

Divine King 1871

Chapter 1871: Hell Fragmented Space

"Capture the Godhood of the God-level Nether Beast, the Red Blood Sky Blue Python."

When Xu Nian saw this task, he even doubted his eyes.

Capture the Godhood of a God-level Divine Beast?

How could this task possibly be completed?

You have to know that none of the participants in this assessment have reached the God level.

And the strength of the God level is undoubtedly far above that of Divine-level experts.

So for Xu Nian, such a task is almost impossible to accomplish.

But there's only one way to complete such a task: collaboration!

In the distance, Li Tianxue also looked towards Xu Nian.

Obviously, she had also realized this point.

However, with her pride, how could she choose to cooperate with Xu Nian?

In her eyes, Xu Nian was just an ant. So what if he had mastered the Great Tao True Meaning?

The Nether Emperor is always the Nether Emperor.

Plus, Tan Long had given her a task to kill this guy.

"Everyone, you all should know your tasks by now. Next, I will open the space for your assessment. Once you enter, begin your tasks. After a month, if you break the mark on your forehead, you can escape the assessment space," said the Shadowless Sword God.

With these words, the expressions of all the experts turned serious.

Clearly, their assessment tasks were not easy either.

And they were full of dread for this unknown world of the assessment.

Clearly, this assessment world is not ordinarily perilous.

"Buzz!"

The Shadowless Sword God activated a mysterious divine seal, and the next moment, a space portal appeared before everyone's eyes.

Through the portal, everyone felt a terrifying, icy aura.

It seemed that the world beyond this portal was exceptionally frightening.

"Could this be the Hell Fragment Space?"

Someone in the crowd suddenly exclaimed.

On hearing this, everyone showed expressions of shock.

Hell Fragment Space?

Is the ultimate assessment location of the Netherworld God Temple here?

Isn't this too terrifying?

Even the divine-level experts showed shocked expressions on hearing about the Hell Fragment Space.

They clearly did not expect that the ultimate assessment location would be the Hell Fragment Space.

Xu Nian showed a hint of doubt.

Is the Hell Fragment Space really so perilous?

But he didn't have time to think too much, as the three people from Futu Mountain had already dived into the portal.

Some divine-level experts exchanged glances and followed suit.

Clearly, regardless of the danger ahead.

They had reached this point, and there was no reason to back down.

Thus, they all jumped into the portal.

Seeing this, Xu Nian did not hesitate and jumped into the portal.

As soon as everyone entered, the portal closed.

"This little guy has finally entered the ultimate assessment. I wonder if he can survive," Tang Wu said with a sigh, watching Xu Nian enter the portal.

He knew better than anyone else about the Hell Space; it was a terrifying and dreadful world.

There are nine pieces of Hell Fragment Space, each with varying degrees of danger.

He had entered the ninth piece before, the easiest one.

But even so, he almost died there.

"This little guy should be fine. He has a tough fate, and he also has many trump cards. He should be able to turn misfortune into fortune," said the Lei Family Ancestor.

Having been with Xu Nian for so long, he could sense that Xu Nian carried many secrets.

And these secrets might be beyond what a divine-level expert like him could imagine.

Tang Wu nodded.

He also had this feeling.

Xu Nian would definitely not fail that easily.

"Let's go. We can't see the upcoming assessment. It all depends on his fortune now," Tang Wu said.

After saying this, he turned and walked towards his residence.

The Lei Family Ancestor naturally chose to follow.

The crowd in the square also began to disperse gradually.

Among the crowd was a young woman.

She was none other than Qin Xue, whom Xu Nian had escorted earlier.

Gazing at the spot where Xu Nian disappeared, Qin Xue silently prayed: "Brother Xu Fenn, you must come back alive."

Of course, Xu Nian's performance also made her realize that the gap between her and Xu Nian was getting wider.

At that moment, the Shadowless Sword God also smiled slightly, then transformed into a stream of light and vanished.

His mission here was considered complete.

The upcoming ultimate assessment had nothing to do with him.

However, he would still pay attention to this assessment, as he was curious whether these two youngsters could pass.

Especially Xu Nian, who sparked intense curiosity in him.

...

Xu Nian appeared on a desolate land.

All around was black soil, and the sky was gray.

The ground continuously showed cracks, shattered into many pieces.

One glance was enough to know that this place had suffered an unimaginable disaster.

However, what truly made Xu Nian frown was the world's elemental energy.

At this moment, the elemental energy of the world was incredibly dense, at least ten times denser than the Netherworld.

Furthermore, there seemed to be a lack of certain restrictions here.

Xu Nian realized that the rules present here were still from the era of Hell.

But the laws here seemed incomplete.

Specifically, the Wind Attribute Law—Xu Nian could distinctly feel missing parts, though some areas were complete.

This meant that here, his abilities might not perform stably and still depended on his location.

"What kind of disaster could turn the former Hell into this?" Xu Nian couldn't help but murmur to himself.

It's imaginable that the former Hell was incredibly powerful.

But now, all that's left are ruins.

"Roar!"

A terrifying beast roar came from the distance.

The roar was so terrifying that Xu Nian's heart trembled.

Because he was sure that the owner of this roar had power that surpassed the God level.

This meant the beast was at least of Luo God Level, or even possibly of God King Level.

With such power, even the Netherworld Lord would be wary.

"It seems this trial is extraordinarily perilous," Xu Nian sighed to himself.

He now had a new understanding of this ultimate assessment.

"Kid, five kilometers northeast of your position, there's something good. Go have a look."

While Xu Nian was thinking about what to do next, Ye Tian's voice suddenly sounded in his mind.

Xu Nian was taken aback upon hearing it.

Something good?

If Master Ye Tian called it something good, it must be extraordinary.

Without hesitation, Xu Nian rushed towards the northeast direction.

When he arrived at the location pointed out by Ye Tian, he was stunned.

Is this a Divine Medicine?

But the size of it is astonishing, isn't it?

Looking at the massive black mushroom-like Divine Medicine that towered like a giant tree ahead, Xu Nian's eyes were filled with shock.

Chapter 1872: Slaying a Divine-level

Black Magic Sky Mushroom!

This is an extremely rare Divine Medicine.

It is said that consuming this Divine Medicine can make one's power surge twentyfold in a short time.

And this is the effect of the ordinary hundred-thousand-year-old Black Magic Sky Mushroom.

The Black Magic Sky Mushroom in front of him clearly has grown for millions of years.

The effect it possesses must be several times better than that of an ordinary Black Magic Sky Mushroom.

Of course, the downside is there will be a period of weakness.

However, for most people, that is still an extremely precious treasure.

A twentyfold power surge can definitely be useful at crucial moments.

Xu Nian's eyes showed a look of joy.

He hadn't expected to encounter such a precious Divine Medicine here.

With this Divine Medicine, his confidence in passing the test would be greater.

Thinking of this, Xu Nian hurriedly wanted to harvest this Black Magic Sky Mushroom.

"Buzz!"

Just as Xu Nian was about to cut the Black Magic Sky Mushroom, a terrifying sword light suddenly slashed towards him.

This sword light was extremely sharp, carrying a terrifying Gold Attribute True Intent.

Xu Nian frowned and immediately activated his Divine Sword to counter it.

"Clang!"

A sound like the trembling of fine steel rang out.

Xu Nian's figure was forced back hundreds of yards before he could dissipate the power emitted by that golden light.

"Oh, you could actually block my attack, it seems you're no ordinary Nether Emperor."

Just then, a youth clad in golden clothes appeared in the sky not far from Xu Nian.

This person exuded a strong Gold Attribute True Intent, with a Divine-level majesty in every move.

Clearly, his power had reached the Divine-level.

Though only a Low Grade Divine Level, this Divine-level expert was not weak among those of the Low Grade Divine Level.

"What do you want?" Xu Nian immediately questioned coldly.

This guy's move just now was clearly intended to kill.

This filled Xu Nian's heart with intense anger.

"Hmph, what do I want? Kid, you want to steal my Divine Medicine, so naturally, I have to kill you," the golden-clad youth said immediately.

"Your Divine Medicine? Did you plant this Divine Medicine?" Xu Nian immediately asked.

"Of course I didn't plant it, but I discovered it first, so this Divine Medicine is mine. And you actually tried to steal it when I wasn't looking. Don't you think you deserve to die?" the golden-clad youth said with disdain.

Xu Nian figured it out.

This guy just wants to snatch this Black Magic Sky Mushroom.

As for discovering it first, that's pure nonsense.

If he discovered it first, why wouldn't he have picked it already?

It's all just an excuse.

"If you want to snatch the Divine Medicine, just do it; why be so hypocritical?" Xu Nian said coldly.

His eyes were filled with intense fighting spirit.

Although he hadn't truly been in a life-and-death battle with a Divine-level expert, he wasn't going to give up this Black God Demon Sky Mushroom and had the confidence to fight with the Divine-level expert in front of him.

"You want to fight me? Kid, it seems you're quite confident. A Nether Emperor dares to fight a Divine level; you must not know the power of a Divine-level, huh?" The golden-clad youth sneered.

He looked at Xu Nian with strong disdain.

A Nether Emperor daring to challenge a Divine-level, isn't that a sky-high joke?

Does a firefly dare to compete with the brilliance of the moon?

"So what if you're Divine-level? Today I will behead you, this Divine-level, and make you the first Divine-level soul on my hands," Xu Nian's eyes were sharp, and he was filled with a burning flame of fighting will.

This flame made his whole being erupt with unprecedented fighting intent.

"Since you seek death, I'll fulfill that wish, letting you know the gap between a Divine-level and an ant," The golden-clad youth's eyes immediately filled with killing intent.

The next moment, the Divine Sword in his hand transformed into exceptionally sharp golden sword shadows.

"Whoosh, whoosh!"

Two Sword Radiances containing strong Gold Attribute True Intent directly slashed towards Xu Nian.

The power they contained was enough to make an ordinary Low Grade Divine Level expert dread.

"Golden Feather? True Intent of the Great Tao?"

Xu Nian immediately assessed the True Intent of the Great Tao comprehended by this Divine-level expert in front of him.

The youth in front of him comprehended the most basic True Intent among the Gold Attribute True Intents of the Great Tao.

Although there is no clear division of True Intents of the Great Tao, they are usually roughly defined as basic, high-level, top-level, supreme, four tiers.

This Golden Feather is a basic True Intent but considered a decent True Intent among the basic ones.

Xu Nian's Wind Extreme, on the other hand, is a top-level True Intent. While not at the supreme tier, it is among the most formidable presences within True Intents of the Great Tao.

"You think this can kill me?" Xu Nian snorted coldly.

He swung his Divine Sword in his hand, cutting down all those golden sword lights.

"Eh?"

That Divine-level expert clearly was stunned, not expecting Xu Nian to so easily counter his two swords.

But his gaze soon became sharp again.

He immediately invoked the power of the Divine Soul within his body, channeling the Golden Feather True Intent of the Great Tao.

The next moment, golden Great Tao Swords that looked like feathers appeared out of thin air.

"Die, Golden Light Sword Rain." The Divine-level expert shouted, and in the next moment, the dense rain of golden swords shot towards Xu Nian.

The power of each of these Great Tao Swords was enough to kill an expert at the Nether Emperor Perfection Level.

In his eyes, once his Golden Light Sword Rain was unleashed, this youth before him was destined to die.

However, how could Xu Nian be an ordinary Nether Emperor expert? He looked at the golden sword rain bursting towards him with a hint of scorn in his eyes.

The next moment, his figure suddenly flashed.

Then his entire being vanished from his original spot.

"Eh?" The Divine-level expert was startled.

How did the person suddenly disappear?

"Here?"

However, just as the Divine-level expert was searching for Xu Nian, a cold voice sounded behind him.

The Divine-level expert was greatly shocked.

When did this guy get behind him?

"Hmph, it's over."

Xu Nian snorted coldly, and before the Divine-level expert could react, he directly pierced his abdomen with a sword, simultaneously using powerful Wind Attribute True Intent of the Great Tao to annihilate his Divine Soul.

The Divine-level expert was utterly horrified; he never imagined he would die at the hands of a Nether Emperor before him.

His Divine Soul vanished, and a Godhood appeared before Xu Nian.

Xu Nian took the Godhood.

Gold Attribute Godhood?

Counting this Godhood, he now had two Godhoods in his possession.

These Godhoods could be taken back for use in the Heavenly Court.

Thinking of this, Xu Nian put away the Godhood.

Then he turned to look at the Black Magic Sky Mushroom.

Seeing Xu Nian swing his sword, he directly cut down the Black Magic Sky Mushroom.

"Buzz!"

Xu Nian used his Divine Soul Power to shrink this huge Black Magic Sky Mushroom and stored it in his storage ring.

With this Black Magic Sky Mushroom, even if he encountered a Top-Grade God-level expert, he dared to fight.

Even if he met a top-grade Divine Level expert, he had the means to escape.

Chapter 1873: Three-legged Golden Crow

After collecting the Black Magic Sky Mushroom, Xu Nian began to survey this world anew.

He noticed that the hell fracture space seemed more primal.

Here, it seemed to be filled with treasures.

Of course, it also carried endless dangers.

"It's time to look for the God-Level Red Blood Sky Blue Python," Xu Nian muttered to himself.

Though with his own power, the idea of seizing the godhood of this Red Blood Sky Blue Python was almost impossible.

But right now, he had no other choice.

He could only find this Red Blood Sky Blue Python first, then consider what to do next.

"Buzz!"

Just as Xu Nian flew over a fragmented mountain range, he had a very bad premonition.

At that moment, he felt marked by the Death God.

"Chirp!"

A high-pitched cry suddenly echoed from afar.

"Not good, it's a God-Level Netherworld Beast," Xu Nian instantly saw a crimson divine bird standing atop a mountain peak in the distance, looking like a fire.

This divine bird was bathed in terrifying divine fire, its presence extremely powerful.

The divine fire on it gave Xu Nian the feeling that even a touch would turn him into ashes instantly.

Even if it was his true form, it might not withstand such a frightening flame attack.

At this moment, the bird's gaze was locked onto Xu Nian, clearly targeting him as its prey.

"Escape!"

Xu Nian's mind held only one thought.

The next moment, the Wind Extreme Great Tao True Intent was instantly unleashed.

Xu Nian's entire being was enveloped by the Wind Attribute Great Tao True Intent, mastering his control over the wind at extreme levels.

Then he transformed into a rapid streak, speeding toward the distance.

Previously, he managed to avoid attacks from divine-level experts because of the enhancement provided by his Wind Extreme Great Tao True Intent.

The Wind Extreme Great Tao True Intent not only has strong enhancement effects on attack power, but also greatly enhances speed.

Thus, utilizing the Wind Extreme Great Tao True Intent now, Xu Nian's speed soared tenfold.

"Buzz!"

However, the enormous divine bird was not so easily shaken off.

The opponent flapped its enormous wings, its huge body soaring instantly.

The speed was beyond Xu Nian's imagination.

The terrifying body with wings stretching over 300 meters, at this moment, its speed was ten times faster than Xu Nian's.

This made Xu Nian feel like coughing up blood.

What kind of monster was this divine bird, how could it be so formidable?

Originally, Xu Nian and this divine bird were about thirty li apart, but within moments, only ten li remained.

For such God-Level experts, that was merely a moment.

So Xu Nian was constantly at risk of being caught.

At this moment, Xu Nian could clearly feel the terrifying heat emanating from the bird.

"What on earth is this divine bird, why is it so terrifying?" Xu Nian was horrified.

"This is the Three-legged Golden Crow, it's a highly terrifying avian divine beast from hell, rumored in ancient times to consume Divine Dragons, and now it's even stronger," Emperor Ye Tian's voice echoed in Xu Nian's mind.

Upon hearing this, Xu Nian felt like coughing up blood.

The Three-legged Golden Crow?

This legendary Ancient Divine Beast?

Weren't these terrifying Ancient Divine Beasts supposed to be extinct?

How could it appear here?

But now there was no time for Xu Nian to ponder, since the Three-legged Golden Crow was about to catch up to him.

The terrifying heat made Xu Nian's soul body feel like it was being roasted by divine fire.

"No, at this rate, I'll be caught sooner or later," Xu Nian thought anxiously.

"Buzz!"

Just as Xu Nian felt frantic.

A terrifying claw carrying a fearsome God Fire Light reached directly for him.

The terrifying heat from this God Fire Light was enough to melt a top-grade divine artifact instantly.

Even a divine-level Divine Armor could be melted into a large hole.

Without hesitation, Xu Nian summoned the Supreme Dragon Robe.

Then he channeled all his strength to resist.

"Bang!"

However, Xu Nian's power was ultimately too weak.

When the divine claw of the Three-legged Golden Crow struck Xu Nian.

The Elemental Power and Divine Soul Power formed around him shattered instantly.

"Boom!"

Xu Nian's body was uncontrollably slammed into a distant mountain peak.

A deafening crash.

The entire mountain collapsed.

Dust filled the air.

Xu Nian felt as if his whole body was falling apart.

If not for the protection of the Supreme Dragon Robe, his soul body would have turned to ashes.

Even so, his body felt like every bone had been shattered.

"Such powerful strength," Xu Nian was awed.

The power of the Three-legged Golden Crow was simply overwhelming.

He gathered his strength to repair his soul body.

He looked up at the sky at the Three-legged Golden Crow.

The bird's fierce fiery eyes were locked onto Xu Nian.

Clearly, it had no intention of giving up its attack.

In fact, because Xu Nian resisted its attack, it was more interested in him.

This made Xu Nian feel a headache.

"Chirp!"

The Three-legged Golden Crow let out a roar.

Directly spitting out a fireball, rushing towards Xu Nian.

This fireball's temperature was even more terrifying than the God Fire it emitted.

Facing this terrifying fireball, Xu Nian's brows furrowed deeply.

"You can use the Ice Attribute God Power from your Chaos Divine Palace," Emperor Ye Tian's voice echoed in Xu Nian's mind.

Upon hearing this, Xu Nian's eyes brightened.

Right, how could he forget this God Power?

Thus, Xu Nian excitedly activated the terrifying God Power.

"Buzz!"

With Xu Nian's current strength, it was somewhat reluctant to forcibly utilize God Power.

Nonetheless, Xu Nian swung his sword.

The terrifying sword radiance instantly turned into a cold light.

"Boom!"

The cold light struck the fireball, directly freezing it.

Yet the cold light did not stop.

It continued to dash toward the Three-legged Golden Crow.

The Crow's eyes showed a surprised expression.

It wanted to summon fire to resist.

But the cold light was much stronger than it anticipated.

Eventually, its enormous form was completely frozen.

"Succeeded?" Xu Nian saw this.

Immediately delighted.

No one expected the Ice Attribute God Power to be so terrifying.

"Don't be too pleased, this God Power can only seal it for a moment, you should escape quickly," said Emperor Ye Tian.

Xu Nian nodded repeatedly.

He realized that the ice sculpture encasing the Three-legged Golden Crow already began showing small cracks.

Without hesitation, Xu Nian pushed his speed to the limit.

Even utilizing Space Law, he continued to flee into the distance.

Just as Xu Nian fled for not even a breath.

The Three-legged Golden Crow shattered the ice sculpture, letting out a high and angry roar.

But by now, Xu Nian had vanished without a trace.

Chapter 1874: God King Sword

Escaping the sight of the Three-legged Golden Crow, Xu Nian finally breathed a sigh of relief.

This God Level Three-legged Golden Crow was too powerful, and Xu Nian was no match for it.

This also made Xu Nian more aware of the difficulty he would face in completing this quest.

Xu Nian found a safe place, sat cross-legged, and healed some of his injuries.

The injuries healed quickly, and with Xu Nian's current strength, restoring his Soul Body was still very easy.

"If it weren't for possessing this Ice Attribute God Power, which just happens to restrain the Three-legged Golden Crow, I fear I'd have had to use the Black Magic Sky Mushroom to possibly escape," Xu Nian muttered to himself.

At this moment, he also realized how perilous this Hell Fragment World was.

"Roar!"

In the distance, a terrifying beast roar was heard once again.

The sound was far off, but it carried an incredible majestic power.

Xu Nian could feel the might of the roaring beast's owner.

According to his guess, it was likely a roar from a Divine Beast at the God King Level.

It should be known that the original world of this hell is not restricted by the Heaven and Earth Laws.

This means that there might be super experts here beyond the Daluo God Level.

Thinking of this, Xu Nian felt increasingly cautious.

This time, Xu Nian chose not to fly at high altitudes.

Because doing so could potentially encounter some very formidable Netherworld Beasts.

It should be known that Netherworld Beasts have a sense of territory, and if you invade their territory, they might attack you.

Xu Nian continued onward.

However, he hadn't gone far when he saw a gigantic dragon resting on a mountain peak.

This dragon was extremely large, its entire body coiled around the mountain, completely enveloping the massive peak.

Xu Nian instantly felt suffocated.

"Is this a Daluo God Level Netherworld Beast?" Xu Nian was instantly filled with dread.

Just how terrifying is this hellish world to have so many terrifying Divine-level experts?

Fortunately, the great dragon seemed uninterested in Xu Nian, opening one eye to look at him before closing it again.

Seeing this, Xu Nian slipped away immediately.

Meanwhile, he felt fortunate that he currently had a Soul Body.

If it were his true form, his Supreme Dragon Clan Bloodline would definitely attract the attention of this terrifying dragon.

Xu Nian quietly left the dragon's line of sight with a heart full of trepidation.

At that moment, he suddenly felt grateful that the dragon treated him like an insignificant worm and let him be.

Otherwise, he would have had to retreat into the Chaos Divine Palace.

And if that happened, escaping would have been nearly impossible.

Soon, Xu Nian reached a vast plain.

Here, Xu Nian surprisingly discovered countless abandoned Divine-level weapons.

Some of these weapons had been eroded by wind and sand, clearly having endured endless ages.

Yet Xu Nian could still sense the terrifying bloody aura emanating from this land.

This terrible bloody aura was so intense that even someone of Xu Nian's caliber could feel his mind being affected, making him irrationally irritable.

"What a terrifying bloody aura, what kind of battle took place here that, even after such a long time, I still feel a murderous urge?" Xu Nian wondered to himself.

He was certain that a very brutal war once occurred here.

And it was definitely dominated by Divine-level experts.

The fierce battle was evident from these broken Divine-level weapons.

"Master, about 300 meters to your left, there is a Divine Weapon that seems to have a strong reaction to me," came the voice of Artifact Spirit Shi Shanshan.

Hearing this, Xu Nian looked in the direction Shi Shanshan indicated.

There, buried completely under dust, was only a small sword hilt jutting out.

Xu Nian unearthed the ancient sword.

The instant he touched the Divine Sword, he felt as if he were standing amidst a mountain of corpses and a sea of blood.

On this mountain of corpses and sea of blood stood a person who gave Xu Nian an extremely terrifying sensation.

"A Divine King? Definitely a God King Level expert."

Xu Nian quickly withdrew from this spiritual space, looking astonished.

This weapon, could its former owner really have been a Divine King?

"This weapon must be a God King Weapon, and it seems undamaged," Shi Shanshan said.

Xu Nian nodded.

Though the Divine Sword was ancient-looking, it was extremely exquisite.

Xu Nian infused his Soul Power into it, immediately feeling an incredibly sharp aura erupting from the Divine Sword.

He could sense that this Divine Weapon was several times more powerful than his current God Level Divine Sword.

In other words, with this God King Weapon.

Xu Nian's strength could definitely rise to a new level.

"Buzz!"

Xu Nian immediately swung the God King Sword, slashing out with one stroke.

In an instant, an incredibly sharp Sword Radiance shot out.

The next moment, everything within ten thousand miles, including space itself, was cut apart.

"So strong, so sharp, this might be the sharpest weapon I've ever seen," Xu Nian thought to himself.

With this Divine Weapon, even facing a Top-grade Divine Level Expert, he dared to fight.

Though he also had the Star Axe, a Chaos Level weapon, the strength of the Chaos Axe did not lie in its sharpness.

So to Xu Nian, this God King Sword was like adding wings to a tiger.

"Master, it seems there's a seal on this God King Sword, and if it can be broken, it could be even stronger," Shi Shanshan said.

As an Artifact Spirit, she could perceive more.

"A seal?" Xu Nian acknowledged the God King Sword as its owner.

Soon, he discovered that there indeed was a seal on the God King Sword.

However, the seal seemed very powerful, and his strength couldn't budge it at all.

For now, he could only give up.

"I didn't expect to find an abandoned treasure here," Xu Nian thought joyfully.

He was indeed lucky this time.

"Wang Ming, you despicable scoundrel, how dare you attack me, your senior sister?"

But just as Xu Nian was planning to leave, a shout came.

Xu Nian frowned.

He looked towards the direction from which the voice came.

He saw two figures engaged in combat in the distance.

A man and a woman.

The woman was clearly at a disadvantage, barely able to fend off the man's attacks at the moment.

It was this woman who had just spoken.

However, the strength of both was clearly formidable.

Especially the woman, whose cultivation had reached the level of a Top-grade Divine Level expert.

However, the woman was clearly injured, her Divine Soul Power extremely weak.

As for the man, his cultivation was only at the Mid-grade Divine-level.

If not for the woman's severe injuries, he wouldn't be a match for her at all.

Xu Nian naturally didn't want to interfere.

But the two were continually approaching his position, and both had already noticed Xu Nian by now.

Chapter 1875: Kindhearted Person

"Senior sister, as long as you hand over your Primordial Spirit Mark, I won't harm you and will heal your injuries," the young man named Wang Ming said with a sneer, looking at the beautiful senior sister in front of him.

He had coveted this senior sister for a long time but never had the chance to make a move.

This time, unexpectedly, the senior sister was injured by a God Level Dragon Blood Tigon, severely wounded, which for him was naturally a great opportunity.

He wouldn't let such an opportunity slip.

Once he enslaves her, he can do whatever he wants, and he'll have a Top-grade Divine Level bodyguard.

As for Xu Nian, he had noticed him too.

But a mere Nether Emperor Level ant wouldn't affect his plans at all.

"Don't think about it, even if I die, I won't hand over my Primordial Spirit Mark," the beautiful woman said resolutely.

Her gaze at Wang Ming was filled with intense anger.

"My beautiful senior sister, even if you don't want to today, it won't be up to you," Wang Ming said with a cold smile.

Then he took out an umbrella-shaped Divine Artifact.

Seeing this umbrella-shaped Divine Level, the woman's expression changed drastically.

"Soul Capturing Umbrella, how do you have such a vicious Divine Weapon?" the woman said in horror, a trace of fear clearly appearing on her face.

Xu Nian was also a bit surprised.

Soul Capturing Umbrella, as an Artifact Refiner himself,

he had naturally heard of such a Divine Weapon.

It is said that this is a forbidden Divine Weapon, requiring thousands of Immortal Level souls or ten Divine Level souls to refine.

Once such forbidden Divine Weapons are crafted, they can forcibly capture the opponent's Soul Imprint and enslave them.

But this forbidden Divine Weapon had long been lost; even Xu Nian did not know the refining method.

Unexpectedly, this young man in front of him possessed such a sinister Divine Weapon.

"I discovered this Divine Weapon in an ancient cave, and I also obtained a secret technique called Forbidden God Record. It is said that this secret technique allows one to enslave those stronger than themselves, making them obey," Wang Ming grinned, his expression exceptionally insidious.

The woman's brows furrowed tightly, biting her red lips hard, her gaze filled with extreme reluctance.

If it weren't for her bad luck encountering a God Level Netherworld Beast, how could she be harmed by such a vile person?

Today she was destined to be trapped here.

Dying would be considered the greatest fortune.

Her greatest fear was becoming the slave of this despicable Wang Ming in front of her.

"Why don't you leave now? He won't let you off," the woman scolded Xu Nian, who was still watching the show.

Xu Nian was taken aback, looking at the woman in surprise.

"Go quickly, I can hold him off for a moment," the woman urged again upon seeing Xu Nian still stunned.

"My dear senior sister, even though you can barely save yourself, you still care about a passerby. Do you think he can escape?" Wang Ming mocked.

"A passerby, so what? I, Chen Qingyu, even in death, will prevent you from harming an innocent person," the beautiful woman said resolutely.

"Go! I'll hold him off," Chen Qingyu shouted again.

"Uh? Alright!" Xu Nian replied and didn't linger any longer, immediately employing his Body Skill to fly away.

"Humph, dreaming if you think you can leave!" Wang Ming shouted, and his sharp sword flew toward Xu Nian.

Xu Nian frowned, preparing to engage.

But before he acted, a feminine silhouette appeared in front of him, slicing off Wang Ming's Sword Radiance.

However, she also spewed blood, her Soul Body becoming somewhat weak.

Xu Nian frowned.

"Go!"

The woman spoke without turning her head.

Upon hearing this, Xu Nian hesitated no longer and transformed into a stream of light, speeding away.

Seeing this, the woman sighed slightly in relief.

Wang Ming didn't continue attacking Xu Nian; to him, he was just a shrimp, escaped or not.

His main target was capturing the prey before him.

"Senior sister, you are still kind-hearted, receiving my sword for a passerby, and your injuries have worsened, making you no match for me now," Wang Ming chuckled coldly.

"Humph, even in death, I'll take you, this scum, with me," the woman said resolutely.

The next moment, she began burning her Divine Soul Power.

"Damn it, a lunatic!"

Seeing Chen Qingyu burn her Divine Soul, Wang Ming roared.

Once Chen Qingyu burned her Divine Soul, she could gain immense power briefly.

Even if he could withstand her attack, his ambition to enslave her would be entirely dashed.

"Since you seek death, I'll fulfill your wish," Wang Ming said with a venomous gaze.

Driving the Soul Capturing Umbrella to forcibly absorb Chen Qingyu's Divine Soul Origin.

Chen Qingyu instantly felt a strong power enhancing her Soul Power, rendering her immobilized.

Despite that, she managed to withstand the Soul Capturing Umbrella's force by forcibly burning her Divine Soul.

But the agony of burning a Divine Soul still left her in unbearable pain.

If she couldn't endure and her Divine Soul didn't burn out, Wang Ming would still capture her Soul Origin Imprint.

She could only fight hard, allowing her Divine Soul to continue burning.

"Humph, I challenge how long you can endure," Wang Ming sneered.

When someone burns their Divine Soul, they will reach a point of weak will.

He only needed to crush Chen Qingyu at her weak moment to interrupt her soul-burning process.

Then Chen Qingyu would be his ultimately.

...

After flying for about five hundred miles, Xu Nian finally stopped.

He could clearly feel, five hundred miles behind, a Divine Soul Power continuously burning.

No need to say, he knew who was burning their Divine Soul.

"Do you think I'm a little unscrupulous for not saving her?" Xu Nian asked the Artifact Spirit Shi Shanshan of the God Sword.

"The world is just that harsh. You aren't wrong for not saving her," Shi Shanshan's ethereal shadow appeared beside Xu Nian.

Xu Nian smiled wryly.

"But still, I hope you can save her because there aren't many good people left in this world," Shi Shanshan spoke again.

Xu Nian, hearing this, also grew resolute.

"If so, then let's go save her." Xu Nian took a deep breath and flew swiftly back towards the original direction.

At this moment, Chen Qingyu was clearly struggling.

Her Divine Soul burning was making her will begin to cloud.

The Soul Capturing Umbrella seized the moment to interrupt her soul-burning process.

In an instant, Chen Qingyu entered a state of extreme weakness.

"Haha, senior sister, you are mine now."

Seeing this, Wang Ming laughed wildly, immediately driving the Soul Capturing Umbrella to seize Chen Qingyu's Soul Origin Imprint.

However, right then, a sword light abruptly flew from afar.

In an instant, it sliced Wang Ming's Soul Capturing Umbrella in half.

"Uh?"

This sudden scene shocked both Wang Ming and Chen Qingyu.

The next moment, they saw a figure that surprised them.

Chapter 1876: Unbounded Might Revealed

"It's you?"

Wang Ming and Chen Qingyu exclaimed in surprise simultaneously.

They saw Xu Nian holding the God Sword, standing in the void before them.

"Didn't you already escape? Why have you returned?" Chen Qingyu said with some annoyance.

Clearly, she didn't expect this passerby youth to leave and then come back.

She hadn't considered asking for help, thinking what help could a Nether Emperor-level passerby provide.

It would be better to use her last bit of strength before dying to save his life, considering it a final good deed.

Xu Nian smiled at the annoyed Chen Qingyu; he naturally knew what she was thinking.

"I don't like owing people, especially when I can't repay, so I thought it over and came back anyway," Xu Nian said with a smile.

Chen Qingyu was momentarily speechless.

For such a reason?

Is this guy's brain broken?

Previously, seeing him leave without looking back, she thought he was a smart and decisive person.

Unexpectedly, he was still so stubborn.

"Kid, there's a road to heaven, yet you choose the non-gate to hell. You dare destroy my Soul Capturing Umbrella; you must pay with your life," Wang Ming said, looking at Xu Nian with extreme venom.

Xu Nian had actually cut his Soul Capturing Umbrella.

How could this not make him angry?

Without this Soul Capturing Umbrella, it would be even harder to enslave Chen Qingyu.

Chen Qingyu could only shake her head helplessly.

At this moment, she no longer had the strength to protect Xu Nian from leaving again.

In her view, the Nether Emperor before her was destined to die.

However, Xu Nian remained extraordinarily calm, looking at the furious Wang Ming and said with a smile.

"If you want to kill me, then do it already." Xu Nian waved the God Sword in his hand, his eyes becoming sharp.

"Hmph, you seek death, and I shall oblige," Wang Ming snorted coldly.

Then he activated the Divine Soul Power within him, simultaneously activating the Water Attribute Dao Truth.

Ice Dragon!

Wang Ming, exerting the Great Tao Power, instantly condensed an enormous ice dragon.

"Ice Dragon Seal the Heavens, kill for me!"

Wang Ming shouted aloud.

The Ice Dragon lunged towards Xu Nian instantly.

The dragon emitted a terrifying roar, its body exuding a terrible chill, this chill containing extremely strong Tao True Intent.

"Second Level of True Intent?" Xu Nian was somewhat surprised.

Unexpectedly, Wang Ming had reached the Second Level of True Intent insight.

Chen Qingyu on the side could only shake her head helplessly.

This passerby youth is probably going to die.

Such an attack, let alone a Nether Emperor level, even an ordinary Mid-grade Divine-level expert might not be able to withstand it.

Wang Ming sneered coldly as well.

In his view, after this move, the arrogant youth would completely perish.

However, Xu Nian just smiled slightly.

Seeing the dragon charging at him, his eyes burst with intense battle intent.

"If that's so, then let me show you my Boundaryless Realm," Xu Nian shouted.

Boundaryless Realm unleashed!

With the God Sword in his hand, he delivered a single slash.

In an instant, a sword radiance of utmost extremity flashed by.

The ice dragon, originally charging at Xu Nian, was directly sliced into two halves.

Not only that, but even Wang Ming couldn't evade this sword.

The terrifying sword radiance instantly split his entire body in half.

"What?"

Chen Qingyu's face was full of shock.

"No... impossible."

Wang Ming's eyes also showed extreme horror and disbelief.

Never did he imagine that he would die at the hands of a Nether Emperor.

But at this moment, his soul origin had already been shattered, leaving no way to survive.

"No!"

Wang Ming let out an extremely unwilling roar.

Ultimately, his Divine Soul dissipated completely into the air with the wind.

Xu Nian stepped through the air, catching his storage ring.

Chen Qingyu, on the side, remained dumbfounded.

This scene was entirely unexpected by her.

"Take this; it will help with your recovery," Xu Nian tossed over a Divine Pill.

This was from the Divine-level expert he had slain before.

Chen Qingyu took the Divine Pill, hesitated for a moment, and eventually placed it in her mouth, then sat cross-legged to begin healing.

Xu Nian, on the other hand, examined Wang Ming's storage ring.

With his soul probing into the storage ring.

Xu Nian discovered that Wang Ming's assets were extraordinarily abundant.

Wang Ming actually had no fewer than three Divine Artifacts, all of them of top-grade level.

Plus, the Soul Capturing Umbrella that Xu Nian had previously destroyed made it a total of four Divine Artifacts.

This fact alone was enough to demonstrate Wang Ming's wealth.

Besides, Xu Nian also found quite a number of Divine Medicines in Wang Ming's storage ring.

These Divine Medicines were extremely rare, with the value of two of them rivaling the Black Magic Sky Mushroom.

This haul made Xu Nian immensely pleased.

Indeed, killing and taking treasures is the fastest way to accumulate wealth.

"Huh, what's this?"

Suddenly, Xu Nian's eyes were drawn to a ring in the corner of the storage ring.

"Buzz!"

Xu Nian directly took out this ring.

The ring was very ancient, emitting an archaic aura.

On the ring, exceedingly mystical Divine Patterns were carved.

However, Xu Nian could not understand these Divine Patterns at all.

Xu Nian tried to establish an ownership bond with the ring, only to find that he couldn't do it.

Blood dripped onto the ring, only to slide right off.

"What's going on? Isn't this a treasure?" Xu Nian wondered aloud.

"This ring is quite peculiar; I can't understand it either." The shadow of Shi Shanshan appeared, examining the ring.

Even she, as a Divine Craftsman, couldn't decipher the mystery of this ring.

"This is a ring from the Divine World's Void-breaking Sect, supposedly the Treasure of the Sect, although what it does I don't know. But it surely is an extraordinary item, more valuable than your Chaos Divine Palace and Star Axe," Emperor Ye Tian's voice echoed in Xu Nian's mind.

Xu Nian was taken aback by these words.

"More valuable than the Chaos Divine Palace and the Star Axe?"

This ring is so precious?

But it seems that he can't use it just yet.

"Well, I'll keep it for now and study it later; it might prove crucial," Xu Nian murmured to himself.

"Indeed, with your current strength, this level of treasure is utterly useless to you. However, the God King Sword you obtained earlier is quite good; you should try to enhance it as it's currently the most useful Divine Weapon you can wield," suggested Emperor Ye Tian.

Xu Nian nodded.

The higher the level of a treasure doesn't mean it is invariably better.

His strength couldn't yet fully unleash the true power of these treasures.

A treasure that matches one's strength is most significant.

Xu Nian couldn't help but glance at the nearby Chen Qingyu, who was healing.

Chen Qingyu's recovery was quite rapid, and within moments, her wounds had somewhat healed.

"Thank you." Chen Qingyu opened her eyes and walked up to Xu Nian.

"No need to thank me; I said I don't like owing people," Xu Nian replied.

Chen Qingyu, however, just gave a wry smile.

He didn't owe her anything; it was she who meddled unnecessarily.

Even without her intervention, he wouldn't have been in danger.

A Nether Emperor capable of slaying a Mid-grade Divine-level expert—this kind of talent was her first encounter.

Chapter 1877: Law Vacuum

"Since your injuries have recovered somewhat, let's part ways here." Xu Nian said to Chen Qingyu.

He then planned to leave.

Although Chen Qingyu was beautiful and had a great figure.

Right now, Xu Nian just wanted to complete this examination task as soon as possible and then smoothly enter the Netherworld God Temple.

He didn't want to think about anything else for the time being.

Besides, what kind of beauty hadn't he seen before?

Although beauties like Chen Qingyu were rare, several around Xu Nian were at least as good as her.

"Wait, what examination task?" Chen Qingyu suddenly asked.

"Slay the God Level Red Blood Sky Blue Python to obtain the Godhood." Xu Nian thought for a moment and replied.

"Coincidentally, I'm on the same task. With our strength, completing the task alone is impossible; why not act together?" Chen Qingyu's eyes lit up as she spoke.

"You're on this task too?" Xu Nian was taken aback.

He didn't expect Chen Qingyu to have the same task as him.

"Yes, I'm also tasked to obtain the Red Blood Sky Blue Python's Godhood. If you don't believe me, look." Chen Qingyu showed her task mark, which had a line of text.

This line of text was identical to Xu Nian's previous task.

"In that case, let's collaborate. But what shall we do after hunting the Red Blood Sky Blue Python? There's only one Godhood." Xu Nian curiously asked Chen Qingyu.

"Let's depend on our abilities by then?" Chen Qingyu thought for a moment and replied.

Xu Nian was quite satisfied with this answer.

If Chen Qingyu had said she would choose to give up, Xu Nian would have definitely turned and left.

Since she participated in this examination, she wouldn't easily give up.

"Okay, then it depends on our skills. Would you like to recover some more before leaving?" Xu Nian asked Chen Qingyu.

Chen Qingyu nodded.

Although her injuries had somewhat recovered, her strength was only at the peak of the three Levels.

With such strength, she isn't a match against God Level Netherworld Beasts, let alone ordinary Top-Grade Divine Level Experts.

So naturally, she needed to recover some of her strength.

Xu Nian wasn't in a hurry either, sitting cross-legged, continuing to comprehend the Great Tao Realm.

Through the previous battle, Xu Nian discovered that his self-awareness of the wind attribute in the Great Tao Realm was insufficient.

A First Level Great Tao True Intent was still lacking when facing these Divine-level Experts.

Time passed, and three days quickly went by.

Chen Qingyu finally emerged from her healing state.

At this moment, her injuries were mostly healed, allowing her to exert around ninety percent of her strength.

A brief recuperation was all she needed to return to peak condition.

All thanks to the Divine Pill given to her by Xu Nian.

Thinking of this, she involuntarily looked towards Xu Nian beside her.

She noticed Xu Nian was still immersed in his reflections.

A strong Tao Rhythm emanated from him, extremely intense.

"Is he breaking through to the Second Level realm? How can a Nether Emperor master the Great Tao True Meaning?" Chen Qingyu was stunned.

Previously, although Xu Nian's sword strike was powerful, it was evident that it was a strong Divine Skill utilizing some special realm.

Therefore, Chen Qingyu didn't know Xu Nian could master the Great Tao True Intent.

Now seeing Xu Nian about to break through to the Second Level realm of the Great Tao True Intent.

She was truly shocked.

How could a Nether Emperor reach the Second Level of the Great Tao? It was simply incomprehensible.

"Buzz!"

Xu Nian suddenly opened his eyes.

A sharp aura erupted from his eyes.

The powerful wind attribute pressure swept across the entire plain instantly.

"Wind Extreme?" Chen Qingyu immediately sensed Xu Nian's type of Great Tao True Intent, even more surprised.

If it had been a Divine-level Expert, she wouldn't be overly shocked.

At most considered a genius.

But the young man in front of her turned out to be a Nether Emperor.

If she wasn't certain Xu Nian didn't have Godhood, she would suspect the youth before her was disguised.

Xu Nian felt the breakthrough of his mastery of the Great Tao True Intent, filling him with joy.

He hadn't expected the Hell Fragment World to make insights into the Great Tao True Intent even clearer, allowing him new breakthroughs in such a short time.

"How did you do it?" Chen Qingyu asked.

"Good luck." Xu Nian smiled.

He knew Chen Qingyu was referring to his Nether Emperor Level mastery of the Great Tao True Meaning.

But Chen Qingyu did not believe Xu Nian's answer.

No matter how lucky, one couldn't reach such a level.

However, since Xu Nian was unwilling to say more, she refrained from asking further.

"Where shall we go next?" Xu Nian asked.

"I know the general location of the Red Blood Sky Blue Python, but it's extremely dangerous there, located at the broken world's fault." Chen Qingyu said.

"Fault?" Xu Nian asked, a bit puzzled.

"Yes, hell was originally a complete world but now shattered. These shattered places naturally form faults, and deep within the fault lies the endless Void Abyss. Falling in is inevitable death even for Divine Kings." Chen Qingyu said.

Xu Nian immediately understood.

It seemed this Hell Fragment World was indeed perilous.

"Let's go and take a look." Xu Nian said.

Chen Qingyu nodded.

Then the two walked side by side, flying at a low altitude.

Even with Chen Qingyu's strength, she didn't dare arrogantly fly at high altitudes.

Because they might encounter a God Level Divine Beast or a Daluo God Level one.

This could be a disaster for them.

After a day of flying, they finally reached the location of the world's fault Chen Qingyu spoke of.

The space here was extremely unstable, with fragments of space visible around.

A boundless lake lay before them.

Deep within the lake was the space abyss.

Around the lake were some fragmented mountain ranges.

The entire space was filled with a terrible sense of danger.

"Is this what a space fragment looks like? It's simply inconceivable." Xu Nian looked at the fragmented space, incredibly surprised.

What kind of power could shatter the space of a world like this?

"The disappearance of a civilization; once hell's civilization was so prosperous." Chen Qingyu couldn't help but lament.

Now with hell shattered, only a small Netherworld remains.

The Netherworld laws are incomplete, and its inhabitants can never break through the Daluo God boundary.

"Is the Red Blood Sky Blue Python in this lake?" Xu Nian asked.

"Yes, it lives here but usually stays underwater. To kill it, we must lure it out." Chen Qingyu said.

"We can't go underwater?" Xu Nian curiously asked.

"No, there are too many space cracks at the lake's bottom. We're unfamiliar, and a slight mistake will have us swallowed by the cracks; all laws are invalid underwater." Chen Qingyu shook her head.

Lawlessness?

Xu Nian was startled.

That means the lake's bottom is in a state of law vacuum?

Chapter 1878: Red Blood Sky Blue Python

Law Vacuum, this means that all Law Great Tao True Intents will be nullified.

In this case, one can only rely on their own strength within the lake water.

As for ordinary people, even a Divine-level Expert cannot defeat a Divine Beast using only their own strength.

So, it can be said that this lake is the territory of the Divine Beast.

"We have to lure it out to battle it, but just the two of us are far from enough to deal with a God Level Red Blood Sky Blue Python," Chen Qingyu said.

Xu Nian nodded.

Indeed, even if the Red Blood Sky Blue Python is a Low Grade God Level, it's not something the two of them can handle.

"Whoosh whoosh whoosh!"

Just as Xu Nian and the others were speaking, three figures flew in from afar.

All three exuded powerful Divine-level auras.

The leading figure was a woman, and her presence was particularly formidable.

"Is it her?"

Xu Nian immediately recognized the leading woman as Li Tianxue, the female prodigy from Futu Mountain.

The two Divine-level experts behind her were both Mid-grade Divine-level experts, seemingly following Li Tianxue's lead.

At this moment, Li Tianxue also noticed Xu Nian, and her gaze became instantly sharp.

Without a word, she unleashed the Fire Intensity Dao True Intent.

A fiery sword light was slashed out directly, carrying terrifying power fluctuations.

Xu Nian's gaze also turned sharp in an instant.

What a ruthless woman.

Upon meeting, without a word, she attacks directly.

Although he had long felt Li Tianxue's Killing Intent toward him,

he didn't expect Li Tianxue to strike so straightforwardly.

But just as Xu Nian was preparing to defend, a graceful figure blocked in front of him.

Chen Qingyu waved her hand, and a surge of cold air instantly froze the fiery sword light.

Li Tianxue was taken aback, not expecting there to be such a powerful person beside Xu Nian.

Clearly, Chen Qingyu's Great Tao True Intent had also reached the Third Level Realms.

Moreover, what she comprehended happened to restrain Li Tianxue's Fire Intense Dao True Intent.

"Who are you?" Li Tianxue immediately questioned.

With a Top-grade Divine Level present, killing Xu Nian would indeed be a bit difficult.

"And who are you, why did you attack people without warning?" Chen Qingyu asked coldly.

"Hmph, I'm Li Tianxue from Qing State Futu Mountain, and as for why I attacked, that's not for you to worry about. I advise you to step aside and not meddle." Li Tianxue said coldly.

Facing Chen Qingyu, who was a level stronger than herself, she showed no trace of fear.

It was evident she was genuinely arrogant.

Chen Qingyu's charming face showed a hint of displeasure.

What an arrogant woman!

She had heard of Qing State Futu Mountain, an impressive reclusive power.

They were even stronger than her own Biyou Sect.

However, Xu Nian had saved her life, and she could not possibly disregard Xu Nian.

"Miss Li, I don't know where he offended you to make you harbor such killing intent. If there's anything wrong, I'm willing to compensate on his behalf," Chen Qingyu said.

Clearly, she was unwilling to make enemies with Li Tianxue, nor with Futu Mountain.

"He hasn't offended me anywhere; I don't even know him. But I must kill this person. I, Li Tianxue, kill whoever I please, depending on my mood. I repeat, I am determined to kill him, and anyone who stops me will be my enemy," Li Tianxue said arrogantly.

Xu Nian heard this and sneered.

What an arrogant woman.

Perhaps it's because of my exceptional talent that they have killing intent towards me.

And this woman's particular animosity towards me might also involve Tan Long.

Chen Qingyu's embroidered eyebrows furrowed deeply.

She couldn't believe that Li Tianxue wanted to kill Xu Nian just based on mood.

Such absurd behavior could only be described as lawless arrogance.

But judging by her stance, Li Tianxue was determined to kill Xu Nian.

"You should step aside; this is not your concern," Xu Nian said to Chen Qingyu.

With that, he prepared to face Chen Qingyu alone.

"No, your business is my business. You saved my life; I will never abandon you. Even in death, I'll go before you," Chen Qingyu said resolutely.

With that, she stepped forward.

Divine Power burst forth.

The Godhood Domain spread wide.

A terrifying chill swept out in all directions.

Instantly, everything around was covered in an icy frost.

The entire world seemed frozen.

Even Li Tianxue and the three Divine-level experts had to expand their own Godhood Domains to repel Chen Qingyu's overwhelming chill.

After all, Chen Qingyu's strength was indeed Top-grade Divine Level.

"If you want to kill him, you'll have to get through me first, or don't even think about touching him," Chen Qingyu declared firmly.

Li Tianxue's brows furrowed to the extreme.

She didn't expect that Chen Qingyu would protect Xu Nian like this.

"Roar!"

Just as Li Tianxue was hesitating whether to battle it out with Chen Qingyu,

an intimidating roar echoed from beneath the lake.

A massive azure python broke through the frozen lake surface, rising skyward.

Its crimson vertical pupils locked onto Li Tianxue, Chen Qingyu, and the others.

Clearly, Li Tianxue and the others' Divine-level aura attracted it.

"Red Blood Sky Blue Python?" Li Tianxue and the two Divine-level experts behind her all looked surprised.

They didn't expect their target to be right here.

They had felt Xu Nian's aura, which led them here.

Xu Nian and Chen Qingyu were also surprised.

They hadn't expected the Red Blood Sky Blue Python to emerge without luring it.

"Humans? Hmph, you've disturbed my peace, today I'll make you my meal," the Red Blood Sky Blue Python sneered.

Next, it lunged toward Chen Qingyu, Li Tianxue, and the others.

The Red Blood Sky Blue Python obviously knew Chen Qingyu and Li Tianxue were the strongest among them.

So, it attacked Chen Qingyu and Li Tianxue first.

I saw it open its massive maw, directly lunging at Chen Qingyu.

Simultaneously, its powerful tail swung fiercely at Li Tianxue.

Chen Qingyu immediately used her Body Skill to dodge.

Li Tianxue tried to use the Great Tao True Intent to fend it off.

In the end, she was struck heavily by the tail, her figure flying backward, creating a huge crater.

However, Li Tianxue wasn't easily killed; she possessed a God Level armor.

So she didn't sustain any serious injuries.

"I think we should cooperate and join hands to fight it," Chen Qingyu said to Li Tianxue.

Though Li Tianxue was unwilling,

she had to agree at that moment.

"Fine, let's defeat it together, then we'll settle the score," Li Tianxue said arrogantly.

She then instructed the two Divine-level experts behind her, "Take action, form a formation!"

The next moment, the two Mid-grade Divine-level experts took action simultaneously.

To the surprise of Xu Nian and Chen Qingyu, both were also Divine-level experts of the Fire Attribute Great Tao.

Chapter 1879: Battle Against the Red Blood Sky Blue Python

Li Tianxue and two Divine-level experts with Fire Attribute Dao True Intent formed a formation simultaneously.

In an instant, the Fire Attribute Dao True Intent on the three of them directly condensed into a single force.

Terrifying flames surged from their bodies.

"Roar!"

The flames surged, forming an incomparably terrifying fire dragon.

This fire dragon roared and charged directly at the Red Blood Sky Blue Python.

The next moment, it was entangled in battle with the Red Blood Sky Blue Python.

For a moment, even with the God Level strength of the Red Blood Sky Blue Python, it found it hard to break free from the entanglement of the fire dragon.

"What a powerful formation," Xu Nian said in surprise.

He didn't expect that Li Tianxue had such a method.

If he had acted rashly just now, he would have had a headache facing such a formation.

"This is the Three Gods Fire Gathering Array, a relatively powerful God-Level formation that requires three or more Divine-level experts to perform, and they must all be comprehenders of Fire Attribute Dao True Intent. The conditions are very stringent, but the power is very strong," Chen Qingyu said.

Xu Nian nodded.

This Three Gods Fire Gathering Array is indeed very powerful.

"But relying on this Three Gods Fire Gathering Array to deal with this Red Blood Sky Blue Python seems a bit difficult. We should take action too," Chen Qingyu suggested.

Having said that, she immediately deployed her Ice Cold and slashed three swords in an instant.

The three beams of Sword Radiance were extremely sharp, carrying a terrifyingly icy cold aura, striking towards the Red Blood Sky Blue Python.

"Boom boom boom!"

The Red Blood Sky Blue Python was instantly attacked by the Sword Radiance, letting out cries of pain.

It was evident that Chen Qingyu's attack still inflicted some harm on it.

Xu Nian did not hesitate either and immediately mobilized his Second Level Wind Attribute Wind Extreme Tao True Intent to launch Sword Radiance.

He also continuously slashed several swords. Although these Sword Radiance were not as powerful as Chen Qingyu's, they were sharp.

The Sword Radiance bombarded the Red Blood Sky Blue Python, also causing it some damage.

"Roar!"

The Red Blood Sky Blue Python let out an angry roar.

Its gaze fell directly on Xu Nian and Chen Qingyu.

The fire dragon beside it was bothering it, but it couldn't do anything for a while.

However, these two humans were sneaking up on it from the side.

How could it tolerate this, so it immediately broke free from the fire dragon's entanglement and charged directly at Xu Nian and Chen Qingyu.

"Oh no, it's coming at us," Chen Qingyu exclaimed.

Xu Nian naturally saw it too.

But he also noticed that in the distance, Li Tianxue and the others were actually controlling the fire dragon not to pursue.

This clearly showed that they wanted to use the Red Blood Sky Blue Python to kill them.

"Hmph, they really have no good intentions," Xu Nian sneered inwardly.

How could Li Tianxue truly want to cooperate with them?

But now was not the time to consider these issues.

Because the Red Blood Sky Blue Python was already charging over.

Its body emitted a terrifying God Domain, and in the next moment, a stronger extremely cold air spread rapidly.

This terrifying extremely cold air was several times more formidable than the terror of Chen Qingyu's.

"Boom!"

Chen Qingyu's Divine Kingdom Domain collapsed instantly.

On the contrary, she was also assaulted by a terrifying cold current.

Her whole body was suddenly covered in frost.

"Roar!"

The Red Blood Sky Blue Python opened its blood-filled mouth, preparing to bite Chen Qingyu directly.

Chen Qingyu wanted to dodge, but found her body had become incomparably sluggish.

She couldn't dodge the Red Blood Sky Blue Python's attack at all.

Seeing that Chen Qingyu was about to be swallowed.

Xu Nian frowned.

He immediately wielded the God King Sword, simultaneously unleashing the Boundaryless Realm.

In an instant, his form appeared beside the Red Blood Sky Blue Python, slashing with a sword.

"Pssh!"

The God King Sword immediately pierced through the hard Snake Scales of the Red Blood Sky Blue Python, leaving a deep bloody scar on its body.

"Roar!"

The Red Blood Sky Blue Python let out a terrifying roar.

The excruciating pain made it abandon its attack on Chen Qingyu.

Chen Qingyu finally broke free from the ice domain of the Red Blood Sky Blue Python, retreating several hundred feet, surprised as she watched.

Did Xu Nian actually save her?

And Xu Nian even hurt the Red Blood Sky Blue Python?

How did he do it?

It's the sword in his hand.

This sword seems unprecedentedly sharp.

In the distance, Li Tianxue and the others also showed surprised looks.

They had attacked for so long without wounding the Red Blood Sky Blue Python.

Xu Nian's one sword unexpectedly cut into the flesh of the Red Blood Sky Blue Python.

They naturally saw that it was due to the sword in Xu Nian's hand, but possessing such a weapon was itself part of his strength.

"I didn't expect this kid to have such a weapon. Hmph, we absolutely must seize it. Such a Divine Weapon in his hands is like a pearl covered in dust," Li Tianxue snorted coldly.

The two Divine-level experts behind her felt the same way.

However, Xu Nian could not think about these now.

Because the Red Blood Sky Blue Python was staring at him intently, its scarlet eyes filled with endless killing intent.

"Human, you're courting death!"

The Red Blood Sky Blue Python shouted, spitting out three terrifying ice blades.

These ice blades were extremely sharp, carrying a tremendously frigid aura.

Their speed was so fast that Xu Nian couldn't even react in time.

Xu Nian had to deal with them hastily.

"Clang clang!"

Xu Nian managed to cut down two ice blades with the aid of the God King Weapon.

However, he was still struck in the chest by one ice blade.

Fortunately, Xu Nian quickly summoned the Supreme Dragon Robe, preventing him from being sliced in two by the terrifying ice blade.

But the terrifying cold and immense power still sent Xu Nian flying.

"Boom!"

Xu Nian collided with a distant rock.

The rock exploded instantly.

Xu Nian was slammed into the ground, creating a deep pit.

Moreover, the whole pit was filled with terrifying cold air.

This cold air began to cover his Supreme Dragon Card, slowly eroding his body.

Xu Nian could feel the terror of this cold air.

His entire Soul Body felt as if it were frozen stiff.

"What terrifying cold air,"

Xu Nian murmured to himself.

He immediately mobilized the Divine Fire and Fire Attribute Principle to counteract this terrifying cold air.

Yet, against this terrifying cold air, his Divine Fire was like a drop in the ocean.

How could cold air released by a God Level expert be so easily dispelled?

But just when Xu Nian was about to abandon this Soul Body.

A drop of water suddenly flew from afar, instantly merging into his forehead.

In the next moment, the cold air on his body was absorbed into the water drop, forming an Ice Crystal.

And Xu Nian was thus freed.

"Are you okay?" Chen Qingyu flew over.

"I'm fine, was that Chaos Divine Water?" Xu Nian asked in surprise.

To be able to absorb such terrifying cold air, it must be Chaos Divine Water.

"Yes, I only had one drop, and it came in handy," Chen Qingyu said.

Xu Nian was a bit surprised.

He didn't expect Chen Qingyu to spare such a treasure as Chaos Divine Water.

One must know that Chaos Divine Water possesses the power to absorb all Water Attribute Elemental Power.

Chapter 1880: The Might of the Star Axe

At this moment, the Chaos Divine Water had completely condensed into Ice Crystal.

It was directly taken in by Xu Nian discreetly.

And as soon as this drop of Chaos Divine Water entered Xu Nian's Dantian, it was absorbed by the Chaos Green Lotus inside the Dantian.

The Chaos Green Lotus absorbed the Chaos Divine Water and immediately exuded an extremely dense vitality.

The next moment, horrifying energy instantly fed back into Xu Nian's entire body.

At this moment, Xu Nian's body underwent a tremendous transformation once again.

However, this time, although the enhancement was not much, it elevated Xu Nian's perception and affinity for Water Attribute Element to an unprecedented level.

"Buzz!"

In just a blink.

Xu Nian's Water Attribute Law reached the Perfect Level directly.

There was even a subtle trend towards breaking through to Water Attribute Dao Truth.

Xu Nian saw this scene and immediately revealed a look of joy.

Unexpectedly, this Chaos Water had such an effect.

Just one drop brought his perception of Water Attribute Element to a very terrifying state.

Xu Nian looked towards the Chaos Green Lotus again, noticing its petals seemed to have enlarged.

Within the lotus heart, something seemed to be gestating.

Xu Nian knew that it was what is known as the Chaos Green Lotus World.

As long as he breaks through to Divine-level, presumably the Chaos Green Lotus World will thoroughly open.

"Thank you!" Xu Nian collected himself, looked beside him at Chen Qingyu and said.

This time, Chen Qingyu's help was indeed immense.

It can be said that this Chaos Divine Water is definitely a priceless treasure.

Especially for someone like Chen Qingyu, who is a Water Attribute Dao truth comprehender.

She probably never had the heart to use such a treasure.

Indeed it was true.

Chen Qingyu originally planned to use it when she broke through to God Level.

Just now, when Xu Nian encountered danger, she unhesitatingly brought it out.

"No need to thank me, it's just a treasure." Chen Qingyu smiled.

She did not regret using the Chaos Divine Water.

After all, Xu Nian saved her life.

Xu Nian nodded but did not say more, just feeling that Chen Qingyu's beautiful face seemed to have gained an indescribable radiance.

"Roar!"

The Red Blood Sky Blue Python saw Xu Nian unharmed and immediately let out a terrifying roar.

Then it charged at Xu Nian and Chen Qingyu again.

Xu Nian and Chen Qingyu's expressions became serious simultaneously.

This Red Blood Sky Blue Python's power is unusually formidable, and its charging momentum alone can form a terrifying suppression.

Frightening cold air approached them, instantly slowing their Divine Soul Power flow within.

Even the soul origin felt like it was freezing.

"Let's attack together." Chen Qingyu's gaze was sharp, a rare decisiveness emerging on her charming face.

Her Divine Soul Power surged completely, unreservedly mobilizing the surrounding Heaven and Earth Elements.

The next moment, swords exuding an immensely rich frost emerged in the void.

"Buzz!"

A glimpse of intense icy light flashed in Chen Qingyu's eyes.

These ice swords spun wildly in an instant.

They moved incredibly fast, carrying a thick chill.

"Is this the Thousand Swords Cold Flow?" Li Tianxue exclaimed from afar.

"It is the Thousand Swords Cold Flow, a technique of the Biyou Sect?" said a Divine-level expert behind Li Tianxue.

"Biyou Sect? Is it the Biyou Sect?" Li Tianxue squinted, a hint of disdain flashing in her eyes.

Xu Nian was also a bit surprised.

The move Chen Qingyu unleashed seemed extraordinarily powerful.

But at this moment, he was not idle either; the God King Sword in his hand disappeared, replaced by an axe.

Indeed, it was the Star Axe.

Previously, Xu Nian had not used the Star Axe because his power was insufficient.

But now, his Divine Soul Quality had reached Divine-level.

He already grasped the Second Level of Tao Truth.

The mastery over the Star Axe was far beyond what it was before.

"Buzz!"

Xu Nian instantly entered the Boundaryless Realm.

With the Star Axe in hand, he slashed down, transforming into an immensely terrifying axe light.

At this moment, everyone felt a sense of suffocation.

"What a terrifying axe light, how can he unleash such a formidable attack? No, it's not his own strength, it's because of that axe." Li Tianxue exclaimed in shock.

Originally, Xu Nian taking out a God King Sword had already amazed her.

Now, the axe Xu Nian wielded seemed to be of even higher quality than the God King Sword.

Could it be the legendary Chaos Treasure?

Even Li Tianxue displayed a look of greed at this moment.

This person must be killed!

And the treasures on him must be seized.

The Chaos Treasure, it's a heaven-defying treasure that only God Emperor Level experts are worthy to possess.

Chen Qingyu was also immensely shocked beside him.

She never expected Xu Nian to have such a treasure.

Her view of Xu Nian changed completely at this moment, realizing she couldn't see through him at all.

"Boom!"

As the thousand ice swords collided with the Red Blood Sky Blue Python, they directly halted its advancing attack.

Meanwhile, Xu Nian's axe light struck hard on the Red Blood Sky Blue Python's head.

"Roar!"

Immediately it was lacerated, blood smeared all over.

The massive body of the Red Blood Sky Blue Python was blasted one hundred meters away.

Seeing this scene, everyone was stunned.

The power of this axe light seemed even stronger than they imagined.

Xu Nian saw the Red Blood Sky Blue Python wounded by him, and a smile appeared on his face.

The Star Axe combined with the Boundaryless Realm—how could it not harm the Red Blood Sky Blue Python, or it would be truly over.

However, this strike also drained most of his Divine Soul Power.

As a result, Xu Nian's soul became much weaker.

"Roar!"

The Red Blood Sky Blue Python steadied itself, letting out an exceedingly angry roar.

Then it glanced venomously at Xu Nian, with some dread at the axe in his hand.

Afterward, it plunged into the red blood.

"Where are you escaping to!" Li Tianxue saw the Red Blood Sky Blue Python attempting to flee.

Immediately, she urged the flame dragon to chase.

But as the flame dragon entered the lake, it instantly turned into nothingness.

"Ah? Law Vacuum?" Li Tianxue showed a surprised expression.

She could feel her Flame Tao Power disintegrate instantly upon entering the lake.

This disintegration was akin to something dissolving when it entered the water.

To know that the flame condensed from Tao Power should not be extinguished by lake water.

"Indeed, the lake water below is a vacuum; if it doesn't come out, we can't do anything to it," Chen Qingyu said.

After speaking, she looked sharply at Li Tianxue.

She also saw Li Tianxue standing by idly earlier.

Clearly, for Li Tianxue, she already lost the will to cooperate.

However, now was not the time for conflict with Li Tianxue.

Because the recent battle drained them significantly.

Of course, Li Tianxue's side also consumed a lot, so they didn't immediately cause trouble for Xu Nian.

For a moment, a stalemate was reached.
