Chapter 1751: Huo Baiyu Stuns the Crowd

"Master, this guy has been pestering me since we met, I have nothing to do with him," Ice Blue hurriedly explained to Xu Nian.

Fearing that this person in front of her would cause some unnecessary misunderstanding with Xu Nian.

"I understand, you don't need to worry about it, leave it to me to handle," Xu Nian nodded to Ice Blue.

Ice Blue quickly retreated obediently.

She believed Xu Nian could handle it well.

"Kid, did you hear what I said? Cancel Ice Blue's soul contract, or I will not let you go," Chen Li looked at Xu Nian and said.

The few youths standing behind him also showed expressions of looking forward to a good show.

They were not from the Peng Clan, and it looked like they weren't very close to Chen Li either.

So at this moment, they also had no intention of intervening.

Facing Chen Li's provocation, Xu Nian sneered disdainfully.

What an arrogant young man.

To dare to be so arrogant without understanding the strength of the opponent, it seems he hasn't suffered before.

"Master, let me handle this!" Huo Baiyu stepped forward and said.

"Okay," Xu Nian nodded.

"Yes, Master." With that, Huo Baiyu directly walked out.

Xu Nian had no worry about Huo Baiyu's strength.

Although Huo Baiyu was only at the Demon Sovereign Peak level of cultivation now, and the opponent was at the Quasi-Devil Emperor level.

But with Huo Baiyu's strength, she may not be any weaker than the opponent.

"You're letting a woman fight me? Kid, are you even a man?" Chen Li immediately said angrily.

Apparently dissatisfied with Xu Nian letting Huo Baiyu make a move.

Xu Nian smiled and ignored him.

Huo Baiyu snorted coldly: "You're not qualified enough for my Master to make a move, if you want to fight, I'll accompany you."

Having said that, Huo Baiyu then showed her cultivation level at the Demon Sovereign Peak level.

"Master? Can he still be your Master? I say, beauty, how about you worship me as your Master, I'll teach you," Chen Li said contemptuously.

He thought his opponent was some impressive figure.

Unexpectedly, it was just a Demon Sovereign Peak.

In his view, Huo Baiyu's Master, Xu Nian, at most was at the Quasi-Devil Emperor level like him.

But he possessed the Golden Winged Roc bloodline, dealing with a young member of the Snake Clan should be an easy matter.

Especially seeing Huo Baiyu's beauty surpassing Ice Blue, Chen Li was even more inclined to teach Xu Nian a lesson, so these beauties would know who the real strong one was.

"Hmph!"

Huo Baiyu didn't bother to talk with him further, her body flickered and directly appeared in front of Chen Li.

With the sword in her hand, she immediately struck with a slash.

The Sword Radiance was incredibly sharp.

Chen Li was shocked, his previously indifferent expression changed drastically in an instant.

Because this strike gave him a strong sense of threat.

So he had to summon his long spear to block it.

"Clang!"

Huo Baiyu's strike landed on Chen Li's long spear.

Immediately, Chen Li was shaken and forced back three hundred zhang.

His arms went numb with intense trembling, looking at Huo Baiyu with an extremely surprised expression.

This Snake Clan woman was actually so strong?

Really just at the Demon Sovereign Peak level?

The surrounding youths of the Demon Clan also showed expressions of surprise.

"Now do you still have the qualifications to be my Master? You're too weak, with your cultivation, you're simply not worth my Master taking action," Huo Baiyu said coldly.

Chen Li's face turned livid, his eyes filled with a sinister look.

He actually lost to a woman, and the opponent's cultivation was even a level lower than his.

He was a genius young man of the Peng Clan, how could he be so disgraceful?

"Hmph, I was just careless and underestimated my enemy just now, do you really think I'm not your match?" Chen Li defended coldly.

Huo Baiyu shook her head.

"I advise you to stop here, apologize to my Master and admit your mistake, I will spare your life," Huo Baiyu said domineeringly.

"Hmph, courting death, woman," Chen Li snorted coldly.

Immediately a golden light surged up from the long spear in his hand.

Then Chen Li stabbed out with the spear, the golden light shone brilliantly.

It was evident that Chen Li had already used the Gold Attribute Law, and his law had reached the Law Order Fourth Level Realm.

The power of this spear was quite formidable.

However, Huo Baiyu merely sneered.

Then she took a step forward, her figure flickered, and she strangely dodged the spear.

Then her figure directly appeared in front of Chen Li.

Her long sword slashed out fiercely.

In an instant, it chopped off Chen Li's arm directly.

"Whoosh!"

Quickly, Huo Baiyu returned to her original position.

"Such fast body skill, such terrifying speed!" The surrounding youths expressed surprise.

Obviously, Huo Baiyu's speed astonished them greatly.

Chen Li retreated dozens of steps in succession, looking at his severed arm with a gaze full of venomous resentment.

This woman's Law Comprehension was clearly just at the Law Heart Success stage.

But the speed just now was extraordinarily terrifying.

And that powerful Sword Intent was also not something an average Demon Sovereign level expert could possess.

It was for this reason that he lost to this woman with lower cultivation than himself.

"Are you still unconvinced?" Huo Baiyu looked at Chen Li and asked.

"Unconvinced, when it comes to speed, our Peng Clan has never lost," Chen Li's eyes suddenly turned fierce.

The next moment, his figure also transformed into a golden light.

The golden light flickered instantly, then he appeared in front of Huo Baiyu.

Huo Baiyu's expression changed as well.

She didn't expect Chen Li's speed to suddenly increase by such a margin.

At this moment, Chen Li's arm had also regrown, the golden elements coalesced, directly reforming a long spear.

The power unleashed by this thrust was nearly ten times greater than before.

"I didn't expect that Chen Li would be forced to this point, even using the Golden Roc Strike, this is their Peng Clan's secret skill," someone exclaimed in surprise.

Others were also surprised.

Unexpectedly, Chen Li had executed the Peng Clan's unique technique.

Just when everyone thought Huo Baiyu might not be able to withstand this spear.

Huo Baiyu's eyes suddenly turned sharp, the sharp sword in her hand also emitted an extreme sound of the Wind Chime.

An unbelievably sharp aura burst out from Huo Baiyu.

"Oh, she actually directly broke through to the peak of the Law Heart, and mastered a small portion of the Cosmic Sword Intent." Xu Nian was somewhat surprised.

Unexpectedly, Huo Baiyu had broken through two realms of insight in that instant just now.

The Sword Intent and Law Realm both formed a qualitative leap.

And this strike was not an ordinary sword move, it was precisely her Talent Divine Ability.

"Wind Kill!"

Huo Baiyu softly exclaimed.

Then the sharp sword in her hand stabbed directly.

"Clang!"

The terrifying Sword Radiance instantly collided with the spear radiance.

Two terrifying forces formed a standoff mid-air, clearly divided, shaking the surroundings.

"Boom!"

Ultimately, a loud explosive sound resounded.

A figure flew backward.

The surrounding people, seeing that figure, all showed expressions of surprise.

Because that figure wasn't Huo Baiyu but Chen Li.

Chen Li was actually defeated?

The demon clan youths were all incredibly surprised.

Chapter 1752: Master Ye Tian's Sword

Chen Li heavily crashed onto the ground, spitting out a mouthful of fresh blood.

His eyes were filled with intense resentment.

"Impossible, how could my Golden Peng Strike be defeated, and by a female Snake Demon with weaker cultivation?" Chen Li muttered with extreme unwillingness.

His eyes grew even more filled with resentment.

He was unwilling!

If this were to get out, wouldn't he be laughed at?

"You must die!" Chen Li raged in his heart.

In the next moment, a powerful Divine Talisman appeared in his hand.

This talisman fluctuated, emitting a terrifying golden light.

"That's a Golden Killing Talisman! Is Chen Li going to use the talisman?" Everyone around was surprised.

This was Chen Li's life-saving talisman, and no one expected him to use it at this moment.

Is he crazy?

This kind of talisman could instantly kill even a late-stage Demon Emperor expert.

Such a terrifying talisman, and Chen Li is using it against a Demon Sovereign Peak?

Crazy?

Huo Baiyu's expression also changed drastically; she felt an extremely dangerous aura from the talisman.

"Die!"

Chen Li snarled fiercely.

The Golden Killing Talisman in his hand transformed into an extremely terrifying golden sword, shooting towards Huo Baiyu.

The speed was so fast that Huo Baiyu could not dodge.

Everyone around sighed, fearing the woman would fall here.

Huo Baiyu was also full of horror, not expecting the opponent to have such a talisman.

"Master, am I going to die?" The thought emerged in Huo Baiyu's mind; in the next moment, she was about to close her eyes and wait for death.

But before she could close her eyes, a figure suddenly appeared in front of her.

Grabbing that terrifying golden light.

"Boom!"

However, in everyone's astonished gaze, the terrifying golden light was crushed directly by that hand.

"What?"

The young people of the Demon Clan were dumbfounded.

Chen Li was also shocked, standing still.

Indeed, it was Xu Nian who intervened.

"Hmph!"

Before everyone's amazement faded.

Xu Nian appeared in front of Chen Li, punching him in the abdomen.

"Boom!"

The terrifying power exploded instantly from his abdomen.

Chen Li was completely lifeless.

Those around were incredibly shocked.

Instant kill with one punch?

Since when was Chen Li so weak?

But they understood, it wasn't that Chen Li was weak, but that the young man in front of them was too strong.

Chen Li didn't realize what kind of entity he provoked.

"So strong, at least with Demon Emperor Peak level cultivation, otherwise, it would be impossible to crush that talisman's attack." said one of the older youths among the remaining four.

"Demon Emperor Peak? So young with Demon Emperor Peak?" The other three had changes in their expressions.

This young man seemed about their age.

Yet he had Demon Emperor Peak level strength?

How terrifying is this?

When did the Snake Clan have such a powerhouse?

"Isn't that woman who hasn't made a move the Snake Clan Leader, Huo Tianqiu?" someone suddenly said.

Upon hearing this, the others were startled.

Indeed, it was the Snake Clan Leader, Huo Tianqiu.

A genuine Demon Emperor Peak expert.

And when they came earlier, Huo Tianqiu walked behind this young man.

This means the young man's status is even higher than Huo Tianqiu?

It caused a stir among the young people of the Demon Clan.

This Chen Li fool, daring to provoke such an existence.

Ice Blue was also incredibly surprised at this moment.

"The master has become stronger, much stronger," Ice Blue muttered to herself.

Unexpectedly, Xu Nian's strength increased so quickly.

Even in the Cultivation World, Xu Nian was this way, but now it's the Immortal, Demon, and Devil World.

"Thank you, Master, for saving my life." Huo Baiyu quickly stepped forward and said.

At the last moment, it was her master who saved her.

Thinking of this, she suddenly felt a sense of shame.

"It's okay, you've made great progress, although the Sword Intent needs comprehension, the Law Realm is fundamental, so your focus should be on Law Comprehension." Xu Nian advised.

In this regard, he himself was not doing well.

So, seeing Huo Baiyu was going down the same path, he wanted to remind her.

"Thank you for your teaching, Master." Huo Baiyu respectfully said.

Xu Nian nodded.

"Let's go, we'll head to the Phoenix Clan's Inheritance Land first." Xu Nian said to Ice Blue.

Ice Blue nodded and prepared to lead the way.

"Senior, please wait!"

Just as Xu Nian was about to leave, the tall young man among the remaining four Demon Clan youths suddenly called out to him.

"What's the matter?" Xu Nian turned to look at the young man.

The young man's true form was a Three-Eyed Toad.

Considered a descendant of the Divine Beast Bloodline.

However, among Divine Beasts, it can only be considered the lowest existence.

His strength was only Demon Sovereign Peak.

"Senior, I have something here, could I ask the senior to look at it?" The young man said.

"What is it?" Xu Nian was even more puzzled.

This young man stopped him just to show him something?

He didn't seem to know him.

But when the young man took out the item, Xu Nian was stunned.

To be precise, he noticed a tremor in the soul of his master from the Chaos Divine Palace.

The young man held a sword, a broken sword.

This sword looked plain and unspectacular, no different from an ordinary iron sword.

But the material of this sword was something Xu Nian had never seen before.

In terms of hardness, it far surpassed his God Sword; the hardness was completely on the same level as his Chaos Divine Palace.

Of course, the most critical aspect was that this sword could resonate with the Yetian God Emperor.

"Buzz!"

The sword seemed to tremble, like a child sobbing.

"Senior, since you appeared, this broken sword has been trembling. I obtained this broken sword from an ancient relic but have never been able to activate it. I didn't expect it to resonate with the senior, so I dared to take it out and ask if the senior recognizes this sword?" The young man asked.

Xu Nian looked at the tattered broken sword, his eyes showing a hint of unfamiliarity.

Clearly, he didn't recognize this sword.

But Yetian God Emperor clearly recognized it; otherwise, why would it cause her soul to react?

"Master?" Xu Nian tentatively asked.

"This sword is mine. It was bestowed upon me by my master when I first became a god. I never expected it to appear here." Yetian God Emperor's voice echoed.

Master's sword?

Xu Nian was shocked.

He didn't expect this sword to be Master Yetian's personal sword.

What exactly happened to Master Yetian that led to a fate of a broken sword and lost life?

"Retrieve this sword for me," Yetian God Emperor said.

Then there was silence.

"Alright, Master!" Xu Nian agreed without hesitation.

Then he looked at the young man and said, "This sword indeed has some connection with me. May I ask if you could allow me to have it? I am willing to exchange it for other items."

"Since this sword is related to the senior, I will give it to you," the young man immediately replied with a smile.

Xu Nian was somewhat surprised.

He didn't expect the young man to willingly give the sword to him?

"But I have a condition!" The young man hesitated for a moment and then spoke.

Chapter 1753: Phoenix Clan's Inheritance Land

"What are your conditions, speak!"

Xu Nian looked at the young man and asked.

As long as the young man's conditions weren't excessive, Xu Nian was willing to agree.

After all, it was something belonging to his master, and no matter the cost, he had to obtain it.

"I would like to ask you, senior, if you go to the Divine World in the future, could you take a message to my mother for me?" the young man said.

Xu Nian was taken aback.

Deliver a message to his mother?

His mother is in the Divine World?

At that moment, Xu Nian also felt a pang of longing for his own mother.

Indeed, he hadn't seen his mother for a long time either.

"Tell me, if I truly have the chance to go to the Divine World, I will certainly deliver your message," Xu Nian replied.

"Thank you, senior. I just want to tell my mother that her child is of mediocre talent and might never reach the Divine-level to reunite with her in this life. I am an unfilial son," the young man said, a look of melancholy on his face.

As he spoke, it seemed he was struggling to hold back tears in his eyes.

Hearing this, Xu Nian also felt a tightening in his heart.

He hadn't expected the young man to ask him to deliver such a message.

"I'm sorry, I cannot deliver that particular message for you. But I can tell her to wait, 'Mother! Your son will soon come to the Divine World to reunite with you,'" Xu Nian said.

Upon hearing this, the young man was stunned.

The tears he had been holding back could no longer be contained.

Seeing this, Xu Nian was filled with emotion too.

No matter how high one's cultivation, how firm one's Tao Heart, it is difficult to sever human emotions.

And among all emotions, familial love is the most precious.

"Thank you, senior. I will certainly do my best," the young man said.

Xu Nian smiled and handed over a Divine Sword.

"This is a Low Grade Divine Artifact I crafted myself, consider it an item for exchange," Xu Nian said.

"You crafted this, senior?" The young man's face was full of surprise.

Could there actually be someone in the Demon Realm capable of crafting a Divine Artifact?

Others, including Huo Tianqiu, also looked shocked.

Could Xu Nian really craft Divine Artifacts?

Was he the legendary Craft God?

How could that be possible?

However, Xu Nian did not seem like the type to brag!

"Indeed, I crafted it, though it is a Rune Divine Artifact," Xu Nian said.

"A Rune Divine Artifact is already very impressive, thank you, senior, for the artifact," the young man said enthusiastically.

He immediately began to admire the Divine Sword.

The young man then handed over the Broken Sword to Xu Nian.

At the moment Xu Nian gripped the Broken Sword, he felt as if facing mountains of corpses and seas of blood, endless expanses of mountains and oceans.

An overwhelming sense of antiquity seemed to radiate from its hilt.

"Master, this sword..." Xu Nian communicated telepathically.

But before he could finish, Emperor Ye Tian spoke again.

"Keep this sword with you, I've left an opportunity within it; it's up to you whether you can comprehend it," Emperor Ye Tian said.

An opportunity?

Xu Nian was shocked.

This Broken Sword actually contained an opportunity.

It seemed that the exchange this time was truly worthwhile.

Next, Xu Nian bid farewell to the others and, together with Ice Blue and Huo Tianqiu, headed towards the Phoenix Clan's Holy Land.

"Master, can you really craft Divine Artifacts?" Huo Baiyu asked curiously as they flew.

Xu Nian smiled and then took out a Mid-grade Divine Sword.

"This Divine Sword is for you," Xu Nian said with a smile.

"For me?" Huo Baiyu was surprised.

"It was originally crafted with you in mind," Xu Nian said with a smile.

During this time, besides cultivating in the Chaos Divine Palace or accompanying Murong Xue,

Xu Nian spent the rest of his time crafting Divine Artifacts for Huo Baiyu.

This Divine Sword was indeed custom-made for Huo Baiyu.

The hilt of this sword was adorned with a delicate white snake, resembling Huo Baiyu's White Jade Sky Swallowing Python.

"What a exquisite Divine Sword, Master, I love it," Huo Baiyu said excitedly.

"It is a Mid-grade Divine Sword, currently my best work," Xu Nian said with a smile.

"Master, you are too kind to me," Huo Baiyu was overwhelmed with excitement.

Even Ice Blue beside them looked on enviously.

It wasn't just Ice Blue; even Huo Tianqiu felt a bit jealous of Huo Baiyu.

Having a Divine Artifact personally crafted for oneself was a dream for Huo Baiyu.

"Ice Blue, keep this Divine Origin Liquid; it can help you quickly improve your cultivation," Xu Nian said to Ice Blue.

"Thank you, Master!" Ice Blue was delighted to feel the pure energy within the Divine Origin Liquid.

For her, this Divine Origin Liquid was more precious than a Divine Artifact.

Because what she lacked the most now was cultivation.

"Is there nothing for me?" Huo Tianqiu finally couldn't help but speak.

A Mid-grade Divine Artifact, Divine Origin Liquid.

She watched, full of envy.

These were all incredibly precious treasures.

"Honestly, I don't know what to give you," Xu Nian said with a wry smile.

He hadn't expected Huo Tianqiu would actively ask him for treasure.

Huo Tianqiu just laughed and didn't mind.

It was clear she was just teasing Xu Nian.

The three of them continued flying and soon arrived at the Phoenix Clan's Holy Land.

This Phoenix Clan's Holy Land was obviously much larger than that of the Snake Clan's.

A massive mountain range lay before them, all within the domain of the Phoenix Clan's Holy Land.

The four of them stopped in mid-air, overlooking the mountain range below.

Huo Tianqiu and Xu Nian exchanged glances, both frowning slightly.

"Did you feel it too?" Huo Tianqiu asked.

"I did, a powerful murderous aura; intruding without care, even a Demon Emperor Perfection Level Expert would likely die," Xu Nian said.

The entire mountain range was filled with a strong sense of killing intent.

Xu Nian and the others dared not enter hastily.

"Master, this is the place. I passed by here before and saw Fire Phoenixes soaring to the sky, it must be real," Ice Blue said.

"Fire Phoenixes soaring to the sky?" Xu Nian was surprised.

Typically, when someone inherits a legacy in such places, such a phenomenon occurs.

Meaning someone had already entered this Holy Land.

Who could it be?

Luo Blood?

Luo Shang?

Both were Fire Phoenixes!

Xu Nian wasn't certain.

"Let's wait here for a while, see if they come out. If there are any peculiarities, we'll go in," Xu Nian said.

"Alright!" everyone agreed.

"Boom!"

At this moment, a beam of energy shot up from afar.

"The second Divine Origin Realm has been opened?" Xu Nian said in surprise.

Unexpectedly, the second Divine Origin Realm had opened so quickly.

This meant there was truly less and less time left for them.

For now, they had no other choice but to wait.

Meanwhile, Xu Nian sat cross-legged, beginning to comprehend the Gold Attribute Law.

With his comprehension, the Gold Attribute Law around him grew denser.

"Boom!"

The second Law Disc appeared behind Xu Nian.

The power of Xu Nian's laws skyrocketed several times over.

"So strong! Law Great Success Second Level Realm? Still too slow," Xu Nian shook his head.

Beside him, Huo Tianqiu was speechless.

This guy broke through so fast, and yet he complains it's slow?

Chapter 1754: The Terrifying Fire Phoenix

"Buzz!"

Xu Nian swung his sword, and the sword radiance instantly formed a sword radiance as thin as a cicada's wing.

This sword radiance struck, directly landing on the top of a distant giant mountain.

Without the slightest sound of rumbling, the entire mountain peak was instantly severed, the cut was incredibly smooth.

Seeing this scene, Huo Tianqiu and others showed expressions of surprise.

It was known that the rocks here were all of divine stone level, extremely hard.

Not outdone by low-grade divine artifact metal, yet Xu Nian could cut off the entire mountain peak, one can imagine the terrifying power of this sword.

Xu Nian looked at the mountain peak he had cut off, revealing a hint of satisfaction on his face.

This sword was created from his comprehension of the law great success realm.

"Let's call it Golden Feather Wing." Xu Nian muttered to himself.

Thinking of this, Xu Nian's mind moved again.

A stream of water condensed out of thin air, dancing at the fingertips.

The next instant, the water instantly condensed into ice.

Formed into a spear.

"The water attribute law has also made a breakthrough, reaching the law realm, comprehending the extreme ice cold law." Xu Nian smiled.

It won't take long for his water attribute law to catch up.

Now his fire attribute supreme temperature has reached the law order third level realm, and it's continually enhancing.

The laws he comprehended are indeed too many now.

But fortunately, he possesses many clones, each can comprehend separately, thus not delaying his cultivation progress.

"Master, you are truly amazing, to simultaneously comprehend gold attribute, wind attribute, and water attribute laws." Huo Baiyu couldn't help but praise.

"You even know wind attribute?" Huo Tianqiu asked in surprise.

"Yes, my main mastery is wind attribute, and not only that, I also grasp earth attribute and fire attribute." Xu Nian laughed.

"So many attributes? Aren't you afraid of failing to comprehend?" Huo Tianqiu exclaimed in shock.

"Not really, for now I can still comprehend them." Xu Nian laughed.

"I heard you want to become a god independently, with so many laws comprehended, what kind of heavenly tribulation will you attract, sixth level? Even ninth level?" Huo Tianqiu said.

Xu Nian heard this, and also revealed a wry smile.

How could his tribulation be a mere sixth level, it must be the ninth-level heavenly tribulation.

So without sufficient confidence, he certainly wouldn't easily undergo the tribulation.

"It's been so long, any movement below?" Xu Nian asked.

"No, since the master started cultivating, there hasn't been any movement below." Ice Blue replied.

Xu Nian furrowed his brow.

Could there be no one below?

"Boom!"

Just when Xu Nian was puzzled, a rumbling sound came from below.

Xu Nian and others quickly looked towards the sound, only to see the mountain range below suddenly split open.

Then two figures burst out from within.

These two figures were none other than Luo Blood and Luo Shang.

However, at this moment, the two were obviously a bit disheveled.

Behind them was a gigantic fire phoenix.

This fire phoenix was not an entity, but a terrifying flame energy body formation.

The flames on this fire phoenix could probably melt top-grade divine artifact level metal.

Not much different from his divine fire.

And this fire phoenix clearly had a certain level of autonomous consciousness, now chasing Luo Blood and Luo Shang.

It's evident that the fire phoenix's power was too strong.

Luo Blood and Luo Shang were not their match.

"Come toward me." Xu Nian immediately shouted to the two.

The two obviously saw Xu Nian.

But they didn't seem to want to lead the fire phoenix towards Xu Nian, so they didn't fly towards him.

Seeing this, Xu Nian felt somewhat helpless.

His figure rapidly charged towards the fire phoenix.

As he charged towards the fire phoenix, Xu Nian also wielded the god sword.

Directly slashed out with Golden Feather Wing sword.

The golden sword radiance as thin as a cicada's wing flew towards the fire phoenix.

"No!"

Seeing Xu Nian wield the sword radiance, Luo Shang immediately shouted.

But at this moment, it was already too late.

Only to see that fire phoenix directly being split into two.

Did it work?

Huo Tianqiu and others had such thoughts pop up.

But the next instant, the scene before them left them stunned.

Only to see the originally split fire phoenix split into two, turning into two fire phoenixes, one chasing Luo Shang and Luo Blood, while the other charged towards Xu Nian.

Split?

The crowd around was surprised.

Xu Nian's attack actually caused the fire phoenix to split.

So attacking it more will only cause it to split more?

"It's useless, normal attacks won't have any effect on it, both Luo Blood and I are fire attributes, attacking it only let it devour flame power, making it more powerful, and your attack will only cause it to split." Luo Shang hurriedly shouted.

Xu Nian was also speechless.

This fire phoenix can actually ignore his gold attribute attack?

So does that mean his wind attribute is useless?

And fire attribute!

The most likely useful should be water attribute, but the water attribute law just reached entry-level.

Can't possibly resist this fire phoenix.

Xu Nian found himself a bit troubled.

"Then there's only trying earth attribute law, now earth attribute law has already reached the great success first level realm, and it has the tendency to evolve into the Six Paths of Reincarnation, don't know if it'll be effective."

Thinking of this, Xu Nian immediately wielded earth attribute law.

Black hole power erupted, seemingly trying to devour the fire phoenix completely.

But Xu Nian still thought too simply.

The fire phoenix directly spewed out a flame, shattering Xu Nian's black hole instantly.

This fire phoenix's attack is really not just formidable.

"Earth attribute doesn't work either?" Xu Nian frowned and murmured.

At this moment, the fire phoenix had already arrived to attack.

Golden divine country!

Xu Nian immediately wielded gold attribute talent divine ability.

In a flash, a golden divine country unfolded, directly trapping the fire phoenix.

Then the divine country shrank, forcibly suppressing the fire phoenix.

But the fire phoenix wasn't to be trifled with, the flame's temperature was extremely high, seemingly ready to shatter the golden divine country at any moment.

"Heaven Suppressing Seal!"

Without hesitation, Xu Nian immediately employed a heaven suppressing seal on the golden divine country.

At once, the fire phoenix was clearly suppressed.

Seeing the fire phoenix suppressed, Xu Nian also slightly relieved.

On the other side, Huo Tianqiu also made a move.

Directly using water attribute law, transformed into a massive water snake, entangled with the fire phoenix.

This surprised Xu Nian.

This Huo Tianqiu actually knows water attribute law, and even reached law great success sixth level realm.

Though not as powerful as fire attribute, it absolutely counted as very formidable.

Luo Shang and Luo Blood also looked at Huo Tianqiu in surprise.

It seems only water attribute can suppress this fire phoenix.

"Boom!"

However, just then, the fire phoenix that was suppressed by Xu Nian suddenly erupted a terrifying flame.

In the next instant, Xu Nian's golden divine country directly shattered.

Even heaven suppressing seal shattered along with it.

"Damn it!"

Xu Nian immediately cursed.

This fire phoenix is actually so powerful?

Chapter 1755: God Power

Xu Nian did not expect that his Golden Divine Country, along with the Heaven Suppressing Seal, would still be shattered by this Fire Phoenix.

It seems this Fire Phoenix is exceptionally formidable.

It appears Huo Tianqiu is also encountering significant troubles over there.

This Fire Phoenix actually spewed flames, directly evaporating the Water Snake formed by Huo Tianqiu's Water Attribute Law.

The power of these flames is remarkably strong.

"What exactly is this Fire Phoenix?" Xu Nian divided his mind to battle the Fire Phoenix.

While communicating with Luo Shang and Luo Blood.

This Fire Phoenix was brought by them; they should know its origin.

"This Fire Phoenix is our Phoenix Clan's sacred fire, the legendary rebirth by fire occurs under this kind of flame, so we call it Nirvana Fire. This flame cannot be extinguished and can consume all Fire Attribute forces in the world," Luo Shang responded.

Xu Nian's brow instantly furrowed: "Then why does it attack you?"

"Because we took the True Blood of the Phoenix Clan's Seven-Colored Fire Phoenix, and its duty is to protect the True Blood. So as long as we are alive, it will pursue us to the ends of the earth," Luo Shang continued.

"So it's a fight to the death?" Xu Nian said.

"Yes, fight to the death," Luo Shang nodded.

Xu Nian was momentarily speechless.

The rules of this Inheritance Land are bizarre, one more than the other.

This Phoenix Clan actually uses such a Fire Phoenix as guardian, the key is it doesn't rest until death.

This isn't about hoping descendants will gain inheritances; it's fundamentally about exterminating them.

"Isn't there a way to counteract this flame?" Xu Nian couldn't help but ask.

"This flame is basically unsolvable, unless you have a powerful Ice Attribute energy; otherwise, it cannot be suppressed." Luo Shang shook her head and said.

This Nirvana Fire is unsolvable.

To suppress Nirvana Fire's Ice Attribute energy, at least Divine-level strength is needed.

"A powerful Ice Attribute energy?" Xu Nian's eyes lit up.

How did he forget about this?

When collecting Divine Origin Liquid, the God Power he collected last was precisely Ice Attribute.

Because this Ice Attribute was too strong, Xu Nian had never used it.

It seems now that this God Power can definitely be used.

"Buzz!"

Thinking of this, Xu Nian no longer hesitated.

Directly drew a thread of God Power from Chaos Divine Palace.

As the God Power emerged, Xu Nian's entire body began to quickly freeze.

Because this God Power was simply too terrifying.

Something Xu Nian couldn't control at the moment.

Yet Xu Nian still unleashed this Ice Cold Power through the God Sword.

Also, thanks to Xu Nian having a Divine Artifact in hand, if it were a Divine Artifact, this Ice Cold Power would be enough to shatter it.

Of course, Xu Nian's entire arm also became useless, turning into an ice sculpture, completely broken.

But for Xu Nian, who possesses nine lives, this isn't a major issue.

"Boom!"

The Ice Attribute Sword Radiance containing God Power flew out.

The charging Fire Phoenix was instantly frozen.

"What?"

Luo Shang, Luo Blood, and Huo Tianqiu were all shocked.

Just at that moment, they felt an extremely intense cold.

The ability to completely freeze this Fire Phoenix, this Ice Cold Power is definitely extraordinary.

Seeing the Fire Phoenix frozen, Xu Nian beamed with joy.

It seems the God Power is indeed effective.

So Xu Nian used the same method to attack another Fire Phoenix.

Soon, the Fire Phoenix was engulfed by terrifying icy cold air.

Then, Xu Nian without hesitation, collected the two frozen Fire Phoenixes into the Chaos Divine Palace.

Having done all this, Xu Nian let out a sigh of relief.

Of course, Xu Nian also suffered a heavy price; half of his body was destroyed by the terrifying God Power.

Even three Demon Embryos were frozen and shattered, had he been another Demon Clan, he would've died.

Though Xu Nian was regenerated, the terrifying cold made him shiver from time to time.

"Such powerful Ice Cold Power, Xu Nian, when did you gain such formidable icy cold aura?" Luo Shang asked in surprise.

Huo Tianqiu also flew over, looking at Xu Nian with astonishment.

She could see that Xu Nian couldn't control this power.

Otherwise, his body wouldn't have been so severely damaged.

"I obtained it inadvertently, it should be a kind of powerful Divine Power," Xu Nian explained.

He didn't say it was God Power.

Because telling it would be too sensational.

Huo Tianqiu and others nodded, only Divine Power could unleash such terrifying potency.

"Husband, are you alright?" Luo Blood hurriedly came over, asking in surprise.

"I'm fine. Did you break through the Demon Emperor Realm?" Xu Nian looked at Luo Blood and noticed she had already broken through to the Early-stage Demon Emperor.

"Yes, I received a predecessor's inheritance in the Phoenix Clan's Inheritance Land, and my cultivation has made a breakthrough," Luo Blood replied.

Xu Nian nodded.

Beside him, Huo Tianqiu glanced at Luo Blood intentionally.

Earlier, Luo Blood addressed Xu Nian as husband, which naturally caught Huo Tianqiu's attention.

"Let me introduce, this is Huo Tianqiu, the Snake Clan Leader. She is a powerful cultivator approaching Demon Emperor Perfection Level, now possessing the Xiang Liu Bloodline, extremely strong," Xu Nian said.

"Demon Emperor Perfection Level, Xiang Liu Bloodline." Luo Shang looked surprised.

Although she knew the Snake Clan had a formidable female leader, she didn't expect her to become so powerful now.

It seems this time the Snake Clan has obtained many inheritances in the Ancient Inheritance Land.

"This is Luo Shang, daughter of the Phoenix Clan Leader, the Phoenix Clan's top prodigy," Xu Nian introduced to Huo Tianqiu.

"I've long heard of the Phoenix Clan's number-one beauty, and seeing her today, she's indeed extraordinary. So young, and her cultivation has already reached the peak of Late-stage Demon Emperor." Commented Huo Tianqiu, admiringly.

"Huo Clan Leader is too kind, I was just lucky. Moreover, my breakthrough owes much to Xu Nian's help," Luo Shang said.

If it weren't for Xu Nian, she'd still be at Early-stage Demon Emperor Level.

"Actually, this time, Xu Nian helped me a lot too. Without him, I'd probably already be dead," Huo Tianqiu added.

For a moment, both looked towards Xu Nian.

Xu Nian felt a bit helpless: "Sister Huo, this is my wife, Luo Blood; her true form is also a Red Blood Fire Phoenix."

"Truly both are peerless beauties, and I sense a divine aura from Luo Blood. Does she have godhood?" Huo Tianqiu curiously asked.

"Sister Huo is truly sharp, able to perceive my godhood. Yes, I do possess a godhood." Luo Blood didn't hide.

Since she's someone Xu Nian trusts, she also chooses to trust.

Regarding Xu Nian and Huo Tianqiu's relationship, she wouldn't probe further.

Everything depends on Xu Nian's own wishes.

Huo Tianqiu was extremely amazed.

Really possessing godhood?

That is something many Demon Emperors dream of.

"Alright, you two quickly refine the True Phoenix Blood," Xu Nian urged.

Luo Shang and Luo Blood, upon hearing this, didn't hesitate to begin refining it, sitting cross-legged.

Chapter 1756: Encountering the Xuanwu Clan Demon Emperor Again

In an ordinarily sparse valley.

Luo Shang and Luo Blood sat cross-legged, and at this moment, both had already consumed the True Phoenix Bloodline.

And right after they absorbed the bloodline, their bodies began to emit the sound of phoenix cries.

"Boom!"

Soon after, raging flames ignited on both of them.

Then they immediately transformed into their true forms within the flames.

Two enormous phoenixes appeared directly in the valley.

One manifested as tri-colored, while the other was blood-red.

The powerful oppressive force of the Phoenix Clan spread instantly.

This oppressive force was extremely formidable, making everyone feel a strong bloodline suppression.

Faced with this suppression, Xu Nian and Huo Tianqiu were fine.

After all, both belonged to the top-tier bloodline of the Snake Clan.

But Huo Baiyu and Ice Blue were somewhat affected, especially Ice Blue, who found it hard to breathe in the face of this pressure.

Huo Tianqiu, seeing this from the side, immediately released his own oppressive force to shield Ice Blue from the aerial pressure.

"Chirp!"

The two Fire Phoenixes let out a piercing cry.

However, the sound carried a sense of pain.

Clearly, this process of bloodline evolution was extremely painful.

Just like Xu Nian and the others before, this evolutionary process required the bloodline within them to undergo a tremendous transformation.

And this process was also extremely dangerous.

If they could emerge reborn from the flames, that would be fine. If not, it was highly likely they would turn to ashes.

Yet the two Fire Phoenixes kept their heads held high, even though the flames were extremely hot; they continued to maintain a strong sense of defiance.

Their entire bodies still exuded a noble aura.

Such is the phoenix, always maintaining elegance.

Never submitting to anything.

The arrogance of the Dragon Clan, the nobility of the Phoenix Clan, these are things ingrained in their being, absolutely unchangeable.

However, as the bloodline power continued to emanate, the flames on their bodies became even more terrifying.

Xu Nian furrowed his brow slightly.

He could sense the pain of Luo Shang and Luo Blood.

This rebirth, akin to when his Demon Embryo split, was unbearable pain.

However, if they could successfully evolve, they both would undergo a significant transformation.

While Huo Tianqiu didn't speak, his heart was filled with surprise.

Unexpectedly, the evolution of the Phoenix Clan was even more terrifying than that of the Snake Clan.

"I hope they can successfully evolve," Xu Nian murmured to himself.

"Haha, who would have thought there are two Fire Phoenixes evolving here."

However, just at this moment, two sinister laughs were heard from the sky.

Then, two figures appeared above the valley.

Seeing these two, Xu Nian's gaze instantly turned sharp.

Because the two were none other than the Demon Emperor Peak experts from the Xuanwu Clan.

The two Demon Emperor Peak experts clearly noticed Xu Nian, looking at him with eyes full of intense killing intent.

Obviously, they also knew about Xu Nian killing the princess of the Xuanwu Clan.

"Boy, it's you. Truly, one finds things when least expected, you actually survived," said the blue-robed Demon Emperor Peak expert from the Xuanwu Clan.

"The two seniors didn't die; how could I have?" Xu Nian replied coldly.

"Hmph, not seen for several days, speaking so boldly. Ah, you've broken through to the Demon Emperor Realm; no wonder you dare speak to us like this," the yellow-robed Demon Emperor Peak expert from the Xuanwu Clan snorted coldly.

Back then, Xu Nian managed to escape from him, which made him quite displeased.

Meeting again today, he would not let Xu Nian escape again.

However, their primary target this time was not Xu Nian but Luo Shang.

Of course, Huo Tianqiu also caught their attention.

Clearly, Huo Tianqiu's Demon Emperor Peak aura made them instinctively wary.

"I'll hold her off, you deal with the boy first, then insert these two Divine Talismans into their bodies, you must do it before they complete their evolution," the blue-robed Demon Emperor Peak expert commanded.

"Alright, this time I'll make the boy pay," the yellow-robed Demon Emperor Peak expert replied coldly.

His gaze towards Xu Nian filled with intense killing intent.

Xu Nian frowned.

Looking at the Divine Talisman the blue-robed Demon Emperor had given the yellow-robed Demon Emperor, his eyes suddenly grew angry.

That was a Divine Control Talisman; once inserted into the body, Luo Shang and Luo Blood would be completely controlled by whoever possessed the talisman.

This method of control was no different from soul slavery.

It was even more domineering because this Divine Control Talisman could control someone's thoughts, forcing them to act entirely against their will.

It was obvious this talisman's owner was Sikong Bo.

Sikong Bo wanted to kill him first, and now he wanted to control Luo Shang and Luo Blood.

How could Xu Nian not feel enraged?

Sikong Bo trying to control Luo Shang was understandable, as she had always been Sikong Bo's prey.

But Luo Blood was his woman, having no interaction with Sikong Bo at all.

Yet Sikong Bo sent people to do this, clearly to retaliate against him.

How can such a maliciously hearted person be spared?

Sikong Bo must die!

Killing intent surged in Xu Nian's heart, but the immediate priority was to first kill the two Xuanwu Clan experts before him.

"I'll help you deal with one; the other you'll have to handle yourself," Huo Tianqiu said to Xu Nian.

"Alright, no problem, be careful yourself," Xu Nian replied to Huo Tianqiu.

"Rest assured, if I can't handle this level, I wouldn't be worthy of being Xiang Liu," Huo Tianqiu said arrogantly.

Saying this, his figure flew up, confronting the blue-robed Demon Emperor Peak expert.

"Are you really going to intervene, Huo Tianqiu? Do you know who we are working for?" the blue-robed Demon Emperor Peak expert immediately asked Huo Tianqiu coldly.

"No matter who you're working for, you cannot touch Xu Nian, he is one of my Snake Clan," Huo Tianqiu replied with cold arrogance.

"It seems your Snake Clan truly doesn't know what's good for you. In that case, I'll kill you first and then destroy your Snake Clan," the blue-robed Demon Emperor Peak expert snorted coldly.

Clearly, he was no weakling.

Facing Huo Tianqiu, his eyes still held a hint of disdain.

For him, the bloodline of the Xuanwu Clan was still superior to the Snake Clan.

Meanwhile, Xu Nian also confronted the yellow-robed Demon Emperor Peak expert.

That yellow-robed Demon Emperor Peak expert, with an exceedingly arrogant tone, said, "Boy, I won't give you any chance of survival this time, I will personally eliminate you."

"I give you the same words," Xu Nian replied coldly.

At this moment, his heart was also filled with killing intent.

Since the Xuanwu Clan was the Dragon Clan's lackey, he would first kill the lackey, then the master.

Daring to target his woman, Sikong Bo has entered his list of death.

"Such bragging!" The yellow-robed Demon Emperor immediately snorted.

Then he rushed towards Xu Nian.

Xu Nian, filled with unmatched momentum, feared nothing!

Chapter 1757: Six Paths of Reincarnation

The Yellow Robed Demon Emperor Expert swung a punch towards Xu Nian.

The terrifying fist force was accompanied by a powerful Earth Attribute Law Wave, and as the punch was struck, it birthed a terrifying ground tremor.

This tremor force was exceedingly powerful; wherever it vibrated, everything turned to dust.

The punch was enough to eliminate a typical Late-stage Demon Emperor Expert.

Clearly, this Yellow Robed Demon Emperor Expert harbored murderous intent.

However, Xu Nian was no longer the Xu Nian he once was, facing this fearsome punch.

There wasn't a shred of fear in Xu Nian's eyes.

On the contrary, he directly activated the Earth Attribute Law.

Black Hole Power surged, immediately enveloping his fist.

Though he was currently using the Nine Infant Avatar, the Earth Attribute Law could still be exhibited.

After all, he hadn't yet integrated any Godhood and thus wasn't limited by the laws.

But, exhibiting the Earth Attribute through the Nine Infant Avatar didn't have the same amplification as the Divine Demon Avatar's.

At this moment, Xu Nian's Black Hole Law had also broken through to the Law Great Success Second Level Realm.

"Boom!"

Their fists collided, and heavens and earth shattered.

The Yellow Robed Demon Emperor was unexpectedly sent flying by Xu Nian.

He retreated a hundred meters before the Yellow Robed Demon Emperor could dissipate the force.

Of course, Xu Nian also retreated a hundred meters.

But from the perspective of the Yellow Robed Demon Emperor, it was almost implausible.

Was he actually sent flying by this guy's punch?

Previously, this guy didn't even have the strength to counter under his hand.

Now, facing a punch, he didn't lose ground?

What kind of terrifying growth rate was this?

"You've actually reached the Mid-stage Demon Emperor cultivation level?" The Yellow Robed Demon Emperor exclaimed.

Previously, Xu Nian was just at the Quasi-Devil Emperor Realm, and in just over ten days, his cultivation had soared so much?

Most crucially, he felt that Xu Nian's physical strength seemed to have increased significantly, even surpassing that of himself, a member of the Xuanwu Clan.

"I've told you, you're no longer qualified to kill me." Xu Nian remarked coldly.

He wasn't surprised at all by the Yellow Robed Demon Emperor's astonishment.

Indeed, in these past days, he had grown much stronger.

Now, even without external assistance, he could battle against a Demon Emperor Peak Expert.

"Damn it, this guy is growing so quickly; he definitely can't be allowed to grow further, or else he will become a major threat." The Yellow Robed Demon Emperor thought to himself.

At this moment, true murderous intent surged within him, and he began to truly regard Xu Nian seriously.

"You're not qualified to kill me, kid, you underestimate me, if that's so, let me show you my real strength." The Yellow Robed Demon Emperor sneered.

In an instant, six Law Discs appeared behind him.

On the Law Discs, extremely terrifying Earth Attribute Law Chains surged.

The terrifying Earth Attribute Law Power frantically converged upon his body.

In a flash, the aura emanating from the Yellow Robed Demon Emperor turned immensely horrifying.

"Such powerful aura, the mastery of Earth Attribute Law has reached this level." Xu Nian mused internally.

The Yellow Robed Demon Emperor's strength was drastically increasing; compared to before, his strength had grown tenfold.

It seems, amongst Demon Emperor Peak Experts, there isn't a single weakling.

"Prepare to die!"

The Yellow Robed Demon Emperor's figure flashed, appearing directly in front of Xu Nian.

A punch was thrown, carrying incomparably massive and majestic Earth Attribute power.

When the fist swung, the forces between heaven and earth seemed to be pulled.

Incredibly terrifying.

"So fast!"

Xu Nian's face changed, not expecting the Yellow Robed Demon Emperor to be so terrifying.

Xu Nian dared not have the slightest negligence, urgently mobilizing all Earth Attribute powers to resist.

But ultimately, still a step late.

"Boom!"

The Yellow Robed Demon Emperor's punch struck Xu Nian's abdomen.

The terrifying force erupted directly from Xu Nian's abdomen.

"Whoosh!"

Xu Nian's figure instantly flew backward.

Colliding against a distant mountain peak, like a meteorite crashing to the ground.

"Master!"

"Master!"

Huo Baiyu and Ice Blue were aghast upon seeing this scene.

The force of that punch, how terrifying was it, they too felt clearly.

Enduring such a punch, Xu Nian couldn't possibly withstand it?

"Haha, doomed, my Xuanwu Earth Shattering Fist isn't to be trifled with, with that punch, your demon embryo will directly crumble into mince, speaking of me not being qualified to kill you, what a joke." The Yellow Robed Demon Emperor remarked arrogantly.

His gaze toward the direction where Xu Nian retreated was filled with disdain.

Ice Blue and Huo Baiyu both had faces of drastic change.

Is Xu Nian really dead?

"Cough cough!"

Just then, a crisp coughing sound erupted.

Ice Blue and Huo Baiyu were immediately delighted.

The Yellow Robed Demon Emperor's expression changed, revealing astonishment.

Clearly did not expect Xu Nian was still alive.

Xu Nian flew out from the rubble.

Covered in dust, appearing somewhat chaotic.

But at this moment, Xu Nian wasn't significantly injured.

"Impossible, I clearly shattered your demon embryo." The Yellow Robed Demon Emperor exclaimed in horror.

Xu Nian merely chuckled.

Indeed, the Yellow Robed Demon Emperor had shattered one of his demon embryos.

But only shattered one demon embryo, not all nine.

As long as the Nine Infant has one demon embryo alive, the other demon embryos can instantly regenerate.

This is the heaven-defying characteristic of the Nine Infant.

Therefore, shattering one demon embryo was pointless.

More precisely, the Yellow Robed Demon Emperor couldn't possibly kill him.

Because he had hidden one demon embryo within the Chaos Divine Palace.

Thus, regardless of how much the Yellow Robed Demon Emperor attacks, he couldn't possibly die.

"I told you, you lack the qualification to kill me, but that punch of yours was truly strong, enlightening me that Earth Attribute Law can burst with such might. Honestly, I must thank you for that punch." Xu Nian said with a smile.

"What do you mean?" The Yellow Robed Demon Emperor displayed a puzzled expression.

Xu Nian chuckled, and his gaze instantly turned incomparably sharp.

Then he began to activate the Earth Attribute Law.

But this time, the aura on Xu Nian began to change.

The former black hole surprisingly mutated at this moment.

Heaven and Earth Reincarnation, Six Paths of Dominion.

"Six Paths of Reincarnation Law! Appear!"

Xu Nian shouted, the black hole within transformed instantly into Six Paths of Reincarnation Law.

And at the moment Xu Nian broke through to the Six Paths of Reincarnation Law.

Heaven and Earth weather transformed drastically, the Heavenly Dome above appeared awash with seven-colored radiance.

Behind that radiance was a gigantic Hell Gate.

Xu Nian wielded the Six Paths of Reincarnation, standing within heaven and earth.

"This is... the Six Paths of Reincarnation Law? How is it possible?" The Yellow Robed Demon Emperor was utterly stunned.

His eyes were filled with endless astonishment.

Six Paths of Reincarnation?

How could someone comprehend such legendary supreme law?

Yet the facts were in front of him, he couldn't disbelieve even if he wished.

Six Paths of Reincarnation?

In the distance, Huo Tianqiu and the Blue Robed Demon Emperor were also captivated, displaying shocked expressions.

Further witnessing the Heaven and Earth Phenomenon summoned by Xu Nian, they were shocked beyond belief.

Chapter 1758: The Might of the Six Paths of Reincarnation Unleashed

Xu Nian actually comprehended the strongest Earth Attribute law, the Six Paths of Reincarnation?

Wasn't this guy always cultivating Gold Attribute and Wind Attribute?

How did an Earth Attribute law suddenly emerge?

Huo Tianqiu could no longer describe his shock.

She had seen prodigies, but never someone as monstrous as this.

The Yellow Robed Demon Emperor's brow furrowed to the extreme.

The potential in Xu Nian made him feel a great fear.

If this guy keeps growing, what kind of threat will he pose?

The Yellow Robed Demon Emperor couldn't even imagine.

Thinking this, the Yellow Robed Demon Emperor immediately attacked Xu Nian.

He must eliminate this guy quickly to avoid future trouble.

This time, the Yellow Robed Demon Emperor unleashed powerful Power of Laws, aiming to utterly crush Xu Nian.

However, a slight sneer appeared on Xu Nian's face.

Clenching his fist, the Earth Attribute Six Paths of Reincarnation Law erupted.

To everyone's surprise, three Law Discs appeared behind Xu Nian.

This indicated that Xu Nian's Earth Attribute law broke through again, reaching the Law Great Success Third Level Realms.

The Six Paths of Reincarnation Law at the Third Level Realms!

Xu Nian clenched his fist and struck a blow.

As he unleashed this punch, a terrifying scene of the Six Paths of Reincarnation seemed to manifest behind him.

"Crack!"

The Yellow Robed Demon Emperor's fist shattered directly.

His entire arm followed suit.

What?

Huo Baiyu and Ice Blue in the distance were both astonished.

The Master actually blew off the arm of a Xuanwu Clan Demon Emperor Peak expert?

How terrifying is this power?

Is this the true power of the Six Paths of Reincarnation?

This is too terrifying!

Undoubtedly, the most shocked was the Yellow Robed Demon Emperor. He could not believe that he would be blown apart one day.

And now, it had all happened.

Xu Nian was also somewhat surprised at his own power.

While he could feel the strength of the Six Paths of Reincarnation power,

he did not expect it to be so terrifyingly powerful.

At this moment, he felt as if his strength had undergone a qualitative leap.

So Xu Nian immediately looked at the Yellow Robed Demon Emperor.

The latter was instantly startled.

"Previously you hunted me, now it's time for your reckoning." Xu Nian snorted coldly.

Then his figure flickered, appearing directly in front of the Yellow Robed Demon Emperor.

He threw a punch.

It contained extremely terrifying Six Paths of Reincarnation power.

The Yellow Robed Demon Emperor was greatly alarmed.

He hurriedly summoned his turtle shell for defense.

"Boom!"

However, he ultimately underestimated Xu Nian.

Xu Nian's Six Paths of Reincarnation power smashed onto his turtle shell, shattering it entirely.

A punch landed on his chest.

"Boom!"

The Yellow Robed Demon Emperor's body collided with a distant giant mountain, causing the ground to tremble.

Huo Baiyu and Ice Blue were immensely shocked.

"Master is so strong, I didn't expect even a Demon Emperor Peak expert is no match for Master." Huo Baiyu was extremely excited.

His eyes were filled with intense admiration.

The same was true in Ice Blue's eyes.

Xu Nian's immense power gave her a sense of pride.

"Cough, cough!"

The Yellow Robed Demon Emperor coughed up several mouthfuls of blood, his face turning serious.

He found himself no match for Xu Nian.

"No, I must kill him." A trace of ruthlessness flashed in the Yellow Robed Demon Emperor's eyes.

Then, without hesitation, he took out a drop of Earth Attribute Divine Power Liquid.

As the Yellow Robed Demon Emperor absorbed the Divine Power Liquid, terrifying Earth Attribute divine power waves erupted from him.

"Divine Power Liquid?" Xu Nian frowned slightly.

He hadn't expected the Yellow Robed Demon Emperor to also have Divine Power Liquid.

This was indeed troublesome.

"Kid, so what if you comprehended the Six Paths of Reincarnation Law? Today, you must die." The Yellow Robed Demon Emperor's body emanated divine power waves, his form floating in the air, entering a powerful state.

Clearly, he had absorbed the Divine Power Liquid to about fifty percent as a Demon Emperor Peak level expert.

At this moment, this divine power wave was extraordinarily powerful.

"Die!"

The Yellow Robed Demon Emperor charged at Xu Nian, his figure flickering and suddenly appearing right in front of Xu Nian.

He unleashed a punch packed with terrifying divine power.

This punch was nearly a hundred times stronger than before.

Such a vast gap was something Xu Nian definitely couldn't bridge.

Yet a sarcastic smile appeared on Xu Nian's face.

"You think you're the only one with Divine Power Liquid?" Xu Nian sneered coldly.

The next moment, a drop of Earth Attribute Divine Power Liquid appeared in Xu Nian's hand.

Then he absorbed this Divine Power Liquid in its entirety.

A terrifying divine power instantly exploded within him.

This instantaneous immense power made Xu Nian enter an extremely pleasant state.

"What?" The Yellow Robed Demon Emperor's face changed drastically.

He hurriedly tried to retreat.

But it was too late.

Xu Nian clenched his fist, activating the Six Paths of Reincarnation Law, infusing it with divine power.

"Six Paths Reincarnation Fist!"

With a loud shout from Xu Nian.

A punch was thrown.

The heavens and earth trembled.

The Yellow Robed Demon Emperor tried to resist.

Yet the power of Xu Nian's punch was overwhelmingly terrifying.

A punch landed directly on his chest.

"Boom!"

The Six Paths of Reincarnation power, under the blessing of divine power, instantly shattered the Yellow Robed Demon Emperor's entire body into pieces.

"Swoosh!"

The Yellow Robed Demon Emperor's demon embryo tried to escape.

But was instantly trapped by Xu Nian's Golden Attribute Divine Country, directly restrained in his hand.

Holding the demon embryo of a Demon Emperor Peak level expert, Xu Nian could crush it at any moment.

"No, don't kill me, Sikong Bo orchestrated all this, I have no personal grudge with you, you..." The Yellow Robed Demon Emperor hastily said.

But before he could finish his sentence.

Xu Nian killed the soul origin on his demon embryo.

Then he tossed the Demon Emperor Peak level expert's demon embryo to his true self.

The true self didn't hesitate, directly absorbing the power of the demon embryo.

Successfully advancing from early-stage Immortal Emperor to mid-stage Immortal Emperor level.

Seeing this, Xu Nian breathed a slight sigh of relief, then looked up at the battle between the Blue Robed Demon Emperor and Huo Tianqiu in the celestial dome.

"Puchi!"

Huo Tianqiu's strength was intrinsically greater than that of the Blue Robed Demon Emperor.

So grabbing the moment when the Blue Robed Demon Emperor was distracted, she pierced through his abdomen with one sword stroke.

Instantly exterminating him!

However, it was a pity for that Demon Emperor Peak level demon embryo.

Thus, the two Xuanwu Clan powerhouses perished at that moment.

"Swoosh!"

Huo Tianqiu swiftly flew over, appearing directly before Xu Nian.

"Congratulations on mastering the Six Paths of Reincarnation Law." Huo Tianqiu remarked.

Xu Nian smiled and replied, "It was a stroke of luck, I had some realization before, so during the battle with the Xuanwu Demon Emperor, I suddenly comprehended and broke through."

"The Six Paths of Reincarnation Law is indeed extraordinary, I truly wonder how terrifying it will be when you refine it to perfection." Huo Tianqiu exclaimed sincerely.

"That day will come." Xu Nian smiled.

Then he turned his gaze to the evolving Luo Shang and Luo Blood.

They too had reached the most crucial moment of evolution at this time.

Chapter 1759: Red God Fire Phoenix

Luo Shang and Luo Blood have both transformed into raging flames.

If a Phoenix Clan bloodline wishes to evolve, it must undergo a process of rebirth from the fire.

And this process is undoubtedly extremely perilous.

Those capable of being reborn from the fire are as rare as phoenix feathers and unicorn horns within the Phoenix Clan.

Time passes by bit by bit.

The soul auras of Luo Shang and Luo Blood both show signs of fading.

The flames also start to weaken.

If the flames completely vanish and they haven't been reborn from the fire, it means they have utterly failed.

Time continues to pass.

Neither shows signs of rematerializing their physical bodies, and their soul auras grow even weaker.

This causes even Xu Nian, who wasn't too worried initially, to furrow his brows.

Huo Tianqiu also furrows her brows.

Obviously, she also knows that Luo Shang and Luo Blood's situation is not looking good.

But right now, they have no solution; this is something only they can handle themselves.

Time keeps slipping away.

The flames enveloping them keep weakening.

This makes Xu Nian even more worried.

Toward the end, their flames are only the size of a fist.

"Damn it!"

Xu Nian is extremely anxious inside.

But he can do nothing about it.

"Chirp!"

Just when everyone thought they were going to fail, a crisp phoenix cry rang out from within the flames.

Hearing this phoenix cry, Xu Nian was instantly overjoyed.

This indicated that Luo Shang and Luo Blood hadn't failed.

On the contrary, they were making their final push.

Sure enough, with the sound of this phoenix cry, the flames around Luo Shang and Luo Blood suddenly became incredibly fierce.

The terrifying flames turned even fiercer.

And as the flames surged, their soul auras continued to rise.

They were even much stronger than before.

Seeing this, everyone around was ecstatic.

Xu Nian's suspended heart finally settled.

Within the blazing flames, two enormous Fire Phoenixes began to gradually take shape.

And as the two coalesced, the aura around them exploded with an incomparably formidable pressure.

This aura carried the majesty of a king among birds.

Noble!

Powerful!

Fiery!

Both Luo Shang and Luo Blood's cultivation saw significant advancement.

Luo Shang directly broke through to the Demon Emperor Peak Level.

While Luo Blood had already reached mid-stage Demon Emperor level of cultivation.

Not only that, Luo Blood's control over godhood increased from about twenty percent previously to fifty percent.

This meant he could completely master the fire attribute principle at the Fifth-Level Law Mastery Realm.

"Chirp!"

Luo Shang let out a loud cry.

Her entire body emanated seven-colored radiance, and even the fluttering of her wings carried roaring flames.

Her true form is the Fierce Sun True Phoenix, and this evolution had turned her into a Seven-colored Fierce Sun Phoenix, enhancing her control over flames to a greater degree.

"Such a powerful flame aura, the temperature of these flames increased tenfold, even if compared to the Nirvana Fire, it's not far off," exclaimed Xu Nian in surprise.

At this moment, the flames on Luo Shang were indeed incredibly terrifying.

This evolution had strengthened her bloodline even further.

"Buzz!"

Luo Shang's form flickered, transforming back into human shape.

Wearing a seven-colored feather robe, a seven-colored fierce sun mark appeared at her brow.

It possessed an indescribable beauty.

At this moment, she stood there as if she was an exquisite painting.

Noble and elegant!

Indeed, the Phoenix Clan is naturally imbued with boundless allure.

On the other side, Luo Blood was nearing completion.

Right now, her entire plumage was an incomparably fiery red, as if each feather was a scorching flame.

Any single one falling could turn into endless fire, and although not as terrifying in temperature as Luo Shang's...

Luo Blood's flame appeared unique with a soul-burning effect.

It could even ignite mixed element demon power and soul power together.

Such a flame, when used in attack, could produce extremely terrifying effects.

"Buzz!"

Luo Blood's form flickered, transforming into a human shape.

Wearing a crimson feather robe, a red flame mark appeared at her brow.

The flame mark was scarlet, indescribably alluring.

"Husband!"

Luo Blood opened her eyes, even her eyes had turned red.

As if two flames were dancing.

"Congratulations on completing your bloodline evolution; it seems this time you've reaped quite a harvest," Xu Nian said with a smile.

Luo Blood had become more enchanting.

This feeling made Xu Nian's heart stir.

"Husband, if not for your protection, Luo Shang and I might have already fallen into ill fate," Luo Blood replied.

"Yes, Xu Nian, thank you this time," Luo Shang also stepped forward with gratitude.

Xu Nian smiled and didn't mind.

However, thinking about how Sikong Bo dared to scheme against Luo Blood and Luo Shang, a hint of killing intent sparked in his eyes.

"Protecting you is as it should be; this time, I'll make Sikong Bo pay the price, ensuring he never escapes this Ancient Divine Prohibition," Xu Nian declared resolutely.

Hearing this, a strong killing intent flashed in the eyes of both Luo Shang and Luo Blood.

Sikong Bo had indeed gone too far.

"Madam, how has your bloodline evolved into such a phoenix bloodline? Why can't I discern it?" Xu Nian asked curiously.

"Actually, I don't really know what kind of phoenix bloodline I am now," Luo Blood replied, shaking her head.

"Luo Blood's sister's bloodline should be unprecedented in Phoenix Clan's history. Her original Blood Phoenix was already a mutated bloodline; this time, she gained the Ancient Red Fire True Phoenix bloodline, resulting in another mutation, probably stronger than the Red Fire True Phoenix," Luo Shang explained.

Her Seven-colored Fierce Sun Phoenix was among the finest bloodlines within the Phoenix Clan.

The Red Fire True Phoenix was slightly inferior when compared to her Seven-colored Fierce Sun Phoenix bloodline.

However, Luo Blood's current bloodline was evidently not inferior to hers at all, clearly more powerful than the Red Fire True Phoenix.

"Since it's a unique bloodline, why not name it?" Xu Nian suggested with a smile.

"Husband, please name it for me," Luo Blood said, smiling.

Upon hearing, Xu Nian didn't decline, adopting a thoughtful appearance.

"Let's call it the Red God Fire Phoenix," Xu Nian suggested with a smile.

"Red God Fire Phoenix? Alright, that's what it shall be called," Luo Blood said joyfully, clearly liking the name.

Red God Fire Phoenix?

Luo Shang was also surprised.

The name was indeed pleasant and also encapsulated Luo Blood's characteristics.

Red God!

Luo Blood's current flame was the ultimate in red and fierce flames.

Calling it Red God was not an exaggeration.

"Xu Nian, what are your plans next?" Luo Shang asked.

Hearing this, Xu Nian's eyes narrowed.

Then, in an extremely cold voice, he said: "What's there to plan? Kill Sikong Bo, seize the Dragon Vein!"

As these words were uttered, Luo Shang and the others all looked surprised.

Killing Sikong Bo was already astonishing enough.

Xu Nian even wanted to seize the Dragon Vein?

Chapter 1760: The Power of the Dragon Clan

"Xu Nian, why do you want multiple Dragon Clan bloodlines? You're from the Snake Clan. If you forcibly absorb the Dragon Clan bloodline, it will surely lead to your demise."

Luo Shang couldn't help but advise.

Huo Tianqiu also looked at Xu Nian curiously.

Clearly, he was also very curious about Xu Nian's decision to acquire the Dragon Clan bloodline.

Even Huo Baiyu looked puzzled.

Unable to understand why her master was so fixated on seizing the Dragon Clan bloodline.

However, Luo Xue and Ice Blue knew the reason.

"Alright, since that's the case, I won't hide it from you any longer. What you're seeing is merely one of my avatars, and I also have a Human Clan main body." Xu Nian said.

Right after speaking, Xu Nian's main body appeared in front of everyone.

"Human Clan? You're a member of the Human Clan?" Luo Shang was a bit surprised.

Huo Tianqiu and others didn't feel surprised.

They already knew about Xu Nian being from the Human Clan earlier on.

So, only Luo Shang was unaware of this fact among those present.

"Indeed, my main body belongs to the Human Clan. Aren't you regretting bringing me into the Demon God Palace?" Xu Nian asked with a smile.

"Human Clan people indeed shouldn't enter the Demon God Palace, but you have a Snake Clan avatar, so in a sense, you're considered half-demon. This is undeniable, especially since you saved me, I won't do anything against you." Luo Shang replied.

After spending so much time together, she clearly saw Xu Nian's character.

Therefore, she didn't think Xu Nian harbored any ill intentions.

Besides, she knew Xu Nian's purpose, which was to rescue Xu Yu.

Thus, she was even less willing to expose Xu Nian.

"I thought you'd expose me and drive me out of the Demon God Palace." Xu Nian said with a smile.

"I won't, but I hope you don't do anything detrimental to the Demon God Palace." Luo Shang replied.

"Don't worry about that. I won't make a move against the Demon God Palace. My only goal is to rescue Xu Yu." Xu Nian said.

Luo Shang nodded.

"But even if you're from the Human Clan, what does that have to do with acquiring the Dragon Clan bloodline? A member of the Human Clan wouldn't be able to withstand the Dragon Clan bloodline, would they?" Luo Shang asked puzzled.

Huo Tianqiu also looked at Xu Nian curiously.

Huo Baiyu the same.

Xu Nian smiled and took a step forward.

The next moment, the aura of the Nine Dragons Supreme Body instantly erupted.

A golden Supreme Dragon image appeared directly above his head.

As soon as this Supreme Dragon Qi emerged, it instantly made everyone present tremble.

Dragon Clan, the true Supreme Bloodline.

Even the Phoenix Clan, in the face of Supreme Dragon Qi, was still suppressed.

"Supreme Dragon Qi, the Supreme Bloodline of the Dragon Clan, actually appearing on a member of the Human Clan?" Luo Shang stared with wide eyes in shock.

The expression on her face was remarkably fascinating.

As a member of the Phoenix Clan and the Demon God Palace.

She clearly knew how proud the Dragon Clan was and how much they valued their bloodline.

And the Supreme Dragon Bloodline was regarded by them as the utmost bloodline, representing a sacred symbol.

Yet now, such a bloodline was possessed by a member of the Human Clan.

If the Dragon Clan knew about this, one wonders what their expression would be.

Huo Tianqiu and Huo Baiyu were also unbelievably surprised.

Originally, they thought Xu Nian's Nine Infant Avatar was the most powerful, but now it seems his main body is truly terrifying.

If he can obtain the Supreme Dragon Bloodline, then his potential is certainly unimaginable.

"Nine Dragons Supreme Body, merging Supreme Dragon Bloodline, are you planning to seize the Nine Great True Dragons Blood of the Dragon Clan?" Luo Shang couldn't help but say.

"If I can, I intend to do so." Xu Nian replied.

Luo Shang was left speechless.

Nine Great True Dragon Bloodlines?

It's already incredibly difficult to obtain a True Dragon True Phoenix Bloodline.

Xu Nian actually wants to seize the Nine Great True Dragons Blood and merge it into Supreme Dragon Blood, this is simply an unbelievable matter.

"Madness, but I really want to see the expression of the Dragon Clan when you seize their bloodline." Luo Shang couldn't help but say.

"With my own strength, it's definitely not enough. So, will you all help me?" Xu Nian asked with a smile.

"Husband, I will help you fight to the end." Luo Xue stood out without hesitation.

"Master, I also support you, I will help you fight as well." Huo Baiyu also stood out.

"Master, although my strength is lacking, I am willing to contribute my part." Ice Blue followed.

Huo Tianqiu shook his head, "I promised to help you, so naturally I won't back out, but why do I have the feeling of boarding a pirate ship?"

Xu Nian chuckled hearing this.

Although Huo Tianqiu's words sounded like a complaint, it actually showed that she genuinely wanted to help him.

This made Xu Nian trust Huo Tianqiu even more.

Then he turned his gaze to Luo Shang.

"You don't have to look at me. Even if not for you, for myself, I have to kill Sikong Bo, didn't you say? The best way to resolve this marriage contract is to kill Sikong Bo." Luo Shang looked at Xu Nian and said.

Xu Nian smiled.

The Phoenix Clan is indeed proud.

Clearly wanting to help himself, yet not directly expressing it.

Needing to find an excuse.

But having Luo Shang is good, it's completely enough.

This time seizing the Dragon bloodline, isn't an easy task.

To know, the strongest of the Dragon Clan isn't their strongest individuals but their influence.

For example, the Xuanwu Clan absolutely bows to the Dragon Clan.

And according to Xu Nian's understanding, it's not only the Xuanwu Clan following the Dragon Clan.

There are also the White Tiger Clan, Qilin Clan, and Thunder Leopard Clan as the Dragon Clan's subordinates.

These forces also have many demon emperor experts.

So this time when he wants to seize the Dragon Clan bloodline, he might have to face opposition from these clans.

Thus, he might face a battle.

"By the way, what about the other two Phoenix Clan youth and elders?" Xu Nian asked curiously.

"They were all killed!" Luo Shang replied, her fists clenching instantly, eyes exuding powerful killing intent.

"Killed?" Xu Nian was shocked.

"Who did it?" Xu Nian exclaimed in surprise.

"It was the joint forces of the White Tiger Clan and Thunder Leopard Clan experts, they killed them all. I hadn't reunited with them at the time; this information was transmitted to me by the elders before they died." Luo Shang said angrily.

Xu Nian's gaze also became somber.

"It seems Sikong Bo never intended for us to safely leave this Ancient Divine Prohibition." Xu Nian said coldly.

Sikong Bo targeted the Phoenix Clan elders and youth, and also aimed to enslave Luo Shang and Luo Xue.

Furthermore, he sent Xuanwu Clan members to kill him.

All this indicates that instead of them taking action against Sikong Bo, Sikong Bo has started taking action against them.

"Apart from the White Tiger and Thunder Leopard, which clans are listening to the Dragon Clan?" Xu Nian continued to ask.

"Originally, there weren't many, but now almost all demon clans have turned to the Dragon Clan. Even the Vermilion Bird Clan and Eagle Clan, previously allied with our Phoenix Clan, are also under the Dragon Clan's command." Luo Shang replied.

Xu Nian's eyes grew extremely gloomy.

It seems the Dragon Clan's influence is even greater than he imagined.

"No matter how powerful the Dragon Clan is this time, I will make sure Sikong Bo falls! Let's go!" Xu Nian immediately ordered.

The next moment, everyone flew towards the Dragon Clan Holy Land.
