Huo Baiyu would surely die.

"You wretched woman, trying to kill me, humph, do you even know my status? You're the one who will die." Sun Mei'er sneered.

The other Xuanwu Clan youths also sneered.

Even if this Snake Clan woman was strong, it was no use.

In the end, it would be her who perishes.

After all, they have a demon emperor-level expert on their side.

"Humph!"

Xu Nian sneered.

His eyes instantly emitted a golden light, and the next moment, that sweeping elder was instantly pierced through the demon embryo, dying on the spot.

"What?"

The Xuanwu Clan was instantly shocked.

At this moment, their hearts skipped a beat.

An early-stage demon emperor, directly killed in seconds?

The opponent only used a glance?

Sun Mei'er was equally shocked.

Amazing shock in her heart.

Only now did she truly realize how terrifying the young man who had been silent in the distance was.

Yet, she couldn't afford to think much at this moment.

As Huo Baiyu, transformed into a sword, was already rushing over.

All of this happened in an instant.

Sun Mei'er immediately transformed into her true form, trying to resist with her turtle shell.

"Puchi!"

However, Huo Baiyu's sword was already sharp to the extreme.

Even if Sun Mei'er transformed into her true form, it was to no avail.

"No!"

Sun Mei'er let out an incomparably miserable scream.

She looked at the wound on her abdomen, her eyes filled with ultimate fear.

She didn't want to die yet.

"Ah..."

Sun Mei'er let out a scream, and ultimately, her massive body also fell down again.

The remaining few Xuanwu Clan youth, seeing this scene, were shocked beyond concerted measure.

At this moment, they only had one thought in mind, which was to flee.

Seeing this, Xu Nian raised his hand.

Countless golden swords appeared behind him.

"Go!"

Xu Nian waved his hand, and the golden swords shot out violently.

The next moment, the Xuanwu Clan experts were all killed on the spot by these golden swords.

Not a single one left.

The now human-shaped Huo Baiyu witnessing this scene was also endlessly shocked in his heart.

Just now, Xu Nian's glance killing an early-stage demon emperor scene she also saw.

The same early-stage demon emperor, yet her master only used a glance.

It was conceivable that her master was definitely not an ordinary early-stage demon emperor.

For a moment, strong reverence arose within Huo Baiyu's heart for Xu Nian.

This is a true powerhouse.

This is the goal she should pursue.

"Master, thank you for saving me just now." Huo Baiyu flew to Xu Nian and said.

"Why thank me? You're my disciple; how could I stand by and watch others bully you?" Xu Nian smiled.

Huo Baiyu, hearing this, her eyes instantly moistened.

"Why cry?" Xu Nian asked with a smile.

"Master, no one has ever treated me as well as you have, and I want to be by your side forever," Huo Baiyu said excitedly.

"Silly girl, from now on you're my disciple, and I will protect you, but if you want to follow me, you must work hard because I am going to ascend to the Divine World," Xu Nian laughed.

"Ascend to the Divine World?" Huo Baiyu's eyes instantly burned with intense determination.

If Xu Nian was going to ascend to the Divine World, then so would she.

She wanted to be by Xu Nian's side forever.

"Actually, I have a secret to tell you," Xu Nian said with a smile.

"What secret?" Huo Baiyu asked in surprise.

Xu Nian smiled slightly.

Then, his figure flashed, directly splitting into two.

Two identical Xu Nians appeared before Huo Baiyu.

One was Xu Nian's gold attribute avatar, while the other was his true self.

"This is..." Huo Baiyu exclaimed in surprise.

"Actually, this is my true self. My true self belongs to the Human Clan, whereas the Nine-Headed Snake Emperor you see is my avatar," Xu Nian said.

"The Nine-Headed Snake Emperor is your avatar?" Huo Baiyu was surprised.

She didn't expect her master to be a human.

"What? Having difficulty accepting it? If you can't accept it, you can leave now," Xu Nian said calmly.

Regarding his being human, Xu Nian still decided to tell Huo Baiyu.

After all, Huo Baiyu would sooner or later learn this.

If Huo Baiyu was unable to accept it in the future, wouldn't that be awkward?

So rather than letting Huo Baiyu know later, it's better to let her know now.

"Master, whether you're human or demon, you're still my master. You've saved my life, truly taught me, something many of my kind cannot compare to," Huo Baiyu said seriously.

Xu Nian hearing this, smiled widely.

"So you've decided to continue being my disciple?" Xu Nian asked.

"Yes, I, Huo Baiyu, will be Xu Nian's disciple for life, never betraying," Huo Baiyu immediately swore to the Heavenly Dao.

Hearing this, Xu Nian's face also showed a gratifying expression.

"Alright, in that case, I will take you to tread through this Snake Clan Inheritance Land," Xu Nian said with a smile.

At this moment, only at this moment, did Xu Nian truly acknowledge Huo Baiyu.

Chapter 1733: Snake Clan Leader

Sure, here's the translation:

``html

Xu Nian and Huo Baiyu flew directly towards Snake Head Mountain.

Snake Head Mountain's shape was like a giant snake coiled atop a peak, its summit like an enormous snake head with a gaping bloody mouth.

Inside the snake's mouth, there was a cave that led straight to the snake's belly.

However, the belly was extremely perilous.

Clearly, this Snake Clan relic was not easy to obtain.

"Whoosh, whoosh, whoosh!"

Just as Xu Nian and the others were about to enter the snake's belly.

Several figures flew over from afar.

"Clan Leader?"

Huo Baiyu showed a surprised expression when he saw the approaching figures.

Xu Nian also looked towards the newcomers.

The leader turned out to be a woman.

Her cultivation was not low, having reached the Demon Emperor Peak Level, though not the Demon Emperor Perfection.

The woman was coldly beautiful, dressed in a fiery red gown.

She gave off an extremely icy aura.

Behind her were four men.

Two middle-aged men, both at Demon Emperor Level.

One was mid-stage Demon Emperor, the other early-stage Demon Emperor.

Besides the two middle-aged men, there were two youths at Quasi-Devil Emperor Level.

Clearly, they were the elites of the Snake Clan.

The woman in the red dress nodded slightly at Huo Baiyu, then glanced at Xu Nian, frowning slightly.

"Baiyu, we saw the mark you left and came here promptly. Where's Huo Qing? Aren't you with him?" asked the Snake Clan Leader.

"Huo Qing, I killed him," Huo Baiyu replied.

"You killed him?" The five Snake Clan members were visibly shocked.

Clearly, Huo Baiyu's words astonished them.

Especially the mid-stage Demon Emperor man, who looked at Huo Baiyu with intense anger.

"Is what you said true?" The female Snake Clan Leader asked.

"It's true," Huo Baiyu answered honestly.

"Why did you kill Qing'er?" The mid-stage Demon Emperor man questioned immediately.

Xu Nian frowned.

Could this mid-stage Demon Emperor man be related to Huo Qing?

The Snake Clan Leader also looked at Huo Baiyu with furrowed brows and asked, "Baiyu, you and Huo Qing were childhood sweethearts, and you have an engagement. Why did you kill Huo Qing?"

Upon hearing this, Huo Baiyu immediately recounted what he had experienced.

The female Snake Clan Leader's face darkened immediately.

"Impossible, Qing'er would never do such a thing. You're clearly slandering Qing'er. Tell me, didn't you have another man outside, and Qing'er caught you, so you harmed him deliberately? Was it him?" The mid-stage Demon Emperor man questioned directly.

The female Snake Clan Leader also looked at Huo Baiyu with cold eyes.

"No, no, it's not like that; he's my Master," Huo Baiyu said immediately.

"Master? Hmph, when did you get such a young Master? He's clearly a lover; give me Qing'er's life back," the mid-stage Demon Emperor man attacked Huo Baiyu immediately.

Xu Nian's face turned cold, and he was about to make a move.

"Stop!"

But before he could, the female Snake Clan Leader appeared in front of Huo Baiyu, blocking the mid-stage Demon Emperor man's attack.

"Clan Leader, why are you protecting this woman who harms her fellow clan members?" The mid-stage Demon Emperor man growled angrily.

"I'm not protecting her. Until the matter is fully investigated, no one can act hastily," the female Clan Leader said.

"What is there to investigate? She's clearly conspiring with her lover to harm Qing'er. I ask the Clan Leader to punish her according to clan rules and let her pay with her life," the mid-stage Demon Emperor man said.

"You can insult me, but don't insult my Master. If you dare to insult my Master again, I, Huo Baiyu, will never forgive you," Huo Baiyu said angrily.

"Hmph, just you? Killing you would be as easy as blowing off dust," the mid-stage Demon Emperor man sneered.

He was filled with disdain at Huo Baiyu's threats.

"Even if it costs me my life, I will make you pay the price," Huo Baiyu said angrily.

"Ridiculous; do you think you can make me pay the price? I could kill you in an instant," the mid-stage Demon Emperor man laughed coldly.

"Enough!" The Snake Clan Leader shouted angrily.

Bright and the Demon Emperor man immediately fell silent.

The Snake Clan Leader then turned to Xu Nian: "Are you really Huo Baiyu's Master? I sense a Snake Clan aura within you; are you also from the Snake Clan?"

The female Snake Clan Leader looked at Xu Nian with a touch of caution.

Xu Nian's background is not simple. Even if he truly is Huo Baiyu's Master, suddenly encountering an individual from the Snake Clan who takes Baiyu as a student could indicate ulterior motives.

"I indeed am Huo Baiyu's Master, and I am also part of the Snake Clan. If it weren't for your intervention just now, he would already be dead," Xu Nian said calmly.

He was not the slightest bit humble before the Snake Clan Leader.

This made the female Snake Clan Leader frown instinctively.

"Hmph, do you really think I, Huo Tianlei, am garbage?" The mid-stage Demon Emperor man said disdainfully.

Clearly, he thought Xu Nian was bluffing.

However, the female Snake Clan Leader did not agree with him, as she truly sensed a dangerous aura emanating from Xu Nian.

"What is your true form? Why did you choose to make Huo Baiyu your student?" the female Snake Clan Leader asked.

"My true form is the Nine-Headed Snake Emperor. As for why I took Huo Baiyu as a student, it's simply because I think she's a good seedling. If you're worried about me being detrimental to the Snake Clan, don't be. I never intended to interfere in Snake Clan matters," Xu Nian said with a light smile.

How could he not see what the female Snake Clan Leader was thinking?

"Nine-Headed Snake Emperor?" The female Snake Clan Leader was suddenly shocked.

Her expression changed strangely.

The other four Snake Clan youths also showed surprised expressions.

Xu Nian felt a bit puzzled.

"Our Clan Leader's true form is the Red Scorching Three-Headed Snake, a descendant of the legendary Divine Beast Xiang Liu. Xiang Liu itself was also part of the Nine-Headed Snake Clan, but due to bloodline gaps, our Clan Leader only possesses thirty percent of Xiang Liu's bloodline," Huo Baiyu's voice rang in Xu Nian's mind.

Xu Nian suddenly realized.

Xiang Liu and Nine Infant were both kings among the Ancient Nine-Headed Snakes.

The two were almost equally matched.

But Xu Nian hadn't expected the Snake Clan Leader to also be from the Nine-Headed Snake Clan, although the inheritance had dwindled to only three heads.

Regardless of three or nine heads, neither Xu Nian nor the others inherited Xiang Liu and Nine Infant's Nine Lives Divine Power.

Their Immortal Embryos consisted of only one, meaning they each only had one life.

"I never thought there would still be someone from the Nine-Headed Snake Clan in the Demon Realm. You must be the last remaining member of the Nine-Headed Snake Clan in the Demon Realm," the female Clan Leader said.

"I suppose so," Xu Nian replied.

"Given this, would you be willing to join our Snake Clan? I'm willing to make you the Vice Clan Leader," the female Clan Leader asked.

"Clan Leader!" The other Snake Clan members were instantly startled.

Vice Clan Leader?

What qualifications does he have?

Xu Nian, however, shook his head.

"I don't wish to join the Snake Clan. I took Huo Baiyu as a student purely because of her talent. As for being the Vice Clan Leader, I have no interest," Xu Nian declined.

The female Clan Leader furrowed her brows slightly at his reply.

She clearly hadn't expected Xu Nian to refuse.

"Since that's the case, I won't insist. You being part of the Snake Clan implies you have the right to enter the Inheritance Land. How about joining us in entering it?"

The other Snake Clan members grew anxious, seemingly wanting to say something.

But they were stopped again by the female Clan Leader.

"Alright!" Xu Nian responded with a smile.

He just so happened to want to see what kind of inheritance was inside the Snake Clan's Inheritance Land.

Chapter 1734: The Terrifying Snake Clan Holy Land

"Clan Leader, why are you bringing him into the Inheritance Land of our Snake Clan."

The mid-stage Demon Emperor level expert immediately transmitted his voice to the Snake Clan Leader asking.

"He is also part of the Snake Clan." The female clan leader responded.

The mid-stage Demon Emperor wanted to say something more.

But he didn't know what to say, as he knew that once the Clan Leader made a decision, it would not change.

Thinking this, he looked towards Huo Baiyu and Xu Nian filled with intense anger.

"Who is this person to Huo Qing?" Xu Nian likewise transmitted his voice asking.

"This person is Huo Qing's elder uncle, named Huo Tianlei, his true form is a Crack Thunder Snake." Huo Baiyu transmitted his response.

Xu Nian nodded.

He had clearly sensed a strong hostility earlier.

And this hostility was precisely directed from this mid-stage Demon Emperor expert.

Obviously, the other party did not intend to let them go.

"Be very careful of this Huo Tianlei when entering the heritage site later; try not to stray too far from me." Xu Nian transmitted his voice saying.

"Yes, Master." Huo Baiyu's heart instantly warmed.

Having Xu Nian with her made her fearless.

Xu Nian gave her a great sense of security.

"Let's go inside," the female clan leader spoke.

The next moment, they proceeded together along the cave, heading inward.

The Snake Clan Demon Emperor and the Snake Clan youth walked ahead.

While Xu Nian and Huo Baiyu followed at the back.

They quickly arrived at a spacious palace.

Within this palace, on the four walls and the ceiling above, were carved statues of the Snake Clan.

These snake types were diverse, amounting to thousands.

Among them, only two giant snake reliefs were in the air of the hall.

These two giant snakes both had nine heads.

Yes, one was Xiang Liu, and the other was Nine Infant.

The snake heads on the reliefs on the other four walls all faced these two giant snakes.

As if worshipping these two giant snakes.

This clearly showed the status of Xiang Liu and Nine Infant within the Snake Clan.

The female clan leader and others were full of emotion.

These Snake Clan reliefs, were almost like a comprehensive engraving of all their Snake Clan types here.

"These Snake Clan statues have been here for an unknown number of years, many types of Snake Clan experts are already extinct." The female clan leader spoke.

The other members of the Snake Clan nodded, their eyes carrying a touch of sadness.

Back then, their Snake Clan was also a powerful Demon Clan.

But now, it had declined like this.

Xu Nian felt not much about this, as he himself was not a true member of the Snake Clan.

Yet his gaze always stayed on the Nine Infant relief.

On the Nine Infant Snake Clan relief, Xu Nian felt a resonance from his bloodline.

Obviously, these reliefs were stained with the blood of the Snake Clan.

Thus creating such a resonance.

"This palace should still be located in the throat of Snake Head Mountain, not sure how to get into the interior." A Snake Clan youth spoke.

Xu Nian and others glanced around, not finding any passage entrance.

Evidently, this palace wasn't the real Inheritance Land, it should be considered a sort of trial checkpoint.

"Everyone be careful, there might be traps here." The female clan leader spoke.

Xu Nian also vigilantly looked around.

This palace indeed carried a sense of strangeness.

Earlier, when he used his soul to probe, the mysterious power seemed to come from this palace.

But now that mysterious power seemed to have disappeared.

This made Xu Nian somewhat puzzled.

"Buzz!"

Just as Xu Nian and others were confused.

At the center of this palace, suddenly lit up with an array pattern.

The array pattern extended, almost spreading through the entire palace.

Eventually, these array patterns gathered at the center of the two giant snakes.

There, a stone sphere appeared.

The stone sphere was covered with extremely strange patterns.

"Buzz!"

A golden light shot out.

Words appeared.

"With the blood of Nine Infant and Liu Xiang, can the Inheritance Sacred Land be opened." A Snake Clan youth muttered.

Hearing this, the entire place was shocked.

This Inheritance Hall actually required the blood of Nine Infant and Liu Xiang to appear simultaneously to open?

No wonder for millions of years, no one was able to open this Inheritance Hall.

Whether Liu Xiang or Nine Infant's descendants are extremely rare.

Not to mention finding two descendants with such bloodlines simultaneously to come and open this Inheritance Hall.

This checkpoint alone was enough to keep outsiders and a significant part of the Snake Clan out of the Inheritance Sacred Hall.

The female clan leader was also surprised.

Then she looked toward Xu Nian.

Could this be destiny?

If Xu Nian hadn't appeared, even coming to the Holy Land would make it impossible to open it.

But coincidentally, Xu Nian, a Snake Clan youth with Nine Infant bloodline, appeared here.

Xu Nian was also somewhat amazed.

It turned out that opening the Snake Clan inheritance required such conditions.

So if it weren't for the Snake Clan Leader, relying solely on himself, he couldn't open the Snake Clan Hall.

"I'm asking Mr. Xu for assistance." The Snake Clan female clan leader said looking at Xu Nian.

"Naturally!" Xu Nian unhesitatingly directly cut his finger, squeezing out a drop of blood.

And the Snake Clan female clan leader did the same.

Then, after their blood was squeezed out, it didn't fall to the ground.

Instead, it was attracted by the stone sphere, slowly rising into the air, finally merging into the stone sphere.

Xu Nian watched this scene, his gaze was extremely surprising.

As the two drops of bloodline merged into the stone sphere, the stone sphere emitted a strong light.

This stone sphere suddenly shattered, revealing its true form.

It turned out the stone sphere was not a stone but an ancient bronze Divine Artifact.

This Divine Artifact was also spherical, but had densely packed holes above.

"Ten Thousand Destruction God Slaying Needle?" The female clan leader was shocked.

Ten Thousand Destruction God Slaying Needle?

Xu Nian was also somewhat astonished.

He had seen this name in an ancient artifact refining text.

It was an extremely powerful mid-grade Divine Artifact.

This Divine Artifact could instantly unleash extremely terrifying fine needles, blasting out ten thousand needles in an instant.

These fine needles contained law power and terrifying rune-powered energy needles.

Capable of piercing defense below any top-grade Divine Artifact level.

Capable of instantly annihilating Demon Emperor Peak level experts.

"Buzz!"

As the Divine Artifact fell, it didn't attack.

Instead, it landed in the center of the array pattern.

The next moment, the array pattern lit up again.

Then Xu Nian and others saw the stone slabs beneath them move.

Then a huge circular hole appeared before them.

Xu Nian and others were extremely amazed.

Unexpectedly, the entrance to the Inheritance Sacred Land was underground.

And this Ten Thousand Destruction God Slaying Needle!

If they weren't Nine Infant and Liu Xiang's descendants, then come, this Ten Thousand Destruction God Slaying Needle would likely explode.

Killing everyone present directly.

The Snake Clan members were also somewhat frightened.

Unexpectedly, the Snake Clan Holy Hall was so perilous.

Without the true bloodline of Nine Infant and Liu Xiang, whoever came would surely die!

Chapter 1735: Battle Against the Demon Emperor Perfection

Next, several people all jumped into this Holy Land.

They landed in an immense underground palace.

The palace was extraordinarily vast, resembling an underground city.

And within this palace, it was surprisingly luxurious.

The entire palace was supported by eighteen massive stone pillars, each three hundred zhang high.

Each of these stone pillars had a diameter of thirty meters.

The scene was indeed grand.

Xu Nian and the others seemed very small standing inside the great hall.

And on these pillars, there were countless Snake Clan statues entwined.

The great hall was long, like a lengthy passageway.

Deep inside, the end couldn't be seen, and what lay beyond was unknown.

Ten meters ahead of them, a man stood at this moment.

The man held a Long Spear, giving off an extremely dangerous aura.

"Buzz!"

The man suddenly opened his eyes, the gaze he cast at Xu Nian and the others was sharp beyond measure.

"This place is the forbidden land of the Snake Clan lineage. Those who trespass shall die!"

The man stamped his Long Spear on the ground, immediately emitting a terrifying pressure.

"Demon Emperor Perfection Level Expert?"

The female Clan Leader and the others showed expressions of surprise.

Xu Nian was also somewhat astonished.

This Snake Clan expert turned out to be at the Demon Emperor Perfection Level.

Could it be that he has been guarding here all along?

"Senior, we are members of the Snake Clan. We are here seeking the Snake Clan's Ancient Bloodline, so please let us pass." the female Clan Leader said.

"Since you are Snake Clan members, you must pass the trial. Without passing the trial, you are not allowed to enter the forbidden land's interior." the man said sternly.

"Trial? What trial?" a Snake Clan member asked.

"Defeat me, kill me, and then you may enter the depths of the forbidden land." the middle-aged man said sternly.

At this, everyone became surprised.

To slay this Demon Emperor Perfection Level expert?

This trial was excessively stringent.

And there's no need to kill a Demon Emperor Perfection Level expert for just a trial.

"Senior, why must such a trial be set? Can't another form of trial be implemented? To be frank, the Snake Clan no longer has any Demon Emperor Perfection Level experts; we wish to invite you back to strengthen our Snake Clan." the female Clan Leader sincerely said.

To him, such a trial was fundamentally a lose-lose situation.

Let's not talk about whether they can pass the trial; even if they did, it would be a tremendous loss for their Snake Clan.

Thus, the female Clan Leader naturally didn't wish to accept this trial.

"You needn't worry; in fact, tens of millions of years ago, I already died. Now, I'm merely a puppet crafted by special techniques, my soul is no longer complete. Once I leave this great hall, my soul will shatter. I've been here long enough, longing for you to kill me." the Snake Clan expert laughed.

His eyes were filled with intense fighting spirit.

Upon hearing this, the female Clan Leader and the others expressed regret.

Finally encountering a Demon Emperor Perfection Level Snake Clan expert, but unexpectedly he couldn't leave this great hall.

"In that case, we juniors will have to offend you." the female Clan Leader said coldly.

"Haha, I won't go easy; if I end up killing you, don't blame me." the Snake Clan man said with a cold laugh.

With that, a terrifying aura surged from him.

A terrifying Flame Law instantly surged from him.

Emitting an extremely frightening temperature.

The Snake Clan man didn't wield the Long Spear but planted it on the ground, clenched fists.

Even so, everyone felt a strong sense of oppression.

"Don't take action later, move away." Xu Nian said to Huo Baiyu beside him.

With Huo Baiyu's strength, he's fundamentally no match for this Snake Clan expert's single move.

It can be said that as soon as the other acts, he can instantly kill.

Huo Baiyu understood this deeply.

"Okay, Master, you be careful too." Huo Baiyu said to Xu Nian.

Xu Nian nodded.

He didn't plan to fight with his life.

To him, obtaining the Snake Clan's Ancient Bloodline wasn't that important.

If he could get it, that would be great.

If not, he wouldn't risk his life for such a bloodline.

Thus, in this battle, he wouldn't push forward too much.

Also retreating to a distance were two other Quasi-Devil Emperor level youths of the Snake Clan.

To them, in this battle.

They likewise did not have the qualifications to participate.

Ultimately, facing the Demon Emperor Perfection Level expert were just Xu Nian and three Snake Clan Demon Emperors.

"Hmph, kid, if you're afraid, you can refrain from taking action. In battles of this caliber, involvement might just be a path to death." Mid-stage Demon Emperor Huo Tianlei taunted Xu Nian.

"Brother Tianlei, he's not afraid to die; he's a Nine Infant Descendant; maybe he has nine lives as well." Another early-stage Demon Emperor, who had been following Huo Tianlei, laughed, mocking.

"Nine lives? Him? To truly achieve nine lives, one must condense nine Demon Embryos within; such bloodline legacy has long been severed, how could he possess it." Huo Tianlei laughed coldly.

"Haha, Nine Infant is a water and fire attribute demon beast, he's Gold Attribute, clearly his bloodline is impure. So young, daring to take on disciples; unsure if he's reached the Demon Emperor realm." the early-stage Demon Emperor mocked again.

"Demon Emperor realm? Do you really think the Demon Emperor realm is easy to reach, some people never achieve it in their lifetime." Huo Tianlei scoffed again.

"Enough!" the female Clan Leader immediately reprimanded.

Her name was Huo Tianqiu.

She has significant authority within the Snake Clan.

Thus when she spoke, the two Demon Emperor experts immediately shut up.

Huo Tianqiu turned to Xu Nian and asked, "If you find it straining, you don't have to participate in this trial; indeed, this trial is dangerous for you."

"No need, I'll see if there's an opportunity to act, if it's truly dangerous, I'll retreat." Xu Nian said with a smile.

He didn't care about the mockery from Huo Tianlei and the early-stage Demon Emperor.

To him, Huo Tianlei and the early-stage Demon Emperor were merely two noisy grasshoppers.

The reason for not quitting was because with Huo Tianqiu's strength, defeating that Demon Emperor Perfection Level expert was impossible.

However, if he joined forces with Huo Tianqiu, perhaps there might be a glimmer of hope.

As for Huo Tianlei and the other, their participation in such a battle wouldn't matter.

"Are you ready? If you are, then let's begin." the Snake Clan expert suddenly grinned.

Then he dashed directly toward Huo Tianqiu.

Instantly appearing in front of Huo Tianqiu.

"So fast!"

Huo Tianqiu was startled.

Hurriedly mobilizing the Demon Essence Power within to fend off.

"Boom!"

The Demon Emperor Perfection Level expert threw a punch.

Directly hit Huo Tianqiu's blocking arm.

"Bang!"

A violent force surged from Huo Tianqiu's arm.

And then Huo Tianqiu was directly sent flying.

Crashing into the distant hall wall, making a muffled sound.

Huo Tianlei and his companion were greatly taken aback.

The Clan Leader didn't withstand a punch from this Demon Emperor Perfection Level expert?

Chapter 1736: Huo Tianqiu's Strength

"Splurt!"

Huo Tianqiu spat out a mouthful of fresh blood, his eyes revealing a look of shock.

The power of that punch just now was simply too great.

Moreover, it had a strong burning effect.

At this moment, the snake scales on Huo Tianqiu's arm were already charred black.

These snake scales were all scorched by the terrifying flames of this Demon Emperor Peak expert.

It should be known that Huo Tianqiu himself is also a Fire Attribute Law controller.

He had a certain immunity to fire attribute laws.

However, even so, his scale armor was still scorched by the flames.

At this moment, when Huo Tianqiu looked at that Demon Emperor Perfection, his gaze also became extremely grave.

"Fire Attribute Law, Fiery Flame Burning Sky Principle," Xu Nian thought in surprise.

This Fiery Flame Burning Sky Principle can be considered the top-tier law among Second Grade Laws.

In addition, this Demon Emperor Perfection Level expert's mastery over the law had reached an incredibly powerful stage.

So the power of the flames was naturally terrifying.

Even Huo Baiyu and the others showed astonishment.

They didn't expect this Demon Emperor Perfection Level expert to be so strong.

As a result, this first test might really be beyond their ability to pass.

Huo Tianlei and that Early-stage Demon Emperor youth were also extremely shocked.

They looked at that Demon Emperor Perfection Level expert with vigilance,

fearing that he would suddenly attack them.

After all, if that punch had hit them, even if they didn't die, they would end up severely injured.

"I haven't stretched my muscles for a long time. I thought I could have a good fight, but I didn't expect you all to be so weak," the Demon Emperor Perfection Level expert said, shaking his head.

Clearly, he was very disappointed with Xu Nian and the others.

"Senior, let's go again!"

At this moment, Huo Tianqiu's figure darted out again.

This time, she also stirred up her own flame law.

A total of eight Law Discs appeared behind her.

The terrifying fire instantly formed a powerful storm.

"It's actually the Flame Storm Law," Xu Nian was somewhat surprised.

This Flame Storm is also a Second Grade Fire Attribute Law with extremely strong power.

"Good!"

The Demon Emperor Perfection Level expert immediately struck out with a punch.

Two terrifying fiery fists collided directly.

"Boom!"

A deafening explosion sounded.

Both of them were shaken back.

However, Huo Tianqiu was blown back thirty feet, while the Demon Emperor Perfection Level expert only retreated five steps.

"Splurt!"

Huo Tianqiu spat out another mouthful of fresh blood.

Her entire arm was already scorched black by the flames.

"Haha, refreshing, but the power is still lacking," the Demon Emperor Perfection Level expert said.

Huo Tianqiu's expression was grave, not expecting the Demon Emperor Perfection Level expert to be so strong.

Her Eighth Level Realms Great Achievement Realm was ultimately no match for the Law Perfection Level.

Huo Tianlei and that Early-stage Demon Emperor expert were also extremely shocked.

They didn't expect even their clan leader to lose.

Xu Nian, however, was not too surprised.

How could a Demon Emperor Perfection Level expert be easily defeated? That would not make them a Demon Emperor Perfection Level expert.

"All of you come at me together," the Demon Emperor Perfection Level expert said.

"Together!" Huo Tianqiu immediately shouted.

In the next moment, a long sword appeared directly in her hand.

With one slash, it was like a flame tearing apart the grand hall.

That Early-stage Demon Emperor and Huo Tianlei did not hold back either.

They each activated their own laws.

The Early-stage Demon Emperor expert used the Wind Attribute Law, holding a great bow, and shot out an arrow directly.

On the other side, Huo Tianlei pulled out a terrifying Heavenly Thunder.

He punched towards the Demon Emperor Perfection Level expert.

The fist transformed into terrifying thunder and also lashed out.

The three attacks blasted towards the Demon Emperor Perfection Level expert together.

However, Xu Nian did not intervene.

"Is this all the strength you have?" the Demon Emperor Perfection Level expert sneered.

He struck out a punch.

All three attacks were shattered directly.

The terrifying energy wave exploded instantly.

The three of Huo Baiyu were directly knocked to the ground.

Huo Tianlei and the others were also pushed back several steps.

Even Huo Tianqiu had to use Mixed Element Demon Power to resist this terrifying energy wave.

"You only have this much strength, I'll deal with you two first," the Demon Emperor Perfection Level expert sneered.

In the next moment, his figure dashed towards that Early-stage Demon Emperor expert.

The Early-stage Demon Emperor expert was startled and hastily tried to draw his bow and shoot again.

However, the speed of the Demon Emperor Perfection Level expert was too fast, appearing in front of him in the blink of an eye.

He punched him in the chest.

"Bang!"

The Early-stage Demon Emperor expert was immediately slammed into the ground.

A huge pit was directly smashed into the incomparably hard floor.

Although the Early-stage Demon Emperor expert didn't die, he couldn't move for the time being.

Huo Tianlei was extremely shocked when he saw this scene.

"Your turn," the Demon Emperor Perfection Level expert said directly.

Upon hearing this, Huo Tianlei immediately used his strongest move.

Terrifying Thunderclap Power burst forth from his body.

This Thunderclap Power transformed into a giant thunder snake, rushing towards the Demon Emperor Perfection Level expert.

"Petty tricks!"

However, facing that terrifying thunder snake, the Demon Emperor Perfection Level expert did not dodge.

Flames surged in his hand, transforming into a giant flame snake.

This flame snake was nearly a hundred times larger than the thunder snake.

The flame snake swallowed the thunder snake in one gulp.

The thunder snake exploded, yet only produced a muffled sound in the flame snake's belly.

"What?" Huo Tianlei was utterly shocked upon seeing this scene.

His thunder snake had no effect whatsoever.

"Roar!"

However, at this moment, the flame snake opened its jaws towards Huo Tianlei again.

It seemed as if it was going to swallow Huo Tianlei whole.

Huo Tianlei was greatly alarmed and hurriedly attempted to dodge.

Yet he found that his body was bound by a strong pressure, unable to move.

Seeing that the flame snake was about to swallow Huo Tianlei,

"Clang!"

A sword radiance flashed by.

It directly severed the flame snake.

"Clan Leader!" Huo Tianlei was overjoyed at once.

"You back off for now," Huo Tianqiu said coldly.

Upon hearing this, Huo Tianlei immediately teleported to a distance.

He appeared not far from Xu Nian.

When he saw Xu Nian standing motionless, he was a bit annoyed.

"Why aren't you joining the fight?" Huo Tianlei asked angrily.

"Didn't you say you didn't need my help?" Xu Nian replied with a smile.

Huo Tianlei was immediately infuriated.

"Humph! Are you scared then?" Huo Tianlei mocked instantly.

Xu Nian chuckled lightly.

"I feel that fighting with you guys is too much trouble," Xu Nian laughed.

"You!" Huo Tianlei was enraged.

It was clear he thought Xu Nian was bluffing.

The Early-stage Demon Emperor expert who got back on his feet also looked disdainful.

Even those two Quasi-Devil Emperor levels wore mocking expressions.

Anyone can boast.

If he really rushed in, he might be burned to ashes.

But just when they thought Xu Nian was bluffing, Xu Nian slowly flew out, standing side by side with Huo Tianqiu.

Huo Tianlei and the others were stunned.

This kid actually wants to get himself killed?

Chapter 1737: Xu Nian Takes Action

"Uh, you'd better step back; this level of battle isn't suitable for you."

Huo Tianqiu saw that Xu Nian was really intending to make a move and immediately frowned and said.

"If I don't step in, do you have the confidence to defeat him?" Xu Nian countered.

"No." Huo Tianqiu shook her head directly.

"Since that's the case, why not let me join forces with you?" Xu Nian continued to ask.

Huo Tianqiu seemed to want to say something but swallowed her words.

This level of battle, without sufficient strength, participating would be of no use.

Just like Huo Tianlei and the others, they are of no use at all.

Xu Nian smiled, knowing that Huo Tianqiu thought he would be of no help, which is why she had such an expression.

Once the fight started, she would naturally understand.

"Nine-Headed Snake Emperor, Nine Infant Bloodline, kid, it seems your bloodline purity is quite high."
The Demon Emperor Perfection Level expert from the Snake Clan looked at Xu Nian in surprise and said.

"Senior, you overpraise me. Next, let me and her experience your strength together." Xu Nian said seriously.

"Alright, but you should think it over; lacking strength might cost you your life." The Demon Emperor Perfection Level expert from the Snake Clan said.

"I am well aware of my limitations." Xu Nian said neither humbly nor arrogantly.

"Very well, then let's begin." The expert from the Snake Clan said directly, looking at Xu Nian with some admiration.

"Self-awareness? What a joke. When you're killed later, let's see if you can still say such things." Huo Tianlei sneered disdainfully.

The Early-stage Demon Emperor expert also wore a disdainful look.

Clearly, they thought Xu Nian's strength wasn't up to much.

The two Quasi-Devil Emperor Level experts from the Snake Clan also sneered, clearly not believing Xu Nian had the qualifications to contend with a Demon Emperor Perfection Level expert.

Even though Huo Baiyu had confidence in Xu Nian,

after all, the opponent was a Demon Emperor Perfection Level expert, and her master was only an Early-stage Demon Emperor.

The gap between the two was indeed significant, so she still had a trace of worry on her face.

"Take this!"

The Demon Emperor Perfection Level expert from the Snake Clan struck directly.

The figure appeared instantly in front of Xu Nian, throwing a punch with terrifying fire fluctuations.

The power was extremely terrifying.

Xu Nian didn't dodge in the slightest.

Laws within surged, and the Law Disc appeared directly behind him.

Golden laws surged.

Xu Nian also threw a punch, seemingly intending to meet the Demon Emperor Perfection Level expert's punch head-on.

"Heh, just a single Law Disc." Huo Tianlei immediately showed a disdainful expression.

Turns out he's just an initial Devil Emperor level guy, with some power among the younger generation.

But against a Demon Emperor Perfection Level expert, it's not even enough to fill the gaps between the teeth.

"I thought he was strong, but he's just about the same as me." The Early-stage Demon Emperor expert also said disdainfully.

Daring to meet a Demon Emperor Perfection Level expert's punch, isn't he courting death?

He seemed to have already seen Xu Nian's arm shatter and him dying miserably from serious injuries.

Huo Tianqiu also frowned.

Though Xu Nian reaching Early-stage Demon Emperor surprised her,

expecting to withstand a Demon Emperor Perfection Level with an Early-stage Demon Emperor level was indeed too arrogant.

"Boom!"

Yet at that moment, their fists collided directly.

The powerful energies of gold and fire instantly clashed together.

Xu Nian was instantly sent flying.

He retreated thirty zhang before dissipating the force on him.

However, everyone was surprised because they found that the Demon Emperor Perfection Level expert also retreated ten steps.

These ten steps seemed inconceivable to everyone present.

After all, even Huo Tianqiu couldn't do this.

"Impossible, how could he withstand a Demon Emperor Perfection Level expert's punch without a scratch?" Huo Tianlei said in shock.

The Early-stage Demon Emperor expert was equally unbelieving.

Huo Tianqiu was also very surprised.

To push back a Demon Emperor Perfection Level expert ten steps, even she couldn't easily accomplish this.

"Oh, what strong fist force, kid, your physical strength is impressive; the body's toughness is comparable to a mid-grade divine artifact, and to withstand my punch without injury." The Demon Emperor Perfection Level expert showed a look of surprise.

At that moment, Xu Nian stood upright, and the golden dragon scales on his arm, except for a slight burn, were basically unharmed.

And these slight burns could recover in an instant.

"Senior's strength is indeed strong, especially the mastery over the fire attribute, reaching a divine transformation level, and that punch even had a soul attack effect," Xu Nian said with a smile.

At the moment of the punch collision, Xu Nian felt a terrifying flame energy trying to invade his body.

Moreover, there was an extremely subtle thread of flame attempting to penetrate his soul, incredibly undetectable.

Once these flame threads gathered to a certain extent,

they could instantly annihilate the opponent's soul without a trace.

"Haha, didn't expect you to notice this; yes, this is my deadly move; many Demon Emperor experts have died under this move. For example, this girl here, if you fight me three more times, my flames could completely consume your soul," the Demon Emperor Perfection Level expert laughed.

The appreciation for Xu Nian grew stronger.

Seeing this, Huo Tianqiu's expression changed drastically.

She quickly examined her own soul.

She was horrified to find three extremely subtle flames wandering within her soul origin.

Once these soul threads converged, or a few more threads were added, she would indeed be reduced to ashes.

Huo Tianqiu immediately expelled the flames from her soul origin.

If not for Xu Nian, she might not even know how she died in a little while.

For a moment, her gaze toward Xu Nian turned grateful.

It was not until this moment that she realized that she had underestimated Xu Nian.

This young man before her, although only possessing the cultivation of an Early-stage Demon Emperor,

his strength was definitely not that of an ordinary Early-stage Demon Emperor.

"Shall we join forces?" Huo Tianqiu turned her head to look at Xu Nian and asked.

"Alright, you take the lead, I'll assist," Xu Nian said.

"Good!" Huo Tianqiu agreed immediately.

In the next moment, she activated her flame law and engaged in battle with the Demon Emperor Perfection Level expert.

Xu Nian certainly didn't remain idle.

Every time Huo Tianqiu was about to fall into a disadvantage,

he would strike decisively, a gold attribute divine sword condensing in hand, cosmic sword intent flaring.

Catching the Demon Emperor Perfection Level expert off guard.

For a time, under the joint attack of Xu Nian and Huo Tianqiu, the Demon Emperor Perfection Level expert was completely restrained.

Everyone around showed expressions of shock at this scene.

That Xu Nian was so strong.

The faces of Huo Tianlei and the others became extremely unsightly, only realizing at this moment that Xu Nian was much stronger than they were.

Killing them would be as easy as turning over his hand!

Chapter 1738: Astonishing Power

"Boom!"

Huo Tianqiu's sword radiance clashed again with the Demon Emperor Perfection level's fist, creating a deafening sound.

Huo Tianqiu's sword radiance attack ultimately had no effect.

"Boom!"

At that moment, Xu Nian struck decisively.

He directly swung his sword.

Seizing the moment when the Demon Emperor Perfection level expert hadn't had time to withdraw, Xu Nian's sword had already reached him.

The Demon Emperor Perfection level expert was obviously surprised.

He didn't expect Xu Nian and Huo Tianqiu's cooperation to be so seamless, catching him right after his attack.

"Clang!"

But the Demon Emperor Perfection level expert was no slouch either.

His arm instantly showed snake scales.

He grabbed Xu Nian's golden elemental long sword.

"Boom!"

The Demon Emperor Perfection level expert crushed it instantly.

Everyone around was utterly amazed.

They didn't expect this Demon Emperor Perfection level expert to crush Xu Nian's Elemental Sword.

"Kid, your strength is good, but it's a pity your laws are too weak." The Demon Emperor Perfection level expert smiled.

"Is it?" Xu Nian suddenly showed a slight smile.

In the next moment, his figure transformed into golden shards.

"Pshhh!"

The golden shards pierced through the Demon Emperor Perfection level expert's body.

Blood mist erupted from the Demon Emperor Perfection level expert.

"Hiss!"

Everyone around gasped.

Even Huo Tianqiu was startled.

Did he win?

So Xu Nian's previous sword wasn't his real killer move; his true intent was to attack with golden shards?

The Demon Emperor Perfection level expert was utterly astonished.

Looking at the holes in his body, his eyes showed a hint of horror.

An Early-stage Demon Emperor, able to injure him?

If not for protecting his Dantian with powerful mixed element demon power at that moment, he would've been killed.

"So strong, Xu Nian's power is actually this strong, and that move was impossible to defend against," the Early-stage Demon Emperor expert couldn't help but say.

That move would have killed him without question.

Huo Tianlei remained silent, as he had to admit Xu Nian's move was too bizarre.

In his place, he would also undoubtedly die.

Huo Baiyu was equally astonished.

Is this his master?

An Early-stage Demon Emperor able to injure a Demon Emperor Perfection level?

If his master reached Demon Emperor Perfection, how terrifying would that be?

At this moment, Huo Baiyu felt intense admiration for Xu Nian.

"The Demon Emperor Perfection level is indeed powerful, reacting so terrifyingly fast, I was less than a second away, and golden stream was executed, even a Demon Emperor Peak expert might not have been able to react, yet he directly protected his Dantian?" Xu Nian's figure reformed, with a look of surprise on his face.

He originally thought this move would let him sneak attack to solve the Demon Emperor Perfection level expert.

Now it seems the sneak attack is ineffective.

"Buzz!"

The wound on the Demon Emperor Perfection level expert healed quickly.

His figure flickered and appeared behind Xu Nian.

In the next moment, he directly punched towards Xu Nian.

"Kid, take one of my punches."

The punch unleashed a terrifying flame pressure that instantly compressed.

It completely bound Xu Nian in place.

Unable to do anything but let the punch hit him.

Xu Nian was shocked inside; this is surely Law Perfection level pressure.

This sense of pressure is simply too strong.

That's why his whole body was bound.

In the distance, Huo Tianqiu was also taken aback, wanting to help, but it was too late.

Watching helplessly as Xu Nian was about to be hit by the punch.

But Xu Nian's lips suddenly curved into a light smile.

"Boom!"

The Demon Emperor Perfection level expert's punch hit Xu Nian.

In the next moment, Xu Nian's entire body exploded instantly into countless golden shards.

"Huh? A clone?"

The Demon Emperor Perfection level expert paused.

Everyone around had thought Xu Nian would be brutally killed by this punch, but unexpectedly, it was just a clone.

Could it be from the start Xu Nian had foreseen the Demon Emperor Perfection level expert would attack him?

"Buzz!"

At that moment, an extremely terrifying golden circle shot from afar.

Though it seemed ordinary, it harbored an extremely dangerous aura.

"Spatial banishment?"

The Demon Emperor Perfection level expert observed with surprise.

Immediately he used mixed element demon power to resist.

Trying to intercept the Golden Exile.

However, the spatial turbulence within the Golden Exile was too strong.

Even a Demon Emperor Perfection level expert dared not be careless.

"Boom!"

In the end, the Demon Emperor Perfection level expert had to use powerful flame laws to create a terrifying explosion, breaking the Golden Exile circle.

Only then was the move neutralized.

But the explosion created by the flame laws knocked the Demon Emperor Perfection level expert flying, with a trace of blood flowing from the corner of his mouth.

Everyone around was astounded.

Xu Nian actually forced the Demon Emperor Perfection level expert to this point.

Xu Nian's real body appeared, revealing he had been hiding behind a stone pillar all along.

Seeing this, Huo Tianqiu was also incredibly surprised.

No matter if it was the previous golden meteor or the Golden Exile, even if she could block it, she'd likely be severely injured.

Was this guy really just an Early-stage Demon Emperor level?

Huo Tianlei and the Early-stage Demon Emperor expert were utterly speechless.

Huo Baiyu was filled with endless pride.

Being able to be a disciple of Xu Nian was truly heaven's greatest favor for her.

"Not bad, not bad, kid, you've shown such strength, looks like I've underestimated you, since that's the case, I'll get serious," the Demon Emperor Perfection level expert smiled.

With a wave, the divine artifact long spear flew into his hand.

Instantly, terrifying flames surged from the spear.

The Demon Emperor Perfection level expert's momentum instantly doubled.

Huo Tianqiu's brows pressed tightly.

This Demon Emperor Perfection level expert was already overwhelming with bare hands; now using a divine artifact, they had no chance of winning?

Seeing this, Xu Nian's eyes showed no fluctuation.

Everything was within his expectations.

"Buzz!"

The Top-Grade Divine Artifact Sword appeared in Xu Nian's hand.

"Buzz!"

The Demon Emperor Perfection level expert struck instantly.

His figure appeared right in front of Xu Nian.

Long spear swung up, carrying overwhelming flames and endless power, smashing fiercely towards Xu Nian.

This hit, the power was astonishing to the extreme.

Xu Nian didn't dare take it head-on.

Because the spear's power had already exceeded what he could endure.

Xu Nian transformed into a shadow, dodging the blow.

"Boom!"

The long spear hit.

The floor of the great hall shattered instantly.

The terrifying shockwave instantly sent everyone flying.

Even Xu Nian was lifted by the terrifying energy surge.

Chapter 1739: Still Have a Trump Card?

One has to admit, the power wielded by this Demon Emperor Perfection Level expert with his long spear is truly terrifying.

A single thrust is enough to shatter the stone slabs made of divine stone into such a state.

It is conceivable that such a thrust could be enough to shatter a Demon Emperor Peak Level expert to death.

Xu Nian's figure retreated, directly reaching the edge of the great hall.

However, before he could catch a breath, a flaming long spear thrust directly at him.

Xu Nian hurriedly tilted his head.

"Boom!"

The long spear pierced through the wall, instantly embedding halfway in.

Yet the terrifying heat still singed the golden snake scales on Xu Nian's face black.

"Hmph!"

The Demon Emperor Perfection Level expert did not stop there.

On the contrary, he directly grabbed the end of the spear handle and pulled fiercely in the opposite direction.

The long spear instantly bent into a large arc, whipping towards Xu Nian with ferocity.

Xu Nian immediately turned his form into golden fragments, dodging the strike.

The Demon Emperor Perfection Level expert also pulled out the long spear, aiming at Xu Nian once more.

The surrounding onlookers were all astonished at this sight.

This Demon Emperor Perfection Level expert's offensive was excessively fierce, almost relentlessly pursuing Xu Nian.

However, it was already quite impressive that Xu Nian could dodge these few attacks.

If it were them, they probably wouldn't have been able to dodge even a single strike.

Seeing the Demon Emperor Perfection Level expert attacking Xu Nian once more,

Xu Nian furrowed his brows tightly.

The offensive from this Demon Emperor Perfection Level expert was indeed too overwhelming, leaving him no chance to gather strength for a counterattack.

But at this moment, Huo Tianqiu arrived.

In her hand, the divine sword instantly split into three, shooting straight at the Demon Emperor Perfection Level expert.

Each of these three divine swords contained extremely powerful energy fluctuations.

Each one was enough to slay a Demon Emperor Peak Level expert.

The three divine swords complemented each other, their power increasing several times over.

"Hmph!"

But the Demon Emperor Perfection Level expert showed a contemptuous expression.

He swung the long spear horizontally.

In an instant, the three divine swords were directly knocked away.

Even Huo Tianqiu was sent flying by the terrifying energy waves, spitting blood, seriously injured.

"Clan Leader!"

The surrounding onlookers were shocked.

This Demon Emperor Perfection Level expert was simply too formidable.

"Buzz!"

However, just as everyone was worried about Huo Tianqiu, Xu Nian's figure transformed into a golden sharp sword, carrying boundless sharpness.

He shot directly toward the Demon Emperor Perfection Level expert.

Transform into a sword!

This was a move Xu Nian comprehended from the golden meteor.

This move was more powerful than the golden meteor, faster as well.

Its power was even more terrifying.

Because the power unleashed by this sword was entirely concentrated at one point.

One could say it was enough to threaten many Demon Emperor Peak Level experts.

At this moment, the Demon Emperor Perfection Level expert had just defended against Huo Tianqiu's attack, his inner energy not yet transitioned.

Xu Nian seized this moment to launch a full-scale attack on the Demon Emperor Perfection Level expert.

The Demon Emperor Perfection Level expert was stunned, having not expected Xu Nian to launch such a fierce attack.

He dared not be the slightest bit negligent.

Scarlet snake scales instantly emerged on his body, while he raised the spear to block.

"Clang!"

Xu Nian's golden longsword directly clashed against the spear handle, the impact force instantly pushing the Demon Emperor Perfection Level expert to retreat rapidly.

"Boom!"

The Demon Emperor Perfection Level expert's back slammed into the wall, creating a massive deep pit.

The surrounding onlookers were utterly shocked.

This Xu Nian actually forced the Demon Emperor Perfection Level expert into such a state.

"Buzz!"

The golden sword retreated and reverted to human form.

Xu Nian looked at the Demon Emperor Perfection Level expert he had slammed into the wall, with a hint of surprise in his eyes.

His golden sword contained sword intent that surpassed Cosmic Sword Intent, even called Supreme Sword Intent.

Yet such immense power merely injured the opponent.

"Impressive, I've never been injured by an early-stage Demon Emperor before, you are indeed a descendant of the Nine Infant.

To have comprehended the legendary powerful sword intent.

Though your laws aren't strong, the power of your Sword Qi is indeed terrifying.

Sword Intent?

Huo Tianqiu and the others showed surprised expressions.

No wonder Xu Nian's Sword Qi was so terrifying; he had comprehended powerful Sword Intent.

It's said many Demon Emperor Perfection Level experts, when they've not broken through in laws, soul, or cultivation, wish to comprehend such Sword Intent or battle intent to further enhance their strength.

But most experts ultimately fail.

Even those who succeed usually spend a long time on it.

But now Xu Nian, a young junior, was able to unleash Sword Intent far surpassing that of ordinary Demon Emperor Perfection Level experts.

How could this not astonish everyone?

"Sword Intent, my Master has grown strong to this point, I, too, must comprehend Sword Intent in the future," Xu Nian thought to himself.

To Huo Baiyu, her admiration for Xu Nian had reached an unparalleled degree.

In her mind, Xu Nian was an omnipotent deity.

Compared to Xu Nian, Huo Qing, whom she liked in the past, seemed like nothing but trash.

"You've overpraised me, senior, it was by chance and with guidance from some seniors that I grasped this Supreme Sword Intent," Xu Nian said.

Indeed, he relied on the legacy of the Fuhua Immortal Emperor to comprehend Cosmic Sword Intent.

Later, due to the trials of the Demon God Palace, the Cosmic Sword Intent broke through to a supreme realm.

However, thinking of advancing further, Xu Nian felt the possibility was slim.

After all, above Sword Intent lies Sword Dao.

And without reaching the God Realm, Sword Dao is unattainable.

Now, whenever Xu Nian attempts to enhance his Sword Intent, he is met with immense resistance.

In front of this force, he feels particularly small.

Xu Nian knew that this was the true might of Sword Dao.

In the face of this Sword Dao's power, he was as insignificant as an ant.

"Boy, simply relying on such Sword Intent, you can't kill me. In the end, you're destined to lose," the Demon Emperor Perfection Level expert said with a slight smile.

Huo Tianqiu also furrowed her brows.

Because she had already used all her strength, yet still lost to the Demon Emperor Perfection in front of her.

Relying solely on Xu Nian was even more impossible.

After all, Xu Nian was only at the early stage of Demon Emperor, ultimately no match for a Demon Emperor Perfection Level expert.

Huo Baiyu and others showed disappointed expressions.

Were they really unable to enter the Snake Clan's Divine Forbidden?

"Senior, how about taking another move from me?"

But just then, Xu Nian suddenly spoke.

"Oh? Do you have another card up your sleeve?"

The Demon Emperor Perfection Level expert asked in surprise.

The surrounding crowd, including Huo Tianqiu, all looked at Xu Nian.

Was Xu Nian going to make a move again?

Could it be that he had other means?

Chapter 1740: God Crossing

Xu Nian's words surprised everyone present.

The battle had reached this stage, and Xu Nian still had a trump card?

"Kid, don't talk about one move, I can take ten moves from you. But if you reconsider and retreat now, perhaps you'll still have a chance to live." The Demon Emperor Perfection Level Expert said with a chuckle.

Xu Nian merely smiled slightly.

"This move is something I have only recently comprehended, and it's just a superficial understanding. Now is the perfect time to seek some guidance from an elder." Xu Nian said with a smile.

"Superficial? He dares to use just a superficial understanding as a technique? And against a Demon Emperor Perfection Level Expert? What is he thinking?" Huo Tianlei said immediately.

The others also expressed their confusion.

What exactly does Xu Nian want to do?

If Xu Nian hadn't performed so amazingly before, they might have really cursed him.

After all, how much power can a superficially understood technique from an Early-stage Demon Emperor level expert have?

Huo Tianqiu also looked puzzled.

"Superficial? That does make me a bit interested. Kid, feel free to demonstrate. If you can kill me, you can die with a smile in the netherworld." The Demon Emperor Perfection Level Expert said with a laugh.

Xu Nian smiled slightly and said no more.

The next moment, Xu Nian summoned the God Sword.

"Oh, a Divine Artifact?"

The Demon Emperor Perfection Level Expert was astonished upon seeing the Divine Sword in Xu Nian's hand.

No one had expected Xu Nian to possess a Divine Artifact.

Huo Tianqiu and others were also shocked.

A Divine Artifact?

Someone in the Three Realms actually owns a Divine Artifact?

Truly an eye-opener for them this time.

Xu Nian chose to summon the Divine Artifact because the power of the upcoming sword strike would be extraordinarily terrifying.

He feared that the Top-Grade Divine Artifact wouldn't be able to unleash the true power of this sword strike.

"Buzz!"

Xu Nian directly cut his finger, smearing his blood on the God Sword.

"What is he doing?"

Everyone around looked puzzled.

The Demon Emperor Perfection Level Expert was also astonished.

They had never seen anyone perform sword techniques like this before.

Xu Nian, however, ignored their astonished gazes.

He activated the Mixed Element Demon Power within himself, channeling it all into the God Sword.

Not only that, Xu Nian also activated his soul power, channeling all of it into the God Sword.

At this moment, the two forces converged within the God Sword, unleashing a powerful energy wave.

However, the two forces did not seem to fuse together.

"Even if soul power and Mixed Element Demon Power come from the same origin, it shouldn't explode with such power, should it?"

Huo Tianlei said.

Obviously believing that Xu Nian's sword strike couldn't be that powerful.

Huo Tianqiu was also puzzled.

But just as everyone thought Xu Nian's move wouldn't carry much power.

The God Sword in Xu Nian's hands suddenly erupted with a terrifying energy wave.

Next, the blood Xu Nian smeared on the sword began to ignite.

The next moment, a terrifying figure appeared behind Xu Nian.

This figure was indistinct yet tall and majestic, carrying an incredibly oppressive aura.

This oppressive aura was far stronger than that of the Demon Emperor Perfection Level Expert.

"This is!"

Huo Tianqiu and others were stunned.

Huo Tianlei was so frightened he didn't dare to speak.

Because the aura emanating from Xu Nian was terrifying beyond imagination.

The Snake Clan disciples even felt their legs trembling.

"Is this a god?"

The Demon Emperor Perfection Level Expert's face changed drastically.

Is this guy insane?

He actually summoned a god?

Such a battle technique is incredibly risky.

Once consumed by the god, he would forever become a slave, never to cycle through reincarnation.

Of course, the power of this move is also tremendous.

Because it is equivalent to borrowing the power of an Ask God-level expert.

The power of this strike is therefore unimaginable.

Xu Nian was now pale.

Indeed, the technique he was using was from an ancient book given by Li Xiuyuan.

This move was called "God Crossing!"

As the name suggests, it uses one's own blood, Demon Essence, and soul power as mediums to evoke fragments of the residual soul of a Divine-level expert in the heavens and earth, borrowing their power.

Currently, Xu Nian could only unleash one-tenth of its power.

But even so, its power was terrifyingly immense.

"Buzz!"

A sharp light exploded in Xu Nian's eyes.

The next moment, his aura changed completely.

Becoming incredibly vast and malevolent.

"Kill!"

Xu Nian stabbed forward with his sword, his figure ghostly, appearing directly in front of the Demon Emperor Perfection Level Expert.

This stab had no embellishments, neither fast nor slow.

But this stab carried an overwhelming pressure.

An unbeatable pressure.

The Demon Emperor Perfection Level Expert's face changed drastically.

He hastily activated all his power to block this strike.

Activating the laws of the Perfect Level, he concentrated them in the Long Spear, forming a terrifying Flame Giant Snake.

The Mixed Element Demon Power in his body was also released without reservation.

However, at the moment when Xu Nian's sharp sword clashed with the Demon Emperor Perfection Level Long Spear.

The Demon Emperor Perfection Level Long Spear shattered into pieces.

"Pft!"

The next moment, Xu Nian directly pierced through the abdomen of the Demon Emperor Perfection Level Expert.

"Uh?"

Everyone around was dumbstruck.

He really killed him?

Huo Tianqiu was incredibly astonished.

Xu Nian actually killed a Demon Emperor Perfection Level Expert?

The Demon Emperor Perfection Level Expert was also repeatedly astonished.

He never expected to be defeated by someone at the Early-stage Demon Emperor level.

"Haha, there is hope for my Snake Clan. Kid, you're strong. Congratulations, you passed." The Snake Clan Perfection Level Expert laughed heartily.

The next moment, his figure disintegrated into ash and vanished into the air.

Did he really succeed?

Huo Baiyu was overjoyed upon seeing this.

His master had actually slain a Demon Emperor Perfection Level Expert?

Seeing the Perfection Level Expert dissipate, Xu Nian also showed a slight smile on his face.

But the next moment, intense pain shot from the depths of his soul.

His vision went black, and he fainted.

Just as he fell backward, a red figure appeared behind him and caught him.

In his daze, Xu Nian saw a cold yet captivating face.

When Xu Nian awoke again, he found himself lying on a cold floor.

"Uh?" Xu Nian patted his dizzy head, looking around in astonishment.

At this point, they were no longer in their original position.

"Master, are you alright?" Huo Baiyu asked as soon as he saw Xu Nian wake up.

"I'm fine. How long have I been unconscious?" Xu Nian asked.

This fainting spell had knocked both his original self and the Divine Demon Avatar unconscious.

This was something Xu Nian had completely not anticipated.

"Master, you were unconscious for three days and three nights." Huo Baiyu said.

"Three days and three nights?" Xu Nian was a bit surprised.

He hadn't expected to have been out for so long.

Thinking about it now, he felt even more apprehensive.

To have both his original self and Divine Demon Avatar faint simultaneously, it seemed that the side effects of God Crossing were exceptionally severe.

An ability that should never be used lightly unless absolutely necessary.
