Chapter 1881: Great Tao True Intent of the Ice Realm

Time passed.

In the blink of an eye, a day had gone by.

Throughout this day, Xu Nian and Li Tianxue maintained a state of peaceful coexistence.

Clearly, that final strike from the Star Axe by Xu Nian instilled a profound sense of dread in her.

This was why she did not immediately take action against Xu Nian and his group.

Xu Nian opened his eyes and exhaled deeply.

In truth, the previous battle did not consume much of his energy.

After all, he merely used some Divine Soul Power, and his soul had already grown immensely strong.

You should know that Xu Nian's soul is now divided into four parts.

If they were to merge, it would absolutely form an exceptionally powerful Divine Soul.

As for the current state of his Soul Body, it is controlled by the soul origin of his true self.

The Soul Power in the Divine Demon Avatar and the Nine Infant Avatar remained untouched by Xu Nian.

Xu Nian cast his gaze upon Chen Qingyu who was nearby.

Her graceful figure in a snow-white gown swayed in the breeze, showcasing an ethereal elegance, appearing like a being untouched by worldly matters.

Her exquisite face was as striking and vibrant as a red plum blossom amidst the winter snow.

Even Xu Nian was momentarily entranced by her delicate beauty.

There's no denying that Chen Qingyu's beauty is exceptional.

In comparison, Li Tianxue's beauty seemed slightly inferior.

Sensing Xu Nian's gaze, Chen Qingyu opened her bright eyes, her cheeks slightly reddened before she beamed with a smile.

"Why are you staring at me like that? Is there something strange on my face?" Chen Qingyu teased.

"There's nothing strange," Xu Nian replied somewhat awkwardly.

He then averted his gaze, refraining from admiring Chen Qingyu's captivating face any further.

The lovely lady merely smiled, seemingly finding Xu Nian's expression rather amusing.

To be honest, Chen Qingyu did harbor some curiosity about this young man who had not yet reached Divine-level.

Someone below Divine-level would ordinarily never catch her eye.

However, this young man was clearly different.

It seems that he is always surrounded by miracles.

From a distance, Li Tianxue observed Xu Nian and Chen Qingyu conversing and laughing, her face immediately turning displeased, a cold snort echoing in her heart.

"I want to see how long you can keep that smile. Once I refine this artifact, it'll be your doomsday." In her hand, Li Tianxue held a crimson bead.

This bead emitted an indescribable, terrifying fiery aura.

The mere scorching temperature on its surface was enough to instill fear in Divine-level experts below mid-grade.

At this moment, Li Tianxue was attempting to refine it.

The crimson bead was rapidly spinning and tumbling in her palm.

"A Rune Divine Artifact?" Xu Nian immediately sensed the extraordinariness of this crimson bead.

With a glance, he recognized it as a Rune Divine Artifact.

More accurately, it should be a Rune Heavenly Divine Artifact.

Such Rune Artifacts require time to refine, especially those of a quality much higher than one's own cultivation.

The refinement process was evidently time-consuming.

And this bead clearly gave Xu Nian a sense of danger.

"This should be the Red Divine Pattern Pearl, reputed to possess the power to incinerate the heavens and split the earth. Even God-level experts must hold some fear. Who would've thought it would be in this person's hands," Shi Shanshan's voice resonated in Xu Nian's mind.

Xu Nian's expression grew solemn.

It seemed Li Tianxue was not as easy to deal with as he had thought.

Nonetheless, he too was making progress at this moment.

"Buzz!"

Indeed, right then, a terrifying Tao Rhythm descended from the sky, transforming into a dazzling blue pillar of light that enveloped Xu Nian.

The blue halo instantly covered hundreds of miles around.

A terrifying chill emanated from Xu Nian, instantly turning the surroundings to ice.

"Huh? Tao Rhythm? Did he make a breakthrough?" Li Tianxue looked at Xu Nian with astonishment.

"No, it's not a breakthrough. He comprehended a new Great Tao True Intent," Li Tianxue's gaze instantly became incredibly sharp.

This guy actually comprehended a second Great Tao True Intent?

An Nether Emperor?

Comprehending two Great Tao True Intent?

How exactly did this guy cultivate?

Chen Qingyu beside him was also filled with surprise.

Water Attribute Dao Truth?

How is this possible?

This guy actually cultivated Water Attribute Dao Truth?

"Buzz!"

The terrifying chill circled around Xu Nian.

This powerful Tao Rhythm gathered around Xu Nian, gradually forming a faint blue halo behind him.

This is the manifestation of the Great Tao First Level.

"It's actually the Ice Mirror Dao Truth?" Chen Qingyu sensed the wave of Dao Truth emanating from Xu Nian and immediately deduced the type of Dao Truth he comprehended.

The Ice Realm is a high-level Dao truth.

This Dao Truth can instantly form a Mirror World.

In the Mirror World, Xu Nian can do as he wishes, even creating countless avatars.

As long as there is a place where ice condenses, Xu Nian can manifest avatars.

It's important to know that this is an incredibly terrifying ability.

For example, when an Ice Sword suddenly shoots toward you.

Even if you evade the Ice Sword, Xu Nian's avatar might suddenly emerge from the Ice Sword, slicing you down with a single strike.

This is just the tip of the iceberg of the fearsome power of the Ice Mirror.

"Buzz!"

Xu Nian opened his eyes, a trace of surprise flashing in them.

Unexpectedly, just now, his true self accomplished a breakthrough in the Water Attribute Dao Truth.

He comprehended the Ice Realm Dao Truth.

For Xu Nian, it's definitely an unexpected surprise.

"Congratulations on achieving the breakthrough in Water Attribute Dao Truth." Chen Qingyu, somewhat envious, remarked.

She finally understood why the young man before her could reach such a level of power at the Nether Emperor level.

Gifted and talented!

This term perfectly described his demeanor without any exaggeration.

"It's largely thanks to your help. Without the Chaos Divine Water, I wouldn't have been able to comprehend so quickly," Xu Nian sincerely stated.

Indeed, without Chen Qingyu's Chaos Divine Water,

His true self couldn't have had such a strong affinity with the Water Attribute.

Chen Qingyu chuckled; even with Chaos Divine Water being extraordinary, she wouldn't accomplish such feats as Xu Nian did.

"Next, the two of us can collaborate. I know a swordsmanship technique that when performed together, significantly amplifies its power." Chen Qingyu smiled.

"Oh? A Combined Sword Technique?" Xu Nian showed an expression of curiosity.

He didn't expect there would be combined sword techniques at the Divine-level.

"I'll pass on the swordsmanship method to you, have a look." Chen Qingyu shared the heart method with Xu Nian.

Xu Nian absorbed this information, his eyes sparkling.

What a sophisticated swordsmanship combination.

With this swordsmanship, collaboration with Chen Qingyu will undoubtedly multiply their power several times over.

"Damn it, this pair actually knows a Combined Sword Technique." Li Tianxue's gaze turned vicious.

Suddenly, she felt that even if she refined the Red Divine Pattern Pearl, she might not defeat the two before her.

Xu Nian likewise sneered in Li Tianxue's direction.

This person wanted to kill him, so he absolutely couldn't allow her to completely refine the Red Divine Pattern Pearl.

Thus, without a word, Xu Nian unleashed a sword strike in Li Tianxue's direction.

One sword reigned over thousands of miles, cold light piercing the nine heavens.

"Courting death!" Li Tianxue was instantly infuriated.

She couldn't believe this damned guy actually attacked her first.

Chapter 1882: Li Tianxue's Methods

Li Tianxue watched the slashing Sword Radiance and immediately signaled to the two divine-level experts behind her with a glance.

The two immediately understood Li Tianxue's intention and their figures burst forth instantly.

They appeared right in front of Li Tianxue, simultaneously activating the Fire Attribute Dao True Intent, with one conjuring a Flame Phoenix and the other forming a giant fiery orb, directly blasting toward Xu Nian's Sword Radiance.

In an instant, Xu Nian's Sword Radiance melted under the terrifying flames.

"Hmph, with a First Level Realm Dao True Intent and no substantial divine-level Soul Power, you dare to harm us," one mid-grade divine-level expert snorted coldly.

Clearly, he showed disdain for the Dao True Intent Xu Nian had displayed.

Of course, they did not grow complacent, as they had seen Xu Nian's performance before.

That extremely sharp Divine Sword and that terrifying Divine Axe were both invincible treasures.

Xu Nian seemed oblivious to their taunts.

He wielded the God Sword in hand, continuing to slash out with another strike.

Once again employing the Ice Attribute Dao True Intent, this Sword Radiance was still chilling.

"Here we go again with this move? It's useless!" The mid-grade divine-level expert snorted coldly.

In the next moment, he was about to activate the flames to incinerate Xu Nian's Sword Radiance once more.

"Idiot, watch your back!" Just then, Li Tianxue's voice suddenly rang out.

The two mid-grade divine-level experts were startled, suddenly feeling a very bad premonition.

"Buzz!"

A beautiful, exquisite figure had somehow appeared behind them.

She exuded the powerful and terrifying aura of a top-grade divine-level Divine Soul.

The Third Level Ice Cold Great Dao True Intent emanated an extreme chill.

"Not good!"

The two mid-grade divine-level experts were terrified and hurriedly tried to dodge.

But it was already too late.

Being approached by an expert with higher strength and superior Dao True Intent was undoubtedly a death sentence.

"Buzz!"

Chen Qingyu swung her Divine Sword, unleashing terrifying cold, transforming into an extremely sharp cold glow.

The Divine Soul of the two mid-grade divine-level experts was instantly shattered by this terrifying chill as if sweeping away dry leaves.

"No!"

The two only had time to let out a scream before meeting their demise completely.

"Useless, useless!"

Li Tianxue saw this scene and immediately cursed angrily.

The speed at which she refined the Red Divine Pattern Pearl increased a few notches.

Xu Nian's eyes narrowed; he instantly turned into an afterimage, appearing directly beside Li Tianxue, wielding the God Sword infused with the Second Level Wind Attribute Tao True Intent, slashing directly at Li Tianxue.

Chen Qingyu also struck immediately, slashing at Li Tianxue from another direction.

"Get lost!"

Seeing the two strike, Li Tianxue let out an angry roar.

In the next moment, a terrifying fiery wave erupted from the Red Divine Pattern Pearl in front of her eyes.

The terrifying flames instantly formed a Divine Pattern, directly blocking the sword assaults from Xu Nian and Chen Qingyu.

"Boom!"

A terrifying wave of flames exploded instantly.

Both Xu Nian and Chen Qingyu were forced to retreat.

"Refined already?" Xu Nian was somewhat surprised.

He hadn't expected they were still a step too slow.

Li Tianxue had managed to refine that Red Divine Pattern Pearl at the last moment.

"I want you dead!"

Endless rage surged in Li Tianxue's eyes.

The Red Divine Pattern Pearl rose up, ultimately landing over Li Tianxue's head.

"Buzz!"

A Divine Pattern instantly surged from the Red Divine Pattern Pearl and then empowered Li Tianxue.

Li Tianxue instantly appeared as if bathed in terrifying divine fire energy.

Her entire demeanor elevated instantly, entering a state of unparalleled power.

Xu Nian and Chen Qingyu, upon witnessing this scene, both grew serious in their expressions.

With Li Tianxue empowering herself with the Red Divine Pattern Pearl, her strength now matched that of an average early-level God.

The upcoming battle would surely be a difficult one.

"Let's use Combined Swordsmanship," Chen Qingyu suggested to Xu Nian.

"Alright!" Xu Nian responded.

Then, together they performed the Ice Attribute Combined Sword Technique.

Both simultaneously drew upon the Ice Attribute Dao True Intent.

Rolling forces of Ice Attribute elements surged like a tide.

"Slash!"

Xu Nian and Chen Qingyu simultaneously slashed out with their swords.

In the next moment, a tidal wave of ice crushed toward Li Tianxue.

This ice tide was enough to doom the majority of divine-level experts.

"Hmph, mere child's play." Li Tianxue let out a cold snort.

Then she activated the Divine Fire, drawing a fiery long whip directly from the void.

The long whip swung, shattering the ice tide conjured by Xu Nian and Chen Qingyu's combined efforts.

Even the ice shards were melted away instantly.

"So strong!" Xu Nian and Chen Qingyu were simultaneously shocked.

This Li Tianxue, after being empowered by the Red Divine Pattern Pearl, had become this formidable.

"Buzz!"

Xu Nian immediately stowed away the God Sword, taking out the God King Sword.

"Hmph, I'll kill you first, then her."

Li Tianxue snorted coldly.

With a step into the void, she directly breached the void, appearing right in front of Xu Nian.

The fiery long whip in her hand transformed into a Flame Sword, instantly slashing out nearly a hundred Flame Sword Lights.

The Sword Qi densely crisscrossed the Divine Universe.

Xu Nian's expression changed instantly; swiftly wielding the God King Sword.

Similarly, he swiftly slashed a hundred swords, blocking all those Flame Sword Lights.

However, the power of these Sword Lights was substantial; if not for the keenness of the God King Sword, Xu Nian couldn't have blocked them.

"Hmph!"

Li Tianxue sneered, suddenly closing in, closing the distance with Xu Nian to less than a foot.

"What?"

Xu Nian was startled.

Looking at the beautiful face almost pressed against his, a look of astonishment appeared on his face.

"Die!"

The charming woman's thin red lips curved into a sinisterly cold and stunning smile.

Her slender, fair fingers, carrying terrifying flames, reached directly for Xu Nian's Soul Body.

The speed was so fast that Xu Nian couldn't react in time.

In the next moment, these fiery hands would strike Xu Nian.

Just then, an ultimate cold Sword Radiance instantly cleaved down.

Directly blocking the charming woman's attack.

Li Tianxue had to abandon her attack on Xu Nian to counter Chen Qingyu's assault.

"Boom!"

Flame and cold clashed, bursting into an incredibly splendid light.

The energy waves from both exploded.

Li Tianxue and Chen Qingyu were both pushed back by the terrifying energy wave.

Xu Nian also breathed a sigh of relief immediately.

Li Tianxue's speed truly was frightening.

Just a moment ago, his Soul Avatar had nearly been lost.

If her flames had touched him, his Soul Avatar would have certainly turned to nothingness.

At that time, his true body's soul power would have been severely damaged.

Fortunately, Chen Qingyu saved him.

At this moment, Chen Qingyu had again engaged in battle with Li Tianxue.

The two were currently locked in an intense struggle.

One ice, one fire, rapidly exchanging blows.

However, Chen Qingyu was clearly at a disadvantage now.

It seems the empowerment from the Red Divine Pattern Pearl wasn't ordinary at all.

Chapter 1883: Entering the Lakebed

"Boom!"

Chen Qingyu was unable to withstand Li Tianxue's terrifying flame temperature and was struck by a sword light from Li Tianxue.

The whole person was instantly blasted away.

Fortunately, Chen Qingyu had a top-grade Divine-level Protective Armor, otherwise this sword strike would have taken her life.

But the fire attribute Great Tao power contained within Li Tianxue's sword radiance wasn't so easily removed.

At this moment, Chen Qingyu was clearly seriously injured, and her body became considerably more ethereal.

"Hmph!"

Li Tianxue let out a cold snort and didn't plan to give up on this chance to kill Chen Qingyu.

Her figure flashed and appeared directly in front of Chen Qingyu.

The Divine Sword in her hand swung down, carrying terrifying flame power.

At this moment, Chen Qingyu had no strength to resist, facing this formidable sword.

She could only hastily defend.

But Li Tianxue's sword wasn't something she could easily withstand.

So, with this sword, Li Tianxue was indeed planning to kill.

"Die!"

Li Tianxue's eyes shot out a sharp cold radiance.

Chen Qingyu's face changed drastically because she sensed the terrifying power of this sword.

However, just when she thought she would die under this sword, a shadow appeared out of thin air.

The cold radiance flashed and disappeared instantly.

"Clang!"

Li Tianxue's Divine Sword in hand was directly cut into two pieces.

Not only that, but Xu Nian's sharp sword formed Sword Radiance that split Li Tianxue whole into two.

Li Tianxue showed a deep look of unwillingness on her face.

She never expected that she would actually die at his hands.

Looking at the suddenly appearing young man with a rising aura, her eyes showed intense resentment.

"Don't look at me like that, I even took the Black Magic Sky Mushroom to kill you," Xu Nian said coldly.

Yes, this suddenly appearing young man was Xu Nian.

And at this moment, Xu Nian's aura had surged to an extreme.

The Boundaryless Realm power in his hand had increased nearly fiftyfold compared to before.

So Li Tianxue couldn't defend against Xu Nian's attack was entirely expected.

"No?" Li Tianxue let out an angry and unwilling howl upon hearing this.

But the Divine Soul Origin scattered with the wind.

After executing all this, Xu Nian's aura also dropped instantly.

The whole person suddenly became weak.

Yes, this was the side effect of the Black Magic Sky Mushroom.

Although Xu Nian didn't take the whole Black Magic Sky Mushroom, he only took one corner, so the duration wasn't long.

However, the side effects were still significant.

"Are you alright?" Chen Qingyu stepped forward to ask.

"I'm fine, just some side effects from the Black Magic Sky Mushroom, I need to rest for a while," Xu Nian shook his head.

Immediately, his gaze fell on the floating Fire Attribute Divine Position and the Red Divine Pattern Pearl.

Plus the two Divine-level Experts killed before, Xu Nian already had four Godhoods in hand.

If people from the Immortal Realm knew this, they would be stunned.

After all, Godhoods are extremely rare in the Immortal Realm.

"Thank you for saving my life again," Chen Qingyu said gratefully.

"Didn't you also help me? We're kind of helping each other, so there's no need for thanks," Xu Nian said.

Listening to his words, Chen Qingyu nodded.

However, her gaze toward Xu Nian still carried a hint of gratitude.

"What do you plan to do next?" Chen Qingyu asked.

"I'm afraid we can't decide that," Xu Nian was about to reply when his expression suddenly changed, then he smiled wryly.

Chen Qingyu froze, then her expression changed as well.

A massive body emerged from the lake water, now staring at Xu Nian with intense anger in its eyes.

On its forehead, there was a noticeable scar.

This scar was left by Xu Nian's Star Axe earlier.

Clearly, in the previous battle, the Red Blood Sky Blue Python had been observing in secret, and now seeing them both wounded, it immediately jumped out.

Trying to seize this opportunity to kill Xu Nian and Chen Qingyu.

It must be said that it was truly a cunning beast.

"Human, face your death, hand over your axe and Divine Sword, I'll give you a quick end," the Red Blood Sky Blue Python spoke in human language, the voice carrying a verdict of death.

Chen Qingyu frowned deeply, seemingly having the urge to fight it to the death.

"When the fight starts, leave quickly," Xu Nian transmitted his voice to Chen Qingyu.

"What about you?" Chen Qingyu immediately responded in surprise.

"I have my ways to survive, you don't need to worry about me," Xu Nian said.

"No way, we leave together," Chen Qingyu thought Xu Nian was planning to sacrifice himself to save her and immediately refused.

Xu Nian was speechless.

This woman is truly troublesome.

How could he die so easily for her?

With her here, he couldn't use his true self and clone's powers.

"Don't worry, I have my ways, you staying here would just be a hindrance to me," Xu Nian said.

Chen Qingyu was half believing and half doubting.

Clearly not thinking Xu Nian, in his current state, could escape from a God Level Netherworld Beast.

Yet Xu Nian didn't give Chen Qingyu more time to speak, he already stepped out into the air.

"Red Blood Sky Blue Python, you want to kill me, but I'm afraid you don't have the qualifications," Xu Nian laughed.

"Hmph, arrogant words, face your death!" The Red Blood Sky Blue Python opened its bloody mouth, releasing terrifying cold radiance.

These cold radiances instantly shot towards Xu Nian, transforming into countless ice cones.

The power of these ice cones was overwhelmingly strong, not something a Divine-level expert could withstand.

Xu Nian didn't hesitate, his figure immediately turning into a shadow.

But at this moment, he wasn't heading towards the Red Blood Sky Blue Python, but rushing towards the lake.

"What?" Chen Qingyu saw this scene, instantly shocked.

Xu Nian actually fled towards the lake?

He must know that it's a Law Vacuum area there.

Once entered, only one's own power can be used.

And Xu Nian's weakest was his own power, this way wasn't he courting death?

"Courting death!"

The Red Blood Sky Blue Python saw Xu Nian actually dive into the lake, instantly showing a deep look of disdain.

Its figure immediately chased after Xu Nian.

In an instant, one person and one snake dove into the lake and disappeared.

Chen Qingyu saw this scene, her brows furrowed deeply.

Suddenly, she made a decision.

Unexpectedly she also followed and jumped into the lake.

If Xu Nian saw this scene, he would definitely curse.

Is this woman deliberately seeking death?

However, at this moment, Xu Nian had no idea that Chen Qingyu had followed.

Now he was rushing quickly toward the lake bottom.

And behind him, the Red Blood Sky Blue Python relentlessly pursued.

Due to space cracks constantly appearing in the lake water, the Red Blood Sky Blue Python dared not be too fast.

Xu Nian was completely unafraid.

With the Supreme Dragon Robe on him, he was completely unaffected by these space cracks.

"Hmph, human, you won't escape," the Red Blood Sky Blue Python coldly snorted, then turned into a green light.

Instantly splitting into ten, from ten directions, directly encircling Xu Nian.

Trapping Xu Nian tightly.

Chapter 1884: Void Abyss

Ten Red Blood Sky Blue Pythons surrounded Xu Nian, their figures not as massive as before, their aura much weaker than before.

But their strength hadn't diminished much, remaining above the God Level.

This surprised Xu Nian.

The Red Blood Sky Blue Python must have used a Divine Skill similar to an avatar technique.

This Divine Skill seems to be rather extraordinary.

It can split the figure into ten, each entity possessing one-fifth the strength of the original body.

This clearly indicates the Red Blood Sky Blue Python's Divine Skill is quite remarkable.

"Human, you can't escape, this is my territory." The Red Blood Sky Blue Python sneered.

He looked at Xu Nian as if viewing a trapped prey, his gaze full of mockery.

Yet the corner of Xu Nian's mouth curved into a faint smile.

It's better for him that the Red Blood Sky Blue Python dispersed his strength; he naturally welcomed it.

"Buzz!"

In the next moment, Xu Nian directly pounced toward one of the Red Blood Sky Blue Pythons.

"Seeking death!"

The Red Blood Sky Blue Python saw Xu Nian charging at himself and sneered immediately.

Even glow of a firefly dares to compete with the sun and moon.

The next moment, the Red Blood Sky Blue Python burst out with terrifying power, lunging towards Xu Nian.

Its speed was incredibly fast, exceedingly swift.

Such terrifying speed was not something a Divine-level Expert could withstand.

"Puchi!"

But just as the Red Blood Sky Blue Python thought Xu Nian would be swallowed in one bite.

Xu Nian's figure suddenly split into two, one of them wielding the God King Sword, a streak of cold light flashed instantly.

In the next moment, the Red Blood Sky Blue Python's figure was directly cut into two halves.

"Roar!"

The remaining nine Red Blood Sky Blue Pythons immediately let out painful howls.

Clearly, killing one Red Blood Sky Blue Python had an impact on the other nine.

This was exactly as Xu Nian envisioned.

The secret technique doesn't come without a cost.

The eradication of an avatar undoubtedly brings massive losses to the original body.

At this moment, the two Xu Nians stood side by side, looking at the corpse of a Red Blood Sky Blue Python at their feet, then at the nine Red Blood Sky Blue Pythons with crimson eyes in the distance, their expressions extremely calm.

Indeed, the one standing beside the Soul Avatar was Xu Nian's Nine Infant Avatar.

The cultivation of the Nine Infant Avatar had also reached the Demon Emperor Perfection Level, and its soul had attained Divine Soul quality.

"I'll kill you!" The Red Blood Sky Blue Python roared in fury.

Following this, all nine avatars charged simultaneously at Xu Nian.

Xu Nian watched the nine avatars charging towards him, without the slightest hesitation, transformed into a stream of light to escape.

Since he had already torn a breach, Xu Nian naturally saw no need to entangle with the Red Blood Sky Blue Pythons.

At this moment, Xu Nian had already withdrawn the Soul Avatar and applied the Supreme Dragon Robe to the Nine Infant Avatar.

Because the Nine Infant Avatar belonged to the Snake Clan, it also excelled in the Water Attribute Tao.

Thus, in the water, its speed naturally surpassed that of his true form and other avatars.

Combined with the boost from the Supreme Dragon Robe, Xu Nian's speed naturally surged.

Yet despite the speed boost, Xu Nian was still no match for a God Level Expert.

Thus, it didn't take long before Xu Nian showed signs of being caught up.

"Looks like I have to consume the Black Magic Sky Mushroom." Xu Nian muttered to himself.

Immediately, he took out a piece of mushroom and placed it in his mouth.

As soon as the Black Magic Sky Mushroom entered his mouth, it instantly transformed into incomparably pure power, coursing throughout Xu Nian's body.

In the next moment, Xu Nian's aura soared suddenly.

His entire body seemed to explode with boundless potential.

It must be said, this Black Magic Sky Mushroom is indeed formidable.

Even at Xu Nian's level, it can still stimulate such enormous potential from within his body, truly unimaginable.

"Bang!"

After consuming the Black Magic Sky Mushroom, the Nine Infant Avatar's speed increased sharply.

"Uh?"

The Red Blood Sky Blue Pythons revealed expressions of immense surprise upon seeing this.

"Damn!"

They cursed loudly.

They hadn't expected this damn human to slip away so swiftly.

Yet this guy unwisely headed in that direction.

Does he not know that it's an endless Void Abyss?

Even he dared not step into that place.

This damn human, to go there, if that's not seeking death, what is?

"Humph, this human is doomed, too bad for those treasures." The Red Blood Sky Blue Pythons chased for some distance before halting.

Gazing at Xu Nian, their eyes filled with disdain.

"Eh! Why did they stop chasing?"

Xu Nian fled a bit further, only to find the Red Blood Sky Blue Pythons suddenly stopped.

This puzzled Xu Nian.

But soon enough, he sensed something amiss.

He felt as though he was sinking into a quagmire.

No matter the effort, he couldn't break free from the grip.

It was as if the more he struggled, the more a powerful force pulled him into the dark abyss.

"Could this be the Void Abyss they spoke of? Damn, I didn't watch where I was going while escaping." Xu Nian cursed inwardly.

He hadn't expected to fall into the Void Abyss.

Now, things were tricky.

Since no one knows precisely what lies within the Void Abyss.

It could perhaps be an endless void; he might never emerge for a lifetime.

At this moment, he had no alternative.

He could only let his figure fall into the Void Abyss.

"Humph, foolish human." The Red Blood Sky Blue Python saw Xu Nian drop into the Void Abyss, sneered, eventually merging into a stream of light and departed.

The eradication of the avatar caused him to lose a fraction of his strength, probably requiring thousands of years to recover.

Soon after the Red Blood Sky Blue Python left, a graceful figure appeared at the edge of the Void Abyss.

"Xu Fenn fell into the Void Abyss?" Chen Qingyu displayed a fearful expression.

Clearly, she had been concealing her aura all the way, tracking to this place.

Yet she hadn't expected Xu Nian's energy to vanish here.

This made her feel instantly distressed.

Suddenly, it seemed she made an immensely grave decision.

She gazed at the Void Abyss ahead, resembling the maw of an ancient giant beast, her eyes suddenly filled with resolve.

Eventually, she directly jumped into the range of the Void Abyss.

Next, she experienced the same terrifying suction.

Her entire body uncontrollably fell towards the deepest part of the Void Abyss.

But Chen Qingyu's face didn't betray the slightest panic.

On the contrary, there was an unwavering determination.

If Xu Nian were here, he would certainly think Chen Qingyu was crazy.

She actually jumped willingly into this Void Abyss.

Understand that not a single person has ever returned from there.

No matter how strong!

Chen Qingyu's act was tantamount to seeking death.

"Another foolish human." It seemed the Red Blood Sky Blue Python sensed Chen Qingyu's aura, looked towards her figure, and said disdainfully.

Chapter 1885: Mysterious Space

As Xu Nian entered the Void Abyss, it was as if he had stepped into a wondrous space.

All around was pitch-black darkness, and it felt like there were invisible walls enclosing the surroundings.

On those walls, there seemed to be lines of dark-golden embossed characters. These characters were incomparably profound, and Xu Nian simply did not recognize them at all.

However, Xu Nian could feel an incomparably powerful force from within those characters.

"What is this place exactly? It doesn't seem to be an Endless Void." Xu Nian looked at the strange surroundings, his face full of puzzlement.

This place seemed more like a specially opened-up space.

"Eh, what's that?"

Suddenly, Xu Nian's gaze was drawn to a mysterious light in the distance ahead.

It seemed that behind that light, there was something special.

Just as Xu Nian was about to head toward the source of the light, he suddenly halted and looked sternly toward a spot not far away, shouting, "Who's there? Come out."

The next instant, Xu Nian directly summoned the God King Sword, assuming a stance as though facing a great enemy.

"It's me."

At that moment, a delicate female voice sounded.

Then, a figure that astonished Xu Nian appeared before him.

Indeed, this person was Chen Qingyu, who had followed Xu Nian into this place.

"Why is it you?"

Looking at the stunning beauty standing before him, Xu Nian's face showed a look of surprise.

Hadn't he told Chen Qingyu to leave?

How could she be here? Could it be she had followed him all the way to the bottom of the lake and then jumped into this Void Abyss together with him?

"I followed you in," Chen Qingyu said.

Xu Nian was speechless.

Why was this woman a bit silly, following him for no reason?

But since Chen Qingyu had already come in, Xu Nian naturally couldn't say anything more.

"Let's go. There seems to be something ahead. We'll go take a look," Xu Nian said.

When Chen Qingyu met Xu Nian's gaze, she seemed a little shy, but she quickly calmed down again.

The two of them walked forward together and soon arrived at the source of the light.

It was an altar radiating Seven-colored Radiance, and carved upon the altar were incomparably powerful Ancient Divine Patterns.

These Divine Patterns were so mysterious that even Xu Nian couldn't understand them.

However, on top of this altar, there was a scroll and three incomparably wondrous beads floating in the air.

These three beads were black, red, and blue in color respectively.

Each of the three beads emanated incomparably powerful fluctuations.

"What are these things?" Xu Nian looked at the suspended scroll and the strange beads with a puzzled expression.

But Xu Nian then noticed that Chen Qingyu beside him wore a look of astonishment.

"You recognize them?" Xu Nian asked in surprise.

"Could these be the Three-Life God Transformation Beads?" Chen Qingyu asked, somewhat shocked and uncertain.

Three-Life God Transformation Beads?

What kind of thing was that?

Xu Nian's face was full of confusion.

Seeing that Xu Nian didn't know what they were, Chen Qingyu explained, "The Three-Life God Transformation Beads are said to be Treasures refined by a terrifying Divine-level Expert from hell in legends. That Divine-level Expert seemed to be a God King Level master, and these three beads were refined from his own bones."

"Refined from his bones?" Xu Nian's face showed a look of shock.

A Treasure refined from God King Bones?

In that case, these three beads were also God King Level Divine Artifacts.

And not just ordinary God King Level Divine Artifacts either.

"Then what do these Three-Life God Transformation Beads do?" Xu Nian asked, still confused.

"I don't know exactly what they can do either, but I've heard they're an incomparably powerful Divine Soul Level Treasure. Supposedly, acquiring them allows one to control another's Divine Soul consciousness and refine God-level Puppets. But as for the specific method, I'm not clear on that," Chen Qingyu said.

Hearing this, Xu Nian's expression immediately became unsettled.

Refine God-level Puppets?

If these three Rebirth Pearls could really be used to refine God-level Puppets, then they were definitely priceless treasures.

That would mean Xu Nian could gain three God-level enforcers out of thin air.

This immediately stirred Xu Nian's heart.

However, Xu Nian didn't make a rash move, because he still didn't know what dangers this altar might hold.

If there was danger, with his current strength he likely wouldn't be able to withstand it.

"Forget it, let the Soul Avatar go test it first." Xu Nian resummoned his Soul Avatar and had it step onto the altar.

The result was not what Xu Nian had imagined.

The Divine Patterns on the altar showed no reaction at all, and Xu Nian easily obtained the scroll and the three beads.

The Soul Avatar took the items and walked back.

"What is this scroll?" Xu Nian looked at the ancient-looking scroll and found that there was no fluctuation of Divine Power or Divine Soul on it.

It seemed to be just an ordinary scroll.

But since it could be placed here, it definitely wasn't simple.

Chen Qingyu was also completely at a loss; clearly, she didn't know what it was either.

"Forget it, we'll know once we open it." After thinking for a bit, Xu Nian had the Soul Avatar open the scroll.

The instant the Soul Avatar unfurled the scroll, a burst of intense golden light erupted from it.

The golden radiance was blinding, and even Xu Nian and the others couldn't keep their eyes open.

But soon, the golden light withdrew.

Xu Nian and the others finally saw the words written on the scroll.

"Taigu Hidden God Treasure Record."

Xu Nian read out the words, and his heart instantly trembled in shock.

What a domineering name, but what exactly was this thing?

Xu Nian looked further back, only to find that the rest was completely blank, with nothing written.

This left Xu Nian extremely depressed.

What the hell was this thing?

"Huh, so this thing is actually here." At that moment, Emperor Ye Tian's surprised voice rang out.

"Master, you recognize it?" Xu Nian asked in confusion.

"I've heard of it, but never seen it. This item was left in the Divine World by a God Emperor Level powerhouse, who recorded all his life's learning in this Hidden God Treasure Record. It contains the Tao of Divine Pattern, Divine Skills as well as various Secret Techniques, and also some insights into Cultivation. But without a specific opportunity, the contents cannot be seen," Emperor Ye Tian said.

On hearing this, Xu Nian immediately understood.

Notes left behind by a Divine Emperor Expert.

This was definitely a supreme Treasure.

However, it seemed that the contents required a specific opportunity to be revealed.

For the time being, he wouldn't be able to use it.

Moreover, with Emperor Ye Tian's guidance, this Hidden God Treasure Record didn't hold that much appeal for him.

"I'll give this to you." Xu Nian handed the scroll to Chen Qingyu.

At the same time, he recounted the origin of the scroll.

After hearing the scroll's origin, Chen Qingyu was utterly stunned.

She hadn't expected Xu Nian to actually give such a heaven-defying opportunity to her.

"Don't worry. Since I'm giving you the scroll, I'll be keeping these three Rebirth Pearls," Xu Nian said, and then performed the ritual to recognize the three beads as his master.

The instant the bond was formed, Xu Nian instantly understood the use of the Rebirth Pearls.

This made him overjoyed.

They were more or less as Chen Qingyu had described; the Rebirth Pearls were indeed supreme Treasures for refining God-level Puppets.

But their functions were several times better than what Chen Qingyu had said.

Chapter 1886: Sudden Danger

Xu Nian was especially delighted to obtain the Rebirth Pearls.

Because these three Rebirth Pearls were truly treasures capable of refining God-level Puppets.

These three Rebirth Pearls were black, red, and blue, each representing a different attribute.

Black was the Darkness attribute, red represented the Fire Attribute, and blue represented the Thunderclap Attribute.

He only needed to obtain a God-level corpse, and he could directly control the other party's body through these Rebirth Pearls, and use the Rebirth Pearls to directly nurture a new soul.

And this new soul would obey Xu Nian's every command.

The key thing was that these three puppets could cultivate on their own, possessing the potential to break through to Daluo God Level, and at the highest could grow to God King Level.

That was a heaven-defying ability.

One had to know that three Daluo God Level puppets, or even God King Level puppets, would absolutely be heaven-defying existences.

"Looks like I'll have to appropriately search for some powerful God-level corpses." Xu Nian muttered to himself in his heart.

He naturally did not want to waste these three God Pearls lightly; the corpses he sought had to be peerlessly gifted within their corresponding attributes.

Thinking of this, Xu Nian put the three Rebirth Pearls away.

Then he once again began to survey this space.

Other than this altar and the two treasures they had obtained, there was nothing else.

In the end, Xu Nian still fixed his gaze on this mysterious altar.

"I wonder what use this altar actually has." Xu Nian circled it in confusion.

Chen Qingyu also had a pensive look on her face. Suddenly, as if she had thought of something, her pretty face flushed scarlet.

"What's wrong?" Xu Nian noticed the odd expression on Chen Qingyu's face and asked in puzzlement.

"N-no, it's nothing, I just feel this altar is very similar to a Formation in the legends." Chen Qingyu said haltingly.

This made Xu Nian even more perplexed.

Chen Qingyu's face grew even redder with embarrassment.

She seemed a bit afraid to meet Xu Nian's eyes.

"What Formation?" Xu Nian asked, confused.

"The Taiyin Miao Sheng Shuang Shen Array." Chen Qingyu replied.

When she spoke the name of this Formation, her pretty face turned even redder.

"What kind of Formation is that?" Xu Nian asked in confusion.

"It's a kind of auxiliary Dual Cultivation Formation. It's said that within this array, if a man and woman undergo Dual Cultivation, they can jointly comprehend the Great Tao of heaven and earth, thereby achieving an effect where Insight Cultivation speed is multiplied." Chen Qingyu answered.

"There's even such an auxiliary Formation? Then this altar?" Xu Nian instantly understood why Chen Qingyu was so flushed.

Although she had already reached the Peak of Divine level, in the end she was still a maiden untouched by men.

So when it came to matters of Dual Cultivation, she would naturally appear this shy.

Xu Nian himself didn't particularly care; he was just puzzled as to whether this altar really was an auxiliary altar for Dual Cultivation between men and women.

If that were the case, then to him, it didn't have much research value.

After all, he couldn't possibly Dual Cultivate with Chen Qingyu, could he?

Thus Xu Nian no longer planned to study this altar and instead started thinking of ways to leave this Mysterious Space.

Xu Nian even summoned the God King Sword and Star Axe and hacked at the space twice.

But every time his attacks landed on the black walls around them, the dark-golden characters on the walls would light up.

And his attacks were easily devoured by the walls.

Seeing this scene, Xu Nian's brows immediately knit tightly together.

Could it be that this space really couldn't be exited?

Just as Xu Nian was feeling anxious in his heart—

Chen Qingyu at the side suddenly spoke up: "Xu Fenn, look here."

Only to see Chen Qingyu pointing at a stone pillar, her pretty face filled with surprise.

Xu Nian walked up to the pillar and discovered that there was a line of words on it.

"This space is the Black Origin Spirit space I left behind. The method to leave the space lies within this altar. I hope you can find it yourselves." Xu Nian read out the line of words.

This caused Xu Nian's brows to furrow once more.

In the end, he still couldn't circumvent this altar?

Could it be that he really had to Dual Cultivate with Chen Qingyu on it once?

But very quickly, Xu Nian shook his head.

Because he felt that this altar might not necessarily be related to the Formation Chen Qingyu had mentioned.

What if this altar had some other use?

So Xu Nian immediately walked onto the altar and sat down cross-legged.

He planned to try using his Divine Sense to sense this altar, to see if he could discover anything new.

However, in the end, Xu Nian was extremely disappointed.

"How about I try?" Chen Qingyu hesitated for a moment before finally speaking.

When she said this, it was as if she had made an enormous decision.

"Alright!" Xu Nian thought for a bit and walked down from the altar.

Chen Qingyu then leaped up onto the altar.

Only to see Chen Qingyu's pair of peach-blossom eyes faintly glow with Divine Light. In the end, she finally steeled herself, cut open her own finger, and let a drop of her essence blood fall onto the altar.

Xu Nian's face was full of puzzlement.

Could it be that this altar needed essence blood to activate?

However, when Chen Qingyu's essence blood landed on the altar, there wasn't the slightest reaction.

This made Xu Nian lightly shake his head.

It seemed this altar was not as Chen Qingyu had imagined.

Chen Qingyu also revealed a look of surprise. Clearly, she did not understand why her action had failed to achieve the expected effect.

"Buzz!"

Just as Chen Qingyu was feeling puzzled—

The altar suddenly stirred.

The Divine Patterns upon it erupted with a brilliant radiance.

The next instant, this brilliant radiance instantly transformed into a powerful force that directly bound Chen Qingyu.

No matter how Chen Qingyu struggled, she could not break free.

Then, Xu Nian clearly saw the altar frantically devouring Chen Qingyu's Soul Power.

"Hahaha, I didn't expect that after waiting so long, I'd finally get a decent meal." At this moment, that old crone's hoarse voice came from deep within the altar.

When Xu Nian heard this, his expression changed drastically.

As expected, this altar was a trap.

And at this moment, Chen Qingyu's Divine Soul Power was being continuously devoured. In just an instant, half of her Divine Soul Power had been lost.

And her cultivation actually fell directly from the Peak of Divine level to the Early Stage Divine level.

"Let her go." Xu Nian shouted loudly.

He directly drew the God King Sword and slashed down at the altar.

In an instant, the altar shattered.

The power absorbing Chen Qingyu's Divine Soul also ceased at once.

Xu Nian's figure flashed, and he immediately carried the incomparably weak Chen Qingyu to the side.

At this moment, he finally understood that this so-called altar was absolutely not some Dual Cultivation Altar.

It was an altar used specifically to seize others' Divine Soul Power.

The person who laid down this altar had been hiding beneath it all along.

"Come out, stop hiding your head and showing your tail." Xu Nian shouted immediately.

"Hahaha, brat, not bad. You actually managed to break my altar." At this moment, a cold voice rang out.

Next, an incomparably cold and glamorous beautiful woman appeared above the shattered altar.

This was precisely the old crone who had absorbed Chen Qingyu's Divine Soul Power.

Xu Nian couldn't help being stunned when he saw this woman, a trace of infatuation flashing through his eyes.

But he quickly regained his composure.

He immediately treated her as a great enemy!

"Charm-type Divine Skills?" Xu Nian thought in shock.

Chapter 1887: Fifth Realm Great Tao True Meaning

The voice earlier was clearly that of an old hag, but what appeared now was a young beautiful woman.

It was evident that Chen Qingyu's divine soul power had been devoured, making the old hag appear so youthful.

At this moment, the young beautiful woman was dressed in a flimsy red dress, her graceful figure faintly visible.

Her fair skin, slender waist, and those enchanting eyes were undeniably a man's fatal nemesis.

Even Xu Nian felt a stir in his heart.

However, Xu Nian knew that this woman was not simple; if he really fell for her trick, he might not even know how he died.

"Are you okay?" Xu Nian asked, looking at the extremely weak Chen Qingyu.

"Too much of my divine soul origin power was extracted, my cultivation plummeted, and I almost lost my life," Chen Qingyu said weakly.

Looking at the seductive woman in the distance, his eyes were filled with intense anger.

"Don't look at me like that. If it weren't for him helping you, you would already be dead. Your strength is quite decent, barely allowing my strength to recover to one-tenth of its peak," the seductive woman said with a light smile.

With that, she immediately displayed a formidable cultivation at the peak of the divine level.

Xu Nian furrowed his brow at this.

Could this person be a god-level individual?

Lying in wait here just to devour others' divine soul power?

"Who are you? This space doesn't seem to be created by you, right?" Xu Nian asked.

Clearly, this space was not created by this person.

Creating such a space would require at least god king level strength.

"I'm certainly not the owner who created this space. My divine soul was severely damaged back then, and I escaped to this space, guarding it for ten thousand years, with no one ever arriving, until now," the seductive woman said with a chilling smile.

Xu Nian instantly understood; this seductive woman also stumbled upon this space.

She, however, was gravely injured and couldn't recover with her own power, so she chose to hide and ambush him and Chen Qingyu.

And this altar should be the great formation she set up to devour.

"Kid, how about we make a deal? As long as you give her to me, once I've devoured her divine soul origin, I'm willing to dual cultivate with you and help you break through to the divine-level realm," the seductive woman said with a smile to Xu Nian.

"Dual cultivation? Breakthrough to divine-level?" Xu Nian immediately responded with a light, mocking smile.

Breaking through to divine-level was not a difficult task for him at all.

At present, if he wished, he could break through to divine-level anytime.

If he hadn't been suppressing his cultivation, he would have long since broken through.

"Yes, you might not know, but I am a disciple of the Joyful Union Sect from the divine world, possessing the Joyful Union Divine Scripture. Through dual cultivation, one can better comprehend the heavenly dao. As long as you dual cultivate with me, you can certainly reach divine-level, and even higher," the seductive woman said.

Xu Nian was surprised to hear this.

Is there really a Joyful Union Sect in the divine world?

"There is indeed a Joyful Union Sect in the divine world, but it's merely a trash sect," Emperor Ye Tian's disdainful voice sounded in Xu Nian's mind.

Xu Nian was even more surprised upon hearing this.

He didn't expect people in the divine world to cultivate this way.

"Kid, the divine world is more complex than you imagine. The ways people cultivate are numerous. You'll find out once you get there," Emperor Ye Tian said.

Xu Nian nodded.

After finding the death Godhood for Murong Xue, he planned to enter the divine world.

"How about it? If you dual cultivate with me, I guarantee you'll experience the true pleasures of the mortal world," the seductive woman said proudly, casting Xu Nian a highly alluring glance as she spoke.

Nearby, Chen Qingyu looked at Xu Nian with some concern, fearing that Xu Nian might actually agree.

At this moment, she was unable to fight, only hoping Xu Nian could protect her.

"Honestly, I find the idea of dual cultivating with you disgusting, you old hag," Xu Nian responded with a slight cold smile.

"What did you say?" The seductive woman instantly erupted in fury, like a cat whose tail had been stepped on.

She emitted an overwhelmingly powerful aura.

There was no denying that this seductive woman's pressure was indeed strong, even stronger than most peak divine-level powerhouses.

Facing such a powerhouse, even Xu Nian didn't dare claim he could win.

"I was planning to wait before killing you, but since you are so oblivious, I'll fulfill your wish," the woman said angrily.

In the next moment, she reached out with claws towards the void, striking with her hand.

This strike formed five terrifying crimson lights, directly attacking Xu Nian.

The crimson lights were incredibly terrifying, filled with a dreadful bloody aura.

A flicker of surprise crossed Xu Nian's eyes, but his hands were not idle.

The God King Sword cleaved forth with a strike, unleashing the Boundaryless Realm.

It severed all five crimson lights.

"Oh?"

The seductive woman revealed a look of surprise.

Evidently, she hadn't expected an Underworld Emperor to block her attack.

"You're not an ordinary Underworld Emperor; you actually possess a divine soul?" the seductive woman said in surprise.

"Hmph." Xu Nian ignored her shock, directly exhibiting the second level of Wind Attribute Tao True Intent.

Instantly, he slashed out ten swords in succession.

Sword radiance burst forth, forming a dense web of swords.

"Second level Wind Attribute Tao True Intent? Indeed, you're not an ordinary Underworld Emperor," the seductive woman said in surprise.

The Underworld Emperor in front of her had actually mastered the Great Tao True Meaning, which truly astonished her.

"But if you think you can deal with me with such tactics, you're too naive," the woman sneered.

She waved her hand, and an incredibly terrifying thunder attribute fluctuation emerged.

Following that, the sword radiance Xu Nian cleaved was utterly obliterated by the thunder that appeared out of nowhere in the void.

The woman stood in the void, surrounded by rolling thunder.

The thunderclap Dao True Intent was more powerful than any Dao True Meaning fluctuation Xu Nian had ever seen.

"Fifth-level Thunder Attribute Dao Truth?" Xu Nian showed surprise.

She had reached the Fifth Realm in her Dao True Meaning.

It's known that every additional level in the Dao True Meaning significantly amplified its power.

The Fifth Realm, an absolute pinnacle in the divine-level.

Though many reach god-level, most remain stalled at the Great Tao Realm in their cultivation insights, few breakthrough to the Heavenly Dao Realm or even reach the Ninth Level Realm.

Even those surpassing the Fifth Realm are rare.

Generally, those who achieve the Fifth Realm in the divine-level are already deemed top experts.

Xu Nian didn't expect this woman to have reached the Fifth Realm.

Chen Qingyu was also shocked, evidently surprised by the woman's prowess.

"Xu Fenn, perhaps you should just hand me over," Chen Qingyu suddenly said.

Hearing this, Xu Nian lightly smiled.

Hand her over?

Handing her over would not spare him from the seductive woman's wrath.

He had no other option now but to fight.

Chapter 1888: Slaying the Beautiful Woman

The Fifth Realm Divine-level Experts are indeed a bit tricky to deal with, but for Xu Nian, it's not like he can't fight them.

Staring at the alluring married woman before him, Xu Nian gripped the God King Sword, his gaze turning razor sharp in an instant.

"So you really are looking for death. Then I'll oblige you." The alluring married woman snorted coldly. With a flip of her palm, she ripped out a Thunderclap Spear and shot it violently at Xu Nian.

Even the arcs of lightning flickering on the thunderstorm above made Xu Nian's heart palpitate, not to mention the spear itself.

But if she thought she could kill him with just this Thunder Spear, that was a bit naive.

"Boom!"

Without another word, Xu Nian's figure flickered.

He actually left behind a blurry afterimage where he had been standing.

"Boom!"

The Thunderclap Spear slammed into the ground, instantly erupting into a terrifying explosion of thunderous light.

"Huh?"

The alluring married woman showed a look of surprise.

Clearly, she hadn't expected Xu Nian's speed to be so fast that he actually dodged her Ten Thousand Thunder Spear.

But before her shock could even fade, two terrifyingly sharp sword lights suddenly shot out from behind her.

These Sword Radiances were all incomparably sharp Wind Attribute Sword Radiances, containing the Great Tao True Intent of the Second Level.

Coupled with the God King Sword's own fierce Sword Qi, these two Sword Qi were already enough to threaten an ordinary expert at the Peak of Divine level.

"Hmph, petty tricks!"

However, the alluring married woman only snorted coldly.

Two thunderous giant serpents immediately surged out from her body; the serpents were incomparably swift and directly collided with the Sword Radiance unleashed by Xu Nian.

"Bang!"

In an instant, Xu Nian's Sword Radiance shattered directly.

And even then, the alluring married woman did not stop.

She extended her slender fingers, and around her tall, graceful figure, terrifying golden arcs of lightning surged forth.

As soon as these arcs appeared, they converged toward her palm.

In the end, they formed a terrifying Thunder Arrow.

"I don't believe you can dodge my Golden Thunder Annihilation Divine Arrow." The woman snorted coldly.

Then she waved her hand.

The Golden Thunder Annihilation Divine Arrow instantly tore through the air, shooting straight at Xu Nian.

Its speed reached a terrifying level.

Hidden in the dark, Xu Nian's expression changed in an instant.

This Divine Arrow condensed from golden thunder seemed extremely unusual.

He immediately turned into a blur to dodge, yet the golden Divine Arrow seemed to possess a will of its own and actually locked directly onto Xu Nian.

No matter where Xu Nian dodged to, the golden Divine Arrow would tear through the air and arrive a second later.

This forced Xu Nian to dodge in a hurry for the moment.

The alluring beauty stood proudly in midair, her seductive figure incomparably enticing, her foxlike eyes staring at Xu Nian with a mocking look.

As if she were watching a rat scurrying everywhere.

At the side, Chen Qingyu's brows were tightly knitted, her eyes full of worry.

Clearly, with her insight, how could she not see how powerful this mysterious woman before them was?

Even at her own Peak, she wouldn't be a match for this woman.

And although Xu Nian wasn't an ordinary Nether Emperor, facing such a Divine-level expert, could he really handle it?

At this moment, Xu Nian was also cursing in his heart.

This damned woman actually had such a Divine Skill.

The Golden Thunder's speed and power were both terrifying, leaving him momentarily at a loss on what to do.

"Hmph, you've got some skills. You can dodge one Golden Thunder Arrow, but what about three?" The alluring woman sneered.

She actually condensed two more Golden Thunder Arrows.

The next moment, three Golden Thunder Arrows madly hunted Xu Nian down.

Xu Nian instantly became even more bedraggled.

If not for the Supreme Dragon Robe's blessing, he would never have been able to avoid the attacks of these three Golden Thunder Arrows.

Although Xu Nian was using only a Soul Avatar right now and couldn't unleash his full strength,

with the Supreme Dragon Robe blessing the Soul Avatar, he was already far from weak.

"I can't keep this up. I have to think of something." Xu Nian did not hesitate.

He immediately drew upon the Ice Attribute God Power within his true body.

By now, Xu Nian had already comprehended the Ice Attribute Great Tao, so controlling this God Power came even more naturally.

"Ssst!"

The three Thunder Arrows were instantly frozen by the Ice Power Xu Nian blasted out.

Xu Nian swung the God King Sword in his hand, directly smashing the three Thunder Arrows to pieces.

"Eh?" The alluring woman saw this scene and immediately revealed a look of astonishment.

Clearly, she hadn't expected her Golden Thunder Arrows to be broken.

"Buzz!"

Right then, Xu Nian flashed over.

He was actually holding an axe in his hand.

Terrifying Ice Cold Power surged on the axe.

The beautiful woman was shocked out of her wits.

She obviously hadn't expected this guy to possess God Power.

Even more unexpected was that Xu Nian could actually wield it.

At this moment, under the Star Axe's activation, the Ice Cold Power transformed into an extremely terrifying Axe Light.

The power unleashed by this Axe Light—let alone a Divine-level expert—was something even an ordinary God-level Expert wouldn't dare to take head-on.

The alluring woman didn't dare to be the slightest bit careless and immediately activated all her Divine Soul Power to block.

"Boom!"

Terrifying golden thunder instantly condensed into a Golden Thunder Shield.

But this Golden Thunder Shield only managed to block the Axe Light for a single instant before completely collapsing.

"No!"

In the end, the alluring woman, her face filled with extreme unwillingness, was cleaved into two by Xu Nian's Axe Light.

Seeing this, Xu Nian revealed his figure and let out a long, heavy breath.

"Didn't expect that one strike to drain all the God Power I'd accumulated. There goes another trump card." Xu Nian showed a bitter smile.

He stepped forward and collected the alluring woman's Godhood.

To Xu Nian's surprise, this woman's Godhood wasn't Divine-level, but God Level.

"A God Level Divine Position?" Xu Nian's expression was filled with astonishment.

And it was a God Level Divine Position that had comprehended the Great Tao Fifth Level.

Counting this one, Xu Nian now had four Godhoods in his hand.

"Are you alright?" Chen Qingyu immediately walked over and asked with concern.

"I'm fine, just overexerted." Xu Nian replied blandly.

Then he sat down cross-legged to recover.

A long while later, Xu Nian finally opened his eyes.

At this moment, Chen Qingyu was also recovering her Divine Soul Power.

Xu Nian, however, began to survey this space again. He had no desire to stay here for the rest of his life.

He had to get out.

He had to complete this trial mission and then enter the Netherworld God Temple.

"Huh?"

Just when Xu Nian thought he'd found nothing, his gaze was suddenly drawn to something.

In a corner of this space, there was actually an extremely concealed restriction.

It seemed that there was something beneath this restriction.

Xu Nian immediately made a move and erased the restriction.

When he saw what lay beneath it, Xu Nian's eyes instantly lit up.

It was actually a Transmission Array!

It seemed this restriction had been set up by that alluring woman, just to prevent anyone who entered from finding the Transmission Array.

Xu Nian quickly pieced it all together.

After all, if it had been laid by that Divine King, there was no way Xu Nian could've erased the restriction so easily.

And this Transmission Array was most likely the path leading out of this space.

Chapter 1889: Farewell

Just as Xu Nian was teleporting with Chen Qingyu.

In a mountain range of the shattered Hell Space, more than a dozen people were besieging a God-level giant ape.

This giant ape was not only massive, covered with black fur, but also had a pair of enormous wings.

Its eyes, a terrifying blood-red color, emitted a frightening magical power like a blood moon.

"Boom!"

The giant ape smashed down with its huge hand, killing three Divine-level experts instantly.

These three Divine-level experts were all Mid-stage Divine-level, each of considerable strength.

Yet, against the giant ape, they had no defense whatsoever.

Seeing this scene from afar, many Divine-level experts' expressions changed drastically.

This giant ape is formidable, worthy of a God-level Hell Demon Ape.

And their task this time was actually to slay this Hell Demon Ape.

It should be noted that although this Hell Demon Ape is only at the Early Level of God cultivation, its strength rivals a typical Middle Stage of God-level super expert.

Moreover, it possessed the Vajra Undying Body.

No matter how they attacked, they couldn't break through the giant ape's defense.

Originally, they were a team of more than twenty, now only eleven or twelve remained.

This task was simply impossible for them to complete.

However, among the eleven or twelve, a young man with an enigmatic appearance stood with his hands behind his back.

With a jade-like face and a tall figure, his eyes especially gave a sense of looking down upon the world.

Since earlier until now, this person had not acted.

Yet, the surrounding Divine-level experts dared not utter a word of complaint.

Finally, the young man appeared slightly impatient, looking at the giant ape ahead, he drew out a sword directly.

The next moment, an incredibly terrifying Great Tao True Intent surged from the young man.

The giant ape seemed to sense the threat from the young man, roared, and charged fiercely at him.

"Courting death!"

The young man sneered, slashing down with the divine sword in his hand.

The giant ape, which feared no attack, was actually beheaded in one strike.

Its massive head rolled away, the surrounding fell silent.

The Divine-level experts looked at the young man with eyes full of fear.

The young man paid no mind to their astonished gazes, with a gesture, he absorbed the giant ape's godhood.

Then left the place disdainfully.

"Fifth-level? Peak of Divine level?"

After the young man walked away, a Divine-level expert among the crowd gasped in realization.

Then they all sighed and shook their heads.

This task was a complete failure; however, they managed to save their lives as a result.

But encountering such a terrifying young man was simply unfathomable to them.

Meanwhile, over a remote lake.

A young man was similarly in a fierce battle with a Peak of Divine level Asura.

The young man was ruthless, forcing the Asura to retreat step by step.

Divine-level experts who intended to intervene all chose to retreat.

Finally, the young man unleashed a terrifying Thunder Attribute Gun Light, slaying the Asura under the gun.

If Xu Nian was here, he would recognize that this person was Tan Long of Futu Mountain.

Elsewhere, in a dense forest.

A woman unleashed a powerful Gold Attribute True Intent, slaying a Peak of Divine level Dhruva Ancient Tree Demon.

It could be said that all three were exceptional beings.

Similar battles were happening everywhere in the shattered world of hell.

Of course, many strong ones were slain by some Hell Beasts, or ran into powerful mysterious divine prohibitions, getting wiped out by the terrifying Ancient Divine Prohibition.

"Buzz!"

Xu Nian and Chen Qingyu appeared on a mountain peak.

This mountain peak was not far from the lake where Xu Nian and his group were before.

"Finally, we're out." Xu Nian felt a surge of joy upon seeing the outside world.

Chen Qingyu was also delighted.

"What do you plan to do next, continue the task?" Chen Qingyu asked, looking at Xu Nian.

"Yes, I must complete the mission, I have to kill the Red Blood Sky Blue Python." Xu Nian replied resolutely.

Upon hearing this, a complex expression flashed in Chen Qingyu's eyes.

"You don't need to come with me, your cultivation has greatly diminished, it's best to leave this place, I can complete the task alone." Xu Nian, seeming to understand Chen Qingyu's thoughts, immediately said.

Now that Chen Qingyu's cultivation had dropped to the Early Stage Divine level.

Although her Divine Soul Power had recovered somewhat, this loss of origin divine soul power was not something that could be replenished in a short period.

"Can you really do it alone? If not, don't push yourself too hard." Chen Qingyu bit her red lips and said.

"Alright!" Xu Nian nodded in agreement.

Upon hearing this, Chen Qingyu prepared to activate her mark to leave the Hell Fragment Space.

Anyone participating in the assessment can choose to abandon the task and leave by activating a divine seal.

But once gone, it means the assessment is a complete failure.

"Xu Fenn, may I ask you something?" At this moment, Chen Qingyu suddenly made up her mind to ask.

"What is it?" Xu Nian's face turned a bit strange, looking at Chen Qingyu, he felt that what she was about to say might make things awkward for him.

"Would you be willing to become my Taoist couple?" After saying that, Chen Qingyu blushed deeply, lowering her head.

Clearly, uttering those words took her great effort.

Xu Nian could only smile wryly.

The inevitable has come, but Xu Nian harbored no romantic feelings for Chen Qingyu.

"Miss Chen, I fear you will be disappointed, I am not truly from the Underworld, nor will I stay long, I plan to leave once I achieve my goal, and I might ascend to the Divine World, so..." Xu Nian thought and said.

Hearing this, Chen Qingyu's brows instantly furrowed.

Ascend to the Divine World?

Underworld people cannot ascend to the Divine World, unless by special means.

But doing so is almost impossible for her.

"Alright, I understand, let's meet again if fate allows." Chen Qingyu said, clearly disappointed.

She now understood Xu Nian's stance.

As for asking Xu Nian to stay for her, she lacked the confidence.

"Miss Chen, my real name is Xu Nian." Just as Chen Qingyu was about to activate the divine seal to leave, Xu Nian thought to speak.

"Xu Nian?" Hearing this name, Chen Qingyu suddenly smiled.

Soon, her graceful figure vanished in place.

Watching Chen Qingyu's departing figure, Xu Nian too felt a mix of emotions.

He and Chen Qingyu belonged to two different worlds, unlikely to intersect.

He then shook his head, cleared the cluttered thoughts, and swiftly headed toward the Red Blood Sky Blue Python.

Next, he needed to slay this Red Blood Sky Blue Python as soon as possible.

Chapter 1890: The Fisherman Gains the Prize

When Xu Nian arrived at the lake where the Red Blood Sky Blue Python was, he discovered that a battle had already erupted on the lake's surface.

At this moment, three women were besieging this Red Blood Sky Blue Python.

The strength of these three women was unfamiliar, but their appearances were quite alluring.

Especially the leading woman, who exuded an indescribable icy beauty.

However, these were not Xu Nian's main focus; it was the cultivation of these three people, surprisingly all at the Peak of Divine level.

Three Divine-level peaks, and all female cultivators—this indeed left Xu Nian somewhat astonished.

But observing the coordination among them, it was clear they were not allied.

Nonetheless, the strength of the three was impressive, surprisingly suppressing the Red Blood Sky Blue Python.

Xu Nian stood by, with no intention to intervene.

Since someone was helping him deal with the Red Blood Sky Blue Python, he naturally enjoyed the situation.

As for the origin of these three individuals, Xu Nian didn't wish to delve into it.

However, Xu Nian now only worried whether these three could truly defeat the Red Blood Sky Blue Python.

If they failed to kill it and drove it to retreat to the lake's bottom, it would be a big problem.

Even if Xu Nian summons his true form, diving into the lake, he might still be unable to contend with this Red Blood Sky Blue Python.

"Do not hold back; use your killing strikes directly," the leading alluring woman whispered.

The next moment, she directly unleashed a mighty divine skill.

As she activated the Third Level Great Dao Truths, an incredibly powerful Gold Attribute Sword Formation instantly formed.

In the next moment, thousands of Gold Attribute Divine Swords appeared out of nowhere.

"Sword Qi Silk Formation!"

The woman shouted loudly, and instantly, thousands of divine swords transformed into countless golden threads, slashing toward the Red Blood Sky Blue Python.

"Roar!"

It must be said, the Sword Qi Silk Formation was indeed formidable.

These golden threads impacting the Red Blood Sky Blue Python surprisingly penetrated its scale armor.

Leaving one blood mark after another on its body.

In an instant, a mist of blood spread.

The intense pain forced the Red Blood Sky Blue Python to emit a pitiful cry.

"What a powerful sword formation, perfectly integrating three Gold Attribute Dao Truths. Its might is truly terrifying," Xu Nian exclaimed in admiration upon witnessing this scene.

Even facing such a terrifying sword formation, he could not endure it.

After all, with thousands of sword qi transformed into threads, both speed and power reached an extreme level.

Of course, the other two women were not idle either.

One utilized the Water Attribute Dao Truth, surprisingly forming two giant Water Dragons.

The Water Dragons coiled around and tightly bound the Red Blood Sky Blue Python.

The other woman was even more mysterious, deploying the Light Attribute Great Tao True Meaning.

Activating a Light Ball akin to the sun, radiating countless rays.

These rays illuminated the Red Blood Sky Blue Python, surprisingly melting away its scale armor.

It must be said, the divine skills of these three women were exceptionally powerful.

However, their attacks did not bring any substantial harm to the Red Blood Sky Blue Python.

"Roar!"

The Red Blood Sky Blue Python, enraged, let out an earth-shattering roar.

Then, an extraordinarily eerie blood-colored light erupted from its eyes, and its huge body started to turn crimson, emanating an immensely powerful blood light.

"Rampage state? Not good, the Red Blood Sky Blue Python has entered a rampage state," the leading woman changed her expression upon observing this scene.

Hurriedly trying to control the flying sword threads to retreat.

However, the Red Blood Sky Blue Python had already moved.

Instantly breaking free from the two Water Dragons, its gigantic body lunged toward the leading white-clad woman.

Terror-inducing cold air surged from its massive body.

The woman's face drastically changed, immediately retreating.

Yet, the speed of the Red Blood Sky Blue Python was too fast.

The woman was on the verge of being utterly devoured by the Red Blood Sky Blue Python.

At this moment, the woman's gaze suddenly sharpened.

A shield unexpectedly appeared in her hands.

The shield instantly expanded, wedging the blood mouth of the Red Blood Sky Blue Python.

Given the Red Blood Sky Blue Python's terrifying biting force, anything less than a Divine Artifact level, particularly a Mid-grade Heavenly Divine Artifact, would crumble.

Xu Nian did not anticipate that this woman possessed such a defensive divine artifact on her.

With the shield's obstruction, the woman managed to extricate herself from the Red Blood Sky Blue Python's mouth.

Activating the thousands of sword threads to retreat, forming a mighty Sword Rain, which rushed into the Red Blood Sky Blue Python's mouth.

Evidently, the woman intended to attack from within the Red Blood Sky Blue Python.

Yet, the Red Blood Sky Blue Python was not easily dealt with; it spewed terrifying cold air from its mouth.

Amazingly, it ejected the shield and simultaneously froze the thousands of sword threads instantaneously.

If the woman hadn't dodged quickly, she would have been turned into an ice sculpture.

However, the woman with the Water Attribute Dao Truth wasn't so fortunate.

The Red Blood Sky Blue Python's tail swept her, causing her entire body to disintegrate, transforming her whole form into a mist of blood.

Killed instantly.

Witnessing this, the other two women's expressions changed.

Evidently, the deceased woman did not possess a defensive divine artifact similar to the white-clad woman.

Xu Nian also furrowed his brow.

A Divine-level peak, killed just like that.

This Red Blood Sky Blue Python was truly deserving of its God-level Demon Beast title.

"Roar!"

The Red Blood Sky Blue Python roared, then launched a renewed assault toward the white-clad woman.

The woman's thousand sword threads were frozen, rendering her unable to break free.

She could only dodge passively.

Occasionally relying on the shield for defense.

Meanwhile, the Light Attribute woman was relentlessly condensing light balls through illumination.

At this moment, the light ball had reached nearly a hundred meters, clearly preparing a powerful strike.

"Buzz!"

The Red Blood Sky Blue Python suddenly noticed the woman's actions, abandoning the attack on the white-clad woman and charging toward the Light Attribute woman.

The woman, seeing this, could not afford to further condense the light ball.

Directly deploying the divine skill of the light ball.

The next moment, the light ball transformed, charging straight at the Red Blood Sky Blue Python.

The speed was incredibly fast.

"Roar!"

The Red Blood Sky Blue Python emitted cold air from its mouth, seemingly intending to freeze the light ball.

Yet, the light ball exhibited extraordinary resilience, dispersing the cold air directly.

Then violently colliding with the Red Blood Sky Blue Python's body.

"Roar!"

The Red Blood Sky Blue Python let out an exceedingly painful wail.

"Boom!"

The light ball detonated.

Its body was directly annihilated, reduced by half under the impact of the light ball.

"So strong, it's the Light Annihilation," Xu Nian was terrified internally.

Unexpectedly, the woman's comprehension of the Light Attribute Great Tao True Meaning turned out to be the fearsome Light Annihilation Dao Truth.

Moreover, she had already reached the Third Level Realms.

Otherwise, it would have been impossible to annihilate half of the massive body of the Red Blood Sky Blue Python.

"Roar!"

The Red Blood Sky Blue Python evidently did not die, emitting a roar, about to dive into the lake.

The two women wanted to stop it but it was too late.

"Now is the time!"

Witnessing this, Xu Nian's figure instantly transformed into an afterimage.

His Star Axe erupted, unleashing several Axe Lights.

Instantly slicing the Red Blood Sky Blue Python's mangled body into segments.

Then grasping the God Rank in his hand.

Seeing the God Rank in his hand, Xu Nian instantly rejoiced.

Without turning back, he directly escaped toward the distance.

"Leave the God Rank behind."

The two women were shocked upon witnessing this, immediately realizing and swiftly pursuing Xu Nian.
