

Divine King 39

Chapter 39 Jade Dragon Marrow

Xu Nian still chose to heed the words of Emperor Ye Tian and stealthily approached the woman's dress.

Still, as Xu Nian actually went about doing so, he remained uneasy inside.

He truly feared being caught halfway while stealing the clothes and then being pursued by the naked woman.

Tsk tsk, the thought of that scene was unimaginable.

Xu Nian tiptoed toward the large rock, but he painfully discovered that there was no cover near the large rock, which meant he had to take the clothes in a flash while the woman was not paying attention.

But the woman was from the Silver Moon Battle Sect—was that even possible?

"Divine Emperor, do I really have to do this sleazy task?" Xu Nian asked again for confirmation.

"If you don't want to, that's fine. However, I must remind you, this is a great opportunity to rapidly increase your Cultivation; if you give up, and Ouyang Chengfeng kills you later, then your mother..." Emperor Ye Tian said.

"Fine, I'll do it!" Xu Nian gritted his teeth.

To save his mother, he was willing to do a sleazy thing like this, even sacrificing his own life if needed.

The sooner he increased his Cultivation, the less his mother would suffer.

Having made up his mind, Xu Nian hesitated no longer; as he saw the stunning girl turning her head while bathing in the pond, he rushed out like a swift gust of wind.

Xu Nian's movements were quick and silent, and he reached the large rock in one breath.

However, just as Xu Nian was about to touch the woman's dress, the bathing beauty's gaze suddenly sharpened, and she turned her head to fiercely call out, "Who?"

At the same moment as she spoke, that slender jade hand slapped the water surface, causing water to splash; the woman then immediately pulled out a long whip made entirely of condensed water from the water.

The long whip flew up and instantly curled around Xu Nian's neck.

A pull!

Xu Nian plunged into the water.

It was over!

The moment Xu Nian fell into the water, an army of Divine Beasts charged through his mind.

With a cold huff, the woman slapped the water and was about to exit the water surface;

However, just as she was about to fly to the large rock on the shore to dress, a hand suddenly shot out from the water, grabbed her fair ankle, and dragged her back into the water.

"Ah..."

The woman let out a miserable scream and was submerged by the water.

Indeed, the person who suddenly struck was Xu Nian.

He knew he definitely couldn't let this woman get dressed; once she managed to put on her clothes, he would be doomed.

Underwater, Xu Nian and the stunning girl were tightly entangled together.

The sunlight was bright, and the pond water was clear.

What should be seen, what shouldn't be seen; what should be touched, what shouldn't be touched.

In that moment, Xu Nian did it all; he even tore apart the woman's thin layer of clothing.

Of course, Xu Nian's fate was very grim; he was almost thrown out of the water.

But coincidentally, he landed right on a large rock.

Xu Nian's eyes lit up as he clutched his painfully aching chest, grabbed his dress, and took off running.

The woman did not emerge from the water again, obviously knowing that chasing after Xu Nian now would only result in her body being exposed once more.

Xu Nian ran for ten miles before he finally stopped, coughing up a mouthful of fresh blood, leaning on a large tree, and taking deep breaths, his gaze vacant.

That scene was the most thrilling experience he had gone through in his entire life.

Sensual, tense, thrilling, and of course, there was a sense of guilt and remorse.

Xu Nian subconsciously raised his sinful right hand and looked at it, his lips curling into a bitter and sleazy smile.

"Do you feel comfortable?" Emperor Ye Tian's voice resounded.

"Comfortable!" Xu Nian replied instinctively, his smile growing sleazier.

But just after answering, Xu Nian realized something was off and quickly covered his chest, coughing, "Cough, cough, uncomfortable, my chest was struck by three palms, it hurts terribly."

"You're quite clever, lad. If you hadn't done that just now, you might have truly been finished. But even now, you're hardly better off. Once that woman dresses herself, she will undoubtedly kill you. That young girl's identity is obviously not simple; she probably holds a high status in An Yuan County. If you encounter her again, you might be in a lot of trouble," Emperor Ye Tian said in a calm voice.

Xu Nian felt speechless; was it not Emperor Ye Tian who had instigated him to end up in this situation?

"Senior Divine Empress, why exactly did you make me steal that woman's dress?" Xu Nian asked.

"Just look at the bag attached to that dress," the Divine Empress's voice answered.

Xu Nian paused, then noticed a small, exquisite purple bag tied to the woman's dress.

The Qiankun Bag!

Xu Nian was shocked, not expecting a Qiankun Bag to be attached to the woman's dress.

Like the storage ring, Qiankun Bags are used for storing items and have unimaginably vast spaces inside.

Generally speaking, storage rings are much more valuable than Qiankun Bags. The Xu Family Elders might have Qiankun Bags, but only the patriarch has a storage ring.

However, the storage bag before him was clearly different, seeming to be meticulously crafted, unlike ordinary storage bags.

"Kid, this is no ordinary storage bag. This is called the Hundred Treasure Bag, which not only has much larger space than ordinary ones but can also store living creatures and preserve medicinal herbs," Emperor Ye Tian's voice explained.

Xu Nian showed a look of surprise. Able to store living creatures? Probably even storage rings couldn't do that, no wonder this woman of such status carried this Qiankun Bag instead of a storage ring.

In fact, Xu Nian didn't know that the woman not only carried this Hundred Treasure Bag but also had a concealed storage ring on her hand; he just hadn't seen it.

Watching the Hundred Treasure Bag, Xu Nian felt both shocked and delighted, but soon became frustrated. If only he had known Emperor Ye Tian wanted the bag, he would have stolen just the bag instead of the woman's clothes.

"Never mind, when we meet next time, I'll find a chance to compensate her. Let's see what's inside first," Xu Nian muttered to himself.

Having stolen her belongings and seen her undressed, this sleazy and despicable behavior was indeed inappropriate. But since he had done it, he would just have to compensate next time.

When Xu Nian opened the bag, he immediately understood why Emperor Ye Tian had him do such a base task.

Inside the bag, there lay not only many precious herbs but also all kinds of miraculous spirit pills, and what caught Xu Nian's attention the most was a piece of Jade Bottle.

Inside this bottle, there was a crystal-clear liquid that emitted a faint strange fragrance, within which emanated a distinctive Dragon Energy.

"Jade Dragon Marrow?" Xu Nian couldn't help but tremble, his face showing extreme excitement.

Jade Dragon Marrow was the essence of at least Battle General Level Dragon Clan Divine Beasts after their deaths, meaning this small bottle essentially contained the entire Bloodline Power of a Battle General Level Dragon Clan Divine Beast.

With it, Xu Nian's Body Refining Cultivation would surely skyrocket!
