Chapter 44 Saving a Life

Xu Nian was shocked beyond belief, he hadn't expected the battle to be so fierce.

Originally, the woman could have won a complete victory, but due to a moment of compassion, she ended up being sneak attacked by the Red Flame Demon Tiger and was seriously injured.

The spikes on the forehead of the Red Flame Demon Tiger could perform a detached attack, but it could only be used once in a lifetime, and its power was immense.

If it had been a frontal confrontation, the woman might have been able to dodge or block it, but now caught off guard by the sneak attack, she could only end up seriously injured.

Of course, this did not hinder the ultimate outcome of the battle.

"Buzz!"

Sword light filled the sky, like a long rainbow sweeping through the air.

The sharp sword in the woman's hand, in the moment of colliding with the Fiery Flame Demon Tiger, directly beheaded the Fiery Flame Demon Tiger.

After doing all this, the woman spewed another mouthful of fresh blood, then suddenly looked towards Xu Nian.

"Not good!"

Xu Nian was instantly startled, the instant the woman looked his way, he distinctly felt a strong killing intent.

However, just as Xu Nian was about to flee, the green-clothed woman suddenly tilted her body and fell down.

This stunned Xu Nian.

What was going on?

Even with her shoulder pierced through, with the woman's strength, she shouldn't have fainted.

"The spikes are poisoned, the spikes of the Fiery Flame Demon Tiger are affixed with strong fire poison. Just now, if she had immediately sat down to force the poison out after being poisoned, she might have been alright, but she instead used her Spiritual Energy to forcefully act to kill the Fiery Flame Demon Tiger, the fire poison has already traveled throughout her body via her blood," the voice of Emperor Ye Tian echoed in Xu Nian's mind.

"Oh? Does she have a life-threatening danger?" Xu Nian asked.

"It's hard to say, if the fire poison is not neutralized in time, she will die from fiery agony within 24 hours, but if she is left here, perhaps she won't last 24 hours before she's dead in the belly of a Demon Beast," Emperor Ye Tian's cold laughter sounded.

Xu Nian frowned slightly upon seeing this scene.

At that moment, roars of beasts were coming from afar, and not just one.

Clearly, the scent of the Fiery Flame Demon Tiger's blood had already attracted the nearby Demon Beasts, and some powerful Demon Beasts had started to converge in this direction.

"Forget it, I'll save her life!" Xu Nian hesitated for a moment, then made a move.

However, he did not directly save her but first went to the cave of the Fiery Flame Demon Tiger to retrieve the Red Scorching Fire Gold that the woman wanted and also packed the body of the Red Flame Demon Tiger into the Hundred Treasure Bag before approaching the extraordinarily beautiful woman.

Now approaching the green-clothed woman, he found her even more beautiful than he had seen from afar.

Her eyebrows were like green hills, her eyes like stars; her skin was as white as snow, delicate to touch.

Her pale face from the fire poison still had a hint of blush, making her look even more delicate and charming.

Xu Nian was seeing a woman nearing thirty with such a stunning figure for the first time; recalling the proud bearing of the woman holding her sword in the Void earlier, his heartbeat quickened even more.

"Roar!"

But soon, the roars from a distance shattered Xu Nian's reverie, snapping him back to reality.

He hesitated no longer, lifted the woman from the ground, directly summoned Little Xu Yu, and rode on its back to flee.

Soon, a thunderous roar echoed from the valley below; terrifying Demon Beasts were howling at them.

Seeing this, Xu Nian then breathed a sigh of relief.

But before he could breathe a second sigh, the woman hugged him.

He saw the originally unconscious woman had opened her eyes, her seductive gaze resting on Jiang Han.

"Hey...earlier...senior, no, sister... wake up, what are you trying to do?" Xu Nian widened his eyes in disbelief.

He was panicking, his face stupefied, but the softness of the woman's body quickly stirred a wicked fire in his heart.

"What... what is happening?" Xu Nian urgently asked towards Emperor Ye Tian.

However, a sinister laugh from Emperor Ye Tian resounded in his mind: "Heh heh, boy, you're in luck, the fire poison has now transformed into the Love Poison, and she is now completely controlled by the Love Poison. If it isn't released in time, she might not last 24 hours before she's completely gone."

"Fire poison transformed into Love Poison?" Xu Nian stared wide-eyed at the woman in front of him, noticing her originally fair skin had now completely turned fiery red, her body temperature much higher than that of normal people.

Damn, what the hell is this?

When Emperor Ye Tian previously mentioned that he should return with a beauty, he thought Emperor Ye Tian was just joking, but now it seemed all too real.

Thus, Xu Nian quickly signalled Little Xu Yu to find a cave to stop in.

Finally, Xu Nian stopped in an abandoned cave on a cliff.

But as soon as they entered the cave, the woman threw herself at Xu Nian.

Left with no choice, Xu Nian, with the mentality of saving a life being better than building a seven-story pagoda, reciprocated.

Xu Nian felt his blood boil immediately.

Yet at that moment, the green-clothed woman somewhat sobered up, whispering in Xu Nian's ear: "You... if you dare touch me, I will kill you!"

After she said this, her eyes became misty again, her breath like orchids in Xu Nian's ears.

At this moment, Xu Nian felt like swearing. He was caught in a dilemma, unsure whether to remove his hand or continue undressing.

"Coward, since you dare not, I'll help you!" But just then, the sinister laughter of Emperor Ye Tian echoed in Xu Nian's mind.

The next moment, Xu Nian's consciousness also began to blur.

So, very soon, the two of them were completely entangled.

He only felt as if he was in a dream, warm and comfortable.

He didn't know how long it had been when he woke up from the dream.

The moment Xu Nian opened his eyes, the warmth of the dream disappeared, replaced by the cold, sharp edge of a sword and those eyes, like stars.

However, deep within those star-like eyes, there were mixed emotions: anger, coldness, struggle, and shyness!
