

Divine King 1921

Chapter 1921: Breaking into the Netherworld King's Tomb

The Netherworld King's Tomb is located on an island called Lianhua Island.

This island is surrounded by a lake, and the scenery is quite charming.

However, at this moment, many people have gathered on the lake's surface, standing there and staring intently at the island ahead, yet none dare to easily take a step forward.

Among them are experts from the Four Realms of Immortals, Demons, Devils, and Netherworld, nearly all without exception, with strength surpassing the Immortal Emperor Level.

After all, those who came to explore this Sky-level tomb, without Emperor-level strength, are almost courting death.

Xu Nian flew over, many people glanced at him, then moved their eyes away.

After all, Xu Nian's arrival did not hold any special significance.

However, there were still two people on the scene who recognized Xu Nian.

One was naturally Dongfang Ping, while the other surprised Xu Nian somewhat.

It was Su Chan, a God-level expert from the Demon Clan.

She had been searching for those mysterious fragments before, but now it seems she hasn't found them.

"Huh, how come you're here?" Su Chan stepped in mid-air, curiously asked.

"I'm naturally here to explore the tomb." Xu Nian smiled.

"I feel your demeanor seems a bit different now?" Su Chan scrutinized Xu Nian, surprised.

"What's different?" Xu Nian smiled.

Unexpectedly, Su Chan could also notice the change in his demeanor.

"Right, it's the Great Tao. Have you comprehended the Great Tao True Meaning?" Su Chan asked, surprised.

"Indeed, I have comprehended the Great Tao True Meaning." Xu Nian smiled.

At this moment, even facing Su Chan, he feared nothing.

Even though Su Chan's cultivation was suppressed to the Demon Emperor Perfection, even with her true cultivation, Xu Nian wouldn't fear her at all.

With Xu Nian's current strength, he should be able to hold his own against God-level experts from the Divine World.

Of course, provided the opponent hasn't comprehended the Heavenly Dao.

Clearly, Su Chan hasn't stepped into the Heavenly Dao level, but her understanding of the Great Tao is evidently not low.

"I never thought you'd comprehend the Great Tao True Meaning at the Immortal Emperor realm. I feel a dangerous aura emanating from you; it seems your understanding of the Great Tao is already quite high." Su Chan remarked.

Xu Nian smiled and didn't say much.

"What's the current situation? Wasn't the outer prohibition lifted? Why aren't we entering the island?" Xu Nian asked.

"The prohibition was lifted, but there's a very formidable Killing Array on the island. At least a dozen people have died in there already." Su Chan replied.

Upon hearing this, Xu Nian probed towards the island.

Indeed, the island exuded a strong murderous aura.

Even he felt an intense danger from this aura.

It should be noted, in the Immortal Realm, there's virtually nothing that can truly harm him now.

"Then why not breach the array?" Xu Nian asked.

"This formation utilizes the Power of the Sun, weakening at night, making it the best time to breach the array." Su Chan responded.

Xu Nian nodded.

"Brother Xu, you've finally arrived." Dongfang Ping also noticed Xu Nian and promptly approached.

"Brother Dongfang, have you reached Immortal Emperor Perfection?" Xu Nian looked at Dongfang Ping.

Unexpectedly, Dongfang Ping had also reached Immortal Emperor Perfection Level.

Looks like he's not far from Crossing Divine Tribulation.

Speaking of Crossing Divine Tribulation, Xu Nian had some regrets.

He initially promised Master Taichu to attend his Divine Tribulation, but now time has passed.

I wonder if Master Taichu has crossed his Divine Tribulation yet.

"Haha, it was just chance, but you're incredible, Brother Xu. I just heard you've comprehended the Great Tao, a level only Divine-level experts can attain." Dongfang Ping laughed.

"By the way, in the Immortal Realm, did you happen to know if my master, Taichu Immortal Emperor, succeeded in crossing the tribulation?" Xu Nian asked.

"Taichu Immortal Emperor? He succeeded. This news is known throughout the Immortal World. That Divine Tribulation was truly astonishing. Do you know? He crossed the Ninth Level Divine Tribulation." Dongfang Ping expressed with awe.

"Ninth Level Divine Tribulation?" Xu Nian was taken aback.

Unexpectedly, his master underwent the Ninth Level Divine Tribulation.

But what surprised him more was that his master actually crossed it.

"As long as Master is safe, I'm relieved." Xu Nian muttered inwardly.

"Taichu Immortal Emperor's tribulation indeed made waves throughout the Divine World. Also, people from your Heavenly Court ascended to the Divine World." Dongfang Ping said.

"Who?" Xu Nian appeared surprised.

"Leng Yanran!" Dongfang Ping replied.

"What? Yanran ascended to the Divine World?" Xu Nian was even more shocked.

Though he knew Leng Yanran had reached a high level of fusion with Godhood,

logically, Leng Yanran should have waited for his return to choose ascension.

Yet unexpectedly, Leng Yanran ascended to the Divine World early.

There must be a reason unknown to him.

"Never mind, once I obtain this God Rank, I can return to Heavenly Court. Then, everything will be clear." Xu Nian muttered inwardly.

He cleared all these chaotic thoughts.

His most urgent task now is to enter the Netherworld King's Tomb and obtain the Death Godhood.

He has a detailed map of the Netherworld King's Tomb, which boosts his confidence significantly.

"Brother Dongfang, Su Chan, I have the detailed structure map of the Netherworld King's Tomb. If you trust me, how about joining me? Let's venture into the deepest part of this tomb and acquire what we desire." Xu Nian suggested.

Su Chan and Dongfang Ping were both astonished.

Xu Nian actually had a detailed map of the Netherworld King's Tomb.

This truly is fantastic news for them.

"Alright, I'm with you." Su Chan affirmed.

"I'm also with Brother Xu; this way our chances might be greater." Dongfang Ping agreed.

Xu Nian nodded upon hearing them.

He included Dongfang Ping and Su Chan because the Netherworld King's Tomb had three extremely perilous locations, even he couldn't be completely sure to navigate alone.

With Su Chan, perhaps their chances would improve.

The God Rank he sought lay in the deepest part of the Netherworld King's Tomb.

Xu Nian gave them a brief explanation of the tomb's general layout.

The two gained a clearer understanding of the Netherworld King's Tomb.

Night quickly fell; when the formation weakened to its limit, the experts lingering on the lake started moving, heading towards the island.

"Let's go too!" Xu Nian said, looking towards the island.

Then he flew toward the island.

Su Chan and Dongfang Ping naturally followed closely.

Upon stepping onto the island, Xu Nian distinctly felt a murderous intent locking onto them.

However, this murderous intent was much weaker than during the day, though still not something ordinary people could withstand.

"Ah!"

Soon, a scream echoed.

A Demon Emperor expert was instantly killed by a terrifying Sword Radiance.

Chapter 1922: The First Trial

"Ah!"

Another scream echoed as another Demon Emperor perished under this killing array.

This killing array is truly perilous.

Two experts of Immortal Emperor level were killed so easily.

Xu Nian looked around; the entrance to the Netherworld King's Tomb was a thousand meters ahead.

However, this thousand meters distance was exceptionally dangerous.

Powerful Sword Qi kept attacking from all directions, potent enough to annihilate Peak Immortal Emperor experts.

Of course, such attacks posed no threat to the current Xu Nian.

So, faced with the killing array, he strolled leisurely, almost effortlessly crossing the thousand meters.

Su Chan naturally ignored the threats of this formation, as its power was now less than one-tenth of what it was during the day.

If it were daytime, she'd have to be more cautious.

As for Dongfang Ping, as long as he was careful, the formation didn't pose much of a threat to him either.

Though he couldn't be as relaxed as Xu Nian, he wasn't too flustered either.

So the three quickly reached the entrance of the Netherworld King's Tomb.

Besides them, quite a few other experts also arrived.

Those who died in the formation must have been unlucky.

As a result, almost ninety percent made it through the formation safely.

Looking at the heavy, ominous door before them, everyone felt a sense of gravity.

This Netherworld King's Tomb might be scarier than they imagined.

"The door is tightly locked and seems impossible to open," someone observed after examining the tomb door, saying solemnly.

"Why not just break it? Step aside, let me destroy it!"

A Nether Emperor immediately sneered, unleashing a Sword Light.

The Sword Light struck the stone gate, instantly absorbed, and then rebounded as a terrible Sword Light.

This Sword Light's power was far greater than the Nether Emperor's attack.

"Ah!"

The Nether Emperor expert couldn't evade in time and was killed on the spot.

Everyone around was shocked.

The Netherworld King's Tomb door could actually reflect attacks?

For a while, no one knew what to do.

Xu Nian saw this scene and then smiled.

He walked forward slowly and made a unique hand seal on the tomb door.

As the hand seal glowed, the tomb door slowly opened.

This scene astonished everyone around.

This guy could open the tomb door?

How did he do it?

Suddenly, everyone was curious about Xu Nian.

Xu Nian paid no attention to them, leading Su Chan and Dongfang Ping into the tomb.

Seeing this, the others quickly followed.

Soon, they arrived inside the tomb.

The tomb chamber was large; to be precise, it was like an underground palace.

"This tomb is divided into four levels; each level has a test of survival. Only by passing the test can you obtain the treasures of that level," Xu Nian said.

"The treasures are there!"

Suddenly, someone exclaimed.

Upon hearing this, everyone looked towards the depths of the hall.

In the deepest part of the hall was a goddess statue, holding ten treasures in her hands.

These ten treasures were completely covered by restrictions, making it impossible to see what they were.

However, they were emanating powerful waves of Divine Power.

The Immortal Emperor-level experts' eyes lit up upon seeing this.

They rushed towards the hall's depths, about a hundred meters away from it.

But the person in the lead was suddenly torn limb from limb.

This scene immediately halted the experts.

They remembered Xu Nian's words: each level has a test of survival.

Initially, they hadn't believed it, but now it seemed Xu Nian wasn't lying.

"What's the test of survival for this level?" Dongfang Ping asked Xu Nian.

The person just now had exploded so bizarrely that even he hadn't seen what happened.

Others also looked at Xu Nian.

Xu Nian smiled: "The test for this level isn't difficult; it's merely a test of the body's skill and power of insight. Along this hundred-meter path, there are three hundred sixty invisible space rifts, and only by avoiding them can you safely reach the statue ahead."

"Space rifts?" Those nearby were surprised.

No wonder the person was ripped apart instantly; the body was cut by space rifts.

"What a feat; creating space rifts isn't difficult, but stabilizing them here is truly first-rate," Su Chan remarked in surprise.

Xu Nian smiled slightly and activated Nine Infant Avatar's talent divine ability. An eye opened at the center of his brow.

As the eye brightened, the space rifts appeared before his eyes.

"Buzz!"

Then, the Wind Spirit Wings unfolded behind Xu Nian, and his figure became a beam of light.

The light traversed instantly, reaching the statue in a blink.

Everyone watching was wide-eyed.

"Did you remember my path?" Xu Nian asked Su Chan and Dongfang Ping.

Despite Su Chan's surprise, she still smiled disdainfully.

Then she took a step, also becoming a shadow, appearing beside Xu Nian.

"So fast!"

"These two must be beyond Immortal Emperor level, right?"

"Certainly beyond!"

For a moment, the Immortal Emperor, Demon Emperor, and Demon Emperor experts expressed amazement.

One Demon Emperor tried as well, but after just a third of the way, his body was sliced into five segments and he died instantly.

Even at this level, where the body can regenerate, space rifts can instantly devour all vitality, which is why they are feared.

"Ah!"

Another scream sounded.

A Demon Emperor also perished on this path.

Soon, fifteen minutes passed.

On this path, ten Immortal Emperor-level experts had already died.

At this moment, Dongfang Ping moved.

His figure flashed and he too became a shadow, appearing beside Xu Nian shortly thereafter.

Xu Nian smiled at the sight.

As he had anticipated, Dongfang Ping passed the test.

"How did they manage?" The remaining Immortal Emperor-level experts were anxious.

Could they only watch helplessly as the three claimed the treasures?

Xu Nian and the others ignored them and looked at the treasures held by the statue.

Strong restrictions enveloped these treasures.

"Everyone can only take one; taking more would trigger the restrictions, and even Divine-level experts would surely die," Xu Nian said.

"Only one? Then it depends on luck," Dongfang Ping said, disappointed.

He had thought they could take all ten treasures.

"Indeed, only one, due to Divine World's restriction," Su Chan replied.

Then she grasped one of the light balls.

As she crushed the light ball, a treasure appeared for all to see.

"This is..." Dongfang Ping and Xu Nian both showed some surprise.

Chapter 1923: Sharp-Horned Silver Python

"It's a Low Grade Luo Divine Shield made from the Reverse Scale of a Peak God-Level Divine Dragon."

Xu Nian instantly recognized the small shield in Su Chan's hand.

He could now nearly refine Divine Artifacts and had a deeper understanding of Divine Artifacts.

Clearly, Su Chan's shield was undoubtedly a treasure of Luo Divine Artifact level.

"A shield of Luo Divine Artifact level, and it adds the effect of blocking 70% of soul impact." Su Chan infused her consciousness into the shield, immediately revealing a look of surprise.

Apparently, this shield perfectly suited her desires.

"Let me try it as well." Dongfang Ping stepped forward and chose a light sphere.

The sphere disappeared, and a scroll appeared in his hand.

Dongfang Ping opened the scroll, and beams of light burst forth, exuding a majestic divine power.

"Is this a Divine King level cultivation technique?" Su Chan looked at the content of the scroll, immediately expressing a look of astonishment.

"A Divine King level cultivation technique?" Dongfang Ping's eyes also lit up at hearing this.

A Divine King level cultivation method is extremely valuable even in the Divine World.

After all, possessing a Divine King level cultivation technique accelerates progress significantly.

Not all Divine-level experts can acquire such precious methods.

"Quick, Xu Nian, try and see what treasure you can attain." Dongfang Ping immediately said to Xu Nian.

Upon hearing, Xu Nian approached the remaining eight light spheres.

In the end, he chose one sphere.

When he held the sphere, it shattered.

The contents became visible to everyone.

It was a black metallic stone, only the size of a thumb.

"What is this?" Dongfang Ping frowned at the black stone.

It seemed Xu Nian's luck was not very favorable.

"This should be a kind of artifact refining material." Su Chan said, also frowning.

However, Xu Nian's eyes shone brightly, showing a very excited expression.

"Black Nether Gold! It's Black Nether Gold!" Xu Nian was exceedingly joyful.

He's been searching for Black Nether Gold but had never heard any news of it.

Originally, he thought he'd have to go to the Divine World to find Black Nether Gold.

But unexpectedly, he found Black Nether Gold on the first floor of the Netherworld King's Tomb.

"What is this thing that's making you so agitated?" Dongfang Ping asked Xu Nian curiously.

"This item is called Black Nether Gold, a rare material for artifact refining. Although it's not Chaos Spiritual Treasure, it's the hardest and sharpest metal in the Divine World, with value comparable to Chaos Spiritual Treasure's refining materials." Xu Nian replied with a smile.

"The hardest metal? But it's only the size of a thumb, insufficient even to refine a dagger." Dongfang Ping remarked.

"This material can't be directly used to refine weapons. Given its rarity, akin to Chaos Spiritual Treasure, obtaining enough for refining a sword is nearly impossible. So, it can only serve as auxiliary material in refining, enough to be fused into nine sharp swords." Xu Nian said with a smile.

Currently, he holds seven godhoods. If he finds two more, once the Devouring God Worm reaches maturity, he can refine nine Godhood Flying Swords.

By then, he can initially utilize the Taicang Sword Formation.

He will possess the ability to challenge a Peak of Divine-level expert.

"I see." Dongfang Ping and Su Chan understood.

This material is indeed precious, but it holds little significance for them.

After all, they aren't proficient in artifact refining.

"Let's go to the second floor!" Xu Nian announced.

Su Chan and Dongfang Ping nodded, following Xu Nian to the second floor.

Regarding the nearby Immortal Emperor level experts, they still attempted to traverse the spatial rift passage.

Yet, the terrifying spatial rift claimed seven more lives in just a moment.

"They went to the second floor; seven treasures remain." someone yelled.

The crowd was thrilled.

Since Xu Nian and his companions didn't take all the treasures, they felt a renewed desire to advance.

But driven by this desire, the consequence might be death.

Underground, on the second floor, Xu Nian and his partners reached a palace.

A giant python lay dormant within the palace.

The python's body was covered in silver scale armor, surprisingly adorned with sharp horns on its head.

Its body length reached five hundred meters, appearing exceptionally grand.

Fortunately, the palace space was vast on the second floor, accommodating such a behemoth.

"A Sharp-Horned Silver Python of Early Stage God level, but why isn't it suppressed by the Heavenly Dao?" Xu Nian exclaimed in surprise.

In the Sealing God Battlefield, all Divine-level experts' cultivation would be suppressed below Divine level.

Yet, this python wasn't, its divine power pulses were very strong.

Xu Nian was puzzled.

"It's the Divine Pattern, a pattern shielding from heavenly calculations, present on its body, allowing it to retain full power." Su Chan said.

Xu Nian realized, understanding it was the Divine Pattern shielding the way.

Consequently, confronting an Early Stage God-level Divine Beast truly isn't easy.

Because Divine World beasts differ from Netherworld Divine-level experts, possessing real physical forms, their strength significantly surpasses Netherworld's Divine-level experts.

And this Divine Python clearly senses cultivation, its prowess undoubtedly formidable.

"It seems we must defeat it to proceed." Xu Nian said.

"Early Stage God level? I can't handle that." Dongfang Ping said with a twitching mouth.

Xu Nian and Su Chan exchanged glances, showing a hint of a smile.

Clearly, the forthcoming battle was up to them.

"With full power, I could easily slay it, but now I can only utilize Great Tao Power. Slaying it alone is nearly impossible." Su Chan tightly grasped, conjuring a long spear.

Upon its appearance, she exuded an overwhelmingly powerful aura.

"Nice spear, a Top-Grade Heavenly Divine Artifact level long spear?" Xu Nian expressed surprise.

Unexpectedly, Su Chan wielded a spear, a rare sight among women.

"Finally, someone arrives. It's been long since I tasted meat."

Suddenly, the dormant python opened its eyes, emitting a booming voice.

It eyed Xu Nian and his companions with a strong sense of mockery.

Xu Nian's gaze sharpened, wielding the God King Sword.

The upcoming battle promised to be fierce.

"Let us pass, and we won't kill you." Xu Nian said to the Early Stage God-level python.

"Won't kill me?" The python laughed derisively, eyeing Xu Nian as if looking at an ant.

Chapter 1924: Slaying the Divine Python

The giant serpent felt as if it had heard the biggest joke in the world.

An Immortal Emperor actually dared to say he wouldn't kill it; was he out of his mind?

As for that woman, although she was a God-level expert, the suppression of the Heavenly Dao here meant she couldn't exert her true combat power, posing no threat to it.

So, in its eyes, the three before it were no different from ants.

"Human, are you seeking death?" the giant serpent sneered, flicking its enormous red tongue, and the powerful divine pressure bore down on Xu Nian.

However, facing this pressure, Xu Nian not only showed no wavering but, on the contrary, stood like a sharp sword piercing the sky.

On the other side, Su Chan, holding a long spear, also showed no hesitation; she was a God-level expert herself.

This God-level pressure naturally posed no threat to her.

Dongfang Ping, however, struggled, his whole body barely withstanding the terrifying pressure, unable to move a single step, let alone join the battle.

"You step aside first," Xu Nian said to Dongfang Ping.

Dongfang Ping hesitated for a moment and eventually nodded.

Though unclear why Xu Nian seemed so unaffected by this terrifying God-level pressure, he knew that Xu Nian appeared very strong at this moment, far stronger than himself.

"Hmm, you can actually withstand my pressure; it seems you do have some extraordinary qualities," the giant snake revealed a hint of surprise.

"Let's just get on with it," Xu Nian said with a faint smile.

He didn't want to waste time; this giant snake would not let them pass.

They had to fight their way through.

"Since you insist on courting death, I'll grant your wish."

The giant snake sneered and then opened its blood-red mouth, lunging at Xu Nian.

Xu Nian saw the attacking giant snake, yet displayed a faint smile.

Then he clenched his fist, stepped forward, and an unimaginably strong truth of the Great Tao instantly gathered around him.

"Ninth-Level Earth Attribute Dao Truth?" Su Chan's expression changed dramatically, showing extreme astonishment.

She had anticipated Xu Nian's extraordinary strength, but never expected him to be this powerful.

Ninth-Level Great Dao Truth?

This was an achievement even many God-level experts hadn't reached.

And she had only recently broken through to the Gold Attribute Ninth-Level Great Dao Truth.

The fact that Xu Nian achieved this at the Immortal Emperor tier was simply unimaginable.

"Boom!"

The terrifying punch, carrying incomparably strong waves of energy, clashed instantly with the giant snake.

The powerful impact directly knocked the giant snake back.

"Impossible, how can an Immortal Emperor comprehend the Great Tao Truth?" The giant snake, though repelled, was unharmed.

It possessed a God Body; such an attack was still bearable.

Xu Nian stood proudly, looking at the giant snake with a faint smile: "Who says an Immortal Emperor tier can't comprehend the Great Tao Truth?"

"Hmph, even if you've comprehended the Ninth-Level Great Tao Truth, so what? Without breaking through to the divine rank, you can't unleash its true power," the giant snake sneered.

To exert greater power from the Great Tao Truth, divine power must accompany its use. Only then can the terrifying might of the Ninth-Level Great Tao Truth be truly unleashed.

If it were God Power, the exerted might would be even stronger.

Though it had only comprehended the Seventh-Level Great Tao Truth, it was enhanced with God Power, so the power it unleashed definitely exceeded Xu Nian's.

"Buzz!"

As a surge of strong God Power emerged from the giant snake, driven by this power, the Seventh-level Heavenly water attribute Tao Truth exploded with immeasurable might.

With the giant snake's focus, these water attribute Tao Truths formed into an enormous hand.

This hand, like a giant god's hand, slapped fiercely at Xu Nian.

Seeing this, Xu Nian's brows furrowed.

Unexpectedly, the Seventh-level Heavenly Tao Truth, driven by God Power, was so strong.

It was much more powerful than his Ninth-Level Great Tao Truth.

"It seems I must use Divine Origin Liquid," Xu Nian muttered to himself.

However, before he could activate the Divine Origin Liquid to convert into divine power, Su Chan beside him erupted with a formidable aura.

Then she flashed forward, thrusting her spear, her momentum like a rainbow.

She directly pierced through the giant hand with her spear.

Moreover, unusual Gold Attribute God Power waves emerged from her body.

"A divine artifact storing God Power? Hmph, I didn't expect you to possess such a thing," the giant snake said, its gaze at Su Chan instantly turning wary.

A divine artifact storing God Power?

Xu Nian understood.

Su Chan's own God Power was suppressed by the Heavenly Dao, completely unusable.

But the God Power from external sources could be used, so Su Chan had stored part of her God Power within a divine artifact beforehand.

Now she was borrowing the God Power from this divine artifact.

This God Power was limited, used little by little, and far less than her own.

"Let's strike together; my God Power won't hold out for long. Let's kill it as soon as possible," Su Chan said to Xu Nian.

Xu Nian nodded immediately.

With the assistance of someone as skilled as Su Chan, killing the giant serpent became much easier.

Without hesitation, Xu Nian activated the Divine Origin Liquid within him, converting it into pure divine power.

While converting Divine Origin Liquid to divine power takes time and is relatively slow, plus it's non-attribute.

But it's better than nothing.

Xu Nian, wielding the God King Sword, directly activated the Wind Attribute Ninth-Level Great Tao Truth.

In an instant, he slashed nine times.

Six were blocked by the giant serpent, while the remaining three directly struck it, slicing its skin open.

Su Chan, holding her spear, confronted it; one spear strike, surprisingly, felled the giant serpent to the ground.

Finally, Xu Nian, using the Wind Attribute Dao Truth, drove the God King Sword like a flying sword, piercing through the giant serpent's soul origin, killing it on the spot.

After slicing the corpse open, Xu Nian retrieved that God Rank.

With this God Rank, Xu Nian now had eight Godhoods in total.

"How about I take this Godhood, and you take the body?" Xu Nian proposed to Su Chan.

"No problem!" Su Chan immediately collected the giant serpent's body.

To her, the body's value seemed greater.

After all, she had reached the God Realm, rendering the Godhood useless to her.

And in the Divine World, Godhoods were anything but scarce.

Xu Nian, however, thought differently; he needed numerous Godhoods to forge the Godhood Sword.

These Godhoods were the best artifact refining materials for him.

"I wonder what treasures this level holds," Xu Nian said with a smile.

Then he looked around.

Su Chan, at that moment, focused ahead, her eyes showing a look of surprise.

Chapter 1925: God Level Corpse Puppets

Xu Nian looked ahead, a hint of surprise appearing on his face.

He hadn't expected the treasure on this level to be this item.

In front of them stood a large tree.

At this moment, the tree bore exactly nine fruits.

These nine fruits were all crystal clear, unmistakably extraordinary.

"What kind of Divine Tree is this?" Dongfang Ping asked in surprise.

"This is a Luo Han Fruit Tree, and the fruits on it are Luo Han Fruits. This tree blooms once every hundred thousand years and bears fruit every million years, only nine fruits each time," Xu Nian replied.

"A million years to bear fruit?" Dongfang Ping expressed his amazement.

"Yes, Luo Han Fruits only form once every million years, and they can only last for a year. It seems we came at just the right time," Su Chan said, also surprised.

"What is the use of these fruits?" Dongfang Ping continued to ask.

"Consuming these fruits can aid in comprehending the Heavenly Dao, increasing the likelihood by at least thirty percent, which is why in the Divine World, they are extremely sought-after," Su Chan explained.

Dongfang Ping was immediately taken aback.

Aiding in understanding the Heavenly Dao?

Wouldn't this make them incredibly precious to God-level experts?

"There are nine fruits here in total; how about three for each of us?" Xu Nian suggested.

"I have no objections," Su Chan agreed.

"No need, I hardly contributed; one is enough for me. You two can split the remaining eight," Dongfang Ping said.

"Alright, then four for each of us," Xu Nian nodded.

With that, Xu Nian and the others divided up the Luo Han Fruits.

Xu Nian stored them in jade boxes, intending to consume them once he advanced to Divine-level to then break through to the Heavenly Dao True Intent stage.

"Can this tree be relocated?" Dongfang Ping inquired.

Since this was a Divine Tree, it should be priceless.

"This tree cannot be transplanted; once uprooted, it will quickly wilt. Let's leave it here," Xu Nian replied.

To be honest, he had considered relocating this tree many times before, using the Chaos Divine Palace.

But he knew the tree couldn't be transplanted, so he decided to let it be.

Su Chan nodded in agreement. "Let's proceed to the next level."

"I'll sit this one out; the second level was dangerous enough for me, and I doubt my capabilities on the third level. You two should go," Dongfang Ping said.

"Very well, you should head out," Xu Nian agreed.

Indeed, the upcoming challenges were not suitable for him.

Then Xu Nian bid farewell to Dongfang Ping and proceeded with Su Chan to the third underground level.

Meanwhile, Dongfang Ping sighed and chose to leave.

To be honest, meeting Xu Nian this time had dealt him quite a blow.

After all, Xu Nian's displayed strength was far beyond his reach.

He decided to find a place to retreat and cultivate, then traverse the Divine World and proceed directly into it.

Xu Nian was unaware of Dongfang Ping's thoughts, having already arrived at the third underground level with Su Chan.

There, two figures stood.

They were not living humans but corpses entirely covered with Divine Patterns, yet emitting an incredibly powerful aura.

"Are these God-level corpse puppets?" Su Chan asked, visibly surprised at the sight.

"Corpse puppets?" Xu Nian echoed in surprise.

A corpse puppet is a puppet refined from a corpse.

These puppets lack self-awareness, possessing only the instinct to fight.

Their strength is formidable, and refining them is incredibly cruel, requiring live humans to be refined alive.

The corpse puppets before them clearly had been God-level experts in life.

"It's not as simple as that; these corpse puppets have reached the peak of Early Stage God-level, almost nearing Mid-level God, which makes them difficult to deal with. Moreover, they're undying, with bodies that can instantly regenerate," Su Chan noted, frowning.

"How can we kill them?" Xu Nian asked.

"I don't know. It's known that corpse puppets are troublesome and extremely evil, and completely destroying them is not easy," Su Chan admitted.

Xu Nian frowned.

These corpse puppets were unexpectedly tricky.

"Let's try to find out," Xu Nian suggested.

"There's no other choice. You take one; I'll take the other," Su Chan agreed.

Immediately, she gripped her long spear and charged at one of the corpse puppets.

Xu Nian didn't hesitate, darting forward with a punch.

The Ninth Level Earth Attribute Dao Truth instantly formed a terrifying crush, pressing towards the other corpse puppet.

The corpse puppet suddenly opened its eyes.

It threw a punch as well.

"Boom!"

A thunderous explosion sounded.

Terrifying power erupted instantaneously.

Xu Nian was forced back, retreating several dozen steps.

Yet the corpse puppet's body remained unwavering.

"Such strength, pure power, not inferior to a God-level expert with Ninth Level Realms of Taoist Truth," Xu Nian mused to himself.

He immediately assessed the corpse puppets' capabilities clearly.

Xu Nian's own strength was close to this level.

Therefore, defeating the corpse puppet was indeed challenging.

Most critical is the corpse puppet's undying body.

"Hum!"

Xu Nian drew the God King Sword.

"Slash!"

Xu Nian swung the blade, letting sword qi surge forward.

The corpse puppet didn't evade, conjuring a battle saber, slashing down and forcibly shattering Xu Nian's sword radiance.

"Hum!"

At that moment, the corpse puppet flashed, appearing directly in front of Xu Nian.

It wielded a divine blade with an incredibly fearsome sword light, slashing down fiercely at Xu Nian.

"So fast!"

Xu Nian was startled and immediately pushed the God King Sword to its limits.

Then, he thrust the sword forward.

Sword qi flew, creating a powerful impact.

Divine Power surged mightily.

"Boom!"

Yet Xu Nian's sword collided with the sword light, reaching a stalemate.

Both retreated, still without a clear winner.

Xu Nian glanced towards Su Chan.

Apparently, Su Chan's situation was similar, basically equally matched.

The corpse puppets were far from simple.

"Seems we need something substantial to deal with these," Xu Nian thought.

Immediately, the Supreme Dragon Robe appeared on him.

His aura instantly climbed several levels.

Then Xu Nian wielded his sword again, slicing out dozens of strikes at once.

These strikes overwhelmed the corpse puppet, with three even slicing its body open, nearly severing it in half.

Yet the corpse puppet's flesh instantly healed, leaving it unscathed.

This made Xu Nian furrow his brows deeply.

Clearly, they must identify the corpse puppet's weakness.

Chapter 1926: Supreme Spiritual Treasure

"Boom! Boom! Boom!"

Another three terrifying collisions occurred as Xu Nian's God King Sword struck the corpse puppet three times in succession.

This caused significant damage to the corpse puppet, with one sword even severing the puppet's head.

However, in the next moment, the wounds and head of the corpse puppet healed and regenerated instantly.

Xu Nian's attacks had no effect at all.

The corpse puppet felt no pain, so it didn't even slow down its movements.

"Does it really not have a single weakness?"

Xu Nian frowned deeply.

Even chopping off its head was useless; this corpse puppet truly had an Undying Body.

Generally, a Divine-level expert would not die even if their head was severed, but usually the godhood exists within the head, making it extremely important and unable to grow back out of thin air.

However, this corpse puppet seemed to lack a godhood.

Xu Nian used his Divine Sense to scan the entire body of the corpse puppet but did not find any weakness similar to a godhood.

"Boom!"

At this moment, the corpse puppet attacked Xu Nian again.

The divine blade in its hand, carrying terrifying sword qi, came slashing down towards Xu Nian.

He quickly blocked.

"Clang!"

Instantly, the God King Sword sent a severe numbing sensation up Xu Nian's arm.

The power of this corpse puppet had definitely reached an alarming level.

"Such strong power." Xu Nian murmured to himself.

He retreated three zhang with the blade.

The strength of this corpse puppet was truly astonishing, evidently stronger than an ordinary Early Stage of God expert.

If Xu Nian hadn't had the Supreme Dragon Robe to support him, he might not have been able to withstand even a single blow.

"Kid, you can't even handle a corpse puppet, seems you're really thick." Daotian's voice echoed in Xu Nian's mind.

"Uh, senior, do you know how to deal with this corpse puppet?" Xu Nian immediately felt a burst of joy.

"Hmph, they're just some low-level corpse puppets, dealing with them is simple. Each of these corpse puppets has a Divine Talisman Seal on their chest, which is their core. Destroy them, and these corpse puppets will naturally collapse." Daotian said.

"Chest? But I've already searched, and there's no sign of any Divine Talisman Seal." Xu Nian replied hastily.

"Hmph, using Divine Sense to search naturally won't find anything, these Divine Talisman Seals block Divine Sense. You need to use Divine Power to feel them." Daotian said.

"Use Divine Power to feel?" Xu Nian frowned.

To use Divine Power to sense, he would need to touch the body of this corpse puppet.

Only then could he embed Divine Power into its body.

Thinking of this, Xu Nian did not hesitate and put away the God King Sword.

Then he attacked the corpse puppet directly.

He executed the Earth Attribute Truth, punching mightily, engaging in battle with the corpse puppet in an instant.

However, the battle between the two was evenly matched, without any real contact with the corpse puppet.

"Clang!"

Xu Nian punched the divine blade of the corpse puppet, forcefully sending the puppet flying with both the person and the blade.

Throughout the process, they exchanged hundreds of blows, and the blade techniques employed by the corpse puppet were extremely fierce, not giving Xu Nian any chance to get close.

"Looks like I have to enter the Dragon Transformation State." Xu Nian took a step forward and instantly entered the Dragon Transformation State.

After awakening the Supreme Dragon Vein, Xu Nian rarely used Dragon Transformation, but that didn't mean Dragon Transformation was no longer useful to him.

At this moment, in Dragon Transformation, Xu Nian's power instantly reached a formidable level.

"Buzz!"

The corpse puppet attacked again.

Xu Nian did not dodge. In lightning speed, he grabbed the divine blade of the corpse puppet.

The divine blade in his hand sparked brilliantly.

Xu Nian seized this opportunity and delivered a powerful punch.

The punch struck the abdomen of the corpse puppet, causing it to fly back as if the sky fell and the earth cracked.

Xu Nian did not give it a chance to react, taking a step forward to catch up with the corpse puppet.

Then he pinned the corpse puppet firmly against a wall.

Divine Power flowed through his arm and spread throughout the corpse puppet's body.

Soon, Xu Nian's eyes lit up.

He found it; the Divine Talisman Seal was on the right chest of the corpse puppet.

Without hesitation, Xu Nian transformed his dragon claw into a sharp hand blade, piercing through the corpse puppet's body, shattering the Divine Talisman Seal completely.

As the Divine Talisman Seal shattered, the entire body of the corpse puppet instantly turned to ash.

With the corpse puppet resolved, Xu Nian breathed a sigh of relief.

Then he turned to look on the other side, where Su Chan was still fiercely engaged in combat with a corpse puppet.

"The corpse puppet's weakness is in the chest, with a Divine Talisman Seal that must be sensed with Divine Power." Xu Nian called out to Su Chan.

Hearing this, Su Chan immediately abandoned her spear and continued the battle.

Ultimately, with a strike of her palm, she shattered the Divine Talisman Seal on the corpse puppet's chest, killing the puppet on the spot.

"How did you know the weakness of this corpse puppet?" Su Chan asked Xu Nian in surprise.

Xu Nian smiled slightly and didn't provide an explanation.

Seeing this, Su Chan didn't ask more questions.

After all, everyone has their own secrets, and she realized that Xu Nian's secrets were indeed numerous.

For example, an Immortal Emperor Perfection expert capable of comprehending Nine Levels of Truth, and seemingly more than just one.

This was something that, even in the Divine World, was quite extraordinary.

"Let's check the rewards on this floor. If I'm not mistaken, the fragment you're looking for should be on this level." Xu Nian said.

Su Chan was shocked.

It seemed Xu Nian already knew her purpose for coming.

"Do you know what fragment I'm looking for?" Su Chan asked.

"I know a little, the fragment of the Supreme Spiritual Treasure Floating Sky Seal?" Xu Nian replied in return.

"You actually know? Yes, the Floating Sky Seal is a treasure of our Demon God Palace, which later shattered into seven pieces and scattered across realms." Su Chan's shock was evident.

She didn't expect Xu Nian to even know this.

Supreme Spiritual Treasure?

In the entire Divine World, there are only a few items, four of which are currently known.

One is missing, one has shattered, and the other two are in the hands of powerful Supremes.

The Floating Sky Seal is the Supreme Spiritual Treasure that shattered.

And the power of a Supreme Spiritual Treasure is said to be unimaginable.

"Don't worry, I won't fight you for it. Even though I am tempted, I won't compete with you." Xu Nian said.

"Fine, as long as you let me have it, all the other treasures will be yours, and I'll help you clear the fourth level." Su Chan replied with firm determination.

"Alright, it's a deal!" Xu Nian immediately agreed with a smile.

Although the value of other treasures is high, they can't compare to a fragment of a Supreme Spiritual Treasure. But for Xu Nian,

Supreme Spiritual Treasures are still too distant, and not having it complete means collecting them won't be easy.

So such a treasure might not be beneficial for him.

"Let's first see what treasures this level holds."

Xu Nian suggested.

So they headed towards the depths of the hall.

At the center of the hall, three treasures were floating.

Among the three treasures, one was a bronze-colored metal fragment.

"It's really here!" Su Chan couldn't help but express her excitement as her eyes sparkled at the sight.

Xu Nian turned his gaze towards the other two treasures, feeling pleased with one of them.

Chapter 1927: The Terrifying Elder

The three treasures radiated dazzling divine light.

Aside from those bronze fragments, the other two treasures were also extremely extraordinary.

One of them in particular delighted Xu Nian to no end.

"It's actually a ten-million-year-old Dragon Breath Grass." Xu Nian grabbed the jade box in his hand.

Inside the jade box lay a single crystal-clear stalk of medicinal herb.

"Dragon Breath Grass? This thing seems to have an extremely powerful healing effect on soul injuries. Don't tell me your soul is wounded?" Su Chan looked at Xu Nian in surprise and said.

"Not mine, someone important to me." Xu Nian replied with a smile.

After speaking, Xu Nian put the item away into the Chaos Divine Palace.

Su Chan nodded in sudden realization and did not say anything more.

Inside Xu Nian's Chaos Divine Palace, the Nine Infant Avatar was at this moment holding the jade box as it came before Emperor Ye Tian.

"Master, this item should be of some use to your soul's recovery, right?" Xu Nian said.

"Dragon Breath Grass? It will indeed help somewhat. After taking it, my soul should be able to recover to the Luo God Realm, but once I consume it, I'm afraid I'll have to slumber for a period of time." Emperor Ye Tian was also stunned when he saw the Dragon Breath Grass.

"Master, just focus on recovering. By the time you wake up, I'll likely already be in the Divine World." Xu Nian said.

"You must be careful of your Divine Tribulation." Emperor Ye Tian said.

"Your disciple understands." Xu Nian answered.

Hearing this, Emperor Ye Tian said no more, put away the Dragon Breath Grass, and then concealed his figure.

Xu Nian also exited the area where Emperor Ye Tian resided.

This region had been specially reserved by Xu Nian for Emperor Ye Tian; without Emperor Ye Tian's permission, he wouldn't even probe it.

Feeling that Emperor Ye Tian had already accepted the Dragon Breath Grass, a smile appeared on Xu Nian's face.

Emperor Ye Tian had helped him so much; he could finally do something for Emperor Ye Tian.

If not for Emperor Ye Tian, Xu Nian simply could not have reached his current level.

At this moment, Xu Nian turned his gaze to the other treasure.

It was a piece of beast hide, and on it seemed to be recorded a mysterious concealment technique.

Once this concealment technique was activated, all aura would vanish and the body would disappear; even a Daluo God Level Expert would be unable to sense his existence.

This was actually quite useful for Xu Nian.

So Xu Nian unceremoniously put the beast hide away and tossed it to the Nine Infant Avatar for him to study.

"I've already obtained what I wanted. Are you still going to the fourth layer? I'll go with you; this is my promise." Su Chan said.

"I'm going to the fourth layer. There's something there that I want." Xu Nian said.

That Death Godhood was in the fourth layer; the purpose of his coming here was precisely for this God Level Death Godhood.

So the fourth layer was something he had to reach no matter what.

"Alright, then let's go down." Su Chan said.

Xu Nian did not refuse; one more person meant one more share of strength.

Moreover, the fourth layer would be the most dangerous; he wasn't sure he could make it through.

"Buzz!"

Very soon, the two of them arrived at the fourth layer.

However, the scene in the fourth layer left them both startled.

Because in the fourth layer, a person was sitting cross-legged at this very moment.

This person was actually still alive, and the aura emanating from him made both Xu Nian and Su Chan feel a chill run down their spines.

"Someone has finally come." The person opened his eyes, looked at Xu Nian and Su Chan, and smiled.

It was an old man, with a kindly-looking smile on his face.

But that smile, in the eyes of Xu Nian and Su Chan, was nothing but terrifying.

"Senior, you are..." Xu Nian stepped forward and asked.

He could be sure that this expert before him was a God Level Expert. Although his God Power was also suppressed, the aura on his body was still extremely terrifying. If he hadn't guessed wrong, his comprehension of the Heavenly Dao should be extremely high.

"Haha, I am a servant left here by my master to guard his tomb. My master left me here precisely to protect his tomb. Any intruder will be left alive not a single one—of course, if you can kill me, then my master's final legacy will belong to you." The old man said with a smile.

Xu Nian and Su Chan were both stunned.

The tomb owner's servant?

Then how long had this person been living here?

At least tens of millions of years, right?

How had he endured such a long time?

"Are you ready?" The old man said with a smile.

"Senior, please make your move." Xu Nian said, eyes firm.

Since only by killing this person could he obtain the inheritance, this battle was absolutely unavoidable.

The old man smiled faintly upon hearing this.

The next instant, his figure strangely appeared in front of Xu Nian.

"What?"

Xu Nian was suddenly shocked.

How could this old man's speed be so fast?

"Bang!"

Before Xu Nian could react, the old man's palm had already slammed onto his chest.

In that instant, Xu Nian felt as if his entire body was about to explode.

One had to know that Xu Nian's true body's physical strength had already reached the level of a Mid-grade Heavenly Divine Artifact.

Yet under a single palm from this old man, there were actually signs of him being torn apart. It was clear just how terrifying the power of this strike was.

"Pfft!"

Blood spurted wildly from Xu Nian's mouth as his body was sent flying, crashing into the wall.

"So strong, Fourth-level Heavenly Dao?" Xu Nian immediately made a judgment in his heart.

The old man before him controlled the Wind Attribute Heavenly Dao Truth, and it had already reached the Fourth-level Heavenly Dao.

With such terrifying strength, killing him was as easy as flipping a hand.

"Fourth-level Heavenly Dao?" Su Chan was also greatly shocked, and the long spear in her hand instantly shot forth.

God Power fused with Ninth Level Gold Attribute Dao Truth; with one thrust, the spear radiance condensed to the extreme.

"Buzz!"

However, the old man merely stretched out a hand, and Su Chan's attack was directly blocked.

That terrifying spear radiance couldn't advance even an inch.

"Middle Stage of God? Not bad, but it's a pity you haven't broken through to the Heavenly Dao." The old man smiled faintly.

His palm suddenly erupted with Heavenly Dao Power.

The long spear in Su Chan's hand instantly shattered, and the broken spear shaft, like sharp swords, directly pierced through various parts of Su Chan's body, nailing her to the wall.

With a full seven wounds, Su Chan was heavily injured in an instant.

Her gaze toward the old man became incomparably sharp.

"Wind Extreme, Extreme Wind Blade!"

Xu Nian held the God King Sword and slashed out once more.

This slash fused Divine Power with Nine Levels of Wind Attribute Dao Truth; azure sword radiance swept out in an instant, cleaving toward the old man.

"Wind Extreme, Great Tao Truth Ninth Level? Kid, not bad. Unfortunately, before the Heavenly Dao, your power is still far too weak." The old man chuckled softly.

He surged Heavenly Dao Power in his hand, directly forming a Wind Shield.

"Boom!"

Xu Nian's attack crashed into the Wind Shield and was actually blocked outright.

Xu Nian's expression changed instantly.

Was Fourth-level Heavenly Dao really this strong?

Without the aid of Divine Power and God Power, he could still easily block that strike of his?

If this old man's cultivation wasn't sealed, wouldn't he be even more terrifying?

"Looks like this battle is going to be a tough one." Xu Nian muttered to himself.

For a moment, his heart grew incomparably heavy.

Chapter 1928: Slaying the Elder

"Kid, if this is all you have, I'm afraid you'll stop here." The old man chuckled.

The pressure of the Fourth-level Heavenly Dao is extremely terrifying, emanating a dreadful power with a flick of the hand.

Heavenly Dao Power!

Much higher than the Great Tao Power.

Xu Nian's eyes were sharp, his God King Sword gripped tightly.

Faced with the old man, he felt an unprecedented immense pressure.

It was as if standing before him was not an old man, but an insurmountable mountain.

Fourth-level Heavenly Dao!

Truly terrifying!

But wanting him to surrender just like that, absolutely impossible.

"I haven't exerted myself fully in a long time, now it's the right time to see how much gap there is between me and this Fourth-level Heavenly Dao," Xu Nian suddenly muttered.

With that, his form flickered, surprisingly splitting into three.

The Nine Infant Avatar and Divine Demon Avatar appeared beside Xu Nian's true self.

"Huh? Avatars? Two of them?" The old man showed a look of astonishment.

Su Chan also appeared surprised.

However, the next scene shocked both of them even more.

Xu Nian's two avatars merged directly into his true self, and for a moment, Xu Nian's aura skyrocketed.

Though outwardly still the Immortal Emperor Perfection, the entire momentum had climbed more than a tier.

In terms of physical strength, Xu Nian's physical strength at this moment was terrifyingly equivalent to a Top-Grade Divine Artifact, and the power reached an unprecedented level.

At this moment, Xu Nian felt his entire body filled with endless power.

Ever since reaching a certain realm, he hadn't fused with his avatars.

Now reuniting, the power absolutely soared a level.

"Didn't expect you kid to have three avatars, one Divine Demon Body, one Divine Beast Nine Infants, and as for the true self seems to possess the Supreme Dragon Vein, no wonder you have the strength comparable to a God in the Immortal Emperor Realm." The old man said looking at Xu Nian.

This young man in front of him is simply a monster.

"Senior, please guide me again," Xu Nian smiled, his eyes filled with fighting intent.

"Very well, then let me see what difference there is with your avatar fusion," the old man sneered.

Fourth-level Heavenly Dao Truth exploded, pulling out a huge wind blade from the void.

The sharpness of this wind blade had reached an extremely terrifying degree.

Probably even a Low Grade Divine Artifact could be easily cut in half.

Xu Nian's gaze sharpened, then stepped forward swiftly and charged like thunder.

The whole person reached an extremely terrifying speed.

Facing this wind blade, Xu Nian did not dodge, and threw a punch.

"Bang!"

The wind blade shattered instantly.

Furthermore, under Xu Nian's punch, the old man was instantly sent flying backward.

"Puff!"

As the old man flew backward, blood spewed violently from his mouth.

His entire abdomen had completely burst open, a bloody mess.

"Such a fierce and domineering punch."

The old man was shocked in his heart, mobilizing the Immortal Essence Power within to repair his body.

God Power was sealed, he could only use Immortal Essence.

But his body was indeed the Middle Stage of God Realm.

Xu Nian being able to blow him up with one punch, shows how strong the power really is.

"Again!"

Xu Nian stepped forward once more, Earth Attribute Tao Truth exploded, and threw another punch.

This punch was his own creation, using the Earth Attribute Tao Truth to the extreme.

The old man's expression changed, hastily mobilized Heavenly Dao Power to form a wind shield.

However, Xu Nian's power was far greater than he imagined.

A punch landed on the wind shield, instantly piercing the wind shield, then smashed his chest, the old man's body instantly exploded into a cloud of blood mist.

"So strong!"

Su Chan was completely shocked seeing this scene.

Didn't expect Xu Nian's fusion of avatars to be so unrivaled.

Xu Nian did not stop there, the old man had not died yet, his Soul Power had not dissipated.

At this moment it was reassembling.

Xu Nian wouldn't give him the chance to reassemble, Fire Attribute Tao Truth exploded.

A huge fire dragon emerged out of thin air, swallowed the old man's soul origin avatar completely.

"Ah!"

With a miserable cry.

The old man's soul origin completely turned to dust, and a God Level Divine Position fell down.

Xu Nian seeing this scene, felt relieved.

The Nine Infant Avatar and Divine Demon Avatar also instantly separated from the true self.

Although the battle just now was brief, Xu Nian completely fused the physical power of the Divine Demon Avatar and Nine Infant Avatar into the true self.

Thus allowing the true self's power to reach an immensely terrible realm.

This led to the earlier burst.

Of course, such an eruption couldn't last long.

Xu Nian reabsorbed the two avatars into the Chaos Divine Palace, the aura of his true self somewhat weakening.

The battle just now consumed a lot of him.

"You actually killed a master of the Fourth-level Heavenly Dao." Su Chan approached, her injuries mostly healed.

"It was also because his God Power was suppressed, otherwise killing him wouldn't be easy, his cultivation was suppressed, so the body was a weakness," Xu Nian said.

A God without God Power enhancement, the body naturally appears vulnerable in front of Xu Nian.

So from the beginning, Xu Nian intended to blow up the old man's body.

"Even so, your strength is already very terrifying, in the early God level of the Divine World, it can be considered a full entry." Su Chan said.

Xu Nian smiled, Early Level of God entry?

Apparently, the Divine World powerhouses are far more numerous than he thought.

But at the moment Xu Nian didn't think too much about it, and instead walked towards the depths of the hall.

Sure enough, upon reaching the deepest part, he saw two treasures embedded on the wall.

One was the Death Godhood he was seeking.

And the other, a shield.

"Is this a Low Grade God King level shield?" Su Chan was astonished.

Xu Nian also was slightly surprised.

Didn't expect in the end to gain a God King level Divine Shield.

This greatly increased his chances for crossing Heavenly Tribulation.

Xu Nian immediately walked forward, storing the Godhood and shield in the Chaos Divine Palace.

The shield was handed over to the avatar for refining, while the Divine Demon Avatar took the Godhood to Murong Xue.

"Husband?" Murong Xue was a bit surprised.

She had just been training but was forcibly called out by Xu Nian.

"This is the Death Godhood, you should refine it first, that way the curse on you may be removed," Xu Nian said.

"Death Godhood?" Murong Xue was slightly surprised.

Didn't expect Xu Nian really found the Death Godhood.

"Thanks, my husband, I will refine it now." Murong Xue took the Godhood and began refining.

Seeing Murong Xue refining, Xu Nian felt slightly relieved.

Once Murong Xue refines the Godhood to ten percent, the curse on her would naturally disappear.

Then, the accelerated time of the Chaos Divine Palace can be used for Murong Xue.

"Since I've obtained what I need, let's leave," Xu Nian said.

"Alright, I should return to the Divine World, Xu Nian, I'll wait for you there," Su Chan said.

When she finished, a Divine Light enveloped Su Chan.

Then Su Chan vanished from the scene.

Xu Nian observing this scene, momentarily paused, then smiled wryly.

Didn't expect Su Chan to say she'd return and immediately vanish to the Divine World.

Chapter 1929: Chaos Divine Tribulation

Two months passed by in a flash.

Xu Nian had already returned to the Heavenly Court.

The current Heavenly Court had become the undisputed first force in the Immortal Realm, surpassing the Nine Great Forces.

Not because of anything else, but because there were too many Immortal Emperor-level experts in the Heavenly Court.

First, Xu Nian brought back more than a dozen Demon Emperor-level experts. In addition, Zhao Yanyun, Han Xiaoxiao, Xuanyuan Qingling, Luo Blood, Luo Bing, and Wentian Demon Sovereign had all reached the Immortal Emperor Realm.

Such a vast lineup is absolutely unmatched by any other force.

"My lord, Sister Yanran has ascended to the Divine World. She's afraid the Netherworld Lord will trouble you, so she ascended in advance. This way, you'll be much safer in the Netherworld."

Inside a grand palace atop Heavenly Court Mountain, the supremely seductive Zhao Yanyun lay flushed on Xu Nian's body.

After a long separation, they were oblivious to everything else, like parched ground meeting sweet rain.

Even Zhao Yanyun, who was already at Immortal Emperor Perfection, found it a little overwhelming.

"That silly girl, does she think that ascending to the Divine World will make the Netherworld Lord leave me alone?" Xu Nian smiled wryly.

He had vaguely guessed cold Yanran's thoughts.

"Sister Yanran said that even if there's only the slightest chance, she would take it. Actually, I understand Sister Yanran too. If it were me, I'd do the same," Zhao Yanyun remarked, her lovely face touched with sentiment.

The women loved Xu Nian deeply—none less than the others.

Xu Nian lovingly stroked Zhao Yanyun's head.

He truly felt blessed beyond measure to receive the love of such beauties.

No matter what, he would strive to become stronger; only then could he protect them.

"Don't worry, my Heavenly Tribulation will descend in another month. By then, I'll go to the Divine World to find her. Your Godhood has nearly been fully refined, hasn't it?" Xu Nian asked.

"That's right. My Godhood is almost completely refined. If not for waiting for my lord, I would have broken through already. When my lord ascends to the Divine World, I'll go with you," Zhao Yanyun replied.

"Hmm, Luo Blood and Han Xiaoxiao's Godhoods have only reached eighty percent, and there's still some time before they break through. As for Xuanyuan Qingling and Luo Bing choosing to become independent gods, the road they must walk is even longer. Mu Yan and Murong Xue have both just integrated their Godhoods, and there's still a long time before they merge completely. It seems that this time, only you and I can ascend together," Xu Nian nodded and said.

Upon returning, he had already seen all the girls.

He had to admit, their progress was significant.

Luo Blood and Han Xiaoxiao were already at the Peak of the Immortal Emperor Realm, their Godhood integration reaching eighty percent.

With the help of the cultivation resources he left behind, Xuanyuan Qingling and Luo Bing had also broken through to the Mid-stage Immortal Emperor.

Mu Yan had also broken through to the Immortal Sovereign Realm, and Xu Nian gave her a Wood Attribute Godhood just in time.

In this way, all the women had hope of ascending to the Divine World.

During this time, Murong Xue had also refined one-tenth of her Godhood, and now the Death Curse had completely disappeared.

It can be said that Xu Nian's mind was now entirely freed and he could prepare with all his heart for the Divine Tribulation.

...

A month later, in a desolate mountain range a hundred miles away from the Heavenly Court.

Xu Nian sat cross-legged in mid-air, surrounded by gusts of fierce wind.

Yet, Xu Nian remained utterly motionless, like a deity.

Above his head, terrifying Thunder Dragons were churning.

Thunderclouds gathered, with divine power prevailing.

The area covered by the thunderclouds had reached tens of millions of kilometers in diameter, and they continued to gather, causing the entire Immortal Realm to feel the terrifying divine commotion.

"Who is about to cross tribulation? This terrifying pressure can shake the entire Immortal Realm."

The Nine Great Forces' Immortal Emperor-level experts all suddenly opened their eyes, eyes shocked, looking toward the Heavenly Court.

All of them flew out from their abodes, instantly teleporting towards Xu Nian's direction.

At the Turquoise Pool, Shangguan Yao, who had originally refined nine-tenths of her Godhood, was about to complete the refinement when she suddenly opened her eyes, alarmed as she gazed east.

"Such a majestic Divine World, it is probably him," Shangguan Yao suddenly realized something, and her face changed dramatically.

Then she directly disappeared from her place.

Everyone in the Heavenly Court now stood on a giant mountain three hundred miles away from Xu Nian.

More than a dozen Demon Emperor-level experts and eight women were gathered here.

Murong Xue, Zhao Yanyun, Han Xiaoxiao, Luo Blood, Luo Bing, Xuanyuan Qingling, Mu Yan, and the newly awakened Lan Xi, eight beauties like a breathtaking scene stood on a mountain peak.

At this moment, all eight were tense and worried.

"How can this Divine Realm be so terrifying? The Nine Levels Divine Tribulation that Taichu Immortal Emperor crossed back then barely covered more than ten million kilometers. My lord's Divine Tribulation at least covers ninety million kilometers, and it's still increasing," Han Xiaoxiao said in shock, her exquisite face even more beautiful.

Besides Lan Xi, the other women were all clenching their fists, eyes trembling.

This Divine Tribulation?

Can her lord truly withstand it?

"The master's Divine Tribulation is probably the most unprecedented Divine Tribulation. The Nine Levels Divine Tribulation is said to be the extreme, but there's still a difference amongst the Nine Levels. If I'm

not mistaken, the master's Divine Tribulation should be the most terrifying Ninth Level Chaos Divine Tribulation," Lan Xi remarked, her face similarly solemn.

She had only awakened ten days earlier, reaching Immortal Emperor Perfection.

But it would take at least another hundred years for her to break through to Divine-level.

Yet unexpectedly, her master, Xu Nian, broke through so quickly and attracted such a terrifying Divine Tribulation.

"Ninth Level Chaos Divine Tribulation?" The other seven women gasped collectively.

Just hearing the name of the Divine Tribulation sounds extremely terrifying.

At the same time, Emperor Ye Tian's voice echoed in Xu Nian's mind.

"Kid, you must go all out for this Divine Tribulation, otherwise you will truly die. The Ninth Level Chaos Divine Tribulation is so terrifying that it hasn't appeared in the Divine World for a very, very long time. In the entire history of the Divine World, it has only appeared three times, and the only one who crossed this tribulation is now a Supreme," Emperor Ye Tian said.

"Supreme?" Xu Nian was shocked.

He hadn't expected that those who crossed this tribulation would become Supreme.

It's conceivable how terrifying this Divine Tribulation is.

"Alright, once the tribulation starts, I'll not be able to speak again, or I'll be locked in by destiny," Emperor Ye Tian said.

Xu Nian nodded: "Master, rest assured, I will undoubtedly give it my all."

Emperor Ye Tian didn't speak on.

Xu Nian looked at the Divine Tribulation Cloud above him.

It seemed there were thousands of terrifying gigantic Thunder Dragons churning within the Divine Tribulation Cloud, and the terrifying pressure holding on him was also tremendously scary.

If an Immortal King-level expert were to face this, they would definitely be instantly crushed into mince.

"Chaos Divine Tribulation?"

Xu Nian murmured to himself, the Dan Sea Species Green Lotus within him operating, causing him to instantly enter a peak state.

As time passed, the Divine Tribulation finally finished charging.

"Is it about to begin?"

All Immortal Emperor-level experts gathered here looked at Xu Nian sitting in the Void, their faces aghast.

The seven women were at their tensest.

"Come now, let me witness just how terrifying this strongest Divine Tribulation in history truly is." Xu Nian suddenly stood up, gazing at the sky, eyes filled with endless battle intent.

Chapter 1930: God King-level Shield

Thunderclouds quickly gathered, covering the sky and blotting out the sun.

Almost the entire Human Immortal Realm's sky was obscured.

Such terrifying tribulation clouds are truly rarely seen.

The entire Immortal Realm's strong practitioners were shocked, momentarily even thinking the world was collapsing.

If it weren't for the terrifying Divine Power fluctuations, they would have truly thought the Immortal Realm was done for.

Now knowing it's a Divine Tribulation, their hearts are even more astounded.

What kind of character can trigger such a terrifying Divine Tribulation?

At this moment, the Immortal Emperor powerhouses gathered within a hundred-mile radius around Xu Nian were also trembling with fear.

They were truly afraid Xu Nian would cross the Divine Tribulation, dragging the entire Immortal Realm to the grave with him.

"So terrifying, just how monstrous is this Xu Nian to trigger such a terrifying Divine Tribulation?" an Immortal Emperor expert exclaimed in shock.

"Indeed, in the face of Xu Nian's Divine Tribulation, the Taichu Immortal Emperor's tribulation seems like child's play," someone immediately followed with a sigh.

Among them are peerless figures like the Ksitigarbha Immortal Emperor and Chi Yao Immortal Emperor.

Too frightening.

Shangguan Yao stood among this group, her exquisite and beautiful face full of shock.

Initially, she too feared the Divine Tribulation, which is why she chose the path of Refining Divine Status.

Now seeing Xu Nian actually trigger such a tribulation, her heart is filled with mixed emotions.

"Xu Nian, can you really cross such a Divine Tribulation?" Shangguan Yao murmured to herself.

If it weren't for Xu Nian giving her the Godhood, she probably wouldn't have had such luck.

So in her heart, she was still grateful to Xu Nian.

At this moment, Xu Nian did not know how big of a commotion he had caused.

He concentrated intently on the sky.

Thunderclouds gathered, and Divine Power flowed.

His first Divine Tribulation was about to descend.

"Boom!"

Finally, under the gaze of the masses, the first Divine Thunder was unleashed.

This was a blue Divine Thunder as thick as an arm, its power extremely terrifying and fearsome.

It could easily kill an Immortal Emperor Perfection Level expert in an instant.

"Such terrifying Divine Thunder, its power is probably comparable to the fifth Divine Tribulation of a typical Sixth Level Divine Tribulation," an Immortal Emperor expert exclaimed in shock.

And this was just the first Divine Thunder.

The eight women on a distant cliff also had their expressions change, eyes filled with immense concern.

Although they anticipated the power of Xu Nian's Divine Tribulation to be frightening, they did not expect it to be so terrifying.

However, Xu Nian looked at the Divine Thunder with immense calm in his eyes.

"Boom!"

Without any defense, he allowed this Divine Thunder to strike him.

Has he gone mad?

The Immortal Emperor experts were all incredibly shocked.

The seven women were even clenching their fists tight, eyes filled with tension.

"Boom!"

However, when the thunder struck Xu Nian, his form stood firm like incomparably hard Divine Iron, receiving no damage at all despite being enveloped by countless thunder serpents.

"His physical body?"

The surrounding Immortal Emperor experts were all utterly astounded.

All gasped in shock.

Withstanding such a terrifying Divine Thunder with one's physical body?

Is he still human?

Even the Demon Emperor experts brought back by Xu Nian were utterly shocked.

This terrifying Divine Thunder could severely wound them if they so much as brushed against it, yet their master withstood it with his physical body?

Too powerful!

Absolutely peerless physical body.

Xu Nian felt the thunder strike, his heart also feeling refreshed.

"What a pleasurable sensation, this thunder's power is perfect for my Body Refining. Under this thunder's attack, my physical body has been enhanced to Top-Grade Heavenly Divine Artifact level," Xu Nian rejoiced in his heart.

This thunder refining, the force was just at his limit.

Perfectly allowing his physical body to break through.

"But the second thunder cannot be handled just like this," Xu Nian thought to himself.

At this moment, the thunder had gathered once again.

The thunder's accumulation time seemed very short, meaning he only had a moment to catch his breath.

"Buzz!"

At this moment, the second Divine Thunder fell.

"Boom!"

This was a purple and blue Divine Thunder, one purple and one blue transforming directly into two Thunder Dragons charging toward Xu Nian.

"Hiss!"

Everyone gasped in shock.

Because the power of this Divine Thunder was more than four times that of the first.

If it were them, there were definitely not many present who could withstand this terrifying Divine Thunder.

The seven women were equally tense.

"There's no need to worry too much about the initial ones, husband's strength is such that at least the first four cannot truly threaten him," Luo Blood said.

The women nodded, all letting out a sigh of relief upon hearing this, but still feeling somewhat tense.

Mu Yan's slender fingers rested on her soft, snow-white chest, displaying a look of immense astonishment.

Is this her man?

The strongest in the Immortal Realm?

In this moment, she was immensely grateful for her past choice.

Compared to the other women, her talent and relationship with Xu Nian were the shallowest.

The other six had their own stories with Xu Nian.

But she only had that one night, so she always feared Xu Nian would abandon her, making her feel deeply inferior.

Now she suddenly felt that compared to her, the other six women weren't much better off.

Because Xu Nian was simply too dazzling.

"Buzz!"

Facing this second Divine Thunder, Xu Nian gave a cold smile and raised a hand.

A round shield appeared in his hand.

The shield was imbued with intense Divine Radiance.

"Shatter for me!"

Xu Nian held the shield, leaping up and fiercely smashing it against the two giant dragons.

"Boom!"

The two Thunder Dragons immediately exploded.

The light of the purple and blue Divine Thunder swept across the sky, instantly illuminating the entire Immortal Realm.

And Xu Nian, holding the shield and bathed in the thunder light, looked like an unparalleled god.

"So strong! He actually shattered such terrifying Divine Thunder directly. If I were facing this strike, I would likely be blasted to smithereens," the Ksitigarbha Immortal Emperor couldn't help but exclaim.

Other Immortal Emperor Perfection experts' eyes were also extremely solemn.

Xu Nian is too strong, already beyond the scope of an Immortal Emperor.

"This shield must also be a Treasure," an Immortal Emperor expert with excellent eyesight noted.

Even ordinary Divine Artifacts would shatter under the attack of such terrifying Divine Thunder.

A shield capable of withstanding such an attack is definitely not something as simple as an ordinary Divine Artifact.

Xu Nian, holding the shield, also displayed a smile.

"Worthy of a God King-level weapon, capable of weakening nearly eighty percent of the reverb force," Xu Nian said.

Even if the shield could withstand such a terrifying strike, the reverberating force from the thunder could still kill a person.

But just now, the reverberating force transmitted back from Xu Nian's shield was only twenty percent.

This is likely the shield's true terrifying aspect.

"With this shield, crossing the third and fourth should not be a problem," Xu Nian thought to himself.

Sure enough, the third Divine Thunder arrived subsequently.

Xu Nian used the same method, smashing the lightning with the shield, shattering it into pieces.

The fourth Divine Thunder was the same.

However, the force from the fourth Divine Thunder's reverb caused Xu Nian's arm to go numb with pain, nearly blasting his entire arm into bloody mist.
